

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas, Friday April 14, 1933.

No. 14

W. J. Luedecke Sells Steers

W. J. Luedecke sold 45 head of fed steers Friday to the corn belt, Livestock Exchange of Kansas for \$5.00 per hundred. The steers weighed 27,865 pounds. Mr. Luedecke has 14 head of the larger ones left.

FIRST BAPTIST CHURCH TO HAVE NEW PASTOR

Rev. Leon Frazier, who conducted the revival at the First Baptist Church recently, has accepted the call of the church and will be here to begin his work as pastor not later than May 1. He has been pastor of the church at Fort Stockton for the past six years and the local church considers themselves fortunate in securing his services as pastor.

PRESIDENT OF WESTMOORLAND COLLEGE TO ADDRESS STUDENTS NEXT TUESDAY

A letter was recently received from Dr. W. W. Jackson, President of Westmoorland College, San Antonio, stating that he would be in Eldorado on Tuesday, April 18. He will address the student body on some inspirational subject, although the exact hour at which he shall speak has not definitely been settled.

Dr. Jackson is known as one of the most capable and interesting speakers in Texas and the local students are fortunate in having this opportunity of hearing him. The general public is invited to the school to hear him.

Mr. and Mrs. Jim Hoover, L. T. Barber and son, Bobby, visited in Cherokee and San Saba the first of this week. Bobby reports a fine visit on his Grandmother's ranch.

Casing Arrives For Tisdale Well

Two car loads of casing for the Joe Tisdale No. 1, being drilled by the Eastland Oil Co., arrived at the Depot Monday and has been hauled out to the well this week, and will be run to the bottom which is 5,929 feet in line, and which encountered a gas showing last week and shut down for the casing. It is believed to be in the Bend, the lowest member of the Pennsylvania. The line in which they were drilling in when the quit was topped at 5,895 feet. This test is about eight miles northeast of Eldorado, on Section 29, Block M, G. H. & S. A. Ry. Survey.

The W. R. Nicks has drilled out cement run last week, in an effort to stop caving. They are trying to clean out hole to get baller which has been in the hole several weeks.

E. C. Hill, County Chairman of Democratic Party, announces that he has asked each precinct committeeman to raise \$3.00 in his precinct on the National deficiency balance of the Democratic party, and that Precinct 1, Eldorado, would raise the balance of about \$35.00. No one outside of County officials are asked to pay more than \$1.00 and if all will pay some, a smaller amount will be sufficient.

ALVA HILL GETS FOUR YEAR TERM

The Jury that heard the evidence in the Alva Hill murder case, transferred here from Tom Green County, gave him a four-year term in the penitentiary.

Roy Librick pleaded guilty before a jury to operating a slot machine and the jury gave him a two-year suspended sentence.

This brings six convictions in this term of court.

NOTICE — The Eldorado Demonstration Club will meet with Mrs. Mable Griffin Friday afternoon. All members are urged to be present.

Large Crowd Attends Shooting Demonstration

"Ad" Topperwein, traveling demonstrator of the Winchester Gun and Ammunition Company, gave an exhibition Tuesday at the Fair Ground, to a large crowd of sight seers. The exhibition was worth while and demonstrated the fact that practice makes perfect at most anything you go about. Mr. Topperwein has been with the company over thirty years and says any one can accomplish the feats by practice. One of the most difficult shots exhibited was the one shooting an object in front and one behind at the same time with pistols, by the use of a mirror.

This is Mr. Topperwein's second visit to our city having been here some twenty-two years ago.

KAFFIR HOME CLUB

The Kaffir Demonstration Club met at Mrs. John Rae's April 8th, at 9:30.

Miss Howell, the demonstration agent, taught the members how to prepare American Cheese. After the lesson, the members enjoyed a very appetizing lunch.

The club will meet at the Kaffir school house April 20th. We will be taught how to make hook rugs.

The guests present at the meeting were Mrs. Jim Willoughby and Mrs. Walter Ramsay.

—Mrs. W. A. Schuller

Leslie Jones of the ranch near McKavett was a business visitor in the city Monday.

B. F. Jones was in from the ranch Wednesday, summoned as a juror, but was excused.

J. E. Henderson, Jr., was in the city this week attending District Court.

R. P. Hinyard was out from San Angelo Tuesday looking after business.

Schleicher County Sheep Exhibit At Fort Worth

This is a picture taken at the Ft. Worth Fat Stock Show, the prize winning lambs from Schleicher County. For the third consecutive year Schleicher County has carried away the cream of the lamb exhibit at the Fat Stock Show, and appeared in the Chicago papers.

The fine lambs of this county

and this section of Texas has received many favorable comments from publishers over the country.

Mr. L. E. Sumner, County Agent here for the past several years, was instrumental in bringing the publicity to our section of Texas and especially Schleicher County.

MOHAIR SELLS

The Eldorado Wool Co. sold its accumulation of spring mohair consisting of about 50,000 pounds to Tom Ritchey representing A. W. Hilliard & Son of Boston, Mass. at 30 cents per pound for kid hair and 13 cents for adult.

The deal was closed late Wednesday and delivery will be made as soon as the Railway Companies have received authority to place into effect the transportation rates which will be operative this season.

About four and a half million pounds of mohair was purchased by the same firm as like prices from various warehouses over Southwest Texas Wednesday and represents the largest mohair purchase in some time.

The 1932 fall clip of hair from Texas generally brought 8 cents for grown and 25 cents for kid, and the advance of 5 cents per pound is indicative of more favorable conditions in the wool and mohair industries.

The local warehouse will offer next week approximately 25,000 pounds of lamb and mutton wool now on hand.

OF INTEREST TO WOOL MEN

Mr. Stanley Davis who is at present with the Agricultural Experiment Station wool scouring plant, and who was formerly with the American Woolen Mills, will be in Eldorado April 20th and demonstrate the preparing of wool for bagging and shipping. He will show you how to tie the wool and also bag it. Something very essential to obtain a better price.

All sheepmen are urged to attend this demonstration. The place to be announced later, but it is hoped to have it in a shearing pen near Eldorado. For place inquire of The Success of place, Bank, Eldorado Wool House or Mr. Sumner.

This is very important to our sheepmen as the way the wool is tied and bagged helps to make the price. It is just as easy to do it right as it is to do it in a careless way.

Sam H. Hill was in from the ranch Wednesday looking after business.

M. L. LIGHTFOOT GETS CLEMENCY

(News Record)

M. L. Lightfoot, who was convicted by a Schleicher County jury over a year ago for the holdup and robbery of the Reed filling station on the west line of Sterling County two years ago, has been granted a furlough by the Ferguson syndicate of governors.

When the robbery was committed, Sheriff Vern Davis took up the trail and located Lightfoot as one of the suspects at Santa Anna, Coleman County. He was arrested and a grand jury of Sterling County indicted him for the robbery. The case was transferred to Schleicher County for trial where Lightfoot was given a term in the penitentiary. He appealed the case to the Court of Criminal Appeals. That court affirmed the decision of the District Court last June, but the mandate of the court did not reach the proper authorities until recently. Last week when the sheriff of Coleman went to take Lightfoot into custody, to his surprise, he found that individual armed with a furlough.

Lightfoot had not been to the pen, and the chances are that he will go free. Sterling County taxpayers and officials have spent their efforts and money to no purpose so far as Lightfoot is concerned, if we are to judge the future by the past.

Tom R. Henderson Goes To Trial Wednesday

District Court convened Wednesday morning with 17 of the special veniremen absent. Fines of \$25.00 each was assessed by the judge, most of them appearing later and fines remitted.

Tom R. Henderson, who is charged with the shooting of Alvin Armentrout on January 30, went to trial and the selection of a jury was completed by mid-afternoon, and taking of testimony began with the State offering several witnesses. The defense pleads for the acts of the shooting is that he had been told that Armentrout had been intimate with Mrs. Henderson, Mr. Lee Duncan testifying that he told Mr. Henderson what he had seen in his Cafe.

The case is still in progress as The Success goes to press Thursday with the following men serving as jurymen: Howard Whitworth, R. J. Hill, C. J. Murr, R. J. Nixon, L. Christian, V. G. Tisdale, J. S. Lloyd, Hugh McAngus, A. J. Burck, Norman Hodges, W. L. Isaacs and Aubrey Miller.

WOMAN'S CLUB LUNCHEON

One of the most enjoyable occasions of the season was a Texas Day Luncheon given for the Woman's Club with Mrs. C. M. McWhorter and Mrs. E. C. Hill as hostess at the home of Mrs. McWhorter.

The program carried out a short history of Texas under six flags. At each table was one of the flags under which Texas had been a subject, the French, Spanish, Mexican, Republic, United States and Confederate.

Mrs. W. E. Eaton gave a reading "The Blue Bonnet's Pledge." Each flag was represented with an appropriate reading. The favors were little crepe paper blue bonnets with red bows.

A lovely two-course luncheon was served to the following members and guests: Mesdames W. O. Alexander, D. E. DeLong, W. E. Eaton, D. C. Hill, J. H. Jarvis, C. E. Poer, John Rae, W. N. Ramsay, C. H. Taylor, V. G. Tisdale, J. B. Edens, A. J. Atkins, W. H. Humphrey, A. A. Miller, W. T. Whitten, W. A. Mullet, Ed Hill, Grady Parker, E. N. Reynolds, H. W. Wiedenmann, Miss Tom Pearl Smith and little Miss Donna May Mullett.

A plate was sent to Mrs. W. D. Patton, honorary member of the club.

VERMONT HOME CLUB

The Vermont Home Demonstration Club met on April 5th at the home of Mrs. Guy Bodine.

There were eleven present, three visitors. Miss Howell being absent there was no demonstration. The time was spent studying Parliamentary rules, and the program for the year. A report was given from the council meeting. Refreshments were served by hostess.

The next meeting will be on April 19th at Mrs. Guy Bodine's home with Spurgers as hostess. Andy (Gump) Bowen, of the Findelater Hardware Co., of San Angelo was a witness in the Tom R. Henderson case this week.

Pilly Durham, 12-year-old son of Mr. and Mrs. W. W. Durham of Sterling City, was killed Monday afternoon on his father's ranch, when a horse pitched him off into a tree, breaking his neck.

Fayett Murray and daughter, Lorene, and Robert Sheppard were up from Christoval Monday visiting and attending district Court.

We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

APRIL 14, 1933

The editor of the Eldorado Success who, in a quarter century of newspapering, has worn the index finger of his right hand down to the first joint, picking type out of cases, is obviously jealous of his brother, one A. D. Wright of Brady, who accomplished the same finger abbreviating feat, except in wholesale fashion and in much briefer space of time—in the twinkling of an eye, in fact. Says Eldorado Brother Arch of Brady Brother Albert:

A letter from Mrs. A. D. Wright at Brady tells the story that A. D. Wright has lost two more fingers from his right hand. This leaves one finger and a thumb on this hand. It will be hard for him to ever learn to play the piano.

Rising to the defense of Brother Albert, we will say that he confines all his ability as a musician to playing with the musical saw, and the more accomplished he gets in the art, the fewer fingers he needs.—Brady Standard.

The trouble with Brother Albert is this: when he went to Brady 29 years ago, he was younger than I, but he is about 35 years older (or looks to be) now. Of course this is not because he chose Brady for his "Beulah Land" but for the fact that he frequently amputates a finger and it gets on his nerves, consequently he is showing his age. The Standard Editor probably does not know Albert's musical talent, it is in his chin, known as "chin music" and not played on a saw.

We often wonder what we live for, but after attending district court one night last week, we have come to the conclusion there is plenty of kick in life if we could find it. While we were there craning our necks to hear a bit of evidence and wondering what it was all about, we spied our friend Bill Parrent to our right. He, too, was enjoying the proceedings. Bill has been pretending to his wife for 15 years that he was hard of hearing, and when she wanted errands run he did not hear her, but if she finds out that he heard the testimony in the court trial, he will have a few new jobs. But we are not going to tell her, and trust she does not find it out.

The next worries for the dear people is presents for our graduates. They are entitled to the honor, but does the times justify? The Good Book says, "It is more blessed to give than to receive." So let's make our young people glad that their achievements are worth while even in times of depression.

The question now to solve is, can congress change the constitution without a vote from the people? They have passed a law allowing 3.2 beer to be sold, saying it was not intoxicating, and the same time prohibit it from being shipped into dry states, forbidding it to be sold to children, and any school and cantonments, even our athletic instructors have put a band on it. If it is intoxicating it is against the constitution to sell it, and Congress has no power to change the constitution, only through its people. If it is not intoxicating, it should be allowed to be used by all. What is good for Dad is certainly good for his son. Of course every one that has common horse sense knows that 3.2 beer is intoxicating. It should not be sold unless the 18th amendment is repealed. That has not been done, therefore intoxicating drinks should be prohibited.

Rev. W. H. Marshall returned Tuesday night from Runge, Texas, where he and 7 other brothers visited their parents. Three of the seven were preachers. There are nine brothers and four sisters. They plan another visit this summer when they hope to have the nine boys and four girls all at home.

GARDEN OF EXPERIENCE

By F. G. Clark

Oh, for a book, and quiet nook, Either in door or out, With the leafy stillness overhead Or the street cries all about. Where I may read all at my ease Either of the new or old For a jolly good book where on to look

Is better to me than Gold. The privilege and ability to commune with the great embodied spirits of the past, is one of the chief blessings that mankind enjoys. In these days of cheap books and periodicals, there is placed within reach of every individual, a treasure far surpassing the Golconda diamond mines or the gold bearing lodes of California.

Yet, to secure the treasure of these latter, men will endure all sorts of hardships and face all sorts of dangers, toil and starve thru weary years, to gain a thing that turns out to be a curse as often as a blessing. But the treasure that is hidden in books! It can be mined, while enjoying the quiet comfort of your own home. What you dig up there is an unmixed blessing. Not a curse in a car load! How your own soul is enabled when it is privileged to fellowship, thru the written word, with all great minds from Homer down to Maeterlink. And how rapidly the mind develops, under the tutorage of these great minds. What a wealth of noble thought and holy beauty they pour, in unstinted measure, into the studious and receptive mind.

A richly stored, active mind, rises above the vicissitudes of the world, and the possessor can exclaim with St. Paul: I have learned in whatever situation I find myself there with to be content. Even when the body is imprisoned, the mind is free, and some of the finest literature was produced by ymen, lying in prison, for conscious sake. St. Paul wrote his greatest epistle, viz: Epistle to the Romans, while a prisoner at Rome. Socrates gave the world his immortal Pheadis while waiting the executioner in the Athens prison. Dante wrote the Divine Comedy while in exile and Bunyons Pilgrim's Progress, was produced while undergoing a twelve year sentence in jail.

Neither prison or poverty are able to stifle the productive mind. Seven cities contended for Homer dead, thru which the living Homer begged his bread. Thus Burns condones the poverty of a fellow poet. A curse upon your whinstone hearts, Ye Edinburgh gentry! A tithe of what you spend at cards, Would have stored his poetry. Yet the hungry poet is happy for his active mind is bringing forth treasures out of the infinite, for the enrichment of humanity. He possesses a joy that no physical hardship can disturb. He has found the true secret of human blessedness.

J. R. Spencer, publisher and business manager of B of Shuler's Magazine in Los Angeles, California, was in Eldorado Monday meeting with the Commissioners Court in regard to Schleicher County School land that Mr. Spencer purchased. Mr. Spencer also visited on the Baugh ranch. Mrs. Spencer and Miss Tom Pearl Smith and Mrs. Baugh being sisters.

Mr. and Mrs. J. A. Whitten were visitors in San Angelo Monday.

Pete Owens was in the city Tuesday after supplies.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

BAILEY RANCH CLUB MEETS

Bailey Ranch Home Demonstration club met Friday, April 7th at the home of Mrs. J. H. Faull. The making of a hooked rug was demonstrated by Miss Mabel Howell who also gave an interesting talk "From Rags to Rugs." At the business meeting it was decided that three members each meeting bring their favorite recipes to exchange with the other members. The next meeting will be held at 12 o'clock April 21st, at the home of Mrs. E. W. Mund. Each member will contribute a covered dish for luncheon and at that time Miss Howell will demonstrate how to make American cheese. Great interest is being taken in these meetings and appreciation for the demonstration work was shown when each member promised to write the local representative to the State Legislature urging him to work to prevent the proposed cut in the appropriation for county agents and county demonstrators. Refreshments were served to the following members and visitors, Mesdames J. F. Kinser, W. E. McCravey, J. D. Pruett, Claude Meador, Oscar Gibson, Hop Ashmore, Lester Henderson, E. W. Mund, Arthur Mund, Edgar Spencer, J. H. Faull, and Misses Mabel Howell, Annie Herbert and Fay Finley. —Reporter.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either. One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger. Calotabs are sold in 10c packages at drug stores.

CHILD HEALTH DAY TO BE MAY 1ST

Franklin D. Roosevelt has designated May first as Child Health Day, and calls upon all agencies, public or private, and all individuals having the interest of the children at heart, to set aside that day for earnest consideration of the needs of the children in their communities and in their homes, and to inaugurate constructive activities to protect and promote the health and physical vigor of the youth of the nation.

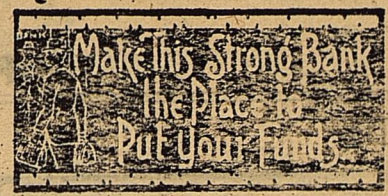

In this State the work will be sponsored by the Texas State Department of Health. The purpose of this observance is to focus the attention of the general public upon the child and that the interest thus aroused will continue throughout the year. The list of activities included in this program start with prenatal care and continue through the school life of the child.

Dr. H. N. Barnett, Director, Bureau of Child Hygiene, said, "The most solemn duty of any civilized society lies in the protection of child life, as no form of government can perpetuate itself unless it insures its future through fostering and safeguarding the lives of the children upon whom its very existence must depend. We have made great strides in art, science, and literature, which our advanced civilization demands, but unless we have a people of intelligence, full of health and vitality, all these are as nothing. Without health, it is impossible for our children to carry on the burdens of our civilization."

Plans and literature for the building of child health programs may be secured from the Texas State Department of Health, and it is hoped that the President's call for this observance will be enthusiastically received.

DRINK WATER WITH MEALS GOOD FOR STOMACH

Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Adlerike. One dose cleans out poisons and washes BOTH upper and lower bowels. Hoover's Drug Store.

THE HIGH SCHOOL TATTLE R Eldorado High School, April 14, 1933

START SAVING YOUR MONEY NOW FOR THE SENIOR PLAY

Editor-in-chief, Junior Isaacs; Assoc. Editor, Jack Ratliff; Asst. Editor, Thelma Taylor; Joke Editor, J. R. Conner; Sports Editor, Hollis Alexander; Copy Editor, Elnora Andrews

finding his boy or his girl in a saloon so drunk they were lifeless? It would be a very displeasing picture for most of them.

should be studied very thoughtfully before it is allowed to become a national issue. The parents should consider their boys and girls that are growing up and the effect that liquor will have on the future generation.

San der son came to Eldorado to engage in a debate on the subject to be used at the District Meet. The debates began at about 2:15 instead of 1:00 because the Sanderson debaters did not arrive in time. Miss Kerr was the chairman for the girls' debate and Mr. Kelly was the chairman for the boys' debate.

Spring, Colorado, Eldorado, Lathan, and Mertzson. This is the order in which the teams ranked.

40.0 words per minute and a score of 123.3

The four who had the highest percentage of accuracy were: W. B. Gibson first with a percentage of 94.5; Billie Penick and Margaret Hill tied for second and third with a percentage of 87.5; and Jack Ratliff fourth with a percentage of 86.8.

The highest four in words per minute were: Margaret Hill first with 46.8; Pauline Turney second with 40.0; Jack Ratliff third with 39.5 and Alice Sawyer fourth with 33.5 words per minute.

The teams averages were: Eldorado 119.0 and Sonora 98.1

Senior PLAY, April 28— JOKES

J. R. Conner "So you don't believe Santa Claus drives his reindeers over the snow?"

"No, sir." "You're from Missouri, eh?" "No, sir, Florida."

Mr. Smith: Gordon, spell "fail".

Gordon: I can't sir. Smith: You can't spell that simple word. Why not?

Gordon: Because you told me the other day that there was no such word.

The other day in one of the classes in high school the teacher was teaching a lesson as usual when a student began talking and the teacher stopped and let him talk for a while on no subject pertaining to the lesson. When the teacher said, "Are you the teacher of this class or not?" The pupil said "No." The teacher's reply was to "sit down and stop talking like an idiot them."

A Scotchman crossing the ocean proved to be a bad sailor and went to see the captain of the ship to see if he could do anything for seasickness.

"Have you got a dime," asked the captain.

"Yes," said the Scot. "Well, hold it between your teeth during the trip," the captain advised.

Mrs. "Why are you removing the ear phone Sandy?" Mr.: "They are taking up collection now."

Senior PLAY, April 28— GRADE NEWS

Nell Campbell The following articles were submitted by Betty Jo Byrant, a member of the second grade.

Personals We were glad that Marguerite Newlin returned to school after a weeks absence.

Bird Party We invited the First Grade Class to our bird party. We gave them paper hats, and we played bird tunes on the victrola.

Then we gave bird readings, gave bird calls, sang bird songs, and then served cookies. We had a good time.

Health Rules

If you want to be healthy do not drink.

If you want to run do not drink.

If you want to play ball do not drink.

If you want to be a good citizen do not drink.

Senior PLAY, April 28— SENIOR TRACK TEAM ATTENDS ANGELO INVITATION MEET

Gordon, Williamson There were only two seniors that went, all of the others didn't want to go.

The ones that went were Lefty Smith, and W. C. Spurgers. Lefty Smith entered both the 8-80 and the shot put but didn't place, and W. C. Spurgers entered the 1 mile run but didn't place. He fell out on the fourth round and was in fourth place at the time.

The boys were just saving themselves for the District which will be held next Saturday at Angelo.

The first four places were as follows: Margaret Hill first with 10 errors, 46.3 words per minute and a score of 134.3; W. B. Gibson second with 8 errors 32.8 words per minute and a score of 127.3; Jack Ratliff third, 9 errors, 39.5 words per minute and a score of 126.3; Pauline Turney fourth, 12 errors

Royal Arch Masons

Meet 2nd Tuesday Night

In Each Month

A STUDENT'S VIEW OF THE REPEAL OF THE 18TH AMENDMENT

Frances Mills A question that is causing great controversy among the people of the United States at present is: "Should the 18th amendment be repealed?" This question has been discussed for years and it may be discussed in years to come.

If the 18th amendment was not necessary for the welfare of the people why was it passed? When the colonists first came to America it was necessary for them to work if they expected to prosper. The Indians were also a menace to them and the colonists had to be ready for instant action if they were to guard their homes against them.

Alcoholic liquors have led to accidents of various kinds. Many times automobiles are overturned, or crashed from the driver being under the influence of intoxicating drink. The engineers on trains are absolutely prohibited the use of alcohol to prevent the train accidents and death of probably hundreds of people.

In toxicating drinks have made criminals of men and women who would not have been criminals otherwise. When one is under the influence of alcohol he is unconscious of what he is doing, so how can he restrain himself from destroying human lives and being a menace to all society?

The 18th amendment has kept a considerable number of drunken people off of the streets so that people may go to town without stumbling over the bodies of drunken men who have fallen there and are unable to rise. It has prevented, to a great extent, the high school boys and girls from drinking and ruining their health. If the 18th amendment should be repealed, what would prevent them from drinking and being drunk the same as any one else? What parent would enjoy going to town and

It is true that women drink some now but it is not common place. If the saloons, however, were restored they would have as much right as a man to drink at the bar. If the women are drunk half of the time what will become of the homes? Can she be a capable housewife? Can she be a mother to her children? That is something to think about before repealing the 18th amendment.

Alcohol is not only a moral degenerator but a physical degenerator. Scientists have proved that alcohol slows down the heartbeat, the respiration, and the activity of the nervous system. They have also tested the effect of alcohol on alertness and quickness on man and animal and find that neither are capable of being alert and quick even with a small amount of alcohol. That is the reason that men in training are not allowed to drink alcohol.

Alcoholic liquors have led to accidents of various kinds. Many times automobiles are overturned, or crashed from the driver being under the influence of intoxicating drink. The engineers on trains are absolutely prohibited the use of alcohol to prevent the train accidents and death of probably hundreds of people.

In toxicating drinks have made criminals of men and women who would not have been criminals otherwise. When one is under the influence of alcohol he is unconscious of what he is doing, so how can he restrain himself from destroying human lives and being a menace to all society?

If the 18th amendment is repealed there is no reason why high-school children should not be allowed to drink. What will become of the schools? Can a school do work as it should if the students and possibly the teachers are allowed to drink? The students even if they do not go to school drinking but drink extensively out of school they will not be capable of doing their school work.

The prohibition question

should be studied very thoughtfully before it is allowed to become a national issue. The parents should consider their boys and girls that are growing up and the effect that liquor will have on the future generation.

Senior PLAY, April 28— JUNIORS WIN CUP AT MERTZON FOR SECOND CONSECUTIVE YEAR Gordon Williamson The boys left here at 11 o'clock they were all very restless wanting to get over to the meet and show those boys how to run.

We took the trip easy going over there because we had plenty of time the meet didn't start until 2:30 and that gave us plenty of time. There were only four teams that were there and that was Mertzson, Barnhart, Ozona and Eldorado. There were six juniors that went over there and they were Gaylon Casey, Paul Davis, Sam Cloud, Toodle Spurgers, Cecil Moore, Jack Hexl.

We had all of the field events at the school house and the track events at the fair ground. RESULTS: 100-yd. Dash: Gaylon Casey, Eldorado; Parker, Ozona; Samuel Cloud, Eldorado; Franks, Barnhart, Time (10.9). 50-yd. Dash: Gaylon Casey, Eldorado; Parker, Ozona; Samuel Cloud, Eldorado; Dudley, Mertzson, Time (5.9). High Jump: Parker, Ozona; Davis, Owens, Tied; Gaylon Casey, Eldorado. (5 ft. 3 in.). Broad Jump: Parker, Ozona; Owens, Barnhart; Casey, Eldorado; Dudley, Mertzson. (17.4). Pull Up: Samuel Cloud, 4th place. (22 times). Relay: Eldorado, (Cloud, Spurgers, Moore and Casey), second, Barnhart, Time (52 flat). The boys were very proud to win the cup. All of the boys came back Saturday happy as ever. If we win the cup one more year we can keep it. On April 29 there will be a junior track meet here and we would like to have as many as possible out.

Senior PLAY, April 28— SANDERSON DEBATERS MEET ELDORADO TEAMS Nell Campbell Last Thursday, April 6th the boys and girls debating teams of

Senior PLAY, April 28— ELDERADO TYPING TEAM WINS THIRD PLACE AT COLORADO Although W. B. Gibson and Jack Ratliff were certain that they would get to go to the State (to hear them tell) they had to be satisfied with coming back to Eldorado. They still have not given up the trip to Austin, however, because they say they will go there in debate.

Those making the trip were W. B. Gibson and Jack Ratliff, the typing team; Loleste Andrews and Lillie Belle Kent, alternates; Mr. Kelly, who very kindly offered to take his car when one could not be secured; and Mr. Smith.

Because of attending the B. Y. P. U. picnic at Christoval, the group got off to a rather late start, not leaving there until 8:00 o'clock. After a short delay in Sterling City in attempt to get some garage service, the remaining distance was covered, and we arrived in Colorado at 11:30. The party spent the night in the Colorado Hotel.

It was rather late when we got to bed, because Mr. Kelley had to see that the beds were properly tested (the girls missed this fun, of course), and W. B. had to watch all the trains pass. He says there were about six or eight that passed during the night and he did not miss a single one.

After some delay in getting the contest started the next morning, it was finally begun. The schools entering were Big

TRESPASS NOTICE This will notify the public that all the lands owned or controlled by me, is posted, and all people are forbidden to hunt, cut wood or otherwise trespass on my lands, and if caught will be prosecuted to the full extent of the law. This means "KEEP OUT" J. A. WHITTEN Mr. and Mrs. Henry Hahn, of O'Donnell, Texas, were here Friday visiting Mrs. R. H. Putnam. Mr. Hahn and Mrs. Putnam were school mates together. SICK HEADACHE Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theford's BLACK-DRAGHT for refreshing relief. "I have taken BLACK-DRAGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation. "I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief." Theford's BLACK-DRAGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical. For CHILDREN, get the new, pleasant-tasting SWEET-SPICE Theford's Black-Drageht, in 25¢ & 50¢ bottles.

BELIEVE IT OR NOT Louise Boyer Alton Page is studying Science. Mildred Willis is learning; to sew. Miss Allen is teaching Greek instead of English. Gusste Nolen had rather study the stars than General Science. Gordon Williamson likes to sit by the girls. John Luedcke doesn't read library books in the study hall. Inez Bruton likes to go to court. Billie Kerr goes to sleep in the study hall. Celeste Tisdale has dyed her hair red. Margaret Hill made fifty in Spanish. John Alexander likes to go to the Methodist Church. Senior PLAY, April 28— WONDER WHY? Mary Jess Koy isn't timid and bashful. Lois Whitley wants to go to the show. Arnold Farrington smiles at the girls. Inez Marshall likes to look at the Seniors. Aris Carr doesn't stay at home any more. Jack Rape never looks at a book. Donnell Jones made a business trip to San Angelo. Thelma Taylor has changed her name to Mrs. J. R. Conner. Senior PLAY, April 28— ELDORADO AND SONORA TYPING CONTEST Junior Isaacs The Eldorado typing team re-venged their defeat at Sonora by taking the first three places in the typing contest at Eldorado, Friday afternoon March 31. The ones that took part in the contest were as follows: Alice Sawyer, Pauline Turney, LaVelle Meckel, Jack Ratliff, Margaret Hill, Donnell Jones, Billie Penick, W. B. Gibson, J. T. Shurley, Lillie B. Kent, and Loleste Andrews. The first four places were as follows: Margaret Hill first with 10 errors, 46.3 words per minute and a score of 134.3; W. B. Gibson second with 8 errors 32.8 words per minute and a score of 127.3; Jack Ratliff third, 9 errors, 39.5 words per minute and a score of 126.3; Pauline Turney fourth, 12 errors

SHOWER GIVEN HONORING MR. AND MRS. J. R. CONNER

Last Friday at the Methodist Church the members of the Womans Missionary Society of the Methodist church entertained with a shower and program honoring the newly wed, Mr. and Mrs. J. R. Conner, who eloped to Clovis, New Mexico, where they secured a license and were married, both being in the graduating class of our High School. A program was given before the presentation of gifts. Genevieve Ramsey gave a reading, "In the Usual Way," "When It's Lamp Lighting Time in the Valley" was the piano selection played by Maxine Wilton. Mrs. Eldred Roach presented the reading, "The Newlyweds." Danell Baker and Jean Sprout presented to the couple a small basket decorated with Easter colors of yellow, green and white. In the basket were a number of little chicks. While these held the couple's attention Danell and Jean left the room and returned with a wagon, decorated in Easter colors, in which many gifts were placed. An Easter rabbit, dressed in the bridegroom's baby clothes, and a large Easter egg were decorative features of the wagon. After the gifts were opened, refreshments were served to the following: The honored couple, Mrs. C. H. Taylor and children, Clifford Jr., and Mary Lee, Mrs. O. E. Conner, Mary B. Richardson, Mrs. Joe Tisdale, Mrs. Cora Miller, Mrs. W. E. Eaton, Mrs. O. Sudduth, Mr. and Mrs. W. H. Marshall, Mrs. Reuben Dickens, Mrs. G. A. Neill, Miss Toots Johnson, Mrs. Sam Oglesby Jr., Mrs. S. W. Holland, Mrs. V. H. Humphrey, Mrs. Bert Page, Mrs. L. M. Hoover, Mary Hoover, Miss John Alexander, Mrs. Joab Campbell and Nell, Mrs. Eldred Hoach, Mrs. A. J. Roach, Mrs. W. T. Whitten, Mrs. J. A. Whitten, Mrs. J. S. Lloyd, Mrs. D. C. Royster, Mrs. Leslie Baker, Mrs. A. L. Stewardson, Mrs. J. E. Hill, Mable McClatchey, Mary DeLong, Mrs. D. E. DeLong, Mrs. Jess Kov, Mary Jess Kov, Mrs. T. W. Johnson, Mrs. Cora Putman, Mrs. R. C. Spurgus, Mrs. Joe Edens, Mrs. J. H. Jarvis, Garland Lewter, Zona Clare Kov, Mrs. Doc Kerr, Jetty Grace DeLong, Mrs. W. M. Davis, Mrs. C. C. West, Pauline West, Mrs. Barmie Currie, Mrs. Ed Radliff, Anna E. Spurgus, Mrs. J. E. Tisdale, Mrs. Jeff Johnson, Mrs. Herbert Graf, Mrs. A. J. Atkins, Mrs. Ben Isaacs, Mrs. A. T. Wright, Lucille Davis, Lometa McDonald, Mrs. H. T. Bird, all of Eldorado; Mrs. F. A. Rogge of Rowena, Mrs. Raymond Taylor, Mrs. Thelma Carver, Mrs. T. H.

GETTING BACK FOREIGN MARKETS

Not the least of the problems faced by the new administration is that of foreign trade and its allied problems—war debts, world cooperation in economic matters, monetary revision, and good foreign relations of all kinds. It is probable that but a small proportion of our people realize how much foreign trade used to mean to us. Three or four years ago it amounted to about ten per cent of the total national business—and ten per cent often marked the difference between profit and loss in the average business. It employed, directly and indirectly, between three and four million people. It kept gigantic factories humming to provide the products and commodities the nations abroad wanted. The problem of war debts has been and is a barrier to the in-

terchange of goods, on a large scale. Ruinous silver prices have deprived much of the world of its buying power. Tariff wars and embargoes have worked against imports and exports. The last administration grappled with the problem, and the new one will do the same. Secretary of State Hull has long been a friend of foreign trade, and it is to be hoped his efforts may produce results. If some measure of success in stimulating international commerce is attained, it will go a long way toward solving the problems of unemployment and industrial recession in this country, and will give a strong helping hand in the work of recovery.

ON TEXAS FARMS By W. H. Darrow, Extension Service Editor

It took 71-2 bales of cotton or an average of 50 pounds per mattress for Hardeman county farm wives to make 77 mattresses at home by methods shown by the home demonstration agent. The mattresses cost an average of \$4.08 each and were valued at \$8.

Bosque county farmers and ranchers are turning to the tanning of hides instead of selling them for the low prices offered. Laces, harness leather, shoe soles, and rugs have been made, the county agent reports.

It takes more than an armadillo to stem the tide of canning that has swept Texas. A 4-H pantry demonstrator in Jefferson county, Mrs. J. I. Robins of Amelia, has canned armadillo meat on her shelves. Her family say it is delicious.

Orchards will be located on terrace tops on four farms in Johnson county where the county agent has laid out the terrace lines 30 feet apart, and with varying fall so that the rows may be nearly parallel.

Mr. and Mrs. Terry Crain, who have been visiting relatives and friends at San Saba and San Antonio returned home the first of this week.

MELVIN MAN FEED LAMBS

Feeding sheep for the first time, A. Benson of Melvin in McCulloch county has cleared \$650 from 450 lambs fed by Extension Service methods in a demonstration with James D. Frewit, county agent. The lambs were bought last October at \$2 per head, treated for stomach and tape worms, and turned into feed fields to clean up waste grain. At Christmas they were put in the feed lot and fed a daily ration for 60 days averaging about 1 1-4 pounds ground heads, 1-3 pound cottonseed meal and 1-4 ounce limestone flour. Hay was kept in racks at all times. When sold they weighed an average of 84 pounds each
