JANUARY 13, 1933

There is always a right way to live, be cheerful and agreeable, and the world will smile with you. And as you are pessimistic and ill, so will the world be.

Prohibition is the liveliest question in the United States to day and many are expressing their views on same, but it takes the views of a man or woman that lived under the wet and dry days of our Nations. Not one, that is bias either way. The liquor traffic will never pay the debt of the Nation and shame on a Representative or people that will so vote thinking that it will, and if it would, why sell the soul of the Nation for a mess of pottage.

The Editor and Rev. W. H. Marshall visited Sonora Church Conference Sunday afternoon. The Rev. S. L. Batchelor holding the conference. The Stewards made an excellent report for the two months since the annual conference.

The Pastor's salary was set for this year at \$2400.00, the same as last year.

The Secretary reported that they would begin a Revival meeting in Sonora, February 19, with the Rev. Charles Nixon of Del Rio doing the preaching.

Rev. Nixon recently visited Eldorado Lions Club in the interest of the Lions work and is an influential speaker.

While strolling around Tuesday on our Main Street, we found seated on one bench, four stalwart West Texas Boosters. They were, G. A. Neill, C. C. Doty, W. H. Williams and Dr. DeLong. We have known some of these men some 50 years and first met them on the Concho. They are all citizens of Schleicher County and are land and home owners of this county after roaming the wilds of this section of Texas since 1878, they finally settled on the Garden spot of the West and have made their home in this county from 54 years to 35 years. And we are not placing them on the retired list, they are active youngsters yet. But there is a pleasant feeling to meet up with and chat with friends of long acquaintance, and as the four sat and talked, and were approached by the writer, the familiar smile of good cheer, which we have witnessed for 50 years, still radiated from the four faces, evidence of a satisfied life spent in the land of their choice.

By F. G. Clark
SACRIFICE

The Master declared, in the days of His flesh, that it was more blessed to give than to receive. This is the terse statement of a great and vital truth. We humans are comprised of two principles of life, diametrically opposed to each other. These are the mortal and the immortal, or as St. Paul puts it, the carnal and the spiritual. The spiritual, which is God, is always giving. The supreme Glory of God is to give. The whole creation is the gift of God, that God, the spirit, limiting Himself to forms. Thus His supreme gift was in limiting Himself to the form of a man—the Man, Christ Jesus, who was made flesh, that He might condemn sin in the flesh. But while in the form of a man, He was still God, the giver, and so announced Himself: The son of Man came not to be ministered unto, but to minister, and give His life a ransom for many.

It is the nature of the carnal to receive and this is why it is at enmity to the law of God, is not reconciled thereto, neither in deed can be. The carnal is selfish. Its supreme passion is to get all it can, and hold to it as long as possible. It suffers great anguish when compelled to relinquish any part of its gains. When the carnal is on the throne of being, that being is utterly selfish. To give, is to him the cause of suffering. Hence, humanity has coupled pain with sacrifice.

The cause of pain lies in struggle between man's carnal nature, and his spiritual nature. The spiritual desires the blessing that comes from giving, and the carnal is determined to enjoy the satisfaction of getting and keeping. But to be carnally minded is death, but to be spiritually minded is life and peace. Just here lies the secret of success or failure in human life. What we gain and keep, will either perish with the using or must be relinquished when the last carnal possession, the body, crumbles back into the dust from whence it sprang. While if our spiritual nature rules the carnal, we will find our greatest joy in giving that which will bless humanity and glorify God.

And these gifts can never be lost, but are treasures laid up in Heaven, where moth and rust cannot corrupt, and thieves cannot break thru and steal. Now the carnal in you is doomed to die, and if you live in it and serve it, you will die with it. The struggle between these natures is going on within you just now, and the outcome of the combat depends upon you. If you join forces with the carnal, it will win, and the devil will rejoice over another soul, gained by him. If you join forces with the spiritual it will win, and there will be rejoicing in Heaven over another prodigal child on his way back to Father's House where there is enough and to spare.

If the struggle becomes severe, call on the Master for help and then you will be able to exult with St. Paul: Thanks be to God who giveth us the victory thru our Lord and Savior, Jesus Christ.

BAILEY RANCH SCHOOL NEWS

SCHOOL WORK

The contestants from Bailey Ranch school won the county meet last year with a good majority of points. Work has already been started toward preparing contestants in different events for another victory over the other rural schools of this county for the meet in March 1933.

The track team from this school loses one of its most reliable men however this year W. C. Parks will not compete as he is no longer classed as a Junior. He will be replaced, however, by one as capable, who is the well known Jack Meador.

Jack and Louis Kerr are both promising men and with the help of the fleet footed little L. D. Mund and the reliable Andrew Nixon this school hopes to set some new records for the rural schools in athletics.

The Station A School will be represented this year in the county meet for its first time.

Forward; Wilbert Faulls, guard substitute for Nixon —4 scores.
—B.—R.—S.—N.—

JOKES

L. D. Mund & Waldine Sudduth Jack: Louis and J. T. were discussing how they wanted to die. Jack said, "I want to swallow a yard stick and die by the inch." Louis said, "I want to crawl under the bed and die by the foot." J. T. said, "Oh, that isn't the way I want to die. I want to go out in front of the house and die by the yard."

W. C.: Andrew, what is it that can lay around and make money.
Andrew: I don't know.
W. C.: A hen.

New Gardners: I don't seem able to tell my garden plants from weeds. How do you distinguish between them.
Old Farmer: The only sure way is to pull 'em out. If they come up again they're weeds.

Friend: "So you've named

—B.—R.—S.—N.— MID-TERM EXAMINATIONS

This is a week of terror in Bailey Ranch School. All examinations will be given between Wednesday and Friday. Some of the pupils are working hard to make a good grade the first semester so they can rest the last, while others are resting the first so they can work afterwards.

—B.—R.—S.—N.— BAILEY RANCH CARDINALS LOSE GAME TO EAGLES SECOND TEAM

The Eldorado Eagles second team and the Cardinals played a game on the Bailey Ranch Court, Friday January 6. Both teams played a good game but the Eagles won by several points. Billy Kerr was high point man with 12 points to his credit. The line up for the Eagles was: James Page, guard; Jack Shugart, guard; Bill Smith, Center; Joe Turner Hext, Forward; Billy Kerr, Forward—17 scores. Lineup for Cardinals: Andrew Nixon, guard; J. T. Kerr, guard; Jack Meador, Center; Louis Kerr, Forward; W. C. Parks,

Thousands of Women Have Taken Cardul on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardul from their mothers. What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it? Cardul is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it. If you are weak, run-down, suffering monthly, take Cardul. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to say: "Cardul helped me."

A TONIC Laxative
CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms. When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.
How Doctors Treat Colds and Coughs
To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.
One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.
Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

SCHOLARSHIP FOR TEXAS BOY

Announcement of a valuable scholarship open to Texas boys who are in the 8th grade has been received at the principal's office of the local high school. It is one of four offered this year in Culver Military Academy by the Academy's trustee in memory of the wife of Culver's founder, Mrs. Emily Jane Culver.

The scholarship is rated among the highest prizes offered in any secondary school. It is valued at \$4,500 and covers all expenses for tuition, board and room for three years. The winner will be at no expense during his attendance at Culver except for wearing apparel, books and personal necessities.

The scholarship will go to the winner of a state-wide competition which will be conducted under the direction of a committee of Texas educators, of which Prof. Fred C. Ayer, professor of educational administration of the University of Texas, is chairman. His associates are Dr. Norman R. Crozier, superintendent of schools of Dallas; Dr. C. E. Evans, president of Southwestern State Teachers College; Dr. R. L. Marquis, president of the North Texas State Teachers College; Dr. E. E. Oberhelzer, superintendent of schools of Houston; D. A. Shirley, registrar of West Texas State Teachers College; and Dr. Sam H. Whitley, president of East Texas State Teachers College.

Preliminary examinations will be held on March 18th in twenty eight Texas towns selected as examination centers.

These centers are—Abilene, Alpine, Amarillo, Austin, Beaumont, Breckenridge, Brady, Dallas, Brownsville, Del Rio, El Paso, Fort Worth, Houston, Huntsville, Kingsville, Laredo, Lubbock, Matador, Midland, Nacogdoches, San Angelo, San Antonio, Texarkana, Tyler, Uvalde, Victoria, Waco and Wichita Falls.

Each candidate whose application is approved must stand this examination. A certain number of candidates will make

the best records in the preliminaries will be selected to appear before the committee in person for final examination about May 6th.

Applications must be filed not later than March 1st with the scholarship secretary of the Academy in Culver, Ind.

Scientific methods of selection will be employed in this competition on a wider scale than in any previous scholarship awards.

The successful candidate must achieve, in tests devised by leading educators and psychologists, above average ratings in personality, emotional control, life purpose, social adjustment, originality and leadership as well as in the qualities of mentality expected of a scholarship aspirant.

The general requirements are that applicants must be recommended by the principals of their schools as outstanding students worthy of the committee's consideration; that their parents be unable to pay their tuition in Culver; that they be between 13 and 15 years of age, and that they be 8th grade students.

With these qualities required for a start and the tests applied in the course of the preliminary and final examinations, it is certain that the boy who wins the Texas scholarship will have to demonstrate stern and durable stuff. His scientifically tested capacities for achievement will unquestionably be far above the average.

The other states in which Culver scholarship competitions are being held this year are Iowa, Tennessee and Wisconsin.

Earle Hitch, Scholarships Committee, Culver Military Academy.

In 1910 Texas was producing 8,899,000 barrels of petroleum and ranked second among the States of the South. In 1931 Texas produced 331,544,000 barrels and led not only the South but the Nation being more than one-third of the total production of the United States as compared with one-twenty-third in 1910.

COUNCIL MEETING MONDAY NIGHT

The M. E. Church held its regular council meeting Monday night at the church. Quite a number attended and the progress of the Sunday School was discussed and plans made to organize or plan to put on The Board of Christian Education in the church and Sunday school work.

The bad weather and flu retarded the attendance at Sunday school during the past few weeks.

CORPORATIONS CHARTERED IN 1932 WERE 1,844

AUSTIN, Tex. Jan. 9—A total of 1,844 new corporations applied for and received charters from the Secretary of State during the year 1932, according to compilations of the University of Texas Bureau of Business Research. However, this is the smallest annual total since 1924 the Bureau's report pointed out.

"Total authorized capital stock was \$38,505,000, a unit less than that for the year 1931. Since, according to Texas law, authorized capital stock must be paid in within two years, the reason for this apparent caution becomes evident. This declining capitalization accounts for the increase in the number of firms with authorized capital stock of less than \$5,000 from 512 in 1931 to 626 in 1932. The number of firms with authorized capital stock of \$100,000 or more dropped from 113 in 1931 to only 68 in 1932.

"Of the firms receiving charters in 1931, 487 were organized to do business in some phase of merchandising, and 434 were engaged in the oil industry; 248 were manufacturing concerns, and 191 were firms operating real estate and building businesses.

"Fewer out-of-State corporations sought to operate in Texas, as indicated by the decline in the number of foreign permits from 434 in 1931 to 279 in 1932."

MAKE TAXATION HURT

One need not be an advocate of the general sales tax to appreciate that it would have one desirable effect: It would make taxation hurt. It would give every citizen, regardless of income, a new understanding of the gigantic cost of the government.

All of us pay taxes. But comparatively few of us pay them directly—and a great many persons who pay indirect taxes think they are escaping taxation altogether.

We pay a tax when we cook and eat a meal, turn on the light attend a movie, buy clothes, go for a ride, or do almost anything else. These taxes may be concealed in the cost of necessities and pleasures, but they are there nevertheless.

No business can pick money from ushes—every cost of operation, whether it be labor, supplies or taxes, must be passed on to the customer.

If more of us felt taxes directly the chance for really obtaining economical and efficient government would be tremendously improved.

If the sales tax comes, government extravagance and expansion will have again added to the cost of the things we buy—and when it hurts all the people, they may then demand a lower cost of government.

Before considering a sales tax however, or any other new and increased taxation, public officials would do well to remember that in seeking office at recent state and national elections they, one and all, stressed the need for economy in public affairs, reduced taxation and, in a number of instances, promised a 25 per cent cut in the cost of government.

The people will be slow to consent to new and added taxes and it will be an illadvised program that attempts to force such burdens on them before pre-election promises for reduced cost of government have been kept.

Texas packers are being forced to go outside the State for their hogs to slaughter. One Dallas packer recently paid \$3,000 in one day for a shipment of live hogs shipped from Kansas City, Mo.

High School Notes

The pupils of E. H. S. do not think about throwing away paper, but the boys that use the bathroom think different.

The boys have started using the waste paper that comes from the school building to build fires in the bathroom. They seem to like the idea (especially the Freshmen) because it is not as much trouble. The showers are now being used by tennis players and basketball players.

EX-STUDENTS OF E. H. S.

Mary Dell Williams Marjorie Grace Clark entered the Eldorado High school in Jan 1920, and completed the required high school course in four years, graduating in 1924. It seems she was a very industrious student as her grades are all A's and B's. The record shows that she was absent very little during the years she spent in E. H. S. Miss Clark took interest in school activities and especially in athletics, such as basketball. She is now Mrs. Joe Williams and lives here in Eldorado. No explanation need be given as most of you are personally acquainted with her.

SENIORS HOLD LEAD IN BASKETBALL

Jack Ratliff The Seniors are holding the lead in the interclass tournament. They smashed the seventh grade 50 to 4, which keeps them in the undefeated list.

The Sophs won over the Fish 5 to 2 and the Juniors over the Sophs 16 to 8. The Seniors must beat the Sophs and Fish to win the first half.

Standing	Won	Lost	Pct.
Seniors	2	0	1.000
Juniors	1	1	.500
Sophs	1	1	.500
Fish	0	1	.000
Seventh	0	1	.000

TENNIS TEAMS START PRACTICE

The High School tennis team has started their regular tennis practice. Joe Turner Hext and Jack Ratliff make up the boys while several are out for the girls. Coach Williamson is in charge of the boys and Miss Meyer is in charge of the girls. The ones out for Miss Meyer are Fay Keeney, Artie Mae Woods, Celeste Tisdale, Nell Campbell, Lolete Andrews, Elvora Andrews, Margarete Bradley, Inez Cobb and Evelyn Anderson.

HANDICAPPED

Hollys Alexander Many of us think that we are handicapped by certain obstacles although we have a sound mind and our physical body is not injured. We should think of some of the people that are handicapped and compare ourselves with them.

Suppose we take Helen Keller as an example of one who has been handicapped. She was deaf dumb, and blind from infancy. She has had so much willpower that she has overcome part of her handicap. She can talk now after years of training. Helen Keller is author of one book and is a social leader who is doing a great work.

Edison is another person that we have seen many of his great inventions and his help to the nation. He has a handicap. He has been nearly deaf since he was a boy 12 years of age.

Beethoven, a great musician, was totally blind when he composed his greatest music. He is quoted as saying, when he became blind, "I will seize fate by the throat, it shall surely never wholly overcome me."

Roosevelt, the coming president, has been under a handicap for several years. He had an attack of infantile paralysis. He was raised up by other men to nominate Al Smith at the convention in Houston. He had to be aided to rise at the president convention in Chicago. Now he is nearly well. He has had a hard fight to overcome this handicap.

Miss Keller, Beethoven, Edison, Roosevelt and many other have overcome handicaps by the exercise of will power. We should compare ourselves with others before we say we are handicapped. Students should try to attain a high state of usefulness because they have no handicap to work under.
