No. 11

On The DIVIDE

Since the introduction of a farm relief plan every candidate and office holder has a lot of ideas about farm plans. They one and all know just what was the matter with the farm plan that was tried and just what should be done to make it right.

They remind me of the story of the sculptor who built a bronze statue and set it up in the market place of the old home town.

On the day it was unveiled the critics gathered from far and near to see it.

Though it was a creditable piece of work one said that it wasn't just right here and another said it should be changed there before it would be really perfect.

The sculptor, a wise man, took down all the criticisms, agreed with each critic and thanked him and promised one and all that he would make the suggested corrections.

A canvas wall was put up around the bronze statue and for several weeks the sound of hammers on steel chisels rang out over the public square.

At the appointed day the crowd again gathered and the canvas was taken down and the statue again exposed to view.

Each critic was generous in his praise of the sculptor and each pointed out to the other how greatly his suggestion had improved the statue, and all departed satisfied and praising the sculptor.

After they had all departed a friend drew the sculptor to one side and said, "Remarkable, that you were able to make all those changes and thus please everyone."

The sculptor smiled, "I made no changes at all," he said, "the sound of ringing hammers you have heard was merely a blind. Each one thinks that the statue was changed to suit his idea but you know my friend that once cast is made the bronze cannot be changed."

A lot of critics of farm plans are like that. They know nothing about what they are talking about. They are conceited enough to believe that a plan that contains their idea is going to work.

As a matter of fact anyone who knows anything about the farm business at all knows that no one knows in advance whether a plan will or will not work. The best that can be done is to experiment.

The Supreme Court is supposed to deal out justice but the other day after having ruled that the farmer could not receive the processing tax, turned around and voted to give the packers and millers hundreds of millions of dollars of impounded processing taxes. The millers and packers have already received these taxes from the public and the impounded funds will be clear velvet to them—velvet for which they have rendered no service and for which they have been put to no expense.

Schleicher County Boys Win Top Places

Honors Taken in Fat Lamb Show at Houston

The Eldorado 4-H Club boys swept the honors at the Houston Stock Show Saturday when they took the champion club lamb award, and the first seven places in the single lamb classes, the first, second and fourth places in the group of three, and the county group of ten.

Edgar Sauer, son of Otto Sauer took the grand champion lamb premium; Cecil Moore, second; Harold Susen, third; Cecil Moore fourth; Garland Williams, fifth and sixth; Forest Yancy, seventh.

ten places were in this group.

In the group of three at Houston, Cecil Moore was first; Edgar Sauer, second; and Harold Susen third.

Schleicher County boys exhibited 44 lambs and took all first prizes offered. They sold the entire lot. Edgar Sauer sold his champion lamb for \$1.00 per pound.

The boys were accompanied to Houston by B. E. Moore, father of Cecil Moore, for years a feeder of champion lambs.

Sheep Show; Ram Sale Will Be In September

At a luncheon given by the Board of City Development of San Angelo, to the directors of the Sheep and Goat Raisers' Association, plans were made to have a breeding sheep show and auction sale at San Angelo September 7 to 11.

A committee of sheep men from the West Texas territory will work with the Board of City Development of San Angelo on arrangements for the show.

He who hasn't time to make friends will some day need them.

Koy's Fat Lamb Tops San Angelo Stock Show

Schleicher County youths took all first honors in the fat lamb show this week at San Angelo.

Gene Koy exhibited the grand champion lamb from Schleicher County and also was first in the pen of five fed and exhibited by one boy. He also won first and second in the singles' class.

Singles Fat fine wool lambs—Gene Koy, 1st and 2nd; R. J.

Alexander, 12th; Robert Williams, 15th; R. J. Alexander, 6th; Felix Susen, 21st and 23rd; Samuel Smith, 25th. Schleicher County took nine out of 25 places. They showed 20 of the 198 lambs exhibited in this class.

Best five fat fine wool lambs fed and shown by one boy, Gene Koy, first; Luther Kent, third; Felix Susen fourth.

Best 15 fat fine wool lambs from one county went to Schleicher. Best carload lot from one county also went to Schleicher County.

Eldorado Boys won \$170 in prize money at the San Angelo Show. Gene Koy sold his first prize lamb for a dollar a pound. His reserve champion brought 20c. The carload lot sold for \$8.75 Cwt.

A total of 84 lambs were exhibited by the boys of which 72 were sold.

KOY'S FAT LAMB SELLS FOR ONE DOLLAR A LB.

Gene Koy's champion lamb went to Culwell Packing Company at San Angelo for a dollar a pound, bringing \$110.00.

Gene's reserve grand champion lamb went to Hotel Cactus at 21 cents a pound, bringing \$23.10.

Prices paid for first winners this year were low in comparison with last year. Cecil Moore's grand champion lamb brought \$350 last year from D. E. and Jack Hughes.

City Council Meets Changes Fire Zone

Restrictions on construction of wooden buildings were confined to lots facing Main Street between the court house and the Texaco Service Station when the city council met for their March term Tuesday night.

No action was taken on the purchase of fire fighting equipment.

BOY SCOUTS CAMPOREE HERE APRIL 3RD-4TH

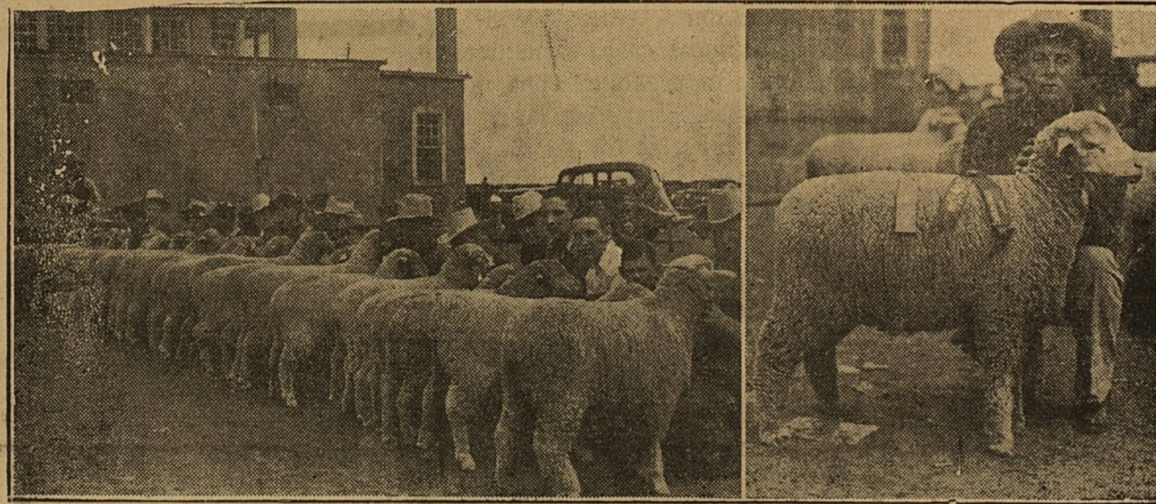

About four o'clock in the afternoon, Friday April 3rd, Boy Scouts of the Concho Valley Council, Ozona, Sonora and Eldorado, will gather on the court house lawn here, pitch tents and prepare camp. They will stay until 1:00 p. m. Saturday April 4th.

During their stay here the Scouts will have their Camporee events.

Eldorado Scouts are preparing to take their share of the honors in the contests. They came out second at the Ozona Camporee last December but they are determined to win in the April events.

Think less of ante-bellum days and more of corebellum ways.

It is easy to march in the Parade of Fools.

SCHLEICHER COUNTY 4-H CLUB BOYS SHOW WINNERS:

These lambs are the winners of top places in the San Angelo Fat Stock Show. At the left is shown the group of 15 lambs winning first place for Schleicher County.

Next is Gene Koy, holding his grand champion lamb. Gene's lamb won first and second in the singles' class and first in the best five fine wool lambs, fed and exhibited by one boy.

Lions Club To Give Public Some Idea Of It's Activities Here

Lion President, J. A. Whitten has consented to give us several articles dealing with the activities of the Lions club in Schleicher County. He will tell of the things that have been accomplished by the club.

"The Lions Club is a service club," Whitten said. "And the people should know what they are trying to do."

Beginning with our next issue we will give you several articles prepared by "Judge" J. A. Whitten.

FRANK L. STANFORD LEASES SERVICE STATION

Frank L. Stanford, nine years a resident of Eldorado, and experienced in the operation of service stations leased the Conoco Service Station formerly operated by J. R. Conner.

Mr. Stanford has for the past few months been employed at the Rock Station No. 2.

In his new location Mr. Stanford solicits the patronage of his friends. He will do car washing, greasing, fix flats, and sell you Conoco Gas and Oil. An advertisement of Conoco products will appear in our next issue. Don't fail to read it.

Beware of him who pretends pain when he repeats gossip.

Eldorado School Plans Improvement of Grounds

The Eldorado Independent School District plans to make improvements on its grounds and ball park during the coming months. These improvements were authorized by the Board of Education at its last regular meeting.

Plans are being made to put a fence around the school ground and two buildings. The fence will be constructed of steel posts and cable, with one strand of cable running through holes in the posts. This fence will protect children, lawns, and equipment from the presence of automobiles on the grounds.

It is planned to sod the campus east of the new building and south of the old building. After it is sodded, this campus will

JIMMIE ALLRED VISITS SCHLEICHER RANCHMAN

Jimmie Allred, governor, stopped and had coffee at the ranch home of Silas Burke of the Adams Community Friday of last week.

Governor Allred with his companions were on their way to San Angelo to attend the Fat Stock Show. Early Friday morning they were forced to land on the Burk ranch on account of fog. They took to the air again after an hour or two spent on the ranch.

Normal Purchasing Of Farm Land Shown By Federal Land Bank

Return to normal purchasing of farm lands is shown by a study of applications received by the Federal Land Bank of Houston in the past five months, according to word received from the bank by W. F. Meador, Secretary Treasurer of the Eldorado National Farm Loan Association. Nearly three million dollars, or about twenty per cent of the Land Bank Commissioner loans applied for in that period have been

PRESBYTERIAN CHURCH

Cancelling their usual monthly supper, but continuing their programs, the "Men-of-the-Church," held their meeting on Wednesday night at the Presbyterian Church. The program consisted of facts relating to the local church, such as history, growth, present membership, educational work, officers, and financial condition. Edwin Jackson had charge of the program and was assisted by Alton Page, James Page, J. B. Edens, Sam Lloyd, Leslie Baker, and S. E. Jones. A special feature of the program was a quartett consisting of J. C. Carr, Clyde Keeney, Miss Mangum, and Ray Jones. These rendered two selections. F. B. Gunn, president of the organization, opened and closed the meeting.

EDITORIALS

Be kindly affectionate one to another with brotherly love; in honor preferring one another—Romans 12:10.

"Notwithstanding my many resolutions made last summer," a reader of this paper said yesterday, "That I would plant no more gardens I felt myself weaken a good deal yesterday when I received my first seed catalogue."

We ran an item last week stating that the gang that passed \$20,000 of bogus \$10 bills during the past six months had been rounded up and found to contain four men and five women who were dressed in the latest styles. A reader of the paper, whose name we withhold for obvious reasons, was in yesterday and said that he didn't believe that the five women were a part of the gang, that he didn't believe five women could dress in the latest styles for six months on \$20,000.

Keep a Good Laxative
always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. . . . "We have used Theford's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

BLACK-DRAUGHT

The difference between an artist and an editor is, that if an artist doesn't feel like painting he doesn't paint, but an editor has to go ahead and get out a paper whether he feels like it or not.

It is a pretty well-balanced individual who doesn't derive some benefit from an occasional set back or financial reverse. Like most medicine it isn't pleasant to take.

How would it do as a step toward world peace to get all the nations to agree that the next war, when and if it comes, would be fought strictly on a cash basis. No cash, no fight.

He is one of those hide bound individuals, a reader of this paper said in mentioning a local mutual acquaintance yesterday, who believes that good crops and timely rains are dependent on whether or not his party is in office.

From a neighboring exchange we clip the following advertisement: Lost, Saturday afternoon between Comstock and Udall, 32 cans of peaches, a bushel of parsnips, a bushel of carrots and several small packages." We can understand how a man might lose a bushel of carrots and a bushel of parsnips but the loss of the other items mentioned appears to us to be downright careless.

General Farley's scheme to pay off the National committee deficit by means of Jackson day dinners should earn for him the undying gratitude of the federal appointees. But for their general's strategy the debt would have been all theirs.

If the picture shows give us anything like a fair idea of the social life of the idle rich we believe that the revenue department should make a re-check on the funds received from liquor revenue. We don't believe the revenue men are getting all of it. We saw one picture recently in which enough liquor was drunk, if revenue was collected on it, to pay all of the national debt.

While the automobile manufacturers strive to produce cars that will go faster and faster the death toll from automobile accidents mounts higher and

higher in direct ratio to the increase of speed.

From all standpoints crime is a greater enemy to this country than war. The world war cost \$1,000,000 an hour, but the crime bill is now \$2,000,000 an hour.

Since it had to be so unreasonable in the matter of the kind of weather it furnished we are glad that February is a short month.

Not long ago we saw a sign which read like this: "Small town dollars that go to the big city get lost." As far as the small town is concerned they do get lost because they seldom get back to the small town.

Small town citizens at one time or another discuss the possibility of securing industries for the town, that the idle labor may be employed, and a pay roll built up. The discussion usually ends up in a committee being appointed to investigate the possibility of securing an industry. Some times sites are offered and bonuses are paid to induce industries to locate in the town. When it comes to securing industries for the average small town most committees start in at the wrong end. They try to bring an industry to the town bodily from another town or attempt to organize one from the ground up. A better way is to direct attention to the industries the town already has.

The first step should be a survey to see to what extent they are being patronized by the home community. If they are not being patronized the reason why should be discovered and if possible remedied. Often if this is done a small industry will be put on its feet and become potential employer of labor in a short time.

But this isn't all. Other industries seeing its prosperity will be attracted to the town and soon the town's industry problems will be solved. This is the simplest and most effective way for the average small town to unite and induce other industries to locate within the gates.

This is the season of the year when the leadership of every community begins to take stock of its resources, check back over last year's record and look forward to determine what next year's program shall be. At such a time it is important that a definite program be laid out for the coming year. Nothing is more disastrous in community development than a vague, indefinite idea of what the community desires to do. This is the easiest way to get no where that has ever been devised. The leadership of the community should therefore agree on a definite program. The next thing of importance is that the program be not too large. It should be within the possibilities of accomplishment by the community and within its resources. Few small communities have the resources to put over an extensive program. It is better to select one project within the possibilities of accomplishment and get it done than it is to scatter the fire over half a dozen and come to the end of the year with nothing worthwhile accomplished. No small community club is going to be able to change the community completely in one year. It would not do it if it could, but any group of community leaders can get something done during the year if they will center their attention and resources on one job and stay with it until it is finished. In addition to accomplishing more it is a much more satisfactory program to contemplate at the end of the year.

Improved crop conditions for the state as a whole, the natural corollary, increased farm income government and state spending for forest and highway improvements, raising of more varied crops, and the coming Texas Centennial Exposition beginning in Dallas in June are some of the more frequently cited reasons for Texas trade gains in '35 and expected greater gains in the current year.

A Seymour merchant estimates the state's farm income in 1935 roughly at 120 per cent ahead of 1934, and points out that with cattle higher and feed plentiful

TEXAS MERCHANTS
SEE 1936 TRADE
AS TOPPING 1929
Cheered By 1935's Gains of 8.66
Per Cent, Better Crops, And
Growing 'Demand'

Retail business in Texas, showing its greatest volume in 1935 since before the depression, is due this year to attain heights of "recovery" that will place 1936 beyond even the climatic boom year of 1929, a census of the Lone Star state's leading merchants indicates.

Averaging of scattered replies to a questionnaire sent to 230 Texas retail stores executives, reveals that the state's retail trade in 1935 was reported as 8.66 per cent ahead of 1934, and only 7.68 per cent behind 1929 business. The questionnaires were sent to leading Texas stores as part of a national campaign being conducted in an effort to stimulate retail activities generally.

Estimates as to expectations for 1936 ranged from an 8 per cent decline up to 40 per cent increases, the average being a predicted net gain of 9.63 per cent. This, combined with the figures showing 1935 only 7.68 per cent behind 1929, means that, barring unexpected crop failures, 1936 will see Texas retail business going stronger even than in the last pre-depression year. Widely divergent local crop conditions and other local factors apparently accounted for the big range in estimates reported for 1936.

Singularly, the fact that this is a "presidential year," traditional business bugaboo, was completely ignored by the merchants in their comments on probabilities of 1936 retail trade trends. This is interpreted as evidence that the age-old forces of supply and demand are again dominant, with demand due to be unusually heavy because of the depreciation which has taken place during the depression years of minimum purchasing, particularly of household goods and furnishings.

The contention of many merchants and economists that long-deferred replacement of "things for the home" is providing one of the country's strongest vehicles for buying its way back to financial normalcy is substantiated by analysis of the sales gains as broken down into subdivisions of the larger stores. Generally speaking, those departments dealing with the more basic elements of home furnishing—that is, furniture, floor coverings, and curtains and draperies—showed by far the most striking and consistent gains.

This is strictly in line with the findings of the Mart in a survey of the 600 manufacturers exhibiting in the building and serving the entire country, that "fixing up the house" had been Mr. and Mrs. America's first thought during 1935, with spending money becoming more plentiful. Although sales gains were general in virtually all lines in the national picture, home furnishings showed more extensive increases than any other type of merchandise.

Improved crop conditions for the state as a whole, the natural corollary, increased farm income government and state spending for forest and highway improvements, raising of more varied crops, and the coming Texas Centennial Exposition beginning in Dallas in June are some of the more frequently cited reasons for Texas trade gains in '35 and expected greater gains in the current year.

A Seymour merchant estimates the state's farm income in 1935 roughly at 120 per cent ahead of 1934, and points out that with cattle higher and feed plentiful

farmers will not have to incur debts for feed "which was burdensome in 1933, 1934 and 1935."

Several large store owners commented on the fact the depression has taught consumers many lessons about judging and evaluating merchandise carefully, among them that of doing more trading in their home centers and using newspaper advertising as their guide.

A Seguin, Texas, retailer notes a demand for nationally known lines such as we have never experienced before, interpreting it as evidence that people are learning to get the most for what money they have to spend by buying good which are consistently advertised and thus become "nationally known."

RIVERSIDE HOME DEMONSTRATION CLUB MET MARCH THIRD

"Size 28 cotton thread is recommended for whipping up sets in making mattresses," said Miss Lora Farnsworth, Schleicher County Home Demonstration Agent, March 3rd to the Riverside Home Demonstration Club, at the home of Mrs. Henry Murr.

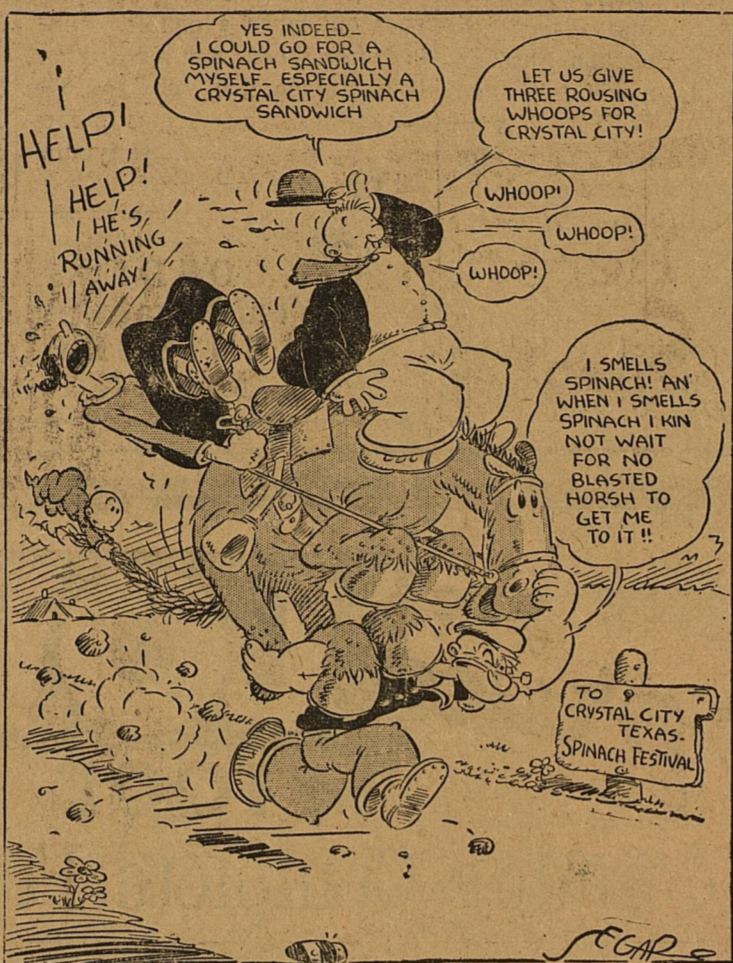

Tufts in a mattress are not necessary. An untufted mattress is really nicer to make and is a prettier and softer bed than a tufted one. It can be cared for just as well and easier to make; however, some people prefer the tufted mattress.

The club will meet with Mrs. T. W. Talbot for an all-day meeting March 17.

Refreshments were served to five guests and eight members.

Mr. and Mrs. E. W. Mund were shopping in Eldorado Saturday.

Mr. and Mrs. A. L. Steward and son from Fort Stockton, are visiting relatives here this week.

Thimble Theatre Treks to Texas

Popeye and his harassed troupe will make a one-night stand in Texas March 17 when Crystal City holds its gala Spinach Festival. Hearing that this South Texas town is the greatest spinach producer in the world, Popeye wastes no time in transporting the full company to the scene of this picturesque Texas Centennial Celebration. Segar, creator of Thimble Theatre for King Features, made this contribution to the Texas Spinach Festival, and Crystal City will retiate by proclaiming Popeye as Mayor, Olive Oyle as Queen of the Festival, and Wimpy as City Meat Inspector. Grab on to Sweet Pea in the back there, folks, and follow the crowd!

MRS. C. C. McLAUGHLIN HOSTESS TO WEDNESDAY BRIDGE CLUB

Mrs. C. C. McLaughlin entertained the Wednesday Bridge Club and a few guests at her home, Wednesday afternoon. Club members present included Mrs. L. L. Baker, Mrs. W. E. Cooper, Mrs. H. D. Irby, Mrs. G. C. Crosby, Miss Cleone Dabney, Mrs. C. E. Knight, Mrs. Sam Oglesby, Mrs. E. M. Reynolds, Mrs. Seth Ramsey, Mrs. A. D. Richey, and Mrs. Elton Smith. Guests present were: Mrs. V. G. Tisdale, Mrs. W. A. Mullett, Mrs. W. O. Alexander, Mrs. Cora Miller, Mrs. A. P. Bailey, Mrs. H. E. Lynn, Mrs. D. C. Royster, Mrs. J. B. Sammons, Mrs. Sam Lloyd. The high score prize for the club was won by Mrs. C. E. Knight, for the guests, Mrs. W. O. Alexander, the rambling prize was won by Mrs. H. D. Irby. An ice course was served.

REYNOLDS H. D. CLUB MEET

"Old worn cotton blankets dye real well, and work up into pretty hooked rugs," said Mrs. Orville James, bedroom demonstrator for the Reynolds Home Demonstration Club.

Mrs. James tore the dyed cotton blankets into strips about one fourth inch wide, and worked out shaped figures in black, rose, lavender, and gray, using as the foundation for the rug, a burlap sack.

The finished rug is 22 inches by 36 inches, and cost only 20 cents, which was spent for the rose and lavender dye.

MRS. AUBREY BAUGH HOSTESS TO THE WOMAN'S CLUB

Mrs. Aubrey Baugh was hostess to The Woman's Club of Eldorado, Tuesday afternoon. Following a business session including a report of committees and department chairman, the club continued its study of Texas Biography.

Mrs. W. N. Ramsay was program leader. Roll call was answered with a current event. Mrs. F. B. Gunn told the story of Eliza Allen, Sam Houston's first wife. Mrs. A. A. Millar discussed the influence of the Indians in Houston's life. Mrs. Earnest C. Hill, old of The Houston Family in Texas, and Mrs. D. C. Hill gave an estimate of Marquis James as a writer.

Members present other than the hostess were: Mrs. D. E. DeLong, Mrs. W. E. Bruton, Mrs. F. B. Gunn, Mrs. D. C. Hill, Mrs. Earnest C. Hill, Mrs. H. D. Irby, Mrs. A. A. Millar, Mrs. W. N. Ramsay, Mrs. V. G. Tisdale, Mrs. N. P. Wilkinson, Mrs. Preston Bailey, Mrs. C. E. Poer, Mrs. W. T. Whitten and Miss Tom Pearl Smith.

Mr. and Mrs. J. R. Alexander, and son, Jac Riley, were in from Fort Stockton visiting friends in Eldorado and attending the fat stock show at San Angelo. Mr. Alexander reports range conditions fine across the Pecos with some rain fall during the past week.

GENE KOY WINS FIRST AND SECOND

Gene Koy of Eldorado, won first and second in the fat, fine wool lamb singles. An annual of his feeding and exhibiting was

given the champion title and Schleicher's entry in the carlot class was also first.

Koy's lambs also won in the class of the best five fed and shown by one boy while some of his stock was included in the best

15 lambs from one county that placed first in this division.

This judging was by A. K. Mackey, College Station.

SCHLEICHER COUNTY HOME DEMONSTRATION COUNCIL MET SATURDAY

The Schleicher County Home Demonstration Council met Saturday March 7, in the office of Miss Lora Farnsworth, Home Demonstration Agent, with five clubs represented, and two guests. Discussion of the duties of its officers was the program for the day.

County Recreational Leader, Pat Talbot, gave a report on District Recreational School at Sweetwater, directed by Mr. H. B. Bradford, National Recreational Leader, from Washington D. C.

Those present were: Pat Talbot, Riverside; Mrs. Marion Wade Country Woman's Club; Mrs. Chas. J. Murr, Riverside; Mrs. W. R. Lewis (guest) Country Woman's Club; Mrs. W. H. McClatchey, Cliff; Mrs. O. James, Reynolds; Mrs. Elizabeth Wright, visitor; Miss Lora Farnsworth; Mrs. Palmer West, Eldorado; Mrs. Gordie Alexander, Country Woman's Home Demonstration Club.

This Week In Texas History

1687—Robert LaSalle was killed by one of his followers on Navasota River near the present city of Navasota.

1827—The constitution of Coahuila and Texas was adopted March 11 and provided that only the Roman Catholic religion should be tolerated, and that in all matters pertaining to the internal government, the state retained its sovereignty.

1846—General Zachary Taylor had been for some time encamped with an American army among the salt cedars near Corpus Christi. On March 9 he moved his army across the Nueces toward the Rio Grande, with the purpose of better establishing the claims of the United States to the territory between those two rivers.

1861—On March 11 Congress of the provisional state government of the Confederacy passed an ordinance to ratify the Constitution of the Confederate States of America.

Long and varied lists of residences ranging from Texarkana to Brownsville are expected by Orville S. Carpenter, executive director-designate of the Old-Age Assistance Commission, when applicants start naming places lived in during the last nine years as required by the new law.

The old-age assistance law requires that applicants for assistance have lived in Texas five out of the last nine years and one year continuously immediately preceding application.

"Assistance applicants should be able to name exact places in which they have resided—street numbers, etc.—and the length of time at each place during the last nine years," Mr. Carpenter said.

"Another requirement is that if the applicant has been convicted

ELDORADO BOYS SHOW WINNERS Honors Taken At Houston As Well As San Angelo Event

The Eldorado 4-H boys swept the honors at the Houston Stock Show as well as leading winners in San Angelo. They won \$300 in premiums there.

They took the champion club lamb award, and the first eight places in the single lamb classes, the first, second and third places in the group of three, and the county group of ten.

Victor Sauer, son of Otto Sauer, took the grand champion lamb premium; Cecil Moore, second; Harold Susen, third; Cecil Moore, fourth; Garland Williams, fifth and sixth; Forrest Young, seventh; Cecil Moore, eighth.

In the group of three at Houston, Cecil Moore was first; Victor Sauer, second; Harold Susen, third.

The boys were accompanied to Houston by B. E. Moore, father of Cecil Moore, for years a feeder of champion lambs.

If the picture shows give us anything like a fair idea of the social-life of the idle rich we believe that the revenue department should make a re-check on the funds received from liquor revenue. We don't believe the revenue men are getting all of it. We saw one picture recently in which enough liquor was drunk, if revenue was collected on it, to pay all of the national debt.

PRACTICAL COOKING

Milk contains the greatest assortment of nutritive substances of all simple food materials. It constitutes the foundation upon which an adequate diet can most safely, most easily and most economically be built.

It is a recognized fact that all growing children need one quart of milk every day. This requirement is based on certain facts including the superiority of milk to any other food for bone and muscle building. It is an important source of good quality proteins and of the mineral elements, calcium and phosphorus needed for bones and teeth. It also supplies abundant energy and the Vitamins A and G needed for growth and the protection of general health.

Inasmuch as many children are unable to have milk for the noon lunch at school it seems wise that the evening meal should contain at least one dish with a mild foundation. The following recipes are suggested with this view in mind:

Cabbage and Potato Soup: 2 T. butter, 1 small chopped onion,

1 qt. water, 1 tsp. salt, 2 cups diced raw potatoes, 2 cups chopped cabbage, and 2 cups rich whole milk. Cook onion slowly in butter until soft. Add water, salt potatoes and cabbage and cook until just tender, about 20 minutes. When ready to serve add milk. Serve very hot with chopped parse, yla dash of paprika or toasted bread cubes.

Creamed Fish with Vegetables: 1-2 lb. fresh fish or canned salmon, 1 cup diced ray potatoes, 1-2 cup diced raw carrots, 1-2 qt. milk, 1-3 cup flour, 3 T. butter, 1 small chopped onion, and 1 tsp. salt. If fish is fresh, simmer in a small quantity of water about 15 minutes. Drain and remove the skin and bones and flake the fish. Cook the potatoes and carrots until tender in a tightly covered kettle and in as little water as possible. Boil the remaining liquid down to 1-4 cup. Save this liquid and add to the mixture before serving. Mix and add to the onion, salt, butter and the flour and milk mixture, the rest of the milk, which should be heated. Cook until thickened. Add the vegetables and the liquid from the vegetables and the fish and cook for a few minutes longer. If canned fish is used, it does not need the preliminary cooking.

Rice and Chicken or Veal Custard: 2-3 cups rice, 1-3 qt. chopped cooked chicken or veal, 1 pimento, 2 eggs, 1 cup whole milk, 1-2 cup chicken broth. Wash rice. Drop into one gallon of briskly boiling, salted water, and boil until tender. Drain and rinse with hot water. Place layers of rice, chicken and dimento in a buttered baking dish. Sprinkle each layer with salt and a dash of cayenne. Top may be decorated with strips of pimento or thin rounds of green pepper. Pour over it a custard made of the eggs, milk and broth. Cover and bake in a moderate oven (350F) until set.

Suggested Milk Drinks: The following are suggestions for wholesome drinks for children who refuse milk: (1) Milk mixed with tomato juice. (2) Milk mixed with grape juice. (3) Milk eggnog—with raw egg and sweetened to taste. Add vanilla. (4) Cold milk flavored with chocolate sauce made by heating cocoa water and sugar to a syrup.

Encouraged by the action of the Supreme court against the AAA, Father Coughlin has announced that he will take steps to have the Federal Reserve bank law declared unconstitutional. This law passed during the Wilson administration divides the country into twelve districts, each of which is represented by a Federal Reserve bank. All other banks are required to keep on deposit in these banks a certain sum of money.

One of the first things that goes out when a dictator comes in is free speech and a free press. It is strange that dictator who comes into being obvious to combat tyranny is the most tyrannical type of a ruler.

It is reported that Father Coughlin will start a newspaper. The father will find that he has tackled a job even more difficult than the one of getting this country to change its system of handling finance.

SOUTHWESTERN EXPOSITION AND FAT STOCK SHOW

Fort Worth, March 13.—Judges for the Southwestern Exposition and Fat Stock Show, March 13 to 22, inclusive, include the foremost authorities on beef and dairy cattle, sheep, goats, swine, poultry, pigeons and rabbits, John B. Davis, secretary manager, announced today.

Herefords: A. W. Harris, breeder of Hereford cattle, Harris Mo.

Shorthorns: E. A. Trowbridge, Chairman, Animal Husbandry Department, University of Missouri, Columbia, Mo.

Aberdeen-Angus: W. L. Stangel, manager, livestock exhibits, Texas Centennial Exposition, Dallas.

Dairy Cattle: C. H. Staples, head, Dairy Department, Louisiana State University, Baton Rouge, La.

All steers and baby beef show: John C. Burnes, Executor, S. B. Burnett Estate, Fort Worth.

Carload beef cattle: Bob Smith, cattle buyer, Armour and Company, Chicago, and J. H. Boyle, cattle buyer, Swift and Company, Chicago.

Carload feeder cattle: E. C. Turkington, cattle feeder and breeder, Letts, Iowa.

FAT CALVES FROM MASON:

Byron Eckert, Mason, is shown in the first picture from the left with his grand champion baby beef. This animal was also first in the milk-fed class. Eckert's victory was the fifth consecutive time Mason youths have captured grand champion honors of the polled Herefords.

The only polled Hereford placing in the show is the third-place award winner shown at the right with Carl Martin holding the halter. Young Martin, who resides at Menard, has won prizes in the boy's baby beef show previously although he has been the only exhibitor.

The grand champions and many other animals were sold in the fat stock auction Tuesday morning in the ring south of the sheep exhibit building.

Sheep (fine wool) Zack Jones, sheep breeder, San Angelo.

Sheep, medium wool, wethers, carload and lambs: A. M. Paterson, assistant manager, American Royal Livestock Show, Kansas City.

Goats: Fred T. Earwood, vice president, Sonora Wool & Mohair Co., Sonora, Texas.

Swine: F. W. Bell, professor, Animal Husbandry Department, Kansas State Agricultural College Manhattan.

Dairy Calf Show: C. H. Staples, head, dairy department Louisiana State University, Baton Rouge.

Poultry: E. D. Parnell, superintendent, Cameron Public Schools, Cameron, Texas.

Pigeons: J. J. Keifer, Louisville, Ky.

Rabbits: Lewis S. J. Griffin, Colorado Springs.

Davis also announced that hay and grain would be judged by E. A. Miller, extension agronomist, Extension Service, College Station.

In the gay nineties it was the young daughter's boy friend who came to the rescue at the critical moment and paid off the mortgage and saved the daughter from marriage with the villain. Nothing so romantic about it now. When things get in such a jam with the home place the Home Owners Loan steps in and pays off the villain.

One of Italy's reasons for desiring to take Ethiopia is that Ethiopia does not know how to govern herself. What nation does?

\$500,000,000 SOIL CONSERVATION SUBSIDY BILL SIGNED BY PRESIDENT ROOSEVELT

The Federal Government will make grants of money to farmers conditioned upon the actual evidence of good land use, President Roosevelt announced last week upon signing the new \$500,000,000 "Soil Conservation and Domestic Allotment Act." The new law authorizes up to \$500,000,000 for use in any one year to pay farmers for soil conservation. Grants will be made to farmers for this work.

President Roosevelt, after signing the bill on February 29, issued the statement that the new soil conservation and domestic allotment act represents an attempt to develop, out of the AAA efforts, a long-time program for American agriculture.

Three chief aims of the legislation were listed by the President as tied up with the national welfare Conservation of the soil itself was named as the first of the three to be attained by wise and proper land use.

"The second purpose is the re-establishment and maintenance of farm income at fair levels so that the great gains made by agriculture in the last three years can be preserved and national recovery can continue. The third major objective is the protection of consumers by assuring adequate supplies of food and fiber now and in the future."

The President also strongly pointed out that there would be no contracts with farmers. Such contracts constituted one of the Supreme Court's objections to the AAA. While saying that such absence of production control might make impracticable the attainment of parity prices, Mr. Roosevelt said he is "confident that the farmers cooperating with the Government will work hard within the existing legal limitations to achieve the new law's goal which is parity not of farm prices but of farm income."

The money to carry on the plans will be allotted to each State after the State agency has been set up. The Act further reads that the Secretary of Agriculture shall apportion, on or before November 1, of each year, such funds as shall be necessary to carry out the State plans.

Farmers in preparing for the new program are planting soil improving and soil erosion prevention crops. Because planting time is so near, it is impossible for farmers to lay definite lines as to the acreage of such crops. However, Texas farmers, to profit by the new law, are planting sufficient crops of such nature as to meet the demands of the new law which was enacted for the purpose of building up the Nation's land.

Following the signing of the bill by the President, plans to

speed the new program were immediately taken up in discussion by officials in the Department of Agriculture.

Calls for four regional meetings of farmers and farm representatives were issued. The first two in Chicago and Memphis to study details and make suggestions for the new set-up; the other meetings were scheduled in New York and Salt Lake City, March 9, 10 and 11.

Administration officials also announced that the program will be put into operation first in the Southern States, where planting of cotton starts soon. Texas falls into this category.

GULF CHANGES MOTOR FUEL WHEN WEATHER CHANGES

A number of interesting facts about gasoline not generally known to the public have been revealed by one of the world's top producer and refiners of oil, in connection with a series of advertisements begun in the Success this week.

"In adopting the phrase, 'Kept in Step with the Calendar', as our newspaper advertising theme for 1936," explains W. R. Huber, Gulf's advertising manager, "We believe that few people realize that gasoline is a mixture of more than 1,000 different substances, and that certain of these chemical properties must be carefully controlled according to weather conditions to give the best possible performance.

"It is impossible for anyone to manufacture a single gasoline which will start easily in Maine in February and which will not cause vapor-lock in Texas in July. It is expensive to manufacture and market different gasolines for different climate conditions, but to properly serve the motorists best interests, this cannot be avoided.

"That Good Gulf Gasoline sold in Massachusetts in summer is not the same gasoline sold there in the spring and fall. And this, in turn, is not the same gasoline sold in winter. Furthermore, our gasoline sold in Ohio in winter is not the same as the gasoline sold in Florida in winter.

"Gasolines that are ideal for quick starting in cold weather may be quite inferior in hot weather. To insure perfect performance and the highest mileage throughout the country and at all seasons, That Good Gulf Gasoline is 'Kept in Step with the Calendar'—hence all of it goes to work—none of it goes to waste."

Mr. and Mrs. J. R. Alexander, and son, Jac Riley, were in from Fort Stockton visiting friends in Eldorado and attending the fat stock show at San Angelo. Mr. Alexander reports range conditions fine across the Pecos with some rain fall during the past week.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.

PRESBYTERIAN CHURCH

Sunday School at 10:00

Morning Worship at 11:00

Evening Worship at 7:45

The Sunday School reached its goal on last Sunday. There were 77 present. It is our desire to continue above 75 in attendance. Help us to do it, especially through March.

The sermon Sunday morning, "Who's A Fool?" Surely when the wise and good God calls a man a "fool" he's one. The man whose mind and heart is so occupied with obtaining goods for himself that he is not interested in things of the spirit, he is called a "fool" by God. Though he may be anticipating many years of life, death can take him at any time, and what will his goods avail him? He goes with mighty little to show God for the life he has spent here. God calls upon men to be "rich toward God."

The sermon Sunday evening, "Zacchaeus". He was too short in stature to see over the heads of others, so, in his eagerness to see Jesus, he climbed a tree. Jesus noted his interest, responded graciously to it, and became a friend of Zacchaeus. That man received a blessing far more precious than the riches he had accumulated as tax collector. Jesus does not ignore honest interest, but will bestow a blessing on those who seek him.

A cordial welcome awaits all at the services of this church.

N. P. WILKINSON, Pastor.

B.T.U. Revival in First Baptist Church

A B.T.U. revival is to begin in the First Baptist Church, Sunday night, March 15th and run during the following week.

Student workers from Howard Payne College, Brownwood, have been secured to lead in the work. Miss Mary Lou Dunn is to teach the Seniors and Adults, Miss Pearl Jones is to teach the Intermediates, Miss Opal Hiner is to teach the Juniors, and Miss Elizabeth Truly is to tell the Bible Stories for the Primaries.

It is hoped that more than 100 people will be enrolled during the week. The church is happy to have these young people come for the week's work, and extends an invitation to all to attend the Revival. The services will begin at 7:00 each evening with a "Surprise Program" of 10 minutes.

Services at Reynolds School House

Rev. A. J. Quinn, pastor of the First Baptist Church of Eldorado, will preach at the Reynolds School House Sunday afternoon, March 15th, at 2:00 o'clock. All in that section are invited to come to the service. It will do you good.

REV. A. J. QUINN

ONLY CITIZENS ELIGIBLE FOR OLD-AGE PENSION

Assistance will go only to citizens, Orville S. Carpenter, executive director-designate of the Old Age Assistance Commission, said today explaining the old-age assistance law.

"If the applicant is a naturalized citizen, he or she should be able to prove when and where naturalized. Naturalization papers will be required," Mr. Carpenter stated.

"An applicant should know the nationality of his or her spouse if not a citizen.

"Applicants whose parents were citizens by naturalization should be able to prove when and where they were naturalized, he said.

"In addition, any applicant, whether citizen by birth or naturalization, will be asked to tell whether he or she is married or unmarried, a widow or widower, and give the names of children,

(From Page One)

for the purchase of farms.

For some months past, Land Bank Commissioner, as well as Federal Land Bank, loans have been available for financing the purchase of farms. Prior to the broadening of their scope, Land Bank Commissioner loans could be made only to refinance existing indebtedness.

From October 1, 1935 through February 29, 1936, 4,160 new and re-extended applications were received by the Federal Land Bank of Houston, for amounts totaling \$15,023,950.

Federal Land Bank loans now are available through N.F.L.A.'s, said Mr. Meador, at the lowest interest rates in history and may be made for the following purposes: (a) To purchase land for agricultural uses; (b) to buy equipment, fertilizers, and livestock necessary for the proper and reasonable operation of the mortgaged farm; (c) to provide building and for the improvement of farm land; (d) to liquidate indebtedness of the owner of the mortgaged land incurred for agricultural purposes or incurred prior to January 1, 1933; and (e) to provide the owner of the mortgaged land with funds for general agricultural uses.

Loans to farmers may be made by the Land Bank Commissioner for the same purposes as Land Bank loans. However, the purposes for Commissioner loans may be made to refinance and indebtedness of the farmer without regard to its purpose or the time it was made. Indebtedness for which the farmer is not personally liable, but which is secured by a lien on his farm property, may also be refinanced.

(From Page One)

2

serve as the schools' "front yard."

Work has been begun on a new football field for next season. The ground is being broken, and the field will be sodded this spring and summer. Water will be piped to the field in order that grass may be kept green to give a solid turf by the opening of the season. The field will be changed from its present location, which is not a good one because of poor drainage.

At present, shrubs and ivy are being put out around the new building and additional shrubs planted around the old building. Mrs. E. C. Hill is assisting in the selection of the shrubs. Shrubs suitable for school planting are earnestly solicited from school patrons.

These general improvements of the school grounds will help to beautify and protect school property.

DR. R. R. DAVIS, M. D. OPENS OFFICE HERE.

Dr. Robert R. Davis, M. D., who moved here with his family recently from Presidio county, has opened an office in the Hoover Drug Store building. He was a health officer down on the border for several years.

Dr. Davis is a graduate from Baylor Medical College with a degree of M.D. He served in the World War as a medical officer, and has done private practice since the war.

His card will be found in our advertising columns.

A day is not complete unless you have communed with God.

if any, telling offsprings' ages, occupations, and places of residence," Mr. Carpenter added.

Applicants can get blanks at The Eldorado Success office. These forms may be filed as soon as filled out by the applicant.
