Let's Think About Our County

Ranch Sept. 24, 1933
To The Eldorado Success,
Eldorado, Texas.

Are you interested in your County Government? Or do you take the stand that "oh, there's no use, there's nothing I can do about it"? Do you ever visit the Commissioner's Court or the County School Board when either is in session? The majority of the members of those boards would welcome you, because they know that you have put them there to attend to your business and that their meetings are open to you at all times. The majority of the members of both boards would be glad indeed to have you see just how they transact your business and spend your money. And the majority of both boards should, and probably do, know that their decisions are expected to be for the general good or for the good of the majority of those concerned,—as decided by them to the best of their ability, after hearing all the facts.

Of course our Commissioner's Court has the most power. They have the privilege of deciding for us just how all of our county funds are spent,—and really that is not a very small power to be handed out to five men. Sometime let's think out loud through our County press on this subject that reaches right down into our pocket-books.

But at this time let us discuss something under the jurisdiction of our County School Board: your county school board, and mine. We put the members in there to attend to some of our school business to the best of their ability for the general good. Incidentally the board consists of one lady and four men, all good people, with a desire, I believe, to do the right thing. (The County Judge, as ex-officio County School Superintendent, meets with them as Secretary, but has no vote. Just how much voice he may have in their proceedings is not evident in the meetings that I have attended, and we will discuss at this time only those things that were done in the open.)

Dear Readers, please do not assume this to be a criticism of the lady and four men who make up our County School Board: although I believe the action of the board to have been error in the case to be discussed, it was not by any means unanimous, as you will see, and I prefer to think that they did what they thought best, with the information they had. But why? And just where did the information come from? Let's get to the facts of the case.

Back in September, 1933, there was a vacancy on our local school board. (Our school being known as Mayer No. 2, located near the East side of our County, not far from Fort McKavett, Menard County, Texas. Other members of our local board at the time were, Mrs. L. L. Tisdale and Mrs. D. C. Ogden. A petition signed by sixteen residents of our school district was presented to the County School Board, respectfully requesting that H. Leslie Jones be appointed trustee, to fill the vacancy. No petition was presented by the "other side", but we could count only four white residents of the district who were not on our petition, and probably we should add Mrs. Ogden, who was in Ohio. It should be said here that Mrs. Ogden is probably the largest property holder in our

J. E. Hill's Car Run Into Thursday

Thursday night or evening about dusk, while J. E. Hill was making the turn near the Eldo Hotel, he was hit by a car from Sonort owned by Harvey Morris and accompanied by Emmitt Archie. They cut thru the turn and went between Mr. Hill and the Hotel, spinning his car, a new Ford V-8, several times, then ran into his other car parked on the street between the Hotel and the Eldorado Hardware. Morris and Archie were arrested at Christoval and brought back and placed in jail, and later released when Morris paid a fine.

school district, while she lives there only three or four months of the year and in Ohio eight or nine months.

In considering our petition the County Board asked the writer if Mr. Otto Ruff would not be satisfactory to us (he was of course on our petition) in place of Jones. I replied that he would be satisfactory, but as the very large majority of us had requested otherwise it would appear to be a "slap in the face" for all of us if they did not act on our petition as presented. (As the story progresses you will probably see why Mr. Ruff was wanted instead of Jones.)

The President of the Board then asked if the other side had anything to say as to why Jones should not be appointed. Mr. Tom Talbot and Mr. L. L. Tisdale were there and the latter replied, "All I know is—my wife said last night that if Leslie Jones goes in she will resign, and I know she will." That was the only objection made before the board, in open meeting, as to why the majority of us should not have our wish in the matter of a trustee appointment. More time was allowed but no further objections were made. That very weighty attack on the candidate, however, will go down in history. I do not suppose it was entered in the Minutes of the meeting, but it should have been because it was very firmly impressed on the minds of most of those present. In spite of so terrible a denouncement the board acted favorably on the petition of the majority and Jones was appointed.

April 1st, 1933 was the day set aside to hold school trustee elections. In our district the voters were called on to elect some one to take the place of Mrs. Ogden, whose term expired. Many of us who had voted for her before were of the opinion that it would be best to elect some one else, rather than put her back in,—not because we do not respect her most highly and believe her to be a fine lady, but because she is in Ohio most of the time and at such a distance is not able to know what is going on in our school district, from first hand information. Her system of operation by "remote control" was to sign whatever the other lady on the board wished her to sign and to agree to whatever the other lady wanted her to, without any official meeting of the board to discuss the matter or hear the facts. And according to our school law the only way that members of a school-board may bind the district is by notifying

A. L. Jones Loses Garage By Fire

Thursday night about 10 o'clock fire was discovered in the A. L. Jones garage. The alarm was spread but the fire had such a start that nothing could be done about it. Just how the fire started is not known, but it is thought that it might have started from a light in the top of the car. The car was used after supper, but Mr. Jones seems to think the light shorted and caused the fire. Their loss was a total loss, no insurance besides the car, lots of can fruits, stoves, electric washing machine and numerous other household things went up in the fire.

COTTON BEING GATHERED FAST

The three gins of Schleicher County had ginned up to Saturday night of last week 956 bales of cotton, which is estimated to be around half of the cotton crop for this year. The Eldorado gin having ginned 490, the other gins were the Luttrell gin 274 and the Bailey Ranch gin, 192.

CHRISTIAN MEETING GOING ON AT SCHOOL HOUSE

The Rev. Hobert Forrester, of Coleman, Texas, has begun a meeting at the The School Auditorium last Thursday, which will last through next week. Rev. Forrester is pastor of the Christian Church at Coleman and is a fine Christian gentleman and asks the co-operation of all Christian people during the ten days services.

NEW MEXICO GOVERNOR DEAD

Governor Arthur Seligmen of New Mexico died suddenly Monday after addressing a meeting of the Bankers Association at Albuquerque, New Mexico. He was 60 years of age.

Sheriff O. E. Conner reports that the State of Texas has refused to pay for any mileage that he and Hutcherson made on the trip to Idaho after Tip-ton and his wife wanted in this country for burglary. This was reported to Mr. Conner from the Sutton County Sheriff. It looks now like that all laws that have now been passed recently are in favor of the man who wants to violate them. If the crime is committed in one state and the guilty person can get to a state line before he is caught there is no one that can draw any money for chasing him any further.

Miss Violet Lee Tuck, daughter of Mr. and Mrs. J. M. Tuck, returned from San Angelo last week from the Shannon Hospital where she underwent a minor operation. She is much improved this week. Her sister Mrs. Author E. Trees of San Antonio was with her a part of the time at the hospital, also visited here before returning. The many friends of Miss Violet Lee are glad to see her able to be home again.

Miss Stella Bissett of Junction, is visiting her cousin, Miss Mary Lee Davis of our city this week. Miss Bissett is the daughter of our old friend Frank Bissett that helped us hold down the town back some 25 years ago.

Tom Springston was in from the ranch Saturday looking after business and trading.

Harold Evans Sells Ranch; 9,000 Acres Brings \$125,000.00

Harold W. Evans has sold his 9,000 acre ranch northwest of Eldorado some 12 miles to Ben F. Meckel of Sonora, for \$125,000.00. This place is known as the old Barbee ranch and is a desirable piece of property. Mr. Meckel is an old timer in the Sonora Country and knows the value of a ranch. In the deal Mr. Meckel bought about 3,000 yearling ewes at \$4.50 per head and 1,000 goats at \$2.25 per head. This ranch is one of the best improved ranches in the county, as Mr. Evans has done considerable improvements since he became its owner. Mr. Evans has large ranch holdings at Ft. Terrett between Sonora and Junction and will devote his time to that ranch.

HAROLD BEVANS SELLS CALVES

The San Angelo Morning-Times reports the sale of 500 steer calves by Harold Bevans of Menard to Dick Arnett of Kansas City, at 51-2 cents per pound. He also sold 150 heifers calves at 41-2 cents per pound; sold 350 of his old dry cows \$28.50. These cattle were raised in Schleicher County, on the flying H. ranch recently sold to L. P. Powell, of San Saba.

Lion's Weekly Luncheon

The Lions in their weekly luncheon Wednesday had as their guest from out of town, Mr. Gilbert Day of Eden, Mr. L. D. Giles of San Angelo and Mr. W. W. Harmon of Lampasas, and Alton Page, the Schleicher County "Lonesome Cowboy."

Page extended the Lions an invitation to a Chicken Dinner to be given Friday night at 7:30 at the Methodist Church by the Crusaders, where the Crusaders will give a program.

The meeting was then opened for new business. J. H. Jarvis reported that a piano was in the room for inspection and that the committee was ready for action. The club voted to buy it after approval by the committee and Mrs. E. C. Hill.

Lion Holt then ask that the Club make arrangements for the selection of the all-round Athlete for the school in which the Lions were offering a gold medal. Lion C. E. Knight, Lion C. Snell and Lion Glenn Ratliff were appointed to help and get the proper judges in the contest.

The Eldorado Eagles will play a football game here Friday afternoon at 4:30 with the San Angelo Kittens, at the Fair Park.

All Lions were instructed and urged to be at the Scout Hut Wednesday October 4th at 12:15 to be in the picture to be taken at that time.

TO PUT IN SHOOTING GALLERY

J. C. Crosby and Leslie Galbreath have moved their pool hall in the Brooks Building and will open a Shooting Gallery in the building formerly occupied by the Recreation Club.

PICTURE SHOW TO OPEN THIS WEEK

The machinery for the picture show arrived Thursday morning and is being installed, and probably will be showing Friday or Saturday night. Mr. A. W. Morgan of Rule is putting in the show and expects to give us the best pictures available. He will be here by the time this appears in print.

Eldorado Woman's Club Has Meeting

The opening meeting of the Eldorado Woman's Club was held on September 12th at the home of Mr. and Mrs. V. G. Tisdale. Roll call was answered by nineteen members on "Some Things our Club can do this year." The program was based on Parliamentary Rules. Mrs. R. D. Holt spoke on "How Well Should a Club Be Versed in Parliamentary Procedure," and Mrs. D. C. Hill gave an outline of Parliamentary Plans for the year. The President, Mrs. Earnest C. Hill gave an outline of her plans for the year's work.

A delicious salad course was served to the following: Mesdames A. J. Atkins, D. E. DeLong, W. E. Eaton, J. B. Edens, D. C. Hill, Ernest C. Hill, R. D. Holt, V. H. Humphrey, J. H. Jarvis, C. M. McWhorter, A. A. Millar, W. A. Mullett, John Rae, W. N. Ramsay, C. Taylor, V. G. Tisdale, W. T. Whitten, Miss Tom Pearl Smith and Mrs. W. O. Alexander.

On Tuesday of this week four teen members of the Club enjoyed a very delightful afternoon at the home of Mr. and Mrs. J. H. Jarvis. The meeting was called for 12:30 noon, at which time a delicious "no hostess" luncheon was served. At 2:30 o'clock the president called the club to order for the regular business meeting and for the program for the afternoon. The course of study chosen by the Club for the year is "The United States As Seen Through The Eyes of Modern Writers". The subject for the afternoon was "The New England States". Roll call was answered with a quotation from a New England Poet. Mesdames J. B. Edens, J. H. Jarvis, W. A. Mullett, W. O. Alexander and Miss Tom Pearl Smith gave interesting papers on the New England States.

Those present on this occasion were Mesdames: D. E. DeLong, J. B. Edens, D. C. Hill, Ernest C. Hill, V. H. Humphrey, J. H. Jarvis, W. A. Mullett, A. A. Millar, C. M. McWhorter, W. N. Ramsay, V. G. Tisdale, W. T. Whitten, Miss Tom Pearl Smith and Mrs. W. O. Alexander

METHODIST SUNDAY SCHOOL HAD PROMOTION DAY

Last Sunday morning was promotion day at the Methodist Church and the attendance was 117 for the Sunday School. All of the children received promotion certificates or advancement certificates for faithful attendance and good work.

The years work will be finished during October as Annual Conference will be held about the 25th of October, either at San Angelo or Beeville. The officials of the church are doing their best to make the year one of the best, and ask that all financial obligations be sent in by October 22nd as the pastor will leave on Tuesday after, for Conference.

MRS. W. E. EATON OPERATED ON

Mrs. W. E. Eaton was carried to the Shannon Hospital Monday at San Angelo, where she underwent an operation for a tumor. Word Thursday at noon was to the effect that she was not doing very well. Her many friends wish for her a speedy recovery.

Rev. Leggett and wife, of Robert Lee, Texas were guests of Mr. and Mrs. C. L. Meador Sr. the first of the week.

SEPTEMBER 29th, 1933.

Just because our football boys lost that game to Ballinger last week is no sign they will lose the next one. The home boys were just out weighed in most places and were handled rough by those Ballinger Bearcats.

We are needing a good fill and want to see our Football team win a good game. Consequently we are going to the Eldorado-Brady football game at Brady, October 7th.

As far as we know Eldorado is living and abiding under the blue Eagle to the satisfaction of all concerned.

This high price mohair is helping the sore toe on the goat business in this section of Texas. We trust our goat men will not hold their hair until the market breaks.

Speaking of dry weather, 1933 has been the equal of any in this county in many years. Those guys that look to the moon for relief had better hunt a new remedy or new deal.

Jim Ferguson, speaking for Governor Ferguson, said Saturday that the Legislature could do something this session or stay at home. There would be no second call session. There is plenty in Texas for a Legislature to do, but there is too much politics to get it done, too many hands looking for a hand out. If those distributing the appropriations to the poor have to have from \$100.00 to \$200.00 per month to hand it out, they had better never issue the \$20,000,000 bonds. One thing the call session has already done is to uncover some of the fat salaries being paid in some places for the distribution of the relief funds. These funds should be distributed through the Commissioners. Court of each county in the regular channels and should be put out as work and not donations. This money could be used on our lateral roads to much advantage in every county in Texas. It should not be used through the State Highway Department, as they have their regular workmen and it is hard for others to get in. When the good Mayor and his co-workers of San Angelo sent in their resignation in protest for the way some of the money was being distributed in their city, they uncovered some of the waste that was going on and in some instances it was worse than in San Angelo.

The NRA Movement in Eldorado has been fully organized and the different committees appointed to see that the organization functions in the proper manner.

There are 61 businesses and institutions in Eldorado that have been visited and two outside of Eldorado and about three fourths of them operating under the NRA plans. 24 people have received employment under the NRA, 19 of them in Eldorado and five outside of town. Those outside of Eldorado are our Pipe Line Stations. 426 families have been signed up in the county pledging themselves to aid in every way possible to aid the NRA. Outside of our Pipe Line Stations in the county, everyone else is operating under the President's agreements.

There was a meeting Monday afternoon and the following committees were appointed or elected, which is known as the Compliance Committee: J. C. Carr was appointed to represent Industry and Employer; W. A. Mullett was appointed to represent employee and Industry; F. J. Wood was appointed to represent employer in Retail; and J. C. Wheeler was appointed to represent employee in Retail.

Mrs. W. F. Meador was appointed to represent the customers. Judge Joab Campbell was appointed to represent the Lawyers. T. P. Robinson was made permanent chairman. They will receive information from Washington.

Jones Letter

All members to be present at a certain time for a meeting.

And so with the feeling that a person in the district all the time could better serve as a school trustee, the majority voted for Mr. Otto Ruff, whose father, Mr. Joe Ruff has been the guardian of our little school for many, many years—I believe since it was first established—as the old-timers of our county well remember. Otto did not ask for the high office (with the large salary?) but he agreed to serve and qualified. The election was most interesting: sixteen votes, five for Mrs. Ogden and eleven for Mr. Ruff. Four Mexicans, three men and one woman presented themselves to be voted. My information was that all of the Mexican poll-taxes had been paid illegally, all without written authority from the holder of the receipt, and the woman offered a poll tax receipt that had been made out to her husband and "Mrs." had been written in by some one after it left the tax-collectors office (the change was made from the man to his wife apparently after some of us had let it be known that we knew the man to have been born in Mexico). The writer challenged the right of these Mexicans to vote under the circumstances. The presiding judge agreed that they could not vote unless they would state under oath that they had given written authority for some one else to purchase their poll-tax receipts for them. They were asked through an interpreter if they would swear to this and they did not choose to do so. All of which is interesting, but even if the Mexicans had voted the vote would have been nine to eleven for Mr. Ruff.

In the election the "other side" even went so far as to call the sheriff to the polls, only 35 miles from Eldorado. There was no disturbance for the sheriff to quiet, except that one dear old lady bawled the judge out for not permitting the Mexicans to vote and he had to ask her to use the exit, or words to that effect. Can you imagine such high-handed efforts on the part of the minority in trying to impose their will on the majority of us?

But on with the story. And to go on,—we must back up just a little. Before the election or Mr. Ruff the two ladies in our local school-board, apparently seeing the possibility of a change in trustees, signed what was supposed to be a Teachers contract with a young lady for the school term of 1933-34. This was apparently done in March, 1933. As the third member of the board I will be glad to make an affidavit that I was never in anyway notified of any meeting to be held by the two ladies to transact any business legally for this school district. And according to the State Department of Education a contract is not legally binding unless an official meeting is called and all members notified.

And it should especially be noted that this supposed contract was made for \$90. per month for eight months. Our district has not yet finished paying for the teacher for the 1932-33 term and we have practically no funds on hand now. Under no circumstances will that much money (\$720.00) be available for our teacher this year. How much are your teachers receiving as a salary for this year? I know of many of them with many years of teaching experience who are having to take \$75.00 per month and less, on account of conditions.

On May 3rd, 1933, Mr. Otto Ruff and I held our first official and legal meeting of our local school-board: the other member of the board was notified by registered mail, but she did not make her appearance or send her regrets. After organization,

The Success was requested to make mention that price fixing by agreement between local concerns was in violation of State laws and would not be tolerated by the state or the NRA.

Children between the ages of fourteen and sixteen can be worked three hours per day provided it does not interfere with their school work. The NRA has been established to function two years.

our first business was to elect a teacher for the 1933-34 term: our advice from the State Dept. of Education being that the supposed contract with the \$90. per month teacher was not a legal contract at all. We elected Mrs. C. H. Neely who had taught the school most efficiently for the past two years,—and with the lady present we signed a legal contract then and there. It should be said that neither Mr. Ruff nor I had anything to do with employing Mrs. Neely the first two years as neither of us was on the board. However her record was excellent here and for ten years of teaching elsewhere and the majority of the residents of our district wanted her back and we considered that we were most fortunate in being able to have such a teacher.

And regarding the contract with Mrs. Neely, this is most important: we made the contract for \$75.00 per month, for eight months,—subject to funds available: the last clause being by instructions from the State Dept. of Education because of the uncertainty of State funds. In other words we agreed to pay not more than \$75. per month, and it being understood that it might be less. Which contract in your opinion was a fair one for the district we represent? The one for \$90. per month or the one for \$75. per month or less?

The contract for \$75. per month was sent to the ex-officio County School Superintendent before he had approved the contract with the \$90. per month document instead of the legal contract for \$75. or less,—and at the time he approved he knew nothing whatever about how much the State would pay per pupil, and he knew that if the State paid as much as last year (\$16.50 I believe) we would not have \$720.00 available for a teacher. I had advised the said ex-officio Supt. of the State Department ruling regarding legal meetings to make legal contracts; and I told him then that I would be glad to make affidavit that there had been no notice of a meeting sent to me. I went so far as to ask him to get affidavits from the two ladies on the board, to the effect that they had called a legal meeting to elect a teacher. (He did not make reply to that suggestion.) He did not choose to have a meeting of both sides and attempt to arrive at the facts and save further trouble,—but apparently his idea of having harmony in our district was to approve a contract—supposed contract illegally made—for an amount that our district could not possibly have available.

Another piece of business taken up at our legal school-board meeting of May 3rd, was the matter of moving our school house from its present location to a point on the main highway through our district, namely the Fort McKavett-Sonora and Eldorado road. The new location is only about one half mile from the old one, but more central by far for all residents of the district for school, elections and community meetings, for which we use our school building. It was officially decided that the building should be moved; but to be sure that we were correct in taking such action, Mr. Ruff and I agreed that we would go before our County School Board and ask if there were any objection on the part of that board. We did meet with said board at their next meeting and we were advised that they had no objection to offer for they considered the matter up to the local board.

And now, folks, the plot is getting thicker: Some time in August, 1933, some members of "the other side" went to Mr. Ruff and told him that they did not want the school-house moved,—and if it was moved,—etc., etc. ? ? ?

Well, we will not take the time to go into the details on that just at this time,—but we might do some time if enough of you let me know that you are interested. But what was said to Mr. Ruff was enough to make him feel that he would rather resign than have all those awful things happen! Well—he quit anyway!

Then the next order of business was for the County School Board to appoint some one to take Mr. Ruff's place. The said board met on Sept. 2nd last. The writer presented a petition

signed by a majority of the white residents of the district in which we respectfully asked for an appointment agreeable to the majority of us. The petition had fifteen signatures; and for the "other side" we can count only seven whites, and one of those would have to sign by remote control from Ohio.

But the most interesting part is that the "other side" did not appear before the said County School Board and they did not mail in a petition or a letter that we know about: nothing was presented to the members of the board, in open meeting assembled, that would indicate there was any one on the other side willing to take the job of trustee! All was very quiet,—unusually quiet!! At the opening of the meeting, about 2:30 P. M., the petition of the majority was presented. At about six P. M. the Secretary of the board paged Jones in the hall of the court-house and advised him that Mrs. Ogden (of Ohio) had been appointed to take Mr. Ruff's place on our local school board.

Please permit me to admit that to be a fine piece of work on the part of the "other side". Just like that! Just as easy! But isn't it a strange piece of work on the part of our County Board? Just on what grounds would a majority of the members wish to go contrary to the request of a majority in a school district? What could possibly be the idea of slapping the majority of us in the face and without anything whatever being discussed in the meeting? I was advised that there was no discussion whatever. Just two nominations and a vote: Result, three one way, one for our petition and one not voting. Just how could they do it?—I have been asked many times. I would surely like to know just how their line of reasoning went,—that is around the three who voted a straight Ohio ticket. I hope some of you will tell us about it,—some of you on the inside.

The value of a petition is usually so much appreciated by any body of men or women, especially when there is a clear majority one way or the other; if they act favorably on the petition of the majority, they have only to say, "We did what the majority concerned showed they would have done if they had voted in an election. We could not have done any more, for that is the principle on which our form of government is based." If they did not care to be able to make that kind of an answer,—just what is the answer?

Please let me say here that I feel that the three members of the County School Board who chose to vote against the majority of us in our school district,—did so because they thought they knew the facts, because they thought they were doing the right thing. But I do believe that it was most unfair for them to have reached a decision before they arrived at the meeting to hear the facts and make a decision that would be to the best of their ability. It is certain that facts to warrant their decision were not brought out at the meeting where the voting was done. I believe that those three members want to do the right thing, and with the true facts I believe that they would vote with the majority of us concerned in this decision.

The results of my investigations might be published at a later date,—if too much pressure is not brought to bear on our good editor! But remember that these columns are open to your opinions as well as to mine. If we can give constructive criticism that might be for the good of our county, let's get to it. What I have written here reminds me of the old expression, "There's a nigger in the wood-pile." At least there must be a dark secret some place, for it is not out in the open where it can be seen. Let's turn on the lights: crookedness and lying do not do near so well when they are exposed to view. I believe that Schleicher County is just a little better than most of the other counties, and I believe that we can help to keep it clean and good and a better place to live, by knowing just how our county government is managed.

Thank you! That's all (for this time)!

Sincerely,
H. Leslie Jones.

Get Real Relief From Monthly Pains

SEVERE monthly suffering is a sign of warning. If you are having aches and pains every month, heed the WARNING. See what is wrong. Treat the CAUSE of the trouble. When womanly aches and pains are due to a weak, run-down condition, take CARDUL. It has been used by women for over 50 years. It is a purely vegetable medicine and it cannot harm you. Thousands of women have said that when they had built up their strength with the help of Cardul, real relief was obtained and their general health and feeling of well-being improved. If you suffer this way, try Cardul, which you can get at the drug store.

C. L. Meador was in from the ranch Monday recalling days of old when you could get what you wanted, and wanted what you could get.

ELDORADO LOSES TO CLASS A BALLINGER TEAM, 13-0

By Cecil Moore

The Eldorado Eagles left from school Friday at noon to play their first game of this season. They made a good showing, even if Ballinger was considerably larger.

One car or boys did not arrive at the game until the first half was almost over, and as that car was carrying several suits, Eldorado had to borrow some suits before beginning the game.

The Eagles showed up very well during the first half, before the superior weight of the Ballinger team began to tell on them. However, Ballinger managed to score one touchdown on the Eldorado team.

At the beginning of the second half the boys came into the game determined to hold them. However, the much heavier team against which they were playing began to tire them, and Ballinger scored another touchdown. The sand and grass burrs were also new to the boys, which did not add to their ability to play good football. The second Ballinger touchdown did not come until the last quarter. Eagles showed up very well in their first game of the season against a much heavier team. The line-up for Eldorado follows: Kerr, Billie, R. E.; Meador, Jack R. T.; Reynolds, Raymond R. G.; Gibson, W. B. C.; Jones, John I. L. G.; DeLong, Dee L. T.; Carr, Aris L. E.; Hext, Joe T. Q. B.; Alexander, R. J. R. H.; Spurgers, Milton L. H.; Isaacs, Junior F. B.

LOIS WHITLEY IS 4-H CLUB WINNER OF DALLAS TRIP

Miss Mabel Howell, Schleicher County Home Demonstration Agent, selected Dorothy King and Lois Whitley as contestants for a trip to the State Fair at Dallas. Each girl had to hand in three exhibits by the 23rd of

this month, one a history, and two projects. These were made according to instructions by Miss Howell in the Home Demonstration Club of last year. The county has two representatives, one from the High School Club and one from Rural School Clubs. The rural school girl is a Faught girl from Reynolds school.

These two girls leave Eldorado October 16 for the Girl's Encampment at Dallas. The purpose of the Encampment and free trip is to create interest in 4-H club work.

The man who has the largest capacity for work and thought is the man who is bound to succeed. I can not pretend to say, because I do not know, whether the man who works always, who never leaves his business, who is absolutely intent upon getting ahead, and who therefore does get ahead—is happier than the man who keeps office hours, both for his brain and his hands. It is not necessary for any one to decide the question. A ten-horsepower engine will not pull as much as twenty. If he is satisfied to pull only the load that he has, well and good, that is his affair—but he must not complain if another who has increased his horsepower pulls more than he does. Leisure and work bring different results. If a man wants leisure and gets it—then he has no cause to complain. But he can not have both leisure and the results of work.—Henry Ford.

CHORAL CLUB

By Alicia Burk
The Choral Club, this year, is directed by Miss Zimmerman. There are about twenty enrolled so far. But on account of getting started in their regular school work they have not yet organized.

Miss Zimmerman has ordered the music for the Choral Club and expects it to be here by the last of the week when they will

begin regular practicing. They have no definite plans for the year, yet, but intend to soon.

We are all looking forward to the programs put on by the Choral club.

PEP SQUAD

By Louise Boyer
The pep squad is progressing very nicely. The girls are getting their suits ready in order to attend the games during the season.

Some of the boys who do not play football this year have joined our pep squad. We would like for any others who would join us to be at our next meeting. We have elected W. C. Spurgers to assist the girls as his voice is much stronger. The pep squad has adopted their school song as "Those Eldorado High School Eagles," as every one already knows it.

The school invites the public to attend the games this season.

MR. HILL ADDRESSES PARENT TEACHERS

At the first meeting of the Parent Teachers Association on Sept. 19, Mr. Earnest Hill talked to the group on "The Consumer's Part in the NRA Program."

Mr. Hill, who is one of the local NRA representatives, made a very interesting and instructional talk on this subject. He began by outlining the history of the events during the past few months leading up to and culminating in the passage of the National Recovery Act and other acts passed by the last session of Congress. The consumer's part in the program for recovery was then outlined, the principal point in this connection being that any consumer who signs up for the "Blue Eagle" pledges to purchase from only those business firms which carry the Blue Eagle in their windows. Mr. Hill pointed out that there might be criticism of this on the grounds that it would constitute boycotting, but that it really amounted to patriotism

instead. It is the only way that we, as consumers, can "do our part" in carrying out the President's nation-wide drive for recovery from the present business depression.

Mr. Hill closed by saying that the NRA could not fail if every one cooperated in carrying out the plan. He pointed out that the act was almost a last resort for the people of the United States, and that we must think and work together in much the same spirit as was manifested during the World War.

REYNOLDS CLUB MEETS

Canning green tomatoes and mince meat was demonstrated by Miss Howell, on Tuesday, September 19th at the home of Mrs. Otto Sauer. Eight members and four visitors were present.

Miss Howell also gave a lecture on how to use tomatoes in many different ways.

Refreshments of punch and cookies were served. The next meeting will be Oct. 3rd but it has not been fully decided where.

BAILEY RANCH DEMONSTRATION CLUB

Bailey Ranch Home Demonstration Club met Friday Sept. 22 at the home of Mrs. Tom Kent and Mrs. Frank Spencer, with nine members and one visitor present. Miss Mabel Howell demonstrated making tomato catsup and gave an interesting talk on the proper way to set a table. Members responded to roll call with various recipes for tomato dishes.

The next meeting will be held on October 6th at the home of Mrs. Frank Kinsler. Members will bring a covered dish for luncheon and spend the day quilting.
