McLEAN, GRAY COUNTY, TEXAS - THURSDAY, JANUARY 19, 1978

NUMBER 3

Stage Production To Be Sponsored By Local Lions

The McLean Lions Club this week received a distinguished visitor, Mr. Fred Story, owner and manager of Fred Story Theatrical Productions.

The purpose of Mr. Story's visit to this city was to make advance preparations for the appearance of the world famous and highly successful stage production "The Fred Story Revue", a live stage production with special sets and music produced by Fred Story for the entire family.

Story's Variety Revue has been acclaimed by educators, civic clubs and thousands of spectators throughout the country from coast to coast. "Certainly one of the best" reports news service.

Mr. Story, whose office has handled many smash hit theatrical productions, considers "The Story Variety Revue" so important that he has personally taken over the management of the tour. He reports that this production is playing to packed houses and that this is the first time in several years the show has been available for one night stands.

McLean Lions Club is happy to report that successful arrangements have been completed to present this outstanding attraction on February 17 and urges everybody to remember the date and make plans to attend this once in a lifetime performance.

Candi Carpenter Has Grand Champion Lamb

The Gray County lamb show was held last Sat. January 14th with eight lambs entered. There were two classes: light weight and heavy weight. Those in light weight and their places were Sena Brainard 1st, Mike Wilkerson 2nd, Amy Brainard 3rd and Mark Tate 4th. Those in heavy weight and their places were Candi Carpenter 1st, Amie Greene 2nd, Jamie Greene 3rd and LeeAnn Tate 4th.

Candi Carpenter won the Grand Champion Lamb. Reserve Champion was won by Amie Greene.

Candi Carpenter and Mark and LeeAnn Tate will be taking their lambs to the Amarillo Stock Show.

Wanda Carter To Seek Re-election

County Clerk Wanda Carter has announced her intention of seeking re-election subject to the Democratic Primary to be held on May 6.

Mrs. Carter is a 25 year veteran in the clerk's office, having begun her career there in 1953. She served as Chief Deputy for 10 years and was first elected to the office in 1970 upon the retirement of Charlie Thut.

Mrs. Carter is a native of Lefors and attended Lefors Schools. She is a member of the Texas County and District Clerk's Association and has served as Area Leader of Area 1.

"I pledge continued courteous, efficient and experienced administration of the office for all the people," she said.

Western Singer Coming To Pampa

Tickets for the Rex Allen Jr. Show, coming to Pampa, January 27, are on sale at five locations in Pampa, Malone Pharmacy, M. E. Moses, Addingtons Western Store, Heard and Jones Drug, and KGRO Radio.

No reserve seat tickets will be sold. Allen will appear at 8 p.m. Friday, Jan. 27 in M. K. Brown Auditorium.

Allen's current hit, is listed in the Top 20 in Billboard Magazine, the music trade publication.

School Bands To Present Program

There will be a Band Boosters meeting on Thursday, Jan. 26 at 8 p.m. in the high school auditorium. The school bands will entertain those that attend.

Everyone is invited to attend.

McLean Receives Sales Tax Rebate

State Comptroller Bob Bullock said Friday his office has mailed checks totaling \$18.5 million to 894 Texas cities as their January share of the one percent city sales tax. McLean received a check for \$802.48.

Bullock also reminded the 250,000 Texas retail merchants who remit their sales tax collections on a quarterly basis that January 31 is the deadline for their next reports.

"If they haven't done so already, I'd suggest they put a big red circle around that date on their calendars because late reports can mean costly and time consuming problems for our merchants," he said.

Bullock urged merchants who have questions or problems with preparing their sales tax reports to contact the nearest Comptroller's Field Office or call toll-free 1 800 252-5555 for assistance.

Boy Scouts To Have Paper Drive Saturday

On Saturday, Jan. 21 the local boy scouts are going to have a paper drive. They urge everyone to save all paper such as magazines, newspapers, tissue papers and paper of any kind.

You are asked to please tie them in bundles or put in a box so that the boy scouts may pick them up. If you want pick them up. If you need some picked up contact Neal Middleton.

4-H'ers To Go To Amarillo Show

Several 4-H'ers will be taking livestock to Amarillo for the Stock Show Jan. 17-24. Those with steer will be Beth Smitherman, Elson and Jem Ann Rice and Deb Crockett and Greg Gabel. Candi Carpenter will be with swine. Those with lambs will be Mark and LeeAnn Tate and Candi Carpenter.

Saturday's Game Is Cancelled

Coach Yakubovsky would like to announce that the Basketball game for the Junior Varsity girls team that was scheduled for Saturday has been cancelled.

George Yearwood Funeral Service Held Monday

Funeral services for George Franklin Yearwood, 76, who died at 8 p.m. Friday in McLean Hospital, were held at 2 p.m. Monday at the First Baptist Church. Burial was in Hillcrest Cemetery by Lamb Funeral Home.

Born April 24, 1901 at Bowie, he moved to McLean from Pampa in 1940. He married Cora Hoggatt July 3, 1925. He was a retired foreman of the Texas Highway Department.

He is survived by his wife, Cora; two sons, Frank of Pampa and Everett of Dumas; four brothers, Lummie of Watonga, Okla., Lonnie and Elmer, of Pampa, and Jeff of Calif.; three sisters, Mrs. Rosie Shaw of Pampa, Mrs. Myrtle Robertson of Calumet, Okla., and Mrs. Oma Lancaster of Calif.; and six grandchildren.

Blood Pressure Clinic To Be Held

There will be a blood pressure clinic at the senior citizens building on Main Street on Thursday, Jan. 26 from 1 to 4 p.m.

RICKY STEELE

Ricky Steele Joins Navy

Ricky Steele, son of Mr. and Mrs. Walter E. Williams, east of the Navy's Delayed Entry Program. Ricky has qualified for the Navy's Advanced Electronics Program. Ricky will be attending Peccruit training at Naval Training Center at Orlando, Fla. for eight weeks and then on to basic electronics school.

Ricky will be a 1978 graduate of McLean High School. Anyone interested in more information on the school's Navy have can see Ricky at the school or call Don Taylor collect at 665-5932 or come by 115 N. Cuyler in Pampa.

Jack Hightower Seeks Re-election

Congressman Jack Hightower announced this week that he has filed for re-election to Congress. His statement is as follows:

"I am announcing my candidacy for re-election to Congress from the 13th district.

"It has been a high honor to have served this area of Texas for the past three years. I will continue to do my best to represent each of you with diligence, determination and plain hard work.

"I will continue to communicate closely with other members of Congress, to try to make them aware that our interests, and the national interest, are one. Members of Congress from urban areas, who are the majority, must be made aware that agricultural and energy producers from our area and the consumers of our products from their areas are dependent upon one another. They must be made aware that the costs of producing the food we eat, the fiber for the clothes we wear and the energy to sustain all production must be paid, and must be shared.

"Throughout the past three years much of my time and effort has been devoted to the house Agricultural Committee. No more serious problem faces our country than the plight of agriculture. The cost-price squeeze on farmers and ranchers threatens to grow steadily worse. The problem demands the full attention of the Congress and the Administration. A strong national economy is impossible without a strong agricultural economy.

"During the past three years I have spoken and voted for energy proposals that would increase our energy supplies and thereby protect the interests of producers and consumers. I have spoken and voted against programs that would increase federal involvement energy production and that would promote energy conservation through the artificial means of taxation.

"I will continue to consider myself a steward of taxpayers' money, to support expenditures only when I believe there will be a positive return on the investment. I will continue to press for greater accountability by those agencies and de-

Jean Scott Files For Re-election As Co. Treasurer

Jean Scott of Pampa has authorized The McLean News to announce her candidacy for re-election to the office of Gray County treasurer, subject to the action of the voters in the Democratic Primary on May 6.

Mrs. Scott has been a resident of Gray County and Pampa since 1946. Her husband, Alvin, is an employee of the Postal Service as a rural route carrier. She has two sons, Dennis of Houston and Steve of Pampa, who is employed with the Pampa Independent School District.

Mrs. Scott is a member of the First Baptist Church, Altrusa Club, County Treasurer's Association, Top of Texas Democratic Club and the Pampa Chamber of Commerce.

In asking for a third term, Mrs. Scott has stated if elected she will strive to continue to serve the citizens of Gray County with efficiency, dignity and courtesy. She stated she will feel obligated to dedicate her full time and energy to the duties of this office.

Local Students On Honor Roll

West Texas State University has announced the students on the President's and the Dean's Honor Rolls for the fall semester, 1977.

Students named to the President's Honor Roll have earned a semester grade point average of 3.85 or higher for a completed minimum semester load in residence of 12 semester hours.

The Dean's List represents students who have a semester grade point average of 3.25 to 3.84 for a completed semester load of 12 semester hours or more.

Named to the Dean's List from McLean were Maridale Glass, a freshman performance major and Joe E. Riley, a junior physical education major. Glass is the daughter of Mr. and Mrs. Dale Glass and Riley is the son of Mr. and Mrs. Earl Riley.

partments that absorb the federal budget and to curtail or eliminate those who have outlived their usefulness.

"I appreciate the support you have given me. I will try to merit your continuing support in the future."

Market Report

Attractive prices on grapefruit and fryer chickens will greet shoppers at Texas grocery markets this week—along with good values on beef, pork and several vegetables, Mrs. Gwendolyne Clyatt says.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Texas grapefruit shows excellent quality, especially pink and red-flesh varieties, and prices are attractive. Orange prices are a bit lower than December levels. Other values are apples, bananas, pears and pineapples.

With prices generally a bit lower than a year ago, this week's plentiful vegetables featuring reasonable prices are: broccoli, cabbage, carrots, celery, hard-shell squash, potatoes, turnips, rutabagas and dry yellow onions. Also head lettuce prices are down, and fresh green beans (mostly from Mexico) are moderately priced.

Fryer chickens have outstanding values, both whole birds and parts. Look for more attractive egg prices as the heavy holiday demand eases.

Demand is increasing and prices are trending upward, but many markets are featuring chuck roasts and steaks and sirloin and T-bone steaks.

Good values also appear on ground beef and liver.

Prices somewhat irregular, but good values include quarter loin (in chops) and Boston butt roasts. Scattered features are on ham portions, picnics, bacon and frankfurters. Cured products show less price fluctuation than fresh items.

Specials appear on an assortment of fruit pie filling, canned peaches, green beans and pork and beans. Frozen features are fried chicken and a variety of vegetables.

CONSUMER WATCH-WORDS: Save up to 20 percent on some canned fruits and vegetables. Spend time "comparative shopping" among brands (note those you like), buy for intended use and understand label information. Look for lower prices on house brands and regional brands—and on food with assorted or irregular pieces.

TEXAS ARBOR DAY

Texas Arbor Day is Jan. 20 and is designed to inspire Texans to plant trees. In addition to producing shade and lumber, trees can reduce noise levels and can serve as giant air cleaners, filtering out dust as well as using up carbon dioxide and giving off oxygen. Of course, trees also provide beauty and increase the value of landscapes. Plant trees species and varieties suited to the particular area of the state.

MRS. STACY HOWARD

Cynthia Morris and Stacy Howard Are United In marriage Saturday, January 14

Miss Cynthia Morris of McLean became the bride of Stacy Howard of McLean Saturday, January 14, 1978 in the First Baptist Church of McLean.

The bride is the daughter of Mr. and Mrs. Wayne Morris of McLean. Mr. and Mrs. J.F. Howard, also of McLean, are the parents of the groom.

Miss Jeanette Brown served as Maid of Honor and Miss Teresa Mounce served as bridesmaid.

Bud Steel served as Best Man and Ronnie Brown served as groomsmen.

Ushers were Sidney Morris, brother of the bride and Randy Stalls.

Delinda Howard registered guests.

The bride selected a formal gown of organza over bridal taffeta designed with a fitted bodice and victorian neckline. The bodice was enhanced by chantilly lace, sequins and pearls. Her long sleeves fell in flounces over her wrists enhanced by satin bows and pearls. Her tiered skirt fell to a flounce hemline and swept to back fullness cascading into a full chapel train.

She wore a matching juliet cap enhanced with seed pearls which held a tiered fingertip veil of bridal illusion which was edged with matching scalloped lace.

The bride's attendants wore old-fashioned dresses of blue satin accented with white lace at the neck, sleeves and empire bodice. They carried blue silk roses.

For something old the bride put a sixpence in her shoe. Something new was her dress; something borrowed were diamond earrings from her aunt Martha Back from El Paso, and something blue was her garter.

A reception was held immediately following the ceremony in the fellowship hall of the

church. Miss Natalie Morris and Miss Lela Skipper served at the bride's table and Mrs. Brenda Parker and Rosemary Robinson, both of Amarillo served at the groom's table.

Mrs. Willie Nicholas was in charge of the reception.

The bride's table was covered with white lace floor length cloth. The four tiered white wedding cake was accented with silver leaves and a bride and groom on the top. The bride's bouquet with blue roses and white carnations was laid on a silver tray for the center piece and was flanked by two white candles in silver candle holders.

The groom's table was covered with a light blue cloth edged with blue lace. A miniature saddle served as a center piece. White cake with chocolate icing was served. A silver coffee service was used.

A son, Kevin Andrew was born Jan. 4th to Mr. and Mrs. Doug Thompson in Garland, Texas. He weighed 7 lbs. 13 oz. He is the grandson of Mr. and Mrs. Foster Burgin of Groom and the great grandson of Mrs. J. A. Wheeler.

Texas Get Most P&W Money

Texas is eligible to receive more federal money for sport fish and wildlife restoration and hunter safety programs during the fiscal year 1978 than any other state.

Alaska, California, Pennsylvania and Michigan join Texas as the largest recipient states, dividing up the total \$37 million fund distributed through the U.S. Fish and Wildlife Service.

Texas' share of the wildlife restoration fund is the largest, at \$1,317,000. The fish restoration total is \$490,000, which is matched only by Alaska.

Funds for fish restoration programs come from a 10 percent excise tax on fishing tackle and artificial lures. Wildlife restoration and hunter safety funds come from excise taxes on sporting arms and ammunition and certain archery equipment.

These funds will be matched by the Texas Parks and Wildlife Department to help finance most wildlife and fishery projects across the state.

According to P&WD biologists on the High Plains, these funds will help complete the wall-eye egg project at Lake Meredith this spring, assist in the lake surveys including fish sampling and creel census, finance game surveys on various species such as antelope, aoudad and deer, and help stock pheasant in northwest Texas.

Some people used to put stale bread in babies' cradles in the hope of warding off disease.

326,000 Cotton Samples Classed

Moderate trading was reported again this week as growers accepted bids on about 25 to 30 percent of their offerings. Prices increased slightly with mixed lots containing mostly 32 and shorter staple cotton selling for 43.50 to 44.00 cents per pound. Lots predominating in 33 and longer staples brought 45.00 to 47.50 cents. Growers continued to receive 62.00 to 67.00 dollars per ton for cottonseed at most gin points.

About 35,000 samples were classed at Memphis this week, bringing the season's total to 326,000. This is the largest number of samples ever classed at the Memphis office. The previous record was 278,000 set in 1973.

Light spotted grades made up 76 percent of the total, while white grades accounted for 15 percent and spotted grades made up nine percent. The predominant grades were 32 and 42, each comprising one-third of the samples classed. Twenty percent was reduced in grade due to bark or grass content.

Staple 32 was the predominant length with 71 percent while staple 31 made up 24 percent. Mic-

ronaire readings were in the desirable range of 3.5-4.9 on 82 percent of the samples tested. Four percent miked 5.0 and higher and 14 percent miked 3.4 and lower. Average pressley was 85,000 pounds per square inch.

The Memphis office is scheduled to stop receiving samples on Wednesday, January 18. Additional reports on the Memphis area crop will be issued by the Altus, Oklahoma Classing Office.

BANKERS TO HEAR ABOUT AG DEVELOPM.

The latest developments in agriculture will be discussed at the 26th Farm and Ranch Credit School for Commercial Bankers at Texas A&M University, Feb. 6-7. These will include the 1977 Farm Bill, government guaranteed loans, and outlook information affecting banking, says an economist with the Texas Agricultural Extension Service. There will also be discussions on computerized marketing, the outlook for various agricultural commodities and methods for analyzing loans on crops, machinery,

feedlots, dairies and cow-calf operations.

Alpha Xi Upsilon To Have A Valentine Ball

The Alpha Xi Upsilon met January 3 with 12 members present. A Thank You card was read from Yolanda Ranzel for the gifts that were given her at Christmas time.

The door prize was won by Mary Bybee. The hostess was Lucille Glass with Freda Holland bringing a program on recreation. The Valentine party was discussed.

The Ritual of Jewels was given Jan. 17 to Sue Coward, Marie Cummings, Janet Yakubovsky, Suzie Lee, Brenda Dickinson and Charlotte Hefley.

The Valentine Queen was selected by secret ballot and will be named at the Valentine Ball in February. Linda McDonald had the program on Hobbies. Several members brought items that they had made.

The club voted to sponsor a girl in the Miss McLean contest.

Refreshments were served to the above named and Jean Smith, Jacques Gillispie, Shirley Stokes, Mary Lou Glass, Nancy Billingsley, Mary Bybee, Lucille Glass, Susan Barker, Freda Holland, Carlene Beauchamp, Billie Kingston, Evelyn Shaw.

Door prize was won by Susan Barker.

Think twice before passing boneless meat because of its higher price. With no excess fat or bone in boneless meat, every bit of meat adds up to more servings from each pound, so it may be a thriftier choice, even though it costs more per pound, she adds.

In the winter, keep sleeping areas at lower temperatures than living areas, and at night keep all rooms at lower temperatures, advises Claudia Kerbel, consumer information specialist.

MRS. TIMOTHY HOELSCHER

Marlinda Howard and Timothy Hoelscher Are Married In Groom Church

Marlinda Kim Howard became the bride of Timothy R. Hoelscher December 30, 1977 in St. Joseph's Catholic Church. Deacon James Ambs read the nuptial vows. Gregg Hoelscher, of Bryan, brother of the groom, served as narrator.

Mrs. Hal Howerton of Lubbock, was matron of honor for her sister.

Bridesmaids were Mrs. Gary Friemel of Groom and Mrs. Gary Davis of Amarillo. Bridesmaid was Robin Hardman of Amarillo.

Stephen J. Hoelscher, brother of the groom, was best man. Groomsmen were Clay Teter and Mark White of Amarillo and Craig Howard of Groom.

Organist was Andy Hoelscher, brother of the groom. Mrs. Paul Miller of McLean, Mrs. Ernest Baggerman of Groom and Mrs. David Weller of Pampa sang three selections during the wedding.

The ceremony started with the lighting of candles by Bill Hoelscher of Amarillo and Tania Howard of Groom. Flower girl was Renee Hulcy of Borger. D'Andra Trissell of Grapevine presented the rings.

Ushering guests were Mike Hoelscher of Wichita Falls, John Ackerman of Amarillo, Teron Howard of Groom, Hal Howerton of Lubbock and Dana Miller of Odesa.

Kim is the daughter of Mr. and Mrs. Harris E. Howard of Groom and granddaughter of Mr. and Mrs. Frank Howard of McLean and Mr. and Mrs. Cleo Heasley of Amarillo. Timothy is the son of Mr. and Mrs. Melvin G. Hoelscher of Amarillo.

The bride's dress, made by her grandmother, was candlelight satin with lace over the bodice. Lace covered a panel in the front of the dress and created the six inch ruffle around the bottom and train of the dress. Her floor length veil was also hand sewn by her grandmother. The bride wore a candlelight garter lined in blue, a heart shaped diamond necklace for something new and borrowed the slip from Mrs. Gary Friemel that she wore under her wedding dress. For something old the bride wore a tiny cross around her wrist that was given to her mother when she was a child.

After a honeymoon trip to Colorado, the couple will be at home at 2217 Wichita, Amarillo.

Both Mr. and Mrs. Hoelscher are employed

Poachers Bag Strange Deer

Hunting deer at night has always been a serious violation to Texas Parks and Wildlife Department game wardens. A cold and windy night in November proved that, and more.

Game wardens Butch Shoop of Wichita Falls and James Hale of Henrietta arrested two men from the Wichita Falls area for hunting deer at night.

After a thorough and lengthy investigation one of the hunters said they had killed a deer but it was too heavy for them to lift. More investigation by the wardens revealed that a calf, and not a deer, had been shot by a 30-30 rifle from a distance of 100 feet and again at five feet. The fence had been cut and the animal field dressed. Only then did the hunters realize it was too heavy to load and it was abandoned.

Both men were taken before the justice of the peace in Jack County and upon pleading guilty were assessed \$250.00 in fines for hunting deer at night.

On Dec. 8, 1977, the men were tried in district court, also in Jack

County, and found guilty of criminal mischief, given two years' probation and sentenced to pay \$750.00 restitution to the rancher.

Reloading Requires Safety Precautions

Those hunters who decide to reload ammunition themselves should use special safety precautions.

The Parks and Wildlife Department offers the following safety tips:

--Use care and common sense at all times, and do not become distracted.

--Allow plenty of time for the project, and never load in haste.

--Use equipment and components as the manufacturer recommends; never take shortcuts.

--Store powder in a cool, dry place at all times. Keep powder away from heat and open flames.

--Never use a powder unless you are positive of its identity.

--Never smoke while handling powder.

--Keep powder out of reach of children.

--Don't mix powders.

--Don't keep more powder in an open container than you need.

--Observe all maximum load warnings in handbooks.

--Work up all new loads starting 10 percent below the recommended charge weight.

--Examine every case before loading to insure it is in good condition.

--Watch for indications of high pressure in establishing a new load.

--Develop a routine for reloading to guard against mistakes.

Cub Scouts Tour Fire Station

Thursday, January 12 the McLean Cub Scouts took a tour of the McLean Fire Station. The boys who went were Trevor McDonald, Bob Patman, Charles Reynolds, Billy Beck, David Barton, Brian Lovitt, Jeff Mounce, Floyd Morris, and David Campbell. They were accompanied by Den Leaders Deryl Middleton and Cindy Arend. The boys want to thank Jim McDonald for the great tour.

J. A. FARBER, EVANGELIST
FOURTH & CLARENDON
McLEAN, TEXAS

IT'S AMAZING!

Promise during 1978 to give your body at least as good care as you give your car.

You take your car in once a year to have it spread. Right? Well, why not do the same for your body?

"Periodic examinations are the best way yet devised to detect bodily disorders while they can still be treated successfully," says Dr. Fratis L. Duff, Commissioner of Health, Texas Department of Health. "Let your doctor look you over thoroughly once a year whether you're ailing or not. Make it twice yearly if you're middle-aged. Your physician can give you the proper schedule."

Do your clothes seem to fit a little more snugly these days? If so, it could mean you're putting on weight, which is a lot harder to take off than it is to put on. "Too much weight contributes to high blood pressure, and may be associated with hardening of the arteries and various forms of heart disease," said Dr. Duff. "Also, it means impaired vigor, greater surgical risk and greater danger from otherwise minor illnesses."

On the other hand, if you've noticed an unusual loss of weight, you should consult your physician.

A good, physician-prescribed exercise regimen will keep your body in shape, tone up your heart muscles and put the spring back into your step. There are many ways to get exercise. Jogging might be right for some, while brisk walking or other forms of exercise may be recommended for others.

Getting plenty of sleep is another resolution which will be beneficial—especially during the cold winter months when the body's defenses should be at their peak.

What about smoking? "Statistics linking smoking to cancer and heart disease continue to pile up, and it is tougher and tougher to rationalize the smoking habit. If you still smoke, now's the time to quit. Tomorrow could be too late," said Dr. Duff.

Proper nutrition should go hand in hand with the other resolutions for good health in 1978. To provide

essential nutrients to make it function properly, proper diet is necessary. Don't overlook fresh fruits and vegetables. Following these resolutions may sound old-fashioned, quaint, even unimportant in this age of open-heart surgery, organ transplants, and other forms of highly sophisticated medical technology," said Dr. Duff. "But good health today can be described as a do-it-yourself proposition in many ways. One of the chief health problems today in the country is behaviour-related illness." Dr. Duff noted one example: A few years ago, Dr. Lester Breslow, Dean of the School of Public Health, University of California at Los Angeles, studied 7,000 adults for five and one half years. The results showed that seven simple health habits—three meals a day at regular intervals, eating breakfast, moderate exercise, seven or eight hours sleep a night, moderate weight, no smoking, and no alcohol or only in moderation—were associated with longer life. "These specific studies showed that a 45-year-old man who practices at least three of these habits can expect to live to about age 67," Dr. Duff said. "But a man who has six or seven of these habits can expect to live to age 78, a difference of 11 years." Dr. Duff said the study also reported that the physical health of those following all seven good habits was consistently about the same as those 30 years younger who followed few or none of the practices. Dr. Duff also has some additional hints for a healthier new year. "People living in towns and cities owe it to themselves and their neighbors to obey local and state laws pertaining to health protection. Resolve to give some of your time and effort to such awesome problems as water conservation, pollution abatement, juvenile delinquency, drug abuse and the growing number of elderly people in our society.

Landowners Work For Wildlife

Landowners are placing their orders for trees and shrubs now and the Texas Parks and Wildlife Department suggests that these plant orders include species beneficial for wildlife as well as ornamental qualities.

Assistance in selecting the right shrub or tree for wildlife on your property is available through the wildlife extension biologist. Many species of plants suitable for wildlife are not available at local nurseries or the P&WD, but there are several including the mulberry, osage orange, and Russian olive that can be ordered by contacting your local biologist or Soil Conservation Service.

"If landowners will call or write my office, I can place orders for the four plants listed above for \$10 per 100 through the Texas Forest Department," said Richard DeArment, extension biologist at Wheeler.

"These plants should be planted during their dormant period which extends into March and they should be watered regularly for two years," DeArment continued.

These four plants offer an excellent winter food supply for song birds and game birds. Additional plantings of vine varieties along with the shrubs will provide additional top cover for birds.

The native plum is an excellent species particularly on sandy ground. This plum will provide plenty of cover and fruit for winter and an escape for birds during snow and ice storms.

Leaving a strip of grain stocks next fall would be a help for wintering wildlife and discing a strip of grass allowing weeds to grow would give additional food for wildlife. Normally, strips of grain stocks and weed patches would best be left near green wheat which all wildlife likes to eat.

If you plan to plant grain for wildlife food, utilize the late maturing seed to fully aid wintering wildlife during the crucial months of January, February and March.

A mixture of grains might furnish the best food plot including such

favorites as corn, maize, millet and wheat. Every farm has tracts of land not used for any major purpose such as the edges of playa lakes, drainage ditches, fence rows and tree rows. These areas could be turned into a wildlife oasis this spring.

Wildlife survival depends upon you and your preparation now for plantings of trees, shrubs and food this spring. A complete analysis of your property for wildlife habitat improvement is available by contacting Richard DeArment, Extension Biologist, Texas Parks and Wildlife Department, Box 122, Wheeler, Tx. 79096 or call 806/826-3233.

More Days--- Less Sheep

The 1977 aoudad season figures have been completed by the Texas Parks and Wildlife Department in the Panhandle and even though the hunters had twice as many days to hunt, fewer sheep were bagged than in 1976.

"We issued 432 aoudad permits to hunters in 1977 as compared to permits in 1976 and hunters bagged less sheep over a longer season," said David Dvorak, wildlife project biologist in Canyon.

"All the animals were in good shape according to the successful hunters, but the weather was nice and extremely dry," Dvorak continued.

Reasons for the reduced kill have not been determined even though most hunters saw plenty of the elusive sheep. A total of 133 aoudad were bagged as hunters from several states and across Texas tried their luck in the Panhandle.

Applications Needed For Game Warden School To Be Held

After a gap of almost three years, another game warden training school will be held in the fall of 1978. The Texas Parks and Wildlife Department will be accepting trainee applications through the months of January and February.

Basic requirements for applicants are that they must have attained the age of 21 by time of graduation; have vision correctable to 20-20; be of good moral character and health (a physical examination will be required); must have been a resident of Texas for at least one year; be willing to relocate anywhere in the state; and must have a high school diploma or equivalent. College-level courses in law enforcement would be beneficial. The department is an equal opportunity employer.

Qualified candidates will be selected for personal interviews in their regions, then screened for Austin interviews. Applications should be made to the Personnel Division, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744.

TIGER RAG

Tigers Play Wheeler Tuesday

The Tigers were ahead in the early going, but the Mustangs got ahead and won easily 78-69 last Tuesday night at Wheeler. The Mustangs were ahead 48-23 at the half and played mostly substitutes in the last half. Scorers for the Tigers were Sam Haynes with 28 points and Randy Suggs with 16 points.

Sam Haynes Leads Tiger Scoring

The Tigers played the Allison Antelopes last Friday night in District 2B action. Due to a low scoring third quarter, the Tigers were defeated 63-54. Sam Haynes led the scoring with 24, Randy Kennedy followed with 11 and Randy Suggs had ten.

Tigerettes Lose To Wheeler

Last Tuesday night the McLean Tigerettes lost to the Wheeler girls team 59-39. The high scorers for McLean were Diane McAnear with 12 and Joy Rhine and Gina Layne with nine points each. This loss put the girls in sixth place in district with a 7-12 record.

Tigerettes Win District Game

Last Friday night the McLean Tigerettes won their second district game at Allison by a narrow four point margin, 47-43, moving their district record to 2-3. McLean was ahead by two or three points most of the game, but were tied at the end of the third quarter 33-33. Led by Melinda Hunt with 32 points, the Tigerettes overcame Allison in the fourth quarter to win.

Alanreed Club Plan Programs

The Alanreed Home Demonstration Club met Wednesday, Jan. 11th and worked on club programs and plans for the year. The next meeting will be a covered dish luncheon in the home of Lena Carter January 25th at 12 noon to honor the Jan. birthdays of club members. Visitors and new members are invited. The Alanreed Community enjoyed 42 and game night Sat. night Jan. 7. The next game night will be held Jan. 28 at the school cafeteria. All friends and neighbors are invited. The time will be 7 p.m.

Some believed putting knives around the bed prevented nightmare.

X's and O's

by Bill Coward

I would like to take this opportunity to thank all the people who helped to make our Junior High Basketball Tournament a huge success. Mr. Thomas and the elementary-junior high faculty, Mr. Cummings and the high school faculty, Mr. Riley and the custodians, the Junior High Student Council and Cheerleaders, Casper Smith and the ladies and girls who worked in the concession stand and to those of you who brought cokes, brownies and rice crispy bars. I would also like to credit Mr. Jim Yakubovsky who put the tournament together, got the trophies, and scheduled the teams for this year's tournament. I feel he did an excellent job and the tournament was one of the best organized I have been to. Congratulations also to our Junior High Girls Team for capturing second place in the tournament.

Some coming events at the McLean Schools this year are a "B" team basketball tournament in February, the Football Coaches Clinic with Bill Yung from West Texas State and Jess Stiles from Texas Tech on Feb. 18, the Miss McLean Pageant on February 13 and of course the U. I. L. Literary Events later this spring. Speaking of the literary events, Miss Gillispie had already begun work on the One Act Play. The cast has been selected and rehearsals have begun.

The basketball season is already over half over with the district play being half through this Friday night. District wise, the girls have won two games and lost three while the boys have won one and lost four. I think

Alanreed tourney

The Alanreed school will sponsor an invitational elementary boys and girls basketball tournament Jan. 19-21 at the Alanreed gym.

In opening boys games Thursday, Miami 5 & 6 will play Clarendon "7" (12:20), Wheeler Christian Academy will face McLean "B" (2:40), Groom "7" will play Alanreed (5:00), and Lela will tangle with Miami 7 & 8 at 7:20.

The Thursday girls schedule finds Groom "7" versus Wheeler Christian Academy (1:30), Clarendon "7" against McLean "B" (3:50), Lela faces Miami 7 & 8 (6:10) and Miami 5 & 6 plays Alanreed (8:30).

Semifinal boys games will be played at 2:40 and 7:20 Friday, while the semifinal girls contests are slated for 1:30 and 8:30.

Boys and girls finals are scheduled for 7:20 and 8:30 respectively on Saturday.

Both divisions will have a

DR. JACK L. ROSE

OPTOMETRIST

Phone 256-3203
Tues.: 9-5 Fri.: 2-5

Coach Yakubovsky and the Tigerettes are doing a good job and they can still be a determining factor in the outcome of this district. They have won four of their last six games and they get better each week. The boys have been averaging 53 points per game and shooting 51 percent from the free throw line and they are improving also. The win over Groom Tues. night was a big booster to our attitude.

Congratulations to Scott Raines on making the Class B All State Team this past week. You may recall that Scott was named to the First Team All District Teams earlier this school year. The All-State honors culminated a very deserving year for this young man.

I copied this from an Ann Landers Column several years ago and it is one of my favorites. It is entitled; "What is Class?"

"Class never runs scared. It is sure footed and confident in the knowledge that you can meet life head-on and handle whatever comes along.

Jacob had it. Esau didn't. Symbolically, we can look to Jacob's wrestling match with the angel. Those who have class have wrestled with their own personal "angel" and won a victory that marks them thereafter.

Class never makes excuses. It takes its lumps and learns from past mistakes.

Class is consideration of others. It knows that good manners is nothing more than a series of petty sacrifices.

Class bespeaks an aristocracy that has nothing to do with ancestors or money. The most affluent blue-blood can be totally without class while the descendants of a Welsh miner may ooze class from every pore.

Class never tires to build itself up by tearing others down. Class is already up and, need

consolation round.

The tournament is sponsored by merchants in McLean, Shamrock, Amarillo, Hedley and Pampa.

not strive to look better by making others look worse.

Class can walk with kings and keep its virtue and talk with crowds and keep the common touch. Everyone is comfortable with the person who has class because he is comfortable with himself.

If you have class you don't need much of anything else. If you don't have it, no matter what else you have--it doesn't make much difference."

FARMERS FACE LOW FARM PRICES, HIGH COSTS

Texas farmers are facing serious problems due to low farm prices, high energy costs and decreasing water supplies. Comparing target prices in the new Farm Bill and average costs of Texas farmers, many will be hard-pressed to make ends meet financially, notes an economist with the Texas Agricultural Extension Service. Policy solutions might lie in higher target prices for higher cost production areas, subsidies on agricultural input prices, or increased research and extension support to reduce production costs.

"Every lunatic thinks all other men are crazy."
Publius Syrus

Four generations of Wigintons recently visited together in McLean. They are as pictured David Wiginton, 18; J. D. Wiginton, 37, holding Jeremy Wiginton, 4 months; and Bud Wiginton 64.

BEEF CATTLE SHORT COURSE

The latest in beef production and management information will be offered during the 28th Annual Beef Cattle Short Course at Texas A&M University, April 3-4, says a beef cattle specialist with the Texas Agricultural Extension Service. Special emphasis will be on the nutrition, health and profitability of growing cattle. The short course will be a part of the annual Texas Animal Agriculture Conference which also includes short courses on dairy cattle, swine and horses and special programs on wildlife, range, pasture and forage production.

built to save

The key to saving IS INSIDE...

... THE WALLS AND CEILINGS
The outside walls of the ENERGY EFFICIENT HOME meet standards according to three options. The first option uses 6 inch studs with 6 inch batt-type (R-19) insulation. Option two has 4 inch studs and 3 inch insulation (R-11) with 3/4 inch styrofoam sheathing. The third option uses R-15 minimum insulation with any other method. All options include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Sill insulation or sill caulking between the bottom plate and the floor also is required. The ceiling is insulated with R-30.

... THE DOORS AND WINDOWS
Outside doors and all windows on the ENERGY EFFICIENT HOME are weather stripped and caulked. In addition, double pane glass or storm windows and insulated core or storm doors are vital contributors to the dollar-wise built to save ENERGY EFFICIENT HOME. A recommendation is made that maximum glass area comprise 8% or less of floor space.

... THE FLOORS
The very foundation of the ENERGY EFFICIENT HOME - the floor - is an important factor in saving energy and money. Slab floors contain vermiculite in the cavity between bricks and slab up to the top of the floor. An alternate is a layer of rigid urethane or styrofoam (minimum of 3/4 inch thickness) from top of floor along the outside edge of the slab down to the brick ledge. Wood floors (pier and beam) must be insulated with R-13.

When you're planning to buy or build a new home, you start by taking a really good look inside. Because the key to comfort and saving is INSIDE... INSIDE the walls, in the doors and windows, under the floor and in the ceiling. So peek INSIDE the ENERGY EFFICIENT HOME - really INSIDE. You can see that it's BUILT TO SAVE - Energy and Money.

OUR GENERATION IS FOR YOU!

County Agricultural Agents Texas A. & M. College Extension Service

By Joe Van Zandt PORK SYMPOSIUM
 A Pork Symposium will be held at West Texas State University on Friday, January 27 in Room 202 West of the Student Activity Center. Registration begins at 8:00 am and the fee is \$5.00. The morning program topic of Energy Conservation in Pork Production will begin at 9:00 a.m. and subjects include: Building Systems, Remodeling, Fish Production and Methane Production. A sponsored lunch will be available at noon.

The afternoon session begins at 1:15 p.m. and the topic concerns Regulations and the Pork Industry. Subjects to be discussed include: Inspections and Drug Residues, Antibiotics, Co-op Marketing, and Feed Quality and Production. This program should be of interest to a lot of swine producers.

TEXAS ARBOR DAY
 The Arbor Day for Texas is January 20 and is designed to inspire Texans to plant trees. Trees provide beauty and increase the value of landscapes. Plant tree species and varieties suited to our area. Newly planted trees should have their trunks wrapped to prevent sunscald, lessen borer damage and prevent desiccation. Homeowners need to make sure evergreens have sufficient soil moisture. These dry cold winds often cause more damage by desiccation than does a severe freeze.

FARM LEASES
 A very interesting farm lease seminar was held in Amarillo last week. For irrigated farm land the information on equitable farm lease agreements was very useful. It approached farm leases from an individual stand point in that each farm owner and tenant has different inputs and values.

The basic principals are to maximize net income, and develop, maintain and conserve all long lasting resources.

CARD OF THANKS
 The family of George Yearwood wish to thank Dr. Wood, the nurses and all the staff of McLean Hospital for taking such good care of our husband and father during his illness.

We also thank the special people of McLean for their prayers and comfort during our time of sorrow.
 God bless each of you.
 Mrs. George Yearwood
 Everett Yearwood and family
 Frank Yearwood and family

DOZER WORK
 MOTOR GRADER WORK
 Ponds-Terraces-Fire Guards
 Feed Roads-Landscaping
 BRITT HATHAWAY
 779-2585

McLean News, McLean, Texas, January 19, 1978 Page 7
Dr. Ray Sammons, Area Economist, said, "Local custom is not a good idea on leases, because farms differ, and usually were started under different farming practices and cost-price relationships. Also government programs change."

Some of the incentives for equitable farm leases are that each variable expenses (Gas, fuel, fertilizer, chemicals and harvest) should be shared in the same percentage as the crops shared. Income from each enterprise must be shared in the same proportion. Also, income must accrue to its contributor even if several years after expenditure.

Dr. Sammons had developed a form to assist owners-tenants in arriving at equitable farm leases. I can make a copy for you if you want to come by the office and visit about this new method of writing farm leases.

WINTER-WHEAT SEEDINGS
 In the United States, winter wheat seedings totaled 48.1 million acres, 14 percent less than last year. Production for 1978 is forecast at 1.3 billion bushels, off 13 percent from the 1977 crop based on condition as of December 1 according to USDA.

TEXAS GRAPE DAY

The program for the annual Texas Grape Day, January 20-21, at Lubbock will feature special tours and keynote speakers. Tours will include the Texas A&M research vineyard, the enology (wine) project at Texas Tech, and the McPherson Reed Vineyard. Speakers will discuss grape varieties, hybrids and various phases of grape culture.

FISH FARMING CONFAB
 Opportunities in the production and marketing of channel catfish will be highlighted at the Fish Farming Conference at Texas A&M University, January 26-27. Fingerlings offer a good profit potential since the federal government no longer stocks fish in private ponds and the Texas Parks and Wildlife Department no charges for this service.
