Company D Reunion Set

Annual reunion of company D, 117th supply train, 42nd division—Big Spring's own company in World War I—will be held here a week from today.

Dr. C. W. Davis, R. L. (Panche) Nall and Allen Hull are members of the committee for arrangements. The reunion will be held at the city park and as in former years it will feature an aerial visitation and a picnic luncheon. Notices have been sent to all members.

To Assist In Revival

Ernest Hock, minister of music and education for the First Baptist church, is to assist in the conduct of a revival meeting at Rochester, starting Monday. He will be engaged in the meeting for two weeks.

Mr. and Mrs. Lee Milling and children left Saturday morning for Raleigh, N. C. where they will visit with her parents.

THOUGHT HE ALREADY HAD IT

Sailor Will Really Get Discharge Now

CHICAGO, July 31. (AP)—It looked like smooth sailing for Sailor Manuel Castellano today.

He is going to get the honorable discharge from the Navy which he believed he received four years ago.

Castellano's troubles were aired in Spanish—yesterday in a court martial at the Great Lakes Naval Training Center. The 24-year-old father of two children, born in San Antonio, Tex., of Mexican parents, has never learned to speak much English.

But at the court martial the chief officer was Capt. Ion Purcell, a former naval attaché in Ecuador, who was able to understand Castellano's story in Spanish.

Castellano enlisted in the Navy in 1944 from Silvis, Ill. In training at Williamsburg, Va., other trainees jokingly told him he could never become a full-fledged sailor because he spoke only Spanish. Later when he was given a 10-day leave Castellano believed the leave papers were his formal discharge from service.

He went to Monterrey, Mexico with his wife and two children. In 1946 he appealed to the Red Cross for financial aid and showed his "discharge" papers. He was turned over to the Navy at Corpus Christi, Tex., and told of his mistake.

Castellano was advised he would be given his discharge papers but he returned to Silvis. Later he was arrested as a deserter and imprisoned at Great Lakes.

In the brig a new group of jokers told Castellano he would be convicted and his offense carried an automatic death penalty. Worried, he went without food for 27 days and lost 30 pounds.

But at yesterday's trial he was found innocent of the charge on the ground he had not deliberately done any wrong.

GOP Claims Public Against Truman Program

WASHINGTON, July 31. (AP)—Republicans contended Saturday that President Truman's demand for price control and rationing authority has flopped with the public.

In support of this view, Sen. Sapehart (R-Ind.) told a reporter that despite an open invitation by Chairman Tobey (R-NG) the Senate Banking Committee has not received even one request for permission to testify on the anti-inflation question.

The committee will resume hearings Monday with Paul Porter, former OPA administrator, before it for an explanation of Mr. Truman's program.

But beyond that Capehart, acting as chairman in Tobey's absence, said the committee has no witnesses booked except for possible testimony by some members of Mr. Truman's cabinet.

However, the Democratic National Committee said in its weekly "Capital Comment" that many of the "plain people" of the country had written and wired to President Truman and Democratic leaders in support of the program.

Capehart said the banking committee may be able to get down by midweek to drafting legislation leaders expect to bring before the Senate by Thursday or Friday.

Sen. Taft (R-Ohio) has said Congress probably will adjourn next Saturday.

The Senate, tied up in a southern filibuster against the anti-poll tax bill, may see some action on that score Monday.

Old Fort Bliss Will Celebrate Its Centennial

WASHINGTON, July 31. (AP)—Nigh onto a hundred years have marched through Fort Bliss, Tex., since the first musket-carrying dragoons took station there.

The Army, El Paso and the State of Texas aim to celebrate the centennial when the 100th anniversary comes along this fall. They will join in a celebration, starting Nov. 5, marking the date a century ago when the department issued orders for a permanent garrison at "Magoffinsville Post."

Carrying out the 1848 orders, contingents of light artillery and dragoons moved into the "doble barracks. Their military descendants of today practice for war with radio-directed guided missiles. And once there was an officer named John J. Pershing commanding the cavalry post.

There will be a permanent restoration of the fort in its original form—the post compound, chapel, commandant's headquarters, storehouses, officers' and enlisted men's quarters, mess hall, stables. A memorial to the 200th anti-aircraft regiment of New Mexico, which trained at Fort Bliss and a few months later lost 800 men at the World War II battle of Bataan, will be erected by El Paso. The memorial also will be for the residents of the city who served in the second world war. A special centennial stamp will be issued by the postoffice department.

Directing the celebration will be Chris P. Fox, executive director of the El Paso Chamber of Commerce.

Body Of Colorado City Vet Returned For Home Burial

COLORADO CITY, July 31.—The body of Captain Frank Blasingame killed on the Anzio beachhead in Italy, February 25, 1944, arrived in his hometown today.

Son of Mrs. Hattie Blasingame of the Buford community, Captain Blasingame was 26 when he met his death in action during World War II. He was born here June 20, 1918.

A graduate of high school here he was graduated from Texas A & M in May, 1943, and entered an anti-aircraft artillery unit as a commissioned officer immediately afterward. He received further anti-aircraft training at Fort Bliss and took part in the North African campaign in the latter part of 1943.

Captain Blasingame's body was taken to the Buford Methodist church, of which he was a member. Funeral services were held at 6 p. m. with Rev. A. B. Cockrell and Rev. Rufus Kitchens officiating. Burial was in Colorado City cemetery. Full military honors with the Hooker-Pond American Legion post and the Wilson Wyatt V.F.W. post in charge were tendered at the graveside.

In addition to his mother he is survived by three brothers, Tom and Murrell Blasingame of Colorado City, and J. W. Blasingame of Ft. Worth; two sisters, Mrs. Jay Hooks Jr. and Martha Blasingame.

The islands of the Philippine archipelago are largely volcanic.

Well-Known Rabbi Dies In California

SAN DIEGO, Calif., July 31. (AP)—Rabbi Meise Bergman, 71, Rabbi emeritus of Temple Beth Israel here and one of the spiritual leaders of San Diego Jewry for many years, died today.

A native of Shreveport, La., he was ordained in 1901. Before coming here in 1934, he occupied pulpits in Albuquerque, Pueblo, Colo., and Tucson, Ariz. Survivors include his widow and two daughters. Funeral services will be conducted here Monday and entombment will be in Los Angeles.

The dog was found by a woman July 15; she advertised for its owner. Mrs. Alice Yudit (left) and Tommy, through his mother, Mrs. Faye Leinberg (right) claimed the dog. Judge Mason Sullivan (back to camera) awarded the pup to Tommy. (AP Wirephoto).

WINGS OVER BIG SPRING

Recent Rains Necessitate Bringing Munny Port Mower Out Of Retirement

Munny maintenance crews found out last week that the mower would work an dit's a good thing, for recent rains caused grass and weeds to literally jump out of the ground. This was only the second time that the growth had to be cut this year, and the mower had almost been retired.

Damage by lightning to the No. 4 (northeast-southwest) runway has been repaired, said Jack Cook, Munny manager. The bolt smacked right in the middle of the runway, ripping out a hole and shattering pavement as though a stick of dynamite had been exploded.

A week ago this morning, 10 private planes from Odessa put in at the Munny port and pilots all had breakfast at the Airport cafe. These "breakfast" flights are getting popular in flying circles, and

Clyde Thomas, Sr. made one a week ago at Wellington, Texas.

Gordon Stone, Lomax livestock farmer and a flying enthusiast for several years, has secured delivery on his Cessna 120 and has it hanged at the Munny port.

Army traffic has about doubled within the past week, Cook reports. Big Spring's class 5 port now is listed as an authorized stopping point for Army aircraft. It has been a refuelling point all along for the U. S. Navy, which continues to furnish a large volume of traffic.

Last week Comdr. John Bard-shar, executive officer of VRF-2, San Diego, Calif., base for ferrying operations, made an inspection of the refuelling and other port facilities here and pronounced them satisfactory. T. M. Morris, aviation representative for Phillips Petroleum company, also made a minute check on servicing facilities during

the week.

J. D. Church, district airport engineer for the CAA, has gone to Fort Worth for the weekend to be in conference with regional authorities concerning various airport programs. Church is in charge of airport engineering for the western half of the state.

Elton Taylor reportedly has sold his Monocoupe. Ben Funk, veteran pipeline patrol pilot for Shell Pipeline Corp., has been in St. Louis, Mo. on vacation and is expected to return today. He made the trip by plane.

Possibility of providing an adequate arena with smooth landing surface for model planes is being explored. There are several youngsters (and others) who have gasoline powered models but with no satisfactory place where they can be flown.

Student activities picked up last

week at Big Spring Flying Service. Among those making cross country flights were W. L. Bell, Dan English, G. L. Randell, W. C. Daniel, and C. R. Webb.

Ships in for maintenance at BS-FS included one belonging to Frank Hogg, Lamesa, and another to Bill Merrick, Big Spring.

AMAZED AT QUICK ACTION OF MERTOX

"For the past two years, I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.

"My food would not digest and caused me stomach. I had had many spells and when my attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking MERTOX. I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine."

Yes, you get MERTOX from any Texas drugist at the new REDUCED price.

FEED STACKS EXPECTED TO GROW

Howard Crop Prospects Lend Proof To Rain Miracle Claims

Current crop prospects in Howard county lend proof to claims that moisture works miracles for West Texas agriculture.

After completing an inspection tour that included visits to several communities in the county's heaviest field crop belt, Co. Agent Durward Lewter pronounced cotton prospects good and expressed belief that many farm feed stacks that have been vacant for several years will be relinquished at harvest time.

Grain sorghum acreage apparently is as heavy as earlier predictions, and the county agent reports that virtually all farms visited during the past week boasted good stands. The heavy rains during July provided moisture that should be sufficient to carry most of the crop through to a good yield, he said, and showers later in the season probably would bring a bumper crop on most farms.

As for cotton, Lewter said plants that remained after prolonged dry weather are making good progress, and apparently there has been little damage from insects. Cotton flea infestations have been relatively light, and most of those found during the past few days have been adult insects, with little or no evidence of a new generation.

Boll worms may be in a position to cause trouble during the next two weeks, however, Lewter said some boll worms were hatching in the Soash community Friday, but the infestation amounted to only about two or three percent, and whether dusting would be profitable for that amount would be problematical.

However, the county agent did advise all cotton farmers to check their crops carefully during the next few days, and if infestations

reach 10 percent he suggested that they prepare to dust. A solution of 10 percent DDT and sulphur is being recommended for boll worm control.

For those who desire further information concerning insects, a new bulletin on the subject is available at the agent's office. It contains colored illustrations of all types of insects, their habits and methods of attacking crops.

Pastures and rangelands in the

county also have experienced swift revival as a result of rains. Lush growths of grasses and weeds have appeared on soil that was virtually barren a month ago. The county agent cautioned stockmen against increasing their herds too rapidly, however.

Most of the county's grazing land was so depleted before the rains that new crops of grasses and weeds should be permitted to reseed the ranges, he explained.

FOR AUGUST 10 DISTRICT CONTESTS

Howard 4-H Judging Team Will Be Selected Tuesday

A 4-H club judging team to represent Howard county at a district contest here on August 10 will be selected Tuesday at a county-wide event, officials announced Saturday. The county contest is scheduled for 9 a. m. Tuesday at the 4-H club buildings located at the former Army airfield. Top winner at the event will receive a business desk offered by Barow Furniture Co., and other prizes will be presented by the junior chamber of commerce. Teams from extension service district No. 6 and district No. 7 will compete here on Aug. 10 to determine entries from this area to the state judging contests scheduled for Aug. 16 at Texas A&M college. Winners at the state event will

then compete with Future Farmers of America winners in a contest at Dallas, and winners there will go into national competition at Chicago. Frank Newsom, Brewster county agricultural agent, will supervise cattle and sheep contests, and W. O. Adams, Upton county agent, will be in charge of swine judging at the county contest here Tuesday. Howard county boys took first place in grass judging for the fifth consecutive year at the district 4-H club camp last week in Odessa. They also placed second in the rifle shooting contest.

Martin Fryar took individual honors in rifle shooting with a score of 207 from a possible 300, and he also made a perfect score in grass judging. Lowie Rice also scored 100 in judging 40 grasses. Other members of the grass judging team were Wayne White, who scored 95 points; Jimmie White, 94; Travis Fryar, 91½; and Don Denton, 90. Billy Fryar and Wayne White joined Martin Fryar to win the second place in team rifle shooting.

Perfect Plowing Team... New OLIVER "77" and the PLOW MASTER

Smooth, abundant power! That's what the new Oliver "77" delivers!

Thorough soil pulverization! That's the result when you use the Oliver Plow Master and its exclusive Raydex bottoms with shares so low in cost you can throw them away when they get dull.

The new farm features of the Oliver "77" make this famous tractor more versatile and economical than ever to own. Its steady 6-cylinder engine and 6-forward-speed transmission give you nearly any ground travel and drawbar pull combination you need.

You have a choice of three engines: one for gasoline, one for tractor fuel—and a diesel, a specially designed, farm-engineered engine that will be available later. Also, you have a choice of interchangeable cast iron or stamped steel wheels for Row Crop Models to suit your traction conditions. What's more, every mounted tool is basically interchangeable with every other new Row Crop tractor. When you add the direct drive power take-off of the "77", metered oil system, battery ignition and the several other new improvements, you'll realize why the "77" is truly a farmer's tractor.

A. F. Allington Dies In Sleep

Arch Franklin Allington, 69, oil lease and royalty agent, died in his sleep early Saturday morning. Mrs. Allington said that he was alive and apparently feeling all right around midnight Friday. She discovered he was dead at 6 a. m. An oil well driller, Allington had worked in several oil pools in this area since 1927, when he came to Big Spring. When ill health forced his retirement, he began dealing in oil leases and royalty. He was married in 1942 to Velma Ray Abbe and four children survive, two daughters, Barbara Jean and Barbara Ann Allington, and two sons, John Franklin and Bobby Earl Allington. He also leaves his mother, Mrs. Charles C. Keith, Joplin, Mo.; a brother, John Allington, Carthage, Mo.; and three sisters, Mrs. Sam Shaner, Webb City, Mo.; Mrs. R. Butler, Joplin, Mo.; and Mrs. Ray Harvey, Carthage, Mo. A man and his brothers and sisters-in-law residing here are Leo Abbe, Walter E. Abbe, James O. Abbe, Troy Abbe, Mrs. Ray Meyers, and Mary F. Abbe. Services are to be held at 4 p. m. Monday at the Nalley chapel with the Rev. Gaston Green, pastor of the Northside Baptist church officiating. Allington was a member of the Baptist church. Pallbearers will be Porter Rankin, George Bobb, M. E. Ooley, R. L. Cook, Joe Edwards, F. H. McGinnis, Cliff Wiley and Carl Flint.

New Effort Made To Form Cabinet
THE HAGUE, The Netherlands, July 31. (AP)—Former Prime Minister Dr. L. J. Beel returned to Princess Regent Jkiana today his commission to form a new cabinet.
J. R. H. Van Schaick of the Catholic Peoples Party was instructed to try to form a new cabinet. Van Schaick is chairman of the lower house of Parliament.
Beel's former cabinet, which came into power in May, 1946, was dissolved early this month when general elections were held.

Careless Drivers Kill 5 Highway Workers
AUSTIN, July 31. (AP)—Five state highway workers have been killed and 94 others injured since V-J Day because drivers failed to slow down when approaching work areas, D. T. Harkrider of the Texas Highway Department reported today.
Harkrider, past president of the Texas Public Employees Association, called on drivers to observe "Drive Slow" signs that warn of men working on the highways.

WEEK'S BUSINESS Real Estate Transactions Stepped Up
Real estate transactions led the way in major business during the past week, as activity moved along at a lively clip following a temporary decline. The county clerk's office recorded 13 warranty deeds,

during the week involving property sales amounting to \$63,940, which represented the heaviest activity during the month. The week's total boosted figures for the year to \$1,447,755.
City construction work continued to lag, with no new projects listed for the week. Although 11 permits were granted, all were for repair work. Estimated costs amounted to \$5,165, which left the year's total at \$6,415,330.
New motor vehicle deliveries also declined slightly, based on registrations at the county tax assessor-collector's office. Licenses were issued for 10 new passenger cars and for two new trucks.

Residential Building Rebounds In Texas
AUSTIN, July 31. (AP)—Residential building contracts rebounded in Texas this week to total \$15,232,920. Non-residential and engineering awards sent the overall total to \$20,884,169. Building contracts for 1948 now stand at \$532,523,941.
The home building boom this week saw 1,784 residences costing less than \$7,000 each put under contract; 138 homes costing more than \$7,000 each; apartments providing 24 one-family units and eight duplexes.

WEST TEXAS OIL

Terry Wildcat Is Ready To Complete

By JOHN B. BREWER
SAN ANGELO, July 31—Preparations to complete north central Terry county's discovery Pennsylvania lime producer from an indicated 54 feet of pay were under way at the week's close.

Five wildcats were staked in as many counties following the 18, a record number, last week among 100 locations in 21 counties that set an all-time high for West Texas and brought the 1948 weekly average to a fraction over 70.

Seaboard No. 1 E. M. Hinson, the Terry county strike, recovered an estimated 91 barrels of oil on its second drillstem test in pay lime believed to be Cisco, from 9,401-39 feet, lasting two hours. On a two-hour test from 9,439-55 feet, recovery was 8,200 feet of clean oil and 450 feet of heavily oil and gas-cut mud. Seven-inch casing was cemented at 9,400 feet for completion from open hole.

No. 1 Hinson, C NW NW 91-4X-ELARR, 10 miles northeast of Brownfield, touched off a spirited lease play. Saturday it had drilled plugs and prepared for production tests.

The area with the largest number of tests drilling deep, around Slick-Urschel and Plymouth's No. 1 D. L. Alford, opener of the Bendum (Ellenburger) pool in eastern Upton county, offered nothing encouraging. Slick-Urschel No. 1 W. M. Standifer, southwest offset, had a second dose of salt water in the Ellenburger, from 11,689-791 feet, and had drilled ahead to 11,911 feet, 847 feet in the Ellenburger.

Humble No. 1 Barnett, 3 1/2 miles northwest of No. 1 Alford, had shown no oil in the first 201 feet of Ellenburger to 11,851 feet. Next test due to reach the Ellenburger was Slick-Urschel No. 1 Gordon, 3/4 mile northwest of the discovery, which had passed 11,234 feet. D. D. Feldman and others No. 1 Max Pray-State, three miles west and 1/4 mile north of No. 1 Alford, found the Devonian barren as it had the Silurian in testing back up from barren Ellenburger. It was due to test the Permian through casing perforations above 7,575 feet.

Stanolind No. 1-D E. F. Cowden, Canyon strike in eastern Ector county six miles southwest of Odessa, registered a natural daily flowing potential of 201.56 barrels of 39 gravity oil for completion through casing perforations at 9,210-20 feet. It is in the C SW NE 40-43-24-T&P.

Phillips Petroleum staked No. 1 J. E. Parker (Abode) in Ector, C SW NE 38-45-1s-T&P, 1 1/2 miles east of TXL Ellenburger production but separated from it by an Ellenburger failure. Drilling 11,000 feet is planned.

Champlin Refining No. 1-E University C SW SE 4-11-U, marked a

East-Central Coke Venture To Take Potential

Hickok & Reynolds, Inc., et al. county prospector, one and one half No. 1 Rawlings, East-Central Coke county prospector, one and one-half miles west of the town of Bronte, and 660 feet from north and 1,980 feet from west lines of section 453, block 1-A, H&TC survey, is preparing to complete, and put on production as a pumper and the discovery of a new field from the Palo Pinto lime section of the Pennsylvania.

This exploration had swabbed at the rate of about 40 barrels of oil per hour, plus a little basic sediment and acid residue.

The production is coming from perforated sections at 4,348-56 feet, and at 4,360-75 feet. Those intervals had been treated with 1,000 gallons of acid.

A wider section somewhere between 4,380 feet and 4,390 feet had apparently been satisfactorily squeezed off with a cement plug back.

This exploration had a zone in the Marble Falls lime at around 5,100 feet which has shown heavy gas and some distillate.

However, operators have revealed that they do not intend to try to develop that section in this particular project. It has been indicated that another venture to investigate the lower formation.

No Shows Reported In So'West Irion

Shell No. 1 Town-University, in Southwest Irion county, one mile southeast of the town of Barnhart, and 2,006 feet from south and 660 feet from east lines of section 3, block 40, University site survey, had reached 9,180 feet in Ellenburger dolomite, and was drilling ahead.

A drillstem test was run at 9,048-9,128 feet, with the tool open for 30 minutes. There was a blow of air for a part of the period. Recovery was 30 feet of slightly gas-cut drilling mud. There were no signs of oil or of water reported from the investigation.

This prospector has not yet found any indications of commercial oil production in the Ellenburger, or in any of the higher formations it has drilled through.

Martin Test In Lime

W. H. Black Drilling company No. 1 C. M. Houston, South-Central Martin county wildcat to 5,500 feet to test into the San Andres-Permian, had reached 4,176 feet in dry lime, and was making more hole. It is seven miles west and 10 miles north of Stanton, and 660 feet from south and east lines of section 3, block 37, TP survey, T-1-N.

WILDCATS ANNOUNCED

Lower Permian Test For Garza

MIDLAND, Tex., July 31—Honolulu Oil Corporation No. 1 Shelby County School Land fee, is to be a 5,400-foot wildcat, to explore into the lower Permian in Northwest Garza county, three miles southeast of the town of Southland.

It will be 440 feet from the east and 3,360 feet from the north lines

North Pecos Test To Be Completed

Magnolia Petroleum company No. 2 Lutz, in the Abell-Ordovician area of North Pecos county, and 648 feet from south and 673 feet from west lines of lot 5, section 27, block 9, H&GN survey, ran a three hour and 15 minute drillstem test in an unidentified zone in the Ordovician at 4,936-36 feet.

A five-eight inch bottom hole choke was used. Gas showed the surface in four minutes. Oil and drilling mud flowed out at the top in two hours and eight minutes. Clean oil started flowing in two hours and 28 minutes.

The drill pipe flowed out 34-100 barrel of clean oil in 15 minutes and the flow died. Recovery when all the drill pipe had been pulled was 2,041 feet of clean oil, and 60 feet of heavily oil and gas cut drilling mud. No water has been developed.

Open flowing bottom hole pressure was 580 pounds. Shutin bottom hole pressure, after 15 minutes, was 2,275 pounds.

Operator has set a 5/8-inch line on bottom, which connects with the pipe back up the hole.

When the cement is cured the plug will be drilled and the pipe will be perforated and the well tested for production.

It is expected to be completed as a commercial producer in the section in which it is now bottomed.

Subb Discovery In Winkler Has Flow

Gulf Oil Corporation No. 125-E Keystone, North-Central Winkler county discovery from the Tubbs section of the lower Permian lime, was still flowing to test, preparatory to completion from pay between 6,400 feet and the plugged back total depth of 6,600 feet.

On the last gauge reported this developed flowed 24 hours through an 11-32nd inch tubing choke, and made 180 barrels of oil and seven barrels of water.

It is eight miles east and slightly north of Kermit, four miles south east of the Keystone field, and 1,980 feet from south and east lines of section 29, block B-2, psi survey.

Street Repairs Nearly Finished

Street maintenance equipment is expected to finish clearing mud and sand from paved streets that were flooded during recent rains within the next few days, city officials reported Saturday.

Other maintenance work will require immediate attention, however, as soon as equipment is available for additional projects. Virtually all unpaved streets suffered heavy erosion during the rains, and maintainers will be kept in steady operation for several more days.

Commodity Index Shows An Advance

NEW YORK, July 31 (AP)—The Associated Press composite of 35 wholesale commodities on July 30 showed the first Friday-to-Friday advance in six weeks.

The index on Friday stood at 190.32 compared with 188.58 a week earlier and 185.37 a year ago. The advance in six weeks.

U. S. Oil Companies Lead Profit Making

NEW YORK, July 31 (AP)—High profits, with oil companies in the lead, are marking the trend for American industry in the first half of 1948, an analysis of earnings reports showed today.

Terrific gains compared with 1947 are common. "Highest in history" is a phrase repeated constantly.

But at the same time, there was a clearly marked slowing down here and there in the rate that profits increased this year over last.

Companies are not embarrassed

with their explanations of these mounting profits. For one thing, they point to the sharp decreases in the rate of profit gain in other companies and say: "This could happen to our company, too."

And again: "Wages for workers have gone up, so why not increased wages to stockholders, too?"

There is growing talk about "break-even points." Gross income must be very high before profits appear, companies explain, but when gross income drops the profits will disappear rapidly. Furthermore, cost of replacing equipment has soared.

All companies have their eyes on the future. Some talk of taking their profits and salting them away for future expansion or putting them into research on new products.

That is a plow-under program. They hope to reap a harvest of profits in the lean years. "We are growing fat now," said one executive, "but the lean years are sure to come."

A study of profits of 200 companies making their reports this week showed:

Oil companies have the highest percentage gain, in many cases more than double a year ago. A few companies, notably airlines, made no profit at all.

Railroads gained, but not in the spectacular manner of oil. Most of the increase fell in the range of 25-35 per cent. Some very few boosted earnings three and four times higher than last year.

Steel companies ranged all the way from a modest fraction of one per cent to more than 100 per cent in gains over 1947.

NEW POSITIONS — Two new key figures in Texas and Pacific Railway company operations are L. C. Porter, left, and William T. Alexander, Jr., right. Porter today assumes his duties as vice-president, operations, for the company, and in turn appointed Alexander to be superintendent of the Big Spring division effective August 15. Soon after his appointment was announced, Porter disclosed plans to return to a three-division set up. He has served as assistant to the president of the T&P for a number of years. Alexander has been assistant chief engineer.

City Repairing Diversion Dam Off Powell Creek

An earth-moving project in the eastern part of the county has been undertaken, by the City of Big Spring in efforts to repair flood damage to a diversion dam on the Powell Creek lake water shed.

Recent heavy rains in that area completely wiped out approximately 100-feet of the dam, which diverts water from a wide area into the Powell drainage territory. In addition extensive repairs will be required on other parts of the mile-long dam. The heavy rainfall resulted in peculiar erosion on about 100 yards of the dam. Although most of the earth on either side remained intact, huge fissures developed down the middle, some of them measuring several inches in width and as much as three feet in depth.

Some earth moving equipment already has been assigned to the project, and other pieces will be sent there as soon as street repairs, also required after the rains, are completed.

Johnson, Stevenson Come Home To Scrap

AUSTIN, July 31 (AP)—Lyndon Johnson and Coke Stevenson will hit the campaign trail in Texas again this coming week in their runoff battle for election as United States junior senator from the Lone Star state.

Johnson was scheduled to leave Washington Saturday and arrive in Fort Worth Sunday to confer with campaign leaders.

Stevenson is expected in Austin Sunday afternoon from the nation's capital.

Dr. Newton Gets His Citizenship Restored By State

AUSTIN, July 31 (AP)—Dr. W. R. Newton of Cameron today received the restoration of his citizenship from Gov. Beauford H. Jester.

The action was based on the recommendation of the State Board of Pardons and Paroles.

Dr. Newton, who was released from the Texas Penitentiary July 12 after working off a two-year sentence in less than one year, applied for the return of his citizenship rights the day after his release. He served his term on conviction of assault to murder Dr. Roy Junt of Littlefield.

Visual Education Head Dies In Paris

DALLAS, July 31 (AP)—Dallas friends of C. R. Reagan, visual education specialist, today were advised of Reagan's unexpected death yesterday in Paris, France.

Reagan, president of a visual education firm here, had gone to the French capital to take part in a meeting of the United Nations Educational, Scientific, and Cultural Organization, Aug. 2-10.

Reagan moved to Dallas last month from Austin to establish new headquarters for his company. He left Dallas for Paris July 21 accompanied by his wife.

Reagan is survived by his widow and one son, Roy Reagan of Houston.

Friends said Reagan's body will be cremated in Paris and his ashes returned to this country. Final rites and burial will probably be in Austin, they said.

President Truman Goes To Missouri

INDEPENDENCE, Mo., July 31 (AP)—President Truman came home Saturday night for a brief rest and to cast his vote in the Missouri Democratic primary Tuesday.

He flew into the Fairfax Airport Base in nearby Kansas City, Kan., from the dedication of New York's Idlewild Airport in which he and Gov. Thomas E. Dewey, his Republican rival for the presidency, shared the same platform. The big DC-6, the Independence, landed at 6:51 p. m. (CST).

Funeral Scheduled For Garrison Infant

Funeral services were scheduled for 9 a. m. today in Nalley chapel for the infant son of Mr. and Mrs. Taylor Garrison.

The child died Saturday shortly after birth in a local hospital. Dr. P. D. O'Brien was to officiate at the rites.

Surviving are the parents, two half sisters, Betty Sue and Dorothy Marie Jones, the maternal grandmother, Mrs. Arah Cross, Odessa, the paternal grandfather, J. H. Garrison, McComb, Okla.

The Week

(Continued From Page One)

is still loading a big volume of its own products.

If young men are anxious about draft information, they are no more concerned than T. A. Thigpen, who has been recommended as one of the members of a tri-county board. Thigpen is to call a meeting soon of Emmitt Pittman, Stanton, and C. C. Hamilton, Colorado City, to ascertain what will be the next step. Until then they will not be in a position to tell anyone anything.

Howard county 4-H boys have added another notch to an enviable record in grass judging. Last week they won the district title in this event for the fifth consecutive year.

To do that, they have to be able to identify the various native grasses of West Texas better than other boys of the district. There are very practical values to it.

Washington Place residents are doubtless grateful to the city for tidying the center strip of the boulevard. Showers produced a luxuriant crop of tumble weeds, which now are being removed.

Rep. Peppy Blount now knows how it is to sit in the stands with that sort of helpless feeling and wonder how it's going to turn out. In his case it turned out all right, thanks to a strong finish at home, plus a reversed report from Glasscock county that was to his advantage when corrected. After all that, Peppy wasn't fooling when he said he was thankful.

We can see right now that it's going to be necessary to have a fall clean-up campaign. If not, the weeds are going to take us, and maybe bugs and grass fires in the process.

35% MORE MEAT at no extra cost? HOW COME!

the modern ROPER GAS RANGE IS THE ANSWER

It's absolutely true! Roasting meats at "low temperature" in a modern ROPER Gas Range will reduce meat shrinkage as much as 35%. That means you'll enjoy up to 35% by weight more slices of uniformly-done, smoothly-textured beef, lamb, pork. And that'll make a big difference in the family budget.

You see, the big "3-in-1" ROPER oven will roast at 300 to 350°... slowly... sealing in the delicious, nutritive juices. Meat goes further. Weekly meat costs seem much more normal. Come in and ask us about this amazing economy feature.

HELPED HEAL DENOMINATION RUPTURE

Key Leader In Methodism, Bishop J. M. Moore, Is Dead

DALLAS, July 31. (AP) — Bishop John Monroe Moore, retired, who began as a 25-cent-an-hour tobacco hand and rose to be one of Methodism's great leaders, died here last night at the age of 81. He had held almost every high post the Methodist church can bestow. Probably the high point in his career came after a 29-year-fight to heal a church rupture caused by the Civil War. After the war, there were three main branches of the Methodist church. In 1939, the three churches became one. To Bishop Moore has gone most of the credit. The bishop was born in Morgantown, Ky. There he attended public school until he was 18, then was graduated from Lebanon College, Lebanon, Tenn. For a while, he taught at rural

schools and at the old Denton Normal College, now North Texas State College.

He was graduated from Yale in 1892. He took two extra years studying philosophy, and then took off for the Universities of Heidelberg and Leipzig in Germany. He was ordained a deacon in 1894. Five years later, he was made an elder in the West Texas Conference.

In 1902, he became pastor of Dallas' First Methodist Church. Four years later, he became managing editor of the Christian Advocate in Nashville, Tenn. In 1910, he became secretary of the Department of Home Missions of the general conference, a post he held eight years.

In 1918, he was elevated to bishop, his first post being in Brazil.

At the funeral services Monday, all the bishops of the central jurisdiction, Methodist Church, will be present. The services are scheduled for 10 a.m. at the First Methodist Church.

Until Monday, the remains will lie in state at the George A. Brewer Funeral Chapel here. From 9 until 10 a.m. Monday, his body will be at the First Methodist Church. Only survivors are distant relatives.

Bishop Moore also served in Oklahoma, East and West Texas, Georgia, Florida, Missouri and Arkansas.

THANK YOU

Please Remember Me On Aug. 28 As Your

State Senator Sterling J. Parrish

(Pd. Pol. Adv.)

AN OPEN LETTER TO THE VOTERS

I am seeking a traditional second term as County Commissioner for Precinct No. 2.

I have worked hard to help give Howard County a progressive business administration on a sound basis.

Among other things, if I am re-elected, I will favor an election to see if the people would like to have a new modern courthouse. If Howard County ever expects to get a new courthouse it should be done soon in order that the rich natural resources of Howard County can be taxed properly to help pay for it. After our natural resources are all gone then it will be too late. Other oil producing counties have put a proper tax on natural resources and have built fine new courthouses, paved roads and other improvements that will benefit unborn generations that will come after the oil has been exhausted. Are we just going to sit still and let the huge exploitation of our natural resources continue without getting something constructive done for Howard County?

I favor more and better roads for all of Howard County — here is where a better tax on oil will help — get roads, a new courthouse, a well developed county library with a proper building to house it and any other needed improvements.

Howard County has produced more than a hundred million barrels of oil since it was discovered here. In 1946, when you elected me, Howard County produced approximately 5,500,000 barrels of oil from approximately 1250 producing oil wells and the tax valuation was only slightly over \$8,000,000. I worked hard to get an increase on oil values for tax purposes and by my co-operation we made gains that benefited the County greatly. I think the tax on oil is still too little compared to the tax on the small home owner.

I favor operating the County road department on the Unit System with a competent road engineer in charge — then, and then only, the road department will be thoroughly efficient.

I favor re-districting the County so the people in all parts of the County will have equal representation in the Commissioners Court. The Commissioners Court has the authority to re-district the County.

When I assumed the duties of office on Jan. 1st, 1947 as your Commissioner the drivers of the County's dump trucks were being paid a wage of \$140.00 a month. I co-operated to increase wages for all the County road workers — now the minimum wage in the road department is \$165.00 as compared to \$140.00 when I took office. This is still too little — no man can maintain a family, be it large or small, on this low wage and I am in favor of raising these working men's wages in order that they might enjoy the American standard way of living. I co-operated to establish vacations for the County road workers.

I hope to see each and every voter before the run-off Primary but if I fail to see you I do hope you will be tolerant with me as I am very handicapped when it comes to walking. inetr-cwfblytoiwagebut

Sincerely,

Grover Blissard

(Pd. Pol. Adv.)

THANKS

I wish to thank everyone for the splendid support given me in my candidacy in the first primary.

I especially want to express my gratitude to my many friends who enabled me to carry on at a time when, due to sickness at home, I was unable to get about and see the voters.

Your continued support in the Second Primary, Aug. 28, will be sincerely appreciated.

WEEKLY OIL

Supply Headaches Are Back Again

By MAX B. SKELTON HOUSTON, July 31. (AP) — Old headaches are reappearing among the petroleum industry's supply and demand problems.

Last spring there were predictions there would be severe fuel shortages for mechanized farm equipment and of gasoline for summer vacationists.

The first problem eased by without alarming incident and the second appears to be all but whipped.

But the National Petroleum Council Thursday received this warning from the nation's armed services—

Supply 1,700,000 barrels of motor gasoline within one week or the military, as authorized under the new peacetime draft law, will recommend mandatory action.

Lesser shortages of aviation gasoline and oil also were cited by Rear Admiral E. D. Foster, director of the armed services' petroleum purchasing agency.

Foster said the industry has co-operated excellently with the post-war program to date but that the Berlin crisis has forced the armed services to stiffen their demands for prompt delivery of fuels and to demand assurance that future requests are met promptly and fully.

Max W. Ball, director of the Interior Department's oil and gas division, said the industry's failure to meet military orders is puzzling in that the amount asked has been slight compared to normal domestic production.

Meanwhile, the American Petroleum Institute reported that gasoline stocks for the week ending July 24, continued to decline although production for the week totaled 17,879,000 barrels as compared with 15,324,000 a week earlier.

Gasoline stocks were placed at 100,641,000 as compared with 100,701,000 barrels this week ending July 17.

Crude oil production, however, increased 3,350 barrels to a daily average of 5,447,500. The increase came after a three-week decline.

Unprecedented operations within the industry however, are reflected in API's figures, despite the decreases.

A year ago the daily crude oil production rate was 5,083,650 barrels.

First Christian Plans Two Services

Services, both morning and evening, will be held at the First Christian church today.

It had been feared that the Rev. Lloyd Thompson would be unable to be here since he has been with Mrs. Thompson at the bedside of her gravely ill father near Dumas. However, he returned late Saturday and will be in the pulpit for both services.

Globe Girdling B-29s Arrive At Ceylon

COLOMBO, Ceylon, July 31 (AP) — Two B-29s on a round-the-world trip arrived here today from Aden.

A sister B-29 crashed near Aden earlier this week, killing five crewmen. Twelve still are missing. One survived.

They expect to make the next hop to Clark Field, Philippine islands, at noon tomorrow.

Dave Desmond, Los Angeles, Calif., visited here last week with Ramona Sneed.

Mr. and Mrs. J. Richard Critz, Austin, were guests Saturday of Mr. and Mrs. J. B. Pickle. He is a former member of the Texas supreme court.

rels, while gasoline stocks totalled \$5,955,000 barrels.

The Interstate Oil Compact Commission last week reported that oil well drilling and explorations throughout the nation set a new all-time record during June.

A commission report said 2,314 rotary drilling rigs were active and 623 geophysical and core drill crews were working at the end of June.

A year earlier there were 1,873 rigs active and 355 crews engaged in exploratory work.

Cayuses Return Monday Night

Still atop Longhorn baseball league standings but now facing a two-pronged threat, the Big Spring Broncs tackle the Midland Indians again at 3 p. m. today, then return home Monday night for a crucial test with the Ballinger Cats.

Roddy Records 15 Strikeouts As Steeds Win

VERNON, July 31.—The Big Spring Broncs won their first game of the year in the Vernon park Friday night when they subdued the Dusters, 11-4, behind the expert throwing of Freddy Roddy.

The victory increased the Big Springers' lead over the field to 4 1/2 games, runner-up Midland having lost to Ballinger and yielded second place to that club.

In the season's series, the Steeds have now won eight games and lost five to the Dusters.

School To Play Ready Mixers

Big Spring Vocational school, fresh from an upset victory over the Merchants, tackle the Ready Mixers in a Munny softball league game at the city park Tuesday night.

Merchants Lose To Pupils, 7-2

Big Spring Vocational school staged the biggest upset of the Munny softball league season Friday night at the city park when the unbeaten Merchants fell before the students, 7-2.

James Bradley outpitched Cotton Mize to gain the nod, setting the Merchants down with three safeties.

McKee's Construction company received a 9-0 forfeit from the Ready Mixers in what was to have been the other contest.

LOOKING 'EM OVER

With TOMMY HART

Umpiring as the local baseball patrons have seen it in Steer park lately has been somewhat short of sensational. For one thing, the men-in-blue do not seem to be hustling.

Team Gets Big Chance August 2nd

In the Monday night game, when the Del Rio club pulled the first triple play seen in Steer park in two years, the Broncs came within a whisker of executing a three-way killing.

Broncs Almost Had Triple Play

Ray McAtter, the Del Rio shortstop who made a distinct hit here because of his ability to go to either side, was recommended to the Waddies by Harshaney's brother, who lives in East St. Louis, Ill.

Americans Scrap Back To Grasp Team Lead In Olympic Games

LONDON, July 31. (AP)—Smashing two Olympic records and being another, America's crack athletes broke into the winning circle today with five final victories to take over the lead in the unofficial point score of the 14th International Games.

The final U. S. individual triumph of the day was accomplished by Willie Steele of San Diego State who captured the running broad jump with a leap of 25 feet eight inches.

The Stars and Stripes was hoisted at the victory flagpole twice for the only two swimming finals of the day.

Earlier Harrison Dillard of Baldwin-Wallace, captured the 100-meter dash in Olympic record-equalling time, and Bruce Harlan of Los Angeles broke the Olympic standard in winning the 400 meter hurdles.

The Stars and Stripes was hoisted at the victory flagpole twice for the only two swimming finals of the day.

As a result, the U. S. scored in seven of the eight track and field and swimming finals today to pile up a total of 101 points, 94 of them today.

France was a far-trailing second with 28 followed by Sweden, 25, Australia, 17 and Hungary 14.

All told 21 nations had scored one or more points in the two full days of the world competition.

Dillard, great Negro hurdler and sprinter, atoned for his failure to make the hurdling squad by winning the Olympic gold medal in the 100-meter sprint in the Olympic record-equalling time of 10.3 seconds.

Cochran of the Los Angeles Athletic Club, gave the American spectators their first big occasion to cheer when he won the 400-meter hurdles.

Then Ris, brilliant free-style artist from the University of Iowa, splashed to victory in the 100-meter sprint in Olympic record time of 57.3 seconds.

Besides the four firsts, the U. S. capped numerous points with seconds, thirds, and fourths.

In the 100-meter track dash, Barney Ewell, 30-year-old former Penn state speedster from Lancaster, Pa., closed with a terrific burst that almost caught Dillard.

McCorquodale of Britain was a surprising fourth and Mel Patton, the favorite from Southern California was a disappointing fifth.

Dick Ault, a 21-year-old added three points by taking fourth place in the 400-meter hurdles behind Cochran, Duncan White, unknown from Ceylon, and Rune Larsson of Sweden.

Right behind Harlan in the dive came Miller Anderson, also of Ohio State, and Dr. Sammy Lee of Pasadena, Calif.

GAMES TODAY
NEW YORK, July 31. (AP)—Probable pitchers for tomorrow's major league games (won and lost records in parentheses):

St. Louis at Boston—Pollard (5-4) vs. Pater (2-9).

Pittsburgh at Brooklyn (3)—Bonham (3-0) and Gregg (1-3) vs. Hatten (7-9) and Brackley (3-5).

Chicago at New York (2)—Meyer (8-3) and Chambers (1-7) vs. Post (9-4) and Hansen (1-2) at St. Louis (3)—Wynn (7-11) and Heston (4-10) vs. Fanning (7-7) and Garver (3-4).

Philadelphia at Detroit—Marchildon (7-9) vs. Trout (10-10).

Boston at Cleveland (3)—Eramer (12-3) or Klander (6-5) and Harris (3-7) vs. Lemon (12-9) and Zolack (2-3).

Washington at St. Louis (3)—Wynn (7-11) and Heston (4-10) vs. Fanning (7-7) and Garver (3-4).

Philadelphia at Detroit—Marchildon (7-9) vs. Trout (10-10).

Boston at Cleveland (3)—Eramer (12-3) or Klander (6-5) and Harris (3-7) vs. Lemon (12-9) and Zolack (2-3).

Washington at St. Louis (3)—Wynn (7-11) and Heston (4-10) vs. Fanning (7-7) and Garver (3-4).

Philadelphia at Detroit—Marchildon (7-9) vs. Trout (10-10).

Boston at Cleveland (3)—Eramer (12-3) or Klander (6-5) and Harris (3-7) vs. Lemon (12-9) and Zolack (2-3).

THIRD IN SERIES OF RACING PROGRAMS SCHEDULED TODAY

Third in a series of summer quarter-horse racing programs will be unveiled at the Sheriff's Posse's grounds this afternoon starting at 2 p. m. Admission prices have been pegged at \$1.

Feature of at least six events will pit Bill Dehlinger's "Kilgore Kid" against "Little Jim," owned by John Tucker and Doyle Vaughn.

The race will be for 1/4th of a mile, which means that the printers are going to have to break in a hurry.

Most of the races will be over that distance. However, Doyle Vaughn's "Piccolo" and M. H. Kelly's "Golden Grain" have at it at 440 yards.

Other races which have already been carded include: Pete Howze's "Lady" vs. Bill O'Neill's "Sideshow," 1/4th of a mile.

L. E. Stewart's "Tony Duda" vs. Dick Fitzgerald's "Lucky," 1/4th of a mile.

John Marchbanks' "Half Pint" vs. Albert Davis' "Marcella Slope" 1/4th of a mile.

L. E. Stewart's "Baby Doll" vs. Jack Phillips' "Baby June," 1/4th of a mile.

There is plenty of parking space for spectators who do not wish to leave their cars.

Knott To Host 'Dogs Today

KNOTT, July 31.—Knott's scrappy Hill Billies, who boast a record of three wins in six Tri-County baseball league starts in last half play, try to keep their won-and-lost average above .500 when they tangle with the Coahoma Bulldogs here at 3 p. m.

The Coahomans have only one contest in second half play and since have lost their star pitcher, Bill Brown, who resigned to join Forsan.

Burl Cramer, Bulldog skipper, will probably twirl for Coahoma while one of the Chapman boys, Raymond or Alton, will work on the pitching rubber for Knott.

LEAVES TODAY — Joe Arencibia

Arencibia, (above), popular utility man of the Big Spring baseball Broncs leaves for his native Cuba today. Arencibia was injured in a game here a month ago and hasn't been able to use his throwing arm since.

He was hitting .305 when he left the lineup. Departing with him is Roland Viador, a pitcher.

Athletics Paste Detroiters, 8-3

DETROIT, July 31. (AP)—Lefty Lou Brissie pitched brilliantly in relief today as the Philadelphia Athletics pasted the Detroit Tigers 8-3, sending Art Houtteman to his 13th defeat.

Brissie gave just four hits in seven innings to take credit for the victory—his 11th.

Longshot Wins At Arlington

CHICAGO, July 31. (AP)—Arlington Park, the graveyard of champions, buried another short priced favorite in the rich Arlington Classic today as Papa Redbird, at odds of 8 to 1, galloped to a six length victory.

Sky Guy, owned by Charles T. Fisher, Detroit industrialist, finished second. Lou Jack ended third, and My Request, the 4 to 5 favorite from the East, ridden by Eddie Arcaro came in a staggering fourth in a six horse field.

Thus the fabulous jinx of the \$88,900 classic upheld once more, with My Request joining such other beaten favorites as Twenty Grand, Bimelech, Whirlaway, Johnstown and Assault in other years.

Papa Redbird, owned by Joseph A. Goodwin, Lexington, Ky., and ridden by Jockey R. L. Baird, the money riding Texan, outran and outdred the best the East had to offer before a crowd of 31,400.

King Ranch's Better Self, also an invader from the New York tracks, wound up fifth, a length and a quarter back of My Request, while D. A. Rosenbaum's Reborn, another easterner brought up the rear, 30 lengths behind.

MIXED VERDICT ENDS LONG TRIAL OF FARBEN OFFICIALS — I. G. Farben chemical trust directors sit in the dock at Nuernberg, Germany, during the 11-month trial which ended with the verdict that none of the 24 on trial were guilty of backing Hitler's war of conquest but that 9 of them were guilty of looting industries in subjugated countries. In dock (left to right) front, are: Karl Krauch, Farben chairman, not guilty; Hermann Schmitz, guilty of looting; George Von Schnitzler, guilty; Fritz Gajewski, innocent; and Heinrich Hoerlein, innocent. Rear are: Paul Harfinger, Max Ilgner and Friedrich Jaehne, all guilty of looting. (AP Wirephoto).

WILL MAKE PARTY LINE HUM
Dallas Women Declare War On High Prices Of Meat
 DALLAS, July 31. (AP)—So you think the neighbor lady keeps your party line busy. Several hundred Dallas housewives are going at it systematically, starting Monday, with calls to war against high meat prices.
 Mrs. R. D. Vaughn, who cooked up the plan, said: "We will ring every phone in the book and give housewives our little motto: 'We are asking you to refrain from buying meat for one week.'"
 A couple of days ago, Mrs. Vaughn, former insurance saleswoman and now president of the Dallas Women's Chamber of Commerce, said in an interview that it's "up to the women" to force meat prices down by not buying.
 Women have been phoning to agree with her—so many, she said, that she has to "leave the house to get a rest."
 Mrs. Vaughn started enlisting the callers and asking them to enlist ten others. She assigned sections of the telephone directory to each caller to work on during the campaign.
 The callers will ask housewives to begin the week-long boycott on Aug. 9. Mrs. Vaughn will report on the progress of the telephone campaign in a radio talk Aug. 7. The Dallas Federation of Women's Clubs, of which she is first vice president, will sponsor the talk.
 "We've got no finances to do this with," Mrs. Vaughn said. "It's just for humanity's sake."
 "Everybody's too fat now and down with heart trouble. We all can do with less to eat. I'm just doing this because I felt like I had to."
 Mrs. Vaughn hasn't bought a scrap of meat herself in a week.

Veteran's Body Will Arrive Here
 Body of S-Sgt. Paul A. Wadsworth, son of Mr. and Mrs. W. W. Wadsworth, Forsan, is to arrive here Thursday for final interment. The body will be at Nalley chapel until time for services.
 Sgt. Wadsworth is survived by five sisters and one brother. He lost his life on Nov. 24, 1944 when the bomber, on which he served as radio operator, crashed outside of Norwich, Eng.

U. S. S. Nevada Finally Sunk
 PEARL HARBOR, July 31. (AP)—The tough old battleship Nevada is gone. The Navy finally sank her yesterday after four and a half days of trying.
 The 32-year old ship had been used twice in 1946 to see if an atomic bomb could sink her at Bikini. It couldn't.
 This week they towed her out to see again. New and still secret explosives were put aboard and touched off. The Nevada's deck and side plates buckled, three holes were ripped in her sides, but she wouldn't go down.
 Destroyers pecked at her. Rocket-firing planes blazed away. Planes loosed radar-guided bat bombs, which missed. The U.S.S. Nevada still rode the waves.
 The great Battleship Iowa turned her 16-inch rifles on the veteran of two world wars. A salvo smashed her. The Nevada belched smoke and defiance. Three cruisers scored hits with no more luck.
 At last they called up the torpedo bombers. Several torpedoes hit the Nevada and she rolled with the punch. Then came more torpedoes which smashed her amid-ship.
 The Nevada could take no more. She rolled over slowly and sank in water five miles deep.
 The Battleship Iowa then moved slowly over the spot where the Nevada went down 66 miles southwest of Honolulu. The crew in dress whites stood at attention as the brief committal service was read.

Mine Blast Fatal To 12
 BIRMINGHAM, Ala., July 31. (AP)—Seven coal miners were dead today and 12 injured as a result of a gas explosion that rocked a section of the big Edgewater Mine near here early yesterday.
 Two of the injured were listed by hospital attaches as in critical condition.
 The explosion ripped through a remote area of the mine about 9 a. m. (CST) and rescue crews formed immediately to descend to the scene of the disaster, about four miles from the shaft's entrance. The mine nine miles west of here, is the largest of the Tennessee Coal, Iron and Railroad Co., and employs about 1,000 men.
 The dead were identified as: Simen Pentz, 61-year-old assistant mine foreman; John Starnes, 62, ventilation inspector; Alvin Kenneth McGaha, 25; William Gragg, 38; Eddie Jones, 18; Sandy Gary, 43, and James Jordan, 33. The last four were Negroes.
 Grim-faced miners and rescue workers still searched the shattered shaft for a missing man believed to be the only miner unaccounted for.
 A company spokesman said the blast centered near a spot where construction workers were putting through a ventilation shaft. Several of the construction men were injured by the explosion.

Ducats On Sale For Laymen's Meet Tuesday
 Laymen of the various churches of Big Spring were being urged to obtain their tickets today at their churches for the city-wide laymen's meeting Tuesday at the First Methodist church.
 The affair is scheduled for 7 p. m. and after half an hour of fellowship, a banquet meal will be served. It is an all-men's affair, even to the preparation and serving of the meal.
 Delbert Downing, Midland, wide-fluential layman, is to be the speaker. There will be special music, by known as a speaker and in a quartet, and a vocal number by the Rev. John E. Kolar, pastor of the Main Street Church of God. Men of the different denominations will be given identifying ribbons and urged to mix with others in the seating arrangement.
 Final reports on ticket sales are due by Monday noon. Most churches have tickets available, but any layman who should fail to secure one today may get in touch with Lawrence Robinson or call the YMCA.

Scouts To Leave For Ranch Outing
 Several Big Spring Boy Scouts will leave Monday morning for a week's outing at the scout ranch in the Davis Mountains.
 H. D. Norris, assistant area executive, said Saturday before leaving for the canyon campsite for advance preparations, that a bus from Colorado City would pick up local scouts at 8 a. m. Monday at the courthouse lawn.
 Any registered scout, who has learned at the last minute he will be able to attend, should get in touch with Charles Watson or Arnold Seydler today, said Norris.
 Arrangements have been made for late registering scouts to get physical examinations at the camp.
 The schedule calls for return to Big Spring on Aug. 9.

Court Of Honor Set
 Regular monthly court of Honor for Boy Scouts will be held at 7:30 p. m. Tuesday at the high school gymnasium. Awards for advancement will be presented by W. C. Blankenship, chairman of the activity.

Wherever you go, they're talking DYNAFLOW

FROM Atlantic to Pacific, it's simply terrific.
 Not in a generation — maybe not in two — has any single improvement in automobiles caused the talk or met the instant approval that has greeted this new drive.
 You see the reason in your first five minutes behind a Dynaflo® wheel.
 You sense that this is not merely an improvement on old ways, but a whole new system of transferring power from your engine to the rear wheels.
 For the first time, oil does every-
 thing — replaces the friction clutch, eliminates the usual forward gears, even actuates the mechanism by which you change from Driving range to emergency Low and Reverse.
 You feel the result in new smoothness that's like riding a mighty tide of flowing oil.
 You move from standstill to road speed in one smooth unbroken sweep of power, quick and effortless in getaway and instantly responsive at speed.
 You stop by pressing the footbrake — go again by feeding gas. Once you've set the selector lever, you need not touch it again in normal driving until you're ready to park or back up.
 Outside engineers look at Dynaflo and say, "Now you've got something!"
 You'll say so too — once you handle a Buick ROADMASTER with this new driving magic.
 Try it, first chance you get — and we think you'll want to see your Buick dealer at once to get an order in — with or without a car to trade.
*Dynaflo Drive is available at extra cost on Buick Roadmaster models only.

BUICK alone has all these features
 * DYNAFLOW DRIVE (Optional, Roadmaster Series)

TEXANS IN WASHINGTON

Lone Star Primary Stirs Up Capitol

By TEX EASLEY
AP Special Washington Service
WASHINGTON, July 31. (AP)—Tex-
as politics stir up a lot of people in
this voteless city of Washington,
D. C.
Even before the polls closed in
the first Democratic primary elec-
tion in the Lone Star State, the
telephone calls began to pour into
the Associated Press Bureau here
and into the offices of the local
newspapers.
"I never knew there were that
many people from Texas living
here," commented one editor.
The contest which precipitated
countless calls from other Texans
was the senatorial race between
Coke Stevenson and Rep. Lyndon
Johnson of Austin, for Senator W.
Lee O'Daniel's seat.
Word from Texas that Stevenson
planned to come up as an observer
during the special session of Con-
gress created interest. While he
was governor he had the privilege
of going on the U. S. Senate floor.
Senate officials said that this cour-
tesy is not extended to ex-govern-
nor even to former members of
the U. S. House of Representatives.
A few days before the Texas
election the C. I. O. put out a
"report card" on all members of
Congress, grading the legislators
as to whether they voted "right"
or "wrong" on 16 major pieces of
legislation. The Texas members as
a whole fared 500, chalking up
about an equal number of r's and
w's. An exception was Senator
O'Daniel, who had 15 w's and 1
"a". The "a" denoted absence on
a roll call vote. Senator Tom Mar-
lin was listed as voting "right" 7
times, "wrong" 8 times, and being
absent on one vote.
Texarkana Congressman Wright

Patman likely will be one of the
busiest men in the special session,
but he still doesn't think much will
come out of it.
He is a ranking Democrat on
the House Banking and Currency
Committee, which handles price
control and housing legislation.
These subjects, along with civil
rights measures, are certain to
provoke the most heated argu-
ments.
"It is doubtful that the special
session will accomplish much real
legislation," says the veteran
northeast Texas Congressman.
"If the Democrats were united,
President Truman would have an
excellent opportunity to keep the
people aroused over the failure of
the Republican party to carry out
platform proposals before the elec-
tion what it has promised to carry
out after the election."
Convention backwash: An Ohio
delegate to the Democratic Nation-
al convention thinks Texans are
okay even though he can't agree
with them on civil rights. In an
interview with newsmen, Harold
E. Pierce of Newark, O., said of
the Southern Democrats:
"When I tried to talk with some,
they would look at my badge, see
that I was from the north, and
remark, 'you don't know anything
about our problems.'"
"I stayed away from the south
after that. That doesn't include the
Texas boys; they were swell."
The Public Roads Administration
says that as of May 31, there were
2,969 miles of federal-aid highways
in Texas either being constructed
or down on the long-range program
for construction.
The total estimated cost of the
work was put at \$102,027,000, of
which the Federal Government
would contribute \$53,918,000.

TEXAS POLL

Stevenson Has Inside Track As Runoff Campaign Opens

By JOE BELDEN
Director, The Texas Poll
AUSTIN, Texas, July 31. The
big question in the senatorial run-
off between Coke Stevenson and
Lyndon Johnson is—to what camp
will most of the Paddy voters go?
George Paddy, the Houston law-
yer who polled almost a quarter
million votes in the first primary,
has announced that he will not
publicly support either of the run-
off candidates. "The people," he
said, "are capable of making up
their own minds."
As a result of its surveys, The
Texas Poll was reasonably certain
during the week before the July
24 election that Stevenson and
Johnson would have to face each
other in a runoff. Since it appeared
that the Paddy voters would hold
a key to the runoff, the poll asked
a cross-section of them this ques-
tion:
"Supposing that Coke Stevenson and
Lyndon Johnson came out ahead in
the first primary. At the present time
which one do you think you might
favor in the runoff election—Johnson
or Stevenson?"
The results are indicative of opin-
ion among Paddy voters several days
before they were to learn that their
favorite candidate would be eliminated
in the first primary:
Favor Stevenson 48.5%
Favor Johnson 32.5%
Undecided 18.8%
100.0%

In the face of this division of
opinion among Paddy voters, it is
clear that Stevenson has the inside
track as the runoff campaign
opens.
HOW THE TEXAS POLL'S
FIGURES COMPARE WITH
ELECTION RETURNS
During the week before the July race, without publishing the latter.

24 election, The Texas Poll, inter-
viewed a total of 1,500 qualified
voters in an effort to forecast the
outcome. The persons interviewed
made up a statewide cross-section
of voters based on a study of the
poll tax rolls of every county in
the state.
On the basis of its pre-election
sampling, The Texas Poll correctly
predicted that Governor Beauford
Jester would win without a runoff,
but pointed out by a last-minute
telegraphic survey that his rela-
tive strength was dropping swiftly
as the election approached.
In the U. S. Senate race, the
Poll correctly forecast a runoff be-
tween Coke Stevenson and Lyndon
Johnson when these candidates
were claiming majorities of 55 and
52 per cent, respectively. The
Poll's final returns showed John-
son 1.3 above Stevenson. But mind-
ful of statistical deviation because
of the small number of persons
who are interviewed in sampling
surveys, the poll warned that "it
was anybody's guess which one
would lead in Saturday's election."
The Texas Poll based its forecast
in the senatorial race on the re-
turns of a complete cross-section
of 1,000 interviews conducted be-
tween July 19 and July 21. The
telegraphic survey, conducted July
22-23 and based on a cross-section
of only 500 interviews, showed al-
most the same results in the sena-
torial race as the earlier sampling.
The poll merely reported that there
was no significant change between
the two samplings in the senatorial
race.

Below you may compare The
Texas Poll's July 19-21 figures, ba-
sis for its forecast, with the in-
complete unofficial election re-
turns. The poll's figures were
computed on the basis of 71 per
cent of the 1,000 persons inter-
viewed who indicated they were
certain to vote. The election figures
below are based on almost com-
plete returns totaling 1,162,000
votes.

| | Poll | Election | Devia- |
|-----------|---------|----------|--------|
| | Figures | Returns | tion |
| Stevenson | 40.1% | 39.3% | 0.8% |
| Johnson | 41.4 | 39.8 | 7.6 |
| Paddy | 18.6 | 19.9 | 4.3 |
| Others | 2.9 | 7.0 | 4.1 |

It can be seen, on the basis of
incomplete election returns, that
The Texas Poll measured Steven-
son's effective strength almost ex-
actly, overestimating it less than
one percentage point. It overesti-
mated Johnson by 7.6 points and
underestimated Paddy and the
eight minor candidates combined
by slightly more than four points.

Reds Claim Huge Losses For Chiang

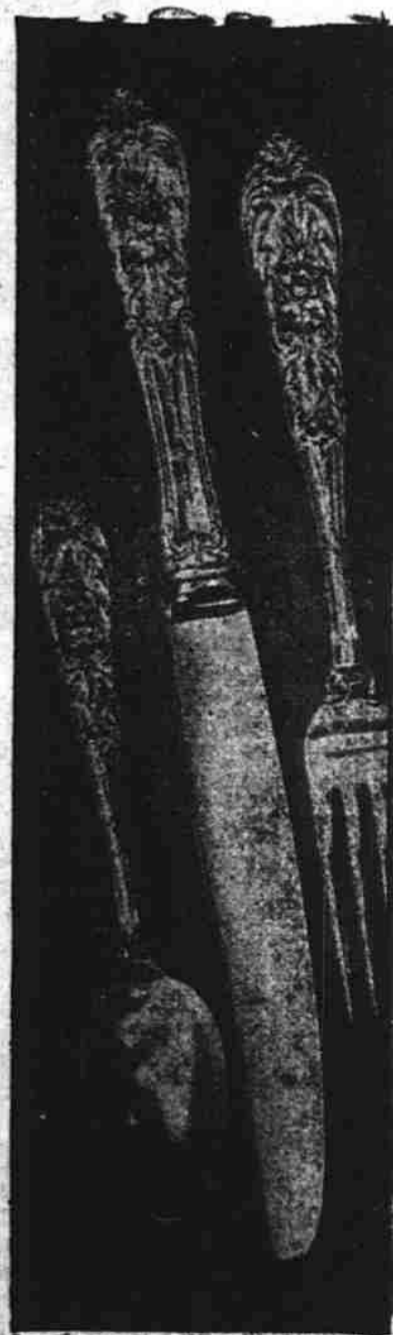

SAN FRANCISCO, July 31 (AP)
The Chinese communist radio
claimed today national forces suf-
fered 1,521,400 casualties in 12
months of the civil war as com-
pared with 452,900 losses for the
Reds.
National losses, the radio said,
were 540,200 killed, 953,000 prison-
ers and 28,200 deserters who
joined the Reds.

Off To The Fishin' Hole

What's better in the hot summertime than a fishing trip? And the preparations for such an outing make up part of the fun. The Herald photographer today trains his camera on the Jimmy Jennings family as they do the cleaning, checking and packing for a trip to lake or river. **UPPER LEFT**—It takes some rigging of the gear so it will land the big one, Jennings explains to sons Jackie Earl and Ralph, who help him check the rods. **UPPER CENTER**—The lady of the family won't have to labor over a campfire if she has a modern camp stove, such as this. **UPPER RIGHT**—That ice box is a "must" on a summer outing. Cold beverages help any fisherman. **LOWER RIGHT**—The lamp has to be cleaned and put in readiness, too. **LOWER CENTER**—Everything here? Jennings makes final check of his tackle box. **LOWER LEFT**—Well, there'll be fish to eat, all right. Mrs. Jennings forlornly includes some salmon in the chuck box. (All Photos by Jack M. Haynes).

Alathea Class Gives Southern Plantation Party For Pollyannas

Using the theme of a Southern Plantation party, the Alathea class of the First Baptist church sponsored black-face costumes Friday evening to entertain the Pollyanna class with a watermelon feast and program. The affair was given at the Ross Boykin home.

Mrs. Boykin, Mrs. Charles Tompkins and Mrs. Tracy Smith received guests. Mrs. G. L. Mahoney was mistress of ceremonies for the program, held on the lawn.

Opening the affair, Mrs. Homer Ward conducted singing of several southern minstrels. A dialogue skit in black-face was given by Mrs. T. F. Horton and Mrs. A. P. Clayton, Jr. A quintet composed of Mrs. Relece Jones, Mrs. C. W. Mahoney, Mrs. Ted Williams, Mrs. Loy House and Mrs. Jack Williamson entertained with spirituals.

Mrs. Jack Irons gave a reading, and Mrs. Jack Williamson presented "Take It From Here." After the program, watermelon was served.

Decorations carried out a southern garden motif. The registry was hand-painted in the shape of a cotton boll, bearing real cotton tufts.

Attending were Elva Isbell, Elizabeth Pickle, Doris Williamson, Juanita Jones, Marie Horton, Rosalind Bunch, Helen Ferrell, Voncile Coker, Helen Mahoney, Pal Creighton, Joy Phillips, Dorothy Clayton, Margaret Smith, Leola Williams, Kate Irons, Mrs. Paul D. Sledge, Mrs. James T. Grantham, Mrs. Ross Boykin, Mrs. L. R. Talkington, Mrs. H. M. Ward, Mrs. Leta Metcalf.

And Mrs. Bill Horne, Mrs. A. T. Bryant, Mrs. Murrel Moran and a visitor from Grandview, Mrs. G. N.

Epsilon Sigma Alpha Sorority Has Ritual Of Jewels Banquet

A formal dinner and ritual ceremony at Hotel Settles Friday evening initiated two pledges into the Alpha Chi chapter of Epsilon Sigma Alpha sorority and received ten pledges into the full jewel membership of the international organization.

Neva Rue Conner and Margie Hughes, members of the Alpha Kappa chapter of Colorado City, administered the oral ritual by candlelight and installed officers of the local sorority.

Candidates for the ritual of jewels stepped from a semi-circle, kneeling before the ritual table. The altar was draped in white, and lighted white tapers burned in

crystal holders. Backing the table was the blue and gold emblem of the ESA. Receiving jeweled pins were Ruth Stripling, Leatrice Ross, Rhoda Miller, Laverne Webb, Dot Day, Billie Jo Anderson of Odessa, Peggy Uthoff, Claire Yates, Leta Cowley and Stella Mae Wheat.

The first degree ritual was given to Ethel Lomax and Minnie Earl Johnson, who received sterling silver pledge pins. The two girls were presented corsages by the sorority.

Formal oath of office was taken by Leatrice Ross, president; Stella Mae Wheat, vice-president; Peggy Uthoff, corresponding secretary; LaVerne Webb, recording secreta-

ry; Claire Yates, treasurer; and Ruth Stripling, educational and program director. Miss Conner and Miss Hughes were honored guests at the dinner preceding the ceremony. A low arrangement of blue delphinium and agapanthus interspersed with gold hued marigolds and set in hawaiian and croatan leaves composed the centerpiece for the banquet table. An either side of the bouquet silver-blue bows of cellophane ribbon bore in gold the letters, ESA. White tapers completed table appointments. Two jewel candidates, Mary Ann Goodson and Jean Phillips, were not present at the affair.

Double Ring Ceremony Will Unite Billie Kennon And Dan Fletcher

A double ring ceremony to be solemnized at 4 p. m. today before a formally appointed altar at the East Fourth Street Baptist church, will unite in marriage Billie Elsie Kennon and Dan R. Fletcher. Miss Kennon is the daughter of Mrs. W. A. Kennon, 109 Scurry St., and Fletcher is the son of Mr. and Mrs. C. R. Fletcher of Dallas.

Large baskets of pastel pink and white gladioli will be placed on either side of an archway twined with feathery plumose fern. In the background will stand candelabra holding tall cathedral tapers, and at each side of the altar will be floor baskets of long, slender Oregon fern.

Wearing peach taffeta floor-length dresses, Dana McClanahan and Mona Moad will light candles. They will wear wristlets of white feathered carnations.

Pre-nuptial selections by Joyce Justis, pianist, include "I Love Thee," "Oh, Promise Me," "Always," and "I Love You Truly." Miss Justis will accompany Joyce Howard, vocalist, as she sings "You Were Meant For Me" and "Because." "The Lord's Prayer" will be played during the ceremony.

Johnnie Kennon, attending her sister as maid of honor, will be attired in a formal of pastel pink lace and marquisette. Mrs. Henry Holmes, matron of honor, will be wearing a pastel yellow frock in a like design.

Dorothy Day and Beth Phillips are bridesmaids. Their gowns will be of organza, cut with an oval neckline and full ballerina skirt. Miss Day is to wear orchid and Miss Phillips will be dressed in blue. They will carry chataleine bouquets of pink gladioli and white maroon daisies, fastened with contrasting shades of shirred satin roping.

To be given in marriage by A. D. Franklin, the bride will wear a formal bridal gown of slipper satin styled with an off-shoulder neckline and bertha draped at one shoulder.

MRS. DAN R. FLETCHER

The closely molded bodice above the full skirt has long, fitted sleeves tapering to petal points over the hands. From a halo of mock orange blossoms will fall a fingertip veil of illusion. The bride will carry a white Bible topped with Belmont gardenias, from which will shower white satin ribbons with feathered carnations tide with lover's knots.

For "something old" she will wear a ring belonging to Mrs. Henry Holmes; "something new" is symbolized by her dress. A white satin slip, trimmed in imported Irish silver lace, was borrowed from Mrs. Tom Harris; "something blue" is a garter.

Eloise Stephens, flower girl, will wear a white satin dress and will carry a white basket filled with pink rose petals. She is to wear a headpiece of white carnations.

Bill Fletcher, Dallas, brother of the bridegroom, will act as best man. Donald Fletcher, also a brother of the bridegroom, is to be honorary usher. Groomsman is Henry Holmes and ushers are Lawrence Allbrook and Robert Green of Dallas.

Luther Bell, ring bearer, will carry the rings on a white stain pillow embroidered with pink rosebuds.

Following the ceremony, friends and relatives of the couple will attend a reception in the home of the bride's mother. Floor baskets of pink and white gladioli will

Television Creates New Customs At Parties

By CYNTHIA LOWRY
It was a small party Mrs. George Mesta gave for the heavy cream of the Democrats a couple of weeks

back. But, remember, it was a small bomb that ushered in the atomic age.

Mrs. Mesta, it seems to me, has started something. The indefatigable Washington hostess, permitted her small gathering of a few hundred intimate friends to be televised.

From now on, no hostess worthy of her salt can think of a party unless she has at least one television channel assured. She'll be hard pressed, not to be sure there's enough iced champagne and foie gras on tap, but to produce a party that will keep the nation entertained while it's before the camera.

"Darling," next year's party giver will confide to her best friend "it's going to be simply divine. I've got four television channels for two hours, a juggling act, tumblers and a whole corps of makeup artists flying in from Hollywood."

"Who's coming to the party? Oh, a whole raft of people, the agency that lined them up assured me they are absolutely the most telegenic in the whole city."

When the thing gets really rolling, engraved invitations will no longer bear a small "white tie" note. Instead, there will be specific instructions, like "Television makeup requested: image orthicon camera used."

It won't be necessary to cultivate the Right People Socially any more. The guy to get next to, if you really want to be somebody, is the television executive, preferably the one with a title like "Director of Special Events." He will be the social arbiter of this new whirl-a-comin', able to make or break the most ambitious woman by the way he parcels out his network time.

But what the ever present, all-seeing camera eye will do to parties is frightening to contemplate. Parties now are places where people stand around and eat, drink and gossip. Obviously, with all America listening and looking in, you can't bustle up to an old friend and ask for details on her operation—or even tell her all the lurid details of Emmie's sudden departure for Reno.

Parties of the television era will be marked by deathless phrases and play-acting, most of it about as professional as a high-school production of "Gammer Gurton's Needle." Drinks may look bubbly, but the merry-makers will dare only the non-toxic.

Generally speaking, at the best parties in the future, the guests will have as much fun as at a state funeral. People will go to be seen and heard, maneuver for a central spot under the lights, speak their pieces, and head for home. There they will lock themselves in a closet and relax—away from the blazing eye of the nation's number one Peeping Tom.

I think the trend should be stamped out before it even gets started. Down with televised parties, up with more privacy for fun. It's time the whole deal was called off, the whole experiment junked.

Marlborough

Reed & Barton's Marlborough pattern, in exquisitely fashioned solid silver, finds its inspiration in the graceful, 18th Century beauty of the early Georgian period. Named for the celebrated Duke and Duchess of Marlborough, brilliant favorites of Queen Anne, this lovely sterling pattern combines the distinctive decorative style of that day with the rich dignity of English court tradition. In every line of the majestic Marlborough design gleams that exclusive impression of nobility and prestige, captured and adapted for today's living by the master silversmiths at Reed and Barton.

NEWLYWEDS — The July 17 marriage of the former Duna Biggs, daughter of Mr. and Mrs. Henry Biggs, to Noel R. Harvell, Jr., is announced by the bride's parents. Harvell is the son of Mr. and Mrs. N. R. Harvell, Sr.

Close friends and relatives attended the double ring informal ceremony, solemnized by Herbert Newman, minister at the Church of Christ.

The bride selected for her wedding, a white crepe dress cut with a sweetheart neckline and double peplum edged in white-lace. Her accessories were navy and white and she wore a corsage of a single orchid. In carrying out the bridal tradition she carried a penny in her shoe as something old; something new was symbolized by her dress; something borrowed was a necklace belonging to Mrs. W. W. Braune, aunt of the bridegroom; a pair of garters was something blue.

The couple was attended by Mr. and Mrs. Tommy Harvell.

The newlyweds both attended Big Spring schools. Harvell is employed by the Cosden Petroleum Corp. (Jack M. Haynes photo.)

from a two week vacation in Portales and Eaglenest Lake, N. M.

Mr. and Mrs. Horace Blocker and children, Norman, Charles and Lila were in Hobbs, N. M. Thursday.

Mr. and Mrs. J. W. Blocker and Mrs. Finley Rhodes and daughter, Frances, left today for California where they will visit relatives.

Guests in the Ford Pierce home are Mr. and Mrs. E. A. King and son, Thomas Ellmore of Big Spring.

Air Pirate Faces Trial By British

HONG KONG, July 31. (U)—Wong Yu, by his own admission a rice paddy farmer turned air pirate, will be tried under the British flag. (Hong Kong is a British crown colony.)

Sydney Dekantzow, operations chief of Cathay Pacific Airlines, did not say what charges would be filed.

Wrong, in a written statement, admitted he and three companions tried to steal the plane while it was in flight between Macao and Hong Kong. His companions, he said, got excited and killed the pilot and co-pilot.

The plane plunged into the sea four miles off Macao. Wong jumped as it hit the water and was the only survivor of its 28 occupants, nine of them North Americans.

WHY STARVE TO TAKE OFF FAT?

When you lose 22 pounds, you lose a reputation for being fat. You do not pay for a reduced diet. Starvation is not a pleasant habit to develop. You cannot work with a reduced diet. You need more money to buy a reduced diet. You need more money to buy a reduced diet. You need more money to buy a reduced diet.

Lose 22 Pounds

"I lost 22 pounds taking Martelle's and I feel much better in every way. I eat anything I want and I don't mind it. I'm a doctor who wants to lose weight." — Gene H. Hill, 1011 E. 1st St., Dallas, Texas.

15 Pounds Lost

"I lost 15 pounds taking Martelle's and I feel much better in every way. I eat anything I want and I don't mind it. I'm a doctor who wants to lose weight." — Gene H. Hill, 1011 E. 1st St., Dallas, Texas.

MANY, MANY THANKS

The people of Howard county always have been good to me, and the vote of confidence in the first democratic primary was no exception. I am deeply grateful and I hope you will regard this as a personal note of appreciation.

Pick Best Films

DUBLIN—The Irish Film Society says the revival of the American film "Strange Incident" was the society's most popular showing of the year. Next in order were three French productions—"Les Disparus de St. Agil," "Les Vistiteurs du Soir," and "L'Éternel Retour." Society members voted "Open City," "Odd Man Out" and "Great Expectations" the three best films of the year in the commercial theater.

Mother Sentenced For Slaying Baby

WALSBERG, Colo., July 31.—Mrs. Beulah Ann Read, 22-year-old ranch wife, has been sentenced to 12 to 18 years in the state penitentiary for the shotgun slaying of her baby daughter.
 District Judge David M. Ralston pronounced sentence yesterday after denying a motion for a third trial. The judge agreed, however, to a 60-day stay to allow time for an appeal to the Colorado supreme court.
 Mrs. Read was convicted of second degree murder following the death of her nine-month-old daughter, Karol, last September at the Read ranch house near Walsberg.
 She was granted a new trial in June and was again convicted on a second degree murder charge by a jury which recommended leniency. Mrs. Read gave birth to a second daughter last May.

Two Revivals To Begin In Forsan This Week

FORSAN, July 31. (Sp)—Two revival meetings have been announced to begin the first week in August at Forsan churches.
 David Deshe of Trent will direct that beginning on Aug. 1 at the Church of Christ. It will be concluded on Aug. 8. The Baptist church will be host on Aug. 2 to the Rev. H. E. Gregory, evangelist from the First Baptist church in Brownsville. The revival is to end Aug. 15.

Cancer Treated With Radioactive Iodine In Thyroid

KNOXVILLE, Tenn., July 31.—The 49-year-old housewife who recently took radioactive iodine for treatment of cancer of the thyroid was released yesterday from a Knoxville hospital.
 A hospital spokesman said it would be two or three months before the patient's physician might ascertain whether the radioisotope, from the atomic ovens of Oak Ridge, was effective in treatment of the cancer.
 Her physicians, the spokesman added, was satisfied with the patient's present condition.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

What are you doing for the cause of the annual Big Spring Cowboy Reunion and Rodeo? We have heard several clubs intimate that they will garb themselves in the Western mode and attend a performance en masse. As for others, they will take off bright and early Monday morn on one of the two booster trips. Nothing like a little promoting.
 Caught a ride to work Saturday morning with our town's Zack Gray. Zack was spending the weekend here from Amarillo where he is working with Phillips 66. The boy likes that Panhandle city, says he is there permanently.
 Jerry Houser and Susan Houser came in Thursday from a vacation to California, mostly in Riverside and Los Angeles. The two visited 20th Century Fox studios and saw, among other stars, Tyrone Power and Celeste Holmes. They sat in on the making of several scenes, too. Brother Eddie will remain for the rest of the summer in Riverside, where he has been working.
 Pat Holcombe is due in this evening from Fort Worth to spend several days. Along that old route known as the grapevine we've found that a wedding ceremony is imminent for Pat and Pee Wee Simmons. Perhaps on Pee Wee's birthday, Aug. 9.
 Reed Collins and Jimmy Ray Smith spent several days this week in San Antonio. Neva Rue Conner and Margie Hughes of Colorado City visited here Friday with members of the Epsilon Sigma Alpha sorority. Billie Jo Anderson of Odessa, former Big Springer, was about the town Friday eve.
 Bill Merrick (but wouldn't you expect it?) is piloting a new Ford around town. Parties complimenting Dot Wasson have already begun though Dot's and James' wedding isn't until Aug. 27. Don Scharbauer of Lawton, Okla., has been spending a few days here with Robert Coffee.
 Twosomes out evenings of late: Edna Shannon, Robert Hobbs; Carol Conley, Hayes Strippling; Nell Davies, C. A. Smith; Peggy Utloff, Don Richardson; Rhoda Miller, Jimmy Lemons; Claire Yates, Robert Coffee; Jean Duncan, Lynn Jeffcoat; Alpheus Page, Chuck Gressett; Billie McClain, Don Clark.
 Domesticity: Happened upon Milton Knowles Tuesday evening as he sat talking to "the boys." Financier Lola Neill was being entertained with a gift shower, giving Mill what the fellows termed "a night off." Marvin Wright stood nearby awaiting Virginia Neel's arrival. Virginia is wearing the tell-tale ring. And Betty Stuteville passed by—but not before we saw the sparkle from her hand. Ladd Smith's of course. The marriage plans of Wanda Forest and Jack Durham will be announced early this week.

THE DREAM OF WORLD PEACE

Isaiah 2:4
 "And he shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruning hooks: nation shall not lift sword against nation, neither shall they learn war any more."

Leading statesmen of the world are endeavoring to fashion an instrument for world peace through the organization of the United Nations.

The dream of universal peace is not a new concept. It is as old as the prophets of Israel, and has been the hope of men throughout the ages.

The prophet Isaiah foresaw and foretold the end of war and the reign of world peace.

And Jesus, the Messiah, who brought mankind a new revelation of God, and taught people to love one another instead of to hate one another, was called the Prince of Peace.

The whole world longs for peace today, and peace is attainable through application of the teachings of the Scriptures in national and international affairs as well as in ordinary human relations.

The Church stands as a guiding light to point man's footsteps to the paths of peace.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

- Sunday Isaiah 2:1-9
- Monday Isaiah 11:1-9
- Tuesday Isaiah 21:1-12
- Wednesday Psalms 27:1-12
- Thursday Luke 2:1-14
- Friday John 14:15-27
- Saturday Romans 12:17-21

'State Of Union,' Pulitzer Prize Play, Now State Screenfare

Katharine Hepburn and Angela Lansbury stage a battle of wits and hearts in "State of the Union," coming today to the State.

The contest is refereed by such performers as Van Johnson and Adolphe Menjou.

Produced and directed by Academy Award winner, Frank Capra, the picture is a faithful adaptation of the timely Pulitzer Prize play which won joint honorees on Broadway. Tracy plays the genial American picked by publisher Angela to run for President. Starting out with uncompromising convictions about the welfare of his constituents, he is subsequently engulfed in the two-faced manipulations of his shrewd political boss, Menjou, but after running a gamut of emotional and dramatic barrages from all sides, is brought back into line by Miss Hepburn, playing the wife who comes out the winner.

A KING BROS. PRODUCTION

COLOR AND MUSIC — Jack Carson and Doris Day are shown in a scene from the new Warner Bros. Technicolor musical, "Romance on the High Seas." The picture co-stars Janis Paige.

PRESIDENTIAL CANDIDATE — Spencer Tracy broadcasts as Katharine Hepburn, Van Johnson and Angela Lansbury look on in this scene from the new State film, MGM's "State of the Union."

TALK IT OVER — Robert Mitchum, Kim Hunter and Dean Jagger talk over their problems in this scene from "Betrayed," tense psychological drama now showing at the Lyric.

'Betrayed', Suspense Drama Now At Lyric

An atmosphere of suspense pervades the psychological drama, "Betrayed," King Brothers release which opens today at the Lyric.

The story is interpreted by unusually excellent cast, headed by Robert Mitchum, Kim Hunter and Dean Jagger in the starring roles. Mitchum delivers a fine performance as Miss Hunter's former suitor whose motives are not quite clear. Dean Jagger is very effective as a fugitive from the police, suspected of a murder, while Kim Hunter is excellent as his distraught bride, bewildered by the shadow hanging over the man she married almost as a stranger.

Neil Hamilton is convincing in the featured role, playing the important part of a police lieutenant. Milt Kibbee, Dewey Robinson, Lou Lubin, Claire Whitney, Billy Nelson, Lee White and Edward Keane are among the creditable supporting players.

Opening, the drama finds Miss Hunter arriving at a New York hotel to meet Jagger, her husband of four months, and instead running into Mitchum, a former suitor. Her worry over the non-appearance of her husband is relieved days later, when he clandestinely phones her from an obscure rooming house, and she joins him to find that he is hiding from the police. Constantly beset by the danger of capture, the couple attempt to escape from the nemesis which pursues them, and the picture eventually reaches a surprising climax.

William Castle's directed credit goes to Philip Yordan and Dennis J. Cooper for the screenplay, based on an original story by George V. Moscov. King Bros. have come up with another production, heightened by Dimitri Tiomkin's brilliant musical score.

"Betrayed" was previously released by Monogram under the title, "When Strangers Marry."

England's Oxford University dates back to 1249.

Carson And Paige, DeFore And Day Star In Ritz Film Musical

Music and color Ho! Local theatre patrons will savor the same at the Ritz today when Warner Bros. Technicolor extravaganza, "Romance on the High Seas," puts into port at the local playhouse.

Jack Carson clowns and goes calypso; Janis Paige aids on the comedy and beauty end; Don DeFore, foils between the two, and a talented newcomer, Doris Day, hops from brassy comedy to slick singing. Not stopping there, Oscar Levant wisecracks and plays his piano brilliantly. S. Z. Sakall worries and frets; Fortunio Bonanova storms and gestulates; Avon Long struts to "Tourist Trade," with the color by Technicolor dominating the entire merry jaunt.

A pleasure cruise to South America provides the setting for this gay entertainment. Stopovers at Havana, Rio and Trinidad introduce riotous color scenes, and breath-taking choreographic patterns by the dancers. Comedy is in the front thought, with a barfly, played briefly by Johnny Berkes, a sharp standout in one of the comedy routines.

Miss Day impresses for her ease and command before the cameras. Her song delivery is neat, and she is able to wear costumes smartly. Director Curtis is quite enthusiastic over her talent, and it is well displayed here. "It's Magic" and "I'm In Love" songs are two of her best numbers.

Easter Island, lying about 2,000 miles off Chile, contains a number of colossal stone images apparently made centuries ago.

Turner-Heflin In Terrace Film

M-G-M's prize winning novel, "Green Dolphin Street," comes to the Terrace today with Lana Turner, Van Heflin, Donna Reed, and Richard Hart in principle roles.

Here is a tale laid against such colorful and picturesque haunts of the world as a Channel Island seaport of the 1840's, swashbuckling adventure in China, action abroad a magnificent old-time Clipper ship which ultimately is dashed against the rocks in a storm, and a climax of an earthquake and an uprising of Maori natives in an early New Zealand lumber settlement.

Against this background is told the story of the ruthless and bewitching Marianne Pastorel, who snatches the young and handsome William Ozanne from under the very nose of her devoted sister and who, through a series of compelling circumstances, persuades him to marry her against both his wishes and that of a mysterious adventurer, Timothy Haslam, forced to exile in New Zealand because of the blood on his hands.

Meet The "Seniors" of the COSDEN FAMILY

This is the fifth of a series of special Cosden presentations, recognizing the long and valued services of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

RUFUS E. MORTON

Today's Cosden veteran rates as an expert musician, but he's also a refiner of skill.

He's Rufus E. Morton, who went to work for Cosden March 1, 1929. He started in the treating department, has remained there since, and at the present is classified as Treater No. 1.

About the music? He served in the National Guard for five years as a first class musician, and was in the service for five more years, Band Section, 144th Infantry.

Morton is a native Texan, having been born, reared and schooled at Midlothian. Following graduation from high school, he took a business course in Dallas, then he worked for a time with his father, as bookkeeper in a general store.

One of the major workers in Cosden's continuing safety program, Morton is well advanced in First Aid. He likes to spend his leisure hours with gun or fishing rod.

Morton was married in 1932 to Miss Bertha Lee Bailey, and they have always called Big Spring home. They reside at 602 Lancaster.

Morton is a member of the Methodist church and of the Elks club.

Big Spring Women Are Featuring The "Rodeo Look" During This Week

By LEATRICE ROSS
Woman, it's time to discard your new look.

It happens every year at rodeo time. No matter whether the styles are short like American women fretted to keep them, or whether they're long like the American women are glad they have become. Makes no difference if Paris de-crees ultra-black snake skin skirts or sarongs of turkey feathers. This time every year sees milady chuck her chic for chaps.

There is somewhat of a "new look" in western clothes this summer, however. We suppose there is no getting around the precedent- ed jeans and plaid shirts, a suit of which every conscientious Big Spring resident possesses. But we've been downtown shop-looking for something to please those who have gotten used to passing up the ordinary for the extra-so. Our finds, all in local stores and at prices anyone well can afford:

A pair of gabardine or twill authentic western trousers caught our eye. As smooth and custom-made-looking a garb as one will ever see, the trousers feature tapered

legs and skillfully fitting hip-lines. The waist has no band. They are set off by huge pointed belt loops and trim western pockets.

Elsewhere we found simple, tailored two-piece western dresses in a desert-tan color. The fancy-cut yoke sports an inset of maroon edged flowers. Sleeve and front closing are smartly snap-buttoned. A blue denim creation in short or full-length slacks is trimmed in red, blue or cream calf-skin. The trim comprises a waist band, leg edging and a laced-effect down one side. Shirts with calf-skin pocket to match are available.

Probably the cutest among new styles is a culotte suit of a plaid cotton and heavy denim combination. Culottes, long given way to short slacks, are shorts that appear as skirts. In this particular outfit the culottes are dark blue denim, trimmed down one leg by large leather circles tied in plaid cord. That same plaid is used in a long-sleeve western shirt, the yoke of which is made of the dark blue material of the culottes. And inside the yoke is an applied flower of the shirt's plaid.

For younger ladies there are

miniature jeans, two-tone really-west shirts, leather arm bands and chaps, leather and alligator gun holsters, and riding crops.

The new look had its troubles. But no revolution is expected on August 4 when the women must don Belle Starr's mode of charm. Just supposing that every year there was some faction who picketed to wear Chinese regalia instead!

National Affairs Group Hears Talk

Legislative procedures and policy-making mechanism of the U. S. chamber of commerce were outlined here Friday evening by Tom Watson, USCC representative.

He spoke informally to a dozen members of the local chamber's national affairs committee. All policies of the US chamber, he said, are the result of referendums to the membership or the decisions made at annual meetings. These hold good for three years or until repealed.

During the past session of the 80th congress, he said, the U. S. chamber, usually represented by a volunteer business man, gave testimony before 35 committees. Among the key legislative proposals to face the next session of congress, he felt, were federal housing, federal aid to education, appropriations for government-owned steam power plants, economy in federal government ("so as to make it politically popular"), reorganization of the administrative branch of the government, and an effort to repeal the Taft-Hartley act.

Watson said he felt that the average citizen had the best chance of impressing his representative and senator if he would but write a personal letter on his own stationery and state his position positively, giving a few reasons. Some-time it is well, unless there is a personal friendship, to state occupation, etc.

Marvin Miller, chairman of the national affairs committee, presided over the meeting, held at the Settles hotel. Attending were Lloyd Wooten, Dave Moore, J. H. Greene, Joe Pickle, Olen Puckett, Mayor G. W. Dabney, Doug Orme, R. W. Whipkey, Elmo Wasson, chamber president, K. H. McGibbon and Ira Thurman.

Cow Takes Walk

PUEBLO, Colo. (U)—Fred Church thinks cows as well as dogs, cats and pigeons have homing instincts. He bought a milk cow from Art Pooler but did not take its new calf. The cow broke away and was found two days later eight miles away making for the Pooler ranch.

Contest Pictures Are Being Made By Appointment

All mothers who have coupons for pictures at the Culver Studio during the current baby contest are asked to call for appointments as soon as possible.

All pictures are being made by appointments in order to expedite the making of them; also to give every baby a fair chance.

All Auxiliary members are requested to turn in their money and coupon receipts at the meeting Thursday evening at the clubhouse. The contest will close on Aug. 21. Winners of the three brackets one month to six months, six months to two years and two years to six years will be announced on Aug. 28. The grand prize winner will also be revealed at that time.

Couldn't Bear Loss

WEST YELLOWSTONE, Mont.—Yellowstone park is full of bears but Percy Myers of West Yellowstone offered \$25 for the return of four, stolen by burglars. His animals, valued at \$800, were different from others in the territory. They were stuffed.

Try baking a meat loaf mixture in a square pan, then cutting it in squares for serving.

Seven Seniors Due To Be Graduated

Seven seniors are due to complete requirements for graduation from high school when the summer session ends Saturday.

Letha Amerson, in charge of the short session, said that indications were that all those marked for graduation would pass their courses.

Included are Henry Adams, Betty Yearden, Bob Craig, Pat Lamb, Donald McAdams, Lloyd Skiles, Dalton Carr.

Miss Amerson estimated that 95 per cent of the 63 students enrolled in the summer school were high school students. The total enrollment was off slightly, and practically all the loss was in the elementary grades. There was a marked increase in the number of out-of-town students, several coming from Stanton, Forsan, Coahoma, Knott and other points.

Grind leftover luncheon meat with sweet pickles, or mix with pickle relish. Add mayonnaise or salad dressing to moisten and use for sandwiches.
