EASTER BUNNY HERE EARLY?

A local photographer was lucky enough to take these photos this week of what appears

to be the Easter Bunny enjoying the warm weather in McLean's city park. It was re-

ported that the rabbit might have been hiding eggs.

Editor's Notebook

On page 2 this week is a cartoon by a local artist, Leland Myers. Leland, son of the Rev. and Mrs. Z. A. Myers, is a McLean High School graduate and has a lot of artistic ability as well as a sense of humor.

We plan to run his cartoons as often as possible, and I think The McLean News' readers will enjoy them.

###

Wayland's Flying Queens, a team which has been a women's basketball powerhouse for many years, is one of four teams playing for the national AIAW championship this week in Los Angeles.

Laura Switzer, a McLean High School graduate, was a standout for the Queens a few years back, and Sheri Haynes of McLean is on the current squad.

The national championship game, which hopefully will pit Wayland against either UCLA or Montclair State, is scheduled to be replayed, at least in part, on NBC-TV (channel 4 in Amarillo) Sunday afternoon. Those of you who have heard about women's collegiate basketball but haven't had a chance to see it might want to tune in.

###

I attended part of the Miami Relays Saturday in which both our high school boys and girls competed, and I was impressed with the organization of the meet.

I've been to track meets where the officials didn't know the rules, where nothing was on time, where nobody could tell with any certainty who was winning the meet and you might not know until you saw the next morning's paper.

But the Miami event was well run, especially considering the fact that it was the Roberts County town's first at such meet.

Miami has a brand new track, surrounding the football field, and the site is picturesque with hills and buttes enclosing it on three sides.

The organizers gave the meet some professional touches, including playing march music on the loud-

At McLean High School Rodeo

LOCAL PAIR WINS BUCKLES

Cowboys, cowgirls, and spectators enjoyed relatively good weather at the annual McLean High School Rodeo Saturday and Sunday, and two McLean students walked away with winners' buckles for their efforts in the arena.

Kelly Moore, daughter of Mr. and Mrs. Bill Moore of McLean, and David

Tolleson, son of Mr. and Mrs. Carroll Tolleson of McLean, were the two most successful local performers.

Miss Moore captured first place in the poles event with a time of 22.425 seconds. She finished fifth in goat tying with a time of 14.385.

Tolleson won the steer

wrestling event in 6.121 seconds. He teamed with Greg Henley of McLean for a seventh place finish in the team roping. Their time was 17.965 seconds.

Tolleson also finished high in ribbon roping, taking second with a clocking of 10.607.

The All-Around Cowgirl saddle went to Kelly Freeman of White Deer, while the All-Around Cowboy was won by Jed Garrison of Dumas.

The Boy Sportsmanship award was taken by Luke Stephenson of Guyton, Okla., and the Girl Sportsmanship award went to Mellinnie Walker of Plainview.

Gruver won the overall team honors in the girls division with 18 points, while Dumas was the high point boys team with 33.

The McLean rodeo team will be in action this weekend at the Hat-Four Rodeo in Gruver.

The top three finishers in each event of the McLean Rodeo are:

Bareback bronc riding: 1. Billy Carney, Tascosa High; 2. Duane Childress, Wheeler; 3. Craig McGarraugh, Perryton.

Bull riding: Three-way tie among Trenton Wil-

son, Ronald Reed, and Tim Trevathan, all of Tascosa High.

Team roping: 1. Halee Reed, Spearman, and Eva Holt, Gruver; 2. Roy Brooks, River Road High, and James Hicks, Canyon; 3. Tim Trimble, Boys Ranch, and Jed Garrison, of Dumas.

Steer wrestling: 1. David Tolleson, McLean; 2. Rod Cleveland, Dumas; 3. Marty Devers, Booker.

Calf roping: 1. Jed Garrison, Dumas; 2. Marty Devers, Booker; 3. Scott

School Contracts Renewed, Consolidation Vote Slated

A lengthy agenda and several questions by townspeople caused the regular meeting of the McLean School Board of Trustees to last last

No Appeal Planned In County Suit

(Edited from The Pampa News) Gray County commissioners decided last week not to appeal a court ruling that requires redistricting of county precincts. The commissioners met almost an hour in executive session March 15 with their attorney Bill Waters, and afterwards County Judge Don Hinton announced that Judge Grainger McElhany's decision will not be appealed.

"Whether it's the will of the majority of the people or not, I think this court should pursue it in an optimistic manner," Hinton said.

The suit, filed in 1976 against the county commissioners and county judge, stated that commissioner representation was unbalanced because most Gray County citizens live in Pampa.

Ralph Prock, plaintiff in the suit, will be invited with the rest of the interested public to help plan how the county should be redistricted, Hinton said. Plans must be completed in the July-August term. Hinton said he will make

See COUNTY, Page 2

12:30 a.m. Tuesday morning.

All board members were present as the group took action on contracts of teachers, the Alanreed-McLean consolidation election, and supplementary salary aid, among other items.

Following an executive session in which personnel were discussed, the following people were rehired, subject to assignments, unless otherwise noted:

Judy Morris, tax office; Susie Lee; Evelyn Sanders; Janet Glass; Bobbi Stalla; Betty Skipper; Mary Lowder; William McElroy; Mary O'Neil; Cecil Reynolds; Jack Dorsett; Edna Merrrell. Title I, subject to funding; Carlene Beauchamp, Plan A, subject to funding; Nancy Billingsley, Plan A aid,

subject to funding; Marie Baker, half time aid; Loyce Brown, half time Plan A teacher, subject to funding; James Yakubovsky; Jarrell Russell, Jr.

And Mary Lou Glass, Jan Johnson, Jacque Gillispie, Mike Lee, Gene Gee, Ronnie Wright, and Virginia Holwick. Elinor Jefferson's contract was not renewed.

In other action, plans were discussed to add heating and cooling systems to the schools. An architect was asked to come to the next board meeting.

The election to decide if McLean and Alanreed districts will consolidate was set for May 13 in the McLean school cafeteria, with Ernie McCracken as judge, and Barbara Trew, Sonie Heasley, and Pat Durham as clerks, and Judy

City Of McLean Receives \$3,774.50 In Tax Money

A check for \$3,774.50 has been mailed to the City of McLean as its March share of the one percent city sales tax, according to information released by the state comptroller's office.

The rebate compares to \$3,486.42 received for the same period last year.

McLean has received \$5,205.07 in payments so far in 1978, while the city had received \$4,830.59 at the same time in 1977. Checks totaling \$69.2 million were mailed to 915

Texas cities this month. The one percent city sales tax is collected by retail merchants along with the state sales tax and is rebated to the cities monthly by the comptroller's office.

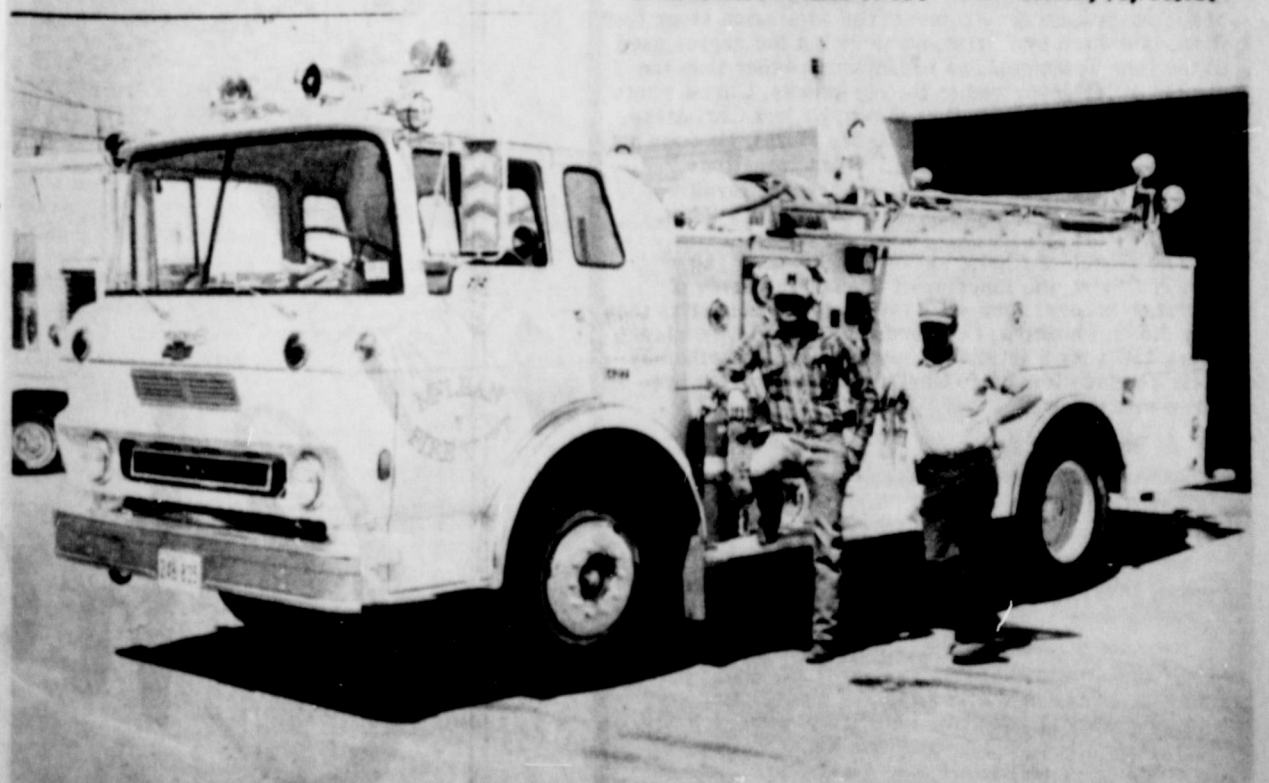

Amounts received this month by some neighboring towns include: Clarendon, \$29,374.71; Clarendon, \$9,168.72; Groom, \$3,824.45; Howardwick, \$1,112.25; Memphis, \$16,952.64; Pampa, \$148,586.19; Shamrock, \$12,118.60; and Wheeler, \$5,766.91.

McLean residents will notice a change in their bill from the city next month. The \$1 surcharge added to each month's bill to pay for the fire truck has been removed. Fire chief Jim McDonald announced last week that the bill for the truck is fully paid. The 1974 Boardman pumper cost \$32,500 when it was purchased in 1974. It is a triple combination pumper capable of fighting house fires, tanking water, and fighting grass fires. It also carries all the rescue equipment for the fire department. Pictured by the truck are firemen Clarence Pierce and Lloyd Bybee. (Staff photo by Linda Haynes.)

BANK

But I can't be out of money, I've still got lots of checks left.

Cartoon by LELAND MYERS

PLOWIN' Out The Corners

As I write this I am practically going out the door to go to Shamrock to attend the St. Patrick's. If I can mooch a ticket from my brother-in-law, and just think of all I have done for and to him. He should by all means fall for it. I mean if he will loosen up and buy the tickets we will go to the banquet. If he tightens up as he often does, I will just eat more than I should of his dear wife's good cooking. He can't win.

If I get in at the door, I will be in the same room with my good friend Justin Wilson. I have his book and I love his Cajun humor, but I always get behind the door partly to really enjoy it, and they don't fit so well along the ones I use from the Sunday School ladies. He delivers a Cajun Whammer in there once in awhile that just wouldn't do in a beginner's class. We exchanged books. I got the best end of the deal, but some of that Cajun dialogue just ain't adjustable to even the junior department.

On top of that I note that I will be in the same room with Bill Mack. His jokes seem fairly cleaned up for his Mid-night Music Show, but

some of those songs, especially the titles, are almost as bad as Justin Wilson's jokes. When started Uncle Zeb's column I really didn't want him to become the least bit earthy. But it's hard to do. And Gosh, they are both funny.

By the time you have read this I will have already been there. So many are my friends. Both candidates for the 66th legislature have had the honor of being my neighbor. John Harnciar will give me another lesson in genuine Republicanism. He does know some good answers. If Nixon had just turned off that cassette.

More almost than anyone I will miss my old school chum John Glasscock. Each year, one by one we are all passing by. He was the most.

I dread looking at Bill Howe's green beard, but the smile beneath makes it all worthwhile. Anyway, I ain't started yet and I have already had a barrel of fun. I have cousins there by the dozens. I can't remember some of their grandparents, much less grandchildren.

Come on Justin, give me one real Cajun belt buster...

COUNTY

Continued From Page 1 suggestions in April so that the county is divided according to population. But whatever plans are approved by the court also must be approved by the U.S. Attorney General's office and the Civil Liberties Union, he said.

Redistricting will not go

into effect until 1979 and will not be fully implemented until 1984.

Winners of the November commissioner elections for precincts 2, Pampa, and 4, McLean, will serve their regular terms. Precinct lines will be changed, however, for the 1980 elections. Those elections will be for precincts 1 and 3.

IS THE CHURCH OF CHRIST A DENOMINATION???

When we read about the church described in the New Testament we are impressed with the fact that it is not a denomination or sect or religious party. This church is simply the "called out," the saved ones who have obeyed the gospel of Christ (2 Thess. 1:7-9) and are walking the way of Christ (1 John 1:7). Wherever the Word of God is preached and men believe and obey its message, you will find the undenominational church of Christ Jesus said: "The seed is the word" (Luke 8:11). In our modern world the word "denomination" has become synonymous with the Bible word "church." This is most unfortunate because the church which fits the New Testament description must be "non-denominational." It will have no head but Christ, no earthly headquarters, no requirements for admission other than those laid down by Christ, no name but the names used in the New Testament, no organization other than the simple order described in the Scriptures. Christ wants all who would seek to follow him to be just Christians, nothing more and nothing less (Acts 11:26). He does not want them divided into "sects," "denominations," "parties," etc. with rival names, creeds, loyalties, and organizations nor does He sanction such (Matt. 15:1-9).

The church of Christ is non-sectarian. It is the body of Christ, the kingdom of Christ, the bride of Christ. Wherever men obey the gospel of Christ as they did on Pentecost, the Lord adds them to the church (Acts 2:47). As Christians they are bound together by their common loyalty to Christ and love for the brethren everywhere.

McLean Briefs

Alberta Fry was in the Pampa hospital last week.

Carol Allison was in an Amarillo hospital last week.

Jan Johnson was in the Pampa hospital last week.

Kathy (Raines) Carter was in McLean last week to visit her parents Mr. and Mrs. Sam Haynes on her mother's birthday.

Mr. and Mrs. Boyd Reeves visited in Abertnathy last week with their son Joe Reeves. While there they attended their granddaughter's wedding.

Dudley Reynolds, a McLean eighth grader, finished fourth in the Gray County Spelling Bee March 16.

Deaths

Nelson Jackson
Services for Nelson Jackson, 81, were at Hobart Baptist Church in Pampa March 16. Burial was in Hillcrest Cemetery in McLean.

Jackson died March 14. He is survived by his wife, Willie; a son, and a daughter. Jackson was a relative of the Trew family.

Alan Hunt
Funeral services for Alan Hunt, 31, of Houston were

held Feb. 23 at First Baptist Church in Killeen. Burial was in Copeland Memorial Gardens in Austin.

Hunt died Feb. 21 in a Houston hospital after a lengthy illness.

He served in the U.S. Navy as a lieutenant from 1970 to 1973. He practiced law in Houston and was a member of the State Bar Association and the Baptist Church.

His parents were Mr. and Mrs. Cagle Hunt of Killeen. He was the nephew of Lloyd Hunt of McLean.

Club Activities

The Council of Clubs will meet at 7 p.m. Monday at the city hall. All local organizations are urged to be represented at the meeting.

The Mary Martha Sunday School class of First Baptist Church met in the home of Mrs. Clara Naude Hupp March 11. The opening prayer was offered by Mrs. Margaret Chapman. Mrs. Loree Barker, president, led the meeting.

Mrs. Dude Turner read two poems. The birthday girls were Mrs. Turner and Mrs. Evelyn Hunt. They were presented birthday cakes from their "Secret Pals."

Refreshments on a St. Patrick's style table were served to Mrs.

Margaret Chapman, Mrs. Ba Lester, Mrs. Loree Baker, Mrs. Verna Hudgins, Mrs. Essie Howard, and Mrs. Gladys Smith, in addition to those already mentioned.

Lions' Club activities throughout the world were described in a talk by Lion Lions' District Governor Felix Riles of White Deer Monday night at the regular meeting of the McLean Lions Club. Britt Hathaway became a member at the meeting.

The Swa-Pa-Hobi Club met March 15 in the Senior Citizens Building, with Lena Bailey as hostess.

President Jerry Corbin called the meeting to order and each member answered roll call with a "Helpful Hint."

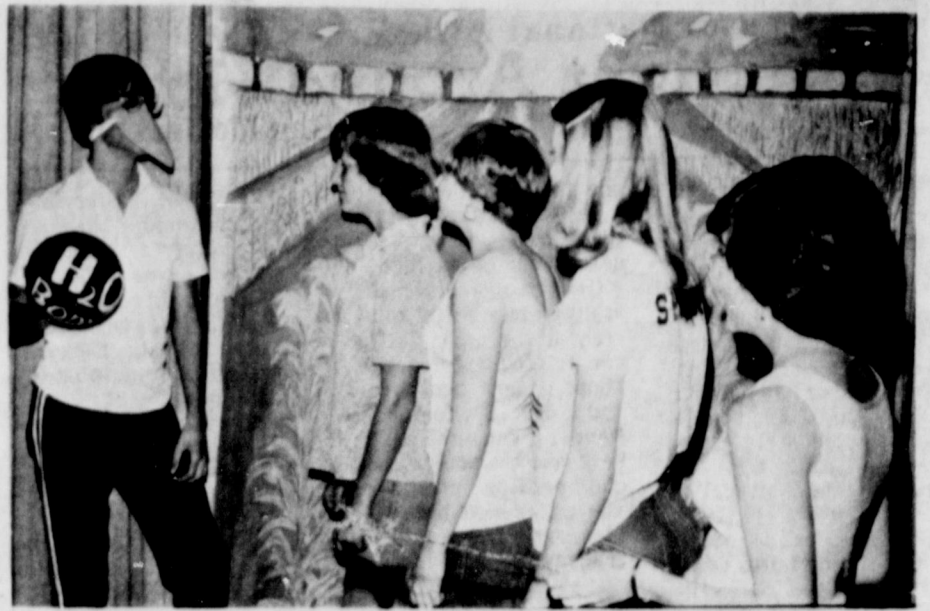

A devotional was given by Sophia Hutchinson. Lucy Goldston gave a talk on house plants.

Refreshments were served to Emily Rippy, Bernah Lou Lankford, Jerry Corbin, Loree Becker, Lucy Goldston, Maggie Johnston, Sophia Hutchinson, and Lena Bailey, and one visitor, Mary Sawyer.

The next meeting will be in the home of Loree Barker April 19.

The Gray County unit of Texas State Teachers Association, composed of the faculties of Lefors, McLean and Grandview-Hopkins, met in Lefors cafeteria last week.

The group voted to furnish \$200 for expenses for the unit president, Maxine Sanders, to attend the state TSTA meeting in Dallas this weekend; for the delegate to the NEA meeting in Dallas in June-July, Bill

"The Happy Scarecrow" will be presented at the high school auditorium Monday night at 8 p.m. The play, which will be presented at the University Interscholastic League zone play contest in Wheeler next Thursday night, stars Melinda Hunt, Scott Raines, Natalie Morris, Sherry Glass, Sherry Swamer, Rachel Glenn, Brad Melton, Randy Suggs, Lalonna Keeton, and Jeanette Brown. Pictured above are Brad Melton, Sherry Glass, Jeanette Brown, Sherry Swamer, and Rachel Glenn. (Staff photo by Linda Haynes)

Game Set For TV

Queens In Final Four

Next stop, Los Angeles.

That's the trip earned by the Wayland Flying Queens last weekend as they won the ALAW Central Satellite Basketball Tournament in Denton. By beating Ohio State and North Carolina State, the Queens stayed in contention for the national championship as the field is reduced to four women's teams.

Wayland will meet the University of Maryland tonight (Thursday) at Pauley Pavilion on the UCLA campus, while host UCLA will play Montclair State of New Jersey.

McElroy, \$250, and \$175 for the presidents' workshop in Austin during the summer.

Door prizes were won by Ruth Winegeart and Sharon Carter, and each guest received a darney stone and a miniature basket of Easter eggs.

The next meeting will be May 1 in the McLean school cafeteria, at which time officers will be elected.

"The Pygmies of Iure Forest" was the subject of a talk by Margaret Coleman at the March 16 meeting of Pioneer Study Club. The program described the early maturation and

short life span of the Pygmy Hostess Clara Hupp chose the St. Patrick's Day theme for decorations.

Those attending were Nancy Billingsley, Mary Lou Glass, Molly McDowell, Mary Emma Woods, Irene Pakan, Leona Sitter, Fayette Bell Barton, Vera Back, Ruth Magee, Bonnie Fabian, Lucille Jones, Doris McElroy, Mary Lowder, Margaret Coleman, and Shirley Stokes.

The Queens, now ranked No. 1 in the nation after Maryland upset top-ranked Tennessee in the Eastern Satellite, were not at their best in the first game at Denton last Thursday, but still had little trouble with Ohio State's Lady Buckeyes, prevailing 66-56. Sheri Haynes of McLean played sparingly for Wayland and scored 2 points.

The finals Saturday pitted the nation's No. 2 (Wayland) and No. 3 (North Carolina State) teams against each other in a rematch. The Wolfpack had beaten Wayland

earlier in the season 98-86 before a North Carolina crowd of more than 6,000.

But the Queens won the game that counted, outscoring the Atlantic coast team 72-55, Wayland led only 60-55 with 3 minutes left, but scored the last 12 points in the game. Haynes did not see action in the contest.

The third place and national championship games in Los Angeles are scheduled for Saturday. Plans have been announced for at least part of the final game to be broadcast on "SportsWorld" Sunday afternoon.

Gina Layne, McLean's Lions Club Sweetheart, and Lynda Daniehl, Miss McLean 1978, were McLean's co-hosts in the St. Patrick's Day festivities in Shamrock Saturday. (Staff photo by Linda Haynes.)

Banquet Held March 15 At Baptist Church

The fellowship hall at First Baptist Church was transformed into shades of spring at an all-church banquet there March 15. The Women's Missionary Union sponsored the event that was attended by about 100 members and guests.

The banquet hall gave the appearance of spring with the use of a rainbow of colors. Multi-colored crepe paper ropes were joined at the center of the ceiling with a cluster of paper flowers the G.A.s had made. Green plants were placed around the room, and Easter baskets of fresh spring flowers adorned the tables.

The Baptist Women, Acteens, and G.A.s all had booths set up to portray the message of the work of the respective organizations. A wall mural, "Share His Love," called attention to the theme of the Home Mission Emphasis that the W.M.U. is promoting. An offering will be received through the Easter season to advance this mission in the United States.

After the dinner, the Acteens sang the song, "Share His Love," followed by a scripture reading by the G.A.s. The film, "Missionary to Walker's Garage," was viewed.

your National Parks Right Around Home by Ben Moffett

The national parks are strange and wondrous places. Their natural beauty often lulls people into thinking they are placid and tame, but danger can lurk in a national park the same as it can elsewhere in nature. In 1976, 152 people died of accidental causes while visiting the 286 areas of the National Park System. In 1977, 183 died. With a record 280 million visitors expected in the parks in 1978, Southwest Region Director John Cook is working to reverse the rising trend of accidents.

"Some element of risk is inherent in any wilderness experience," Cook said. "We can't mar an area's natural beauty by fencing every-

one in. But if everyone takes an active part in their own safety, many deaths can be avoided."

Cook recommends that visitors take a few minutes at the park visitor center for information about park conditions and special features. Rangers know the parks best and the advice they can provide may spell the difference between a pleasant visit and a tragedy.

Cook outlined the major hazards in the southern and southwest parks and suggested ways to avoid them.

Drowning is one of the principal causes of death in the parks and one that particularly appalls Cook because it can almost always be prevented if the rules are fol-

lowed. "For safety's sake," he said, "always observe posted warnings, never swim alone, wear life preservers at all times on boats and check with rangers before swimming in un-posted areas."

Auto accidents are another leading cause of park deaths. "Rubbernecking is a big factor in car accidents," Cook said. "Awed by the scenery, people will stop their cars on a blind curve or a tight turn or drive across the center line."

"The visitor should not try to see the park from the car, but stop frequently at turn-outs to enjoy the sights," he said. "Park roads are built in a way that causes minimum impact on the

environment. They are safe at posted speed limits, but they are not superhighways."

Falls also take their share of lives. "To minimize the danger of a fall, visitors should stay on marked trails and proceed cautiously," Cook said. "Watch for loose rocks on steep trails or in cliff areas. And always alert the park when you are on an extended hike."

Wildlife presents another hazard. "The park is not a petting zoo," Cook emphasized. "Cute baby animals may have protective parents nearby. Small mammals might carry disease and there are some poisonous reptiles in the parks. All these animals are protected and should be avoided."

Heat can be a serious problem, especially in desert areas. Both cars and people can overheat and need extra water and special care. "If you have care trouble, don't

walk out for help," Cook advises. "Heat prostration can happen quickly."

And above all, Cook warned, "Watch the children. Your knowledge cannot help a child who is beyond your protective reach and warning voice."

For a safe trip, Cook advises visitors to keep the National Park Service safety slogan in mind: "Have a SUPER trip." SUPER is an acronym for Safely, Use Preserve and Enjoy the Resources, with emphasis on the "S".

If you are planning to visit a National Park Service area on your vacation, write the agency at P.O. Box 728, Room P-1, Santa Fe, N. M. 87501. You'll be sent a planning guide that lists NPS areas near your home and charts the facilities and services available at each.

News from your County Agricultural Agent

By JOE VAN ZANDT
Texas A&M University Extension Service

FRUIT MEETING

The last session of our Horticultural Short Course will be held at 7:30 p.m. Tuesday, March 28 in Pampa at the Courthouse Annex Meeting room. Mr. Blueford Hancock, Extension horticulturist will discuss fruit tree care and management.

Everyone interested in learning more about fruit production whether it be on a few trees in your yard or on a commercial scale with several hundred trees should plan to attend. We had a lot of bacterial spot on peaches last year and this will be just one of the many topics discussed during the meeting. Mr. Hancock will be available for a limited time Tuesday afternoon for individual conferences on particular problems. You would need to call the County Extension Office, 669-7429, before Tuesday to arrange for an individual conference.

SOIL SAMPLES

The results from three recent soil samples submitted by Steve Waters, Matthew Britton and R.J. Bradley to our Extension Service Lab in Lubbock point out the need to have your soil analyzed every 2 or 3 years. These samples were all from lawn and garden sites and the results were quite varied.

One sample was very high in plant nutrients and should need no additional fertilizer for over 2 years. In fact on this particular area if heavy fertilization rates had been maintained for a few more years, then an excess of some nutrients such as phosphorus could cause a nutrient tie-up and result in some micro-nutrient deficiencies.

Another sample's result was on the other extreme and was low in nitrogen, phosphorus, and iron. The third sample was very low in nitrogen but very high in phosphorus. This third sample recommended that fertilizer containing only nitrogen be used. Only relative small amounts of

fertilizer are needed for lawns, gardens and flowers but if the wrong kinds are applied then it is entirely possible to cause more problems. It is very easy to apply fertilizer in excessive amounts to small areas. For \$2.00 you can get a sample of your soil analyzed at the Extension Service Laboratory in Lubbock. Sample boxes, mailing cartons and information sheets are available in the County Extension Office, Courthouse Annex, Pampa, RANGE, BRUSH MEETING

One of our Range and Pasture Short Course meetings re-scheduled from February has been set for 8:00 p.m., April 4, in Pampa at the Courthouse Annex. Dr. Tommy Welch, area Extension range and brush control specialist, Vernon, Texas, will present the program. He will discuss brush and weed control, grazing systems, and expected economic returns from these improved management practices.

SWINE SHORT COURSE
The Texas A&M University Swine Short Course will be held in Amarillo on April 5 at the Agricultural Research and Extension Center, 6500 Amarillo Blvd., West from 9:00 a.m. to 3:45 p.m.

The program features outstanding speakers including a commercial producer, several specialists and college professors from swine producing areas in the United States. The topics to be covered include: health, buildings, nutrition, crossbreeding, and flush systems.

Swine producers should make plans to attend this program and hear the latest in swine production ideas and research results.

HOME LAWNS
We have two publications on lawns available at the office. Lawn Care, L-1372, outlines some of the major things to do in caring for a lawn. The Home Lawns, MP-1180, is more detailed on everything from estab-

lishing a lawn to caring for one already established. Call the office, 669-7429, if you would like a copy of either bulletin.

Three operations can get a lawn off to a good start--scalping, fertilizing and applying a weed killer.

Scalping a lawn helps to promote spring and summer growth. It is accomplished by lowering the blade on the lawnmower one-half inch below normal. Then mow the yard in two directions that are right angles to each other, removing the clippings after each mowing.

After scalping, apply a complete fertilizer at the rate of one pound of nitrogen per 1,000 square feet. This would equal 12 pounds of an 8-8-8 fertilizer or 8 pounds of a 12-4-8 fertilizer. The application should be repeated in the fall. Additional growth and a dark green color can be maintained during the summer by applying nitrogen fertilizer every 60 days at the rate of one pound of nitrogen to every 1,000 square feet.

To keep crabgrass and other unsightly weeds out, apply a pre-emergence herbicide containing benefin, dacthal, or bensulfide early in the spring. Read the label carefully before applying any herbicide or weed killer to your lawn as it may be harmful to trees, shrubs or ornamentals. If you have other weed or grass problems in your lawn, give me a call.

Girls Track Team Places Fifth At Warrior Relays Saturday

The McLean high school girls' track team placed fifth in the Warrior Relays at Miami Saturday, paced by the record-setting discus throw of Tonia Hathaway.

Setting a new school record with her throw of 92 feet 1 1/2 inches, Hathaway won first place in the event.

Hathaway placed second in the shot with a put of 31'11". In the triple jump, Jamie Trew placed fourth with a jump of 31'5 1/4" and Judy Trew placed sixth with a 31'2" jump.

In the long jump, Melinda Hunt placed fifth with a 15'3 1/4" jump, and Joy Rhine placed sixth with a 15'2 1/2" jump.

In the running events, the 400 meter relay team placed fourth with a time of 56.4. Members of the sprint relay are Hunt, Rhine, Jamie Trew, and Judy Trew.

Rhine also placed fourth in the 80 yard hurdles with a time of 12.0. Hunt, Judy Trew, Jamie Trew, and Jill Trew placed fifth in the 800-meter relay. Hunt, Jamie Trew, Rhine, and Jill Trew won third with a time of 4:46.5 in the 1600 meter relay. Canadian won the girls' division of the meet with 120 points. The Tigerettes totaled 54 points for their fifth place finish. The girls also had a dual meet with Shamrock at McLean Tuesday afternoon. Their next meet will be the Amarillo relays March 31.

Faculty, Seniors Play in Games

The McLean school faculty played the seniors in two spirited, if not skilled, basketball games Tuesday night at the McLean gym.

The games were sponsored by the senior class. On the distaff side, the senior girls trounced the aging faculty 44-32. Mary O'Neil was high scorer for the faculty.

The seniors' scoring was evenly divided among a number of girls. In the men's game, however, youth proved no match for the experience of the Balding Black.

At the end of the first half, the score stood at 24-12, in the faculty's favor.

The senior boys came back to make it close, but the faculty won it by a 43-39 score.

Dr. Kit On Stage Tonight

Fifteen or more local volunteers will be placed under hypnosis at one time during an appearance of hypnotist Dr. Kit at the McLean High School auditorium tonight (Thursday) at 8 p.m.

This will be one of many demonstrations Dr. Kit will present in the program sponsored by the McLean High School student council.

Dr. Kit says no person will do anything under hypnosis that is against that person's principles. Advance tickets are on sale by members of the student council, and tickets also can be bought at the door.

McLEAN ATHLETES AND FANS WATCH MIAMI TRACK MEET

TREW SISTERS EXCHANGE HAND-OFF IN 800-METER RELAY

STEVE ELLISON BEGINS DISTANCE RACE

Jay Killham Wins Pole Vault At Miami

Three McLean thin-clads placed in the Warrior Relays Saturday at Miami, with junior Jay Killham beating his earlier pole vault record a full 12 inches with an 11' 6" jump to win the event.

Others placing were Randy Suggs in his first time at the high jump pit, leaping 5'8" to take fifth. Tom Eck also earned a fifth place with a 5:30 mile.

Wellington won the boys' division of the track meet with 123 points. McLean finished ninth with 14 points.

All of the Miami running events except the mile were set in meters instead of yards, in both the boys and girls competition, one of few meets in the area to switch this early. The district meet will be run in meters.

The Tigers' next action will be Saturday at Memphis.

NOTEBOOK

Continued From Page 1
speaker, providing official caps for the timers and other officials, and keeping the overall standings up-to-date, announcing them at regular intervals.

One incident showed how "on the ball" the Miami people were: Just as some of the girls were in the blocks for the start of a race, the announcer broke in and said something to the effect of, "Starter, let's hold off for just a minute; there's quite a twister approaching from behind the hill."

Everyone looked up and, sure enough, whirling grass and dirt could be seen high in the air, coming over a hill. Runners and spectators braced themselves, shut their eyes, and the whirlwind swept across the field. The athletes resumed their positions, and the action resumed.

Speaking of the weather, a couple of McLean News staffers were "faked out" by our fast-changing Pan-

handle conditions. They were on their way to Amarillo to take the newspaper to be printed when, they claim, they ran into a "terrible blizzard" at Groom. Being wise and cautious, they called in to report the danger, then put the newspaper materials on the bus, being afraid they couldn't make it to Amarillo in their small car.

They decided to eat a bite before trying to make it back to McLean, and apparently just after they got the paper on the bus to Amarillo, the blizzard let up and the sun came out.

Their story sounds a little fishy (an isolated 30-minute blizzard when it's almost spring?), but the climate in this part of Texas does have a reputation of being fickle. So I'll give them the benefit of the doubt.

SCHOOL BOARD

Continued From Page 1
Morris and Shirley Johnson will serve as absentee clerks.

In discussing employees' salaries, the \$50 Christmas bonus was changed to a regular \$50 above state addition to the salaries, with a Christmas bonus to be given if funds are available.

In other action, the driver's education fee was raised to \$32.50 per student.

Extensive changes in the state tax laws also were discussed.

Plans and cost of a proposed new gymnasium were presented, and the proposal was tabled.

Present for the meeting were board members Tony Smitherman, Jim Allison, Darryel Herndon, Dub Stokes, June Suggs, Lloyd Hunt, and Joe Billingsley.

School personnel present were Homer Jefferson, Shirley Johnson, Gene Gee, Ron Cummings, Dorma Thomas, and Bill Coward.

Eight townspeople also were present.

Strong Winds, Dry Weather Cause More Fires This Week

The McLean Volunteer Fire Department was busy last Saturday from 11:30 a.m. until after 6 p.m. fighting two grass fires. The first fire by the Papan road east of McLean consumed more than a section of grass. This fire reportedly was set by a car with a flat tire, causing sparks on the highway.

As the firemen were returning to the station from that fire, they received a second report. A grass fire on the S.S. Miller place burned more than a half section of grass. The strong wind

made the fire difficult to fight. At one time the house was in danger, and although one building caught fire, it received no damage.

Monday afternoon several grass fires were scattered over a large area from about one-half mile west of Sandspur Lake to as far as Jim Allison's love grass field.

A gasoline leak started a fire under the hood of a \$35,000 motor home Tuesday night. McLean firemen quickly smothered the fire in the vehicle, which was being delivered to a dealer in another part of the country.

TRACK TEAMS COMPETE AT MIAMI

By Tom Eck
 The McLean High School track team traveled to the 1st annual Miami Relays Saturday. Jay Killham, a junior Tiger, won the pole vault with a heaving vault of 11'6". Randy Suggs claimed 5th place with a leap of 5'6". Tom Eck also placed fifth in the mile with a time of 5:30.24. Other members who competed were Sam Haynes, Steve Ellison, Tim Killham, Denny Sharber, and Dwayne Morgan.

Tiger Band Receives UIL Division I

By Gina Layne
 The McLean Tiger Band, under the direction of Mike Lee, received its first division I rating in the University Interscholastic League concert and sightreading contest in thirteen years last week at Mary Moody Hall in Canyon at West Texas State University. In the concert portion of the contest, each judge rated the Tiger Band with a first division. Judges were Tom Henderson of Oklahoma; Buddy Richard-

son, who was Mr. Lee's high school band director, of Wichita Falls; and Barbara Stack, of Lubbock. The band received a plaque for their excellent rating. The sightreading portion of the contest was judged by Jim Bouse and Yarry Kingale of Lubbock, and Jerry Toler, who was a former Tiger Band director, of Guyton, Oklahoma. The band received two division II's and a division I in sightreading.

HAT CONTEST CONTINUES

First (and last) Annual Hat contest:
 Running score:
 Ken - 4
 Tom - 2

Dr. Kit Comes To McLean

By Tom Eck
 Dr. Kit will be here again tonight making his third appearance here in McLean. He is a nationally known hypnotist and does a little magic along with his hypnosis. The doctor asks for volunteers from the audience and puts them "under". Admission for the once in a lifetime show is one dollar (advance tickets). Tickets at the door are \$1.50. Tickets may be obtained from student council members.

Tennis Teams Defeat Irish Netters Again

By Steve Ellison
 Last Monday afternoon the McLean High tennis teams went to Shamrock to play the Irish. It turned out quite well. Once again they were undefeated. They could only play one set each because of the amount of people and the lack of time. The scores were as follows:
 Steve Ellison over Rick Gowdy 6-2, Gina Layne over

Nancy Garza 6-1; Sam Haynes over Gary Aron 6-4; Melinda Hunt over Rhonda Bachman 6-1. And Randy Suggs and Brad Melton over Terry and Rocky Green 6-0; Robin Smith and Kelly Moore over Jones and Riley 6-2; Randy Stewart and Tommy Eck and JoAnn Durham and Tom Toney Hathaway over Congers and Boyd 3-2.

GOLF TEAM TO PLAY ON IRISH LINKS

The Tiger golf team has been practicing for almost a month now and is now ready for the golf meets to begin. They will be traveling to Shamrock next Monday to compete in a one day golf meet. Members of this team are Sam Haynes, Tom Eck, Brian Stokes, Butch Cline, Jay Killham, and Scott Raines.

Pee Wee Basketball Teams See First Action Of The Year At Lakeview Tournament

McLean fifth and sixth grade basketball players saw plenty of action last week as they competed in the Lakeview Tournament. The local Pee Wee girls team, coached by Ron Cummings, won three of five games in the tournament which was the first competition of the year for both McLean squads.

In the first game last Tuesday, McAdoo edged the McLean girls 16-15 as Maria Eck scored 13 of the points, Paige McDonald hit McLean's other basket. Last Thursday, the local girls hit the victory column with a 33-25 win over Memphis C. Eck poured in 23 points.

Friday, the girls gained revenge against McAdoo with a 16-8 triumph. Eck scored 11. McLean continued successfully in a second game Friday as they defeated Memphis A 37-25. Eck again led the team with 22 points. The girls fell in their final game of the double

elimination tournament 34-29 to Estelling Eck accounted for 21 of the points, while Sharla Todd scored the other eight. The McLean boys were not quite as successful, but won one of three games. They started out losing to McAdoo 18-9. Kevin McDowell was high point for McLean.

The local boys, coached by Cecil Reynolds, then prevailed over Memphis C 31-27 Thursday as Robert Swaner and Craig Morris led the team with 10 and 8 points, respectively.

to Estelling Friday. Mike Reynolds was high point in the defeat with 4 points. The McLean Pee Wee basketballers' next action will be March 30-April 1 in the Samnorwood Tournament.

The boys closed out their participation at Lakeview in a 29-10 loss

At one time it was thought gold dissolved in dew.

Maria Eck sinks a basket in the Lakeview Pee Wee Tournament last week. Eck was high scorer for McLean's girls. (Staff Photo by Lisa Patman)

Tennis Teams Triumph Again

The McLean High School tennis teams met the Irish of Shamrock again Monday, this time in Shamrock, and again won every match. In the boys competition, Steve Ellison defeated Rick Gowdy 6-2 and Sam Haynes defeated Gary Aron 6-4. Randy Suggs and Brad Melton defeated Craig Terry and Rocky Green 6-0 in boys doubles, while Randy Stewart and Tommy Eck defeated Gary Mears and Larry Lacy 6-3. Gina Layne defeated

Nancy Garza 6-1 in girls action, and Melinda Hunt defeated Rhonda Bachman 6-1. In girls doubles, Robin Smith and Kelly Moore defeated Natalie Jones and Jackie Riley 6-2, while Jo Ann Durham and Toney Hathaway defeated Sandra Congers and Teresa Boyd 3-2 in a short set. The Tiger and Tigerette tennis teams were scheduled to take the courts again Wednesday at Clar- endon.

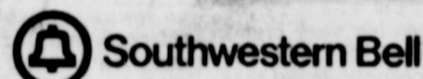

Lela Schools Plan Reunion

A meeting is scheduled for 7 p.m. March 31 at the Lela school cafeteria for discussion of a planned reunion of the Lela, Ramadale, Pakan, and Heald schools. The reunion is planned for July 1. Names and addresses of anyone who attended these schools or of teachers who taught there are needed. Anyone who has names and addresses can send a list to Billie Ray Lisle, Rt. 1, Shamrock (phone 256-

3908), or Norbert Schlegel, Rt. 2, Shamrock, or Kay Rikard, Rt. 2, Shamrock (phone 256-2019). Anyone interested in helping is invited to attend the meeting. Anyone who would like to attend the reunion is asked to send their name to one of the above addresses.

- ★ Successfully fought telephone rate increases
- ★ Fought national corporations' attempts to limit irrigation farmers' access to natural gas for well pumps in times of gas shortage
- ★ Urged the legislature to adopt a constitutional amendment to allow farm and ranch land to be taxed on the basis of productivity instead of on market value

JOHN HILL
GOVERNOR

Hill.
McLean brought home two of the awards from the competition in the annual St. Patrick's day parade held in Shamrock Monday.

Inc., for her column "Lookin' Back" that has been running in the news since November 30. Staff Sergeant Robert R. Rogers, Jr., son of Mr. and Mrs. Robert R. Rogers, Sr., of Lefors, has received the U.S. Air Force Commendation at Edwards Air Force Base, Calif. Sergeant Roger was decorated for meritorious service. He is an automotive maintenance technician and previously served at Phan Rang AB, Vietnam. Mr. and Mrs. Luther Petty, Mr. and Mrs. Henry Lowrie, Mr. and Mrs. Carl Baker and son, Jimmy, sang a gospel singing in the Eleventh Street Baptist Church at Shamrock Monday night.

TWENTY YEARS AGO
Bill Perkins, Editor
Among those attending the St. Patrick's Day celebration in Shamrock Monday were Dale Greenhouse, Richard Brown, Jerry and Bob Stubbs, Eddie Brown, Kay Stubbs, and Darla Jane

begin at 7:30 o'clock, Boxing Coach A.D. Shaver said this week.
FORTY YEARS AGO

G. L. Armstrong has bought the Hokus-Pokus grocery and will probably be in full charge by Monday of next week.

It is strange that there must always be a threatened outbreak of small pox to cause people to submit to compulsory vaccination. If the virus is any protection it would appear that it would be wise to require everyone to be vaccinated every so often, but the fact remains that people have to be scared before they will submit to the injection of vaccine in their blood. Maybe it is better so, as there is no doctor in the world who can tell just what effect vaccination will have on any certain individual.
C. J. Cash motored to Lefors Friday.

SIXTY YEARS AGO

Mrs. Walter Foster is in a sanitarium at Amarillo,

where she went for an operation.
Arthur Poncelet returned early this week from Washington, New York, and other Eastern points, where he went in the interest of his aeroplane patent, which is pending.

From Tales of Gotham and other Cities... Frances Tarillion is the handsome "boy" of a boy, with just a bit of feminine swaggle, but you must speak to her as Miss Frances, for though yesterday she was a boy, today she is a girl—a rather involved way of saying that she police discovered her to be masquerading.
Frances has the appearance of a ruddy-checked boy of fourteen years. No one would think of calling her "Miss Frances" as she stands there in a natty brown suit, stylish shoes and jaunty hat tipped rakishly on one side.
And for a year no one ever did know. Frances walked the streets of the city as an errand boy, she worked in a grocery owned by B. J. Worthman, and still no one knew or suspected. There wasn't any task too hard nor weather too disagreeable and for weeks the grocery man valued the service of a cheerful worker.

Miss Tarillion seemed somewhat surprised that anyone should be curious to know why she preferred to be a boy.
"Why, I can make much more money as a boy," she said, thrusting hands in trousers pockets. Her voice is deep and full, with a pleasant sonorous quality.

Judging Team Places High

The McLean FFA livestock judging team finished high last week at the Top O' Texas livestock show.
Curtis Simpson tied for high individual in the competition and received a second place ribbon because the other student's team finished higher than did McLean.
The local team, consisting of Simpson, Greg Henley, and Mike Harkins, placed fifth in a field of 49 teams.

Lovett Memorial

Library Notes

CHILDREN WITH EMERALD EYES, Histories of Extraordinary Boys & Girls by Mira Rothenberg, The Dial Press, New York. By LISA PATMAN
McLean News Staff

Here is an extraordinary book by an extraordinary woman, Myra Rothenberg is a gifted psychologist who works with autistic and most interesting schizophrenic children. This book is an account of some of her most interesting and dramatic cases.
Rothenberg tells of Chaim, a child of concentration camp survivors, who absorbed the pain and terror his mother experienced and thus became a victim himself.

Local Woman Enjoys Fling On TV Show

"Stella Gibson, come on down!"
That's what one McLean resident heard in December when she visited "The Price Is Right" game show in Hollywood. Emcee Bob Barker was there, of course, as was announcer Johnny Olsen.
Mrs. Gibson said she thinks the show's producer picked her to compete in the game when he found out she was from Texas.

Mrs. Gibson just missed at winning the big money—in this case more than \$20,000 in merchandise—but she did come home with \$25 worth of honey, and \$25 worth of carburetor cleaner, and of course, lots of wonderful memories.
The show was scheduled to be aired this month.

And there is an account of Sarah, who must have everything, even her food gift-wrapped, and whose only friend is her hani. Peter, an idiot savant, has the ability to solve complicated mathematical and mnemonic feats, can remember almost every event and its date, but is morbidly afraid of life.
And there is Danny, whose angelic expression hides his compulsion to destroy everything around himself.
Rothenberg tells their stories with a gentleness and understanding that is most comforting. Her dedication and determination are apparent throughout the book.
"Children with Emerald Eyes" is available at Lovette Memorial Library.

Baptists Offer Transportation

A mini-bus has been acquired by First Baptist Church to make it possible for all to have a way to church should they need transportation. Sunday morning, Easter Sunday, the bus will make its first rounds for anyone, young or old, who needs a ride to church.
A regular route has not yet been set up, so for this Sunday, anyone who would like the bus to come by can call Mrs. Susan Barker at 779-2703 or Mrs. Loree Barker at 779-2817.
The mini-bus is a white Chevrolet Suburban.

Golfers To Play At Shamrock

McLean High School golfers will take to the links in their first match of the season Monday at Shamrock.
Jack Dorsett is coaching both the boys and girls teams.

PHOTOGRAPHIC, WRITTEN INVENTORIES

Photographic or written inventories offer accurate records of household possessions. Prepare a complete and precise inventory—and, avoid relying on memory alone to list possessions in case of a total loss of property.

When preparing a photographic inventory, photograph each wall over-lapping areas. Take close-ups of special possessions. Open cabinet and desk drawers, and photograph special collections separately. Keep the negatives in a safe deposit box, along with photographs. Save the negatives in case the insurance company wants to have a special blow-up of some of the photographs.

When preparing a written inventory, include everything in the home, on the walls, in pantries and in the garage. Write down the date, year of purchase and the cost. If the exact purchase cost is not known figure out the cash value minus depreciation to date. For example, furniture can be written off on a 10 to 15 year depreciation schedule and clothing three to seven years. China and silver do not depreciate.

Also, for inventory purposes, mark possessions by engraving social security number or driver's license number on large possessions. To help in the inventory ask for the Extension publication "Setting Your Household in Order." It is free from the County Extension Office.

REMOVING SMOKE STAINS FROM CLOTHING

Clothing—smoke stained from building fires, fireplaces, or an enclosed room filled with smoke—requires careful cleaning procedure. To remove smoke stains from washable fabrics, sponge the soiled area with drycleaning solvent until the stain is removed. Next, allow the fabric to dry. Then, launder following the recommended care instructions. If safe for the fabric, chlorine bleach may remove any final traces of the stain.

For nonwashable fabrics, take the garment to a reputable dry cleaner and explain what the stain is. The garment may have to be put through the cleaning process repeatedly before the stain is successfully removed.

THIS AND THAT
—Do not cut off snagged or pulled yarns in fabric. Stretch fabric to restore appearance as much as possible—then pull the

snag to the under side with a needle, a fine crochet hook or a gadget available at notion counters designed especially for repairing snags.

—Don't keep fats and oils in partially filled containers. Transfer them to smaller containers to eliminate air space—they will keep longer.

—Reverse room-size or area rugs every six to twelve months to distribute rug wear. This practice will prolong rug life.

—In buying electrical appliances, be sure they are safety tested. Look for an Underwriters' Laboratories (UL) seal or tag—or other tag that gives laboratory-tested approval.

—Hard-bristled toothbrushes are not necessary for cleaning teeth. In fact, hard bristles may damage sensitive gum tissue.

4-H NEWS

By LAYTON BARTON and MARILYN TATE
County Extension Agents

The Gray County and Top of Texas Stock Shows are now over and it is time to be thinking about next year's project. There are a number of steer sales coming up in the next few weeks which we will be attending as well as visiting with various breeders over the state. If you plan on feeding a steer next year and would like us to help find you one, contact us at the Extension office. We would advise you not to wait until "the last minute" in August to get your steers as they will be picked over and very few, if any, good steers will be left.

The Gray County 4-H Council will meet Saturday, April 8 at 10:00 a.m. in the Courthouse Annex in Pampa. All club presidents, delegates, and council officers are urged to attend this meeting as several items of business are to be discussed.

The District I livestock, horse, and rifle contests will be held on Saturday, April 15 at West Texas State University in Canyon. Gray County 4-H will have several teams competing at these contests.

Any 4-H'er who would like to present a method demonstration should contact our office for help in choosing a subject and securing material for it. County eliminations will be held April 21 at the Annex in Pampa. The District eliminations will be held April 29 at West Texas State University in Canyon.

Delinquent Hospital Accounts Sought
(Edited from The Pampa News)

The board of managers for McLean and Highland general hospitals approved last week turning over 93 delinquent hospital accounts totaling \$26,055.58 to a new collection agency.

Also at the meeting in Pampa March 14, board members learned that both hospitals lost money last

month: \$39,943 at Highland and \$9,874 at McLean.

February losses at Highland were attributed to the nursing services, house-keeping, and pharmacy departments. Most of McLean's losses were attributed to operating expense chief accountant Barry Breen reported.

Thompson Tapped As U.S. Attorney

New Mexico State Sen. R.E. Thompson of Roswell, N.M., has been notified by U.S. Atty. Gen. Michael J. Egan that he has been picked as the new U.S. attorney for the state of New Mexico.

Thompson said he will resign his seat in the legislature after a six- to eight-week background check by the FBI. He will succeed Victor R. Ortega of Albuquerque.

Thompson's mother was Naomi Hunt of McLean. He was born in Lubbock and grew up in Morton.

MR. AND MRS. STANLEY SIMPSON

Simpson, Lunsford Vows Read Feb. 4

In a double ring ceremony solemnized in the First Baptist Church of McLean, Sharon Lunsford became the bride of Stanley Simpson. Rev. Buell Wells officiated at the 7 p.m. ceremony on February 4.

The bride is the daughter of Mrs. Lorraine Wagner of Wheeler, Mo. and Mrs. W.C. Simpson are the parents of the groom.

Gay Simpson played many selections and sang "You Light Up My Life" and "The Way I Feel Tonight."

Ronnie Wagner, brother of the bride, gave his sister away in marriage. Karen Wagner assisted her sister as maid of honor. Her bridesmaid was Gaylene Rogers, cousin of

the bride. Tony Henley served as best man. Groomsman was Melvin Simpson. Milton Best and Billy Evans were ushers.

A reception was held immediately following the ceremony in the Fellowship Hall. The couple are presently making their home in McLean.

'Marriage-Go-Round' Featured

At Frenchie McCormick Dinner Theatre

Mr. and Mrs. Ed Patman were guests of the Frenchie McCormick Dinner Theatre in Amarillo March 16 on media night. They saw the comedy "Marriage-Go-Round," starring Pam McCormick and Reed Chambers. "Marriage-Go-Round" deals with a married pair of college professors in

illustrated lecture on the lighter side of marital fidelity. The professors' happily-married lives are interrupted by a foreign associate's once scrawny but now absolutely gorgeous daughter, who comes for a visit. The sweet young thing fancies herself infatuated with the husband and complications begin.
