LARGE CROWDS ATTEND RODEO, HOMECOMING

from the distaff side
by Linda Haynes

Homecoming activities are over in McLean, and, like most residents, I feel a mixture of relief and sadness.

It's a relief that all the hard work and long hours of preparation are over, but it is also sad that we won't get to see some of our friends for another two years.

I think the homecoming was a big success. There sure wasn't any lack of things to do, places to go, or people to see.

I would hesitate to try to list all the people who worked so hard to make the homecoming a success, but I think they should have some recognition.

Ruth Magee spent many hours working on the list of former students, and took care of all the bookkeeping and record keeping for the event.

George Terry was everywhere, helping with the Old Fiddlers contest, organizing the parade, alerting area media, and installing speaker systems all over town.

Ted and Sue Simmons organized registration and chaired the dance, and also spent several hours addressing letters to exes.

Leta Mae and F. Jake Hess helped organize the barbecue, made phone calls to exes, addressed letters, and did a thousand and one other jobs for the exes.

J.T. Trew helped organize the fiddlers contest and helped at the dance.

Jake Hess II, who was president of the Roping Club which sponsored the rodeo, did a terrific job by ordering bunting for the city merchants, organizing the horse race, and helping with the ex-students reunion, in addition to the myriad details of the rodeo itself.

Another unsung, exhausted hero of the festivities in McLean last weekend is Gwen Henley. Gwen and husband Carl Lee took care of the job of keeping books for the rodeo, and if you've never tried that, you can't appreciate what a tremendous job it is.

Dale Glass organized the concession stand for the Lions Club at the rodeo, and that is another tough, hard job.

Casper Smith, who always seems to be willing to help with worthwhile projects, put in many hours helping to organize activities.

I've left the president of the exes until the last, but he should be mentioned too. Sam Haynes was the organizer this year, and I may be just a little partial, but I think he did a great job too.

When I was thanking people for helping with the special edition last week, I left off one very important person. Kathy Carter came in from Odessa to help us set copy and paste up for that very big paper.

I really appreciate her sacrificing her time and leaving her husband to fend for himself for a week.

An added touch to the Homecoming this year was the signs painted on the windows of several businesses in McLean. Teresa Woods was the artist who added that special decoration.

One of the special joys of a McLean High School reunion for me is a chance to visit with some of my former students. I

Four McLean Teachers Resign, One Hired At Board Meeting

The McLean School Board of Trustees accepted four resignations and rehired one teacher during its regular session Monday night at the school business office.

Mr. and Mrs. Mike Lee, Betsy Neff, and Mrs. Jan Johnson resigned. The Lees are moving to Ropes, where he has accepted a position as band director. Mrs. Neff will teach in Amarillo, and Mrs. Johnson has accepted a job with Clarendon College.

Jarrell Russell Jr., vocational agriculture teacher at McLean High School who had resigned recently was rehired by the board.

The board voted to employ Joe Riley and Vester Joiner as extra custodial help for the summer, and to hire a typist for the high school for approximately one month.

The contract with the Region XVI PRSO Service Center in Amarillo for 1979-80 was renewed by the board for media service, ESEA Title I, and the testing service.

McClusky Wins Fiddlers' Contest

Nine area fiddlers entered the Old Fiddlers contest at the McLean city park Saturday afternoon and divided a \$300 pot at the conclusion of the contest.

Winning first in the event was Gary McClusky of Hereford. Bill King of Shamrock was second; R.C. Burkhalter of Perryton was third.

Others placing in the contest were 4th Bobby Scruggs of Amarillo, 5th Glen Studebaker of Alanreed; 6th Dean Yaden of Perryton; 7th J.T. Trew of Alanreed; 8th Jack Pritchard of Shamrock; and 9th, W.B. Cox of Pampa.

The board voted to pay approximately \$200 for flags for the flag corps of the band for the coming year, but denied a request by the Band Boosters to pay \$300 for expenses incurred by the band in Canon City, Colo. during a band festival.

Carey Don Smith was appointed as an alternate member of the Board of Equalization.

Routine Business Conducted At City Council Meeting

The McLean city council of McLean met in regular session Tuesday June 12 at 7 p.m.

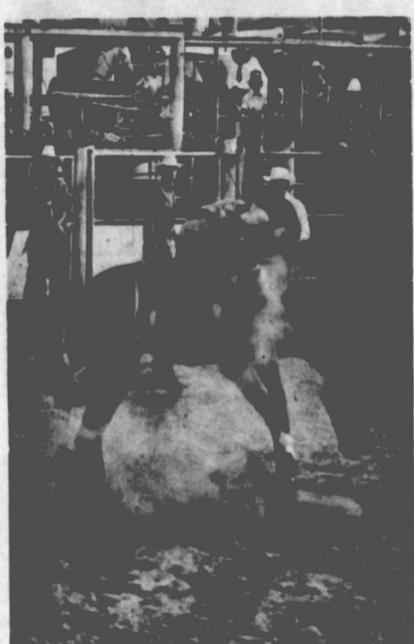

Mayor Sam Haynes and all council members (Miro Pakan, Ruth Magee, George Terry, Dale Glass, Boyd Meador) were present for the meeting as well as Librarian Martha Parker, city superintendent Bob Glenn, secretary Stella Lee and representatives from the cable TV service.

Martha Parker told the council of the financial condition of the library, which is in need of additional funds to maintain and broaden the scope of service. Haynes suggested the possibility of organizing a "Friends of the Library Club" to help augment the finances, and formation of the club will probably be made, subject to the approval of the Library Board. Additional funds also may be forthcoming from the city as money is available.

Wayne Stedum of Simmons Cable TV reported on progress of reworking old cable lines, and mentioned again that some inconvenience will be suffered by patrons during this procedure. Council members reported poor reception in various parts of the city, but

Record Number Of Exes Return For Reunion

More than 270 former students of the McLean Schools registered during Homecoming activities last weekend, but officials of the Ex-Students Association estimated that another 50 to 100 exes attended activities during the weekend.

Registration began Friday night at the Senior Citizens building, and continued Saturday morning at the McLean High School.

Approximately 540 tickets were sold for the barbecue dinner in the city park Saturday, with a large crowd attending ceremonies following the dinner.

U.S. Rep. Jack Hightower spoke briefly to the crowd, emphasizing the importance of the small town to the American way of life.

Master of ceremonies Sam Haynes introduced visiting dignitaries and two former coaches of McLean High School, Rush and Bill Allen, who introduced members of their teams.

Winners in the McLean High School All Time Super Star team balloting were presented certificates by school superintendent Carl Dwyer, and associate editor of The McLean News, Lisa Patman.

The Ding-A-Lings, a singing group featuring Ida Hess, Bonnie Brass, Linda Haynes, and accompanist Jan Roberts, Don Taylor, and Johnny Haynes, presented three numbers.

Sherry Glass, Ann Skipper, Brad Melton, and Brian Smitherman, winners in the "My Home Town" essay contest, read their prize winning essays.

200 Area Cowboys Compete In 66 Rodeo

Fair skies and a large Homecoming crowd helped make the annual McLean 66 Roundup Rodeo a success this year, as both performances of the rodeo were held in dry weather.

Several hundred people filled the Felton Webb arena on both nights, with 200 cowboys from over the area participating.

Winners taking home prize money in each event were:

BAREBACK: 1st, Graig Wildman and Ronnie Lynch (tie); 3rd, Tommy Cochran.

CALF ROPING: 1st, John Cox; 2nd, Bobby Edmund; 3rd, Jerry Light; 4th, Roy Byrd.

BARRELS: 1st, Lee Ann McMurtry; 2nd, Ricky Sue Lynch; 3rd, Cathy Otis; 4th, Glennis Wishart.

DOGGING: 1st, Rob Lauer; 2nd, Bobby Edmonds, 3rd, Keith Berk.

SADDLE BRONC: 1st, Claude Groves; 2nd, Ronald Caloupek.

STEER RIDING: 1st, Lee Ann Smith; 2nd, Tony Brass; 3rd, Bobby Sanderson.

BULLS: 1st, (Tie) Alec Bell and Buster Haney; 3rd, Jim

Morrison.

TEAM ROPING: 1st, Donald Ray Lewis and Jerry Spear; 2nd, John Cox and Buster Record; 3rd, Gary Knox and Freddie Lacuro; 4th, Bobby Lewis and Jerry Spear; 5th, Jim South and Mike Goad; 6th, Donald Ray Lewis and Doug Pettigrew.

Hedley Entry Wins Top Prize In Parade

The annual McLean 66 Roundup Rodeo parade had 15 floats and riding clubs and various other entries Saturday for one of the longest parades in recent years.

Winning trophies donated by the City of McLean were 1st place, Security State Bank of Hedley; 2nd place, 4-H Club of Gray County; 3rd, Valley Riding Club of Amarillo; 4th, Chamber of Commerce of Shamrock; and 5th, Leather and Lace of Pampa.

George Terry was chairman of the parade.

Brass RO Ranch Horse Wins Ranch-Horse Race

The first annual McLean Ranch-Horse Race Saturday afternoon drew a large crowd and 13 entries.

Chuck Brass, riding a Brass RO ranch horse, won the 440-yard race, held across the highway from the Felton Webb Rodeo Arena. Brass, who was riding a thoroughbred gray horse, received 50 percent of the entry fee money.

Each contestant in the race paid a \$25 entry fee, and only horses who had not been trained on a race track were eligible to enter.

Winning second-place and 30 percent of the entry fee pot was Mrs. Jarrell Russell, riding a horse owned by Neville Beck; Bill Billingsley riding a horse owned by Cecil Gillispie; Beverly Pierce, riding for John Stokes; and Barry Smith, riding a horse he owned.

Cindy Sherrod, riding a horse owned by Ronnie Brown, took third and 20 percent of the pot. The horses began the race

from the north end of the mowed pasture, and raced from a standing start to the south end. Cecil Gillispie was the flag man for the start.

Two riders were thrown from the horses after crossing the finish line, but neither was injured.

Other riders in the race were Darryl Herndon, riding for Jess Sheets; Thacker Haynes, riding for the Haynes Triangle Ranch; John Hess II and Jack Myers, riding horses owned by Hess; Elson Rice, riding a horse owned by Jim Rice; David Brown, riding for Megan Ranch; Carl Loomis, riding a horse owned by Neville Beck; Bill Billingsley riding a horse owned by Cecil Gillispie; Beverly Pierce, riding for John Stokes; and Barry Smith, riding a horse he owned.

Officers Investigate Wrecks

Three wrecks in the McLean area sent two people to the hospital, and resulted in extensive damage to vehicles.

Friday night a GMC pickup driven by Mark Morris overturned at the intersection of Sitter and Commerce. Two passengers in the vehicle owned by Joe Mirrer were injured, and Mirrer was cited by city marshal Neal Middleton for reckless driving.

Saturday night at 7:30 p.m., a 1968 Ford LTD driven by Edward Donald Ludlow of Tallahassee, Okla. attempted to turn left from the right hand lane near the Dingo Restaurant, and was in collision with a motorcycle driven by Milton Best of McLean. A passenger on the motorcycle, Denise De Pauw of

Amarillo, and Best, were both injured and taken to the McLean Hospital for treatment. Miss De Pauw was later transferred to an Amarillo hospital. Both are listed in satisfactory condition.

State Department of Public Safety trooper John Holland cited the Oklawaha driver for making an improper turn, and cited Best for not having a motorcycle license.

At about 3:20 Sunday afternoon, Thomas Edmund Cunningham of McLean lost control of the 1974 Mercury he was driving near Alamo on a dirt road, and the vehicle turned over.

Although the car was estimated as a total loss by investigating trooper Holland, Cunningham was not injured.

Teresa Woods Named Queen

Teresa Woods, daughter of Dr. and Mrs. David Woods, was chosen the 1979 McLean Rodeo Queen Friday afternoon. Miss Woods, who will be a freshman at McLean High School, was picked in judging at the Felton Webb Rodeo arena. She was introduced at each performance of the McLean 66 Roundup Rodeo.

LETTERS TO THE EDITOR

To the person responsible for mowing the right-of-way on the county line road east of McLean:

When I took my daily walk this morning I noticed, to my dismay, that when you mowed down those hundreds of ugly old wild flowers, you missed one spot by the El Paso plant because there's a deep ditch there and the mower couldn't get to them.

Might I suggest that you come out in person, cross the ditch, climb up the bank and cut them by hand. I'll even loan you a pair of cuticle scissors. Because they really need to be destroyed. They're blocking the view of some beautiful trash and a lovely, rusty, barbed wire fence. Besides that, they're holding down that great sand that forms such pretty dunes and builds up on our window sills when the wind blows.

Very sincerely,

Elsie Curry

Another event which brings enjoyment to all is the class of 65. When I taught this group, I was just a few years older than they were, and they were the first class I sponsored in McLean. I also helped sponsor the class on the last senior trip ever taken in McLean.

So for all those reasons, I enjoy seeing them.

I took quite a bit of good-natured ribbing from some of them because of my so-called "conservative, redneck" editorials.

I urged each and every one of them to send in letters to the editor, rebutting my opinions, and I promised not to take a red pencil to them. So maybe we'll see some samples of their opinions. Come on, class of 64 and 65, put your pencils to work and straighten us small-town folks out.

HOW LONG DO YOU THINK YOU CAN GET AWAY WITH THIS?

News from your County Agricultural Agent

By Job Van Zandt

GRASSHOPPERS:
As we write this news article, Gray County range operators are attempting to sign-up considerable acreage for a cost-share grasshopper spray program.
Gray County also has a lot of areas with grasshoppers that will not be in any spray program. Producers and homeowners with grasshoppers will need to take care of their own grasshopper problem areas now. The sooner you spray heavily infested areas, the better success of control will be.

Look for signs of infestations along roadsides and wood patches and fence rows bordering cultivated fields. Many of the grasshoppers that damage new crops and gardens hatch in these life areas. Early treatment of these areas before the young hoppers move from their hatching will greatly reduce the amount of acreage that might otherwise require treatment later.

hours for the free clinic are from 10:15 a.m. to 12:30 p.m. and from 1:30 p.m. to 3:30 p.m.

This is a come and go affair for anyone with problems or questions about sick plants or insects. Farmers, homeowners or anyone with problems relating to diseases, insects, soil fertility, gardening and general landscape plants are invited to bring sick or troublesome specimens to the informal clinic.

There will be five Texas agricultural extension service specialists on hand to assist and counsel with you. These specialists include: Dr. Bob Berry, plant pathologist; Dr. Carl Patrick, entomologist; Dr. Dale Pennington, soil chemist; Everett Janne, landscape horticulturist; and Dr. Roland Roberts, vegetable specialist.

This informative clinic is sponsored by the Gray County Horticultural and Crops Extension Committees in cooperation with the Gray County Extension Office - 669-7429.

Tell your friends and neighbors about the clinic as this will be the best opportunity to get some answers on sick plants during the entire summer growing season.

Bring your sick plant specimens or insects to this clinic and one or more of the specialists will assist in advising you on your plant problem.
Educational programs conducted by the Texas Agricultural Extension Service serve

people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

PESTICIDE CERTIFICATION:
I run across farmers who have not received their private applicator certification for restricted use pesticides. Farm operators need to come by the county extension office and obtain the necessary booklet and application form. You send the application in to the Texas Department of Agriculture. It takes a few weeks to get your certification. Therefore, you need to do this before you are actually going to need the certification number to buy a restricted pesticide. It is not difficult and I encourage you to do this real soon.

MULCHING VEGETABLES PAYS BIG DIVIDENDS:
What miracle material prevents weed growth, conserves soil moisture, keeps soil at the right temperature, adds organic matter to soil, prevents the splashing of soil onto plants and fruit, and eliminates hoe fatigue? Mulch is this miracle material.

Mulching is a very important part of vegetable garden culture in our arid climate. Mulching makes vegetable gardening a more pleasant and productive endeavor by reducing the labor required to control weeds while increasing the yield and quality of your vegetables and enhancing the appearance of your garden. The best mulch material is clean wheat straw. There will be a good supply available around wheat harvest time. Wheat farmers often bale wheat straw for use later on. A four-to-six inch layer of straw will prevent weed growth.

Most home gardeners have a continuous supply of grass clippings during the growing season. Apply a three-inch layer of freshly cut clippings on the soil surface around direct seeded vegetables soon after they germinate and around tomatoes, peppers, okra and squash after the soil temperature reaches 70 degrees Fahrenheit (21 degrees Centigrade). Additional layers of clippings should be applied as the season progresses.
Coarse leaves, collected the previous fall and composted through the winter, make a good mulch. Tree bark mulch gives the garden a neat appearance, but it is a relatively expensive form of mulch.
Black plastic film, spread out on the soil surface with the film edges well anchored in early spring warms the soil in early spring and favors the early growth of the warm season vegetables: tomatoes, peppers, cucumbers, squash, melons and okra. The plastic must be removed at the end of the season.
In the small home garden, organic mulches and black plastic mulch are more effective weed control than chemical weed killers. Chemical weed killers are quite specific as to the weeds controlled and vegetables spared. There is no single chemical that can be used safely in a garden with many kinds of vegetables.
The methods and timing of application for chemical weed killers are very precise. There is no room for error with chemical herbicides which are best used only by commercial vegetable growers.
Your mulched vegetable garden will amaze you with its productivity, beauty and economy.

1979 - 80 Lions Officers Installed Monday Night

Officers for 1979-80 were installed at a Ladies Night meeting of the McLean Lions Club Monday night.

Installing officer Sam Haynes read the duties for the new officers: Thacker Haynes, president; David Haynes, first vice-president; Dorman Thomas, second vice-president; Ted Simmons, third vice-president; Casper Smith, secretary; Carl Dwyer, tall twister; Dale Glass, Lion tamer; and Aubry Barton and Britt Hathaway, directors.

Outgoing Boss Lion Jim Allison was presented the Presi-

dents Plaque and the Lion of the Year Award.

Allison gave sweetheart Robin Smith a camera from the club for her service.

New member Billy Thomas was introduced to the group.

Allison expressed the club's appreciation to Dale Glass for managing the concession stand during the recent McLean 66 Roundup Rodeo.

New Boss Lion Thacker Haynes made a short acceptance speech, and announced that the new sweetheart would be Sally Haynes, who was unable to attend the meeting.

News Staff Attending Convention

Members of the staff of The McLean News are in Austin this week attending the Texas Press Association Convention. Lindsay Haynes, editor, Lisa Patman, associate editor, and Carol Allison, business manager left today for the three-day meeting.

The News was notified earlier that the paper had won an award on the state level. An awards breakfast is scheduled

for Friday morning to present 48 plaques and 84 certificates to state newspapers.

There are 114 daily newspapers and 528 weekly newspapers in the state. Each newspaper which is a member of TPA is asked to submit various stories and edition in eight categories for the state contest.

The McLean group will return Saturday afternoon.

Luncheon Honors Former Coach, Members Of Classes

A luncheon, co-hosted by Molita Greer, Billie Cash, and Leta Mae Hess, was held in the home of Mr. and Mrs. F. Jake Hess Sunday to honor Coach Bill Allen of Fort Worth and Florissant, Colo. and members of the classes of 1935, 36, and 37.

Coach Allen was head coach in McLean for three years,

1935, 1936, and 1937. The Tigers played Shamrock twice in 1935, with the first game ending in a 6-6 tie, and the second game going to McLean, who was declared district champion.

In 1936, the Tigers played the Amarillo Saddles, and even though they lost, they played a good game.

In 1937, Coach Allen's team lost the District Championship to Wellington by one game.

In 1937 he moved to Wichita Falls and then to Pascal High School in Fort Worth where he coached for 26 years.

Attending the luncheon were Louise Biggers Erskin and her husband, Jake, of Fort Worth; Vester Lee and Martha Smith of

Higgins; Merle and Irene Norman of Pampa; Clifton and Jo Wilkerson of Amarillo; Clyde Dwight of Shamrock; Molita Greer of Clarendon; Jess and Betty Finlay of Alanreed; J.D. Back, Hershel McCarty, Bill Roth, Vernon King, Jake and Ida Hess, Tres Hess, Tanner Hess, Heather Hess, and J.T. Haynes of McLean.

Members of that class present were Harlene Moore Smith, Helen Bruner Lynch, Leona Gossett Whittaker, Barbara Carter Trev, Becky Barber Stubbs, John Turner Boyd, Marie Watson, Donna Magee Smith, Butch Turpen, Hari Moore, Gerald Tate, Johnny Day, Bob Boyd, Neal Shull, Kenneth Stokes, and Charlie Vineyard.

Leonard Cain, mayor of Lefors was one of the dignitaries who attended the McLean Homecoming and 70th Birthday celebration last weekend.

Also attending was Woody Ford, administrative assistant to Jack Hightower.

MR. AND MRS. NEAL SHULL

Hargrove, Shull Exchange Vows

Virginia Jo Hargrove and Neal Shull were married June 15 at Liberty Lake, Guthrie, Okla.

The bride is the daughter of Mr. and Mrs. H.G. Hargrove of Edmond, Okla. Shull is the son of Mrs. W.C. Shull and the late W.C. Shull of McLean.

The couple was married by the Rev. Jack Riley of Perryton.

For the wedding, the bride wore a street-length cream float dress, accented with a seed pearl tiara and a lace mantilla.

The groom wore a red jacket with a pink tuxedo shirt.

Honor attendants were Dixie Galloway and Roy Georgia, both of Oklahoma City.

Other members of the house party were Mrs. Beverly Georgia, Tom Calloway, Mrs. Katie Hargrove, Mrs. Vi Whitfield, Miss Adonica Hargrove, and Miss Brandi Ekell.

The bride is an employee of Presbyterian Hospital in Oklahoma City. The groom is a photographer with the Oklahoma Department of Institutions Social and Rehabilitative Services and a real estate investor.

Site Of County's First Post Office To Be Marked

An official Texas historical marker will be erected at the site of Gray County's first post office early in July. Dedication ceremonies commemorating Eldridge Post Office will be held at 2:00 p.m. Saturday, June 30, at White Deer Land Museum, 116 S. Cuyler, in Pampa, when the marker will be unveiled and later installed in its permanent location. The unveiling will be done by Joe Shelton, a member of Gray County Historical Commission, and whose father, Charles E. Shelton, served as Gray County's second postmaster at the Eldridge Post Office in 1887-88.

Location of the marker will be near its original site, on FM 291, 9 1/4 miles southeast of Lefors and 4 1/4 miles north of Alanreed.

The Texas highway department will install the marker, which is made of cast aluminum with Swedish steel effect, measures 18 by 28 inches and is sponsored by Gray County Historical Commission, according to Mrs. Fred Thompson, chairman of the commission.

The marking of local historic sites and landmarks is part of the Texas Historical Commission's program of preservation activities. These include archeological investigations, history museum consultations, and administering the National Historic Preservation Act in Texas. As of 1976 the historical commission had erected more than 7,200 official markers.

The name and location of the present marker will appear in the next edition of the Guide To Official Texas Historical Markers in order to stimulate tourist travel in this area, to arouse interest in historical tours, and to acquaint the people of this locale with their unique heritage.

The public is invited to attend the dedication program scheduled for June 30th.

T-Ballers Continue Winning Streak

The McLean T-Ball team defeated Lefors Monday night 22-2 at the local diamond. Quinton Brown led the Kitten hitting attack with three home runs, and Sid Brass, Dusty Joiner, Kyle Woods and Tony Hambricht played excellent defensive games for the home team.

McLean's final home game of the season will be Thursday night at Wheeler against the Wheeler #1 team.

A victory against Wheeler Thursday will preserve an undefeated season for the Kittens and give them outright championship of the league.

LOOSE MARBLES

BY LISA PATMAN

With the beginning of radio, Americans have been charmed by the continuing sagas of make-believe lives. From "Stella Dallas", "Young Widder Brown", "Ma Perkins", and "Just Plain Bill", to the present "As The World Turns", "General Hospital", "Days Of Our Lives", and "The Guiding Light", audiences have waited from one episode to the next to enjoy the excitement of other people's lives.

And while I have, from time to time, found myself captivated by the antics of Monicas, Adams, and countless Bills and Bobs, I am constantly surprised by the unreal plots the shows' writers come up with.

For instance, have you ever known a real-life situation in which a woman gave birth to her husband's brother's son, divorced the husband, contracted amnesia, left her child with shifty-eyed strangers, was in a horrible accident in which her face was so badly burned that she had to resort to plastic surgery, wandered into a foreign land, was captured by gypsies, escaped and eventually became a nun, left her nunnery to marry a man who turned out to be her original husband, gave birth to her husband's brother's son....

No? Well, tune in folks, because you can get it all on the tube.

In your average run-of-the-mill soap opera, a single character can find himself mutilated, married, adulterated, divorced, remarried, redulterated, redivorced, amnesia'd, fatally diseased, miraculously cured, falsely accused, wounded, cheated, embezzled, stabbed, shot, garroted, and eventually murdered....and that's just for starters.

In a soap opera nobody is fat, ugly, sloppy, constipated, heartbroken by psoriasis, eaten up with ringworm, or plagued by hangnails, dandruff, or bad breath.

(An occasional kidnap victim may have his hair slightly

mussed, and if he has been in captivity for over a month his shirt may become a bit wrinkled, but for the most part the families seem to be spotlessly clean and well groomed even in the middle of a fight scene.)

And although the characters commit the most disgraceful deeds, cheerfully murdering their lovers, marrying their priests, and telling ghastly lies about their only remaining friends, they never swear, tell jokes, have gas, go to the bathroom, run out of bread or milk, spill catsup on their shirts, scratch, belch, or wiggle.

If Dear Meg is forced into a life of shame, living in something referred to as a "squalid apartment", the place is spotlessly clean and has been decorated by the staff of "House Beautiful."

Further proof of the unreality of these programs is that none of the characters has either owned or seen a television set, toilet, dirty diaper, cluttered living room, washing machine, dying Philodendron, spotted drinking glasses, jellied doorknobs, unmatched dishes, molding food in the refrigerator, or dirty handprints on the woodwork.

But the most positive clue to the fact that these plots are about as far removed from reality as one can get is this.....None of the characters on the show ever watch soap operas!

Nearly three billion pounds of soap are produced yearly in the United States.

Tigers Defeat Wheeler, Miami

The McLean Babe Ruth league Tigers travelled to Wheeler last week and defeated the Wheeler lads 11-9.

Dudley Reynolds allowed only two hits and contributed some timely hitting in the victory. A number of Wheeler's runs were the result of walks.

Water covers about three-fourths of the earth's surface.

The Tigers scored 5 runs in the final inning, and Wheeler came up short in their last inning rally.

Friday night the local lads won a double-header from Miami, with Randall Wynn and Robert Sprinkles emerging as the winning pitchers.

Information has it that the Tigers are as yet undefeated and are leading the league with only doubleheader with Wheeler and a single game with Lefors remaining on the schedule.

A 13 year-old all star tournament will be held during the first week of July in Pampa.

The 13-14-15 year old all-star tournament will be held the following week in Pampa.

NEWS FROM ALAN REED

SHERRY LONG

COMMUNITY PROFILE

Sherry Long, wife of Alan Reed School Superintendent Larry Long had the unique distinction of graduating from two high schools, Richmond, Virginia and Phoenix, Ariz. This overlap was due to the fact that Sherry's father was a career soldier and they moved a lot. Sherry was born in Richmond and lived there three different times. The family moved to the country of Turkey when she was nine years old. She still remembers vividly the life in that country and was most impressed with the abject poverty of a majority of the people. She

remembers the people as very friendly and the fact that everything stops each day at noon while millions of Moslems bow to the east to pray. Sherry's father Lee Orr retired and moved to Lubbock where in 1970 Sherry met and married Larry. Mr. Orr is now the head of Air Pollution Control for the city of Lubbock. Sherry likes to read and is an excellent cook. One of her hobbies is baking special cakes. The Longs are spending most of the summer with the Orrs in Lubbock while Larry attends school and works.

The Good Old Boys... Then And Now

By Jeanette Fish
The grasshoppers are coming this summer. County agents are urging farmers and ranchers to sign up for a spraying program. Several years ago the grasshoppers came. Old man Hefner lived out of McLean. He had a wonderful sense of humor. He came to town one day and told of a strange thing that had happened. He said, "There was a knock on my door. I opened it and there were two giant grasshoppers. They said 'We ate all your new corn and we'll give you six bits a bushel for the rest of it.'"

Several weeks ago he decided to go out and hunt for them. While he was gone, a coyote came and ate a chicken. Herman Billingsley lived in the country for a long time. He finally moved to town. He said he just couldn't understand it. "Used to be if you needed a bathroom and you were in the house, you went to the barn. Now when I'm in the barn, I have to go to the house." Emmett Allen has decided to pave his whole yard and then paint it green.

and they weren't missing any chickens anyway. Bryan McPherson's friends need bumper stickers that say "I don't get mad, I get even." They never get even, but through the years, they keep on trying. One cold, snowy night they called Bryan and said, "We have a buyer for that tractor but you have to bring it into town right now." Bryan rode in the cold wind to town and found...no buyer.

Coyotes have been a problem this year. Jess Finley says they have been eating his chickens. **Remove hard callus skin without cutting, scraping!** From feet, hands, elbows. Doctors find that hard, thick calluses often can be softened and removed medically. The same ingredient doctors find so effective is available in DERMA-SOFT™ Medical Formula for Hard Callused Skin.

The good old boys never grow up. They like to play tricks on each other. A long time ago Hartley Davis lived close to the Fish boys. One day Roy Sherrod came to Hartley and said, "I told the Fish boys you have been stealing their chickens and they are pretty mad about it." Hartley bided his time, never saw the Fish boys but one day he said, "Now Roy those boys are pretty mad at me and you've got to fix this up and tell them I didn't steal those chickens." Roy went to fix it up but the big surprise was...the Fish boys didn't know anything about it.

Shower Honors Shirley Armbrister

A baby shower was given in the home of Shirley Armbrister for her sister Donna Tidwell and new niece Kristy Lynn Tidwell. Hostesses were Jackie Worsham, Faye Connors, and Sue Crisp.

Miss Connors baked an unusual cake for the shower, featuring a little girl pushing a baby carriage. Those attending and sending gifts were Sue Crisp, Linda Wigginton, Lena Carter, Anita Bruce, Pat Whitely, Connie Lee, Dan Fish, Jeanette Fish, Myrtle Allen, Carolyn Armbrister, Onie Gibson, Betty Smith, Vicki Armbrister, Betty Finley, Mona Finley, Barbara Bode, Ruby Gilbreath, Pansy Bryant, Wanda Smith, Juanita McKee, Polly Harrison, Mary Davis, Carol Campbell, Evelyn Rogers, Nora Dragoon, Dianna, Susie and Rene Connors.

There is a saying, "The rich are different, they have more money." After living in California for almost 14 years, I have a saying, "If the Lord really has it in for you, he makes you wealthy, and says 'Let that be a lesson to you.'" Money and Mansions have to be lived up to. Beverly Hills and Encino are the homes of the ultra rich. It is fun to drive down Sunset Boulevard at 8 a.m. and watch the servants putting out the garbage. These young men wear black trousers, black shoes, beautiful red jackets, white shirts and bow ties...TO CARRY OUT THE TRASH!

I confess to being a public eavesdropper in those beauty shops. This is what I heard: ENCINO WOMEN By Jeanette Fish A hair do, a nail do, Now Ken cut it right. I've got to be stunning, The party's tonight. The gardener is lazy, The live-in a tramp. Who knows a good sitter? I need a new lamp! Oh, David's in law school, Our Suzan's in Spain. I'm learning ceramics, It helps keep me sane. This dress? Yes it's pretty, I got it in Rome. We went with the Adams. Had fun coming home.

Her father owns Detroit, And she studies dance, And we see them often, When we get the chance. Rodney left Charlotte For some gal in Dallas, But she got the house, That place is a palace. Nail Creme? Not red please! I had that last time. The meter? Is out now? Thanks, dear, here's a dime. And then up the hillside Your Cadillac zooms, To your lovely mansion And clean quiet rooms. Say hi to your neighbor, Admire her new fur. She looks just like you And you look just like her.

Stephanie Horn Given Shower

Stanton and Stephanie Horn are the parents of Tiffanie Ray Horn, born June 16 at 6:50 p.m. in Shamrock. She weighed 7 lbs., 3 oz. She is the granddaughter of Billy and Carol Campbell of Alanreed and Mr. and Mrs. Van Horn of McLean. A baby shower was given last week by Jackie Worsham for Mrs. Horn. A cake decorated with roses was baked by Carol Seiler. The centerpiece was miniature giraffes and babies. Those attending and sending gifts were Phyllis Marsh, Sue Crisp, Jewel Warner, Elaine Bentley, Linda Daniels, Robin Stubbs, Ruth McLain, Brenda McLain, Anita Bruce, Alisha Marsh, Sue Marsh, Sally Worsham, Susan Worsham, Juanita McKee, Polly Harrison, Dena Tidwell, Mary Davis, Onie Gibson, Rose Hall, Barbara Bode, and Evelyn Robinson.

Anyone that dressed up in Alanreed is going to a graduation, piano recital, funeral or wedding. The gardeners don't dress as fancy but you'd still have trouble picturing one of them running out the back door in a howling summer wind to poke bologna sandwiches down a six-foot hole, into the hands of two little boys.

The lady of the house of the wealthy spends most of each Saturday down on Sunset or Ventura Boulevard at the beauty shop. You get the feeling that it is no fun for them to have all these things if they can't impress someone with it occasionally and the rule is that it has to be someone who doesn't have it.

FREEZING FRUITS AND VEGETABLES AT HOME:

Frozen fruits and vegetables spice your round menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving. Most fruit can be frozen satisfactorily. Select round, ripe fruit which is slightly ripener than for canning but not soft or mushy. Tree or wine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing. In general, fruit is prepared for freezing as for eating. Keep fruit cool until it is frozen. Wash it in cold water, but do not allow it to stand in the water. Some fruit loses food value and flavor and some gets water soaked.

sugar or unsweetened is better for most cooking because there is less liquid in the products. Quickly getting vegetables from the garden to the freezer is a must for top quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat. Vegetables at optimum maturity will have best flavor and texture. If you must store vegetables before freezing, spread them out loosely in a cool, well-ventilated place or pack loosely in the refrigerator. Prepare vegetables for freezing similar to cooking them. Wash thoroughly in cold water, drain and sort, peel, trim, and cut. Heat vegetables in boiling water before freezing. Use one gallon of boiling water to each pound of vegetable. The length of heating time varies with the vegetables. This kills enzyme action in the product. The enzymes help the plants grow and mature, but if not deactivated the vegetables will develop off flavors and often discolor or toughen during freezing. Place the scalded vegetables immediately into running cold or ice water. When the product is cool to the tongue when tested, it is cool enough to pack. After the vegetables have been heated, cooled and drained, pack in airtight moisture-vapor-proof containers, leaving 1/2 inch headspace. Seal according to type of container you use. Cook all vegetables in the frozen state, except corn-on-the-cob which should be partially defrosted. Cook them only until tender in a small amount of water. For more freezing information, ask for bulletin B-175, "Frozen Foods" available free from the County Extension Office. Don't forget to sign up for the Home Canning letter series available free to the public. Call 669-7429, and sign up today. The free letter series will begin June 18th.

Gunfighter's Return By Max Brand

Max Brand, western storyteller supreme, has come up with another winner in "Gunfighter's Return". The prolific storyteller (actually Fredrick Faust) has published around 500 books, many under the name Max Brand, and others under various other pen names. "Gunfighter's Return" is the fast-moving story of a man mistakenly forced into a life of crime, and of his dealing with a ruthless gambler who was his sworn enemy. The immense popularity of western novels is due in large part to authors such as Brand and Louis L'Amour, and this story of the escapades of the "Red Devil" will no doubt win many new converts to western thrillers.

Pampa Center Will Offer WT Classes

Lloyd Waters, Dean of the Pampa Center, has announced that West Texas State University will offer upper level courses at the Center beginning in the fall of this year. W.T.S.U. has scheduled two classes for the fall semester, which begins in late August at the school. Offered on Tuesday evenings will be 312-5, Principles of Law, and on Wednesday evening BA330-6, Principles of Management.

A recent questionnaire conducted jointly by W.T.S.U. and the Pampa Center indicated a large interest in approximately a dozen upper level courses. W.T.S.U. had hoped to offer 6 to 10 courses in fall but must limit the offerings to the two courses due to availability of faculty. Efforts by Clarendon College and W.T.S.U. will continue to expand the offerings by West Texas State in the future.

How can you sell a half a calf more?

With the Purina **Calf 'n A Half** Program
Your Purina dealer has a program for cow/calf operators and backgrounders that helps you produce half again as many pounds of beef. How?
COW/CALF OPERATORS
If you normally sell a four-hundred pound calf, you could be selling a six-hundred pound calf in about the same amount of time.
BACKGROUND OPERATORS
The Purina program will let you market up to half again as many pounds of beef, on the same acres and in about the same amount of time. Other cattlemen are doing it. You Can Too!
Talk with your Purina dealer soon and ask him about the benefits of the Calf 'n A Half Program.

THEN and NOW

Herb teas have been around since ancient times, when they were thought to be remedies for many ailments. THEN: The ancient Greeks, Romans and Europeans reportedly considered herb teas as remedies for colds, flu and nerves. Some of the Roman emperors had botanists in all parts of the empire gathering herbs to be sent back to the capital. These men were instructed to find new herbs and cures, and

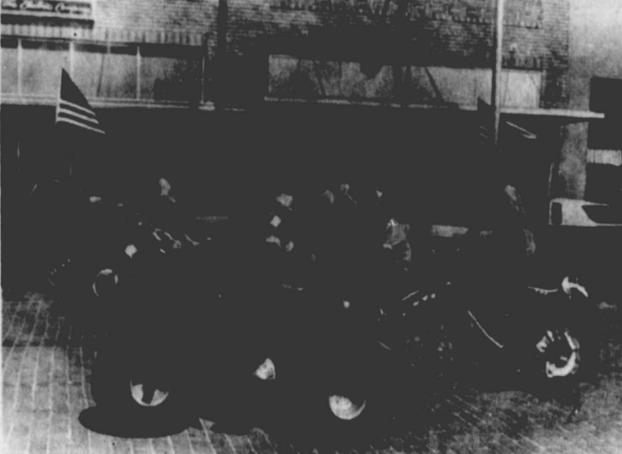

for the most part, they checked cures against actual cases before passing them on to the emperor. NOW: Herb teas are within easy reach, alongside coffee and regular tea in the supermarket. They are appreciated for their fragrant flavors and aromas and they do not contain caffeine.

LEARN TO READ YOUR ELECTRIC METER AND SAVE!!!

It will let you determine how many kilowatt hours you use in a given period of time — an hour, a day, a month or a year. That's how electricity is measured — by kilowatt hours (kwh) used.

Your residential electric meter will have either 4 or 5 dials.

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one (1) (see center dial above) then read it as 1. If the pointer on the next dial immediately to the right has passed zero (0). However, read it as zero (0) if the pointer on that dial to the right has not reached zero.

The dials above read from left to right: 9-3-1-1-5. If, however, the pointer on the second dial from the right above was between 9 and zero then the center dial would read as a zero.

Now let's read the same meter 24 hours later.

The later reading is 9-3-1-2-8. Subtracting the first reading, 93115, from the new reading of 93138 — the answer is 23. That you would have used 23 kilowatt hours in the 24 hour period. Each kwh costs approximately five cents.

When you learn to read your electric meter, you will be able to see where your energy dollars go. Then learn to use energy wisely & save!

Cards Of Thanks

We and our mother want each of you to know how much your love and kindness meant to us in the last hours of the life of our darling sister Dorothy. Dot has only gone away and God has blessed us so for being one of our family upon this earth.

Only God knows the meaning of her short life but we have precious memories to warm our hearts the rest of our lives.

Thank you for your thoughts of concern and prayers for her in her last hours with us.

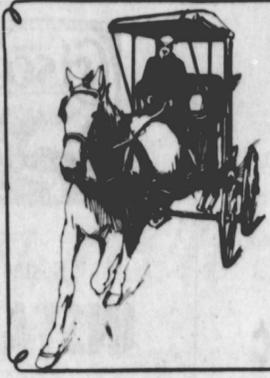

Thank you for all the food, flowers, calls, and visits.

Thanks to JoAnn, Linda, Ida, and Bonnie for the beautiful music.

Thanks to Brother Wells for your message of comfort.

The Grahams: Earl, Pete, Joe, Mutt, Nelda Bill, Mary, Dottie.

As I began to write this thank you note, it seemed strange when I signed our names and I dropped Dottie's. So I'm not taking her off this family list, because she will be here with us as long as we are. She has only gone away as she has before, but this time she will have no work, no sorrow, and no pain.
