UNUSUAL THRILL IN RARE COFFEE

Mrs. J. T. House is visiting her Patented Roasting Process Gives Hills Bros. Coffee Distinctive Flavor

By a radically different process of flavor-control, Hills Bros. have Martha and Henry Edwards are given their rare blend of coffee a leaving tonight for a week-end trip flavor such as no other coffee has. "A little at a time" is the basis Mr. and Mrs. I. F. Pettey have of this patented process—Con-loved from Nolan street to Cedar, trolled Roasting. A constant rest. into the roasters in automatically measured lots of about three MACARONI pounds, and passes through in a steady flow, roasting a little at a time. The heat is automatically controlled so any variation in the roast is absolutely prevented. Such uniformity of the roast is

not possible by bulk methods. In spite of watchful care some of the coffee is roasted too much-some too little. Flavor variation is therefore inevitable. As fast as Hills Bros. Coffee is

roasted, it is ground and packed in vacuum. By this process air, which destroys the flavor of coffee, is taken from the can, and kept out. Ordinary cans, even if air-tight, will not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the Arab-the trade-mark-on the can. Sold everywhere by grocers. Hills Bros. Coffee, Inc., Kansas City, Missouri.

Lady Tells How Black-Draught Helps To Relieve Many Complaints.

Decatur, Ala.—After having used Thedford's Black-Draught when needed for many years, Mrs. W. J. Riley, of this city, tells others about the help it has been to her family.
"In my mother's home Black-Draught was our family medicine," says Mrs. Riley. "Mother gave it to us children when we complained Black-Draught in the form of a tea

"Since I've been married and had a home of my own, I have continued to use Black-Draught, as I have never found anything else to take its place. One of my children suffers from indigestion. Her stomach is easily upset. have found that giving her Black-Draught tea will relieve her quicker than anything else.

"My whole family takes it for constipation and biliousness. It is a good thing to take it occasionally, to keep the system clean. I give it

o my children for bad colds." Mrs. Riley says that when her children had whooping cough and needed a laxative, she gave them "Black-Draught to keep their bowels open and they did fine." ** 104

Shakespeare Play Program Here Is Changed Slightly

Program here of the Shakes-pears Guild of America under aus-pices of the English department of the high school has been changed some, although the time of the three performances is unchanged. "Romeo and Juliet" will be given Tuesday evening, "Merchant of Venice" Wednesday afternoon and

'Hamlet" Wednesday evening of next week. Of late years it has only been at rare intervals that the theatregoing public has been privileged to see the great plays of William Shakespeare which are now being presented by the Shakespeare Guild of America starring the young romantic actor, William

The Shakespeare Guild of America was organized to facilitate known plays with the best availa-ble talent at popular prices. In choosing the players to support Mr. Thornton, a process of elimination is said to have been employed through which more than thousand candidates for places or the company's roster were examined for their special merits and talents. The result has been that a company superior to any similar acting organization of this genera tion has been assembled. Among others are: William Thornton others are: William Thornton, Mary Marland, Patricia Craig, Ruth Neely, Alfred Aldridge, Sherwood Wolgamoth, Myron Beggs, Eileen Douglass and a score of oth

Napier, Hastings Count Dead After Disastrous Quake

By ALPORT BARKER

AUCKLAND, N. Z., Feb. 4 (49) The earthquake-stricken cities of Napler and Hastings today began combing their ruins and counting their dead with the ex-pectation that the casualties would reach far beyond the more than 100 fatalities and 1,000 injuries shown in first reports.

Rescuers fore into the ruins in search of the bodies of an unde-termined number of persons believed to have been entombed when tall stone buildings and many houses of cards under the destructive force of yesterday's earth shocks.

Some of the victims were taker out alive but severely injured. Thousands of homeless were taken care of at emergency relief stations set up outside the fireswept ruins.

FIRES RAGE

Flames still crept through the levelled business districts of both Napler and Hastings, hampering the efforts of searchers. To halt

the efforts of searchers. To halt the many fires was virtually im-possible. Shattered mains crip-pied the water supplies and cracked gas pipes caused the hungry flames to leap skyward. Material loss was expected to run into millions of pounds sterl-ing. Survivors of the disaster allently walked the foriora streets of towns in the affected area. They seemed dazed. Many of them had lost everything, their homes, their businesses, and some nomes, their businesses, and some

Eye witnesses brought out tragic accounts of the quake. Whole rows of buildings in Napler collapsed, sald S. Lewis of Sydney. He told of one street in which the buildings on either Thirty days ago the post had 40 members. Vegetables and Fruits

This class of foods is particular ly important for minerals and vitamins, and should be used as freely as the home supply will per-mit. Every member of the family should have potatoes at least 4 or 5 times weekly, tomatoes at least two or three times, raw cabbage or other vegetables of green or yelow color at least twice weekly.

Try to serve lean meat, liver, fish, paneled Tuesday morning, or eggs 3 or 4 times weekly. Lean meat refers to any meat other than salt pork, bacon, or fatback. At least 3-4 to 1 pound of lean meat (muscle) free from bone and visi-ble fat should be provided weekly for each adult. If the egg supply is limited, serve the children first Eggs are important for mineral and vitamin values, as well as for protein. The present price of eggs makes them a cheap source of pro-

Between one-third and one-half of the proteins in these dietaries are the so-called efficient proteins from animal sources. At least this much is desirable in families with growing children.

Sugar Pure sugar provides only energy to the body. During the refining process all the minerals are remov ed. To replace 2 pounds of the sugar allowance with a quart of unrefined cane molasses increase greatly the iron content of the food supply, and is highly recommended in all these very limited

In event the most serious diseases to which candidate received a majority of mankind is subject gives promisthe first choice votes cast, the win- of excellent results. ner would be determined by adding the first and second choices.

The bill is hampered and hamstrung by a provision requiring the voter, upon paying his poll tax, to indicate his party affiliation thereon. If he makes no designation, the tax collector would be required to mark him as an independent. He could change his party affiliation at any time within thirty days before election, by visiting the tax collector and getting a certificate to that effect. This, as can readily be seen, is a stab at party bolting.

Ex-Governor Moody is known to favor the short ballot-that is, narking only a few important offices, such as governor and attorney general, elective and the others appointive. That would require a constitutional amendment, or sevwould involve no .uch change. In theory the preferential ballot

is much to be preferred to the cumberson, expensive and not always satisfactory present system of a sec-id primary. If the Harman bill could be freed of the party affiliation clause, and confined strictly to the requirement relating to a first and second choice, it might prove workable and a real contribution to Texas political machiner evolu-

Outline of P.T.A. Aims For Year

Mrs. Bernard Fisher Stresses Need Of Parent Education; Health Nurse

Mrs. Bernard Fisher was one of nish their own instruments and the speakers at the banquet Thursday evening which the Kiwanians tendered their wives. Her talk aroused so much favorable comfort ALL children, the citizens of ment, was so practical and set forth the aims of the P.T.A. work in such understandable terms that it is herewith reproduced so that all mothers and fathers of the city And a little loving the state of the city and a little little loving the state of the city and a little little loving the city and a little loving the city and ci all mothers and fathers of the city And a little bit of gladness can enjoy it. Mrs. Fisher is presi- And a little bit of you.

dent of the South Ward P.-T.A. From the time Mr. Hatch asked me to speak, until now, I cannot understand why he picked on me. Banquet speakers are supposed to be long-winded and you know fat folks are short-winded and so are not good speakers. I hope I'll be able to impart a little that is ex-pected of me.

What Is a P.-T.A.? I have been told to speak on

How the Service Clubs might help the P.-T.A.

First, do we all understand justinat a P.-T.A. is? P.-T.A. stands for Parent-Teach er Association. It is a voluntary organization of parents, teachers and other interested persons formed for the purpose of studying reciprocal problems of the child, the home, the school and the relation of each to the community, the state and the nation. It is formed in the belief that the whole national life may be strengthened by the making of better, healthier, more contented and more intelligent citi-

It is a school for grown-ups. It is a cross section of each school unity. Membership is open to all who are interested in its aims which are to promote child welfare in home, school, church and community; to raise the standards of home life; to secure more adequate laws for the care and protection of women and chil-dren; to bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child; and to develop between edu-

your child the highest advantages in physical mental are for the advancement of education. So we know you believe in Eloise Kuykendall the P.T.A.

P.-T.A. Needs Fathers We want fathers to belong to the P.-T.A. and take an active interest in it. Many will say: oh, that's morning at the home of Mother's job. But fathers have Kuykendall on Ninth street. just as many duties to the child as mothers and should be as interested in our children, our schools and

our community. support. Encourage the work. Be-lieve we are a needed organization in the community. Cooperate by aiding us in the assing of any leg-Islative measures pertaining to the Runnels street. betterment of women and children. Changing conditions, which are Lucky Thirteen

coming over us-at least so far as our social life is concerned-are increasing the necessity for . the work of character building in 'our Character building is

good of all children and not a Thomas Jefferson and his violin. charity affair. The underweight Miss Jackson had charge of the child should have milk to drink at recess. Some children do not like lik but in drinking it in company 3,023 Men Register with others grow to like it. I be-lieve it was six pounds that I heard of one child's gaining at South Ward in a short time from drinking milk given her at recess in the

morning.

City officials, when the Wander Inn—a home for the homeless—was some Children Go Without Lunch We find some parents are unable in that an average of 1,000 men a month would not stay at the city's free whotel."

At midmight Saturday night, two do justice to yeur work if you were hungry? Neither can a child. The school is their job. A nickel will give a child a bottle of milk at moon. This could be under the This could be under the supervision of a teacher who Coahoma Man Leases
