Resolution Drawn To Create Group To Survey Taxes Paid By Companies Defeated In House Today 80 to 47

AUSTIN, Feb. 4 (AP).—A resolution to create a committee to make a survey of taxes paid by companies, public utilities and corporations was defeated in the house today, after charges and counter charges were flung during debate.

The resolution, introduced by Representative Petch of Fredericksburg, failed of adoption, 80 to 47.

It was opposed by Representatives Stevenson of Junction, long of Wichita Falls and Kayton of San Antonio.

Stevenson charged it was unnecessary to make a further tax survey because the legislature already had volumes of information furnished by the state auditor and the tax commissioner. "This house should not be authorizing 'smelling committees' to investigate business enterprises," Stevenson said.

The Junction representative said the general welfare would not be promoted by placing additional burdens in special cases and urged the legislature to consider stabilization through adoption of a sane and sensible policy.

Petch charged Kayton and Long were "obstructionists" and that the only bills to raise revenue passed out by the 41st legislature came out of the revenue and taxation committee on a minority report. Long and Kayton were members of this committee.

Long accused Petch of introducing the resolution to further his public utilities bill. Representative Holder of Lancaster closed the argument for proponents of the resolution, claiming the legislature needed better information than that in the auditor's report to act intelligently on tax measures.

Economy Impact Felt By Solons

AUSTIN, Feb. 4 (AP).—The Texas legislature felt the full impact of economy's unrelenting force yesterday when the house heard a proposal to make a ten per cent cut in the salaries of all state employees making \$200 or more a month and with the senate unanimously adopting a strict economy resolution.

Representative McGreggor of Austin, DeWolfe of Goldthwaite and Albritton of Yorktown were co-authors of the salary cut proposal while (CONTINUED ON PAGE 5)

Smitham Probes Gas Bills

Complaints Of Residents Heard

Although he declined to make a statement regarding his probe, City Manager Verner R. Smitham today announced he was investigating complaints of a number of residents regarding amounts of January gas bills in Big Spring.

According to Smitham, local residents have made personal complaints to him within the past week regarding what they term "excessive gas bills" for the month of January.

It is charged by the residents that although January was an extremely mild month, the bills for the period were practically the same as for the same period in 1930, one of the coldest months this section had experienced in years.

Smith declined to comment on the angle of investigation he is pursuing at the present.

He did say, however, that in his belief, "there is no reasonable excuse for the high gas bills."

The local company is the Empire Southern Service Company. Smitham declared he would have a full statement to make regarding the results of his investigation, within the next few days.

The city commission of Midland Tuesday launched an investigation of gas bills from the period Dec. 20 to Jan. 20, basing their probe on over 100 complaints filed by residents.

The Midland residents charged that although the mean temperature for the period was much lower than that of 1930, bills were from 10 to 50 percent higher than for the period.

Similar action was taken Tuesday by the city commission of Ranger, after residents had filed numerous complaints of excessive rates.

The West Texas Gas Co. has the Midland franchise, and the Texas-Louisiana Power Co. the Ranger franchise.

According to Smitham today, the complaints filed here were not "from chronic grippers," but from citizens "who would not complain of these things unless something was wrong."

The period complained of by local gas consumers was from Dec. 21 to Jan. 21, inclusive, according to city officials.

Mayor J. B. Pickle had no comment to make other than to say he had received a number of complaints.

Senator Caraway Flings Challenge At Cramton To Repeat Accusations Made On Floor of House in Speech

WASHINGTON, Feb. 4 (AP).—Senator Caraway, democrat, Arkansas, said today he had telephoned to Representative Cramton, republican, Michigan, and challenged the house member to repeat to him personally his accusation on the floor yesterday and that anyone who said he was seeking a federal job was "an unadulterated liar."

The Arkansas senator, relating the incident of the floor, said he had called the Michigan member and that Cramton had three times hung up the telephone on him.

The row, which has gone far beyond usually congressional controversies, in its character was begun when Caraway in the senate condemned Cramton for leading the fight against the \$25,000,000 Red Cross fund and accused him of fixing up a job for himself after his retirement from congress with the George Washington bicentennial commission.

Forbidden Cramton in the house said he was forbidden by house rules from mentioning Caraway by name.

Senator Caraway in the senate today said he had extended a public invitation to two members of the house to repeat to him the statements he made about him in the house yesterday.

The Arkansas senator continued that "neither have they given me the opportunity to tell them what I think."

In a speech on the drought situation Monday, Caraway assailed Cramton, Representative from New York, Massachusetts, and Representative Tilson, Connecticut, the house floor leader.

The senate today reached the item in the independent offices appropriation bill carrying the \$10,000 appropriation for the job for which Cramton has been mentioned.

Senator Fess, Republican, Ohio, a member of the commission, said Cramton had not applied for the associate directorship on the commission and had not accepted it, though he was under consideration.

The Ohio senator said Cramton's name had been suggested by the house members of the commission and all four of them had spoken of him favorably. Cramton's name was discussed, he said, but no agreement had been reached and he had gone to see President Hoover to determine whether Cramton would be acceptable.

Never Candidate "The president saw no particular reason for disapproving," Fess said. "Mr. Cramton was never a candidate. I asked him if he was in a position to accept and he said he could not state at this time."

Fess then explained how the possibility of Cramton's appointment became public.

"I must take the blame," he said, explaining he had told newspapermen of the president's attitude as he left the White House.

"The whole incident is unfair to Mr. Cramton," he continued. "He has never made an application for the job. His appointment has never been decided."

Butler, Counsel Hold Secret Parley

WASHINGTON, Feb. 4 (AP).—A secret conference was held today between Major General Smedley D. Butler, awaiting courtmartial, and his counsel, Major Henry Leonard, at the exclusive Metropolitan club here.

The accused marine would not talk to newspapermen and care was taken to conceal his whereabouts.

Informed by telephone that such a crowd had gathered outside his office that four policemen had been called to control it, Major Leonard laughed and General Butler joined.

Leonard said the formal charges against the officer might be made public later in the day, at his office.

He said that at least no reason was apparent at the time why they should not be.

The state department received a letter from Cornelius Vanderbilt regarding the Butler case.

Department officials declined to disclose its contents and said it had been placed in the department files. Any information of the communication, they added, must come from Vanderbilt.

Vanderbilt is reported to have made remarks similar to those of Butler regarding Mussolini.

Greenville Bandits Rob Plant Watchman

GREENVILLE, Texas, Feb. 4 (AP).—Three unmasked men early today held up Sid Watson, night man at the Lone Oak light plant, blindfolded and gagged him and marched him to a drug store where they opened the safe and took \$15.

Watson was left bound in the drug store. He worked loose from his bonds and notified officers. An arrest was made.

Customer Shot, Robbers Leave In Automobile

\$1,200 Loot Taken From Bank Near Pampa, One Escapes

PAMPA, Texas, Feb. 4 (AP).—One of two men who robbed the First State Bank of Alameda, near here today and shot and seriously wounded Jim Bryant, a bystander, was captured two hours later when the automobile in which he was riding overturned while being pursued by officers.

After the automobile accident, the robber jumped to his feet and picked up a shotgun which had fallen from the car. He pointed the shotgun at the officers but did not fire. He then dropped the gun and fled toward a wooded section but came to a halt with his hands in the air when three shots were fired by Sheriff Lon Blannett and deputies.

None of the \$1,200 loot had been recovered. Officers believe that after the robbery the men got in separate cars, the one now at liberty taking the loot with him. They started in pursuit of the bandit's car when they recognized the machine furnished a description of the car by E. B. Hedrick, bank cashier, who was forced by the robbers to open the vault.

When the robbery was in progress, Bryant, a customer, entered the bank. The robbers told him to get down on the floor. Being partially deaf, Bryant did not understand the command and one of the robbers jerked out a pistol and shot him in the abdomen. The wound is not expected to prove fatal. The robbers forced the cashier to open the vault from which the loot was taken.

Dadrick was then made to lie down on the floor and the robbers fled.

Both men left in the same car, the automobile which overturned later. Officers believe, however, that they drove only a short distance until one of the robbers got in another car.

The same bank was robbed of a small amount in December, 1929. Alameda is located in the southern part of Gray county.

Louisiana Bank Looted of \$5,000

BATON ROUGE, La., Feb. 4 (AP).—Screams of a terrified young girl today brought to a hasty termination the robbery of the Livingston Bank of Denham Springs, 12 miles east of here, by three or more bandits, who escaped with loot estimated at \$5,000.

The bandits drove in front of the bank, entered, and ordered several customers and bank employees to lie on the floor. Miss Norma Cockerham, who was making a deposit, refused to obey the order, and frightened, ran screaming from the bank and gave the alarm.

The bandits, disconcerted, hurriedly fled.

Army Plane Demolished In Crash Near Here; Flier Uses Parachute

Cadet H. W. Regan of Kelly Field, San Antonio, became a life time member of the Caterpillar Club late Tuesday afternoon, when he was forced to leave his plane nine miles southeast of Big Spring.

The ship, a Douglas O-2H biplane was demolished when it crashed on the Richardson farm. Regan escaped injury.

He resorted to his parachute while flying at an altitude of 1,500 feet. Descent controls were blamed by Regan for the crash.

He was flying from Dallas to Midland with 13 other planes when the crash happened.

A farmer reported the accident to the local airport, and Lee Garner and Marshall McCrea, officials of S.A.F.E. went to the scene. They brought Regan to Big Spring, later taking him to Midland where he joined the army fliers.

**New Types of Baseballs To Appear
In Major League Loops This Year**

NEW YORK, Feb. 4 (AP)—Major league batsmen who slugged 1,566 balls over the fences or into the bleachers last season, will have a new and "deader" ball to swing at this year.

Both the National and American Leagues have decided that the home run barrage has gone far enough and a change in the ball's physical aspects is the result.

In the National League, the ball will have a thicker cover and heavier stitches. In the American League, the cover will be the same but the stitches will be heavier.

Not only will these changes take some of the liveliness out of the ball, major league officials confidently expect, but also will give the pitchers a better grip on the ball and thereby increase their effectiveness.

The pitchers, hampered continuously by all sorts of restrictions, have complained for several years that the smoothness of the ball's cover has made it difficult to control. The thicker stitches planned on the 1931 ball should go far toward solving that difficulty.

Proponents of the lively ball and the frequent home run need have little fear that these changes in the ball's construction will bring about a return to the days when a dozen home runs were good enough to win a league championship.

NEW YORK, Feb. 4 (AP)—Miss Glenna Collett, who has won the United States women's golf championship five times but never has been able to capture the British women's title, does not intend to make another attempt at the British championship this year.

Miss Collett, runner-up to Diana Fishwick last year, said yesterday that she had made no plans for a visit to England this summer and that she did not know when she would meet Miss Fishwick on the links again.

Mr. John Bode calls to inform that Odessa's basketball team has called to inform they won't be here tonight. Then C. E. Henninger, no doubt following out the theory that if one is to have a telephone and pay for it, one might as well use it, informs the Coedon loopers, will meet the high school Steers Thursday night.

Big Spring invaded Midland Tuesday afternoon to witness Walter Hagen and Joe Kirkwood demonstrate that it is possible to do things with golf clubs. Upon their return to the native fold, there were rumors that the two professionals would visit Big Spring on their exhibition tour, but nothing definite was settled, we believe, Hagen and Kirkwood beat Cowden and Jackson of Midland 3 up. Bruce B. Nesbitt, who was among the gallery, was slightly chagrined when Kirkwood used his (Nesbitt's) foot for a tee. Just for the sake of keeping the records straight, following are the cards of Hagen and Kirkwood:

Hagen: Out..... 455-434-444-37
In..... 544-334-234-32
Kirkwood: Out..... 554-434-334-36
In..... 835-434-334-36

Cowden and Jackson shot 35 and 37 on the first nine, each being down 40 on the final.

The University of Texas Longhorns and the Texas Aggies will tie up Saturday for basement honors in the Southwest Conference cage race. Both the Aggies and the Steers have gone nowhere fast in the cage tournament this year.

The tilt Saturday, no doubt, will decide which can lay claim to full ownership of the cellar stairs.

The Seventh Annual Texas Relay games will be held at Memorial Stadium, Austin, Friday, March 27, and at Rice Field, Rice Institute, Saturday. Some of the money the University made by overemphasizing football last year will be used to defray the expenses of the relay games.

The San Angelo scribe suddenly is finding himself. He predicts the Big Spring Steers will win the district championship this year. However, as usual, the blonde bloke is behind the flock. The Steers have been knowing that for quite a few weeks now.

This afternoon, if the boss is white about it and becomes too smothered in his work, he won't notice us smacking out the rear portals, we shall take our second dose of golf. We thought we weren't going to play any more, but we found the ball after hunting a long time. As soon as we are a bit better versed in the art of hitting and running, we shall turn professional.

**Women Golfers
Here From
England**

NEW YORK, Feb. 4 (AP)—Intent on repaying the visit which America's women golfers made to England last summer rather than attempting any serious competition on the links, an informal golfing invasion from Great Britain has reached New York.

Led by Miss Diana Fishwick, British women's champion, the women golfers, numbering a dozen, will leave Saturday for Florida, where they expect to play in three tournaments.

Neither Miss Fishwick nor her companions, most of whom she described as "good county golfers but not internationalists" are taking their present visit seriously so far as golf is concerned. Sightseeing, social engagements, beginning with a luncheon today at which Glenna Collett, the United States women's champion and runner-up to Miss Fishwick in the British championship, is one of the hostesses, and a renewal of acquaintances with the players who visited them last summer are the principal object of the visitors.

No team match between the British girls and Americans is scheduled although one may possibly be arranged later, and most of all they expect to play in the national championship.

**Major League
Owners Frown
On Night Ball**

CHICAGO, Feb. 4 (AP)—"Ghosts" haunt the major leagues.

Almost every club president and manager this winter has been besieged with requests and demands that their teams play a share of "ghost" or night games during their spring exhibition baseball season. And almost to a man they have balked.

The Cubs, Pirates, Giants and White Sox have their share of worries over the requests as have the rest. Recently, the Pirates heard the Cubs planned to stage several night games on the West Coast with the Pirates as opponents and it took President William L. Veck of the Cubs some time to convince Barney Dreyfuss that it was a false alarm.

Other minor league clubs, operating in parks equipped by night, have attempted to get major league clubs to play games with title or no success.

LOS ANGELES, Feb. 4 (AP)—A terrific tenth round finish gave Claude Varner, Bakersfield, Calif., featherweight, a draw with Fidel La Barba, Los Angeles, here last night.

At the end of the eighth Referee Jack Kennedy tolled off four rounds for La Barba, former flyweight champion, and two for his hard hitting opponent. The ninth was about even.

Dashing into the tenth, Varner opened a gash over La Barba's right eye and had him woozy with a rain of rights and lefts to the head at the bell.

LaBarba weighed 125; Varner 124.

**Many Rookies
Hopeful Of
Berths**

By PAUL MICKELSON
CHICAGO, Feb. 4 (AP)—There will be no depression this year for the rookie hopefuls, who seek bigger and better pay days in the ranks of the American League.

Help wanted signs, dangling from every club office, in the league, have attracted 130 applicants of all shapes, sizes and records. All of them have been welcomed with open arms.

Opportunity is everywhere for those able to deliver. Even the unsuccessful ones are certain of thorough chances and subsequent employment with minor leagues.

Even Connie
Although his team successfully captured the American league pennant for the second straight year and then added another world's championship, Connie Mack of the Philadelphia Athletics will take a dozen or more young pitchers to the White Elephant's training camp. He admits he needs better support for Hob Grove and George Earnshaw and opportunity will be plentiful. He doesn't need any outfielders but he is taking a trio of rookies along for observation anyway.

Pitchers are the crying need of Joe McCarthy and his New York Yankees, too. Eight experienced hurlers will try out with the Yankees, including four from the International League and one each from the Pacific Coast League and American Association. Two young outfielders of great promise, Myril Hoag of Sacramento and Fred Walker of Jersey City, also will get a chance and are expected to stick.

Detroit, seeking more punch at the bat, has grabbed off several fence busting outfielders, depending on its 1930 staff and optional players for pitching largely.

Chicago and St. Louis needed infielders and went after them. The Browns picked up three young sensations from the Texas League: Burns, Storti and Levey of Wichita Falls, and two good minor league catcher prospects in Young of Milwaukee and Crouch of Wichita.

Cleveland needed first string pitching aid and bought Fay Thomas of Sacramento and Craighead of Oakland, both with experience. The Indians also picked up two third basemen, Detore of New Orleans and Winegarner from El Dorado, one of whom may replace Joe Sewell. Washington had a great pitching staff last year but will try out a few youngsters and give three infielders, including First Baseman Joe Kubel of Kansas City, a chance. Three of them—Catcher Muddy Ruel, Pitcher Wiley Moore and Pitcher Johnny Brillheart—can hardly be classed as rookies as they have been up before.

Of the 120 recruits, many have been up before but most of them are new to the majors. Only 12 are more than 25 years old while 38 are less than 22. Most of them are huskies, too. Sixty-four stand six feet or better in height while 40 lack but an inch or two of six feet.

**Campbell Test
Depends On
Weather**

By TED GILL
DAYTONA BEACH, Fla., Feb. 4 (AP)—Weather conditions today held in the balance plans of Captain Malcolm Campbell, British race car driver, to make an official attack upon the world's automobile speed record of 231 miles an hour.

The 46-year-old veteran of the roaring road hoped conditions, which yesterday made an official trial impossible, would permit a record attempt at low tide, 2 p. m. (CST).

Campbell's anxiety over the condition of his motor, at first believed damaged when the car slipped out of gear while traveling at a speed he estimated at 265 miles an hour yesterday, was allayed after mechanics made a thorough inspection.

A stronger spring was installed on the top gear to hold it in place. Campbell said he believed this would prevent a repetition of yesterday's incident, but that he could not determine definitely if the car was all right until he tested it again under actual putting power at high speed.

Despite a strong wind and poor visibility, yesterday's exhibition was run over the nine mile course at an official speed of 195 miles an hour. Before he entered the measured mile, however, Campbell claimed he attained a speed of 260 miles an hour for a brief time. He coasted the mile in neutral.

City Federation Head and General Chairman Appoint Committees for the Year

Mrs. Showalter Asks Organization's Aid in Establishing School for Defective Children of City

City Federation committees for coming year and committees to assist in putting over the district meeting of the Women's Federated Clubs of Texas, were named at the meeting of the City Federation yesterday at the Club House.

Mrs. Joyce Fisher presided. Mrs. Robert Piner took her place as recording secretary.

The first hour was devoted to an interesting account of Mrs. B. F. Willis' travels in Nicaragua two years ago. Mrs. H. B. Dunagan gave enjoyable piano selections.

Mrs. M. R. Showalter, public health nurse, was present and asked the women to aid her in securing a school for needy defective children, especially those with defective speech. The Federation voted its support. Mrs. G. L. Brown, Mrs. G. L. Freeman and Mrs. G. S. True were named as a committee to work with Mrs. Showalter in presenting the matter to the school board.

Mrs. Showalter also asked the women to vote for her their 68 ounce (24 cent size) mayonnaise jars. She has put a box in the library room in the club house where these jars may be left. The library is now open every afternoon from three to five. The jars will be used for work in the Mexican quarter; 150 of them are needed.

Mrs. Showalter also asked the cooperation of the Federation with the health council and in placing in homes girls who must work their way through school.

The following committees made reports: Membership: Mrs. Shine Phillips, L. L. Freeman and Chas. K. Bivings.

Civic: Mmes. Garland Woodward, V. R. Smitham and W. W. Inkman. Flower Show: J. M. Morgan, W. E. Bonham and E. J. Mary.

House: Mmes. Bob Eubanks and W. G. McDonald. Parks: Mmes. B. Reagan, C. P. Rogers and F. F. Gary.

Program: Mmes. Cushing, L. M. Barker and C. L. Thomas.

The Federation voted to use membership cards and named Mmes. Robert Piner and Seth Parsons on a committee to see about the printing of the cards.

District Committees: Mrs. B. Reagan submitted the following women to serve committees assisting her as general chairman during the District Federation meeting in April.

Entertainment: Mmes. Joyce Fisher, Shine Phillips and Miss Jena Jordan.

Credentials and Badges: Mmes. L. L. Freeman, E. O. Ellington and Ira Driver.

Press and Publicity: Mmes. Seth Parsons and Gordon Phillips.

Finance: Mmes. J. B. Young and Robert Piner.

Two New Card Clubs Announce Organization

Mrs. Talley's Club Not Yet Named; Night Club To Be The Bon-Ton

The organization of two new bridge clubs was the chief event of yesterday in bridge circles.

At the home of Mrs. Adams Talley a two-table club was formed for the purpose of studying contract. No name has yet been decided on for the club.

The membership will consist of Mmes. Jack Bishop, W. A. Reynolds, L. A. Talley, J. L. Kirkpatrick, Fred Primm, Bob Roberts, Harry Lester and Elmo Wasson.

Mrs. Wasson was not present yesterday. Mrs. J. L. Rush took her place.

The Valentine motif was carried out in the red and white refreshment plate and in the prizes. Mrs. Reynolds made 14th score and received a box of Valentine candy.

The club will meet every Tuesday afternoon temporarily until they become better acquainted with contract. Mrs. Jake Bishop will be the hostess next Tuesday.

Evening Club: The other club is an evening club which will play auction at present. Miss Helen Beavers was the hostess last evening.

This was also a Valentine party, the colors being carried out in the salad and ice courses and the favors, which were small Kewpie dolls for the women and thermometers shaped like hearts for the men.

The prize for the highest score will be awarded to the couple whose scores total the highest. Mr. and Mrs. Ed Prichard won the prize last night, a radio lamp.

The members are Messrs and Mmes. Larson Lloyd, Joe McLaugh, Werner Nece, Jack Kilway, Ed Prichard, Clarence Wear, Misses Helen Beavers and Mamie Hair; and Messrs. Pete Sellers and Eriestau Rainwater. Mr. Wear was out of town and Ralph Houston took his place.

Miss Hair will be the next hostess.

Big Spring Baptists: Baptist women who attended the Association W. M. U. at Midland yesterday report an inspirational service.

The meeting began with a session in which both men and women were present. The W. M. U. gave its program in the afternoon, with the president, Mrs. K. S. Beckett in the chair. Mrs. Lester King led the devotional; and Mrs. Harry Stalcup gave a solo.

Mrs. R. C. Hatch had charge of the program which was devoted to a discussion of personal service. Talks on this subject were made by Mmes. Grantham and J. M. White, of Midland, Williams, of Courtney, L. R. Gomillion of Big Spring. Mrs. Paul Vickers, of Midland sang a solo. Mrs. John Smart of Big Spring spoke on Christian education.

DR. BAXLEY'S FATHER DIES: Dr. C. D. Baxley received word yesterday of the death of his father, W. P. Baxley, of Sycamore, Alabama. Dr. Baxley had been in poor health for many years and the announcement of his passing had been expected for some time.

Mrs. Howard Jarrett of Baird spent Sunday and Monday with Mrs. J. M. Simmons.

NEW YORK—Forty-eight years in a locomotive cab without an accident, Melville K. Packer of Brielle, N. J., has retired from active service on the Pennsylvania railroad. In recent years he has been running between Washington and New York.

The housewife who cooks food in small quantities to insure perfect results will instantly recognize the value of Hills Bros. patented, continuous process—Controlled Roasting—as a means to develop the utmost flavor in coffee.

Instead of the rare blend of fine coffees being roasted in bulk, which is the ordinary method, only a few pounds at a time are roasted. These small quantities pass continuously through the "Controlled Roasters" in which heat and speed of operation are automatically controlled.

Because of this accurate control of the flow of coffee and the heat, every berry of the blend is roasted evenly. None are overdone—none are under-roasted. This uniformity is demonstrated in the cup of coffee eventually made. It has a flavor other coffees cannot equal because they are not roasted the same way.

Hills Bros. Coffee is sold everywhere by grocers. It comes to you perfectly fresh because it is packed in vacuum. This process extracts air, which destroys the flavor of coffee, from the can, and keeps it out. Ordinary cans, even if airtight, do not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can.

SAVE YOUR OLD MAYONNAISE JARS

Mrs. Showalter, Public Health Nurse, can make good use of 68-ounce mayonnaise jars—the twenty-four cent size—in her work with the Mexican children.

She is teaching them care of the teeth and she wants the jars because they do not break as easily as glasses. She needs at least 150 jars.

Bring your empty jars to the Club House and leave them in the box in the Library provided for that purpose. The Library is now open every afternoon from three to five.

Do You Remember? When the Big Spring Primary School Was Taught by Mrs. Agnell

At her home on Sixth and Lancaster? Many a Big Spring youngster got a good running start in education there. Dorothy Ellington was one of the star pupils.

Reta Debenport began with her a-b-c's to make a name for herself scholastically.

When the trustees prevailed upon Mrs. Agnell to give up her school and accept the first grade work at Central Ward, Reta went along with her to the school building. Little Vera Debenport was too young to go. She went home in tears to await the time when she could grow up to be seven years old so she could be again one of Mrs. Agnell's pupils.

When the trustees prevailed upon Mrs. Agnell to give up her school and accept the first grade work at Central Ward, Reta went along with her to the school building. Little Vera Debenport was too young to go. She went home in tears to await the time when she could grow up to be seven years old so she could be again one of Mrs. Agnell's pupils.

arate and distinct sides to the story. In the opinion of the *Avalanche-Journal*, it is a great deal more important to the safety of this country that such capable martial leaders as General Butler be kept up on the rolls of our fighting forces than to placate the ruffled feelings of Mussolini, or any other foreign dictator.

General Butler has been recognized for years as a straight-talking, hard-hitting soldier, capable of putting his brain and brawn where his mouth is whenever the necessity arises. Perhaps he is too hasty in expressing his opinions—he may not be as much of a diplomat as he might be. But the fact remains that he is a most capable leader of the United States Marines and that characteristic carries a multitude of sins.

The aroused Mr. Mussolini, to our way of thinking, is the last man in the world to put up a howl over someone's expressing an opinion. No one has ever accused the Black Shirt leader of taking cognizance of anyone else's feelings whenever he sees fit to make one of his famous speeches, which in the past have condemned everything from soup to nuts.

We turn to Kipling's "Fuzzy-Wuzzy" for solace in the Butler case. Like the chocolate colored boys from East Sudan, he may be a poor, benighted heathen, but there are few who will deny that he's a first class fighting man.

We see in the United States Marines the greatest peace-time force under Old Glory—a wartime arm of the service which has covered itself with honor when the blood flowed ankle-deep. It is a branch of fighting men that needs such leaders as Smedley Butler, for, as the Marine so forcefully declares: "If the Army and the Navy ever gaze on Heaven's scenes, they will find the gates are guarded. Buy United States Marines!"

The Old and the New
THE effects of the crop failure of last summer in many parts of the United States is painfully apparent. It is extremely interesting to notice what happens when a similar crop failure hits a land that has no relief organizations, no modern transportation systems and no methods whatever of providing help for the sufferers.

Thus a government commission in China has recently reported that more than 2,000,000 people have died of famine, caused by drought, in Shensi province during the last two years. In addition, 400,000 have been sold into slavery.

The American famine is a major problem, but is not even remotely like that horror. The demonstration of the value of modern methods of transportation, communication and organization is obvious.

Clinics for the Soul
NEWS that doctors of medicine and ministers of the gospel are going to join hands to establish a new sort of "clinic" in a church in Brooklyn comes as a reminder that mankind has not yet learned how to walk surely along all of the dark paths followed by the human spirit.

This clinic, according to the *United Press*, will treat nervous disorders, mental cases that skirt the borderline between sanity and insanity, and the like. The doctors will give such help as they can, and so will the ministers, each after his own fashion. Psycho-analysis and old-fashioned prayer, apparently, will go hand in hand.

There is something rather encouraging about this—coming, as it does, in an age when most of us incline toward taking our troubles to the family doctor instead of to the family pastor. It is encouraging, because it indicates a growing realization of the fact that the ill of the soul are mysterious and shadowy, beyond exact definition, and while some of them can be cured by hydrotherapy or auto-suggestion, others must be treated by the good old method of prayer and fasting.

This, in turn, is by way of being an admission that we do not know quite as much about the ultimate mysteries as some of us have supposed; and a degree of humility is a becoming thing. There has been prevalent in recent years a cocksureness, an arrogant certainty, about things that had always before been regarded as stupendous puzzles. It has been asserted that the spotlight of modern science had lighted up all of the dark places of the human spirit. This attitude has not done us a great deal of good.

For the old truth remains; man is an incalculable creature, and the ill that beset his soul are not easily uncovered. Sometimes a series of visits to the psychiatrist will do the trick, and sometimes nothing avails but a humble and prayerful conference with his spiritual advisor. The doctors cannot do it all, and the wise ones know it. The humblest country minister occasionally has a better understanding of things than the expensive city specialist.

But in the past everyone concerned tried to pretend that the pastor and the physician occupied distinct fields, which never overlapped. Doctors did not tell their patients to go and talk with their ministers, nor did ministers tell their parishioners to go and get psycho-analyzed.

Nowadays we are beginning to know better. It will be interesting to see what success this clinic has. Our notion is that it ought to work well. And if the experiment fore-shadows a joining of hands of science and faith, it is so much the better.

OPINIONS OF OTHERS
Concerning General Butler

Lubbock *Avalanche-Journal*: WHILE Major General Smedley D. Butler quite possibly was wrong when he should have been listening in Philadelphia the other night, and while he might have trod heavily upon the dignified toes of Benito Mussolini, there are two sep-

NEW YORK, Feb. 4 (AP)—An 11-year-old boy and a 38-year-old man working side by side at the microphone, comprise one of radio's newest novelties.

The boy is Donald Hughes, the man is Nick Dawson and the novelty is "Daddy and Rollo." They were chosen because they were considered just the right type.

The sketch had its debut on WABC and stations last night in the presence of the author of the series, J. P. McEvoy, who interrupted a vacation in Havana to come to New York for the first few broadcasts.

To be sent out each Tuesday, Wednesday and Thursday at 6:45 p. m., the sketch depicts the difficulties of a modern father in attempting to answer all of the questions of his young son.

Will Defer Business Livestock Commission
FORT WORTH, Feb. 3 (AP)—New business and plans of the Texas livestock sanitary commission for the coming year will be deferred pending announcement of a new commission by Governor Sterling, and legislative action on appropriations requested by the commission, Chairman J. A. Whitten, Eldorado, said today.

Whitten and Commissioners R. H. Martin, Eagle Pass, and J. B. Anderson, Marshall, met at the headquarters office here.

Discussion of a tick eradication program in Burleson county, which has been delayed due to the alleged failure of the commissioners' court in that county to furnish necessary vats and equipment, was to be brought up during the session.

The commission also was to fix the mileage maximum for inspectors in the various counties.

LOCAL YOUTHS JOINING ARMY
 Youths of Big Spring and Howard County are enlisting in various organizations of the United States Army since the former service man restriction has been lifted, Sergeant M. J. Miner, U. S. Army recruiting officer, with offices in the Lester building, declared today.

Sgt. Miner has received instructions to accept a limited number of original enlistments, and former service men who have been discharged longer than ninety days. For five months only former service men, with discharges not more than ninety days old, were received.

The following men of Big Spring and surrounding towns, have enlisted for periods of three years: Carlton P. Adams, son of Mrs. Ella Adams, Big Spring, who has completed one enlistment in the medical department, Fitzsimmons General Hospital, Denver, Colo., reenlisted for the same station; Clyde Sparks, son of D. A. Sparks, Lovelady, Texas, completed one enlistment in Co. "K," First Infantry, Fort F. E. Warren, Wyo., reenlisted for Medical Dept., William Beaumont, General Hospital, El Paso.

Joseph L. Burt, son of R. L. Burt, Coahoma, who has served two enlistments in the 13th Field Artillery, stationed in the Hawaiian Islands, discharged the last time in the grade of First Sergeant, reenlisted for the Field Artillery, Fort Sam Houston, San Antonio.

Curtis W. Ogden, son of John H. Ogden, Big Spring, enlisted for Field Artillery, Fort Bliss, El Paso.

Oliver C. Morrow, son of Mrs. John R. Morrow, Big Spring, enlisted Field Artillery, Fort Bliss.

Lawrence E. Wheeler, son of O-

var C. Wheeler, Big Spring, enlisted for Field Artillery, Fort Bliss.

Dallas Farmer Seeks To Disannex Field
DALLAS, Texas, Feb. 3 (AP)—Farmer R. G. Roach today instituted suit in district court here to disannex his oat field from the city of Dallas.

Roach's petition sets forth that the city recently annexed his field, 12 acres in extent, without notice to him and that the annexation brought him no benefits, such as city gas and water service.

The petition further alleges that municipal taxes on the field, amounting to \$10 per acre, are confiscatory in nature, inasmuch as they exceed the yearly return from the oat crop, and that the annexation constitutes taking of his land without due process of law, in violation of the state and federal constitutions.

The state of Nevada permits 25-round boxing contests.

Slaying Ends Wedding Trip

SALAMANCA, N. Y., Feb. 4. (AP) - The honeymoon of less than a week of Wesley Dieter, 42, and Mrs. Vivian King Dieter, 30, was brought to a tragic end in a farm house near here last night.

A charge of buckshot, fired through a window while the bride was sitting on the knee of her husband, critically wounded her and another charge fired at close range as Dieter rushed to the porch killed him.

Sheriff Frank A. Annis and a hastily formed posse stalked the woods in the snow and early this morning came upon Darwin King, former husband of Mrs. Dieter, hiding in an abandoned barn. The sheriff called upon the man to surrender.

"When we got no response we entered with revolvers drawn and flashlights playing around the old structure," Annis said. "We saw King cowering in a corner, foot- or-stricken to talk. He gave no show of resistance."

Annis said King readily admitted that he had done the shooting and had hidden the gun.

Mrs. Dieter obtained a divorce from King nine months ago and was married to Dieter last Thursday. The couple then went to the home of the bride's parents, Mr. and Mrs. William Wilber, to spend their honeymoon. A small boy, by Mrs. Dieter's marriage to King was being cared for by the Wilbers.

The bride's parents, who followed Dieter to the porch after his wife had fallen to the floor, identified King.

Youths Abduct Man, Bury Him After Torture

CHICAGO, Feb. 4. (AP) - Acting on information given them by George Wittbrod, 34, whom they found in a coffin-like box on a lonely road early today, police arrested seven youths for questioning on charges of kidnapping Wittbrod, torturing him and then leaving him in an open grave.

The men, Albert Ehman, 20, George Schimmel, 19, Joe Klapp, 19, Michael Kuh, 19, Fred Cost, 21, Richard Morawec, 21, and William Meddy, confessed the abduction, police said, but argued that it was "just a joke." They refused to explain references to Wittbrod as a "stool-pigeon."

Wittbrod, a rubber salesman, whose left hand is crippled said that seven men took him from a pool room as a "practical joke," put him in an automobile and drove to the cemetery. He lost consciousness for a time but when he woke up he found himself tied to a stone cross in the graveyard. They threw clods of dirt at him. When he jerked one of his arms free the men found a wooden box, the kind in which caskets are kept, near a newly dug grave. After gagging him they forced him into it, nailed down the lid and tried to throw it into the grave.

The box, however, did not fit so well so the abductors tied a rope to the box, fastening the other end to the automobile, and dragged it to the point where Wittbrod was found.

"You are getting your nose," Wittbrod quoted one of the men as saying. "We told you we were going to take you for a ride."

The victim told the police he had often been the butt of pool room jokes, but he knew of no reason why the men would want to torture him.

Rogers' Talks Raise \$21,000

ARDMORE, Okla., Feb. 4. (AP) - Will Rogers, king of wise crackers, went on his merry way to Duncan this morning, having enriched his drought relief fund by \$5,000 here last night.

A crowd estimated at 3,000 persons packed the auditorium and paid \$4,000 for the privilege.

The Claremore boy who made good raised the ante to \$5,000, and Roy M. Johnson, Ardmore oil operator, and other prominent citizens came across with the remaining \$500.

"You know, it nearly wore me out keeping Lew Watts and Governor Murray apart up there in Oklahoma City last night," he said.

Watts and Murray are political foes. In his four appearances in Oklahoma thus far, Rogers has raised almost \$21,000 for drought relief victims.

From Duncan, where he speaks at 10 o'clock, Rogers goes to Lawton for more fun making at 1 p. m., and thence to Durant, his next overnight halt.

Chicago Man Finds It Is Hard To Get Behind The Walls

CHICAGO, Feb. 4. (AP) - It's hard to get into jail sometimes.

Take the case of John Doherty, 22, as related by the police.

The other day he stood in front of a clothing store, hurled a brick through the window, selected an overcoat and stood by for results. A passerby came up. John tapped him on the shoulder and said:

"I just broke this window and took this coat."

"I'm in a hurry; don't bother me," John said the stranger.

John went to a telephone, called police, and returned to his post to wait.

"The man," he told them.

Yesterday he came before Judge Frank Padden, said he was out of work, tired of living off his cousin, and wanted to go to jail.

But the cousin, Mrs. Mary Walsh, said he was no burden and the judge refused to jail him.

John walked off, shaking his head.

Kansas Newspaper Dean To Be Buried

HOLTON, Kas., Feb. 4. (AP) - M. Beck, 92, dean of Kansas newspapermen and for 35 years publisher of the Holton Recorder, died here last night.

The oldest Kansas newspaperman, Beck continued active in his profession until death. He founded the Recorder in 1875. Six years after settling in Jackson county with his wife and son, Edward C. Beck, who later became managing editor of the Chicago Tribune.

Although he transferred active management of the newspaper to another son, Will T. Beck and daughter, Miss Martha Beck, in 1915, he maintained his hours at the office, writing a column of current comments.

Sonora Woman Forced To Cook Negro's Meal

SONORA, Feb. 4. (AP) - Search continued today in the open country between Sonora and Oaxaca for a negro who, at noon yesterday, took a pistol away from Mrs. Bill Horton, 28, in Sonora and forced her to cook for him. The woman said she was not attacked but suffered a slight injury to her left side in the scuffle for the gun. An armed posse took up the search.

Warren Central Plan Unfavorable

WASHINGTON, Feb. 3. (AP) - Interstate Commerce Examiner C. P. Howard today reported unfavorably on the Warren Central Railroad's proposal to build 16 miles of new line from Hookley, Texas, to Katy. Howard found that the Houston and Texas Central Railroad was prepared to give rail connection to suit industries in the area in question by building four and a half miles of new road, and recommended that it be allowed to construct and the Warren Central be required to withdraw. Both recommendations will be reviewed by the commission before final decision.

Defer Hearing Leopard Owner

OLTON, Texas, Feb. 3. (AP) - The case of Charles (Captain) Howard, charged with negligent homicide in connection with the death of James Ervin, 4, who died of wounds inflicted by a leopard, was postponed yesterday when the trial of all criminal cases was deferred a week in district court.

Chevrolet Official Urges Action Rather Than 'Buy' Program

DALLAS, Feb. 4.—Advocating "Buy Now" campaigns and talking about the return of prosperity are not harmful gestures, but they are not nearly so effective as actually doing something," declared Felix Doran Jr., southwest regional manager of the Chevrolet Motor Co.

Mr. Doran has just returned from Detroit, where he attended a meeting of Chevrolet and General Motors officials. Purpose of the meeting was organization of sales plans to meet increase in business promised by 1931.

"While others are talking about business, Chevrolet is going after it," Mr. Doran stated, "instead of waiting for business to come to it, plans have been laid to build and sell one million cars in 1931. The material for these cars has already been contracted for and thousands of men are at work fashioning the material into automotive parts.

Thousands of additional factory men and salesmen have been hired to properly build and sell the manufactured units. We are showing our faith in this country by expending millions of dollars in these operations.

"Sales of Chevrolet in this section clear through this city, which helps to swell payrolls here and, in the course of a year, puts many dollars into circulation for salaries, advertising and the many lines of business which today are allied with the automobile. Chevrolet plans for greater expenditure this year. We are confident we are going ahead. We believe this philosophy of business will bring results."

BELIEVED LOST
PLYMOUTH, Eng., Feb. 4 (AP)—Nine men in the crew of a royal air force biplane were feared lost today when the ship went into a dive while maneuvering over Plymouth Sound. Struck the water with great force and was wrecked by an explosion.

Flying Squadron Speaker Lectures To Good Crowd

The address at the Methodist church tonight under the auspices of the Flying Squadron and the local W.C.T.U. will be delivered by Miss Norma C. Brown. The hour is 7:30.

Col. Alfred L. Moudy spoke last night. "He corrected the pronunciation of his name and told his listeners it was pronounced Moudy."

Extracts from his address which he gave before a large enthusiastic crowd follow:
Where an honest effort has been made to enforce the laws relative to the prohibitory amendment, and even where it is only partially enforced, the testimony of leading medical experts, of industrial captains, of heads of sanitariums, of institutions for alcoholics, of crime experts, all contribute to the conclusion that prohibition is a success and that in its results for the betterment of the masses it is one of the greatest government achievements of the ages.

Violations of the Law? Yes.
Of course the law is violated. All laws are violated. Because of prejudice and false propaganda and cheap politics, the prohibitory law has not had a fair trial. Unpatriotic citizens and unpatriotic organizations have urged the violation of both the Constitution and the law. In some sections public officials have been unfaithful in their duties in the enforcement of the law, but the fact remains that the attitude of the government, as stated by the Eighteenth Amendment, is right.

Every violation of the law should be brought to the bar of justice and severely punished for that violation. The punishment should fall upon rich and poor, high or low, black or white, American or alien alike. The Constitution of the United States is too valuable and means too much to the nation to have it trampled under foot simply because it interferes with an individual appetite or is not in harmony with an individual's opinion of what it should be.

Thomason Will Be Here Feb. 10

Ewing Thomason, congressman-elect of this district, will be in Big Spring, Tuesday, Feb. 10, after attending the road jubilee at Colorado, Feb. 9, according to an announcement made here today.

Mr. Thomason will remain here Tuesday, going to San Angelo for a two day visit, Feb. 11 and 12. He is making an effort to visit all counties in the district before he leaves for Washington, March 1. He announces he will be pleased to meet with people here who are interested in any matter of Federal legislation or appropriations.

Court Is Idle As Judge Ill

District court was at a standstill again today, as Judge Fritz R. Smith was ordered by his physician to remain in his hotel room on account of illness.

Judge Smith was unable to attend the opening day of court, Monday, but was on the bench Tuesday and disposed of several cases.

It is thought by the attending physician Judge Smith will be able to resume his court duties Thursday.

The grand jury was still in session today. No indictments had been returned, although it is expected by officials that a number will be handed to Judge Smith Thursday morning.

Roads Committee Parley Thursday

Members of the Howard County Good Roads Committee were reminded today to attend an important meeting at the Settles Hotel Thursday afternoon at 4 o'clock. Tom Ashley, chairman of the committee, urges each member of the body to attend the session.

Written notices to members have been mailed.

Resolution

The senate's economy move which would go so far as to cut out or consolidate commissions and bureaus under the state government.

The house referred the resolution to its committee on state affairs. Meanwhile echoes of the economy movement were issuing from Governor Ross S. Sterling's office. In conference with newspapermen, he indicated that advocates of additional district courts would find it difficult to procure his sanction. Going further, the governor intimated that he would support a rigid retrenchment program. He said tax collections would be less this year and that the schools along with other state departments and institutions should come in for their share of slashed expenditures.

Citizens were asked not to prevail upon their legislators for increased salaries and for the creation of new commissions and bureaus. The house resolution stated that salaries were in need of readjustment, that they had been fixed when the cost of living was higher.

Committee Votes To Lighten Law

AUSTIN, Feb. 4 (AP)—The house committee on criminal jurisprudence last night voted nine to four to lighten the penalties of the Deane law, the state's prohibition enforcement statute.

The vote was on a bill by Representative Petch of Fredericksburg Representative Anderson and Kayton of San Antonio had introduced a similar bill.

Senate Passes Appropriations

AUSTIN, Feb. 4 (AP)—The senate today passed an emergency appropriation bill of \$385,206.19 to cover deficiencies accruing in the judiciary funds from 1923 through 1930.

The bill was attacked by Senators Puri of Dallas and Poage of Waco.

Under provisions of a bill introduced by Senator Parrish of Lubbock a person convicted of driving while intoxicated or of being a hit and run driver would be prohibited by court order from operating a motor car. The first offense would carry a penalty of from 90 days to 12 months and for the second offense the driver would be prohibited from operating a car for from two months to two years. Failure to follow out the court orders would be classed as a felony under the bill.

Under a bill introduced by Miss Margie Neal of Carthage the state park board would be allowed to sell or lease concessions in park sites to raise revenue for maintenance of parks. A bill introduced by Senator Cunningham of Abilene, would provide \$4,988, for the benefit of veterans of the Spanish American war.

Orville Bullington of Wichita Falls told the senate that inde-

Powder Truck, Train Collide, Three Killed

SALT LAKE CITY, Feb. 4 (AP)—A powder truck and a passenger train collided on a grade crossing here yesterday, blasting two men to death. Another was killed by steam.

W. E. James, 43, injured fireman of the Denver, Rio Grande Western local jarred by the detonation of the truck's load of 300,000 dynamite caps, told investigators he believed a heavy fog obscured the driver's vision.

The blast killed George W. Beggsman, 50, of Eureka, Utah, the driver, and his companion, James Prinsen, 56, director of the Western Powder company. Ben F. Rugg, 69, of Ogden, Utah, the engineer, was scalded fatally.

The blast wrecked the engine and shattered windows in the train and in surrounding buildings. It was heard for more than half a mile. Twenty persons were injured. James the fireman, and Jack Holbrook, Cudahy Packing company employe, the most seriously. A freight depot and a post office station nearby were virtually demolished. Only six passengers were on the train. All escaped injury.

The truck was enroute from the Western Powder company magazine to the Tintic Powder and Supply company of Eureka. The blast tore a hole in the side of the engine, ripped loose the front trucks and buried the powder truck in the ground.

Slightly picked up all the money in sight and escaped in a sedan. In time to avoid capture by citizens.

As they fled, one of the robbers broke a rear glass in the car, and fired one shot to discourage pursuit. The citizens were handicapped by not being armed.

The bandit car was later found abandoned at Millerville, about half way between Denham Springs and Baton Rouge. It was believed the robbers switched at that point to another machine.

The alarm was quickly spread through the parish, and many automobile parties began scouring the highways for the fugitives.

The abandoned car, it was found, was stolen last night in Baton Rouge.

FAIRVIEW, Texas, Feb. 4 (AP)—

Oakwood officers broke up an attempt by two armed men to rob the Oakwood State bank today. One of the robbers was believed wounded in a running gun battle that followed.

pendent oil operators were facing a crisis and that "beginning of the end" was in sight unless relief was forthcoming immediately. Bullington said he had just returned from Washington where he had done in the interests of the independent operators.

DUST FALL
The quake began shortly after 8 a. m., yesterday. Public buildings, hospitals, stores and houses, crashed upon their unsuspecting occupants. A great pall of dust and smoke soon spread like a huge blanket across the peaceful countryside.

Bluff Hill, near Napier, collapsed, carrying with it dozens of homes. Oil tanks on the edge of the town exploded with the roar of an artillery barrage, pouring streams of fire through the city's streets.

The bed of Hawke Bay, Napier's harbor, was thrust up eighteen feet and shipping was forced to move out. Men, women, children, ran for the safety of the short or the open country.

Hastings, 12 miles from Napier, suffered severely. Huge earth fissures appeared both in Hastings and Napier today some of them seventy feet long.

Besides the two larger cities, the towns of Wairoa, Waipukurua and Waipawa were razed by the quake. Few details came from them today.
