

Leahy Favors Helping Hand From Chiang

By GARDNER L. BRIDGE WASHINGTON, Jan. 31 (AP) — Fleet Adm. William D. Leahy, former chief of naval operations, said today that if anybody wants Generalissimo Chiang Kai-shek's Chinese Nationalist forces to "help us settle the problem on the China coast, it's a bright idea."

Leahy, emerging from a 15-minute talk with President Eisenhower at the White House, was commenting on reports the President plans to order the Seventh Fleet out of the Formosa Strait and open the way for Chinese Nationalist raids on the Communist-held mainland.

The 77-year-old five-star admiral, who was World War II chief of staff to Presidents Roosevelt and Truman, disclaimed any knowledge of Eisenhower's reported plans. He described his visit as a courtesy call and said it was devoted to reminiscences about the days when he and Eisenhower served together on the Joint Chiefs of Staff.

Leahy has no regular assignment now, although he has an office in the Navy Department and is considered technically on active duty. Eisenhower began applying the

Reviewing The Big Spring Week With Joe Pickle Saturday night lines were dwindling at the tax collector's office as poll tax payment deadline neared. As this is written, no figures are available, but our guess that final figures may be 7,500 or more qualified voters.

Estimates were Saturday night that the March of Dimes campaign so far has produced around \$7,000. That's pretty good, but it's a long way from the goal of approximately twice that amount.

One of the more important developments of the week was the formal organization of a Citizens' Traffic Commission here Friday evening. Officers were selected, the constitution and by-laws approved. Now we have a new, and most likely an effective, instrument or combatting our shameful street and highway accident record.

Either the calendar or the weather is out of joint. Instead of chilly winds here in the midst of what is supposed to be winter, we had a balmy 83 degrees last week, a record for this time of the year. Did cold go the way of rain?

Dr. G. S. True is afraid some will get the impression from a feature story that the 6,000 births at which he was attending physician in more than half a century of

NAVY SIEGE PARALYZES RED HARBOR

SEOUL, Sunday, Feb. 1 (AP)—The Reds' best ice-free harbor at Wonsan on the Korean East Coast—paralyzed by the longest siege in U. S. naval history—was blasted all day Saturday by 16-inch guns of the battleship Missouri and swarms of fighter-bombers from three aircraft carriers.

The Navy described the port after its countless poundings as "a blackened mass, marked only by columns which formerly were the smokestacks of busy industrial plants."

Two U. S. destroyers also joined in the Navy's first big joint air-sea attack on the Red supply and communications center since last April. Wonsan has been under naval siege since Feb. 16, 1951.

The commander of the U. S. Seventh Fleet, Vice Adm. James (Jocko) Clark, watched the 38,000-ton Mighty Mo open up at sunrise Saturday, wiping out one Red gun emplacement and silencing another with its first shots.

The Navy said the Wonsan siege far exceeded the previous record set in the Civil War Navy siege of Vicksburg, which lasted less than a year.

Navy fighter-bombers took off from the ice-coated decks of the carriers Kearsarge, Oriskany and Philippines Sea for several hundred missions over the wrecked rail hub, which once had a population of 100,000.

The Navy termed it an "all-out aerial bombardment." Wonsan is considered a likely target for an amphibious assault should the United Nations decide to push north. Any landing there would menace thousands of North Korean troops below it on the eastern end of the 55-mile front.

The relentless air war raged on. Pilots of the Fifth Air Force reported Saturday they caught a large group of Reds in the open on the Eastern Front and killed or wounded more than 130.

The Fifth Air Force said that Sabre jet pilots shot down 40 Russian-built MIGs in January as against loss of two Sabres, a remarkable ratio of 20 to 1.

Saturday over Northwest Korea, Sabres tangled with MIGs for the 13th straight day but no damage claims were made.

By WAYLAND YATES About 200 safety-conscious residents selected leaders and organized the first Howard County Citizens Traffic Commission Friday night.

Dr. Lee O. Rogers, prominent local dentist and for several years a member of the city's Zoning and Planning Commission, was elected chairman of the commission.

Named with Dr. Rogers to head the voluntary and advisory organization were J. W. Purser, first vice chairman; H. W. Smith, second vice chairman, and Clyde Angel, treasurer.

The chairman immediately announced a meeting of the new organization will be called this week for the purpose of setting up necessary committees and getting the ball rolling toward alleviation of some of the area's traffic problems.

British Ferry Swamped; 130 Die In Raging Seas

TRAFFIC COMMISSION OFFICERS ... Smith, Rogers and Angel

Safety-Conscious Group Forms Traffic Commission For County

for the purpose of setting up necessary committees and getting the ball rolling toward alleviation of some of the area's traffic problems.

Practically every segment of the city and county was represented at the organizational session. Service clubs, women's organizations, labor unions, P-TA units, schools and other groups sent representatives and a large number unaffiliated with these turned out.

Chairman Rogers said he was particularly gratified by the large number of Negroes attending. He pointed out the commission will be dependent on their cooperation and support, as well as that of the rest of the citizenry.

The Howard County Citizens Traffic Commission is patterned after similar organizations in Lubbock and Dallas where citizens, acting in a purely advisory capacity, have assisted in relieving critical traffic situations.

Primary purpose of the organization will be reduction of the number of accidents, deaths and injuries due to traffic, and encourage the elimination of conditions that tend toward traffic congestion and driving hazards.

It will function through committees assigned to make studies and recommendations pertaining to traffic engineering, driver education and law enforcement.

Roy Reeder, chairman of a guidance committee which laid groundwork for the citizens commission, presided at the organizational meeting. Representatives of Lubbock's CTC were present to offer their assistance and tell of the work of their group.

Spec'ing for the Lubbock County CTC were Bill Morgan, executive secretary; C. J. Wall, immediate past chairman; and Alton Abbott, vice chairman.

Mayor G. W. Dabney pledged support of the City of Big Spring, declaring that expenses of operation were not to be quibbled over in view of the economic loss of

Howling Hurricane Batters Lifeboats

DONAGHADEE, Northern Ireland, Jan. 31 (AP)—The British sea ferry ship Princess Victoria sank in a howling hurricane today, sending 130 men, women and children to death in raging seas within sight of land.

Dazed survivors said the 2,694-ton vessel plying between Scotland and Ireland went under after "five hours of hell."

She was battered by 115-mile-an-hour winds. Huge waves splintered lifeboats before they could be launched.

Terror-struck passengers, all outfitted with lifebelts, plunged into the seething waters as the skipper, Capt. James Ferguson, gave the order to abandon ship. It was barely five miles off the mouth of Belfast harbor in the Irish Sea.

Survivors reaching this port said the Princess Victoria capsized and went down within minutes after Ferguson gave the abandon ship order.

The sturdy little ferry was carrying 177 persons—123 passengers and 54 crewmen—when it ran into the worst storm to sweep the Northern Coast of Britain in years.

By 10 p.m. (5 p.m. EST), 35 survivors—all men—were landed here by the Donaghadee lifeboat station.

Officials said the Royal Naval destroyer Contest picked up eight others.

There were reports — unconfirmed — that several small rescue craft had found a few survivors.

The sudden hurricane also flooded coastal towns, sank many small moored vessels and washed cottages out to sea.

As the winds hit, the 262-ton English trawler Michael Griffiths with 15 aboard, vanished without trace off the Southern Hebrides Islands of Scotland.

The Princess Victoria got in trouble soon after she left Stranraer, Scotland, her home port, for her regular 36-mile run to Larne, Northern Ireland. Winds up to 113 miles an hour rocked her to a 35-degree list. Children and adults alike were uneasy. By order, they donned lifebelts as the oil-burning, twin-screw steamer struggled on.

Just before the Princess Victoria gave up, Ferguson radioed this frantic SOS: "Mountains seas have swamped engine room. Preparations being made abandon ship. Launching lifeboats impossible because of heavy seas."

Other vessels in the area fought their way to the ferry's position to give a hand, but the Princess Victoria had plunged to the bottom.

The British destroyer Contest and four merchant ships joined in a hunt for the victims. Circling aircraft sighted some passengers and crewmen on lifeboats and rafts and dropped flares to mark the positions. But many of the groups had disappeared by the time surface rescue craft got there.

One of the planes was a U. S. Air Force C-82 "Transporter" piloted by Capt. Neal A. Byrd, which was diverted to the rescue mission while on a training flight from its base at Sculthorpe.

Most of the persons sighted were dead.

The first of the survivors landed at Donaghadee at 6:15 p.m. (11:15 p.m., EST). As they walked up the steps from a rescue boat, they were cheered by a waiting crowd.

Some were rushed off to hospitals. Others were able to walk to a nearby hotel.

Among the survivors was Fusilier Walter Baker, 20, who was on his way home to Armagh after serving with the Royal Irish Fusiliers in Germany.

"After we left Loch Ryan (Scotland) we were hit by a tremendous sea," he said. "The water burst open doors at the back of the ship and water poured in."

"The vessel started to list and drift. We were told to put on lifebelts. It was stated that a destroyer was coming to help us."

Dimes Campaign Total Is Above \$7,000 Mark

At least \$7,000 has been contributed to the Howard-Glasscock Chapter of the Polio Foundation, incomplete tabulation of gifts showed Saturday.

Troy Harrell, March of Dimes chairman, said he is confident the total would be several hundred dollars higher if all contributions to date were counted.

"We still expect a number of special gifts checks, also," he reported. Also not included in the total are MOD subscriptions from Coahoma, Forsan, West Ward School and Airport School.

"Our goal still stands at \$15,000 — the minimum needed to face the threat of infantile paralysis in Howard and Glasscock Counties this year," Harrell declared Saturday, what was supposed to be last day of the MOD campaign.

The chairman announced the drive will be extended at least through next Wednesday for late contributions. He released a summary of March of Dimes contributions thus far.

The special gifts section, Raymond Tollett, chairman, collected \$1,062; theatre contributions, received by service clubs, scout units, and the Howard Theatre, \$1,452.02; Mothers March on Polio, \$827.78; VA Hospital bingo party, \$240; Ira Thurman, special gifts solicitor, \$810; Preston Foster benefit performance at the Howard County Athletic Club, \$300.

Also, MOD Ball, \$102.38; city schools, \$812.66; showing of Holy

Borden Will Cut Milk Prices Here

Milk prices will be lowered by one supplier here Monday.

Borden will reduce the price to consumers at retail level one cent per quart, H. B. Schauer, Midland, district manager, announced Saturday.

The reduction takes effect today. Half pint and half gallon containers will be cut proportionately, and the decline also will apply to butter-milk.

Prices to producers will be adjusted downward sometime during the week, said Schauer, to conform to trends on the Chicago market.

Currently the figure is \$7.51 cwt. During January the Chicago market, base for pricing, broke 30 cents cwt. Since the outgo to producers is expected to be less, Schauer said Borden was passing the saving along to the consumer.

Sagging prices are due to an unprecedented milk surplus for this season of the year.

Bodies Returned SAN FRANCISCO, Jan. 31 (AP)—The Iran-Victory docked today with bodies of 151 Americans who died in the Korean fighting.

New Leaders Taking C-C Reins Monday

Big Spring Chamber of Commerce members will look back over a year of progress and set sights on 1953 objectives at their annual meeting and banquet Monday evening.

New leaders will take office and the year's program of work will be outlined briefly by the new president, Dr. R. B. G. Cowper.

Truman Jones, retiring president, is to remark on 1952 accomplishments before relinquishing reins of the organization to his successor.

Principal speaker will be Dr. Kenneth McFarland, of Topeka, Kans., educator, lecturer and businessman.

Also featured will be songs by Mrs. Don Newsom, accompanied by Mrs. Ann G. Houser, and dinner music by Jim Farmer.

The Junior Chamber of Commerce will present its annual Distinguished Service Award during the banquet. Presentation will be by Ray Rhodes, Jaycee president. Recipient will be announced at that time.

Navy Takes No Tideland Action

WASHINGTON, Jan. 31 (AP)—A Navy spokesman said today the service has taken no action under the presidential act putting offshore oil lands into a naval petroleum reserve.

Capt. Robert Meade, director of the Naval Petroleum Reserve, came here from Denver to confer with the Navy's legal authorities.

Meade said he had conferred with the Navy's judge advocate general about the submerged oil lands. He said the only conclusion reached was "The whole question must be determined as a national policy by President Eisenhower and Congress."

"We have taken no action at all on the oil lands except to study the matter created by the order," Meade said.

Open For Business, But No Customers Mrs. R. W. Morgan, left, and Mrs. Jerry Metcalf, deputies, were at poll tax windows in the Courthouse Saturday night, but customers were scarce, despite the approaching deadline.

By 10:30 p.m. 6,417 poll tax receipts and 1,106 exemptions had been issued. A few more were expected before the midnight deadline, and mail requests postmarked before that hour may call for a few more on Monday.

SAFETY COUNCIL BOARDS TRAIN

T&P Ladies Group Attends Safety Meet At Monahans

Approximately 65 members of the T&P Ladies Safety Council and their families were among the more than 400 persons attending a Western division safety meet in Monahans Friday. They made the trip in a special car attached to the rear of train No. 1 out of here Friday afternoon and returned Friday night. S. W. Garrison, conductor on the Texas-New Mexico Railway Company (a T&P subsidiary running from Monahans to Lovington, N. M.), was master of ceremonies. W. C. Foster, Big Spring, division superintendent, gave the address of welcome and Mayor Walter Harwell, Monahans, was guest speaker. J. H. Williams, Dallas, T&P superintendent of safety, spoke briefly on safety and pro-

Scout Plans For Jamboree To Be Talked Thursday

Plans for local Boy Scout participation in the National Jamboree to be held on the Irvine Ranch in California July 17 to 23 will be mapped out in Midland Thursday. Representatives from all districts in the Buffalo Trail Council will attend the meeting. The Lone Star District, of which Howard County is a part, will be represented by Arnold Seydler, Bill Sheppard, Gil Jones and Avery Faulkner. Scouts from this district are scheduled to leave Big Spring July 10 and return July 29. Jimmie Hale, district field executive, stated that an air conditioned train will be provided. So far there are 15 boys from the district signed up for the trip. Registration fee is \$10, and the quota is 22. Hale said as many as wish to go can, however, as the council has not met its quota of 175. Two boys from Forsan's Troop 11 registered for the trip this week. They are Frank Tate Jr. and Muri Bailey. Others signed up are Jerry McMahon, Bill Owens, Len Denton, Kelsey Meeks, Tommy Buckner, Bernard McMahon, Frank Powell, Richard Engle, Art Dodd, Bill French, George Peacock, Adrian deGraffenreid, and Donald Lovelady. The local Scouts will be guided on the trip by Bob Davenport of Stanton, Arnold Seydler, and A. E. True of Big Spring. Approximately 50,000 boys are expected to attend the Scout Jamboree. Trips will also be made to Grand Canyon, San Francisco, the Redwood Forests and Salt Lake City.

Dr. O'Brien To Talk At P-TA Meeting

Dr. P. D. O'Brien, pastor of the First Baptist Church, is to be the speaker at a county-wide Parent-Teacher meeting in Terry County. The P-TA session is set for Monday evening at the Meadow High School, announced Mrs. A. G. Greer, Brownfield, president. C. R. Douglas, superintendent of the Brownfield schools, also is on the program.

Hail Insurance Rate Review Is Sought By Group

AUSTIN, Jan. 31—The combination of two events, the boom in irrigated farming in Reeves County and a crop-wrecking hail storm in 1951, have added up to unjust crop hail insurance rates for the county, a group from the area told the Board of Insurance Commissioners last week. A petition for a review of the hail insurance rated was filed with the board by Bob Dean, Pecos farmer and insurance man. Appearing with him before the board were Rep. Richard Slack of Pecos, Rep. W. G. Kirklind of Odessa and Sen. J. T. Rutherford of Odessa. The board took their plea under advisement, promising a reply within a few days. During the five-year period from 1946 to 1950, before cotton-farming became so widespread in Reeves County, hail insurance premiums amounted to \$29,478 with losses of \$3,086. The rate, then, was 99 per hundred and 88 for excess over 10 per cent. That good record brought a drop in rates to a basic \$7.50. Then, in 1951, with farming more widespread, the hail came. That year the insurance premiums amounted to \$94,073—with losses of \$161,623. So, up went the county's rates 60 per cent, to \$12 per hundred, 88 for excess of 10 per cent. That held for 1952, and premiums amounted to \$450,000 with losses of only \$9,900. Then, last Dec. 29, the insurance board continued the 60 per cent increase for this year, plus a 20 per cent increase due to changes in the policy contract. Reeves County wants the board to reconsider, to take in consideration the good profit the insurance companies made last year, as well as the bad record in 1951. Over the last seven years, the petitioners pointed out, the county farmers have paid premiums of \$373,551 and losses have totaled \$113,709. Crop hail insurance rates are figured by counties.

Taft Is Opposed To Stand-By Controls

By JACK BELL
WASHINGTON, Jan. 31 (AP)—The Eisenhower administration intends to let price-wage controls die April 30 but still is undecided about maintaining standby machinery, Sen. Taft of Ohio indicated today. Taft, the Senate Republican leader, made it clear that he himself is opposed to enacting any standby controls law, as suggested by Chairman Capehart (R-Ind) of the Senate Banking Committee. "I don't think we should give legal recognition to the principle of controls," Taft declared. "We should have a free economy in peacetime. If a big war emergency arises, Congress can act quickly." Under a standby plan Congress would grant President Eisenhower wage-price control powers to be held in abeyance unless a big inflationary upsurge threatened. Taft said he thinks it may be necessary to continue controls over the allocation of some strategic materials because of the Korean War. He said rent ceilings should be handled by the states. Taft discussed his views with newsmen in advance of the State

gress has an obligation to make reductions, but it is difficult to perform unless the President makes the proper recommendations." With indications that the standby control question still is up in the air, Eisenhower talked the matter over with Capehart and Rep. Wooten (R-Mich), chairman of the House Banking Committee, at a White House conference today.

Dr. Logan Wilson To Take Over At UT

AUSTIN, Jan. 31 (AP)—Dr. Logan Wilson, 45, a native Texan, takes over as president of the main University of Texas Monday with plenty of duties to keep him busy. The former academic vice president of the Consolidated University of North Carolina will be charged with administering the affairs of 12 colleges and schools, 51 teaching departments and 52 research and service units in Austin. He also is responsible for administration of the Institute of Marine Science at Port Aransas and the J. W. McDonald Observatory at Fort Davis.

Plant To Produce Newsprint From Sugar Cane Fiber

HOUSTON, Jan. 31 (AP)—Plans for construction of a Louisiana plant to manufacture newsprint from sugar cane fiber were announced here today. Officials of Brown & Root, Inc., Houston construction firm, said they will start construction at Lockport, La., as soon as the National Production Authority approves an application for accelerated depreciation. Construction is expected to be completed late this year. The Brown & Root announcement said the new company, the Valentine Pulp and Paper Co., will make newsprint from sugar cane bagasse for the Valite Corp., New Orleans. Initial capacity will be approximately 17,250 tons of paper and dissolving pulp annually. The plant will employ about 70 industrial workers. Bagasse is the fibrous residue of sugar cane. Will J. Gibbens, Valite president, said the new process will greatly benefit the economy of the sugar cane industry and will make available a new fiber source to the paper and pulp field.

Colorado City March On Polio Drive Nets Additional \$1,379

COLORADO CITY, Jan. 31.—Colorado City mothers tramped out the town Thursday night in behalf of the March of Dimes, collecting \$1,379 in a door-to-door campaign. Clarke Prather, finance chairman for Mitchell County, expressed his appreciation to the citizens of Colorado City, who had made the Mother's March successful. The City Hall reported \$274.85 taken from parking meters during the week that had been set aside for polio. In a Saturday drive on the streets of Colorado City, the Wolverines Pep Squad, collected \$240.40 from motorists who were stopped and asked for contributions. The Do Si Do Club reported \$55 from a dance held Tuesday night at the Legion Hut.

Public Hearings On State Bills Ready To Begin

By MARTHA COLE
AUSTIN, Jan. 31 (AP)—The Legislature "has taken hold of its problems," House Speaker Reuben Senterfitt said today after the third week of the session.

"The main problem is preparing the budget for our state services," Senterfitt said.

"I detect an unusually keen interest."

Senterfitt admitted that the Legislature is still in the routine hearing stage.

Public hearings on bills start next week. Two to be heard Monday at 7:30 p.m. before House committees have stirred interest outside the Capitol:

1. A measure to prohibit cross-filing of candidates.

2. A measure to prohibit the State Parks Board from building hotels, lodges or motels.

Cross-filing of the same candidate on both the Democratic and Republican tickets was permitted in last November's general election for the first time in Texas history. Liberal Democrats didn't like it. Rep. A. D. Downer, Center, had the bill to abolish it ready at the beginning of the session. Printed postcards from Minnie Fisher Cunningham, a former state Democratic committeewoman from New Waverly, have been received by some representatives urging attendance at Monday's hearing.

"Remember the Alamo! Remember Goliad! Remember last November's election," the cards say.

The bill to stop the Parks Board from building hotels or lodges perked up folks in Denison, where plans for an Eisenhower Lodge on Lake Texoma already have started. The bill would stop that. Its author, Rep. Jack Fish, Wharton, said he had in mind to prevent the construction of a proposed million dollar hotel on Inks Lake on the Colorado River near Burnet because he didn't think the state should go into competition with private enterprise. Fish's bill would allow construction of not more than 12 cabins on a state park.

The more controversial bills—such as the ones to increase teachers' pay, to permit horse racing and to tax natural gas—have been introduced but haven't been set for public hearing.

Lines aren't clearly drawn yet on the major issues. Since all 181 members of the Legislature are announced Democrats, they can't divide on party lines but do on issues. And the lines more often than not are between liberals and conservatives.

The liberals have rallied around a natural gas compressor tax bill as last session they held out for a natural gas gathering tax. The three major tax bills introduced so far have been on natural gas. The last, filed this past week by Rep. George Hinson, Mineola, would put the tax on gas under contract for a year or more. Hinson said it would hit the big pipe line companies with long-term contracts.

Rep. Gabe Garrett, Corpus Christi, still is working on the idea of an invoice tax on business turnover a year in Texas. The 2 percent tax he contemplates would bring in 160 million. He wants to eliminate all the various taxes now on such items as natural gas, sulphur, beer and playing cards. Those taxes brought in 178 million last year.

The colored dot on the forehead worn by many women in India is not a caste mark, being merely a beauty spot which may change color with the wearer's clothes.

More Patrolmen For Area Highways Would Be Help

The chances for a driver leaving Big Spring and seeing a highway patrolman before reaching any one of the county lines are slim.

Highway Patrolmen Jack Taylor and Amos Johnson are the first to admit the fact. And they say the reason is that there are not enough patrolmen.

Both men support the bill introduced recently in the Texas Legislature to increase patrolmen. Rep. Thomas R. Joseph Jr. of Waco introduced the bill, which would provide about 130 more patrolmen.

Collins Backs 'Smack' As Legitimate

WASHINGTON, Jan. 31 (AP)—The Army's chief of staff, back today from Korea, stoutly defended Operation Smack as "perfectly sound and legitimate" and not a shooting show staged for brass hat observers.

Gen. J. Lawton Collins told reporters who met him at the airport he was astonished that anyone would think Gen. James A. Van Fleet, the Eighth Army commander, would expend lives in a demonstration.

"I cannot emphasize too strongly," Collins said, "that Gen. Van Fleet is more concerned over any operation that causes the loss of a single life than anyone except a parent or relative of a man."

Van Fleet's headquarters already has denied that the attack last Sunday on Little Spud Hill in North Korea was any staged show. Of about 220 U. S. 7th Division men in the assault, three were killed and about 60 wounded.

Collins has been asked to tell about the raid, carried out before visiting generals and war correspondents, in a public hearing Tuesday of the House Armed Services Committee.

Committee Chairman Short (R-Mo) and Sen. Saltonstall (R-Mass), who heads the Senate Armed Services Committee, said in a joint statement yesterday the operation was "necessary for tactical reasons." They said a preliminary check convinced them it failed to attain its objective—capture of prisoners through co-ordinated artillery-infantry assault—because of combat reasons which "are not unusual."

Dr. Carter Returns From Church Meeting

Dr. Orion Carter, 421 Edwards, has returned from the national conference on stewardship at Buck Hill Falls, Pa.

Dr. Carter, superintendent of the Big Spring district of the Northwest Texas Conference, was among a group of 50 leaders of the Methodist Church picked to attend the session. The meeting marked the launching of the denomination's program of Christian stewardship called for by the 1952 general conference.

Ex-Resident Is Ill

Jovieta Whittington, formerly of Big Spring, is under treatment in the Rose Hospital in Los Angeles, Calif. She had suffered from chronic appendicitis and from a near nervous breakdown. She is the daughter of Mrs. A. R. Reed of Redondo Beach, Calif. and of S. M. Whittington, Amarillo.

This is explained by the fact that Johnson and Taylor must work as a pair. Once they put in eight hours, the other parts of the day are unpatrolled.

Of course they patrol the hours that traffic is heaviest and are on call the rest of the time. Yet both men claim the highways need patrolling during all hours.

If there is an exception, it is in the early morning hours. This is how the two men believe four patrolmen could handle the job.

"We'd simply split it up two and two," they said. "Two men could work from 8 a. m. to 6 p. m., and the other two could work from 6 p. m. to 2 a. m."

Though it would not be as complete coverage as desired, the highways could be made more safe, they said. The night shift would be on standby until 8 a. m.

"The way it is now, thousands of cars can pass through without ever seeing a patrol car," Johnson said. "We might be on Highway 87, and drivers on 89 wouldn't see us. The same thing applies while we're on Highway 80."

area," Taylor said.

Reese Airmen Collect Money For Girl's Rites

LUBBOCK, Jan. 31 (AP)—Cadet Walter E. Whitaker's former comrades at Reese Air Force Base were taking up a collection today to help pay funeral expenses for the high school girl he is accused of strangling, stripping and burying in a lonely prairie grave.

Scores of officers and men from the base near here where Whitaker, 20, was formerly stationed—including the commanding officer, Col. C. P. West—attended the funeral of Joyce Fern White yesterday.

They were among an estimated 2,000 who packed Lubbock's First Baptist Church.

One unidentified Reese airman told the Lubbock Avalanche-Journal: "I didn't know her but I've read so much about her I feel she was a friend."

Whitaker, handsome son of a Hartford, Conn., trucking family, led officers onto the plains west of here Wednesday and dug up Miss White's nude body from a shallow grave. He also pointed out the spot where the high school senior's clothes were buried, about 100 yards away.

Whitaker is being held without

bond. He was bound over to the grand jury which meets Feb. 9.

A justice of peace returned a verdict of death from strangulation in the 18-year-old girl's death. Dist. Atty. Travis Shelton said an autopsy showed Miss White had been "sexually assaulted shortly before or near the time of her death."

Whitaker recently was transferred from Reese AFB to Lackland Air Force Base, San Antonio. Shortly after his arrest in San Antonio Tuesday he told officers that "there was another girl I loved more than I loved Joyce."

It wasn't known how much Reese men have collected but the Lubbock Avalanche-Journal said the money would go to Mrs. Lena White, widowed mother of the slain girl.

Whitaker's parents had not arrived today. The Avalanche-Journal quoted Burton Burks, Lubbock lawyer and former district attorney, as saying Whitaker's relatives had talked to him by telephone but that no definite plans have been made for Burks to defend Whitaker.

College Development Fund Sets A Record

COLLEGE STATION, Jan. 31 (AP)—The Texas A&M College Development Fund set a new record during 1952 for money received when students, former students, and friends contributed \$98,224.61.

Dick Hervey, secretary of the Former Students Assn., said that while the total amount received was a record, the total number of contributions was down to 8,201.

Allotments from the total for use during 1953 are \$10,000 for opportunity awards, \$1,000 for the President's Fund, \$22,000 for operation of the FSA office and publication of the Texas Aggie, bi-weekly newspaper of the FSA, and raising of the All-Faiths Chapel Fund to \$38,465.95.

WHY STARVE TO TAKE OFF FAT?

Barconate is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and get four ounces of the new improved Barconate. Pour into a pint bottle or jar and add grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose belly fat and help regain slender, more graceful curves—If reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, chin, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. No starvation diet. No required weight. Just good and full of pep.

THIS LADY LOST 42 POUNDS
"Before taking Barconate I weighed 188 pounds. I now weigh 126, a loss of 62 pounds. Instead of wearing size 30 dresses, I now wear 18 and 16. I am so glad and feel so good. Words cannot express my satisfaction." Signed, Mrs. P. H. Wunders, 1810 Thirteenth St., Galveston, Texas.

AND THIS LADY LOST 21 POUNDS
"Thanks to Barconate. What a wonderful way to lose weight!" writes Mrs. A. F. Hester, 111 W. 24th St., San Antonio, Texas. "No dieting and not a single hungry moment. I have lost 21 pounds and am now down to my required weight. Feel good and full of pep."

Formosa Release Report Is Stirring Speculation

By SPENCER MOOSA
TAIPEH, Formosa, Sunday, Feb. 1 (AP)—Reports that the U. S. may lift its 30-month old neutralization of Formosa brought immediate speculation Saturday of bigger Nationalist air and commando raids on the mainland of Red China and probable Communist air attacks on this stronghold of Generalissimo Chiang Kai-shek.

The new strategy appeared to be based on this reasoning: Every plane and soldier the Chinese Reds use against the Nationalists is that much less available for employment in Korea, Southeast Asia or elsewhere.

Official quarters gave the impression Saturday afternoon that no such notice had yet been received.

Congress May Drive To More Efficiency

By WARREN ROGERS JR.
WASHINGTON, Jan. 31 (AP)—With Republican leaders trying to rid the issue of confusion, Congress may clear the track next week for President Eisenhower's promised drive toward more efficiency in government.

shape departments, bureaus and agencies.

But the issue, about which considerable uncertainty developed this week, is whether Eisenhower's power should be equal to that held by former President Truman.

TRAFFIC

(Continued From Page 1)

more than a million dollars per year due to traffic accidents in Howard County.

The convention quickly approved a CTC constitution and by-laws and the slate of officers proposed by a nominating committee.

Halleck said he is confident the reorganization bill that finally passes the House will give Eisenhower the same authority Truman had.

Warning Voiced About Break-Ins

Juvenile Officer A. E. Long voiced a warning Saturday to local boys and girls that breaking into a place is a penitentiary offense.

Case Dismissed By Court Of Appeals

A case styled Empire Southern Gas Co. vs. Fred Hyer et al has been dismissed by the 11th District Court of Civil Appeals in Eastland.

Nobody Is Injured In Traffic Mishaps

No one was injured in traffic mishaps here Friday and Saturday morning.

Third Floor Poured On New Courthouse

Cement has been poured on the third floor of the Howard County Courthouse, and workers say they will be ready Monday to start construction toward the fourth.

Diagrams Are Stolen

NEW YORK, Jan. 31 (AP)—Danis Brightman, a gem merchant, told police today that \$100,000 worth of unset jewels he placed in a 10-cent public locker had been stolen.

Variety Programs Due At Hospital

Variety programs by American Legion Auxiliaries from Midland and Odessa headlined the entertainment calendar for VA Hospital patients this week.

Wrightslit Rite Set

Will Wrightslit died at 2:10 p.m. Saturday following a two-year illness. Services will be held at the Church of God in Christ on N. W. 1st Street at 2 p.m. Wednesday.

Dance Of Death

Benny and Betty Fox are shown above as they perform their "dance of death" on 18-inch platform extended from the 14th floor of the Settles Hotel. The roof top which appears directly under them is in reality the top of the building across the street from the Settles. The couple did the Charleston and several intricate maneuvers as that shown in the picture. Once when Miss Fox was jumping a rope on the platform, she nearly fell. The performance was to herald the show, "Stars on Parade," which will be at Webb Air Force Base Tuesday and Wednesday.

Ike's Interest In EDC Is Emphasized In Italy Talks

By STAN SWINTON
ROME, Jan. 31 (AP)—President Eisenhower has told Italy and indirectly the rest of Western Europe that he is highly interested in speedy formation of the European Defense Community.

License Plates On Sale Monday

Automobile license plates for 1953 will go on sale at the county tax assessor-collector's office at 2 p. m. Monday.

Bottle And Lambs Make A Fine Combination For Sterling Lad

By FRANKLIN REYNOLDS
STERLING CITY—Give a lot of West Texans a bottle and they'll get in trouble and wake up with a headache.

But this is the story of a young West Texan of a different sort, who got into a mess of honors at the annual Sterling County 4-H Livestock Show Saturday and woke up with a handful of blue ribbons, championship rosettes, trophies almost as tall as he is, and plaques and showmanship awards of various kinds.

Carrier of San Angelo, Ewing McEntire was superintendent and was assisted by Clinton Hodges and Ross Foster. The event was sponsored by the Sterling City Lions Club with ranchers and business men contributing to its success.

Policy Change For Pardons Is Planned

WASHINGTON, Jan. 31 (AP)—Atty. Gen. Brownell took an implied crack today at the Truman administration's policy on pardoning convicted persons, and announced that President Eisenhower will follow a goldfish bowl policy.

Under the new policy the Department of Justice will maintain a record of all pardons and commutations granted in the future, which will be open to inspection by Congress, the press and others who have a legitimate interest.

STANTON, Jan. 31 — Body of Wesley W. Williams, prominent Martin County farmer, was found in the bathroom of his home early Saturday.

Body Of Farmer Found In Home

STANTON, Jan. 31 — Body of Wesley W. Williams, prominent Martin County farmer, was found in the bathroom of his home early Saturday.

He had suffered a 22 calibre bullet wound in the head. Justice of Peace Martin Gibson was not expected to return a verdict until Monday. Mr. Williams, who had been in ill health, was discovered by his wife.

Survivor includes his wife; one son, W. W. Williams Jr.; Stanton; six brothers, Nat Williams, who is superintendent of schools at Lubbock, Everett Williams Crosbyton, Lynn Williams, Moran, Louis Williams, R. D. Williams and J. N. Williams, Putnam; and his mother, Mrs. R. D. Williams Sr., Putnam. The body is at the Arrington Funeral Home and arrangements are pending.

Hit-Run Driver Sought By Police

Police Saturday were on the lookout for a hit-and-run driver who struck a 15-year-old boy on a bicycle at Third and Johnson.

All they had to go on was a description of the Mercury automobile that struck Larry Mooneyham, son of Mr. and Mrs. A. L. Mooneyham, 404 Goliad.

Larry's father told police the driver made an abrupt turn at the intersection, striking the boy. He said he thought windshield or window of the car was broken by the impact.

Soviets Trying To Lure Pilots From Course

By WILLIAM C. BARNARD
TOKYO, Sunday, Feb. 1 (U) — U. S. airlines pilots in Japan said today that Russian radio transmitters on land and sea are trying to lure American fliers off course. For many months, false radio signals from Siberia and the open Pacific—possibly from submarines—have baited aircraft over Northern Japan, the pilots said. Planes which would follow such beams would be in danger of crashing into mountains or becoming lost over the vast Pacific. The existence of the mock signals was confirmed by U. S. Air Force pilots at a Northern Japan airbase.

Walter J. Lawton, a pilot for Japan Air Lines, said: "One set of false signals comes from Vladivostok, west of Japan. Other strong signals come from the Pacific Ocean east of Japan and it is my opinion that these probably are sent by Russian submarines. A ship would be too easy to find. I believe subs are to blame."

A former U. S. Navy pilot, Lawton flew antisubmarine patrol missions over the Atlantic in World War II. S. E. Joiner of Childress, Tex., chief pilot of Japan Air Lines, and M. D. Sheets of New Brighton, Pa., another pilot for the same line, also told of receiving the same treacherous signals. "The signals are on the same frequency as radio homing beacons in Japan," said Lawton, of Oakland, Calif., in an interview. "If we followed the signals as we fly north from Tokyo to the island of Hokkaido, we would crash into mountains. If we followed similar signals as we fly from Hokkaido toward Tokyo, we would soon be lost over the Pacific."

Lawton emphasized, however, that since pilots are aware of the false signals, they rely on other, trustworthy navigational aids, averting any danger.

Plant Openings Offset Seasonal Layoffs In State

DALLAS, Jan. 31 (U)—The opening of new manufacturing plants in Texas is more than offsetting seasonal layoffs to keep manufacturing employment, already at record highs, climbing during January, the Federal Reserve Bank reports. Its monthly Business Review for February, the Federal Reserve District said non-farm employment in the district reached a record high in late 1952 but there have been some seasonal declines during January.

Construction activities continue to expand, the Review reports, with the value of construction contracts awarded during December the highest of any month on record. Construction during 1952 was up 10 per cent over the previous year with the largest gain recorded during the last quarter. Retail sales at reporting department stores for December were 11 per cent above a year earlier and were the highest for any on record. They continued to show an increase during the first two weeks of January over the comparable period of 1952, dipped during the third week and turned upward again during the last week. The Review reported that agriculture conditions during the first half of January were generally favorable but more moisture is needed for wheat in the Panhandle. Farm commodity prices now average about 20 per cent below those of a year ago.

The Review also reported that activity in the oil industry during December and early January was above that of the same period a year ago. Between Dec. 17 and Jan. 21, bank deposits rose 1.7 per cent, bank investments declined about 2 per cent and commercial, industrial and agricultural loans rose less than one per cent.

Newspaper Forum Slated At Dallas

DALLAS, Jan. 31 (U)—Several of the nation's best known newspapermen will participate in the first annual Southwest Journalism Forum to be staged April 30-May 2 under joint sponsorship of the Dallas Press Club and Southern Methodist University.

Speakers will include Ralph McGill, editor of the Atlanta (Ga.) Constitution; Mark Ethridge, publisher of the Louisville (Ky.) Courier-Journal; Wes Izzard, editor and publisher of the Amarillo (Tex.) Daily News; Clyde Ragdale, editor of the Texas City (Tex.) Sun, and Roscoe Drummond, columnist and Washington Bureau chief of the Christian Science Monitor.

The forum was designed to help young journalism students become better acquainted with problems of the professional and to give professional newspaper people a clinic, or refresher course, in their specialties.

Retail Trade Forecast

NEW YORK, Jan. 31 (U)—Retail business next month is expected to show a 4 per cent improvement over last February's volume, Sales Management magazine predicted today. Total sales of 12 billion 200 million dollars are anticipated.

This Is A Dirt Deal

Douglas Orme, left, vice-president of Cosden Petroleum Corp., points to where silt will be removed from the basin of the old T&P lake south of town. It will be given to the Air Force for use at Webb AFB by Big Spring Hunting & Fishing Club, composed of Cosden employees. Col. Henry S. Tyler Jr., Major William O. Boardman Jr., and Louis Gene Thompson, engineer, get the dirt details from Orme.

Cosden Employees Donate Silt To Cover Bare Spots At Webb

It's an ill drought that does nobody good.

While Cosden employees are busy trying to make a 50-year old T&P dam jug-tight, the Air Force now is going to help scoop out the silted basin.

Already, numerous community and private installations in the city have made use of the rich dirt washed into the upper channel of Big Spring Creek over a half century span.

Now the Big Spring Hunting & Fishing Club, composed of Cosden employees and supported by the company, has made an enormous amount available to Webb Air Force Base while the basin is bone dry.

New Red Cross Aid Class Is Underway

A new Red Cross first aid class has been started at the Junior High School under the direction of Miss Anna Smith.

The class will consist of 39 hours training and will include instruction in care of injured and emergency treatment. The class is part of the school health program.

A class was recently completed at Washington Place School. It was taught by Mrs. H. L. Derrick, and 30 people graduated.

Air Installations officer at Webb, has been given permission to excavate several thousand cubic yards of dirt to spread around the barren air base.

"We are going to bring hundreds of truck-loads of soil to Webb and spread it over the bare spots," Major Boardman said. "Then, hoping for a little rain in the spring, we are going to seed to native grasses."

"If we are successful and can get a grass cover we will be able to stop the soil erosion at Webb, and we will undoubtedly partially eliminate the problem of dust relative to aircraft maintenance," he said.

The lake is located just south of Big Spring and west of U. S. 87, highway. The Texas & Pacific Railway Company had the dam constructed in 1903 to provide water for steam locomotives. Except for periods of prolonged drought, it did this until two years ago when Dieselization of the road killed the need for extra water facilities.

Cosden employees bought properties in 1951 as a site for developing a recreation center.

Because the dam obviously was losing water faster than by evaporation, an engineering firm (Benjamin, Thompson) asked to supply an answer: Possibility of an underground stream from the old "big spring" was ruled out since its level was 70 feet below service and would require five to 10 rainy years to raise to surface. Checks showed water — 86 gallons or more

per minute — was seeping through porous sand and gravel beneath the dam.

Engineers also ferreted out some small springs — independent of the old Big Spring — right under the T&P lake bed.

Now, the Big Spring Hunting & Fishing Club plans to install a cut-off wall under the dam at the point of seepage and to asphalt the upstream surface of the dam as a step to further seal in the water.

By removing as much of the siltation as possible, the volume of water impounded will be much greater when rains do pour runoff into the basin. With the leakage plugged and channel deepened, maybe boating and fishing will last longer.

How To Kill Your Doctor . . .

Be sure and get in his office as soon as you can and stay as long as you can and tell him "how smart" "Junior is" . . . he will love that when twenty really sick patients are waiting in line . . .

Be sure and phone him after twelve each night asking him whether the medicine was to be given "before or after" meals . . . he will always remember you for that too . . .

Be sure and wait until after five each evening to see him, he has nothing to do at all for twenty-four hours a day except practice medicine . . . he doesn't need any rest, he doesn't need any sleep . . . he is the "Super man" . . .

Be sure to scare your Doctor by telling him that "Junior" is "just burning up" with fever . . . when the Doctor runs him around some really sick folks and finds that all Junior has is that he is wrapped up in so much clothes that he is "over heated" and has no fever . . . Your Doctor just loves to help take three layers of clothes off of "Junior" and then to find that he is just "hot all over and has no temperature" . . .

Be sure and bring at least five of your friends when you go to see your Doctor, he just loves to have company . . . and enjoys the applause of a large audience . . . and it helps his "Ego" to see so many people to see him, especially when he is worn out . . .

Be sure to phone and ask him if the "green tablets" were to be taken before the "red ones" . . . but set your clock, wait until you are sure he is in bed.

Be sure that you call him at least five times a day . . . if you have no one sick just ask him whether he thinks the weather affects corns or rheumatism . . . he just loves to hear his phone ring . . .

Labor Groups Slate Parleys On T-H Law

By NORMAN WALKER

WASHINGTON, Jan. 31 (U)—Both the AFL and CIO will hold big strategy meetings next week to map their stand on changing the Taft-Hartley law and their relations with the new Eisenhower administration.

The separate closed-door sessions are likely to prove the most important organized labor parleys held in many years.

The AFL's powerful 15-man Executive Council opens a 10-day meeting Monday at Miami. The CIO's Executive Committee and Executive Board will hold huddles in Washington starting Tuesday and running all week.

A major item down for discussion by the chiefs of both organizations will be parleys on dealing with the drive in Congress to revise the Taft-Hartley law. Both still want it wiped out, but have become reconciled to getting only a few changes.

The labor groups are fearful that Congress will tighten up the law in many ways opposed by the unions. But they rely heavily on President Eisenhower's campaign assurances that he would be fair to all.

AFL and CIO relations with Eisenhower's administration also are bound to come in for lively discussion. In this respect, the AFL has risen to new prominence. Up to now at least, Eisenhower has gone out of his way to be friendly

with the AFL, while largely ignoring the CIO.

Comment in labor circles is that this policy of being cordial to the AFL, with more than eight million members, and cool to the CIO, with about four million, closely follows a pattern set by Gov. Thomas E. Dewey of New York with unions in his state.

On the national level, the policy could split the labor groups politically and perhaps on many economic issues. Both the AFL and CIO opposed Eisenhower during the presidential campaign.

Both the AFL and CIO meetings are to be devoted, too, to planning forthcoming negotiations toward merging the two big union organizations. AFL President George Meany and CIO President Walter Reuther, both recently selected as heads of their organizations, have pledged to make a new try at the long-debated merger.

Suit On Note Filed

The First National Bank in Big Spring filed suit on a promissory note in Howard County Court Saturday against R. B. Hood. The bank alleges that Hood has paid only \$40 on a \$360 note delivered to it on Jan. 4, 1949. Hood has failed to pay on repeated demands, it is alleged.

Lake Victoria is the largest lake in Africa and the chief reservoir of the Nile.

Damage Suit Filed

The Sweet Oil Well Equipment Company filed a \$353.90 damage suit against Henry H. Griffith in Howard County Court Saturday. The suit resulted from an accident in Hobbs, N. M., on Dec. 2, 1951.

Active Rotary Rigs In Basin Show Decline

Active rotary rigs in the Permian Basin area declined slightly in the interval from Jan. 10 to Jan. 25. On the basis of reports by the Reed Roller Bit Company's Midland office, there were 415 rigs at work in the area as of Jan. 25. Two weeks previously the total was 440.

Midland jumped from 16 to 20 units while Andrews County was climbing from 33 to 36. The 36 for Andrews makes it the most active county in the West Texas portion of the Permian Basin. Lea County still leads the Basin with 118, although that area lost eight rigs during the 15-day period.

Counties showing increases on the last tally are Dawson, from seven to nine; Ector, from 21 to 22; Martin from three to four; Pecos, from 14 to 16; Tom Green from three to four and Yoakum from 4 to 11.

The Spraberry Trend, including Midland, Upton, Reagan, Glasscock, and Sterling Counties, lost from 41 to 32. The 32 rotaries operating in the Trend represents the lowest mark for that area during the past two years.

Counties included in the Reed survey with activity for Jan. 25, and corresponding figures for Jan. 10 shown in parentheses, follow:

Andrews 36 (33), Borden 8 (8), Cochran 13 (15), Coke 22 (22), Crane 7 (7), Crockett 8 (15), Dawson 9 (7), Ector 22 (21), Gaines 15 (19), Glasscock 12 (8), Kent 3 (4), HOWARD 13 (19), Midland 20 (16), Martin 4 (3), Mitchell 1 (3), Pecos 18 (14), Reagan 10 (14), Schleicher 15 (19), Scurry 9 (11), Terry 10 (13), Tom Green 4 (3), Upton 20 (22), Ward 9 (8), Yoakum 11 (10), Lea, N. M. 118 (126).

Scurry Unitization Project Gains Commission Approval

AUSTIN, Jan. 31 (U)—The largest oil unitization program ever proposed in Texas got the go-ahead from the Railroad Commission yesterday.

It is the Scurry County unitization plan, covering 47,459 acres of the Canyon Reef Pool in the Kelly-Snyder and Diamond "M" Fields. Sunray Oil Corp. and Magnolia Co. were the main applicants for approval of the program. It was bitterly opposed by the W. A. Moncrief oil interests and others, who said the participation formula was unfair to them.

Commission Chairman Ernest O. Thompson said the voluntary unitization agreement was signed by 1,900 persons, including 96.58 per cent of the working interest in the field and 83.84 per cent of the royalty acres.

He called attention to proponents' testimony that unitization would mean recovery of an extra 720 million barrels of oil.

Thompson said the operating interests will carry the entire estimated cost of 60 million dollars for installations needed for repressuring.

"The non-signers are not interfered with so far as their allowable is concerned by the approval of this unitization plan," Thompson said.

Thompson said allowable production would continue to be based 50 per cent on acreage and 50 per cent per well but signers of the unitization plan will divide their proceeds on the basis of 25 per cent per well and 75 per cent of acre feet in the reservoir.

"The purpose of the plan is to utilize reservoir energy to the highest degree possible and to maintain pressures by injection of water and natural gas at the best places within the unitized area, regardless of ownership," he said.

He said signers would ask permission from the commission to close in high gas-oil ratio wells and to transfer their allowable to low gas-oil ratio wells, and water-injection wells will be located after notice of hearing before the commission.

Attorney J. A. Rauhut, who represented Sunray and Magnolia, said efforts would be pushed to put unitization into effect by March 1, the earliest date possible under terms of the contract.

Oil Tax Bills To Stir Storm

By DAVE CHEAVENS
AUSTIN, Jan. 31 (U)—A wad of bills aimed at tapping the oil and gas industry's tax-tough pocket-book are expected to stir up a storm in the Legislature.

It is a running battle between forces who feel the mammoth industry in the nation's largest oil-producing state is already paying its fair share of government costs and those who contend natural resource taxes are the best source of new state revenue.

The newly-organized Legislature is faced with a major problem in stretching state funds over a variety of insistent demands for new services. There is a gap of at least \$5 million dollars between spending requests and Gov. Shivers' proposed budget of 165 million dollars for general services for the next two fiscal years.

That does not include 100 million dollars which highway officials say is needed to bring the state's primary roads up to par. Shivers has recommended a cent a gallon boost on the gasoline sales tax to improve highways.

Shivers also told the Legislature if it found it had to raise money it might look to the long-line gas transmission companies for it.

The natural gas transmission lines challenged last session's new tax on them in court. More than 11 million dollars is tied up because of that lawsuit.

The gas transmission people would be hit by a compressor tax bill introduced by Rep. Dolph Briscoe, Uvalde, who figures it would bring in 60 million dollars a year. It would not supplant the gathering tax but would be in addition to it.

The natural gas industry also

has a wary eye on at least three price fixing bills. Rep. Jack Bryan, Buffalo, and Sen. Wardlow Lane, Center, each has a bill giving the Railroad Commission power to establish minimum prices at the wellhead. Sen. Grady Hazlewood, Amarillo, introduced a bill to give the commission power to fix prices in the huge Panhandle area.

Natural gas in the Texas Panhandle is selling for about half what it is in Oklahoma, he said. Hazlewood believes his bill—defeated last session—would also help solve the state's money problem.

Some other tax bills:

By Rep. Grady Hogue, Martin's Mill, a processing tax of one cent a gallon on all combustible condensates which includes all forms of gasoline, coupled with a two-cent a gallon cut in the gasoline sales tax. He figures it would raise \$4 million a year.

By Charles Hughes, Sherman, an occupation tax of 11-20 of one cent per 1,000 cubic feet of natural gas processed in Texas. He proposed an additional 9-20 of one cent tax if the present gathering tax of 9-20 of one cent is finally invalidated.

Rep. Gabe Garrett, Corpus Christi, is working on a bill to eliminate percentage taxes now existing on such items as natural gas, sulphur and beer. He would substitute a 1/2 per cent invoice tax on practically all business.

Rep. Sam Sellers, Waco, has a bill which would put a two-cent processing tax on practically all burnable petroleum products and he estimates it would raise 200 million a year.

Here's How It Works

One of the most interesting spots for three score processors and oil press representatives at Cosden's BTX open house tour last week was in the control room. Here, Dan Krause, production engineer, explains to part of the visitors how everything is controlled through electronic gauge. R. L. Tollett, Cosden president, examines a section of the board which gives a visual picture of operations for the entire plant, first in the world to combine gasoline upgrading and benzene, toluene and styrene manufacture. (Mathis Photo).

COMPLETION FROM CORE HOLE ASKED FOR REEVES WILDCAT

Completion from a core hole is in prospect for a Reeves County wildcat test.

Phillips Petroleum Company has filed application with the Railroad Commission to complete a core hole as a discovery well. It is the Phillips No. 325-A Strat (stratigraphic) Test, 1,960 from the north and 660 from the east lines of section 11-C-18, PSL, nine miles northwest of Pecos and in central eastern Reeves.

Operators revealed total depth was 4,083 but no information on any shows was given. Detailed information may be released within 10 days or two weeks. Unofficial sources have been rumoring for several days that the core hole had some oil, but Phillips remained silent. Filing of the application gave some credence to the reports.

Mitchell Strawn Prospect To Test

Sun No. 1 McCabe, prospective Strawn discovery in extreme southeastern Mitchell County, Saturday completed coring and then prepared for a drillstem test.

Operator cored from 5,912-27, recovering two feet of sand, finely grained, hard and tight and slightly porous but with a good odor of oil.

Previously operator had drillstem tested from 5,897-5,911 for 33 minutes. Gas surfaced in seven minutes, oil in 32 minutes, and recovery was 17 barrels of clean oil and 800 feet of oil and gas-cut mud.

Location is three miles south of the McCabe-Pennsylvanian small pool in Mitchell and two miles north of the Jamison pool in northern Coke County.

In northwestern Mitchell County, Humble No. 1-B Lucy M. Coleman, CSE NE 77-25, H&TC, west offset to the discovery well between the Coleman Ranch and Sharon Ridge fields, made hole at 2,400 feet in lime.

Reef Well Potentials

Forest Oil Corp. No. 1 L-TXL has been finished as a flowing central-north Ector County discovery in the Pennsylvanian.

On a 24-hour test, it flowed 261.36 barrels of 40.2-gravity oil and no water through 12-64-choke. The flow was through perforations from 8,621-31, treated with 750 gallons acid, and from 8,671-91, treated with 1,000 gallons of acid. Gas-oil ratio was 671-1, flowing tubing pressure 590 pounds.

Location is 660 from the north and east lines of section 31-45-1N, T&P, three miles east of Goldsmith and 1 1/2 miles southwest of the North Cowden deep field. Previously the test had been carried to 11,902 in barren Ellenburger which yielded only sulphur water. Operator set pipe and completed in the Pennsylvanian.

Terry Glorietta Field Is Extended

A two-mile northwest extension to the Terry-Glorietta field in northwestern Terry County has been completed.

It is the Great Western No. 1 Britt Clare, 1,980 from the north and 660 from the west lines of section 22-D-14, C&M survey.

On a potential test, it flowed 623.76 barrels of 29-gravity oil through one-inch tubing choke in 24 hours. Casing pressure was 75, tubing pressure 90, gas-oil ratio 336-1. There was no water. Operator had treated the section from top of pay at 4,898 to total depth of 5,912 with 5,000 gallons of acid. The 7-in. oil string was set at the pay top.

ORDER AFTERMATH

Question Raised On Navy Place In Oil Business

By TEX EASLEY
WASHINGTON, Jan. 31 (U)—A potentially explosive question whether the Navy should get completely out of the oil business—may come up soon before the House Armed Services Committee.

The subject was broached by Rep. Gavin (R) Oil City, Pa.

With some congressional tempers still simmering from Harry Truman's parting presidential act putting offshore oil lands into a naval petroleum reserve, the question immediately set off a discussion.

The Navy seems in no hurry to take over the controversial offshore lands.

"We have taken no action at all on the oil lands except to study the matter created by the order," said Capt. Robert H. Meade, director of the Naval Petroleum Reserve.

Meade said today he had conferred with the Navy's judge advocate general about the submerged oil lands. He said the only conclusion reached was: "The whole question must be determined as a national policy by President Eisenhower and the Congress."

Meade said that, while waiting for a final decision, about all the Navy could do was to "let the

lawyers determine the Navy's authority, responsibilities and duty."

The subject likely will be reviewed within the next three or four weeks, along with questions about the Elk Hills naval reserve in California and the Point Barrow reserve in Alaska.

The naval reserves were established 40 years ago when the petroleum resources of the nation were still virtually unknown. In the interim the nation has gone through two major wars relying entirely on private industry for fuel, not on the naval reserves.

Chairman Short (R-Mo) of the committee said in an interview that it will go into the problems of the naval reserves as soon as possible.

Prepares To Fish

Sun No. 1 Dean, C SW SW 22-1, J. Pottevant survey, eastern Dawson wildcat, drilled to 4,576 in Permian lime and dolomite. Operator was preparing to fish for junk at that depth. A drillstem test for 4,160-4,212 earlier had shown a rainbow of oil.

Sen. Douglas Raps Tidelands Bill A 40 Billion 'Give Away'

WASHINGTON, Jan. 31 (U)—Sen. Douglas (D-Ill) tonight denounced a proposal to give states clear title to submerged oil lands off their shores as a 40 billion dollar "giveaway."

He discussed the tidelands bill in the first of a new series of transcribed radio broadcasts over Illinois stations. He discussed the same subject in a filmed telecast over Chicago television station WGN.

Douglas said the offshore oil lands belong to the people of all

48 states and the income from them should be used to increase teachers' salaries and improve schools throughout the country.

But, he conceded, it now "seems likely" Congress will pass legislation to give the lands to California, Texas and Louisiana. He went on:

"The thought of Congress giving away over 40 billion dollars in oil resources, part of which belong to Illinois, has made me think of the plight of the schools and teach-

ers in Illinois and in the whole country.

"Here is 40 billion dollars which many want to give away at the very time when our school districts cannot raise enough money to give our children the education which should be theirs."

Douglas said he is backing an amendment by Sen. Hill (D-Ala) to the tidelands bill under which most of the revenues from offshore oil would be allocated among all the states for education.

CRMWD To Supply Water To Unit

The Railroad Commission decision on the Scurry unitization project is of more than passing interest locally.

In March of 1952, the Colorado River Municipal Water District and Scurry Area Canyon Reef Operators Committee signed a contract by which the CRMWD would become chief source of water for the repressuring. The agreement covered up to 8,000,000 gallons of water daily out of water surplus to municipal needs. SACROC members had advanced \$160,000 to the CRMWD for repressuring the line in anticipation of the unitization project.

Glasscock Gets New Producer

Sohio Petroleum Company No. 4-B Mary V. Bryans, 660 from the north and 1,980 from the west lines of section 6-36-4s, T&P, has completed as a Driver Spraberry producer.

It flowed for 12 hours to rate 593.3 barrels of 38.7 gravity oil and no water after treating with 4,500 gallons of fracture. Casing pressure was 480, tubing pressure 290, a 3/4-in. choke was used. Gas-oil ratio was 790-1, elevation 2,718; top pay 6,820 (upper) and 7,697 (lower), total depth 7,744; the 5 1/2-in. oil string at 7,668.7 and perforated 6,840-6,884.

Cosden Petroleum Corp. No. 1 Vivian Bigby Hanson, 1,980 from the west and 660 from the south lines of section 46-36-4s, T&P, drilled to 350 and set the surface string. This location is on the east side of the Driver area and is a north offset to the Tide Water No. 6 Norma Calverley.

Snyder Test Will Final

Fair & Woodward No. 2-20, Susie Snyder, a shallow outpost to the Snyder field of southeastern Howard County, was preparing to complete Saturday.

The section from 2,635-2,774 was shot with 352 quarts of nitroglycerine. Operator swabbed six hours, recovering 19 barrels of oil per hour. Saturday swabbing was continuing to clean out and test for completion.

Location is 1,650 from the east and 990 from the north lines of section 20-30-1s, T&P, which is a mile northwest of the Snyder pool and a mile and a quarter southwest of the Lata-East Howard field. It is near the Harrison No. 1 Snyder which first outposted the area.

Kerr Made Conoco Division Official

Charlton Kerr, Roswell, N. M., geophysicist for Continental Oil Company, has been appointed division geophysicist with headquarters at Midland, it has been announced by D. D. Christner, Fort Worth, southwestern region exploration manager.

He succeeds E. L. Mount, who has transferred to Oklahoma City as assistant regional geophysicist for Conoco's central region.

Kerr joined Continental in 1938 as a surveyor's helper with an oil exploration party. He was promoted to party chief in 1950 after holding a succession of exploration party positions and serving more than four years with the U. S. Army during World War II.

South Borden Well

Goldston Oil Corp. No. 1 DeLoache and Rodgers, two miles east of the Vealmoor pool, had drilled to 6,990 in lime and shale at the end of the week. This outpost is in southern Borden County.

R. L. TOLLETT, President

they PRODUCE your BETTER COSDEN PETROLEUM PRODUCTS

Members Of The Lube Oil Blending And Canning Section Of Cosden Petroleum Corporation, Left to Right: D. B. McCann, Warehouseman No. 2/H. D. Drake, Warehouseman No. 1; David T. Evans, Lube Oil Technician; Loyd Arnold, Warehouseman No. 2 and Fred Beckham, Warehouse Foreman.

This portion of Cosden's big production operation merits its importance in producing a consistently fine motor oil and properly preparing, canning and casing the oil for sales and shipping. All blending of the oil is done in this department and well trained personnel are required to insure production of better quality oils day after day.

The tank-like units in the background are blending vats. Immediately behind Mr. Arnold are the canning machines.

COSDEN PETROLEUM CORPORATION

One More Juror Is Needed For Parsons Trial

By ARNO ADAMS

WICHITA FALLS, Jan. 31 (AP)—Richer lawyers, needing only one more juror for the Mary Jean Parsons' bridegroom murder trial ran out of prospects again today, and the judge sent the sheriff to get more off the streets.

This was a victory for the state, and in effect the ruling by Judge Arthur Tipps wiped today's proceedings out as wasted effort. Tipps overruled a defense motion that he declare a mistrial.

The trial will resume Monday with 40 new veniremen and with the same number of challenges available to both sides as when court opened this morning.

Mrs. Parsons, 22, is charged with killing her husband, Lieut. Richard O. Parsons, 26, Feb. 16. The blonde, blue-eyed Tulsa heiress told officers she shot him in the head as he lay in bed in their El Paso apartment. She said they had quarreled over help given them by her wealthy parents, Mr. and Mrs. Burtner Fleeper of Tulsa.

The original 300-man venire was exhausted yesterday after 11 jurors were chosen.

Tipps granted a defense motion to choose 75 more talesmen from the jury wheel for today. The state argued this was illegal, that the only way to get more prospective jurors was for the sheriff to collect them. After the argument went to the defense, District Attorney William Clayton of El Paso said a "plumb fatal" error had been made that could wreck the state's case.

When the lawyers failed to find a 12th juror today, the state again demanded that the new panel be picked up by the sheriff. The defense took up the old argument and insisted on selection by jury wheel. The state motion included a provision to nullify today's proceedings by giving both sides the same number of challenges they had left at the opening of court today—one for defense and 6 for the state. The defense had used its one challenge, the state none.

This time Tipps' decision went for the state, and defense attorney C. C. McDonald tried for a mistrial. Tipps ordered Sheriff Weldon Bailey and two deputies to round up 40 prospects and have them in court Monday.

Pickup, Tools Theft Reported To Police

P. G. Proctor, 1011 NW 4th, Saturday reported to police the theft of a green, 1948-model Chevrolet pickup. It had about \$800 worth of tools aboard, he said. Proctor said the truck was stolen Monday. He informed police the vehicle had since been seen in Austin.

Featured In Variety Show

Lovely Clara Deibosq with "Stars On Parade", the Benny Fox variety show, appears with a "singing" horse in an act that has been acclaimed in major cities across the country. The two afternoon and evening performances Feb. 3 and 4, will be held in the Webb AFB gymnasium open to the public. Adult tickets sell for \$1, children's duets cost 50c.

More Burglaries Break Out Over Big Spring On Friday

A new wave of burglaries and thefts splashed across Big Spring Friday night.

Two schools and the Phillips Tire Company warehouse were broken into. Amount of loot taken was not determined.

Some tires and a quantity of anti-freeze solution were stolen from the tire warehouse in the 200 block of N. Gregg. Ted Phillips, owner, said he was unable to determine immediately just how many casings and how much anti-freeze were stolen.

Five tires were found where they had been hidden at the rear of the store, however. Police arrested one man Saturday for investigation in connection with the burglary.

Phillips said thieves entered the warehouse after breaking a lock on a rear door.

Police estimated \$2 in change was stolen from the junior high school offices. Money was in iron

hung containers put out by the March of Dimes committee. Truett Johnson, junior high principal, said billfolds which had been turned in at the office also were rifled.

Nothing was missed from the vocational building on the high school grounds, Pat Murphy, school business manager, reported. The building was broken into sometime Friday night.

Two cases of theft were reported Friday. Mrs. Alvin Parks, 1500 Scurry, reported a new tricycle was stolen from her home Thursday night. Mrs. L. P. Perry, 706 Bell, said a bicycle was missing from her residence.

In Gomera Island in the Canaries, the inhabitants can communicate with each other by a special whistle language which they use to talk across the deep gorges that are found on the island, says the National Geographic Society.

Sabres Raise Ratio To 11-1 Against MIGs

SEOUL, Sunday, Feb. 1 (AP)—The Air Force said Saturday Sabre jets have attained a combat superiority of 11 to 1 over the Russian-made Communist MIGs.

This sensational ratio was achieved over two years of fighting the Reds in their own back yard over Northwest Korea. The ratio formerly was 8 to 1 in favor of the Sabres.

The Fifth Air Force said that Sabre pilots destroyed 548 MIGs since they first went into action in December, 1950. During that time, 49 Sabres were downed in combat.

These figures represent only confirmed MIG kills. The Air Force said, "Many badly crippled MIGs which limp across the Yalu River boundary line (of Manchuria) and become total losses to the Reds through crash or explosion are not claimed as destruction."

"Despite the controversy which has raged over the relative performance qualities of the two airplanes," the Air Force said, "the record stands preponderantly in favor of the Sabre jet fighter."

However, the Air Force has conceded that the MIG has a climb superiority over the Sabre and performs better at high altitudes. This is because the MIG is a lighter plane.

U. S. airmen agree that their electronic gun sight is the best available, and they feel the Sabre is "better glued."

"Sabre jets have returned from combat and landed safely with holes four feet square torn in wing or tail sections," the Air Force said.

But other advantages are all on the Reds' side, according to data compiled by the Air Force. The MIGs never have to worry about fuel shortage and have the protection of the Manchurian boundary at their backs.

The Reds also virtually have dictated the fighting conditions, preferring to fight over a strip of Northwest Korea known as "MIG Alley." Most engagements are fought in the Sinju area—within a 25-mile radius of Antung Air-base in Manchuria, where Allied planes are forbidden to fly.

The Canary Islands, from which the birds were named, got their name from huge dogs (canis) found on the islands in early times.

Reds Use Violence To Control A Union

WASHINGTON, Jan. 31 (AP)—A Senate subcommittee today released a case study designed to show Communist leadership dominated a union by physical violence plus "an atmosphere of intimidation and vilification."

The union is the Marine Cooks and Stewards Union of the Pacific (MCS) with headquarters in San Francisco. It was expelled from the CIO in 1950 on charges of being Communist-dominated.

The Senate group said the union has between 3,000 and 4,000 members working on ships in the Pacific, and added:

"The Marine Cooks and Stewards Union is the last Communist outpost among the unlicensed seafaring unions, and it accounts for the desperate measures that are being used to keep this organization under Communist control."

"It requires no great act of imagination to recognize the importance of control of a seafaring union. Such control eases the problem of infiltration of agents and propaganda for world-wide communism."

The report is the last to be issued by a labor-management relations subcommittee headed by Sen. Humphrey (D-Minn). The subcommittee was allowed to expire today by the new Senate Labor Committee.

Humphrey said in an accompanying statement that the report "represents an investigation of how a Communist-dominated union stays in power."

"It stays in power," he said, "by terrorizing the real and imagined dissidents within the union, by driving critics of their jobs, by slander, vilification; by intimidating government witnesses to its illegal activities, by perverting the union's judicial machinery into an instrument of reprisal, by intimidating the employers into becoming parties to their totalitarian methods."

"In brief, this Communist-dominated union has remained in power by corrupting the basic democracy of a union to create a little totalitarian system all of its own."

The report said the MCS has consistently stood with the Soviet Union and against the United States on questions of foreign policy.

The report said that until the National Labor Relations Board stepped in with cases against the union and ship operators, "the discriminatorily administered hiring hall was operated with the knowledge and collusion of the employers in the industry."

The report said that until the National Labor Relations Board stepped in with cases against the union and ship operators, "the discriminatorily administered hiring hall was operated with the knowledge and collusion of the employers in the industry."

Pre-Banquet Conclave

Four principals at the Thursday night banquet for the Big Spring High School football team...

EIGHTH CLUB TO BE DISCUSSED

Longhorn Directors Meet Here At 10:30 O'Clock

Longhorn League directors converge on Big Spring this morning for an important meeting.

Seven teams are ready to launch the 1953 season, theoretically, that is. An eighth is needed.

Pecos was considered ready to enter the circuits as recently as two weeks ago...

A. C. Gonzales, who is seeking to move his orphan Sweetwater franchise to another spot...

The two have had their heads together all week and reportedly have been conferring with Lamesa officials over the possible move there.

Lamesa would be ideal for several reasons. It already has a park, and its fans are among the best in all baseball.

If a deal could be worked out there, though, it's probable Gonzales would put in at Ballinger, which once had a team in the league.

Among other things, the directors will also discuss a league schedule. Two will be submitted, both of them prepared by Williams Ruggles of the Texas League.

Regardless of which schedule is adopted, Big Spring will open at San Angelo the night of April 22. That much has been assured.

The conclave gets underway, incidentally, at 10:30 a. m. at the Bettles Hotel and is apt to continue well into the afternoon.

Bill Frank and Hack Miller will represent Big Spring at the session.

Others due here include Horace Busby and Jay Haney, Midland; Pepper Martin and A. D. Ensey, Odessa; Pat McLaughlin, Carlsbad; Earl Perry, Artesia; P. St. Stoney and Louis Bagwell, Roswell; and Rudy Briner and Allen Ingram, San Angelo.

Martinez Ready To Fight Davey

NEW YORK, Jan. 31 (AP)—Vince Martinez, the 1952 rookie of the year, has his eye on a fight with Chuck Davey but he's willing to settle for Chico Vejar, the man who made Davey famous.

"It's like to fight that Davey," said Martinez after his unanimous decision win over Carmine Fiore last night at Madison Square Garden. "Everyone says he's so good. I think I can beat him right now."

Reminded that Davey had other business—his welter title challenge against Champion Kid Gavilan at Chicago, Feb. 11, Martinez agreed he also would like a shot at Vejar.

The usual delegation from the Westinghouse plant in Plainfield, N. J., turned out to root Martinez home. Because he brought along his own gang, the receipts totalled a good \$17,897 from 5,541. That's above par in this TV age.

Tiremen Defeat Grady, 68-44

Phillips Tire Company's crack basketball team picked up its 20th win in 21 starts in Grady Thursday night by beating an independent team of that community, 68-44.

Bob Parkin scored 27 points for Phillips, Ken Baker 20, Hanson paced Grady with 20 points.

During 1953 a total of 11,827 harness races were held for a record \$14,600,368.

JONES PRAISED BY EISENHOWER

By WILL GRIMSLEY

NEW YORK, Jan. 31 (AP)—Gold and the President of the United States paid new tribute to the retired emperor of the links today when a portrait of Bob Jones was unveiled in the Golf House museum.

Jones the grand slammer, now 52 and fighting a spine ailment, sat in a green leather chair as leading figures of the sport crammed into the library to watch ceremonies and hear a letter of praise from President Eisenhower.

"You all must be proud as I am to have Bob's portrait hanging in Golf House," Eisenhower said in a letter read by Totton Hefflinger, president of the U. S. Golf Association.

"Those who have been fortunate enough to know him realize that his fame as a golfer is transcended by his inestimable qualities as a human being.

"Bob's contribution to our great game is reflected by its deserved prominence in the field of sports. But his gift to his friends is the warmth that comes from unselfishness, superb judgment, nobility of character, unwavering loyalty of principle."

This was a letter from Eisenhower the golfer, proud of an occasional 80, who used Jones' little white cottage and facilities of the Augusta National Golf Course at Augusta, Ga., for a brief vacation after the November election.

Jones rose with the help of a cane and his eyes were a little damp as he responded:

"This is a happy meeting of two things that have meant much to me in my life," he said. "They are the USGA, with which I was long associated as a player and later a member of the executive committee, and the Augusta National Golf Club, where I have many friends."

The onetime boy wonder from Atlanta was stricken with a spine ailment several years ago and has undergone several operations. Recently he had a heart attack.

Up the stairs a few yards looking down proudly as if from a press coop, was a portrait of the late O. B. Keeler, the Atlanta Journal sports writer known as "Bobby Jones' Boswell." Keeler recorded Jones' 3 major U. S. and British championships from 1923 through 1930 and the unparalleled grand slam of 1930 when Bob won the U. S. Open and Amateur and British Open and Amateur in a single year.

Little League sponsors and managers will meet again at Dibrell's Sporting Goods shop at 7:30 o'clock Tuesday evening.

Committees assigned to contact business houses for material with which to build the proposed Little League park will make reports.

A person connected with the league said he was confident a park could be built here this spring, complete with a lighting system.

Indications are a Pony League will function here this season, too. In that event, the same park will be used by the older boys, too.

Stamford Licks Colorado City

COLORADO CITY, — The Colorado City Wolves lost their fourth cage contest against 5-AA competition, with the Stamford Bulldogs taking the large end of a 56 to 38 score here Friday night.

The Bulldogs, leading 5-AA with five wins and a lost jumped off to an early lead and were never in trouble, leading 18 to 8, 29 to 18 and 41 to 30 at the quarter posts.

Don Maynard scored 11 points before fouling out in the third quarter, to lead Wolf scoring. Joining in the parade off the floor were Bernam Corbell and Don Flippen, two of Colorado City's top point makers, who also fouled out.

Wayne Wash netted 14 free throws for a game total of 26 points to top the Bulldogs, though Charles Coody trailed close behind with 21.

The Colorado City Bees defeated the Stamford B team, 48 to 43, with Himmy Hock scoring 19 points for the winners, and Jimmy Alexander 15 for Stamford.

Phillips Assigned To Big Springers

A limited-service catcher-outfielder, Dub Phillips, has been assigned to Big Spring by the Mattoon club of the Mississippi-Ohio Valley League.

A 190-pounder, Phillips only recently left the service.

He is being sent to Big Spring on a 30-day trial basis. If he makes the grade, his contract will be purchased outright.

Following Wreck Hank Thompson Is Assault Victim

NEW YORK, Jan. 31 (AP)—A taxi driver beat Henry (Hank) Thompson, 27, New York Giants baseball player, about the head and face with a sawed-off baseball bat in an argument after a pre-dawn automobile collision today, police reported.

Thompson, a Negro, was taken to Mother Cabrini Hospital, where 14 stitches were required. He is an outfielder and a third baseman.

Police identified the taxi driver as William Winfrey, 30, also a Negro, and arrested him on a charge of felonious assault. He pleaded innocent when arraigned in Felony Court and was paroled pending a hearing Feb. 3.

Police said a cab operated by Winfrey and an auto driven by Thompson collided at an intersection in Harlem.

May Buy Cards

Bill Walsingham Jr. (above) probably will be the new owner of the St. Louis Cardinals. Current boss Fred M. Saigh, who Friday agreed to step out of baseball following his 15-month sentence and \$15,000 fine for evasion of income tax, intimated as much when he asserted Walsingham would be given first choice to purchase the stock.

Relays Field Is Up To 18

Another half dozen teams have entered the April 4 American Business Club Relays, which will be held at Steer Stadium. The field now numbers 18 and is apt to grow much larger, since 50 invitations were mailed.

Latest schools to signify to Coach Carl Coleman they would be represented here are Denver City, Andrews, Phillips, Crane, Forsan and Snyder.

Amarillo, a previous champion, is due to field a strong team in this year's meet and could make a spirited bid for the crown won last year by Odessa. Amarillo divided its squad in 1952, sending half its personnel here and the other half to the Bluebonnet Relays in Brownwood.

In a telegram to Gov. Johnston Murray, Gov. Theodore McKelvin said:

"Would consider it personal favor if you would advise Billy Vessels that all Baltimore and Maryland awaits his signing with the Baltimore Colt football team."

Vessels, All-America halfback and winner of the Heisman Trophy, was the first draft choice of the Colts last week after they regained a franchise in the national football league.

He visited Canada a few days ago to discuss a possible contract with the Edmonton Eskimos, two of his Oklahoma teammates, full-back Buck McPhail and center Tony Catlin, also were drafted by Baltimore.

Riley, McWane Reach Finals

HOLLYWOOD, Fla., Jan. 31 (AP)—Defending champions Polly Riley of Fort Worth and Bea McWane squelched a belated rally by their opponents today and won a spot in the finals of the Women's International Four-Ball Golf Tournament.

They will make their third bid for the championship in the 36-hole final Sunday against Mary Lena Faulk and Mary Ann Downey.

Miss Riley and Miss McWane defeated Pat Garner of Midland, Texas, and Marjorie Lindsay McMillan, 2-up.

Miss Faulk and Miss Downey also had to fight off a rally to beat Carol Diringer and Mary Agnes Wall, 2 and 1.

Bobsled Star Is Killed In Crash

GARMISCH - PARTENKIRCHEN, Germany, Jan. 31 (AP)—A Swiss bobsled hurtled over a 15-foot wall of ice on Garmisch's notorious "dead man's curve" today and crashed into a tree, killing its world champion driver and seriously injuring two of the three other riders.

Killed almost instantly was Felix Endrich, rollicking 32-year-old Zurich salesman who last weekend guided his two-man sled to the world championship over this same treacherous course.

Vernon Beaten In 3A-1 Upset

SNYDER, — Snyder's Tigers upset the highly touted Vernon Lions, 52-51, in an overtime basketball game here Friday night.

Ramon Towry of Vernon has a chance to send the contest into a second overtime period but missed the second of two free throws.

The game was tied at the end of the regulation fourth period, 47-47.

Joe Galyean of Snyder led the scorers with 15 points. Lester Dye had 14 for the losers.

The loss was the second in a row for the Lions.

Cary Middlecoff Will Seek To Repeat As Links Champ

EL PASO, Jan. 31 (AP)—The \$5,000 El Paso Open Golf Tournament starts Tuesday with goldfom's big names fighting it out.

OVER NIGHT GAMES

Frick Hears Bill Veeck's Protest

By JOE REICHLER

NEW YORK, Jan. 31 (AP)—Bill Veeck, president of the St. Louis Browns, protested to Baseball Commissioner Ford Frick today against three clubs in the American League which have barred him from night games in their parks.

Fred Saigh, beleaguered owner of the St. Louis Cardinals, shared the headlines with Veeck when he named eight prominent St. Louis executives he was considering for a committee to run the Redbirds.

Saigh, sentenced this week to 15 months in prison for income tax evasion, did not attend the major league meetings of the club owners that ended today. Veeck was very much in prominence. After being rebuffed on all sides, the Browns boss was closeted with Frick for 90 minutes pleading his case.

Neither Veeck nor Frick would comment on their discussion. Veeck appealed to Frick to intercede in his television squabble with the New York Yankees, Cleveland Indians and Boston Red Sox. Veeck asked for a uniform baseball rule that would guarantee all clubs an equality in night dates. This, he claimed, was the original American League rule in 1939, the year night ball was started.

In a retaliatory move because of Veeck's refusal to permit televising of the Browns' games at their ball parks, the Yankees, Indians and Red Sox, have refused to grant any night games to the St. Louis club.

"If these clubs can throw me out of their night schedule, which will cost our club \$30,000," Veeck complained, "There will be no limit to what they can do with their money weapon of night baseball. What is to prevent any one of them from threatening a poor club with a player to sell, so that the club will be removed from the schedule unless the player is delivered at a certain price? That is the point of equity I present."

Saigh said he intended to see these men to form a three-man committee to run his Cardinals: Davis Calhoun, Jack Hickok and Arthur Blumeyer, bankers; Edwin Clark, president of the Southwestern Bell Telephone Company; Arthur Atkinson, president of Wash-bash Railroad; Edgar Rand, president of International Shoe Company; Wesley McAfee, president of Union Electric Company; and Charles Thomas, president of Monsanto Chemical Company.

Saigh said he intended to see these men to form a three-man committee to run his Cardinals: Davis Calhoun, Jack Hickok and Arthur Blumeyer, bankers; Edwin Clark, president of the Southwestern Bell Telephone Company; Arthur Atkinson, president of Wash-bash Railroad; Edgar Rand, president of International Shoe Company; Wesley McAfee, president of Union Electric Company; and Charles Thomas, president of Monsanto Chemical Company.

Billy Vessels Should Play For Baltimore, Says Gov.

BALTIMORE, Jan. 31 (AP)—The Republican governor of Maryland asked the Democratic governor of Oklahoma today for a "personal favor"—tell Billy Vessels he should play professional football for Baltimore.

In a telegram to Gov. Johnston Murray, Gov. Theodore McKelvin said:

"Would consider it personal favor if you would advise Billy Vessels that all Baltimore and Maryland awaits his signing with the Baltimore Colt football team."

Vessels, All-America halfback and winner of the Heisman Trophy, was the first draft choice of the Colts last week after they regained a franchise in the national football league.

He visited Canada a few days ago to discuss a possible contract with the Edmonton Eskimos, two of his Oklahoma teammates, full-back Buck McPhail and center Tony Catlin, also were drafted by Baltimore.

Ponies Upset By Plainview

PLAINVIEW — Plainview pulled a prize upset in District 1-AAA basketball play by trouncing the Sweetwater Mustangs, 64-60, here Friday night.

Plainview took an early lead and was never headed. The Ponies fell nine points behind at half time, then pulled within two points of the Plainview team at half time, only to make no progress after that. The Bulldogs gained one point in each of the final two periods.

Carl Anderson of Sweetwater tossed in 32 points for the Sweetwater team, tops for the night.

Two Games Booked By Odessa Oilers

ODESSA — The Odessa Oilers, who will train in South Texas, will meet Corpus Christi of the Gulf Coast League in Sinton April 4 and in Corpus April 12.

Midland Workouts To Open Feb. 9

MIDLAND — Spring football workouts will open at Midland High School Monday, Feb. 9. Coach Tugboat Jones has announced.

Fourteen lettermen will answer the call to work. The drills will extend for 30 days.

Four Hoopsters Enroll At HC

Four basketball players were among those who enrolled at Howard County Junior College for the spring term last week. All immediately became eligible.

They are Jerald Farmer and James Pierce, both of Levelland; Jimmy Seay, Stamford; and Don Edwards, Stamford.

Farmer, 6-foot-4, came in from Wayland College, Plainview. He lettered two years as a forward and pivot at Levelland. Pierce, a three-year letterman at Levelland, is 6-4. He attended Texas Tech the fall term but did not play basketball there.

Seay, 5-11; and Edwards, 5-9, came here from Sul Ross. Seay played most of his high school ball at Avoca. Edwards attended high school at Lakeview in San Angelo. Each lettered three years in high school.

Rookie Signed By Warriors

MIDLAND—Tommy McCormick, a rookie highlander hurler, has been signed to a 1953 contract by the Midland Indians.

The new player is in college in Delaware.

Four players are holdouts. They are Outfielders Bill Brown, and Tex Stephenson, Hurler Ralph Blair and Outfielder-Pitcher Glen Selbo.

Lou Dawson, an outfielder returning from the service; Pitcher Milt Marshall and Third Baseman Julio Delatorre are among those who have signed proffered pacts.

Marshall was recently obtained from Artesia.

Maxwell Optioned To Louisville

BOSTON, Jan. 31 (AP)—The Boston Red Sox optioned one young ball player tonight and signed up three others — infielders Ted Lepcio, Johnny Lipon and Johnny Merson.

Outfielder Charlie Maxwell was optioned to the Louisville Colonels, American Assn.

Lepcio, Seton Hall athlete, was used mostly at second base last season and in 84 games batted .263.

Two Negroes Signed By Carlsbad Club

CARLSBAD, N. M. — Two Negroes have been signed for trials with the Carlsbad entry in the Longhorn League.

They are John Henry Shaw, a hurler; and Catcher Compton Shaw, brothers, Compton, 22, is a year older than John.

Signed in San Antonio, they are both rookies.

House Bill Is Gunning For 'Speed Traps'

AUSTIN, Jan. 31 — Rep. Gene Smith of Fort Worth says he is gunning for "speed traps" in a bill he has dropped into the Texas House of Representatives, a bill set for public hearing Feb. 4.

His H. B. No. 43 would give the State Highway Commission power to regulate speed limits and signal lights in towns of less than 2,500 population. The hearing has been called by the Committee on Highways and Roads for 7:30 p. m.

"This bill doesn't mean that towns can't slow traffic traveling through them, but it is designed merely to put teeth in present laws we have which give the State highway Department the right to set up uniform laws," Smith said.

"The bill won't affect 99 per cent of the towns in Texas, because 99 per cent of them now have lights and speed regulations which conform.

"But it is aimed at that one per cent — the towns which have set up 'speed traps.'

"These few towns don't enforce their speed laws with safety in mind — they are trying to build up their revenue from fines."

Smith cited a Tarrant County village where an ex-city officer said local cops were "expected to collect \$2,500 to \$3,000 monthly in fines from the traveling public."

Teeth are put into the law in this fashion: If a town has unauthorized signs or signals, any officer arresting or attempting to arrest a driver for violation of them may be found guilty of a misdemeanor and himself be fined not less than \$100 or more than \$500. Towns erecting unauthorized signs or signals could be enjoined by the county or district attorney or the attorney general.

Smith said he would welcome letters of protest to his bill.

"Maybe" he said, "I could find out some more speed traps that way."

Accepts New Post

AUSTIN, Jan. 31 (AP)—Jimmy Banks, a Capitol correspondent for the Dallas Morning News for the past three years, will direct publications for the Texas State Teachers Assn., the TSTA said today.

Flu Cases On The Decline In Area, Report Reveals

The flu bug apparently is on the way out again. Hospitals report they have a little patient space once more, after dismissal during the past week of scores of influenza sufferers. Very few were taking their places by the end of the week.

One hospital Friday reported discharging eight flu patients, while only two new victims of the disease were admitted to hospital treatment.

The Big Spring-Howard County Health Unit, in its weekly roundup of communicable diseases, Saturday reported diagnosis of but 245 cases of flu in the past week.

While still high, that was little more than a third as many as were reported a week earlier. And only a fraction of the cases under treatment two weeks ago when the influenza epidemic was at its peak.

There never was a complete tabulation of influenza cases when the outbreak was at its worst. Two weeks ago, physicians were too busy even to report the number of cases they knew of. With about half reporting, the total was nearly 800 cases and while the report was being made doctors' offices, hospital rooms and corridors were filled with persons receiving or awaiting treatment.

Along with the influenza reported for the past week, there were 23 cases of pneumonia, 17 virus infections, 57 cases of tonsillitis and pharyngitis, three cases of bronchitis and 61 reports of upper respiratory infections.

Though many of the respiratory illnesses were similar, doctors were unable to group them all in a single category or attribute them to the same organism that caused the influenza outbreak.

Other communicable diseases reported Saturday by the health unit

were measles, three cases; mumps, four; gastroenteritis, 14; diarrhea, three; syphilis, one; gonorrhea, one; meningitis, one; and tuberculosis, one.

Sanitation Still Best Way To Prevent Polio

AUSTIN, Jan. 31 (AP)—"An ounce of prevention" will still beat that "pound of cure."

Although a vaccine for preventing polio is in sight, Dr. George W. Cox, state health officer, said today that sanitation is still the best answer against the crippling disease, he said.

use of gamma globulin for lessening the effects of the disease are in the experimental stage, cleanliness is polio's best opponent, Dr. Cox said.

An uncontaminated water supply, efficient sewage system, proper garbage disposal and personal cleanliness will never be replaced by any vaccine, no matter what the disease, he said.

District Court To Be Resumed On Tuesday

January term of 118th District Court in Howard County will resume Tuesday morning at 10 a. m. Judge Floyd Jones of Breckenridge will preside.

Ten civil suits have been docketed for the week. A jury panel of 60 men will report in the courtroom at 10 a. m. for selection of a jury.

District Attorney Elton Gilliland and Judge Jones will open a grand jury session in Garden City at 9 a. m. Monday.

Windows Are Reported Stolen From A House

J. F. McKinnon reported a theft to the sheriff's department Saturday of some windows from an empty house on the Garden City road.

McKinnon said the house was about eight miles south of Big Spring. Windows were taken from the north, south and east sides.

LIL ABNER

BY AL CAPP

TRUMPAPPYS SWEEPING THE NATION !!!

MILLIONS OF CHILDREN HAVE SWITCHED FROM PIANOS AND VIOLINS TO TRUMPAPPYS

This sensational new musical instrument — a combination of trumpet and pappy — has taken the country by storm.

PRESIDENT DECLARES TRUMPAPPYS ILLEGAL !!

"EMERGENCY LAW NECESSARY TO SAVE AMERICAN WAY OF LIFE." PROCLAIMS CHIEF EXECUTIVE ...

Prince Valiant IN THE DAYS OF KING ARTHUR

Synopsis: WHEN PRINCE VALIANT LOST HIS FLINT AND STEEL THEY MADE A FIRE POT TO CARRY THEIR FLAME WITH THEM. WHILE CROSSING A MEADOW HELGI WHIRLS THE FIRE POT TO FAN THE EMBER TO LIFE AND SETS THE GRASS AFLAME! FOR A BRIEF MOMENT THEY STRIVE TO BEAT OUT THE FIRE WITH THEIR CLOAKS.....

..... BUT THE SNARLING FLAMES LEAP HUNGRILY THROUGH THE DRY AUTUMN GRASS AND VAL, HELGI AND TORR RUN FOR THEIR VERY LIVES!

IN THE COOL, SHADOWY DEPTH OF THE FOREST THEY PAUSE FOR REST, HOPING THE GRASS FIRE WILL BURN ITSELF OUT. EVEN AS THEY LOOK, FIRST ONE AND THEN ANOTHER OF THE PINES EXPLODE, LIKE SO MANY TORCHES, FROM THE INTENSE HEAT!

SOON THE WHOLE FOREST IS ABLAZE BEHIND THEM. THEY STUMBLE ONWARD BEFORE THE SMOKE AND SEARING HEAT UNTIL..... THEIR PATH IS BLOCKED BY THE LURID GLOW OF ANOTHER FIRE AHEAD OF THEM!

HOW WAS VAL TO KNOW THAT THE TERRIBLE UPWARD DRAFT OF A FOREST FIRE WOULD HURL GREAT BURNING LIMBS HIGH IN THE AIR, TO BE CARRIED BY THE WIND MILES AHEAD TO START OTHER FIRES?

STUMBLING BLINDLY, THEY COME OUT ON A ROCKY RIDGE. "LOOK!" CRIES VAL. "WE CAN FOLLOW THESE BARREN ROCKS TO SAFETY BEHIND THE FLAMES!" COVERING THEIR FACES WITH THEIR SMOLDERING CLOAKS, THEY PASS THROUGH THE GATES OF FLAME INTO THE BLACKENED WASTE BEYOND.....

..... AND SLOW DEATH! FOR FIRE ALSO BURNS THE OXYGEN FROM THE AIR, IN A WORLD OF SHIMMERING HEAT, GAS AND SMOKE THE THREE MEN STUMBLE TO THE GROUND, CHOKING.

NEXT WEEK — Desolation.

WHO?

THAT'S RIGHT, MISS DAPHNE.

IT MUST BE SOMETHING VERY IMPORTANT TO BRING THAT WOMAN HERE!

YES MAM.

BRENDA, DARLING, BUT HOW NICE... WHAT WILL YOU HAVE TO DRINK?

DAPHNE, I'VE UNCOVERED A CONSPIRACY AGAINST YOU!

EVEN THOUGH WE HAVE NEVER BEEN BOBOM PALS, I JUST HAD TO COME AND WARN YOU.

MY, HOW EXCITING. YOUR SOLICITUDE TOUCHES ME....

D-E-E-P-L-Y!

IT'S SIR OLIVER TWERR. SOMEBOW HE HAS FOUND OUT ABOUT YOUR ALWAYS WANTING THE MEN WHO ARE INTERESTED IN ME, AND HE HAS OFFERED ME CASH TO BE SEEN AROUND TOWN WITH HIM....

HAI HAI DID YOU SAY CASH? HE COULDN'T PUT THE DOWN PAYMENT ON A STEAK DINNER... AND, BESIDES, I DON'T BELIEVE A WORD YOU'RE SAYING.

A MAN OF HIS BACKGROUND... HIS FAMILY... A. TWERP! WOULDN'T STOOP THAT LOW...

BUT UNCA MICKEY... HOW CAN WE BE SHARPSHOOTERS IF WE DON'T HAVE ANYBODY TO SHOOT AT?

SORRY, MORTY... BUT YOU'RE LIABLE TO HURT SOMEONE!

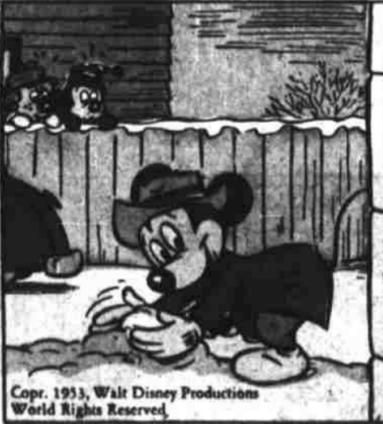

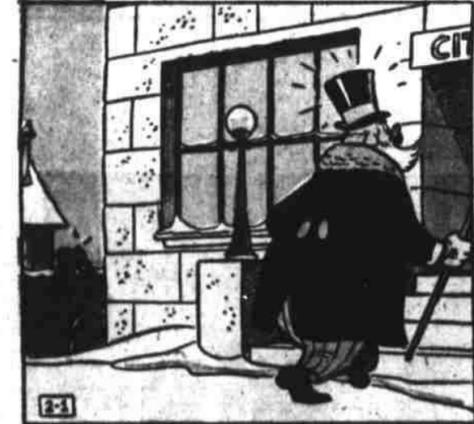

I KNOW HOW YOU FEEL! WHEN I WAS YOUR AGE... THERE WAS NOTHING I LIKED BETTER THAN TO KNOCK OFF A HIGH SILK HAT WITH A SNOWBALL!

MORNING, YOUR HONOR!

GOOD MORNING, SIR!

GOOD SHOT, UNCA MICKEY!

WE ELECTED YOU, HONORARY CHIEF OF THE SHARPSHOOTERS' CLUB, UNCA MICKEY!

SHH-SCAT! GO AWAY!

ME-WUK

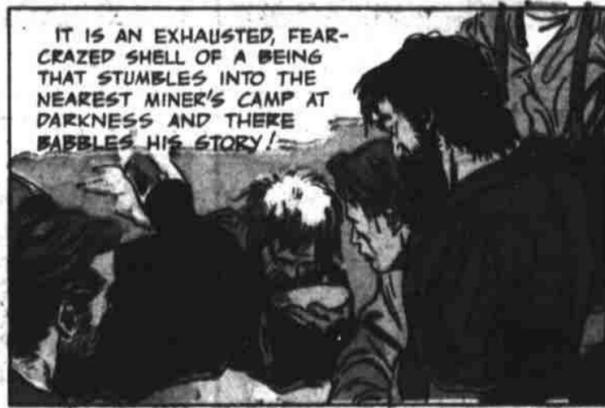

by WARREN TUFTS

THE MESSENGER RACES THE LAST MILES TO HIS CABIN! THE GIANT'S TRACKS LEAD STRAIGHTAWAY TO THE DOOR, AND THE DOOR IS OPEN! THE MAN SCREAMS FOR HIS WIFE!

NO ANSWER! HIS WIFE IS GONE, AND DESTRUCTION LEFT IN HER PLACE!

IT IS AN EXHAUSTED, FEAR-CRAZED SHELL OF A BEING THAT STUMBLES INTO THE NEAREST MINER'S CAMP AT DARKNESS AND THERE BABBLES HIS STORY!

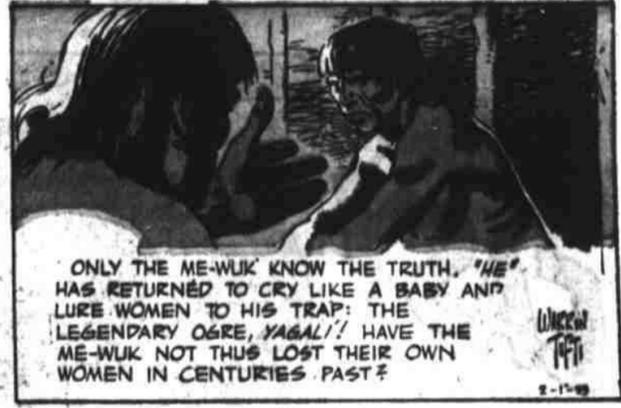

THE MINERS SATURATE HIM WITH DRINK AND THROW HIM IN BED. COME MORNING, THEY WILL SEE ABOUT HIS STORY!

BUT NO GIANT TRACKS ARE TO BE FOUND, ONLY A MESSY CABIN, OBVIOUSLY THE WORK OF A GRIZZLY WHEN THE MESSENGER'S WOMAN RAN OFF AND LEFT THE DOOR OPEN!

FOR DAYS, THE INCIDENT IS ON EVERYONE'S TONGUE. WHEN IT'S POINTED OUT THE WIFE STILL HASN'T RETURNED, THE LAUGHTER IS DEAFENING!

ONLY THE ME-WUK KNOW THE TRUTH. "HE" HAS RETURNED TO CRY LIKE A BABY AND LURE WOMEN TO HIS TRAP: THE LEGENDARY OGRE, YAGAL! HAVE THE ME-WUK NOT THUS LOST THEIR OWN WOMEN IN CENTURIES PAST?

GRIN and BEAR IT

by L. C. CUTY

"The way he's acting... you think one witness is enough..."

"Go ahead and deduct it, Smedley... I promise to come and see you every visitors' day..."

"I'll tell that contractor a thing or two... 10 buckets were supposed to come with the house and he only gave us 6..."

"It's some Senate committee, professor... they're investigating the 'Brain's' loyalty..."

"... Some sort of anniversary dinner, dear? ... or power failure?"

"... Only \$2.75 bid for this valuable art object? ... why the picture is worth that..."

"Got anything in a sensible heel?..."

ALLEY OOP

By V. T. Hamlin

Panel 1: OKAY, BABE, YOU WON THIS TIME, BUT I'LL GITCHA... SOONER OR LATER!

Panel 2: ALLEY IS SURE A CHANGED MAN SINCE HE LOST HIS MEMORY... I GUESS I'D BETTER HEAD FOR THE VILLAGE.

Panel 3: WELL, HELLO, OOOOLA! WHAT'S BROUGHT YOU BACK TO MOO? OH, I HAD A BRUSH WITH A ROUGH CHARACTER... THOUGHT I'D BETTER STAY CLOSE TO HOME FOR A WHILE.

Panel 4: HOW COULDN'T HAVE BEEN OOP BY ANY CHANCE, COULD IT? WELL, IT DID SORTA LOOK LIKE HIM!

Panel 5: WHY, THAT BIG... BY GADFRY, I'LL NOT HAVE ANY LOU RUNNIN' 'ROUND MOO TERRORIZING MY SUBJECTS! NO, GIRL! I'LL... NOW HOLD ON... DID YOU SAY "TERRORIZING"?

Panel 6: YAAH, THAT'S WHAT I SAID! WHO'S TERRORIZED?

Panel 7: WHO IS? DID SHE TELL YOU SHE WAS TERRORIZED? WHY, OOOOLA IS, OF COURSE!

Panel 8: ...DID SHE LOOK TERRORIZED? NO, BUT...

Panel 9: THEN WHY DON'T YOU GO SIDDOWN SOMEWHERE AN' MIND YOUR OWN BUSINESS?

Panel 10: HEH!

Captain EASY

by Bob Kane

New FAB washes clothes WHITER WITHOUT A BLEACH WHITER THAN ANY OTHER PRODUCT WITH A BLEACH!

FAB washes clothes CLEANER than any soap on earth!

Washable colors look brighter, too!

IT'S AMAZING—BUT TRUE! New Fab washes whiter without a bleach! Whiter than any soap or any other washing product known with a bleach in the wash water. Yes, except for stubborn spots, with Fab you can actually skip the bleach. And, remember, freshly-rinsed Fab clothes are cleaner than you can get them with any soap because Fab washes out dirt and leaves no dulling soap scum! If you prefer not to rinse—Fab gives you the cleanest possible, sweetest-smelling no-rinse wash!

SAVE CLOTHES! SAVE WORK! SAVE HANDS! Fab washes clothes dazzling white without a bleach—so clothes last longer. Washable colors look brighter, too. And with Fab, there's no soaking needed, no dulling soap scum to rinse—but—even in hardest water. Yes, Fab saves work. What's more, Fab is wonderfully mild to hands.

CUT DISHWASHING TIME IN HALF! Fab makes dishes, glasses, pans, pots shiny clean! If a food crust clings, whisk it off with the dishcloth! Just a quick rinse and dishes (rate sparkling clean! No hard scouring and no wiping!

A COLEGATE-PALMOLIVE-PEET PRODUCT

RUSTY RILEY

SO HE CALLS HIMSELF "THE GREAT NEKRO," EH? MOST INTERESTING!

WHY DO YOU SAY THAT, MR. STOVEPIPE? DO YOU KNOW HIM?

THE DEEP SOUTH, HE FOLLOWED A SMALL "CARRY" WITH WHICH I HAD A TEMPORARY CONNECTION. BUT HE WAS JUST A MECHANIC!

I CANNOT CLAIM PERSONAL ACQUAINTANCE WITH HIM, RUSTY, AND I COULD BE WRONG... BUT I BELIEVE THAT LAST SEASON, IN

A MECHANIC? YOU MEAN HE FIXED MACHINERY, LIKE ON THE FERRIS WHEEL OR THE MERRY-GO-ROUND?

IN THE NOMENCLATURE OF THE CARNIVAL LOT, A "MECHANIC" IS A SLICK CARD MANIPULATOR!

IF MY MEMORY SERVES ME CORRECTLY, HE WAS KNOWN AS "SPECS"... BUT LOOK HERE, LAD... YOU'VE GOT TO LIVE SOMEWHERE... I'M ABOUT TO SEEK LODGINGS IN THE VILLAGE... SUPPOSE WE SHARE DIGGINGS?

JEEPERS! I'D LIKE TO, MR. STOVEPIPE... JUST LET ME GET MY SUITCASE FROM THAT SHACK WHERE I SLEPT LAST NIGHT.

A FEW MINUTES LATER, IN THE SHACK WHERE RUSTY SLEPT.

GOLLY, I'M GLAD MR. STOVEPIPE ASKED ME TO STAY WITH HIM! THIS SHACK IS SURE NO BARGAIN!... I WONDER WHAT FLIP'S SO CURIOUS ABOUT!

JEEPERS! IT'S A PIECE OF JEWELRY!... A MAN'S CUFF LINK!

WHERE Y'GOING, KID? NOT RUNNING OUT ON YOUR JOB, I HOPE!

OH, NO, SIR, MR. NEKRO... I'M JUST GOING INTO TOWN TO FIND A PLACE TO LIVE!

OH! WELL, IF YOU'RE GOING INTO TOWN, YOU CAN DO SOMETHING FOR ME... TAKE THIS BUCK AND BUY ME A PAIR OF CUFF LINKS AT THE FIVE AND DIME... I LOST ONE OF MINE!

HUH? I... ER... YES, SIR... SURE!

GOOD THAT I CHEWED CLORETS TO MAKE MY BREATH 'KISSING SWEET'

YES, YOUNG MAN, I RECOMMEND CLORETS. THEY REALLY MAKE YOUR BREATH 'KISSING SWEET'!

BOTH CLORETS CANDY MINTS AND CLORETS CHEWING GUM ARE RICH IN CHLOROPHYLL. BOTH MAKE BAD BREATH 'KISSING SWEET' IN SECONDS.

THESE CLORETS ARE DELICIOUS. I GO FOR THIS MINTY FLAVOR.

LIL, I WANT TO KISS YOU!

WE'LL, LET'S GO OUT ON THE TERRACE.

CLORETS, with active chlorophyll, banish odors from such causes as: ONIONS, ALCOHOL, SMOKING

It's simply amazing how fast CLORETS Candy Mints or CLORETS Chewing Gum banish even onion, smoking or alcohol odors. CLORETS are rich in active chlorophyll. True, water soluble chlorophyll. Not an imitation. Not synthetic. CLORETS make breath "Kissing Sweet" in the quickest, pleasantest way possible.

Panel 1: DID YOU FIND WILLIS IN THE BASEMENT? SURE--HE'S GOING TO BURN THE PAPERS LATER! MEANTIME, YOU'LL NEVER GUESS WHAT HE'S DOING!

Panel 2: DO YOU REMEMBER THE SOOT THAT CAME UP OUT OF THE DINING ROOM REGISTER THE OTHER DAY? WELL, WILLIS IS CLEANING THAT PIPE OUT! I DON'T BELIEVE IT!

Panel 3: WHAT A DIRTY JOB!

Panel 4: I GUESS YOU HAVE TO SEE IT TO BELIEVE IT-- COME ON, JUST TAKE A PEEK! ID BETTER NOT! HE PROBABLY WANTS TO SURPRISE ME WHEN THE JOB IS FINISHED!

Panel 5: TAKIN' THIS APART WAS BAD ENOUGH, BUT PUTTING IT BACK TOGETHER-- WOW!

Panel 6: THAT'S THE LAST TIME I EVER TRY TAKIN' A FURNACE PIPE APART AND PUTTING IT BACK TOGETHER AGAIN-- BUT I DID IT!

Panel 7: AND THAT'S A REAL CREDIT TO YOU! YOU WERE MIGHTY THOUGHTFUL, WILLIS, TO CLEAN THAT PIPE OUT! CLEAN IT OUT? WHY, I NEVER EVEN THOUGHT OF THAT--

Panel 8: I WAS RECOVERING A HALF A DOLLAR I DROPPED THROUGH THE DINING ROOM REGISTER!

BUGS BUNNY

Panel 1: I OBTAINED A WHOLE HALIBUT WITH TH' FIFTY CENTS YOU SO GENEROUSLY GAVE ME, SUV'NOR! THAT HALP BUCK WAS NO PRESENT, SYLVESTER!

Panel 2: I NEED PRACTICE FER TH' ARCHERY TOURNAMENT COMIN' UP! YER, GONNA HELP ME! I SHALL BE DELIGHTED TO INSTRUCT YOU IN TH' INTRICACIES OF TH' SPORT!

Panel 3: PARK THIS APPLE ON YER NOSE AN' STAND OVER THERE! HOW'S THAT AGAIN? ARE YOU ADDRESSING ME?

Panel 4: THIS IS HOW YA PAY FER THAT HALF A BUCK YA MOOCHED OFF ME! STAND STILL! PLEASE, SIRE, REFRAIN FROM THIS FOLLY!

Panel 5: I IMPLORE YOU FOR A MOMENT'S DELAY! I SHALL NOT RUN AWAY! I WOULDN'T TRY IT IF I WAS YOU, YA ALLEY CAT BUM!

Panel 6: I NEED YOUR AID AND SUCCOR, MASTER FUDD... BZZZ! ZZZ BZZZZ! SOUNDS SCWEWY TO ME... BUT ALL WIGHT!

Panel 7: BE SURE YOU RETURN IT UNDAMAGED! I AM ETERNALLY IN YOUR DEBT... YOU HAVE SAVED MY LIFE!

Panel 8: YOU MAY FIRE WHEN READY, SIRE!

Advertisement

Panel 1: JILL'S RUN AWAY!

Panel 2: SHE HAD A TERRIBLE COLD, OFFICER, AND... OH, SOMEONE'S AT THE DOOR... KNOCK KNOCK

Panel 3: WHY... WHO ARE YOU? I'M THE MENTHOLATUM NURSE... I'VE BROUGHT JILL HOME! COUGH! COUGH!

Panel 4: MOMMY SAID I COULDN'T BE IN THE SCHOOL PAGEANT FRIDAY BECAUSE OF THIS STUFFY OLD HEAD COLD... SO I RAN AWAY! YOU NEED MENTHOLATUM! IT HELPS CLEAR YOUR NOSE SO THAT YOU CAN BREATHE EASIER!

Panel 5: I FEEL A LOT BETTER, MOMMY! MAYBE YOU CAN BE IN THE PAGEANT AFTER ALL! DON'T BLOW AWAY YOUR HEARINGS! Hard nose-blowing can spread cold infection to the sensitive inner ear. Mentholatum helps thin out thick mucus, lessens congestion and swelling. Soon you can breathe again... without that dangerous hard nose-blowing!

Panel 6: OUR JILL IS THE STAR OF THE PAGEANT! THANKS TO MENTHOLATUM!

Panel 7: MENTHOLATUM IS MEDICATED WITH MENTHOL, CAMPHOR AND OTHER TIME-TESTED, SOOTHING INGREDIENTS! AMERICA'S LARGEST-SELLING PRODUCT FOR THE RELIEF OF COLDS AND SKIN AILMENTS! NOW MOMMY USES MENTHOLATUM FOR COLDS, CHAPPED SKIN AND LOTS OF THINGS. SHE SAYS IT'S A MEDICINE CHEST IN ITSELF!

Panel 8: I LIKE TO CAUSE DRY, CRACKED LIPS! OUCH! QUICK! GET A MENTHOLATUM MEDICATED STICK! MENTHOLATUM MEDICATED STICK! MEDICATED! INSTANTLY SOOTHES AND COOLS SENSITIVE LIPS! EASY TO CARRY IN PURSE OR POCKET!
