Is it still possible to trust a big business? We get all kinds of information at this office that makes me wonder. A reader called recently to tell us to warn our readers about a mail order scheme conducted by one of the most respected companies which deal with children's literature.

This old company has put out a weekly reading newspaper for elementary children for many years. The service is sometimes paid for by the children and sometimes by the school, and is well worth the money.

But recently the company has branched out into other forms of publishing, and our reader thinks she got stung on one of the offers. It seems she subscribed to a set of educational cards which were to come monthly. By the time she finished paying for the service, she had spent over \$90 for material which should have sold for \$10 to \$15. While she was receiving the cards, she got a phone call from the company asking if she would like to have some of their other publications. She answered "No," but received the material anyway, followed by a bill.

She is still fighting with the company over this matter, so we will not reveal the company's name or hers. But it just proves again that the buyer must beware before he signs a contract. Don't ever assume that the company you are dealing with is totally fair. Trust your own judgement and read the fine print on any contract before you sign.

McLean has a most unusual distinction, and I need your help in getting our town the publicity it deserves. McLean is the last town in the state which has not been bypassed by Interstate 40. As "The Last Stopping Place", we should get some interesting coverage in state, and perhaps national, media before the highway goes around us.

I am working on an article "on speculation" for a state magazine, but I need more information. If you have any old photos which show anything about old highway

No Precip. During Period

Election Set To Choose City Officials

McLean voters will go to the polls April 2 to choose three city officials for McLean. The election date was set Jan. 11 at the regular city council meeting.

Two McLean aldermen, Dale Glass and Charles Milam, will have their terms expire this year. Neither man plans to run for reelection. Glass will retire after three consecutive terms

Local Blood Drive Announced

The McLean Chamber of Commerce is sponsoring the annual Winter Blood Drive in McLean Jan. 31 (Monday) from 4 p.m. to 7 p.m. at First Methodist Church in McLean.

McLean donors are asked to donate during the annual drive. Donors may obtain family blood insurance by their donation. Each donation insures the donor and his immediate family for 100 percent of any blood processing charges that the family might incur for a full year. Only one donation by any family member is required.

The donations may also be used to establish a donor club to help pay for blood processing charges incurred by any member of a church, community, school, hospital, or business club. The donation may be used as replacement credit, providing a \$10 credit to be forwarded to the hospital for each pint of blood donated in the name of another individual to assist him or her in paying for blood charges during hospitali-

ty of work on the city council. Milam has been a councilman for one two-year term.

In the mayoral election, Sam Haynes, who has served in that office for ten years, has not yet announced his intentions. Filing for city posts begins in February.

Councilmen set absentee voting for March 14-30. S. A. Cousins was named election judge,

with Elmo Whaley as alternate judge.

A letter from Sammons Communications was read to the council. The

cable television company sent an estimate of \$3557.81 per consumer for cable television connection in the Mc-

Loughlin addition in the southwest part of McLean. That cost would be paid by the customers,

should they decide to subscribe.

In other business, the council decided to have lawyers check on the legality of a tax exemption for the Young-At-Heart club, and to investigate the collection of delinquent taxes from the Rock Island Railroad.

Councilman George Terry was appointed to locate property owners in order to obtain additional

right-of-way for an access road off Interstate 40.

After voting to pay city bills, the council went into executive session.

Attending the meeting were councilmen Jim Barker, George Terry, Charles Milam, Dale Glass, and Bill Thomas, Mayor Sam Haynes, city secretary Stella Lee, city superintendent Bob Glenn, L.L. Rogers, and Lisa Patman.

WARNING

McLean and area businessmen are being warned about buying advertising in a booklet which allegedly will benefit the Samnorwood Fire Department. According to information obtained this week by The McLean News, a group which is sponsoring a show in Samnorwood to benefit their volunteer fire department is also trying to sell advertisements in a brochure. The money for the ads goes directly to the promotional company, and not to the fire department, according to law officers.

Businessmen are being cautioned that if they

wish to donate to the fire department, they should mail their donations directly to Samnorwood.

Local law officers have reported that a number of McLean businesses have been contacted by the group. Officials are not sure about the full extent of the scheme, or the legality of the operation.

Any businessman who has questions about telephone solicitation of ads for brochures, maps, or other material should call Gray County constable Jim McDonald, or call The McLean News to check on the validity of the offering.

Jane Simpson Elected To Head Chamber

Jane Simpson was elected president of the McLean Chamber of Commerce in a meeting of the group Friday at the Cowboy Drive Inn. Mrs. Simpson's election followed the election of Mrs. Chick Wood and Joe Magee to the board of directors for the group. Other officers for 1983 are Joe Magee, vice-president; Sharon Haynes, treasurer; and Linda Haynes, secretary.

The group set March 4 for the date of the annual Chamber of Commerce banquet. Tickets for \$5 will go on sale in February. Only 100 tickets will be sold to the banquet which will recognize the McLean Citizen of the Year. The door prize at the event will be \$50 worth of steaks, donated by Joe Magee.

The Chamber also decided to investigate the

feasibility of setting up a credit check service for local business members of the Chamber. Secretary Linda Haynes was put in charge of the pro-

gram. February will be membership month for the chamber, the group decided. The organization voted to change the dues for membership. The

original dues were \$50 for each business and \$25 for each individual. The organization dues will now be \$25 for businesses and \$12.50 for individuals.

Burglars Captured In Pampa

Seven burglars who allegedly hit two McLean businesses twice last

week were apprehended about 2 a.m. Jan. 14 in a bowling alley in Pampa. The four men and three women were charged with a series of burglaries, including the burglaries of L and L Restaurant and Junior's Exxon Truck Stop on Jan. 9, and again on Jan. 13.

According to Jim McDonald, Gray County constable, a large quan-

tity of merchandise was recovered following the arrests. The group is suspected of 25 to 35 burglaries since Dec. 6. The incidents apparently began in New Mexico which is where the group is from.

Items stolen in McLean included jewelry, tapes, leather vests, hats, shirts, and money. Although the money was not recovered, most of the merchandise was found, according to McDonald.

"Our biggest problem will be to sort out where the merchandise came from," he said.

Country Club Elects Officers

The annual stockholders meeting of the McLean Country Club was Jan. 11 at the club. Approximately 80 attended the business meeting. Officers for the new term are Richard Tunnell, president; Glen Dowdy, vice president; LaVerne Brooks, secretary; June Suggs, treasurer; and directors Thur-

Pampa Rape Crisis Center Opens To Help Victims In Gray County With Medical And Legal Counselling

Victims of rape can now receive a helping hand in Gray County. The Pampa Rape Crisis Center began operation at Coronado Community Hospital Jan. 13, and is offering its services to any person living in the Gray County area. The center has counsellors in Pampa, Lefors, and White Deer who are trained to help the victim of rape.

Anyone who needs the service may call 665-3721 24 hours a day.

Services offered include counselling for the victim, third party reporting (allowing the rape victim to remain anonymous while reporting the crime to the police), public education, supportive counselling for all family members, legal and medical information, and supporting presence at law enforcement and legal proceedings. According to Travis Plumley, director of the service, the center will offer supportive service to victims regardless of whether she decides to prosecute.

All telephone operators and emergency room personnel at Coronado Community Hospital were trained to help rape victims by JoAnn Dwyer

of Amarillo Rape Crisis.

"The problem in our area is much worse than most people suspect," Plumley said. "According to the latest statistics, a woman who lives in Texas has a one in 15 chance of being raped, but since 90 percent of all rapes in Gray County remain unreported, her chances are probably more like one in five," the counsellor said.

Plumley said that the first day of operation of the center two rapes in Gray County were reported.

Asked why most rapes were unreported, Plumley said that the woman feels a social stigma, as if she had done something to cause the rape. "Mrs. Dwyer told us that she interviewed several convicted rapists in prison, and that without exception the reason for their crime was not sexual, but rather a means of expressing their anger," Plumley said.

The public need educated about the crime of rape, Plumley said. "A rape is not just a crime, but a crisis - a violent interruption in a female's life," he said.

Plumley said that the ages of rape victims

range from six months to 92 years old. He said that public education, and especially educating children to report unusual behavior, was an extremely important part of dealing with rape. "It is very important for people to report peeping toms and exhibitionists," he said.

"Studies have shown a strong correlation between those actions and a future rape."

He said that most rapists were

Tigers, Tigerettes Travel

The McLean Tigers and Tigerettes played four out-of-town games last week, travelling to Phillips Jan. 11 and Lefors Jan. 14.

The McLean teams lost both games to the outstanding Phillips Blackhawks Tuesday.

The Tigerettes, facing the probable district champs, played an even first quarter with the host team, with the score an even 12 at the end of the quarter. Phillips scored 21 points to McLean's 5 in the second quarter to secure the game. Eva Anderson led the Tigerettes, scoring 15 points, and snatching 10 re-

bound. Maria Eck scored 10 points and 4 rebounds. Sharla Todd and Stefania Houdyshell each had 2 points and 6 rebounds. Jana Harris scored 2 points; Stacie Smith and Angie Wilson each scored 1 point. Melanie Billingsley scored no points, but made 11 rebounds.

In the boys game, Phillips jumped to an early 11-4 lead, and dominated the rest of the game, winning by a score of 40 to 27. Leading scorer was Scott Stubbs with 8 points, and leading rebounder was David

Toll Free Line Installed

State Representative Foster Whaley, Pampa, announced recently that a toll-free incoming WATT Line telephone has been installed in his Pampa office. The WATT line will permit any citizen in the 84th Legislative District to call him at no expense to the caller. The Toll-Free Number: 1/800-692-1389.

Permission was granted to Whaley to make this installation because of the large eleven and one-half county district which includes part of the Panhandle, Rolling Plains, and South Plains. The District covers North rural Lubbock County and includes Reece A.F.B., Shallowater, New Deal, Idalou, and the southern part of Aberrath. Other counties include Crosby, Dickens, Floyd, Motley, Briscoe, Hall, Armstrong, Donley, Childress, Collingsworth, and Gray.

Whaley said the new incoming WATT line will mean he can be as accessible as

OPINIONS

VIEWERS ARE WRITTEN BY LINDA HAYNES UNLESS OTHERWISE NOTED-IF YOU HAVE AN OPINION ON ANY CURRENT SUBJECT WE WELCOME YOUR SIGNED LETTERS.

A Progressive Step

In the past few years, several social programs have been initiated in the McLean area to help with social problems which seem to be unique to the twentieth century. We now have agencies which will help the battered wife, the abused child, and the displaced homemaker.

With the opening of a new center, the citizens of Gray County are taking another positive step to dispense with outdated ideas and extend a helping hand to victims of a horrible assault - the crime of rape.

The Rape Crisis Center in Pampa opened its doors Jan. 13 and on the first day was called on to deal with two rape cases in the county. Until the Center opened, and law officers and hospital personnel were trained to deal with this crisis, the woman who was the victim of rape was faced with another excruciating ordeal when she reported the crime.

Outmoded attitudes have made rape a trauma from which many women never recover, either mentally or emotionally. People have mistakenly believed that the victim of rape has somehow encouraged the rapist, placing the guilt on the victim rather than the criminal. Recent studies have proven that the majority of rapists are angry men who see rape as a method of venting their anger on a helpless victim. Sexual desire has almost nothing to do with rape.

The Center in Pampa will help the victim through the ordeal of reporting the crime (she can even do it anonymously). The Center will also provide counselling for both the victim and her family, and will give her both medical and legal advice to help her recover.

We applaud the progressive attitude of the administration of Coronado Community Hospital, and the dedicated people in Pampa who are working with the Center. We hope that there is very little need for the Center, but it's comforting to know that the group is there, ready to help, if the need arises.

At Lefors, the girls won their game easily, but the boys lost. McLean led in the first quarter 20 to 9, and never relinquished the lead, ending the game 62 to 34. Maria Eck led scoring with 27, and Sharla Todd led rebounding with 11, followed by Melanie Billingsley and Maria Eck with 10 each. Others scoring were Sharla Todd with 9 points Stacie Smith with 8, Stefanie Houdyshell with 7, Eva Anderson and Melanie Billingsley each with 4, Sherry McLain with 2, and Angie Wilson with 1.

The boys game was tied at 25 at half time, but Lefors held the Tigers scoreless in the third quarter, while scoring 12 points, ending that period at 37 to 25. The Tigers were not able to catch up in the final period of play. Scott Stubbs led the Tigers in both points and rebounding, scoring 13 points, and snagging 6 rebounds. Others scoring were Martin Gately with 8, Kevin Nicholson with 7, Robert Swaner with 6, Randall Wynn with 3, DeWayne Adamson with 2, and David Adamson with 1.

WHAT'S IN IT FOR YOU?

Exercises You Can Do At Your Desk

These suggestions are excerpted from a booklet prepared by the experts at Transamerica Occidental Life, one of North America's leading life insurers and a company which has a special interest in prolonging your life.

If, like many Americans, you're deskbound during the day, you can still exercise. Here are a few exercises that don't even have to interrupt your work. You can do them as you sit at your desk reading or while on the phone:

- **Head rotation.** Sitting up straight, with your hands on your hips, slowly bend the head backwards looking at the ceiling, then bend it forward and look at your feet. Tilt your head to the right side and then to the left side. Begin this rotation pattern by slowly repeating once around to the right and then around to the left. Start with five to ten rotations in each direction. Progress to 11 to 20 rotations in each direction.
- **Chest and shoulder stretch.** Sitting erect, arms bent in front of your chest at shoulder height, with your fingers touching your shoulders, pull your elbows back as far as you can and return them to their starting position. Then, swing your arms outward and sideward and return them to their original position. Start with ten to 20 repetitions; go on till you can do 21-40 repetitions.

give your body something more to do than push phone buttons or a pen while your mind shifts into high gear.

• **Body rotations.** Sitting up straight, with your hands behind your head, rotate your upper body as far as you can to the right and return, then to the left and return. Move at a moderate pace and try to gradually increase your range of movement. Start with ten to 20 repetitions. Progress to 21 to 40 repetitions.

• **Side body bend.** Sitting up straight, with your arms extended overhead, bend at the waist slowly to the left as far as you can go and then return to your starting position. Repeat the same motion to the right. Again, gradually try to increase your range of movement from ten to 20 repetitions to 21 to 40 repetitions.

Simply by doing such exercises a couple of times daily, you will be stimulating your circulation, strengthening your muscle tone and avoiding a raft of unpleasant conditions. You will probably feel less tense and more energetic at your work if you occasionally

make recreational activities an important part of your health program. They give you the chance to relax and enjoy a social life, and many of them contribute to your fitness development.

Hiking, tennis, handball, squash and certain team sports fit the latter category. But even others which aren't so demanding (such as golf) will stimulate your body to some degree.

A few words of advice: Try to keep your recreational activities varied so that maintaining interest is easy.

Avoid a highly-competitive spirit, which sometimes can overpower common sense. There's a whole list of diseases and problems just waiting to attack the sedentary American. They include obesity, high blood pressure, premature aging, lower back pain and heart or blood vessel disease.

Senator Bill Sarpalius Reports

EMERGENCY MEDICAL SERVICE

AUSTIN — The efficiency of an emergency medical service (EMS) ambulance can mean the difference between life and death for you and your loved ones. We are lucky to have in the Panhandle some of the most advanced emergency treatment systems in the state. We feel that this fact is due to the general dedication and excellence of the people providing the service and not due to proper regulation and supervision by the state.

There are areas in Texas where this life saving service is second rate. We feel that EMS should be more closely regulated to protect the ones being aided. This service is too crucial to be allowed to ever become substandard in any area of our state.

One big change that we wish to see enacted is in the area of training for the ambulance operators. Currently, to become a licensed ambulance operator, one needs only have eight hours training in first aid. This level was established forty years ago to correspond with the medical technology of the day. We feel that today's medical technology is advanced to the point where only eight hours training is grossly inadequate. Therefore, we recommend the upgrading of staffing standards over a five year period.

These new standards would be set by the EMS division of the Texas Health Department. As you know there are many fine people in our

area that volunteer their time to provide EMS. Unfortunately, many of these people do not possess all the training needed. It is felt by some that the higher standards we are suggesting will serve to eliminate EMS in many rural areas where highly qualified personnel cannot be found. To alleviate this problem, we are recommending the Health Department be required to go to rural areas periodically to conduct training programs. These will upgrade the qualifications of the people involved. Additionally, if a local EMS absolutely cannot raise its quality to that level recommended, we would allow them to apply for a variance from these standards. In this way, no EMS units will be shut down by this law, only improved.

We are also recommending other improvements to Texas' EMS laws. These include the provision for two people in an ambulance, establishing penalties for people who claim to be paramedics but are not, and providing for limited immunity from civil liability for local governments.

We feel all these measures are sorely needed to improve the vital EMS provided in Texas. As always, we would like to hear your opinions on this or any subject that we can assist you in. Please write Senator Bill Sarpalius, Texas Senate, P. O. Box 12068, Austin, Texas, 78711 or call (512) 475-3222.

Many people believe odd numbers are "luckier" than even ones.

Ed Jones Dies Jan. 8

Edwin Gardner Jones, 64, of Pampa, died Jan. 8 at St. Anthony's Hospital in Amarillo. Services were Jan. 10 at First United Methodist Church in McLean.

He was born in Mesquite, and married Faye Henley Jones June 9, 1937, in Kaufman. He moved to McLean from Alamogordo, N.M. in 1956, and to Pampa in

1981. He was a carpenter and a member of First United Methodist Church at McLean.

Survivors include his wife; two sons, Charles Jones of Pampa and Alvin Blackshear of Denver; a daughter, Bonnie Darrell of Pampa; two sisters, Evelyn Betherum of Dallas and Annie Marie Davis of Mesquite; eight grandchildren and six great-grandchildren.

Sen. Sarpalius Appointed To Committee Assignments

Lieutenant Governor Bill Hobby announced at the opening of the 68th Legislative Session that he is appointing State Senator Bill Sarpalius as a member of the Education Committee, the Natural Resources Committee and the State Affairs Committee.

"I am pleased to be able to call on Senator Sarpalius' experience

and knowledge in this session of the Legislature to help on these important committees," Hobby said of the appointments.

Sarpalius, from Hereford, served on the Economic Development Committee, the Human Resources Committee and the Natural Resources Committee in the 67th Legislative Session.

Loose Marbles

by Lisa Patman

The headline read "Rich Dallasites Sneak Children Into Ritzzy Highland Park School," and the story told of a chauffeur-driven Mercedes slipping into a fashionable suburb, carrying the wealthy children of wealthy parents to a wealthy school in a wealthy Dallas area.

What is the world coming to? Don't rich people know how to act? Don't they know that they're supposed to wear things made out of ostrich feathers, and jump naked into large, elaborate fountains? Don't they know that Babs, Bunny and Throckmorton the Third are supposed to be in exclusive private schools where they take courses in Basic Cocktail Party Conversation, Snobbery I, Advanced Country Club, and Selective Back-Stabbing I & II?

So what's all this sneaking into public school malarky? So what, if the school in question has students which consistently have the highest achievement scores in the state. So what if the academic program is excellent? I mean, what good is it going to do those kids when they're adults and trying to select which caviar to feed the dog?

It breaks my heart to see the rich forget their place. It hurts, especially when I've spent all this time struggling between maximal poor and minimal middle class, to find that the rich are overstepping the bounds of shallowness and insincerity.

However, there is hope. The reason the story broke was that someone called the school and sniffed, "William so-and-so doesn't live in the district, but he walks to school each morning with my neighbor's kids." Now, I don't know who the caller was, but it's obvious to me that she was at the top of her class in whatever exclusive private school her wealthy parents had sent her to. She probably took the blue ribbon in Selective Back-Stabbing, and may have minored in Keeping Those People Out of the Neighborhood. Whatever the case, that lady knows her place.

Gifted And Talented Institute Begins At West Texas University January 22

Second session of the Gifted and Talented Institute at West Texas State University will begin on Saturday, Jan. 22, with study programs in art, reading, Spanish, writing and a variety of other subjects.

The second session of

the Gifted and Talented Institute for students in grades one through 12 will continue for six Saturdays through Feb. 26. Mary Jane Reeves of the WTSU College of Education coordinates the program.

On Jan. 22, interested students who have com-

pleted the first session or who have submitted an application for the second session will meet in Room 101 of the WTSU Science Center at 9 a.m. Parents may meet with the students and will tour the Cornette Library as the students begin their activities.

Students in first through third grades may participate in Perceptual Motor Skills with instruction by Dr. Myron Dees, professor and head of the Department of Health, Physical Education and Recreation.

Dr. Anne Gregory, assistant professor art, will instruct students in third and fourth grades on ceramics and sculptural projects. She also plans a trip to the Panhandle-Plains Historical Museum which is located on campus.

For the intermediate grades, fourth through sixth, classes will include Perceptual Motor Skills, with Dees; art, Gregory; Reading Enrichment for Advance Readers, Dr. Idalia Pickens, assistant professor of curriculum and instruction; Say It in Spanish I, with Dr. Mary Gill, associate professor and coordinator of modern languages; Say It in Spanish II, Gill; Doing Sociology, Linda Shelly, instructor in sociology; and Exploring Our Earth, Dr. Gerald Schultz, professor of geology.

Junior high students may choose from racquetball, instructed by Dees; Introduction to Military Skills, and Marksmanship for Pistol and Rifle, Lt. Col. Jonathan Searles, professor and head of the Department of Military Science; art, Gregory; creative writing, Rick Smith; and Exploring the Stock Market, Jean Walker, instructor in finance.

High school students also may choose to participate in racquetball, introduction to Military Skills, Marksmanship for Pistol and Rifle, creative writing, Exploring the Stock Market and Creative Mathematics, only for seniors, Dr. Kenneth VanDoren, professor of mathematics and head of the Department of Mathematics and Physics, and Enrichment in Music, Dr. Joe Nelson, professor of music.

Two afternoon programs will be available for students in grades five through 12. George Benson, instructor in computer information

systems, will instruct Computer for Beginners and Computer for Experienced Programmers from 1 p.m. to 3 p.m.

Cost of the half-day program is \$25 and a full-day program costs \$50. The third session will begin on March 26.

The Gifted and Talented Institute at WTSU, which is funded through a grant from the Rockwell Fund, Inc., of Houston, attracted more than 100 students from throughout the Texas Panhandle during the fall session. Interested students should contact Mary Jane Reeves at the WTSU College of Education.

Glass Women Named To Honors List

Two honor rolls at West Texas State University list more than 600 students for the 1982 fall semester.

The President's List includes 84 students whose semester grade point averages are 3.85 and above where 4.0 equals a grade of "A."

Students whose grades are between 3.25 and 3.84 are included on the

Dean's List. The Dean's List for the fall semester includes 571 students.

Students named to the honor rolls represent seven schools and colleges including the College of Arts and Sciences, School of Agriculture, School of Business, College of Education, School of Fine Arts, Graduate

School and School of Nursing.

Students listed must have completed 12 semester credit hours.

The Dean's List includes Jamie L. Glass, sophomore; and Terri G. Glass, freshman mathematics education major, daughters of Mr. and Mrs. Dale Glass.

McLEAN BRIEFS

Mrs. Francis Dennis of Dallas spent last week with her parents Mr. and Mrs. Evan Sitter.

The Baptist Women met Tuesday, Jan. 11 for a study on the Missionary Work done in Wyoming. The program was presented by Wanda Sharp. Relia Ayers served refreshments to Evelyn Hunt, Susie Trout, Saphronia Pettit, Thelma Stevens, Ruth Bible, Mary Lou Garrison, Louise Dickerson, Wanda Sharp, Chick Wood and Ann Gardner.

The Beta Sigma Phi Sorority met Tuesday, Jan. 11 at the American National Bank Hospitality Room. After the business meeting, a program on "Love" was given by Lynda Syfrett. Margaret Milam and Lynda Syfrett served refreshments to members Jan Layfield, Kathy Reynolds, Jean Smith, Billie Kingston, Linda McAnear, Mary Lou Glass and Donna Hauck.

The McLean Lions Club met in regular session Monday night, Jan. 17 at 6:30 with Lion Boss Ted Simmons presiding.

After a delicious meal prepared by Mrs. Lon Harmon, a delightful program was presented by the music students of Ida Hess. Selections were rendered by Misty Magee, Dollie Haynes, Tiffany Lopez, Brandy Melton, Julianna Crockett, Rhonda Glass, Darla McAnear, Hollie Hefley and Heather Hess and were thoroughly enjoyed by the Lions present.

A report was made of new cooking ware purchased by the club for use in the Lions kitchen, and prospective new member Curtis Simpson was introduced to the club. Other guests of the club were John Glass, Tres Hess, Todd Allison, J.T. Haynes, Wendi Smith, Keesha Rigsby, Joetta Bailey and Kelli Beck.

An announcement was also made for the regular

social Jan. 15 in the Church Fellowship Hall. Bea Lester offered the opening prayer and Jessie Watson brought the devotional, "God Said Thankfulness". Loree Barker led the group in games and read a poem. Refreshments of birthday cake, candy and hot spiced tea were served by hostess Clara Maude Hupp to Loree Barker, Bea Lester, Lucille Cullison, Essie Howard, Lilly Mae Williams, Mary Lou Throckmorton, Jessie Watson, Levie Smith, a visitor, Cindy Bruce and this month's Birthday Girl, Bonnie Bidwell.

Directors meeting to be held Monday morning, Jan. 24th, at 6:30 a.m. with Lions Jim Hathaway, Carl Dwyer and president Simmons to act as cooks.

Refreshments were served to Nola Crisp, Edna Taylor, Opal Hugg, Ada Simmons, Susie Trout, Relia Ayers, Saphronia Pettit, Bertha Smith, Essie Glenn, and a visitor, Louise Dickinson.

The Mary Martha Sunday School Class of the First Baptist Church met for their monthly

social Jan. 15 in the Church Fellowship Hall.

Bea Lester offered the opening prayer and Jessie Watson brought the devotional, "God Said Thankfulness". Loree Barker led the group in games and read a poem. Refreshments of birthday cake, candy and hot spiced tea were served by hostess Clara Maude Hupp to Loree Barker, Bea Lester, Lucille Cullison, Essie Howard, Lilly Mae Williams, Mary Lou Throckmorton, Jessie Watson, Levie Smith, a visitor, Cindy Bruce and this month's Birthday Girl, Bonnie Bidwell.

CUBETTE JEM ANN Rice tries a long shot from the top of the circle during the championship game of the McLean Junior High Tournament Saturday night. The Cubettes won the game. [Photo by Linda Haynes]

Cubettes Win Local Junior High Basketball Tournament Last Weekend

The McLean Junior High Cubettes came from a four-point deficit in the first quarter of the championship game of the McLean Junior High Tournament to beat Hedley by eight points, and with the trophy. McLean won the game 24-16.

The McLean team suffered through a cold first half which saw usually heavy-hitter Jem Ann

Rice score only one point. The girls went to the dressing room at half-time with a disappointing lead of 9 to 6. But the second half of the game, the girls began scoring, with Miss Rice scoring 5 of her 8 points for the evening in the final quarter of play to ice the championship. Alicia Reynolds, another good shooter, scored 4 points

in the second quarter and 2 points in the third quarter for her six. Others scoring were Tanya Cummings and Shawn Crockett each with 4, and Dedra Watson with 2. In the final round of the boys' division, the Miami boys and Lakeview boys were forced into overtime play when the final buzzer sounded with an even score of 31. Lakeview

scored five points to 0 for Miami to win the game 36 to 31. During the tournament, the McLean boys lost two games by 2 points as their opponents scored baskets in the last second of the game. The Cubs lost to Clarendon A team Saturday night by a score of 29 to 27. The Cubs led through most of the game, ending the first half ahead 18 to 14. Despite a season best tally of 15 by Darren Johnson, the Cubs were not able to hold the lead in the final seconds of the game. Besides Johnson's 6 field goals and three shots from the free throw line, Clint Herndon and Keith Christopher each scored 6 points.

In the first round of play the McLean A girls beat Clarendon B 32 to 10 with Jem Ann Rice scoring 12 points, Angie Reynolds scoring 10, Dedra Watson scoring 4, and Shawn Crockett, Cindy Hembree, and Colleen Orrick each scoring 2 points. Thursday, the McLean A boys beat Clarendon B boys 35 to 21 as Clint Herndon led the scoring with 10 points, followed by Keith Christopher with 9, Darren Johnson with 5, Mark McCarty with 4, Bill Watkins with 2, Andy Harris with 3, and Doug Langley with 2. During play Friday, in the second round of the tournament, Miami's A girls beat McLean B girls 18 to 8. Hedley boys beat McLean B boys 27 to 19, Lefors girls beat Clarendon girls 7 to 5, Lefors boys beat Clarendon B boys 33 to 16. Hedley girls beat Clarendon A 17 to 16, Clarendon A boys lost to Miami 25 to 24. During Friday's play the McLean A girls, beat Lakeview 24 to 22. Leading the scoring was Jem Ann Rice with 7. Dedra Watson and Tanya Cummings each had 4 points. Alicia Reynolds had 3, and Shawn Crockett, Angie Purcell and Cindy Hembree each had 2. In the consolation round Saturday, Miami's girls beat Lefors 26 to 14, Hedley boys beat Lefors 32 to 27, and Lakeview girls beat Clarendon 24 to 21.

Homemaker News

By Donna Brauchi
Because energy use strongly affects our families' well being, energy issues deserve our attention! The energy problem in our country arises because of diminishing supplies of fossil fuels, increasing dependence on foreign oil, and rapidly rising prices, coupled with an energy-intensive lifestyle.

Short term solutions must be implemented while longer term ones are sought. Conservation is an immediate, short-term means to extend our energy supplies. It has been described as a key energy source, as providing the greatest return on capital investment for energy production, and as the least expensive pollution-free solution to the problem. Although conservation is only one alternative and is only a partial answer to the energy problem, if practiced to a sufficient degree, it will allow time to develop additional solutions.

Our key thought should probably be -- "to conserve is to save." Let's take a look at some ways to conserve and save.

To save on hot water, try the following tips: (1) Repair leaking faucets promptly. (2) Do as much household cleaning as possible with cold water. (3) Insulate your hot water storage tank and pipings.

Tips for draft-proofing include: (1) close off unoccupied rooms and shut their heat vents; (2) Use kitchen, bath, and other ventilating fans sparingly. In just one hour these fans can blow away a houseful of warmed or cooled air; (3) keep your fireplace damper closed unless you have a fire going. An open damper in a 48-inch square fireplace can let up to eight percent of your heat out of the chimney.

Energy saving can be accomplished with light bulbs: Use energy-saver light bulbs which require 10 percent less electricity. (Do not confuse these with "long-life" bulbs which actually use more electricity.) Use lower wattage bulbs wherever possible and use fluorescent lights when you can. They are three to five times more efficient than regular bulbs.

To shower or to soak - that is the question! Save energy by showering. A four-minute shower uses less water than a bath. Put a flow restrictor in your showerhead and save even more by cutting water flow from eight gallons a minute to two gallons a minute.

One of the easiest ways to save energy is through thermostat settings. Set your thermostat up to 78 degrees during the summer and down to 65 degrees for winter days and

55 degrees for winter nights. Thermostats set-up and set-back can save from 9 to 15 percent of your cooling and heating bills.

Solar Collector Workshop
Oldham county is sponsoring a solar collector workshop, Jan. 21 and 22 at the Research and Extension Center in Amarillo. There will be a \$15 registration fee per person.

The workshop will begin Friday, Jan. 21 from 9 to 10 p.m. Solar energy applications to home, agriculture, food drying and other uses will be discussed. Also covered will be technical information on construction of solar collectors and storage. The session on Saturday, Jan. 22, will be from 9 a.m. to noon. Participants will go to a lumber yard, select materials and construct one solar collector as a group. Bob Dunsmore of the San Luis Valley Solar Energy Association will have the major role in conducting the workshop.

If you would like to attend this workshop or would like further details on the workshop, call the Gray County Extension office at 669-7429.

Alanreed Briefs

The Alanreed Homemaker's Club met Jan. 12 in the home of Sophia Hutchison for their bi-monthly meeting. Newly elected president Anita Bruce presided. Scripture was read by Sophia, and the roll call was, "How I would get a new club member," and was answered by Mrs. Bruce, Lena Carter, Mardy Cable, Onie Gibson, Davie Gipson, Annie Herndon, Ann Morris, Ruth and Brenda McLain and Sophia Hutchison. During the business session, the year books were filled out and programs discussed. Mrs. Cable and Mrs. Morris decided to become new members. Cake, tea and lemonade and coffee were served by the hostess.

Onie Gibson spent Friday and Saturday in Pan-

handle with the Don Bednorz. ...

Polly Harrison returned Thursday from a long visit with four of her children and their families. ...

Mr. and Mrs. Dean McLain and family visited here over the weekend with the R. D. McLains. ...

Billy Bob Adams, hospitalized in an Amarillo hospital, was reported as doing fine. ...

Polly Harrison and Lena Carter were in Pampa on Monday. ...

The Alanreed Twentieth Century Study Club met Jan. 13 with Laverne Brooks for a covered dish luncheon. Roll call was answered with a Bible Verse and Laverne

Brooks brought a Bible Story for the program and officers were then elected. For the year 1983. Those elected to serve were Saffronia Pettit - president, Louise Dickerson - Vice-president, and Mildred Giesler - Secretary/Treasurer. Those members present were Barbara Hambright, Bertha Smith, Mildred Giesler, Nola Crisp, Ada Simmons, Laverne Brooks, Saffronia Pettit, Louise Dickerson and Relia Ayers.

LIBRARY NOTES

Wordcraft
A Kids Word Power Program

Edited by:
Dr. Bergen Evans
Dr. Bergen Evans, a widely known expert on the English language, who graduated from Miami University, did graduate work at Harvard and went as a Rhodes Scholar to Oxford University, has edited an excellent seven-cassette set of lessons which present a multimedia approach to rapid vocabulary building.

Ruth Hoffmeyer has contributed to the program as an excellently qualified consultant who has taught classes in elementary and second-

ary schools and colleges, and has taught standard and remedial courses in English at the college level.

This program has been developed to teach a group of carefully selected words in an interesting and effective way as possible, and contain words essential to a good vocabulary. WORDCRAFT is the first of a planned series of vocabulary building sets, and all of the words are on a relatively the same level of difficulty.

WORDCRAFT: A Kid's Word Power Program, is now available at Lovett Memorial Library.

did you know?

Keeping the customer's fuel adjustment cost down is my primary responsibility. I, along with Karen Roberts, Grafton Clarke, Barry Smith, and others, purchase fuels—coal, natural gas, oil—at the lowest possible prices. We negotiate with fuel suppliers to modify on-going contracts so the total cost to SPS customers for fuel is again minimized. And we plan ways to shift the production load among Southwestern's 27 generating units so that the fuel cost to our customers is made as low as possible.

Morris Rantz, fuel administration manager, Amarillo.

Computerized equipment helps SPS battle the costs of fuel. Every 10 seconds, we run a computer scan of all of our power generating units. The scan checks each unit's efficiency of operation, and calculates each unit's per-kilowatt-hour cost at that given moment. Then—for the sake of economy—we may immediately increase the generation at one unit, and decrease generation at one or more of the others. Our objective: At any instant in time to be producing electricity at the lowest possible fuel cost.

John H. Evans, manager electrical operations, Amarillo.

A new SPS ally is helping you manage electricity costs. Coal-fired Tolk Station, an efficient 561,000-kilowatt power plant near Muleshoe, Texas, began commercial production in August. We predict that the fuel cost adjustment our customers pay will be significantly lower over the life of Tolk Station than it would be if Tolk had never been built. In fact, Tolk Station for the next 35 years should save SPS customers about \$50 million per year.

Roy Thomas, vice-president operations, Amarillo.

For answers to your questions, call or write your SPS manager.

You and SPS, partners managing electricity, make the difference.

DOWN MEMORY LANE

10 YEARS AGO...

E. M. Bailey, Ed.
Several McLean residents attended the dinner held for the new governor of Texas, Dolph Briscoe, held recently in Amarillo. They were Mr. and Mrs. Jimmy Shelton, Mary Dwyer and son Nelson, Mr. and Mrs. Clyde Magee, and Mr. and Mrs. Jesse Coleman.

†††

George Van Huss, Bill and Ott Moore attended funeral services for their uncle, George Allen in Coleman last Friday.

†††

News from Alanreed... Anyone interested in organizing a Volunteer Fire Department for Alanreed should contact Dan Keller. A meeting will be scheduled in the near future concerning this.

20 YEARS AGO...

Jack Shelton, Ed.
Bitterly cold weather gripped McLean and the entire Panhandle late last

week, plunging temperature to an official seven degrees below zero here.
†††

A four-student committee has been named to make plans for the annual McLean High School junior-senior banquet. Named to the committee in a recent meeting, by class President Jim McCarty, were Ernie McCracken, Joyce Beasley, Gary Graham and Toni Mertel.
†††

Weldon McCurley, who has been serving with the army in Germany for the past three years, has received his discharge and has returned to his home. He is the son of Mrs. Jewel McCurley.
†††

30 YEARS AGO...

Lester Campbell, Ed.
Despite the pretty weather which has been present in McLean the past week-end and the first of this week, an epi-

demic of influenza has been causing an in-road on school attendance, as well as the ability of adults to do their work.
†††

Several local people may be heard over Station KGNC, Amarillo, Saturday afternoon at 1:30 o'clock, when a tape recording made last week at the regular meeting of the McLean Lions Club is broadcast during the farm and ranch program. The recording was made by Garland "Cotton John" Smith.
†††

Mrs. Loula Ladd was a visitor in Pampa Saturday in the home of Mrs. Carl Wood.
†††

Mr. and Mrs. Earnest Foshee and children of Pampa spent the week-end here in the home of her parents, Mr. and Mrs. Leon Crockett.
†††

40 YEARS AGO...

T. A. Landers, Ed.
Mrs. Kenneth Myers and Mrs. Cort Meyers were co-hostesses at a pink and blue tea one day last week honoring Mrs. John Cooper of Denworth. Lovely gifts were presented to the honoree by the following: Mesdames C. R. Griffith, John Lowe, R. R. Rath, Ernest Dowell, C. E. Cortis, Vester Dowell, Ray McDonald, Frank Babcock, Jake Flesher, W. R. Ferguson, B. L. Webb, Racy Morse, Floyd Gatlin, C. B. Copeland, R. H. Bradfield, George Riley, Damaris Holt, Floyd Smith, L. Ringham, E. E. Gething, Jack Ferris, Cole, Edward Gething, Coyt Meyers, Kenneth Meyers; Misses Alice Billy Cortis, Sandra Morse and Jean Rath. Miss Rath favored the guests with accordion music.
†††

Sunday morning as Mrs. Luther Petty was separating milk, the

cream separator exploded, sending parts flying in all directions. Mrs. Petty escaped injury and all parts were found unbroken. The separator had been frozen, but had been thawed out, and no reason for the explosion could be given.
†††

R. A. Mantooth, Jr., has been promoted to Corporal in the Air Signal Corps.
†††

Lieut. and Mrs. Faris Hess of Alexandria, La., came Friday for a two week's visit with home folks.
†††

Sheriff G. H. Kyle and Deputy Bud Cottrell of Pampa were in McLean Thursday.
†††

50 YEARS AGO...

T. A. Landers, Ed.
Fire destroyed the Southern home occupied by Harold Todd, just outside the city limits, last Thursday morning. An alarm was turned in and the fire department made a run, but as no water was available, the building and contents were a total loss.
†††

The Women's Missionary Society of the First Methodist Church enjoyed a pot luck dinner in connection with their regular program, at the home of Mrs. Scott Johnston, Tuesday. Among those present were: Mesdames J. H. Bodine, C. S. Rice, Mettie Cousins, J. S. Howard, Arthur Green, Grandma Greer, D. M. Davis, Annie Wilkins, S. W. Rice, T. A. Landers, J. Kirby, C. C. Cook, Scott Johnston, W.
†††

E. Bogan, R. S. Jordan, Jno. H. Crow, Byrd Guill, Lula Latson, D. C. Carpenter, Allen Wilson, Norman Johnston, John B. Vannoy, W. J. Bridge, G. C. Boswell, Ernest Beck, J. M. Noel, Callie Haynes, Jas. G. Stroup; Misses Lucile and Verna Rice; Mesdames Georgia Wilson, Joe Dubey and Jack Gray of Lefors.
†††

Miss Lois Kirby, McLean High School graduate, who is attending the West Texas Teachers College at Canyon, has been placed on the honor roll for the fall quarter, for excellent class room work done during the term.
†††

News from Alanreed... Alanreed and Skillet played ball Friday. The score was 28 to 3 in favor of the Alanreed boys.
†††

60 YEARS AGO...

T. A. Landers, Ed.
There will be two games of basketball staged today (Friday) beginning at 3:45 p.m. The Shamrock boys and girls will play the McLean boys and girls on the McLean grounds. McLean beat Groom last Friday to the tune of 46 to 3. Groom did not make a single field goal. The Groom team is considered a good one, when it is remembered that they have beaten Clarendon's fast team. Pampa has beaten Groom with a 29 to 19 score, which would indicate that McLean has one of the best teams in this section.
†††

The building committee of the First Baptist Church has the plans for the new church building and the ground staked off for the basement. Excavating will start in a few days.
†††

Sam Pakan of Slavonia was in town Saturday.
†††

Dwight Upham left Tuesday for Oklahoma City to have his eyes treated.
†††

Uncle Phil Reeves of Alanreed was in McLean on business Friday.
†††

70 YEARS AGO...

A. G. Richardson, Ed.
A few years ago, men, women and children took calomel for a sluggish liver and constipation. They took risks when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel. But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tone.....
†††

Jack Hodges and family have moved to Amarillo, Jack having accepted a position with the Rock Island with headquarters at that place.
†††

At a call meeting of the school board Wednesday morning several matters of importance were discussed and action taken thereon. It was decided to make a difference in the rates of tuition for overers and unders by the half term. Where patrons pay by the month over will be \$4.00 and unders \$3.00, but if paid a half-term in advance, the rates will be \$2.50 and \$2.00.
†††

Adv...We have a quantity of good reading matter of different sorts that we will offer for sale at the home of Mrs. Emma Lefors, beginning today. Original prices very much reduced. The proceeds will be used for the benefit of the Episcopal missionary work.... Mrs. D. R. Holland, President, Mrs. R. E. Dorsey, Sec.

NEWS FROM YOUR COUNTY EXTENSION AGENT

By Joe VanZandt

Solar Energy Workshop

The Oldham County Community Development Committee is sponsoring a Solar Collector Workshop, Jan. 21 and 22, at the Texas A&M Research and Extension Center in Amarillo, 6500 Amarillo Blvd., West. There will be a \$15 registration fee, per person.

The program Friday, Jan. 21, will be from 6 p.m. to 10 p.m., and will include Solar Energy Applications to home, agriculture, food drying and other uses, and technical information in construction of solar collectors and storage.

The program Saturday, Jan. 22, will be from 9 a.m. to noon. Participants will go to a lumber yard, select materials and construct one solar collector. (One collector as a group). This collector will be completed and operating when the work-

shop is adjourned. All of this will be done at the lumber yard. (Indoors but not heated)

Bob Dunsmore, of the San Luis Valley Solar Energy Association, will have the major role in conducting this workshop. Others contributing information and materials are Weedon Echols, Extension Energy Specialist and a lumber business in Amarillo.

Any interested person can pre-register by calling the Gray County Extension office at 669-7429. The registration fee can be paid at the door Friday evening.

Safety With Farm Animals

Animals have been entwined in agriculture since primitive times. We are both fond of and dependent on them and

dislike viewing farm animals as potentially dangerous. But each year they are involved in thousands of farm injuries, some fatal.

Most animal related mishaps could be avoided by following some safe practices.

The following safety tips are suggested:

-Have adequate restraining and handling facilities. Keep equipment in good repair.

-Be calm and deliberate. Speak gently. Don't startle or abuse animals, but still be alert for sudden movements and kicking.

-Stay away from animals that are frightened, sick or look suspicious. Be extra cautious around strange animals. Beware of bulls, sows with pigs and other potentially dangerous animals. Re-

strain known kickers and biters.

-Train your help. Entrust livestock handling jobs only to those with ample strength and experience. Children and bystanders must be kept safely back.

-Wear safety shoes or boots and a bump cap. Use a filter respirator in dusty or chafy conditions.

-Never tie a lead line to your body.

-Keep animal quarters clean and free of tripping hazards. Put tools away after use. Watch your step when walking on slippery surfaces.

Education programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

THESE TWO PHOTOS date back to the early Forties, we think and show the McLean 66 Rodeo

Parade. The pictures were found among the belongings of the late Lela Alderson.

CAVANYO GIVE us an exact date for these two pictures? Each photo was apparently taken from

the roof of the McLean News Office looking west toward the current location of the American National Bank and Parsons Drug.

Quick Tips For Cooking Success

- Remember all those simple, yet oh-so-special cooking tips and tricks your grandmother and mother used to share? There were just some things it seemed you could only learn by word of mouth.
- However, in these busy times, it's often difficult to get that same personalized training. So, we've collected some of grandma's old tricks, added a few new tips, and offered them here. Cut these out and post in your kitchen or file with your recipes. And the next time you wish you had grandma here to offer some cooking tips, refer to this list. Chances are one of these tips will apply to your situation.
- For a different, but easy way to serve fresh fruit, try kabobing it on skewers. Experiment with different shapes and colors for greater eye appeal.
- Add some zing to your next omelet. Mix an envelope of instant tomato soup mix in with the eggs and milk.
- Want to serve some unique appetizers in a hurry? Wrap a slice of cheese along with a slice of ham or bologna around a pickle spear. Secure with a frilly toothpick.
- Are you using a glass pan for an oven recipe? Be sure to reduce the oven temperature 25 degrees so the dish won't bake too fast.
- Looking for a quick way to use a few meat, cheese or vegetable leftovers? Toss them in a chef's salad and serve with a cup of instant soup and a roll for a tasty meal.
- It's easy to serve yeast breads piping hot, even if they aren't fresh-baked. Simply put them in a brown paper bag or wrap in foil, sprinkle with a little water and heat 10 to 15 minutes in a 325° oven.
- Broiling fish? Be creative and sprinkle with a little dill, oregano or curry powder for an interesting flavor.
- Spice up your rice by mixing an envelope of instant onion soup mix into the water for 2 servings of rice.
- Preparing spaghetti squash? Give it a "pasta" flavor by adding a dash of oregano or basil.
- If you are basting meat with a glaze containing sugar, only use it the last half of the cooking time. You'll avoid burning.
- Making mashed potatoes? Blend in a hearty flavor by adding a package of instant cream of chicken soup mix in with the milk and potatoes.
- Whenever possible, save washing dishes by mixing and serving a recipe in the same dish.
- For a quick dessert, top a graham cracker with a piece of chocolate and a couple of marshmallows. Broil in a toaster oven or broiler. Enjoy!
- No need for vegetables to be ho-hum. Sauce them up with mushroom sauce made by combining instant cream of mushroom soup mix and 1/2 cup boiling water. Top with buttered bread crumbs for an added texture treat!
- When fixing a punch, make sure all the ingredients are well chilled before combining. Also, add any carbonated beverage at the last minute so as to preserve the fizz.
- Parsley is handy to use for seasoning or decoration. Simply dry a bunch, put it through a coarse sieve and store in a glass jar.
- "Spring" some taste into your next sour cream dip. Add an envelope of instant spring vegetable soup mix to a cup of sour cream.

Pedestrians paid a nickel to be the first to walk across the just-opened Golden Gate Bridge in San Francisco in 1937.

Act Now And You May Be Next \$10,000 Chicken Cook

Do you look at the winning recipes from the National Chicken Cooking Contest each year and think to yourself, "I wish I had entered. I bet I could have won."

Well you can't win if you don't enter your favorite chicken recipe. And now's the time to do just that, according to the National Broiler Council, sponsor of the cooking competition which dates back to 1949.

The 1983 National Cook-Off will be held August 3 in Birmingham, Alabama. A finalist from each state and the District of Columbia will be chosen to compete for a total of \$20,000 in prizes.

It's easy to enter. Just write your name, address and telephone number on the front page of your best chicken recipe and mail it before the April 1 deadline to: Chicken Contest, Box 28158, Central Station, Washington, DC 20005.

Chicken is the only required ingredient - the whole bird or any part or parts. Recipes should be written for 4 to 8 servings, and each recipe must be on a separate sheet of paper. Each of the 51 finalists will receive an expense-paid trip to Birmingham where a panel of national food experts will select the five winners.

The first prize is \$10,000. Four runners-up will share another \$10,000 in prizes,

ranging from \$4,000 second to \$1,000 fifth. Judging is based on taste, appearance, appeal and simplicity.

Any time you serve it, chicken is a winner in taste, nutrition and economy. This recipe for Spicy Chicken With Wine-Mushroom Sauce will score high with your family. Try it soon and don't forget to enter your own chicken recipe while there's still time to get in on the fun.

Spicy Chicken With Wine-Mushroom Sauce

- 1 broiler-fryer chicken, cut in parts
 - 1/2 cup flour
 - 1 teaspoon salt
 - 1/2 teaspoon ginger
 - 1/2 teaspoon nutmeg
 - 1/2 teaspoon coriander
 - 1/2 teaspoon allspice
 - 6 peppercorns, cracked
 - 1/8 teaspoon garlic powder
 - 1/4 cup butter
 - 1 tablespoon olive oil
 - 1 cup hot water
 - 1 can (4 oz.) mushroom stems and pieces, not drained
 - 1/4 cup white wine
- In shallow dish, mix together flour, salt, ginger, nutmeg, coriander, allspice, peppercorns and garlic powder. Reserve 2 tablespoons of mixture; to remainder add chicken, one piece at a time, dredging to coat. In large frypan, place butter and olive

oil and heat to medium high temperature.

Add chicken and cook, turning, about 15 minutes or until brown on all sides. Remove chicken from pan and set aside; drain off

all but 2 tablespoons of oil from frypan. Add reserved 2 tablespoons flour mixture to oil, stirring to brown, about 1 minute. Slowly add hot water, stirring constantly to make a smooth sauce; add mushrooms

and wine. Return chicken to frypan; cover and cook about 15 minutes, or until fork can be inserted in chicken with ease. (For thicker sauce, remove lid and cook 5 minutes more.) Makes 4 servings.

The largest car ever built was the Bugatti "Royale" of which only six were made. It measured over 22 feet in length and the hood alone was over 7 feet!

Let's talk.

Information about your changing telephone service from Gary Stevens, Community Relations Manager.

Changes in Telecommunications - Today

The new year brings with it the first signs of changes in the way we do business with you.

These changes are the result of a ruling by the Federal Communications Commission to introduce more competition into our industry. The ruling went into effect January 1.

For most customers, the changes will have little impact. In fact, you probably won't be affected immediately unless you move, disconnect or change your service in some way.

If you plan to alter your phone service, here are some areas of change you should know about.

Bell PhoneCenters

Bell PhoneCenters are no longer a part of Southwestern Bell. Now the Southwestern Bell business office is the place to call for starting, stopping, moving or changing your service. The number is listed in the front of your phone directory.

Telephones

Southwestern Bell will continue to lease phones to our customers. However, during this year, we will not be permitted to add new phones to our inventory.

When you order phones from us, we will direct you to The Potpourri Gift Shop, 212 N. Main, to pick up your telephones. If you cannot go to the Center, we will deliver the phones. There will be a charge for this service.

Business customers with a single line or two lines with non-key

equipment can pick up telephones from these Centers, too.

Payments

If you choose to pay your monthly statements in person, you may continue to do so at The Potpourri Gift Shop, 212 N. Main.

Repair Service

We will continue to repair Southwestern Bell phones as always. If you have trouble with your phone, you still should call the repair service number listed in the front of your phone book. If the problem is in your Southwestern Bell set, we'll direct you to a Service Center where you can pick up a replacement.

For more information about the changes, write me for a copy of our booklet, "Telecommunications in Transition." Address requests to: Transition Booklet, Southwestern Bell, P.O. Box 225265, Dallas, Texas 75265.

If you have any questions or comments to pass along, don't hesitate to contact me at the address below:

In The Kitchen

by Linda Haynes

In my cookbook shelf, I found a little booklet entitled "Ozark Mountain Family Cook Book." This collection of recipes contains several old-fashioned dishes which I wanted to share with you this week.

Corn and Cabbage
5 or 6 slices bacon
1/2 c. hot water
1 tsp. sugar
1 tsp. salt
3 cups shredded cabbage
1 cup cut fresh corn
Fry bacon, crisp and brown; remove bacon; add water, sugar and salt bacon drippings. Bring to boiling, add cabbage and corn; cover. Cook quickly, about 7 minutes. Crumble bacon and garnish. Serves 6.

Oatmeal Bread
1 cup rolled oats
2 cups boiling water
2 1/2 tsp. salt
1/2 cup sorghum
2 Tablespoons butter
2 pkg. dry yeast
1/2 cup warm (luke-warm) water
6 cups (or more) flour
Soak yeast in water. Mix together oats, boiling water, salt, sorghum, and butter, and let set until cool. Mix all together and add 6 cups flour, or maybe more, depending on type of flour. Knead about 10 minutes. Let set in warm place until risen double. Shape into loaves, let rise until double and bake at 375 degrees for 35 to 40 minutes or until loaf shrinks from side of pan.

Dress For Comfort, Expert Says

Dress for comfort and protection when planning to spend much time outdoors during winter. Wind or temperature cannot be controlled, but clothing can.

"Select clothing for your activities as well as for outdoor conditions," says Dr. Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

thick-soled leather shoes for best protection. Use scarves and belts to help prevent heat loss.

They can be removed easily when ventilation is needed to prevent overheating.

Plan to stay dry. "Choose water repellent outer garments if you will be exposed to moisture

from rain or snow," says Vanderpoorten. Damp garments will dry with body heat. This causes the body to cool and can be dangerous as well as uncomfortable.

Enjoy being outdoors in the winter by thinking ahead about comfort and protection. Choose clothing that fits both the climate and the activity.

Making Friends With Computers

Making friends with a computer is easy for these children in Palm City, Florida.

For the evaluation, more than 100 schools in Florida, Massachusetts, Minnesota, New York, North Carolina, Texas and the District of Columbia have been loaned 300 IBM Personal Computers, instructional programming and support materials.

Called "Writing to Read," it uses the IBM Personal Computer plus programmed exercises to take advantage of the vocabulary which children already have when they enter elementary school. The concept has been under development for six years by long-time educator Dr. John Henry Martin of Stuart, Florida.

Think about your clothing as layers of protection, adds Vanderpoorten. By planning the number and thickness of these layers, comfort can be controlled in almost any outdoor climate.

The layer closest to the skin should be a "breathing layer" that allows body moisture and excess heat to escape. This layer may consist of underwear, lightweight socks, blouses or shirts.

The second layer is an "insulation layer" that keeps in the warmed air around the body. Bulky fabrics or several thin layers hold lots of air. Examples are sweaters, vests, and heavy socks worn over thin ones. Thermal underwear also acts as an insulation layer.

Blazers, windbreakers, shoes and waterproof pants or jackets make up the "outermost protective layer." This layer keeps cold, drafty air out and may also protect inner layers from becoming damp.

A hat or hood is important too, according to Vanderpoorten. Up to 75 percent of body heat may be lost if the head is unprotected.

Remember to protect hands and feet. Vanderpoorten advises to wear gloves or mittens, and

4-H Corner

by Joanna Warminski and Jeff Goodwin
Dates
Jan. 22-23 - Clothing Training - Brownwood - Top of Texas Warm-up
Jan. 24 - Patriots - 3:30 - Middle School Cafeteria
Method Demonstration Training - 7 p.m. - Courthouse Annex
Top of Texas Warm-Up
All 4-H'ers who are

entered in the Top of Texas Warm-Up on January 22-23 need to contact the County Extension Office if they need assistance in preparing their animals for the show.
Method Demonstration Training
The Gray County 4-H and Adult Leaders' Council will sponsor an area Method Demonstration training presented by Preston Sides, State 4-H and Youth Specialist.

The training will be Monday, Jan. 24, 7 p.m., at the Courthouse Annex on East Frederic. All interested 4-H'ers and leaders from Gray and surrounding counties are invited to attend.
4-H And Youth Committee
The Gray County 4-H

and Youth Committee met Jan. 11 at the Courthouse Annex. Martha Couch, State 4-H and Youth Specialist presented a training on the duties and functions of a 4-H and Youth Committee. Ten of the twelve members were present. Mrs. Dorothy Neslage of Pampa will chair the committee and Mrs. Charlotte Watson of LeFors will act as secretary/treasurer. The committee examined an overview of 4-H in Gray County for the last eight years. Membership numbers and age of 4-H'ers, number of leaders and popular 4-H projects were discussed.

Nineteen concerns for youth in Gray County were considered. The three which received top priority were drug and alcohol abuse, family involvement in community and 4-H, and 4-H programs emphasizing projects which were low cost and that would teach a vocation such as babysitting, and lawn mowing and care. The group divided into sub-committees which will develop programs to tackle these concerns.

The committee will meet again Sept. 27.

4-H'ers Develop X-Ray Vision

In the 4-H livestock judging program, youngsters learn to look at a live animal and tell what

the carcass will look like when it is hanging on the rail. This may not be exactly what a person would call x-ray vision, but the title should have caught your eye.

Livestock judging is important because the 4-H'ers can observe a group of animals and decide which animal has the greatest lean to fat ratio; most desirable finish; and many other economically important factors which comprise a desirable carcass of a given species.

The selection of superior livestock by means of visual appraisal is a skill of great importance to anyone in the livestock production business. The 4-H livestock judging program gives young people a starting point to work toward skillful evaluation of the live animal.

This is the time of year for all boys and girls ages 9-19, who are interested in being on the livestock judging team, to contact the Gray County Extension Service for more information.

We need to get going on this program because the team will travel for a contest on Feb. 19 and entries must be in by Jan. 28.

4-H'ers in Agriculture Prepare For The Future
Between now and the year 2000 the world must learn to produce as much food as it has learned to produce since the beginning of time. By the turn of the century there will be an estimated two mouths to feed for every one mouth being fed today.

Supplying enough food and fiber to meet future needs will not be an easy job. It will require more and better research and technology, more efficient use of land and energy, and improved crop and livestock production methods.

Young people in 4-H may one day play a key role in helping to feed the world. Many of these 4-H members may decide to apply their training and experience in choosing careers in agriculture.

America's future is in the hands of our young people, and America cannot survive without agriculture; so America's future depends on its citizens to arouse interest for agriculture in our young people. This can be accomplished through the 4-H program in your community.

The 4-H agriculture program is conducted by the Extension service for boys and girls 9-19. The program encourages 4-H'ers to "learn-by-doing" the skills and practices that make for more efficient, profitable farming and ranching.

Thought For The Day.
There is only one alternative to people working together - failure.

Accessories Can Update A Wardrobe

Accessories are an easy way to update a wardrobe, but can become expensive, reminds Becky Saunders, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"They are also a creative way to express your personality, and add versatility to any wardrobe," Saunders says.

She explains that accessories can be used to emphasize your best features, camouflage an unfavorable one, or even just to add some flare to your everyday clothes.

"Today's clothing guidelines are more relaxed than those of the past. This provides us with a wider range of fashion options to fit any lifestyle," Saunders says. "This means we are no longer confined to matching accessories."

When choosing accessories, consider color, texture and shape that can add variety and interest. Work around a central focal point with

closely related items to create a pleasing "together" look, the specialist suggest.

"Many accessories are sensitive to change in fashion, so for the sake of your budget, avoid accessories that are seasonal. Also keep a running total of your purchases so they don't overload your budget," Saunders says.

Many outdated accessories can be recycled.

For instance, costume jewelry can be restrung, belts recovered, buckles changed, scarves re-sized or re-shaped, in order to create a new look.

"Don't forget," says Saunders, "that cosmetics and hair styling are important accessories that can be easily changed." In creating your "total look," remember that fashion is a form of art, and accessories can be the tools of an artist.

Cubs, Cubettes Split A Pair Of Games With Skellytown Monday

The McLean Junior High Cubs and Cubettes travelled to Skellytown Monday night to split a pair of district games with their hosts. The

McLean girls won their game by a convincing score of 26 to 12. Dedra Watson led the scoring with 8 points, followed by Alicia Reynolds and

Shawn Crockett, each with 6. Jem Ann Rice, Tanya Cummings, and Angie Purcell each scored 2 points. The boys lost their

game to Skellytown by a score of 33 to 24. The host team outscored the Cubs 25 to 5 in the first half, and kept firm control of the game during the final period of play.

Darren Johnson led the Cubs with a total of 16 points for the evening. Clint Herndon and Bill Watkins each scored 4 points.

Quotable Quotes

Malice drinketh up the greatest part of it's own poison.

Thomas Fuller
There is nothing as scary as a banker. He don't wait for the grave yard to whistle, he will do it passing a hearse.

Will Rogers
The man who never alters his opinion is like

standing water, and breeds reptiles of the mind.

William Blake
Say anything you like about me except that I drink water.

W. C. Fields
He can land a long iron as softly as a butterfly with sore feet.

Quoted by Nick Seitz about Jack Nicklaus

I don't look back. Something might be gaining on me.

Leroy "Satchel" Paige
God tempers the wind to the shorn lamb.

Sterne
God Almighty first planted a garden. And, indeed, it is the purest of human pleasures.

Francis Bacon
For when the One Great Scorer comes to write against your name, He marks, not that you won or lost, but how you played the game.

Grantland Rice

Culture is "to know the best that has been said and thought in the world."

Matthew Arnold

When I am dead, I hope it may be said: "His sins were scarlet, but his books were read."

Hilaire Belloc

LIFE... FIRE... AUTO... LIABILITY... CROPS
