The 1985 graduating class of McLean High School went through its commencement exercises Friday night, with several members of the class receiving special scholarships and awards. Valedictorian John Glass received the \$4,000 Madge Page Scholarship, given by the family of Mrs. Page, Glass, the son of Mr. and Mrs. James Dale Glass, is the second recipient of the award.

The scholarship, which was received by Bryan Smitherman last year, has been given to McLean students in memory of Mrs. Page, who spent her last 20 years in McLean.

She was an active businesswoman, widowed at young age, and raised four children by herself. She was loved and respected by many in McLean. Her daughter, Verda Lee Cooper and her grandsons David Cooper and Mert Cooper were on hand to present the scholarship Friday night.

Glass also received the tuition free scholarship for any tax supported college in Texas for the first year, authorized by Texas Education Code 54.401, and the ICUT (Independent Colleges and Universities of Texas) as the highest ranking in his class, which varies in amount from \$200 to \$4,000 and is good at most Church schools

such as Baylor, McMurry, Abilene Christian University, etc.

Receiving the \$200 Carl Lee Henley Memorial Scholarship was Billie Billingsley. Billingsley is the son of Mr. and Mrs. Bill Billingsley. The award was presented by Henley's widow, Gwen Henley. The scholarship was begun by Randy Stalls and many of Carl Lee Henley's friends shortly following his

untimely death last summer. Billingsley was also recognized for receiving a football and rodeo scholarship offer from Northwestern.

Also receiving recognition for scholarships received were Salutatorian Von Holwick, who received the ICUT for second ranking in his class, which varies in amount from \$200 to \$4,000 and is good at most

Church schools; Mukesh Patel received a \$300 scholarship for Tech based on his score on last year's PSAT/NMSQT result; and Patricia Rodgers received a \$1,000 scholarship from Kiwanis Club.

Salutatorian Von Holwick and Valedictorian John Glass gave their Commencement Addresses and the class sang their class

song, "Seasons In The Sun", under the direction of Ida Hess. Parents and the class were then entertained by speaker Dan True, who had flown in from Albuquerque, New Mexico where True is currently the meteorologist. He was the meteorologist in Amarillo for 20 years, beginning in 1960.

Following presentation of the

class by high school principal Ron Cummings, and awarding of the diplomas by superintendent Jim Rutherford and board member Darryl Rutherford, the class was pronounced graduated.

A reception was held in the basement of the First Baptist Church for class member, their families and friends.

Foundation Schedules Workday

The Hillcrest Cemetery Foundation is asking everyone interested in our cemetery to congregate Saturday, May 18, at 8:30 a.m., to participate in a workday to prepare the grounds for Memorial Day. Memorial Day observances will be held May 27.

Much mowing and cleaning up is needed and the support of the entire community will be

necessary to insure success.

The McLean Lion's Club has voted to participate in the effort, and a good turnout by all citizens will guarantee a beautiful environment for those who attend the special Memorial Services at 10:30, May 27.

Cold drinks will be furnished for all participants and workers are welcome at any time during the day.

Rodeo Workday Sunday Afternoon

The Rodeo Association has scheduled a workday for Sunday at 2 p.m. Rodeo officials told the News that if several showed up for the workday, it would probably be the last one required before the rodeo. There are still

several areas of the Rodeo grounds which need paint, so anyone who is able to paint, and willing to help, is urged to attend the work day.

Cold drinks will be furnished for all workers.

Hillcrest Annual Meeting Slated

The Hillcrest Cemetery Foundation will hold its annual membership meeting May 23 in the McLean City Hall at 7 p.m.,

for the purpose of electing trustees and officers.

All interested persons are urged to be in attendance.

Taxes To Be Turned Over To Attorney

During the monthly meeting of the trustees of the McLean Independent School District,

board members decided to turn all delinquent taxes over to Attorneys for collection on July 1, 1985.

Members discussed pending tax legislation that will require the enforcement of collection of delinquent taxes if such enforcement is not already the policy of taxing districts. In preparation for the enforcement of this new legislation, board members decided to go forward with their decision to hand over all delinquent taxes to attorneys for collection.

However, if taxpayers are willing to pay the taxes, but simply do not have the lump sum, all is not lost according to business manager Shirley Johnson.

"We now have available installment contracts to pay off the taxes," explained Mrs. Johnson. "These contracts have not been available previously, and the contract cannot run longer than 36 months, but it is a better way out for many," she continued.

Mrs. Johnson reported to the board that she had sent several installment contracts out to people, and has already received ten of them back.

"We feel optimistic about the installment plans," said Mrs. Johnson. "They are allowing our taxpayers to keep up on their taxes, while the burden is not as great."

Mrs. Johnson also informed the board that following a new tax act that has gone into effect this year that every person on the delinquent tax roll must receive a bill, which the McLean schools already do. However, for those taxpayers who cannot be reached by mail, their name and the amount they owe on delinquent taxes will be published in the local newspaper. Local officials believe the publishing of names of these taxpayers will begin this summer.

"We would also like to stress for those taxpayers who are over 65, whose taxes are deli-

quent and the tax is on their homestead, they should file a tax deferral affidavit," said Mrs. Johnson.

"Although this tax deferral affidavit will not cancel the tax owed on the homestead, it does protect their homestead while they are alive and living there," she said. "In other words, if they file a tax deferral affidavit and cannot pay their taxes, their homestead will not be taken from them while they are alive and living there. At the time of

their death, taxes will be assessed to the estate," she continued.

In further business, the board discussed the cafeteria renovations and decided to open bids on the project at 4 p.m., May 30.

Following the approval of the April minutes, April checks, April financial statements, April Tax-Assessor's report, and the April Cafeteria Report, the board met with Jimmy Wilkerson of the Gray County Apprai-

sal District. Wilkerson presented the Appraisal District's proposal for constructing a new building to house the growing Appraisal District.

At present, the district rents 2,226 square feet in the Hughes Building in Pampa at a cost of \$10 per square foot. Wilkerson estimated it would take 4,000 square feet to house the group before long. At present, the district charges Pampa rent for their collection space, and have plans to continue doing so if the

Whittler's Bench

By Sam Haynes

I don't believe I have ever seen so many agencies get so busy as the ones President Reagan has said should be phased out or greatly diminished in size. All of them have suddenly started having numerous spots on the radio, etc., in a seemingly desperate attempt to justify their existence.

I'm sure mine is a strange attitude, but I was just wondering why we had not heard this much from them when they thought their agencies and jobs were secure forever. I even heard one fellow who was in a position of authority remark that the abolishment or diminution of the Soil Conservation Service would probably doom our country to another dust bowl era.

I seriously doubt that, but

that particular branch of the government has done much, much good for the folks in our part of the country, and I am sure they would continue to be an asset to farmers, ranchers, etc. There are undoubtedly many agencies who cannot give adequate evidence to justify them being funded, and I would venture the observation that agencies of that type should be done away with and all others should accept whatever cuts are necessary to make some meaningful dent in the national deficit.

†††

I am hoping we have a tremendous turnout Saturday for the work to beautify the cemetery for Memorial Day, and two interested citizens, Jim Hathaway and Rush Rogers, are furnishing cold cokes for every-

one who comes to assist. Lets all show our pride in our community by being on hand Saturday in the cemetery and also Sunday afternoon to get the rodeo grounds in tip-top shape for the upcoming Homecoming and celebration...See you there!

Journey For Sight Raises Over \$800

23 walkers raised over \$800 by walking ten miles in the Lion's "Journey For Sight" Saturday morning.

Walkers began their journey at the golf course hill at 8:15 Saturday, and many were able to run and jog most of the way, while others just took their time and made the walk as enjoyable as possible.

The walk began at 8:15, and Johnny Haynes and Elson Rice finished the 10-miles in less than 1:21 minutes. Haynes disqualified himself from winning a trophy, therefore Rice received the first place trophy. Coming second was Destry Magee, who finished in one hour, 50 minutes. Tanner Hess finished third with one hour, 51 minutes, and Mindy Magee was fourth (and the first women's finisher) with a time of 1 hour and 57 minutes.

The youngest person to participate in the fund-raising event was Jennifer Hiser, who is eight years old, and the oldest person participating was John C. Haynes, who recently celebrated his 83rd birthday.

Others walking were Tres Hess, Judy Hiser, Nancy Simpson, Keith Robinson, Kay Magee, James Smith, Mary Ann Johnson, J.T. Haynes, Kathy

Carter, Sheri Lee Haynes, Deanna Oxley, Sam A. Haynes, Dollie Haynes, Mike Haynes, Misty Magee, David Johnson and Keith Robinson.

We really appreciate everyone turning out for our walk-a-thon," said chairman Johnny Haynes. Those who couldn't walk helped by sponsoring our walkers, and of course we appreciate everyone who walked. We would like to say a special thank you to our helpers, Joyce Eck, Carl Dwyer, Lush Rogers, and Jake Hess II, who helped us keep the walkers refreshed and traffic under control," he said.

The "Journey For Sight" helps fund the Lion's Club eyesight programs, and the local club is able to retain 75% of the money raised for local sight needs.

"We hope everyone will have their money before Monday," said chairman John M. Haynes. "Most walkers have turned in the largest percent of the money raised, and we appreciate it. Walkers may turn in their money to any Lion's Club member, such as myself, Sam A. Haynes, Carl Dwyer, Dorman Thomas, or Tony Smitherman," Haynes said.

BOARD

new building is built.

Wilkerson told the board that it would take approximately \$185,000 to construct the new building.

Contracts with the Region XVI Educational Services were renewed for the 1985-85 school year. The group provides finance payroll, and curriculum consultants, and the school has a media contract with them which provides their films and literature. The Chapter I and II Federal Program Contracts were also renewed.

Trustees discussed the accreditation visit and heard some of the comments made during the exit interview. Among those,

the school was commended for completing the Fire Marshall's recommendations in such a short time. The board will receive a final letter from the Accreditation board listing its short-comings and its outstanding area.

The meeting was adjourned at 7:25 p.m.

Present were trustees John Holland, Joe Magee, Thacker Haynes, James Hefley, Gwen Henley, and Darryel Herndon; superintendent Jim Rutherford; elementary principal Dorman Thomas; business manager Shirley Johnson; Jimmy Wilkerson of the Gray County Appraisal; and Cathy Spaulding.

Book Order Forms Available

Although the deadline for turning in histories for the Gray County History Book has long since passed, the work for Charlie Marie Shurley, Marjorie Fish and Ruth Magee is just now winding down to a close.

Says Mrs. Magee, "The simple four-week project that Charlie Marie, Marjorie and I accepted turned into a three-month major workshop. There were rewards and pleasures along the way that made it worthwhile."

"There are many people to thank for contributions of work and materials too numerous to detail. General thanks to all who contributed stories and pictures," she continued.

"Special thanks to the Bank of Commerce for letting us use their copying machine to make all necessary copies for the Gray County History Book; to the McLean News for publicity and

making available all past records and pictures; and to Vera F. Back for letting us use her collection of pioneer family stories and "Looking Back" columns," said Mrs. Magee.

We hope all will avail themselves of the opportunity to own one of the Gray County History Books, which will be for sale throughout the summer. Order blanks are available at the Bank of Commerce, the Lovett Memorial Library, and the Alanree-McLean Area Museum," she said.

Over 220 histories were turned in for the McLean area. Mrs. Magee was also able to establish that the United Methodist Church was the first church built in Gray County.

McLean and McLeanites should be well represented in this history book. Make sure to order one for yourself, to enjoy now and in the future.

Kathy's Korner

Although I had my doubts about how much fun I was having while walking the final mile in the ten-mile journey-for-sight sponsored by the Lion's Club Saturday, in retrospect I really did have a good time visiting with people I usually don't get to visit with, and proving to myself, Wayne Carter and Doug Guthrie that I really can make it ten miles!

I hurriedly drove to the barn to tell Carter and Guthrie that

despite their snickers and guffaws, I made it ten miles and I knew someone who was out ten bucks!

Of course, I was pretty sore by then, but I didn't let it show. (At least, not until I tried to get up from my sitting position into a reasonable standing/walking one!)

I have to say a special congratulations to Granddad, John C. Haynes, who made the ten-mile walk, and raised more money for the Lion's Club than

any of us. He raised over \$150 by himself, and we were really proud of him.

Granddad celebrated his 83rd birthday just two days before the Journey, I felt he had several reasons to be proud of his accomplishments!

Although I'm sure I'm slightly prejudiced (and there's only ten other grandkids and several greats to disprove me), I'm pretty sure he's one of the greatest granddads around. He's always ready to jump in on the fund-raising events and do his fair share, and quite often more than his fair share.

He's blazed quite a path in his 83 years, and has worked up a reputation for fairness and good-heartedness that I feel the rest of us may have trouble living up to.

He inspired me in my walk Saturday... how could I ever go back and tell Wayne and Doug that I didn't make it, but that my 83-years-old grandfather did?

Cheese, flour, butter, and honey will be given away May 21 at the Senior Citizens Center.

TELE-HELP is a special information program created by the employees at Southwestern Bell Telephone. We've designed it to provide answers to our customers' questions as well as reaffirm our company's commitment to the community.

Home security is something that concerns us all. But, in reality, many people don't know how to prepare for an emergency in advance. This booklet gives you tips on how to do just that.

Annoying phone calls can happen to anyone at anytime. But you don't always have to be a victim because there are a few steps you can take to deal with this nuisance. We developed

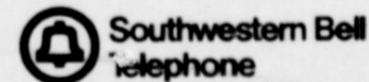

this booklet to tell you about them.

Home wiring tells you how you can save money by installing new wiring or changing existing wiring in your own home. It also tells you about the options available if you would rather have someone else do the work.

A Guide to Establishing New Service tells you about all the steps involved, and what to expect, when setting up your new phone service.

Local Service Options tells you about the range of services that can enhance the value of your phone, including Custom Calling Services, Easy Access Dialing and Touch-tone service.

CARD OF THANKS

The family of Bill Eudey so gratefully acknowledges the many contributions of love in the form of food, flowers, cards and visits during his illness and

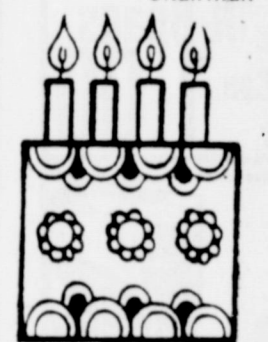

at his death. The class of 48's contribution to the McLean Library will indeed be a living memorial. Thank you, The Eudey Family

We want to thank each person who helped in any way with the Lion's Club Journey For Sight this year. The brave ones who undertook to walk or run the ten miles are heroes to the Lion's Club and we are grateful to them.

Our heartfelt thank is extended also to those who aided in the Journey by providing traffic control, refreshments and moral support along the way.

Our Journey, of course, would have been futile without those who sponsored the travelers with pledges of financial donation and we give you our thanks for enabling us to continue our sight-conservation projects both locally and worldwide.
