Cody Britten and Kay Lynn Britten are seen getting ready for their turn to show off their lambs in the Top O' Texas Livestock Show, held Friday and Saturday.

Leo Britten(left to right) shows off the lamb he placed fifth with in the show, C.J. Whatley displays the ribbon he won for fifth place and Melissa Anthony placed several times in the show with her pigs in the Gray County and Top O' Texas Livestock Show.

## Groom, McLean 4-H Students Complete Top O' Texas Show

The dust has settled on the 1989 Top O' Texas Livestock Show, culminating Saturday afternoon with the bidder's barbecue and the Top O' Texas and Gray County Sales.

4H and FFA students from throughout the area have relinquished their animals to the buyers or returned home to prepare the animals for yet another stock show.

Grand Champions of each division were the first to go in the Top O' Texas Sale, sold to the highest bidders.

In the Gray County Show McLean's Will Shaw placed first in the Light Weight Duroc Division. Johnny Mann placed second. Will was also recipient of the reserve breed champion.

Lee Shaw placed first in the Medium Weight Duroc Division. Renee Anthony

placed eighth in the same division of Groom.

In the Heavy Weight Duroc Division Lee Shaw was named breed champion, followed by James McClellan of McLean in second, Shandon Stalls in fifth, Stephen Wallis in seventh, all of McLean and Melissa Anthony in eighth from Groom.

The Cubs season record was 4-10 for the season with the district record being 1-5.

## Groom Joins Coop Effort To Establish Positive Image

Sixty community volunteers attended a one-day training session sponsored by the High Ground of Texas, Tuesday, Jan. 17, at Wayland Baptist University. The program was designed to assist volunteers in making telephone contacts to advertising responses generated by the regional marketing coalition.

The High Ground is a cooperative regional effort designed to establish a positive image for the communities in the Panhandle and South Plains.

Five sponsoring entities have funded a \$45,000 marketing program offered to area cities for a \$500 participation fee.

Twenty-seven communities are now

members of the High Ground: Amarillo, Borger, Brownfield, Crosbyton, Dalhart, Denver City, Dumas, Earth, Friona, Fritch, Groom, Hereford, Hale Center, Levelland, Littfield, Lubbock, Memphis, New Deal, Olton, Paripa, Plainview, Post, Shamrock, Spearman, Spur, Stratford and Sundown.

The five sponsoring agencies are: Lubbock-Garza Private Industry Council, Panhandle Regional Planning Council, South Plains Community Action, Inc., South Plains Association of Governments and Southwestern Public Service Company. Some of the funds are from the Job Training Partnership Act, which is designed to train unemployed for jobs.

**Tigers 3-0 and Tigerettes 1-2 In District Play**

A rash of flu virus swept through the Panhandle this past week, forcing several area teams to forfeit games. Groom teams have luckily been able to hold their own despite the rise of illness at Groom I.S.D. A report from the principals' office stated that on Friday the Absentee list totaled over 40.

This past Tuesday the Tigers and Tigerettes faced the White Deer Bucks in their second district game. Jeffrey Fields led the Tigers scoring 21 points. Michael Rose backed Fields by scoring 19 points. The Tigers won the game with the scoreboard showing Groom 65, White Deer 51. White Deer's Buck Bart Thomas was high point for the evening with 20 points and followed by Tim Davis with 14 points.

White Deer's Junior Varsity Boys team overcame Groom with a final score of White Deer-50, Groom-27.

Lesa Sweatt and Karen Bohr made an all out effort to overcome to Lady Buck's by scoring 11 points each in the game. White Deer outplayed the Tigerettes with a final score of Groom-34, White Deer-52. The Does high point scorers were Julie Hillhouse and Traci Lemons with 14 points each.

Lefors travelled to Groom for the third district game of the season.

The Tigers ran the scoreboard to a mighty 80 points which couldn't be met by Lefors with their 57 points. Groom's high point scorer for the evening was Stoney Crump with 17 points and Jeffrey Fields was 16 points. Scoring for Lefors was led by Dusty Roberson with 22 points and Jarrod Slatten with 18.

Shannon Fields led the Tigerettes with 17 points Jenni English with 10 to a game well fought against Lefors. Lefors outscored

Groom with a final score of 44 to 40. High point scorers for Lefors were Carrie Watson with 20 points and Kim Moore with nine.

In District 3-1A Groom Boys are currently on top with their 3 wins, no loss record. Their all-season record includes 18 wins and six losses. Groom is followed by White Deer with a 2-1 record and the Claude with a 1-2 record.

The Tigerettes are running neck to neck with Claude with a district record of one win, 2 losses. Leading the district is Lefors and White Deer with a 2-1 record. The Tigerettes have won nine games and lost 12.

At press time Groom was headed to Claude for the second round in district play. Friday, Groom is scheduled to play White Deer on Groom's own court.

## Don Anglin Coordinates Air Waves

The following article was published in December edition of AirCheck Nation Wide Communications Inc.

WBJW, Orlando Chief Engineer Don Anglin is the Society of Broadcast Engineers [SBE] frequency coordinator for central Florida.

Don helped set up the

Orlando SBE chapter about 15 years ago. He helped develop the concept of frequency coordination well before it was adopted on a national level.

A typical situation requiring his expertise might be a televised race at Daytona, with its portable cameras, blimp cameras, car

cameras, and all using different microwave frequencies.

The last week of September, however, was definitely not typical.

As the camera converged at Cape Canaveral to cover the launch of the space shuttle Discovery, it was Don's responsibility to sort out and allocate the nearly 250 frequencies the media needed, to make sure they didn't interfere with over 300 frequencies assigned to NASA, the Kennedy Space Center and other agencies in the area.

But Don's interest in the Discovery launch went beyond all that.

Before he joined BJ105, Don spent a lot of time at Cape Canaveral, starting with the initial construction phase in 1956. He saw it all: the Atlas launches, the first manned flight, the lunar mapping missions, the first unmanned lunar landing, and Neil Armstrong's "giant leap for mankind."

He was the countdown voice for the John Glenn orbital mission. At one point, he was in charge of all Eastern Test Range radars and computers at the Cape and at tracking stations worldwide.

So how do you get from there to a radio station?

"I saw the handwriting on the wall," says Don. Funding cutbacks in the early '70s slowed the momentum of the space program, and suddenly NASA found itself having to tighten its belt.

In 1973 Don signed on as Vice President/Engineering with the Rounsaville radio chain, former owner of

BJ105 [Nationwide acquired WBJW in 1982].

He was no stranger to broadcasting, having worked in the late '40s as a design engineer for a company that created some of the earliest FM transmitters and antennas. In fact, he was instrumental in setting up the first FM re-broadcasting network in the nation.

Don's also been a computer hobbyist since the days when you had to build your own hardware and write your own programs. He's a charter member of the Central Florida Computer Society. And his computer has proved invaluable when it's time to keep track of all those hundreds of frequencies.

Considering his wealth of experience and knowledge, it's no wonder that BJ105's Don Anglin has earned the respect of the entire Orlando radio community.

Don Anglin is the son of Mrs. Irwin Anglin and the brother of Mrs. Billy R. Fields.

Don Anglin, formerly of Groom is currently the Society of Broadcast Engineers frequency coordinator for central Florida.

## Hundreds Of Acres Lost By Fire

The Ranch owned by Bob Terry and leased by Fred Hoffman was the scene of a huge grass fire that narrowly missed burning the Ranch House and all the out buildings. The fire burned out of control burning several hundred acres, but was finally brought under control with the combined efforts of

the McLean, Mobeette, Wheeler, Shamrock and Sannorwood Fire departments, but was not without great cost, one water truck overturned and was seriously damaged, hundreds of gallons of water were used to contain this fire, hours of hard labor were required. Fire was

believed to start from a pick up truck left running and its catalytic converter became hot while idling and set the grass on fire. The entire Panhandle is like one big tinder box so lets all be very, very, careful of matches, cigaretts, and any thing that might touch off another fire.

### Council Discusses Options On Land Fill, Maintaining Officer.

Mayor George M. Green released on January 31, the minutes of the City Council meeting and are as follows:

The City Council of McLean, met in special session Thursday, January 26, 1989 in the Lovett Memorial Library meeting room. The meeting was called to order by Mayor Green at 7:33 p.m.

Members present were Wayne Bybee, Dale Glass, Martha Jo Bailey, W.C. Simpson, Harold Smith and George Green.

Others present were Stella Lee, Bob Glenn, Michael Colley, Dwight Brandt, Rick Harris, Jamie Johnson and numerous citizens.

The Refuse Department was a main item on the agenda. Dwight Brandt, engineer, explained the new rules of operating a landfill. They also made suggestions as how to close the landfill and covering and seeding the area by October 1, 1989. Bybee suggested continuing the pick-up service by the city and hauling to Pampa or Shamrock. A motion by Bybee, seconded by Glass to continue a pick-up service for clean-up week until the landfill closes. The vote was unanimous. New laws governing City Landfills make it almost impossible financially for small cities and towns to operate a local landfill. An example is a landfill must be covered daily with four inches to five inches of dirt. One option the Council looked into was to contract the removal of refuse. This would eliminate jobs in McLean and very probably be more expensive.

A motion made by Glass and seconded by Bailey to close, cover and seed the landfill to specifications by July 31, 1989 was passed.

The Police Department was discussed in length. The floor was opened for discussion by the public concerning the local Police officer. Subjects discussed were the peoples vote at the time of the questionnaires sent out in 1987. The questions dealt

with the need for a officer, enforcement of city ordinances and animal control, clean up properties and traffic problems.

Citizens expressed concern to the way the animal control was conducted. Citizens were also concerned with the fact that passengers were riding in the Police Officer's unit. There was concern as to who is liable in case of an accident. Some questioned the decision to a have a police officer. Many brought up the fact that the citizens of McLean filled out questionnaires concerning this fact in 1987 and decided that an officer was not needed. Other law enforcement agencies authority were discussed, including the Sheriff's department, Local DPS, etc.

Mr. Hess explained the need for a new sewer service. Mr. Johnson, Engineer for Mr. Hess, appeared before the council to explain, pressure sewer units as opposed to gravity flow systems.

A motion by Bailey and seconded by Glass, was made to go into executive session at 9:20 p.m. Discussed were the police officers duties, liability, jurisdiction, dress code, insurance and need for an officer. Also discussed was a sewer system, suggested by Hess or the gravity flow system.

A motion was made by Bailey and seconded by Smith to return to regular session at 9:50 p.m.

Glass made a motion and was seconded by Bybee to continue with the police officer and support his actions. Three councilmen voted in favor and two were against.

A motion by Glass and seconded by Bailey to require Mr. Hess to furnish the City with a feasibility study and cost analysis for both types of sewer systems before any further work or decisions can be made.

## McLean Tigers On A Roll

McLean Rolls Over Silverton like a giant steam roller. Tigers are hot and determined to go all the way! After the 1st quarter score of 14-17 Silverton, the Tigers sprang to a lead that they wouldn't give up at half-time it was 32-27 Tigers and at the third quarter it was 38 to 36 again Tigers leading. The Tigers quick break and fast rush to the goal seems to be their outstanding offence, it seems to just over power. The final score of 51-44 puts McLean seson record of 13-8 and district 5-0.

Donald Harris led the scoring with a big-15 points, Sid Brass, Tress Hess and Kyle Woods tied for second place with eight points each. Quinton Brown and Johnny Mann both had six points each.

McLean Flatten's Lakeview The Tigers again attack Lakeview with the quick break and fast drive,

although Lakeview was a much better match and the Tigers had their work cut out. At the first quarter the Tigers trailed by six points, 10 to 16, Lakeview leading, but the Tigers took command in the second quarter and led 35 to 30 at halftime. Lakeview was not defeated yeat and led the Tigers 57-49

at the end both teams poured on all they had, both determined to win this game. The final score at the end of the fourth quarter was 71-71 and now to overtime. What a game, what fine basketball. It

seems the more pressure the Tigers are under the better they play, and the more pressure they put on their challenger. When all the smoke had cleared it was, McLean 80-Lakeview 73, this gave McLean a 14-8 season record and district 6-0. Quinton Brown led in

scoring with a empresive 25 points with Johnny Man follwing with 21, Sid Brass 19, Donald Harris-10, Kyle Woods-3 and Dale Barker 2.

Tiger's Strategy Too Smart For Owl's Wisdom!

Again the Tigers rolled over the opponent, the Hedley Owl's under the fine coaching of Coach Wilson. This give the McLean Tigers a 7-0 record.

In the first quarter the Tigers were fired up and off and running this quick break and new flawless shooting has been the differance that has moved the Tigers well out in fron. In the end of the first quarter the score was McLean 22 and Hedley 2.

McLean Tigers had complete control at halftime with the score at 51 to 15. Tigers led in the third quarter 61 to 36 and the fianl score was Tigers 81, and Owls 53. This brings McLean to a 15-8 record and in district 7-0.

**Area News Brief**

**Cattle Should be one** of the bright spots in agriculture in 1989, according to some economists who see prices moving up early in the year, then sharply higher the second half.

A federal judge has dismissed a 12-year-old antitrust case against meatpackers IBP, Inc. and Excel Corp. and the Yellow Sheet publisher, ruling there was no "credible evidence" to support plaintiffs' allegations. A rehearing has been requested.

Regulators have closed the Richmond Production Credit Assn., a \$20 million institution in Sugar Land, that offered short-term crop production loans. El Campo PCA will temporarily provide services to the Richmond PCA territory.

Some cropped wetlands and scoured croplands are eligible for the Conservation Reserve Program if they were cropped in 2 of the 5 years from 1981-85 and erosion was caused by out-of-bank water flows, says USDA. The 8th CRP sign-up period is February 6-24.

USCS Chief Wilson Scaling is reminding farmers that the 1985 Farm Bill requires those who farm highly erodible land to develop a conservation plan and have it approved by Dec. 31, 1989, in order to remain eligible for USDA farm program benefits.

National grasslands grazing fees in 9 states including Texas and Oklahoma will be \$2.29 per head per month, as of March 1. National forest fees in 15 states including Oklahoma will be \$1.86. That's a hike over 1988 of \$.46 for grasslands and \$.32 for forests.

Former U.S. Rep Beau Boulter, R-Texas, is a leading candidate for chief of the Immigration and Naturalization Service, according to the Dallas Times Herald.

U.S. Rep Bill Sarpaluis, D-Texas, has been named to the House Agriculture Committee.

Mild Weather and dry soil conditions in wheat-growing areas of the Plains states have forced cattle into feedlots lighter and earlier than normal, which may increase cattle on feed during the second quarter, says KRF News.

The Mexican government will purchase about 200,000 more U.S. dairy cows over the next 3 years in addition to the 30,000 it usually imports annually from the U.S. and Canada. The cows will be sold to producers on credit and repaid through milk sales.

National Meat Month begins February 1, and is expected to boost beef sales, which have been slowed by high wholesale prices, according to analysts.

U.S. cattle producers aren't the only ones concerned about industry concentration. Now comes word that Australia is worried about "concentration of market power" should Japanese investors integrate from the farm to the marketplace.

**It's Law**

It is illegal now for advertisers or solicitors to use the name "Social Security" to mislead the public.

Also banned is the use of copies of Social Security cards or emblems to give a false impression that the government is endorsing a particular product, service or organization, said Larry Mayo, Social Security branch manager in Pampa.

Restricting use of Social Security's name was one of the provisions of the "Medicare Catastrophic Coverage Act of 1988" signed into law last July.

The law covers books, advertisements, circulars, pamphlets, radio and television broadcasts, and other communications. Civil money fines can be imposed for violations, Mayo said.

The new law will help protect the public from unscrupulous persons who try to prey upon fears or ignorance. The best place to get correct information is directly from the Social Security office, he said.

Name changes, earning history reports and other services are always free from the Social Security Administration. Many services can be handled with just a phone call, Mayo added.

Suspected Social Security related misleading advertising should be referred to the Social Security office. The Pampa Social Security office is located at 125 S. Gillespie and the phone number is 806-669-1018.

**Card Of Thanks**

I thank God for the wonderful woman who was my wife for one week less than fifty two years. She filled a place in my heart that no other person could fill. I shall attempt to say thanks to each person who had a part in her going home to be with the Lord. To all the Lamb family for their dedication and service. To Brother Wells and Brother Messer for their encouragement from the Word of God, to the Kitchen Staff and the wonderful food at church, to each person who sent a flower, or sent a card, or said a prayer, or sang a song, or played the organ, for all the contributions to different funds, to each offer that was voiced to help in any way they could. If I have left out anyone I am sorry,

because I still can't thank. I realize that only God can heal the broken heart, and mend the shattered spirit. I Pray that in your time of deep sorrow that God will help you in your need as he has helped during this time in my life. Let me say in closing I love each of you for sharing your love in such a wonderful way. It has helped me so very very much, and made my burden lighter. Thank you, and God bless each of you.

**MATH-A-THON**

Jerry Don Cook, principal of the McLean Jr. High announced today that there would be offering a Math-A-Thon.

Students will be offered a opportunity to participate in

a Math-A-Thon program sponsored by St. Jude Childrens Research Hospital and Jerry Don is encouraging thier participation.

The Math-A-Thon is designed to strengthen the students math skills by providing free materials which supplement their basic curriculum. It challenges the students to work 200 math problems at home [thats homework] the

problems are designed to be fun, intriguing and a positive learning experience for your child. By seeking sponsors to pledge approximately 3 to 5 cents per problem, your child and sponsors will be helping other children, not so lucky in their deadly battle with childhood cancer.

Your awareness and encouragement to your child is essential to assure your child receives maximum benefits.

**HIS CHURCH, HIS CHILDREN, OUR MISSION**

Mark Wilson often takes his foster children along to the office.

His office happens to be the pastor's study of first United Methodist Church in McLean, Texas.

Mark and his wife, Suzanne, became Methodist Home foster parents six years ago while they were living in Canadian. When Mark felt called to become a pastor, the Wilsons moved to a seminary out of state.

After seminary, they moved back to the Panhandle area. Mark was assigned to the pastorate in McLean and Heald and the couple began again to take foster children through the Amarillo office.

"The church members have really poured out their love on our foster kids," Suzanne said.

"I can bring the kids with me to work," Mark added, "and church members will appear who want to entertain them and play with them."

"The church is excited. Methodist Home isn't just a place or a name anymore. The members have seen the

Home make an impact in their own community."

Not only have First Church's members directly helped the Wilsons in their foster care ministry, they've given generously to Methodist Home, as well. This year's Christmas offering receipts were four times greater than last year's.

"Members have a sense of pride in Methodist Home," Suzanne said. "They see their faith in action."

The church's visibility and credibility have grown within the entire community.

"Community leaders call me now when they see a family that needs some kind of help," Mark said. "I call Cheryl, the director of the Amarillo outreach office. If Methodist Home can't help, Cheryl puts us in touch with the people who can."

"Chery is a wonderful resource. People in McLean are coming to this church for help. And getting it."

Through a new program, "His Church, His Children, Our Mission," the Home hopes to strengthen the tie between local churches and the foster care program.

**THE METHODIST NEWS**

**By Mark Wilson, Pastor**  
Sunday, January 29, all our church school Bible Study goes from the Old Testament to the New Testament.

We now have five adult study classes, with another being started soon. We would like to extend a special invitation for you to take part in one of these classes.

February 2, through February 4, Pastor Wilson is being sent to Dallas for a conference, as representative for the district. The topic of this conference is "Reaching For The Baby Boomer". This is a special conference to learn how to reach out to ages 25 thru 43. Pastor Wilson is being sent by the conference and will bring this message back and teach a seminar here on the same topic to area pastors within this district.

Feb. 5th is missionary Sunday and Faye and W.L. Armstrong will be guest speakers. The Armstrong's have spent most of their ministry in missions, they served with the National Division in Hawaii from 1955 thru-1960. They served the World Division in Indonesia from 1963 thru 1976. W.L. has also pastored Robertson-Canyon; Lorenzo; Lamesa; and Turkey.

Pre Sunday School social hour with coffee and donuts; and an opportunity to fellowship with Faye and W.L. are planned.

Services will be fashioned as they are in Samantra. This should prove very interesting.

A Mexican style fiesta dinner will follow the services. The local church will be presenting Faye and W.L. with a retirement gift as the Armstrongs plan to retire at the Conference this year. They have three children, five grandchildren and they also have an Indonesian daughter they have raised from a baby. They will be making their home at 501 N. Brazos in Whitney, Texas.

February 6th thru the 10th Pastor Wilson will be going to California for a John Wimber Clinic. This conference will be on "Spiritual Warfare." The teaching will be practical, with the goal of equipping all participants to apply these principals of spiritual warfare to daily life. The conference will address some of the weapons of spiritual warfare such as: prayer, fasting, faith, the word of God, the blood of Jesus Christ, authority and power, these weapons will be addressed and principals of daily use taught.

**Purina Sup-R-Lix**  
 brand Liquid Supplement with Rumensin  
 Assures cows get uniform nutrition -tank top to tank bottom.

With homogenized Sup-R-Lix® there's no waste. Its high-level nutrition stays put, so cows get the full body-conditioning benefits of the ration every time they lick the wheel. In feed trials, spring-calving cows on Sup-R-Lix Breeder 32 weighed an average of 54 lbs. more after calving than cows on a conventional 32% liquid supplement, yet feed consumption was virtually the same. Sup-R-Lix is the one liquid ration you can count on to match the performance of highest quality dry supplements—yet still give you self-feeding convenience and labor savings.

**Breast Cancer Detection Unit Available  
To Area Women**

CALL 779-2401 For Appointment

The unit will be in McLean on Monday, February 13, 1989 at Dr. H.F. Fablan's Office.

According to the American Cancer Society one out of ten women will develop breast cancer some time in her lifetime. It is currently estimated that over 37000 women die each year as a result of breast cancer. 90 percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent, five year survival rate. A woman who is diagnosed as having breast cancer by mammography before a lump can be felt has a 97 percent, five year survival rate and a 90 percent, ten year survival rate.

COST IS ONLY \$50.00

A Mammograph can detect a cancer this small O, even before it can be felt.
