House of Representatives has passed to the Senate a far-reaching consumer credit code regulating most consumer loans and allowing banks higher interest rates.

Gov. John Connally recommended the code which resulted from a two-year study of the credit field.

Bill by Rep. Randy Pendleton of Andrews establishes maximum credit charges, limits required insurance on loans, requires disclosure to borrower of all charges he must pay and prohibits misleading advertising.

Pendleton said his measure would provide Texas with one of the most "comprehensive and effective" regulations of consumer loans in the nation.

But Rep. Paul Floyd of Houston claimed the bill would "increase cost of money to borrowers."

Code covers all fields of credit under \$2,500, whether loans by banks, savings and loan associations, credit unions or pawnbrokers. Installment purchases, including those of autos, are included.

Proponents contend that consumers will have a better loan market if banks and other lending agencies can charge the same rates as finance firms.

Although opponents emphasize that the bill allows up to 240 per cent annual interest on a loan of \$10 for one month, rate permitted still is a reduction from that now fixed as ceiling in that class of small loans. Actual charge on the \$10 transaction under the code would be 21. Reduction is about 25 per cent below those now charged for loans under \$100.

These rates are authorized by the code.

Auto installment loans—\$7.50 per \$100 on new cars ranging to \$5 per \$100 on autos over four years old.

Regulated loans—\$18 per \$100 annually on first \$300 and \$8 per \$100 above \$300, to \$2,500. Secondary mortgage loans on residential property—\$8 per \$100, same rate as on installment loans.

Retail installment sales and services would be limited to \$12 per \$100 for first \$500, ranging down to \$8 over \$1,000. Revolving credit maximum would be one and a half per cent per month for first \$500 of unpaid balance and one per cent on unpaid balance over \$500.

OPTOMETRY BILL DELAYED—Bill to reverse State Board of Optometry ruling which restricts multiple-office practice and advertising of eye glass firms under trade names (e.g. Texas State Optical, Lee) was sent to subcommittee after hearing before Senate Public Health Committee.

Fate of the bill is uncertain. Contested ruling, upheld by State Supreme Court, was made by six-member board, five of whom are independent optometrists.

Dr. N. Jay Rogers of Beaumont, TSO head, said board ruling was aimed at curtailing competition and would run up prices of glasses.

Board Attorney Charles Babb argued advertising would not be prevented by ruling, although he criticized some advertising by multiple-office optometrists. He said intent of board's ruling is to require optometrists to practice under own names and maintain closer relationship to patients.

WATER RIGHTS LAW—After years of effort, Texas now has a water rights adjudication act to help solve water disputes without prolonged and costly court battles.

Act follows the "Oregon plan" of administrative procedure in resolving water wrangles, plus automatic judicial review.

MHS Students Attend Wheeler Career Clinic

A Career-College Clinic sponsored by the Wheeler County Cooperative Guidance Department, was held Thursday, April 13, in Wheeler High School with students from eight area high schools in attendance.

Represented were high schools of Shamrock, Wheeler, Allison, Briscoe, Mabeette and Kelton, and guests schools McLean and Samnorwood.

In charge of the program were Mrs. Inez Montgomery, Shamrock High School counselor; Mrs. Joyce Hart, Shamrock Junior High School counselor; and Mrs. Mary Tom Riley, guidance director of north Wheeler schools.

Career and college consultants were hosted at a luncheon in the Wheeler school cafeteria, giving the students time to visit with college consultants prior to an assembly at 1 p.m.

Following the assembly, the students attended two career sessions which they previously selected from a choice of 25.

Career consultants from McLean were: Mrs. Alberta Fry, beautician; Mrs. Virginia Holwick, elementary teacher; Mrs. Molita Everett, florist; and Richard Back, insurance.

April 16-22 Named Library Week

Gov. John Connally proclaimed April 16-22 as Library Week in Texas and urged all Texans to read more and to accept the responsibility for making reading opportunities more available to others.

"Education for the many and not only for the few began with the printing of books and libraries make up the very core of education," Governor Connally pointed out recently when he signed the official memorandum.

Since the inception of the National Library Week program 10 years ago, Governor Connally said that library development in Texas has doubled. "Because of the demand for books from readers, new libraries have sprung up where none existed before."

Each April, nationally and in hundreds of communities throughout Texas, Library Week is both the climax and the starting point of many year-round activities that spur people to become better acquainted with the services and needs of libraries.

This week would be a good time to visit McLean's fine library if you have not had the opportunity to do so before. McLean is very fortunate to have such a fine library, and Guy Beasley, librarian, will be happy to show you around and help you to get acquainted with the local library.

Baptist Men to Meet at Shamrock

The Associational Baptist Men's meeting that was originally scheduled to be held at First Baptist Church, Wellington, has been changed to Eleventh Street Baptist Church, Shamrock, on April 27, 8:00 p.m.

A mission program has been planned, with B. F. Risinger of Shamrock in charge. All Baptist men and R. A.'s from the McLean area are urged to attend.

Highway Patrol Investigated 10 Mishaps in County

The Texas Highway Patrol investigated 10 accidents on rural highways in Gray County during the month of March, according to Sgt. J. W. Wilson, Highway Patrol supervisor of this area.

These crashes resulted in one person killed, one person injured and an estimated property damage of \$7,965.

The rural accident summary for this county during the first three months of 1967 shows a total of 33 accidents resulting in one person killed, 21 persons injured, and an estimated property damage of \$20,290.

The final entry in the 1966 Texas traffic records has been entered and closed. An all-time record high of 3,406 persons killed, 208,310 persons injured, and an estimated property loss of \$557,414,000 was sustained. This compares to the 1965 record of 3,028 persons killed, 186,062 injured, and an estimated property damage of \$488,070,000.

Since the death count of 2,254 in 1960, Texas has gained steadily each year. The sergeant stated, "If the death rate increases during the last four years of this decade as it has in the first years, the death count will stand at 4,745 in 1970." What is the solution? Only you, Mr. Motorist, hold the answer!

Band at Hereford Contest Today

The McLean High School Band went to Hereford today (Thursday) to participate in a band contest. They were accompanied by their director, Herb Gerner.

A band clinic was held at the band hall Tuesday from 6:30 to 9:30 p.m. for the band students. An instructor from West Texas State University, Canyon, was in McLean to help with the clinic.

Rodeo Plans Near Complete

The Rodeo Association met Tuesday night in the community room of the American National Bank for a report from the different committees that had been appointed at the previous meeting.

Preparations are under way to make this year's rodeo one of the best, with interest being stronger than ever.

The Lions, Jaycees and the Roping Club have commenced the slow and not-so-slow process of growing beards. Members without a sign of fuzz must suffer the consequences or pay \$5.00 for a "Chicken Card."

The money taken in from the Chicken Cards will go toward the purchase of prizes for the beard growing contest.

The beard growing contest is open to any man in the community.

A parade will start the rodeo activities on Wednesday, June 7, at 4:30 p.m. Trophies will be awarded to the best riding clubs in the parade. Parade chairman is Jay Thompson.

Thursday morning's activities will commence with the annual AQHA Horse Show at 9:00 a.m. with youth activities.

Saturday will be a big day, with a family play-day contest with events for ladies and children at 3 p.m. Beards will be judged Saturday and the old fiddlers contest will be held at 1 p.m.

Committees are working on a youth participation event to be held each night of the rodeo. The McLean 66 Rodeo Queen contest is now under way, with queens appointed by the three clubs. Teresa Mertel will represent the Lions Club; the Jaycees elected Gayle Fry, and the Roping Club chose LeAnn Willoughby.

The local clubs and organizations are invited to sponsor a rodeo queen entry. The queen will be chosen by penny votes at local businesses in McLean. Clubs wishing to enter a contestant should contact David Woods, chairman of the queen contest. The queen receiving the most votes will be presented a rodeo outfit, which she will wear in the parade.

Gray County SCS Has New Man

William M. Sowers, native of Newcastle, has been transferred to the Gray County Soil Conservation Service district office in Pampa.

He will work with conservationists Lynn McDaniel, Van Mills and Paul Appleton, all of Pampa.

Sowers has been an SCS employee since 1961 when he received his training in Graham as a college student SCS trainee.

In 1962, he received his BS degree in animal husbandry from East Texas State College at Commerce. Before attending ETSC, he studied two years at Tarleton State Junior College.

After graduation from ETSC, he worked for the SCS in Big Spring and in 1966 was transferred to Snyder. His transfer to Pampa was effective April 8.

He and his wife, the former Frankie Bedell of Forsan, will live at 1136 Varmon Dr., Pampa.

San Jacinto Day Celebration Set

Highlight of the San Jacinto Day celebration, April 21, at the San Jacinto State Park near Houston, will be the dedication of an official Texas Historical Marker honoring David Thomas, first attorney general of Texas. The announcement was made last week by Charles R. Woodburn of Amarillo, president of the Texas State Historical Survey Committee.

Former Governor Price Daniel will give the principal address on the Battle of San Jacinto while Crawford Martin, 53rd and present attorney general of Texas, will dedicate the marker in ceremonies at 2:30 p.m.

Legion to Hold Spring Convention In Amarillo

Twenty-one American Legion Posts will be honored at the annual 18th District Spring Convention of the American Legion, to be held in Amarillo Saturday and Sunday, April 22, 23, District Commander Roy Beard has announced, by being presented citations for attaining their 1967 membership quota.

Registration will open at 1 p.m. on Saturday at the home of Post No. 54, 7th and Madison Streets, where all sessions of the convention will be held. The social hour will commence at 5 p.m.

The joint session of the American Legion will be in the form of a banquet which will begin at 7 p.m. with Commander Beard calling the meeting to order. Invocation will be by District Chaplain Nona Moore, Wiley Alexander will give the address of welcome and response will be by Grant Hanna of Hereford. District Vice Commander Bill Brudy will introduce speakers and guests. Principal speaker will be Hershel L. Doyle of Albuquerque, N. M., who is department adjutant of New Mexico. The annual convention dance will follow the banquet.

On Sunday there will be a memorial service at 10 a.m. with Rev. George and Chaplain Nona Moore in charge.

Immediately following lunch the Legion will hold its business session with Commander Beard presiding. Committee reports will be heard and new members will be initiated. Delegates and alternates to the National Convention to be held in Boston, Mass., in August will be elected and provision will be made for the principal and alternate members of the Department Convention Committee.

Stray Dogs to Be Picked up by City

McLean is now being faced with a hazard and a threat to the safety of our children. It is getting unsafe for a child to ride his bicycle or for a child or adult to walk down the street without having the fear of being attacked by a stray dog.

Due to the increasing number of dogs running loose in the city, a man from a licensed animal shelter will be here on Thursday, April 27, and he will pick up all dogs that are running loose.

The City of McLean ran an ad in The News a few weeks ago advising that an ordinance had been passed that dog owners must either keep their dog chained up or inside a fenced yard.

GA House Party

The Junior G. A.'s of the First Baptist Church will attend a house party at the Baptist church in Wheeler this weekend. They will leave Friday evening and return to McLean on Saturday. Their leaders are Rosie Lee Young and Wanda Lamb.

DOWN MEMORY LANE

The play given by the members of the seventh grade at the high school auditorium Monday evening was enjoyed by a large crowd, despite the cool weather prevailing. The members of the cast showed careful training, and there was something doing every minute of the play.

The players reflected credit upon themselves and their teacher, Mrs. Jim Back, who directed the play. The proceeds of the play will be used to purchase unabridged dictionaries needed by the room.

Born Sunday, to Mr. and Mrs.

From Mrs. Kay Albert, Dilburg, Pa.: I am not a real Oldtimer, but I can remember going to a country school where the children had to get water for the rest of the school to drink. One person took the end of a pole, someone else took the opposite end and a water can was hooked to the wood and coal.

The kids drew pictures before the holidays and they were put on the windows and above the blackboards for visitors to see.

Wonderful programs were presented at Christmas and Thanksgiving and parents turned out in good number.

We walked to school and home again, a distance of two miles. We enjoyed sliding down the hill behind the school—on pieces of tin. We made dolls from corn silks and husks and used stones for dishes. We played the game of "colors". If someone called yellow and that was your color, you had to run or be "tagged" for "it."

I remember that we were paddled or had our mouths washed with soap if we dared to "sass" the teacher.

We took valentines to school on Valentine's Day and put them in a large box and one student was assigned the role of mailman.

Advertising nourishes the consuming power of men. It creates wants for a better standard of living. It sets up before a man the goal of a better home, better clothing, better food for himself and his family. It spurs individual exertion and greater production. It brings together in a fertile union those things which otherwise would never have met.—Sir Winston Churchill

IN MEMORIAM

He who lives the Christ life day by day Unknowingly creates a wonder-thing: A beautiful MOSAIC, a bouquet Of jewels set in gold, an offering To place within God's hands when life is done; A brave resplendent thing of light and shade, Each little priceless jewel, 'one by one, In a design that life itself has made.

And God will note the lovely inset gems, Will mark the glowing rubies that are PRAYERS, The amethysts of PATIENCE, the clear stems Of jade, where COURAGE has outlived despair, The diamonds that are FAITH, the topaz light Of HOPE that shone across the darkest days; With surety He will take that little bright MOSAIC to His heart with words of praise."

To the memory of Mrs. Andrews, Cleo Pope, Mrs. Hess and Mrs. Kirby.

Each of these ladies has been an inspiration to us through the years, and it is with deepest sorrow and sympathy that we learn of this great loss. But certainly they have placed in God's hands a beautiful MOSAIC. Their last act was in doing what they loved most to do: to give their all in carrying on the work of Methodist women. May the heritage they leave in diligence, in guidance and in devotion so inspire us all that we each will grow both in dedication and in example.

Sidelights from a History Notebook

The first soldier to be elected President of the United States was James Monroe, 5th President, who was an officer during the Revolution. Born in Westmoreland County, Virginia, Monroe left William and Mary College to enlist in the Revolutionary War. After the war, he turned to law and politics. He served as Governor of Virginia and was secretary of state and secretary of war under Madison. He is remembered for the Monroe Doctrine, authored to discourage European intervention in American affairs.

Upon the occasion of the signing of the Rush-Bagot pact between America and Great Britain calling for complete disarmament of the boundary line separating Canada and the United States, Monroe said: "Preparation for war is a constant stimulus to suspicion and ill-will."

On April 30, 1803, a fledgling nation, at what turned out to be a small price of \$15,000,000, became a continental power. Robert Livingston, American Minister to France completed purchase agreements with France for the Louisiana Purchase, an area four times the size of France.

Livingston has originally set out, upon instructions from President Jefferson, to try to buy New Orleans, for which Congress had appropriated the immense sum of \$2,000,000. Napoleon's Foreign Minister, Talleyrand, asked Livingston: "What will you give for the whole of Louisiana?" Livingston, taking a terrific gamble, and getting in way over the amount allotted for the purchase of New Orleans, offered \$4,000,000.

The President and Congress had endorsed the purchase, and Jefferson sent James Monroe as a special envoy to assist Livingston in the purchase. After much bargaining, the price was agreed upon.

Livingston and Monroe signed their names to an agreement which called for an expenditure greater than the annual revenue of the United States—but history has recorded the action as one of the great bargains of all time. The purchase territory included all or part of what is now the states of Montana, North Dakota, South Dakota, Wyoming, Minnesota, Nebraska, Iowa, Missouri, Kansas, Colorado, Oklahoma, Arkansas and Louisiana.

WY'S SERMON

HAPPINESS IS
Indeed, is happiness? Or is it merely a state of mind?
It seems that some are happy only when they are going. A failure to do something we love or something that turns out to be a disappointment.
I do not expect happiness to come to me. We are creatures of habit. We can live less happily if we learn to look for it. If we do not find it, we realize that it does not always go our way.
I have an attitude that does not demand that I be happy all the time. I know that there are good things that are good for me and that I should dwell on them. I know that which did not suit me and which I should not dwell on.
When you fall, have faith that you will succeed when you rise again — then try again.

BOY SCOUT NEWS

The Boy Scouts met Monday evening, April 17, at the Scout house for their regular meeting, with the Cub Scouts meeting on Tuesday and Wednesday evenings.

The Boy Scouts had a camp-out last Saturday night which was enjoyed by all the boys. Their campout was held at the new Scout grounds just east of Lamb Funeral Home.

Boys who are nine years of age or older and are interested in scouting may obtain more information by contacting James Boothe or Z. A. Myers, leaders; Matthew Bailey or Boyd Thompson, who are serving as Cub Scout Den leaders.

Camps will be starting in July at Camp Kiowa. The cost of this camp is \$17 per boy, so boys are urged to start to work to earn their \$17.

It has been the desire of many to get Girl Scouts started in McLean and an attempt has been made to get the ball rolling. Forms were handed out this week to the girls in the second, third and fourth grades for those who are interested to fill out and bring back to school. Any mothers who would like to have a part in this work are asked to please let the school know when you return these forms. There will be a lady from Shamrock come to pick them up and she will be of service to anyone. Training classes will be held for those wishing to start a Scout troop in McLean.

TAX SAM SEZ:

KEEP GOOD RECORDS
Now that most of us have finally filed our income tax return for this year, we are ready to forget about the task until 11:20 p.m. next April 15. The Internal Revenue Service says that good records keeping throughout the year can save you tax dollars at income tax filing time. If you plan to itemize your deductions on page 2, Form 1040, you should keep cancelled checks, receipts, statements and other data to support your deductions. Keep your records and your job will be easier next year.

CARD OF THANKS
We want to express our deepest appreciation to our friends and neighbors who were so kind and thoughtful to us during the loss of our loved one.

THE FAMILY LAWYER

ASSASSINATING A PRESIDENT

To many foreigners, and to many Americans as well, one of the oddest aspects of the assassination of President Kennedy was that the United States had no law against it.
Was this just a legislative oversight? Not at all. On the contrary, such a law had been proposed and debated a number of times over the years—and had always been turned down.
Of course, that does not mean the assassination was legal. The lack of a federal law merely reflects the fact that, in this country, the punishment of crime has always been entrusted primarily to the individual states. The presidential assassination, while not forbidden by federal law, was clearly forbidden by the laws of every state.
Why this arrangement? For reasons both historical and geographical, most crimes fit more naturally into state and local jurisdiction. It would seem strange indeed to have the federal government prosecuting the man who holds up the corner grocery or who drives recklessly down Main Street.
And the Constitution itself, while giving the states a free hand to deal with crime, gives the federal government no such leeway. The federal government

may punish crime only if the power is:

- 1) given expressly (for example, the power to punish treason); or
- 2) given by implication (for example, the power to punish interference with the United States mail).

As a rule, the crime of murder has no peculiar significance to the federal government. Neither expressly nor by implication does the Constitution give the federal government a general power to punish homicide.
Yet, murdering the President is more than just murdering a man. It is a blow at the government itself, because it destroys the central repository of the nation's executive authority.
Furthermore, as a practical matter, federal agencies—which have the duty to protect the President—should be better able to investigate such a crime.
The Kennedy assassination lent fresh urgency to these considerations. And at last, 176 years after the nation began, Congress has finally given overwhelming approval to a bill making it a federal offense to kill the chief executive.
The maximum penalty: death.
Visiting in the E. L. Sitter home last week were their daughter, Mrs. Karl Ernst of Dumas, and Mr. and Mrs. W. N. Daniels of Lubbock.
I wish to thank everyone for the cards and flowers sent me while I was in the hospital and since I came home. Thanks a lot.
Mrs. Lucile Miller

McLean to Be Represented at Clarendon Rodeo

The Aggie Club of Clarendon College will present its third annual rodeo on April 21-22. Three big performances will be highlighted by contestants from several colleges and high schools throughout the area. Events include bareback bronc riding, bull riding, tie-down and ribbon roping, and girls' barrel racing.

High schools represented include Wellington, Phillips, Dabhart, Matador, Tulla, McLean, Clarendon and Pampa. Colleges represented include Clarendon College, Texas Tech, Sul Ross, South Plains College, Frank Phillips College, West Texas State University and Ranger Junior College.

The stock producer is Glenn Green from Amarillo. Trophies will be awarded to winners of each event for each of the three performances, and three trophies will be awarded to the best average winners of each event.

The Rodeo Queen will be selected on Saturday, April 22. The winner will be presented with a gift certificate during the Saturday night performance. Judging will be based on horsemanship and beauty, 75% and 25% respectively.
A western dance will be held at the rodeo grounds following each of the night performances. There will be an admission charge for both the rodeo and dance.

Rebecca Lee Feted On 2nd Birthday

Rebecca Lee, daughter of Mr. and Mrs. Jerral Lee, celebrated her second birthday at a party given by her mother Saturday.

Refreshments were served to the following little ones: Tonya, Mark and Mike Henderson, Stacie Smith, Robert, Tami and Spookie Smith, Chandru Crockett, Gena Hill, Candl Carpenter, Mike Bybee, Rhonda and Teresa Wood, Glenda McCurley and the honoree.

Georgia Lee Is Fraternity Member

Georgia Lee of McLean was recently initiated into Pi Omega Pi, national business fraternity, at West Texas State University, Canyon.

Daughter of Mr. and Mrs. George Cotebank, Mrs. Lee is a junior majoring in business education.

CARD OF THANKS

We wish to thank Dr. Fabian and the hospital staff for all they did for our sister, Cora Overton, while she was in the McLean Hospital. Also we want to thank Creed Lamb and his helper, Robert McCabe, and for the visits and cards from the good neighbors and friends. May God bless you all.

By FOSTER WHALEY

The annual meeting of the Canadian P.C.A. is to begin at 10:00 a.m. Saturday, April 22, at the Canadian High School. All members of the area are invited to attend and bring a guest. A free barbecue and lots of door prizes are in store.

The Canadian P.C.A. is comprised of six counties in the northeastern part of the Panhandle of Texas.

The 32 state cattle on feed reports had a few encouraging aspects. Many observers had expected the cattle on feed as of April 1 report to show an increase of five to six per cent over a year earlier. The report showed only three per cent over a year earlier levels. The most encouraging thing was the fact that four per cent fewer cattle are on feed than that have been in the feed lots less than three months. There were 14 per cent fewer cattle on feed, weighing less than 500 pounds, than a year earlier.

There were two per cent fewer cattle in the 700 to 899 pound bracket. The dark part was in the weight group over 100 pounds. They showed a 35 per cent increase over same period a year earlier. No doubt with recent heavy rains the over 1100 pounds weight are being disposed of rather rapidly. Whether you are a cattle feeder or a stocker operator, your welfare is directly dependent on the welfare of the cattle feeder.

BRIGHTEN WALLS WITH VINYL

Want to liven up your home this spring? You can add color and life to an old wall with vinyl wall coverings, suggests Jane Berry, extension housing and home furnishings specialist at Texas A & M University.

They are an answer to the modern desire for color and pattern, and their easy cleaning qualities make them great for kitchens, baths and children's rooms.

You have a wide choice of colors, patterns and textures. An elegant silk damask pattern or oriental scrollwork on a silk textured base might brighten a formal hall. Maybe you want an Early American look or a rough texture that resembles woven raffia. A gay flower print or stripes that look like silk ribbon are other decorating choices.

You can emphasize one wall in a room with this type of covering and paint the other walls. The vinyls are excellent for irregular walls, too.

The "do-it-yourself" enthusiast can apply this fabric-backed covering with a vinyl adhesive. They are lightweight and as flexible but more durable than paper.

For And About Teenagers

THE WEEK'S LETTER:
"What would you do if you had a boyfriend that lived in Indiana and you lived in Kentucky, 350 miles away, and he came to see you every other weekend? He says he loves me, but I don't know if he does or not. I am very jealous of him even though I don't show it. Do you think he goes with another girl when he goes back to Indiana? Do you think he loves me? We have been going together six months but he has never asked me to go steady. He only says someday he will not have to leave me. Do you think he means it? Do you think he should say something about going steady? Should we be engaged? Do you think I should let him make love to me? What is love? How do you act when you are in love? What do you think?"

OUR REPLY: If you have not discussed going steady, if the boyfriend has expressed no other intentions other than the vague promise that one day he will not have to leave you, it is quite foolish for you to pin your hopes and dreams on a boy you see only every other week for six months. No two people act the same when they are in love, nor probably feel the same. But the kind of love upon which marriage and happiness is built is dependent upon a certain amount of mutual respect. Courting is one thing, "making love" on the part of a couple as yet unmarried decreases the possibility they will ever walk down the aisle — together.
If you have a teenage problem you need to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, COMMUNITY AND SUBURBAN PESS SERVICE, FRANKFORT, KY.

VETERANS INFORMATION

Q—I am presently attending college under the new G. I. Bill. I plan to marry soon. How should I notify the Veterans Administration that I have a dependent so that the rate of my educational allowance can be increased?
A—The Veterans Administration will pay the additional allowance for your dependent from the date of notification of your marriage. This may be done by letter. The additional allowance will not be paid, however, until a copy of the marriage certificate is furnished.

Q—I am planning a trip abroad next year and am making some arrangements concerning my financial matters. I receive a disability compensation check from the Veterans Administration each month. I understand that mail service in some foreign countries is a bit unreliable. Could I arrange to have my checks sent to my bank during my trip?
A—Yes. There is a procedure whereby you may have your checks sent to a bank for deposit to your account. Your bank will assist you in making the arrangement. The VA must know, of course, where to mail the checks and so a change of address must be submitted.

Q—I am a World War II veteran, and have just paid the last installment on my 20-year G. I. home loan. Am I entitled to another loan before the July 25, 1967, deadline for World War II veterans?
A—Full repayment of a G. I. loan does not, in itself, entitle you to another loan. However, your entitlement may be restored until July 25, 1967, if you are forced to sell for certain compelling reasons.

Q—The cowboy and the pioneer are favorite subjects for Texas recreation and community events this spring and summer, according to the Texas Calendar of Events just published by the Travel and Information Division of the Texas Highway Department.
A full one-fourth of nearly 400 events in 177 cities are rodeos, reunions and frontier day celebrations. The April 1-Sept. 30 pocket-size guide carries still another 41 events featuring horse shows and race meets.
Forecasting a possible "Texas, Land of Water" slogan are 66 water sport, fishing and aquatic events with every area of the state represented. In addition, fairs, art exhibits, music festivals, flower shows and sports are scheduled each month.
The semi-annual calendars are part of some four million pieces of free travel literature provided annually by mail, and to 750,000 travelers who visit the Highway Department's eight Tourist Bureaus. A copy of the new calendar may be obtained by writing the Travel and Information Division, Texas Highway Department, P. O. Box 5064, Austin 78103.

Can You Match These Mothers and Daughters?*

Mother-daughter and father-son combinations aren't unusual at Southwestern Bell.

There are many reasons for this happy state of affairs. For one thing, ours is a good company to work for. For another, we offer a real opportunity for serving the public, an opportunity that calls for true "spirit of service." We're pleased and proud so many of our Texas employees suggest a telephone career to their children. By doing so, they help insure the business will be in good hands for many years to come. We think this is a good thing for Southwestern Bell and for our customers.

Brotherhood
"Behold, how good and how pleasant it is for brethren to dwell together in unity."
—Psalm 133:1—

We talk a lot today about brotherhood among people and unity among nations. Within the community, we seek to promote neighborly good will. Throughout the nation, we seek laws which are designed to guarantee equal opportunity. Among nations, we sign pacts and treaties based upon mutually-agreed goals and principles.
All this is, perhaps, to the good. The real problem is that some of us are only preaching and others are mere witnesses.
The answer to achievement lies in the scope of individual action. We must do more than expound and support brotherhood and unity. We must practice Christian charity in each and every facet of our daily lives. Only then will we clear the air, will we know and understand our fellow man; only then will there be unity of heart and mind.

DOUBLE DOSE OF RURAL BEAUTY

Pretty Patricia Van Haften, (right), of Tucson, Ariz., the 1967 Miss Rural Electrification, receives congratulations from her predecessor, Jan Brown of Harper, Tex. Miss Van Haften, a music major at the University of Arizona, received her crown during the recent 25th annual meeting of the National Rural Electric Cooperative Association in San Francisco. The 19-year-old beauty will represent the nation's 1,000 rural electric systems in appearances during the year of her reign.

Pioneer Study Club Honors Senior Girls

The McLean Pioneer Study Club held its annual spring tea honoring the 1967 senior girls, their mothers and the mothers of the boys graduating this May, in Fellowship Hall of the First Methodist Church, April 8, at 3:00 p.m.

Presiding at the registration table was Mrs. Jim Back. The guests were greeted as they entered by Mesdames Morris Brown, Creel Lamb and Jim Allison.

Hostesses for this year's tea were Mrs. Dale Glass and Mrs. Jesse Coleman. Serving punch and cookies from the lovely table decorated with a beautiful arrangement of pink carnations on a white linen table cloth was Mrs. Clyde Magee.

Mrs. Morris Brown, vice president of the club, welcomed the guests and introduced the program for the afternoon. The first part of the program was turned over to Herb Germer, director of McLean High School Band, and his students. Ronnie McIlroy was featured on the French horn, playing a beautiful number, "Concerto" by Strauss, and accompanied on the piano by Keith Watson. Jenny Haynes entertained on the alto saxophone with a lovely number entitled "Caballero." Michele Parker played an engaging number entitled "Mighty Major," on the French horn. Accompanied by her mother, Mrs. Gordon Tryon, on the piano, Diane Tryon played a beautiful number on the flute entitled "Reverie" by Debussy.

The second part of the program was turned over to Mrs. William J. Thompson, teacher of home economics. Her girls modeled the garments that they had made in class.

Rhonda Davis narrated the style show as the girls modeled. Those who modeled were Rhonda Davis, Sue Anderson, Cindy Brooks, Sherry Calcoate, June Hugg, Donna Pearson, Linda Pearson and Jackie Enright, all home ec I students, and Nancy Boothe, home ec II student.

A display table was featured by the home economics III students. Pam Bailey displayed a quilted pillow top and a green linen suit. Janet Harkins, Pam Barnett and Judy Kingston all displayed beautiful quilted pillow tops. Barbara White had her pink satin formal on show, and Denise Bailey, in home ec II, displayed a lovely child's garment.

Jan Coleman, Judy Watson and Debra McClellan played appropriate music on the piano while the guests arrived and during the style show.

CARD OF THANKS

We wish to express our heartfelt thanks for the many acts of kindness and expressions of sympathy during our recent bereavement. We especially wish to thank the dear ladies of the Presbyterian church for the delicious meal prepared for our family. We will always cherish your thoughtfulness.

Gray County Farm Newsletter

By EVELYN MASON
Office Mgr., Gray County ASCS

REPORT WHEAT ACREAGE

Producers are reminded to report their wheat acreage to the county office. This report can be made at any time and you are encouraged to make it just as soon as possible. The final date to report the wheat acreage is May 15. This is also the final date to dispose of any excess wheat that you do not want classified as wheat under the program.

A map of your farm has been given to each producer who signed to participate in the program. This photocopy of your farm can be used to assist you in making your wheat acreage report. Please be sure to come in and report the wheat acreage right away.

If you prefer to have your wheat measured by this office, you may request measurement service until May 1. Cost of this service is \$7.00 per farm plus an additional \$2.00 for each additional field to be measured.

DIVERTED ACRES

It is very important that each person makes sure that he has enough land which will meet the eligibility requirements to be designated as diverted acres. This acreage should be planned now before feed grain is planted so you will not come up short on acreage for diverted. Diverted

acres must be in fields of five acres or more and must be land that has been farmed (or expired CR that has been used for diverted acres before). It must not be turnrows, etc., and a lake cannot be used. Diverted acres must be of equal productivity of other land on the farm. If the diverted acres designated is not of equal productivity, the payment rates will be reduced.

Be sure to plan your diverted acres now so you will not have the problem of not having enough eligible land later in the year when all your crops have been planted. Payment under the cotton and feed grain programs are dependent on sufficient diverted acres.

Diverted acres must NOT be grazed after April 30 until Nov. 1.

WHEAT UNDER CCC LOAN REDEMPTION

April 30 is the final date to repay a wheat loan. After this date the wheat under loan will be assumed by CCC in satisfaction of the loan.

FINAL DATES TO REMEMBER

April 30—To request measurement service on wheat.

April 30—To graze land to be designated as diverted acres.

May 1—To request measurement service on wheat.

May 15—To report wheat acreage to the office.

May 15—To dispose of any excess wheat acreage.

WHAT YOU SHOULD KNOW ABOUT FOOD

At the 1966 meeting of the American Public Health Association, a report was presented of a study of nutrition education, detailing what you and I should know about food. Here are the conclusions:

Nutrition is the food you eat to live, grow, keep healthy and get energy for work and play.

All nutrients needed by the body are available through FOOD! Many kinds and combinations of foods lead to a well-balanced diet. No food, by itself, has all the nutrients required for good health and normal growth.

On the 11th level residents will enjoy an enclosed heated swimming pool, sun deck, sauna baths, billiard tables and color television lounges.

Construction of the Apartment-Hotel will be completed in mid-August.

July 25 Deadline For WW II Loans

Less than five months remain for thousands of veterans of World War II to use their privileges for a GI loan to purchase a home, farm or for business purposes.

Present laws provide that the absolute cutoff date for World War II veterans will be on July 25, 1967.

The Run-A-Way Mine Train ride, new project in the \$1,000,000 expansion of the Boom Town section of the park which was begun last season, has been completed over the winter months.

The cutoff will not affect veterans of the Korean Conflict or veterans who have served since Jan. 31, 1955.

Almost seven million loans have been guaranteed by the Veterans Administration to veterans since the beginning of the program following World War II.

Driver urged veterans planning to purchase a home to make their selection as soon as possible, avoiding the last minute rush for certification.

Timber is a renewable resource which contributes millions of dollars to the state's economy.

The most important tree species found in Texas commercial forests are loblolly, shortleaf, longleaf and slash pines.

Forests, according to the Texas Forestry Association, are more important as a source of raw material and permanent payrolls than as a source of taxes.

Texas Baptists concluded their annual Sunday School convention in Corpus Christi Friday night with denominational speakers challenging the church leaders to place renewed emphasis on Bible study in all activities.

Some 2,000 registered participants were addressed at First Baptist Church during the two-day assembly by five prominent state Baptists and a number of specialists in age-group conferences.

The operation of one Texas pulpwood truck represents an average of \$25,000 annual business to that community.

Finalists for the Ted Mack Amateur Hour were selected from our area recently. This show will be taped in Dallas on Tuesday, April 11, and will be shown in McLean on April 30 on channel 10, at 4:30 p.m.

Donna Glass, daughter of Mr. and Mrs. L. E. Glass, Alanreed, will be featured on this show. Donna is a senior in McLean High School and is a

days. Most communities are economically diversified. In our community, the things we make, the jobs we do, the services we sell — all these things are the life-blood of our existence. A growing, thriving community is the spawning ground of new industry, new enterprise.

Working together, through the medium of people doing business with people, our community can grow and prosper.

We aren't talking about spooky places, but instead earlier-day communities which faded into oblivion with the Westward march of civilization or upon the occasion of the death of a single, basic industry.

Times have changed. Towns seldom "die" anymore. And there's a reason. Few communities put their eggs in one basket these

Canadian PCA to Hear Houston Man At Annual Meeting

W. N. Stokes Jr., president of the Federal Intermediate Credit Bank of Houston, will be the featured speaker at the annual stockholders meeting of the Canadian Production Credit Association in Canadian on Saturday, April 22.

The meeting, which is expected to attract more than 500 Canadian PCA members and members of their families from the six-county Northeast Panhandle area served by the association, will be held at the Canadian High School auditorium, opening at 10 a.m. Saturday.

In addition to the annual business session, in which reports will be heard and two directors elected, there will be special musical entertainment featuring the Leonard Barlow family of Perryton, and following the annual meeting, there will be a barbecue buffet luncheon served by the Pampa Shrine Club in the Canadian High School gymnasium.

Two hundred dollars in cash door prizes, in the form of two-dollar bills, will be distributed at intervals during the morning program by John Burson, manager of the Perryton field office of the association.

Two members are to be elected to the board of directors following a report of the nominating committee. Directors whose terms are expiring this year are H. H. Keasbey of White Deer, president of the board, and Hugh Parsell of Canadian.

W. N. STOKES JR.

Mrs. Florette Burns and her granddaughter, Jacquene Burns, of White Deer spent Saturday night and Sunday with the Howard T. Millers.

Mr. and Mrs. T. S. Denny of Hobart, Okla., visited with their daughter and family, Mr. and Mrs. Nelson Christie and Mike, last week.

Armstrong 4-H Club Sale April 29

The Armstrong County annual 4-H Club Farm Machinery Sale will be held April 29 at Claude. This sale not only provides an opportunity for farmers and ranchers to dispose of surplus equipment, but also makes available many bargains to buyers. This sale was among the first of its kind in this section of the country, and has attracted state-wide attention. Gross sales have reached \$15,000 in a single year.

A small commission is collected on all items sold or passed out. These proceeds help finance activities of the Armstrong County 4-H Clubs. Auctioneers will be Wildon Huxley and Doug Britten of Claude, who will donate their services for this event.

Anyone wishing to consign equipment for this sale should contact Bo Wheeler, county agricultural agent, Claude. Early consignments help to make an attractive handbill, which makes a better sale.

Visitors of Mrs. C. G. Nicholson and Mrs. Lona Jones over the weekend were Mr. and Mrs. Mike Nicholson and children of Amarillo, Mr. and Mrs. Lawrence Nicholson, Mr. and Mrs. Gary Nicholson and sons of Groom and Mr. and Mrs. Luther Petty.

An early tourist guide to Greece was written in the second century by Pausanias and is the source of much information about Greek industries.

EARTHMAN'S RETURN

Mr. and Mrs. L. H. Earthman returned last Friday and to be home again eight months after a Fla., with their daughter, Boyd, and family.

The Earthmans report very beautiful around lush and green, lots of bumper crop of oranges and grapefruit. It is still a lot of groves that will never be tested.

Tampa has a warm the year around and there fish and water. A fisherman would be time at Tampa because really catch some there.

But Florida and weather and fishing keep the Earthmans at the good old dry, Panhandle.
