Election **Misleading States** Hutsell

"Constitutional Amendment number one, in the upcoming August 10 election at the county level, has a misleading wording," states Joyce Hutsell of the Groom School system. "It is worded so that the voter will think he is voting for tax relief in the county education district, but a yes vote is actually the yes vote for creating a new taxing entity."

"no" vote on A constitutional amendment number one in the county election would nullify the legislature's attempt to

create the twenty new school districts.

Cast your eyes skyward. It's a bird...it's a plane...it's parachuters making a perfect landing, minus the highline wires. (Remember last year?) Take a short break to get a snack at the concession stand. As soon as it's good and dark watch the fireworks brighten the sky over Groom.

Go home and get plenty of rest...Saturday is a very long day!

Just as the sun breaks over the elevators, all eyes turn north as the parade

leads down main street. Parade Marshalls Marion and Bobby Pool report over 30 entries. Kids are reminded to report to the school with their bikes for the decorated bike contest. They also ask everyone to stay with their floats after the parade to be present for the ribbon presentation and pictures.

You're bound to have worked up an appetite by this time. If you happen to be passing by the school you will find Lions, (the two legged kind), serving up the best Texas BBQ you ever put in your mouth for the

School District Voters Must Vote At Catholic School

Groom School District voters reside in four counties and need to be reminded to vote in the county election at the normal precinct voting place and then to vote in the Groom School District election which will be in the same place as the Carson County polling place.

"Groom I.S.D. voters living in Gray County, Donley County, and Armstrong County are reminded to vote in their county election in their precinct within their county on August 10," says Joyce Hutsell, Business Manager

of the district. "This is the important part of the election, voting yes or no on the creation of the county education district."

"Then, each school district voter will have to come into Groom to the Catholic School to vote in the school district election to decide what tax exemptions to grant to the county education district in case constitutional amendment number one creates the new districts.

"Even this so-called tax relief will be like cutting off the bottom of a blanket and sewing it on the top to make the blanket longer. It

just won't work," concludes Hutsell.

"Our school district voters are accustomed to voting in the administrative offices of the school. Just remember, though, that even though the voting place has changed to the Catholic School, voters must vote in the county election in their county precinct and then in the school district election in Groom.

"Absentee voters are reminded to contact Sue Persons at the Carson County Court House. All Groom I.S.D. voters, regardless of county, will vote absentee through that office.

Hutsell concludes that the district would like to have a large turnout, especially in the county election to determine whether or not Texas voters will create new taxing jurisdictions in the county education districts.

School Year Could Return To 175 Days The length of the public school year would revert

back to 175 days from 180 under an amendment to the education bill sponsored by state Rep. John Smithce and passed by the Texas House. The school year was lengthened by five days as

part of the education funding bill passed by the Legislature in April. The addition of the five instructional days angered many of the state's parents and teachers because it removed time allotted to teacher training, said Smithee, R-Amarillo, in a news release. "It is absurd to suggest that if students cannot learn

the subject matter in 175 days, that an additional five days will make a difference," Smithee said. "It only adds extra cost at a time when every dollar is extremely valuable."

The Smithee amendment would allow school districts to restore holidays that had

THE GROOM NEWS-Page 3

Thursday, August 1, 1991 been removed from the school calendar, such as the Tri-State Fair day. It would reduce anticipated spending

of up to \$20 million a day statewide.

The amendment bill must still clear the Texas Senate.

No Big Surprises With City's 1991 Budget

The City Council will meet next Tuesday, August 6th in regular session and Public Hearing to discuss the proposed 1992 budget.

"There are no real surprises... no big jumps or cuts," stated Pat Ashford, City Secretary. "Most line items had a slight increase due to cost of living."

The general fund is down \$50, while the water works will show on increase of \$470.00. State dues have

increased \$100.00. Postage is one of the larger increases with a jump from \$750.00 to \$1000.00. Repair will increase \$1000.00.

Totals for the budgets are: General \$70,100.00, Water Works \$129,250.00. Salary increases are not

included in these figures, but will be discussed during the hearing. Revenue is expected to remain about the same as

well.

Scholarship Recipients

Fifty-five West Texas State University students have been selected to receive Mesa Scholarships for Academic Excellence. The awards, effective for the 1991-92 school year, total \$34,250 and will be made in increments of \$250, \$500, or \$1,000.

Established from funds provided by Misa Limited Partnership, the scholarships were first awarded in 1987 and are intended to reward and recognize freshmen and continuing undergraduate students who promote and exemplify high academic standards.

A composite score of 23 or higher on the ACT or a combined verbal and math score of 950 or higher on the SAT and a top-quarter class ranking was required of all entering freshmen selected for the scholarships. A minimum grade point average of 3.40 on all college work at empted was required for continuing students.

Each candidate also submitted two letters of reference, a brief essay outlining educational plans, career objectives and personal goals, and a formal application.

Mesa Scholarship recipients from Groom are Susan Babcock and Benjamin Weinheimer.

Public Notice

On April 9, 1991, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas to request that the optional feature "Call Transfer Disconnect" be available to all PLEXAR I customers by including the feature in Southwestern Bell's PLEXAR I tariff. Currently, this optional feature is available only on a customer requested basis.

Call Transfer Disconnect (CTD) is an optional feature that allows PLEXAR I customers the ability to transfer a call to another telephone number within or outside their PLEXAR I system, hang up, and permit the two remaining parties to continue with the call. The PLEXAR I user is then free to place or accept another call. CTD is not intended to be used to avoid toll charges. Therefore, CTD will not be available to PLEXAR I customers subscribing to optional Extended Metropolitan Service or Extended Area Calling Service.

If the company's application is approved, the monthly rate for CTD will be \$4.00 for each PLEXAR I station line. Prior to the June 19, 1991, interim rate approval, Southwestern Bell was billing customers who receive the service \$1.50 for each station line equipped with this feature. In addition, under Southwestern Bell's proposed tariff, every line within the PLEXAR I system must be equipped with this feature. The nonrecurring charge for the additional lines which must be equipped with CTD will be waived for existing CTD customers. The tariffed monthly rate will apply to all existing and future CTD customers.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible . A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7300 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0256, or (512) 458-0221, teletypewriter for the deaf.

Reports On School Issues

Confusion reigns in regard to the August 10th election. I have called the Gray County Clerk's office and have received the following information.

If you live in Gray County and reside in the McLean School District, you will vote at the McLean Library. You will have two separate ballots; one for the items on the school issue

and one on the State's Constitutional Amendments. My recommendations? Of course I have none. Voting is a personal matter. Try to become informed and vote the way that you feel is right - but vote.

If you have questions, you should call the Gray County Clerk, Wanda Carter in Pampa. Her telephone number is 669-8004

Summer recess for the McLean school students is coming to a close. August is here and that means that the starting of school for 1991-92 is here. Short summer, huh?

Seniors and Juniors will register on August 14th; Seniors from 9 a.m. until noon and Juniors from 1 p.m. until 3.

Sophomores and Freshman will register on August 15th. Sophomores from 9 a.m. until noon and Freshman from 1 p.m. until

Students will report to their scheduled classes for the first regular day of school on Monday, August the 19th.

All school employees will report to their duties on Friday the 16th. This will be an orientation and work day.

I am looking forward to

meeting to students of the McLean Community. have already met several of you and if the rest of the students are as friendly and nice as those whom I have already met, it's going to be a good school year.

If any of you are around the school before the official opening, drop in for a visit. I'd like to meet you.

Stanley Lamb, Supt.

What Is The August 10 School Election About Across Texas?

John Hannah, Jr.,

Secretary of State During the last session of the Legislature, a school finance bill passed which radically alters the way school property taxes are collected and distributed. The bill created 188 county education districts (CEDs) composed of the school districts in each county. Those county education districts will levy a property tax which will be distributed school equally among districts within the county education district. The election to be held August 10 will enable taxpayers in the county education districts to avail themselves of certain exemptions on their homesteads as well as open up the possibility of taxing certain tangible personal property.

few cities, there will be an additional local election regarding local issues).

The state election involves two constitutional amendments: 1) Proposition 1 to allow certain property tax homestead exemptions and taxation of certain tangible personal property by the county education district; and 2) Proposition 2 which allows the Texas Higher Education Coordinating Board to issue up to \$300 million in general obligation bonds to fund student loans. The school districts will conduct a local option election on behalf of the county education district concerning issues addressed by Proposition 1. The school ballot will be in three parts: 1) whether to adopt a homestead exemption of 20% of market value; 2) whether to adopt an additional exemption of \$10,000 for the elderly and disabled; and 3) whether to amendment election and a tax non-income producing school district election (in a tangible personal property.

McCurley Observes 80th Birthday At Reception

Betty McCurley was honored by her children and grandchildren with a reception Sunday, July 21, 1991, to celebrate her 80th birthday in the Fellowship Hall of the United Methodist Church in McLean.

The table was laid with a white lace cloth tied with mauve bows at each corner. A decorated birthday cake in the shape of a large "80" inscribed "Happy Birthday to a Special Lady" was displayed on the serving table with an arrangement of burgundy and mauve carnations and pompons flanked by burgundy tapers. Appointments of crystal and silver completed the decor.

Granddaughters presided at the guest table and register.

Betty Dunn moved with her parents to Foard County, Texas, from Elida, New Mexico. They came by covered wagon and arrived in Margaret, Texas, in October 1927.

Betty attended school in Margaret.

Betty Dunn and C. H. "Hack" McCurley were married October 31, 1929, in Altus, Oklahoma.

They moved to the McLean area in 1930, where they were employed by the O. G. Stokley ranch. In the early 1940's, they moved to a farm two miles east of McLean where they lived for several years. They reared six children, all of whom are graduates of McLean High School.

Betty McCurley worked at the McLean school cafeteria for several years before going to work for Marie Foundations. She retired in 1975.

Bible class and the Susanna group of the United Methodist church. She enjoys visiting her children and grandchildren and has traveled to many different states, as well as Canada, with them.

Sixty-eight guests registered between the hours of two and four in the afternoon.

Members of the family present for the occasion were: Mr. and Mrs. Joe McCurley, Kali and Randi; Mr. and Mrs. Nocona McCurley, Trey, Cole, and Cruise of Marlow, Oklahoma; Reese and Rhetta Tarbet of Arlington, Texas: Mr. and Mrs. Ritchie Tarbet of Nazareth, Texas; Mr. and Mrs. Jack Butt and Brenda; Mr. and Mrs. Ty Bradley and Aaron of Clayton, New Mexico; Mr. and Mrs. Bob Schneider, Brandon, Brett, and Brooke; Mr. and Mrs. Tony Clark, Jared and Travis of Canyon, Texas; Nadine Haseloff of Dumas, Texas; Kay Steward of Amarillo, Texas; Randa Tarbet of Ashland, Kansas; Mr. and Mrs. Marlon Nelson and Charity of Duncan, Oklahoma; Mr. and Mrs. Ricky Tarbet, Kyle and Amber of Luling, Texas; Mr. and Mrs. Vernon Tarbet of Shamrock, Texas; Mr. and Mrs. Billy Jack Bailey and Joetta; and Jewel McCurley, all of McLean.

Charles Two sons, McCurley of Marlow, Oklahoma and Paul McCurley of Yuma, Arizona, were unable to attend.

Local 4-H Members Compete In Fashion Show

Three members of the 4- Daywear division.

Clover 4-H club competed in the District I, "American Made" Fashion Show in Borger, July 23, 1991. District I is made up of nineteen counties in the Texas Fanhandle and 147 4-Hers from those counties competed.

Jessica Fish, daughter of Becky and Jay Dee Fish, competed in the Junior Active Playwear Division and placed in the top four. Moriah McCracken and Erin McCracken, daughters of Roger and Janet McCracken, competed in the Junior Casual Daywear and Senior Tailored

V

McCracken placed in the top four of her division and will represent District I at the State Fashion Show in Nacogdoches, Texas on August 22-24.

Erin

The girls received a ribbon for participation and the top four places in each category received a medal. Erin received a gift certificate from Rheams Jewelry of Borger.

Those from McLean attending the show where: Becky Fish, Roger and Janet McCracken, Kathy Greiner, clothing leader, Jessie Fish, Moriah and Erin McCracken.

What is on the August 10 ballot?

There will be two elections held that day-a state constitutional November 24, 1970. Betty makes her home at 420 Grove in McLean. She is active in the Wesley adult

What happens if Proposition 1 fails? If this constitutional amendment fails statewide, the school district election whereby the VOTERS authorize the exemptions will be disregarded. However, the governing body of the CED might adopt these exemptions under existing provisions of the Constitution. See Election, pg. 11

THERE WILL BE a meeting of all people interested in our Museums at the McLean Museum, Aug. 2, at 5:00 p.m. "Please come."

THE SKILLET WHITE FISH voting boxes for the Aug. 10 election will be at the First State Bank in Clarendon, or by Absent "T" ballot, call Faye Vargas, 874-3436.

question will be added together for the county education district as a whole. If the question fails in one district but passes the CED as a whole, it is still adopted by the CED.

Is a vote against Proposition 1 a vote against taxing tangible

personal property by the CED?

Yes, but it is also a vote against voter-authorization for the CED to use homestead exemptions and elderly and disabled exemptions. As stated previously, the CED governing body might adopt these provisions following procedures set up under current law.

year as the result of breast cancer

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate

A mammogram can detect a cancer this small, () even before it can be felt.

1. 35-40 years of age -One baseline mammogram.

II. 40-50 years of age -A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over -An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental xrays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$65,00, The Unit accepts cash, check, Visa, Mastercard and American Express.

Property Tax Rates in _____

CARSON COUNTY

This notice concerns ____ 1991 property tax rates for ____ CARSON COUNTY It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Election

What items would be taxed as tangible personal property?

Perhaps targible personal property can best be described by what it is NOT: it is not real property; it is not household

goods, which are exempt from taxation by the Texas Constitution; it is not intangible property, such as stocks or bonds; and it is not income-producing property. The most obvious targets are cars, boats, airplanes, and RVs.

Where do I vote? Ballots will most likely be

cast on election day at your regular precinct polling station, but check your, newspaper to be sure. If joint elections have not been worked out in your area by the schools and the county election officer, it is

possible you may have to vote at two different polling stations.

Absentee voting will continue from now until August 6.

Further questions about this election should be directed to the Secretary of State's Elections Division, 1-800-252-VOTE.

Coronado Hospital Opens Occupational Therapy

Coronado Hospital has opened an Occupational Therapy (OT) department, according to an announcement made this week by Al Chapa, assistant administrator. The Occupational Therapy department will work in conjunction with the Physical Therapy to provide department rehabilitation services to both inpatients and outpatients, Chapa said.

Chapa said that the physical therapy department at Coronado has also been expanded, and now has licensed three full-time physical therapists. "Edwin Donker and Dorien Groenveld have joined PT director Berrie DeLange to complete the department," he said.

Chapa said the new OT department is a contract

unit staffed by HealthFocus, the same company which staffs the physical therapy department. The therapist who is opening the unit is

Pamela Little, OTR, who completed her bachelor's degree in OT at Boston University in 1988. She has completed internships adolescent/adult psychiatric OT at Oakland, Calif.; pediatrics at Cincinnati, Ohio; early intervention and psychiatric OT at Boston, Mass.

Ms. Little explained that occupational therapy is a profession concerned with individuals of all ages whose lives have been disrupted by physical, developmental,

and/or social deficits. "The patient requires special assistance in learning or relearning skills to enable him to lead an independent, productive, and satisfying life," she said. "Striving to

help the patient achieve optimal independence is the key to occupational therapy," she noted.

Ms. Little said that the therapist uses various techniques to evaluate a patient's abilities to function in daily activities. Once the evaluation is done, the therapist devises ways to train the patient in neuromuscular facilitation, muscle strengthening, coordination and dexterity techniques, cognitive and perceptual training, sensory

occupational therapy," Ms. Little said.

In conjunction with the OT department and the newly expanded PT department, Coronado Hospital recently opened a five-bed inpatient rehab unit on the second floor of the facility, which will specialize in orthopedic rehabilitation. Chapa said. Frank Vincenti, MD, and surgeon in orthopedic practice in Pampa, is the director of the unit.

Patients referred to this unit will receive therapyintensive treatment, Chapa said, consisting of three hours of combined therapy each day. Therapies may include occupational therapy, physical therapy, therapy, dietary speech therapy, and social services. The rehab team will also include nurses and physicians to provide complete comprehensive care on the unit.

TRANSAMERICAN DIAGNOSTIC AREA MAMMOGRAPHY

SERVICES The Mobile Breast Cancer Detection Unit of which Odessa, Texas, Texas services McLean, today received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best

According to spokesman from the Regional Breast Care Center at Women's and Children's Hospital in Odessa, Texas, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern state of the art Xray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

evaluation, range of motion and endurance. OT can often benefit

patients who have neurological impairment, suffer from strokes, arthritis, spinal cord injuries, hand injuries, head injuries, or a variety of pediatric or congenital disorders causing developmental delays or learning disabilities, she said. "If a patient thinks he can benefit from our services, he should check with his physician. The physician will be able properly to assess the patient's need for cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Wednesday, August 7th.

The mobile unit will be parked at McLean Clinic, 402 N. Main Street, McLean, Texas. Appointments may be made by calling 779-2401.
