ARB To Hear Protest July 2

Property owners in the Carson County Appraisal District will have an opportunity to protest proposed appraisals of their property for local taxes. The district's appraisal review board (ARB) will begin hearing taxpayer protests on July 2, 1991 from 9:00 AM to 11:30 AM.

After the ARB concludes its hearings and approves final property appraisals, local governments will use these appraisals to assess property taxes for 1991.

The ARB is a group of citizens who live in the appraisal district and who are appointed by the district's directors. Their responsibilities are outlined by the Texas Constitution, which requires that property be appraised equally and uniformly and that exemptions and productivity appraisal be properly granted.

Property owners may appear before the ARB to protest any of these specific actions of the appraisal office:

- the appraised or agricultural value of their property;
- unequal appraisal of the taxpayer's property compared to other property in the district;
- inclusion of the property on the appraisal records;
- denial of a partial exemption, such as a home stead exemption;
- denial of agricultural-use, open-space, or timber productivity appraisal;
- determination that agricultural or timber land has had a change-of-use and is subject to a rollback tax;
- identification of the taxing unit or units in which the property is located;
- determination that the taxpayer is the owner of the property;
- any other action of the appraisal office that adversely affects the property owner.

Dianne Lavake, chief appraiser for the district, outlined the steps by which a property owner files a

protest. First, the property owner must file a written "Notice of Protest" with the ARB. This must be filed by June 17 or within 30 days after the taxpayer is mailed a notice of appraised value by the chief appraiser, whichever is later.

However, if the ARB sends a property owner a notice of any other kind of change in the appraisal records, or if the chief appraiser issues a prior-year omitted property notice, the property owner has only 10 days from the mailing date to file a protest.

Official forms for a notice of protest are available at the appraisal district office. "A letter from the taxpayer is also acceptable," Lavake said, "as long as it identifies the property owner and the property that is the subject of the protest and indicates dissatisfaction with some decision or action of the appraisal office."

Each protesting property owner may offer evidence or argument, either in person or by filing an affidavit with the ARB. Property owners should be aware that the ARB has no authority over tax rates or taxing-unit spending and will not hear protests on these matters.

The ARB will schedule hearings as property owners file protests and will inform them of the time, date, and place of their individual hearings at least 15 days before the scheduled hearing date. Lavake said that protest hearings will be held for one day and that the ARB expects to approve the final appraisal roll on approximately July 20. State law requires the ARB to review and approve the appraisal records by July 20, or when not more than 5 percent of the total property value in the district remains under protest.

The State Property Tax Board has issued a pamphlet, "Taxpayers' Rights, Remedies, Responsibilities," which explains how to prepare and present an appeal to the ARB. The pamphlet is available at the Carson County Appraisal District office at 102 Main, Panhandle, (806/537-3569).

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of its intent to implement a new schedule of telephone rates in Texas for Directory Assistance Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for Directory Assistance Service.

To help recover its costs, the Company is proposing to increase the rates for Directory Assistance calls from \$.30 to \$.40 per call (after the three-call allowance). Southwestern Bell is proposing that there be no change in the number of free Directory Assistance calls allowed each month (currently three) and that customers who qualify for exemption of Directory Assistance charges because of visual or physical handicaps continue to be exempt from these charges. The company also proposes to begin charging \$.25 per call for Directory Assistance from pay telephones.

If approved by the Commission, this proposed rate change for Directory Assistance will increase the Company's annual revenues by \$15.4 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. This proposed rate change would affect approximately 900,000 residence customers, approximately 155,000 business customers, approximately 500 private pay telephone owners and all customers who make Directory Assistance calls from public pay telephones.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

McLean requests another exit from Interstate 40 to near downtown McLean.

20 YEARS AGO

Mr. and Mrs. A.G. Kesterson of McLean announce the engagement and approaching marriage of their daughter, Mary Ruth Kesterson, to Michael Alan Darsey, son of Mr. and Mrs. Leslie R. Darsey of Alanreed.

30 YEARS AGO

At least 150 entries are expected here Friday for the third annual Horse Show being held in conjunction with McLean's 66 Roundup and Rodeo according to Neville Back, show chairman.

40 YEARS AGO

Officials of the City of McLean this week issued a warning against two violations of law which must be stopped: one, the destruction of property in Hillcrest Cemetery; and two,

the shooting of air rifles within the city limits.

50 YEARS AGO

Morse Ivey of McLean was recently appointed a provisional 1st sergeant at Stephenville for the second year 1941-42. Promotions were based on outstanding work in the R.O.T.C. Unit at John Tarleton Agricultural College the past year.

Three local golfers

represented the McLean Country Club at the Greenbelt Golf Tournament held at Clarendon last week. Roy Campbell placed to the quarter-finals in the championship flight, C.S. Rice to the semi-finals in the senior flight, and Sammie Cubine played in the finals in the fourth flight, losing to a Shamrock player.

70 YEARS AGO

McLean Baseball boys

defeated Shamrock Wednesday afternoon on

the latter's ground, by the score of 9 to 5. Biggers was on the mound for McLean, while Green started for Shamrock, but later gave way to Buchanan who finished the game. Bowen for McLean and

Abbott for Shamrock did the catching. The outstanding feature of the game was the pitching of Biggers; in the second, after walking three men, he tightened and struck out the next three batters up; again in the fourth, with runners on second and third and with one out, he struck out the next two batters.

McLean, Lefors, Alanreed Consider Consolidation

The new school finance laws are already taking their toll on local school districts. McLean, Lefors and Alanreed are working together to beat the September 1st deadline for freedom to choose what schools they will join with. After that date the decision will be up to the state commissioner of education.

Lefors was first to start action voting to circulate a petition calling for an election on the consolidation issue.

In order to place this issue on the ballots for August, the schools must get 10 per cent of the registered voters in their

respective districts to sign a petition.

School Board members feel that when House Bill 351 goes into effect it will be a death knell for Lefors and Alanreed, with the possibility of McLean facing problems later on down the line. Figures from the Texas Education Agency show that the Lefors District will lose about \$166,145, and Alanreed will lose \$98,661, next year. McLean, on the other hand, will gain \$108,095.

State Representative Warren Chisum of Pampa, was on hand at Alanreed to discuss options with the three entities.

"Nothing we did (the legislature) mandates consolidation".

But small districts which are "small by choice" will most likely have consolidation on their horizon. Schools that are located at least 30 miles from another school district and have at least 90 students are defined a "small by necessity".

Chisum pointed out some of the advantages of consolidation such as gaining new facilities, offered a wider more diversified curriculum, cheaper maintenance and administrative costs.

McLean Lions Journey For Sight

The annual McLean Lions Club Journey for Sight will start at 8:30 a.m. Saturday morning June 8 at the McLean Golf Course. The trip will begin there and continue for five miles north on Highway 273. Entrants are urged to arrive by 8:15 in order to begin on time. Entrants are also urged to come to the free hamburger supper on Friday, June 7th at 6:30 p.m. at the Lions Building. As in the past all entrants will receive free Journey for Sight T-shirts. There will be

trophies for the winners and prizes will be given to the three who bring in the most pledge money. Entry blanks are available at the McLean Pharmacy, the Bank of Commerce, the Country Corner or from John M. Haynes, who is the chairman for the project. Each entrant will have a pledge sheet and obtain pledges of money from generous local citizens on a

per mile basis. All money brought in will be used to help in Lions Club projects

and seventy-five percent of this money will be used in McLean for local worthy projects. The Lions urge everyone to help and we would ask that entrants, if possible, to bring their pledge sheets and money they have collected to the hamburger supper on Friday, or have them ready to turn in on Saturday morning.

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for residence Custom Calling Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for certain residence Custom Calling Services.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling 8 and Speed Calling 30.

The Company's proposal would increase the monthly rate for the individual Call Waiting feature from \$2.10 to \$3.10 for residence customers. Also, the rates for certain combinations of Custom Calling Features (Call Waiting, Call Forwarding, Three-Way Calling and Speed Calling-8) would increase or decrease depending upon the combination of features. In addition, the company proposes to obsolete the optional Custom Calling Service feature Speed Calling 30 for residence customers except for existing customers at their existing locations. Following are the feature combinations and their current and proposed rates.

One Feature Per Line	Current	Proposed
Call Waiting	\$2.10	\$3.10
Call Forwarding	2.10	2.10
Three-Way Calling	2.10	2.10
Speed Calling-8	2.10	2.10
Two Features Per Line	Current	Proposed
Call Waiting, Call Forwarding	3.75	4.50
Call Waiting, 3-Way Calling	3.70	4.50
Call Waiting, Speed Calling-8	3.70	4.50
Call Forwarding, 3-Way Calling	3.70	3.50*
Call Forwarding, Speed Calling-8	3.70	3.50*
3-Way Calling, Speed Calling-8	3.70	3.50*
Three Features Per Line	Current	Proposed
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.90
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.90
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.90
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90*
Four Features Per Line	Current	Proposed
Call Waiting, Call Forwarding 3-Way Calling, Speed Calling-8	6.90	7.30
Speed Calling 30	3.20	3.20**

*denotes rate decrease

**Southwestern Bell's application proposes to obsolete residence Speed Calling 30 except for existing customers at their existing locations.

Most of the Company's residence customers in Texas who subscribe to one or more of the Custom Calling Service features will be affected by the proposed rate restructuring. It is expected that the proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$15.9 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. The restructuring will result in an increase in the Custom Calling Services rates for approximately 2.5 million residence customers and rate decreases for approximately 15,000 residence customers. Also, the obsolescence of the optional feature Speed Calling 30 will affect approximately 156,000 residence customers.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.
