## Easter Bunny Finds Groom, Leaves Plenty Of Eggs & Prizes

"On your mark! Get Set! Mom! Let go of my hand!" states this young egg hunter.

A misty, gray day didn't dampen the spirits of the Easter Bunny Saturday, as he made a special command performance for local Egg-hunters in the City Park. With the help of Alpha Mu Xi, hundreds of Easter Eggs dotted the grounds as approximately 75 children from pre-school to 3rd grade searched every blade of grass.

The Easter Bunny was a gorgeous sight to see, dripping in white fur and sporting a black semi-formal bow tie. What really attracted attention was his enormous basket of pastel colored chocolate easter eggs and other goodies. Being a generous creature by nature, he shared those sweets with boys and girls large and small.

The prize eggs were won by Megan Slaton, Amanda Conrad, Wyatt Britten and Kari Britten. Each prize egg was worth a lovely stuffed Easter Bunny.

By the way E.B. was Robert West. Good job!

The littlest Barkley displays nerves of steel as he fearlessly greets the Easter Bunny.

The Easter Bunny doesn't discriminate against naughty or nice, as shown here with his liberal distribution of candy eggs to Karen Brown.

## Library Celebrates Open House

OFFICE OF THE SUPERINTENDENT

Ann W. Richards, Governor  
State of Texas  
Office of the Governor  
Austin, Tx 78711

Greetings:

It will be difficult to keep this letter short, but I'm going to try.

I have been working in the field of education for the past thirty one years. I have worked in three states: Oklahoma, Texas and New Mexico. Financing education has always been a problem in all states; Texas is no exception.

I can assure you that taking money from one school district, or one geographical location and passing it on to another one is not the answer. Yes, I know that you think that you are at your wits ends, but you are not.

I think that I should tell you that if you were to seriously pursue this present course for school funding that you will be driving the citizens of the Texas panhandle out of Texas. Secession is a real issue and the instituting of this type of legislation would be the thing that pushes the citizens of the panhandle into final action. Have you seen what Kansas is doing?

If you are not aware of what we think about local education and local control, let me tell you that it is the most important thing in our educational philosophy. We do not want any more of our money leaving our area. I don't want Houston's money and I don't want Houston receiving any of my money.

I'm serious when I say, the panhandle of Texas will become serious about secession if you pass a financial educational package like you are planning. This not a threat - it is a fact.

Do I have a plan? You bet. Let each school district finance their own education. It has worked in the past and it will work in the future. Government intervention is not the answer to school finance and it never will be.

Sincerely,  
*Stanley Lamb*

### DPS REPORT

On April 7th DPS Officers Longway and Davis stopped a car on a traffic violation. The driver of the car, James Robert Peck, was later found to be a convicted felon. He was traveling with two other convicted felons. A search of the car turned up a 9 millimeter automatic pistol. Peck had been convicted of four felony counts ranging from drugs to grand larceny.

On April 9th Troopers stopped a pick up for a possible DWI. The driver of the vehicle had not been drinking but was driving on a suspended drivers license. While talking to the driver a car pulled up that was traveling with the pick up. It's driver, Scott Edward Baker of Florida was arrested for public intoxication. A passenger in the pick up Parnell D.S. Rorie was also arrested for public intoxication and taken to Panhandle.

Suspect Baker had given the officers a succession of false names and upon further investigation was found to be wanted in Florida for possession of an explosive device. On parole for this offense, Collier County, Florida recommended \$150,000.00 bond.

At 10:00 p.m. there was a one car accident 9.5 miles east of Groom on I-40. Cattle spooked by the storm, had pushed through a 5-strand fence and were out on the access road. A 1991 Chevy pick up driven by a Clarendon College student struck one of the animals as it wandered out on I-40. There were no injuries but the pick up was totaled.

On April 10th Trooper Longway arrested a Thomas Mark of Oklahoma for DWI.

## Groom School To "Drive For Education"

Individuals or families are simply asked to test drive a car, truck, or van. In return the dealership will donate education tools to the school such as encyclopedias, T.V.'s, VCR's, and computers, depending on the number of people who drive.

More information will be available later, but keep this in mind to help Groom School earn this much needed teaching equipment.

Groom School will be participating in an innovative program in the near future designed to earn learning tools for the school. "Driving for Education" is a program sponsored by Culberson-Stowers Chevrolet/Metro Dealership.

Unlike traditional fundraising projects, "Driving for Education" is fun. School supporters are not asked to buy or sell anything.

# "Animals Running Loose Are In Danger, Should Be Fenced"

Animal Control Officer, Donna Burton, has reported that there are many animals in violation of city ordinances as of late.

"Two dogs have been hit by cars recently," she stated. Dogs must be kept on a chain or confined in a pen.

The fine is stiff for animals left at large. The first time offense is \$25.00. It escalates \$25.00 for each offense after that. Your animal can be impounded or a citation can be issued, that will mean a trip to court and court costs. Pet

owners are urged to do their dog and themselves a favor by keeping them at home. Should your animal get loose, immediately call the City Office or the Animal Control Officer.

If they know a resident is making every effort to

locate their pet no citation will be issued and when possible they will help you look for your animal.

Pets are a privilege of a wealthy society. Treat them as a privilege. Keep them safe, fed, watered, and in a place where they are safe,

not a menace to your friends and neighbors.

Please report animals you see loose. A pet who is left to wander is easy prey to the many dangers in our world.

An untimely death is all that lies in store for dogs that are left to roam. Keeping an animal confined to a yard is not a punishment.

Please help keep your pet safe!

Terry Eatmon places 5th in the 110 meter hurdles at Lefors.

## Peace Coalition Makes Stop Over In Groom

A large coalition of peace activists marched through Groom over the weekend. The group stayed overnight in the city park. The peace movement began their trek on January 1st 1992 near San Francisco. The 5,400

mile journey will lead them to Washington D.C. on October 12, 1992

About 50 people began the spiritual walk that will lead them through 17 Indian Nations.

Walkers from several Indian Nations and others are making the long journey as a spiritual offering to counteract the painful past 500 years of colonization and genocide and to support native people, the environment, and world peace. Says Sam Kingfisher--Cherokee and Muskogee from Oklahoma who walks first carrying a staff hung with eagle feathers--"If everyone would just follow their own spirituality, we could come together." Bob Duncan--part Lakota (Sioux) who walks with Kingfisher carrying a sacred pipe and who has been on many peace walks--explains that "the things that have to be changed are all connected...There's a chance of world consciousness raising." Junji Shimanki--a Japanese Buddhist monk of

the Nipponzan Myohoji order who is committed to completing the walk--sees the potential for "American Indians, who have preserved a spiritual way of life against humiliation and oppression...to liberate humanity from the danger of annihilation, to show a way to break through the deadlock of the United States, so that cruel history will never be repeated." He and some other walkers beat small hand drums and chant the words of Buddha, "Na Mu Myo Ho Ren Ge Kyo."

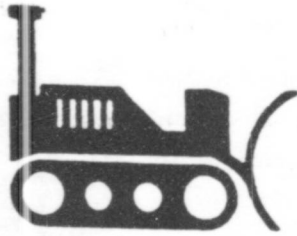

Dennis Banks--longtime activist and co-founder of the American Indian Movement in 1969--spoke to the spiritual walkers as they passed through San Francisco's financial district at the beginning of their journey: "This is the year we say goodbye to Columbus...This place where you are starting out represents financial power. On October 12 you come to the place of political power. None of this is spiritual power. The spiritual power

is in all of you...You've seen the crumbling of power in the Soviet Union. These buildings too will fall when there is spiritual power here, inside." In 1978 Banks and others organized the Longest Walk (the model for this journey), which grew from fifteen participants to tens of thousands by the time it reached the U.S. Capitol.

Walkers cover around twenty miles per day in sunshine, rain, or snow along city and suburban streets, small roads or interstates. They are hosted by churches or community

groups in the towns they pass through, holding meetings to explain their purposes and to discuss the problems of Native Americans in the past 500 years and the potential for renewal. Walkers can join the group for any length of time--one day or 9 months.

Our beautiful mother earth is in pain. Financial and political policies create poverty for native people and others here and throughout the world and risk annihilating the planet as we know it.

**CARSON COUNTY 4-H  
COMPETES AND WINS**

Carson County has some remarkable young people. On Saturday, April 4, eleven 4-H'ers participated in the District I Consumer Decision Making Judging Contest. The

young people learned through this project how to compare products for the best value. In this contest, the 4-H'ers are given a situation in which they judge the products for that situation and there are four products. Then they place those products in order in which they think they would be the best buy to worst

buy. Not only do the 4-H'ers compare price but APR, ingredients, durability, etc... The categories to be judged this year were credit cards, bike helmets, boom boxes, anti-perspirants/deodorants, watches, snacks, auto insurance (intermediates and seniors only) and leasing an apartment (intermediates and seniors only).

Carson County participants were: Senior Team: Regina Britten, Roy

Dale Cooper and Jenifer Zamora all from Panhandle Gold Star 4-H Club;

Intermediate Team: Justin Britten, Opie Hileman, Peter Winegeart, (all from Panhandle Rain or Shine 4-H Club) and C.J. Whatley from Groom 4-H Club;

Junior Team: Cindy Britten, Shannon Cooper (both Panhandle Rain or Shine 4-H Club), Macie Britten and Dara Whatley (both from Groom 4-H Club).

Regina Britten placed 3rd high individual. The intermediate team consisting of Justin Britten, Opie Hileman, Peter Winegeart and C.J. Whatley placed 2nd as a team. Opie

Hileman placed 1st as high individual.

All these 4-Hers deserve a big pat on the back. They did a super job of representing Carson County.

### Scholarship Assoc. Formed at McLean

Members of the Frances Kennedy Memorial Scholarship Association met recently for an organizational meeting. Those attending were Bryan Smitherman (descendent of Frances Kennedy), Jerry D Cook (McLean High School Principal), James Hefley (McLean School Board Trustee), and Evelyn Shaw (McLean UMW President). Brian Wallach (legal representative) was unable to attend. Others present were Ruth Magee and Monta Smitherman.

It was the decision of the group that the first award be given to a member of the 1992 graduating class of McLean High School in the amount of \$500.00. This will be given as \$250.00 for two semesters providing the recipient attains a minimum 2.5 GPA during the first semester. The student must be enrolled in an accredited Jr. College, College, University, or Trade School.

Following careful consideration of several selection options the committee has chosen to present the award to the second ranking student in the Madge Page Scholarship criteria. This criteria not
