

Senators Talk Compromise On Foreign Aid

Battle Looms Over Slash Ordered By The House

WASHINGTON, June 7. (AP) — A compromise putting foreign aid back on a 12-month basis was talked today as opposing senators fought a new battle over House slashes in the European Recovery Program.

The House whacked \$553 million in cash off foreign help funds last week and slowed the proposed outlay an estimated \$500 million more by ordering the money stretched out over 15 months.

Some senators discussed the possibility of making the \$4 billion the House allowed for 15 months of European recovery operations apply to 12 months instead. The administration had asked for \$4,245,000,000 for the year, plus \$1,055,000,000 already made available.

But there were indications that Sen. Vandenberg (R-Mich.), taking command of the fight for the full fund, has no idea of compromising on a smaller amount if he can help it.

Vandenberg, who will testify before the Senate Appropriations Committee on Wednesday, is expected to contend that this country is likely to lose the cold war against communism in Europe if Congress fails to vote the full amount it authorized in setting up the recovery program two months ago.

All foreign spending — including occupation and other costs in Germany, Japan and elsewhere — are lumped in the bill which cleared the House carrying \$5,980,000,000. The administration had asked for \$6,553,000,000.

The drive for the full appropriation picked up bipartisan support. Sen. Pepper (D-Fla.), who has been sharply critical of administration foreign policy from time to time, said he is "confident" the Senate will restore many of the House cuts.

"I think if we are going to carry out the program, it should be done adequately," he said. "It was a great mistake for the House to have done what it did."

Sen. Baldwin (R-Conn.) said he favors going back to the amounts proposed originally.

"It was a grave mistake to reduce the figure," he said. "We shouldn't back down now on what the people of Europe—and our own people—understand as a commitment."

Fatal Crash Near Stanton

Manuel Sanchez, Monday, was killed instantly early Monday in an automobile collision four miles west of Stanton on U.S. 80.

The car in which he was riding and a pickup driven by Sammy Rhodes, Stanton, were in head-on collision at 1:30 a. m. the sheriff's office in Stanton reported.

Rhodes was in serious condition at the Martin County Memorial hospital and was said to have suffered fractures to both legs. Hospitalized were the Creech twins, Therrell and Earl, and Jackie Wise, who had a broken shoulder. Therrell had a broken hip but Earl escaped serious injury.

Sheriff Morris Zimmerman, Stanton, who was answering a call in the vicinity of the wreck when it occurred, said he did not see how anyone came through alive. The body of Sanchez was taken to Midland.

Grain Needs Rain

CALGARY, Alta., June 7. (AP)—Large sections of Alberta's 1948 grain crop, delayed by one of the latest and wettest springs in the history of the province, now is in need of rain, the Alberta Pacific Grain Company reported today.

TEN WEEKEND FATALITIES

Kilgore Hotel Fire Takes Four Lives

A tragic hotel fire, automobile accidents, a drowning and a fall from a hotel window took ten lives in Texas over the weekend.

Four persons perished as flames swept through the two-story Tulsa hotel in Kilgore early Sunday. More than 24 persons escaped from the burning building but six were hospitalized with burns.

Two Galveston Negroes were killed early Sunday when their car and a loaded truck or trailer collided four miles south of Dickinson. Dallas reported a drowning and traffic fatality. A teenager fell to his death from an Abilene hotel. And a New Mexico man was killed in an auto accident near Big Spring.

The identified dead in the Kilgore hotel fire were George Clifton Young, Jacksonville, Tex.; Gerald Lee, 19, Odessa, Ill.; and Victor Eason, 31, Kilgore. The fourth victim still was not identified Monday. It was first reported Roy Evans, Bowling Green, Ky., was the fourth victim but Evans later showed up alive.

The blaze started on the second floor of the brick building and caused an estimated \$150,000 damage before it was brought under control, said Fire Chief W. J. McBride.

The two Galveston Negroes killed in the accident south of Dickinson were Rosa Lee Gordon, about 35, and James Pratter, about 37. Injured were James Close, Sr., 47; James Close, Jr., 20, and Whaley Wyrick.

Deputy Sheriff E. E. Jenkins said the Negroes' car apparently rammed the rear of a truck or trailer loaded with creosote-treated posts. Splinters of the posts were found at the scene and in the mouth of the Negro woman, but the truck or trailer was not found, he said.

A well-known Texas business woman, Mrs. Mildred Aleta Pike, 34, of Dallas, died early Sunday in a Fort Worth hospital of injuries suffered last Friday when her car overturned in a gully be-

Benes Quits As President Of Czechs

PRAGUE, Czechoslovakia, June 7. (AP)—Ill and exhausted, President Eduard Benes resigned today rather than approve a new constitution drawn up by the Communists.

Benes, 64, had served as president 11 years, in two terms, and his present term had five years to run.

Premier Klement Gottwald's office announced the cabinet accepted the resignation and voted to continue Benes' presidential salary and give him the presidential home at Lany.

He resigned once before—in 1938 after the Munich conference brought the German invasion—but reassumed the presidency in London July 21, 1940. He first became president in December, 1935, after Thomas G. Masaryk resigned because of age and illness. Benes had been Masaryk's foreign minister 17 years and helped him found the Czechoslovak republic.

Three months ago Masaryk's son Jan, Benes' foreign minister, was found dead—a suicide, the Communist government said. That followed the Communist coup in February which sharply reduced Benes' powers. He resigned rather than accept the "peoples democracy constitution" which the Communists put forward. He disagreed with its provisions and disapproved of the single ticket parliamentary elections which the Communist regime held eight days ago.

Ex-Martin Co. Man Killed In Freak Mishap

Herma Lee Clements, 36, member of a pioneer Martin county family, died in a Snyder hospital at 11:20 a. m. Sunday from effects of a tragic mishap.

After a hard day's work on a ranch southwest of Snyder, Clements Thursday evening jumped into a concrete tank for a swim, only to be impaled on a hoe handle.

Born and reared in Martin county, Clements had moved to Seccury county two years ago when he leased a ranch.

The body was to lie in state until 5 p. m. Monday at Eberley chapel, when it will be taken to the home of his father-in-law, T. W. Angel, in Stanton. Services have been set for 10 a. m. Tuesday in the First Methodist church of Stanton with the Rev. T. R. Hawkins, Stanton Baptist pastor, officiating, assisted by the Rev. Mr. Corbin of Lamesa.

Clements leaves his wife; two sons, Herma Lee Clements, Jr. and Courtney Earl Clements; and one daughter, Barbara Ann Clements; his parents, Mr. and Mrs. W. W. Clements; three brothers, William Clements and Gene Clements, Stanton, and M. L. Clements, Midland; two sisters, Mrs. Lorena Smith, Tokyo, Japan, and Mary Edith Clements, Midland.

Burial will be in the Evergreen cemetery at Stanton.

Stanton Hospital Grant Proposed

The state hospital advisory council Monday recommended a \$85,100 federal allocation to the Martin County Memorial hospital.

This goes to the state board of health for action one week from today. The state board's recommendation goes to the United States Public Health bureau for a decision on the amount of federal aid.

Martin county citizens have paid and pledged almost \$80,000 toward a modern 20-bed hospital and authorities of the hospital applied for federal aid in order to reach the goal of a minimum of \$150,000 in the plant.

The campaign for funds is continuing for the institution, which is now cramped for space and facilities. A site has been purchased just northeast of the business district in Stanton for the hospital.

Mansfield Grabs Honors At Midland

MIDLAND, June 7. (AP)—Midland's 14th annual world championship rodeo drew record crowds during its four-night stand ending last night, sponsors said today. They estimated more than 20,000 persons saw the show.

Sissy Allen of Coleman won the \$700 horse trailer given as grand prize for the cowgirl leg race winner. Lena Kleobid, Clovis, N. M., won second prize, a \$150 saddle.

Winners of the cowboy events: Bareback bronc riding—Larry Finley, Phoenix, Ariz.

Calif roping—Toots Mansfield, Big Spring.

Steer wrestling—Dub Phillips, San Angelo.

MINORITY PROTESTS 'CONFUSION'

Dual Divorce Doesn't Stop Alimony, High Court Rules

WASHINGTON, June 7. (AP)—The Supreme Court ruled 7-2 today that Nevada divorces do not permit two ex-husbands to stop making alimony payments previously ordered by New York courts under separation decrees.

Justice Douglas delivered the two decisions. Justices Frankfurter and Jackson dissented.

The ruling was given on appeals by Joseph Estin and Louis Kreiger from findings by the New York State Court of Appeals. The state court said they owed back alimony to their former wives, despite the Nevada divorce decrees.

Upholding the New York court, Douglas said:

"The fact that marital capacity was changed does not mean that every other legal incident of the marriage was necessarily affected."

"An absolutist might quarrel with the result and demand a rule that once a divorce is granted, the whole of the marriage relations is dissolved leaving no roots or tendrils of any kind. But there are few areas of the law in black and white."

The majority decision brought from Jackson a protest that it added to the confusion of the nation's divorce law situation. Jackson said:

"If there is one thing that the people are entitled to expect from their law-makers, it is rules of law that will enable individuals to tell whether they are married and, if so, to whom."

"Today many people who have simply lived in more than one state do not know, and the most

Lewis Fires New Blast At Coal Operators

Opens Negotiations As Court Ordered, But Unhappily

WASHINGTON, June 7. (AP)—A new deallock threatened today between John L. Lewis and the soft coal operators.

They opened contract talks and recessed in two hours "very far apart" after the United Mine Workers chief tossed in a new demand.

Operators said the union leader insisted that any new agreement provide for paying all commitments made under the 1946 welfare fund. This fund finances distress benefits and is about exhausted.

WASHINGTON, June 7. (AP)—John L. Lewis opened soft coal contract talks today—with a blast of denunciation at the operators.

He called them "fat cats... magnificently opulent... digging deep and without restraint into the national purse."

He made two points clear about any agreement replacing the contract expiring June 30:

1. The United Mine Workers have no wage proposals, but they "expect improvements."

2. They want guarantees under the 1947 miners' welfare fund which has paid out nothing because it is tied up in a legal dispute.

He put the next move up to the operators. The miners will consider any offer "which you may persuade yourselves to utter," Lewis said.

This was in a statement with which Lewis opened the negotiations.

He scornfully told the operators they had reduced collective bargaining "to mockery."

Lewis said he and his union attended the court-ordered bargaining conference "only through duress."

He was directed to negotiate with the Southern Coal Producers Association by Justice T. Alan Goldsborough, against his will and under duress.

Goldsborough acted under the Taft-Hartley act which Lewis called "the first major thrust of fascist tyranny in the republic."

Lewis had himself appointed chairman of the mine workers' negotiators. Harvey Cartwright of Terre Haute, Ind., was designated chairman of the operators' group.

In past negotiations one chairman, usually an operator, was selected to preside.

In his formal statement, Lewis seemed to extend a definite strike threat with the statement that: "We assume that you would deplore any impairment of your abnormal income after July 1."

More Bodies Found

NORFOLK, Va., June 7. (AP)—The Coast Guard today recovered four bodies from Hampton Roads at the scene of a Navy launch swamping a week ago. Twenty-eight sailors and marines were listed as missing after the accident.

Recovery of the four bodies brought to seven the total taken from the water in the area where the launch swamped. Three bodies were recovered yesterday.

The Navy made no announcement of identification.

Palestine Truce Terms Submitted

CAIRO, June 7. (AP)—Count Folke Bernadotte handed to six Arab nations today his proposal for a starting time and conditions of the four-week armistice in Palestine.

Peace appeared unlikely during this week, however. Palace sources in Amman, Trans-Jordan, said the Arab League political committee will not meet before Saturday. It is the kingly of the Arab effort in the Holy Land.

Bernadotte, mediator for the United Nations, has been empowered to fix the starting time of the truce, to which both sides have agreed. The Arabs, however, affixed "explanations" and the Jews "assumptions."

Pioneer Woman Journalist Dies

OKLAHOMA CITY, June 7. (AP)—One of the first newspaper women to work in editorial rooms, Mrs. Harriet Abbott Howe, 83, died here last night.

She was a poet and worked as a staff member of the old "Pictorial Review" in New York.

Mrs. Howe moved to Oklahoma City in 1946 after spending most of her life in New York and San Francisco.

New State Mapped In West Germany

SENATE REFUSES TO FORBID MILITARY RACE SEGREGATION

WASHINGTON, June 7. (AP)—The Senate, pressing toward action on draft legislation, voted down today a proposal to forbid race segregation in the armed services.

The roll call vote was 67 to 7. The vote was not a direct test on how the Senate feels about race segregation. Senate leaders were confronted with the prospect of a filibuster from Southerners if the proposal was not sidetracked.

They are anxious to get final action on the draft measure which, as it stands, leaves to the Department of Defense the question whether the Army, Navy and Air Force are to have units of mixed races.

Sen. Langer (R-ND) offered an amendment to prohibit discrimination or segregation because of race, color or religion in assignments or induction into the armed services.

It was tabled on a motion by Chairman Gurney (R-SD) of the Armed Services Committee. The motion was not debatable.

This was the first test on a set of seven Langer amendments covering most of President Truman's "civil rights" measures such as anti-lynch, anti-poll tax and anti-segregation.

COURT ANNOUNCES

County Oil Values Won't Be Raised

Word that values would not be disturbed, plus the prospect of reallocation of tax levies, brought a note of peace and harmony to the oil and utilities valuation hearing Monday.

Speaking for the county commissioners court, sitting as a board of oil and public utility companies that the court did not contemplate disturbing values of 1947.

Total utility and oil roll for last year was \$11,334,240, which represented a sharp increase that ranged upwards from 25 per cent.

This was little more than half of the \$21,000,000 plus roll, the largest on record for the county.

In making his announcement, Judge Morrison told representatives that the court had under advisement the possibility of asking the electorate for authority to reallocate tax funds. In this manner, the tax rate on the general fund might be raised beyond the current 25-cent limit to provide for needed services. He said the court was seeking to maintain stable finances and the county's reputation for never having defaulted an obligation.

Several tax men for the companies spoke briefly, expressing appreciation that the court had decided against any further increase in oil values, and that a reallocation of funds would be a means of adjusting rates, in which all would share, rather than specialized values in which only oil and utilities would share.

Assisting the court in the individual hearings, which followed a general session in the district courtroom, were John L. Abott, member of the valuation firm of Pritchard & Abott, Truett Pritchard, W. G. Breckenridge and Carl Barker, the latter a former Big Spring resident. All commissioners—W. W. Long, Earl Hull, Grover Blissard, and G. E. Gilliam—were present.

Kiser said that charges would be filed against him Monday.

The Latin-American, driver of the pickup, was thrown on the highway, and in seeking to avoid hitting him, Morris, Calcutt, Lamesa, piloted his car, filled with several other Negroes, into a culbert. Luckily, none were injured.

Perry leaves his wife; one son, Harold D. Perry; three daughters, Dorothy Nell, Betty Sue and Jerry Dean Perry of Hobbs, N. M.; his father, C. T. Perry, Thordale; two brothers, William and George Perry, Thordale; three sisters, Mrs. Bennie Sifeick, Tyler, Mrs. Guy Davidson, Quanah, Mrs. Annie Brock, Neches.

The body was taken overland to Thordale in a Nalley coach.

COLUMBIA DIKES WEAKENING

More Engineers Battling Floods

PORTLAND, Ore., June 7. (AP)—The Army today threw a fresh engineering field command against the raging Columbia River. It was a desperate attempt to hold the weakening 100-mile dike front from Portland to the Pacific.

Twenty-six officers of the Army Engineer Corps rushed to critical points in the heavily barricaded lower valley as the great river built up pressure with its second flood wave in a week. The reinforcements, including five lieutenant colonels, flew in during the night from Fort Belvoir, Va.

The time was short, the task huge: Prevent expansion of the flood toll by the Columbia and Fraser Rivers in Oregon, Washington, Idaho, Montana and Canada's British Columbia—26 dead, 52 missing, about 60,000 homeless, damage of perhaps \$140 million.

The new flood crest was deep into the already hard-hit industrial area around Portland and Vancouver, across the Columbia in Washington. It was surging downriver, building up the current that has been grinding away the dikes since the first crest rolled down six days ago.

Miami Night Club Destroyed By Fire

MIAMI BEACH, Fla., June 7. (AP)—The swank Copa Cabana night club, scene of some of Florida's gayest night life during the winter season, was almost completely destroyed early today by fire.

Fire Chief D. C. Kennett estimated the loss at about \$200,000.

Soviet Opposition Seen As Certainty

WASHINGTON, June 7. (AP) — In the face of certain Russian opposition, the Western powers announced today a five-point proposal for creating a separate, federal government in Western Germany.

At the same time they revealed new measures to block a future German aggression.

The agreements, results of a six-power Western nation conference which ended at London a week ago, were announced simultaneously here and in Europe.

The five steps projected for creating a federal German government are based on the expressed belief that the German people themselves should take maximum responsibility for each step.

The steps include an authorization meeting of the allied military chiefs and German heads of each Western German state, election of delegates to a constituent assembly, drafting of a constitution by the assembly, ratification of the constitution by the German people, and consideration of needed revisions in German state boundaries.

They are subject to formal acceptance by the governments of the United States, Britain, France, and the low countries and a stiff fight over them is expected at Paris.

It reportedly was to meet French security fears and ease French acceptance of steps to fit Western Germany into European reconstruction, that the three Western powers laid down their most comprehensive agreement thus far projected for keeping Germany under control.

Another victory for the French was contained in an agreement for an international control of the Ruhr "in which United States, United Kingdom, France, Benelux countries and Germany would participate, and which does not involve the political separation of the Ruhr area from Germany."

"It does, however, contemplate control of distribution of coal, coke and steel of the Ruhr," the communiqué continued.

On security, the official statement reported this general provision: "The United States, the United Kingdom and France delegates reiterated the firm views of their governments that there could not be any general withdrawal of their forces from Germany until the peace of Europe is secured and without prior consultation."

"During this period there should be no general withdrawal of the forces of occupation of the United States, France or the United Kingdom without prior consultation. It was further recommended that the governments concerned should consult if any of them should consider that there was a danger of resurgence of German military power, or of the adoption by Germany of a policy of aggression."

Further, it was agreed that, prior to any general withdrawal of occupation forces "agreements will be reached among the governments concerned with respect to necessary measures of demilitarization, disarmament and control of industry and with respect to occupation of key areas." Likewise, the conference decided there should be a post-occupation inspection system to keep Germany disarmed.

State Department officials said the agreement apparently would not require congressional action for acceptance by the United States.

Robertson said after Capper announced yesterday he would not run again.

Capper was elected to the Senate in November, 1918, taking his seat the following January. He was re-elected in 1924, 1930, 1936 and 1942.

Auditor Lauds Hospital Here

AUSTIN, June 7. (AP)—State Auditor C. H. Cavness today gave the administration of the Big Spring State hospital considerable praise and some minor criticism.

This came in his report of an audit covering the period Sept. 1, 1945 to March 31, 1948.

Cavness found accounting records "well and accurately kept," inventory records "in much better condition than in any such institution" examined recently.

The auditor noted that state-employed barbers at the institution serve patients free but make small charges for services rendered state employees. Cavness recommended that this practice be discontinued since state time and facilities are used. He also recommended that employees make personal long distance telephone calls from pay stations, rather than on state phones.

The auditor noted that while the state was reimbursed for these calls, it took too much time to collect the items.

Trusty Recaptured

WACO, June 7. (AP)—Earl Joseph Bowman, trusty who walked away from Reprive Prison Farm Saturday, was recaptured yesterday—sitting on a bench on the Baylor University campus. He had not resisted as Sheriff C. G. Alexander and three deputies took him into custody.

ARTHUR CAPPER

Experimenting In Irrigation

A year ago the Herald, in a series of articles, forecast a new and rapid experimentation in irrigated farming in this territory.

Events have certainly given substance to the prospect, for something like 40 wells have been developed in the Tarran area of northern Martin county alone. Some of those who have installed pumps are now counting on other wells to water additional farm acreage, and still other operators in the water belt are toying with the idea of getting their feet wet.

Glassecock county, with several of its draws overlying fairly heavy veins of water, also is having irrigation development. Thus far, most of it has been confined to providing pastures for forced-draft grazing.

Irrigation always has fascinating possibilities, and in a semi-arid region such as this they are accentuated. Soundly employed, a water supply that may be turned off and on, can be the means of increasing production sharply. The danger is in progressing on enthusiasm at times rather than upon knowledge and experience. It is well that the period of broad experimentation has come in a time of heavy demand and high prices for agricultural products. Perhaps this will permit the absorption of many pertinent lessons without, at the same time, acquiring painful losses which can pop up in a pioneering experience.

Sound Idea Has Endured

It has been 104 years today since George Williams called 11 of his fellow workers together to see what could be done about improving wretched conditions in the London drapery trade.

From this experience evolved the Young Men's Christian Association, aptly named for its emphasis upon youth and Christian principles.

Perhaps this explains how the institution has extended itself not only across the Atlantic but around the world and still functions with vigor. It is more than simple "know how," for there is something in the lofty objective of contributing to Christian character that gives meaning to its various programs. This is the thing of significance after all, although the social developments resulting from the constant forums with youth, the many recreational and athletic movements stemming from it are important.

The association here is but three years old and naturally does not possess the strength and stability of many of the 1,500 others, most of them much older. It does, however, have the same peculiar principle that the others have thus a rightful pride in the association of world-wide program.

Tarts, Darts And Dashes

Wonder which is worse, the OPA or the HCL?

Candidates elected with the X are often defeated with the XX.

Maybe the cost of living IS too high; but most of us are sure trying to get our money's worth.

It is easy to meet expenses nowadays. You run into them everywhere.

Apparently Henry Wallace would rather be Left than be President.

The time will soon be here when we'll wonder once more why Noah didn't swat both those flies.

Silk stockings were first seen in the 16th century but they weren't really observed until the 20th century.

Today's Birthday

ALEXANDER P. DE SEVERSKY, born June 7, 1894, designs airplanes that break records. A native of Russia, he served in Czarist armies in World War I. He lost a leg when his plane was shot down, but went back as pilot with an artificial leg. He was on a mission to the United States when the Red revolution began and remained here.

About Politics—

HOW PARTIES APPORTION DELEGATES

Republicans apportion their convention delegates as follows:

1. Each state automatically sends four delegates at large.

2. Each state having a Congressional Representative-at-large sends an additional two delegates at large.

3. Each state which went Republican in the 1944 Presidential election, or, failing that, subsequently elected a Republican senator, sends an additional three delegates at large.

4. Each congressional district which cast at least 1,000 votes for the Republican presidential nominee in 1944 or for the Republican nominee for Congress in 1946 sends one district delegate.

5. Each congressional district which cast at least 10,000 votes for the above (No. 4) sends one additional district delegate.

6. Alaska, Hawaii and the District of Columbia, each send three delegates at large.

7. If the last-elected congressional delegate from Alaska or Hawaii is a Republican the territory sends an additional two delegates.

8. Puerto Rico sends two delegates, the Canal Zone and Virgin Islands none.

Each delegate is entitled to one vote in the convention.

Democrats apportion their convention delegates as follows:

1. Two delegates for each congressional district.

2. Two delegates at large for each senator and two for each representative-at-large.

3. Four additional at-large delegates from those states which went Democratic in the 1944 Presidential election.

4. Six delegates each from Alaska, District of Columbia, Hawaii, Puerto Rico.

5. Two delegates each from the Virgin Islands and Canal Zone.

Each of the above delegates has one convention vote.

But delegates at large may be doubled, at whim of states. If states choose to double their allotment of at-large delegates each such delegate has one-half a convention vote. Practically all states take advantage of this rule. It gives old party workers a trip and gets their name in the paper.

Affairs Of The World—

Armistice Encouraging

By DEWITT MACKENZIE

Agreement for a four-week armistice in the Arab-Jewish war will, if made to stick, be a matter of extreme gratification from several viewpoints:

1. For at least that period the danger of another world war growing out of the smaller conflict will be greatly lessened.

2. Even a brief cessation in the bloodshed, and senseless destruction of relics which are sacred to three great religions, will be a godsend.

3. It will have asserted the authority (and, equally important, the dignity) of a hitherto divided and weak United Nations.

4. Within that month some sort of bargain perhaps might be made between the Jews and the Arabs.

Of course, the Arabs insist that they won't recognize the new Jewish state of Israel and that it must be abolished. However, the creation of Israel is a fait accompli, a fact which is confirmed through its recognition by ten nations, including the United States and Russia.

Now no one questions the bravery of the Arabs or their willingness to fight. They have been famous warriors throughout the centuries. Still one does question the wisdom of trying to settle by the sword an argument whose end cannot be foreseen but which would wreck the hopes of both Arabs and Jews. Another world war might change the entire complexion of the Middle East to the disadvantage of Arabs and Jews.

Therefore one returns cautiously to speculation heard in informed quarters that, when all is said and done, some sort of compromise may be made between the Arabs and the Jews. I referred to that possibility—perhaps remote but still a possibility—in a previous article.

This speculation revolves in part about King Abdullah of Trans-Jordan, commander in chief of all the Arab armies attacking Palestine. Abdullah is the outstanding Arab personality involved in the conflict and his own army is the most powerful fighting force of all those involved.

Some observers hold the view that he might be inclined to bargain with the Jews, unless the opposition of the other Arab states was too strong. It is noted that before the war he was reputed to be less anti-Zionist than other Arab chiefs.

Going Modern

BOSTON (U.P.)—This historic city will begin a modernization program soon, replacing 8,900 gas street lights with electric lamps. Mayor James M. Curley said the program will take five years and will start in those sections of the city where overhead or underground cables are available.

"WHATEVER YOU DO, DON'T FLING ME INTO DAT BRIER PATCH"

Washington Merry-Go-Round—

Education Bill Is Kept Bottled Up Despite Low In The Nation's Literacy

BY DREW PEARSON

WASHINGTON.—It hasn't been publicized, but the census takers have unearthed the shocking fact that ten million American adults cannot read or write.

Yet Congress, willing to spend billions to train young men for war has bottled up the \$300,000,000 aid-to-education bill to train young men and women for peace.

Georgia's Democratic Congressman Don Wheeler has been begging for 218 of his house mates to sign a discharge petition to force the federal aid-to-education bill out of the education and Labor Committee where it has been sidetracked by the GOP leadership. But he has not been able to scrape up more than 43 names!

Chief obstacles are speaker Joe Martin and Majority Leader Charles Halleck, who have ordered the committee not to let the bill out. Also they have passed word to Republicans not to sign any discharge petition. So far only one Republican has defied these orders—North Dakota's Bill Lemke, who joined with 42 Democrats already on the petition.

However, Minority Leader Sam Rayburn also has quietly blocked the petition and has succeeded in keeping Texas and Virginia Democrats from signing.

LESS LITERATE THAN RUSSIA. Meanwhile, literacy in the United States has sunk to an alarming low—probably lower than Russia. What the public also doesn't realize is that the nation's ten million illiterates over 24 years old are not Southern Negroes, but a majority of native-born whites. Official statistics show that 4,200,000 adults, who cannot read or write, are whites born in this country. Another 3,100,000 are foreign-born whites, whereas only 2,700,000 are Negroes. The remaining handful are Latin Americans and orientals by birth.

Furthermore, illiteracy isn't found exclusively in the South. For example, more than one million illiterate adults live in New York, another 690,000 in Pennsylvania and 462,000 in Illinois. However, 36 per cent of Louisiana's total population cannot read or write.

During the war, the draft boards weeded out 350,000 young men who could not sign their name with an X. Of these, 150,000 were physically fit to serve in the army but were disqualified because of lack of education—a loss to the country of approximately 15 divisions.

Yet house leaders are not willing to spend a few million dollars on a bill already passed by the Senate and which would again make America the most enlightened nation in the world.

SENATE DEPARTMENT'S FEEBLE VOICE

Not in years has Congress been caught with a better case of being wrong than in the current squabble over the Voice of America. Yet the diplomats haven't been able to make the public realize that Congress, not the diplomats, are to blame.

Last year Republican economists cut the Voice of America's appropriation to ribbons, told the State Department to broadcast through private radio channels. The State Department obeyed. It farmed out Latin American radio programs to the National Broadcasting Company, which then proceeded to concoct a series of slipshod programs that insulted senators.

Now the senators are mad because the State Department carried out their orders. They are also mad because the State Department didn't have enough money to hire men to monitor the daily deluge of words which NBC and other private radio networks sent abroad.

But the State Department is so meek, mild and inarticulate that it hasn't told the congressmen in decisive, reverberating language that it was all their own fault. NOTE—The more you see of the State Department's propaganda operation, the better Elmer Davis's job looks. Davis was wartime head of the Office of Information, got kicked around by Congress, did an effective job just the same.

PEOPLE USE THEIR OWN VOICE

Interesting fact about NBC's Voice of America broadcasts is that if NBC operated for General Foods or General Motors with the same carelessness that they worked for their government, they would be out of business. Looks like dividends came ahead of patriotism.

In contrast, thousands of individual Americans have been helping to cross effective propaganda to Europe, with no financial help, no guidance from the State Department and not even a thanks. Here are some of them:

The United Nations Council of Philadelphia is flooding Europe with letters and getting a lot of fine reaction in return. . . . Clair McCollough of station WGAL, Lancaster, Pa., Paul Bartless of KFRE, Fresno, Calif., and B. T. Whitmore of WFBC, Greenville, S. C., are arranging family programs from typical American neighborhoods—telling Europe about life in the U. S. A. World Wide Broadcasting Foundation is transmitting them shortwave to Europe. . . . In Hollywood—

Torrid French Actress Is Planning Invasion

By BOB THOMAS

HOLLYWOOD (U.P.)—Vivian Romance, the torrid French actress is reportedly aiming for a Hollywood invasion and hopes to co-star with Glenn Ford.

This news comes from Glenn himself, who happily learned that he is the French star's first choice for a leading man when she makes a picture here. A deal for her services is now being cooked up and Glenn is hoping Columbia will let him do the film with her.

Meanwhile, the non-stop actor (he's had only a few days vacation since exiting the Marines) expects to start another film as soon as he finishes his current one. Next will be "Mr. Miracle," a settlement house yarn which will be partly shot in New York.

Joel McCrea continues his western film jag. He has filed through 24 scripts and has come up with an untitled outdoor yarn on an epic scale. It will follow "Tennessee Partner" and he hopes to interest Ginger Rogers as co-star.

Bill Holden is worried. He has had two pictures before the public in eight years and now four of his films are slated for release

Today And Tomorrow—

STALIN PEACE TALK MAY BE FOR A BARGAIN

By WALTER LIPPMANN

With American rearmament assured by decisive majorities in Congress, a new phase in our relations with the Soviet Union is beginning. The critical question is how the Kremlin will react to the prospect with which, as a direct consequence of the coup d'etat in Czechoslovakia it is now confronted.

The meaning of what has happened here between March and June must be plain—there are many indications that it is plain—to Stalin and the Russian general staff, even if it is not yet fully understood by all the members of the Politburo. As of March this country was already capable of striking severe blows inside the Soviet Union. But it had not mobilized the reserves it has in its stockpiles, nor taken the measures to replenish and enlarge its reserves for a sustained and increasingly severe assault. Measures have now been adopted, assuming as we may that Congress also will vote the draft, which mean that month by month the American striking force will grow more powerful.

Thus month by month the balance of military power will become more and more unfavorable to the Soviet Union. For while the Red Army is still by all odds the most powerful military force in the Eurasian continent, it cannot advance anywhere without provoking a war with the United States. For such a war the time required by this country to mobilize for severe reprisals is being reduced, the power to continue and intensify the reprisals is being increased.

Therefore, time being against them, if the rulers of Russia intend to react to the situation by military measures, they will not wait until American mobilization and rearmament are completed. All military power is relative, and in the present situation the Red Army as an instrument for the conquest or domination of Europe is deteriorating. It is still capable of overrunning the near-by countries of western Europe and the Middle East. But the cost of such an adventure is certain, and is prohibitive. For the Red Army is incapable of defending Russian territory against destructive attack, and it is altogether impotent for a serious attack against the continental United States.

For these reasons, which I believe are controlling and compelling, it is in the highest degree probable that the so-called "peace offensive" is not mere propaganda, this is to say, exclusively an attempt to confuse and divert public opinion in Europe and America. No doubt the Kremlin would be delighted if it could cause us to suspend rearmament and lose interest in the European Recovery program. But Stalin is no fool, and never has been, and however twisted and distorted may be the political intelligence he receives, the adoption of the American military program is a fact which he and his military advisers are bound to understand.

It is, therefore, highly probable that the peace offensive is primarily an attempt to bargain—to get up as little as possible and to get in return as much as possible. In all bargaining of this kind there is, of course, insincerity, bluff, and propaganda. A man who offers a hundred dollars in a horse trade, hoping to get the horse for a hundred and twenty-five, though he is prepared to give a hundred and fifty, is no doubt insincere, is bluffing, is conducting propaganda. But if he really wants the horse, he is not merely a propagandist; he is a horse trader.

If for any reason the Soviets do not want to negotiate a peace settlement, they will take over military action in the fairly near future to counteract the American military program. If they do not act, if the Red Army continues to stand still while American military power mounts, then it will mean that the Kremlin has decided to negotiate a modus vivendi, making the best bargain it can get.

Around The Rim—By The Herald Staff

Salute To Filling Station Gentry

Texas, according to the reliable statisticians, boasts more automobiles than all of Russia.

Doff the fedora in salute to the gentry who keep the horseless carriages in running order, the filling station attendants.

If there is any group of individuals who spend longer hours at their trade, let them come forward. The service station operator who doesn't spend anywhere from 12 to 14 hours on duty isn't considered a full-time employee.

Likely as not, they get up with the chickens, are relieved during the day usually only long enough to grab a bite to eat and don't close shop until the traffic has thinned out at night. Their jobs are ordinarily more demanding in summer than during the cold months, because travel is much greater.

Filling a gasoline tank and changing the oil in a crankcase are the simplest of an attendant's duties. They're also supposed to know how to repair a tire, wash and grease a machine as well as diagnose a vehicle's troubles when there is something amiss.

True, there are idle moments during the life of the station man but during those times when business is slack, he can ordinarily be found washing down his driveway or polishing his fixtures. There is little time he can call his own.

Modern conveniences have relieved the operator of a lot of drudgery. At the same time, he handles much more business than he ever did before.

He leads an unenviable life during critical times such as the recent national emergency, at which time gasoline was rationed. The gas stubs he handled proved a headache he never wants to experience again.—TOMMY HART

Broadway—

'Oklahoma' Will Surely Be Missed

By JACK O'BRIEN

NEW YORK.—With "Oklahoma!" gone from the St. James Theater after more than five years, I'm going to miss one of my favorite and frequent diversions.

I got into the good habit of dropping by the St. James Theater, occasionally to see the entire musical, more often to just catch this or that wonderful tidbit of entertainment. Sometimes it was to get the correct dirgeful humor from the "Pore-Jud is Dead" scene. Again it was to catch Ado Annie at her barnyard indiscretions, always musical and gay, no matter which young lady was playing the part.

The doorman always had a welcome "good evening" and opened the door with a flourish as I arrived to stand in the back. Usually I planned to catch a few moments; and usually I stood to the end.

"Oklahoma!" was the only remaining production on Broadway I had not reviewed as drama critic for The Associated Press. The other evening I noticed that the ads on the marquee proclaiming praise bestowed on the show by other critics included several names no longer familiar to drama pages. A couple are dead, and others have passed up or down to other jobs.

I saw the show at its first matinee. I tried to buy tickets and received a pleasant laugh from the treasurer. As I walked dolefully from the lobby I bumped into a Theater Guild press agent who noticed my disconsolate kisser and managed the miracle somehow, thereby helping me spend one of the most delightful afternoons of my thestergoing existence. Somehow, the ladies didn't even mangle their bundles and rustic candy boxes that day. The show was so good, the music so new, the performances so fresh and enthusiastic, that the usual matinee nuisances didn't exist.

Thereafter, I saw the show in slices possibly 40 times. The music intruded me always, and the ballets were of equally unusual fascination. Alfred Drake, Joan Roberts, Celeste Holm, Howard da Silva, Joseph Buloff, Lee Dixon, Marc Platt, Joseph McCracken, Sami Lynn—all these names now come to wider public attention. And no matter who replaced that original cast, or however more effective anyone else might become in their roles, nothing ever could replace the first joyous impact that was "Oklahoma!"

The night club was packed. It was Saturday night. Customers flocked in and others waited patiently outside; for what, I couldn't figure. It was the final show of the night. Maybe they'd still be queued up next evening. "There are only 22 good tables in the whole blasted saloon," the headwaiter beamed. "Every customer thinks he rates a ringside. I give one of them only a fair table and he complains. He remembers New Year's Eve when he gave me twenty bucks for a table and still can't get over his foolishness.

"But the regulars don't come around much on Saturday night anymore. They get the best tables all right, but it's not comfortable anyway. The few really fine tables are reserved in advance. But the folks who should expect to be comfortable aren't. The yokels who stay home all week and go crazy Saturdays rough them up. They rumba like a Greek wrestler, toss their partners all around and the ringsiders get hit the most. All the amateur Fred Astaires are out Saturdays, too. They show off their trickiest steps. And on that excuse for a dance floor!"

Women Work In Homes And Modern Offices

By CYNTHIA LOWRY
NEW YORK—Girls, do you get along well with the men in your office? Do they like you? If you do, get along well with your husband—and he'll like you.

Girls Forget Fears, Thanks To 2-Way Help

What do the women's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI 2-way help. You see, CARDUI may make things less easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional monthly pain; (2) taken throughout the month, like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times," get CARDUI today.

Men, do you hate washing dishes? If you do—and most of you do—chances are it's because the sink was placed just high enough to be comfortable for the "it" woman—two inches shorter than you are. These are a couple of the diverse observations of Dr. Lillian Moller Gilbreth, a nationally known efficiency expert. Dr. Gilbreth speaks from experience. She's the mother of 12 children, a homemaker for a big brood—and president of a firm of consulting engineers in management. Incidentally, she thinks that many women—many, not all—can successfully combine a home and a job. "And anyone who says that women work for pin-money, for excitement or the chance to meet a nice young man who will support them for the rest of their lives has something on his side," the 66-year-old active woman said. "One concern had done everything they could to halt mounting absenteeism and dropping employment. They'd cut down waste motion, retrained against fatigue, put in attractive rest rooms—but it kept right on. Then they talked informally with some of the girls. The problem simply boiled down to the fact there were no eligible young men employed there—and they couldn't do a thing about it." "It would be nice, she thinks, if people would only budget their time and energy the way people budget their income. She thinks, however, that you have to enjoy the budgeting idea before any such attempts will be successful. Many men and women enjoy the long way around in their work—and "no one is a drudge unless they like drudgery." Most jobs take much longer than you think they will. Consequently most people are always hurrying to catch up with their plans. "People don't make allowances for interruptions—the phone ringing, the milkman coming, a child skinning his knee," she said. "The only way to find out how long it takes to do a job is to make notes on it."

There are lots of housekeeping and office shortcuts if people are of a mind to find them and use them, she said. "Personally, I like a big, old-fashioned, inefficient kitchen. I like the ice box far away from the stove—I'm the super-energetic type and I like to run around and look out and see what people are doing. Flying around the kitchen is my excuse to let off energy."

Fellowship Meeting Is Held By Young People
Plans were made for a program on Thursday evening at the Parish house at a Fellowship meeting Sunday evening by the Young People of the St. Mary's Episcopal church. Robert Uley, vice-president, conducted the meeting. Otto Peters, Jr. was host at the meeting and served refreshments to the 18 members who were present.

Mr. and Mrs. H. B. Reeves, Sr. and daughter, Pat left Sunday to attend the graduation exercises of H. B. Reeves at Texas Tech.

Mr. and Mrs. Jewell Plangman of College Station were week end guests in the Worth Peeler home.

Medical Test Proved This Great To Relieve MONTHLY FEMALE PAINS
Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test this proved remarkably helpful to women troubled this way. Any drugstore.

Youths Protest USSR Weddings As Brushoff

By EDDY GILMORE
MOSCOW — Members of the Young Communist League are heading a drive to make the Soviet marriage ceremony brighter and more festive.

Readers of the newspaper Komsomol Pravda raised the question of brightening up the ceremony in a series of letters to the editors. The editors called a meeting in their offices inviting workers of the registration office, Komsomols and newly married persons. The various letters were read and discussed; the newspaper published many of them. Zina Osetrova of Moscow said in her letter: "The wedding day is the turning point in the lives of boys and girls. . . . But, to our sorrow the procedure of getting married is cut short and made into a very dry thing by the registration bureau."

Nikolai Bragin wrote from Riga on the subject: "Often people without sentiment work in the marriage bureaus. To them there seems to be no difference between the registration of a death or a marriage." Alexander Eronov, of Krasnokamsk had this to say: "The registration is sometimes completed in three or four minutes. We should have weddings where the young people could, in the presence of relatives and friends, shake hands, kiss and pledge their love and faith forever."

"Our youth," said Komsomol Pravda, "is not satisfied with such dry ceremonies as we have been having. Our wedding days must be bright and cheerful. At one time we held Komsomol weddings. They were interesting and happy occasions and even clubs were decorated for the wedding." Official Andreev, chief of the Moscow marriage bureaus, said he would go along with the plan. "Please hold such weddings again," he said. "We will send an official to the club to conduct the ceremony. I'm for it."

Forsan Community Has June Visitors

FORSAN, June 7 (Sp)—Mr. and Mrs. C. L. West and family have as their guest, a nephew, Guy Gene, of Valentine. Mr. and Mrs. Johnny Nasworthy are in Winchell for a short visit. Mark E. Lett is in Brady visiting friends. Mr. and Mrs. Larkin Longshore visited relatives in Sterling City Sunday.

Mr. and Mrs. Loyd Peek have as their guests, Mrs. R. L. Peek and Russell of Odessa and Mr. and Mrs. W. J. Skwaris of Dallas. Mr. and Mrs. Joe Long of Carlbad, N. M. were recent guests of Mr. and Mrs. C. C. Long. Mr. and Mrs. Cecil Amason and daughters, Janis and Wylena, left Saturday for their vacation in Konawa, Okla. Mr. and Mrs. T. R. Camp, Thebert, Nannie Faye and Linda left Saturday on their vacation to Granbury, Fort Worth and Atlanta. Guests in the home of the D. W. Robertson family are Mr. and Mrs. D. S. Morrow, Elizabeth, Connie and Burtie of Medicine Bow, Wyo. Dennis Hughes left Saturday morning for his home in College Station after attending the funeral of his grandfather, T. H. Hughes in Big Spring. While here, Hughes was a guest in the home of Mr. and Mrs. B. R. Wilson. Jan Livingston recently returned from Slaton. Darrell Adams, son of Mr. and Mrs. Charles Adams, is home for a short visit before re-entering Texas Tech in Lubbock. John E. Robbins of San Angelo was a business visitor in Forsan Saturday.

Mr. and Mrs. Robert Williams and Jerry Don have returned from vacationing in Westbrook and Dallas. Webb Hudson of Sterling City was a local business visitor Saturday.

Over Eight Million In New York City
NEW YORK, June 7 (UP)—New York City, as of last Jan. 1, had an estimated population of 8,005,000, a gain of more than 1,000,000 in the last three years. The estimate was prepared by the industrial and development department of the Consolidated Edison Company. During the war years, the city's population declined to less than 7,000,000.

Wanda Lee Watson Is Shower Honoree

COAHOMA, June 7, (Sp)—Wanda Lee Watson, bride-elect of Ralph Dale Davis of Grand Junction, Colo. was the honoree at a bridal tea given recently in the home of Mrs. Ralph White. Hostesses were Mrs. White, Mrs. L. E. Hutchins, Mrs. Floyd Hull, Mrs. C. J. Engle and Helen Joyce Engle. Guests were greeted by Mrs. White. Others in the receiving line were Miss Watson, Mrs. A. A. Watson, Juanita Watson, Mrs. Gerald Pardue and Mrs. Engle. Mrs. Hutchins registered guests and Mrs. Bill Stogard and Helen Joyce Engle presided at the serving table which was covered with a hand drawn Irish linen cloth and centered with an arrangement of roses. Roses were placed at vantage points throughout the entertainment rooms. Others in the house party were Mrs. Mark Reeves, Jr., Mrs. Ernest Rainey, Mrs. O. B. Warren and Mrs. Relearce Jones. Approximately 45 guests called during the evening.

Young People's Conferences Are In Kerrville
Synod of Texas young people's conferences are being held at Kerrville, June 8-17. Attending from Big Spring will be Rebekah Lloyd, Nancy Whitney and Lynn Porter; from Coahoma will be Ray Echols, Margaret Stamps and Jane Echols; and from Lubbock, Norma Holton, George Young, Tom Cleveland, Kate Moore, DeWitt and Robert Harvey, Marion Woods and Ralph Bucy. The delegation from the El Paso Presbytery will leave Tuesday morning from the First Presbyterian church in Lubbock and will be directed by the Rev. William H. Foster, D. D. Encampment workers include Mrs. Mary Watson Jones, Big Spring; Louanna Roach, of Midland; and Merrill Proudfoot, student supply pastor of Westminster Presbyterian church in Lubbock. Dr. Foster will be assisted by Eugenia Hopper, who has just arrived for duty as assistant in the Presbytery's work, after a year's educational experience with the Danforth Foundation.

The Kerrville conferences will be divided into two groups. Presbyterian Young People's Fellowship Conference and the Senior Fellowship Conference.

Steeds And Angelo Colts Close Out Series Here This Evening

Locals Clip Foe, 7 To 4

Pat Stasey's Big Spring Broncs terminate their current home stay in a single contest with the San Angelo Colts here Sunday afternoon at 8:15 o'clock this evening.

Two bouts were originally booked but the Steeds management called one of them off due to the physical condition of the local team. Several of the athletes are ailing.

Pancho Perez, who hurled a shut-out his last time out, will probably hurl for the locals while Pepper Martin, the Angelo skipper, is due to lead with Sherwin Cox, who has broken even in two starts against the Cayuses.

Lefty Jimmy Perez, given good stick support by his makes, led Big Spring to a 7-4 victory over the San Angelo Colts here Sunday afternoon to protect their two-game lead in Longhorn baseball league standings.

Perez, in the process of collecting his fourth win of the season, set the visitors down with six scattered hits, two of them by Martin.

The guests were very much in the struggle until the sixth round when two walks and three safeties enabled the locals to avert the decision.

Skipper Stasey and Joe Arenchiba paced the Big Spring offense, each with three safeties. Patrick banged out a triple, double and one-baser and drove home three tallies for a profitable afternoon.

The locals found the offerings of two Angelo hurlers, Chuck Ellis and Jimmy Baker, to their liking.

They manufactured 14 assorted blows. Ellis was inflicted with the loss, his fifth of the campaign as compared to two wins.

ROUNDING THE SACKS — Ed Murphy made a great catch of Bobby Fernandez's fly in the first inning, going far to his left to Roberto of an almost certain hit.

Bill Frank, the popular arbiter, was struck on the wrist by a ball fouled by Murphy in the second and had to stop proceedings temporarily.

Jake McClain broke a bat in two in the sixth and then drove a hit through the infield. It proved to be Stasey's war club.

Perez, who exhibited near perfect control, pitched three balls to Joe Jenks in the seventh before forcing Joe to sky to Mendez. Jimmy did not walk a man during the contest.

CURTIS RETURNING TO BSAC TONIGHT TO FACE RED DEVIL

Four big "little men" climb into the ring of the Big Spring Athletic Club this evening in one of the most interesting programs Wrestling Promoter Pat O'Dowdy has presented in a long while.

The four are what are called junior heavyweights or cruiser weight grapplers but all are near the limit—200 pounds.

Sammy Cohen of New York City, better known as the Red Devil, and George Curtis of Mississippi are in the 8:30 o'clock opener.

Ray (Big Train) Clements of Lubbock and Frankie Hill Murdock of Fort Worth collide in the main event.

Three of the four are real "heavies," villains of the first water. The one fellow with the cheery outlook is Curtis, a tin-eared who was very popular here two Autumns ago.

Curtis is taking on a big order in Cohen. The Red Devil has made no friends but has created a lot of respect for himself in his two appearances here.

Murdock can be very pleasant when he wants to be and no doubt will be the fair-haired boy in the eyes of the onlookers tonight. In Clements, he's clashing with a one-man-gang who relishes the rough stuff.

CLINCH TIE

Jayhawks Again Trim Coahoma

Howard County Junior college's baseball Jayhawks flattened the Coahoma Bulldogs, 12-6, here Sunday afternoon to clinch a tie for the Tri-County league's first championship.

Don Clark pitched the Hawks to victory, wetting the visitors down with eight scattered hits.

Bill Brown, not his usual self, was the victim. The collegians broke loose for six runs in a big sixth round to all but clinch the outcome.

Ray Clark and Pete Cook led the HCJC attack with three hits each. The latter drove out a home run, double and single. Don Henry also had a homer.

Cosden Halves Double Bill

CRANE, June 7.—Cosden's Pipeliner, Forsan-Big Spring entry in the Texas Softball league, split a double header with Crane here Saturday night, going 13 innings to win the first, 2-0, and then dropping the second by a 5-1 score.

Winifred Cunningham hurled hitless ball for the Pipeliner until the 13th inning when the home club got two blows.

Charles Teague and Bill Goodlet tallied for the Blackj Hines team on Lewis Heuvel's double in the deciding round.

In the second game, Bill Denham set the Pipeliner down with four hits while the resident nine was getting to L. D. Cunningham.

Knott Defeats Locals, 10-3

KNOTT, June 7.—Knott's Billies took full advantage of 14 Westerner misplays to defeat the Big Spring team, 10-3, in a Tri-County baseball league game here Sunday afternoon.

Frank Dunn, Westerner hurler, allowed only seven hits and struck out ten of the Billies but his mates could touch R. Chapman and Joe Beall for only three safeties.

M. Shaw paced the Knott attack with three hits.

Roden Triumphs Over Dallasite In Odessa Meet

ODESSA, June 7.—Bill (Red) Roden, former Big Spring resident who now plays out of Odessa, won the Odessa Invitational golf tournament here Sunday afternoon by trouncing Dick Martin, 2 and 1, in a 36-hole match.

He succeeds another ex Big Spring, Doug Jones, as the kingpin.

Martin rallied after being four down through 32 holes but Roden wound it up by halving 35 with the Dallas linksman. The red-head was one up at the end of 18 holes.

John Pipes, Big Spring, lost in the finals of the first flight to Lee Dagg, Odessa, one up.

George Tillinghast, Big Spring, captured third flight laurels with a 2 and 1 victory over Webb Russell of Odessa.

Forsan Swamps Colorado City Wolves, 23-4

COLORADO CITY, June 7.—Forsan's Oilers swamped the Colorado City Wolves, 23-4, in a Tri-County baseball league game here Sunday afternoon.

After a scoreless first inning, the Oilers went to work on Red Sweat in the second for three runs. Their two big frames were in the fourth and eighth, when they scored six and nine runs, respectively.

Dee Anderson paced the Forsan attack with a double, triple and home run.

Local Fighters Battle Tonight

Two local amateur boxers, Billy Whittington and Jimmy Eppler, will fight with a Permian Basin area team tonight in Odessa in matches against a Fort Worth aggregation.

Top performers from Odessa, Fort Stockton, McCamey and Big Spring have been selected by Odessa Trainer Bill Wooster to help entertain the Fort Worth visitors.

Whittington is scheduled to tangle with Raymond Acosta, a lad who lost a disputed decision in the finals of the Fort Worth District Golden Gloves, while Eppler's opponent will be Rip White.

The bouts go on at 8:15 p. m. in the county auditorium at Odessa.

League Directors Session Monday

Directors and managers of the Tri-County baseball league will meet with President Jack Lamb at the Settles hotel at 7:30 p. m. Monday, June 14, to discuss plans for the second half activity.

The first half schedule draws to a close next Sunday.

LOOKING 'EM OVER

With TOMMY HART

One reason you don't see the "inside baseball" played here that fans in other cities have witnessed in recent days is Manager Pat Stasey can usually be counted upon to gamble on that big, explosive inning. The size of the local park, the closeness of the fences to home park and prevailing winds from the southwest all are contributing factors to the "Stasey plan." Whether it's good baseball or not, the Cayuses manage to win more than their share of decisions by hitting away.

Stasey has been criticized from time to time for not playing for that one run, and at times his strategy has backfired. However, let it be said he knows what he's doing. He figures he's got the artillery to back him with that bang-bang type of baseball and it has rarely failed him.

Most of the other parks in the league, with the exception of the skippers, of course, can be reasonably certain that the rallies will not Sweetwater hand box, are roomier than the Big Spring plant and the come as fast and furious as they are liable to in Steer park.

A hurler can go along and pitch a great ball game for seven or eight innings here and a couple of blasts can ruin him.

BRONC RECRUIT HAILS FROM TEXARKANA

Perry Brown, an infielder here on a "five-day look," hails from Texarkana, Tex. He was recommended to Big Spring by Ossie Blues, manager of the Washington minor league farm system.

Perry never donned a uniform. He suffered an attack of appendicitis while en route here and hit the hospital.

ANGELO BASEBALL FIREMAN A GENUINE BLAZE FIGHTER

Joe Dean Phillips, who pitched six innings in relief for San Angelo Saturday night, is a fireman by trade. On active duty at Angelo, he can make only the short trips with the Colts.

SCHEDULE ODDITY SENDS ANGELO BACK TO VERNON

After they leave here tonight, the San Angelo lads head back to Vernon for three games, where they terminated a two-game set immediately prior to their first engagement with Big Spring.

The Concho city gang then doubles back to Midland for a pair of outings.

STRINGFIELD OUT OF ACTION WITH BAD FINGER

Bob Stringfield, the Ballinger flinger, has been in Tulsa where he underwent treatment for a stiff finger.

Stringfield opened the season with Lamesa but did not make the ripple on account of the ailing digit.

BAEZ DUE TO BE ON FIRING LINE BY JUNE 11

Bert Baez, the Big Spring hurler and pinch hitter, expects to return to action about June 11. He'll probably try to go five innings or more against Del Rio.

Hal Jackson, the Sweetwater first sacker who went on the shelf due to an appendix operation last month, is set to return to action tomorrow night.

ANGELO CATCHER MEMBER OF HONDO GRID TEAM

Phil Mills, Angelo's reserve catcher, played tackle on the Hondo Army Air Field team that met Southwestern college's Pirates in the ABCUB charity football game here three seasons back.

One of his team mates was Stan Hollmig, a star at Texas A. and M. last fall.

Would Lift Arms Embargo To Palestine
BOSTON, June 7. (AP)—Sen. Bridges (R-NH) says that the United States' next step in "the settlement of the Palestine issue should be the lifting of the arms embargo."
The chairman of the Senate Appropriations Committee told the 28th annual New England Zionist convention last night that such action is "already overdue."
Describing the United States' policy toward the state of Israel as a "hit-skip-and-jump" attitude, Bridges declared it was a "bad performance in behalf of a new nation which is fighting for its existence."
"We all hope," he added, "that the administration in Washington has now discarded its hit and miss policy."
Bridges said he had asked an investigation of complaints that Britain is using American relief funds to aid those fighting the state of Israel.
He said he had asked Paul Hoffman, foreign relief administrator, to investigate the complaints.

Drivers' License Bureau Open Again
The Texas Drivers' License bureau, located in the old City Hall building, re-opened this morning. C. B. Strain, officer-in-charge, was in San Angelo last week and the department remained closed.
Strain conducts tests for persons seeking operators' licenses here Mondays, Wednesdays and Saturdays. He is on the road the other part of the week.

Eisenhower Now Columbia's Presxy
NEW YORK, June 7. (AP)—Gen. Dwight D. Eisenhower today became Columbia University's 13th president—a job he hopes will be "a lot of fun."
He assumed office just four years and one day after leading the mighty allied invasion of Europe. There was no ceremony. He will be formally installed in office next fall.

Ecuador Election Remains In Doubt
QUITO, Ecuador, June 7. (AP)—Ecuador held a presidential election yesterday but the result remains in doubt today.
The latest compilation of returns announced by the supreme electoral tribunal gave:
Dr. Manuel Elicio Fior Torres, 54, Conservative Party nominee, 72,955.
Galo Plaza Lasso, 42, former ambassador to the United States and candidate of the National Civic Democratic Movement, 69,627.
Gen. Alberto Enriquez, 52, a former president running with the backing of a coalition of Liberals and Socialists, 37,950.

Thermometer Hits 102 Here Sunday

Big Spring absorbed a blistering 102 degrees Sunday.
This was the third consecutive day that the mercury had gone above 100, and the fourth time this season. Outlook was for more of the same today, although the weather bureau did report a possibility of late evening showers in the area. The Sunday reading was by no means a record for the date.
It was blistering hot again yesterday in Central and West Texas. Cooling sea breezes saved coastal points from similar treatment.
In Dallas, the thermometer climbed to 102, the hottest June 6 on record.
Presidio was the hottest place: Brady 105, Abilene 104, Wink 103, San Angelo 104, Mineral Wells 102, Del Rio 100, Crystal City 100, San Antonio 102, and Fort Worth 101.
Galveston was the coolest spot with 88 degrees.

Packers' Deal Not Explained

CHICAGO, June 7. (AP)—The terms under which 8,000 CIO United Packinghouse Workers ended their 82-day strike against Wilson & Co. Saturday still were unclear today.
The union announced the workers would return to their jobs today under settlement terms reached May 21 with the other Big Four packers—Swift, Armour, and Cudahy. That agreement provided for a nine-cents-an-hour wage raise and reinstatement without prejudice of all workers except those accused of alleged unlawful acts during the strike. Reemployment of any strikers so accused was to be submitted to arbitration.
A spokesman for Wilson said last night, however, the union's action in calling off the strike was a surprise to company officials and came without any negotiations with the firm.
He insisted that the strikers would be accepted for re-employment only "as work is available," and added that the union members would be required to report first to the company's employment office.

Big Springers Get Degrees At A&M
COLLEGE STATION, June 7. (AP)—Spring term graduates of Texas A&M College include the following from Big Spring and area:
Alan D. Miller, BS, landscape art; E. C. Bell, 103 N. Goliad, BS, science; Pierce A. Humble, doctor veterinary medicine; Clifton S. Harris, Jr., of Gall, BS, chemical engineering; Burke T. Summers, Jr., 503 E. 12th St., bachelor in liberal arts.

Oil Marketing Contracts Are Ruled Invalid

LOS ANGELES, June 7. (AP)—Exclusive dealer contracts between Standard Oil Co. of California and independently-owned service stations were ruled invalid today in federal court.
The far-reaching decision affects some 7,000 independently operated stations which have contracts with Standard to sell only products made or sponsored by the oil company. The suit was instituted by the Anti-Trust Division of the Department of Justice.
A total of 23,000 other stations in the West, with similar contracts with other companies, are indirectly affected, the Anti-Trust Division said. A suit similar to the one decided today has been filed against Richfield Oil Co. here and in Washington, D. C., an action is pending against all major oil companies, alleging monopolization in production and distribution.
William C. Dixon, chief of the Anti-Trust Division, said he expected the decision to force a reorganization of the entire oil industry marketing structure nationally.
Standard Stations Inc., a sole owned subsidiary of Standard Oil, which also markets the company's products exclusively, is not affected.

More Recovery Goods Authorized
WASHINGTON, June 7. (AP)—A \$33,638,370 authorization of new food and commodity shipments has been announced by the Economic Cooperative Administration. It thus maintained its steady flow of recovery goods to Europe despite a House-voted cut in foreign aid funds.
British-American zones in Germany and the free city of Trieste showed up on the list of receiving countries for the first time. Bizozia Germany will get \$3 million worth of fruits and vegetables from Italy, paid for by their country.
Trieste will receive wheat flour and other goods valued at \$1,844,457, mostly from the United States. The other new allocations go to Norway, Italy, Austria, Greece, France, Denmark and Netherlands.
Approvals last week hit the full spending rate which would use up in 12 months the \$6,532,710,288 which the Truman administration asked.

Truman After Bigger Crowds
ABOARD TRUMAN TRAIN EN ROUTE TO SUN VALLEY, Idaho, June 7. (AP)—President Truman pushed his pre-convention campaign farther westward today while his aides sought to strengthen their advance planning to assure maximum crowds for his appearances.
They attributed the size of Saturday night's crowd of 2,000 in Omaha's 10,000-seat Ak-Sar-Ben Coliseum on failure of a local arrangements committee to give full notice that the general public was invited.
This explanation also was offered by Coliseum Manager J. J. Isaacson at the time of Mr. Truman's arrival for his farm policy speech. The address was under auspices of the 35th Division, but not limited to its members.
Thousands of westerners greeted the President in a series of platform appearances yesterday and upwards of 5,000 saw him at Cheyenne, Wyo., where he spoke last night from the steps of the executive mansion with Democratic Governors Lester Hunt of Wyoming and Lee Knous of Colorado.

Recruiter To Be In Other Towns
Cpl. J. C. Tyra, member of the local U. S. Army recruiting team, will henceforth be in Garden City Wednesday and Sterling City Friday of each week for the purpose of interviewing persons interested in enlisting in the Armed Forces.
He can be reached at the post office in each town between the hours of 10 a. m. and 3 p. m.

Representative Dies Of Heart Attack
WASHINGTON, June 7. (Monday)—Rep. Thomas L. Owens, 50, of Chicago, died today in the Bethesda Naval Hospital. He was stricken May 23 with a heart attack.
Owens was serving his first term in the House. He was nominated for a second term last April.
He represented the seventh Illinois district, with a population of more than one million. He sometimes mentioned that it was the largest in the nation and that he had more constituents than some senators.

Johnson's Speech On KBST At 7:45
A political address by Lyndon Johnson, candidate for the U. S. Senate from Texas, will be broadcast over KBST this evening at 7:45.
It previously had been announced that talk would be aired by the station during the interval between games of a baseball double-header. There will be only one game tonight, however, and KBST will, at 7:45, join a net-work for the Johnson broadcast.
Several members of the Big Spring Kiwanis club were in Midland today to visit that city's Kiwanis unit at a noon luncheon meeting.
The local delegation was to deliver the Kiwanis "travelling general" which was brought here several days ago by members of the Sweetwater club. H. W. Whitney, chairman of the inter-club relations committee, heads the local visiting group.

Mihai, Anne Plan Wedding Thursday
ATHENS, June 7. (AP)—Ex-King Mihai of Romania and Princess Anne of Bourbon-Parma arrived in Athens today and an announcement from the royal palace said they will be married here Thursday.
The Greek airforce band played the Romanian national anthem as Mihai and his bride-to-be stepped off a plane from Geneva into the embraces of King Paul and Queen Frederika of Greece and of Queen Helen, Mihai's mother.
The palace announcement said the wedding ceremony Thursday will be performed by Archbishop Damaskinos of the Greek Orthodox Church at noon (4 a. m., CST).

Two Questioned After Man Robbed
Two Latin-Americans were picked up by City Police Sunday for questioning after W. E. Pritchard reported that he was hauled down and robbed in the Northwest part of town.
Pritchard told officers that his assailants took a check and approximately \$35 in cash.
Garage Burglary Under Investigation
City police today were investigating the burglary of Arnold's Garage, 201 NW Second street, which is believed to have occurred sometime Saturday night.
Reported missing from the establishment were three automobile generators, three automobile horns and 10 sets of piston rings.
Vocational School Inaugurates Classes
The Big Spring Vocational Trade school, which proffers a course in automobile mechanics to veterans of World War II, began classes at 815 West Third street this morning.
The school has been approved by the state board of vocational education and the Veteran's Administration. Enrollees are eligible for help under the GI Bill of Rights.
Chief instructor is T. E. Price of Lubbock.

HELD BY POLICE, TWICE-WED MAN AND GIRL VOW THEIR LOVE
WICHITA, Kas., June 7. (AP)—A 17-year-old girl and a married salesman, charged with kidnaping her, were in police custody today. The salesman is Arthur Deets, Jr., 23, of Kingston, Pa. He is the father of two children. The girl, Mrs. Mary Kallinoski, York, Pa., is a bride of less than two months.
Police said they ran away May 28 shortly before the girl's high school graduation. They were arrested here yesterday.
Mrs. Kallinoski told officers she left willingly with Deets.
"We know we love each other," Deets said.
Thomas T. Kallinoski, 25, New Britain, Conn., who said he and the girl were wed secretly April 15, filed the kidnaping charge at York.
Mrs. Kallinoski said she respected her husband but loved Deets, Police Detective Frank Parsons reported.
"From the standpoint of law, I know we were way out of step," Deets said, "but from the standpoint of how we feel about each other, we were in step."
He said they both plan to obtain divorces and be married.
Both waived extradition. At York, Kallinoski said he planned to start for Wichita today and would press the kidnaping charge until he learned more details.

Court Grants Five Divorces

Judge Cecil C. Collings granted decrees in five divorce suits heard in 70th district court proceedings last weekend.
Dorothea Bearden was given her marital freedom from A. J. Bearden, the custody of two minor children and \$30 monthly support of the children, that sum to be paid by the defendant.
Thelma Wood won a divorce from Heston Wood and the custody of a minor child.
Lydia Irene Whitefield was granted a decree from Carlis Cecil Whitefield.
The marriage of Pearl Stallings and A. V. Stallings was dissolved and custody of a minor child was granted the woman, plaintiff in the case. The defendant also agreed to pay \$40 a month toward support of the child.
S. H. Halford was also granted a divorce from Addie Halford.
In other business cleared from the docket, the application of Violet Butts to change her name to Lindley was granted.

Second Core For Mitchell Co. Test
Sun No. 1 Ellwood estate, south Mitchell deep exploration, cored from 7,547-52 feet, but there was no recovery of the soft shale which was cut.
The operator is reaming the hole to total depth and will take another core. The horizon now being penetrated is the Detrial, and the Ellenburger might be encountered after the present zone has been cored and drilled through. Location is in section 26-16, SPRR, 1 1/4 miles south of Colorado City.
In northern Coke county, after having been shut in for 72 hours, Allen Guberson No. 1 Lasiter was opened and flowed around 10 barrels of fluid per hour for about three hours. It was still flowing at last report through a one-half inch tubing choke. Most of the fluid recovered was new oil.
This production is from open hole in the Marble Falls lime at 6,485-6,528 feet. It has not been determined definitely whether the oil which was being produced was an accumulation of petroleum which had collected in top of the hole during the 72-hour shut in period. Location is in the C NW NW section 308-1A, H&TC.

Autos Collide On New Snyder Road
Only slight injuries resulted Saturday night from the first automobile mishap reported on the new Snyder road.
Cars driven by Calvin J. Horton and Louis McKee collided head-on at a point four and a half miles northeast of here. The road, only recently topped, has not yet had center lines installed, and T. D. Whitcomb, state highway patrolman, said that each of the drivers apparently thought he was well on his side. Both cars were almost demolished.

PATIENCE, PATIENCE—It takes plenty of patience to set two rubber corks on each of 90 mousetraps for the demonstration of atomic bomb chain reaction at the Texas Electric Show of '48 this week, Tuesday through Thursday, at the Big Spring High School. The free exhibition of atomic energy will be presented at 7:30 and 9:30 each evening of the show.

Killed On Island Of Luzon
BODY OF BILLIE MACK DALTON EXPECTED FOR BURIAL AT HOME

Body of Billie Mack Dalton, who was killed in action on the island of Luzon, is expected here soon. His parents, Mr. and Mrs. Robert D. Dalton, have been informed that the body will be sent here from the Fort Worth receiving station, and arrangements are pending word of the day it will arrive, according to Nalley Funeral Home.

Born in Tye, Texas on Aug. 2, 1922, Billie was 24 years of age at the time of his death, which came instantaneously when shell struck and exploded in a squadron aid station where he was busy as a medical technician. Not long before this he had been promoted to the grade of T-5.

Burial was in the cemetery at Manila and it was from here that the remains were returned home. Billie was awarded the Purple Heart posthumously and his parents were given a scroll from Coke

Preparations Are Rushed For Electric Show

All hands were busy Monday rigging "props" and placing appliances in order for opening of the Texas Electric show of '48 here Tuesday evening.

Most of the work was concentrated in the high school gymnasium where domestic appliances will be displayed by local dealers.

Bigger than before, the show this year was described by Carl S. Blomshied, Texas Electric Service manager, as "the most elaborate of any show we have staged. It is also one of the most complicated to assemble."

Numbers of colorful and complicated settings have been provided as backdrops for the exhibits.

All types of new appliances and farm and ranch equipment will be shown in a special tent for agricultural exhibits.

Heading the special entertainment features are the "Theatre of Atoms" and one of the nation's leading puppet shows. The atom demonstration is to be presented in a large tent on the school playground adjacent to the gym each evening at 7:30 and 9:30 o'clock. The puppet show, starring Reddy Kilowatt, is to be presented on a special stage in the gymnasium at 7, 8, 9 and 10 o'clock each evening, Tuesday through Thursday.

The show opens at 6 p. m. and continues to 11 p. m. and there will be no admission charge.

Contracts Signed For Texas Gas

NEW YORK, June 7. (AP)—Contracts have been signed for 235 million cubic feet of natural gas to be sent from Texas each day for 20 years.

The Texas Gas Transmission Corporation announced yesterday it had signed the contracts with subsidiaries of Consolidated Natural Gas Company and the Columbia Gas System, and with Texas Eastern Transmission Corporation.

The gas will be used in the Appalachian and other eastern areas. The contracts are contingent upon Texas Gas building a 26-inch 800-mile pipeline from the Carthage gas field in Texas to a point near Middleburg, O. FPC approval is needed for the pipelining project.

Los Angeles Bus Strike Averted

LOS ANGELES, June 7. (AP)—Street cars and buses were running in Los Angeles today, much to the relief of perhaps two million persons who use them to get to and from work.

Workers of the Los Angeles transit lines were scheduled to go on strike last midnight, but company officials and the AFL Amalgamated Association of Street, Electric Railway and Motor Coach Employees settled some of their differences.

Workers got an immediate five cents an hour wage boost and the parties to the dispute agreed to arbitrate whether an additional increase is to be granted between a five cent minimum and a 15-cent maximum.

Quick, complete satisfaction or money back guaranteed. Ask your druggist for Cystex today.

Eastex Memorial Hospital Dedicated

NAPLES, Tex., June 7. (AP)—David Granberry Memorial Hospital, probably the only one of its kind in the nation, has been dedicated to "the service of mankind."

Former Gov. Coke Stevenson gave the dedicatory address yesterday. The hospital was built as a memorial to the men of Bowie, Cass and Morris Counties who gave their lives in the service of their country.

The hospital will be operated on a cooperative basis under a program in which medical care is partially prepaid. It was developed from the Cass County rural health service, one of six experimental projects under the Farm Security Administration for rural health care. The Cass County project was the only one of the projects that stayed solvent; it turned over \$35,000 from its fund to the hospital project. Contributions made up the rest of the hospital's estimated \$100,000 building cost.

INCREASE NOTED IN POLIO CASES

NEW YORK, June 7. (AP)—The National Foundation for Infantile Paralysis is preparing for possible widespread outbreaks of polio in densely-populated areas.

The foundation, announcing its preparations yesterday, cited a sharp rise in cases during the past month.

So far, the most serious outbreaks have been localized in sections of Texas, North Carolina, Iowa, South Dakota and California.

Jester Backs Expansion Of Road Program

AUSTIN, June 7. (AP)—Gov. Beauford H. Jester, in an expansion of his platform for re-election, has proposed to see that Texans get the rural roads they want.

"There is no question in my mind but that the people want additional farm-to-market roads," he said. "I propose that they shall get these roads."

The governor repeated his platform promise to recommend that the Legislature appropriate \$20 million to supplement Federal funds expected for the farm road program.

He estimated that this would carry through the construction program without delay and would also finance two or three thousand additional miles of rural roads, beyond the regularly-scheduled number planned.

"To know that Texas is in top place in the nation in farm-to-market road construction is small comfort to the families which cannot get their children to school and which cannot develop the proper mail and milk routes or bring produce to market," he added.

"Our goal (three years ago) was an additional 25,000 miles of rural roads. We have 16,200 of them now built, under construction, or with finance in sight. That leaves another 9,000 miles of rural roads which should be put under construction without delay.

"I pledge the people of Texas to help them get those roads," he said.

Boy Swimmer Electrocutted

HARRISBURG, Pa., June 7. — A 12-year-old boy was electrocuted when a short circuit in an underground power line sent current through a steel ladder in a public swimming pool, Dr. Winfield Yarnell, deputy coroner, said.

Dr. Yarnell said the boy, Clyde Peters, of Harrisburg, died of electric burns yesterday as the water was charged in a 15-foot circle around the ladder at the Gay-Way Swimming Pool.

The boy and another swimmer, Rosemary Fritsch, 11, were within the charged area at the time. Both suddenly stiffened and sank beneath the surface, Dr. Yarnell said.

Two youths who saw the Peters boy and Rosemary sink, leaped to the rescue but were themselves affected by the current and had to be helped to the pool's edge.

Both young Peters and the girl were taken to the Polyclinic Hospital, where doctors said she was not hurt seriously.

District Attorney Carl B. Shelley said he ordered the pool closed pending a further investigation of the boy's death.

Newsman Will Hear Britisher

SAN ANTONIO, June 7. (AP)—Gavin Astor, assistant to the publisher of the London Times, has accepted an invitation to address Texas newspaper publishers at their 69th annual convention in San Antonio, June 18 and 19.

Paul M. Fulks, publisher of the Wolfe City Sun and President of the Texas Press Association, made the announcement. Astor is the son of Colonel John Jacob Astor, chairman of the Times Publishing Company.

Two New Orleans men are also scheduled to address the convention. They are Ralph Nicholson, publisher of the New Orleans Item, and Walker Saussey, head of one of the South's largest advertising agencies.

Kenneth Olson, Dean of the Medill School of Journalism, Evansville, Ill., will attend the meeting to discuss readership studies.

Bert A. Stufflebene, member of the Texas Prison Board and President of the First National Bank of Grand Prairie, will tell the convention about conditions in Texas' prison system.

Lynn Landrum, author of the Dallas News column, "Thinking Out Loud," will do some thinking out loud in person, in a talk titled, "Newspapers as Public Servants."

There will be roundtable discussions for daily and weekly newspapers.

Sixth Son In Army

PLAINVIEW, June 7. (AP)—William Schwab, 17, is the sixth son of Mrs. Ellie Schwab of Plainview to enter the armed forces since 1941. He left for the San Diego Naval Training Station four days after graduating from Plainview High School May 28.
