No Wonder You Are Constipated!

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? Bread, meat, potatoes? No wonder you're constipated—due to lack of "bulk." And "bulk" doesn't mean the amount you eat. It means the kind of food that forms a soft, bulky mass in the bowels. It's this mass that helps your bowels move.

The common sense thing to do about it is to eat a natural laxative food. Kellogg's All-Bran for breakfast will give you just the "bulk" you need and it gives you in addition.

the "bulk" you need, and it gives you, in addition, Nature's great intestinal-tonic, vitamin B. Est this crunchy toasted cereal every day, drink plenty of water, and life will be brighter for you! All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.
