

Officers War On Livestock Theft Ring

Grand Juries May Get Evidence During Next Month

AUSTIN, Mar. 9 (AP)—Rangers, sheriffs and special officers of the Texas and Southwestern Cattle Raisers' association are about to crack down on livestock theft rings.

A lengthy and quiet investigation is nearing a climax and, a reliable source said, evidence might be turned over to various county grand juries in April.

Col. H. H. Carmichael, public safety director, says theft of cattle, sheep, goats and hogs has increased recently but enforcement officers, banking on new laws, believe their campaign will produce startling results.

In recent months 13 indictments were returned by juries in Panhandle and West and Central Texas counties. One source said results of newly gathered evidence should eclipse these indictments.

At the last general session of the legislature penalties for livestock theft were increased and theft of wool, mohair and edible meat was made a felony. Conviction under either law brings sentences of from two to 10 years.

The lawmakers also placed restrictions on livestock commission merchants, requiring them to register, make bond and keep an accurate description of every animal involved in transactions. Violations are misdemeanors subject to fines of from \$25 to \$1,000, 30 days imprisonment or both.

Modern rustler works with trucks instead of horses, has gained greater celerity of movement and, as a result, capture has been made more difficult.

In the dead of night he slips into vast ranchlands, cuts a few head from a herd, sometimes kills and dresses them on the spot and by daylight has disposed of them at a nearby market.

The method produces little evidence because rustlers seldom leave behind hides or other incriminating evidence. But officers, alerting to the new methods and gaining more and more information about illegal trade channels, are piecing together scattered shreds.

HOSPITAL FUGITIVE BEING SOUGHT

SAN ANTONIO, Mar. 9 (AP)—San Antonio and South Texas were being scoured by officers today for a man, described as a "dangerous lunatic," who escaped from the San Antonio state hospital.

The man, having a right peg leg, slipped past guards at the asylum on South Press street Tuesday, and was seen at about noon that day, attempting to flag a ride out of town.

Described as dangerously insane by Dr. W. J. Johnson, superintendent of the hospital, the fugitive is nearly six feet tall, weighs about 160 pounds, and is about 50 years of age.

FIRE CALL

City firemen made a run Tuesday afternoon to 203 Bunnell street where a carbide generator had been threatened by fire. However, the blaze was brought under control by the time the fire equipment arrived.

What Is Your News I. Q.?

Each question counts 20; each part of a two-part question, 10. A score of 50 is fair; 50, good. Answers on the editorial page.

1. Who is this governor? Against whom is he running for the next month?

2. Projected U. S. legislation provides for the drafting of men and industry in wartime but says it would be impossible to try to fix prices. True or false?

3. Did Austria's Chancellor Schuschnigg say that (a) Hitler could control Austria's politics but not its army, (b) Austria would remain independent, or (c) Austria always would be glad to follow Germany's suggestions?

4. Are the three Albanian princesses who arrived recently in the U. S. the sisters of King Zog, or the daughters?

5. What language did Switzerland recently recognize as official? What other languages are official in Switzerland?

City Will Extend Water Main To The Cemetery

Special Irrigation Rate Approved For Summer, To Become Effective On April 20th

Authorization of extension of city water mains to the cemetery and approval of the residential summer irrigation rates stood out in the developments at the city commission meeting Tuesday evening.

Commissioners instructed City Manager E. V. Spence to transfer \$2,000 from the general fund to the cemetery fund for the purpose of extending a four inch water main line to the cemetery. The line will be connected there with a concrete storage tank, and thus give the

burial grounds the first secure water supply on record here.

Transfer of the money was authorized with the understanding that it will be repaid to the general fund from cemetery revenues after deduction of operating expenses. The extension of the line comes as a fulfillment of the commission's promise to annexing the cemetery as municipal property.

The summer irrigation rate, which in past years has given impetus to beautification of yards, was approved by the commission from April 20 to Sept. 20. It is the same rate as was in effect last year—\$3.50 minimum per month for the first 10,000 gallons; any part of the second 10,000 gallons at 30 cents per thousand; any part of the third 10,000 gallons at 25 cents per thousand; and all over 30,000 gallons at 40 cents per thousand.

Since the rate, applicable only to domestic users of water for irrigation purposes, goes into effect on the May billing, all persons desiring the rate must sign up for it at the city water office by May 15, city officials announced.

City Manager E. V. Spence was authorized to call for bids on the annual municipal audit at the end of the fiscal year, March 31, and for bids from banks to serve as depositories for the next fiscal year.

It also was announced at the meeting that additional lights would be placed in the downtown alleys to illuminate dark spots which heretofore constituted burglary hazards.

Barbara Yakovleva (above), once head of the dreaded Soviet secret police, left prison to testify against Nikolai Bucharin in the Moscow trial of "traitors." She declared she heard in 1918 that Bucharin wanted Lenin and Stalin assassinated if they insisted on peace with Germany.

Whitney Says He'll Take All The Blame

Acknowledges That 'Certain Of My Actions Were Wrong'

NEW YORK, Mar. 9 (AP)—Richard Whitney, senior partner of the bankrupt brokerage firm which bore his name and five times president of the New York Stock Exchange, today shouldered full responsibility for the conditions which led to the sensational failure of his company.

In a statement issued through his attorneys as opening hearings in a state investigation got under way the one-time leader of the so-called "old guard" in the exchange admitted his partners in blame and acknowledged "certain of my actions were wrong."

He offered to take the consequences.

Wall Street, meanwhile, was in a flurry of conjecture over the possible impetus to stock exchange reorganization and reform which may result from the sensational failure of the Whitney firm.

While eagerly awaiting revelations as to the financial transactions that resulted in yesterday's announcement of suspension and insolvency of the brokerage house headed by the exchange's former president, some Wall Streeters saw deep significance in the possible blow to the prestige of the stock exchange's "old guard."

The entire exchange membership, it was pointed out, is now voting on proposed amendments to its constitution, which if approved, would bring an entire new board of governors into office next May.

STRIKE ARBITRATION AGREEMENT NEAR

SAN ANTONIO, Mar. 9 (AP)—An agreement under which the pecan shellers' strike is to be arbitrated was scheduled to be signed today by union leaders and pecan plant operators in Mayor C. K. Quin's office.

Terms of the agreement have been approved by both sides and only the formal signing of the document stands in the way of negotiations proper, J. Austin Beasley, CIO pecan shellers' union leader, said.

DOGWOOD BLOOMS, TIME FOR ACTION

FALESTINE, Mar. 9 (AP)—Political candidates note—the dogwood is blooming.

The first annual dogwood trail, which will afford visitors an opportunity to view the beauty of blooming dogwood trees that flourish near here will be held Sunday.

Charles W. Woudridge of the chamber of commerce said invitations would be extended to Texas Garden club members.

The dogwood will retain its beauty for 10 days or two weeks.

Surtax Plan Rejected By The House

Amendment Would Levy On Closely Held Corporations

WASHINGTON, Mar. 9 (AP)—The house tentatively struck from the tax revision bill today a proposed surtax on family-owned and closely held corporations. The teller vote was 180 to 124.

Seek Another Vote

Defeated in their initial attempt to save the most controversial item in the measure, administration forces said they would demand another vote on it before the house ballots on final passage of the bill.

A coalition of republicans and democrats succeeded in winning house approval for an amendment to strip the levy on closely held firms from the bill, although members had received shortly before a warning that a revenue measure with that tax eliminated might be vetoed by President Roosevelt.

Chairman Doughton (D-N.C.) of the ways and means committee, seeking to swing the tide of votes against an amendment to kill the levy, told the legislators that if the amendment carried, "in my judgment the bill will be vetoed."

Other Sources

Doughton shouted that if the house eliminated the closely-held corporations surtax—known as the "1B" levy—it would have to assume the responsibility for finding other sources which would yield an equal amount of revenue—estimated at between \$30,000,000 and \$45,000,000.

"Strike out 1B and you'll have to have that other revenue," Doughton warned.

He said the ways and means committee democrats believed, after working four months, that "this is the best bill we can write."

Representative Treadway (R-Mass), minority leader on the committee, declared the democrats were "apologizing for the wretched mistakes they made in writing this bill."

CLEARING WEATHER AIDS PLANE SEARCH

FRESNO, Calif., Mar. 9 (AP)—Clear weather, described by searchers as "most encouraging," spurred the hunt today for the last missing of a biplane, which disappeared in the mountains March 1.

S. D. Welsh of Kansas City, superintendent of the western division of Transcontinental and Western Air Inc., said the clear weather was most helpful.

STATE MAKES NEW SCHOOL PAYMENT

AUSTIN, Mar. 9 (AP)—State Superintendent L. A. Woods announced today the release of another \$3,117,700 in per capita state aid to public schools.

With the new mailing, \$12 of the per capita apportionment of \$22 authorized by the board of education for the current fiscal year had been paid.

SCHUSCHNIGG CALLS NATIONAL VOTE

INNBRUCK, Austria, Mar. 9 (AP)—Chancellor Kurt Schuschnigg tonight called an Austrian national plebiscite for March 13 to determine if the Austrians wished to remain for Austrian independence.

HUGE BOUQUET FOR MRS. ROOSEVELT

AMARILLO, Mar. 9 (AP)—Mrs. Franklin D. Roosevelt's mother-in-law gift of 5,000 roses was described today as the largest bouquet ever assembled.

Weighing a ton, the bouquet had to be presented on a large crane. The roses were assembled on a frame of heavy timber and steel. Fifteen bales of moss was used in the "irrigation system" of the bouquet, which was 16 feet long, 9 feet high and 8 feet wide.

Mrs. Roosevelt requested that the bouquet be taken apart and that the roses be given to shuttin mothers-in-law, in hospitals and the local tubercular preventorium for children.

Balanced Budget Is Out Of The Question For City This Year

All hope of balancing the city budget by the end of the fiscal year of March 31 was abandoned Wednesday in the face of the monthly financial statement approved by the city commissioners Tuesday evening.

However, it was pointed out that the excess of expenditures over appropriations was due to disbursements outside of the budget, such as water and sewer lines to the state hospital site.

RAILROADS ASSERT RATE HIKE NOT ENOUGH TO MEET NEEDS

U.S. MARINES HALT JAP PATROL IN SHANGHAI

United States marines are shown as they halted a Japanese patrol on Nanking Road in Shanghai recently as the latter sought to enter the American defense zone. Later Japanese officials issued a statement of regret and promised to send no more patrols to the American sector.

Thousands Crowd In Amarillo For Mother-In-Law Day Observance

AMARILLO, Mar. 9 (AP)—Mrs. Franklin D. Roosevelt arrived here at 11:25 a. m. today for the spectacular mother-in-law day observance and found this plains cow town jammed to capacity with thousands of visitors.

Mrs. Roosevelt came here by train from Lubbock, where she spent the night, and was greeted by the governors of five southwestern states, Kansas, Colorado, New Mexico, Oklahoma and Texas. Her son, Elliott, and his wife accompanied the first lady.

Mrs. Roosevelt, honor guest of the day, rode in an open car over the line of the 13-mile-long parade and stopped at the reviewing stand to receive a one-ton bouquet of 5,000 roses.

The first lady then watched one of the longest and most colorful parades ever staged in the Southwest, featuring by the largest float in the world, which was occupied by 600 mothers-in-law and a boy selling soda pop.

Thousands of women with married children were in the city for the annual celebration. Hundreds came from other states and nearly every state in the union was represented.

The weather gods smiled on the celebration, sending clear, warm weather after last night's rains had settled the dust.

By dawn the streets were packed and the only place where standing room was available by parade time was the bald plains surrounding the city.

Hundreds of peace officers, highway patrolmen and national guardsmen from Texas and New Mexico patrolled the vacated residential sections, managed the parade and handled the heavy side-street traffic. Only official automobiles were allowed on the main streets.

High Wind At Corpus Christi

Gale Reaches 70 Miles An Hour, But Damage Light

CORPUS CHRISTI, Mar. 9 (AP)—Winds of terrific force, estimated at 70 miles an hour at the municipal airport, shook Corpus Christi buildings early today, broke several windows, but caused no material amount of damage.

In the Sacket oil field near here, several derricks were blown down, one narrowly missing a house.

No official report was available at the airport because the power was cut off during the blow, but the estimate was considered by weather bureau officials as fairly accurate.

Official records in the downtown section showed a maximum of 48 miles an hour for five minutes and 55 miles an hour as the fastest single mile. The barometer fell from 30.01 at midnight to 29.80 at 2 o'clock this morning.

Trees were blown down, garage doors torn off and at the airport, a fire extinguisher house was lifted over a fence.

The weather bureau said the wind was caused by a local disturbance resulting from thunderstorms in the north and a low pressure area over Arizona.

MONEY DISTRIBUTED TO RURAL SCHOOLS

Common school districts of Howard county Wednesday had \$1,482.95 in local tax money for first distribution among them, Mrs. Helen Acuff, assistant county superintendent, announced.

The amount was divided as follows: current local maintenance \$297.56 and \$65.97 to interest and sinking funds; and delinquent local maintenance \$860.68 and \$288.34 to interest and sinking funds.

PEACEFUL CITY

City police reported it "all quiet on all fronts" for Tuesday night. Not only was there a lack of arrests, but the department had not so much as a single call for the night.

Disappointed, Says Chief Spokesman

Pelley Claims Increase Averages Only 5-6 Percent

WASHINGTON, Mar. 9 (AP)—Approval of higher freight rates by the interstate commerce commission fell so far short of needs, rail executives said today, that the nation's railroads remain in a perilous financial condition.

274 Million A Year

"We are glad to have what they gave us," said J. J. Pelley, president of the Association of American Railroads, "but we're disappointed."

The commission's decision, handed down late yesterday, gave the railroads permission to raise most rates from 5 to 10 per cent. Commissioners Joseph B. Eastman estimated the additional revenue would amount to \$274,000,000 a year.

Statisticians of the bureau of railway economics, a private concern operated by the railroad, figured, however, the increases would add only \$220,000,000 to rail incomes.

Pelley said a study of the 196-page decision indicated the general freight rate schedule had been boosted only five or six per cent. Railroad spokesmen during the hearings had asked for a 15 per cent increase, but Pelley said the requested changes actually would have lifted the rates only 12.5 per cent.

Another Petition?

"Whether we'll go back to the commission again with another petition for higher freight rates, or just what course we will pursue hasn't been decided," he said, adding that the permitted raises will be put into effect as quickly as possible.

They may be applied on 10 days' notice.

Following the decision, President Roosevelt announced he would hold a previously-discussed railroad conference at the White House next week.

The meeting will consider the whole question of railroad finances. Those to attend are Chairman Walter M. W. Eby, and Commissioner Eastman of the I. C. C.; Senator Wheeler (D-Mont.), Representative Lea (D-Calif.), Carl Gray of the Union Pacific, and George Harrison, representing railway labor.

With certain exceptions, the I. C. C. authorized the railroads to increase freight rates by 10 per cent. It stipulated, however, that increases granted on many commodities last fall must be included in that percentage.

Schedules

Increases of five per cent were granted on the following commodities:

Agricultural products, except tropical fruit; animals and animal products, except horses and mules; lumber, shingles and lath; cottonseed oil and vegetable oil, except linned oil.

Anthracite coal rates were increased 10 cents a ton, or about 3 1/2 per cent.

Increases were specifically refused on bituminous coal, lignite, iron ore, fresh milk and cream, and refrigeration service.

The commission deferred a decision on the application of eastern railroads for permission to increase passenger coach fares from 3 to 25 cents a mile.

Citrus fruits were included in the 10 per cent rate increases.

Spokesmen for livestock shippers were critical of the five per cent boost on their product.

OFFICIALS HERE TO AID ON INCOME TAX RETURNS

H. C. Broadus and E. D. Pries, deputy collectors of internal revenue, were in the district courtroom at the courthouse Wednesday assisting income taxpayers in making their returns.

They planned to remain here, working in the same location, until 4:30 p. m. Thursday. All persons desiring such assistance on their 1937 returns may see them there.

CALL PROMPTLY

For the attention of subscribers: If you fail to receive your paper, please wire to call The Herald office—126—before 7:30 p. m. on weekdays and before 10 p. m. on Saturdays, and a new copy will be sent to you.

But papers cannot be delivered on the second day. Please do not wait, but call promptly.

CIRCULATION DEPT.

TERRY OF OPINION GIANTS ARE IMPROVED BALL CLUB

TOM BAKER, TEXAN, DRAWS PRAISES

Expects Former Brook Twirler To Take Place Of Castleman

BATON ROUGE, La., Mar. 9 (AP)—The Giants, to whom rival National League folks are fond of referring as "lucky stiff," are far along in their training here on the banks of the Mississippi, and Colonel Bill Terry says he thinks they're going to win another flag.

AT BATON ROUGE, LA. Four New York Giant batters greased their paws for action. Left to right: Berger, Leslie Chiozza and Jo-Jo Moore.

There's something wholly charming about the Giants camp. Colonel Terry isn't glowering at the sports writers and there's an atmosphere of sublime confidence. Others might worry about the Giants and try to figure out what holds them up, but there's none of that around here. They've shaken off that beating they took from the Yankees in the last world series.

So nicely are things breaking that Terry couldn't even get excited when his rookie second baseman, Bill Nowak, turned up in the Cleveland Indians training camp yesterday. He would get him back, he said, letting it go at that.

"Terrible things have been happening to us all spring," Bill said. "Castleman refused to report, Burgess Whitehead was operated upon for appendicitis and Dolfo Luque pulled a Cuban sit down strike on me. And it looks like we're going to be a better ball club than ever."

Largely responsible for Bill's expansive mood is his suspicion that in Tom Baker he's found a right hand pitcher who will make him forget all about Cydell Castleman. Since watching Baker pitch three innings against the Athletics last Sunday at Lake Charles, the Colonel has quit wiring Castleman to report instantly.

Sampson Stops Bey In Main Go At AC

Cops First Decision Here; Tremaine In Victorious

Our hero, Richard Sampson, was in jovial mood last night in his duel with Bey in the featured wrestling match at the Big Spring Athletic club. Acting on a benefit card for Blenny Chrans, the Dallasite accomplished more for his own good than anyone else's by winning his first decision on the local grounds.

Yes, he probably made Bey a firm believer that history is made at night around these parts because, while Sampson was copping the nod, the Turk's head was bowed to disastrous defeat for the initial time.

Proud of his superior strength but prouder still of the rehabilitation of a crop of hair atop his head, Sampson seemed to be in rare humor by tossing Pasha with a simple shoulder pin for the initial break and then didn't lose patience when Bey returned and slammed him around the ring for the second fall. The Turk softened him up the least bit and then rolled him for another Japanese toe hold and the match was square.

All of which went for all. Richard returned, worked Bey into a peculiar style of Indian Stake hold and Bey appealed to the referee to stop the match.

As expected, Andy Tremaine dropped Benny Wilson twice in the semi-go, using a barrel roll on each occasion to set his opponent up for the kill.

From the ringside came the announcement that Joe Kopecky, who showed here last season, would appear here next week.

PSAA To Conduct Four Track Meets Soon

BARNEY ROSS TO BE BUSY

CHICAGO, Mar. 9 (AP)—World welterweight champion Barney Ross will sharpen up in at least two non-title engagements before defending his crown against Henry Armstrong in New York May 28.

Co-Manager Sam Pina said he expected to close a date today for a bout in Minneapolis, and had another formal workout in the morning for April.

Pina predicted a gate of close to \$300,000 for the Ross-Armstrong battle.

Aggies Close Year With Win

By The Associated Press

The Southwest conference basketball season came to an uneventful close last night when Texas A. & M. defeated Rice Institute at Houston 52-45. The game gave the Aggies six victories against six defeats—just enough to keep them ahead of the University of Texas.

The Longhorns ended up in fifth place. Rice, which had lost more games than any other team except Texas Christian, was next to the cellar.

Many games previously Arkansas had clinched the title. Baylor took second place, beating Southern Methodist university, last season's champions.

The Battle of Hastings, in which the Norman invaders of England conquered the Anglo-Saxons in 1066, is depicted in the famous Bayeux tapestry.

Drills In Six-Man Football Scheduled

Chairman Riggs Sheppard Lines Up Spring Program

The athletic program of the Pioneer School Activities association will get underway in earnest March 15 when the organization stages two track and field meets. The meetings will be the first of four which have already been arranged, according to Chairman Riggs Sheppard, Courtney, who released the tentative schedule this week.

Courtney, Stanton, Garner and Ackery will have entries in an invitational scheduled for Stanton on that date while Coahoma will be the scene of action for the athletes of the schools of Coahoma, Westbrook, Foran and Garden City.

To Play Tennis, Too Other meets lined up will take place at Garner and Foran, both set for April 1. Ackery, Coahoma, Westbrook and Garner will be represented in the Garner meeting while the Foran invitational will be open to athletes from the schools of Courtney, Stanton, Garden City and Foran.

Senior divisions of tennis play will also be conducted at all meetings, Sheppard announced.

The association will also sponsor volleyball for both boys and girls. Interscholastic league rules of eligibility and playing rules have been adopted by mutual agreement, the chairman said.

To Begin In Football Spring training in six man football will be conducted at most of the schools within the near future and a few games will probably be played in order to become acquainted with its strong and weak points before next season and to stimulate interest in the game.

Courtney has already made arrangements for several games, Sheppard said. Westbrook will be met either at Courtney or in Big Spring April 22.

Other games: April 28—Garner at Garner. May 6—Ackery at Ackery. May 13—Stanton at Courtney. An effort will be made to arrange for games with Foran and Garden City.

Future Players To Be Studied In New Tests

AVALON, Santa Catalina Island, Calif., Mar. 9 (AP)—Future baseball players for the Chicago Cubs will in effect be shoved through a laboratory test tube in an attempt to bring out their potentialities as stars of tomorrow.

It's the idea of P. K. Wrigley, multimillionaire owner of the team. Nothing like it ever before has been attempted in baseball, although the idea has been applied to industry.

Wrigley has set up the first baseball research laboratory under the general supervision of Prof. Coleman Griffith, a specialist in psychology at the University of Illinois.

Prof. Griffith, a tall, scholarly looking individual, is regarded as a genius in athletic research. He has figured the horse power a runner develops in a 100-yard sprint, the speed a baseball gathers from pitcher to catcher and in his flight from a bat and the muscular and mental reactions of an athlete doing anything.

Prof. Griffith contends there are many young men in this country who have never thought of baseball as a career who possess just the proper eyes, muscular response and mental equipment to make them possible stars. He said that men of these qualifications can develop their inherent talents quickly through proper coaching.

Courthouse Team Is Victorious

Moore's Cowhands, the Courthouse team of Big Spring and Brown chalked up opening victories in the Community volleyball league at Moore Tuesday night.

The Cowboys defeated the West Siders of Big Spring in two straight games, the Courthouse team won over Moore's Independents by the same margin while Brown licked the South Siders by a two-to-one margin.

GEHRIG STILL AFTER 40 G'S, PRICE IS AN OLD AMBITION

NEW YORK, Mar. 9 (AP)—Lou Gehrig, the New Rochelle dude rancher, is making what may well be his final stab at the big money and, to date, Jake Ruppert is doing a neat job of parrying.

Some fancy haggling yesterday brought the Messrs. Ruppert and Gehrig to a point where only \$1,000 separated Lou from a signed contract and departure for St. Petersburg, Fla., and the Yankee camp. The iron horse wants \$40,000, the colonel offers \$38,000. The market was steady at closing time.

The sum Gehrig asks symbolizes to him the fulfillment of one of his ambitions. He realizes that if he is to pull down \$40,000, a salary few ball players have approached, this is the year to get it.

In this Gehrig uses what his playmates at St. Pete would call "the old o'len." The big first baseman has been playing that bag since 1923, which is not an awesome figure until it is broken up into the quick starts and stops, slides, off balance throws and times at bat that make up 1,562 consecutive ball games.

This then is the time to grab that \$40,000 for Lou cannot look forward to many more years of service, despite his pylon-like legs and barrel chest.

Lou's admission that \$40,000 is an ambition discredits the story he is waiting to sign a contract until he is sure that Joe DiMaggio, the Italian outfielder, will not collect more from the colonel's privy purse than he will.

The colonel is pretty definite on that. "DiMaggio can stay home if he doesn't want to play ball for \$28,000," declared Ruppert yesterday.

Slaton Loses To Lueders

Casers To Play Kahn Team Tonight; Wilson Is Victorious

DALLAS, Mar. 9 (AP)—The state high school basketball championship team, playing as the Jas. E. Wilson of Dallas quintet, clashed here tonight with the powerful Tom Padgett cagers in the A.A.U. tournament.

Other matches tonight are those of Sammy's, Dallas, vs. Auburn Ice Cream team of Fort Worth; Dr. Pepper vs. Lueders Casers and E. M. Kahn, Dallas, vs. American Liberty Pipelers.

The Slaton Oilers, defending champions, were eliminated last night in their first round contest by the Lueders cagers 51-34.

Dr. Pepper defeated the Sabinas Bottlers 42-27. Scores and opponents of the other winners were Jas. E. Wilson over Kroehler Manufacturing company, 44-37, and Tom Padgett over Olive and Myers, 49-44.

DERBY LIST IS RELEASED TODAY

LOUISVILLE, Ky., Mar. 9 (AP)—There are 103 of them, but the important thing is not "how many," but "which ones."

Yes, it's the Kentucky Derby list that comes along this time every year, be there devastating floods or bright sunshine in Derbytown.

There in the next little "Derby booklet" are such magic names as Slagshand, Fighting Fox, Nodayr, Menow and Tiger, Dauber, Mountain Ridge and Teddy's Comet.

There are also some more which may make any one of the early choices stretch out for all they are worth before the old Churchill Downs mile and a quarter is traversed May 7 for the 64th time by some 15 or 20 of those named today.

PLAY OPENING GAME CATALINA ISLAND, Calif., Mar. 9 (AP)—Manager Charley Grimm ordered the Chicago Cubs out today for their first intra-camp game of the training season. Newell Kimball and Bob Logan were to hurl for the regulars and Clay Bryant and Leroy Parmelee for the opposition.

WEST TEXAS TEACHERS DEFEAT FULTON MO., 35-34; WILL LINE UP AGAINST ROANOKE

Denton Meets Mississippi Delta Five

KANSAS CITY, Mar. 9 (AP)—Sixteen teams, representing a garden variety of playing styles and a far-flung geographical setup, swung in to action in second round games

It Is Dangerous

It is dangerous to sell a SUBSTITUTE for this just to make three or four cents more. Customers are your best asset; lose them and you lose your business. 60¢ is worth three or four times as much as a SUBSTITUTE.

of the national intercollegiate basketball tournament today. There is the Marshall college squad of Huntington, W. Va., whose razzle dazzle floor play and shooting wizardry carried it to a 67 to 60 victory over the Peru, Neb., Teachers.

Thirteen states are represented by the survivors, with Iowa, Texas and Missouri each having two teams still in the picture.

Today's program includes several contests which loom as anybody's ball games, included are the Valparaiso - Warrensburg encounter, the West Texas State-Roanoke affair, and the Murray Teachers-Maryville, Mo., game.

The lowering West Texas quintet edged out scrappy little Westminster college of Fulton, Mo., 38 to 34.

Council Will Utilize Ball Grounds

Attempt Will Be Made To Operate Softball League Here Again

A decision to call interested parties together in an attempt to find out whether Big Spring wants softball another year was reached last night during the meeting of the advisory council of the Big Spring recreation department in the municipal auditorium.

A suggestion had originally been made to convert the Munny park diamond into tennis courts had been made several weeks ago but H. F. Malone, recreation director, announced that several local softball teams were practicing and may form a league if a meeting were called.

The city has erected stone bleachers around the softball grounds and will improve the playing grounds, City Manager E. V. Spence announced.

Chairman Pat Murphy introduced the idea of operating a "fast" league and a "slow" league, restricting players in the latter loop with age limits for employment connections.

M. K. House, Sr., led a discussion of tennis and made an appeal for at least two more tennis courts. He stated that at least four courts would be needed to conduct the annual West Texas open tournament here in July. Two now are in operation.

Ben Daniel, Harold Akay, Hank Hart, Murphy, House, Malone and Spence were in attendance.

COURT FAVORS SCHOOLS IN GRID SUIT

GARNETT, Kans., Mar. 9 (AP)—A high school football player can not collect damages for injuries suffered on the playing field, District Judge Hugh Means held today.

Kirk Bierly sued the Westphalia, Kans., rural high school district for \$155 doctor bills and time lost by his son, Gail, injured in a game in 1936. He called high school football an "attractive nuisance" and charged it was a profit-making enterprise.

Judge Means ruled the district had no power to pay tax money for such compensation.

LOCAL NETTERS ENTER TOURNNEY AT BARSTOW

Two local tennis players, Jimmie Myers and H. C. Burrus, have entered the Trans-Pecos tennis tournament at Barstow which begins Saturday and continues through Sunday.

Myers will participate in the senior division while Burrus will campaign as a junior player. The two will pair up in senior doubles play.

MOSCONI MEETS FORMER TITLIST

NEW YORK, Mar. 9 (AP)—Willie Mosconi takes up the daily pursuit of his fellow Philadelphia, Andrew Ponsi, tonight when he meets Elwin Rudolph of Cleveland in his fifth round match of the world's pocket billiards championship tournament.

Ponsi racked up his fifth consecutive victory last night when he trimmed Onofrio Lauri of Brooklyn, 125 to 107, in 14 innings. Today Ponsi is idle, and Mosconi, who has won four games, can tie the veteran ex-titlist for the lead by defeating Rudolph.

The Cleveland, another ex-champion, dropped his sixth straight game to Jimmy Caras of Wilmington, Del., by 125 to 6 in 38 innings yesterday. By his victory, Caras moved into the tie for third place with Joe Prochia of Gloversville, N. Y., with four wins and one loss.

WEST TEXAS TEACHERS DEFEAT FULTON MO., 35-34; WILL LINE UP AGAINST ROANOKE

Denton Meets Mississippi Delta Five

KANSAS CITY, Mar. 9 (AP)—Sixteen teams, representing a garden variety of playing styles and a far-flung geographical setup, swung in to action in second round games

of the national intercollegiate basketball tournament today. There is the Marshall college squad of Huntington, W. Va., whose razzle dazzle floor play and shooting wizardry carried it to a 67 to 60 victory over the Peru, Neb., Teachers.

Thirteen states are represented by the survivors, with Iowa, Texas and Missouri each having two teams still in the picture.

Today's program includes several contests which loom as anybody's ball games, included are the Valparaiso - Warrensburg encounter, the West Texas State-Roanoke affair, and the Murray Teachers-Maryville, Mo., game.

The lowering West Texas quintet edged out scrappy little Westminster college of Fulton, Mo., 38 to 34.

THE SPORTS PARADE

By HANK HART

PAT MURPHY, athletic monitor at the local high school, believes in beginning things right. He is working to promote several track and field meets among the athletes in the various ward schools of the city. The city of Sweetwater will hold one of the first invitational golf tournaments in this sector. It will be conducted April 14-17, inclusive. Among early entrants J. T. HAMMETT, popular Rising Star masher wielder, and BILL PARKER of Abilene. D O U G JONES, Big Spring's crack golfing artist, who shot 33, 32 and 31 on successive practice rounds over nine holes last week, will not be ready for competition again until he recovers from a tonsil operation.

CHARLES AKAY, brother to the Munny's HAROLD AKAY, and former pro of the local grassed green layout, now of the Lubbock CC, paid a visit here Tuesday seeking to advertise the West Texas tournament there later in the year. He didn't have to give his name talk to use perty, however. That individual is OBIE ERISTOV, winner of the Lubbock invitational last year who hits the Panhandle trail at each opportunity. The Lubbock course is right down OBIE's alley.

A survey of the new softball rules will bring out the discovery that the punt is now allowed. Heretofore a batter was automatically retired if he attempted to get on base in that way. A uniform softball will be made by all manufacturers, too, and will be advertised as such. Abilene's sportsmen are constructing a new softball park with bleachers and fence. The old ballpark was located at the Fair grounds. A fence around the outfield here is being contemplated. The Munny park diamond may be oiled for the approaching season's play if the grounds cannot be improved any other way.

Midland's FINCHER WITHERS, baseball maestro, signed five youngsters in training at the National Baseball school in Los Angeles yesterday. They were HENRY FROSCHAUER, FRANK NELSON, ELLSWORTH SUTAR, AYLES DOOSDORIAN and A. LARRIEU, all of California. The quintet will report when the NBS team swings through Texas for a series of exhibition games.

FORREST McDUFFY, local airway radio operator, is interested in promoting an American Legion baseball team among the youngsters here and sending them to the state tournament. He will need cooperation from the local executives club but one of the strongest lineups of junior ability within the state could easily be teamed together here.

Three local mitt slingers, ELIAS BEAD, RED CUNNINGHAM and J. C. WALLACE, have been invited by Texas Tech's boxing instructor, MILT COFFEY, to take part in the district AAU tournament in Lubbock next Friday night. Most of the winners of Golden Gloves titles are receiving the invites and the field will be limited to four fighters in each division. The victors there will be sent to Dallas April 1 for the state finals.

MOSOLF RETIRES TACOMA, Wash., Mar. 9 (AP)—Jimmy Mosolf, outfielder purchased by Portland of the Pacific Coast league from the Dallas, Texas, league club last month, today announced his retirement from baseball and the acceptance of a position with a business firm.

DIMAG STILL IS OUTSIDE FOLD SAN FRANCISCO, Mar. 9 (AP)—Outfielder Joe DiMaggio wants more than the offered \$25,000 for another season with the New York Yankees, and he plans to "sneak right here" until Col. Jacob Ruppert offers him more money. Joe wants \$40,000.

Colonel Ruppert said in New York yesterday he believed he had been reasonable in his contract dealings and that DiMaggio "can stay home if he doesn't want to play ball for \$25,000."

ARE YOU Pale, Weak? Waco, Texas—Mrs. E. B. Smith, 41, Hackberry St., says: "A few years ago I had no appetite and felt weak. I used Dr. Fieser's Golden Medical Discovery and it made me feel so much stronger and my appetite was better. Buy it in liquid or tablet form from your druggist today. See how much more vigorous you feel after using the Golden Medical Discovery."

Wait... wait... that's the watchword for Chesterfield tobaccos

Here's the reason so many smokers like Chesterfields...

Thousands of casks of mild ripe Chesterfield tobacco are kept in storage all the time—every pound of it aged 2 years or more to give Chesterfield smokers more pleasure.

The mild ripe tobaccos—home-grown and aromatic Turkish—and the pure cigarette paper used in Chesterfields are the best ingredients a cigarette can have. They Satisfy.

Chesterfield .. they'll give you MORE PLEASURE

YOU Will Vote Friday

Either In Favor Of Better Business, Our Old Aged Citizens And Common Sense Regulation — Or For A Theory That Has PROVEN A DISMAL FAILURE!

A Statement of Facts To Howard County Tax Payers—

As a citizen and taxpayer of Howard County you should be tremendously interested in the outcome of Friday's election. The issue to be voted upon is whether or not light wine and beer will be legalized. The vote Friday can not legalize the sale of hard liquor.

As a matter of fact more is involved in this election than this simple issue would indicate. The future of Howard County is at stake. That prohibition adversely affects business conditions is a fact that cannot be denied. Howard County is now experiencing a "self imposed depression." You, as a taxpayer, struggling to pay and hoping that your tax burdens will be lightened, should take a look at the record and consider the facts before you go to the polls. The County Tax Collector's record shows that a total of \$6,902.50 was collected from beer license fees alone in Howard County during the year 1937. Of this amount, \$4,595.00 was paid into the State Treasury and the remaining \$2,307.50 was retained by the county government. (All this in addition to city license fees).

These items, however, represent only a minor part of the income from beer which was sold by retail and wholesale beer dealers of Howard County. In addition to these license fees, the State of Texas and the Federal government levied taxes on the actual amount of beer sold by these dealers of Howard County. The State beer tax thus levied and collected during the year 1937 amounted to \$10,640.00, while the Federal government for a like period collected \$44,760.00. By adding the amount collected from both taxes and license fees, we find the actual total collected to be \$72,302.50. Not all of this beer was consumed by citizens of this county, however: much of it was purchased by visitors, and these visitors spent money for many other commodities while here.

BUSINESS LOSSES TO HOWARD COUNTY

In addition to these losses in revenue to various government units, business in Howard County has suffered in a more direct way. 368 citizens were employed in these licensed beer establishments. They, with their dependents, numbering more than 900, were directly affected. 31 establishments have gone out of business as a direct result of prohibition. Nearly 100 citizens of Howard County have actually lost their jobs. Every line of business has been affected by this impairment of spending power. Thousands and thousands of dollars spent with other business concerns by these licensed establishments and their employees have been taken out of circulation.

One prominent grocer in Big Spring said, "A number of cafe customers whose accounts amounted as high as \$50.00 per week prior to prohibition are now spending less than \$10.00 per week in my place of business. Other customers have quit buying completely."

A cafe proprietor reports, "Never a week passes but what several groups of diners get up and leave my tables and cancel their orders for meals when they find that they cannot purchase a bottle of beer before they eat." Another restaurant man reports, "Business 25% off and an unprecedented number of hard drinkers to deal with."

The manager of a local clothing firm says, "Our sales of men's suits have fallen off noticeably since prohibition. Other articles are affected in proportion since the buying power of many of our customers has been cut."

One furniture store owner said, "We have been forced to repossess two suites of furniture from persons who lost their jobs because of prohibition and were unable to keep up their payments."

A Howard County lumberman states, "I lost the sale of a number of bills of lumber which were to be used in making additions to existing buildings and the erection of new buildings when owners were forced to curtail their activities because of prohibition."

A drug store man who did not take out a medicinal permit to sell liquor, states, "Strange to say our business has fallen off quite a bit since prohibition. No doubt the fact other businesses are being affected in turn hurts us."

Police authorities of Big Spring and the sheriff's office of Howard County report there has been NO DECREASE in the number of arrests for drunkenness since prohibition took effect January 15th in Howard County as compared with the same period of time last year. But there has been a notable INCREASE in ARRESTS FOR DRUNKEN DRIVING. People who have to go away from home for refreshment take more than they realize before driving back.

Consider These Facts Before You Vote In The Election Friday

THIS IS THE WAY TO MARK YOUR BALLOT FOR LIGHT WINES AND BEER

SAMPLE BALLOT

FOR legalizing the sale of malt and vinous beverages that do not contain alcohol in excess of fourteen (14%) per centum by volume.

AGAINST legalizing the sale of malt and vinous beverages that do not contain alcohol in excess of fourteen (14%) per centum by volume.

OLD AGE PENSIONS THREATENED

In May, 1937, 127,769 aged citizens received pensions from the State of Texas. Last month this number has been reduced to less than 114,000 according to a statement issued by the Texas Old Age Assistance Commission. Getting a little close to home, let's take a look at what has happened in Howard County. In that same month of May, 280 Howard County citizens received payments. Last month there were only 189. In addition, 315 applications have been denied, many because of lack of state funds. One of Howard County's old age pensioners had the following to say, "We all know that the State of Texas is committed to a policy of paying old age pensions, but I have sense enough to know that if it does not have the money, it cannot pay us. The fact that the State has not had the money is responsible for the cutting of thousands and thousands of pensioners from the rolls during the last year."

"It is not unreasonable to believe that further cuts will be made unless we preserve the revenue which goes to the old age pension fund."

The State auditor's report shows that 48% of all the State's money for old age pensions is derived from license fees and taxes on alcoholic beverages. The annual report of the Texas Liquor Control Board shows that revenues for 1937 amounted to \$6,971,299.14. These are public records and the accuracy of these figures may be easily checked.

Under the laws and the constitution of the State of Texas, taxes on alcoholic beverages are allocated 3-4 to the Old Age Assistance Fund and 1-4 to the school fund.

In addition to the taxes and license fees collected by the State, County and City governments, more than \$16,000,000.00 was collected by the Federal government for alcoholic beverages in Texas. Most of this returned to Texas in one of the various forms of Federal aid.

NEW LAW ELIMINATES OBJECTIONABLE PLACES

Texas now has a new Liquor Control Act. It makes provision for absolutely eliminating objectionable beer joints. Under this new law where the sale of light wines and beer is legal, any establishments selling these beverages may have its license absolutely cancelled for any one of the following reasons: 1. Selling to any person under 21 years of age. 2. Selling to any person showing evidence of intoxication. 3. Possessing or permitting any of its agents or servants to possess on the licensed premises any alcoholic beverages other than light wines and beer. 4. Permitting at its place of business any conduct by any person whatsoever that is lewd, immoral or offensive to public decency. In counties where advocates of temperance lend their support to the enforcement of this law, conditions are much better than they are in counties where these efforts are given toward so-called "prohibition."

The new law authorizes the County Judge to reject any application for a license if he "has reason to believe that the applicant will conduct his business of selling beer at retail in a manner contrary to law or IN ANY PLACE OR MANNER conducive to violation of the law, or likely to result in any jeopardy to the peace, morals, health or safety of the general public."

The Liquor Control Board and the county officials have stated that they intend to use this authority to the fullest extent to see that objectionable persons or places are not licensed. Only a few of the beer retailers of Howard County have ever been the cause of any complaint.

Should Howard County have honest licensed dealers under this sort of regulation and supervision, or shall it have the bootleg dives that infest "dry" territory despite the best efforts of peace officers and the lavish expenditure of taxpayers money to suppress them?

COMMUNITY SEEKS TO ATTRACT VISITORS

Big Spring and Howard County have long sought to attract visitors both from within and without the State of Texas and to offer the most enjoyable stop-over place for the host of travelers on our great highways. Aided as we are by those things with which nature has endowed us, we are foolish to nullify our invitation to these visitors by interfering with their personal enjoyment through so-called "prohibition." We should take steps to attract more of these visitors rather than drive them away.

A vote for light wines and beer is a vote for better business in Howard County.

THINK BEFORE YOU VOTE—

It is not a question of prohibition or anti-prohibition—beer can be bought, in case lots and shipped in or brought over in a car from towns east and west—without violating the law.

Isn't it better to license and control light wines and beer and get the tax for schools and old age pensions than to have people buy them from bootleggers and dives?

What about business? What about visitors to this community? When summer visitors, tourists travel and conventions are desired—then will the absence of legal beer really be felt?

Latest count shows that 9,966 pints of hard liquor have been lawfully delivered by six drug stores of Big Spring upon individual doctor's prescriptions in the six weeks since beer became unlawful in Howard County.—From the Records of Liquor Board.

ON THE RECORD

By DOROTHY THOMPSON (Miss Thompson's column is published as an informational news feature. Her views are personal and are not to be construed as necessarily reflecting the editorial opinion of The Herald.—Editor's Note.)

L'AFFAIRE MORGAN

Unless the people of the United States immediately ask their senators and representatives in Washington for a full congressional investigation by a committee of both houses, there is grave danger that a distinguished public servant, a man of unselfish service, unchallenged personal integrity and complete incorruptibility will be railroaded out of office, "purged" and "liquidated."

Mr. Arthur E. Morgan, chairman of the Tennessee Valley Authority, is slated to be eliminated from the TVA board. He is slated to be eliminated because he has raised home extremely embarrassing questions, covering fundamental policy, bookkeeping, political influences, possible connivance at corruption, and, in the larger sense, the whole issue of responsible administration.

It is perfectly ridiculous to try to present this dispute between Mr. Arthur Morgan and his associates as a board quarrel, and an issue between majority and minority rule. Mr. Arthur Morgan has raised specific issues and made grave accusations. They involve the possibility of serious laxity on the part of his associates.

One would think, first, that Senator Berry would demand a congressional investigation, if he wishes to have his name cleared before the public. One would think that both Mr. Harcourt Morgan and Mr. David Lillenthal would insist on an investigation, for the same reason.

Quite the contrary. They want Mr. Arthur Morgan to resign. They suggest that they be left in charge of the TVA and Mr. Arthur Morgan take his case to the public platform, if he wants to. And they answer specific charges with an essay on majority rule!

The issue is of the most critical importance for liberals, for it raises the whole question of whether the end shall determine the means. The very essence of liberalism is Arthur Morgan's standpoint, namely that scrupulous method is a condition of all genuine reform.

If the TVA has been engaged in practices which, used by a private organization, would be roundly condemned by government, what will become of confidence that any extensions of government control will better our social condition?

L'affaire Morgan, like l'affaire Dreyfus, is something for the reformers to take up, not the reactionaries. The more so, because of the person involved. For it is quite impossible to "unsear" Arthur Morgan, or to turn the issue either into a question of majority versus minority rule, or of practical realism versus impractical idealism, or of progress versus reaction, all of which Mr. Morgan's associates and their backers are trying to do.

Incidentally, while talking play with Hemingway, Mr. H. found opportunity to accompany him on a fishing trip and also a hunt. He was enthusiastic about my shooting. Harris recalls, grinning, "He says he'd like to turn me loose against the Spanish fascists."

Luxford is as striking an individual as Pete. He—Luxford, not Pete—wears a fringe of old-fashioned beard, stretching from ear to ear by way of his chin, and on his head is a visored sailor's cap, bearing the inscription, "Penguin Pete." He arrives at the studio each day with Pete on one arm, and a large thermos, labeled "Pete's Dinnerpail" on the other.

In the tug are morsels upon which Pete, a stern disciplinarian, insists. He likes only frozen fish, and eats only the filets. Luxford obliges, as part of his minute attentions to Pete's health. The life expectancy of the average captive penguin, he says, is from six to 14 months. But with the sort of care Luxford gives him, Pete should live from six to 20 years.

Man About Manhattan

by GEORGE TUCKER

NEW YORK—One of the conspicuous wall decorations in Jed Harris's office in the old Empire Theatre building is a group of newspaper clippings framed on one vast board and hung where all may see. These are the reviews of "Broadway," the play that launched Harris and so many other unknowns on successful theatrical careers, and though it has been a full decade since "Broadway" first caused the hardened critic observers to rub their eyes and hasten back to their typewriters, his face still breaks into a smile every time it is mentioned.

Mr. Harris is a slim, well-groomed young man who started from scratch and earned \$5,000,000. That he lost it in Wall Street has no bearing on his record as a Broadway producer. At the moment he has two shows in the hit class, and he probably will do another by Ernest Hemingway whom he recently visited at Key West.

For some time now Mr. Harris hasn't thought much of the New York critics and when I asked him what he thought of the reviews on "Our Town," which is one of his two hits, he thought for a moment and said: "They were on an average level of unintelligence." About the reviews on "A Doll's House?" "These struck a very high level of unintelligence."

He thinks not only the critics but the playwrights will have to bring themselves up to the level of 10 years ago if the theatre is ever to be the theatre of pure entertainment again. And just now he doesn't think much of the present playwrights, who give their all in Hollywood and race back to N. Y. occasionally with a left-over script. The main hope, he feels lies, in new writers, such as Thornton Wilder and Hemingway, "who is passing through a transition just now which may conceivably make him a great man as well as a great writer."

News I. Q. Answers

- 1. Albert B. Chandler of Kentucky, Majority Leader Alben W. Barkley. 2. False. Under proposed bill, President could prevent profiteering, and taxation would absorb all the savings above a figure set by Congress. 3. Austria would remain independent. 4. Sisters. 5. Romash, German, French and Italian.

EMPIRE FOR A LADY

Man About Manhattan Chapter 44

It was hard for me to get anything like a complete report from the Tenyanglang pangran in command. The Tenyanglang pangran had been sent not by the White Rajah but by the White Ranees. The White Ranees was aboard the Linkang. The Tenyanglang which had come to the Tomarrup had been aboard the Linkang too, to guard the White Ranees—but the Ranees had sent most of them to me. The pangran thought that some of the White Ranees had sent word to most of them to defend their rice at all costs.

The friendly tribes did not know which side to take; they were scattered and disorganized, and some of them were fighting among themselves. A few Tenyanglang had come to the west against the orders of the White Rajah; they were sniping the enemy from the jungle.

The Sliderong had heard what I had done in the Tomarrup. There were remarkable reports of how we had destroyed whole armies with only a few men. There were reports that some of the White Ranees, especially the Tenyanglang, went on fighting after they were dead. At night headless warriors stalked through the villages, destroying my enemies.

The pangran admitted that he had not believed this; but his eyes popped when he saw the piles of heads, and he said he was now ready to believe. In the Sliderong too, I was being called the Tuan Darah. Rentongen had proclaimed that the Tuan Darah was dead. Many believed this. Almost all believed that the White Rajah, too, would soon be dead.

That was about all the pangran had to say that night. There were some things of several kinds that were infesting the jungle around Balingong; a number of miracles were said to have happened, of one sort or another, and I paid no attention to this. But there were also two or three incidents which sounded as if they might have happened, and which I did not understand.

Her Beautiful Face Another old report was about a man that had drifted down the Sliderong containing nothing but the headless body of a white man, and a small ivory god sitting alone upon a thwart, one hand outstretched. I thought of the Buddha that van der Donngen had given Clyde. They had not shown these things to the White Ranees. They had kept the god alone because of the ivory god. It had made its way to the sea—probably, the pangran suggested, driven by unseemly paddles. They did not know what became of it.

So they brought me around the blunt bow of the Linkang, and I was looking upward into the pinched, white face whose dark eyes stared at me from overside. I remember thinking then, "She will look that way when she is old. When she is very old, this face will be Christina's. And it will still be the most beautiful face in the world." But something tore at my throat, seeing it so pale and hollowed now.

They got me safe on the Linkang's deck; then Christina was in my arms, clinging to this scrawny old man of the Tomarrup, this queer, wracked ghost the currents had brought back to her out of the November monsoons. We were trying to talk to each other, but neither one of us could get out anything coherent, so that our words made a crazy confused whispering that not even Christina understood. While I was in the Tomarrup, far away, she had seemed very close to me; but now, in my arms, she seemed very strange, so much was she changed. Our breathless voices stammered presently to find the same word... Balingong... Balingong... "Christine," I got out at last. "Is she alive?" Her voice burst out hysterically. "I don't know! It's three days! I haven't heard from him since—since—"

Coahoma Supt. Reelected

Boswell And All Of Teaching Staff Retained

COAHOMA, Mar. 9.—George Boswell, superintendent of the Coahoma schools, was re-elected by the board of trustees Tuesday evening to again head the system. Lloyd Deven was returned as principal and all teachers in the system were re-named. Contracts were on a one-year basis.

The board announced that petitions were being circulated asking for a vote on a \$25,000 bond issue to finance the construction of a west wing to the comparatively new high school building and to make an addition to the elementary school building.

Plans for inclusion on the west wing are a modern home economics department, natural science room, hand room and superintendent's office space. Two class rooms would be added to the elementary school structure. The high school has been in use less than two years.

If all petitions are in by Friday when the board plans to act on them, an election on the issue may be called for March 25 or 26.

Penny Parking Meter Believed Best For Big Spring, If And When Such Device Is Wanted

If and when sentiment develops here for a trial of parking meters, the city believes it has found the meter which would meet with widest approval in Big Spring.

It is a one cent meter known as the "red ball" parking meter.

City officials said that while there had been a long study made of parking meters, there were no intentions of putting any in until there appeared to be a sentiment in favor of a trial period.

The meter best meeting requirements which the city had set up in its study is a product of the Federal Laboratories and operates for one cent on adjustable time periods.

The penny rate, it was believed, would overcome much of the objection directed against nickel parking meters because of the cost for a few minutes stop.

Operation of the mechanism demonstrated Tuesday morning at the city hall is simple. A penny is placed in a slot and the handle turned until it stops. This causes a red ball, housed in a glass cage atop the streamlined meter box, to be drawn out of sight. At the end of the allotted time, the red ball starts to rise slowly. It takes five additional minutes—a period of grace—to reach the top when it must again be given another penny or the car moved.

There is no clock face on the meter and a motorist coming into a meter with the ball still down would not know whether he had one or 10 minutes left.

A feature favored by members of the police department is the red ball. It is possible, from a long distance to tell if a car is parked alongside a meter with the ball up, thus overcoming the necessity of external supervision.

Collection from the meters would be done by an officer who opens an "unpickable" lock with four sets of tumblers. The coins are in a sealed can and cannot be opened until taken to the proper authorities. The back of the meter also registers the number of coins run through the apparatus.

In event the meters were put in on trial, the company would take 25 per cent of the revenues until the devices pay for themselves. The city's share for unpaid machines would be 15 per cent of the receipts. Installation of the meters would be done at the expense of the company.

Most discussed arrangement for the meters is for a two-hour parking limit, the time to be metered out on this basis: One cent for 24 minutes; two cents for 48 minutes; and a maximum two hours for five cents.

But the way the city feels about it, a trial of the meters is up to the public. When the public wants it, the city will arrange it.

Trade Relations Held Big Factor Toward Peace

Sounder international trade relations and the recognition of importance of world wide economic justice were cited by W. C. Blankenship as elements to lasting peace in an address before the Lions club Wednesday.

Declaring that economic problems were the basic causes of wars, the speaker contended that there was no such thing as national self sufficiency and the sooner men of the world were convinced of it and sought economic understandings, the sooner a lasting peace might be hoped for.

Blankenship pointed out that the United States came much nearer being self sufficient than any other country in the world, boasted a higher standard of living and greater industrial development—yet cannot long sustain itself without foreign trade.

"I am convinced, said Blankenship, "that friendly business can do more to solve the peace problem than anything else. The sooner we wake up to economic justice, the sooner we can expect results. After all, which is the worst—economic oppression or governmental oppression?"

Guests for the day were Charles E. Horton, Blankenship, and Dr. J. G. Parsons, Crookston, Minn., who spoke briefly. Tom Sneyhey was inducted as a new member of the club.

Dry Leader To Make Series Of Talks In City

Efforts of prohibition forces to keep Howard county in the dry column by defeating a beer referendum Friday will be climaxed with a series of radio talks and public gatherings Thursday.

Sam Morris, crusading minister and well known prohibition leader, will occupy the spotlight. He is scheduled to make the first of a series of talks on KBST this evening at 8:45. Thursday, he will be on the local station three times, at 8:30 a. m., 1 p. m. and 7 p. m. Thursday evening, he will be the principal speaker at a dry rally at the First Methodist church. That program is to start at 8 o'clock.

Tomorrow afternoon, the local WCTU will sponsor a downtown service, with Evangelist W. Y. Pond speaking. The program is scheduled for 3 p. m. and will be held near the courthouse.

MARKETS

LIVESTOCK

FORT WORTH
FORT WORTH, Mar. 9 (AP)—(USDA)—Cattle 2,000; calves 800; most classes fully steady; medium and good fed steers and yearlings largely 6.75-8.00; medium to good cows 5.25; most killing calves 2.50-2.75; weaners under pressure; few stocker yearlings and calves 4.25-7.25.

Hogs 1,500; mostly 10c lower than Tuesday's average; top 8.75 paid by city butchers; packer top 8.65; good underweights averaging 150-175 lb. 7.65-8.50; packing sows steady to weak, mostly 7.00; few 7.25.

Sheep 2,500; killing classes steady; feeder lambs scarce; woolled fat lambs 7.50-8.00; milk fed lambs up to 8.25.

Gas-Oil Ratios Are Fixed For Westex Fields

AUSTIN, Mar. 9 (AP)—The railroad commission made public today an order prescribing gas-oil ratios for seven pools in the Westex field.

The ratios ordered, with the changes, if any, were as follows: North Cowden 3,500 cubic feet of gas to a barrel of oil, down 1,500 feet; Goldsmith, 5,000, down 500; Koratit, 3,000, down 500; Keyatum 5,000 unchanged; North Ward 5,000, down 500; Fuhrman, 5,000, up 500; South Ward, 5,000 down 500.

The commission also announced dates for beginning quarterly gas-oil ratio tests for fields in the following counties:

Winkler, March 31; Ward, April 30; Gaines, Yoakum, Cochran, Andrews and Hockley, May 31; Ector, June 30; Loving and Pecos, July 31; Crane and Upton, August 31.

The setting of dates in effect staggers the work and will permit engineers to go from one field to another.

A hearing on rules for the J-J-J pool in Jones county was called for March 21 in Austin, and a hearing on the Withers field in Wharton county, set for tomorrow, was postponed, on petition of operators, until April 21.

130 ADDITIONS TO FOURTH ST. CHURCH DURING REVIVAL

With 130 additions to the church during the first two weeks, the revival meeting at the East Fourth Baptist church continues to grow in interest.

Services will be held daily through this week, at 10 a. m. and 7:45 p. m. Evangelist W. Y. Pond will speak especially for men at the service this evening. His subject will be "A Politician Up A Tree." Special music will be provided by the young men's quartet and by the large church choir.

CROWDS INCREASE AT BTU REVIVAL

Attendance increased to 128 for Tuesday night's session of the BTU revival now in progress at the First Baptist church, and a larger crowd is anticipated for this evening. The work is progressing nicely, leaders reported, and high interest is being maintained in the work.

Ray Wilson will conduct the devotional at this evening's meeting, and a feature of the session will be an intelligence test. Teacher's meeting at the church will be held as usual, it was said.

Henrietta Bolling conducted the devotional Tuesday evening.

QUITS HIGHWAY POST

Thurston Orenbaum, stationed here with the state highway department engineering staff during the construction of Highways No. 1 and No. 9, said Tuesday he had resigned his post and had accepted a post as consulting engineer with W. A. French. He will leave for Alpine, where he will be stationed, in a few days.

Gen Elec 6,900, 28 5-8, down 1-4.

DYKES BLASTED TO HALT JAPANESE

SHANGHAI, Mar. 9 (AP)—Chinese blasted dykes and hoped by flood today to check the Japanese army's drive into the vast and fertile area south of China's meandering Yellow river.

The new tactics were used against 900 Japanese with 20 tanks who crossed the Yellow at Szechui, 20 miles west of the strategic railway junction, Chengchow in Honan province.

Many of the Japanese were drowned, Chinese said, and their tanks were crippled when the blown up dykes flooded the countryside.

It was believed the Japanese would make Szechui the base for driving against Chengchow, where meet China's east-west and north-south railways.

SAYS NO RANSOM PAID KIDNAPERS

NEW ROCHELLE, N. Y., Mar. 9 (AP)—Murray Levine, whose son, Peter, 12, disappeared 13 days ago, said flatly today that no ransom had been paid in the apparent kidnaping.

The New York lawyer was asked whether rumors \$30,000 ransom had been paid were true. He answered: "That is incorrect. There is nothing new."

Police said they still were staying away from the Levine house to facilitate contact with the supposed kidnapers.

Derrill Douglas, who has been ill for several days was able to be at his store Wednesday for a short while.

NOT A CANDIDATE

SAN ANTONIO, Mar. 9 (AP)—Mayor C. K. Quin today gave up any aspirations for the Texas gubernatorial office.

"I am not a candidate for any state or district office," he declared at a press conference.

Mrs. John D. Biles left for Fort Worth Wednesday to visit her aunt, Mrs. Laura Schultz and cousin, Mrs. Neal McNeely. The latter two were injured Tuesday in an automobile accident, neither one seriously. Mrs. Biles will continue to Woodbury, N. J., to visit her son, John Louis Biles, and family. Mr. Biles is in the laboratory of the Socony-Vacuum company.
