Rain Clinches Crops In Wide County Area

More rain virtually clinched crops for north central, northwest and part of southwestern Howard County Wednesday.

But the plague of drought still hung over the eastern sector and the southern half of the county although rains did nibble away at edges of the dry belt.

The Lomax sector in southwestern Howard County came in for a good soaking, and areas east of Stanton were visited with moisture this time. The "rainbelt" inched a little further to the northeast but did not reach the Coshoma area.

Forsan and Garden City were all but missed.

In Big Spring the U.S. Experiment Farm, at the northern edge of town, measured 2.48 inches. This brought the total for July to 4.92 and the aggregate for the year to 19.82 inches.

The Herald had 1.80, an amount identical with that reported by R. L. Nail at 1305 Scurry. The Howard County Junior College on the east had 1.45 and so did Webb AFB on the west.

Two traffic mishaps were blamed on the weather in Big Spring, but no injuries resulted. Near the Miller lease in southwestern Borden County a car was trapped and washed off a crossing. Oil field workers went to the rescue but found no one in the car, which presumably had been abandoned.

Lake J. B. Thomas increased slightly in the wake of the rains. The level had risen to elevation 2,247.70, a gain of .34 of a foot since Wednesday noon. This would approximate 1,500 acre feet of water, however.

Rains continued fairly general, although not so heavy as in Big Spring, north to beyond Lamesa. There were heavy rains to about the Borden County line, but there the amount lightened substantially and Gall reported only about half an inch. A few spots in that general area reported isolated showers up to three inches.

Just how sharply the shower was defined was illustrated in the 47 of an inch measured by the Texas Electric Service switching station east of town. One mile west, the TESCO plant on the north side of the city got 2.40 inches.

Coshoma reported only a light shower, just enough to lay the dust. Forsan measured only .05 of an inch and Otischalk .06. There were unconfirmed reports of a hard shower at Lee's.

At Garden City the telephone company reported only a light shower. The northwest corner of Glasscock County got good rains, but other areas were slighted sorely.

Stanton reported half an inch in town but southeast toward Lomax there were reports of rain up to

(See RAIN, Page 8, Col. 5)

Compromise Foreign Aid Bill Is Passed

IN GAS FIGHT

Federal Control Foes Win Round

WASHINGTON (AP) — Backers of legislation to free natural gas producers from federal controls won an initial skirmish in the House today.

The House voted 272-153 to take up the bill by Rep. Harris (D-Ark.). Opponents of the measure had argued against even considering it. They contended it was too late in the congressional session, and that the Senate was unlikely to act before adjournment.

If the bill is passed by the House, it could go before the Senate in the new session beginning in January.

The vote to consider the measure was not regarded as a reflection of sentiment as to the bill. By voting to consider the bill, some members may have merely indicated a willingness to listen to the arguments.

Speaker Rayburn (D-Tex) urged consideration of the measure, saying: "Let's have the courage to vote it up or down."

Rayburn said passage of the bill would mean "more and more gas, more and more competition with the probability of reductions in the price of gas to consumers."

Rep. Delaney (D-NY) took the opposite view, saying the legislation might cost consumers 600 million dollars annually in higher gas bills.

"This stream of gold would flow into the already swollen coffers of some 100 oil companies which own 80 per cent of the gas reserves," he declared.

The bill would remove the present authority for the Federal Power Commission to fix producers' prices for gas sold to distributors shipping it through interstate pipelines.

Backers claim it would not increase prices to consumers. They argue that it would strike federal shackles from the gas industry, encourage production and thus make more gas available at reasonable prices.

Opponents contend ending federal regulation would raise prices and the ultimate consumer would have to pay more.

The issue cuts across party lines. Support is concentrated among legislators from the Southwest producing states. Strongest opposition comes from predominantly consuming areas.

In effect, the bill would nullify a Supreme Court decision of June 7, 1954, in a case involving the Phillips Petroleum Co. The court held that Congress intended in an earlier act for the FPC to regulate field prices of gas sold for transportation across state lines.

Prior to that decision, the commission had operated on the theory that it had no such regulatory powers under the 1938 Natural Gas Act. The court said the FPC should exercise such authority.

Eisenhower's Request Is Slashed By \$560 Million

WASHINGTON (AP) — The House passed and sent to the Senate today a compromise \$2,705,341,750 foreign aid bill carrying about 500 million less in new funds than President Eisenhower asked.

The action was taken without a record vote and without opposition. The Senate has yet to act upon the compromise as the total is 500 million dollars less than the Senate originally voted.

Congressional advocates of less global spending were elated by the compromise worked out late yesterday, much quicker than had been expected, between Senate and House versions.

Eisenhower originally asked \$3,265,641,750 in new funds for the bookkeeping year which started July 1. The House originally voted \$2,638,741,750. Under administration urging, the Senate raised the figure to \$3,205,841,750. The compromise is thus much closer to the House bill.

Complicating the picture is some eight billion dollars voted for military and economic aid in previous years but not yet spent. Conferees said this money made the cut less drastic than the figures would indicate.

The compromise figure was less, by over 250 million dollars, than the amount Congress voted last year.

Sen. Ellender (D-La.), who had battled in vain on the Senate floor for the lower House figure, said the conference agreement "made me feel good."

He said 420 millions which the Senate had added for worldwide military assistance was knocked out because conferees discovered 302 millions "voted for the Air Force in 1950-51 that had been forgotten."

Ellender said military aid officials in Europe said they had another 66 millions of similar unspent funds and that the conference restored authority to use another 34 millions of prior funds voted by the House but denied by the Senate.

Three women in the car and the driver of the YMCA truck also were hospitalized.

Dave Sanford, director of the San Antonio YMCA Boys Camp, said one of the youngsters, who had been removed to a San Antonio hospital, was in serious condition.

Boys with fractures at the Sid Peterson Memorial Hospital here were:

Jerry Ferguson, 13, broken left leg; and Billy Larson, 13, broken left arm.

The director of the older boys section of the camp, Cotton Webb, 30, suffered a broken right leg. He was driver of the truck.

Two other youngsters were treated at a hospital in Fredericksburg. One, Jerry Knowles, 16, was taken to a San Antonio hospital where his condition was reported serious.

Rudolph Willman, 13, remained in the Fredericksburg hospital with a broken right wrist.

Three Ingram women in the sedan involved in the accident also were being treated at San Antonio. Mrs. E. Conklin, 41, was in serious condition with a broken right leg and other injuries; a daughter, Miss Sara Lee Conklin, 15, had a broken right leg and lacerations and another daughter, Miss Carol Conklin, 17, a broken left arm.

Sam Ford said the collision occurred on Highway 39 in the Comstock city limits, about 18 miles southeast of here. He said the truck and the Cadillac collided, and every boy was thrown from the truck—some landing as far as 30 feet away.

Both the truck and car were demolished.

Houston Group Urges Integration This Year

HOUSTON (AP) — The Houston School Board's Citizens' Interracial committee has recommended that integration begin in some schools this year, if possible.

Trees Not So Lovely When They Cause Power Failure

By LAOYCE LAMBERT

There's nothing so lovely as a tree, as the poem goes, but there's also nothing that can be so troublesome as a tree say representatives from electric and telephone companies.

Keeping electric lines clear of tree limbs is a constant problem of Texas Electric Service Co., according to R. L. Beale, district manager.

In many cases trouble results from trees being planted in locations that do not provide sufficient room for growth without limbs touching or being too near electric lines, he said.

When a limb is too close to a line, wind can whip it against the line, causing service interruptions. In still other cases, large limbs break during ice or wind storms and fall across a line, snapping the wire.

In order to keep tree limbs clear of lines, Texas Electric Co. employs professional tree trimming crews to work cooperatively with customers of the company. Owners are contacted before any trees are pruned, and every effort is made to preserve the beauty of the trees, Beale said.

The crews are usually hired in the autumn when the foliage is beginning to fall so as to cause a minimum of trouble.

'Miss Texas' Pageant Opens

TYLER (AP) — The prize-strewn path that leads to Atlantic City, N.J., and the "Miss America" contest opens today for 24 beauties who start competing for the "Miss Texas" title.

A parade today will be followed by beauty and talent contests. Ten semi-finalists will be named Saturday. Then they will repeat the routine to select finalists, then a winner.

The winner gains the title "Miss Texas" and joins 46 other beauties in seeking the "Miss America" title at Atlantic City.

Beale praised the people of Big Spring and area for having been very cooperative when it became necessary to trim trees on their property.

Trees do not cause quite so much trouble and damage to telephone lines, according to Cliff Fisher of the Bell Telephone Co. Limbs brushing or scraping against the lines can cause a great deal of noise, however, he added.

If strong wind keeps up a continuous scraping of a limb against a wire, the sound over a phone can be completely blotted out.

The only damage a tree can do to a telephone line is the eventual wearing out of the wire if the condition is allowed to exist for very long. The danger of a short circuit is not as great as with electric wires.

Like the electric people, the telephone company usually hires professional trimmers to keep lines clear, and trimming is done with the permission of the property owner.

Fisher said they have had no real trouble with local people in this particular department. He cited examples of lines going through orchards in some parts of the country as being the most difficult cases to deal with owners.

The loss of even a branch to those people means a certain percentage of loss in profit.

Just as the tops of trees can cause trouble, so can the roots. City Engineer Clifton Bellamy reports that the city has had several cases of roots plugging up sewer lines. If the joints in the pipe are not tight or if there is a crack in the pipe, a root will often times work its way through.

Bellamy says a root can get through an opening of as little as 1-32 of an inch. Once well in the pipe, the root will grow normally until the pipe is plugged up. Bellamy said the roots of elm trees were the bigger trouble-makers in these cases.

He said, however, that industry is putting out types of plastics and other materials that will keep joints tight, and ones that can't be penetrated by roots.

Weather Blamed In Rash Of Accidents

Bad weather conditions was attributed as the cause for nine accidents in the county Wednesday. Only one minor injury was reported as a result of the automobile mishaps, but property damage was heavy.

Samuel Woodrow Nichols, El Paso, was taken to Big Spring hospital following an accident at Coshoma. He was released from the hospital this morning and attendants said his injuries were limited to bruises. The other driver involved in the mishap was Madge Evelyn Thieme, Coshoma. The accident occurred about 6 p.m. Highway patrolmen estimated the damage to Nichols' car at about \$1,000. The estimate on the Thieme car was \$300.

An accident about a mile and a half west of here on highway 20 involved drivers George Thomas Wakefield, Lubbock, and Willie Leon Busler, Big Spring. Damage to Wakefield's truck was estimated at \$50 and to Busler's car, \$175.

Joe Sherman Jr. overturned in his car about 1 p.m. The mishap occurred about three-fourths of a mile from Big Spring on the old San Angelo highway. Patrolmen investigating the mishap blamed the bad weather and highway conditions.

A rash of city accidents started at 1:10 p.m. at the intersection of Gregg Street and Edwards Boulevard when cars collided which were driven by Thomas Phillip Bank-

ston, 208 NE 12th, and Bobbie Allen Hayward, 502 Hillside.

At 1:24 p.m. an accident at Fourth and Runnels involved vehicles operated by R. C. McKinney, Old San Angelo Highway, and Earl Wayne Holt, P. O. Box 1128.

The 330 block of East Third was the scene of a 2:05 p.m. mishap. Vehicles in collision were driven by James Riley Michaels, 1519 Kentucky Way, and Charles A. McElrath, 206 East 8th.

John Alvin Tucker, 1606 Lancaster, and Carl Young Jr., 700 East 15th, were drivers of vehicles which were in an accident in the 200 block of West Fourth about 5:40 p.m. And at 6:35 p.m. Caroline Frances Scholz, 1510 Gregg, and Bobby R. Eason, 113 East 16th, had a wreck at Seventeenth and Runnels.

An early morning accident Wednesday occurred in the 1500 block of Tucson. William Jackson Epperson, 1516 Farm Road 700, and Johnny Charles Anderson, 700 Main, were the drivers.

Atom Cannons Added To Okinawa Garrison

WASHINGTON (AP) — Atomic cannons are being added to the weapons of American forces garrisoning the Asiatic island of Okinawa, it was learned today.

Cloudbursts Hit Drought

Cloudburst rains fell on some of Texas' most drought-ridden areas Thursday as the western half of the state—and some other points—stayed wet overnight.

Temperatures remained high. An unofficial report of rains ranging from 4 to 8 inches was listed for the Marfa-Alpine area while cloudbursts estimated around 6 inches pummeled the Panhandle region around Channing, Tex., north of Amarillo.

Big Spring reported a 1.42-inch downpour and Lubbock reported 1.13 inches. Both places have been among the driest in the drought-harried state.

Torrents were reported from El Paso into Presidio. Jeff Davis and Brewster counties Wednesday afternoon and night. The El Paso deluge hit in the same areas flooded 30 homes in the city's mountain View District.

Army personnel and National Guardsmen were called out to help stricken residents and to attempt diversion of the runoff.

Flat pasturesland were covered with three to four inches of water in some areas. Arroyos and canyons filled up hurriedly with dangerous flash floods but there was no report of human casualties.

The cloudburst north of Channing in Hartley County washed out sections of the Fort Worth & Denver City Railroad but the tracks were repaired sufficiently shortly before midnight to allow the departure from Amarillo of a northbound passenger train.

The Wednesday and Thursday downpours followed similar rains in scattered areas which struck Tuesday.

Forecasts called for continued scattered thundershowers and little change in temperatures, topped Wednesday at 101 in Cotulla and Presidio.

Dawson Gets Still More

LAMESA—Another inch of moisture fell over most of Dawson County Wednesday afternoon, making this one of the wettest Julys in years.

The weather station here measured 9 of an inch Wednesday afternoon, but reports from all over the county indicated amounts ranging from 1 to 1.5 inches.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy today, tonight and Friday. Scattered showers and evening thunderstorms. Not much change in temperatures. High about 84, low tonight 70, high tomorrow 84, low tomorrow 68. Forecast for Saturday: Partly cloudy, high 84 to 86, low 68 to 70. Sunday: Partly cloudy, high 84 to 86, low 68 to 70.

MORNING PEEPERS

By Joyce Connaway

The Morning Peeper made 78 calls this morning on Stadium Avenue and received many reports of varied activities that occupy a housewife's time...

The house at 1016 was getting a drycleaning, vacuum style, by Mrs. William A. Williams.

A rack of clean clothes were in the making when the phone rang at 1004, because Mrs. Roy W. Parks was called from the washing machine.

"The children sleep late, so I was fixing a second breakfast," said Mrs. Stanley E. Puerfay...

Buzz, buzz, buzz, came the busy signal at the Gilbert F. Cook residence, 1005. Mrs. Charles O. Graham, 1006, was making a bed and Mrs. Odie Wilson, 1007, was cleaning house.

This really was breakfast time in this neighborhood, for Mrs. Robert A. Patterson, 1021, was cooking breakfast, and Mrs. Clarence F. Whittington, 1022, was eating the morning meal.

Mrs. Seth G. Lacy, 1008, had gone out to the country, but would soon be back. There was no reply as the phone continued to ring at the homes of Mrs. Veta M. Reed, 1009, and Grace Wilkes, 1010.

Caught one person who will be clean for the day, this we are sure, because Mrs. Everett L. Whitley, 1023, was in the tub.

I was told that Mrs. Elton B. Dozier, 1011, was at work. Working at making the beds was Mrs. R. L. Morris, 1012. The Cecil W. Peurifoy, 1013, were not at home.

Vacuuming the living room was Mrs. Wallace E. Napper's, 1025, chore, and Mrs. Roy M. Bruce, 1026, was washing dishes. The phone continued to ring at the Charles H. Wasson place, 1027.

Forsan FHA Club Honors New Class

FORSAN — Members of the Forsan Future Homemakers of America and their teacher, Mrs. W. M. Romans, entertained the members for the coming year with a swimming party and picnic.

Putting on lipstick was Mrs. Edwin L. Spenrath, 1401, and Mrs. Archie L. Schafer, 1404, was cleaning house.

Other hostesses included Mrs. W. O. Averett, Mrs. E. E. Everett, Mrs. J. M. Miller and Mrs. L. T. Shoultz. Fifteen girls were present.

"We just got home from our vacation to Lake City, Colo., last night and I was trying to get unpacked and things put up," explained Mrs. LeRoy Olsak, 1414.

Mr. and Mrs. W. B. Dunn and Wilma have been in San Angelo visiting with her parents, Mr. and Mrs. W. E. Caldwell.

Mrs. Phillip R. Palmer was getting ready to eat breakfast, but Mrs. William G. Fuller, 1417, was spraying bugs.

Mr. and Mrs. H. G. Starr, Tony and Debbie attended a family reunion in Hylton over the weekend. Recently Mr. and Mrs. Lewis Sales and sons vacationed in Wichita Falls, Oklahoma and Lovington, N. M.

A busy signal was at the Roy N. Martindale residence, 1418. No one was at home at the Max D. Coffees, 1419, the George Elliott, 1422, and the Richard Franz, 1500.

Mr. and Mrs. Joe Nabors of Snyder visited here with Mr. and Mrs. R. D. Garrett.

Vacationing here from El Paso are Mr. and Mrs. Sledge and son with her parents, Mr. and Mrs. J. W. Griffith.

Mr. and Mrs. E. W. Lewis and Linda were in Rising Star Sunday and Monday.

Now fishing at Lake Walk are W. O. Averett, Bob Averett and John Earl.

James Buchanan has been dismissed from Malone-Hogan Hospital in Big Spring.

"Oh! I was just reading the paper," exclaimed Mrs. Edgar R. Patton. Mrs. A. J. Conrad Jr., 1515, was getting ready to take her son to work.

Miss Lawson Is Honored With Shower

Carrie Sue Lawson was the honoree Tuesday evening at a bridal shower given in the home of Anna Bell Lane.

Busy signals rang loud and clear at the William A. Hunts, 1601, and the William L. Cox, 1602.

The baby was getting his bottle when I called Mrs. John W. Furquison, 1603.

"Do you really want to know," asked Mrs. Bernice Allen, 1604, when asked what she was doing.

Mrs. Joe H. Percy, 1605, was mopping the kitchen floor and Mrs. Carl A. Benson, 1606, had just finished feeding the baby her breakfast.

Robert T. Masons were talking over the phone when we tried to contact them.

"Trying to get two kids to eat breakfast," said Mrs. Jerry Currie, 1609. "I know it takes them over 30 minutes to eat."

Mr. and Mrs. E. C. Alhart recently visited his sisters, Mrs. J. R. McArthur, Mrs. E. S. McArthur and Mrs. Elsie Smith, in Spur.

MRS. ARCH OLIVER THOMPSON

Former Resident Weds Jacquelynn Culbertson

In the home of the bride's parents, 3732 Darcus, Houston, Jacquelynn Culbertson and Lt. Arch Oliver Thompson were married at 7:30 p.m. Wednesday.

The bride is the daughter of Mr. and Mrs. Jack Culbertson and the bridegroom is the son of the Rev. and Mrs. Lloyd H. Thompson, Springfield, Mo., and former pastor of the First Christian Church in Big Spring.

The bridegroom's father read the double ring vows before a background of fern flanked by candelabra.

Given in marriage by her father, the bride wore a street length dress of white nylon dotted swiss with a low cowli neckline, fitted bodice and full skirt. She carried a bouquet of white asters.

Sister of the bride, Nancy Culbertson, was maid of honor. She chose a street length pink nylon dotted swiss with princess lines. Her bouquet was blue daisies.

Jimmy Frank Wilcox of Austin and graduate of Big Spring High School, served as best man.

At the reception held in the bride's parents' home, refreshments of orange blossom punch and a cake decorated with an open Bible were served.

The couple left for a wedding trip to New Orleans and Biloxi, Miss. They will make their home in San Antonio where Lt. Thompson will be stationed.

bridegroom's brother and sister-in-law, Mr. and Mrs. Glenn Baum, of Albuquerque, N. M., in whose home the reception was held following the wedding service. The couple will be at home in Albuquerque.

The bride is a Lamesa High School graduate and attended Texas Tech. The bridegroom is a graduate of Santa Ana High School and of the California Institute of Technology at Pasadena. Baum is in partnership with his brother in the B and B Oil Company of Albuquerque.

Babies should be born at home!

... says Dr. Ashley Montagu, prominent social biologist. You may not agree, but you can be sure this article will be discussed, argued... could even influence your point of view.

Here are some of Dr. Montagu's reasons why... and Journal mothers' answers.

"Hospitals tend to dehumanize the mother-child relationship."

"With warm, loving parents, children will grow into nice people... what difference where they are born?"

"From the standpoint of infection, home care is safer than the hospital."

"Why does Dr. Montagu feel a small apartment is less full of infection than a hospital? Homes are not set up for this sort of thing."

Glamour Girl Gives Wise Words

Singer Abbe Lane, currently appearing with her husband, Xavier Cugat, in Las Vegas, has good suggestions for the girls. She talks about make-up, clothes.

HOLLYWOOD BEAUTY

Too Many Girls Want To Look Alike, Says Abbe

By LYDIA LANE

LAS VEGAS — When we arrived at the Sahara Hotel, I saw lushness at the Sahara Hotel. I saw lushness at the Sahara Hotel. I saw lushness at the Sahara Hotel.

On stage in the Congo Room, Abbe wore a gown of black beads which fit like another layer of skin.

"I got it in Spain," she told me later.

"Abbe knows all about clothes," said Mr. Cugat.

"The most important thing about clothes is that they should suit your own personality," Abbe said.

"I have suffered through this short hair craze," Abbe admitted with a toss of her red tresses.

"I wear mine three inches below the knee no matter what. I don't care."

"I'm one girl who looks very bad thin. I have a small waist and my figure may not be streamlined enough for some, but..."

"No," Cugie cut in, "you are right just the way you are."

A little girl came over to our table to ask Miss Lane for her autograph.

"My brother has his room at home covered with pictures of you," the child confided.

"I heard a man at the next table say that you have more sex appeal than any girl in show business," I remarked.

Much to my surprise Abbe did not seem particularly pleased.

"All this talk about sex appeal only makes a lot of women unhappy about themselves," she said seriously.

"Every girl has something and whatever it is she should play it up. It seems to me that young girls nowadays seem only to want to look alike. They all wear the same kind of flats, skirts with lots of petticoats, short hair and very pink lipstick. How can a girl stand out if she doesn't dress a little differently?"

"If I were flat chested, I wouldn't worry about it," Abbe said. "I would concentrate on something else — the way Audrey Hepburn does. I think all this emphasis on cleavage is disgusting." But to this Cugie did not comment.

LUTHER — Janice Williamson and Bob Rogers visited Mr. and Mrs. Lynn Wyche at Goldsmith, Sunday.

Mr. and Mrs. D. C. Zant and Carroll Gene visited Mr. and Mrs. C. H. Zant in Lamesa, Sunday.

Mr. and Mrs. Leon Heckler of Weatherford have been visiting Mr. and Mrs. Otto Heckler.

Mrs. Norman Spencer and Lawrence Anderson were dinner guests of their brother and sister-in-law, Mr. and Mrs. W. D. Anderson, Monday, honoring Mr. Anderson's birthday.

Mrs. J. L. Franklin and Mrs. Carl Lockhart made a business trip to Midland, Monday.

Attending the REA Electric show in Stanton Monday from this community, were Mr. and Mrs. John Couch, and children, Mrs. E. N. Phipps, Mr. and Mrs. Virgil Little and Betty Lou, Mr. and Mrs. W. H. Little.

Mrs. N. M. Smith visited her mother, Mrs. E. A. Smoot in Snyder, Tuesday.

Mr. and Mrs. Doyle Fenn and children are leaving this week for Red River on vacation.

LAMESA—Sandra Lou Medford, daughter of Mr. and Mrs. Gervais Medford, Route A, Lamesa, is to marry Jackie Moss, son of Mr. and Mrs. Elbert Lee Moss Sr., Route A, Lamesa, on Aug. 19.

The ceremony will be solemnized at 7:30 p.m. at the Kondike Baptist Church with the Rev. Fred Burke, pastor, officiating. Miss Medford is a graduate of Klondike High School and is associated with Lamesa Federal Savings and Loan Association. The bridegroom-elect is a BBA graduate of McMurry in June and is employed by the David Jones Buick Company.

Soft Long-Liner

Styled with the new wide oval neckline, and a gently curved hip yoke, this long-torso style is a picture of youthful femininity.

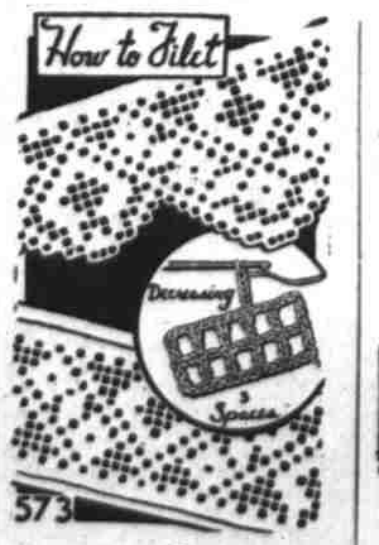

No. 2370 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30. Size 16: 4 1/2 yds. 25-in.

Ike's Talbott Decision Due Without Advice From Senate

WASHINGTON (AP)—The "personal" decision President Eisenhower says he will make on Harold E. Talbott's future as secretary of the Air Force apparently will have to be made without any advice from the Senate.

There was no indication that an early report would be made by the Senate investigations subcommittee which inquired into Talbott's about-to-be severed outside business connection.

The subcommittee wound up its hearings yesterday after Talbott had testified that "I now see that I was mistaken" in some of his actions. Chairman McClellan (D-Ark) said it would act "without undue haste" in reporting its findings.

Talbott dramatically told the subcommittee yesterday he is giving up, effective next Sunday, the partnership in the New York firm of Paul B. Mulligan and Co., which has paid him \$132,032 in the 2 1/2 years since he took his Pentagon job.

Eisenhower, in telling his news conference yesterday that the final decision on Talbott "is going to be handled by myself personally," did not indicate he would welcome or consider advice from the subcommittee as to whether any of Talbott's actions were improper.

But he said he would await completion of the hearings and would then read the full record before deciding for himself.

The President said there has been no suggestion that Talbott was guilty of fraud or wrongdoing in a legal sense. He said he believes the secretary's official duties "have been almost brilliantly performed."

Triple Slaying Probe Reopened

NEW YORK (AP)—The Senate Armed Services Committee "has quietly reopened" the case of the 1946 ax slayings of three American Army officers in Passau, Germany, the New York Daily News said today.

Former Army Capt. James M. Leech, of Lima, Ohio, was charged with the crime last year in warrants issued by a United States court in Germany.

Leech has denied killing the three officers—Maj. Everett S. Coffran, Washington, D.C.; Capt. Adrian L. Wessler, New Rochelle, N.Y.; and Lt. Stanley M. Rosewater, Omaha, Neb.

Mentally Retarded Youth Suspect In Rape-Murder Case

CHICAGO (AP)—Police said they planned to charge a 17-year-old mentally retarded youth with murder today in connection with the rape-slaying of 8-year-old Mary Manzo.

The youth, Clarence Baugh, who police said admitted slaying the girl and hiding her body under a viaduct near her home, was to appear at the inquest.

Capt. Frank Reynolds said Baugh admitted kidnapping the girl near her South Side home on a promise to buy candy. Instead, Reynolds said, the youth took her to a vacant building, slugged her with a pipe when she screamed, then raped her.

Police said Baugh, who has no police record, had been a pupil in a school for abnormal children. They said he admitted being a sex deviate. His parents are deaf mutes.

To Become Legal
TOKYO (AP)—Japan's Communist party has been instructed to abandon all underground activities and become totally legal under Japanese law, Kyodo news service said today.

Red Hospitality Going To Waist

ODESSA, Ukrainian Soviet Republic (AP)—Soviet hospitality will get the blame if the wives of the touring American farm delegation don't like the poundage their spouses are acquiring.

The 12 Americans have experienced an all-out effort in the food and drink department ever since they arrived in the Soviet Union.

Yesterday, for example, the visitors sat down to a huge lunch during a visit to a collective farm. When they got back to Odessa a short time later, another massive meal awaited them.

Two Iowans in the party, Charles Hearst of Cedar Falls and Ralph Olsen of Ellsworth, said any weight complaints from wives would have to be blamed on Russian eagerness to overload the table.

Some quarters believe the Soviet campaign in matters of food stemmed from a desire to outshine banquets and dinners being given a similar Soviet delegation in the United States.

Shivers Advises Against 'Headlong' Desegregation

EL PASO (AP)—Texas laws upholding racial barriers and segregation in public schools have been junked by a federal judge's ruling.

But Gov. Allan Shivers, noting that some cities in the state already have made moves toward ending segregation in the schools, cautioned against what he termed "too much rush and confusion."

The ruling was by Judge R. Ewing Thomason, former West Texas congressman, who yesterday specifically ordered Texas Western College, a subsidiary of the University of Texas, to lift its ban on Negro students. The action was a result of a suit filed here by Thelma White.

Shivers advised local school districts not to "dash headlong" into rubbing out race lines.

A number of Texas school districts already have voted for starting desegregation next fall. Brownwood school officials made such an announcement yesterday, less than 24 hours after the Board of Education at San Angelo made a similar announcement.

House Kills Road Program

WASHINGTON (AP)—The House has killed all proposals for a big new road-building program, for this year at least.

Rejected yesterday were President Eisenhower's plan for highways financed by long-term bonds and a Democratic program for roads financed with new taxes.

The House ditched by a 293-123 vote the Democratic-sponsored bill which would have helped pay for new construction costs with \$12,423,000,000 in added automotive taxes over the next 16 years.

Happy Is The Day When Backache Goes Away

Stagnating backache, headache, or rheumatic aches and pains may come on with over-exercise, constant worry or day to day stress and strain. A hot jelly who not only relieves but prevents such ailments, is now available in a new, convenient, easy-to-use form.

If you are interested and wish to know more of these "Doozies," Doozies Pills often take by their pain relieving action, by their soothing effect to ease the body's tension, and by their mild diuretic action through the kidneys—leading to a more relaxed and comfortable state.

So if stagnating backache makes you feel sluggish, irritable, or with restless sleep, get the same happy relief millions have enjoyed for over 10 years. Get Doozies Pills today!

A Bible Thought For Today

Thou in thy mercy hast led forth the people which thou hast redeemed: thou hast guided them in thy strength unto thy holy habitation. (Exodus 15:13)

Editorial

Time To Be Hopeful But Careful

President Eisenhower's report to the nation on the results of the Geneva "summit" conference included four main points: 1. Friend and foe alike were impressed by the fact that the U. S. sincerely desires peace, and will go as far as any nation to get it. 2. The growing conviction by all that nuclear warfare "could be practically race suicide." 3. It was demonstrated that negotiations can be conducted "without propaganda and threats and incentives." 4. The nations of NATO understand each other better and are more closely unified. These are abstract, not concrete, results, to be sure; but none the less valuable stepping-stones on the path to peace. Peace must be waged as well as war; it isn't a matter of spontaneous growth. Nations never slip into peace, as they slide into war. Six thousand years of recorded history have come pretty close to proving

that war is man's normal estate, at least his normal inheritance; the idea of "peace, on earth good will" was promulgated less than 2,000 years ago. Every meeting at whatever level between the East and the West since war's end has been surrounded by an atmosphere of distrust, disagreement, suspicion and acrimony. The one at Geneva last week was held in a spirit of cordiality, good fellowship and amiability, at least on the surface. How deep it went, and how long it lasts, is anybody's guess. And that is about all that can be said of it. Mr. Eisenhower warned that the real work of peace-building won't get under way until October when the foreign ministers meet to get down to brass tacks. Meantime, keep your optimism under firm control and Old Betsy primed and cocked.

Universality Without Compulsion?

In comparison with some other epidemic diseases, polio does not seem to be wildly infectious. Mumps, measles and several other familiar disorders sometimes sweep entire families, but polio often affects only one, which suggests that some people are susceptible to it and others are not, or that the human system has to be in a certain condition to succumb. As we see it, the Senate bill to make federal grants to the states for vaccinating expectant mothers and all children up to age 20 without cost is justifiable only on certain grounds; namely, that the Salk vaccine, or whatever method may eventually evolve from it, is a dependable specific in all cases; that it is cheaper to supply it to all regardless of financial status because that method would obviate expensive book-keeping formalities; and that after a few years polio would be eliminated, or as completely controlled as smallpox. This latter implies universal vaccination, which in

turn can have but one meaning—compulsion. The House has its own vaccination bill which differs sharply with the Senate version in the matter of free vaccine shots. It would provide direct federal aid to the states for antipolio shots for only 25 per cent of some 52 million children and 4 million expectant mothers. This would apply only to those who cannot afford to pay, and as stated above it would create a bookkeeping operation that might prove almost as costly as the vaccine itself. For state programs beyond 25 per cent the House bill would chip in a dollar for every dollar put up by the state. If the object is to obtain universality of immunization, and if the goal is total elimination of polio, the Senate measure is more practical than the House's—that is, free shots for all children regardless. There would still remain a very grave problem indeed: how to achieve universal vaccination without some form of compulsion.

David Lawrence Russian Objectives Sifted From Chaff

WASHINGTON — Now that the two congressional committees which deal with foreign affairs have given confidentially by Secretary of State Dulles an outline of what happened in Geneva last week, it may be said that outwardly there is a well-designed pattern of optimism but realistically there is a considerable amount of caution and skepticism in the American government as to whether anything substantial will ever come out of future conferences. The optimism is at present more of a hope and an inference than a conclusion based on any concrete evidence of a change in the Soviet position. Statesmen, of course, have to say publicly nice things about the Geneva conference. In a sense, their tactics are right because, if Soviet Russia doesn't come through eventually with a substantial change in her policies, it will be apparent to the world that every kind of friendly approach made by the West was fruitless, less.

The most persuasive analysis of the Soviet viewpoint that has been written by anyone has come from the pen of Harry Schwartz of the New York Times, whose daily task for years has been to read and study with minute care all the Russian newspapers and periodicals and every phrase of all the broadcasts and statements from Communist sources inside and outside of Russia bearing on Soviet policy and intentions. Here is the way he looks at what happened at Geneva: "The key to the Soviet new look in Geneva appears to be the fact that the Kremlin chiefs' primary objective was to improve their public relations, or as they would put it, to reduce international tension. They wanted to destroy the West's stereotype of Soviet leaders as unreasonable, uncompromising monsters who speak only in insults and with whom there is no point in negotiating, since the end of capitalism is their life's ambition. "Instead the Russians sought to recreate the atmosphere of a decade or more ago when Western leaders thought of Stalin as 'good old Joe' and treated with him in that spirit. "Second to this objective was the effort

to probe the West's positions to see whether the three Western Powers were prepared to make any significant retreats, to test the solidity and the unanimity of the common front of the United States, Britain, and France. "Third, Moscow's negotiators sought to make clear to Germany that reunification of that country depends upon Russia and Russia alone. Soviet conduct on this issue in Geneva was designed to serve notice on Chancellor Konrad Adenauer that he must come to terms with the Soviet leaders when and if he visits Moscow, or else give up for the foreseeable future any hope of a unified Germany. "Finally, the Soviet leaders sought to give the West notice that on some issues they will not retreat. They steadfastly demand withdrawal of United States forces from all foreign bases; they will not give up domination of Eastern Europe, and they will not call off the subversive activity of the world Communist movement. "The importance of the first objective listed above to the Soviet leaders requires particular stress. It is in a better atmosphere between East and West that Premier Nikolai A. Bulganin and his colleagues apparently see the key to attainment of some of their present primary foreign policy goals, such as some degree of disarmament and lifting of Western trade barriers. "The most pressing Soviet objective at the moment is more trade relations with the West and a decided weakening of the embargo on strategic goods. When the President and Secretary of State Dulles told members of Congress that no deals had been made in private and that "nothing had been given away" at Geneva by the American delegates, members of Congress were reassured, though some were still quite puzzled by the following two paragraphs in President Eisenhower's last speech to the Geneva conference, which said: "The work of our foreign ministers as they strive to implement our directives will be of great importance, perhaps of even more than what we have done here. There is the task, reflecting the substantive policies of their governments, to reach agreement on courses of action which we here could discuss only in broad terms. I know we all wish them well. "I trust we will all support the necessary adjustments which they may find our governments must make if we are to resolve our differences in these matters. "What adjustments" did the President have in mind? Is this a word for "compromises" or "concessions"? It could turn out to be a political tragedy for 1956 if it develops that the Eisenhower administration is yielding on the trade embargo and is getting nothing substantial in return. Memories of Yalta would be revived on the stump.

Education - PITTSBURGH (AP)—Although she has been confined to a wheel chair since 1940 by polio, Iris Mabel Klem of Miami, Fla., hasn't let it interfere with her education. This year she received her master of public health degree from the University of Pittsburgh. In 1948 she received her bachelor's degree from the University of Miami and four years later was awarded a master of science degree by the University of North Carolina.

Rub-A-Dub-Dub

James Marlow Coney Island Place For Reds To See

WASHINGTON (AP)—If President Eisenhower wants to let the Russian leaders mingle with the sweating proletariat in a way they never saw in Moscow he could invite them over for a Sunday afternoon in August on Coney Island.

If he doesn't invite them to this country, they may beat him to the punch by asking him to Moscow. They already seem fully launched on a public relations job that has the rest of the world started and guessing.

Eisenhower told his news conference yesterday that at Geneva last week Western and Russian leaders discussed exchange visits "throughout the whole echelon of government." That means all the way from the top to the bottom. In disclosing this, Eisenhower possibly paved the way—and prepared American thinking if it happens—for an exchange of invitations between himself and Russian Prime Minister Bulganin.

The President said no definite invitations were issued. But a few minutes later British Prime Minister Eden, who was also at Geneva, announced Bulganin and Communist party chief Khrushchev would visit Britain in the spring. The Russian leaders' plan to go to Britain in 1956 may indicate they intend to maintain the pleasant relations established at Geneva even though, in the meantime, they make the major concessions to the West in foreign affairs.

If the Russians have an impression that only rich Americans eat well, Eisenhower might conduct Bulganin and Khrushchev on a tour through a few huge neighborhood food stores and change their minds. They've heard of American prosperity but could hardly believe it unless they saw the millions of automobiles on streets and highways, the clothing and furniture in the department stores, and even the busy candy and delicatessen shops.

If they've wondered about American resources and skills and the conditions of workers with their free labor unions, Eisenhower could take them through the farmlands, the factories, and into the mines and universities.

American workers in the middle of the 20th century—in the factories and mines and shops—can be called the proletariat but they are not the same proletariat Karl Marx wrote about in the middle of the 19th century. By the same token Eisenhower and Secretary of State Dulles might develop a new respect and appreciation for the ultimate re-

sources and power of Russia if they could see personally some of the vastness of the country and the people. True, the Russians are still far behind the industrial development of the United States but they have made enormous industrial progress since the Revolution of 1917, and their scientific progress has been astonishing. It has been one of the ironies of history that the heads of government, making policies that affect each other's people, seldom have had a chance to visit across the borders for a first-hand look for themselves.

Hal Boyle Dusk Is Girl's Best Friend

NEW YORK (AP)—Curbstone reflections of a pavement Plato: A girl's best friend isn't a diamond—it's dusk, the time of day when she begins to sparkle herself.

Twilight is for the ladies, their big hour of charm. As a man feels most like a man in the morning (well, on some mornings at least), so a woman feels most like a woman at twilight. It is then she puts her best face forward.

One of the surest signs of the feminine sex's superior physical endurance is the fact that, whereas a man's strength wears down during the day, a woman's strength builds up.

Some women, I know, will snort at my theory that the sexes live by a different interior clock. So let me try to prove it by citing a situation familiar to many married couples.

The tired husband arrives home and is told by his wife that this is their wedding anniversary and they are going out for the evening with another couple. Well, he doesn't want to. He begs, whines, pleads utter exhaustion. All to no avail.

When the two couples meet, the wives are as lovely and sparkling as schoolgirls. But the husbands are drooping.

But midnight works a magic change. The wives begin to fade like Cinderella, the husbands come alive. They want to get out on the dance floor. They laugh, tell jokes to strangers at the next table, and call to the waiter for madder music and stronger wine.

When the night club closes, the husbands still don't want to go home. They want to push over bus signs and throw rocks at the moon. Now, what has made this change in the attitude? Very simple. The strength of the wives ebbed as the night dwindled, the strength of the men rose with the approach of daylight, the time when men feel strongest.

Impartial - DENVER (AP)—Frank Gould, City Council candidate, is a man who won't take no for an answer. He took a campaign poster to a tavern and asked proprietor Lionel Zinn for permission to tack it up. Zinn said no, he didn't want to take sides.

Gould returned the next day with his poster and one for his opponent, Sonny Mapple!

The posters were tacked on the tavern wall.

The Whole World - NEW YORK (AP)—Where in the world would you go if you had the whole earth to pick from? Harold White, retiring from the presidency of Thomas Cook and Son after 48 years spent in travel and tourism, picks 10 spots:

London, Rome, Palestine, Paris, Switzerland, New Zealand, Holland, Japan, Bermuda and Hawaii.

And with the whole earth to pick from, where has White picked for his own retirement?

He will live in Harrison, a suburb of New York City. He will spend his summers at Fourth Lake in New York's Adirondack Mountains.

Twin Hearts Studied - BOSTON (AP)—Twins are being studied at Massachusetts General Hospital in an effort to determine whether heart disease is inherited or the result of environment. Specialists making the study believe that if an identical twin of a victim of heart disease shows heart involvement, it could indicate an inherited characteristic. Thousands of cases will be studied, however, before the doctors reach any conclusions.

Business Connection - DES MOINES (AP)—The program of the Iowa Funeral Directors and Embalmers Assn. included attendance at the Des Moines Community Playhouse production, "The Three Angles."

Too Long - RICHMOND, Va. (AP)—Andrew H. Adams told the court he had just put off getting an automobile driver's license. The court ascertained that his procrastination lasted 24 years. The fine was \$25.

Mr. Breger

Pen-Talkin

By Jess Blair

The annual battle of man against insect has started in the irrigated cotton fields of Martin County. There is a mild infestation of aphids and fleashoppers, says Gerald Hanson, Martin County Agent, but the big threat is boll worms. Most irrigated farmers have already poisoned twice and some are ready to start over the fields a third time.

Hanson says other insects are not working too much, but if another rain comes or they get some deep weather there could be a big build-up in a short time. Hanson agrees with other authorities that a few dollars spent on poisoning may save several bales of cotton. He says dryland cotton is looking good and has started growing since the last rains.

The boll worms are also coming out in Howard County but they may be a few days behind schedule, says County Agent James Taylor. In his field inspections, he is finding boll worms eggs and a few small worms, but says the big crop may not hatch out this week, as earlier stated. Most farmers are alert to the boll worm threat, he said, and are watching their fields closely. Several of them have their poisoning rigs ready and will start dusting and spraying whenever the worms hatch out.

Taylor says there is one insect that has caused some concern, but is probably harmless. This is the squash bug nymph, and it is being found in cotton fields. They are also crawling over porches, and may even come in the house if the door is left open.

Taylor doesn't think they will do enough damage to justify poisoning. The squash bug nymph is a pale yellowish specimen with two long feelers. If the owner doesn't like their looks, he can kill them with a BHC solution.

Lower farm prices are expected for the next few months, according to the Doane Agricultural Service. Their most recent report forecasts cheaper prices for corn, grain sorghums and hay. They warn poultrymen to sell off broilers as early as possible or contract them for future sale, because the broiler market is expected to bust wide open in a few weeks.

The only encouragement in the report is for laying hens. Laying

Capt. Friend Services Set

Funeral for Capt. Johnny C. Friend, former Big Spring resident, was to be held this afternoon in San Antonio, friends here have learned.

Capt. Friend was one of two jet pilots killed when their T-33s collided and crashed as they came in on a landing pattern at Montgomery, Ala. Sunday. He had been stationed in Laredo and was on a routine flight.

Capt. Friend was the son of Mr. and Mrs. J. E. Friend. His father had been master mechanic for the T&P here for a number of years, moving about 1942 when Johnny was a sophomore in the Big Spring High School. He graduated two years later with honors at Fort Worth and had seen service with the Air Force in Korea.

His wife is at the home of her parents, Col. and Mrs. Bob Robertson, 115 Tuttle Road, San Antonio. His parents, now of Washington, D. C., also are at San Antonio.

Church Of Christ Meetings Slated

A series of open air gospel meetings sponsored by the Fourth and Benton Church of Christ will begin at 8 p.m. Friday at Eleventh and Birdwell Lane.

The meetings will take place across from the new building being constructed by the church and will last through August 7.

W. Wallace Layton from Houston will be the evangelist. This is the fourth gospel meeting he has conducted for the local church.

JOHN A. COFFEE
ATTORNEY AT LAW
308 Scurry
Dial 4-2591

flocks are down over 20 per cent from last year. Higher egg prices are forecast for fall and winter, and they may last well into the spring months.

Garden City is still dry, but the area has had several small showers the last few weeks.

"They are not enough to do much good," said Joe Calverley, who ranches northwest of town, "but they keep the grass alive."

Gaines County ranges are looking better since the recent rains, says Tom Long, cattle buyer from Seminole. He said he had an order from one rancher to buy a truckload of cattle at the Big Spring Auction yesterday.

Long said most of the pastures had been beat out the last few years, but quite a lot of new grass had come up this year. The county is wet right now, and got another inch of rain last Tuesday.

T. M. Robinson says cotton prospects around Knott are the best in several years, and will not need much more moisture to make a good crop. He said the early feed nearly burnt up, but since the rains has started growing again.

Bluetongue is taking a toll of sheep and lambs in Glasscock County, according to Oliver West, county agent. He said the disease first received notice two years ago when a few flocks were afflicted with it. Last year it almost disappeared, but during the last few weeks has shown up on nearly all the ranches south of Garden City. He said he hadn't heard of any in the northern part of the county.

The disease is caused by a night-flying gnat, says West, that bites the sheep on the nose. Early symptoms are sore lips which may become infected with screw worms, high fever, stiffness, and a large ulcer in the top of the mouth. Bluetongue in itself does not kill many sheep, but they become listless and are so weakened that pneumonia or some other disease may kill them.

There is a vaccine which will likely prevent the disease, and several ranchers have been vaccinating their sheep. One rancher who vaccinated last year has not had any afflicted sheep this season.

Bluetongue is really a misnomer, says West, because the sheep's tongue does not turn blue. It only feels that way.

Mr. and Mrs. Charlie Blaylock have moved from their ranch home on the Midland-Garden City Highway into the new house about two miles north of there. This is one of the largest ranch houses in the country, being nearly 30 feet wide and over 80 feet long.

They also have a big poultry house for their 1,100 caged hens. The pullets just started laying a few weeks ago, and are now coming into full production. The eggs are marketed in Stanton where they bring a premium price.

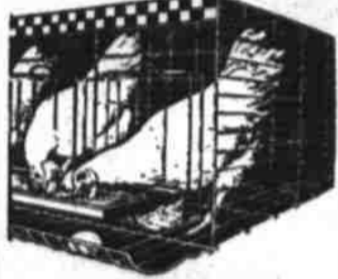

Mr. Blaylock says they have had very little rain this year, and the pastures are in poor condition.

LOOKING 'EM OVER

With Tommy Hart

If desegregation does come to the local schools, and it appears inevitable, it will have one healthy effect on fortunes of the local high school baseball team.

There's a young Negro lad whom the other players in the Teen-Age circuit here haven't been able to touch. Name's B. F. Newton. He's a left-handed hurler and he can hum that pea.

A felicitous but moody man was Jim Zapp, the Cops' custodian of the initial sack, who recently checked out of the Big Spring Cops-Cop baseball camp.

Hostility of the fans hastened his departure. He didn't want to play first base in the beginning. When he did take over the chore, he told Manager Pepper Martin he would make a lot of mistakes. He was sure of that.

Pepper was sympathetic to his problem but a few of the fans weren't. They began to saddle him with complimentary nicknames and all too often referred to him as "nigger," a term a member of the Colored race does not appreciate. Their remarks fell on sensitive ears.

He deserved a better break. In their hearts, I think most of the people had great affection for the big fellow but they are like fans everywhere. They reasoned they could spur him out of what appeared to me complacency with the use of invective. It didn't work.

Jim worried about his play so much he grew morose and non-communicative until, one day, it came to the point where he felt he couldn't stand it any longer. He protested to the stands and to the management the most dramatic way he could think of, by quitting in the middle of a game.

He was hurt and hurt deep, so he changed clothes and walked out into the night, resigned to the conviction that anything would be better than the mental strain that seemed to have moved in on him to stay.

And why didn't Martin use him in the outfield, where Jim wanted to play?

Well, Jim is no gasser in the outfield, as everyone knows. Martin thought he had the strongest boys on the picket line, where base hits had been falling in like hail stones. Too, everyone else on the club shied away from the job at first base, as if they thought the first base might be strung with poison ivy.

Some say Pepper pulled a rock when he handed Tony Martinez his pink slip several weeks ago, but there are two schools of thought even there.

Tony's partisans insisted that he was even capable of showing a Hal Chase a thing or two. His critics argued he was too short to play the bag and made the routine plays look hard with too fancy capering around the bag.

The argument will rage over whether Martinez filled the bill defensively but few will argue that he slumped badly at the plate and was getting worse as the season progressed. He hit .303 last year but he accumulated most of his hits before the opposing hurlers learned how to throw to him. The last 20 times he was at bat in 1954, he didn't get a base hit.

This year, he never did untrack. He began to leave runners stranded in droves and Martin finally let him out, but not before he tried to interest every team in the area to take him off his hands. There were no takers.

That was when Zapp was moved in; when a whole, new and brutal world opened up to Big Jim.

Piersall Is Among Unsung Heroes In Boston Surge

BOSTON (AP)—Jim Piersall, Boston's "other outfielder," and the left side of the infield are the unsung men of the Red Sox push to within three games of the American League lead.

The names in the headlines are those of left fielder Ted Williams, who leads the team in batting with a .340 while playing in 43 of the 56 games, right fielder Jackie Jensen, with 76 runs batted in, and first baseman Norm Zaichin, with 20 home runs.

But it's taken timely singles to enable the Sox to win 37 of their last 48 games too. And the quartet of Piersall, second baseman Billy Goodman, shortstop Billy Klaus and third sacker Grady Hatton have had 'em when they were needed.

Piersall got the hits that beat Cleveland's third-place Indians (two games behind New York) twice in as many days. With the score tied 1-1 Tuesday night, Piersall showed his speed by beating out a high hopper that scored what proved to be the winning run in a 5-1 triumph.

Yesterday his three-run homer put the Sox ahead 3-2 and they went on to a 6-2 victory.

It took injuries to Milt Bolling and Eddie Joost at the start of this season to give Klaus his chance after the Red Sox purchased him from the American Assn.

His fielding has been sparkling—and his fancy glove work has everybody hustling. Klaus is making plays on balls that would have been hits against other Sox shortstops in recent years.

Hatton is doing some outstanding fielding himself. He is death to curving line drives and slow rollers in his territory. He's known as a clutch man with a bat. Tuesday night his single tied the score 1-1. He scored two runs after singling twice yesterday.

Goodman, the long-time Red Sox handyman with a .310 lifetime average, started off the season with miseries at the plate. But Manager Mike Higgins has kept him at second and he's coming into his own. He reached on two singles, a double and a walk in five chances yesterday.

And he came up with a fielding gem deep behind first to throw out pinch hitter Dale Mitchell in the seventh inning.

In their last 48 games since the first game of a double-header at Kansas City June 5, the Red Sox have come from 14 1/2 games off the pace to three behind.

On the strength of his victory last year, Bolt has been installed as the man to beat, but he is assured tough competition.

Top money winner entered in Gene Littler, of Palm Springs, Calif. who has picked up more than \$15,000 this year.

Doug Ford, the Kiamesha Lake, N.Y., pro who won the National PGA Tournament in Detroit Tuesday will have a big following when he tees off this morning.

Abilene Lashed By Pampa, 9-6

By The Associated Press
The Pampa Oilers moved more solidly into first place in the West Texas-New Mexico League Wednesday night with a 9-6 victory over Abilene.

Abilene, in second place, was lashed by rain at Amarillo as was El Paso at Clovis.

In the other game, Plainview moved into fourth place by means of a 5-3 victory over Lubbock, dropping Clovis into fifth.

At Abilene, Tom Pollett took the victory after a shaky start. It was his 15th of the year. Red Dial relieved him in the eighth. Frank Pickens was the loser. Curtis Hardyway honored with one on in the eighth for Pampa to tie the game 5-5.

That game was played before presidents Dick Butler of the Texas League, W. J. Green of the Lehighorn, Howard Green of the Big State, Hal Sayles of the West Texas-New Mexico and George Trautman, minor leagues' chief. They meet Thursday in Abilene to discuss realignment.

Plainview claimed unearned runs in the seventh and ninth at Lubbock to line up its victory. Jim Lemons, relieved in the sixth by Ken Harrington, took his 10th win of the year. George McDuff was the loser. L. B. Palmer honored for Plainview in the sixth with one on to tie the game 3-3.

Paris Triumphs To Defend Title

By The Associated Press
League-leading Lawton and Shawnee, one-half game behind, stumbled Wednesday night in Sooner State play, but both continued to hold a comfortable lead over their rivals.

Lawton fumbled away its contest with Paris 3-2 and Shawnee dropped its game with Muskogee 6-4. Last-place Seminole knocked off Ardmore 7-2 and Ponca City nipped McAlester 3-1.

The Paris Orioles scored a run in the eighth on two errors and a single to trim Lawton's brakes.

Shawnee plays at McAlester Thursday night Lawton at Seminole, Paris at Muskogee and Ponca City at Ardmore.

Padres Poised To Take Over League Lead

By The Associated Press
San Antonio's hurrying Missions are poised to take over the Texas League lead.

The Missions knocked the front-running Dallas Eagles into the ropes Wednesday night to move within one game of the top. And if they can administer the kayo punch Thursday night will hold the lead by two percentage points.

It's the big one for both clubs as they square off in Dallas, with San Antonio depending on Mel Field, an 18-game winner, and Dallas using Jim Tugerson, who has a 9-9 record.

Frank Fanovich was magnificent Wednesday night in pitching the Missions to a 2-0 victory over Dallas in the series opener. He held the Eagles to five hits and made it seven victories in a row during which he has given up only five earned runs in 65 innings. That's a fabulous earned run average of .063.

Hisel Patrick did a good job for Dallas, yielding only six hits, and the first run off him was unearned. The second one was on the up-and-up, however. Dallas got two men on base in the ninth but Fanovich knuckled down and escaped damage.

All the leaders except San Antonio took beatings and Tulsa, walloped by down-trodden Beaumont, 21-16, fell down to sixth place while Fort Worth surged into a tie for fourth with Shreveport.

The Beaumont victory was a fantastic affair. The Exporters slammed 13 runs across the plate in the third inning. Together the two clubs rapped 38 hits with Beaumont getting 24 of them. There were nine extra-base blows. Eight pitchers were used, five of them by Tulsa. Beaumont sent 19 batters to the plate in that 13-run frame.

Fort Worth beat third-place Houston 2-0 behind Carroll Bevinger's 4 - hit pitching. Norm Sherry hit a bases-empty home run in the fifth inning and Dick Williams drove in the second run with a single in the sixth.

Oklahoma City knocked Shreveport into a tie with Fort Worth for fourth with a 3-2 victory. It was the sixth straight triumph for Oklahoma City.

Jim Kirk pitched a 4-hitter and scored the winning run himself in the eighth. He got on with a single and tallied on an error by Sport shortstop Joe Joppe.

Cardinals Line Up Snyder Go

Ted Fields, sponsor of the Cardinals team in the Senior Teen-Age Baseball League, announced this morning he had arranged a practice game between his club and a Snyder team, managed by Speedy Moffett.

The contest will be played here next Monday, possibly in Steer Park.

The Snyder team is composed of the boys who will make up next year's Snyder High School baseball team. Moffett is also the high school coach there.

The site of the Monday engagement had not been determined this morning but it is possible it will be played in Steer Park.

Baseball Official Is Death Victim

CORPUS CHRISTI (AP)—The business manager of the Texas City baseball club of the Big State League, Joe Boughton, was found dead in his hotel room last night.

Little League Title On Line

The Big Spring National League and the Midland Central All-Stars, both of whom survived two rounds of competition in the area Little League playoffs, will have a battle royal tonight at 6 in the local Little League Park.

The winner of tonight's game will enter the District Tournament in Lubbock, Aug. 1-3. The district winner will then proceed to the Sectional Tournament in Midland, Aug. 4-6.

The Nationals' first victory came Monday night when they edged a tough American All-Star team, 5-1, in nine innings. Then they came back Tuesday night to defeat Midland Southern, 4-2.

Midland Central gained a first-strike position in the area playoffs by first defeating the Midland Eastern team at home and then coming to Big Spring to defeat the Texas League team easily by a score of 13-4. The Texas Leaguers had previously beaten the Midland Western nine, 3-2.

The Nationals will send either Jay Newton, Kenny Griffin or Don Mills to the mound tonight to lead the attack against the Centrals. A manager of the National All-Stars said that ace pitcher Jay LeFevre might be used in relief if he is needed.

Corpus Is Back Top Standings

By The Associated Press
Corpus Christi's Clippers were back on top in the Big State League Thursday after just one night's absence.

They lashed Texas City 15-6 Wednesday night to push past the Texans into the lead by a game and a half.

Waco, in third place, was in the peculiar position of losing a game and a half by falling before Harlingen 9-7. Because Corpus Christi which actually had led in games but was behind in percentage, went into first place, the Pirates are 4 1/2 games behind instead of three.

Corpus Christi came from behind to do it but Keith Little's bat proved the difference. The Clipper first baseman had two 3 - run homers. They were his 29th and 13th circuiters of the season.

Dug Alford was the man of the moment for Harlingen in its triumph over Waco. He clouted a 2-run homer in the 12th inning to furnish the victory margin.

Nova Must Be Paid Damages In Suit

LOS ANGELES (AP)—Sports columnist Vincent Flaherty and the Hearst Publishing Co. have been denied a new trial of a libel suit in which former heavyweight fighter Lou Nova won \$35,000 damages.

Superior Judge Newcomb Condee ruled against the defendants. A jury in his court held last June 1 that Flaherty was wrong in calling Nova a coward for his actions in a fight with ex-heavyweight champion Joe Louis Sept. 29, 1941.

Nova sued for \$200,000, alleging his reputation was damaged.

Lamesa Small Fry Lose To Lubbock

LAMESA — The Lamesa Little Leaguers ran up against some slight pitching by Don Bumpass of the Lubbock Southwesterners Wednesday and dropped the semi-final game 5-0.

Ebert McNeil pitched fairly steady ball, but his mates simply couldn't bunch their hits to get in the ball game. Lamesa had eight men left on base.

Paul Bryant Back From Far East

COLLEGE STATION (AP)—Paul (Bear) Bryant was back at work today as head football coach and athletic director at Texas A&M College, following a month-long tour of Army installations in the Far East.

Bryant conducted coaching clinics during the trip, made under the sponsorship of the Department of the Army.

Children Five To 15 Eligible For Pony Draw

There'll be gifts galore for the kids who gather at Steer Park the night of Saturday, Aug. 13, for "Davy Crockett Night."

Top prizes, of course, will be the pony, bridle and saddle which the holder of a lucky ticket will take home.

In addition, 3,000 Davy Crockett hats, supplied by a local baking concern, will be given to the children, if that many show up.

The tickets being given away by local merchants for the party admit the kids to the park as well as makes them eligible for the drawing. Children five to 15 years of age are eligible.

Following is a list of the merchants and business men recently added to the list of those supplied with tickets:

Lopez Food Market, Eleanor's Beauty Shop, Frazier's Garage, T&T Welding Supply, J&S Supply, Dyer's Beauty Shop, J&J Golf Service, Barnes Office Supply, Dr. E. O. Ellington, Elliott and Waldron Abstract Co.; Corbin's Auto Service, Drake's Grocery, Atomic Cafe, Atwell's Garage, Atwell Service Station and Gregg Street Dry Cleaners.

Also Everybody's Drive In Cafe, Lee Hanson's Men's Store, Jones & Laughlin Steel Corp., Dr. C. W. Deata, Engle Mill & Supply, Dave's Laundry, Phillips Tire Co.; First Finance Co.; Firestone Stores, Fiveash Plumbing Co.; John Davis Feed Store, Boydston Pest Control, R. B. Reeder Insurance and Loan Agency, R&R Theatres, Empire Southern Gas Co.; Gulf Oil Co.; Douglas Grocery & Market, City Laundry & Dry Cleaners, City Radio & TV, Hally Pump Co.; Big Spring Wholesale Meat Co.; and Cottage of Flowers.

Welters To Fight For Texas Title

HOUSTON (AP)—Ten Texas welterweights have been selected to compete in an elimination series for the state championship.

Six of them will be on a card. Three 10-round bouts will match Lloyd Nelson of Houston and Mel Barker of Austin, Alfonso Flore of Houston and Al Jurgens of San Antonio and Ray Portilla of Houston clashes with Eddie Brant of San Antonio.

The other four fighters are Joe Felan, George Carter, Babe Vance and Alex Vargas.

The state welterweight championship has been declared open by the State Boxing Commission since Mexico's Consorcio has failed to defend it in the last three months.

Dropo Big Man With Hickory

NEW YORK (AP)—Big Walt Dropo, once more is a big man with the bat. He has overcome some bad habits at the plate.

Since the All-Star Game July 12, the 6-5, 220-pound Chicago White Sox first baseman has looked more like the Dropo of 1950, when he hit .322, tied for the American League's runs-batted-in title with 144 and hit 34 homers as a member of the Boston Red Sox.

"Yes, Walt sure is playing ball for us these days," said Manager Marty Marion today as the White Sox went into the third game of the Yankee series trailing the league leaders by only one game.

"I would say Walt is hitting better because he has corrected bad batting habits," the lanky manager continued. "No longer does he take a long lazy swing. Its sharp with a purpose. He is getting more power now that he is hitting more off the front foot. And he finally got rid of that Fenway Park swing."

Dropo was in quick agreement about the "Fenway Park swing."

The swing was explained as a sweeping swing designed to give the ball height and carry it over the close but high left field wall at Boston's Fenway Park.

"I know I hit better in big ball parks," Walter said. "I'm not always going for that long ball with

the result I have been hitting more to right field and getting singles. But outside of the few changes I've made in my batting style I don't think I am doing anything different."

Cops Meet Midland In Double Header

The professional rain makers can't hold a candle to the owner-manager of the Big Spring Cosden Cop baseball club, Pepper Martin, who seems to attract showers every time he returns to town.

If it doesn't rain during one of the Cops' home stands, it tries awfully hard. On the road, Martin doesn't do so good as a rain-maker—the Cops have managed to play most of their engagements away from home.

The Cops came home from Hobbs Wednesday but they didn't get to play. For the eighth time this year, they had an engagement postponed—due to the blessed downpour. They were scheduled to tangle with Midland.

As a result, the two teams will try to make up the engagement with a double header this evening, with the first of two seven-inning games down for 7 p.m.

Youngest Veteran Honored

Joe DiMaggio, the youngest ball player to be honored in the Hall of Fame, looks over the plaque unveiled in his honor after ceremonies at Cooperstown, N. Y. Joe was installed in the Hall along with five others. (AP Wirephoto).

HALL OF FAME NOMINEE CAPTAINED '38 CHAMPS

FORT WORTH (SC) — Robert David O'Brien, the rugged little quarterback whose election to the football Hall of Fame was announced Monday, led Texas Christian University's greatest football team to the national championship in 1938.

Madison (Matty) Bell, one of the five coaches also honored, tutored the Frog football teams during their first years in the Southwest Conference, 1923-1928.

During his playing days, O'Brien never hit more than 150 pounds. But he was powerfully built and durable. His coach, L. R. (Dutch) Meyer, now TCU's athletic director, recalls that the little fellow took time out only once in his three years of varsity competition after being shaken up. He never missed a minute of play because of injury.

Davey was destined for the football wars from birth. The fatherless Dallas boy was given a regulation ball before he was big enough to hold it in both hands. An uncle, the late Boyd Keith of Dallas, was an enthusiast and his great good friend, the late Dan D. Rogers of Dallas, was always confident the lad would be a TCU star.

Rogers, a prominent banker, was a member of the TCU board for many years and headed the trustees athletic committee from the day it was organized until his death.

Little Davey started playing on the Dallas sandlots and got one of his big boyhood thrills when his midjet team performed at the half of a TCU-SMU game. At Woodrow Wilson high in Dallas, he was a standout star and with a teammate, huge I. B. Hale, entered TCU in 1935.

The great Sammy Baugh was a junior that year and in 1936, as a soph, Davey played infrequently behind the star passer. He tossed only 40 passes that year but hit 21 for 252 yards and a fat .525 average.

As a junior in 1937, O'Brien became the Frog quarterback but things were rough. The team lost to Ohio State, Fordham, Baylor and was nosed out by Centenary, 10-9. After that one, O'Brien, Hale, the incomparable Ki Aldrick and

other leaders got the team together and talked things over.

The result was the longest winning streak in TCU football history. The Frogs won the last three games of 1937 then blasted through 11 straights in 1938, including a 15-7 triumph over Carnegie Tech in the Sugar Bowl. That team was certainly one of the greatest in Southwest Conference history.

O'Brien was the leader and spark. In 1937, he threw a record 219 passes and completed 96 of them for a 405 average. And in 1938, he connected 110 times on 194 tries for 1733 yards and a .567 average. The yardage gained still stands as a Conference record, and the 110 completions tied the section mark.

The 1938 team was behind only once all season, 6-7, to Carnegie Tech at the half in the Sugar Bowl. So good was the first club it played less than half the total time for the season. O'Brien made 11 All-American teams and was awarded the Heisman Trophy in New York. His No. 8 jersey was retired by the university after the season and has never been worn by a Frog player since.

After graduation, Davey took a fling at professional football and set a single game passing record at Philadelphia. Later he was with the FBI for several years and is now associated with an oil company here in Fort Worth. He is active in TCU's Ex-Lettersmen's Club and currently is heading the first annual fund drive of the TCU Ex-Students Association.

Bell was a product of Fort Worth's famed North Side high teams with such greats as the late Bo McMillin, Red Weaver, Bill James and others. He was a member of the great teams at Little Centre College, one of which startled the football world of 1920 by defeating mighty Harvard.

Matty coached at Haskell Indian Institute before being named head coach and athletic director at TCU when the Horned Frogs entered the Southwest Conference in 1923. Dutch Meyer was his freshman coach.

In six seasons as Frog skipper, Matty won 33 games, lost 17 and tied 5. He became head coach at Texas A&M in 1929 and the team he left behind at TCU won the university's first Conference championship under Francis Schmidt. Bell later coached at SMU where he is now athletic director.

Baseball Officials Gather To Discuss Re-Alignment

ABILENE (H)—Top officials of the Southwest baseball leagues meet today in what some observers think may be the decisive step toward re-alignment of this area's professional baseball circuits.

Presidents Dick Butler of the Texas League, Howard Green of the Big State League, W. J. Green of the Longhorn League and Hal Sayles of the West Texas-New Mexico League joined minor league czar George Trautman today.

Trautman said "nothing definite" was expected to come from the

meeting, but Sayles indicated the presidents might "set up the machinery" for realignment.

Speculation has been widespread that new faces will be present in every league in the Southwest next year.

Most frequent talk is that Beaumont's Texas League franchise will go to Amarillo, which put up \$100,000 last year in an attempt to get the franchise.

Beaumont then would probably join the Big State League.

Hobbs moves in for three games this weekend, with the first engagement set for Friday night.

Midland is involved in a red-hot fight to retain its hold on the first division berth in the Longhorn League. Big Spring is trying to climb out of the cellar.

Mike Rainey and either Marcus Job or Kosse Hill will probably get the mound calls for Big Spring this evening.

The two pitchers Martin acquired in the trade for Jim Zapp earlier this week are due to join the Cops today. They are Jim Newberry and Joe Turano. Both could see action in the Hobbs series.

Jim Barr, who rejoined the Hobbses Tuesday, is due to play first base for the Big Springers tonight. Barr has had about as much experience at first base as he has had as a pitcher.

The Cops will be trying to slam on the brakes, after having lost eight out of their last nine games. In that stretch, they've been able to beat only Carlsbad in one portion of a double header.

Graham Center Is Oil Bowl Nominee

WICHITA FALLS (H)—Gerald Compton, Graham center, has been named to the Texas squad for the Oil Bowl football game here Aug. 19.

The game matches a Texas Team against one from Oklahoma.

Betting Handle Continues High At Ruidoso Downs

RUIDOSO, N. M. (SC) — The cold temperatures and rainy weather failed to stop 10,000 faithful fans from patronizing Ruidoso Downs last Friday, Saturday and Sunday. The pari-mutuel handle despite the cold rains was a zooming \$315,000 plus. Once again this mountain track has proven its immense popularity.

Two quarter horse derby trials were run Saturday over the sloppy track. These races were a prelude to the big 3 year old quarter horse derby Saturday, Aug. 6. The coming derby will have a jackpot of approximately \$8,500. The winners of the derby trials Saturday were Miss MacKay and Top Gun.

In the feature race Sunday a real dark horse called Balmly Eleven out-ran some of the nation's best quarter horse speedsters by daylighting both Brigard and Maroon over a distance of 400 yards in the rapid time of 21.3 on a sloppy track.

Sunday was the twenty-second consecutive day for the rains at Ruidoso Downs. The temperatures have been in the low sixties. However, the weather man says cool balmy weather is in store for the

Five Teams Fight It Out For Junior League Lead

By JOHN CHANDLER
The Associated Press

The heat was on in more ways than one today with only 6½ games separating the first-place New York Yankees and fifth-place Detroit Tigers in the closest American League pennant scramble in 16 years.

Not since 1940 when Detroit won the flag two days before the season ended has there been such a battle.

The Chicago White Sox defeated the New York Yankees yesterday 7-4, and the Boston Red Sox downed the Cleveland Indians 6-2, making the situation all the tighter. Detroit missed a big chance to gain ground, losing the second game of a double-header to Baltimore 8-7 after winning the opener 8-4.

The current leaders, New York, Chicago, Cleveland, Boston and Detroit, are the same five clubs who fought it out for the 1940 pennant. That year the season closed with Cleveland a game behind Detroit, and New York two games back. Boston ran fifth that year, eight games out.

Kansas City grabbed a double win yesterday over the Washington Senators 6-4 and 4-1, the opener going 11 innings.

In the National, the Cincinnati Redlegs ganged up on Brooklyn in the 10th inning for a 4-3 victory, while the Milwaukee Braves handed Robin Roberts of the Philadelphia Phils his first defeat since June 26. The Braves 2-1 victory left them in second place, 1½ games behind Brooklyn. The Chicago Cubs flattened the New York Giants twice, 4-3 and 9-8, while St. Louis downed Pittsburgh 6-1.

Walter Dropo was the hottest hitter for the White Sox, who evened their series with the Yankees at one each. Dropo had three hits and drove in three runs as Chicago knocked Eddie Lopat from the mound in the second inning.

Ex-Yankee Harry Byrd held New York to three hits through seven innings, then was driven to the showers when the Yanks got three runs on four hits. Dixie Howell came on to preserve Byrd's sixth victory.

Boston made it two straight over Cleveland when Jimmy Piersall slammed a homer and single to drive in four runs. Vic Wertz homered for the Indians, who could get only six hits off right-hander Tom Brewer. Piersall's

Seagraves Beaten By Lamesa, 11-1

LAMESA — The Lamesa Little Leaguers won 11-1 over Seagraves and advanced to the semi-finals in the District No. 2 eliminations at Lubbock on Tuesday.

Kenneth Flipping was almost a one-man hurricane. He not only buried his mates to victory by limiting Seagraves to two hits while striking out 15 and issuing no walks, but he clouted two home runs to provide his own margin of victory.

Graham Addison also slammed two homers for Lamesa and Tommy Doyle poled out one.

The Lamesans play again at 5:30 p.m. Wednesday, meeting the Southwestern League champion Lubbock. Ebert McNeil is to pitch for the Lamesa Little Leaguers.

homer came in the fourth with two on off Art Hogtteman.

Gus Zernial's three-run homer for Kansas City was the big blow in the first game, but Washington's Tom Umphlett sent it into extra innings with a two-run homer in the ninth. The A's Bill Harrington, third of four pitchers, gained his first big league victory in the second tilt.

Detroit handed Baltimore its eighth straight loss in the opener, and led 7-1 after five innings of the nightcap. Then the Orioles scored three runs in both the fifth and sixth innings to knot the score. Jim Dyck's single scored Cal Abrams with the winning run in the seventh.

Cincinnati loaded the bases in the 10th inning, then rookie Bill Smith singled off loser Clem Labine to bring in the winning run. Don Honk and Duke Snider homered for Brooklyn. Johnny Klippstein pitched the 10th inning and gained credit for the victory.

Roberts, seeking his 17th victory, hooked up in a hurling duel with Lew Burdette for six innings at Milwaukee. Then in the seventh

the Phils scored on three singles, but the Braves bounced back in the bottom half with the winning tallies after two were out. Del Crandall singled, Danny O'Connell was hit by a pitch, and pinch hitter George Crowe drove home one run with a single. Billy Bruton's infield hit scored the winning run.

Wally Moon blasted a grand-slam homer while Harvey Haddix fanned a three-batter for St. Louis to end a five-game Pittsburgh winning streak. Moon's homer came in the eighth inning and clinched the Cards' first win in five games.

The Chicago Cubs, who had won only once in their last 15 games, poured it on the Giants. They scored four runs in the first three innings of the opener and coasted home as Paul Minner gained his eighth victory with help from reliever pitcher Bill Tremel. The Giants led 8-4 going into the eighth inning of the second game, but the Cubs smashed seven consecutive hits for five runs. New York had built up its lead on Willie Mays' 31st and 32nd homers, and a grand-slammer by Dusty Rhodes.

Longhorn League Games Cancelled

By The Associated Press
For the second time in two night Longhorn League play was rained out Wednesday night.

The schedule remains the same Thursday night, with Artesia at Rowell, Carlsbad at Hobbs, San Angelo at Odessa and Midland at Big Spring.

The only game that got started Wednesday night was Artesia's at Rowell. It ended in the top of the fifth with Rowell leading 1-0.

Six Area Completions, Three Field Locations Are Reported

Six area completions and three field locations were reported today.

Three of the new wells are in Howard County. In the Moore field, Ibox No. 4 Barnett made 10 barrels on potential and Ibox No. 5 Barnett pumped 59 barrels. Turner No. 1 TXL finished for 73 barrels per day in the Snyder field.

The Texas Company's No. 3-A-NCT-2 W. L. Miller was completed for flowing potential of 166 barrels of oil in the Jo-Mill field of Borden County.

The other two completions are in the Sharon Ridge-1700 field of Mitchell County. Scribensi No. 1 Crawford finished for 50.88 barrels on pumping potential, and Robinson No. 16 Hardee completed for 48.72 barrels of oil in 24 hours.

Moncrief No. 3-A Miller was a 30-Mill field project in Borden County, and the other two ventures—in the Westbrook field of Mitchell County—are a Boles and Grimes Nos. 1, H. C. Brennan and 1 Anna D. Rowe.

Borden
The Texas Company No. 3-A-NCT-2 W. L. Miller flowed its 166 barrels on potential through a 26-64th-inch choke. Production was 166 barrels in 24 hours.

Moncrief No. 3-A Miller was a 30-Mill field project in Borden County, and the other two ventures—in the Westbrook field of Mitchell County—are a Boles and Grimes Nos. 1, H. C. Brennan and 1 Anna D. Rowe.

500 gallons of acid. Elevation is 2,607 feet, total depth is 7,413, and plugged back depth is 7,400. The 5 1/2-inch casing goes to 7,403 feet, and pay top is 7,312. Site is 550 feet from south and 3,104 from west lines, 2-33-T&P survey.

Moncrief No. 1-17 W. D. Johnson, 330 from south and 560 from east lines, west half, 17-32-Sn, T&P survey, is waiting on casing to be set at 7,200 feet. Total depth is 8,512 feet in Pennsylvania reef lime. Reef top is 3,472 feet, and datum minus is 3,640 feet. This well is 11 miles west of Gall and 6 1/2 miles north of the Luck-Pack (Canyon) field.

Moncrief No. 3-A Miller, 550 from south and 3,700 from west lines, 2-33-T&P survey, is to be a new Jo-Mill field venture about 12 miles southwest of Gall. It will be drilled by rotary tools to 7,500 feet.

Dawson
Shell No. 1 Clay, 705 from north and 695 from west lines, labor 4, league 267, Moore shale, is boring below 8,572 feet in shale and sand. The wildcat is five miles west of Patricia.

Amerada No. 1 F. J. Beaver, 660 from north and 1,980 from east lines, 18-33-4n, T&P survey, reached 2,310 feet in gyp and anhydrite. The wildcat is eight miles north of Ackerly on a 641 acre lease, and it is slated for depth of 8,850. Cities Service No. 1 Hendon, wildcat five miles southwest of Welch, was at last reports drilling at 7-

170 feet. Drilling site is C SW NE, 72-M-EL&RR survey.

Glasscock
Humble No. 1-7 TXL, 990 from north and west lines, 23-36-4s, T&P survey, was flowing load oil and water today. Total depth is 7,750 feet and plugged back depth is 6,881. Location is 17 miles southwest of Garden City on a 960 acre lease.

Ibox No. 5 Barnett, 330 from south and 1,650 from west lines, 21-33-T&P survey, has been completed for pumping potential of 39 barrels of oil plus 46 per cent water. Gravity of oil is 29 degrees, and the gas-oil ratio is 250-1. Elevation is 2,254, and total depth is 3,130. The plugged back depth is 3,122, and pay top is 3,122. Operator used 9,000 gallons of fracture fluid.

Ibox No. 4 Barnett, 330 from north and 994 from west lines, 21-33-T&P survey, is another Moore field completion. It pumped 10 barrels of oil in 24 hours plus 41 per cent water. Gravity of oil is 28 degrees, and the gas-oil ratio is nil. Operator fractured pay zone with 6,000 gallons of fluid. Total depth is 3,210 feet, plugged back depth is 3,160 feet, the 5 1/2-inch casing depth is 3,134, and pay top is 3,134.

C. D. Turner No. 1 TXL, Snyder field edge, was finished for a pumping potential of 73 barrels of oil plus 25 per cent water. Gravity of oil is 31 degrees, and the gas-oil ratio is nil. Total depth is 2,628 feet, the 5 1/2-inch goes to 2,588, and pay top is 2,590. Operator used 10,000 gallons of fracture fluid in treatment.

Mitchell
H. J. Scribensi No. 1 C. C. Crawford was completed as a Sharon Ridge-1700 producer. It made a 24-hour pumping potential of 50.88 barrels of oil and no water. Gravity of oil is 29 degrees. Completion was natural, and the gas-oil ratio was nil. Elevation is 2,200 feet, total depth is 1,695, the 5 1/2-inch is bottomed at 1,695, and pay top is 1,440. Site is 330 from south and west lines, 97-13-George Reiger survey.

M. E. Robinson Oil Properties No. 16 F. W. Hardee, 330 from north and west lines, C. A. O'Keefe subdivision, block 15, J. P. Smith survey, has also been completed in the Sharon Ridge field. It made 48.72 barrels of the 24-hour pumping test. Some two per cent water was recovered. Gravity measures 28 degrees, and gas-oil ratio is nil. Elevation is 2,192, total depth is 1,683, plugged back total depth is 1,683, and pay top is 1,578. Completion was from perforations between 1,580 and 1,678.

Leonard No. 1 J. I. Morris, wildcat 2 1/2 miles southwest of Westbrook, set the 5 1/2-inch casing at 3,316 feet and is preparing to test open hole to total depth of 3,065 feet. Site is 330 from south and east lines, 8-28-1s, T&P survey.

Brennan No. 1 Byrne, C. N. W. 22-12-H&TC survey, is drilled below 4,528 feet in lime. This wildcat is 14 miles southeast of Colorado City and is slated for depth of 7,600 feet.

Boles and Grimes No. 1 H. C. Brennan, 330 from north and east lines, northwest quarter, 10-28-1n, T&P survey, is to be a new Westbrook field venture six miles north of the Westbrook community. It will be drilled to 3,200 feet by combination tools.

Boles and Grimes No. 1 Anna D. Rowe, 330 from south and west lines, southeast quarter, 1-26-H&TC survey, has been spotted as a Westbrook field try about seven miles north of the Westbrook community. It will be a 3,200 foot cable tool venture.

Sterling
British-American No. 1-K Johnson, wildcat 10 miles northeast of Sterling City, is digging around 6-818 feet in shale. Site is 650 from north and 330 from west lines, 196-2-H&TC survey.

Two Fire Alarms Come During Rain
Two fire alarms were sounded here during the rain shortly before 2 p.m. Wednesday, but firemen said neither call was to a serious fire.

Radio Station KBST, 702 Johnson, was the scene of a small fire, resulting when a "short" occurred in the wiring. There was no damage, according to the fire department report.

The other alarm was sounded by Frank Galindo, 118 NE 8th. Firemen said lightning struck his television antenna, but there was no damage to the building.

THE WEATHER
WEST TEXAS—Partly cloudy with scattered showers and underclouds this afternoon becoming widely scattered tonight and Friday. No important temperature changes.

UNCLE RAY'S CORNER

Several kinds of enemies. Any good-sized, flesh-eating animal is pleased to have a fox for a meal—if it can get one.

Wolves are special enemies, and so are bobcats. A large eagle may slay a full-grown fox, and a fox may become a victim of a coyote.

Q. Are baby foxes called "pups"?
A. It is common to refer to them as pups. Foxes are related closely to dogs. A dog (which I have nicknamed Foxy) has ears and head which make it look almost exactly like a gray fox. Foxes, as well as wolves and jackals, were among the ancestors of modern domestic dogs.

Q. Do some foxes rid themselves of fleas in a clever way?
A. I never have seen it done, but honorable observers have given accounts. The fox carries an object—a stick or a tuft of fur—in its mouth and steps into water. Not liking to get wet, the fleas move to the head. The fox sinks lower in the water and—when the head goes almost out of sight—the fleas crawl or jump on the object. At this point the object is released, and floats away or sinks.

Q. We might ask why the fox goes to the water. If it simply jumped into the water and the fleas were drowned? The answer is that the fox hardly would stay under water long enough to drown the fleas.
Tomorrow: Water insects.

Giles Found Guilty On Theft Charge

AUSTIN, Tex. (AP)—Former Texas Land Commissioner Bascom Giles was found guilty today of being an accomplice to theft of \$6,800 of the state's veterans land program funds.

The 12-man 96th District Court jury assessed his punishment at three years in the state penitentiary but he remained free on \$2,000 bond after attorneys filed a motion for a new trial.

Giles, who had proclaimed sponsorship of the 100-million-dollar veterans land program, served as chairman of the program's administrative board.

"I was a little bit surprised at this one," he told reporters when the verdict was returned after 3 hours and 34 minutes of deliberation. "I didn't think it would happen."

Giles was the first to face trial in the veterans land scandals which have rocked the state since last November, when weekly newspaper editor Kenneth Towery, of Cuero, Tex., first broke the story. In all there have been 319 indictments returned against 21 individuals in 9 counties.

MARKETS

WALL STREET
NEW YORK (AP)—The stock market was mixed today in early dealings. Major divisions followed these patterns: Stocks mixed, futures mixed, silver lower, aluminum higher, tin higher, rubber steady, copper lower, diamonds mixed, electrical equipment lower, railroads, metals, oil higher, airlines lower, and mixed goods steady.

COTTON
NEW YORK (AP)—Cotton was \$ 3 3/8 a bale higher at noon today after a decline \$2.80, December 34 1/2 and March 34 1/2.

LIVERPOOL
FORT WORTH (AP)—Cattle 1,300 steady. Hogs 100 higher, calves and good grades of slaughter steers and yearlings 15.00-16.00, medium and good slaughter calves 14.00-15.00, good stocker steers 12.00-13.00, medium and good steer calves 10.00-11.00.

Several openings for farm hands have developed since the recent rains, according to Leon Kinney, manager of the local Texas Employment Commission.
Cotton chopping crews and single workers are needed as well as a few tractor drivers and plant poisoning crews.

Kinney also reported an opening for a young veteran with typing and clerical experience. He said it was a good job with a future and pays \$250 per month.

Several openings for farm hands have developed since the recent rains, according to Leon Kinney, manager of the local Texas Employment Commission.
Cotton chopping crews and single workers are needed as well as a few tractor drivers and plant poisoning crews.

Kinney also reported an opening for a young veteran with typing and clerical experience. He said it was a good job with a future and pays \$250 per month.

Oil Men's Club Opposes Phone Rate Increase

A petition opposing the requested increase in telephone rates here was filed with the city commission by the Oil Men's Luncheon Club. It contained nine signatures.

The telephone company has asked rate hikes in business phones from \$9 to \$11 monthly, in one-party service phones from \$4.25 to \$5.50; in two-party service from \$3 to \$4.50; and in four-party service from \$3 to \$3.75.

"We feel that they are now getting a fair return on their investment, due to the fact that they had a substantial increase in 1950, and due to the fact that all of us who are engaged in the wholesale gasoline and oil business are operating on the same margins or less than we were prior to World War II," the petition read.

"The only way that we have been able to stay in business is by increasing our volume. We feel that the Telephone Company has not only enjoyed a nice increase in volume but also a nice increase in rates.

"We also feel that the Telephone Company is not entitled to another increase in rates due to the fact of their tremendous purchasing power—that is, they are able to buy gasoline, for less than it costs those of us who are actually engaged in the wholesale gasoline and oil business."

The petition was signed by Earl Stovall, Charles Harwell, M. O. Hamer, F. L. Austin, K. H. McGibbon, J. L. LeBla, Tom Reed, W. H. Wright and Ted Groebel.

Another petition was received by the commission about a week and a half ago from the Big Spring Pharmaceutical Association. The petition stated that the two previous grants of increases to the company are sufficient to the firm's declared valuation.

Also a petition with about 137 signatures from resident property owners has been received voicing opposition to a rate increase in Big Spring.

C. W. Fisher, local manager of the telephone company, has stated that the rate increase is necessary because the firm is not making a fair return on its investment here.

"Continued inadequate earnings on our operations here leave us no choice but to ask for an increase in local rates," he said.

Services Slated For Mrs. McGehee

Services were to be held at 4 p.m. Thursday in the First Methodist Church for Mrs. Ernestine Chalk McGehee, 45, who died suddenly Monday of heart attack.

Burial was to be in the family plot in the City Cemetery under direction of River Funeral Home. Mrs. McGehee leaves her husband, Albert McGehee, a son, Albert Chalk McGehee, her mother, Mrs. Mary Chalk, a sister, Mrs. Doris Chalk Cole.

Pallbearers were to be E. I. M. Wasson, Temp Currie, Byron Lilly, Wayne Gound, Dave Duncan, R. H. Radtiff, John Cox and Jim Kosman.

Summer Program Reports Scheduled

Supervisors of the various units of the summer recreational program will make final reports at a dinner meeting Friday evening.

Grover C. Good, general secretary for the YMCA, and supervisor of the summer recreational program, said the affair would be held in the Twins Cafe at 6:30 p.m. The program ends formally July 31; however, evening activities under the lights at Kate Morrison School will go on through August, and a limited program with the Lakeview School will also go through August.

Driver Released On License Charge

A man arrested shortly after noon yesterday on a charge of having improper license tags on his automobile and driving without a license was released without fine in City Court this morning.

Officers arrested the man when he attempted to trade in his old automobile on a new vehicle, they said. The license tags on his car were those belonging on a wrecked vehicle, according to the charge.

Police said the man had just been released from prison and had been in town one day prior to being apprehended.

LARGEST YET TESCO Completes High-Voltage Line

Texas Electric Service Company announced Thursday the formal completion of its new high-voltage line between Big Spring and Graham, the largest single section in the Southwest and possibly the nation.

This 187-mile project will firm up the power network for the system and furnish the Big Spring area a new power tie-in. R. L. Beale, district manager, said.

The line is rated at 138,000 volts. At its terminus in Graham, it will connect with a 67-mile section to Fort Worth, making the length of the entire loop 194 miles. The Fort Worth-Graham section was constructed last year. Actual work on the Graham-Big Spring unit was started this year.

Beale said there had been some test energizing of the new line and regular service would be in effect within a few days.

The new line will have the effect of being a new trunk which would handle power from this area to the east, from the east to this area, or from generating facilities in the center of the line.

TESCO officials said it would provide much greater flexibility of operations and application of power, particularly in the rapidly expanding Permian Basin area.

"Some additions and revisions have been made at the Big Spring switching station to accommodate the Graham line. At the Graham station switching facilities are available to power in the Wichita Falls, the Eagle Mountain and the Leon (Eastland) areas. The Big Spring station, of course, is in proximity to the large generating facilities at Morgan Creek where a new unit recently has been built. TESCO also is announcing start of work on a new generating unit at Eagle Mountain lake near Fort Worth.

50 Children Get Polio Shots

Approximately 50 children received their second Salk polio vaccine shots Wednesday afternoon at the County Health Unit, Jewel Barton Health Unit nurses said.

The make-up shots would be given again Friday afternoon because the bad weather prevented many parents from coming to the Health Unit.

These vaccine shots are being given to children who were out-of-town or otherwise missed getting vaccinated at the regular time.

The inoculations will be given at 1 p.m. Friday, Miss Barton said. Dr. Robert Hale, director of the Howard-Midland-Ector County health units, will be in charge.

There is plenty of the Salk vaccine for first and second graders. Dr. Hale said. Children should come to the Health Unit for the second shots whether they received the first inoculation in Big Spring or not.

\$500 Bond Set In Drunk Driving Case

A \$500 bond was set in county court this morning for Jack Burgess after he pleaded not guilty to driving-while-intoxicated charges. Burgess was arrested by highway patrolmen Wednesday at the scene of an accident in Coahoma.

The DWI charge was filed in the county attorney's office this morning. Patrolmen said Burgess was questioned when he almost failed to stop his car at the accident. James J. Voss, a passenger in the vehicle was also arrested and charged in Justice Court with drunkenness. Both men are from out-of-state, a patrolman said.

Popular Singer Due In Lubbock

Joe Kling, a popular and accomplished young singer when he was stationed here during World War II, is to appear Friday evening in Lubbock.

Kling, a Birmingham, Ala. man who was a sergeant at the Big Spring Bomber School, has been studying since his separation from service and has had extensive experience in opera and other fields.

His appearance at Lubbock at 8 p.m. in the Student Union Building at Texas Tech will be with the Bostonians, regarded by many critics as the nation's outstanding young male quartet. The program is free. Several Big Springers have indicated they would try to make the trip to hear Kling.

Asked at a news conference today whether the baby might be born in the White House, where the younger Eisenhowers are staying temporarily, the 32-year-old mother said with a smile:

Traffic Lights Scheduled For 2 Intersections

Traffic signal lights are to be installed at the Tenth Street intersection with State and at the Main Street intersection with Sixth.

This decision was reached Tuesday night by city commissioners, and installation will be as soon as the lights are available.

It will cost about \$485 to install the lights at the Tenth and State Street intersection, but commissioners are of the opinion that the traffic there necessitates the expense.

For several months a study of the intersection has been conducted to determine the possibility of widening Tenth Street so that it would join Sycamore evenly without the street offset.

Cost of this project will be at least \$2,500, however, and it would possibly create more of a traffic hazard than at present, commissioners believe. This would be because of the tremendous width that Tenth would have at the intersection.

Possibility of changing the course of Tenth Street so that it would join Sycamore without being so wide is now being studied, and it is possible that this will be done in the future.

The traffic light at Sixth and Main is to take the place of the one which was scheduled for Seventh and Main, commissioners said.

Various Items Reported Stolen

Golf equipment valued at \$80, steel cabling valued at approximately \$95, and a barrel of gasoline were reported stolen here yesterday.

Glenn Jenkins, 407 Benton, reported the theft of golf equipment. He said that 10 clubs, seven wons and three woods, were stolen from him along with his golf bag and balls. The items were taken from his house between 8:15 and 9:35 last evening, he told officers.

The steel cable, between 150 and 175 feet, was taken from a truck belonging to Elton Taylor, 710 East 13th. Taylor told police the theft occurred sometime during the last two weeks. He missed the cable only Wednesday afternoon, however.

The barrel of gasoline was taken from a pickup belonging to L. I. Stewart Appliance Store, 306 Gregg, while parked behind the store last night. The "barrel" was painted blue and white.

Jimmy Walker, 1200 East 2nd, told police that his house was broken into about 1:20 p.m. Wednesday, but apparently nothing could be found missing. An automobile was seen leaving the house, and a license number was furnished officers.

James Hogg Jr. was reported "improving nicely" by attendants at Big Spring hospital this morning. He was seriously injured in an automobile accident near Poyte on July 17.

Hogg received a fractured leg and pelvis and multiple lacerations and contusions about the face as a result of the mishap. He has had several operations.

CARD OF THANKS
We want to thank our friends for their very kind expressions of sympathy during our recent bereavement for our loved one.

With deep appreciation,
Mr. and Mrs. Bruce Lindsey and Family

CARD OF THANKS
We wish to thank all our kind friends and neighbors for their many kind expressions of sympathy and condolence during our recent bereavement.

The James A. Grant Family

Gifts To VA

C. W. (Tony) Hannah, Pecos, District No. 25 commander of the Veterans of Foreign Wars, headed a group bringing a truck-load of famous Pecos cantaloupes to VA Hospital patients here last weekend. He is shown here presenting one of the melons to W. H. Kesler, a patient from Pecos, while Nathan Wilson, local commander, looks on.

Houston, a farmer, had been ill a long time. He had made his home at Hancock for 33 years. His membership was in the Church of Christ.

Rites were to be held at 3 p.m. Thursday at the Bryan Street Baptist Church in Lamesa with the Rev. E. L. Jones officiating. Burial was to be in the Hancock Cemetery under direction of Higginbotham Funeral Home.

Houston is survived by his wife, Mrs. Dottie Houston; his parents, Mr. and Mrs. L. E. Houston, Lamesa; five sisters, Mrs. Walter L. Moore, Mrs. Adrian Simpson, Lamesa, Mrs. Pat Welch, Carrizozo, N. M., Mrs. Archie Turnbull, Lockney, and Mrs. L. C. Pounds, Artesia, N. M.; four brothers, H. L. Houston and R. E. Houston, Lamesa; Leon Houston, Lamasas, and Everett Houston, Mesa, Ariz.

Pallbearers were to be Harmon Hale, Fred Bell, Herman Buchanan, John Nelson, Charles Roberts, Herbert Green.

H. E. Houston Dies Wednesday

LAMESA—Hubert Earl Houston, 53, a Dawson County resident for more than three decades, died at 6 p.m. Wednesday at his home in the Hancock community.

Houston, a farmer, had been ill a long time. He had made his home at Hancock for 33 years. His membership was in the Church of Christ.

Rites were to be held at 3 p.m. Thursday at the Bryan Street Baptist Church in Lamesa with the Rev. E. L. Jones officiating. Burial was to be in the Hancock Cemetery under direction of Higginbotham Funeral Home.

Houston is survived by his wife, Mrs. Dottie Houston; his parents, Mr. and Mrs. L. E. Houston, Lamesa; five sisters, Mrs. Walter L. Moore, Mrs. Adrian Simpson, Lamesa, Mrs. Pat Welch, Carrizozo, N. M., Mrs. Archie Turnbull, Lockney, and Mrs. L. C. Pounds, Artesia, N. M.; four brothers, H. L. Houston and R. E. Houston, Lamesa; Leon Houston, Lamasas, and Everett Houston, Mesa, Ariz.

Pallbearers were to be Harmon Hale, Fred Bell, Herman Buchanan, John Nelson, Charles Roberts, Herbert Green.

2 Absentee Votes Are Cast In City Bond Issue Election

Two individuals have voted absentee in the forthcoming election for \$990,000 in municipal bond issues, and two other early ballots have been sent out for return by mail.

People who have poll taxes or exemption certificates and own property inside the city limits are qualified to vote in the election, and absentee ballots can be cast through Friday midnight, Aug. 5.

Six proposals are being presented to the people in the election, which is scheduled for Aug. 9 at the City Hall fire station. The proposed issues are for \$690,000 in tax revenue bonds and \$300,000 in water revenue bonds.

To be voted on are issues for fire station bonds totaling \$175,000; for police and jail building bonds, \$200,000; for park improvement bonds, \$90,000; for city hall improvement bonds, \$75,000; for street improvement bonds, \$150,000; and for waterworks improvement bonds, \$300,000.

A possible tax hike of 12 cents and a water bill increase of 25 cents monthly will be affected if the issues are passed.

Mrs. John McCowan Undergoes Surgery

Mrs. John McCowan, Big Spring, underwent surgery this morning at Baylor hospital in Dallas. Mrs. McCowan has been ill for some time. Her room number in the hospital is 626.

Her husband is general manager of Pinkie's Liquor stores here.

SOVEREIGNTY?

Two Indian tribal chieftains who claim immunity from white man's law were scheduled to appear today in the Court of Crimes as defendants in a child custody case.

Traffic Lights Scheduled For 2 Intersections

Traffic signal lights are to be installed at the Tenth Street intersection with State and at the Main Street intersection with Sixth.

This decision was reached Tuesday night by city commissioners, and installation will be as soon as the lights are available.

It will cost about \$485 to install the lights at the Tenth and State Street intersection, but commissioners are of the opinion that the traffic there necessitates the expense.

For several months a study of the intersection has been conducted to determine the possibility of widening Tenth Street so that it would join Sycamore evenly without the street offset.

Cost of this project will be at least \$2,500, however, and it would possibly create more of a traffic hazard than at present, commissioners believe. This would be because of the tremendous width that Tenth would have at the intersection.

Possibility of changing the course of Tenth Street so that it would join Sycamore without being so wide is now being studied, and it is possible that this will be done in the future.

The traffic light at Sixth and Main is to take the place of the one which was scheduled for Seventh and Main, commissioners said.

Various Items Reported Stolen

Golf equipment valued at \$80, steel cabling valued at approximately \$95, and a barrel of gasoline were reported stolen here yesterday.

Glenn Jenkins, 407 Benton, reported the theft of golf equipment. He said that 10 clubs, seven wons and three woods, were stolen from him along with his golf bag and balls. The items were taken from his house between 8:15 and 9:35 last evening, he told officers.

Cal Farley's Boys Visit Los Angeles

Two hundred and one boys from Cal Farley's Boys Ranch in Amarillo, ranging in age from three to 18 years, crowd down the ramp at Union Station in Los Angeles. The boys visited Disneyland, Catalina Island, Roy Rogers' Ranch and Knott's Berry aFrm. Leading the group in the foreground is Cal Farley.

HARD ON MAYORS
City government in Texas looked like a tougher job than ever Thursday. Particularly for mayors. At Houston, Galveston and Wichita Falls, the men in the top jobs were having their difficulties. Frustration... recall... impeachment.
Seven city councilmen in Houston decided they definitely will try again to impeach Mayor Roy Hofheinz. Two impeachment charges allege Hofheinz gave department heads orders designed to pressure the City Council into accepting his plans for a 20 per cent tax hike.
Meanwhile, there were continued reports that the Harris County Grand Jury would return indictments in the land office scandals Thursday. The scandals broke eight weeks ago when it was found that city-owned houses and lumber from demolished right-of-way houses had disappeared. Personal property taxes levied on Wichita Falls automobile owners were blamed for the troubles of Mayor Lloyd C. Thomas and five councilmen. They face recall action.
Members of a citizens group Wednesday started the machinery they said was hoped to sweep the city hall. Headed by cafe operator Bill McCollum the group filed a request for petitions asking the recall of Thomas and councilmen Roy C. Hyatt, Elie Lam, Gene Liepold, Bill Reitchmuth and Dr. E. Aubrey Cox.

Only Councilman Jack Banner escaped the recall group's wrath. He voiced against assessment of the auto tax which averages 4 to 5 dollars per car.
About 1,300 suits have been filed in an effort to collect similar past taxes. City tax attorney Theodora Lueders said she had just received the "H's" in checking the list of taxpayers... or owners.
At Galveston, bawdy houses - gay palaces of pleasure on the island resort - remained padlocked at last report. This was despite the repeated statements from Mayor George Roy Clough that he prefers redlight districts to wandering prostitutes.
But Clough, who ran for office this year favoring an open but segregated redlight district, said he was happy about the padlocking.
"it takes a lot of responsibility off me," he said, and added: "I will say this: It's going to be a hell of a job keeping them closed."

Sailor Who Socked Admiral Gets 2 Years In Prison
DEVONPOINT, England (AP)—The young Scot who socked his admiral, was thrown out of the Royal Navy today and sentenced to two years in prison.
An officer friend told the court-martial Seaman James McSparran, 19, of HMS Orion, must have been "overtired" from standing watch in the heat of the day when he struck Vice Adm. J. W. M. Eaton during an inspection July 20.
McSparran entered no other defense.

Polio Strikes C-City Child
Aerial Spraying Firm To Stanton
An aerial spraying and dusting company is moving into Stanton with five airplanes and other equipment, according to C. J. Chapman, Stanton feed and appliance dealer. The new company is headed by Ed Slover of Pecos, who has decided to change his headquarters to Stanton.
Slover will buy or lease enough land to build his runways. He will concentrate on insect control in the South Plains area, but will also give flying lessons to aspiring flyers. Chapman says eight or ten young men are interested in taking flying lessons whenever the new company is established.
Slover will be associated with Chapman in the store, and plans to stock his own fertilizers and insecticides.

Garden City Schools Need 3 Teachers
The Garden City schools need only three teachers to be ready for the opening of school in September. Superintendent W. A. Wilson is trying to locate teachers for the third and fourth grades, and an elementary music teacher.
Two new teachers in the system will be Mr. and Mrs. Roy Thruston of Big Spring. Mrs. Thruston taught in Park Hill last year and Thruston was in Junior High, though he coached athletics at Park Hill. At Garden City they will both teach in the elementary grades where he will serve as principal.

What Are They?

W. R. Taylor, who operates the Taylor Grocery at 1010 W. 3rd Street, has a couple of hands full of real curiosities. L. B. Lane, a building contractor, discovered the objects when he ripped up a section of flooring at the store. The item on the left is a weird affair like a leafless plant. The one on the right is something on the order of a mushroom. Although they are assumed to be of the fungus family, the objects have hardened until they have the feel of wood and have an almost varnish-like finish. They are light brown with white coloring. Taylor got a big box full of the things—whatever they are.

Contempt Charge Against McCarthy Witness Is Ousted

NEW YORK (AP)—A federal judge has dismissed contempt of the Senate charges against Corliss Lamont who refused to answer questions in 1953 before Sen. Joseph R. McCarthy's investigations subcommittee.

Judge Edward Weinfeld, in granting a defense motion for dismissal yesterday, said the indictment failed to show that the subcommittee had proper congressional authority to conduct such an inquiry.

Weinfeld did not rule on the validity or scope of McCarthy's authority but said in his decision: "The indictment is barren of any allegation or fact from which the authority of the permanent subcommittee can be ascertained."

"One vainly examines the public law and Senate resolutions set forth in the indictment to find any reference to the permanent subcommittee, let alone any delegation of power to it."

Butcher Cattle Market Strong

The market in butcher cattle ran 'steady to strong' at the Big Spring Livestock Auction Company Wednesday, when an estimated 300 cattle and 25 hogs went through the ring.

Bulls sold up to 13.50, fat cows up to 12.50, canners and cutters from 8.00 to 10.00, fat butcher calves and yearlings from 18.00 to 21.00 and stocker steer calves for 18.00 to 21.00.

Heifer calves went from 17.00 to 21.00, cows beside calves for 110.00 to 125.00 and hogs up to 17.00.

Albuquerque Digging Out

ALBUQUERQUE, N.M. (AP)—Residents of low-lying areas in northern Albuquerque apprehensively watched rain clouds today, hoping their sodden homes could dry out.

Torrents pouring down arroyos yesterday from a cloudburst on the slope of the Sandia Mountains east of here made a lake of many blocks in low areas of the city's north end.

Water was hip deep in places. Then, late at night, water from two more heavy showers high on the 10,000-foot range began flooding another area about one mile north.

However, the Weather Bureau said those two showers were the last heavy rain expected, at least through this morning.

Clinton Roth, director of the Albuquerque-Bernalillo County civil defense unit, said the organization had 156 evacuees in a dormitory at New Mexico University. Others, he said, "may have left the area by themselves."

El Paso, Tex., 285 miles south, was cleaning up after another cloudburst. That storm hit the city late yesterday, in the same areas flooded by downpours a week ago.

About 30 homes in the Mountain View district were flooded, and Ft. Bliss soldiers and National Guardsmen were called out to aid residents and try to divert runoff with sandbags.

Roth said early today the situation is "well under control. Today is just a case of mopping up—if we don't get another bad storm. No more water is rising in arroyos."

He added, "We had some trouble with looting but the National Guard is on duty now."

He estimated damage at "around one million dollars." Some of the buildings in the flooded area are of adobe, and their walls, if unprotected, crumble when soaked by water for many hours.

Boiling Water Burns Actress

PHILADELPHIA (AP)—Boiling water from a tea kettle—a prop on a film set—scalded Hollywood actress Jayne Mansfield on the face and arms yesterday.

Miss Mansfield, 22, was doing a scene in "The Burglar," which stars Dan Duray.

A doctor who happened to be visiting the set treated her. He said she was not seriously hurt and would suffer no disfigurement.

Peron Opponent Lists 10-Point Reform Plan

BUENOS AIRES, Argentina (AP)—The head of the opposition Radical party blasted the government last night with a 10-point demand for reforms. It was the first opposition broadcast President Juan Peron has permitted since he took office in 1946.

Radical leader Arturo Frondizi stated his party's case to the country over a 14-station network. He demanded "a rebirth of democracy" and outlined this program as essential for the political peace Peron has called for:

1. An end to the state of internal war under which the government has suspended constitutional guarantees for nearly four years.
2. Amnesty for all "who suffer persecution, imprisonment or exile for defending their ideals."
3. A stop to "embezzlement and bribery" . . . to clear the atmosphere of the corruption which envelops the life of the country.
4. Full freedom of thought, religion, assembly, press, and organization.
5. Appointment of judges "without political affiliation."
6. A new electoral system assuring free campaigning.
7. An end to "political propaganda" in the schools.
8. Withdrawal from congressional consideration of a government contract to grant exclusive drilling rights over extensive areas of southern Argentina to the Standard Oil Co. of California.
9. Land reform.
10. An end to Argentina's "zig-zagging" foreign policy.

He added, "We had some trouble with looting but the National Guard is on duty now."

He estimated damage at "around one million dollars." Some of the buildings in the flooded area are of adobe, and their walls, if unprotected, crumble when soaked by water for many hours.

Streets Due Seal-Coating

A 4 1/2-block seal-coating project is scheduled for Big Spring streets.

City commissioners approved the seal-coating project in their meeting Tuesday night, and bids are to be asked in the immediate future. Streets are to be coated this summer.

The streets to be improved are Nolan, from Third to Sixth; Owens, from Eleventh Place to 18th; Eighth, from Benton to Gregg; North Second, from Benton to Gregg; East Second, from Nolan to Benton; Kenney, from Eleventh Place to Tucson; Caylor Drive and Ridgelea Drive; Mathews, from Dallas to Hillside; Austin, for a half block; and Lancaster, from Third to Sixth.

Bulgaria Admits Downing Airliner

LONDON (AP)—Communist Bulgaria admitted today that her anti-aircraft guns shot down an Israeli airliner near the Greek-Bulgarian border yesterday, killing all 58 persons aboard.

It said the government felt "deep regret."

Breaking an official 24-hour silence, Sofia radio said the plane was off course.

The airline previously had announced 12 of the 51 passengers aboard were Americans. The plane carried a crew of seven.

The announcement said the Bulgarian government had appointed a commission of three Cabinet ministers and the public prosecutor "to inquire into the circumstances of the disaster."

The broadcast, monitored in London, quoted the Bulgarian Telegraph Agency.

The plane crashed into the side of Mt. Orvilo, less than five miles north of the Greek border and about 18 miles east of the Yugoslav frontier. A Greek military source in Salonika said yesterday the pilot, a Briton, apparently had followed the Struma Valley just inside Bulgaria instead of his regular route along Yugoslavia's Vardar Valley, 60 miles west of the frontier.

First word that there were no survivors from the crash came several hours earlier from a Bulgarian foreign official in Sofia. He told The Associated Press in London by telephone that "all are dead."

In another telephone call the British Embassy in Sofia said the Bulgarian government had confirmed that the crash occurred

near the town of Petrich, just north of the Greek border.

A communique from the El Al Israeli Airline today indicated the big four-engine Constellation exploded while trying to make a forced landing on Greek territory after being hit by the Bulgarian shells.

The communique, quoted a report from the Israeli legation in Athens, said Greek frontier policemen who witnessed the crash gave this account:

"The policemen heard four gun shots and afterward saw smoke and a small fire. The aircraft turned left to prepare for forced landing over Greek territory near the Greek village of Patricia. Suddenly an explosion was heard and the aircraft came down in flames over Bulgarian territory, some 10 kilometers (6 miles) from the border."

"Twenty minutes after the accident, cars were seen moving towards the place of the crash in Bulgarian territory. The Bulgarian Foreign Ministry informed the Israeli mission in Sofia that they had sent medical teams to the place of accident."

Russian Visitors Continue Study

DES MOINES (AP)—The visiting Soviet farm leaders continued their intensive study of Midwest farming today despite the big heat wave.

First this morning was a visit to hybrid corn and chick operations near Des Moines run by the brother and son of former Vice President Henry Wallace.

They were scheduled later to leave Des Moines—not to return—and head south and west.

In Des Moines last night the Soviet delegation gave a reception for about 200 guests.

Russian caviar and genuine Mos-

cow vodkas were served. Among the guests were newspaper people, faculty members from Iowa State College, and some of the farmers whose homes the Russians visited.

Birth Control Leader To Leave Hospital

HOLLYWOOD (AP)—Mrs. Margaret Sanger, one of the nation's leading advocates of birth control, leaves Cedars of Lebanon Hospital today after a two-day checkup. She was admitted earlier this week for what was reported to be a heart ailment. Doctors said yesterday, however, that she was not suffering from any ailment and was in good condition.

PACIFIC DEFENSE

No Lack Of Manpower In Asia If Large-Scale War Breaks Out

By MURRAY PROMSON
 SEOUL (AP)—If war starts tomorrow in the Far East, what could America's Asian allies put on the line in their own defense?
 In the face of billions of U. S. dollars spent in Far East trouble spots in the two years since the guns went silent in Korea, the answer is interesting.
 Roughly, the United States probably could count on upwards of 1,500,000 soldiers and airmen from South Korea, Nationalist China and the Philippines—and this would be only the initial call-up.
 This figure, though unofficial, was made available by qualified sources in the three vigorously anti-Communist countries.
 An unofficial estimate of Allied power looks like this:
 South Korea—21 divisions of 13,000 men each presently under arms. In addition, supporting these units are corps units, artillery and special weapons battalions which follow the South Korean standing

force to about 650,000 men.
 Nationalist China—25 divisions of 10,000 men each with supplementary units and special weapons bulging the standing army figure to roughly 500,000. The Nationalists also have three wings of jet fighter-bombers and a group of prop-driven F47 Thunderbolts.
 The Philippines—The islands currently have 40,000 men under arms. Reliable informants say the Filipinos could call an additional 100,000 men in an emergency. They are still without a jet air force, but the United States will soon begin training 50 fliers in American-supplied T33 jet trainers at Clark Air Force Base.
 The Philippines is the only SEATO member of the three. Pakistan and Thailand are the other two Asian members of this collective security organization.
 Another question often raised is: How good are the troops now available?
 The South Koreans are the only soldiers who have seen recent combat on a large scale. They make up a young army, which has been praised as being able to hold its own with any in the world today. It is the fourth largest behind the Soviet Union, Red China and the United States.
 The Nationalists have now been out of fighting for nearly six years, and they are growing older. A relatively stale army is always a big question mark.
 The Chinese are sensitive about this point.
 They argue that they are calling up youngsters all the time and that they have the young soldiers where it counts—Quemoy and Matsu. Unofficially, it is estimated that four of Chiang Kai-shek's toughest divisions are out on these offshore islands.
 Air-wise, most Nationalist pilots are well over 30 and many are 40. But the air force, like the army, feels it has the youngsters to do the job.
 One observer says the Nationalists appear to suffer from the same shortage the South Koreans displayed in 1950—lack of artillery and knowledge of how to use it.
 Through the military defense assistance program, the United States is continuously expanding

services of advisory commissions to its Far East allies.
 Actually, the United States can call up only three full divisions in Germany today. But that doesn't mean ground troops are being discounted in future military plans, as reliance on the Air Force and atomic bombs increases.
 One high officer said, "The main object of war is still to seize ground and the people on it. You can't do that with airplanes—only with men carrying rifles. These troops have got to hold the ground once they seize it."
 Dispersal and mobility is being emphasized throughout Korea, Japan, Okinawa, Formosa and the Philippines, where American air or ground forces are stationed.
 "... And that means more ground troops will be necessary, not less," one infantry officer declared.
 The present American ground force lineup in the Far East—with most units up to 25 per cent understrength—looks like this:
 Korea—24th and 7th divisions and a large number of service troops and men attached to the Korean Military Advisory Group.
 Japan—1st Cavalry Division, which is responsible for ground defense of all central and northern Honshu and the newly arrived 38th Airborne Regiment.
 Okinawa—75th Regimental Combat Team and two battalions of artillery now are being backed up with the arrival of two regiments of the 3rd Marine Division.
 All U. S. units—Army, Navy and Air Force—are in much better shape today than they were in 1950, when the Korean War started. New weapons, new equipment and a new attitude of readiness is evident among U. S. troops throughout the Far East.
 But there is some feeling that too much reliance is being played on the Air Force.
 "It took only two bombs to force Japan to surrender," said one air officer.
 However, he ignored the fact that thousands of Infantrymen and Marines gave their lives to seize islands which were converted into bases for the atom bombers.

Fraulein Files Paternity Suit Against Yank

FRANKFURT, Germany (AP)—The first postwar paternity suit against an American by a German woman has been filed in a German court here.
 The suit, expected to provide a precedent for similar cases, asks that an American Army captain provide 750 marks (\$35.70) a month for support of an 8-year-old girl until she is 16.
 The complaint said that because of the sovereignty granted West Germany last May, it is now possible for German courts to act to prevent "violation of natural laws against humanity." Allied occupation regulations previously had barred such suits.
 The suit was filed yesterday by Louis Jedlhauser, a Munich lawyer. He and court officials refused to divulge the names of the principals. A trial date has not been set.
 German welfare authorities estimate that fathers in the American occupation forces have left 50,000 illegitimate children in Germany.

Yep, That's Davy

PATERSON, N. J. (AP)—Sunday School Teacher Ethel Gillespie told her Eastside Terrace Methodist Church pupils to draw pictures giving their impression of King David of Israel. Six of the youngsters turned in sketches with a coonskin capped David.

Turncoats Say Immediate Arrest Is Almost 'Too Much To Take'

The following story by Virginia Pasley, author of the book "21 Who Stayed" and Garden City, L.L. Newsday staff writer, has been made available to the Associated Press by Newsday.

By VIRGINIA PASLEY
 ABOARD THE S S PRESIDENT CLEVELAND (AP)—The three Army turncoats admitted today the news that they would be jailed before they could be reunited with their loved ones "is almost too much to take."

They told me they had not expected to be arrested the moment they set foot again on American soil, though they had steered themselves to the prospect that they would have to answer to the Army some day for deserting their country and joining the world of the Chinese Reds.

The first indication of what the Army's attitude would be toward the men—Otho G. Bell, Lewis W. Griggs and William A. Cowart—came Monday when a Pentagon spokesman said they would be arrested immediately, and probably would be court-martialed.

Since they boarded the President Cleveland July 11, the three POWs have enjoyed a freedom denied to them since they went into their self-imposed exile. All said they thought they were prepared for the final reckoning, but that now they weren't so sure.

"For the last five years, we have been in prison," Cowart said, summing up the attitude of the others. "It isn't going to be easy going back to another prison."

As I talked with them, the thoughts of each man turned to their relatives who have been praying and hoping for their return. For each turncoat, there was the bitter realization that they may not be joined with their loved ones for weeks, or even months.
 "I guess now I won't see my mother," said Cowart. "She is sick, and it's been six years since I saw her."
 His mother, Mrs. Chester Green—she was divorced when Cowart was only 6—has lost her health since her son turned his back on the United States. For months after he had refused repatriation, she refused to believe it was her son.
 Otho Bell has never seen his 4-year-old daughter, Paula, who was to travel from Olympia, Wash. with her mother, Jewel, to greet Bell when the ship docked. Halfheartedly, Bell insisted that the Army announcement didn't bother him.
 "I can't take it," he said. "But, I'm worried about Jewel and Paula. They're coming to meet me."

Now I don't know if the Army will let them get near me."
 The Army may permit Bell a brief meeting with his wife in San Francisco.
 Griggs was the most philosophical of the three men. He had hoped for a chance to talk with his mother, Elsie, who lives in Jacksonville, Tex., before his arrest.
 "I would like to see her very much," he said. "But maybe this is the best way."
 Each in his turn, I asked the three men who had chosen the Communist way of life and they changed their mind what punishment they thought would be fitting for them. Should it be long prison terms, loss of citizenship, exile? None would say.
 Ironically, they placed their hopes on three things the Chinese could never offer them—a fair trial, the inherent justice of the American people and their government, and a chance to tell the world their story of what it's like behind the Bamboo Curtain.

This Is Good Licking

Nancy Marshall is really having a good time scraping the pan to the metal for the last drop of the chocolate fudge that her mother, Mrs. Arnold Marshall, has made. Mrs. Marshall displays the finished product.

Fudge, Ice Cream Are Hot Weather Delight

Vanilla ice cream or chocolate fudge—either one makes a wonderful in-between-meal snack for these hot summer days.

Especially when they are made by Mrs. Marshall's recipes. Mrs. Marshall is known to be a good cook, and maybe her secret is that she takes a regular recipe and adds a little more to it.

As in her fudge, she puts in a tablespoon of flour to take out the grainy sugary taste and make the fudge extra smooth. She adds Karo syrup to her vanilla ice cream for a smoother and creamier texture. "Leave a lot in the pan for us to lick," were the cries of Nancy Marshall, age 10, and her friend, Barbara Wilson. As usual, the best part to the children is lick the pan. Mrs. Marshall is a member of the Women's Forum and the Green Thumb Garden Club.

Cooking is her favorite hobby and she has an attractive modern kitchen at 1303 Pennsylvania for her use.

"The thing I like best about the kitchen at the present time is that the air conditioner blows right through by the stove and cabinet," she explained.

Mrs. Marshall also likes to design children's clothes, and she

makes most of her daughter's dresses.

Here is the way Mrs. Marshall makes vanilla ice cream and chocolate fudge.

VANILLA ICE CREAM
1 1/2 cups sugar
1 1/4 cups Karo syrup
2 tablespoons flour
Dash of salt
5 eggs (do not separate)
1 can evaporated milk
2 1/2 tablespoons vanilla flavoring
Finish filling the gallon container with sweet milk. Makes one gallon.

CHOCOLATE FUDGE
1 1/2 tablespoons cocoa
2 cups sugar
Dash salt
1 tablespoon flour (sift all the above together)
Add 2 1/2 cup milk
Cook in double boiler or over low heat, stirring constantly until sugar is dissolved and mixture boils. Continue cooking without stirring until a small amount of mixture forms a very soft ball in cold water. Remove from fire and add 2 tablespoons butter and 1 teaspoon vanilla.

Cool to lukewarm, then beat until mixture begins to thicken and loses its gloss. Pour out once into greased pan. When cold cut into squares. Recipe makes about 18 pieces.

Easy-To-Make Refreshments Just For Bride's Guests

Wedding excitement is over. The bride's father has relaxed. The bridegroom's mother has shown the bride how to make the groom's favorite dish. Gifts are arranged, the house is in order. "Time to ask friends for the first at-homes."

For a warm-weather afternoon get-together a fruit cooler, small sandwiches and cookies can be the order of the day. But take it easy, bride, no good cook became accomplished in a day.

Plan one at-home for family friends and serve this Burgundy Cooler. It's a pleasant refreshing drink made with a tea base. But don't make it more than six hours ahead of serving; after that lapse

of time tea experts say the beverage begins to lose some of its fresh piquant quality. And use a good variety of tea—one that comes in a tightly closed container or a sealed wrapping of aluminum foil; tea leaves and air are not the best of mates.

Invite young-folk friends for another at-home and serve this Fruit Cooler; the fizzy fruit-flavored beverages in it will be just up their alley.

Sandwiches can be simple. Deviled ham with lots of diced canned pimiento on white bread will be fine for one variety; just make sure crusts are removed from bread and the sandwiches cut in attractive strips. Half-moon sandwiches—made from rounds of canned date and nut bread spread with cream cheese—will give another easily-prepared sweet variety.

Order the cookies from a high-quality bakery. No guests will be censorious if such things add to the bride's ease.

Here are recipes for the Coolers.

Orange Cookies Are Also Nutritious

Everyone likes oranges because of their good taste and nutritious value. In this recipe, both of these factors are combined in a refrigerator cookie.

ORANGE ICE BOX COOKIES
1 cup butter
1/2 cup brown sugar
1/2 cup white sugar
1 egg
2 1/2 cups flour
1 1/2 teaspoons baking powder
2 tablespoons orange juice
1 tablespoon grated orange rind
1/2 cup almonds or pecans, chopped fine.

Cream the butter, sugar, egg, orange juice and rind. Beat smooth and stir in flour and baking powder sifted together. Add nuts. Shape into rolls 1 1/2 or 2 inches across and wrap in waxed paper. Chill overnight. Slice this a 3/8 inch thick. Bake in a 350 degree F. oven. Makes 3 dozen cookies.

Broiled Hamburgers

Hamburgers can be made of lamb, too. Here is the way.

BROILED HAMBURGERS
To ground shoulder of lamb add your favorite seasonings; mix lightly and shape into round patties. Spread tops with butter. Broil 9 to 12 minutes, turn, spread other side with butter and broil the same amount of time again. Serve on buns with a mint sauce.

BURGUNDY COOLER
Ingredients:
Two quarts water, 15 tea bags or 15 teaspoons loose tea, 2 bottles (12 ounces each) grape juice, juice of 2 lemons (strained), juice of 4 oranges (strained), 1 large bottle (28 ounces) ginger ale, lemon and orange slices.
Method:
Bring water to a boil in a saucepan. Add tea bags or loose tea; let brew uncovered 4 minutes. Remove tea bags or strain tea into another container. Let cool at room temperature. Add grape juice, lemon juice and orange juice. At serving time, pour over a block of ice in punch bowl. Add chilled ginger ale. Orange slices. Makes 32 punch-cup servings before ice melts.

FRUIT COOLER
Ingredients:
One and one-half cups pineapple juice, 2 cans frozen orange juice concentrate, 1 large bottle (28 ounces) lemon beverage.
Method:
Mix pineapple and undiluted orange juice concentrate together well. At serving time pour over a block of ice in punch bowl. Add chilled black cherry and 1 1/2 oz. beverage. Makes about 25 punch-cup servings.

Get Extra Flavor By Refrigeration

Many cooks have made peanut butter cookies, but here is an easy way to fix them ahead of time and when you get ready to bake them, you have that same delicious crunchy flavor.

PEANUT BUTTER REFRIGERATOR COOKIES
1/4 teaspoon baking soda
1/4 teaspoon salt
1/4 cup chunk style peanut butter
1/4 cup shortening
1 cup firmly packed brown sugar
1 egg
1/4 cup evaporated milk
Sift flour, baking soda, and salt together. In a large bowl cream peanut butter, shortening, and brown sugar; beat in egg. Blend in sifted dry ingredients alternately with milk. Shape dough into 2 rolls, about 6 inches long and 2 inches in diameter. Roll in waxed paper, twisting ends, and chill overnight in refrigerator. Cut into one-eighth inch slices. Place on greased baking sheet. Bake in moderate (375 degrees F.) oven 12 minutes or until light brown. Remove from baking sheet at once. Cool on rack. Makes about 4 dozen cookies.

Jelly Roll Cookies Are 'Good Eating'

For party cookies or just a family treat, grape swirls offer beauty and good eating. What's more, they can be made in your spare time and baked when needed.

GRAPE SWIRL REFRIGERATOR COOKIES
1/4 cup grape jam
1 cup chopped walnuts or pecans
1 1/2 cups chopped seedless raisins

1 cup butter or margarine
1 cup dark brown sugar, firmly packed
Two-thirds cup granulated sugar
2 eggs
1 teaspoon vanilla extract
3/4 cups sifted all purpose flour
1 teaspoon baking powder
1/4 teaspoon baking soda
1 teaspoon salt

In a bowl combine jam, nuts and raisins; mix well. In a large bowl, cream butter or margarine. Gradually stir in sugar and beat until mixture is light. Add eggs, one at a time, and beat until mixture is thoroughly blended. Stir in vanilla. Sift flour, baking powder, soda and salt together. Gradually stir into the creamed mixture; mix thoroughly. Divide the dough in half. Roll each half out on a lightly floured surface to a rectangle about 1/4-inch in thickness. Spread with half of the jam mixture. Roll up jelly roll fashion (the rolls will be about 2 inches in diameter.) Wrap in waxed paper.

For Cool Cooking Try Icebox Cookies

Summertime cookies are refrigerator cookies. But remember two hints before baking. The secrets of good refrigerator cookies are thin slicing with a thin knife clean of dough and dipped in flour as needed.

Basic Refrigerator Cookies
4 cups sifted flour
1 teaspoon salt
1 teaspoon cream of tartar
1 teaspoon soda
Two-thirds cup shortening
2 cups brown sugar
2 eggs
1 cup chopped nuts
Sift together flour, salt, cream of tartar and soda. Cream shortening and sugar thoroughly. Add eggs and blend well. Combine sifted dry ingredients and nuts; add to creamed mixture and mix thoroughly. Shape dough into 2 or 3 rolls, 1 1/2 inches in diameter; wrap in waxed paper and chill in refrigerator overnight. Cut into one-eighth-inch slices and bake in a moderately hot oven (400 degrees F.) 6 to 8 minutes or until lightly browned. Yields 9 dozen cookies.

Ground-Meat Squares Are Economical Dish

Is the family budget down so far that all you can afford for tonight's meal is ground meat? Well, you have no problem, because here is a recipe for hamburger squares that your family will enjoy.

HAMBURGER SQUARES
1 1/2 pounds ground beef
2 tablespoons minced onion
1 teaspoon salt
1/2 teaspoon pepper
6 slices bread
2 tablespoons butter or margarine
1 tablespoon prepared mustard
Combine and mix well beef, onion, salt and pepper. Toast bread on one side in broiler. Spread the untoasted side of each slice with the meat mixture, being sure that the edges of the bread are covered. Return to broiler and broil 6 to 8 minutes, depending on desired degree of doneness. While the beef is broiling, cream, butter and mustard together. Spread each of the hamburger squares with mustard mixture. Yields 6 servings.

Banana Strawberry Float Is Refreshing

With this banana strawberry float, a good accompaniment is vanilla wafers sandwiched together with cream cheese flavored with a little peppermint.

BANANA STRAWBERRY FLOAT
1/2 cup mashed bananas
1/2 cup mashed strawberries
1/4 cup sugar
Dash salt
5 cups cold milk
1 pint vanilla ice cream
6 whole strawberries

Blend bananas and strawberries with sugar and salt. Add cold milk and stir to blend. Pour into tall cold glasses and top with ice cream. Garnish with whole berries and serve. Makes six glasses.

Serve Morton's ICED TEA

A blend of light fragrant Ceylon teas for flavor and aroma, and India teas for body and color.

HALF & HALF CREAM MILK

For A Picnic

Here is a favorite butterscotch cake that travels well, whether from kitchen to dining room or to the country.

Butterscotch Cake Is Easy Picnic Dessert

Summertime is picnic time and the clever homemaker meets the August 'dogdays' with out-of-doors dining. Here's where the backbone of the dessert family—light, tender cake—fits right into the picnic hamper, especially if baked in an easy-to-carry rectangular pan. These days cake pans obligingly come with covers, but if yours is lacking one, don't let it deter you—substitute aluminum foil.

About 30,000 years ago a prehistoric man discovered the art of seasoning and today's meal-planner has discovered the wonders of super-modern, packaged cakes mixes that please even old-time bakers. If you haven't tried Dromedary's contribution to the cake mix field, there's a treat—and a surprise in store. This is the popular 2-in-1, worry-free, convenient pack, complete with exclusive time-saving pan liners. You can bake one or two layers—thus avoiding waste and always assuring fresh mix—but above all, with Dromedary Cake Mix you bake a high, fluffy, moist cake every time—good to the last velvety crumb!

For your picnic cake, let's choose the White Cake Mix, using both 'twin packs' and a 13 x 9-inch pan. You'll want plenty of dessert since you are sure to have calls for seconds.

Now rumor has it that Butterscotch Frosting is a favorite all over the country. Any way you look at it, a good creamy butterscotch flavor—with featherlight, white cake—is always good. We have our own butterscotch version—wonderful, smooth frosting—it's a good traveler and just right for a picnic cake.

Do you know if you want to make up your frosting ahead of time, keep it covered with a damp

cloth. If it should become a little thick for easy spreading, just warm it a little over hot water and beat again.

QUICK BUTTERSOTCH FROSTING

1/2 cup butter or margarine
1 cup light brown sugar, firmly packed
1/2 cup milk
1 1/2-2 cups sifted confectioners sugar

Melt butter or margarine in saucepan. Add brown sugar. Boil over low heat, 2 minutes, stirring constantly. Add milk and continue stirring until mixture comes to a boil. Remove from heat and cool. Slowly add confectioners sugar. Beat well after each addition until thick enough to spread. Will top 13 x 9-inch cake.

Tuna Burgers Make Outdoor Meal News

For something really different to serve at outdoor meals, try barbecued tuna burgers.

BARBECUED TUNA BURGERS
1 clove garlic, minced
1 tablespoon butter or margarine
1 can (8 ounces) tomato sauce
2 tablespoons vinegar
1 tablespoon brown sugar
1/2 teaspoon salt
1/2 teaspoon chili powder
1 can (7 ounces) tuna, drained and flaked
4 hamburger buns, split

Cook garlic in butter or margarine 1 minute; add remaining ingredients, except tuna and buns; simmer 5 minutes. Add tuna; heat thoroughly. Toast buns; spoon barbecued tuna over buns; serve hot.

For Variety-Wrap Burgers In Bacon

Tired of the same old "burger?" Here is a variation that your family will enjoy.

BACON WRAPPED HAMBURGERS

1 1/2 teaspoons monosodium glutamate
2 teaspoons salt
Few grains pepper
1/2 cup minced onion
1/2 cup evaporated milk
1/2 cup chili sauce
1 cup whole bran
1 1/2 pounds ground beef
8 strips bacon

Combine monosodium glutamate, salt, pepper, onion, evaporated milk and chili sauce; mix well; pour over bran. Let stand 10 minutes until bran absorbs liquid. Add meat; mix lightly. Form into 8 patties. Wrap bacon strip around each patty; secure with wooden picks. Broil with surface of meat 3 inches below source of heat until bacon is crisp, turning once.

2 Face Charges In Baker Theft

DAYTON, Ohio, (AP)—Two of six youths being held in the \$82,000 theft from Dayton baker Fred Frowein are scheduled to be arraigned Friday in Municipal Court. The pair are Dwane Link, 18, charged with grand larceny, and Clarence Cook, 19, accused of receiving and concealing stolen money. Disposition of the cases of the other four juveniles, including Frowein's 15-year-old son Frederick, has not been announced. Police said Link and two others also face charges of burglary of a dwelling at night, which carries a maximum life sentence upon conviction. Frowein's wife said she had not talked with her husband about signing a complaint against their son. "But I'm pretty sure he'll have to sign," she added. "It hurts like the devil to do it, but he (the son) is as guilty as the others so I guess there can be no partiality." Police said Frederick admitted taking \$1,050 of his father's money from three buckets containing small bills in the Frowein basement. He bought a car and gave some money to a friend. Later, he showed other friends the hiding place and three of them returned and took what was left of the \$82,000, police said. About \$52,000 of the stolen money has been recovered, police said.

Temper Brings New Sentence

WINSTON-SALEM, N.C., (AP)—Doris Gordon, 20, started out of Superior Court yesterday to face a two to three-year prison term for setting fire to the apartment house in which she lived. A few minutes later she faced another one to two years. On the way out she gave state witness Louise Stanton a resounding slap on the face. Judge Walter E. Johnston rapped for order, reopened the case and told the woman she was getting more prison time to cool her temper. Mrs. Gordon admitted setting fire to her husband's clothing June 19 after an argument in their apartment.

Leaders Of McMurry District Fund Campaign Plan Meeting

Leaders of the Big Spring district in McMurry College's \$800,000 development fund campaign will meet at 8 p.m. Thursday in the First Methodist Church at Big Spring for a planning session. Dr. Orin W. Carter, superintendent of the Big Spring district of the Northwest Texas Methodist Conference will preside. Dr. Carter and Dr. Marvin L. Boyd, pastor of Midland's First Methodist Church, are co-chairmen of the church campaign in the Big Spring district. Members of the McMurry board of trustees expected to attend the meeting are D. M. Cogdell of Snyder, Dave Duncan of Big Spring, and A. G. Waugh of Lamesa. Duncan and Waugh are honorary chairmen in the campaign along with Barney Grafs, Midland, also an honorary chairman. Other Methodist ministers, McMurry trustees and friends of the college in the Big Spring district are invited to attend the meeting, according to Dr. Harold G. Cooke, McMurry president.

3 Cases Dismissed In County Court

Three old cases were dismissed County Court Tuesday afternoon. Each of them are over four years old and the dismissals are part of a plan to clear the court docket of outdated cases which have little chance of coming to trial. The cases dismissed Tuesday include Homer D. Ashbrook, charged with defrauding by worthless check, Feb. 2, 1951; Robert E. Smith, charged with embezzlement, Feb. 13, 1951; and C. S. Henderson, charged with defrauding by worthless check, Feb. 14, 1951.
