CORPUS CHRISTI, Aug. 27 (AP)—Radio reports to the Texas highway patrol here said winds ranging from 100 to 135 miles an hour lashed towns along San Antonio Bay as a furious gulf hurricane hugged the Texas coast near Port O'Connor.

The 135-mile an hour wind struck Sea Drift, on the north east side of the bay, which stretches to the south and west of Port O'Connor behind Matagorda Island patrolmen in the field reported.

There was heavy property damage at Austrell, on the southwest side of the bay, where the wind hit 120 miles an hour, the patrol reported.

Three feet of water surged in to Tivoli, a village on the south west side of the bay. A hundred mile an hour wind was reported at Port Lavaca. Half a million dollars property loss was reported at Rockport.

The fury of the storm had moved up the coast from Corpus Christi, and this immediate area began assessing damage from heavy winds which buffeted it.

The New Orleans weather bureau reported in a 10 a. m. (Eastern War Time) advisory that the hurricane, with winds up to 100 miles per hour, was central on the Texas coast near Port O'Connor, more than 60 miles northeast of Corpus Christi, where the Texas coast begins a substantial outward curve.

Still threatening the upper Texas coast, the storm was moving a few miles an hour north-north east, the advisory said.

In its possible path was the wealthy and heavily-populated Houston-Galveston area.

J. P. McAuliffe, U.S. weather bureau observer here, had reported at 7 a. m. (EWT) that the storm, after lashing Port Aransas, had swiped a section of the coast about 30 miles east of Corpus Christi, and that Corpus Christi was out of the hurricane area.

Gales of 70 miles an hour were reported over an area about 100 miles wide, and winds 75 to 100 miles an hour within a radius of 40 miles of the center.

The high winds buffeted towns in the storm's path. Very high tides swept against the shore.

Residents in the threatened area had taken precautions. Carleton said that 50 per cent of the 25,000 persons in the Brazos port area had sought safer quarters. About 30 per cent of the 8,000 residents of Freeport remained in that city, he estimated.

Up the coast at Galveston at 8 a. m. (CWT) the tide was at 3.9 feet, highest since the storm developed. It was three feet above normal and still rising.

More than 100 miles up the coast the disturbance was making itself felt in turbulent weather and rising tides.

Corpus Christi was beginning to clean up today after a night of winds which reached 100 miles per hour. There were no official statements on damage, but unofficial estimates that it would not exceed \$100,000 in the city of Corpus Christi. Smaller communication delayed damage reports from other areas.

Power was off here. McAuliffe said winds in the Corpus Christi business section reached 90 miles an hour and winds over Corpus Christi Bay reached 100 miles an hour.

Surging tides pushed sea water into coastal towns of the region as the storm struck. Much of the Hug-Coast highway that leads from Corpus Christi to Houston was reported under water.

**Board Refuses To Commute Sentence**  
AUSTIN, Aug. 27 (AP)—The board of pardons and paroles today refused to commute the death sentence of Joseph W. Oglesby, a 21-year-old negro soldier from Philadelphia, Pa., to life imprisonment, on a conviction of rape from Reeves county.

Gov. Coke Stevenson on July 12 granted the constitutional 30-day stay of execution for Oglesby, and the board has had his case under consideration since then.

Oglesby is scheduled to die in the electric chair at the state prison at Huntsville on Sept. 2. He was convicted of the rape of a Pecos Army Air Field civilian worker.

**Hirohito Reported Victim Of Hara-Kiri**  
STOCKHOLM, Aug. 27 (AP)—Afonbladot today quoted German refugees as saying they had heard a Japanese radio broadcast in English that Emperor Hirohito committed hara-kiri when Allied warships steamed into Tokyo Bay.

The report was not confirmed by monitors who record thousands of words of Japanese broadcasts.

# President Urges Continued Draft Of 18-Year-Olds

WASHINGTON, Aug. 27 (AP)—President Truman urged congress today to continue induction into the armed forces of men from 18 to 25 years, cautioning that the Far East situation still involves "many elements of danger."

At the same time he cautioned congress against premature attempts to declare the war emergency at an end, asserting:

"Tragic conditions would result if we were to allow the period of military service to expire by operation of law while a substantial portion of our forces have not yet been returned from overseas. I am confident that the congress will take no action which would place the armed forces in such a position."

Taking issue with congressional advocates of legislation terminating the selective service program and declaring the war emergency at an end, the president gave his views in letters to Chairman Thomas (D-Utah) and May (D-Ky) of the senate and house military committees.

Asserting he could not recommend abandonment of the selective service inductions, the president declared:

"The situation in the Pacific continues to have many elements of danger, and war-torn and disorganized Europe is facing a difficult winter season with scarcities of food, fuel and clothing."

"Our occupation forces in those areas must be held at safe levels, determined largely by General MacArthur and General Eisenhower who are on the ground and familiar with the situation. We cannot stop the certain in-flow of replacements into the armed forces, without necessitating prolonged service of veteran soldiers."

The president asked legislation raising the existing ceiling of 280,000 on the number of regular army enlistments which can be accepted and the elimination of any other legal impediments to the maximum procurement of volunteers.

It will not mean an increase in the number of local crew change stops, for one of those now in existence will be eliminated.

Charles A. Reinström, vice-president in charge of traffic and who made the announcement of the new transcontinental flight, also said that service on the Baltimore run was being resumed on Sept. 1.

**Airlines To Add New Crew Change Here**  
Effective Sept. 1, another crew change on American Airlines will be added here, it was announced Monday.

The change is part of the addition of one extra round trip between New York and Los Angeles on the AAA transcontinental service. The additional flight includes scheduled stops at Washington, Nashville, Tulsa, Oklahoma City and Phoenix.

It will not mean an increase in the number of local crew change stops, for one of those now in existence will be eliminated.

Charles A. Reinström, vice-president in charge of traffic and who made the announcement of the new transcontinental flight, also said that service on the Baltimore run was being resumed on Sept. 1.

**Galan Picked Up For Assault To Murder**  
Telford Galan, Jr., wanted on an assault to murder charge, was picked up during the weekend by police and transferred to the sheriff's office. Galan is charged with shooting Henry Lopez in the arm three weeks ago.

Another assault to murder suspect was being held by police, and Sheriff Bob Wolf said he anticipated a charge Monday afternoon when the prisoner is transferred. The arrest followed an altercation in which Jose Mendoza was shot through the thigh. He was not believed seriously hurt.

**TP Cars Derailed**  
Two cars on the Texas & Pacific passenger train No. 7 were derailed at Dalby, a point immediately east of Coahoma, early Monday morning. The train arrived in Big Spring at noon and traffic was moving over the line this afternoon. There were no injuries reported.

# US Sponsoring Meeting Of Chinese Factions

Ambassador To Bring Communist Leaders To Chungking

CHUNGKING, Aug. 27 (AP)—Major Gen. Patrick J. Hurley, U. S. ambassador to China, left by plane today for Yenan to accompany Mao Tse-tung and other communist leaders back to Chungking for conferences with Generalissimo Chiang Kai-shek.

Chiang had invited Mao to meet with him in an attempt to reach a peaceful settlement of differences between the national government and the North China communists which have been threatening to plunge the nation into civil war.

Before departing Hurley issued a statement saying he was going to Yenan "with the consent and full approval of the generalissimo and on invitation of Mao Tse-tung, chairman of the communist party of China."

"I shall accompany Mao and his party to Chungking, where they will enter into direct negotiations with the generalissimo and the national government," Hurley added.

"I am happy to be returning to Yenan. We have worked continually for more than a year to help the national government remove the possibility of civil war in China."

"In this controversy there have been so many conflicting elements that it is a source of gratification to us that we have been able to maintain the respect and confidence of both parties."

Soon after coming to China a year ago as President Roosevelt's special representative, Hurley initiated discussions between the national government and the communists.

**Knott Boy Eighth Victim Of Polio**  
One additional case—a 17-year-old boy from Knott—boosted the local total of infantile paralysis cases to eight Monday.

The youth had an involvement of one leg and both arms and a slight involvement of the respiratory area. The VFW iron lung was ready for use in the event it is needed.

The case brought to 10 the total number of cases reported within the past two weeks in Howard county. There have been two fatalities. It does not include four out-of-county cases hospitalized here.

To help control the spreading epidemic of polio, J. T. Ward, field sanitarian of state health department, H. D. Horn, city sanitarian, and M. G. Smoot, senior sanitarian, will begin an inspection of all food establishments this week. If a case does not have enough personnel to operate under sanitary conditions, the health officials say, it should operate only part time.

Smoot said, "Four out of five communicable diseases begin by germs entering the mouth. Food sanitation needs to be stressed."

The Big Spring-Howard County Health Unit asks that complaints be written instead of calling, concerning places which might be breeding places for flies.

A committee from the Lions club will meet at 7:30 p. m. today at the Settles to discuss plans for a campaign to clean up vacant lots. Property owners were urged to clean their premises.

A small amount of DDT, the new insecticide, was expected to arrive this afternoon for use in the anti-typhus campaign. Health authorities believe it will prove beneficial in the fly control program also.

**Last Poisoned Baits Picked Up By Jacobs**  
Carl Jacobs of Lubbock, who has been in charge of placing the poison for the rat campaign, is picking up the last baits today, said city officials.

Jacobs said he found very little signs of rats over the downtown area and was surprised at the amount of typhus cases here. "The clean-up on rats last May must have been successful," he stated.

"However, fleas from the dead rodents could have carried the disease to persons."

**Eighteen Arrested For Drunkenness**  
Police arrested 18 persons for drunkenness, three for disturbance, two for affray, one for VDC and picked up one for investigation during the weekend.

One man is being held in connection with forgery and passing hot checks.

A girl was picked up in the flats section and was charged with using abusive language.

**TO CONTINUE TRAINING**  
Frances Drake and Helen Knox will leave tonight for Fort Worth where they will continue their nurses training. They spent a month here visiting with Miss Drake's parents, Mr. and Mrs. H. D. Drake.

# Eighth Army Selected To Occupy Tokyo Area

## Fleet Enters Sagami Bay

### Missouri Leads Impressive Navy In Jap Waters

By AL DOPKING  
WITH ADMIRAL HALSEY IN SAGAMI BAY, Japan, Aug. 27 (AP)—Led by Admiral Halsey's flagship, the Battleship Missouri, an impressive spearhead of Third Fleet warships triumphantly entered Japan's Sagami Bay today and dropped anchor within 25 miles of Tokyo.

Twelve hundred carrier planes roared overhead as great American and British battleships anchored two miles offshore under the shadow of towering Fujiyama at 1:30 p. m. (11 p. m. Central War Time).

Minesweepers immediately began clearing a path to the Yokosuka naval base, 15 miles away by water and eight miles by land across Miura peninsula from Katase town where the warships lay at rest.

The battleship Iowa came to a stop directly behind the Missouri. American and British seamen, their faces and shirts moist with perspiration, lined the decks for their first good look at the clearly visible Japanese coastline.

The first units of Halsey's occupation force, under Rear Adm. Oscar C. Badger, will enter Tokyo Bay tomorrow through two and a half mile wide Uraga Strait, lined with 116 major caliber guns.

Two hours before entering Sagami Bay, the Missouri took aboard the Japanese emissaries.

The Japanese reported progress made in minesweeping both Sagami and Tokyo bays and received instructions for preparations to be made for Thursday's landings at Yokosuka by ten thousand marines and navy men.

Halsey did not see the Japanese emissaries, who were turned over to his chief of staff, Rear Adm. Robert B. Carney.

The Japanese, including two officers, 13 pilots and six interpreters, were instructed among other things:

"Any violence or resistance by the Japanese will be held to be a mutinous act."

"Coastal defenses must mark all guns with white flags."

"Demilitarize all guns. All nets and camouflage must be removed from ships in the harbor."

"All naval and other military personnel must be withdrawn by 4 a. m. Wednesday along with all civilian employees."

**CHINESE IN SHANGHAI**  
LONDON, Aug. 27 (AP)—The Tokyo radio said Chungking troops and U. S. air forces from the China theater began landing in the Shanghai sector this morning. The landings were made peacefully after prearrangement with the Japanese, the broadcast said.

# Legislators, Businessmen Plan For Mass Unemployment Situation

By STERLING F. GREEN  
WASHINGTON, Aug. 27 (AP)—The frightening problem of millions of jobless workers stirred legislators and businessmen to action today.

An influential business group urged the government immediately to help pay the fare of stranded work workers to new jobs.

This body, the research committee of the nationwide C.E.D.—Committee for Economic Development—also recommended that most states increase their payments to the unemployed.

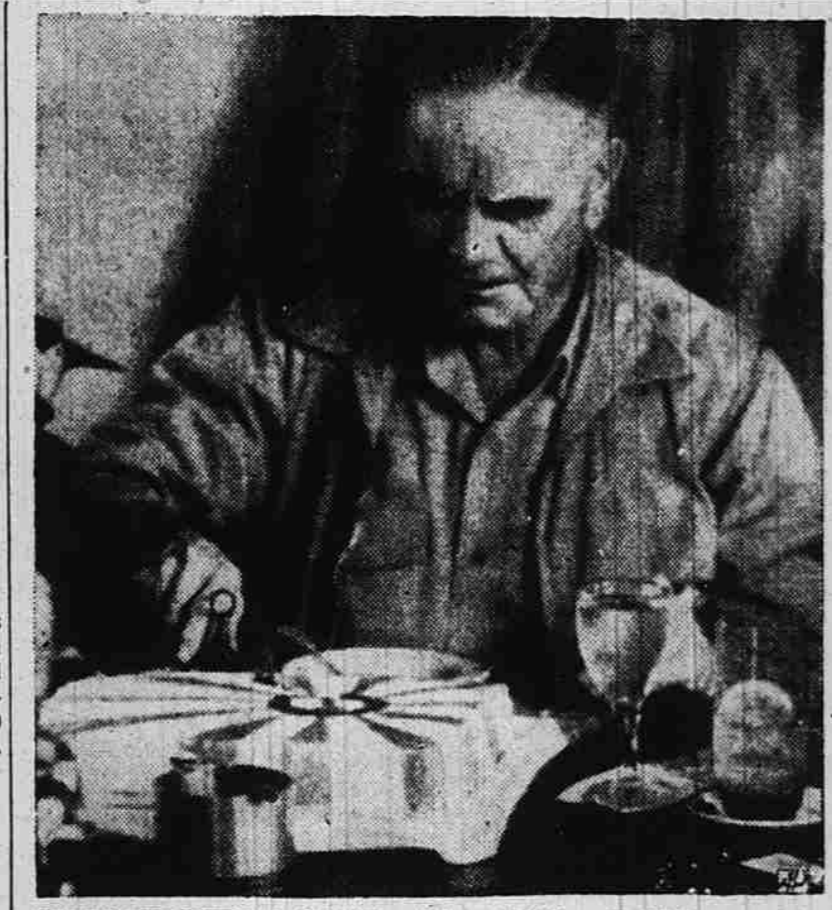

Early-bird legislators tackled the same issue. Chairman Doughton (D-NC) brought the house ways and means committee back to Capitol Hill today to tackle the administration's plan for broader benefits to the jobless.

But the big government push toward the ways of peace made this news:

1. The Office of War Information wants to go out of business within 90 days.

2. The public will begin to see electric toasters, washers, refrigerators and ranges this fall, with vacuum cleaners "fairly plentiful" by Christmas. But—

3. Sellers of these new goods headed into a full-scale rumormongering with OPA. They say OPA's policy on retail price ceilings—the same as in 1942 or very little higher—is too low. They'll meet here for a fight tomorrow.

# Nanking, Canton In Chinese Hands Again As Japs Prepare Surrender

CHUNGKING, Aug. 27 (AP)—The two great Japanese-held metropolitan centers of Nanking and Canton were reported in Chinese hands today as Chinese government and military officials prepared to complete Japan's formal surrender in China.

A Chinese army correspondent said Chinese troops first entered Nanking, former seat of Generalissimo Chiang Kai-shek's government and planned site of the surrender signing, on Saturday and found most buildings there in good condition.

This writer said there was some disorder at first but occupation troops soon returned the situation to normal. All puppet organizations were dissolved he reported.

Meanwhile, the 159 Chinese officials who had been waiting here for the liberation of Nanking to start surrender proceedings were said to have left by plane for Nanking. Formal surrender ceremonies are scheduled to take place in the pre-war Chinese capital on Sept. 3.

The bulletin disclosed that approximately 35,000 more Japanese troops—including six generals—had been rounded up.

Russian front dispatches reported that Soviet troops still were encountering some opposition in the southern part of Sakhalin island. Japanese saboteurs were said to have set fire to stores and factories in the city of Maoko.

**Enemy Brains Put To Work For US**  
WASHINGTON, Aug. 27 (AP)—President Truman today took steps to provide for the release to American industry of scientific and industrial information seized from the enemy during the war.

In an executive order the president put such information, including patents, under the jurisdiction of Chairman John W. Snyder of the War Mobilization and Reconversion Board.

"Nothing in this order shall be construed to limit or modify the power of the secretary of war or the secretary of the navy to determine finally whether the national military security permits the release in whole or in part of enemy scientific or industrial information," the order said.

Asserting he wanted scientific and industrial information obtained from Germany and Japan to be "of maximum benefit to the public," the president said:

"It is the policy of this government, subject to the requirements of national military security, that there shall be prompt, public, free and general dissemination of enemy scientific and industrial information."

**Writer Franz Werfel Dies Of Heart Ailment**  
BEVERLY HILLS, Calif., Aug. 27 (AP)—Franz Werfel, refugee author of some 35 books including "The Song of Bernadette" moving novel that became an academy award motion picture, died at home last night of a heart ailment. He was 54.

His wife Alma, composer Gustav Mahler's widow, with whom the poet-novelist-playwright-essayist lived in this country before the Nazi terror in 1940, found Werfel slumped to the floor in front of his desk.

# EICHELBERGER TO ACCOMPANY MACARTHUR IN JAP LANDINGS

MANILA, Aug. 27 (AP)—Designating the Eighth army of Lt. Gen. Robert L. Eichelberger to occupy the Tokyo area, General MacArthur today announced there will be additional landings at Yokohama, Tokyo's port, and at Tateyama-cho, outside Tokyo Bay on the east side of its entrance.

Eichelberger, MacArthur said, will accompany the supreme Allied commander "when he arrives Aug. 30" in Japan.

Strong American and British naval forces already are peacefully anchored in Sagami Bay, within 30 miles of Tokyo.

The only previously-announced plans for landings in the Tokyo Bay area were at Atsugi airfield, where MacArthur will alight with airborne troops Thursday, and at the Yokosuka naval base between Yokohama and Tokyo Bay.

The newly-announced landings will follow them by two days.

The notice of landings to come at Yokohama shows MacArthur's determination to gain early control of one of Japan's Tokyo Bay port facilities. Yokohama is approximately 15 miles from Atsugi, and 10 from Yokosuka.

The fleet's thrust into Sagami Bay proved as quiet as a routine peacetime maneuver at home. The final act of surrender will be signed aboard the battleship Missouri in Tokyo Bay Sunday (Japanese time).

Manila headquarters of General MacArthur, supreme Allied commander for Japan, said it had "been informed officially of the fleet's entry." However, a spokesman stated the fleet was operating without reporting to MacArthur on all details of the master plan already laid down for the occupation and formal surrender.

MacArthur's headquarters disclosed two more phases of that steadily-unfolding program: The U. S. army 24th corps under Maj. Gen. John R. Hodge will occupy the southern half of Korea, and the surrender of Hong Kong will be made to Rear Adm. C. H. J. Harcourt of the British navy.

Meanwhile MacArthur's headquarters disclosed further details of the surrender program, including orders to Japanese field commanders south of 38 degrees latitude in Korea to surrender to the Americans. This line bisects Korea, with the capital, Kello, in the American zone.

The Russians have occupied points to the north.

MacArthur also ordered the Japanese in the Ryukyus to surrender to Gen. Joseph W. Stilwell, Tenth army commander, and those in the Philippines to surrender to Lt. Gen. W. D. Styer, commander of army forces in the western Pacific. All were ordered to be ready to surrender "on or immediately after Sept. 2"—next Sunday, scheduled day of the final surrender signature aboard the Missouri.

**PAW Voids Many Wartime Controls**  
WASHINGTON, Aug. 27 (AP)—The Petroleum Administration for War removed today many wartime controls on the supply and transportation of petroleum products.

Simultaneously, it began dismantling its industry advisory machinery which was set up early in the war to help the government solve oil and gasoline transportation problems.

Thirteen orders, directives and recommendations were rescinded by Deputy Petroleum Administrator Ralph K. Davies to permit the resumption of normal supply and transportation policies. Some became effective immediately. Others will go into effect within 30 days.

Davies lifted immediately the ban on shipments of petroleum products into east coast states by rail or inland and intercoastal waterways. PAW had prohibited the shipments unless they were scheduled by or specifically permitted by the agency.

Oil companies now are free to ship their products to the east by rail or inland waterways without special government permission.

PAW announced that under another directive, however, it will continue to schedule petroleum shipments by tankers into eastern states from the midwest and southwest and apportion these imports among original suppliers.

Restrictions on movement to the east of asphalt and residual fuel oil were removed, effective at once.

Orders setting out functions of supply and transportation industry sub-committees for the midwest and southwest were cancelled effective Sept. 1.

**House Group To Study Benefit Plan**  
WASHINGTON, Aug. 27 (AP)—President Truman's plan for expanded jobless benefits, already steeped with controversy, came before the house ways and means committee today.

The legislation would provide for unemployed persons running up to \$25 weekly for six months and blanket around 3,000,000 federal workers and 160,000 maritime workers under the unemployment compensation program.

After preliminary consideration today, the committee will open public hearings tomorrow. The senate finance committee will take up the measure Wednesday.

**SMU PROFESSOR DIES**  
DALLAS, Aug. 27 (AP)—Dr. John Strayer McIntosh, 65, head of the Latin and Greek departments at Southern Methodist University, died at his home here yesterday after an illness of several months. Dr. McIntosh was chairman of athletics at SMU for 30 years and was vice-president of the Southern Athletic conference at the time of his death.

# Surrender Schedule

By The Associated Press  
Monday, Aug. 27—Third Fleet spearhead anchors in Sagami Bay, 24 hours ahead of MacArthur's schedule.

Tuesday, Aug. 28—Advance fleet units enter Tokyo Bay; preparatory air force lands at Atsugi airfield.

Thursday, Aug. 30—Ten thousand marines and sailors begin occupation of Yokosuka naval base; MacArthur lands at Atsugi with first wave of airborne occupation troops.

Saturday, Sept. 1—Lt. Gen. Robert L. Eichelberger's Eighth army scheduled to begin landings for occupation of Tokyo and Yokohama areas.

Sunday, Sept. 2—Formal surrender ceremony aboard U.S.S. Missouri in Tokyo Bay.

Monday, Sept. 3—Advance airborne party lands at Kanoya preparatory to occupation of Kusu Island; bypassed island garrisons, including Truk, scheduled to begin surrendering.

**Yamashita, 'Tamed Tiger,' To Give Up**  
By RUSSELL BRINES  
MANILA, Aug. 27 (AP)—General Tomoyuki Yamashita, "the Tiger," commander of Japanese forces in the Philippines, opened surrender negotiations with the U. S. army today from his mountain hideout in northern Luzon.

In a letter delivered to an army outpost near Kiangnan, Yamashita said he had received instructions from Tokyo to surrender and that he had ordered his surviving troops to stop fighting.

The tamed Tiger said he believed negotiations could be entered into immediately, although he was still awaiting further instructions from Tokyo.

The fantastic finale to the long quest for the conqueror of Malaya and Coridor resulted directly from Yamashita's action in releasing an American fighter-pilot unharmed. He was Capt. Dan Shaw of Poteau, Okla., who returned today with a letter from Japanese mountain headquarters praising him for refusal to disclose information during 11 days he was held captive.

Gill pointed out the exact location of Yamashita's headquarters, and planes were sent over giving specific instructions to the enemy general on how to surrender.

**Mitchell Selected To Go To Police Academy**  
A. G. Mitchell, Big Spring chief of police, has been selected to attend a police academy in Washington, D. C. He was informed by Ed Dorris of San Angelo, FBI agent in charge of this district, of the honor which is only given to three or four men from Texas.

If Mitchell attends the academy which is a law enforcement training course, he will leave in October to begin the 14-week instructions.

### Polio Precautions: 6 "Don't Delay In Calling Doctor" National Polio Foundation Advises

By ROLAND H. BERG Written Exclusively for AP News-features

During the epidemic season, The National Foundation for Infantile Paralysis warns parents: "Don't delay calling a physician." Scientific authorities agree that prompt medical attention and treatment of a case of infantile paralysis at the very first signs of illness can prevent deformities from developing and, thus save a child from a life as a cripple.

Parents must be on the alert for such minor symptoms as sore throat, unexplained fever, stomach upset, vomiting, diarrhea or constipation. In addition, a child may be irritable and complain of soreness in arms and legs or stiffness in the back and neck.

Doctors realize that these symptoms may not always indicate

infantile paralysis but they point out that in many instances these signs have proved to be the beginning of an infantile paralysis infection. Early medical care, doctors assert, can prevent a slight muscle weakness, unnoticed at first, from becoming a crippling deformity handicapping the child in later life.

Dr. Phillip M. Stimson of Willard Parker Hospital, a prominent New York pediatrician who is an expert in the treatment of paralysis, tells of a mother who brought her child critically ill with infantile paralysis to a hospital.

There was no doubt in the doctor's mind what was wrong with the woman's child whose arms and legs were already badly paralyzed by the disease. However, Dr. Stimson questioned the mother closely. Finally he asked, "Are there any other children at home?" "Oh yes," she said, "I have a boy of nine and a two-year-old girl at home."

"How are they?" "Oh they're fine," she replied. "The nine-year-old had a little headache and a stomach upset a few days ago, but he's perfectly well now."

Dr. Stimson asked her to bring the boy into the hospital. The next day she appeared with the youngster. A careful examination revealed a slight stiff neck and some evidence of weakness in the muscle of one leg. The child was kept in the hospital and given treatment. In a few weeks the child had recovered perfectly.

Dr. Stimson pointed out that if this child had not received prompt treatment, the mild weakness would have developed into a serious, crippling handicap.

### One Amendment Of Four Is Rejected

DALLAS, Aug. 27 (AP)—Texans rejected only one of four amendments submitted to them in Saturday's elections, Texas Election Bureau returns from 214 counties showed last night.

The amendment to raise salaries of legislators from \$600 to \$3,650 yearly was turned down 36,144 for and 98,121 against.

One providing for nine instead of the present three members of the state supreme court was approved 75,751 for and 55,536 against.

The amendment providing increase of the state's old age pension allotments from \$15 to \$20 and liberal assistance to the needy blind and poor was 77,184 for approval and 57,927 against.

The soldier voting amendment was 103,834 for approval and 29,289 against.

The bureau had tabulated 135,111 votes Sunday when counting was discontinued for the day. It was estimated that not more than 40,000 votes were outstanding. The trend appeared established so definitely that there seemed no possibility that the three amendments leading could be defeated.

### San Antonio Printers Walk Out Of Shops

SAN ANTONIO, Aug. 27 (AP)—Three San Antonio newspapers were to be published today from engraved plates after members of the local Typographical Union voted yesterday morning to strike.

The walkout yesterday left the composing rooms of the Express, News and Light without printers.

The strike vote was taken pending settlement of a dispute over a proposed new contract with the Express Publishing Company and the Light Publishing Company.

Publishers said the dispute over the contract was handed to the daily newspaper commission of the War Labor Board at Chicago July 17 and that decision from the commission was expected daily.

**Cosden Stresses Lubricant Needs**

Because the same oil or grease will not do the best job for all equipment any more than a wire brush would be the tool to use in cleaning piano keys, Cosden Petroleum Corp. has carried out a careful program in the manufacture and recommendation of its lubricants.

Cosden's management realized the burden that war was placing on passenger cars, trucks, tractors and all types of machinery—that it had to last for the duration and until replacements could be made, hence new stress upon its lubrication department.

D. T. Evans, an engineer with 25 years experience, was secured by Cosden as lubricating engineer with the assignment to develop lubricants which would lengthen motor life and reduce expensive repairs.

During the past 16 months, Evans, assisted by Cosden's staff of chemists, has worked on the improvement of the company produced lubricants. Paraffine motor oil has been Cosden's leading mo-

tor oil for several years, so immediate advantage was taken to use new and improved stocks to further increase the high quality of this lubricant. New motor oils have been added, among them Cosden truck and bus oil, and Cosden balanced motor oil.

The Cosden grease line has also had considerable attention. The latest developments in grease manufacture have resulted in the addition of Cosden Special Chassis Lubricant and Cosden All-Purpose Hypoid Lubricant.

Cosden maintains at its Big Spring refinery a complete blending plant where premium lubricating stocks are used in the manufacture of all Cosden motor oils. Here is also a modern canning plant to fill and seal quart metal cans of Cosden motor oils. This plant also fills and seals all drums and five gallon cans.

The importance of correct lubrication of oil field equipment has also received attention. Cosden has a complete line of lubricating oils and greases, for the exacting demands of this service. For gasoline motors, Cosden recommends

**Post Office Cafe Future Is Glass Closes Successful Year Of Service In Homebuilding**

"Glass will have a great future in modern construction," O. L. Nabors of the Big Spring Paint and Paper Shop said Monday. "Glass and glass blocks will be used both in commercial and private buildings."

Nabors pointed out that glass blocks are extremely versatile in that they furnish light, yet provide the privacy which the opaque surface affords. He stated that many houses being built now have provided for glass block panels over the sink in the kitchen and near other work areas both in the kitchen and in other parts of the dwelling. He pointed out that many business establishments have seen the practicality of such material, and predicted that it will be put to use more and more in private homes.

There has never been a shortage of glass throughout the war, Nabors said, and during that time builders realized more than ever the possibilities of using glass in construction.

Although Nabors had little hopes of getting any new stocks in immediately, he said that new styles of wallpapers, linoleums and paints will be coming in before long. "There will probably be no drastic changes in wallpaper and floor covering designs," Nabors advised. He said that soon there will be good stocks of linoleums, both in inlaid and yard goods types, as well as rugs. He hoped that within two months he would be able to show his customers designs in "Deluxe Veltone coverings, Dealer for Pittsburg, Charm Studio and Pan American wallpapers. Nabors expects to have

On the occasion of its first anniversary, the Post Office Cafe is still pleasing numerous old and new customers each day with its excellent service. Tuesday marks the end of the first year of the operation of the cafe under the present management.

The specialty of the house is its delicious steaks of all kinds served with plenty of French fries and salad. As many as 16 persons may be served at one time.

Before persons learned of the thrifty and fast service, many walked away if the cafe was full. Now they realize that someone will be through before they would find another "just as" nice restaurant with quality food and fast service. There is spacious parking space available at all times.

H. G. Hamill, owner and manager of the Post Office Cafe, 310 Scurry, has approximately 20 years in the cafe business at Odessa, Quanah and here. He has impressed local residents with his manner of running a clean, orderly cafe.

Six persons are employed by Hamill, who believes in his women cooks.

With such a convenient location, the cafe fills and empties several times each noontime with downtown workers with a taste for homecooked food.

Hamill invites you to try his steak specials and ask you to be the JUDGE of his big little cafe.

wide stocks soon. Supplies of paint, especially outside white paint varieties, have never been critically short, although few paints in strong colors have been placed on the market. Nabors said that his supply of white house paint was adequate to last for many months. Enamels have been hard to get, and prospects indicate that there will be little for sale until late fall.

As a part of their peace-time stocks, Big Spring Paint and Paper Shop plans to offer venetian blinds and window shades and service for them.

Big Spring Paint and Paper at 120 Main street will furnish anything needed for the beautifica-

tion of the home, and when stocks are rolling again, the best of paints and papers can be found there.

# As Teams Race Closely Treachery Is Unlikely

By JOE REICHLER (Associated Press Sports Writer)

The stretch September drive of the seven leading contenders for the two big league pennants promises to furnish one of the most exciting races in baseball history.

Not since 1924, when the New York Giants and Washington Senators topped the flags on the eve of the season's close has there been such tight neck and neck struggles in both majors simultaneously.

The Chicago Cubs and St. Louis Cardinals are racing down the wire almost side by side in the National League while five teams are almost within arms' reach of each other in the American.

The double defeat of the American League leading Detroit Tigers at the hands of the Bob Feller-rejuvenated Cleveland Indians yesterday, 3-1 and 5-4, not only prevented the Bengals from gaining ground on the second place Senators, who also lost two games, but enabled the Tribe to move into fifth place, only 6 1/2 games from the top.

The capital city outfit remained 1 1/2 games behind Detroit by bowing twice to the aroused New York Yankees, 3-2 and 7-1. The fourth place Yankees now are only six games behind.

St. Louis' third place Browns demonstrated they were still in the thick of the scramble in quest of their second straight championship, by ripping the Chicago White Sox twice, 3-2 in 10 innings and 4-1, to reduce the Sewellmen's gap to 4 1/2 games.

The National loop saw the Cards

whittle the Cubs' first place lead to 2 1/2 games when the Redbirds treed the Bruins for the third straight time, 5-1. A standing room only Chicago crowd of 42,998 groaned as Charley (Red) Barrett hurled a five-hitter to notch his 19th triumph and hand the Cubs their fifth straight defeat. The Redbirds rapped Paul Derringer, Claude Passeau and Hank Wyse for 10 blows, including a triple by Johnny Hopp and a double by Ken O'Dea.

Cleveland made it three in a row over Detroit as Allie Reynolds registered his 14th mound triumph in the opener and Steve Gromek his 16th in the nightcap. Three unearned runs helped beat the Tigers' Dizzy Trout in the first game, while Gromek won his own game in the second, scoring the winning run after opening the ninth with a single.

A crowd of 52,797 saw the Yankees make it four straight in two days over the Nats, as veteran Charlie Ruffing won his fifth since his army discharge. In the opener, and rookie Al Gettel racked up his eighth in the nightcap.

Gene Moore celebrated his 36th

birthday by hitting an inside-the-park homer in the 10th to win the opener for the Browns from the White Sox and provide the ninth victory for Bob Muncie.

Dave Ferriss joined Hal Newhouse of the Tigers as the majors' only 20-game winners when he defeated Russ Christopher and the Philadelphia Athletics 4-3 in 10 innings of the first game to pave the way for a double header victory for Boston. The second game score also was 4-3.

The Giants finally beat Brooklyn, 6-2, after the Dodgers had won seven straight from the Ottomans. A crowd of 18,679, which swelled the paid attendance for the Dodgers' home games to 1,000,066, witnessed the Giants' Jack Brewer hurl a six-hitter.

Hugh Mulcahy's first start since his release after four years in the army was unsuccessful as the Boston Braves beat his Phillies 6-5 in the opener with the aid of Tommy Holmes' 26th homer. The Phils won the second, 4-3, with Jimmy Russell starting at bat, with a three-run homer in the first, and a run-scoring single in the second.

## Sports Roundup

By HUGH FULLERTON, JR.  
NEW YORK, Aug. 27 (AP)—Wanted, more sports heroes—and, in some cases, better ones. . . . That's the demand voiced by Harry Berz, secretary of the Chicago Sports association, who is here for tomorrow's All-American boys baseball game. . . . Berz handles a program which, as he describes it, might be a model for all "kid" recreation programs. . . . And, in fact, he offers to provide the dope for any city that wants to organize a similar setup on the theory that "we've made the mistakes, you take advantage of them." . . . But behind it all, where Harry is concerned, is one big idea.

"Why not build up more heroes?" asks Berz, who apparently never heard any moans about "glorifying muscle men." . . . "There aren't any bad kids," he insists. "Give them good examples to follow and they're all right. So why not build up more heroes, glorify the kid who does something, instead of giving the headlines to the Dillingers?" . . . The plan works the other way, too. When the athletes find they're being put up as examples to the younger generation, they try to act more like examples than just athletic has-beens.

**Here's How—**  
The Chicago Sports association, a civic project, began with football and has spread to other sports. . . . The pattern is the same, Berz explains, and it can be followed anywhere, with whatever teachers are available and in whatever sports are the most popular. . . . The leaders set out to teach kids 10 to 15 years old how to play. After trying high school coaches, they went to the professional Bears and Cardinals and now the kids "get better coaching than they could in college." The schools run for eight weeks, then the best 15 kids in each are picked for a "varsity" which plays a regular schedule besides putting on exhibitions between the halves of pro games. . . . Charley Bidwell, the Cards' boss, became so enthusiastic when he was first approached that he outfits all six teams. . . . As for the kids, 2,000 of them turned out for the first year's schools, 3,000 last year.

**Shirley Fry Breezes By To Tennis Victory**  
PHILADELPHIA, Aug. 27 (AP)—Shirley Fry, of Akron, O., breezed past Jean Doyle of San Diego, Calif., 6-2, 6-3, in 35 minutes yesterday to annex her second straight title in the national girls' lawn tennis tournament.

Miss Doyle, assisted by Margaret Varner of El Paso, Tex., reversed the singles results in defeating Miss Fry and Connie Clifton of New Smyrna, Fla., 6-2, 7-9, 6-3, in the doubles finals.

**Tennis Star Talbert Outstanding Favorite**  
NEW YORK, Aug. 27 (AP)—Winner of nine straight tournaments, William Talbert, of Wilmington, Del., formerly of Indianapolis, was regarded today as the outstanding favorite in the 64th national men's singles tennis championship opening at Forest Hills tomorrow.

Talbert's No. 9 conquest was his straight set, 6-4, 6-2, 6-4 victory over Alejo Russell, of Buenos Aires, in yesterday's final of the Meadow Club tourney at Southampton, N. Y.

**AUTHOR-ATTORNEY DIES**  
CROCKETT, Aug. 27 (AP)—A. A. Aldrich, 87, East Texas attorney and author, died here yesterday. He had practiced law for the past 63 years and had been a state representative, county judge of Houston county, a presidential elector in 1937 and a trustee of Austin College at Sherman from 1900 to 1930.

## Nelson Unsatisfied: He Wants One More

KNOXVILLE, Tenn., Aug. 27 (AP)—Byron Nelson possessed the most fabulous collection of tournament victories in all golf history today—but he said he wanted one more.

"I won't be satisfied until I win the British open," the umbrella man from Toledo asserted. "If I could win the British open I would feel that I had really hit the top and that there would be no other way for me to go but down."

Nelson, who captured the Knoxville open yesterday for his 15th major victory of the year, said he hoped to get a shot at the title in 1946.

The Toledo stroking master already has won every big event this side of the Atlantic.

But even more amazing has been his unparalleled winning streak this year—15 major tournament victories in 20 starts.

**Amateurs To Compete With Pros At Dallas**  
DALLAS, Aug. 27 (AP)—Seventy-five amateurs have been selected to compete in the Dallas open golf tournament scheduled for the Dallas country club Sept. 6-9, firing against a galaxy of the game's top professionals including Byron Nelson, Ben Hogan, Sam Snead, Sam Byrd and Jimmy Thomson.

The simon-pures were plucked through qualifying rounds held over the southwest and include players from Texas and Louisiana. The amateurs will be competing for war bond prizes, the leader to receive the limit of \$100. The professionals will be shooting for prizes from \$2,000 for first place down to \$100 for twentieth.

## Both Parents "Mama" To Many War Babies

By JACK RUTLEDGE Associated Press Staff

Many a Texas lot well able to talk and walk has known nothing but a world at war—and peace is confusing.

Take 19-month-old Angus Wynne III of Dallas. His father, Lt. Comdr. Angus Wynne, Jr., is home after 44 months aboard the destroyers Nicholson and Grayson in the European, Mediterranean and Pacific theaters of war.

Little Angus just can't get used to having two parents. But he's got it solved now.

He calls both parents "Mama."

But the war did all right for the new commander at the Harlingen army air field.

He's Col. Louis R. Hughes, Jr.—and he entered the army as a buck private in Brownsville, just 25 miles from the camp he now commands.

Col. Hughes climbed 15 grades in 15 years. He entered the cavalry, is now an air field commander. He was overseas with Chennault.

Col. John R. Morgan, commanding officer of the 79th Flying Training Wing, makes a now-it-can-be-told report on the Harlingen field.

He said it had trained 50,000 gunners from January, 1942, to

the present, and that the men trained there had played an important part in winning the war.

The war's end brings no peace for pedestrians. The Dallas News gloomily points out that soon pedestrians again will be outnumbered by automobiles.

And with modern improvements, the new cars will make it a one-sided battle.

The odds, says the News, are all in favor of the motorists, who have science fighting on their side. As for the pedestrian, nobody, not even shoe makers, took any genuine interest in increasing his speed, maneuverability and durability.

Well, it'll still be a few months before those new cars roll. . . .

The Orange Disc has always stood for superior petroleum products. Now, with victory, Gulf's wartime research and experience have produced gasolines to bring power and smoothness to your driving such as you have never before experienced.

You will know these powerful NEW GULF GASOLINES by the same, identical names Gulf gave its fine motor fuels of an earlier day...

Gasolines that assure you quicker starting... surging power in pick-up... and "get-up-and-go" on hills without ping or knock... swift, smooth, gliding ease on the straight-away... and record mileage per gallon.

**THAT GOOD GULF and GULF NO-NOX**

And as new engines come from the drafting boards,

They're proud names, both of them, backed to the hilt by the Gulf organization

September Stretch Tight

History will be in the making with the landings on Japanese soil, and even in victory it will be an uneasy moment for US forces.

However, we expect that the anxiety among those of us at home is perhaps greater than that of the military.

Accordingly, Gen. MacArthur may be depended upon to stagger the occupation, going in first with token forces to seize strategic batteries and fields.

Indeed, it will be the same procedure that we have employed in storming many a hotly defended beachhead.

And besides, we believe the Jap quit because there was no other way out.

Red-Faced Artists

Congress needn't feel so red-faced about being caught a little short on reconversion legislation by the sudden end of the war.

Short History Of The Japanese War--

The Beginning Of The End

(Eleventh in a Series)

At the beginning of 1945, on Jan. 8, MacArthur struck for his main objective, Manila. Against the Sixth Army spearheaded the attack.

Drawn off balance by the previous occupation of Samar and Mindoro which had caused them to expect the attack from the south, the Japanese put up only token resistance.

The rotting, burned ruins and grass-grown graves of Camp O'Donnell, where more than 50,000 of 80,000 Filipino and American prisoners of war had died from starvation, disease and brutality, were overrun on Jan. 23.

On Jan. 30 a daring battalion of Rangers, with the aid of Filipino guerrillas, slipped 25 miles behind Japanese lines and made the first of a series of thrilling rescues from enemy prison camps.

On the night of Feb. 3 the First Cavalry division broke into Manila and smashed open the gates for 2,700 gaunt internees in Santo Tomas. The following day the 37th division from the north and the 11th airborne division from the south drove into the capital.

On July 5 MacArthur announced that "the entire Philippine Islands, this great land mass of 115,000 square miles with a population of 17,000,000, is now freed of the invader."

Against an army of 23 Japanese divisions he had thrown only 17 American divisions who had killed 432,764 of the enemy and suffered 54,000 casualties in 250 days. Fewer than 11,000 Japanese prisoners had been taken and 30,000 remained scattered in the islands.

The volcanic citadel of Iwo Jima, destined to become the bloodiest battlefield in marine corps history, was attacked on Feb. 19 while the battle of Manila still raged.

Sixty-one thousand marines of the Third, Fourth and Fifth divisions were thrown into the struggle for this tiny dot in the Pacific 750 miles from Tokyo. In 26 days the marines killed more than 23,000 Japanese and suffered 32.6 per cent casualties—the highest of any Pacific battle.

A fortnight after the finish of the Iwo battle, the Americans struck even closer to Tokyo with an invasion of Okinawa. This island in the Ryukyus, 325 miles from the enemy homeland, was the most costly invasion in ships of any in the Pacific up to that time.

Nearly 100 ships were lost or damaged—33 being announced as sunk. The carriers Franklin and Bunker Hill were badly crippled with heavy loss of life. But the

head of the bureau is Miss Alice Laverne, who studied psychology at New York University and who has been running a similar office in San Francisco for a few years.

"Does life in Hollywood present any unusual problems to human happiness?" I asked.

"Hollywood is not unlike any other town," she said, "although there are certain upsetting conditions which are unusual. There seems to be a lot of competition in the various crafts and considerable social lines of demarcation according to salary. There appears to be a good deal of the spirit of having to keep up with the Joneses."

Miss Laverne outlined her method of treatment, using one of her current clients as an example: An actor comes to her because he feels he can achieve more success in his profession. He is conscious of being unable to project his personality. He also has some marital troubles, "as most of my clients do."

First Miss Laverne examines his personal characteristics. Then she queries him for symptoms of fear, hate, envy, greed, intolerance, bitterness, grudge, etc.

So much for the diagnosis. The treatment is something of a secret. But Miss Laverne indicated that first the patient is made cognizant of the symptoms. That alone is not enough. Positive measures must be adopted by the patient to counteract disturbing emotions. There are no "lessons" to be prepared, but the patient reports to the instructor over a period of time to report on his progress.

"The actor is coming along beautifully now," Miss Laverne said. "His family and friends are asking him 'what's come over you, anyway?'"

As far as the "good copy" angle is concerned, the psychologist said actors will give better interviews when they rid themselves of their conflicting emotions and inhibitions and reveal their true personalities.

Seeking more free professional advice, I inquired. "How can I make drab actors and actresses be good copy?"

"It would take a little courage on your part," she said, "but you could start by saying, 'Look here, stop being so affected and let's get down to facts.'"

After which, I'm afraid, some husky actor might make a personal adjustment of my jaw.

Johann Sebastian Bach, the German composer, was an orphan at ten and was brought up by an elder brother, an organist.
