

THE MCLEAN NEWS

Volume XVIII.

McLean, Gray County, Texas, Friday, March 4, 1921.

Number 9.

House Too Small For Pentecostal Revival Crowds

The crowds have increased until our mission will not hold them. For the past two nights many have remained outside the entire services, all available seating room being taken. However, the Methodist people have kindly offered us the use of their church house for the evening services. So everybody is welcome there.

Meetings each evening. The singing will begin at 6:30 sharp; don't miss this important part of the services. Special songs and the stringed instruments will add greatly to the general efficiency of the music. These evangelists are bringing powerful clear-cut messages from God's word that will help everyone who hears them. Our aim is a real old time revival in McLean. Come out and help us. We especially invite the co-operation of all the churches and their congregations.

R. C. PATTY,
MRS. OLA WORLEY,
Committee.

PREPARING FOR LEAGUE MEET

Since the mid-term examinations are out of the way the high school students have begun work upon declamations, essays, debate, spelling, and the different athletic events to be used in the Interscholastic meet which will be held this spring.

Since there are already several entries in each of these contests, a local try-out will be held on March 11th to select the best contestant in each of the different divisions to represent the school at the county meet.

On March 19 the representatives of the Claude, Pampa and Panhandle schools, who are to represent their schools in their respective county meets, will contest here in a tri-county meet. This meet will in no way determine winners to attend the district meet, but will be given for the practice that it will afford the contestants of these schools before they enter their own county contests.

The Carson county meet will be held in White Deer on April 2nd. Entries from almost all of the schools in the county will be made, and the winners here will represent Carson county in the district meet at Canyon April 15 and 16—Panhandle Herald.

TEN SECTION RANCH AT HEREFORD SOLD

O. M. Shore of Hereford has closed a trade with H. H. Halsell of Decatur, Texas, in which the latter gets Mr. Shore's ranch northwest of Hereford, consisting of 2,119 acres of deeded land and 7 sections leased. Mr. Shore gets Mr. Halsell's 700-acre stock farm near Decatur. His ranch northwest of town is one of the good ranches of the county and has been stocked with pure bred and set stocked with pure bred and high grade Herefords. The farm near Decatur is in the heart of the cotton belt in the black lands. It is highly improved, having a modern \$30,000 brick residence.—Hereford Herald.

Mrs. Lettie Bogan, of Pueblo, Colo., came in Monday for a two or three weeks' visit with her parents, Mr. and Mrs. C. E. Bogan.

Dr. and Mrs. W. C. Montgomery went to Amarillo Wednesday to meet their daughter, Mrs. Lionel Lonsdale of Denver, Colo.

A. B. Gardenhire left Wednesday for his home in Yuma, Ariz. after an extended business visit in McLean.

W. B. Bush and family, S. A. Woody, wife and son were visitors in the M. L. Bush home Sunday.

Mrs. J. R. G. Bird and Mr. Perry of Pampa were here Monday, visiting in the Tom Bird home.

Mr. and Mrs. Sid Denson of White Deer were in the city Thursday.

Miss Fannie Bailey returned Sunday evening from Amarillo.

J. L. McNulty of Clarendon was here the first of the week.

INSTITUTING ORPHANS HOME FOR PANHANDLE

An orphans home is being established in Canadian for the Panhandle, the home to be conducted under the auspices of the Church of Christ. The home has been established in the Burlingame house, until recently occupied by J. B. Stickleby. Mr. and Mrs. H. B. Beach are manager and matron of the home, and the first occupants are the four Hawkins children, whose mother is dead, and they were without a home.

This movement of establishing a Panhandle Orphans Home has been under consideration by the Church of Christ congregation and the minister, W. L. Swinney, for some time. It seems a difficult thing to secure the admission of Panhandle children in orphans homes down in East Texas, and this is what prompted the institution of the home in Canadian. An effort was made to place the Hawkins children in the home at Luling, but the fact that they were from the Panhandle seemed to bar them from consideration.

It is quite possible that this orphans home in Canadian will grow into an institution that the Panhandle can well be proud to name as its own.—Canadian Record.

UNIVERSITY RANKS LOW IN NUMBER OF TEACHERS

Austin.—Statistics have just been compiled which show that in registration of full time resident students the University of Texas ranks fourteenth in a list of thirty representative American universities. But in teaching and administrative staff Texas, with a total of only 277, falls to twenty-fourth place, far behind many institutions that she outranks in number of students. Only six of the thirty universities in the list fail to exceed in staff the 277 members reported by the University of Texas, and these are schools with much smaller attendance.

An outstanding feature of these statistics is that the University of Texas ranks third of all these thirty leading educational institutions of the country in number of students in her college of arts, being exceeded in this respect only by Michigan and Minnesota state universities. Texas also holds fourth place in number of women students, being outranked as to this only by California, Michigan and Wisconsin. In the matter of summer school enrollment the University takes twelfth place. It holds ninth place in number of engineering students enrolled, sixth place in number of law students, and second place in number of students in education.

BANDITS ADMIT KILLING OPERATOR AT LUBBOCK

Full confession that he held the gun whose discharge killed J. Edgar Craft, night telegraph operator, when an attempt was made to rob the ticket office at Lubbock Friday morning at 4 o'clock, was made Saturday afternoon at the Potter county jail by Hulitt Connally. On the same afternoon Hulitt's brother, E. C. Connally, the so-called "master mind" of the plot formed by his brother, Jesse Bond and himself, confessed to his implication in the crime.

The confession of these two men, coupled with the confession in Lubbock Friday morning by Jesse Bond, the third man implicated in the slaying of Craft, ended a hot search all over the South Plains by sheriff's officers, deputized citizens, and special agents of the Santa Fe Railway Company.

The confessions of the two Connally brothers obtained in Amarillo Saturday tallied in all important details. They told in detail how they had planned to rob the Santa Fe station safe, though, according to Hulitt Connally, the killing was not done deliberately, his gun "just went off."—Amarillo Tribune.

CANYON MAN KILLED

Oral Turner was instantly killed yesterday afternoon near Channing when his car turned over. There was no witness to the accident.

The body was brought to Canyon this morning and will await the arrival of the mother who is now living near Greenville. It is expected that the funeral will be held tomorrow.—Canyon News.

Leo and Frank Stackton left Tuesday for Oklahoma City to visit their mother.

Baseball Club Organized for Coming Season

About 30 or 35 prospective ball players and actual boosters met on Wednesday night for the purpose of organizing and forming plans for the coming season. The following were elected as officers: Magin Cooke, manager; Raymond Glass, captain; Buck Cooke, John Cubine and Walter McAdams, ground keepers; Bee Everett, T. J. Coffey and Carl Overton, umpires; Roger Powers, mascot.

It was agreed that the admission to all games should be 25 cents to all persons over 10 years of age. The ground is to be put in shape at once, and later on it is hoped we shall be able to enclose the grounds with a substantial board fence.

Practice is to start within the next week and the first game will be played as soon as other clubs are started and weather conditions will permit.

McLean has lots of excellent material for a winning ball team and with the financial and moral support of our home people, we will show them that we mean business and that we can play baseball.

Let's all boost for the ball team. If we can't boost, let's stay at home and let nobody know it. Who can suggest a name for the team?

One of the Boys.

B. Y. P. U.

Following is the program for Sunday's B. Y. P. U., with Homer Abbott as leader:

Subject, Devotional Meeting—Does God Want My Life for Special Service?

Scripture reading and introduction—Leader.

God's Holiness and Man's Sinfulness—Mrs. Agee.

God's Call and Israel's Answer—Eunice Floyd.

Christian Experience Back of the Call—Fred Landers.

A General Call for Special Acceptance—R. I. Carpenter.

The Call to Special Service—Mrs. Wilkins.

Service of Many Kinds—Lola Abbott.

Is God Leading You to Any Form of Special Service?—Mrs. Holloway.

JUNIOR MISSIONARY SOCIETY

Following is the program for the Junior Missionary Society of the Methodist church, for Sunday, March 6th. Lorene Sparks is to be the leader.

Song.

Reading scripture lesson, Psalm 15.

Prayer.

Song.

Story—Lettie Mae Middlebrooks.

Hidden Bible Story—Juanita Osborn.

Song.

Story—Lois Clement.

Story—Anna Wingo.

BANDIT ATTACKS AGENT AND ROBS TICKET OFFICE

A lone bandit entered the Fort Worth and Denver railway station at Quanah Monday morning, beat the ticket agent, Miller, into unconsciousness, took \$150 from the safe, grabbed Miller's watch, and made his escape.

Miller was not seriously hurt and gave the officers a good description of the robber.—Childress Index.

BIRTHDAY PARTY

Mrs. W. H. Peters entertained a crowd of little folks Tuesday afternoon from 3 till 5 in honor of the sixth birthday of her little daughter, Earline.

A number of outdoor games were played and refreshments of oranges, candy and popcorn were served.

Mrs. Jesse Cobb of Back visited the Floyd family the first of the week.

F. E. Robinson and son, Roy, attended court in Wheeler this week.

R. L. Jones of Ramsdell was in town Tuesday on business.

Dock Forte went to Endee, N. M., Friday of last week.

Dad Hindman went to Shamrock Saturday on business.

Train Kills Man Near Ramsdell Tuesday Night

The mangled body of a young man was found on the Rock Island track near Ramsdell at an early hour on Wednesday morning. According to the story told by others who claimed to have been stealing a ride on the same west-bound freight train Tuesday night, the young man fell from the train while asleep, as best they could guess.

T. A. Landers, justice of the peace, went to Ramsdell Wednesday morning, but held no inquest, as the scene of the tragedy, being in Wheeler county, was out of his jurisdiction. Mr. Landers stated to a representative of The News that there were what appeared to him to be indications of foul play. He says he saw in the breast of the dead man a smooth-cut hole, that looked very much like he had been stabbed. The coroner at Shamrock, in an inquest held Wednesday, was of the opinion that this wound was made by a broken rib, which protruded through the skin.

There are said to have been eleven tramps riding on the same car as the accident victim, and two of them were able to give his given name, which was Homer, and the approximate location of his home in Oklahoma City. A telegram to the police at that place resulted in the authorities at Shamrock identifying him, and a request has been received from his relatives that the remains be shipped to them.

LEAGUE BIBLE QUESTIONS

The following Bible questions for Sunday evening's Epworth League devotional exercises at the Methodist church, are taken from Numbers 34 to Deuteronomy 4:

Who was appointed to divide the land among the tribes of Israel?

How many cities were the Levites to have?

What were the cities of refuge for?

Why were daughters required to marry in their own tribe?

What was the nature of Moses' speech to Israel at the end of the fortieth year?

Was Moses permitted to see the promised land?

What was Moses' exhortation to obedience in Deuteronomy?

How was Israel warned against idolatry?

Mr. and Mrs. Stone and Mrs. T. N. Childress left Sunday for Ft. Worth to visit relatives.

W. L. Brooks and Dewit Burks made a business trip to Shamrock Saturday.

T. N. Childress and Charlie Murphree left Sunday for Graham.

PAMPA PAYS LARGE NUMBER POLL TAXES

Sheriff E. S. Graves gave us a list of the number of poll taxes paid in this county at the several boxes, and the numbers are as follows:

Pampa	433
McLean	207
Alanreed	86
Knorrpp	63
Hopkins	17
Farrington	15
Laketon	52
Lefors	16

Total 889
This is a pretty good showing in view of the fact that no important elections are scheduled for this year.

It will be seen that the Pampa box paid over twice as many poll taxes as the next highest, and that some of the smaller boxes, such as Knorrpp and Laketon, have made a good showing.

Sheriff Graves reports that 92 per cent of taxes due the county and state in this county have been paid. This is another remarkable showing, as in many counties, owing to the money stringency, large percentages of taxes are yet unpaid.

No hard times here—Come to Gray.—Pampa News.

BAPTIST CHURCH AT CLAUDE HAS NEW PASTOR

Rev. T. E. Shelton, pastor of the first Baptist church of Paducah, has been called to the pastorate of the Baptist church of Claude. It is said that he will resign the pastorate at Paducah this week and come to Claude, probably preaching his first sermon here March 6. Rev. Shelton preached for the Baptist church here both morning and evening several weeks ago, and the church became very much attached to him. The Rev. Mr. Shelton is a college graduate, a great student, is very oratorical and has a most pleasing delivery. The Claude church has been without a pastor for several weeks and they are anxious to get a live minister to work with them again.—Claude News.

PAMPA MEN BUY MANY POLAND CHINA HOGS

At a big Poland China sale by W. L. Butler & Son at Lelia Lake, 46 head of high grade hogs were sold, and out of the 46 head, 20 head were bought by citizens of Pampa and vicinity, E. W. Hogan of Pampa buying several head.

The above shows that advertising pays, and it also shows that the farmers and stockmen are not broke, as in many other sections.—Pampa News.

Rev. A. F. Agee, Mr. and Mrs. T. A. Landers, Mr. and Mrs. S. A. Cobb and Fred Landers attended the Baptist regional conference at Amarillo Tuesday.

Born to Mr. and Mrs. Jim Simmons, on Monday, a 9 pound boy.

Meeting Called to Organize Farmers Elevator Comp'ny

A meeting has been called for Monday at 2 p. m., at the Mission theater, for the purpose of discussing the organization of a Farmers Equity Union co-operative elevator company in McLean.

B. W. McGinnis, organizer for the Farmers Equity Union, will be present to explain the workings of this organization to those who are in attendance.

The plan of this organization, as outlined to The News, is that each local club or society is a separate unit within itself, and is incorporated separately, being affiliated with the national organization. The farmers themselves own the marketing facilities for their products, and cut out the middleman's profits. The Union, we understand, owns coal and salt mines, and other enterprises producing things the farmer has to buy, which are sold to members of the organization at cost. No stockholder is permitted to own more than \$200 worth of stock, which absolutely prevents big interests from gaining control.

The Farmers Equity Union is said to have more than 500 local elevators in operation in as many towns in the grain producing belt, as well as some 200 other elevators affiliated with it, but not owned by local unions.

The promoters of this project hope to have at least 200 farmers present at Monday's meeting.

WOMAN'S MISSIONARY SOCIETY

Mrs. B. J. Osborn is to be leader of the Woman's Missionary Society devotional exercises at the Methodist church Tuesday afternoon, March 8, at 2 o'clock. The program follows: Missionary News (Voice, page 50)—Mrs. Clay Thompson.

Bible lesson, "Contemporary Religion Condemned," Isa. 1, 10-17; Amos v, 21-24; Hos. vi, 6; Matt. xii, 7.

Prayer.

Social Service and the Church (Voice, page 41)—Mrs. C. C. Cook.

The Small Town Community Center (Voice, page 40)—Mrs. Mont Noel.

"I Was in Prison and Ye Visited Me" (Voice, page 40)—Mrs. Burkes.

Where Does Tenancy Lead to? (Voice, page 53)—Mrs. Cousins.

Messrs. J. W. Kibler, A. W. Haynes, J. E. Kirby and Luther Coffey went to Granite, Okla., Wednesday on business.

Fred Smith and family of Shamrock visited the gentleman's brother, Vester Smith, and family Sunday.

Mr. and Mrs. Babe Smith left Sunday for the oil fields.

Here's a Little Suggestion for the Man who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain, old-fashioned, out-of-style house into a neat, attractive home. Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the material.

Don't Fail to See Us for Lumber, Rough Fencing, Brick, Lime and Cement, Shingles, Roofing, Sash and Doors, Paint, Harness, and—

GREAT IS THE PANHANDLE

In the 32 counties comprising the northwest corner of Texas, and better known as the Panhandle, there are better than 32 newspapers. Recently the McLean News installed a linotype, and the comment was made that the Panhandle is almost a solid linotype section. A count of pens shows that of the 32 newspapers, 26 of them have linotypes or intertypes. Eighty per cent of the Panhandle's publicity periodicals have modern newspaper producing equipment. Only eight (or 20 per cent) are located in towns too small to justify the purchase of linotypes. Of these 26 that have machines, some of them are in towns so small that only a short time ago it was a question of whether or not the town was big enough to maintain a local paper. Towns hardly big enough to incorporate and yet boasting of linotype equipped printing offices!

There is not another 40 thousand square miles on earth with as many or more newspapers which are 80 per cent machine shops.

On the Panhandle-Plains there are 44 incorporated towns with a combined population of 83,374. When you consider that this is an increase of 50 per cent over 1910, when there were 29 incorporated towns with a population of 59,352, you can appreciate the fact that the Panhandle is developing.

The Panhandle is the greatest place on earth. To quote the expression of Kirk Rhea, county treasurer, "I would rather be broke in the Panhandle than any place that I know of." To go him one better, "I would rather be in the Panhandle broke than in some sections I know of with a pocket full of money." Great is the Panhandle.—Canadian Record.

ANTI TOBACCO

Crusaders say their plans are ripe, they've hitched their wagons to some stars, and soon they'll take away my pipe, and shut me off from long cigars. When I am smoking I am mild, I never raise a fuss or rant, I am as gentle as a child, and harmless as my maiden aunt. But when they take my pipe away, I fear I'll train with savage men; I really am afraid to say what tragedies may happen then. Our lives are full of ugly curves and what we suffer no one knows, tobacco soothes the tired man's nerves and gives his jaded soul repose. There's peace in forty

million homes because tired fathers puff and puff; with wreaths of smoke around their domes they know tobacco is the stuff. They do not care to beat their wives or break the crockery on the chairs! For smoking calms their troubled lives as it would heal sore heads of bears. In moral fits, at divers times; I've thrown my trusty pipe away; then I wrote pessimistic rhymes and scrapped with my neighbors every day. I'd truly say, "No stack of pelf will ever make my smoke again," and then I'd sit and hate myself, and also hate my fellow man.—Walt Mason.

STAND TOGETHER

We are all friends and neighbors around here. We know each other and when we meet we say Hello Bill, or Dick, or Tom, or Harry, or whatever it is, and we say also, how is little Katy getting along with her measles, and why in blazes wasn't you out to church last Sunday? When one gets sick, some of the rest of us go out and buy flowers or fruit or something, or go around and pat him on the back and cheer him up. And if he or his family are in trouble of any kind, we are all broke up about it, and do anything we can to help along.

And that is as it should be in a little city like this. And that kindly, brotherly, neighborly spirit goes a long way towards knocking off the sharp or rough edges.

Let us all bear this in mind, continually, and if we do, it will be much better than if we get peeved and grouchy and try to make a lunch off of each other's ears.

If any fellow from the outside comes in here and goes to saying mean things about a citizen, man or woman, we'd eat him up like any oyster on the half shell. We wouldn't stand for it a minute. Then why should we ever say mean things about one another? There's nothing in that at all. Cut out the "rough stuff" and shake hands.—Hedley Informer.

TEN WAYS TO KILL A CLUB

1. Don't come to the meetings.
2. But if you come, come late.
3. If the weather doesn't suit you, don't think of coming.
4. If you do attend a meeting, find fault with the work of the officers and other members.

5. Never accept an office, as it is easier to criticize than to do things.
6. Nevertheless, get sore if you are not appointed on a committee, but if you are appointed do not attend the committee meetings.
7. If asked by the chairman to give an opinion regarding some important matter, tell him you have nothing to say. After the meeting tell everyone how things ought to be done.
8. Do nothing more than is absolutely necessary, but when other members roll up their sleeves and do it all, howl about how the association is run by a clique.
9. Hold back your dues as long as possible, or don't pay at all.
10. Don't bother about getting new members.—"Let George Do It."—Exchange.

SPECIAL ANNOUNCEMENT

To My Many Friends and Patrons in McLean and Surrounding Country:

I wish to say that owing to my growing business in Amarillo, I have been unable to make any out of town visits for the last two years, and in view of the fact that I have had so many inquiries and requests for service from over the territory which I made regular for six years; I have been very fortunate in securing the services of

Dr. Thomas N. Montgomery

a graduate registered Optometrist and Optician of Kansas City, who will make regular visits through the territory formerly made by me.

DR. MONTGOMERY will examine your eyes in the most up-to-date manner—without the use of Drugs—and if you need glasses he will write a prescription for just the thing required for your special case, and the glasses will be made in my shop in Amarillo, and sent to you by insured mail, every job guaranteed by me to be just as represented.

So, if your eyes are giving you trouble, or your glasses are not right, call at the

Hindman Hotel, Harch 8th and 9th,
and see DR. MONTGOMERY.

You will be pleased with his modern methods of testing eyes.

When in Amarillo call at my place, Corner 7th and Polk streets, and see how glasses are made.

Sincerely yours,

Dr. J. M. HYDEN, Optometrist.

GET READY FOR BUSINESS

"Instead of sitting around and worrying about the present business situation, men should get ready for the coming year. The prosperity which 1921 is going to bring needs a lot of preparation—the things that business men ought to do, is get themselves in shape to receive this prosperity."

That is the way Charles W. Hoyt, president of Hoyt's Service, inc., of New York, expressed himself in regards to the business outlook. Hoyt is one of the many big business men who are convinced that the coming year is going to mark the return of prosperity.

"The great trouble is that the business element is marking time in this country. Since 1914 almost every sales organization in this country has been slowly going down—it has done less selling every day. The result is that now it is so completely out of training that it is bewildered about the future."

"Sell goods—open the way for business! That is what every red-blooded concern must demand of its advertising. Each line should be one of conviction—one that will pull for the advertiser."

"To do this, we must center our advertising where we wish to bring our sales; specialization in selling—straight at the people who are your target! Newspapers are the media that will bring the results. Selling talks in black and white—facts and figures that will do the work every day. Call in your spineless advertising, replace it with fighting selling talks that will bring results."

"The only way to smash in and

get your share of the 1921 prosperity is to get ready for it now. The men who have been out of training since 1914 will have to stage a big comeback right now if they wish to obtain a share of the prosperity that 1921 is going to bring."

WHAT IS EFFICIENCY

What is efficiency?
Dr. Frank Crane defines it thusly: It is doing things, not wishing you could do them, dreaming about them, or wondering if you can do them.

It is the power to learn how to do things by doing them, as learning to walk by walking, or learning to sell goods by selling them.

It is knowing how to apply theory to practice.

It is the trick of turning defeat into experience and using it to achieve success.

It is the ability to mass one's personality at any given time or place; it is skill in quick mobilization of one's resources.

It is making everything that is past minister to the future.

It is the elimination of the three microbes of weakness—regret, worry and fear.

It is self-reliance, clothed with modesty.

It is persistence plus with politeness.

It is the hand of steel in the velvet glove.

It is alertness, presence of mind, readiness to adjust one's self to the unexpected.

It is sacrificing personal feelings to the will to win.

It is impinging the ego against the combination of events—luck, fate, custom and prejudice—until they give away.

It is amassing the me against the universe.

It is the sum of three quantities—purpose, practice and patience.

It is the measure of a man, the real size of his soul.

It is the ability to use one's passions, likes, dislikes, habits, experience, education, mind, body and heart—and not to be used by these things.

It is self-mastery, concentration, vision and common sense.

It is the sum total of all that's in a man.

Byrd and Charlie Guill went to Memphis Sunday to visit their mother.

MONEY BEING KEPT OUT OF THE BANKS

In conversation with bankers of the city, the Post man learns that there is considerable evidence that money is being kept out of banks by some people in this county. In a number of instances it has become apparent that people with hundreds of dollars in money are taking the dangerous risk of keeping it around their homes. There it is exposed to the dangers of theft, fire and destruction by other means.

The man who thinks he is able to keep a lot of money in a safe place gets an awful surprise very often, for thieves are often as sharp as the money hoarder and their minds are often able to ferret out the very spot where the money is kept. Under modern banking methods and

the state guaranty of deposits, there can be no place quite as safe for money as in one of the banks. Even though a bank should fail, or all the money stolen by some dishonest banker, your deposits are still safe, for the state of Texas stands behind every dollar of your deposits and will replace same if the bank does not.—Childress Post.

CARD OF THANKS

We take this way of thanking the people of McLean and vicinity for the interest and kindnesses shown at the death of our daughter and sister, Mrs. Pearl Magoons, and for the beautiful flowers you sent. We know no way to express our full gratitude.

A. R. GUILL AND FAMILY.

Come to McLean to live.

NOTICE
To Our Customers

We wish to thank all of our customers who have been so prompt in paying their accounts so promptly thus far during this new year. We wish however to call attention to all parties owing us for bills made during 1920 yet unpaid. We dislike to cause any one any trouble in these matters but we must collect outstanding accounts or take other actions. Please take notice, those of you owing us, and help us out.

New Terms for the Year 1921

REMEMBER

—our terms are, all bills due the first of the month; and we must insist on all accounts being taken care of promptly, as we are forced to collect past months accounts in order to be able to extend new credit to you. This will enable us to continue the credit business on a thirty day basis, or if not taken care of we will be forced to ask everybody to pay cash when purchases are made. This is the thing we are trying to avoid. We will appreciate your co-operation in these very important matters.

Yours for good business,

Bundy-Hodges

It Costs Less To Eat, Now

No doubt you have already noticed it, and if you haven't you will be pleased with the result when you investigate our statement that the prices of Groceries have taken a tumble since we opened our store in McLean.

Those who watched local Grocery prices closely know that this reduction in the cost of eating is due entirely to the good values we offered when we opened for business, and that the leadership in Grocery prices in McLean is with the Industrial Transportation Company.

These lower prices are in line with our policy of giving the most possible value for your money, and will be continued at all times.

SUNDAY SCHOOLS IS TOP OF M. E. CONFERENCE

Five thousand in Methodist Schools of the Northwest Conference by the end of the year is the aim of the Rev. R. N. Bee, field secretary of the Northwest Texas Conference, other leaders in the denomination.

Rev. Mr. Huckabee has found the total enrollment of Methodist Sunday Schools in this conference is 32,000. He also discovered sending out blanks through the conference, that only about half of the total membership of Methodist churches in the conference is in Sunday School. The membership in Methodist churches for the Southwest Texas conference is 42,000.

Sunday School expert comes from data he has collected only one-sixth of the residents of Panhandle actually attend Sunday School. Leaders of the denomination are determined to increase attendance in the Methodist church, and they believe their campaign will greatly increase attendance in other Sunday Schools.

Rev. Mr. Huckabee recently lectured a very successful proposed meeting in Canadian, during which time attendance at the Methodist Sunday School there was doubled, and was greatly increased in other churches.

The minister began his campaign of organization Friday when he went to Lubbock to work with the Sunday School leaders there. He plans to devote the remainder of the month to organizing the eight existing districts from which centers the work of doubling Sunday school attendance will be carried on.

BORROWING THE PAPER

There is a bit of recent history, which may be a warning to some woman who was too economical to subscribe for her home paper for her little son to borrow the paper taken by a neighbor. In his haste the boy ran over a four dollar stand of bees and in ten minutes had like a warty summer squash. His cries reached his father, who to his assistance, and failing to see a barbed wire fence, ran into breaking it down, cutting a painful off his anatomy and ruining a ten dollar pair of trousers. The cow took advantage of the gap in the fence and got into the corn field and killed herself eating corn. Hearing the racket, the mother ran and upset a four-gallon churn of cream into a basket of kittens, drowning the whole litter. In her hurry she dropped and broke, past hope of mending, a twenty-five dollar set of false teeth. The baby, alone, crawled through the spilled cream and into the parlor, ruining a seventy dollar rug. During excitement the eldest daughter ran away with the hired man, the man broke up eleven setting hens, and the calves got out and chewed their tails off four fine shirts. All save \$2.00. Moral: Subscribe for the Marshfield Mail at once and save money.—Selected.

Mrs. W. D. Biggers of Groom visited her parents, Mr. and Mrs. L. O. Boyd, Saturday.

Blacksmithing

ARM BROKEN IN AUTO SMASH

On Thursday night of last week Whit Johnson was driving on the highway northwest of town and it skidded in the snow and went into a ditch, turning over and falling on him. His arm was broken near the shoulder and he received other minor bruises. He was brought to town and given attention, and at this writing is reported doing nicely.—Wellington Leader.

QUANAH EDITOR DIES

C. T. Wilson, who was editor of the Kirkland American several years ago, and later editor of the Quanah Observer, died Friday at his home in Quanah. Mr. Wilson was one of the best printers in Texas and was also an excellent newspaper man. For the past two years of his control of the Observer he was a sufferer, but toiled hard. His death was caused by cancer of the stomach.—Childress Index.

Miss Flossie Stoddard and Mr. W. E. Adkisson were married Thursday afternoon at the Methodist parsonage, Rev. T. C. Willett officiating.—Tulia Herald.

Rev. J. M. Jones of Shamrock was in the city Saturday.

RANDALL FARMERS PLAN TO BUILD ELEVATOR

At a meeting of the farmers of Randall county Saturday afternoon at the court house, it was voted that an elevator company be organized to buy or erect a new elevator in Canyon. The capitalization of the company will range from \$20,000 to \$25,000, depending upon the needs of the company as shown after the plans for the elevator are completed.—Canyon News.

NEW THEATER AT CHILDRESS

A deal will be closed tonight whereby Phipps & Layton, owners of the Monogram and LaGrande theaters, will become owners of two lots on the east side of Main street, the lots being secured for the site of a new theater building to cost between \$75,000 and \$100,000 when completed.—Childress Index.

A wedding which came as a surprise to her many friends was that of Miss Velma Moore of Canyon and Robert Lyons of Miami, which took place Sunday, Rev. Shaw officiating.—Canyon News.

Mr. and Mrs. Siler Faulkner came over from Lefors to spend the weekend with relatives.

BALDWIN-RICHARDS

Mr. Chas. Rodney Baldwin and Miss Willie Nell Richards, both of Clarendon, were united in marriage Tuesday afternoon at the Methodist parsonage in McLean, Rev. Osborn officiating. The young people were accompanied by Miss Lillian Quattlebaum.

Mr. and Mrs. S. S. Shelton left Thursday of last week for a visit with relatives in Hall county and at Hedley.

Wednesday evening, Feb. 16, Mr. Chet Reeves and Miss Thelma Davis called at the Methodist parsonage and were quietly married by Rev. M. Phelan.—Childress Post.

Mrs. Will Harlan of White Deer visited her parents, Mr. and Mrs. J. W. Kibler, last week-end.

Miss Bertha Samples of Panhandle was in town Saturday.

Mr. and Mrs. Crisp of Alanreed were in the city Saturday, shopping.

Mr. and Mrs. Ollie Hommel and Miss Laura Hommel of Alanreed were here Friday evening of last week to attend the play and to visit Mrs. Hommel's parents, Mr. and Mrs. A. B. Wood.

Messrs. C. A. Watkins, W. C. Cheney, C. E. Thompson and C. S. Rice left Monday for Breckenridge on business.

Mesdames Hays and Steger of Alanreed were among the out-of-town visitors in our city Saturday.

SUBSTITUTES

May Lack the Quality and Fit of the Genuine

All the parts comprising an International machine are made to fulfill certain requirements, some for tensile strength, some for their edge values, others to resist friction, etc. The materials used for these parts are determined in the factories by experts.

It stands to reason that "made-for" and "will-fit" repairs may not be as good as those made from the original patterns. And what excuse is there for anyone to buy substitutes of any kind?

Look for the I.H.C. on the Genuine

There is one thing that cannot be imitated, even in appearance. It is the International Harvester Company's trade-mark, registered in the United States Patent Office—for your protection, and it can appear only on Genuine I. H. C. parts and repairs.

When You Need Repairs for International Machines Buy Them from the International Dealer

Fordson
 TRADE MARK

Hitherto the farmer has woven the power of his own muscles with those of the ox, the mule and the horse, in the development of agriculture. Practical machinery for farming has come to him slowly. Where the value of machinery in labor saving, in profit making, in usefulness, in comforts, in luxuries, has in the past been largely confined to the towns and cities, it is now open to the farmer who is beyond all question the very bone and sinew of civilization. Civilization grows upon the land, therefore the land is Father and Mother and Sustainer to the human race, and those who till the soil, who plow, sow and reap, are surely the essentials in human existence. Therefore Machine Power on the Farm is of the utmost importance and the Fordson Tractor comes to the farmer as the best, we believe, piece of machinery that has yet been devised for his use.

We want you to read the book "The Fordson at Work." It is free for the asking. Call and get one. Drop us a card and we will mail you one without charge. This booklet is along the line of the usual Ford way of giving the testimony of the users, those who have tried out and know the real value of the Fordson Tractor. This book shows the Fordson at work in some ninety different lines of activity, and to the farmer it presents the most valuable evidence of an all-around, serviceable, economical, labor-saving and money-saving machine that has ever been placed upon the market. We can only get so many each month, so leave your order now.

ALEX BERGMAN, Prop. SHAMROCK, TEXAS

A HEN STORY WITH A MORAL.

Elliott Carriger, a farmer-poultryman of Wakarusa, Kansas, relates an incident in a letter to the Leghorn World that contains so much food for thought that we feel impelled to give the letter in full. Here it is:

"A farmer in the Wakarusa Valley suddenly decided this morning that he needed some cash and decided that since he was coming to Topeka anyhow, he would bring along a load of corn which he had stored in cribs, waiting for a favorable market or the time to haul it to what market there is.

"He hitched his team to the wagon and loaded up forty bushels of corn, fine, yellow, bottom-raised Kansas corn, the yield of nearly an acre of \$150 soil, through days of sweating toil under the sun of last summer in the battle against weeds and pests, corn which he paid a neighboring farmer boy 10 cents a bushel for husking last week.

"As the farmer was ready to drive out of the barnyard with his load, his wife hailed him from the kitchen door. She runs the poultry end of the farm business and wished to market some stuff this morning. Since her husband was going to make the trip anyway, she decided that he might as well haul in a crate of chickens and one of eggs.

"The farmer helped his wife catch and incarcerate in their death cell a five-pound hen and five of her progeny that ranked as broilers, weighing on an average a pound and a half each.

"She also singled out for destruction five other hens, weighing about three pounds each that had not been doing their share in the production of eggs. Other hens had been doing their bit, however, for there was a case of eggs ready to follow the chickens into the wagon—thirty dozen of them—no doubt robbed from the nests the night before.

"Finally, in spite of delay, the farmer reached Topeka and started to distribute his produce. The chickens and eggs could wait, he decided, while he unloaded the forty bushels of corn, of which he was just a little proud.

"At the elevator to which he took the corn the dealer regarded him with more or less indifference, and bought the golden stuff as if he didn't particularly care whether he got it or not and gave a check for

\$16—forty bushels at 40 cents per bushel, today's market price for corn.

"The farmer kicked a little, but finally pocketed his \$16, after calling other elevators and dealers and finding he could do no better. So with the corn unloaded his eye fell upon the two crates, one of chickens, the other of eggs. The sight of them peeved him again, and he hurried to the nearest poultry house for disposal. It wasn't worth while to investigate the market price for them, and he unloaded without asking the price he would receive. He was anxious to be on his way home again with the proceeds of his load of corn and his disappointment at its low price.

"Um-m, eighteen pounds hens at 21 cents and five at 20 cents, seven and a half of broilers at 27 cents, that's the chickens," said the chicken dealer, and noted down the total, \$6.80.

"Now, then, the eggs. Eggs are 70 cents a dozen today. You've a full case—30 dozen; \$21 is right, and that makes \$27.80. That's right?" as he filled out the check for the full total of \$27.80.

"It doesn't look right, but it must be right," was all the farmer said as he crumpled in his pocket the \$16 check for the load of corn, and please bear in mind it was his real reason for coming to town and then

he remembered how he grumbled at waiting for the chickens and eggs to be slung on top of his \$16 load of corn.

"This is a true story, and happened in our city today."

A half dozen good morals could be drawn from this incident but the one that should not be missed and that should be acted upon is that a few high-class chickens on the farm will repay the farmer for all they cost in labor and feed and leave a profit besides.

Speaking of inconsistency, how about Mr. Harding's declaration that his Cabinet "will be Republican, and one of which the whole country may be proud"?

J. S. Denson and family of Whitedeer spent the week end with Mrs. Denson's parents, Mr. and Mrs. J. R. Hindman.

W. H. Peters and family visited friends in Clarendon and Hedley the latter part of last week.

Miss Myrtle McCreary of Alanreed came in Saturday to visit relatives and friends.

Miss Roverta Smith of Childress visited Miss Ila Abbott Saturday afternoon and night.

Vernie Wade and Miss Lola Crawford were united in marriage Wednesday evening of this week. Rev. Cal McGahy being the officiating minister.—Hedley Informer.

Miss Mary Bilingslea of Alanreed spent the week end with her parents, Mr. and Mrs. W. H. Bilingslea.

Miss Lorene Stanfield and little sister, Lola Ruth, returned last week from a visit with relatives in Amarillo.

Carl Overton and Walter McAdams were visitors to Clarendon Friday of last week.

Miss Manie Abbott of the Skillet community spent the week end with home folks.

C. E. Hunt and daughter, Miss Ozella, were in the city Saturday from Back.

Mr. and Mrs. H. C. Duncan were here from Alanreed Saturday on business.

"The Old Grind"

got mighty tiresome during those early days down on the farm; and, among other things, we have never quite forgotten our dislike for Grindstones.

But now we have our own "axe to grind"—we're selling P. & O. Farm Implements to the fathers of other farmer boys. Realizing how essential a good Lister is to every farm, we have procured some good ones, and a big supply of other farm tools.—**Implement Repairs a Specialty.**

Come in at the first opportunity and see our stock.

McLean Hardware Company

Lower Farm Implement Prices

The break has come. For some time prices paid for your farm products have been low. It is but natural for you to want lower prices on the Farm Implements used in producing your crops.

Announcement is made by the Oliver Chilled Plow Works of a general price reduction in their lines which brings prices to the basis of 1918. They are the first to make this reduction and are taking the loss that the move brings—for there has been little reduction in labor or material—as their contribution in hastening a return to normal conditions.

This is your opportunity to secure new, up-to-date Oliver quality implements that will help you produce a full crop, and get them at a price in line with the reduced prices on your farm products.
