Volume XVIII.

McLean, Gray County, Texas, Friday, July 8, 1921.

Number 27.

LIVE WIRE IS McLEAN AND GRAY COUNTY PURE BRED LIVE STOCK ASSN.

McLean and Gray County Pure Bred Livestock Association met Saturday afternoon and transacted important business that will reach and have its influence for the betterment of our country for some time to come. The purpose is to promote the raising of better stock on every acre in reach of our town, and we are not satisfied until we find scrub driven out and at least bred stock or pure bred poultry of one class or breed fostered and cared for by every farmer near us. We are sure that scrubs do not pay the price as purebreds and are often an expense, we hope to see the day when every man will be found ready to replace the scrub with something good in such numbers as to consume every load of grain on his farm. If the other man can buy and pay freight on good then find it with a profit, he will reason that the farmer who feeds it with a profit, provided it is the right kind of stock and how to feed.

The association is an educational one, where we talk of the best way to raise, how to feed, keep disease and get the best profit while doing so. No man knows much but that his neighbor can do something more. We want to cultivate the fraternal issues among brethren of this association.

For this purpose we have A. A. Callahan, C. L. Cooke, J. S. Howard to go before the people and ask for \$1,000 for the purpose of building a place for a grand sale pavillion in the town of McLean. Our first fair will be some time this fall, and those going to exhibit stock, poultry or products may correspond with following men as committeemen: Cattle, Chas. M. Carpenter, Dan L. Abbott; poultry, Frank P. Wilson; farm products, E. E. Hunt. Let us remember we will be a fair deal and no inbred animals will be allowed in the show and any member found representing his stock will be promptly dealt with and excluded from the privileges of the association. If you can't help us pull, get out of the way. We want to meet you.

Some of our members will meet at the commissioners' court at its next session and ask for a county farm inspector. Respectfully, CLAUD E. HUNT.

Junior B. Y. P. U.

Miss Versie Savage will be the leader for Sunday evening's Junior B. Y. P. U. The subject for discussion is "The Friend Who Gave." Following is the program: Scripture reading, Matt. 26:6-13—Merle Young; Mary's Choice—Adrian Dickens; Mary's Faith—Ted Cobb; Mary's Gift—Otha Kunkel; Mary's Love—Mildred Landers.

MILLIONS OF FROGS ARE RAINED OR INVADE THE TOWN OF PANHANDLE

Panhandle, July 5.—A shower of frogs numbering millions was rained down here Monday night. That is, a large percentage of the people here declare the frogs rained down, while others maintain they reached the town in some other way. At any rate, an army of frogs appeared following the rain. When Panhandle people awoke Tuesday morning the hopping, jumping visitors were everywhere. They were here at 5 o'clock and by 10 were all gone with the exception of those whose hops were too short to keep up with the procession. In size they were as large as the end of the thumb and as small as the tip of the little finger. The hordes of hopping visitors left toward the south. While the bulk of the strange visitors were passing through, hundreds were run over and killed by automobiles. So thick were the froglets one could not step out on the street without mashing numbers of them. Every street and alley was filled with frogs.

FISHIN' POLE SALES FALL OFF DUE TO TOO MUCH GAS MACHINERY

"We are way behind on our sales of fishing poles this year," E. W. Hardin, of the Amarillo Hardware Co., says. "But," he continued "this does not mean that there has been any decline in the amount of fishing done. Far from it." Most of the fishing poles sold in Amarillo are sold to farmers who use them as whips when driving horse-propelled binders and headers. The long bamboos are the only instruments which have ever been found which will enable the driver to reach out and tap "Ned," the lead horse on the thigh when he stops to grab a mouthful of wheat. Hardin thinks that the advent of power machinery for propelling binders and headers is responsible for the decreased demand for fishing poles to be used as whips.—Amarillo News.

Home Demonstration Work Reorganizes at Meetings Last Week

There was a very beneficial meeting held in McLean July 1st, in behalf of the home demonstration work. The meeting was held in the theatre building, all equipments being furnished by the hardware and grocery stores of the town. The meeting began at 9 a. m., and continued until 4 p. m. The McLean people were indeed fortunate to have with them Miss Kitty D. Washington, a graduate of Columbia University, but a native of West Virginia. Miss Washington is the Texas food specialist sent out by the Extension Department of A. & M. College. The demonstration was "quick breads," namely, loaf bread, nut, cinnamon, rasin and plain roll. The meeting was very interesting because Miss Washington told the "why" for all the steps in bread making. She also discussed the characteristics of judging good bread as: Appearance, lightness, crust, color of crust, texture, elasticity, flavor and keeping qualities. Miss Washington gave her audience the privilege of asking questions, which helped the ladies in finding their faults in bread baking. She gave a very brief discussion on salad making which was intensely interesting.

Miss Bess Winters, the County Demonstration Agent, wishes to thank the McLean people for their co-operation while she was there, and she hopes to organize a permanent club in your city. Your co-operation will always be appreciated by Miss Winters.

Miss Ethel Moffett of Oklahoma City came in yesterday for a week's visit with her grandfather, L. M. Southern, and family.

Mrs. J. R. Stockton left Wednesday for her home in Bethany, Okla., after a visit with relatives.

Fred O'Dell of New Mexico was transacting business in the city the first of the week.

N. E. Savage and family attended the barbecue and picnic at Clarendon Tuesday.

Miss Ida Mae McClure of Amarillo is visiting Miss Bobbie Hodges this week.

Pat Malcom and John Forbis of Shamrock were in town Sunday on business.

Mr. and Mrs. Geo. W. Sitter went to Oklahoma City Wednesday on business.

LIGHTNING STRIKES WELLINGTON RESIDENCE

Tuesday evening during the rain storm, lightning struck the home of A. C. Brock in Northwest Wellington, knocking off the brick flue and knocking holes in the ceiling and walls. The family was not at home, being at Plainview. The same bolt entered Frank Moore's house, tearing some paper off the ceiling, burning out his lights and telephone.—Wellington Leader.

AT THE CHRISTIAN CHURCH

Rev. G. A. Lamberth of Wheeler will conduct services at the Church of Christ on Saturday evening and Sunday. The public is invited to attend these services. Sunday, 8:30 p. m.—"The Greatest Follower of Christ, Saul of Tarsus," Acts 9:5-15; 22:1-16; 26:5; 1 Tim. 1:13; 1 Cor. 15:1-14.

RECEIVES LIGHTNING SHOCK

Mrs. W. W. Breeding of the Enterprise community came near meeting her death from a bolt of lightning at her home on Sunday afternoon. She had gone out to pen her chickens, and presently her daughter heard the report and ran out to find her mother lying face downward on the ground partially covered in dirt and in an unconscious condition. Medical aid was hurriedly summoned, and at last reports it was thought that she was out of danger.

METHODISTS AND BAPTISTS OBSERVE FOURTH; PICNICERS DRAG PREACHER INTO CREEK

Epworth League

Following is the Epworth League program for Sunday evening, with Miss Chloe Southern as leader: Subject, "The Consecration of Our Bodies a Service." Song. Prayer. Business session. Quartett—Ruth and Flossie Jordan, Quartett—Ruth and Flossie Jordan, Frankie Mae Upham and Lucile Scripture lesson, Rom. 12:1-8—Leader. Sacrifice and Joy—Inez Shaw. Rising Sacrifices—Ercy Cubine. Denying Self—Ruby Anderson. Giving All Reasonable—Dwight Upham. Report of League Conference.

Following are the Bible questions for the Epworth League. They are taken from 1 Samuel 23-26: Why did David go to Keilah? Were the Ziphites loyal to Saul or David? Why did Saul cease to pursue David for a while? How did David prove his innocence in a cave at Engedi? What was the effect of his act upon Saul? What was David's message to Nahai? How was it received? Tell of David's dealings with Abigail. Who informed Saul of David's hiding place in the Wilderness of Ziph? How did the Lord deliver Saul into David's hands? How did David again prove his innocence? Tell of Saul's repentance.

B. Y. P. U. SOCIAL

The Senior B. Y. P. U. entertained with a Fourth of July "stuht" party at the home of Mr. and Mrs. W. C. Foster on last evening. The reception rooms were beautifully decorated in red, white and blue, and a booth was arranged where Adrian Dickens and sister, little Miss Ruth, as "Uncle Sam" and "Miss America," presided over the punch bowl.

Contests and stunts between Simmons College and Baylor University were the order of the evening, the guests being equally divided between the two schools, each one wearing the colors of the school he represented. An impromptu stage was arranged and "students" of Simmons presented a stunt play which caused a great deal of merriment. Alvin Osborn furnished the music for the occasion.

Refreshments of ice cream and cake were served to the following: Messrs. and Mesdames Sherman Deatherage and Homer Wilson; Messrs. Nona Cousins, Julia Foster, Agnes and Lola Abbott, Eunice and Lucile Stratton, Ruth Jordan, Altha Bridge, Frankie Mae Upham, Gladys Hicks, Lorene Stanfield, Eunice Floyd, and Willie Sparks of Quanah; Messrs. Homer Abbott, Leman Andrews, Ruel Shell, Ivan Carpenter, Wayland Floyd, Alvin Osborn, Merwin Burks and Rev. A. F. Agee; Mrs. A. A. Dickens and children, Adrian and little Miss Ruth. The guests departed at a late hour, declaring that the evening had been very enjoyably spent.

Mrs. J. W. Mayfield and daughter, Miss Mildred, returned Wednesday evening from Amarillo, where they had been visiting relatives since Monday.

Mrs. A. Stanfield and daughters, Miss Lorene and baby Ruth, returned from Amarillo and Groom Sunday after a visit with relatives.

Mrs. A. W. Willard and son, Lawrence, left last week for South Bend, where they will make their home.

Misses Alma Anderson and Minnie Huff of Canyon spent the Fourth with home folks.

Little Miss Doris Mayfield is visiting her aunt and uncle in Amarillo this week.

Miss Willie Sparks of Quanah was the guest of Miss Altha Brown.

As both chose to do the same thing at the same time, without either having a knowledge of the other's plans, the Methodists and Baptists decided that the bigger the picnic the more fun would be possible, so they agreed to go together and hold one Fourth of July picnic. The place decided upon was on Skillet creek, in the Rowe pasture, a beautiful place, well shaded by a grove. Several hundred people were there, and everybody got a square meal when the basket dinner was spread at noon, for the housewives did their best to provide everything in the way of toothsome vittles they could devise. It turned out, however, that the basket dinner was not the main feature of the day's entertainment, as was announced in last week's News. The entertainment committee was not responsible, and the stunt had no place on the tentative program that had been arranged previously.

Rev. A. F. Agee, pastor of the First Baptist church, had a mighty good time. He became a boy again, and the grown-up girls became as little children to him. He didn't pull their pigtails, for they have quit wearing their hair that way. But he did tantalize them in numerous ways, dropping pieces of ice down their backs and otherwise disporting himself rather boisterously. But the big little girls were wiser than they used to be, and so conspired against him. When the preacher wasn't looking, and was least expecting the unexpected, two of the girls, both rather overgrown as well as overstrong, seized him by the ying-yang, threw him to the ground, caught him by the heels, and drug him on his—er—stomach, into the shallow waters of the creek, soaking him thoroughly, and, according to those who were there, convincing him that it was better to be a good little boy.

HEALTH HINTS

Cleanliness is a virtue. Too many people, like the Pittsburg belle, think they are clean.

Soap and water are popular symbols of cleanliness, but—you can't hide behind a cake of soap.

Uneaten thoughts are as black as soot on a white table cloth.

Don't buy foodstuffs where flies are tolerated.

Don't eat where flies have access to the food.

Flies are the filthiest of all vermin. They are born in filth, live on filth, and carry filth around with them. They are maggots before they are flies.

It is perhaps no exaggeration to say that in no other period of history has the prevention of disease occupied so large a place in the thoughts of every intelligent community as obtains at this present day.

Food furnishes fuel for the body.

Have you any knowledge of the quantity of fuel-food that you need?

Systematic exercise is necessary to keep the body in good physical condition. Bulging muscles are not always the sign of good health.

Walking is cheaper than riding and far better for one's health.

Neglected teeth are responsible for many serious infections. Prevent trouble by keeping the teeth and mouth clean.

Many of the common defects of children unnecessarily occur because of failure to realize the dangerous complications and sequelae, which follow in the wake of infectious and contagious diseases; also the ease with which these ailments are spread.

It is conservatively estimated that a baby's chances of living through the first year of its life are five times as great for breast fed than for bottle fed.

It is the great task of the coming years to educate the people to the point where they will demand not only health for themselves but for their brothers, not only for life for

their own child but for every child.

When sleeping away from home, in car or hotel, never let the blankets touch the body. These blankets are not washed after each use as are the sheets. Always keep the fresh sheets against the face.

CAME BACK TO LIFE NINE TIMES

Chester, N. H.—Max, the cat at the police station, is firm-ly convinced that the saying in re-gard to cats having nine lives is con-siderably more than a saying.

Max brought three kittens to the station with the request that they be put where there would be no worry over the high price of the housing problem. The kittens were placed in the gas box basement constructed for the purpose of sending dogs on long sleep, but occasionally out on cats. The gas was on and the pussies apparently ap-peared to be dead. Later they were loudly calling for their mother. In lieu of which the gas was turned on for a second time, for a second time the kittens to sleep and awakened again. Max says if the gas holds out he will endeavor to take the other lives which he is convinced possess.

PRETTY SMOOTH

Imposters have just cleaned \$5,000 in Texas, claiming to be Saloon League workers, taking collections "to continue the work." We have said it many, many times and will say it again—never a transient a cent. If you contribute to religious, educational or other uplift enterprises, through the local pastors or other local person whose honesty is in question to you, or send the money to the saloon keepers. There are hundreds of imposters at work these days over the state.—Plainview News.

Associated Charity workers in various cities have found upon actual investigation that 90 per cent of the donors for funds are fakes. Many of them refuse to give a cent to any of the solicitors on the streets. It is all of us to adopt this rule, and the world would be greatly im-proved and society benefited.—Ran-dom News.

USE COTTON TO REPAIR ROADS

Memphis, Texas, July 4.—Memphis has put on a new way to use the cotton crop. The oil mill de-livered 150 bales of cotton and the Chamber of Commerce is using it to fill in the mud holes and sand left by recent rains on the roads. The cotton is flaked off and laid on the ground, then covered with sand or dirt. This makes a more effective foundation and is quicker done than moving the dirt back to make the fills with.

SALES AND SERVICE

"Oh Boy! Ain't this the life!!"

I LIKE my job.
BUT DAYS do come.
WHEN SKIES are blue,
ABOVE THE city smoke,
AND BREEZES stir,
THE PAPERS on my desk,
AND THEN I think,
WHAT I would do,
IF I were boss,
I'D OPEN shop,
AT TWELVE o'clock,
AND CLOSE at one,
WITH ONE hour off,
FOR LUNCH, and I
WOULD GET old Sam,
TO RUN me out,
IN HIS big six,
AND DROP me off,
UNDER A greenwood tree,
BESIDE A babbling brook,
AND THERE I'd be.

AND EVERY once,
IN A while,
ROLL OVER,
OR MAYBE sit and think,
BUT MOST likely,
JUST SIT,
AND EVERY once,
IN A while I'd light,
ONE OF my Chesterfields,
AND OH Boy,
I GUESS that wouldn't
SATISFY!

COMPANIONSHIP! Say, there never was such a cigarette as Chesterfield for steady company! Just as mild and smooth as tobacco can be—but with a mellow "body" that satisfies even cigar smokers. On lazy days or busy ones—all the time—you want this "satisfy-smoke."

Have you seen the new AIR-TIGHT tins of 50?

OVERFLOWING MISFITS

The world is overflowing with misfits that are of no service to themselves or any one else—only in the way. People like the man who put this advertisement in a daily paper:

"Wanted—Situation by a practical printer who is competent to take charge of any department in a printing or publishing house; would accept a professorship in any of the academies; has no objection to teaching ornamental painting and penmanship, geometry and trigonometry and many other sciences. Has had some experience as a lay preacher; would have no objection to form a class of young ladies and gentlemen to instruct them in the higher branches. To a dentist or chiropractor he would be invaluable, or he would cheerfully accept a position as bass or tenor singer in a choir."

This advertisement failed to secure a place for that young man, and later he added this:

"P. S. Will accept an offer to saw and split wood at less than the usual rate."

And he got a job because he found a place to which he was suited.

Yes, we have right here in McLean many misfits. Better be a first class hod carrier than a second rate nothing; better be a Napoleon of bootblacks or an Alexander of chimney sweeps than a lawyer who like necessity, knows no law, better be a good farmer than a poor banker; better be a good dairyman than a poor doctor. Many good farmers are murdering the law, while Blackstones and Burks and Websters and Choates are living on half rations on the farms; many artists who are daubing canvases ought to be white-washing board fences; there are plenty of ditch diggers and shoemakers in Congress, while statesmen on the outside are handling the shovel and pounding the last; many a man who should have gone to plowing answered the wrong call and went to preaching, while many an inglorious Beecher eked out a sorry existence as briefless lawyers or insolvent merchants; many a preacher would find more satisfied customers if he were a miller or a shoemaker; many a real surgeon is handling a meat saw and the cleaver, while butchers are cutting off men's arms and legs every day.

If this story is not true, we are not—THE OWL.

PANHANDLE TO VOTE ON SCHOOL BONDS

Panhandle Herald: The School Board for the Panhandle Independent School District has ordered an election to be held in Panhandle on the 30th day of July for a forty thousand dollar bond issue, the money derived from the sale of said bonds to be used in building an addition to the present school building.

The bonds are to be issued in serials of ten, twenty, thirty and forty years and bearing a six per cent rate of interest.

The school board finds that the present building is not adequate for the proper care of the needs of the present student body and the attendance is increasing from year to year and will continue to do so for years to come. Last year it was necessary to convert the auditorium

BUILD IT NOW AND ENJOY IT

A lady phoned us the other day.

"I've been waiting four years to put hardwood floors in my living room and dining room," she said, "I've saved a little money by waiting and perhaps if I wait another four years I may save a few dollars more, but I'm tired of the inconvenience. I want those floors while I'm alive. Send some one up to tell me what they'll cost.

That expresses our feeling exactly.

Why wait to save five dollars on a repairing or remodeling job, when you can have the work done now and get the pleasure and comfort from it during all the intervening time?

Building material prices are **greatly reduced**.

You can build a garage or barn, lay hardwood floors, roof your house, replace cracked walls with Beaver Board—at a cost greatly below that of six months ago.

Prices may go slightly lower. It's doubtful. Building material manufacturers, caught with big stocks, cleaned them out almost at cost. When demand increases they will again ask a fair profit and their quotations will probably be higher.

But at any rate are you going to let five dollars or ten dollars, or twenty dollars, keep you from having that new garage, those new floors, or those needed Beaver Board rooms?

It's worth that much to build them now and enjoy them.

If you'll phone or call on us, you'll find us ready with prices and materials that are right. Don't delay. Build it **now**.
