The Baptist Message to the World Today

Here are a few of the fundamental things for which Baptists have always stood and for which they stand today:

Absolute religious liberty for all, Jew and Gentile alike.

Church membership composed only of converted and baptized persons.

Self-determination in all religious matters without any overlordship or overhead management of any kind.

The supreme sovereignty of Jesus in all matters of the soul.

The Bible the law of Christ's reign.

It is for the promotion of the salvation of lost souls everywhere and the fuller propagation of these principals that the

Cull the Slacker Hen

You might prefer not to feed and care for hens that lay very few or no eggs in winter if you only knew which hens they were. The Poultry Husbandman, F. W. Kasmeier, will teach you how to know the good layers and the poor layers. Mr. Kasmeier comes to Gray County to assist Mrs. Genie E. Cameron, Home Demonstration Agent, for one day only, Nov. 19, in starting a culling campaign.

The specialist will give a lecture and demonstration on how to detect the good layers and the poor layers, describing in detail the appearances, actions, conformation etc., of the poor layer and the good layer. Then the students or audience will be asked to handle the birds and pass judgment on them, subject to the approval of the specialist in charge. This is done to give those interested more confidence in themselves, thus insuring good results when they return home to cull their own flocks. We would like to have not less than 25 people present, and 50 is about the right number to have at one demonstration. They should come prepared to handle the birds themselves.

Mr. Kasmeier's own statement, "We picked 50 of the best layers from a flock of 349. The 50 we selected, for the following month, produced more eggs daily than the 299 remaining. It pays to cull the average flock."

Time: Wednesday morning, Nov. 19, at 10 o'clock sharp.

Place: Mrs. S. A. Kunkle's poultry yard, McLean.

Be on time. We can't wait as we are due in Pampa at 2:45 p. m. same day.—Mrs. Genie E. Cameron.

People are still going court ing. The following are spending a few days at Lefors: Jno. Kibler, Bee Everett, L. F. Coffey, C. J. Cash and Bob Ashby.

Miss Lettie Bogan of Cisco came in Sunday to take the position at the depot, made vacant by Mrs. Emmet Thompson's resignation.

H. T. Fields and family of Ramsdell were in town Saturday.

Mrs. Eunice Gibson returned Friday night from Amarillo.

Lucius Rogers came home Friday night from Arizona.

Sells Bale of Cotton; Goes Home Happy

T. J. Bell called at the sanctum yesterday morning for the purpose of persuading the News to advocate the building of a gin in McLean, so the farmers could raise cotton without having to haul it to Shamrock to be threshed. Mr. Bell told us he sold a bale of cotton the other day and realized \$327.19 from the cotton and seed \$327.19 won't go very far these days but it is much more interesting than the money one would get from two acres of maize, kafir or anything else one can raise and sell without hauling it to a gin.

A Shower

In honor of Mr. and Mrs. Emmett Thompson on last Tuesday afternoon at the home of Mr. and Mrs. J. E. Cubine at three o'clock, friends of this popular young couple began to arrive at Mrs. Cubine's, each laden with a happy looking package and when these packages were opened, it was found they contained gifts both beautiful and useful, such as cut glass, silverware and various other things. Refreshments were served to about forty guests. All went away feeling that they had spent a very pleasant afternoon.

Ernest Jordan and wife left Wednesday night for Dallas. He has accepted his old position with the American Exchange National Bank that he had before being called into service.

Miss Eunice Bullock of Jericho visited at the Arthur Erwin home Saturday and Sunday.

C. S. Rice and family went to Alanreed Sunday to visit Sam Brown and family.

Mesdames Noel, Shell and Ballard went to Shamrock Thursday.

Miss Bertie Fulbright came home from Canyon Tuesday night.

S. Pritchard of Alanreed was in town Saturday on business.

A crowd of young folks motored to Wheeler Sunday.

Walter McAdams attended court Wednesday.

You must admit that the town needs it

We live and do business in McLean because we like it here. We know of no other place we had rather be. We are interested in anything that will make this a better place to live.

The thing most needed at this time, we think, is a general clean-up, a cutting and burning of weeds, a removal of old rusty tin cans, a raking and hauling away of the trash that litters our streets, alleys, back yards and vacant lots.

Certainly, a cleaner McLean will be more healthful, but it will also be more beautiful.

Surely you will agree with us that the greatest advantage of having a pretty town is not in the good impression it will make on those who visit us, but in the greater joy we will get out of living.

Let's clean up.

One untidy place in the best kept homes

The most tidy, the neatest, the best little housekeeper in the world usually has one spot in the home which is in a wild state of disorder—the top drawer of dresser or dressing table. Here are to be found pins, needles, spools of thread, buttons, calling cards, the powder puff, scissors, gloves, ribbons, shoe strings, luncheon invitations, unanswered letters and perhaps a box with two or three chocolates.

Speaking of chocolates: Take to the sweetheart, wife, sister or mother a box of Vassar Chocolates. They have a peculiar deliciousness all their own. They have a different something that distinguishes them from all other confections. If the lady has never tasted these chocolates she has a real candy treat in store.

Put up in pretty boxes of varying size and price, Vassars should appeal to you.

Texas Baptists Optimistic as to Success of Campaign

Dallas, Nov. 5.—The Southern Baptist \$75,000,000 campaign has entered its fifth month with the Texas forces well organized, under instruction and rapidly getting ready for Victory Week, Nov. 30-Dec. 7. Dr. F. S. Groner, State Campaign director, and those associated with him at state headquarters, have full confidence in victory. Heroic action on the part of the leaders has lifted the campaign out of the mud and every report coming to headquarters brings cheer and optimism.

According to reports in the office of Dr. T. V. Neal, state organizer, fully 1,500 churches have been fully organized for the final stroke. Among the associations first reporting 100 per cent organization are: Coleman, Tarrant, Burleson, Willamson, Austin, Jones, Scurry, Big Springs, Henderson, Cherokee, Nacogdoches, Canadian, Trans Canadian, Collingsworth, Childress, Palo Duro, Union, Baylor, Throckmorton, Panola,

Archer, Enon, South Panhandle and Red Fork.

From now until the end of the campaign its issues and its vital importance in meeting the needs of the enlarged world program of the Southern Baptists will be presented in every district county, association and church of Texas. Many speakers are coming from other states to make their appeal for the raising of Texas' quota, \$16,000,000 plus. There will be many rallies and field days. Most of the churches are organizing "victory schools" for the training of their forces, so as to make victory week easier. Five thousand church boosters are now busy stirring up interest in the campaign and 2,000 four minute speakers are telling its message. Literature is going forward from the state headquarters by the ton. In the next three weeks every church and the last member is to be reached through campaign literature, as well as the spoken word.

November is stewardship month. In the end every Baptist will have to render an account of his stewardship in this campaign. The red letter day is the 30th, the first day of victory week. It will be a day of prayer, beginning at sunrise and continuing to the end.

H. L. Kokernot, organizer for the San Antonio district, has just announced he will give \$50,000 to the campaign. His home is in San Antonio. The big individual gifts in the state have now reached a total of nearly \$500,000.

I will sell my Buick Six roadster, 1918 model, at a bargain for cash. This car is in first class condition. J. A. Hilburn, Shamrock, Texas. 35-4p

Newspaper Ad Beats Handbill Gettin' Results

SOME PEOPLE think ADVERTISING is simply SPENDING MONEY. BUT THE wise man knows IT'S THE surest way to make more. THE ONLY problem is WHAT MEDIUM to use. CIRCULARS and hand-bills COST A LOT of money BUT YOU give them away SO NOBODY wants them ON THEIR front porches NOR IN their morning mail. THE SUBSCRIBER PAYS REAL money FOR HIS newspaper AND THAT'S why he values it MORE HIGHLY THAN A circular. HE BRINGS his paper home SO THAT every member OF THE family CAN READ and enjoy its BREEZY, up-to-the-minute news AND PROFIT by heeding THE HOME-TOWN merchants' BID FOR their trade. AND THAT'S a good reason FOR ADVERTISING IN A newspaper. AND NOT only that BUT THE MERCHANT using hand-bills AND CIRCULARS hopes FOR TEN readers TO THE hundred bills, IF WILLIE delivers the 100. WHEREAS the newspaper advertiser IS SURE of at least FOUR READERS to EVERY COPY of the paper AND THEY all read and heed HIS ADS. AND THAT'S why he LOOKS pleasant AND GROWS fat in the BANK ACCOUNT. BETTER CALL up today AND HAVE our ADVERTISING MANAGER EXPLAIN.—Exchange.

Chas. Goebel Has Ranch in Illinois

The News is in receipt of a letter from Chas. Goebel, a former resident of the McLean country, who moved to Joliet, Ill., over a year ago. Mr. Goebel says he is working at his old trade at the Phoenix horse shoe factory and is making good money, but will move on about March 1st to his stock farm near there, which he purchased at a cost of some ten thousand dollars. Mr. Goebel does not tell us whether his ranch comprises ten acres or twenty five, but we are sure he didn't get much land near Joliet for that price. We wonder when Charles will come to his right mind and return to the Panhandle.

Burl Glass and family of Eldridge visited relatives here Saturday and Sunday.

Dad Pieper and wife went to Amarillo Monday.

DOROTHY PHILLIPS "DESTINY"

brilliant Star of "The Heart of Humanity" in her wonderful Big new Masterpiece...
She thought her puny hands could hold back the wheel of Destiny—but she fell in love at first sight and proved she couldn't. Come see if Fate was kind to this woman—who might have been yourself. The season will not own a bigger play. Don't miss it.

What You Want to Know About This Picture

What picture stands foremost in your mind as the finest you have seen in a twelve-month? Is it not "The Heart of Humanity?" And who has given a more superb exhibition of screen art than Dorothy Phillips, the unforgettable wife in that picture?

Dorothy Phillips' first picture since "The Heart of Humanity" is coming to this theatre, and it would deserve an enthusiastic reception if it had no other merit than being a Dorothy Phillips' picture.

But "Destiny"—for that is its name—would be worthy of your patronage if "The Heart of Humanity" had never been filmed, for it tells a big story about intensely human people. Out of the ruck of pictures that are "just movies," there stands now and again

one that bears the impress of reality. Its people seem more than mere screen characters—they seem folk that you know, or might have known,

Their motives are understandable. Their actions are based on emotions common to us all. They get down beneath the veneer of photoplay convention to life itself.

"Destiny" is such a story. It tells of the choice that we have at the crossroads of life—how one path leads to destruction, the other to lasting happiness. It tells of ambition, of greed, of the clash of will against will, of love and of hate.

You should see "Destiny" when it is shown at this theatre Friday and Saturday, Nov. 14 and 15. You will add another to your gallery of durable memories of the theatre.

"The Tuberculosis Challenge"

The National Tuberculosis Association is engaged in a battle in which it will be successful only in the degree that it is persistent. The campaign faces much goaded popular sensations which are resolved to relax at any cost, and thus it finds the task more difficult. Because the 'white plague' lacks sensational elements it does not command attention and many people think that the subject does not concern them. But we felt a certain concern when the Germans were accounting for the deaths of some 60,000 Americans—how then should we feel toward the enemy at home which, during the same period of time, took toll of 150,000 American lives? The good natured public is slow to wrath, but slower to comprehend the truth when doing so requires it to change established notions. It is high time that we set ourselves right and realized that tuberculosis claims a victim out of every three persons who die between the ages of 18 and 45—the productive time of life. It is estimated that the economic waste from the disease in the United States is \$500,000,000 annually. The fight against this ravager is more than a question of health—it is one of economics and production as well. And there is a good prospect of making progress against the disease. That tuberculosis is both curable and preventable has been established beyond doubt by science. We cannot afford to ignore the challenge.

"This year, through the influence of war, the United States is faced with an unprecedented shortage of homes—a shortage which makes overcrowding in our cities more intense. Tuberculosis thrives in a crowd; bad air and unsanitary conditions make it flourish. But science offers methods which will more than offset the handicap, and it only remains for the public to support the organizations which use the power of science. Red Cross Christmas Seals will soon be here, and their sales will register the amount of fight which the public is resolved to subscribe during the coming year." —World's Work.

What Will You Give?

Already the little ones of this community are beginning to wonder what Santa Claus will bring them this Christmas.

Daughters are making veiled suggestions, and the sons are openly bidding for parental favor at this time.

Mother has her secret desires, and father is checking up to see if he can afford a new suit or a pair of shoes.

The family eye is turning to Christmas and is bright with expectation. Yuletide joy is hovering in the offing and all arms are extended to it.

But what will you give? That is the old, old story—the one which each one must determine for himself.

Scope of the Fourteenth Census Extended

Washington, Nov. 2.—That the Fourteenth Decennial Census on which the actual enumeration work will begin Jan. 2, 1920, is to be the most important ever taken is shown by the fact that the Act of Congress providing for this census expressly increased the scope of the inquiries so as to include forestry and forest products, two subjects never covered specifically by any preceding census act.

The inquiries to be made relating to population, manufactures, mines, quarries and agriculture were extended in their scope by Congress, the keenest interest over the forthcoming census having been shown by the members of the census committees of both the House and Senate while the law was under consideration.

The statistics gathered on mining will include all oil and gas wells. Many startling developments in this important branch of the Nation's resources are looked for by census officials. The figures gathered in Texas, Oklahoma and Kansas will no doubt prove to be those most eagerly sought for, as shown by inquiries already received by the Census Bureau.

The compilation and gathering of forestry and forest products statistics will be in charge of a special force of experts. The accurate and comprehensive figures gathered concerning this vital natural resource will be much in demand, and the comparisons made with conditions existing before the war will be of great interest.

Agricultural statistics will likewise be the subject of special effort on the part of the Census Bureau as the importance of farming is being realized by the average citizen far more than ever before.

The McLean friends of Mrs. Wm. Bowie will be glad to learn that her husband has arrived in Hoboken from service with the Army in Europe. He will visit Washington and New York before returning home.

Samples-Bates

The old adage says "Marriages are made in Heaven"—perhaps not all—but we sincerely hope that the union of the two hearts that formally ratified their plighted troth at the home of the bride's sister-in-law, Mrs. J. Y. Bates, 1606 Fillmore, on Sunday afternoon at 3:30 when Miss Lena May Bates became the wife of Mr. Manor Fields Sample, has met the approval of our Father and the institutor of the sacred bond of matrimony.

Only a select number of relatives and friends of the contracting parties were assembled to witness this almost unique wedding as the bride, dressed in her going-away suit and carrying a shower bouquet of pink and white carnations, entered the room upon the arm of the groom and preceded to their places before the altar by their only attendant, Mrs. J. Y. Bates, as matron of honor. The ring ceremony with all its impressive formula was spoken by Evangelist F. B. Shepherd of the Church of Christ, this city.

Miss Bates is the only living child of W. H. Bates of Tulsa, and has an extensive acquaintance in the Panhandle, which will be pleased to hear of her new found happiness. The future home of these ambitious young people will be at Waco where Mr. Samples is engaged in the gents made to measure tailoring business.—Amarillo Daily News, Oct. 22.
