Canning Club Girls Go to Dallas Fair

The Dallas Fair Association is entertaining, for four days of this week, some two hundred and fifty girls of the Canning and Poultry Clubs of Texas. The girls are selected on the basis of the work they have done in the club and of course are the prize-winning girls of the various counties.

The girls have worked hard to accomplish what they have done; the counties have awarded them honors, and now Dallas and the Fair Association entertains them. To the girl of school and club age such honors bring forth a thrill of joy and a resolve to make even greater efforts for success in next year's work.

The Chambers of Commerce of Pampa and McLean financed the trip of the first prize winning girl of Gray County—Miss Ruth Henderson of the Back community, twelve miles from McLean. Miss Ruth went to Dallas Monday, accompanied as far as Clarendon by her county Home Demonstration Agent, Mrs. G. E. Cameron, where she joined a party of eleven other girls, prize winners from Wheeler and Donley counties. These girls are under the direct chaperonage of Mrs. Ida Mae Chitwood, County Home Demonstration Agent of Donley County.

This Dallas Fair Educational Encampment is under the supervision of Miss Laura F. Neale, State Agent of Home Demonstration work. Miss Neale will be assisted by the District Agents and several of the County Agents in directing the activities of the club girls at the Fair.

Miss Mozelle Stokes of Wheeler County won first in the canning club of that county and was awarded a trip to the Dallas Fair. Miss Mozelle goes to school at McLean.

Lumber Concern Adds Stock of Hardware

Every local freight is bringing in new goods for the stock of hardware being added to the Western Lumber Company's business. The company plans to carry a full line of small articles, but for the present will not handle wagons nor implements. This is quite an addition to the business enterprises of our town.

Misses Bessie and Cora Johnson left Sunday for Miles City to visit their uncle.

A. R. Evans of Wellington was here on business Friday.

Roy McKinley left Monday for Van Aistine to go to school.

Geo. S. Hart of Shamrock was in town Thursday.

Mr. Copeland of Abilene was in town Tuesday.

Rev. Osborn has purchased a new Ford.

Bentley Improves Garage

M. D. Bentley is having the office at his garage remodeled and fitted up with new shelving, show case, etc., and when it is finished he will have quite a neat place. He has devised a convenient and orderly arrangement for his stock of Ford parts and automobile accessories, and has had a show case built to suit his special requirements for displaying attractively the line of little dingbats kept for motorists at up to date garages.

Is Moving to New Building

T. J. Coffey is moving his stock of dry goods to the building formerly occupied by Pyle & Son, and has charge of about the busiest outfit in town right now.

This store will be much more conveniently situated when it is finally established in the new location, for there will be more room, and the shelving is built better, so that the stock can be more handily arranged.

Former Resident Dies

D. N. Massay received a telegram Tuesday that Chas. H. Biegel of Aurora, Ill., formerly a resident of this place, died suddenly Monday night.

Mr. Biegel had considerable land holdings here, and was well known to McLean people, many of whom were glad to number him among their best friends. It is with deepest regret that we learn of his death.

Dewitt Burks was over from Pampa Tuesday.

Mrs. C. C. Sloan and Mel Davis of Pampa visited the W. L. Haynes family Tuesday.

Judge and Mrs. T. M. Wolfe went to Hedley last week to visit his sister, Mrs. White.

Jasper Stephens has installed a \$500.00 electric light plant in his home.

Mrs. Bentley and sons, Enoch and Fred, returned Wednesday from East Texas.

Mervin Burks and Alvin Osborn went to Memphis Wednesday.

Mrs. R. C. Patty was called to Wheeler Saturday to the bedside of her mother.

We are told that someone remarked the other day, "I wonder how much the News man gets paid for writin' them articles about the catalog houses." Frankly, The News doesn't know. That depends altogether on how much good it does. Newsman is merely working and talking to his own interest, and also to the best interest of all the people of McLean and the country adjacent. The News wants this to be a prosperous town and country. We want more people to live here; we want better schools and churches; we want electric lights, concrete sidewalks and paved streets; we want a bigger and prettier McLean. In fact, we want for our town all the good things you want if you are a public-spirited citizen. If people would spend their money at home instead of sending it away to Dallas, Kansas City, Chicago and New York, we would have many of these things right now, and in due time all would be possible.

Baptist Schools Unable to Take Care of All Students

Dallas—The mad rush experienced at Baylor University, Waco, during the first two weeks of the present term, due to lack of room and facilities for accommodating the largest student body in the history of the institution covering seventy-five years, has set the Baptists of Texas thinking seriously and prayerfully, according to Dr. J. M. Dawson, pastor of the First Baptist Church at Waco and State Publicity Director of the Southern Baptist \$75,000,000 campaign. "It is bringing home to them concretely," he continued, "the vital necessity of raising \$16,000,000 plus in Texas to meet the denomination's enlarged program of education, missions and benevolences."

Baylor University has no dormitory for young men and many are being turned from the doors of the school. Most of the residences within two blocks of the University and others beyond have been rented for the girls, and from three to four girls are occupying a single room. This is causing great dissatisfaction and some have returned home. Dormitories, a natatorium, an artesian well and a fine arts building are among the most urgent needs.

It is pointed out that the distressing situation at Baylor University is illustrative of overcrowding and shortage of modern facilities at virtually all the other Baptist educational institutions of Texas, and that it will be imperative for each of them to enlarge its facilities and extend its accommodations out of its appropriation of the \$75,000,000 fund.

Gen. Pershings Horse Held in Quarantine

"Kidron", the horse that Gen. Pershing rode to victory in the World War, began his career as a laurel wreath collector by getting in quarantine. While the great commander is playing the leading role in triumphal parade in the big cities of the country, his war horse is detained, under observation by Government veterinarians, at Newport News.

It is not that "Kidron," so far as anybody knows, has any "catching disease," but simply that he may have any equine disease, and like any other horse of the A. E. F., must stay at the port of entry for five months, until the Government veterinarians know that he is a safe animal to be at large in horse society in the United States.

Naturally, a great many people wanted to see Gen. Pershing mounted on the horse that carried him over the battle fields of Europe during the last fateful days of the world's greatest war. But there are many millions of horses and horse owners in the United States who, respectfully as they feel toward "Kidron," are entitled to protection from any disease that he may have picked up in Europe, where there are many horse diseases of which the

voice of great richness and depth with an enunciation that is perfect. She is also a pianist and is the official accompanist of the company. She is a graduate of Drake University Conservatory of Music of Des Moines and of the American Conservatory of Chicago. While at the latter conservatory she studied with Madam Synne.

The violinist is Miss Anne K. Stokes, a graduate of the McPhail School of Music of Minneapolis. She also studied at the Boston Conservatory and later at Oberlin. It can be truly said that she is an accomplished violinist. She loves her art and is a tireless worker, rounding out and finishing each of her numbers in true artistic style.

The artists will include readings, both dialect and humorous, vocal and violin solos, vocal and instrumental trios and spoken songs with violin, and piano accompaniments. All three have good voices and sing, and all three play the piano, making ensemble numbers a prominent part of the program.

The Sacrificists

The faculty of the West Texas Normal College at Canyon has arranged to set in the auditorium a bronze tablet in memory of the men from that fine school who lost their lives in service during the recent war. The faculty and student body are naturally very desirous of making the honorable list complete, and as it is always possible in such matters to miss a name entitled to such distinction, it is desired that patrons or others acquainted with the school in question will check the following list and inform J. W. Reid, Canyon Normal, if any name is lacking which should be there: Vergil A. Brown, Lawrence Valsen Cox, Andrew Homer Floyd, Harold Gist, Archie Eugene Key, James Percy Leggett. The six young men above named paid with their lives the debt of honor, and as this important State school draws students from various parts of Texas, and beyond the borders of Texas, there may have been one or more additional students who gave their all to their country. Speaking for himself, State Press will say that in his opinion America could hardly do a more indecent thing than to forget or dismiss lightly the sacrifices made by the American boys who went across the wide waters to give battle to their country's enemies and fell in their country's defense. That our losses are called "light" in comparison with those of some of our allies does not detract from the heroism and the gallantry and the glory of the 60,000 who died in battle. Our losses were not "light" to them, or to the stricken ones at home who mourn them hourly. Sometimes it seems almost as if our churlish, ugly, contemptible haste to reduce the war to its most solid terms, to pocket the usufruct of reconstruction, we are cynically indifferent to the tragedy of it all, to the heartbreak, the loneliness, the poignancy which daily assail many thousand American families whose tears are not yet dried. How ungrateful, how despicable it would be for the mass of Americans to forget what our soldiers did, what they suffered, how many of them died! But for these khaki-clad lads who set their heels immovably at Belleau Wood, who shattered the morale of the arrogant foe at Chateau Thierry, who swept the enemy out of St. Mihiel, who drove him from the Marne and across the Vesle, who hunted him from the bloody wilderness called Argonne—but for the stout-hearted lads who turned the tide of battle at its crest, our country today would be either a despised democracy taking orders from a triumphant autocrat buttressed in authority at Berlin, or feverishly preparing to defend its sovereignty against a military monarchy, stretching across Europe and Asia whose clanking chieftain had warned that he would stand "no nonsense from America." If we hold cheaply those who saved the world, we shall deserve shame and inherit decay.—State Press, in Dallas News.

State Wide Campaign of Religious Education Is Launched

What is said to be the greatest constructive program of religious education ever attempted in Texas, has been definitely outlined and is now being launched by the Texas Sunday School Association of all denominations.

The program is to help every Sunday School in Texas, and is so comprehensive that it merges into the work of every denomination. The campaign is called "The Victory Reconstructive Campaign." In the working out of the general plan the state has been divided into ten Regional Districts, these districts subdivided into 56 zones, the work again subdivided into the 253 counties, then into communities.

Each district will have its own central organization, as a part of the state wide plan each will have a superintendent and secretary. It is hoped that the campaign will be successful so an employed specialist may be placed for full time in every zone and in this direct way every Sunday School and every local community will receive some practical help and assistance.

The program includes the development of a trained force of at least 10,000 volunteer county officers who will in turn reach and make more efficient in their work, 100,000 officers and teachers in the 8700 Sunday Schools of Texas. Conferences, community institutes, training schools and conventions, will be held and problems and questions that are of interest to all denominations will be discussed, to the help of every Sunday School. In all conventions and institutes there shall never be any discussion of any church policy or doctrines, only methods and means of efficiency in problems common to all.

The proposed budget calls for a three year program and the committee has set the goal at \$266,000 per year. The subscriptions are to be solicited from the citizenship and individuals in a campaign similar to the United War Work Campaign.

Watermelons are plentiful, the pumpkins are ripe, corn and maize are ready to gather—and it rains, rains.

Mr. and Mrs. Palmer entertained a merry crowd of friends and neighbors Saturday evening with an "apron party." An exquisite cake was to be given to the boy that could put the neatest hem in his partner's apron. After much painstaking and puncturing of fingers and thumbs, the boys finished their tasks. The judges were Misses Emma Dunwoody, Alta Irwin, and Grace Hessey. After much debating, the prize was awarded to Odol Hill although Owen Castleberry ran a close race with him. The most delicious cake was served with sweet cider and grape juice. In the wee, wee hours of the morning the guests departed to their homes, and had it not been for the freshness of the drinks, perhaps many of them would have needed greater aid than the silvery light of the moon as she beamed down upon them in her modesty. AT THE MISSION

Friday and Saturday Nights

DOROTHY PHILLIPS in "The Heart of Humanity"

New York went wild over this tremendous new production. Surpasses anything you've seen on the screen. Thousands have seen it—been thrilled by it—are talking about it—are sending packed houses to see it. It's too big for words. SEE IT!

Saturday Matinee

Marguerite Clark in "Come in Out of the Kitchen"

A WARM FIRE AND A WARM WELCOME
We have put in two stoves, and will warm your nature with good pictures and a good fire. No matter how cold or stormy the nights, you will find the Mission Theatre an ideal place to spend a pleasant evening.

"THE HEART OF HUMANITY"
The picture that will live forever

ALLAN HOLUBAR'S SUPER-PRODUCTION
Featuring DOROTHY PHILLIPS
Direct from its sensational run in New York City

The New York Times says:
"A distinct achievement in motion picture creation."
The New York Tribune says:
"Our advice is, go see 'The Heart of Humanity.'"

The New York Evening World says:
"One of the most graphic pieces of filming ever seen on the screen."

A story of the love that passeth all understanding—a great romantic picture that you'll never forget. Bring your whole family to see it.

Make This Your Bank

Today the progressive Bank is a friendly institution designed to give service cheerfully and as a business duty, rather than a favor. At least that is how THIS bank regards it. Perhaps that is one of the good reasons why many refer to this bank as "MY BANK"—based on the spirit of friendliness and co-operation they encounter whenever they call.

Whether you wish to open a savings account, or want to transact business in one of the other departments of this bank, you will appreciate the spirit of friendliness which we believe is GOOD BUSINESS.
