NUMBER 31

Methodists to Start Revival Sunday

The annual revival meeting of the Methodist church of McLean will begin next Sunday, August 3rd, at the tabernacle.

Rev. F. M. Neal of Amarillo, our conference evangelist, will do the preaching. Frank Neal needs no introduction to the Methodists of the Panhandle, but to all others I shall only say, "come and see." You will like him. He preaches a plain, practical gospel. He calls white "white" and black "black."

We are fortunate to have Evangelist Huckabee of Fort Worth to lead the singing. Now, if you enjoy soul-stirring singing, come and enjoy a treat. If you think that you can't sing, you just don't know. Huckabee will convince you that you can.

Now let me say to all the churches and all who want to see a better and more decidedly religious McLean, you are wholeheartedly invited to join with us in a charge against the strongholds of sin.

Give us your presence, prayers and personal influence. Let's all get together and trust confidently in our Lord for victory.

B. J. OSBORN.

Secy. Panhandle-Plains Chamber of Commerce Here

F. R. Jamerson of Amarillo, secretary-manager of the Panhandle-Plains Chamber of Commerce, accompanied by Arthur B. Reid of Pampa, spent a short while in McLean Monday in the interest of that organization.

A number of the representative men of the town were assembled in the directors room of the American National Bank, where Mr. Reid explained the purposes of the Chamber of Commerce, after which Mr. Jamerson made a short speech on the resources of the Panhandle and its possibilities. The scheme that has been devised for financing the organization was also gone into and those present signed a petition endorsing it.

Mrs. Ned Gullett of Krum is visiting her daughter, Mrs. J. O. Quattlebaum.

Emmet Lefors and wife of Miami were in our city Thursday.

Elmer Reeves of Alanreed was among our visitors Saturday.

McLean Baptists Call Pastor

McLean Baptist church met in conference Sunday afternoon for the purpose of calling a new pastor to succeed Rev. Jno. F. Reagan, who left for Illinois some two months ago.

Rev. A. F. Agee of Margret, Foard county, was unanimously chosen, and, we understand, has accepted the call. The new pastor is engaged for full time, at a considerable increase over the salary paid last year, and will be furnished a house to live in. The church is thinking of building a parsonage, which is badly needed, especially since the shortage of rent houses has become so annoying.

J. C. Collier of Marthy, Okla., is visiting his brother, J. L. Collier. He is accompanied by his two children, Guy and Mrs. Ray.

Miss Lettie Bogan returned to her work at Nocona Saturday, after a two weeks visit with her parents.

Mrs. Perry Everett and Miss Vita Heasley returned Monday from a few days' visit in Amarillo.

Chautauqua Organization Is Perfected

S. R. Dunlap of the Standard Chautauqua System was here last Friday in the interest of chautauqua to be held in McLean August 16 to 18. He met the guarantors and an organization was affected as follows:

President—Mrs. S. B. Fast.
Vice-President—C. L. Cooke.
Secretary Treasurer—J. L. Hess.

Chm. Ticket Committee—Mrs. W. B. Upham.

Chm. Grounds Committee—W. L. Haynes.

Chm. Advertising Committee—J. F. Faulkner.

Chm. Decorating Committee—Mrs. W. S. Montgomery.

An enjoyable time is assured for all who attend the McLean chautauqua this year, for we are going to have a great program. The Novelty Trio with pep and versatility; Vierra's Royal Hawaiian quartet, native Hawaiians, enthusiastically received everywhere; Cumberland Singers, popular and thoroughly enjoyable; Dr. Mattison W. Chase, lecturer with a national reputation; Rena Gilman in a real purposeful program. "Overseas with the Yanks" will be a thrilling lecture full of information, by Bob Whiston, who has been over there for fifteen months.

This is an opportunity for the public spirited citizens of McLean to show their loyalty to the community and their appreciation of the local men who are responsible for bringing the chautauqua to the town. BUY SEASON TICKETS.

Miss Mary Henry, who has been on the job helping make The News the past fifteen months without a day off except when she had the flu, left Monday for the ranch, where she will spend a vacation with her sister, Mrs. Burl Glass.

Little Miss Frankie Gerald came to make her home with Mr. and Mrs. John Robinson on Friday of last week. Mother and child both doing well.

J. L. Collier and wife motored to Groom Sunday. From there Mrs. Collier goes to Tucumcari, N. M., for a month's visit.

Rev. R. C. Pender and the singer, Mr. Jones returned to their homes in Abilene, Monday.

Blackleg Vaccine

THE PRACTICE of vaccinating cattle against blackleg has become so general that it would be a waste of energy for us to talk to you on that line, for you already know its advantages.

But what we do want you to know and remember is that the best place to get the vaccine is at our store, where we have all the different sizes of the well known original O. M. Franklin Kansas Blackleg Vaccine, which has been used with satisfactory results by stockmen of this section ever since it was introduced here.

We Are Prepared for The Sugar Shortage

At this time of the year we often see a sugar shortage, and right now looks like the beginning of one that has never been equalled, due to the heavy demand abroad and in our own country. We are glad to advise you that we have been looking for this for some time, and have something like one thousand bags of sugar bought that will be coming in at an early date, and we advise all to buy only for your immediate needs, and by so doing we will not only be able to supply your present demand, but can give you all that is needed as soon as our cars begin to come in. We advise that you let us book you for your sugar on arrival of cars, and in the event of possible delays in cars, we will have plenty to supply you till they arrive.

Yours for better business,

Why Do You Wash Your Face?

It's more healthful, to be sure, but it's for the comfortable feeling and for the improved appearance you do so, is it not?

Many people, especially ladies, go farther than this; they use toilet preparations of various kinds to get still more comfort and a more improved appearance than is possible with mere soap and water.

In McLean a large number of these people have learned that this store carries the best line of toilet articles in town, and have come to appreciate the reasonableness of our prices.

Baptist Revival Closes

The Baptist revival, conducted by R. C. Pender of Abilene, assisted by Singer S. W. Jones of Abilene, closes Sunday night, after having run for a week. The original plan, we understand was to hold a two weeks meeting, but Rev. Pender was obliged to take this week and rest, preparatory to another meeting he is to hold soon.

The revival resulted in seven members being added to the church by baptism and several others, by letter.

Do you remember Marian Davies in "The Belle of New York," when she played the part of a Salvation Army lassie? Do you remember how her tender love and kindness for the wayward in the slums of New York won the love and respect of even the thugs? See her tonight in "Cecilia of the Pink Roses" at the Mission.

Raney Penland and Frank Goodrick of Shamrock spent Sunday in the Penland home.

Bill Bentley returned from Pampa Tuesday.

Panhandle Chamber of Commerce Making Splendid Headway

The Panhandle-Plains Chamber of Commerce is making rapid headway in organizing the forty counties included in its scope. At the headquarters of fire in Amarillo the great part of the preliminary work for its various undertakings has been done or definitely outlined. F. R. Jamison, the Secretary Manager, and Hamlin Palmer, the Traffic Manager, have visited a considerable number of counties in the interest of the organization of such counties and a meeting of the Board of Directors has been called at Amarillo at 1:00 p. m. Wednesday, August 6th, for the purpose of considering the report of Mr. Jamison as to what has been done and his plans for further activities. Anyone interested in this work will be welcome at this meeting, says A. S. Stinnett, president of the organization.

W. R. Patterson was over from the county capital Tuesday.

W. L. Campbell motored to Clarendon Tuesday.

An organization is now carrying on a campaign in this country to have the government adopt the metric system of weights and measures, and do away with the present system of gallons, pounds, feet, etc. It is claimed that all the nations of the world except the United States and Great Britain have already adopted the metric system, and that if America expects to control the trade of the world she will have to do so. In these piping days America is expected to adopt every foreign system and ism mentioned. With some people nothing is done in America so well as it is done across the seas. Verily present times are in a heluva shape.—Plainview News.

Who thinks nothing is done in America as well as it is done across the seas is nutty. This editor has been over there, and he noticed that Europeans invariably did things in the clumsiest manner imaginable, and they didn't have anything that was worth a continental whoop in hades except a few harvesting machines and plows that came from America. But they have it on us when it comes to weights and measures. In these days when world trade looms large on the commercial horizon it may behoove us as bidders for such trade to adopt world wide standards of measurement, but the change would be costly and we doubt whether it would be worth while.

Every day comes more fully the realization of just how badly Clarendon needs that new hotel. There has never been so much tourist travel as this summer and Clarendon is losing a fine chance of being remembered kindly and spoken of by hundreds of tourists from all parts of the nation by our failure to provide a hotel in keeping with the needs and demands of our city. Let's finish the drive for the new hotel.—Clarendon News.

Tourists in search of good hotel accommodations should come via McLean over the Postal Highway. McLean has, and for a long time has had, one of the best hotels in this part of the Panhandle, and travelers who come this way often make it a point to spend the night at Dad Hindman's place, for they know no better hostelry can be found in any town within fifty miles.

The News regrets that the women's societies of the different churches neglect to send in reports of their meetings. Newspaper publicity can be a great help in creating and keeping up inter-

est in these things, and The McLean News wants to be of service in promoting such enterprises.

Eating string beans, roasting ears and new potatoes from the home garden is the way to cut the high cost of living. But so many folks would rather not do hard work and so miss the best of life—gardening.—Higgins News.

From the above we assume that the Higgins News people have a garden. It is a matter of common knowledge among the newspaper men of the Panhandle that Mrs. Shaw writes the editorials for the News. The person who wrote the above seems to speak from experience. We congratulate Brother Shaw on his success in getting Mrs. Higgins News to do what Ben F. Smith has failed to interest Mrs. Lockney Beacon in. Not every man who tries is a successful newspaper man, and the successful newspaper man who has good luck getting the garden worked is a rare bird.

It used to be that the only sight of the kind more worth seeing than an expert preacher eating chicken was an editor eating most anything.

Sees Preachers Eat Chicken

The News man has heard much said about the great skill of an experienced preacher at eating chicken, and was permitted to see this fine art demonstrated by the Reverend Messrs. R. C. Pender, S. A. Cobb, and B. J. Osborn, slightly assisted by Singer S. W. Jones, who is almost as skillful as any ordinary parson.

These gentlemen showed a skill that was almost uncanny as they deftly removed the toothsome meat from drumstick, pulley bones, thigh bones, breast plates and other knocked down portions of the deceased fryer's chassis. We did not see them try their dexterity on any wings or necks, and as we sat and watched them, we wondered if they had that difficult branch of the art mastered too. There was plenty of chicken, and the editor ate some too. In fact he got all he wanted. This was not due to any speed on his part in competition with the preachers, but because there was plenty of it.

You see, it was this way. John Sparks and his wife invited all the preachers that were in town that day to take dinner with them Friday noon, and perceiving, we suppose, that the editor was a hungry looking person, invited him also. This latter proved to be expensive hospitality.

Need a wagon bed? We have a couple of them in stock, and if they are not what you want, we will make you one to order.—Western Lumber Company.

Mrs. W. H. Peiper returned from a visit in Amarillo Friday.

THE MASTER LECTURER OF THE CHAUTAUQUA PLATFORM

MATTESON WILBER CHASE COMES TO CHAUTAUQUA ON EVENING OF SECOND DAY

The great master lecturer is the man who pleases the people—the common people, cultured and uncultured—and gives an impetus for good in the direction of his thoughts. His supreme triumph is the capture of his audience and his highest eulogy is favorable verdicts. Measure by this criterion, Matteson Wilber Chase is one of the masters. In the pulpit he is a great preacher, on the stage he might have been a great actor, in the forum a great orator, and on the platform he is a trinity of actor, orator, preacher—the Prince of Popular Lecturers.

He is a man of spotless character, lofty purpose and great natural endowments; magnetic, brilliant, sympathetic and humorous. His lectures are strikingly original, built around some fundamental truth, and gain an added charm from his rich musical voice and dramatic delivery.

His success has been uninterrupted and his record unparalleled. What is the meaning of such a record? Simply that the people like to hear him and call for him again and again. We need not commend him; the people have given their verdict. From such a record there is no appeal.

He Gets The Dog

Evidently Editor Loomis of the Canadian Record don't want Ben F. Smith of the Lockney Beacon or Jess Adams of the Plainview News to have the distinction of being the biggest liars in the Panhandle, as evidence of which we reproduce below his latest and biggest one:

Ralph Allison had an interesting and rather expensive experience during the heavy rain in his neighborhood a few days ago. Mrs. Allison and their small child were out in the breaks just before the rain picking plums, making the trip in their jitney. The storm came up and Mrs. Allison started to drive home, but in crossing a ravine the car stalled in the sand and Mrs. Allison had to abandon it. Taking the child she went out of the canyon and was on the prairie during all the rain and there Ralph found her. She told him where the car was and they went back for it, but there was no car in sight and it could not be located.

Returning to the place the next day with neighbors, Ralph searched the Canyon all the way to the Canadian river but the Ford had disappeared as completely as if it had evaporated. Returning back up the canyon one of the party was attracted by a small stick protruding from the sand, and investigation proved that it was the steering gear on Ralph's car. They got picks and shovels and went to work to dig the Ford out of its sand bed. The sand had packed so tight and close around the car that it took them three days to dig it out, and then they had to take it out piece at a time. Every remote pocket about the car, engine, or equipment was packed with sand, so thoroughly had the torrent done its work, and every part of the car had to be taken down and cleaned out.

Part of the body had been badly broken and crushed. One wheel was completely demolished, and of all the tires only one was inflated, the other three having "blown out" during the wild journey, for the car was buried nearly a mile from where Mrs. Allison left it, and indications were that during its runaway trip it had turned over and over, and there must have been a tremendous headway of water came down that ravine after the storm.

What the Clarendon News styles a most beautiful and impressive double wedding was solemnized at the Methodist church in that city recently, when Mr. W. B. McSpadden of Amarillo was married to Miss Helen Powell and Mr. H. E. Westmoreland of Dallas and Miss Flora Connally were made man and wife.

Evidently desiring to dress up and look respectable, burglars entered the store of J. E. Murfee Dry Goods Co. at Pampa on the night of July 18th, stealing quite a lot of clothing, shoes, haberdashery, etc.

Home Demonstration Agent to Hold 3-Day Short Course Here

Mrs. Genie Cameron, department of agriculture home demonstration agent, announces a short course of three days duration, to be held at McLean Thursday, Friday and Saturday, August 7, 8 and 9. The first two days of the course is especially planned for the girls of the canning and poultry clubs. The last day will be of interest also to the boys of the canning and poultry clubs and the women of the home demonstration club.

Mrs. Cameron will be assisted by Mrs. Dora R. Barnes, district home demonstration agent for the Panhandle district, a very talented woman with wide experience in this line of work.

There are some twenty girls from out of town who are anxious to get in on this work and it is hoped that enough women of McLean will volunteer to have one or two girls stay in their homes Thursday and Friday nights, giving them their supper and breakfast, so the girls so much interested in the work will be able to attend the short course as the girls all over the state are doing. Those who will help take care of the girls please phone their names to Gladys Holloway, secretary of the girls club.

HAWAIIAN SINGERS AND PLAYERS

PLAY NATIVE INSTRUMENTS AND SING SONGS MOST ENTERTAININGLY AFTERNOON SECOND DAY

Hawaiian music is growing more popular every year, and the demand for Hawaiian musical organizations is very great. For more than forty years the Hawaiian government has maintained a military band, and thirty years ago when wholly composed of native musicians, the Royal Hawaiian Band won highest honors among the bands attending a Knight Templars Conclave in San Francisco. This popularity has been continually increasing and the Hawaiian music was one of the most attractive features of the Panama-Pacific Exposition during the summer of 1915.

Besides a Philharmonic society, a symphony orchestra and many church choirs, Honolulu has a number of musical organizations. These have developed many wonderful musicians. The voice of the native Hawaiian is sweet and plaintive, and much feeling is expressed in their songs.

The ocean breeze, the bowers and sunshine, the presence of beauty everywhere, have produced an intense love for music among these people and their songs abound in allusions to mountains, rain, seas, ocean and bowers. The melody and sentiment expressed in their songs are best rendered on string instruments, which they use almost exclusively. Besides the ones with which we are most familiar, there are others that may be considered as having originated in Hawaii. The most popular of these are the ukele, steel guitar and the tarapatch, resembling in shape a very small guitar.

The Hawaiian singers and players who are soon to appear on our chautauqua platform, formerly played for ex-Queen Liliuokalani and from that came the name, the Royal Hawaiian Quartet.

Evans-Jordan

On Tuesday evening at the home of Rev. B. J. Osborn, Miss Alma Evans and Mr. Ernest Jordan were happily united in the bonds of matrimony, Rev. B. J. Osborn officiating.

The wedding didn't come as a shock to the people as it is the result of friendship started in their school days.

Alma is the daughter of Mr. and Mrs. I. P. Evans. She is the type of a girl with strong determination to do all things well and is admired by all who know her.

Ernest is the second son of Mr. and Mrs. R. S. Jordan. He is a noble young man whom any town or community is proud to claim as their own.

Only the immediate relatives, Malcom Smith of Hillsboro and Rev. Osborn's family were present. The News joins their many friends in wishing them a long and prosperous wedded life.

Dorothy Gish is five feet tall, and is just five feet of mischief and individuality. They did not always call her the "Little Disturber" around the studio (which part she played in "Hearts of the World") It used to be little "Something Else," especially when a director or camera man was looking for his hat or having other trouble which would eventually be traced to the fact that Miss Gish was in the studio. We guarantee she will make you laugh, and perhaps cry, Saturday night in "Battling Jane."—Mission Theatre.

Well Made Hog Wallow Is Comfort for Porkers

It is as natural for the hog to want to wallow as it is for the small boy to scurry to the old swimming hole with the first breath of spring. Hot weather is hard on fat animals, the portly porker included. That is why a well made sanitary hog wallow is like a Coney Island bathing beach for the hog. A popular servicable type of wallow advocated by the United States Department of Agriculture should be made of concrete about 12 inches in depth and large enough to accommodate the herd of hogs. The wallow should be supplied with a satisfactory intake and outlet so that it can be filled about two-thirds full of water and drained every few days, or as often as is necessary to keep the pool fresh and clean. At the present time a test is being made at the experimental farm of the Department of Agriculture at Beltsville, Md., to determine the valve of the cement hog wallow as a comfort for hogs. The result of this experiment will be published upon completion early in the fall.

Everybody is talking Dorothy Gish, the dainty actress who will be seen in Battling Jane Saturday night. Miss Gish recently toured the country in behalf of the thrift stamp campaign and brought many thousands of dollars into the pledge funds in every city she visited. She is a victim of stage fright, so she says. Although on the stage from the time she was four years old until she was nearly fourteen, she declares that it is a most difficult thing to address an audience.—Mission.

Mrs. S. A. Wilson and daughter, Mrs. B. Hopkins, both of Henrietta, came in Thursday of last week for a visit in the Geo. P. Wilson home. They came by Clarendon and Mr. Wilson and daughter, Miss Gaynelle, met them there.

Estray Notice

In compliance with law and upon return of B. F. Newton, County Commissioner for Precinct No. 4, Gray County, Texas, I hereby give notice that there has been found running at large, and not estrayed, the owner of which is unknown, one red motley faced cow, about six or seven years old, no marks or brands, and one spotted heifer calf by side. Said animals now ranging in the neighborhood of J. E. Williams ranch, in Gray County, Texas, if not legally proven away by the owner thereof, within twenty days from date hereof, the same will be advertised, and said Commissioner will proceed to sell the same according to law.

Dated at McLean, Texas, this 28th day of July, 1919

DODGE BROTHERS MOTOR CAR

"ASK ANY SOLDIER"

If you were a soldier in the A. E. F., you probably remember that when you saw the Colonel drive by, he invariably rode in a Dodge. And the old boy usually got there too, when getting there depended upon the reliability of his car. We contend that a car good enough to stand the wear and tear—mostly tear—over shell-torn roads, a car that so high and important an officer as a Colonel

can depend on under campaign conditions, is good enough for anybody who wants a reliable car that looks good and is comfortable to ride in.

If you want a Dodge, you had better place your order now, for the demand exceeds the supply. People are finding out this car, and we expect them to be still harder to get later.

\$25 REWARD

I will pay a twenty-five dollar reward for the arrest and conviction of any party guilty of tampering with the lines. The state law on the subject is as follows:

Penal code, Art. 784: If any person shall intentionally break, cut, pull or tear down, misplace, or in any other manner injure any telegraph or telephone wire, post, machinery or other necessary appurtenance to any telegraph or telephone line, or in any way willfully obstruct or interfere with the transmission of any messages along such telegraph or telephone line, he shall be punished by confinement in the penitentiary not less than two nor more than five years, or by fine not less than one hundred nor more than two thousand dollars.

McLEAN TELEPHONE EXCHANGE

The News folks enjoyed another square meal Sunday, when they were guests in the hospitable home of Mr. and Mrs. Jno. B. Vannoy, along with Mr. and Mrs. W. C. Cheney and R. W. Crisp and wife of Alanreed. There is not much danger of the newspaper man starving so long as McLean housewives like to see us eat so well.

FOR SALE—1000 bundles Kaffir at 5cts. See Frank Stockton, one mile south of McLean, 27-5p.

D. N. Massay mortored to Clarendon Monday, returning Tuesday.

You know that mother love is the greatest blessing we mortals here below are blessed with, and is next to The Great Love. But when mother is gone to her reward, and her only daughter is left behind as guiding light to her only boy, who disregards his sister's pleadings and falls a victim to the demon rum and its by products, and comes to her drunk and disgraced. Marion Davies in "Cecilia of the Pink Roses" tonight shows you how she won. Don't miss this picture; it is one of the best we have booked this season.
