Just Between Us

With Christmas behind us and the ending of another year just hours away, this is a good time to reflect on our achievements and disappointments during the past 12 months.

The year 1964 was a good one for most of us in McLean. Business was reported down for some firms and individuals, while others held their own and still others recorded increases.

The continued downward trend of cattle prices certainly must share a part of the blame for any decline in retail trade.

Since ranching is a big industry here, any loss of income from this source must be felt.

We are told that business always suffers to some extent during a general election year.

The unusual bitterness of the past presidential campaign, as well as in other races in Texas, caused feelings of uncertainty for virtually every American—whether he be Democrat or Republican. Some uneasiness persists, and perhaps it will for months to come. But if Roger Babson, the perennial prognosticator whose forecast appears elsewhere in today's McLean News, is right again (and he usually is), then 1965 should be a good year generally.

At last report the American National Bank in McLean had recorded a new seasonal high in assets—and the figure was still climbing. This would indicate one of two things—business isn't really so bad, or residents are hanging onto their money.

We are looking forward to the next year among the finest people existing anywhere.

For this reason, we want to wish everyone the happiest New Year ever.

Bert Darsey is building herself a reputation as quite a sharpshooter.

We reported recently about Bert (Mrs Les) shooting a bobcat from a tree behind her ranch home north of Alanreed.

So now a ranching neighbor is calling on Bert for assistance.

Ruth (Mrs. Leonard) Glass has been troubled with a pesky bobcat which keeps stealing her chickens. The animal appears irregularly for his meals, and Ruth hasn't been able to put a stop to the goings-on.

She has kept a gun loaded and waiting for the bobcat, but so far her efforts to shoot the culprit have been unsuccessful.

Ruth has Bert ready now to spring into action when the 'cat makes its next appearance.

Two anger "danger" signs have been called to our attention.

Gail Terry informed us Saturday that she can always tell when her dad, George, is getting mad. His eyes turn green, Gail says.

Mrs. Vera Back cautioned her junior high students that when her hair turns red, it means they had better take care.

The announcement that Flip Bredlove plans to retire next month as Donley County agricultural agent came as a big surprise (See JBU, Page 5)

Babson's Business, Financial Forecast for '65

Roger W. Babson

Promising the people of the United States "peace and prosperity," President Johnson was carried to victory last November on an overwhelming landslide. By nature he is more likely to compromise than to contest. Also, he is deeply sincere in his desire to accelerate the economic growth of this country and to wipe out poverty. But we must not forget that both Woodrow Wilson and Franklin Roosevelt promised to keep America out of "foreign" wars. And already the British financial crisis has forced the Federal Reserve to raise its discount rate to 4 per cent—despite Johnson's dislike of higher money rates. Therefore, as we look forward to 1965 from our more than 60 years of experience in forecasting and analysis, we emphasize once again

that the great rolling tides of economic fundamentals and social currents are likely to have a greater impact on what is to unfold than will the campaign promises of successful candidates. 1. There will be no war with Russia in 1965. The Russian people want some of the "peace and prosperity" that President Johnson promised our citizens. 2. Watch Russia's satellites in 1965. They will try to make a deal with the new Moscow Administration which will involve more trade and prosperity and less politics. Following Khrushchev's fall, the satellites will aim for more consumer goods for their people rather than for more personal freedom. 3. Russia will not bring the Berlin issue to a crisis in 1965. The tendency will be to soft-pedal talk about Berlin until Red China's course of action becomes clearer. 4. Red China made the biggest news in 1964 by exploding a nuclear bomb. In 1965, Communist China's greatest effort will be to gain

admission to the United Nations. World leaders cannot ignore this awakening giant with its 700,000,000 people. We believe there is a 50-50 chance that the Red Dragon will get into the UN in 1965. 5. However, Communist China will not risk all-out war in the year ahead. She has neither a sufficient stockpile of nuclear bombs nor adequate means of delivering them in quantity. Red China's biggest use of her new-found nuclear power will be to "blackmail" the West. 6. Regardless of what happens in the next few months, we look for President Johnson to compromise on the situation in South Vietnam sometime during 1965 and move toward "neutralization." 7. Conditions in Cuba are not likely to change radically in 1965. The Russians will do nothing to handicap Castro; neither will they do much to help him. Thus Castro will be unable to deliver the economic help he has promised other Latin American nations. And with world sugar prices down,

the Cuban chieftain will try to make a deal with the United States before the end of 1965. 8. Cutbacks in defense spending will not result in radical unemployment in the U.S. in 1965. Companies and regions seriously affected by the loss of "conventional" defense work will shift to meet the rapid changes due in our system of defense during the next few years. 9. Our Defense Department, under Secretary McNamara's leadership, will increase efforts in 1965 to produce new super-weapons. It is realized there would be no Maginot or other "line" to protect any country in future wars. Control of space will be the new aim in defense. 10. Intensified emphasis on new space-age defenses will provide more jobs in 1965 than the closing down of obsolete installations will eliminate. 11. The stock market will continue to be a paradox in 1965. The Dow-Jones Industrial Average may push to 1000 before any real

turn-around takes place. Many stocks, however—including numbers of issues oriented to conventional warfare and defense—will still do little or nothing. Look for greater selectivity in stocks next year. 12. 1965 may be an advantageous time for investors to put very small sums of money into "space" stocks. These are outright speculations, but so were the ventures of Columbus, Magellan and other explorers of the past. If there were no risk-takers there would be no progress. Such "investments," however, should be well diversified and limited to amounts you would be prepared to lose. 13. Cash dividend payments should increase in 1965 . . . although at a much slower rate than has been the case this year. 14. No assessment of finances in the United States can be made without carefully weighing Britain's plight. We are convinced that unless the Labor Government adopts strict austerity measures, the pound will fall before the end of 1965. 15. Until the fate of the pound is resolved, short-term interest rates must be kept high to prevent foreigners from withdrawing their deposits held here. Also, domestic demand for credit promises to remain strong. Hence, interest rates will edge upward during 1965. 16. There may be some erosion in bond prices as interest rates move upward, but there should be no massive decline unless a real credit crisis develops. Investors making new purchases would do well, however, to stick now to bonds maturing within five years. Some time during 1965 longer bonds may become good buys. 17. Inflation fears may rise in 1965; but we do not look for runaway prices next year as productive capacity is too large. 18. More wage hikes are certain in 1965. Liberal concessions won in the auto and other industries in 1964 provide tempting (See BABSON, Page 5)

Another Honor for Dickie

Crockett Named To Writers' All-State

Dickie Crockett, McLean Tiger who was perhaps Texas' leading ground-gainer in the 1964 football season, has been selected on the Class A All-State second team.

The dream team was chosen by the Texas Sports Writers Association.

Crockett, who gained more than 1,600 yards in the Tigers' 10 games, had earlier been named to the Class A second team announced by the Fort Worth Star-Telegram.

He also was a unanimous choice for fullback on the All-District 2-A first team.

The son of Mr. and Mrs. Emory Crockett, Dickie averaged gaining well over 160 yards in each game the Tigers played the past season.

He even topped the 200-yard mark in one contest.

Crockett and Charles Smith of White Deer are the only Panhandle area representatives on the All-State team announced by the Texas Sports Writers Association.

Smith is a tackle on the second team.

Old Timers Club Meets on Jan. 8

The Old Timers Club will meet at 12 noon Friday, Jan. 8, at Lovett Memorial Library in Pampa.

Mrs. Cliff Vincent, chairman of arrangements, urged all persons who have lived in the Panhandle area 50 years or more to attend.

Each should bring a covered dish for the luncheon. An interesting program is planned following the luncheon.

Undergoes Surgery

James Martindale has returned to his farm home south of McLean after undergoing back surgery on Dec. 18 in Northwest Texas Hospital in Amarillo.

GATHERING OF COTTON CROP NEARING END

McLean Gin Yard 'Covered Up' As Rush Continues

Local and area farmers were rushing toward completion of their cotton harvest this week, and the McLean Gin yard was literally "covered up" today.

B. F. Holland, gin manager, said Tuesday afternoon that 55 bales of cotton were waiting on the yard to be ginned and more was coming in.

A total of 750 bales had been ginned.

Holland said he and the farmers hope to complete the harvest this week.

"We're going to keep the gin running until the harvest is finished," Holland said.

The gin was closed for Christmas Day, but Holland said there would be no holiday Friday, New Year's Day.

The day after Christmas there were trailers loaded with 10 bales waiting on the gin yard.

Several farmers have already gathered all of their cotton and others were attempting to wind up their operations within the next few days.

Basketball Action Resumes Next Week

Games before the home folks are on tap next week for the McLean Tigers and Tigerettes, as they return to action after the holidays.

Groom comes calling Tuesday night and Lefors is due the following Friday night.

Games start at 6:30 p.m., with the Tigerettes leading off each evening. These are the final tilts scheduled before the local teams begin District 2-A competition at Wellington on Jan. 12.

The junior high Cubs and Cubettes still have several days of rest. Their next contests are scheduled Jan. 14 at Skellytown.

The junior games originally set for Jan. 7 at Canadian have been changed to Feb. 4.

Funeral Thursday for C. S. Rice

First Mayor of McLean Dies

C. S. RICE

Columbus Sylvester Rice, the first mayor of McLean, died at 10 p.m. Tuesday in Highland General Hospital at Pampa.

He was 96. Funeral services will be at 3 p.m. Thursday in the McLean Methodist Church with Rev. J. B. Stewart, pastor, officiating.

Interment will be in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. Rice was admitted to the hospital last week after being injured in a fall at his home.

Born on Sept. 29, 1868, in Atchison, Kan., he was married to Miss Ibbie Nichols on Oct. 30, 1890, in Fort Worth. They observed their 74th wedding anniversary this year.

Until earlier this year, when a great great grandson died by drowning, there had been no deaths in the Rices' immediate

family since their marriage. In 1904, Mr. Rice, who was employed at the time by the Texas and Pacific Railroad in Fort Worth, was offered employment by the Cicero Smith Lumber Co. in Shamrock.

The family moved there, but in August of the same year they came to McLean, where Mr. Rice assumed the position of manager of the Cicero Smith Lumber Co.

When the City of McLean was incorporated in 1909, the residents selected Mr. Rice as their first mayor. He held the office for 19 months this time, but was elected again in 1920.

All told, he served in the position for eight years. In later years he became justice of the peace in this precinct, but poor eyesight forced his retirement in January, 1959.

TIBBETS RITES HELD SUNDAY

Local Woman Dies On Christmas Day

Mrs. Viola Tibbets, 67-year-old McLean resident, died at 7:40 a.m. Christmas Day in Groom Memorial Hospital.

She had suffered a stroke at her home in south McLean the day before.

Funeral services were held Sunday afternoon in the First Baptist Church, with Rev. Dan Beltz, pastor, officiating. Interment was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mrs. Tibbets was born in Collingsworth County on July 30, 1897, and moved to the McLean and Alanreed area in 1918.

She was married to Oscar Tibbets on Dec. 24, 1916, in Wellington.

Survivors include her husband; one daughter, Mrs. Mildred Giesler, McLean; a son, Judson, of Albuquerque, N. M.; two sisters, Mrs. Palo Cummings and Mrs. Lou Rankin, both of Wellington; four brothers, J. B. Goodnight, Pampa, Hayden Goodnight, Amarillo, and Bob Goodnight, Fort Worth; nine grandchildren and one great grandson.

Funeral services were held at 7:30 p.m. Monday in the Legion Building.

Harlon Pool Sr., past commander, urged all members to attend.

Firms Close Friday

New Year's Day Observance Set

McLeanites, just recovering from a long Christmas weekend, will observe another holiday Friday.

New Year's Day will be marked here by the closing of most business houses.

For most residents, it'll be a day for sitting before the television sets watching the traditional bowl games and related festivities.

But unlike last weekend, it'll be business as usual the following day, Saturday, when most offices and stores will re-open.

McLean students and teachers end their long holiday period by returning to classes next Monday morning.

School resumes at the same time in Alanreed.

The next scheduled school holiday is almost 2½ months away.

The conference for education will be Friday, March 12, and St. Patrick's Day the following Wednesday, March 17.

Legion to Meet

The McLean American Legion post will hold a called meeting at 7:30 p.m. Monday in the Legion Building.

Harlon Pool Sr., past commander, urged all members to attend.

Mercury Climbs To High of 77 Degrees

The mercury crept up to near spring-time levels during the past week—but there were some chilly night-time readings.

High temperature for the week ending Tuesday was 77 degrees last Wednesday.

The low was 36, which occurred Sunday.

No rainfall was recorded in the city, leaving the total for the year at 21.02 inches. Of this, 1.29 inches have fallen in December.

This compares with a 1963 total of 15.41 inches and 58 inch in December.

NO ONE HURT IN ACCIDENT

Only Mishap in Area Thus Far

No one was injured in the only traffic accident thus far reported in the McLean area during the Christmas and New Year's holiday period.

The lone mishap occurred at 1:45 p.m. Sunday at the intersection of Kingsley and Fourth Streets and involved cars driven by Charles L. Griffin and Janice Faye Sparlin.

Highway Patrolman R. C. Parker said Griffin was driving north on Kingsley in his 1961 Plymouth and the Sparlin 1957 Chevrolet was headed west on Fourth.

Damage was described as moderate.

Drive With Care

Parker cautioned motorists to drive with extreme care especially during this period.

"Traffic is real heavy, but as a whole most everyone is driving sanely," Parker said.

He pointed out that one of the most dangerous days on the highways will be next Sunday, when motorists will be returning to their homes from Christmas and New Year's holiday trips.

Since Highway 66-Interstate 40, the "Main Street of America" are routed through this area the traffic is always heaviest during holiday periods.

NEW CONSTRUCTION: One of the major investments in the 1965 construction program of the Southwestern Public Service Co. is a new 210,000-kilowatt generator, which is being installed at Cunningham Station, west of Hobbs, N. M. The new unit, pic-

tured under construction, is scheduled to be in service in mid-1965. Southwestern Public Service Co.'s 1965 improvement program calls for an investment of \$24,607,000 in new equipment, second largest construction budget in the company's history.

\$24.6 MILLION CONSTRUCTION PROGRAM AHEAD FOR SWPSC

Southwestern Public Service Co.'s 1965 construction and improvement program calls for an investment of \$24,607,000 in new facilities, it has been announced by A. R. Watson, president and general manager of the electric company.

The construction plans for 1965 anticipate the second largest annual improvement program in the company's history, topped only by 1964's record investment of more than \$30,000,000.

At the conclusion of the 1965 program, the electric company will have invested nearly \$120,000,000 in new equipment in the 1961-65 period.

Watson said: "One year ago, when we announced a record single year construction budget, our forecast was for continued growth throughout our 45,000-square-mile service area. Our optimistic outlook remains unchanged, as evidenced by the continued high level of new equipment investment we plan for 1965 and the years to follow. Inasmuch as we must begin our planning and construction to meet our customers' needs from three to five years in advance of their actual requirements, it is apparent that we anticipate continued economic expansion in our service area."

A major portion of the electric company's 1965 construction budget will go for additions to its interconnected generation and transmission system, which includes 11 base-load electric generating stations which are linked together by a 4,000-mile network of high-voltage transmission lines.

The additions to the generating capability include a 210,000-kilowatt unit to be installed at Cunningham Station, west of Hobbs, N. M.

The Cunningham addition will be the second 210,000-kilowatt machine to go into service within the period of a year. Plant X, near Earth, Texas, houses the first of these giant generators, the largest single unit in service on the company's system.

The other generating additions to be completed in 1965 are gas turbine units to be installed at Borger and Pampa. These units will be located at industrial plants in each case, with the fuel to be provided by the customer.

At the Borger location, where natural gas will be purchased from the customer for fuel, the exhaust gases will be returned to the customer for use in his plant.

At Pampa, hot pressurized gases which are a by-product of the customer's manufacturing process will serve as the fuel for the new turbine.

"These 'tailored' installations of generating equipment are indicative of our responsibility to conserve the natural resources of the area we serve. In each case, there will be total utilization of the heat energy present in the gases, and all waste will be eliminated. This, of course, introduces economies for us as well as the customer, and is the type of program we must carry on to keep the customer's price down by keeping our costs down. The benefit of this type of planning goes to all of our customers," Watson said.

The year 1965 will see a continuation of a program started last year to convert the main arteries of the company's transmission network to 230,000-volt lines. The major voltage was 115,000 volts until this year.

Scheduled for completion this year are 230,000-volt lines running

from Plant X to Cunningham Station and from Plant X to Nichols Station, northeast of Amarillo.

The 230,000-volt lines have four times the carrying capacity of the 115,000-volt circuits and their increased transmission capability ties in with the larger, more efficient generating units such as the two new 210,000 kilowatt machines to both improve service and keep it economical.

A 115,000-volt line is being constructed from Amarillo to Borger to provide the electric power for pumping the water through the aqueduct system associated with the Canadian River Dam.

Load growth in the Hereford-Dimmitt area will bring the construction of another 115,000-volt circuit from Plant X to Hereford. This will "firm up" for many years the power supply in this growing region.

Watson concluded: "There is great satisfaction in being able to say to our customers once again as a new year starts that their electric service dollar is buying more than ever before. Three things make this record possible. First of all are the customers themselves, who are using more electric power than ever before. They make it possible for dedicated employees working with the most modern and efficient equipment to keep down the price of our service in the face of rising costs for fuel, equipment and labor."

DID YOU KNOW?

That last week we found that Faith, Repentance and Confession were commandments of God and part of His will.

That another commandment is to obey the Gospel, or be punished. (III Thess. 1:7-9)

That the Gospel is God's power to save all that believe (Rom. 1:16), and this Gospel that Paul declared which saves us is the **Death, Burial and Resurrection** of Christ (I Cor. 15:1-4), and we find in Rom. 6:3-5 how we obey that Gospel, or **Death, Burial and Resurrection**, which is being baptized into Christ, baptized into His death, yes, buried with Him by baptism into Death, and like as Christ was resurrected from the Dead, we should be raised out of the grave of water to walk in a new life.

That we can now understand why Peter said in I Pet. 3:21 that Baptism saves us, and why Jesus said we must be born of water and spirit. (Jno. 3:3-5)

Income Tax Return Requirements Told

A federal income tax return must be filed by every citizen or resident of the United States, including minor children, who had gross income of \$600 or more in 1964. Hubert B. Hamill, administrative officer of the Amarillo office of Internal Revenue Service, reminded today.

A calendar taxpayer, who is 65 or over, is not required to file unless his gross income in 1964 was at least \$1200, Hamill said.

Document No. 5107 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

Visiting with Mr. and Mrs. Chuck Cooke during the holidays were Mr. and Mrs. J. E. Cooke and Dan and Sue of Plains, Mr. and Mrs. Joe Cooke and Cathy, Beverly and Kelly of Borger and Mr. and Mrs. Arlie Carpenter of Lefors.

MUSIC CLUBS MEET, PRESENT ANNUAL CHRISTMAS PROGRAMS

The Christmas meeting of the Double Sharp Music Club was held Monday, Dec. 14, in Mrs. Willie Boyett's studio.

Repertoire: players were Cheri and Valta Tarbet and Jan Coleman who each played six selections.

All other members played one selection each.

Special Christmas numbers were duets played by Cheri and Valta Tarbet and Jan and Sarah Coleman.

Mrs. Boyett announced the following ratings: Superior plus—Judy Watson, Connie Edwards and Jon Green; superior—Jan Coleman, Stephanie Riley, Cheri Tarbet and Valta Tarbet; excellent—Leslie Back, Jimmy Baker, Randy Curry, Cherylan Holmes, Billy Orrick, Becky Orrick and Gay Simpson; good—Janet Cruillers.

Almost all the students received award cards for regular practicing. Seven of them received cards for superior ratings.

Judy Watson was named "Student of the Month," with Connie Edwards second.

At 5 p.m. the club met with the Musical Nine Club for a short Christmas program.

Psalm 19:14 and Matthew 2:1-2 were repeated in unison.

The singing of Christmas hymns was led by Mrs. Jesse Coleman, with accompaniment by Martin

Giesler. Refreshments of punch, cookies and candy canes were served to 48 members and guests by the hostesses, Mesdames Earl Tarbet, John Dwyer, Coleman and Boyett. Miss Ethel Sperry of Illinois was a guest.

Following the joint session with the grade school club the Musical Nine Club was called to order by Keith Watson, vice president.

The minutes of the previous meeting were read and approved.

Sarah Coleman and Nelson Dwyer presented a repertoire program of six memorized selections each. They also presented a special number, a duet, "O Holy Night."

Other members present played one number each, except for Timothy Banks, who was unable to play due to an injured hand.

Ratings were announced as follows: Superior plus—Sharon Wells; superior—Keith Watson, Debra McClellan, Martina Giesler and Phyllis Pagan; excellent—Sarah Coleman and Nelson Dwyer.

Keith Watson was named "Student of the Month," with Debra McClellan as second.

When Sharon Wells turned in her grades it was found that she had a higher grade than either Keith or Debra, so a compromise was decided upon by calling Keith and Sharon tied as "Student of the Month."

The club adjourned to meet again in February.

Woman's Society of Christian Service Has Christmas Party

The WSCS of the Methodist Church met in the church parlor on Dec. 12 for a Christmas party.

Following a business session the secretary announced that magazines to the State Prison, gifts to patients at the Wichita Falls Hospital, gifts to the Mission Home and gifts to Boys Ranch had been sent.

Mrs. Elton Johnston was in charge of the program.

The scripture given was Matthew 1:18, 25.

Mrs. J. L. Andrews sang "O Come All Ye Faithful." Prayer was given by Mrs. J. B. Stewart.

Mrs. W. E. Bogan brought "The Legends of Christmas," which included the Pagan Mid-Winter Festival to the birth of Christ and ended with Luke 2.

"Silent Night" was sung.

Following the exchanging of gifts, Mesdames Bob Black and Charles Carpenter served refreshments of Christmas cookies and coffee cake.

The serving table was centered with a huge candy wreath and tall red candle.

The mantle was arranged with boxes of candy, which are to be distributed to college students.

An open Bible and manger scene were used on the piano.

Those present were Mesdames Ellen Wilson, Alice Wilson, J. L. Hess, J. E. Kirby, Irene Ledbetter, Bob Massey, Cliff Day, Lurah Rhodes, Evan Sitter, Charles Cooke, Earl Eustace, Stewart, Johnston, Bogan, Black, Andrews and Carpenter.

Visiting in the C. M. Corcoran home for Christmas were their children and their families, Mr. and Mrs. Lewis Tabor and Mike and Cynthia, Mr. and Mrs. Paul Whitworth and Ricky and Erma Ruth and Mr. and Mrs. Earl Walker and Mary Mike and Shelly DeAnn. Mr. and Mrs. Corcoran are returning home with them for a short visit.

Mr. and Mrs. Tony Smitherman and Beth spent Christmas in Hart with Mr. and Mrs. Paul Kennedy.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Texas legislators will be back in Austin on Jan. 12 to grapple with an array of problems which could keep them here throughout the summer.

Congressional and legislative redistricting taxes and appropriations top the agenda of controversial subjects for the 59th session.

Many lawmakers feel they barely will come to grips with the redistricting issue before expiration of the regular session in May. Special sessions very likely will be necessary to settle this explosive matter in line with the one-man-one-vote theory laid down by court decisions.

Proposed expenditures for higher education and teacher pay raises look like topics for debate in the spending area.

Other legislation sure to stir strong interest and hot tempers includes horse race betting, oil and gas pooling, water planning and development, mixed drink sales and judicial pay raises.

No significant change in the power structure of either house of the Legislature is likely. House Speaker Byron Tunnell is assured of another term and Lt. Gov. Preston Smith will begin his second term as presiding officer of the Senate.

There are only two new members in the Senate and 42 in the House.

CRIME RATE UP—Texas' crime rate jumped nearly 12 per cent in 1964, says the Department of Public Safety.

Rate increased from 2,261 offenses per 100,000 population in 1962 to 2,675 this year. This fact led a committee of Texas mayors to call on Gov. John Connally for advice as to action needed.

Connally promised to cooperate and urged the 10 mayors to have their city attorneys review proposed revisions in the state code of criminal procedure.

Mayor Hank Avery, Texas Mu-

nicipal League president blamed the increase on crowded court dockets, loose bail bond procedures, easy paroles after short imprisonment, weakening of parental responsibility and separate trials for co-defendants. Avery is mayor of Midland.

Dallas Mayor Erik Jonsson and San Antonio Mayor Walter McAllister noted the high number of repeated arrests. Jonsson suggested that traffic violations by drivers with suspended licenses be made penitentiary offenses. He also proposed legislation to make it harder for persons charged with multiple crimes to be released on bond.

STATE SALES TAX—There is guarded talk in the halls of the State Capitol, by lawmakers who would rather remain anonymous for now, that the two-per-cent sales tax will be extended to cover grocery purchases when the 1965 Legislature meets.

State sales tax law passed three years ago brought in \$204,736,161 during the fiscal year which ended Aug. 31. This tax accounted for 12 cents of every state revenue dollar.

But expected demands on state resources—to meet teachers' pay raises, improvement of higher education facilities and upgrading of other state services—is expected to be the trigger for making the sales tax applicable to groceries, heretofore exempt.

Mrs. R. O. Cunningham entertained some of her children and grandchildren during the holidays, including Mr. and Mrs. Noah Cunningham of Corpus Christi, Mr. and Mrs. Eddie Cunningham of Houston, Mr. and Mrs. Ronald Cunningham and daughters of Lovington, N. M., and Mr. and Mrs. Conrad Cunningham and children of McLean.

NEWS OF CONSERVATION

Grass seeding is one of the most significant conservation practices needed in Gray County.

Old fields that are not economical to farm as cropland, or old fields that have been infested by poor quality grasses have been successfully re-seeded to high quality

native grasses such as Indiangrass, bluestem mixtures, switchgrass and sidecoats grama.

The main advantage of re-seeding old fields is that a large quantity of high quality forage can be produced in a period of years whereas it might take 30 to 42 years or longer for Mother Nature to do the same job.

Native grasses such as Indiangrass and bluestem mixtures produce more pounds of forage per acre and are higher in digestible nutrients than most of the grasses that frequently invade old fields.

Grasses such as sand dropseed, silver bluestem, grassbur and gummy lovegrass are low in production and palatability.

While these poorer grasses may give satisfactory results for a short period of the year, they do not produce satisfactorily over an entire growing season.

The better native grasses have proved to be more drought resistant and consistent producers in all seasons, regardless of the rainfall.

Harris King, J. D. Fish, Eben Warner, Truitt Johnson, Sailor Brothers and Cecil Seaney are some of the Gray County ranchers that plan to do range seeding this spring.

Farmer Reports Due For Filing Feb. 1

Farmers in this area were reminded today that annual reports of the earnings of their farm workers are due in the office of the district director of Internal Revenue by Feb. 1, 1965.

Farm employers who fail to file a yearly report on the earnings of their farm employees and to pay the Social Security taxes due are subject to penalties and interest charges on the unpaid taxes.

Hal Geldon, Amarillo Social Security district manager, and Ellis Campbell, district director of Internal Revenue at Dallas, noted that the earnings of most farm workers are covered under Social Security.

A farm employe, to be covered, must be paid at least \$150 in cash wages by his employer, or work for the employer on 20 or more days during the year for cash wages figured on a time basis (rather than on a piece-rate basis).

For 1964, the Social Security tax rate is 3% per cent each for employer and employe on cash wages up to \$4,800. The tax amount must be entered on Form 943 (Employer's Annual Tax Return for Agricultural Employees) together with the total amount of cash wages paid to each farm worker.

The completed form must be filed with the district director of Internal Revenue at Dallas, on or before Feb. 1, 1965.

Burr-Lane Wedding Held Here Dec. 23

Wedding vows were exchanged by Mrs. Louella Burr of McLean and Raymond Lane of the Heald community at 5 p.m. Wednesday, Dec. 23, at the Church of Christ parsonage.

Jay Channell, minister of the McLean Church of Christ, officiated at the wedding ceremony.

Mr. and Mrs. Raymond Guyton were attendants to the couple.

Following the ceremony, a wedding supper was held at the Hotel Coffee Shop in McLean.

Attending, in addition to the wedding party, were the parents of the bride, Mr. and Mrs. Guy Saunders of McLean.

Christmas holiday visitors in the Luther Petty home were their children and grandchildren, Francis Luther Petty of Midland, Mrs. Nora Loveland of Dallas, Mr. and Mrs. Herman Petty and David, Ann, Joan, Douglas and Joy of Abilene and Mr. and Mrs. H. M. Billingsley and Vernon Kennedy of Amarillo.

**SS Representative's
 Schedule Announced**

Dates for the Social Security
 Administration representative's vis-
 its in this area during the first
 quarter of 1965 have been announ-
 ced by H. S. Geldon, district SSA
 manager in Amarillo.

Geldon said Field Representa-
 tive Curtis Watts will be available
 at the following places at the
 times shown:

Shamrock Community Building,
 10 a.m. to 12 noon Tuesday—Jan.
 5 and 26, Feb. 2 and 23 and March
 9 and 23.

Wellington courthouse, 8:30 to
 11 a. m. Thursday—Jan. 7 and
 21, Feb. 4 and 18 and March 11
 and 25.

Clarendon courthouse, 9:15 to 11
 a. m. Monday—Jan. 4 and 18, Feb.
 8 and 26 and March 15 and 29.

Memphis American Legion Hall,
 9:30 to 11 a.m. Monday—Jan. 11
 and 25, Feb. 1 and 15 and March
 8 and 22.

Watts will be available to con-
 duct any business relating to
 Social Security.

However, Geldon said that be-
 cause of the crowds who often
 are waiting to meet the repre-
 sentative, it is suggested that
 persons may want to visit the
 Social Security office at 1006 Ad-
 ams in Amarillo.

The office is open from 8:15
 a.m. to 4 p.m. Monday through
 Friday.

(Continued from Page 1)

And we would imagine many
 farmers and ranchers in Donley
 and Gray Counties were shocked,
 too.

Flip has been a permanent
 fixture around these parts, and the
 most willing worker we've ever
 seen. All of us have eaten at one
 time or other some of his famed
 barbecue, and farmers and ranch-
 ers have found in Flip a man
 sincerely dedicated to helping them
 in any way he can.

We will miss his news releases,
 too. When there was any activity
 he thought people around here
 would be interested in, Flip never
 failed to type out an article and
 mail it to us, always with the
 notation, "Thought you might be
 interested in this."

We're told he declined the chance
 to hire a secretary to handle some
 of these office chores, preferring
 to do them himself.

The last time we visited with
 Flip for any length of time was
 at a banquet in Pampa. He had
 given up smoking a few days
 before and his wife, Dorothy, was
 about ready to shove another flag
 into his mouth.

We're glad, Flip, you've decided
 to stay in Clarendon. Perhaps
 we'll still have opportunity to see
 you occasionally . . . and eat your
 fine barbecue.

 Mrs. Kid McCoy received a box
 of rare-looking flowers Monday
 from her son, Dr. Kid McCoy,
 who lives in Hawaii.

She said they were Antheriums,
 but neither she nor we know for
 sure if this is the correct spelling.

We were interested in the appear-
 ance of the flower, and Mrs. Mc-
 Coy took the hint and gave us one.

The flower looks almost artifi-
 cial, with a waxy red leaf and a
 tongue-like protusion in the center.

Dr. McCoy attached a balloon
 filled with water to the stem of
 each flower to keep the Antheri-
 ums fresh on their trip to his
 mother.

BABSON

targets for the steel unions and
 secondary labor groups to shoot
 at in 1965.

To the extent — and this
 could be considerable — that higher
 costs cannot be compensated for by
 price hikes and greater efficiency,
 profit margins will suffer in 1965.

Indeed, despite the projected
 two per cent cut in the corporate
 income tax rate next year, we
 look for only a very slight over-
 all rise in corporate profits . . .
 nothing to compare with this year's
 huge 20 per cent expansion.

Labor disputes will be num-
 erous in 1965. May labor pacts
 can, and will, be reopened for
 wage adjustments during the com-
 ing year.

Employment will continue
 favorable in 1965 but additions to
 rolls will be most noticeable in
 fields such as teaching, personal
 services, and government work.

Little real progress will be
 apparent in the drive to reduce
 unemployment. We are only now
 just "touching off" the big new
 explosion in growth of the labor
 force.

Due to rising labor costs,
 look for business to turn even
 more to automation and labor-
 saving devices in 1965. Pressures
 on profit margins will spur cost-
 cutting and efforts to raise pro-
 ductivity.

Because of rising expenses
 and overwhelming competition, a
 further increase in failures will be
 seen in 1965.

As a result of automobile
 strikes in late 1964 and the fear
 of a possible steel shutdown in
 mid-1965, we look for a bulge in
 business volume during the first
 half of 1965.

In a nutshell business should
 make new all-time highs in early
 1965; after mid-year, a tapering-
 off appears likely. However, 1965
 will set another new record.

Following the strike inter-
 ruptions of late 1964, personal in-
 come should move smartly ahead
 to new highs in the first half of
 1965 . . . although the rate of
 advance will be slow after mid-
 year.

This projected rise in in-
 come will be beneficial to retail
 trade. And though buying in the
 second quarter may be dampened
 by heavy income-tax payments
 due Uncle Sam on April 15th as a
 result of under-withholding
 during 1964, the last half of the
 year will find retail trade in
 certain lines such as furs and
 jewelry — spurred by President
 Johnson's promised excise-tax cuts.

The automobile industry
 should post another excellent sales
 year in 1965 but as the year ad-
 vances we feel that gains will
 be harder to come by.

The powerful building and
 construction activities should prove
 a strong support to general busi-
 ness during 1965 . . . even though
 we foresee no marked improve-
 ment. Some gain in dollar volume
 will be largely due to higher
 costs. Apartment building has been
 overdone in some sections and a
 breathing spell is logical. One-
 and two-family houses could post
 a small increase, but the big market
 for new housing is still some years
 distant.

Overextension of credit and
 overambitious operators have put
 the real estate market in a bind
 in many large metropolitan areas.
 We strongly advise caution in mak-
 ing new commitments, especially
 in commercial real estate where a
 thin equity exists.

However, even if scarcer
 than in recent years, there will
 still be opportunities for selective
 purchases of real estate in 1965.
 Each area is a law unto itself.
 Know your locality and study the
 direction of growth trends. Farm
 land bought in the path of ex-
 panding suburbs may be a better
 long-term buy in 1965 than stocks.

Non-farm real estate fore-
 closures will continue in an up-
 trend during 1965. This should
 be particularly true in regions
 where over-building of speculative
 homes has taken place and where
 cutbacks in defense spending cause
 local distress.

Productive farm land that
 lends itself to mechanization will
 not decline in price in 1965. Ris-
 ing use of farm equipment makes
 it necessary for operators to cul-
 tivate ever-larger spreads. This
 trend is maintaining the demand
 for fertile acreage in the farm
 belt.

As 1965 begins, prices for
 agricultural products are generally
 well above their lows for 1964.
 Unless several widespread drought
 intervenes, we look for no more
 than seasonal strength in agricul-
 tural prices during the year ahead.
 In a word, we do not see any

World-wide credit problems
 and restrictions on trade cast dark
 shadows on investment prospects
 abroad. Many nations which have
 shown great growth during the
 past 20 years will be poor risks
 for new commitments during the
 year 1965.

In conclusion we recall the
 statement of a former President
 of a South American nation: That
 the U.S.A. prospered so greatly
 because its founders came to
 worship God . . . as opposed to
 countries whose settlers went to
 worship gold. Surely we can hope
 to prosper in the future only as
 we recognize that righteousness
 and morality must be as impor-
 tant as analysis and statistics as
 springboards for new business
 ventures during 1965 and in all
 the years ahead.

Even with federal income
 taxes already slated to drop a
 notch next year and with pros-
 pects excellent that excise taxes
 will be cut, rejoicing should be
 restrained by the knowledge that
 local taxes will take another up-
 twist and social security levies
 will rise again . . . even faster
 after the 86th Congress enacts
 Medicare.

Climbing capital goods out-
 lays will be one of the brightest
 spots for 1965. Gains over this
 year could run as high as 10 per
 cent.

Further progress in United
 States exports will be harder to
 achieve in the coming year. Cer-
 tainly, if the steel labor outlook
 appears bad by mid-spring, heavy
 imports of foreign steel may be
 resorted to by U.S. businessmen.
 This would result in a narrowing
 of our favorable trade balance
 and have a further adverse im-
 pact on the U.S. international bal-
 ance of payments.

Although we are not fore-
 casting runaway inflation for 1965,
 we do feel that attempts to keep
 money easy in this country, in the
 face of a world-wide trend
 toward tighter credit, will greatly
 increase the danger of a later
 inflationary blow-off. Conditions
 remind us of the late 1920's when
 the Federal Reserve here kept
 credit too cheap and plentiful to
 support the British pound. Hence
 the eventual collapse came from
 an even more dangerous level.

It is unlikely that the United
 States will raise the price of gold
