Having Whipped the Kaiser  
Let's Go After Satan Now!

## The Baptist 75 Million Campaign

Represents the five-year program of Southern Baptists for combatting disease, ignorance, error and sin from our home territory out to the ends of the earth.

It represents the challenge of God to His people to make a worthy beginning toward the occupation of the new fields He has opened up, as well as a fuller cultivation in those which have been entered before.

More than a billion people have never heard anything of Jesus Christ. The need is stupendous. The response must be liberal. This is your greatest opportunity to aid in the reconstruction of the world along sane and moral lines.

The drive for cash and five-year pledges with which to carry out this program will be made during

### Garage Changes Hands

Van Webb has bought the McLean Auto Co. garage from Cash & Peters, closing the deal this week. We understand Van will move to town from the ranch about steen miles north some time this winter. In the meantime he will be here as much as possible to attend to business, and while he is away Johnnie Back will officiate. Johnnie is a good-natured sort of cuss. He can sell you any amount of gasoline for 28c per gallon and smile just like it didn't hurt him a bit, when any body ought to know his conscience is just giving him the very dickens.

We are told that Messrs. Cash & Peters retain their Dodge agency and will devote their entire time to selling Dodges and Magnolia Petroleum Co. products.

### To Detect Non-producers

Poultry raisers should learn how to detect the good layers from the poor layers, thus cutting down the feed bill without cutting down the egg production.

Don't forget the time and place for the poultry demonstration next week, Wednesday morning Nov. 19th at 10 o'clock at Mrs. S. A. Kunkel's poultry yard.

This will be a good time for breeders to advertise some of their poultry by displaying same on the streets.

Mr. and Mrs. Luther Petty of Caldwell, Idaho, are rejoicing over the arrival of a son born the 27th of September, who has been named Francis Luther. Mrs. Petty is the daughter of Mr. and Mrs. C. E. Francis.

J. H. Bodine and family motored to Amarillo Tuesday to visit their daughter, Mrs. Bethel Christian.

M. D. Bentley made a business trip to Oklahoma City the latter part of last week.

Mr. and Mrs. R. S. Thompson and Fred are visiting Edgar and Orin at Plemons.

Rev. Agee and Frank Stockton motored to Lone Mound Thursday.

D. W. Pyle and family left Wednesday night for Crowell.

Sid Denson of White Deer was here Thursday on business.

### Parent-Teacher Association

The Parent Teacher Association met in regular session Oct. 31 at 3:30 p. m.

The business part of the meeting was taken up first. The minutes of the last meeting were read and adopted, and the Constitution and By law Committee made their final report.

The question of ownership, repairing and renting the horse stalls on the school grounds was discussed but no final step was taken. It was decided best to wait until more of the parents were present.

The affiliation of the school was discussed. Laboratory equipment seemed to be the principal thing lacking. Means of raising funds for the necessary equipment was also discussed.

The organization expressed a desire to hear a report from the Civic Committee on what they had done toward play ground equipment.

Because of the lengthy business session part of the program was omitted. The vocal solo by Miss Ruby Cook was enjoyed very much.

Let all be present at our next regular meeting Friday, Nov. 28 at 3:30 p. m. at the school building. Secretary.

### To Send Box to Orphans Home

There will be a special program at the Baptist church Wednesday, Nov. 19 at 6:15 p. m., given by the Ladies Auxiliary and in the interest of Buckner Orphans Home. A box will be prepared for the Home, as a thank offering. All are requested to come and bring some article of value for the orphans.

Charlie Cooke is building a new residence just north of the park, which he will occupy as soon as completed. There is a shortage of houses here, and it would be good for the town if a number would do likewise.

Mr. and Mrs. T. E. Barton of Elmer, Okla., came Thursday to visit J. H. Harris and family.

Mr. and Mrs. Fields of Ill. are visiting in the S. C. Woody home this week.

W. P. Dial of Memphis was a business visitor in the city Wednesday.

Mrs. Hugh Longan of Ramsdell was here Thursday.

### Combination Cream

## Jonteel

Will not grow hair on your face.

You'll like this new kind of cream.

It isn't sticky—it isn't greasy—but so smooth and creamy it fairly melts into your skin. To soften, heal and beautify, an ideal powder base.

Scented with the costly odor of 26 flowers, the odor that has made Talc Jonteel such a sensation.

Produce Company**  
McLean, Texas

## We sure are living in a swift age

We travel through the air, under the water, and on its surface, and over the country roads at a terrific pace. What the next ten years will give us in inventions and discoveries is likely beyond the imagination of the wildest of dreamers.

One of the great discoveries of the present age is the method by which sound is "boxed up" to be let loose at will. The old phonograph was a crude affair compared with the machine of today. There are as many makes of these sound repro-

ducing instruments as there are breakfast foods, but none better than, if equal to, the MANOPHONE. It plays all records. From the mimicry of a vaudeville star to the speech of a statesman, from the rag-time jazzy melody of an Alexander band to the birdlike notes of a Galli Curci, the MANOPHONE reproduces faithfully, clearly, distinctly, pleasingly every note, tone, inflection and shading of the performer, orator, singer and artist. Different and reasonable prices. Terms to suit. A demonstration is yours for the asking.

## Not Long Until Thanksgiving

Not many days until Thanksgiving—America's great feast day.

That means it is about time for the prudent housewife to begin planning her Thanksgiving dinner.

And she can do so by dropping in at our store or calling us over the phone, finding out just what fancy flowers, fruits, nuts, jams, jellies, pickles, and the hundred other things we have on hand that go to make up a tasty, complete Thanksgiving spread.

**MOUNTAIN TIME**

If the exchanges that come to The News' desk are to be taken as indicative of public sentiment throughout the Panhandle, there is nothing that causes any more dissatisfaction than the action of the railroad administration in moving the clock back an hour, from Central Time to Mountain Time, unless it is the failure of this same railroad administration to provide cars for moving the wheat crop.

According to The Higgins News, the people of that town took action this way:

"The merchants in the city have agreed to make a change in the time as it now stands, and go on the old system of a month ago. On Sunday night they propose to set all business clocks one hour ahead, and work on Central time rather than on Mountain time as is being done at present.

"We believe that this is a good, sensible move on the part of the business men of the city. While some people of the city seem to believe that this method will be confusing, the writer very well remembers that in some cities in the east, this custom was common, and no one was badly hurt, or very much inconvenienced. It will be so in our case. In a very short time everyone will instinctively know that railroad time is one hour slower than city time and they will act accordingly. And then we will enjoy one hour more of daylight than we have at present.

"The city school will adopt the new time also. Patrons of the school should take notice and act accordingly."

McLean can do this if she wants to, and we are interested in the outcome of the experiment.

The Miami Chief says: "Putting the strip of Panhandle country in Mountain time, affects absolutely no one in the United States but the people living in that strip. We have never heard a man, woman or child say other than they would prefer to be back in Central time.

We would like to know why the change."

The Hall County Herald at Memphis is also thoroughly disgusted with the present order of things, and suggests a radical change:

"Mountain time is a nuisance and very unsatisfactory to our people. If the railways are turned back to the owners we hope to see Texas rebel against the splitting of a state into two time belts. Rather than this it would be best to make a Texas standard time. Say make it on a basis of sun time at Austin, or some central point."

**LIQUID INSPIRATION**

The distillers of liquors hold in bond sixty million gallons of fine Bourbon and rye whiskey that cannot be disposed of on account of the government's war-time ban on the sale of intoxicating liquors. The owners of this large quantity of liquors, not being able to sell it, are considering the plan of asking Congress to permit the giving of a five gallon jug full of these fine liquors to each family who desires it for medical purposes. It might be well that Panhandle editors file a request at once with their congressman for one of these five gallon jugs so as to avoid the rush. — Panhandle Herald.

This is hardly necessary in the case of Panhandle editors, since the gentleman over at Plainview has invented the decoction known as alfalfa tea. Just what alfalfa tea is made out of, besides alfalfa, we have not been able to learn. That it has the kick cannot be doubted. Witness the effect of it on editor Jones of the Silverton Star, as well as on the inventor. Moreover, alfalfa tea is gaining prestige among those brethren of the quill who refrained from indulgence in stimulants when they could not get anything so good. Ed Carlock, a churchman and enthusiastic prohibitionist, seems to have sampled the new drink with gratifying results. Witness the following from his Paducah Post:

A lot of fellows doubted the duck story told by The Post last week about a wild duck swimming around on Main Street. But we gave you some authority, and in addition can now state that the boys who killed it had it cooked at the restaurant and ate it for dinner.

For a long time Uncle Sam has posted on the walls of postoffices of the United States the prices at which he could do job printing, telling just how much a given number of envelopes would be printed for. He operates this government printing on money collected from the job printers of the country along with others, then does the printing for the job print-

**THIS WAS NEWS TEN YEARS AGO**

Interesting Items to Be Found in The McLean News of Nov. 12, 1909

J. T. Glass and son, Burl, were trading here Saturday.

A. L. Rippey and family were shopping with McLean merchants Saturday.

Bob Ashby was in from his home near Northfork Saturday afternoon on business.

Misses Bertha Graham and Cam Henry were in from their country schools Saturday and Sunday for a visit with their parents.

C. E. Francis of Iona, Mo., who has recently purchased the place of S. H. Smith east of town, was here the latter part of last week closing up the deal and making preparations to move his family to this place.

Clay Thompson and Rhea Faulkner, who are attending school at Clarendon, were here Saturday and Sunday to visit home folks. They were accompanied by Claude Howe, who is also a student of the Clarendon college.

ers' patrons at a price that yields no profit. The printers have complained long and loud but all to no purpose. Now Uncle Sam is posting prices of dry goods, groceries, etc., and we believe the printers are going to get some help in trying to persuade Uncle Sam not to set up in competition with the business concerns of the country from which much of the revenue that goes to pay running expenses of the government comes. Dry goods men and grocers now know how the printer has felt about it. — Granger News.

Cotton is bringing upward of 40 cents in the local market in several Panhandle towns. Maize is bringing only \$10 per ton. We have a bumper crop of kafir and milo this year, but the price is so low there is little profit to be realized from the sale of it. Cotton can be raised here, with good production for the acreage. Some few farmers grew cotton this year, and had to haul it to Shamrock to be ginned. We need a gin so that our people may go one step farther in diversification, so that when the market is poor for grain there will be another money crop to fall back on. The News is confident that we will have a gin in time to handle the cotton crop next year, if local merchant's have to build it themselves.

The East Texas editor who was found with fifteen revolvers in his room may have only been getting ready to go out on a subscription collecting trip over the county. — Plainview News.

**Now You'll Know Pezackly What to Do About It**

Austin, Nov. 10 — A husband cannot pay poll tax and secure a receipt for his wife without a written order from the wife, according to an answer made by the attorney general's department today to inquiries from several points in the state.

C. L. Cooke and family left Tuesday for Carwell, Kansas, to visit his parents. They will also visit at Wichita before returning home.

**Two Ways to Buy Clothes**

One way is to look around until you find the lowest price. The other way is go where you'll find the best quality.

The first way you'll save a few dollars at the start—then in a few months you'll have to have new clothes; what you save in price is taken out of the quality of the clothes.

The second way will bring you here for Curlee Clothes. They'll wear so long and give so much satisfaction that in the course of a year or so you'll save the price of a suit—because you won't need so many clothes. Which is your way?

**Curlee Clothing Styles Are Absolutely Correct**

You'll find here single and double breasted—with half belt—all round belts—you may want to wear it with the belt or sometimes without the belt—or you may like one of the more conservative models. Whatever you want, we have it here.

—Suits From \$35 to \$45

**COMING!**

—a shipment of new styles in Perfecto Silk Shirts. All the popular colors in attractive designs. We expect them to arrive next week.

**—at Coffey's**

**A correction**

Some folks may have the idea that we don't sell any other kind of Heating Stove besides the high-priced high grade Riverside Aer-duct with its patented coal saving features. But we do. The fact is, we have the biggest and best assorted line of heaters in town. We have the Vortex Hot Blast, the Round Oak, the Clermont, and plenty of those convenient low-priced "Bachelor" or laundry stoves.

**Need a range?**

We offer the Round Oak, Majestic and Welter Ranges for your approval—and they will win it, too, when you see them.

**About the price**

Nothing in the way of a sensational bargain will be found here. The price is right. A right price is one that gives both buyer and seller a square deal. What more could you wish?

**NELS DARLING SPEAKS TO THE PUBLIC**

My father was a skin specialist. For years he made a study of that dread disease ECZEMA. There are two general types of this trouble, namely Dry and Wet. I have put father's two prescriptions for these troubles on the market. Do not take a substitute. If your druggist does not carry it make him get it for you or write me. Use Dry Zensal for the dry, scaly skin and Moist Zensal for the watery eruption. You will find Dry Zensal good for Hives, Eczema, Itch, Insect Bites. It will remove pimples and leave the skin soft, white and clear. A liberal jar for 75 cts.

The Zensal Co. of Oklahoma City, Okla. Nels Darling, Pres.

SOLD BY THE CITY PHARMACY

Rev. Osborn left Monday night to attend Conference.

**\$25 REWARD**

I will pay a twenty-five dollar reward for the arrest and conviction of any party guilty of tampering with any telephone wire or in any other manner tampering with the lines. The state law on the subject is as follows: Penal code, Art. 784: If any person shall intentionally break, cut, pull or tear down, misplace, or in any other manner injure any telegraph or telephone wire, post, machinery or other necessary appurtenance to any telegraph or telephone line, or in any way willfully obstruct or interfere with the transmission of any messages along such telegraph or telephone line, he shall be punished by confinement in the penitentiary not less than two nor more than five years, or by fine not less than one hundred nor more than two thousand dollars.

**Large Per Cent of School Children Have Defects**

Austin.—"Over two out of every three school children of Texas have defective teeth," declared Miss Pearl N. Hyer, Public Health Nurse of the Texas Public Health Association.

Miss Hyer based this estimate upon the nursing work and physical examinations in twenty Texas cities where she has examined 2,482 school children. Out of this number she has found 1,760 to have defective teeth.

Among the 2,482 children whom she has examined during the twelve months ending Nov. 1, 1919, Miss Hyer has found a total of 4,345 defects.

"One can scarcely realize the number of children in the state who have some physical defect," said Miss Hyer. "Even the parents of the children do not realize that their little ones may have some defect, which may be easily corrected in childhood. This shows the necessity for a public health nurse in counties and schools—to recognize and help remedy whatever is wrong. This is one of the things which the Texas Public Health Association is trying to bring to the people of Texas."

Many of the children examined by Miss Hyer are afflicted with defective hearing, according to her report—302 in number; while 384 have been found to need glasses to correct their vision. Those suffering from granulated eyelids were 100 in number; while 275 have diseased gums. Another serious defect found was that 1527 of the Texas children whom she examined were suffering from chronic trouble of the tonsils.

Miss Hyer's work consists of personal examination of children and adults; giving health lectures to nurses; carrying out Child Welfare work; lecturing to school children; doing regular nursing work, and assisting in carrying the Modern Health Crusade to the children of Texas. She has talked to 11,595 people in the Crusade work.

and during the year has reached over 21,000 Texans, mostly school children.

Miss Hyer is carrying on the work of the Texas Public Health Association in advocating a Public Health Nurse for every county, city and large community. The Association is financed in this work by means of the sale of Red Cross Christmas Seals, and the Campaign this year will be held from Dec. 1st to 10th. The Texas quota for good health is \$200,000 for 1920, ninety per cent of which will be used exclusively in the state towards fighting tuberculosis and in the betterment of general health conditions.

**Hunting Wolves by Automobile Is Latest Sport**

Three wolves, shot from an automobile speeding over the prairies of Moore county, was the game bagged by Dr. Clay Johnson of Ft. Worth, and two others in the party from Dumas Friday afternoon. They divided the catch equally among them and Dr. Johnson will have the wolf he shot dressed and prepared into a fur rug.—Fort Worth Record.

News from Miss Julia Foster who is attending college at Abilene states that she is going to Waco as a delegate to a B. Y. P. U. meeting.

We invite you to look through our new hardware store. Will carry a complete stock of shelf hardware. Western Lumber Co.

For Sale—Full blood Buff Orpington cockrels. \$1.50 each. J. W. Lively. 444c.

Miss Ruth Bullock was down from near Boydston Friday, returning Sunday.

Dad and Mother Chambers returned home Monday after a long absence.

Wood Hudman came in from Wyoming Monday to visit relatives.

**First Texan to Buy Red Cross Seals**

Austin, Nov. 12.—With four bright Lincoln pennies clasped tightly in her little hand, a wee yellow-haired girl of nine years called at the state headquarters of the Texas Public Health Association at Austin; and placing them carefully on the desk of O. M. Lowry, director of seal sales, asked for four Red Cross Christmas seals. She was the first prospective buyer of the little seals of good health in Texas.

The little girl was terribly disappointed when she was told that she would not be able to purchase a Red Cross Christmas seal until they were put on sale between Dec. 1st to 10th. She had made up her mind to buy the pretty seals with the picture of jolly old Santa Claus on them. She received the promise that the first four seals which would be sold in the Lone Star State would be saved for her.

Even the children of Texas are beginning to realize the value of good health, and in many communities the Boy Scouts, Campfire Girls, and Modern Health Crusaders will assist in the sale of Red Cross Christmas seals. The "kiddies" will do their share in selling the 20,000,000 seals which will be sold in the state to bring better health for both youngsters and grown ups.

The little girl who will have the honor of buying the first Red Cross Christmas seals sold in Texas is Helen Teberg of St. Mary's Academy, Austin.

The City Pharmacy has secured the agency for the Manophone, a new kind of phonograph, an automatic sort of machine that will do everything except wind itself up and change needles and records. Moreover, it will play any make of record, and the only alteration necessary in changing from one kind to another is a simple twist of the wrist, which places the dudd either sideways or crosswise, as desired. It will open a can of embalmed harmony and make it sound like music.

If you want something nice in riding bridles and saddle blankets, we have just what you want. Western Lumber Company.

Mrs. Sallie Hodges returned Saturday from Clinton and Hammon were she has been visiting relatives.

Messrs. Agee, Cobb, Landers, Teague and Floyd attended services at Alanreed Sunday night.

Uncle John Smith is building some new flues in the American National Bank and postoffice.

Buy your hammers from us. New stock just received. Western Lumber Co.

T. N. Holloway is having his home remodeled, painted and papered.

John Carpenter went to Oklahoma City Sunday.

**Shortage of Good Cotton Seed Expected**

At the request of S. A. Cousins we print the following letter from the State Department of Agriculture, which should be of interest to McLean country farmers, in view of the plan to build a gin here next year:

"Austin, Nov. 4. —To the Farmers Institutes: The State Department of Agriculture is receiving many letters asking where cotton seed may be bought for next year's planting.

"These inquiries come as a result of excessive rains which have ruined the germinating qualities of many thousands of tons of seed and unless farmers get their cotton seed now and store them, it is almost certain that not enough seed can be had next spring to plant a normal acreage.

"Therefore, we are writing this letter to the members of the farmers institutes, urging them to buy their cotton seed this fall, if they need any, for fear that they may not be able to buy them at all next spring.

"Again, if you have good sound seed for sale, write T. S. Minter, Director of Bureau of Markets, Austin, giving him the variety, quantity and quality of the seed you have for sale and he will list your offering in the Market Journal free and other wise assist you in finding a market for same.

"If you wish to buy cotton seed for next year's planting write Mr. Minter and he will give you a list of those who may have seed for sale.

"Bear in mind that we do not handle any one's money nor the seeds offered. We simply put the buyer and seller in direct communication with each other.

"We would appreciate any assistance that any local news papers may give by publishing this letter, and thus assist the farmers in the sections where said papers go to buy or sell their cotton seed. Sincerely yours, J. W. Neill, director of Farmers Institutes, T. S. Minter, director of Bureau of Markets."

The News is in receipt of an announcement of the marriage of Mr. Earl C. Beck to Miss Letta Warren of Clarendon, on Wednesday. Miss Warren is the daughter of Joe M. Warren, for several years publisher of the Clarendon News. She is a prominent person in the Panhandle Press Association, and has been right successful in newspaper work. These young people will make their home at Dalhart.

**DOROTHY PHILLIPS "DESTINY"**

brilliant Star of "The Heart of Humanity" in her wonderful Big new Masterpiece...

She thought her puny hands could hold back the wheel of Destiny—but she fell in love at first sight and proved she couldn't. Come see if Fate was kind to this woman—who might have been yourself. The season will not own a bigger play. Don't miss it.

—AT THE MISSION THEATRE  
Friday and Saturday  
November 14 and 15

**JUST A MINUTE PLEASE**

You cannot afford to keep your car in a cool open shed through the winter months for the measly little sum of \$3.00 per, when you can put it in a nice warm brick building with two good heating stoves in it. If your batteries should freeze you would be out around \$40.00, which would pay storage for more than a year. If your Henry should freeze up you are bound to swear a little, for you know you can't get along without her.

**Stop—Think**

How would you get along without a first class garage? Then you should patronize it and help to make it better. There is no getting around it, we are all looking for the best we can find.

**Look Who's Coming for the Saturday Matinee!**  
**Dorothy Gish in "I'll Get Him Yet"**

A PARAMOUNT PICTURE

**The Track Is Clear**

for a two mile a minute dash to success with Dorothy Gish's newest Paramount picture. Dorothy plays Susie, whose fond papa presents her with a whole railroad system. When Susie starts to run it the fun begins to come by express. The popular and captivating star has a part especially written for her that fits her like feathers on a duck. Good for a longer run.

**Mission Theatre**  
The Best Attraction—Always

**Conquer the enemy with his own weapon**

This theme was used by the pastor of a Canadian church as the basis for his sermon not long ago. The sermon was replete with good thoughts and ideas for one to apply to his own life and habits. Perhaps the preacher didn't know it, but he preached a mighty good business sermon, too.

Every business enterprise has its enemies and stumbling blocks just as the human life has. One of the worst is mail order competition.

Fight it with its own weapons.

The mail order house uses its weapons three ways. First, by highly illustrated catalogs in the home—a constant reminder of its existence. Second, by extensive use of space in periodicals of nation-wide circulation. And third, by the circular letter route.

You see the mail order house believes in publicity—advertising.

You can use this weapon only one way and beat the mail order house to a standstill.

Space in the home newspaper is always available at a very small cost.

You are here at home where your advertising can talk to the folks in an intimate way that cannot be attained by the mail order house. You have the added advantage of immediate delivery of goods purchased. And in many other ways your service excels that of the mail order house if you will just tell the people about it.—From the Canadian Record.
