Party Dainties For Valentine Affair

By MRS. ALEXANDER GEORGE

Valentine's day calls for a party with refreshments that are gay in color and romantic in motif. With a little ingenuity, backed up by a generous supply of patience, an almost endless variety of attractive party dainties may be prepared.

Strawberry or raspberry sherbet or ice cream, cherry custard and other frozen fruit mixtures in individual molds (or served from one large mold) will make an intriguing dessert.

Much of the success of the decorations lies with the centerpieces. A shallow tray filled with heart-shaped individual cakes—covered

with pink or white frosting, sprinkled with coconut and decorated with pink candy hearts—makes an attractive addition to any table. Gold pasteboard darts should be inserted in each heart.

Heart-shaped paper cups filled with the old-fashioned candy hearts on which amorous phrases are printed also provide subjects for such conversation. And tiny gum-drop oranges—surrounded by a paper fill and placed in a shallow heart-shaped box—make very attractive favors for each guest.

VALENTINE BUFFET TABLE

Dusty pink, Burgundy and white make an attractive color scheme for this St. Valentine's Day buffet table. Most of the decorations may be easily made at home. The "Lazy Susan" which contains tiny sandwiches and cakes—were made by pasting

two Burgundy-colored paper plates together and inserting a double wire between them. The wire is bent into a heart shape at the top in order to be used as a handle. White crepe paper petticoats and a frilled pink dress are worn by the little lady whose escort is dressed in white

and Burgundy. The handles and border of the paper cups and saucers—which are substantial enough to hold hot drinks—and also the esdies are Burgundy. The favors, table cover and frilled candle bases are all pink. White napkins are trimmed in a pink Valentine motif.

Reading And Writing

By John Selby

Holmes Alexander, who tried unproductively to make a good yarn out of the life of Martin Van Buren a year or so past, has made the same attempt with Aaron Burr and succeeded. The reason is evident: Burr's life is proper material; Van Buren's life was dull.

Alexander has been scrupulously fair, but he makes no attempt to whitewash a man who was so obviously a croak that he even on occasion cheated himself.

After all, Burr is a kind of Dickens character. He was often a conspirator against government or his friends or any convenient butt, and in a grandiloquent way. He also was a perennial lover, a circumstance which goes well with youth and perhaps even middle age. But when, at 77, we catch him attempting a surreptitious amour, touched with paralysis and ridiculous in other ways, the heroic pose no longer can be maintained.

Mr. Alexander prepares us for what comes by making Burr's grandiloquence and tendency toward something not far from madness stem from his ancestry. He takes us through the early military and political career in reasonable detail, not neglecting the amours en route. The whole course, up to the Pickering conspiracy to pull New England away from the Union, is studied with chicanery. After the fall of Pickering, Burr, et al., there come the duel with Hamilton and the western conspiracy—the double quick.

Then, failure, the trial, and gradual subsidence into an old age which might have had the dignity of palooka, but which actually had the character of a decadent French farce played by semi-serious actors.

"Aaron Burr: The Friend-Prender," by Holmes Alexander (Gardners).

Cleverly Dressed Stuffed Dolls

By RUTH ORR
Pattern No. 435

Do you want to put joy in the heart of some child or some sophisticated college girl? Then here's our plan: either make the dolls according to our directions or buy boudoir dolls about 18 inches tall. Dress them up in these charming Bavarian costumes, which can be crocheted from all sorts of scraps of bright yarn. When they're finished, you'll be delighted with their foreign air. They'll be more than welcome in any girl's room from the nursery to the sorority house.

The pattern envelope contains paper cut-out pattern for making and sewing the dolls; and complete, easy-to-understand illustrated directions, with diagrams to aid you in the sewing and crocheting, also what crochet hook and what material and how much you will need.

To obtain this pattern, send for No. 435 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address Big Spring Herald, Needlework Dept., P. O. Box 200, Station D, New York, N. Y.

Valentine And Washington's Day Furnish Hostesses Party Themes

Approaching of St. Valentine's day prompts many hostesses to use as decorative scheme for their parties the red and white colors and the heart designs that can be so attractively used in arrangements. Some, however, having used the Valentine motif, are forgoing ahead and many have chosen the patriotic colors of red, white and blue for the Washington's birthday theme.

Bluebonnets

Mrs. J. L. Terry chose the Valentine season for suggestions in party accessories when she entertained for the Bluebonnet Bridge Club at the Settles Hotel Wednesday afternoon.

Prize wrappings, favors and the refreshment plate were beautifully suggestive of the theme.

Mrs. Jimmy Tucker received a tea pot for bingoing, Mrs. Charles Keberg was given a toilet set for making highest score for the members and Mrs. Shirley Robbins was presented a cake plate and served for having made the highest guest score.

Refreshments were served to Mrs. Robbins, Mrs. W. T. Strange and Mrs. Sam Goldman, all of whom were guests, and to Mrs.

Tucker, Mrs. Keberg, Mrs. Ira L. Watkins, Mrs. S. L. Baker, Mrs. E. D. Merrill, Mrs. J. E. Hecker, Sr., Mrs. R. L. Carpenter and Mrs. Bob Thomson.

Mrs. Merrill will entertain on February 17.

A Clock Club

Washington's Birthday anniversary furnished the theme for the 8 o'clock Club party given by Mr. and Mrs. Charles Landora at their apartment.

The national colors were combined in the refreshments to complete the party scheme.

Mr. and Mrs. George Crosthwait were highest scoring couple while William Dehlinger birdged. In a jumbled-word contest held following the bridge games, Mr. Crosthwait was winner for the men and Mrs. Ed Allen took the honor for the women.

At the close of the entertainments Francis Pierson was given a birthday gift from members of the club.

Club members are Mr. and Mrs. Crosthwait, Mr. and Mrs. Dehlinger, Mr. and Mrs. Allen, Mr. and Mrs. Pierson, Mr. and Mrs. Glenn Atherton and the Landers.

Justanave Club

Mrs. R. C. Strain was hostess to members and guests of the Justanave Bridge Club at her home when Mrs. M. H. Bennett and Mrs. W. C. Henley were highest scorers. Guests were Mrs. Henley, Mrs. A. E. Piatole, Mrs. Arthur Woodall, and Mrs. Albert M. Fisher. Members attending were Mrs. Bennett, Mrs. John Clarke, Mrs. H. W. Leeper, Mrs. E. V. Spence, Mrs. V. Van Gleason, Mrs. C. S. Blomfield, Mrs. E. O. Ellington and Mrs. Lee Hanson.

James A. Davis, manager of Empire Southern Service company, was detained at his home Thursday on account of an attack of influenza.

Learn To Rest And Relax . . . It's The Cheapest Beauty Treatment!

BEAUTY IN REPOSE

Jane Pickens, stage and radio star, is shown in a relaxed pose.

By ADELAIDE KERR

NEW YORK (AP)—Here is a beauty prescription which does not cost a cent.

It is a favorite of the most beautiful women on the continent and the most famous actresses in the world. Unless it is included in the regime, beauty cannot be retained. Yet many American women ignore it so completely that they defeat the very ends which they spend hundreds of dollars trying to attain.

It is simply—relax and rest.

During the years I spent in Europe as a feature editor of the Associated Press Paris bureau I learned the beauty secrets of some of the loveliest women on the continent. Virtually all of them know the value of repose. Eight hours sleep every night and a half an hour's daily rest either after luncheon or before dinner is as much a part of their beauty regimes as cold cream.

do songbird, who knows the beauty value of rest, relaxes after a matinee and before an evening performance, in a glamorous peignoir of deep blue velvet.

Try budgeting your day for a while—scheduling just what you know you can accomplish, without making to keep pace with appointments. Three or four times a day relax completely in your chair for a few minutes, close your eyes and think "black." It will do much to banish fatigue from mind and body and keep both feeling fresh.

When you go to bed, shut off your thoughts, as you turn out the light. (The day is ended and tomorrow will be another one.) Open your window from the top so that drafts will not strike you; make sure the sheets are smooth, and the bedding light and warm. Relax and go to sleep.

Philathea Class Plans Benefit Affair To Raise Funds For Treasury At Luncheon

Plans were made for a benefit apion party on February 11 to raise money for the treasury of the Philathea Sunday School, one of the First Methodist Church at the business luncheon Wednesday in the church parlors.

This group of women has donated \$10 to the Red Cross fund for the benefit of flood sufferers.

Mrs. R. L. Barton gave the devotional that opened the meeting, presided over by Mrs. Tracy Roberts, class president.

Places were laid for Mrs. C. A. Bickley, Mrs. A. M. McLeod, Mrs. L. C. Graves, Mrs. Lewis Murdoch, Mrs. Pascal Buckner, Mrs. Lillian Gilmer, Mrs. Lillian McKelvey, Mrs. Chas Anderson, Mrs. R. F. "Turn To The Right" Cast and Director Receive Compliments

Cast and director of "Turn to the Right" were receiving many compliments on their first stage appearance under the auspices of the St. Cecilia Dramatic Club that was given at the Municipal Auditorium Wednesday evening.

Several hundred people were present for the initial performance and were responsive to the dramatic as well as the comedy work, a direct tribute to the players, many of whom made their first appearance on the stage.

Mrs. Ray Lawrence, veteran of many productions, was very well received in a character part while Tommy Reeves, Charles Hurdleston and Charles "Hookie" Bussey took comedy honors.

Each member of the troupe turned in a good performance to a well pleased audience.

With success of this play, St. Cecilia Dramatic Club will continue efforts to organize home talent productions that will be offered on the basis of Little Theatre work.

Stanton Club Supports Move For Lateral Roads With Gas Tax Apportion

STANTON — Activities relating to the club's relation to the town were discussed at the meeting of the Stanton Service club at the Methodist church recently. The club voted to write the state representative to express its support of a move to apportion among counties the funds, derived from the gasoline tax, for use on lateral roads.

The club has lent its backing to the effort to obtain a gymnasium for the Stanton schools.

President G. A. Bond presided at the meeting, which was the organization's regular bi-weekly luncheon.

Guests were County Judge C. E. Storey and Forrest King.

W. C. Glasener, superintendent of schools, was a new member.

Others attending were: Arlo Ferrest, Jess Woody, Dr. P. M. Bristow, Guy Eiland, Mrs. Gerald Poe, Miss Anna Bess Wilkerson, Morgan Hall, O. E. Bryan, J. A. Wilson, L. H. White, James Jones and W. A. Kaderli.

Herbert Marshall says: "...a light smoke is a joy to the throat"

"Before I came over to this country an English cigarette appealed to me because it was firmly packed. In America I tried various popular brands looking for the same virtue. Lucky Strike led all the rest. And what's more—I soon discovered that Luckies were a light smoke and a positive joy to the throat."

HERBERT MARSHALL
FAMOUS RKO RADIO PICTURES STAR

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, 87% stated they personally prefer a light smoke.

Mr. Marshall verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen, and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. Beverly Stulting Is Honoree For Pretty Valentine Party

Beverly Ann Stulting, seven-year-old daughter of Mr. and Mrs. M. C. Stulting, was honoree for a pretty Valentine party at the home of her parents recently in celebration of her birthday anniversary.

In the games Billie Bob Watson, Joan Cornelison and George Neil won prizes. All guests received Valentines and novelty whistles as party favors.

At refreshment hour the children were ushered into the dining room where a beautifully laid table that carried the featured theme throughout had been arranged.

Children drew their fortunes by pulling long red streamers that had their beginning in the center of the cake. Desserts of red coloring were served with the cake slices.

Following the serving, the honoree was presented her many remembrances which she unwrapped and passed about the group.

Guests were Jill Tatum, Sidney Hugh Tatum, Emogene Slaughter, Billie Bob Watson, Joan Cornelison, Dion Underwood, Billie Jack Limroth, Billie Jean Younger, Patsey Cox, Charles Moody, Betty Lou McGinnis, Mary Catherine Hood, George Neil, Dennis Neil, Sarah Maude Johnson.

Gifts were sent by Maudie Mae Wilson and Billie Joe Bates.

Two New Members Received By Firemen Ladies At Meeting

Mrs. Jessie Morgan and Mrs. Odessa Presley were elected into the membership of the Firemen Ladies Lodge at the meeting Wednesday in the W. O. W. hall with Mrs. Annie Wilson presiding.

Mrs. Mary Morrison was received into the society at a special meeting in the forepart of the week.

Present were Mrs. Wilson, Mrs. Dora Shotta, Mrs. Minnie Skalkley, Mrs. Hirdie Adams, Mrs. Susie Wilesen, Mrs. Gladys Slusser, Mrs. Florence Rose, Mrs. Alice Mims, Mrs. Minnie Barber, Mrs. Willie Pyle, Mrs. Martha Wade, Mrs. Myrtle Orr, Miss Landora Rose and Miss Mamie Yilson.

Australia has been settled by Europeans for only about 150 years.

Howard Newton returned Tuesday, and Mrs. Newton remained in Midland.

Rebekahs Honor Mrs. Laws At Gift Party

STANTON, (Sp) — Complimenting Mrs. Vena Belle Laws, members of the Bluebonnet club of the Rebekahs entertained with a shower at the home of Mrs. Ruby Burns recently.

In the afternoon's games and contests, prizes were won by Mrs. Tom Angell and Mrs. Pearl Peyton, who presented the awards to the honoree.

Shower gifts were presented to Mrs. Laws wrapped in a baby blanket.

Refreshments were served to the honoree, Mrs. Bertha Burnam, Mrs. Jim McCoy, Mrs. Abe Bell, Mrs. John Pinkston, Mrs. Pearl Puyton, Mrs. Moss Laws, Mrs. Laws, Mrs. Bill Pinkston, Mrs. Tom Angell and the hostess.

Utility Fight Keeps Him In Jail

But Indiana Mayor Isn't Worried; He's Having Fun And A Lot Of Rest

HUNTINGTON, Ind., Feb. 4 (AP)—Mayor Clarence W. H. Bangs, whose warfare with utility companies threatened today to keep him in jail until his term as mayor expires two years hence, isn't worried about the prospect.

Jail life—he's had two terms of it—has its advantages, he said with a smile.

The 47-year-old mayor, who now is conducting the affairs of his office from a cell in the county jail, listed some of them:

"I've learned the difference between a straight and a royal flush."

"Governing the city has been much easier. I have ample time to consider things. There are no salesmen and job seekers to bother me."

"I have a lot of time for reading and writing—and pinocchio."

"I get plenty of rest and good food."

Refused again yesterday—this time by a decision of the Indiana supreme court—in his fight to drive the Northern Indiana Power company out of Huntington and serve the city exclusively from a municipal light plant, Mayor Bangs refused to give up.

The mayor, who has been in jail since last July 6 because he defied a court order directing him to disconnect consumers from the municipal plant, will have to remain behind the bars so long as he is mayor or until he obeys the order, attorneys said. The supreme court upheld the injunction.

By staying in jail he hopes to continue operation of the city plant in the face of the decision.

During the 14 days he acted as governor of Kentucky between Dec. 30, 1935, and July 1, 1936, Lieut.-Gov. Keen Johnson performed 122 official acts.

Good Suppers For Hungry Tom Tuckers

Tastes Adapted To Eggs, Sponge Cakes, Better Than To Rich Foods

SUPPERS FOR TOMMY TUCKER
By MARTHA LOGAN

Little Tommy Tucker sang for his supper.

What shall we give him?
White bread and butter.
How shall he cut it?
Without e'er a knife?
How shall he marry?
Without e'er a wife?

Poor Tommy was in a bad way, 'twould seem. And I'll wager that he didn't want bread and butter in the first place. For, how well I can remember the disappointment that was mine when after having announced that I was hungry and

wanted something to eat, mother appeared with a slice of bread and butter. If I voiced my disappointment, I was told firmly that, "If you are really hungry, you will eat bread and butter." Perhaps Tommy Tucker was hungry. Let's hope so.

Frequently we get letters from homemakers asking what to give the children to eat. The answer to that question depends upon their ages. Some of you who have four or five in a sort of stairstep arrangement must feel that the best solution to your problem would be to serve meals in the cafeteria manner, helping each child select what he may have from the whole meal!

There is this much about it—foods that are good for children as a usual thing are good for adults. It's far better for you to adopt your tastes to custards, sponge cakes, eggs, and cream soups, than it is for you to find something for the child to eat from an array of French fries, devil's food cake, mince pie, and corn fritters.

Now here is a supper that I'm certain Tommy Tucker would think worth a song:

Cream of Carrot Soup
Toast (Melbo)
Spinach Souffle
More Toast

Baked Custard with Prune Sauce
Plain Cookies

A vegetable soufflé furnishes an excellent medium for getting an additional quantity of eggs and their valuable minerals and vitamins into the diet. Yours as well as the child's, by the way. The cream soup should be very thin. Sometimes children who won't drink milk will like it in soups. The toast should be dry and hard.

Custards, junkets, fruit compotes, cereal desserts, simple cakes and puddings can be varied and enjoyed by the whole family. When baking custards, add cubes of sponge cake or bread, graham cracker or macaroon cookie crumbs. Sponge or angel food cake may be served with a fruit sauce or soft custard. Prune whip and other fruit whips can be treated in the same way. For special occasions, we can hollow out sponge cake and fill them with fruit whip. Gingerbread (not rich) is delicious with apple sauce.

Here is another supper for Tommy Tucker:

Milk Toast
Apple Sauce
Angel Cake
Orange Nog

Meet Frederick Jackson—He Wrote New Serial To Appear In The Herald

When he was 19 and still at college, Frederick Jackson, who wrote "Escape If You Can," exciting new mystery story which starts in The Herald Friday, began turning out fiction for the popular magazines.

Now he's 50—though you'd swear he's at least a decade younger—and he has written more than 60 plays and half a dozen novels.

Author Jackson personally types all his stories, using one finger. He obstinately refuses to learn to run a typewriter properly, and hates the very idea of dictating to a secretary.

Another thing he has never learned to run is an automobile.

He is an incorrigible reader of murder mysteries and has a passion for all kinds of puzzles.

He likes to sit up all night talking, and says he prefers English cigarettes and English clothes. He doesn't like to telephone nor to have his picture taken. It was like pulling an impacted molar to get him to pose for this one.

Right now, Jackson lives in that suburban residential village of White Plains, N. Y., but he has made his home abroad for years—chiefly in London and Paris.

He had already made some little reputation as a creator of adventure and mystery stories by the time he was graduated from college. For five years he was under contract to turn out 30,000 words of fiction a week, which amounts to about 1,500,000 words a year.

Then he turned a serial story, "A Full House"—into a play which "escaped success." Three companies played it up and down the states

in one season. Afterward it was turned into a musical play, was then reduced to tabloid form for vaudeville and finally got screened.

Jackson's plays are entirely too numerous to name over here, but one of the better known recent ones is "The Bishop Misbehaves."

"Escape If You Can" is a story of murder in a Manhattan studio apartment. It's exciting, modern and romantic. You'll like the char-

CHILD BRIDE MAY LOSE HER HUSBAND

WATERTOWN, N. J., Feb. 4 (AP)—The law today cast a shadow across the marital happiness of 12-year-old Leona Elizabeth Backus as it sent her 19-year-old factory husband to jail under threat of a statutory charge.

District Attorney Carl J. Hynes said a warrant charging rape, second degree, would be sworn out today against the husband, Stanley Backus.

Hynes said the youth and the girl had admitted intimate relationship prior to their marriage at Carthage on January 15.

Their parents had sanctioned the marriage.

OIL PROPERTIES SOLD
 AUSTIN, Feb. 4 (AP)—Properties of the Houston Oil company in the old Corsicana field, including 118 producing shallow wells, have been purchased by Coffield and Guthrie, Inc., of Rochdale for a cash consideration of approximately \$45,000. The deal gave Coffield and Guthrie, Inc., about 95 per cent of the field, property of the Barnsdall and Magnolia companies having

been acquired in the past three years.

STANTON SCHOOL TO SPONSOR CONCERT BY COWBOY BAND

STANTON, Feb. 4—Junior and senior classes of the high school are sponsoring a concert to be presented by the Hardin-Simmons Cowboy band Tuesday afternoon, February 9, at the school auditorium.

The two classes are staging a ticket-selling contest, the winner to take 75 per cent and the loser 25 per cent of the school's percentage of admissions.

Seniors, if lucky enough to win, will probably use their funds to finance the annual trek to Carlsbad Cavern, while juniors are expected to devote their gains to the expenses of the junior-senior banquet to be given this spring, Supt. W. C. Glasener reported.

The Cowboy band will make the stop-off here en route to Phoenix, Ariz.

TALKING PICTURES ARE USED IN TRIAL

LOS ANGELES, Feb. 4 (AP)—Police took talking picture equipment into superior court today for the first time to present evidence in a murder case.

Robert Hayes is on trial, charged with killing Carl Munroe last November 28 after Munroe accused him of stealing a chicken for a Thanksgiving dinner.

Police said the talkies would show Hayes' demeanor after his arrest and present his answers to questions asked him at that time about the killing.

Subsoil Moisture Made Chief Factor In Forecasts Of Grain Production

CHICAGO, Feb. 4 (AP)—Crop experts will peek beneath the soil to forecast grain production this year—a method born of recent droughts.

Bernard W. Snow, former assistant secretary of agriculture, and R. I. Mansfield, both associated with a Chicago grain house disclosed today the crop forecast method which they said would be in large-scale use this year.

Snow, dean of Chicago crop authorities, said the method involved detailed analysis of rainfall records and the systematic application of this knowledge of subsoil moisture conditions in predicting crop output. It stresses the importance of subsoil moisture.

Snow and other Chicago observers repeatedly have "called" crop developments weeks before they became apparent to laymen. They predicted last year's serious grain losses during the drought.

His latest moisture statistics, which undoubtedly will be used to judge progress of the winter wheat crop now growing in the southwest, indicate only limited subsoil moisture in many sections.

Snow's record, compiled from weather bureau statistics, systematizes a comparison of current rainfall and normal rainfall, making it possible, he said, to evaluate at a glance the departure of the current season from normal conditions as rapidly as it occurs. Thus, he said, it furnishes an invaluable check upon the soundness of judgment displayed by crop reporters, whether official or private, when they report conditions.

NEW ORLEANS GAY AS MARDI GRAS STARTS

NEW ORLEANS, Feb. 4 (AP)—Gayety—with a golden lining—look over New Orleans today for the five-day Mardi Gras festival.

Mardi Gras—the climactic "fat Tuesday" before Ash Wednesday—was nearly a week away but the spirit of carnival rode high for tonight's inaugural event, the parade and ball of Momus, mythical God of Mockery.

Thousands of early arrivals jammed their way into every available hotel room and overflowed into hundreds of private residences.

Bryan Bell, president of the New Orleans Association of Commerce, estimated 50,000 visitors would attend the carnival with a peak of nearly 100,000 for Mardi Gras. The amount they will spend has been variously estimated at \$1,000,000 to \$2,500,000. Added to this will be the extra \$700,000 to \$1,000,000 spent by the New Orleans folk.

FOUR FOUND DEAD IN PLANE WRECKAGE

BELFAST, Ireland, Feb. 4 (AP)—An airplane owned by a London newspaper was found by a shepherd today near Newton-Stewart Scotland, wrecked and buried, its four occupants dead.

The plane, carrying two newspapermen and a photographer in addition to the pilot, had been reported since it left Glasgow Scotland, early Tuesday, en route to Liverpool.

The men had been making a survey over a new air route recently suggested by a "parliamentary committee."

Seamen Await Work Orders

Long Maritime Dispute Nears An End, Arbitration Voted

SAN FRANCISCO, Feb. 4 (AP)—Nearly 40,000 Pacific coast maritime strikers, considering their record breaking walkout at an end, awaited a back-to-work summons and the joint strike committee expected to meet today, presumably to issue the call.

With the exception of voting by longshoremen in the northwest, where severe weather delayed distribution of ballots, the seven unions had completed balloting on peace proposals and results were piling up here.

Reports last night indicated marine firemen might not ratify a tentative agreement with offshore operators but such action will not prolong the strike. The firemen agreed to arbitrate issues in dispute.

Other agreements appeared to have been accepted by big margins, and in some ports the voting was nearly unanimous.

One discordant note was heard from far away Honolulu, where striking longshoremen, whose union has not been recognized, announced determination to block movement of ships unless demands were met.

There was activity aboard many of the 235 strikebound vessels, tie-up of which by the 98-day conflict caused a loss to coast business estimated as high as \$86,000,000—\$7,000,000 a day.

Emergency crews checked boilers long cold. Cargo holds were inspected. Smoke belched from stacks of some ships preparing to move into docks from anchorage.

Chinese Leaders Killed During A Military Mutiny

NANKING, Feb. 4 (AP)—Three dissident Chinese leaders, allied with Marshal Chang Hsueh-Liang's forces at Sianfu, were killed during a military mutiny within a mutiny at the Shenai province capital Tuesday, delayed reports to Nanking said tonight.

The reports, which could not be confirmed officially, said the assassinated lieutenants of the rebellious leader who abducted Generalissimo Chiang Kai-Shek last December were:

Lieut.-Gen. Wang I-cheeh, Colonel Chiang Pin and Colonel Sung Hsueh-Li.

General Pao Wen-Yueh and "other high officials of Chang Hsueh-Liang's forces" were forced to flee from Sianfu, the advices said.

Government troops stationed at Tungkuang, Shenai province, are preparing to advance on Sianfu, military leaders in the capital declared.

Reports from other sources told of a fierce all-day battle in northern Kansu province Wednesday in which national government troops killed 1,000 communist soldiers.

OPPOSE EXTENSION OF TRADE TREATIES

WASHINGTON, Feb. 4 (AP)—Some democrats joined the militant republican minority in the house today to oppose extension of the reciprocal tariff law three years from June 12, the expiration date.

Despite objections by Representatives Connery (D-Mass), Wilcox (D-Fla) and others, approval of the trade bargaining power for President Roosevelt by early next week was taken for granted. Smoot imports displeased Connery and Wilcox found agricultural imports from Cuba not to his liking.

The senate took the day off after sending the \$860,000,000 relief deficiency bill into conference with

Two Dead In Hiway Crash

Five Others Injured As Automobile Collides With Truck

LAKE CHARLES, La., Feb. 4 (AP)—Two persons were killed and five injured late yesterday in a highway crash between an automobile and a truck a mile and a half east of Iowa, La.

The two men who lost their lives were William Laverne, 29, of Anahuac, Texas, formerly of near Iowa and Clifton Richard, 28, formerly a shipyard worker of Beaumont, Texas.

Those injured were Miss Hazel Laverne, Beaumont, a sister of William Laverne, Sr., of Anahuac; Ivy Thibodeaux, of China, Texas, and Moses Chalmers, of Morse, La., the latter driver of the truck.

Officers of Calcasieu parish today detained Thibodeaux for questioning in connection with the accident. The injured were brought to a hospital here for treatment of injuries.

Deputy Sheriff Fraser Fuselier, who owns a cafe at Iowa, said the crash occurred a short time after a fight in the cafe.

J. L. (Conny) Hebert, employe of the cafe, said the party entered the cafe quarreling among themselves about 4:30 p. m. and the two men who later were killed drank some beer.

Hebert said he called Deputy Sheriff Raymond Fontenot. Fontenot said he admonished the visitors to quiet down and that he was grabbed, pushed out of the cafe door and knocked down twice. Meanwhile one of the men hit Hebert inside the cafe and knocked him down, he said.

The group then left the cafe in the house late yesterday for adjustment of minor differences.

"WHEN SOMEBODY STARTS RAVIN' ABOUT HOW GOOD A WHISKEY IS, I JUST ASK 'Is it as good as Town Tavern?'"
 says the OLD TOWN TAVERN KEEPER

THAT is a good test for judging any whiskey—comparing it with Town Tavern. As far as hundreds of thousands of men are concerned, Town Tavern is the standard straight rye in its class... If you judge whiskey the way the most discriminating men judge whiskey—by taste, aroma, smoothness and all-round friendliness—then you'll award Town Tavern a place of honor... Not forgetting the sensible price! It certainly is a reasonable figure for such a fine straight rye.

Troops Move To Flood Area

Men From Ft. Sam Houston Aid In Stricken Territory

SAN ANTONIO, Feb. 4 (UP)—The first big movement of troops from Fort Sam Houston to the flooded area in southeast Arkansas got underway late yesterday when 300 officers and enlisted men entrained for the flood stricken area.

Two of the six evacuation teams will be stationed at Hamburg, Ark., and four at Monticello, Ark. Each team is composed of two line officers, a medical officer, a first sergeant, five mess sergeants, a clerk, ten cooks, three truck drivers, two enlisted men from the medical department and 15 privates.

On a second train were 25 trucks which will be used by the teams. Sixty-five enlisted men from the signal companies, commanded by Captain K. F. March, entrained to set up radio equipment in the flooded district.

Despite the movement of troops from here, it was announced, definite decision to evacuate areas in danger in Arkansas had not been reached.

Seek To Link Four Suspects In 1934 Armored Car Holdup

NEW YORK, Feb. 4 (UP)—Efforts were continued here and in Denver, Colo., today to link four suspects in the kidnaping of John J. O'Connell, Jr., with a \$427,000 armored car robbery in Brooklyn in 1934. Three were held here and one in Denver.

District Attorney William F. X. Geaghan, who said last night that John Oley, one of those held here had been identified as the pilot of a speed boat used as a means of escape after the Kubel Ice company holdup, added he probably would have 20 witnesses to the robbery view the trio today.

Oley, Percy (Angel Face) Geary and Harold "Red" Crowley are awaiting a hearing February 9 on their removal to Albany. Indictments there charge them with kidnaping O'Connell, member of a family powerful in democratic politics, in 1933 and holding him 22 days until a \$40,000 ransom was paid.

SPLENDID SERMONS GIVEN BY DOSSEY

Splendid messages are being brought each morning and evening at the Fourth Street Baptist church, by Rev. C. Y. Dossey of Dallas. Rev. Dossey used the subject, "If I were the devil, what I would do in this town," last evening. He said in part:

"The first thing the devil did in the Garden of Eden was to lead Eve to doubt the word of God. Today he leads people to doubt the word of God, he disguises sin, and gets the influence of church members. The devil also tries to be man's master. Everything was made to have a master, and man must choose either God or the devil."

Tonight Rev. Dossey's subject will be, "The End of the World and the Opening of God's Books," Friday evening he will speak on, "Where Are the Dead?"

Children near Belton, Texas, killed 80,965 rats in less than two months in a county-wide extermination contest. W. J. Williams led the boys with 7,782 rats killed with a .22 rifle. Helen Craft killed 1,583 to win the girls' grand prize.

Gobbler Blocks Fire

YALE, Okla. (UP)—Albert Cox built a fire in his wood stove. The smoke started billowing out into the room instead of going up the chimney, and all of Cox's manipulations with the damper were futile. When the smoke became so thick that he was driven from the house, Cox saw an old gobbler on the chimney.

\$20,000 Found In Cottage Of Woman Who Starved Self

BIPOKANE, Wash., Feb. 4 (UP)—Officers sought an additional \$30,000 today in the hoard of self-starved Mrs. Anna Miller, 64, while the malnourished woman lay in a hospital bed instead of on a jail cot.

Detectives found \$45,407 in the dirty cottage which Mrs. Miller shared with chickens and cats. Officers made the discovery after the woman mumbled of burglars trying to break into the house, "and you can see I have nothing here they could steal."

She was transferred to a hospital last night, over her protests, after Dr. A. E. Lein, county physician, expressed the opinion she was sane but needed care.

Dr. Lein reported the woman had officers must have overlooked \$20,000 if \$45,000 was all they found.

Paul Giesar, bank employe, said: "Often she came into the bank with her purse bulging with money to buy government bonds, and she would look carefully around before she opened it."

Condemn Harassing Of Basketball Officials

DALLAS, Feb. 4 (UP)—Members of the National Association of Basketball Coaches today condemned harassing and intimidation of officials as "downright blackmail" and indicated talking to an official before the game or at the half should be taboo.

The opinions were expressed in a questionnaire sent members. They blacklisted "putting pressure" on outstanding opposing players and said "a hasty remark passed directly to a star opponent is beneath the dignity of a coach."

Booting was scored as ungentlemanly but members agreed attempts to subdue the practice were useless since the coach often antagonized the crowd "to near physical violence by his own action and personality."

MARLENE DENIES ANY TROUBLE WITH HUBBY

NEW YORK, Feb. 4 (UP)—Mildly amused, Marlene Dietrich was back from an 8-months visit to Europe today with an airy denial of husband trouble—or of any budding romance with Douglas Fairbanks, Jr.

Displaying shiny boots, Russian-style, on the famous Dietrich legs, the German actress said there wasn't a chance of her seeking a divorce from her husband, Rudolph Sieber, a movie director, who is now in Paris.

She lifted only a cryptic eyebrow when ship news reporters questioned her on reports young Fairbanks had been her devoted squire in London.

DENVER, (UP)—An all-time record was established by Colorado's 31st General Assembly when 1,887 bills proposing legislation, both serious and frivolous, were proposed. In the 15-day limit allowed for the introduction of bills, 1,196 were offered in the house and 701 in the senate.

Insurgents Hope To Take Malaga, Cut Off Outlet To Sea

(By the Associated Press)

Spain's insurgent legions—on land, water and in the air—started their "big push" against Malaga today in an effort to snip off that strategic Mediterranean shipping center from the remainder of government-held Spain.

A comparative lull fell over Malaga's battlefronts, 200 miles to the north, while practically every available fascist facility of men or machines was shoved toward Malaga.

The insurgent naval fleet steamed from Algeciras in the direction of Malaga. Nine bombing planes left Spanish Morocco to join Gen. Queipo de Llano's southern army drive.

A Malaga dispatch reported an insurgent submarine bombarded a vital road linking Malaga with government territory to the east.

Madrid officials, however, contended the drive of De Llano's land forces had been halted on a coastal road leading toward Malaga from the southwest and that a fascist submarine train had been destroyed from the air.

The possibility of another German-Spanish "incident" arose in a report from Bilbao that a German soldier, said to be a nephew of Franz von Papen, Nazi minister to

JOBLESS INQUIRY PUSHED BY SOLONS

WASHINGTON, Feb. 4 (AP)—A movement for investigation of unemployment and relief today made headway in congress.

Senators Hatch (D-NM) and Murray (D-Mont) proposed a \$50,000 appropriation to finance studies by a special commission on which to base a long range attack on both problems.

The senate education committee recommended a \$10,000 appropriation for a senate investigation along the same lines, requested by Hatch previously.

The survey would cover the extent and cause of unemployment, the relative merits of work relief and direct relief, the division of the relief burden between public and charitable organizations, and between federal and local governments, and "a general program looking to the liquidation of the entire relief problem."

EDWARD REPORTED TIRING OF SECLUSION

VIENNA, Feb. 4 (AP)—The gay Austrian capital, emboldened by reports Edward of Windsor was tiring of seclusion, sought today to draw the self-exiled former British ruler into the whirl of Vienna's social season.

"Edward could be dull and sometimes I wish there was something snappy to do," Windsor confided to a fellow guest at a musicale at the British legation last night, referring to his refuge at the Baron Rothschild's suburban chateau.

He indicated, however, he did not plan to change his routine until legal formalities have made Mrs. Wallis Simpson's divorce absolute and she can join him—somewhere—for the wedding he gave up the British throne to gain.

NEW BLIZZARD HITS PACIFIC NORTHWEST

PORTLAND, Ore., Feb. 4 (AP)—A new blizzard, reported in some sections the most severe of the year, tore through central Oregon today from the Mid-Columbia area to the California line.

Windy road crews saw the back-breaking work of five days wiped out as the snow choked main highways. School authorities ordered indefinite delay in resuming class work. Power service sputtered under the burden of the new attack.

A heavy, wet snow pounded down in the Bend country and immediately closed all roads.

SUPPLY OF CRUDE SHOWS A DECREASE

WASHINGTON, Feb. 4 (AP)—The bureau of mines reported today stocks of domestic and foreign crude petroleum decreased \$33,000 barrels in the week ended January 23, leaving 285,211,000 barrels on hand.

Domestic stocks accounted for \$65,000 barrels of the decrease, and foreign stocks for 168,000 barrels.

The daily average crude production for the week was about 3,220,000 barrels, 20,000 above the level of the previous week. Daily average runs to stills rose from 3,045,000 barrels to 3,055,000. Imports continued to decline to a daily average of 21,000 barrels.

HEAVY DAMAGE IN CINCINNATI BLAZE

CINCINNATI, O., Feb. 4 (AP)—Flames which for a time threatened a large section of West-End Cincinnati destroyed the Stills & Duhrmeier Furniture factory and retail store rooms and the Art Wood Turning & Scroll Co. early today with a loss semi-officially estimated at between \$250,000 and \$300,000.

Furniture destroyed included some that had been stored in the factory by flood-routed neighbors.

Two walls of the furniture firm's 5-story brick building and part of a third collapsed as flood-weary firemen waded ankle-deep in mud and ice to combat their third general alarm blaze in 11 days. Two firemen were injured by falling debris.

AVIATION EXPERT FOR ICC PLANNED

WASHINGTON, Feb. 4 (AP)—President Roosevelt may appoint an aviation expert to the interstate commerce commission in line with his plans for governmental reorganization.

Associates said today he was considering that step, since regulation of air transport may be transferred to the commission from the post-office and air commerce bureau.

The commerce department went ahead with air regulation plans, meanwhile, with officials hinting that reorganization of the air bureau might follow the safety conference just opening.

LEAPS TO HIS DEATH FROM HIGH BRIDGE

NEW ORLEANS, Feb. 4 (AP)—A man parked his automobile on the big Huey P. Long bridge early today, left the lights burning and the radio playing and jumped 120 feet to his death in the muddy Mississippi river.

P. D. Hebert, a state patrolman, said all signs pointed to the identity of the man as Allen Montz, 26, of LaPlace, La. Hebert was related to Montz.

Relatives could assign no reason for the plunge.

AVIATION DRAMA AT RITZ THEATRE TODAY

A drama with an aviation background, called "Crack-Up," is the featured attraction at the Ritz theatre today. Peter Lorre, one of the screen's No. 1 portrayers of villainous characters; Brian Donlevy, Ralph Morgan and Helen Wood have the principal parts.

The story revolves around espionage efforts aimed at a transoceanic airline.

POPE AT WORK ON ADDRESS FOR SUNDAY

VATICAN CITY, Feb. 4 (AP)—Pope Pius XI, virtually free of pain after two months of serious illness, worked today on a short address he expects to deliver by radio Sunday with his blessing of the 33rd international eucharistic congress at Manila.

The address is expected to center on a hope the pontiff expressed to Dennis Cardinal Dougherty, papal legate, that the convocation might help bring about unity of all Christian people.

Everett Bailey, amateur acrobat of Birmingham, Ala., balances himself gracefully on the thumb of one hand and the index finger of the other on 20-penny nail heads.

Students Forget Easily FERRIS, Cal. (UP)—The University of California has discovered that the principal result of college vacation is to enable students to forget what they have learned. A survey of the psychology department developed the

Frank admission of 70 per cent of the students that during vacation time they forget about 70 per cent of what they had learned the previous semester.

BASKETBALL

MOORE, Feb. 4 (Sp.)—Plans are progressing rapidly for the senior girls' basketball tournament to be held here this week-end. School will be dismissed Friday afternoon in time for the first games.

Sixteen of the strongest teams in West Texas have filed entry for the meet. Thirteen trophies, consisting of seven cups and six miniature gold basketballs will be awarded. Mike Barrett will officiate all games.

The Lobos played their last game of the season this week, losing to the Lamesa CCC boys, 27 to 23. Captain Joe Lusk scored 16 of his team's 23 points. It was the last game with the Lobos for Lusk and Lois Ray, both of whom have enrolled in Big Spring high school. Only five senior boys are enrolled in the Moore school, and with the loss of Lusk and Ray, Miss Arab Phillips, coach, disbanded the team for the season.

Tucky Derby Training To Start Soon

Churchill Downs Track Flooded; Closing Date For Entries March 1

NEW YORK, Feb. 4 (AP)—It won't be long until the three-year-old season gets out of winter quarters to start training for the sixty-third running of the \$50,000 Kentucky Derby at Churchill Downs on May 8.

Reaping Reward and Case Ace from Mrs. Ethel V. Mars' Milky Way Farm, are at Pulaski, Tenn. E. R. Bradley's Brooklyn is receiving preliminary training at his owner's Idle Hour Farm near Lexington. Not far away are Warren Wright's two eligibles—Privileged and Galun.

TELEPHONE MEN STILL WORKING TO REPAIR ICE-WRECKED LINES

January Storm Does More Than \$1,500,000 Damage to Telephone System of Southwest.

Telephone men, still at work repairing the damage from the \$1,500,000 sleet which swept from the Iowa border to the Gulf in January, can remember no worse ice storm.

Sturdier Poles First—Most telephone poles today are crooked yellow pine. They stand under ice that would snap poles used years ago.

Second—Constructed at heavy cost several years ago, an underground long distance cable through the heart of the storm belt "carried on." It formed a backbone of communication from which emergency lines could quickly be "patched through" to almost 100 isolated towns.

FLOOD CONTROL IN TEXAS: Disastrous floods in the Ohio and Mississippi valleys emphasize the importance of preventive works on those as well as on other rivers of the United States...

It is true that there are no towns along the upper parts of Texas and Oklahoma rivers that are in danger of disastrous overflows, but there are many thousands of acres of productive land that are subject to overflow...

A survey so far made of the Red river - to cite one stream - indicates that the project of building retaining dams is feasible and that they would prevent the great rises that in past years damaged the valley...

The Trinity, Brazos, Colorado, Sabine, Red and lesser streams, all can be harnessed not only for protection against floods but for water and soil conservation and, in some instances for power projects...

From the national viewpoint, the major rivers should come first, of course. But that need not deter Texas from going ahead with the groundwork for future projects...

Man About Manhattan

By George Tucker

NEW YORK—In "High Tor," a romantic fable of the Dutch crew that roams the Hudson highlands for three centuries, the second act curtain rises on a bowling contest...

The audience, returning from their cigarettes in the lounge, are mildly astonished at seeing these 16th century tars drinking gin and bowling merrily in a glade...

"See," jeered one lady to her spouse, "you needn't have been so hasty about escorting me to the theater tonight. Judging by the present position of your team in the league, you might pick up some pointers from these boys..."

Plunging into the midst of a riot in Union Square, a policeman broke his neck over the head of an annoyance...

Another roisterer exclaimed indignantly: "They don't care what happens to their clubs. It doesn't come out of their salaries!"

Now that Eugene O'Neill is some \$40,000 richer by virtue of his Nobel award, I am reminded of Paul Morand's unflattering appraisal of the playwright in his book, New York...

"As a thinker, he is quite elemental," is the way Morand sums him up...

However, this was written several years ago, and Morand may have revised his opinion of O'Neill...

The crowds swarming into Grand Central Palace are admiring a new 425-pound bob sled, advertising winter sports...

However, outside in Lexington avenue the pedestrians are having all the winter sport they can handle, plodding through snow and warding off icy blasts...

I have often thought an attractive brochure could be written about New York by merely listing its most romantic streets and the things for which each stands...

For instance, there are no brooms on Broome street except those owned by servants and housewives, nor are there native fruits in Mulberry street, but there are plenty of maidens on Maiden Lane... It received its name because of the pretty Dutch girls who used to beat their linen there...

Rose street is remembered principally because 100 years ago it was the scene of a sensational murder... Center street is the heart of the police system... Canal and Winchester offer grim frontages of iron works, such as dynamos, pulleys, saws, wires, chains, and cranes... Third avenue is where professional mourners may be hired for \$8 a day... In Ridge street you can buy pigeons ranging in value from 25 cents to \$25.

And of course South street, although now modernized beyond redemption, was once the last stronghold of full-bodied clipper and whaling ships... next to Fleet street in London, Park Row was the world's most famous newspaper street, but now there aren't any papers there... The big dailies have scattered all over town...

So it goes... Each street has its romance and its history, although to get them all would require several O'Henrys and a Lafcadio Hearn.

Usurpation of judicial power feared by congress. Speeches seen as effort to ward off move. Submission of constitutional amendment preferred. Roosevelt believed merely analyzing different methods.

Windmills WASHINGTON, Feb. 4—Strange things are being said in congress. Debaters seem to be taunting windmills. Little outside attention has been aroused, even when Roosevelt Chairman Ashurst of the senate judiciary committee appeared an unidentified tyrant the other day. Spoke he:

"In all tyrannical governments, no monarch, no tyrant, makes any progress whatever unless and until he seizes in his hands the legislative, the executive and the judicial powers... The first thing a wise, prudent, scheming, subtle monarch in Europe does, if he wants complete control, is to seize legislative, executive and judicial powers..."

Warning Then Senator Borah took the air with a profound speech about those who "connive at the courts through strained doubtful construction (legislation), flitting from the people power which the people have not granted..."

Anglophobia All this sudden interest in British methods and tyrants can hardly be quixotic. Aroused legislators seem to fear they will be faced with some unannounced something, and apparently the root of their fears is this:

Now that Eugene O'Neill is some \$40,000 richer by virtue of his Nobel award, I am reminded of Paul Morand's unflattering appraisal of the playwright in his book, New York...

Terrace, Contour Work Extends To 2,338,000 Acres COLLEGE STATION, Feb. 4—County agricultural agents in 220 Texas counties reached 18,324 farms and ranches in their fight to save soil and water, and 2,338,416 acres were terraced or contoured under their supervision during 1936, according to the annual report on agricultural engineering compiled by M. R. Bentley, extension agricultural engineer...

Trend This is all right with most of them, as far as Mr. Roosevelt and wages and hours legislation are concerned, but they are afraid to scrap our system of judicial checks on government forever. They want Mr. Roosevelt to get whatever definite power he needs from the people through a constitutional amendment submitted to them for ratification. This will save the judiciary and the American system.

The man says: 'NOW, NOW, DON'T YOU BOTHER YOUR PRETTY LITTLE HEAD ABOUT AT ITS A JOKE, AND YOU WOULDN'T CARE FOR IT?' The woman replies: 'SUPPOSE YOU LET ME BE THE JUDGE OF THAT?' The man says: 'ALL RIGHT - ALL RIGHT, BUT REMEMBER - I WARNED YOU!' The woman replies: 'HURRY UP, I CAN'T WAIT!' The man says: 'AL WAS TELLING HIS WIFE AND SISTER-IN-LAW ABOUT THE MOST REMARKABLE WOMAN HE EVER MET.' The woman replies: 'WELL, I MUST SAY I DON'T SEE ANYTHING UPROARIOUSLY FUNNY IN THAT.' The man says: 'WHY, SAID AL, "SHE CAN KEEP SILENT IN FOUR DIFFERENT LANGUAGES"'

Showing Of Drivers' License Seems To Be A Rarity; None Found Who Has Ever Been Asked To Produce It

Fifty people were asked the same question, and 50 people gave substantially the same answer. They not only had not been asked to show their drivers license within in the past year, but also did not always carry the license with them. Only one remembering an occasion for showing their drivers license were those who went through the safety lanes sponsored here by the highway department. They were not asked to show their license, merely asked if they carried them. A liberal percentage, especially among the younger drivers, do not carry their license with them with any degree of regularity. But they frankly admit that this causes them no worry for they have never been stopped and asked about their drivers license, not unless they had an accident.

Woman, 102, Likes Motoring

NEW BEDFORD, Mass. (UP)—
Though she recently celebrated her 102nd birthday anniversary, Mrs. Catherine T. Hawes is an enthusiastic motorist. She waxes indignant at the reckless speed of some drivers—but never turns down an invitation to go riding.

FREEZE PUTS PART OF CITRUS TREES OUT OF PRODUCTION

LOS ANGELES, Feb. 4 (UP)—
Twenty per cent of the lemon trees and five per cent of the orange trees in California's \$500,000,000 citrus empire will be out of production for one year as a result of the January freeze, the California Fruit Growers Exchange estimated today.

About 40 per cent of the unharvested citrus crop, the exchange reported, was damaged by the prolonged cold weather. The monetary loss was not estimated but last year sales totaled \$112,000,000.

Lemon trees were hardest hit by continued sub-freezing temperatures which forced growers to expend upwards of \$6,000,000 for artificial heating.

About 10 per cent of the lemon trees was estimated to be out of bearing for two or more years and another 10 per cent for one year. The damaged orange trees are expected to return to productivity after a year.

The exchange, which operates as a co-operative marketing agency emphasized it considers its figures as "preliminary."

Traveling And Car Information Asked Of All Auto Owners

Motor vehicle operators will be asked to furnish data about their car, the distance it has traveled within the past year, the average mileage per gallon of gasoline, and other similar information when they register their machines this year.

The U. S. bureau of public roads, co-operating with the state highway department, is furnishing each motorist a card for every machine registered.

Questions on the card include such things as residence, make of car, model, amount of license fee, whether the car has been acquired within the past 12 months, miles traveled within the past year and the number of those miles in Texas, average gasoline mileage, and occupation of owner. The cards do not bear a place for the owner's name, nor is it to be signed any place.

Pink cards will be given for each passenger car, blue for trucks, tractors and buses, buff for trailers, and white for fleets (five or more cars under one ownership.)

The cards may be filled in and mailed to the roads bureau at Austin without postage.

Information gained from the cards is to be used in the planning of roads.

SCOUT TROOPS ACTIVE IN THE WESTERN AREA

Boy Scouts in the western part of the Buffalo Trail council are active, Darrell Wilson, field executive, said in a report here today.

He reported active troops in Pecos (2), Mentone, Balmorhea, Monahans, Wink, Kermit, Grandfalls, Barstow, Odessa (2), Midland (2), Andrews and Panwell.

Good turns reported by the western troops include that of the Wink troop under Scoutmaster Paul Jette. The troop cleaned 104 graves. J. G. Smith, Jr., Grandfalls, reports a similar service by his troop.

For almost the duration of the Civil war, the south maintained a small army at Saltville, Va., to protect its chief salt supplies.

Street Galleries In London Rise Along Entire Coronation Route; Abbey Is Cleared For Ceremonies

LONDON, Feb. 4 (UP)—A forest of steel girders and timber is rising in London to mark the coronation route. From Buckingham Palace along the wide Mall every available foot already is covered with framework for spectators' stands.

Westminster Abbey, where the coronation will take place, is already closed and is in the hands of the workmen, who are preparing it for May 12. The task is an immense one. The old organ is being removed and a new one, which will be used for the first time at the coronation, is being built. Some of the Abbey's treasures are being moved.

Among these is the priceless picture of Richard II, the valuable tapestry from the sanctuary, and even some of the monuments.

The office of works is now in control, having the dean's authority to import timber, scaffolding and all other materials needed in preparing for the ceremony.

Ordinarily, the Abbey seats between 2,500 and 3,000 persons, and it is hoped to provide seats for between 8,000 and 9,000. Galleries and stands are being built round the interior and even the Warrior's chapel will be given up to visitors. The north and south transepts will be occupied by great galleries for peers and princesses, while the actual ceremony of crowning the king will be carried out on a large platform, called the theatre, which is to be erected in front of the high altar.

Later, the earl marshal will be authorized to take over all the keys held by the dean and others, and no one will be permitted to keep a duplicate key.

Printing of the official coronation program has begun. Orders are pouring into London from all parts of the world. Hundreds of thousands of persons, who do not expect to be in London for the ceremony, will buy these programs, costing two shillings (about 50 cents). It will enable them to follow the entire ceremony in exact detail through broadcasts.

COMMENDS GROUPS ON AID IN SALES EFFORT

Commendation for distributors and processors of meat who have aided and supported the national mid-winter lamb sales campaign was given in a resolution adopted by the National Wool Growers association, in annual convention at Albuquerque, N. M., recently.

The resolution said "we especially commend the National Association of Food Chains for organizing this movement and wish to commend the following organizations who are cooperating: National Association of Retail Grocers, National Association of Retail Meat Dealers, the Institute of American Meat Packers, and the National Livestock and Meat Board."

Mrs. Jimmy Jennings and sons of Brownfield are visiting Mr. and Mrs. E. N. Ralph. They accompanied Mrs. William Dyles, who is here for a visit with her parents, Mrs. and Mrs. H. F. Taylor. Mr. Jennings plans to come for them at the end of the week.

NEW SENSATIONAL MYSTERY THRILLER

'Escape if you can'

This is Anne Phelps, beautiful society girl, who has been black-mailed by Count Anton Vronski, unscrupulous Russian exile. He is mysteriously shot to death in Anne's New York studio, a few minutes before a gay party. Anne, Clarke Bigelow, and Madame Karsanokoff, the intriguing Russian dancer, in separate rooms, heard the shot that killed him. Bigelow conceals the body in a cupboard just as the first guests arrive.

Who killed Count Vronski? Who knew who killed him?

These questions keep the reader in constant wonderment as he follows this exciting tale of mystery, daring, intrigue, and startling surprises, written by Frederick Jackson, author of that amusing farce, "The Bishop Misbehaves." Don't miss it!
