

British Tanks Reach Somme River

Reds May Be In Bucharest

Soviets' Abrupt Drive Saves The Ploesti Fields

MOSCOW, Aug. 31 (AP)—The Red army was believed today to have entered Bucharest, capital of Romania, after capturing the great Ploesti oil fields and preempting perhaps a third of the Germany petroleum supply.

At midnight, the Russians were 17 miles from the city of 648,000 after an advance of nearly 40 miles in a day through the capitulated Balkan kingdom.

An official announcement was not yet made but Muscovites kept their radio stuned for an order of the day. "With the fall of Ploesti, the way to Bucharest is open," Red Star said.

Izvestia reported from captured Ploesti that the abrupt Red army drive had prevented destruction of the Ploesti oil fields but added that serious damage had been done.

Romanian oil workers helped the Russians put out tremendous fires and civilians directed Soviet troops to a large group of Germans dressed as civilians, applying the torch right and left.

The dispatch added that a plane trip over the fields, greatest in Europe except for those in Russia itself, disclosed that the Germans did everything possible to destroy wells, pipelines, derricks and equipment.

A Reuters dispatch to London from Moscow today quoted the Soviet army organ Red Star as saying that German forces had set the Ploesti oil wells afire in Romania before withdrawing and that Russian troops had to fight their way into the area through a sea of flame.

Forces of Gen. Fedor I. Tulbukhin were pushing through level plain country along with those of Gen. Rodion Y. Malinovsky and were believed already to have joined hands.

Another arm of Malinovsky's big command turned directly north through a pass leading to Brasov (pop. 61,800) on the trunk line railroad from Bucharest to Budapest and Vienna.

Even after the Romanian army's big defeats on the Russian steppes, in the Crimea and at Odessa, Red Star said it still had 30 to 35 divisions. King Mihai has pledged these to the Allies.

"German divisions in Romania are doomed," the usually conservative army organ added. Red Star said five to six German divisions in Greece and the Aegean islands were cut off from the main German army and that Marshal Tito's divisions had handed the Germans defeats in Yugoslavia.

(The Germans acknowledged Russian entry into Hungarian territory at two points and said Hungarian and German troops fought fiercely to plug gaps carved out by the Russians, reported to have won control of four principal passes into Transylvania.)

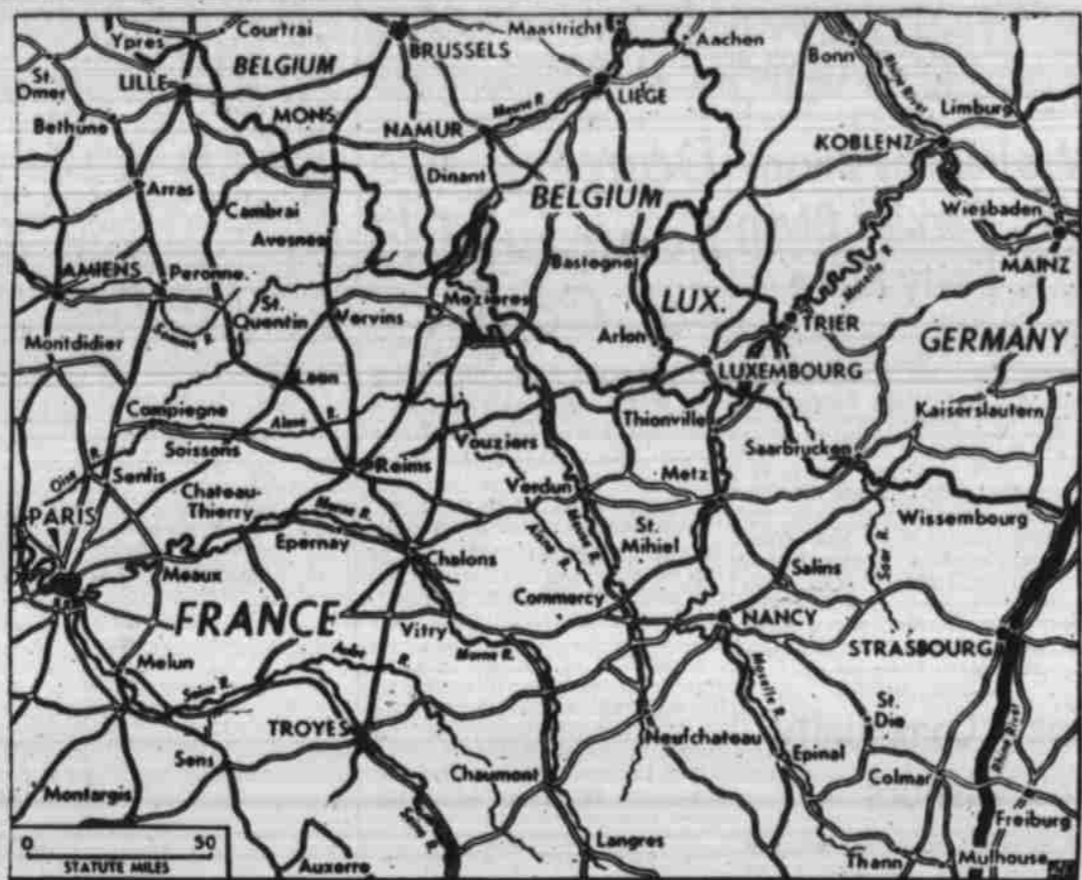

Supreme Headquarters, Allied Expeditionary Force, Aug. 31 (AP)—Gen. Dwight D. Eisenhower announced today that Lt. Gen. Omar N. Bradley has become overall commander of American forces in northern France, a position equal with that of Gen. Sir Bernard L. Montgomery, who commands British forces in the field.

In making the announcement, Eisenhower described Montgomery as not only his close and warm friend but one of the greatest soldiers of this or any other war.

The supreme commander said the division of command when the French campaign reached the present stage had been envisioned from the start and that the present setup merely puts into effect what had been regarded all along as the final stage of the Allied command system.

Montgomery's position heretofore has been described as commander of the 21st British-Canadian army group and he was directly responsible under Eisenhower for coordination of American forces in the overall plan.

Eisenhower emphasized again the unity of thought and cooperation at his headquarters and among his commanders, and declared that to this day there never had been any sharp difference of opinion among those who constitute his command team.

BATTLE GROUND OF TWO WORLD WARS — In this area between Paris and Belgium and German borders American troops are advancing over such famed World War battle sites as Chateau-Thierry on the storied Marne river.

No Rest Anywhere For Disorganized, War Weary Nazi Forces In France

Last Of German 19th Army Heads Toward Lyon

By NOLAND NORGAARD ROME, Aug. 31 (AP) — Remnants of the German 19th army raced desperately north toward Lyon today, fighting costly rearguard actions with the pursuing Americans only when necessary, while other Seventh army units moved through the French Riviera metropolis of Nice toward the Italian frontier, some 12 miles away.

Nice, with a population of 200,000 and the largest of the Riviera's famed playgrounds, was taken without any opposition.

LONDON, Aug. 31 (AP)—The French forces of the Interior announced today the capture of Bordeaux, last great port in southern France held by the Germans.

The FFI previously had declared the city occupied, but later said the announcement was premature.

Damage was confined chiefly to the harbor area, Allied headquarters said.

The total of prisoners captured by the Seventh army since it swarmed ashore on the beaches of southern France passed the 50,000 mark, with additional thousands rounded up from Nazi units intercepted and cut to pieces in the Rhone valley pockets south of the junction of the Rhone and Drome rivers.

Equally impressive were the material losses of the enemy. In a pocket of slightly more than 11 miles south of Livron "losses inflicted by our ground forces included 2,000 motor vehicles, 1,000 horses, 27 five millimeter antitank guns, 12 seven millimeter guns, three batteries of field artillery pieces, six railroad guns, 40 twenty millimeter antiaircraft weapons, eight self-propelled guns and a trailer with a printing press," Lt. Gen. Alexander M. Patch's headquarters said.

Additional hundreds of vehicles and guns knocked out by Allied planes littered the roads throughout the valley and 200 enemy dead were found in the same area.

Yesterday morning the Germans locked in sharp battle with an American column in the vicinity of Livron on the north bank of the Drome river, 11 miles south of Valence. In the afternoon the enemy broke off contact and fled north when the avenue of escape was threatened by another Allied column that punched into Chabeuil, six miles southeast of Valence.

Central and north Pacific air forces maintained their threatening aerial pincers on Japan itself. Liberators were unopposed in a night raid on two airfields, 750 miles south of Tokyo. Three Aleutian-based planes were damaged in attacks on Paramushiro.

An American observer in China said incessant air battering and the hammering blows of Chinese infantrymen threatened to bog down Japan's drive into southeast China, designed to bisect China.

Chungking said defending forces still fought for Lishui, potential coastal air base near Japan. Tokyo had previously reported its capture.

Chinese also reported Tokyo had ordered Japanese civilians out of Shanghai and Amoy — both threatened by U.S. bombings.

Two air battles over Yochow Tuesday developed into the biggest aerial combat of the China war, Gen. Joseph W. Stilwell disclosed in a revised report listing 49 Japanese planes destroyed or damaged.

CUBA'S PRESIDENT-ELECT VISITS U. S.—Dr. Ramon Grau San Martin, who will take office Oct. 10 as president of Cuba, waves a greeting upon his arrival at Miami en route to Washington for a visit with President Roosevelt. He said he brought a message of friendship to the American people. (AP Wirephoto).

Americans Reach Point 33 Miles From Belgium

SUPREME HEADQUARTERS, Allied Expeditionary Force, Aug. 31 (AP)—British tanks reached the Somme river and swept into Amiens today in a drive that traveled 60 miles in 48 hours and imperiled half the rocket coast along the channel.

They raced with American columns which streaked to within 33 miles of Belgium with such bewildering speed that at Laon they overwhelmed three trainloads of German soldiers trying to flee to the rear.

There was no rest anywhere for the disorganized Germans. Drives mushroomed all over the battlefields of the first world war, covering in an hour territory that it once took days and weeks to conquer.

One force of Americans, heading straight east for the German border, seized St. Dizier, 18 miles southeast of fallen Vitry and 57 miles from the Saar frontier of Germany.

The Germans had been expected to make some sort of stand at the Somme, but indications were that enemy rearguard actions had turned into a fight to get back into the fatherland by way of Belgium, yielding at least half of the robot bomb positions and all northern France.

At Amiens the British were 62 miles from Belgium and 53 miles east of Dieppe, scene of the commando raid of 1942.

British and Belgians crossed near the mouth of the Seine from 18 to 25 miles east of the doomed Atlantic port of Le Havre, and Canadians flushed the last snipers from historic Rouen, whose river docks make it an immense military prize.

Gen. Dwight D. Eisenhower announced the Allied campaign to liberate France is running at five days ahead of schedule.

Lt. Gen. Courtney H. Hodges' American First Army, shifted eastward several days ago, drove two and one-half miles northeast of captured Laon in a swift dash toward the Belgian frontier. At Laon his troops caught three trainloads of German soldiers and killed and captured them all.

The U. S. Third army front to the southeast captured St. Dizier, 18 miles east of Vitry in the deepest bulge toward Germany.

From Paris to the sea American, British and Canadian bridgeheads over the Seine were blended into a single attack which cut the inland road from Dieppe and stabbed 65 miles north of the Seine to Amiens on the Somme.

This will be the eleventh session of the British and American leaders with their political and military advisers. They last had three sessions in the Middle East, meeting at Cairo with Generalissimo Chiang Kai-shek, Stalin at Teheran and again at Cairo with President Ismet Inonu of Turkey.

The intervening eight months have constituted the longest period since their original 1940 Atlantic Charter meeting that they have not conferred.

Bombers Explode Ammunition Dump S'west Of Dieppe

LONDON, Aug. 31 (AP)—American Havoc dive-bombers exploded an ammunition dump five miles southeast of Dieppe today in an operation ahead of the fast-moving British and Canadian armies made at the request of Gen. Sir Bernard L. Montgomery.

The dump was in the Darques forest where Havoc bombed a large German oil depot yesterday.

Marauder medium bombers made their second attack in 15 hours on the fortified island of Czebemb harrasing access to the mouth of St. Malo harbor.

British Mosquitoes struck at enemy war transport and industry in northern France and Germany last night despite the handicap of poor weather.

While the Mosquitoes bombed the industrial center of Frankfurt without loss, other squadrons of these speedy all-purpose raiders, operating as fighter bombers, battered rail targets from the fighting front to the German border.

They plowed through storms and clouds as low as 500 feet and wrecked trains and tracks directly in the path of the retreating Germans.

Pesaro Taken; Allies Advance Further Inland

ROME, Aug. 31 (AP)—The Adriatic port of Pesaro, one of the eastern anchors of the Germans' Gothic line, has fallen to Polish troops, and Allied forces now are in contact with strong enemy positions further inland after storming across the Foglia river on a broad front, it was announced today.

Pesaro fell only after a bitter fight in which both infantry and armor participated. The Germans counterattacked fiercely yesterday after the Poles had invested part of the city, but were repulsed with heavy losses.

The Poles announced they had taken a sizeable bag of prisoners in the fighting.

Dispatches from the front said that in some places further west Eighth army troops drove across the Foglia so swiftly that the Germans had not even had time to lay mines.

Headquarters said, however, that the forces already at grips with positions in the Gothic line — on which the enemy is expected to make his main stand in defense of northern Italy — were meeting stiff resistance.

Reports from the field said that not a Nazi was left on the south bank of the Foglia for a distance of 16 miles inland from the Adriatic.

Other Eighth army forces further inland, headquarters said, were approaching the Foglia after occupying the town of Urbino and pushing on five miles beyond in an advance through difficult mountain terrain in the Apennines.

Hunter Strain Here To Resume Work

Hunter Strain, San Angelo contractor, returned to Howard county today and will resume work Friday on a county roads project. He first will retop 6-7 miles in precinct 2 and later will seal coat several miles on the old San Angelo highway and four miles in Knott vicinity. He previously had paved five miles on the Gall road.

Thomas was arrested in Galveston last Oct. 27, a day after the bodies of Dr. and Mrs. Hunt were found bound to a bed at their Littlefield home. He pleaded innocent and was indicted by a Lamb county jury in the death of Dr. Hunt. The case was moved here to Hale county on a change of venue.

District Judge C. D. Russell read the verdict to a packed courtroom, its stillness broken only by the sobs of a woman who burst into tears.

Thomas told reporters shortly after that he was not guilty and never deserved the reputation he had been given.

District Attorney Harold M. LaFont asked the jurors to "give him death."

Nearly 300 Jap Ships Knocked Out Of War During Month Of Aug.

By LEONARD MILLIMAN Associated Press War Editor Nearly 300 ocean-going ships were knocked out of the Japanese merchant and fighting fleets in August.

A recapitulation of Allied communiques today, with reports for the month not yet complete, disclosed at least 175 of these were known to be sunk, including 18 combatant vessels.

The figures do not include more than 500 barges, luggers, sampans and riverboats sunk or damaged, mostly in China.

Communiques today and yesterday listed 36 ships destroyed or crippled. They included 17 by submarines, which sank 52 in August for their biggest month of the war.

American bombers, softening up the Philippines, delivered their fourth heavy blow within two weeks at the stepping stone island of Halmahera.

"Damage was heavy and widespread," Gen. Douglas MacArthur said, in the latest raid aimed at the heart of the island.

Other Southwest Pacific bombers ranged on to strike again at Davao, southernmost important city in the Philippines and a Japanese town even in pre-war days.

Central and north Pacific air forces maintained their threatening aerial pincers on Japan itself. Liberators were unopposed in a night raid on two airfields, 750 miles south of Tokyo. Three Aleutian-based planes were damaged in attacks on Paramushiro.

An American observer in China said incessant air battering and the hammering blows of Chinese infantrymen threatened to bog down Japan's drive into southeast China, designed to bisect China.

Chungking said defending forces still fought for Lishui, potential coastal air base near Japan. Tokyo had previously reported its capture.

Chinese also reported Tokyo had ordered Japanese civilians out of Shanghai and Amoy — both threatened by U.S. bombings.

Two air battles over Yochow Tuesday developed into the biggest aerial combat of the China war, Gen. Joseph W. Stilwell disclosed in a revised report listing 49 Japanese planes destroyed or damaged.

Russ Never Quit Writing His Mom

HOLLYWOOD, Aug. 31 (AP)—Mrs. Julia Columbo's life ended last night—and with it one of the tenderest deceptions ever enacted in this capital of make-believe.

She was the 78-year-old mother of Russ Columbo, handsome crooner and film actor. She died still happy in the belief that he was winning ever more fame abroad—merely unaware that actually he himself died a decade ago.

Russ was killed Sept. 1, 1934, then 24 and at the crest of a career as a night-club singer and film actor. He and friends were examining an old Civil war cap-and-ball pistol, believing it unloaded. The weapon discharged, and the bullet struck him in the brain.

His mother was too ill from a heart ailment to be told of his death.

Rains Benefit Much Of State

By The Associated Press Farm and ranch lands of portions of Texas generally benefited today (Thursday) from rains as the Pedernales river returned toward normal after a flash flood and the Rio Grande continued to flood.

Fredericksburg, in the hill country drained by the Pedernales, reported more than seven inches of rain yesterday as the swollen stream reached an all-time high of 27 feet north of Johnson City, passing Johnson City as it moved toward Lake Travis. Llano had a 4-2 inch rain.

A new flood crest on the San Juan (Mexican) and Rio Grande was expected to reach Rio Grande City, in the upper valley, today, with a predicted crest of 39 feet, twice as high as last week's crest. Lowlands residents were moving out household goods, heeding warnings of Red Cross officials.

Fall seed beds, citrus and pastures benefited from nearly five inches of rain in the lower Rio Grande valley, but cotton growers, with the soil too soggy to plow, feared they would not be able to comply with state and federal pink bollworm regulations.

Tax Hearing Is Held By City

The Joint City of Big Spring-Big Spring Independent School district board of equalization was meeting taxpayers Thursday at the city hall in response to notices of a blanket 10 per cent increase in school assessments.

During the morning not over a dozen persons met with the board but there were several others waiting.

Hearings are scheduled to continue as far into Friday as there is a demand.

Almost invariably, there was no complaint from taxpayers when it was made clear the raise in school valuations applied across the board. Board members said constituents appeared to appreciate the need of schools for more revenue and accepted the 100 per cent assessment in good spirits.

All in all, board members agreed that their sessions with the public were the most harmonious in years.

## Three Hostesses Entertain Miss Robertson With Shower

Three hostesses entertained with a miscellaneous wedding shower in the home of Caroline Smith Wednesday evening honoring Miss Mayme Robertson, bride-elect of Lieut. William H. Flury, Jr.

Hours were from 8 to 9:30 o'clock and co-hostesses were Cozarea Walker and Mrs. K. R. Davis.

The honoree was attired in a light purple frock with matching accessories and her shoulder corsage was of gardenias.

The refreshment table, covered with an extra lace cloth, was centered with gladioli, asters and autumn fern in a fan shape arrangement. Mrs. K. R. Davis presided at the crystal punch service.

Guests who called during the evening were Mrs. Otis Grafe, Jr., Miss Jo Dora, Vangle Bartholman, Lucille Burke, Mrs. William Hendrick, Harriette Smith, Evelyn Merrill, Mrs. Donald Johnson, Joyce Croft.

Champ Phillips, Waneta Walker, Mrs. Steve Nobles, Mrs. Odie Wilson, Mrs. C. B. South, Jr., Mrs. Roxie Dobbins, Gloria Hall, Mrs. Martha Hardin, Barbara Grear.

Miss Robertson, daughter of Mrs. Jim Robertson, will be married to Lieut. Flury, son of Mr. and Mrs. W. H. Flury, Sr., of Atlanta, Ga., September 6th at the First Baptist church.

Mrs. M. K. House left Wednesday for Norton to visit her daughter and family, Mr. and Mrs. E. L. Morrison, and will go from there to Abilene to visit her relatives for a few days.

The Hudson river was called the Mauritius by the early Dutch.

## Activities at the USO

**THURSDAY**  
8:30—Meeting of GSO planning committee.

**FRIDAY**  
Volunteer desk hostesses.  
9:00—General activities.

**SATURDAY**  
7:00-9:00—Canteen open, free cookies and ice tea furnished.

9:00-11:00—Record letters in recording room.

Bingo prize of a long distance telephone call home was won for the third time by Sgt. Phil Salvatore of Salem, Mass., Wednesday evening at the USO.

Mrs. Ann Houser announced today that in the future the trucks furnishing transportation for the junior hostesses attending the enlisted men's dances at the post will pick up the girls at the USO at 8:45 o'clock.

An enlisted men's dance is scheduled this Saturday evening and will be given at the post gym at 9 o'clock. The post orchestra, under the direction of T/Sgt. Winslow Chamberlain, will furnish music for the dancing.

Mrs. Houser asks "all GSO girls who can possibly attend please do so."

The special GSO committee will meet this evening at 6 p. m. in place of 8:30 p. m. All members are asked to attend.

Flowers, cookies, books and magazines were distributed in the wards at the post hospital Wednesday evening by the USO Hospital Visiting committee.

Those attending were Dorothy Sue Rowe, Leta Frances Walker, Helen Duley, Shirley Fisherman, Ethel Bodzin, Marian Connell, Norma Burrell, Nita Chapman, Lillian Jordan.

Mr. and Mrs. B. L. LeFever have had as their guests, Mrs. LeFever's sister and husband, Lieut. and Mrs. Leon Churchill. He is on leave from the 15th Air Force in Italy after completing 30 missions.

Mrs. E. K. Bertucci and Nancy Kay and Robert Knolan will leave Friday for Dallas where they will make their home while Lieut. Bertucci is stationed at Liberal, Kas.

Mr. and Mrs. C. H. Riddle had all their children home Sunday and Monday. Those visiting were Pvt. Robert Riddle of Los Angeles, Calif., and his wife and two sons of Midland; Mr. and Mrs. R. L. Riddle and family of Odessa; Mr. and Mrs. Eugene Riddle and family of Big Spring and Mr. and Mrs. Dolis Ray of Center Point.

Howard Smith is recuperating following tonsillectomy Saturday. Rev. Dennis of Houston and Rev. Hood of Midland were guest speakers at the Missionary Baptist church Sunday.

Mrs. Harrison Wood and baby of Colorado City is visiting her mother-in-law, Mrs. W. O. Jones and family.

Mrs. Sadie Ingram of Tuxedo has returned home after visiting here with her brother, W. O. Jones and family.

Rev. and Mrs. Cecil Rhodes and family had as their guests Monday Mr. and Mrs. Albert Bills and family of Snyder and Mrs. Shelton Holmes and children of Midland.

Mr. and Mrs. W. O. Jones and family, Mrs. Harrison Wood and baby of Colorado City and Mr. and Mrs. Bud Fien of Vincent visited Sunday with Mr. and Mrs. J. T. Gross and family.

Those from Knott attending the Oddfellow Lodge meeting in Big Spring Monday were R. H. Unger, J. T. Gross, Frank Barnard, C. B. Donaghey, Jack Thomas, Ellis Iden and Bob Cresswell.

Mr. and Mrs. E. L. Roman and family spent the week-end in Austin with their daughters, Doris Roman and Mrs. Jim Rutledge.

Clarice Hambrick returned to Dallas recently after a short visit with her parents, Mr. and Mrs. L. C. Hambrick of Ackerly. She is employed as a teacher at the Buckner's orphans home.

### Social Calendar Of Events For Week

**FRIDAY**  
**TRAINMEN LADIES** will have a business meeting in the WOW hall at 2:30 p. m.  
**SUSANNAH WESLEY CLASS** of the First Methodist church will have a covered dish luncheon and business meeting at the church at 12 noon.  
**FRIENDSHIP CLASS** will meet for bridge at 3 p. m. in the home of Mrs. Herbert Johnson.  
**LADIES GOLF ASSOCIATION** will have a luncheon at 1 o'clock at the Country Club with Mrs. J. B. Mull and Mrs. Marvin Miller as hostesses.

### Mrs Perkins Given Mrs. Perkins Given J. R. Petty Home

Mrs. L. A. Perkins was honored with a gift shower Wednesday afternoon when Mrs. R. K. Bertucci and Mrs. J. R. Petty attended in the Petty home.

The refreshment table was laid with a white lace cloth and an arrangement of daisies was the centerpiece.

Those present were Mrs. Frances Sample, Mrs. Homer Fields, Mrs. Bruce Romick, Mrs. Jean Budick, Mrs. Edith Schmidt, Mrs. Glenn Cocking, Mrs. Helen Ross, Mrs. Donald Lewis, Mrs. Pat Sterling, Mrs. Mary Ellen Nelson.

### Knott Community Has Visitors

**KNOTT, Aug. 30**—Mr. and Mrs. Jess Arnett and daughter of Midland and Mr. and Mrs. John Scott and daughter, Mrs. Rex Hamilton of Stanton visited recently with their sister, Mrs. O. R. Smith and family and their mother, Mrs. Smith. Mrs. Smith returned to Midland with Mr. and Mrs. Arnett for a visit.

Mr. and Mrs. C. H. Riddle had all their children home Sunday and Monday. Those visiting were Pvt. Robert Riddle of Los Angeles, Calif., and his wife and two sons of Midland; Mr. and Mrs. R. L. Riddle and family of Odessa; Mr. and Mrs. Eugene Riddle and family of Big Spring and Mr. and Mrs. Dolis Ray of Center Point.

Howard Smith is recuperating following tonsillectomy Saturday. Rev. Dennis of Houston and Rev. Hood of Midland were guest speakers at the Missionary Baptist church Sunday.

Mrs. Harrison Wood and baby of Colorado City is visiting her mother-in-law, Mrs. W. O. Jones and family.

Mrs. Sadie Ingram of Tuxedo has returned home after visiting here with her brother, W. O. Jones and family.

Rev. and Mrs. Cecil Rhodes and family had as their guests Monday Mr. and Mrs. Albert Bills and family of Snyder and Mrs. Shelton Holmes and children of Midland.

Mr. and Mrs. W. O. Jones and family, Mrs. Harrison Wood and baby of Colorado City and Mr. and Mrs. Bud Fien of Vincent visited Sunday with Mr. and Mrs. J. T. Gross and family.

Those from Knott attending the Oddfellow Lodge meeting in Big Spring Monday were R. H. Unger, J. T. Gross, Frank Barnard, C. B. Donaghey, Jack Thomas, Ellis Iden and Bob Cresswell.

Mr. and Mrs. E. L. Roman and family spent the week-end in Austin with their daughters, Doris Roman and Mrs. Jim Rutledge.

Clarice Hambrick returned to Dallas recently after a short visit with her parents, Mr. and Mrs. L. C. Hambrick of Ackerly. She is employed as a teacher at the Buckner's orphans home.

### Dances Are Scheduled For Cadets

Three cadet dances will entertain cadets stationed at the local post and girls Thursday, Friday and Saturday nights in the Cadet club.

**Class 44-12**  
This evening at 9 o'clock the graduating dance of Class 44-12 will be given and the post orchestra, under the direction of T/Sgt. Winslow Chamberlain, will furnish music for the dancing.

Dress will be optional and the club decorations are in charge of the cadet wives of the graduating class. Refreshments will be served to those attending.

Mrs. Lynette McKinnon, cadet hostess, is in charge of all the dance arrangements.

**Class 44-52B**  
Members of Class 44-52B will be honored with an incoming dance Friday evening at 9:30 o'clock in the Cadet club.

The post orchestra will furnish music for the optional dress dance. Refreshments will be served.

**All Cadets**  
All cadets will be entertained with the regular Saturday evening dance in the Cadet club at 9 o'clock.

Members of the post orchestra will furnish music for the dancing.

All cadets, their wives, dates and invited girls are asked to attend.

### All Day School Held By HD Clubs

An all-day training school in upholstery was attended by representatives of Howard county home demonstration clubs Wednesday in the First Methodist church.

Rheba Merle Boyles, home demonstration agent, conducted a demonstration of upholstery and repairing upholstered furniture. Women who attended will assist later in conducting similar demonstrations before their clubs.

Those attending were Mrs. H. C. Reid, Mrs. R. E. Martin, R-Bar; Mrs. J. E. Brown and daughter, Highway; Mrs. W. B. Graddy, Mrs. W. J. Briggance, Fairview; Mrs. Pearl Cauble, Overton; Mrs. Paul Adams, Mrs. E. O. Sanderson, Knott, and Mrs. R. F. Jenkins, Sand Springs.

**SAFETY FIRST**  
**SAN FRANCISCO (AP)**—Aged Ed Kennealley will hobble in safety to get his occasional glass of beer at Ma Pederson's taproom across the street from his waterfront hotel.

The retired teamster wrote Mayor Roger D. Lapham he had "nearly been knocked for a loop" several times while walking across the busy truck approach to the San Francisco-Oakland bay bridge.

The mayor ordered a traffic signal installed at the crossing.

### Make This Barcel Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Here is a recipe that can be used inexpensively at home. Just get from your druggist 4 ozs. of liquid **BARCEL CONCENTRATE**. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonful twice a day. Wonder-

ful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

### Use Cheese Pastry For Turnovers

By **CHARLOTTE ADAMS**  
**Cheese Pastry For Turnovers**  
Sautéed Liver  
Green Lima Beans  
Beets in Sour Cream  
Cloverleaf Rolls  
Cheese Apple Turnovers

(Recipes Serve Four)  
**Beets in Sour Cream**  
2 cups cooked beets, diced  
1 tablespoon vinegar  
1-2 cup sour cream  
3-4 teaspoon salt  
1 teaspoon caraway seeds  
Mix all ingredients and blend well. Heat and hold over hot water until ready to serve.

**Cheese-Apple Turnovers**  
4 tart apples  
2 tablespoons sugar  
1 teaspoon cinnamon  
1 teaspoon lemon juice  
2 1-2 cups sifted flour  
1-2 teaspoon salt  
1-2 cup shortening  
1-2 cup cream cheese  
Cold water

Mix and sift flour and salt. Cut in shortening and cream cheese. Add water, a little at a time, and cut lightly with two knives until the mixture holds together. Form into a soft ball and chill for an hour in the refrigerator.

Peel, core and slice apples and sprinkle lemon juice over them. Combine sugar, cinnamon, and apples. Roll a small amount of pastry at a time one-eighth inch thick on a slightly floured board, cut into squares, and put a heaping tablespoon of fruit mixture on one-half. Fold over and seal edges together, using a floured fork. Bake at 425 degrees (30 to 45 minutes, reduce heat to 250 degrees and bake 25 to 30 minutes longer.

**Make This TEST For Petroleum Jelly Quality**  
Press Maroline between thumb and forefinger. Spread apart slowly. Long silky fibers prove Maroline is top quality petroleum jelly. For minor cuts, burns, chafes and abrasions, triple size Maroline, 10c.

Ray B. Cotter, PO 3/C US Navy Seabee, who is stationed at Camp Peary, Va., is here visiting his sister, Mrs. Jack McKinnon and other relatives. Cotter is being transferred to regular Navy where he will be given a course in basic engineering.

### How to RUIN DRESSES AND LOSE FRIENDS

IT'S tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's easy to save dresses, it's easy to save friends.

Use Arid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arid is safe and dependable for these five reasons:

1. Arid does not irritate skin. Does not rot dresses or men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure, white, antiseptic, stainless vanishing cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arid regularly.

Arid is the largest selling deodorant. Sold at all stores selling toilet goods—39c and 59c a jar. (Price Fair)

### BEAT THE HEAT

Soothes and cool burning smears and itch of heat rash with Mexsana, the soothing, medicated powder. Mexsana is not a talc, but a clean, white medicated powder, contains ingredients which are often used by specialists for the relief of these discomforts. Just sprinkle Mexsana well over your heat irritated skin and see how quickly it relieves those tormenting miseries. Costs little. Even greater savings in larger sizes. Demand Mexsana.

## Peters Shoes Go—

# Back to School

## Retiring County Agent Says Big Challenge Still Is Saving Moisture

By O. P. GRIFFIN  
County Agent

In the eleven and a half years I have been in Howard county there have been many changes in the county's agriculture. Most of these changes have been for the better and I am glad and thankful to have had a small part in them. However, whatever credit is due to leading farmers, who by their enterprise and foresight have brought them about.

land areas. Along with this is the use of farm tractors, by which weeds are better controlled so that the moisture saved can go into the crop growth.

And herein lies the most lucrative field for future improvement. The job of conserving the county's rainfall is still the most important concern of more than half of the farmers and ranchmen.

Perhaps second in economic importance of the changes has to do with the production of beef. The use of sudan pasture and home grown feed to produce beef has not only made a market for the sudan and feed, but has created a better market for feeder calves produced on the ranches.

And here again is an opportunity. There is no good reason why all of the calves raised on Howard county ranches should not be fed out by Howard county farmers. Some farmers still depend on cotton for their one money crop, but it must be kept in mind that there is now on hand a two years supply of the kind of cotton raised in Howard county, and this is the largest surplus in the history of cotton production.

Several Howard county farmers have demonstrated that, more clear money can be made out of sudan, maize and beef cattle than cotton.

There are many other lines in which there has been some progress. The somewhat abortive attempt, under the inspiration of war, to raise hogs and poultry within the coming years into profitable farm sidelines. The chief reason why profit has been small is the failure to provide pasture for hogs; and proper housing for chickens. There have been increases in production and much progress toward better feeding methods, with both hogs and chickens. But the evils that have resulted from lack of pasture and good houses have taken away most of the farmer's profit.

It is with many regrets that I am giving up my place in Howard county. Poor health of myself and that of Mrs. Griffin makes it impossible to longer render the service you have a right to expect from your county agent. I am succeeded by an energetic young man with an excellent farm background and agricultural education. Cooperation of the farmers of Howard county with each other under his leadership will bring a new day to farms and ranches of dear old Howard county.

The Jewish people have been Europeans for more than 1,000 years.

## Feeding And Care Are Important In Dairies

At least one fifth of the average dairy herd must be replaced yearly. Economical replacements depend upon the survival of the largest number possible of the calves born within the herd, says O. W. Thompson, dairy husbandman for the A. and M. College Extension Service.

Correct feeding and care are imperative in raising and developing a heifer into a thrifty producer. Milk for the infant calf should be as clean as milk for a baby, and pails from which it is fed must be clean and sterile. To be fed at regular intervals at blood temperature and overfeeding avoided.

Thompson says that it has been found through research that milk feeding can be stopped at two weeks of age and the calf raised on milk substitutes. But for the first three or four days it is important that a new born calf receive the milk or colostrum from its dam. The colostrum cleanses its digestive tract and aids digestion.

Although a calf usually will eat grain at two weeks of age it should be taught to do so, as well as to eat hay, as soon as possible. Putting a little into the pail immediately after feeding milk is a good way to begin. The grain mixture should be fed to each calf individually in separate feed boxes.

Hay should be bright, clean and of high quality, and kept before the calf at all times so it will eat all it desires. Non-legume hays such as prairie, cane bermuda, Johnson grass or sudan, or a mixture of non-legume hays with not too much legumes should be fed. Silage, however, should not be fed under five or six months of age. Pasture also should be provided. A young calf will not eat much grass, but it needs exercise and sunshine, and the vitamin A from the grass it does eat.

Vitamin C ascorbic acid and niacin (one of the vitamin B complex) also are essential in the diet for prevention and control of early calfhood diseases. Capsules containing all three vitamins in proper dosage now are on the market at low cost, Thompson says.

## Short Cuts May Save Time In The Kitchen

Even little short cuts are important in wartime cookery. A few minutes saved each time a job is done may count up to many hours in the course of months.

In a household where baking powder biscuits and cookies are baked often, time may be saved by cutting them square instead of round. After the dough is rolled out, criss-crossing with a knife and lifting the squares onto the baking pan is much faster than first cutting with a cookie cutter, then gathering the scraps together, and again rolling out and cutting, as it usually is done.

In these days when many families send cookies to members away in the armed services, the square cut has another advantage. It makes cookies pack more compactly and travel with less breakage.

Drop biscuits and cookies are even quicker to make than square cut cookies but their texture and appearance is less smooth and they do not pack as well.

## List Picker Needs With County Agent

If you are going to need any cotton pickers you should list your request at the County Agent's Office at least two weeks before your cotton is ready. Many picker crews will not be able to get gasoline to come to Howard county unless the county agent has these requests in his files. Also if you have a crew that is coming to your farm, write them to see if they need a recommendation for supplemental gas to come to Howard county. After migrant workers have reached this county their gas is recommended by the county farm transportation committee.

Potatoes were first discovered by white men in Colombia, South America, in 1538.

## Dave Duncan Is Guest Speaker At Lions Club

Although the oil industry last Sunday celebrated the 85th anniversary of the discovery of oil in a 69-foot well in Titusville, Pa., it is only within the past 25 years that phenomenal strides have been made in drilling techniques, Dave Duncan, veteran drilling contractor, told the Lions club Wednesday.

Today wells go beyond 15,000 feet and there is no reason why they cannot be taken another 5,000, Duncan thought. This seems far fetched even along side the limitations of 1917 when a 3,000-foot cable tool well seemed about as far as a well could go.

With the deep strike at Oklahoma City 10 years ago, impetus was put on rotary drilling and with the addition of the rock bit, it has multiplied in this area. Today much pay below 11,000 feet is being drilled. These wells cost from \$100,000 to a quarter of a million dollars, Duncan pointed out.

Refinements have produced directional drilling whereby wells may be sunk in curves or at angles. A special camera enables periodic checks on variations and thus permits constant correction. Thus wells may start on shores and end up under the ocean, and well wells may be controlled by drilling into the shaft from below. Next development appears to be in horizontal drilling, said Duncan.

As for deep tests, more such rigs are now operating in the Big Spring area than perhaps at any other Texas point at this time, he ventured.

Duncan said that it was impossible to speak of the oil industry without speaking of Texas, which had its first well back in 1896 and without "its tremendous reserves, the war could not have been as successfully prosecuted.

Betty Adams, Wichita Falls, favored the club with accordion numbers. A former resident, she used to perform before the club six years ago. Harry Adams, her father and a key member of the Big Spring club, was a guest.

## Tips For Keeping Bright Color In Catsup, Sauces

The natural red tomato color adds much to the appetizing quality of catsup and chili sauce, yet too often these products when made at home are brown or dark colored. The U. S. department of agriculture offers the following tips for holding the red:

1. Use fully ripe red tomatoes and red pepper, whether sweet or hot, rather than green. Avoid black pepper also because it darkens the color.
2. Cook in a wide shallow kettle that allows for rapid evaporation.
3. Avoid iron utensils because iron discolors tomatoes. Use stainless steel knives. Enamelware or agate kettles, if used, should not be broken or chipped on the bottom so that the steel underneath is exposed.
4. When cooking tomatoes, cook rapidly but avoid scorching by stirring frequently during the first half of the cooking and then constantly for the last half as the mixture becomes thick. Avoid overcooking and slow cooking which cause a loss of color. Scorching spoils both color and flavor.
5. Instead of powdered spice which darkens the mixture on standing, use whole spices tied in a cloth bag and remove the bag before putting the mixture in jars.
6. Add vinegar, sugar and salt only after the tomatoes have cooked down to half the original volume.
7. Paprika and red pepper both add to the red color, though paprika has little flavoring value.
8. Store in a cool, dry, dark place. Light gradually fades the color.

## Stars On Service Flag For Howard Co. Boys

STEPHENVILLE, Aug. 31—At John Tarleton Agricultural College there is a service flag containing 67 gold stars, symbols of the known fatal casualties among the more than 3,000 former Tarleton students now in the armed forces.

Three of these stars were placed there in memory of Pfc. David Lamun, son of Mr. and Mrs. Bernard Lamun of 500 Runnels, Big Spring, who was killed in action in France; Lt. LaVoice Scuddy, son of Mr. and Mrs. J. C. Scuddy of Forsan, who was killed in line of duty, and Lt. Charles Clyburn, son of Mr. and Mrs. A. L. Clyburn of Knott, killed in action.

## Cpl. Smith, In England With Wrist Wound, Tells Of Experiences In France

HEADQUARTERS, European Theater of Operations—Can you imagine seeing two Generals with MI rifles in their hands blazing away? Fighting for their very lives? These are the words of 21-year-old Corporal Forrest P. Smith, son of Mr. and Mrs. F. B. Smith of Big Spring.

Cpl. Smith, machine gunner in a Glider Infantry unit, recently returned from France with a wrist wound and this story from an Army Camp in England:

"Our take-off went alright. The air got bumpy and all that, and some of the fellows around me began to get sick almost right away.

"As we got near the coast, we could see ships off shore unloading and things looked quiet enough on the beach. We could see soldiers lying close to the ground. Then all at once, Jerry flack hit all around us. We were told to check our safety belts and the low plane cut loose. We began to feel shaky.

"The glider nosed down into a clearing and we scrambled out of the glider and sought cover.

"Nearby a C-47 transport plane was burning, but we were too busy to bother to investigate. We started for our rallying point, where we joined up with the paratroopers a few minutes later. They're a great bunch of guys and the ruggedest bunch of soldiers I ever saw.

"We started for a causeway up the road and it was there where the fighting was bad that we saw the two generals going to town with their rifles. I'll never forget that scene.

"We fought there for three successive days with no sleep at all. After the third day we were brought back to the lines. We washed and slept and ate, then went back to the front again. It was like that all the time I was there.

"Next morning we got up and heard some shouting on our right. A squad of Heines was running behind a hedge line trying to cut off our rear. One of them had a machine gun, and as I tried to make for cover, he got me in the wrist. Three days later I was back in England."

## Rural Aid School Bill Approved By Joint Legislative Committee

AUSTIN, Aug. 30 (AP)—Increase in rural teacher salaries took its first definite form yesterday in a rural aid school bill approved by a joint legislative committee for submission to the 49th legislature as an emergency measure.

Gov. Coke Stevenson assured Sen. G. C. Morris of Greenville, chairman of the committee, that he would recommend the bill to the legislature as soon as it convened in January.

Sen. Morris said he hoped this action by the governor and the legislative committee would be sufficiently concrete to persuade rural and school teachers to renew contracts for the coming year, as well as attract new teachers.

The bill provides for a salary increase in accredited schools from \$900 to \$1,200 per year, and in unaccredited schools from \$780 to \$1,060. Since pay increases cannot be retroactive the entire raise will be spaced out during the last four months of the 1944-45 school year.

The \$180 level for current operating expenses is increased in accredited schools to \$240 and in unaccredited schools from \$165 to \$220.

The transportation rate is lifted from \$2.25 to \$3 per month per high school child, and \$1.75 to \$2.50 per elementary child. The 2 1/2 mile minimum transportation limit still prevails.

High school tuition remains at \$7.50 per pupil per month, but is extended from a five month to a six month basis.

The legislature will have to appropriate approximately \$4,500,000 to provide the foregoing increases, said Sen. Morris.

## Boys To Show Pigs At Abilene Fair

COLORADO CITY, Aug. 31—For the first time, Mitchell county 4-H boys will exhibit swine in the West Texas Fair at Abilene, T. H. Roensch, county agent, reports. Applications for entries in the Duroc swine judging competition have been forwarded for four club members.

Boys who will show pigs are Merlyn Bruce, Glyn Morgan, and Jim Candler of Colorado City, and Lowell Richardson of Lorraine.

Supervised by the county agent the party will leave here on Tuesday, September 5, and will show their Duroc swine at 10 a. m., Friday, September 8.

Private Frank Johnson, of 407 West 5th Street, who is a message center clerk, is with the headquarters company of the 63rd Signal Battalion, which recently was awarded the Fifth Army plaque for exceptionally meritorious performance of duty in Italy. The battalion came overseas with the first convoy of U. S. troops in January 1942, and has served in Ireland, England, North Africa and Italy.

# Detroit Runs Head On Into St. Louis Browns

By JACK HAND  
Associated Press Sports Writer  
Detroit ran head on into the St. Louis Browns today in a do-or-die pennant series while the Yankees and Red Sox took on second-division opposition. If the New Yorkers weren't

too tired after climbing the steps from second to fourth and back to second in the last three days, the schedule calling for a six-game home set with the last place Washington Senators offered a golden opportunity. Detroit needed to repeat last

weekend's three out of four success or be virtually counted out of the running. Steve O'Neill had Stubby Overmire and Ha Newhouse ready to go in the first two games and Dixie Trous hanging around when needed.

Although the Tigers did put the Browns down for a nine-count in their last series, the season figures gave the league leaders a 12-6 edge with four to go. Oddsmakers had installed St. Louis as a 1-2 to 1 favorite to win and quoted figures of 3 to 1 against New York, 4 to 1 against Detroit and 6 to 1 against Boston. In any event, they were prepared to shell out 18 to 1 that none of them could beat the Cardinals in the world series.

The Browns ran into trouble in Cleveland, blowing a substantial lead as the Tribe counted eight times in the eighth to grab a 15-7 decision. Reliever Jim Bagby took the win over George Caster who replaced starter Jack Kramer.

Detroit stumbled against Chicago and bowed to Ed Lopez, 6-3. Running out of Newhouses and Trouts, the Tigers started Johnny Gorsica who absorbed his 10th straight beating. Dutch Leonard tossed Washington to a 9-4 verdict over Philadelphia's Luke Hamlin in the other American league.

Chicago dealt a body blow at Pittsburgh's second place hopes by twice trimming the Pirates, 12-5 and 6-3. Hank Aysc and Claude Passeau were the winners over Irv Sewell and Ray Starr in a double that lasted 5 1/2 hours and included homers by Dom Dileasandro, Babe Dahlgren and Vince DiMaggio.

Cincinnati, rained out at St. Louis, moved to within 2 1/2 games of second spot.

Ben Chapman pitched and batted Brooklyn to a 10-2 slaughter of Philadelphia and Jim Tobin stopped the New York Giants with five hits to gain a 4-3 edge for Boston with the help of round trippers by Whitey Weltzmann and Buck Eitchison.

# Wartime Policy Pays Dividends For Association

FOREST HILLS, N. Y., Aug. 31 (AP)—The U. S. Lawn Tennis association's wartime policy of continuing its national championships mainly for the benefit of the younger players seems to be paying dividends in the third title tournament since America went to war.

With virtually all of the top-flight men stars in the services, the U.S.L.T.A. decided to concentrate on developing young players and to continue the championships so as to have plenty of good material ready when international competition is resumed after the war.

Yesterday in the first round of the 63rd national championships, at least a half dozen kid players came through Among 16 survivors while one veteran, Sidney B. Wood, Jr., a top-flight star for more than a dozen years, was eliminated.

Charley Oliver, of Perth Amboy, N. J., one of the best of the current crop of junior players, tipped Wood out of the tournament, 6-3, 6-8, 6-1, and then nearly made it a double upset when he teamed with big Nick Bussell of Los Angeles to carry the top-ranking doubles team of Fench Segura and Billy Talbert to three long sets before losing, 6-3, 16-18, 6-3.

Other youngsters who won in the first round included Aviation Cadet Bobby Falkenberg of Hollywood, Calif., 1943 national junior champion, Jack Jossi, of Oakland, Calif., Pvt. George Ball of the El Paso, Tex., anti-aircraft training center, and Ed Ray of Sinton, Tex.

REGISTRATION POSTPONED  
WACO, Aug. 31 (AP)—President Pat M. Neff of Baylor University announced that fall registration has been postponed a week because of a delay in repairing Burgeson hall, senior girls dormitory. The new registration date is Sept. 19.

# Trophies, Bonds To Be Awarded At Abilene Fair

ABILENE, Aug. 31 — Fifteen gold and silver trophies plus \$800 in war bonds and stamps, will be awarded winners of the annual Texas Palomino Exhibitors show to be held in Abilene as a feature of the four opening days of the 22nd annual West Texas Fair, Sept. 1-4.

Some of the state's leading breeders of Palomino horses will show their horses here. Included will be J. E. Mowinkle of San Antonio, president of the Texas Palomino Exhibitors association, who showed the grand champion at a Palomino show in Mineral Wells in July.

The big trophy of the Palomino show will be awarded for the champion 1944 foal, either sex. To retain permanent possession of this trophy, it must be won by the same individual's foals for three successive years. It now is held by Lane Hudson of Big Spring.

The four-day show event is a ladies' time event, with a trophy and \$50 war bond for first place, and bonds and stamps to four other winners.

Local chairman of the Palomino show committee is Dr. M. T. Ramsey, president of the West Texas Fair association. The TPEA committee includes Jack Bridges, Glenrose, D. L. Harralson, San Angelo, and Dr. H. Arthur Zeppe, Mineral Wells, state secretary.

The West Texas Fair has not been staged here since 1941. There is much regional interest, and attendance this year is expected to pass 75,000.

# Season Football Tickets On Sale; Fans Urged To Buy

Season tickets for Big Spring high school football games are now on sale at the school administration office and at the chamber of commerce, it was announced today.

These tickets cover seven home games, including three district 3-AA contests with the state champion San Angelo Bobcats, the Abilene Eagles, and the Odessa Bobcats, both challengers for Angelo's district title. Among non-conference games at home will be one with the Lubbock Westerners from the tough district 1-AA.

Season duets for reserved seats sell for \$6.30, which is the straight price. However, the advantage in ticket purchases to the individual

is in securing the same good seats for the entire season, Walter Read, high school principal, pointed out.

"But more than reserving a good seat, I think that the purchase of a season ticket will be an expression of interest and confidence in the boys that will undoubtedly have its results in stronger teams just a few years hence.

"If we can sell several hundred of these, then we can be assured of good attendance. That means more interest in our activities, and when people become interested, so do the boys and girls. Right away you will see a renewed spirit

of competition between ward school, junior high and Yearling players. And that means that when Coach Dibreil loses a good player, he will have another good one coming up."

The tickets include the federal tax. There can be no price concession since a uniform per centage level is maintained between member schools of the district and all are obliged to charge identical prices.

Schedule for the 1944 season follows:  
Sept. 15—Colorado City here.  
Sept. 22—Cisco here.  
Sept. 29—Lubbock here.  
Oct. 6—Odessa\* here.  
Oct. 13—Lamesa\* here.  
Oct. 20—Midland\* here.  
Oct. 27—Tahoka here.  
Nov. 10—San Angelo\* here.  
Nov. 17—Abilene\* here.  
Nov. 23—Sweetwater\* here.  
\*—District games.

# THE BEARS CAN STILL SHOW ALL-STARS HOW TO WIN GAMES

CHICAGO, Aug. 31 (AP)—No matter how thin their ranks, the Chicago Bears still can show the College All-Stars how to win football games. They did it again—for the fourth straight time — by snatching a 24-21 triumph on a last period field goal before 50,000 rain-drenched fans at Northwestern University's Dyche Stadium last night.

The All-Stars performed as advertised, but although they beat the war-depleted Bears to the scoring punch for three periods, the professional champions had what it took all the way. The issue was settled when Guard Pete Gudasukas, Bear "sophomore" from Murray (Ky.) State Teachers College, booted a field goal from the 13-yard line midway in the final quarter to break the 21-21 deadlock for a 3-point victory.

It also was obvious superiority in team-play and a better balanced attack—the Bears doubled the ground yardage of the pass-maddened All-Stars—that paid off for the pros, who responded as of yore to the quarterbacking of Ensign Sid Luckman of the Merchant Marine. The Bears outgained the collegians, 143 to 77 yards on the ground, while the All-Stars made 146 yards to the pros' 128 through the air.

A sensational first period performance by Tulsa's Glenn Dobbs shot the All-Stars into a 14-0 lead. Dobbs boomed a record 85-yard quick-kick; lobbed a five-yard touchdown pass to Notre Dame's Creighton Miller and galloped 30 yards through the entire Bear

team when he was trapped trying to pass for a touchdown officially credited to Center John Tavener of Indiana. Dobbs fumbled on the goal line and Tavener fell on the ball in the end zone.

The All-Stars broke a 14-14 halftime deadlock early in the third period by marching 65 yards to a touchdown with Lou Saban of Indiana, who played a magnificent all-around game, sneaking over from the 1-yard stripe. In the same period, however, the Bears paraded 62 yards to even the count again at 21-21 as shifty Ray McLean darted 19 yards for a touchdown and Gudasukas booted his third extra-point placement to match Saban's record.

Then came Gudasukas' game-winning field goal after the All-Stars halted a Bear drive on their six.

Four Survive For Semi-Final Play

SAN ANTONIO, Aug. 31 (AP)—Play today in the 36-hole semi-finals of the state junior golf tournament over Brackenridge park course found Sterling Browning, San Antonio, opposed to Claud Reed of Dallas and Gilbert Cavanaugh and Joe Ruby, both of San Antonio, matched.

These four survived two wet rounds yesterday during which Browning defeated the defending titlist, L. M. Crannell, Jr., of Dallas, 2 and 1. Later in the day he entered the semi-finals by trouncing Douglas Higgins, Fort Worth, 2 up.

Cavanaugh won over Louis Carter, Jr., San Antonio, 4 and 3 and in a morning round, defeated Billy Maxwell of Abilene, 3 and 2.

# Texas A. & M. Kiddie Korps Has Grown Up

(This is another in a series of stories discussing Southwest conference football prospects.)

By HAROLD V. RATLIFF  
COLLEGE STATION, Aug. 31 (AP)—They're still pretty young as college football teams go but compared to last year the Texas A. and M. kiddie korps has grown up.

They're older—six of the starting team will be 19 years or over and there are only a couple under 18—and they're much heavier. Then, too, there is much more experience—nine lettermen compared to none last year.

On the face of things, the Aggies should be expected to be stronger than last season when they lost only one game in the Southwest conference race and that to champion Texas. But the team is somewhat different from the 1943 aggregation that blasted foe after foe with a brilliant air attack.

Coach Homer Norton thinks his running game, fashioned around the T formation, double wingback and box will gain more yards but he doesn't have a passer right now that appears up to standard of all-conference Jim Hallmark of last season and he's looking for some break-away runners to compare with 43's Marion Flanagan and Jesse Burditt.

Agreeably surprised has been the headman of the Aggies with the number of returning lettermen. He had figured on only four—Damon Tasso, guard; Charles Shira and Monte Moncrief, tackles, and Bob Butchofsky, blocking back. But five more came back: Bob Gray, center; Adolphus (Sparky) Eberle, tackle; Eldon

Long and Grant Darnell, ends, and George McAllister, halfback. Tasso will be moved to center this year, Moncrief will be at his tackle post and Butchofsky will be the sparkplug of the backfield, but they were the only lettermen now on hand who played regularly last season.

As for break-away runners, he names Mason Matthews of San Antonio, Gene Spires of Abilene and Torno as the best bets. He figures the diminutive Spires will be a good "spot man" on the or-

# A's To Meet Bombers At City Park Tonight

Section A, with a one-game lead in the softball title playoff of the Big Spring Bomber school, resumes its quest for the championship at 8:30 p. m. today at the city park when it meets the tough colored Bombers of Section F.

Interest in the game rose to a high pitch today and good weather should draw the largest crowd of the season to watch the fast teams in action.

Tuesday Section A took its advantage in the "little world series," staging a belated 3-run rally to win by a 3-2 score. That wild sixth inning was the subject of heated discussion at the post yesterday and even the object of a disallowed protest. The Bombers had held a 2-0 lead before the explosion came. Now the Bombers are confident they can get back in the running tonight and their feeling of competition almost has reached

der of Burditt, his fellow townsman from Abilene, who now is at North Texas Agricultural College.

"The Texas A. and M. band will be the largest since the war started," Norton said. "Last year there were 40 pieces; this season there will be over 100. I'd gladly trade the best trumpet player for a passer. I might even throw in a drummer."

Tomorrow: Texas Christian.

feud proportions in hard, clean play.

Plans are to use the same lineups as in the opener. Leroy Mullins, speedball artist, will hurl for the Bombers with hard-hitting Elmer Henderson behind the bat. Manager John Millard of the A's announced he would stand pat with Filin Dunham in the box and Sherman Durham catching.

Tuesday the Bombers introduced a novel softball arrangement tantamount to a five man infield with shortfielder playing directly back of second. The terrific speed of Eddie Chatman, centerfielder who twice raced in to take certain Texas leaguers, enabled the Bombers to stagger their defense in this manner.

Both teams have powerhouse hitting but good pitching held the Bombers to four and the A's to three hits Tuesday. Sluggers are apt to tee off any moment however. The game tonight will be broadcast.

# Besse Hero Of Natl. Semipro Tournament

WICHITA, Kas., Aug. 31 (AP)—Herman Besse, former Philadelphia Athletics southpaw, is the hero of the national semipro baseball tournament.

Besse, who now pitches for the Sherman Field players of Fort Leavenworth, Kas., struck out 13 men last night, singled and then scored the winning run as his team defeated the Enidals from the Enid, Okla., Army Air Field 5-4 for the national championship.

The victory made the Flyers the United States' representative in the first Canadian-American semipro series. It will be played in London, Ont., starting Sept. 15.

Lt. Winston Harper from Big Spring is pilot of a C-47 with the Ninth Air Force Service Command Unit in the European theatre of operations. The C-47s are known as "flying ambulances" and are capable of carrying 24 wounded men in a single flight.

# TEAMS TO TRY IT AGAIN TONIGHT

HOUSTON, Aug. 31 (AP)—Houston's Jack and Jill team and the defending champions of the Houston Post baseball tournament, the Waco Army Airfield, will try it again tonight, but whether Cecil (Tex) Hughson and Sid Hudson, former major league twirlers, would oppose each other was a moot question.

The two clubs were to have played last night but the game was rained out, but whether Cecil (Tex) Hughson and Sid Hudson, former major league twirlers, would oppose each other was a moot question.

Manager Birdie Tebbetts of the Waco club was undecided whether Hudson, former Washington Senator hurler, or Walter Lanchroni of the Chicago Cubs, would pitch for the Flyers.

# MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1000 acids a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatoid pain, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Last Rites Held For B. T. Jeffcoat

Rites were held Monday afternoon at the First Methodist church for B. T. Jeffcoat, 80, who succumbed here Saturday at the home of his son, Y. D. Jeffcoat, with whom he had resided for the past four years. Mr. Jeffcoat had been in failing health since April.

Surviving were three sons, Y. D. Jeffcoat, Big Spring, H. H. Jeffcoat, Long Beach, Calif., G. V. Jeffcoat, Levelland; one daughter, Mrs. George H. Thomas, Daingerfield; a stepdaughter, Mrs. S. A. Jeffcoat, Abertathy; one brother, H. C. Jeffcoat, Ackerly; 16 grandchildren and 11 great grandchildren.

Among out of town relatives attending services were Ph. M. 2-c and Mrs. Glynn Jeffcoat, Corpus Christi, who returned Tuesday after rites for his grandfather.

### Here 'n There

Miss Marguerite Cunningham, field supervisor nurse for the State Health Department in Austin, is here visiting and supervising Mrs. Ann Fisher of the City-County Health Department. Miss Cunningham has just made field trips to Midland and Odessa, and will return to Austin Saturday.

A life has been lost due to the scattered rains in and around Howard county. "Pancho" Nell reports that a horse was drowned in Elbow Creek Sunday. Presumably the creature had never before seen rain.

### BE SURE TO HAVE PARTY SNACKS IN YOUR HOME THIS LABOR DAY

LABOR DAY PUNCH... Invite the neighbors in...

By CHARLOTTE ADAMS  
AP Food Editor

Labor Day was always, in times of peace, the one day in the year when nobody did any work. It is therefore a party day. Even if yours is a war plant family which, this year, will make Sept. 4 a day worthy of its name, you can mark it by a simple party touch.

The easiest kind of party food is that which you serve in the late afternoon. Labor Day afternoon is likely to be hot, and people will come in to your hospitable front porch either from work or active sports, so I suggest that you have ready a tray of light food, with your favorite cold drink in a big pitcher or punch bowl. Here's one of the coolest punches ever:

**Labor Day Punch**  
2 cups lime juice  
4 cups pineapple juice  
1 quart orange sherbet  
1 large bottle sparkling water  
Lime slices and mint  
Mix lime and pineapple juice and chill thoroughly. When ready to serve, place sherbet in the punch bowl. Pour fruit juices over and add sparkling water. Garnish with lime slices and sprigs of fresh mint. Serve as soon as the sherbet starts to melt. This will amount to about four quarts of punch, which should serve fifteen people amply.

Offer as an accompaniment to this cooling drink, raw carrot sticks (sprinkled with hickory smoked salt), ripe and stuffed green olives, cookies and sandwiches made of fruit bread, lightly spread with margarine.

**Fruit Bran Bread**  
1 egg  
2-3 cup molasses  
1 1/2 cups whole bran  
1 cup buttermilk  
2 cups flour  
1 teaspoon salt  
1-2 cup chopped figs  
2 teaspoons baking powder  
1-2 teaspoon soda  
1-2 cup chopped dates  
1-2 cup raisins  
1-2 cup chopped nut meats  
Beat egg well. Add molasses, whole bran and buttermilk. Sift flour with salt, baking powder and soda and add to first mixture with fruits and nut meats. Stir only until flour disappears. Bake in greased loaf pan lined with waxed paper in 350 degree oven about one hour.

If the spirit moves you to produce one hot-from-the-oven treat with this afternoon fare, here is one of the most delectable you've

ever tasted.

**Bran Cheese Chips**  
1-2 cup margarine  
1 egg, separated  
1-4 pound American cheese (grated)  
1-2 teaspoon salt  
1-2 teaspoon dry mustard  
1-2 teaspoon paprika  
1-4 cup whole bran  
24 1 1/2 inch cubes of fresh bread (cut from unsliced loaf)  
Cream margarine. Add egg yolk and mix well. Add cheese, seasonings and whole bran; mix thoroughly. Add stiffly beaten egg whites and blend well. Spread this mixture on four sides of bread cubes. Arrange on a baking sheet and bake 12 to 15 minutes in 350 degree oven.

### 'Un-Professional'.. Most Of Them, 62 Girls Picked Up In 4 Months

By CHAMPE PHILLIPS  
There were five of them in jail that day. Four girls that looked what they were, and one that was the prettiest creature I've seen in a long time. She must have been all of 17. The oldest was 20.

If many mothers of this city knew where their daughters were under sundown, perhaps there

wouldn't have been nearly so many in the jail.

From May through August, out of the 15 white girls picked up by the police, 13 of these were minors. Under 18. Forty seven negro women went through the health clinic, at the request of the police, and out of these 47, ten were under age.

According to A. G. Mitchell, chief of police, most of the girls contract the venereal diseases in hotel rooms. But there are other places, such as tourist camps, the city park, school yards, parked cars and joints in general.

Last week the police snatched from one of the hotel rooms their youngest catch in a long time. Fourteen years old. She met two soldiers. They seemed nice, and suggested that she go with them to their room for a drink. Just a small drink. She went with them, and the drink wasn't small.

### Spinach Is A Job Of Salesmanship, College Dietitian Finds

By CHAMPE PHILLIPS  
Food is hard to get, and a meal that satisfies everyone's taste... is totally unheard of. Especially in war times when most meals consist of vegetables, and vegetables, and vegetables. And most people aren't mad about the big five, consisting of carrots, mustard greens, squash, rutabaga or squash.

Pity the homemaker who must make these things appetizing and eatable due to the limited amounts of butter, milk, eggs and meat. She has a job, certainly, but it is small, very small compared to the task of a dormitory dietitian of a college. A girls college too, and

you know how girls are about vegetables.

It was and still is the job of Nell Morris, college dietitian for Texas State College for Women to see that the 3,000 frivolous females get their vitamins. Every day.

For a long while, Miss Morris tried to disguise the vitamins. It didn't work. She then started hiding them under bread and in other foods. It didn't work. The students found them, and left them, and as a result tons of vegetables went to waste. The girls didn't care, but Miss Morris did, and immediately went to work. She organized a Food Fights for Freedom week, and gave each literary club on the campus a vegetable to sell to the students. This they did by coveting through the dining halls extolling the virtues of the lowly vitamins. Squash came out ahead as the best-liked of the foods and mustard greens were least liked, but on the whole, waste was cut down 20 per cent.

Miss Morris wants the campaign to be carried on throughout the year. "It helped reduce waste that should be reduced even more," she said, "perhaps by serving small quantities prepared in an appetizing manner, the girls finally will accept them and for a habit which will improve their health throughout their entire lives."

### The Average Frenchman Didn't Do So Badly Unless He Worked For A Living

By HAL BOYLE  
PARIS, Aug. 25 (Delayed) (AP)—The average Frenchman didn't do so badly under four years of Nazi rule—unless he worked for a living.

For those who played ball with the Germans, or who had a big bankroll to draw on, France remained one of the world's garden spots—a free-flowing land of borrowed plenty where you could buy anything you wanted.

national coffee has many things in it—unfortunately none of them are coffee."

Conditions were bad but livable in my country for the last four years, but they have been terrible ever since the invasion and particularly the last six weeks, since the trains stopped coming in from the country and we have had no food.

"We were told many months ago by the British radio, however, to prepare for this time of shortages—and many Frenchmen have been quietly saving out of hiding what food they could. I and my wife put away sate, marmalade and potatoes."

"No wine!" I asked, surprised. "But of course, a few bottles of wine also," said Alec with a shrug and smile.

Alec said the Germans had treated the French civilian populace "correctly" until the outbreak of street fighting six days ago.

"After that they became very nervous and afraid. At night they stayed behind their barbed wire barriers, except for strong patrols. They did not call 'halt' twice. Many civilians were

He charged me 20 francs (40 cents) for a teapot full of boiling water, then sat and told me about highlife and lowlife in Paris while we shared ready-made coffee from army K-rations.

"This is the first cup of real coffee I have had in four years," he said. "It is wonderful. Our wounded"

Sixty-two girls picked up from May through August. You may say it isn't so bad... 62 in four months. But it is bad, and worse than that, for authorities at the city and county health clinic assure us this is only about one-third the number of girls that have actually contracted a venereal disease. They just haven't been caught or reported yet.

"Un-professional," most of them. Under 18.

# Thanks For A Good Job

O. P. (Pop) Griffin steps out today as extension service agent for Howard county.

Thus ends more than a decade of beneficial relationships for Howard county and we trust for Mr. Griffin, too. In the 12 years he has served as county agent here, a great many things have taken place agriculturally, and the agent can well leave with a satisfying sense that our farming and ranching industries are in better condition than when he first touched them.

His inherent modesty, his homespun desire to be nothing more than what he actually was, plus his belief that accomplishments speak for themselves all combined to deprive Mr. Griffin of a proper popular appreciation. His progress in work was brought about by tenacity rather than by sheer personal aggressiveness. Consequently, he was never one to move into the limelight.

We believe that Howard county owes at least two of its agricultural assets to the persistent work of Mr. Griffin. One of these is its growing appreciation of the need of conservation of soil and moisture. The other is a knowledge of insect control.

Starting virtually from scratch (perhaps there was one farm in the county terraced), Mr. Griffin labored slowly in the face of disappointments to get a program of contour tillage adopted in the county. At first he met almost with open hostility. Then derision of point and crooked rows followed. Finally a few broken terraces, perhaps improperly engineered with limited instruments and faced with impossible loads, were held up as horrible examples. Yet, perseverance enabled the agent to show results, irrefutable results, from the program. And it had to catch on because it paid.

After several years of quiet effort by Mr. Griffin, it began to register upon us what terrific losses we were yielding to insects. Few men connected with the extension service were better acquainted with the habits, cycles and migrations of crop pests and thus few knew how to better prepare and deal with the menace than Mr. Griffin. One year when many accused him of crying "wolf" over a seemingly insignificant infestation of flea hoppers, final results showed that Howard county in comparison with surrounding counties, harvested several thousand and hales more cotton than they would had they not listened to the agent.

Hanking close to these is the emergence of Howard county into a poultry producing area on a major scale during Mr. Griffin's tenure. Likewise, new stress has been placed on feeding of livestock and the stage set for a successor to realize much in this important field. The agent also focused attention on mesquite and other useless plant eradication, upon Johnson grass control, upon community organization, upon better varieties of cotton and finally on single varieties. He reminded that it is wise to raise and save feed at home. Although sometimes blunt and always frank, he had no patience with those who thought was a benign povert and license to complain. He looked upon it as an honorable business and one that ought to be a good business.

And for all these things, and more besides, we want to say "thanks, Pop Griffin," and may your deserved rest be long and happy.

## Hollywood— Movie May Be Hit 25 Years From Now

By ROBBIN COONS  
HOLLYWOOD—That movie plot you have kicking around—don't give up hope. It may hit the screen 25 years from now, if you stick around with it.

Paramount is shooting "A Medal for Benny" now. It's a big one, with Dorothy Lamour and Arturo de Cordova, the studio's new romantic, in the leads and Irving Pichel directing. And it's an old one, if you trace it back to its origin.

Tracing, you get to Jack Wagner. Jack has been in and around pictures since 1910, when he played a little boy in a D. W. Griffith - Mary Pickford movie. Since then he's been everything from prop boy to cameraman to gag writer, except for time off taken to go into World War I.

"I came back from there," he says, "and that's when I had the idea for this picture. Two neighboring small towns, bitter rivals, and one of them has a home-town hero who gets the Congressional Medal of Honor. The other town is green-eyed, until it gets a medal too.

"Well, I kicked this around for years and nobody was interested. Especially not at first. It was just another war story, they said, and nobody would like a war story. So nothing came of it."

But Wagner, who used to live in Mexico with his mother and spent some summers at Salinas, Calif., had known John Steinbeck since both were boys. He remembers when Steinbeck, not yet 13, already was writing furiously, and sometimes taking his stories to Wagner's mother, Edith, for criticism. She wrote short stories too and was fairly well known at the time.

"One night I'm up at Steinbeck's," Wagner says, "and I mention this old story idea of

## Mitchell Schools To Open Sept. 4

COLORADO CITY, Aug. 30—Mitchell county superintendent, Roy Davis Coles, has announced the opening of rural and consolidated schools in this county for September 4. Enrollment, as shown by scholastic census, is expected to be increased by 67 pupils. Scholastic count of the county in 1944 was 2776 as compared to 2709 for 1943. Resignation of both teachers in the Dorn school to accept positions in Colorado City schools brought the total of vacancies, Coles said, in county schools to three. Carr school also has a vacancy. Mrs. Joe Dulin and Mrs. W. W. Rhode, Dorn teachers, will teach in the Colorado ward school, which is different from paisano—to be a handicap in his career, and labored long and hard on English diction. When it came to paisano talk, he had more trouble than anybody else.

Everybody kissed you—little children, old women, grown-up men, beautiful girls. They jumped and squealed and pushed in a litigal frenzy. They pinned bright little flags and badges all over you. Amateur cameramen took pictures. They tossed flowers and friendly tomatoes into your jeep. One little girl even threw a bottle of cider into ours.

At any rate let's go back to the demonstration. From 2 o'clock in the afternoon until darkness around 10, we few Americans in Paris on that first day were kissed and hailed and mauled by friendly mobs until we hardly knew where we were.

At any rate let's go back to the demonstration. From 2 o'clock in the afternoon until darkness around 10, we few Americans in Paris on that first day were kissed and hailed and mauled by friendly mobs until we hardly knew where we were.

Ernie Pyle: Fantastic Eruption Of Joy As Paris Liberated Turns Into Kissing Bee

By ERNIE PYLE  
PARIS (By Wireless)—The other correspondents have written so thoroughly and so well about the fantastic eruption of mass joy when Paris was liberated that I shall not dwell on it much longer. But there are some little things I have to get out of my system, so we'll have at least this one more column of it.

Actually the thing has floored most of us. I know that I have felt totally incapable of reporting it to you. It was so big I didn't know where to start or what to say. The words you put down about it sound feeble to the point of asininity.

I'm not alone in this feeling. I've heard a dozen other correspondents say the same thing. A good many of us feel we have failed in properly presenting the loveliest, brightest story of our time. It could be that this is because we have been so unused, for so long, to anything bright.

At any rate let's go back to the demonstration. From 2 o'clock in the afternoon until darkness around 10, we few Americans in Paris on that first day were kissed and hailed and mauled by friendly mobs until we hardly knew where we were.

## Mirrors Of Austin—

# Correspondent Sends Up A Trial Balloon On Rental Tax Proposal

By PAUL BOLTON

This, frankly, is a trial balloon. Some important people in state government would like to have public reaction to a novel tax proposal which, it is now contemplated, may be submitted to the next legislature: A rental tax.

It would NOT be meant to apply to city property. Rentals in a city is as much a business as, say, banking or running a drygoods store. But it would apply to rentals of farm and ranch properties. And would therefore inevitably draw the opposition of wealthy big landowners.

The sponsors of this proposal point out that there is much talk in this country of "free enterprise," a "return" to the "American way of life," once the war is over. But the soldier or sailor returning home to Texas with dreams of buying him a small farm or ranch and settling down to a pastoral peaceful existence may find his only opportunity for "free enterprise" is to become a tenant.

There is no question that rich men have been putting their excess money into ranch lands. They have no intention of running the farms and ranches themselves. Some have been doing it more quietly than others. One Galveston cotton man has purchased himself thousands of acres in a Southwest Texas county. The instances could be multiplied many times.

And the sponsors of this legislation believe that the source of wealth still is the land, when the definition of wealth is the broad prosperity of the country rather than the number of dollars a few men have in their pockets.

To be effective, such a tax would have to be almost prohibitive. It would have to force the man of wealth to withdraw his money from the land and put it to work in other businesses.

And writing such a tax law might present virtually insurmountable difficulties. How to differentiate between urban and rural absentee owners? How to determine whether corporate ownership of farming lands is good, or bad, for the welfare of the people?

But if it could be worked out, it might keep a lot of ex-service men out of breadlines—or give them a status above that of the tenant farmer. It would be social legislation with overtones that some might label revolutionary; yet in another sense it would be social legislation based on good old American fundamentals that every man has a right to carve his independence out of the land.

If the public would like it, they might get it from the next legislature.

There's another and more down-to-earth piece of legislation shaping up: A simplification of the so-called rural school aid law.

One of its leading sponsors is Senator Penrose Metcalfe of San Angelo. His idea is that the present rural aid law, by which the state supplements local funds for the support of rural schools, should simply be wiped off the statute books, and a new, simple, workable law written with one idea in mind.

The state should determine how much money it takes to get a child through school, and that money thereafter would follow the pupil, regardless of the residence of the pupil.

As it is, rural aid is based on part on teacher-pupil loads. If a rural school gets one pupil over the standard number per teacher,

Although Christmas packages to overseas military personnel may be accepted until Oct. 15, Shick warned that those holding back until the last might be disappointed because of crowded shipping conditions.

All such parcels should be marked "Do Not Open Until Christmas," must not exceed five pounds, not be more than 15 inches in length or 36 inches in length and girth combined. By labeling it as a Christmas parcel, it gets special attention.

Not more than one parcel may be posted in any one week to the same member of the armed forces by or in behalf of the same mailer, Shick warned.

Although Christmas packages to overseas military personnel may be accepted until Oct. 15, Shick warned that those holding back until the last might be disappointed because of crowded shipping conditions.

that school gets another big hunk of money. But, Metcalfe adds, the main objection to the present rural aid law is that nobody understands it.

Metcalfe still believes the state superintendent ought to be appointed, instead of elective, although several such bills have been defeated in past legislatures. But he personally has no patience with the teachers' association recommendation that state board of education members be elective. How, he asks, would you ever persuade nine men to make a campaign for a statewide, non-salaried job?

There's another and more down-to-earth piece of legislation shaping up: A simplification of the so-called rural school aid law.

Although Christmas packages to overseas military personnel may be accepted until Oct. 15, Shick warned that those holding back until the last might be disappointed because of crowded shipping conditions.

All such parcels should be marked "Do Not Open Until Christmas," must not exceed five pounds, not be more than 15 inches in length or 36 inches in length and girth combined. By labeling it as a Christmas parcel, it gets special attention.

Not more than one parcel may be posted in any one week to the same member of the armed forces by or in behalf of the same mailer, Shick warned.

### Street Show Slated

#### In Colorado Saturday

COLORADO CITY, Aug 31—A cotton and grain sorghum street show will be held in Colorado City on the afternoon of Saturday, September 9, it was announced here this week. Sponsored by the chamber of commerce the show is planned as a feature of recognition and appreciation of farmers producing the two crops.

Premiums will be offered in three classes with cash prizes through sixth place in cash class. The best stalk of cotton will be judged on the number of bolls and the balance of fruiting as class one. Class two will be competition for the best 10 heads of gooseneck or common maize, class three, the best 10 heads of any variety of combine maize.

T. R. Roensch, county agent, and Pat Bullock, manager of the chamber, are in charge of arrangements.

### Requests Put Out For Bids On Cottonseed Meal To Be Used In Third Circle Of Feeding Tests

Fred Keating, superintendent of the US Experiment Farm, is putting out requests for bids on cottonseed meal to be used in the third cycle of the current series of feeding tests at the station. The tests normally start late in November.

Last year results of the previous test were confirmed in the second of the series which showed that maize exceeds corn as a finishing grain when fed with ample calcium supplement.

The tests also gave the first tangible indication that one of the contributing causes of urinary calculi, the feeder's headache, might be in maize pumice. Bladders of the slaughtered yearlings showed 101.23 grams of calculi in the lot fed whole maize heads, whereas in the corn lot there was only 1.54 grams and the maize with double ration of limestone flour had only 8.12 grams. The difference was so marked and so many yearlings were involved that Keating thought there might be grounds for believing that one trail in the calculi riddle had been at least picked up.

As usual, five lots were fed equal rations of grain except one lot, No. 2, was fed corn. Lot No. 6 drew whole maize heads. No. 1 had one ounce of limestone flour daily and No. 3 had two ounces. No. 4 used 45 of a pounds of bone meal and No. 5 had no mineral.

The bone meal lot showed the greatest average gain of 447 pounds as against 444 for the double calcium supplement of No. 3. Corn produced 426 pounds gain, the single calcium ration 436, no minerals 414 and whole heads 428.

Most important data for feeders, who calculate in feeding costs, was the following information: Lot 1 cost \$14.87 in feed to return 100 pounds gain, No. 2 (corn) cost \$19.60, No. 3 (double calcium supplement) \$14.71, No. 4 (bone meal) \$15.24, No. 5 (no minerals) \$15.06, and No. 6 (whole heads) \$13.95.

Grain requirements for the tests were fairly uniform, ranging from 1940 for corn to 1975, except of course 2,450 whole heads.

Average daily gains were unusually good, running from a minimum of 2.27 to 2.46 pounds. Likewise, carcasses dressed out extra well, running from 60.34 to 62.28 per cent.

Net profit per animal for the test was as follows: Lot No. 1, \$13.44; Lot No. 2 (corn) \$4.37 loss; No. 3 (double calcium) \$13.98; No. 4 (bone meal) \$12.16; No. 5 (no minerals) \$10.41; No. 6 (whole heads) \$16.96.

### Mai. Kilgore To Address Grads Of Class 44-12

A B-24 pilot with 500 combat hours behind him, Maj. Joe M. Kilgore, Randolph Field, now provost marshal of the AAF central training command, will deliver the graduation address to members of class 44-12 Saturday at 9 a. m. in the post theatre.

Born in Mission, Tex., Maj. Kilgore got his wings and commission at Stockton, Calif., and was in on the historic scourging of the Nazis in North Africa and later Italy. He was in on missions over Greece, Yugoslavia and Romania. He holds the DFC and Air Medal with oak leaf cluster, has the Silver Star for leading the second American raid on Naples, and has six enemy planes to his credit in combat. In little less than 14 months from his commissioning in February 1942, he had been promoted to major.

Col. Ralph C. Rockwood, commanding officer, will award silver bombardier wings to graduates after Capt. Pierre W. Curie administers the oath of office. P. E. Glossop, wing commander and president of the cadet honor council, will respond for the class, the 29th to graduate from this school. Invocation and benediction will be by Chaplain Thomas J. McDonald, U. S. and French national anthems will be played by the post orchestra.

Among class officers are D. P. Quercia, wing adjutant; H. J. Nohava, wing supply officer; R. W. Lochmes, senior member cadet honor council; G. E. Brown, squadron commander; J. W. Armstrong, squadron adjutant; C. E. Akard, first sergeant, and B. B. Marshall, supply officer. Guest tickets for the exercise may be had on request at The Herald office.

### Nimrods Plan For Opening Of Dove Season On Friday

Preparing for opening of the dove hunting season Friday and taking advantage of the release of ammunition, hunters were rushing local shell counters today.

Open season in the North Zone of Texas, including this area, opens Friday and closes Oct. 25. Bag limit will be 10 in one day and it will be a breach of regulations to have more than one day's kill in possession.

Formerly restricted in limited numbers to farmers and ranchers, sales of shells and cartridges were released Wednesday to hunters. They will be allowed 150 .22 calibre cartridges, 40 centerfires and 100 shotgun shells through Dec. 31.

"They're lined up four, five and six deep," it was stated at one hardware store in Big Spring. Another reported a similar situation.

From Austin, the Associated Press reminded that hunting and fishing licenses for the fiscal year expire at midnight tonight. Game commission officials warned Texans who expect to open the dove hunting season out of their home county in the North Zone, to make sure they have new permits. Resident hunting licenses cost \$2 and fishing licenses, \$1.10.

In the South Zone, open season for mourning doves does not open until Oct. 20 and closes Dec. 14.

### Schools Face 3rd Wartime Winter

AUSTIN, Aug. 31 (AP)—Within three weeks of opening time, Texas schools face their third wartime winter, with little outlook for improvement.

Teacher ranks show 1,000 vacancies, although the enrollment this September will be as heavy as ever.

Transportation troubles loom almost insurmountably in view of the curtailment of new buses, lack of repair parts for old ones, and shortage of competent drivers.

Mrs. Virginia Link of El Paso, president of the Texas State Teachers association, who gives the estimate of a 4,000 teacher shortage, says that "most teachers do not like defense jobs, and would prefer to stay in school... but they also prefer to eat."

Teachers, particularly in the rural areas, are obliged to be chief cook and bottlewasher. Although it has not been generally publicized, many teachers since the war have to round up the children in the school bus of a morning, teach them all day, and drive them home at night.

It is hoped that as a result of the work of a joint legislative committee which met here this week to draw up a salary relief bill for rural schools, teachers will be persuaded to return to, or stay on in state-aid schools. Should the European war be over this fall, the teacher shortage may be further alleviated.

But many children living in rural areas fortunate enough to have a staffed school, may not be able to get to it because school buses are down on their hubs. A windfall of about 85 new school buses is expected but even this, say the educators is but a drop in the bucket of this biggest state in the union.

### Prospects Of Housing Quota Raises Inquiry

Prospects of a housing quota for Big Spring has provoked inquiry from a Fort Worth man concerning the possibility of erecting a large number of homes.

Meredith Carb of Fort Worth asked Robert Stripling Wednesday if he could secure up to 35 lots in approved areas for new homes. Stripling advised him that he could. Through the chamber of commerce, efforts have been made to secure National Housing Administration approval for at least 35 more new housing units here.

### GRIN AND BEAR IT

"Our Consulting Psychiatrist has examined this cook, madam, and guarantees she has a satisfactory inferiority complex!"

### Dealers May Not Have Shells Yet

WASHINGTON, Aug. 31 (AP)—While the war department board order lifting the ban on ammunition sales to hunters was effective immediately, some dealers may not yet have stocks of shells and cartridges, a WPB spokesman said today.

He added, however, that many neighborhood hardware stores and other suppliers already have sizeable inventories, since sales to farmers and ranchers have been permitted for some time prior to issuance of the new order Tuesday.

To obtain allowable quotas hunters will be required to sign a statement to be supplied by dealers. It must stipulate that the allotment purchased, together with any reserve of ammunition the hunter may have, does not exceed its quota. Purchasers are not required to show a hunting license.

The WPB order authorizes hunters to obtain ammunition in these amounts between now and December 31: 150 rounds of .22 caliber rim-fire cartridges, 40 rounds of center-fire rifle ammunition (or 50 rounds if customarily packaged 50 to a box), and 100-shotgun shells of any gauge.

Farmers and ranchers may obtain the same quotas until December 31. Prior to the new order their quarterly allotment was 100 rounds of .22 rim-fire cartridges, 40 rounds of center-fire ammunition, and 25 shotgun shells.

### Civil Service Man Here To Employ Men

T. N. Rathbun, civil service representative, is to be at the US Employment Service office at 105 1-2 E. 2nd through Saturday to certify qualified men with experience in skilled crafts and who are not now engaged in essential work for employment in West Coast navy yards. Rathbun may make appointments on the spot.

### Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Fair this afternoon, tonight and Friday; little change in temperature.

WEST TEXAS: Fair this afternoon, tonight and Friday.

### Two Men Arrested For Burglary Here

Burglary of a house trailer of gasoline coupons for 800 gallons was cleared here Wednesday night with arrest of two men.

They were charged in federal court Thursday as Jack W. Brown, who already is under suspended sentence for a forgery count, and Loya R. Brown, who had served a sentence for disposing of mortgaged property.

Chief of Police A. G. Mitchell said Assistant Chief A. D. Bryan picked the suspects up in the 600 block of E. 3rd street. Recovered were coupons bearing the same serial numbers as those reported lost by L. H. Coleman, San Antonio, owner of the trailer. Complete recovery of the coupons was reported. Federal authorities were expected here Thursday to take the two men into custody.

**BENNETTS HAVE SON**

The infant son born to Mr. and Mrs. Dean Bennett at Malone & Hogan Clinic-Hospital Tuesday evening has been named Michael Dean. Mother and son are reported doing well.

Mr. and Mrs. R. V. E. Walker have received word that their son, Sgt. Arvie Earl Walker, has transferred from the infantry to the paratroopers and is now in a jump school somewhere in England. Sgt. Walker went overseas in February.

### Large Group Of Laymen Expected For Brotherhood Encampment

Between 150 and 200 Baptist laymen from four associations of district No. 8 are expected to converge here today for their annual Brotherhood encampment.

Tom Wingo, Midland, was on hand Thursday morning to prepare a barbecue supper for the laymen and special guests, which includes some of the outstanding leaders of the state.

The program called for assembly at 7 p. m. in the city park and the barbecue supper at 8 p. m. At 9:15 p. m. in the amphitheatre R. A. Springer, Dallas, state brotherhood secretary, was to speak, followed by Dr. Rupert N. Richardson, Abilene, acting president of
