ENTERTAINS MUSIC PUPILS

Miss Lola Abbott entertained her music class at her home southeast of McLean on Wednesday afternoon. The first feature of the entertainment was the following recital:

Young American Patrol, Paul Lawson; Autumn Idyle, Pierre Penaid—Lena Sparks.

Roly Poly Waltz, Englemann—Gorda Lou Haynes.

Serenade Espangnole, Salome; Dancing Stars, Drumbeller; Cabelletts, Theodore Lack—Josephine Kachelhoffer.

Across the Lawn, Rickaby—Fern Abbott.

Children's Ball, a duet, Wohelfort—Lena Sparks and Johnnie Vella Haynes.

The Little Stranger, Spaulding—Lorene Sparks.

Valse, a trio, Streabogg—Lola, Fern and Oma Lee Abbott.

Bear Dance, Englemann—Johnnie Vella Haynes.

After the program a variety of interesting games and contests were enjoyed and Miss Margarite Kachelhoffer favored the guests with a number of piano solos.

Refreshments of ice cream and canteloupes were served to about 18 guests.

BIRTHDAY PARTY

One of the prettiest children's parties that has been enjoyed this summer was a delightful birthday party given Saturday afternoon between the hours of 3 and 6 by little Miss Pauline Crabtree.

During the afternoon many interesting games and contests were enjoyed.

After the nine little candles had burned low, much fun was derived from the cutting of the birthday cake, which contained the usual luck symbols.

Delicious refreshments were served to the following small guests: Lois Clement, Elgin Shell, Floy Rowe, Maybelle Veatch, Beatrice Cash, Margaret Johnston, Joyce Caldwell, Lois Kirby, Lorene Sparks, Velma and Clara Pearl Gattlin, Jewell, Josephine and June Turner, Edith Fleming, Marie Sullivan, LaEana Holloway, Lena Sparks, Eleanor and Billie Cooke, Athale and Anna Katherine Overton and Lorene Burrow. The young hostess was the recipient of many lovely gifts.

PAMPA BAPTISTS ADVERTISE

Pampa News: An advertisement which is somewhat of an innovation in Pampa advertising circles will be found on the last page of this issue. It is a two column six inch display ad of the First Baptist church of this city.

Many churches throughout the country have found in the past few years that display advertising carried in newspapers is a very economical and efficient manner in which to add to the interest and membership of their institutions. The local Baptist congregation is up-to-date in every particular, and are going to avail themselves of every legitimate opportunity to further the cause in Pampa.

A neat cut of the church building adds to the attractiveness of the Baptist ad, and we feel confident they will get value received for their efforts and expense along this line.

Mr. and Mrs. Joo. B. Vannoy and daughter, little Miss Joeline, are visiting relatives in Throckmorton this week.

BAPTIST REVIVAL MEETING

The Baptist revival meeting, which has been in progress since Wednesday evening of last week, is being attended by large crowds.

The pastor, Rev. A. F. Agee, has been delivering some powerful messages, and quite a little interest is being manifested.

The singing is under the direction of Mr. Kennedy of Panhandle.

On Monday of this week a tabernacle was erected at the church and equipped with comfortable seats and good lights.

Everyone is invited to attend any or all of the services. The song service begins promptly at 8 o'clock in the evening and at 10:30 in the morning.

COLLIER HOME BURNS

Fire of unknown origin completely destroyed the farm home of Mr. and Mrs. J. L. Collier, 2½ miles south of McLean on Saturday afternoon.

The family were all in town when the fire was seen by a neighbor, who gave the alarm. A crowd of people rushed to the scene, but were too late to save either the house or the contents. Only a few articles were taken from the building and these were too badly damaged to be of much value.

Geo. Celebank and family of the Back community were in the city Sunday, visiting relatives and attending the meeting at the Baptist church.

Dr. and Mrs. J. A. Green of Crosbyton came in Wednesday for a visit with Mrs. Nida Green of the Heald community.

Miss Gladys Hicks visited in Alanreed the first of the week.

S. R. Loftin of Alanreed was in the city Thursday on business.

THERE ARE FIFTY-FOUR BUSINESS CONCERNS IN OUR TOWN, BY HECK!

Earle Shell of the City Pharmacy is a close reader of The News. The paper hadn't been mailed an hour last Friday when Newman dropped in for a coke, and Earle began to "rawhide" about whether two certain establishments were business concerns or not, having failed to find them either listed or counted in our article which stated that there are fifty-two. As we did not omit the name of his City Pharmacy, Earle was in a good humor about it, however.

There are so many firms doing business in McLean one is likely to get confused when he tries to count them, which seems to have happened last week when the editor undertook a count. Newman thought he was careful in preparing the list, and checked it over two or three times. He knew these two establishments were in town, doing business in a quiet way. But they made so little noise about it they escaped his attention at the time.

We have always argued that any establishment that don't advertise is easily forgotten, not only by the newspaper man, but by the public as well.

Mrs. T. A. Whitlock and niece, little Miss Louise Bends, left yesterday for Temple after a visit with the lady's sister, Mrs. S. W. Rice. They were accompanied to Clarendon by Mr. Rice and children.

Mr. and Mrs. N. E. Savage went to Amarillo Saturday to have their little daughter's eyes treated.

Miss Ethel McCurdy is home for a few days' visit with her aunt, Mrs. S. B. Fast.

Mesdames Brown and Smith of Alanreed were in town Tuesday.

REMEMBER AMERICAN LEGION MEETING SATURDAY NIGHT

Service men, who are interested in the American Legion post at McLean, should bear in mind that Saturday night is the date set for the organization meeting, and make a special effort to be present, and it is hoped that many of them will call the other boys' attention to the matter, and get as many of them to come out as possible.

An effort has been made to get men from other posts to be here to help organize and make whatever suggestions they may see fit. There will perhaps be a few from Shamrock and one or two from Clarendon.

There are several things that local service men want to accomplish with an American Legion post, one of which is to hold a rodeo early in the fall. It takes a live post to accomplish such things. Let's make this one the peppiest in this section.

The place of Saturday night's meeting has not been decided yet, but is thought that it will be at the Odd Fellows hall.

Mrs. C. S. Rice and daughter, Miss Verna, returned Saturday from St. Louis, where the latter underwent several operations for deformities of her mouth and throat. She is much improved.

W. E. Bogan and family of Chattanooga, Okla., are visiting the former's parents, Mr. and Mrs. C. E. Bogan, and other relatives.

Miss Lois Bullock left Monday afternoon for Plainview, after a visit with her uncle, Arthur Erwin.

Mrs. J. F. Faulkner and son, Preston Thompson, left Monday for Newcastle to visit relatives.

SMITH BROTHERS GO INTO COAL BUSINESS

Smith Brothers (Porter and Vester) announce in an ad in this week's News that they are opening a coal business at the old Cicero Smith Lumber Co., office, using the bins for storage that were built last week by Taylor Wilson, just north of his building.

The Smith boys are a versatile pair. First they bought cotton, then branched out into the grain business as well as real estate and insurance. Now they have added coal. If they were not the wrong kind of fellows for the business, we would not be surprised if they should go to bootlegging next.

HOUSE PARTY AT FASTS

Miss Ruth Bird of Tucson, Ariz., who is the house guest and niece of Mrs. S. B. Fast, was the honoree of a delightful house party Wednesday and Thursday, at the home of Mr. and Mrs. Fast.

At the close of an enjoyable afternoon Wednesday a delectable dinner was served, followed by a pleasant evening, the principal event of which was a negro sermon delivered by Mr. Fast, who blacked his face and dressed appropriately.

The guests were: Misses Ruth Bird, Ethel McCurdy, Ethel Close, Mabel Watkins, Ruth Bullock of Plainview, Hattie and Maude Thompson, Frankie Mae Upham, Nona and Janie Cousins, Eula Smith of Muskogee, Okla., and Ruby Cook.

Misses Alma Anderson, Oma Arnold, Lillian and Mannie Abbott returned Monday from Canyon, where they have been attending the Normal.

D. M. Erwin and family and B. F. Erwin and family, all of Elida, N. M., are visiting in the A. B. Christian and Jim McClellan homes.

STOLEN CAR RECOVERED

Geo. Absher and another boy, both about 15 or 16 years of age, and both from Hammon, Okla., were caught with a Nash roadster, said to have been stolen, on the Alanreed road near the Bob Ashby place, about noon Wednesday.

The story is told that these boys were in Clinton, Okla., Monday night, and saw two ladies stop the car in front of a picture show, going inside and leaving the key in the switch. The boys, desirous of taking a joy-ride, took advantage of the opportunity, and are said to have driven it to Hammon that night, hiding it in a corn field near town. As they heard nothing of a stolen car while in Hammon Tuesday, they thought it safe to drive some more, heading west on the Postal highway.

Wednesday mornig a telephone message came to local peace officers, describing the car and asking that a watch be kept. The boys drove through about noon, and A. W. Haynes, Homer Crabtree, B. I. Carpenter and others got in a car and immediately started in pursuit. The boys had stopped on a hill beyond Bob Ashby's to fill the gas tank from barrels left by the county road grading crew. The boys were taken into custody and brought back to town and lodged in the calaboose.

The sheriff from Clinton arrived Wednesday night, and took car and prisoners back with him.

Young Absher formerly lived in McLean.

DAD PEIPER'S WATER SYSTEM

One day this week Dad Peiper took Newsman in the flivver to show him the new water system recently completed on his place in the south part of town. He has everything fixed up fine, and we doubt if there is a better installation anywhere in town. Before starting on the return, Dad picked out the best cantaloupe and watermelon he had, both raised on his place, and put them in the car for Newsfolk to feed to their faces. They proved to be nice ones when we opened them, and we certainly are much obliged to Mr. Peiper. By this time a number may be wondering if Dad isn't getting more than his share of boosts in The News, and to all such we pause to say that it may be so, but what makes us say much about the ol' boy is that he appreciates it, and doesn't hesitate about saying so. Last time we wrote him up he gave the editor two of the best cigars in town, as well as to feed him some taffy about being a fine newspaper man, a good scout, and so forth and so on. Now, anybody in McLean can get a write-up if he will take Newsman in the car and show him a well-improved or well-kept home, for the editor delights in such things—and to make him feel like doing it again, one has only to do as Dad Peiper did.

B. Y. P. U. HAS BOOKS FOR SALE

The Senior B. Y. P. U. has received a number of books which are now on sale at the church. These are all good clean books, including several Bibles and testaments. The proceeds from the sales will go toward helping to equip a library for the B. Y. P. U.

D. B. Veatch and little daughter, Miss Maybelle, went to Amarillo Wednesday for a visit with Mrs. Veatch, who is in the sanitarium at that place.

**LOCATION OF HOG LOT
IMPORTANT IN FIGHT
AGAINST CHOLERA**

When hog cholera sweeps through a neighborhood, causing the death of hundreds of animals, a simple precaution, as the proper location of the hog lot, may be the means of preventing infection. Where not to have the lot is pointed out and other suggestions on the control and eradication of this disease are given in a leaflet published by the United States Department of Agriculture. Hog lots should be located away from streams and highways. Free range, streams, irrigation canals, etc., help in the spread of cholera outbreaks. Don't visit neighbors' hog lots or allow neighbors to visit yours if they have sick hogs. Infection may be carried by teams and wagons from highways; don't drive into hog lots. Isolate for at least two weeks all new stock hogs and those just returned from exhibitions and sales. Don't borrow or lend hogs for breeding purposes if cholera is in the community.

Burn to ashes or bury 4 feet deep all animals that die on the farm and the unused internal organs of slaughtered animals, since they attract dogs, which may carry infection. If cholera appears in the neighborhood, confine your dog and encourage others to do so. Immunize herds located dangerously near infested centers. Careful attention to the feeding and handling of the herd after immunization is an important matter. Mange, lice and worms lower the vitality of hogs and render them more susceptible to disease.

If cholera appears in the herd, post warning notices so your neighbors will know about it, suggests the department. Have all susceptible hogs immunized at once by some one with special training and experience, preferably a competent veterinarian. Insist that the temperature of all hogs be taken at time of treatment and an increased dose of serum given to those showing a temperature of 104 degrees F. or over. Confine all treated hogs to limited, clean quarters; keep on light, restricted diet for at least two weeks, and give plenty of pure drinking water. Antihog-cholera serum is not a cure, but when used as soon as cholera appears in a herd it seems to have a favorable effect on some

animals in the very early stage of the disease. Don't rely on serum to cure sick hogs; it is primarily a preventive.

If the disease comes to your farm and runs its course, disinfect thoroughly afterwards all places where sick hogs have been. First, remove all infected manure and spread on fields inaccessible to hogs. Burn all litter, rubbish, and old troughs from infected pens and lots. Turn over portable hog houses, exposing the interior to sunlight. Thoroughly clean pens and buildings in which sick hogs have been kept and disinfect by spraying with compound cresol solution, 1 part to 30 parts of soft water. In summer, pastures and lots are usually made safe by the action of sunlight. Fill, drain, or fence off mud wallows. Disinfect and board up all runs underneath buildings. Destroy hogs that don't fully recover; they may carry cholera infection.

**"DIXIE BURGEOO" WINS SUCCESS
AS 4-H SPECIALTY IN SOUTH**

The encouragement of canning club girls in the production of special southern dishes attractively prepared for the market has been a feature of extension work throughout the South. The home demonstration agents have found enthusiastic interest in the canning of the dish known as "Kentucky Burgoo," which lately has been taught in Texas, Louisiana, Alabama, South Carolina and Virginia. It is desirable that any products which the club girls put on the market be distinctive and different from ordinary commercial canned products, and also that the abundant local foods be utilized to the utmost extent. "Dixie Burgoo" is the trade name adopted by the girls for the "4-H" brand of this famous old dish. It meets both requirements, in that it is unusual, and contains in delightful combination foods easily obtained in most southern localities. Originally "burgoo," or "burgout," was the name applied by French sailors to oatmeal porridge; in Kentucky it has long been used to designate a combination of meat and vegetables. The meat formerly included game, such as squirrel and rabbit, for which, however, veal and chicken

are substituted in the Dixie Burgoo, which contains also the usual vegetables—tomatoes, carrots, onions, celery and cabbage. Corn has been omitted because of the difficulty of securing corn of uniform quality. The recipe for Dixie Burgoo can be had upon application to the United States Department of Agriculture.

SOME LITTLE THINGS

It is a little thing to have the pump down at the corner of the porch and let mother carry all the water she uses up five steps and come through a screen door at that. Of course, we could raise the pump to a level with the porch and extend it enough to take the pump inside, but we never think of little things like that when we have so much to do planning handy ways of doing the farm work.

It is a little thing to leave steps without a hand rail to hold to in mounting them, but I know of one life such a rail on three steps on a back porch would have saved. Then it makes it so much easier for a

tired person to get up with a load of wood or pail of water. I can call to mind several bad falls my friends have had on steps, and all could have prevented by hand rails.

It is a little thing to have the garden way off from the house, but the journey gets long on a hot day when the morning's work has sapped the strength, and the vegetables are to be gathered for the noon meal. Better fence the chickens out than to try to get the garden beyond their reach.

It's a little thing to have the pigs and chickens in the door all the time, and the extra work they make mother in keeping things even comparatively clean about the home is overlooked because we don't hear her rebelling. A fenced yard with a grassy lawn would make life so much pleasanter for her, and save her so much sweeping and scrubbing.

It is a little thing to plant a row of muddy tracks across the porch and into the kitchen every time you enter during muddy weather, but it's no little matter to get rid of those tracks and the hundreds of others that keep them company. Why not make some concrete walks and put in some good mud scrapers and fibre mats where they will do the most good?

It is a little thing to take mother into your confidence when planning labor saving helps about the farm, but she will enjoy the privilege hugely, and the light in her eyes will make you get busy finding ways of making her life easier. We are prone to take mother and her work as a matter of fact, and think little about how things might be arranged to save her steps and lighten her tasks.—Farm and Ranch.

gospel, two deans are superintendents of Sunday schools, and at least twenty of the staff are Sunday school workers.

Excellent attendance and hearty participation in religious activities on the part of the students is reported on the part of the several University churches. About 80 per cent of the students are church members, and 14 per cent are non-church members with decided church preference. The Young Men's Christian Association has a large membership, and carries on a broad work in its own building. The Young Women's Christian Association is smaller, but none the less effective, it is asserted.

Although the University itself is debarred by law from direct religious teaching, the work has been taken up by the various churches, and has been carried on with surprising energy. The work of the Texas Bible Chair of the Church of the Disciples led to the establishment of similar work by the Presbyterians, the Catholics, Methodists, Baptists and Conservative Disciples. All of these activities are located within three blocks of the campus, so that the opportunities for religious life can hardly be said to be equalled elsewhere in the country.

The clubs have regular and interesting programs, and it is stated that Miss Winters is proving a prime favorite with the people of Gray county.

HERE'S MAN WHO REALLY WANTED TO GET MARRIED

Cleburne, Aug. 19.—Loss of blood and 12 stitches in his head couldn't stop the marriage of Hix Brown.

Brown was rushing to his wedding when his machine got in an argument with a telephone pole, which resulted in painful injuries to his head and body.

The would-be groom was carried into the home of F. G. Walker and the bride, Miss Jewel Smith, was summoned.

The bride stuck around while her husband to-be was stitched up. When Brown had recovered somewhat from the shock the marriage ceremony was performed with the groom in bed.

Brown declared that he was going to proceed with their wedding trip—but the doctor prevailed upon him to rest up for a few days.

FATHER SLAYS HIS DAUGHTER AND SELF

Floydada, Aug. 19.—G. M. Todd, 61, prominent ranchman of the northeast part of Floyd county, and his daughter, Ethel, are dead as the result of a double tragedy enacted this morning about 7 o'clock while the father was temporarily deranged. Testimony at an inquest conducted by Justice J. C. Gaither of Floydada, showed that the daughter had been killed by gun shot wounds inflicted by the father and the latter walking into an adjoining room, turned the gun upon himself, dying almost instantly.

The daughter was shot one time, the only eye-witness to the first killing was Mrs. Irvin Todd, who fled to the place where her husband was working. When they reached the house the father was found dead, with powder burns on his person and a .44 Winchester by his side. The family has been prominent in the county for a number of years. They formerly resided at Tulia, where G. M. Todd was engaged in the furniture business.

Just One Implement

\$698 Delivered in McLean

There is no argument against the Fordson Tractor. It has proven every claim made for it and more. Most of the people who tried to knock the Fordson Tractor when it first came out are now buying and boosting them. Of course one Fordson cannot turn the Universe over, but if you should want that done, just hitch on two.

Then next in importance is the kind of implement that you buy for the Fordson. We have found from experience that the recommended implement for the Tractor is, beyond any question, the most economical and efficient and will do the work better and cheaper than any other. If Mr. Ford could design a Tractor that has no competition, certainly he is able to recommend a line of implements that would perform the best service for the least money.

Be sure you are right—then go ahead.

"I smiled- and he shot me"

AFTER MONTHS and months. MY WIFE persuaded me. TO HAVE it done. SO I went around. TO THE photographer. AND GOT nugged. WHEN THE pictures came. I SHOWED them to a gang. OF AMATEUR art critics. AND PROFESSIONAL crabs. DISGUISED AS friends. WHO FAVORED me. WITH SUCH remarks as. "DOESN'T HE look natural?" "HAS IT got a tall?" "A GREAT resemblance." AND THAT last one. MADE ME sore. SO WHEN friend wife. ADDED HER howl. I TRIED again.

THIS TIME they were great. FOR HERE'S what happened. THE PHOTOGRAPHER said. "LOOK THIS way, please." AND HELD up something. AS HE pushed the button. AND NO one could help. BUT LOOK pleasant. FOR WHAT he held up. WAS A nice full pack. OF THE cigarettes. THAT SATISFY.

LIGHT up a Chesterfield and sense the goodness of those fine Turkish and Domestic tobaccos in that wonderful Chesterfield blend. Taste that flavor! Sniff that aroma! You'll register "They Satisfy." You can't help it.

Did you know about the Chesterfield package of 10?
