JOHN WELCH SHOT; J. E. COLEMAN PUT UNDER \$1,000 BOND

J. E. Coleman, 50 has been released on bond in the sum of \$1,000, and John Welch, his brother-in-law, is in a serious condition following a shooting which took place on the W. P. Dial ranch, eight miles northeast of Alanreed Sunday morning at 11 o'clock.

Welch was shot in the lower abdomen and his condition is reported as being serious. He was taken to a hospital at Clarendon for medical attention.

Immediately following the shooting, Constable W. C. Foster and Deputy Sheriff D. N. Massay went to the Dial ranch by automobile and placed Coleman under arrest, taking him to McLean for examining trial. T. A. Landers, justice of the peace, placed his bond at \$1,000, which he readily made.

It is understood the difficulty arose over domestic troubles.

Coleman's trial will be held when District Court convenes at Lefors.

PRESBYTERIAN LADIES AID

The Presbyterian ladies, with a few of their friends, spent quite an enjoyable day Wednesday with Mrs. Cubine.

Two lovely comforts were made and a box packed and shipped to the Presbyterian orphanage at Albany.

The guests of honor were Grandmothers Heifner, Pollard, Morse, Word, and Hodges of Tulsa, Okla. The lovely faces and happy spirits of the dear old mothers were quite an inspiration to the younger ones.

Mrs. C. S. Rice will entertain the society next Wednesday afternoon with a 10c social. She has a wonderful surprise for each guest as they arrive. Be on time, 1:30 p. m. REPORTER.

McLEAN LOSES TO CLAUDE IN BASKETBALL GAME

The McLean high school girls lost to the Claude girls Thanksgiving Day in a close game of basketball. The Claude girls had the advantage over the locals in that they outweighed them by several pounds, but our girls played them a hard game, nevertheless. At the close of the first half the score was a tie, the final score being 28 to 26 in favor of the visitors.

Rev. J. S. Huckabee and wife attended the Preachers' Institute at Clarendon Monday and Tuesday. They were accompanied by Mrs. S. A. Cousins, who visited her daughter, Mrs. Chas. Lowery. Mrs. Z. W. Latson also went with them, going from Clarendon to Childress, where she is visiting a daughter who is sick.

Mr. and Mrs. John Forbis and little daughter, Dorothy Margaret, Mr. and Mrs. Wood Baxter and Miss Jessie Easley of Shamrock spent Thanksgiving with Mr. and Mrs. Sherman Deatherage.

Mr. and Mrs. F. Williams and Mr. and Mrs. G. H. Williams and sons spent Thanksgiving Day in the Caleb Smith home in the Pakan community.

Mrs. J. S. Denson and children of Whiteside spent the week end with the lady's parents, Mr. and Mrs. J. R. Mindman.

Mrs. N. E. Savage came home Wednesday evening from a nine days' visit with her brother at Clarendon.

Mrs. W. E. James and little son of Jericho visited Mr. and Mrs. C. E. Francis last week.

Mr. Thomas, father and brother of Alanreed were in town Saturday.

NEXT WEDNESDAY DATE FOR CLEAN-UP, SAYS MAYOR

Mayor Jno. W. Kibler authorizes The News to announce that next Wednesday, December 7th, has been set as the day for a general clean-up of the town. In the business part of the city in particular, the Mayor says, there are some trash piles that menace the safety of much property from fires. Patches of tall weeds in all parts of town are also dangerous, not only to property but to health as well.

It is urged that everybody take a day off on that date and give the premises a thorough cleaning. It is expected that the stores close for part of the day at least, and a real good clean-up job accomplished.

P. Y. P. U.

The subject for discussion for Sunday evening is "Faith Makes Heroes, Doubt Makes Cowards," with Homer Cash as leader. The program follows:

Duet.
The Two Reports—Mrs. Minix.
The Faith of Caleb and Joshua—Homer Abbott.
Miracles of Faith—Mrs. Holloway.
Endurance of Faith—Mr. Holloway.
Modern Heroes of Faith—Mrs. Appling.
Workers or Shirkers, Which?—J. F. Watkins.

BAPTISTS POUND PASTOR

On last Thursday evening a number of the members of the Baptist church very agreeably surprised their pastor and family with a good old-fashioned pounding. Everyone brought something good to eat and spent the evening. A very enjoyable time is reported by all.

ORCHESTRA PLAYS AT GROOM

The McLean orchestra went to Groom Sunday, where they played for church services at the Baptist church in the afternoon. The Groom people seemed delighted with their music and complimented them very highly.

Mr. and Mrs. D. L. Abbott and daughter, Miss Lillian, returned Friday from El Paso, where they had been to attend the funeral of their son and brother. They were accompanied home by Miss Agnes Abbott of Oklahoma City, who visited with them until Sunday morning.

Mr. and Mrs. Foster Van Sant visited Mr. and Mrs. R. A. Burrows of Conway Sunday.

Mrs. Kemp and two children of Duncan, Okla., came in Monday.

Gordon Reeves of Lela was in our city Saturday.

Announcement

This week The News announces that a half interest in the business has been sold to Judge T. A. Landers, who has assumed the active management of the same.

While not an experienced newspaper man, Mr. Landers possesses all the essential qualifications necessary to become one, and has proven his business ability to be of the highest order since he came to our town about four or five years ago.

For a long time The News has needed a man on its staff with that persuasive manner needed to induce non-readers of the paper to subscribe for it, and to convince the reluctant merchant of the value of McLean News advertising. That the Judge has this gift is attested by the success he has had under difficulties this week. Several names have been added to The News' book of live ones, and the list will doubtless continue to grow until we have one of the largest circulations of any paper in the Panhandle, size of town considered.

The paper will be edited jointly by Mr. Landers and the writer. Mr. Landers will have charge of the management and of the soliciting of subscriptions, advertising and printing.

The policy of the paper will in many respects remain the same

as heretofore, while there will be some changes for a better and bigger McLean News, a wider circulation and prompter service to the users of good printing in the McLean territory.

We regret very much that we were unable to issue the paper on time this week, but unavoidable delays prevented. Our readers and advertisers have the promise, however, that with the proper co-operation from our customers, The News will hereafter be printed in time to go out on the rural route every Friday morning.

The attention of our readers is directed to a page ad in this week's paper, announcing the temporary reduction of the subscription price to \$1.00 for a limited time. This applies to renewals as well as new subscribers. Renewals who pay back subscriptions to date at the reduced rate may receive The News for the remainder of December and all next year for \$1.00. This is no permanent reduction in the regular price, which will remain at the former figure. The reduction is for a short time only.

All subscription accounts are payable to the partnership, while unpaid advertising and printing accounts are the property of the undersigned. M. L. MOODY.

UNION THANKSGIVING SERVICE WELL ATTENDED

What is said to have been the largest crowd ever attending a service of the kind in McLean was present at the union Thanksgiving service held at the Methodist church last Thursday morning. People of all religious denominations came out and all seemed to enter into the spirit of the day.

Taking as his theme, "Why We Should All Be Thankful," Rev. J. S. Huckabee of the Methodist church delivered a splendid address. The singing was under the direction of S. R. Jones, pastor of the Nazarene church. Invocations of Thanksgiving were offered by Arthur Erwin of the Presbyterian church and Rev. W. J. Darnall, pastor of the Baptist church.

METHODIST PRAYER MEETING

The Methodist prayer meeting is still going and you are missing a great deal by not attending.

Thirty-four were present Wednesday evening, and all gave verses except twelve. Lula Peters' was voted as best. "Greater love hath no man than this, that a man lay down his life for his friends."

COBB BUYS LANDERS' STORE AND SHOE SHOP

A deal was closed one day this week which makes S. A. Cobb owner of the grocery store and shoe and harness shop operated heretofore by T. A. Landers, the latter disposing of those interests to engage in the newspaper business.

Mr. Cobb is well known to the McLean people, having lived near here for several years, and having been prominent in church affairs during that time.

The News anticipates for Mr. Cobb much success in his new venture. And we direct your attention to his advertisement in this week's paper.

MRS. DAVIS ENTERTAINS

Mrs. D. A. Davis entertained the younger set at her home Thursday evening of last week. A large crowd was present, and as is usual with the youngsters, they had a mighty fine time.

Mrs. Egbert Freeman and children of Ramsdell visited the lady's parents, Mr. and Mrs. Geo. Cash, Saturday.

RECEIVES FINE POLAND CHINA BOAR PROSPECT

Last week Frank P. and W. W. Wilson received what they believe to be the best Poland China herd boar prospect that has ever been brought to Gray county. This animal is eight months old, and was sired by Cook's Liberty Bond, said to be the best boar in Missouri, and is out of a choice Liberator sow. Frank says he is a beautiful individual, well marked, and weighs about 250 pounds, which is a big size for one so young.

This animal was selected for the Wilsons by John C. Halderman, field representative for the Poland China Journal. Mr. Halderman states that the sire of this boar is getting the best pigs in Missouri. The Liberator, also a Missouri boar, has heretofore been regarded as without a superior in all the United States.

AT THE METHODIST CHURCH

One hundred sixty-seven present at Sunday school last Sunday. Enough came in late to have easily made it two hundred. Let's be there on time next Sunday. We are in a great business—help us. One big class is going to the parsonage next Sunday in order to have room. Come on and fill her up.

All the other services were well attended. We have a great people and they are building a citizenship that will stand. Next Sunday morning we have a special service for children, followed by the Lord's Supper. Bring your children; I want to help you with them and make it easier for them to grow into good men and women.

The theme for the evening is "The Tragedy of Sin Against Love." Have you ever loved? Will you ever love? Then be there. J. S. HUCKABEE, Pastor.

START NEW BUILDING

Geo. P. and Taylor Wilson have started work for the foundations of a drive-in filling station on the northeast corner of Railroad and Main streets.

The building will be of stucco finish and modern equipment of every kind will be installed.

Misses Mattie Clark and Bessie Rhoades of Clarendon visited the former's cousin, Miss Chloe Southern, last Friday and Saturday. The young ladies complimented our little city very highly and seemed to enjoy their visit very much.

A. W. Brewer and Dewit Patty made a business trip to Ft. Worth last week.

J. F. Heasley and M. D. Bentley made a business trip to Mobeetie Saturday.

30 REGISTERED HOGS AUCTIONED SATURDAY

Thirty head of registered Poland China hogs were sold at auction here Saturday afternoon. The animals came from the Mann & Franklin farm at Hedley. The men brought the hogs here for sale because of the great interest being shown among the farmers of this vicinity in all purebred livestock.

The total amount derived from the sale was \$900.00, making an average of about \$31 per head.

V. H. Moore of Wheeler was the auctioneer. Following is a list of the animals sold, the price paid and the name of the purchaser:

Riverside Maid, purchased by Sam W. Brown, \$35; Riverside Queen, purchased by Scott Johnston, \$25; Big Bob Orange, purchased by R. A. Hill, \$35; six gilts, two purchased by H. M. Belew, \$16 each, \$32; two purchased by J. S. Howard, \$14 each, \$28; two purchased by A. D. Tucker, \$12 each, \$24; five sows, purchased by L. O. Floyd, \$37 each, \$187; three gilts, one purchased by R. A. Hill, \$26, two purchased by R. A. Burgess, \$20 each, \$40; Rolla Girl, purchased by H. M. Belew, \$35; MC Wonder Beauty, purchased by A. T. Young, \$47.50; three sows, purchased by E. F. Griffin, \$47.50 each, \$142.50; Buster's Own Maid, purchased by R. A. Hill, \$32.50; six gilts, one purchased by L. L. Palmer, \$38, one purchased by Sam Brown, \$30, two purchased by W. I. Bacon, \$21 each, \$42; two gilts, purchased by K. E. Windom, \$15 each, \$30. One more hog was sold but not of this herd, that of Frank Clark. This hog sold for \$90, being the highest price paid for any one animal.

POLAND CHINA SALE AT LELIA LAKE DECEMBER 13

Elsewhere in this week's issue of The News is an advertisement of a sale of registered Poland China bred sows and gilts and herd boar prospects, by W. T. McBride & Son, Lelia Lake, which it would be well for those in the market for purebred hogs to take note of.

The offering consists of 25 bred sows and gilts and there are five young boars. The McBrides are producing some of the finest hogs in the Panhandle. Royal Big Bob, their herd boar, won first prize in the senior yearling class at the Dallas Fair in 1920.

WOODWORTH-ROBERTS

Pampa News: Mr. John Woodworth and Miss Cordie Roberts were united in marriage last Saturday afternoon, Nov. 19, at the Methodist parsonage by Rev. M. S. Leveridge. The bride, whose parents live in McLean, has spent the past several months in Pampa and vicinity, where she has a number of friends. The groom formerly resided in Pampa, but is now living at his boyhood home of Sutter, Ill., where the happy young couple will make their future home.

PROPERTY CHANGES HANDS

W. R. Webster recently traded the town property where Jess Mann lived to Frank Bell for Frank's place, and late Mr. Bell traded it to C. W. Ginn of Sweetwater, Okla. Mr. Ginn will move here about the first of the year.

Mr. Webster says he intends to improve the property he acquired from Frank Bell and move on to it.

Col. V. H. Moore of Wheeler was in McLean Saturday to cry the Mann & Franklin Poland China hog sale. If hog sales get to be much more common in McLean, some livestock auctioneer, completion similar to Col. Moore, will find it necessary to move over, we are thinking.

Sidney Kunkel and family and Carl Carpenter and family spent Thanksgiving Day in the George Colebank home in the Back community.

Will H. Chambers returned to his home at Hereford Tuesday after a week's visit with his parents, Mr. and Mrs. J. H. Chambers.

E. M. Boring of Clinton, Okla., was here Tuesday, and made a pleasant call at the Clement Produce house.

Mr. and Mrs. Osborne of Jericho spent Thanksgiving with their daughter, Miss Ernestine.

AMERICA

I was a pilgrim seeking a place. I was a Catholic in quest of freedom for my faith. I was a Protestant fleeing a persecution I could no longer bear; I was a Jew, an outcast, carrying the burden of centuries of reproach. I was a political Zero with no function to serve. I was a Mind kept unshooled, lest knowledge set me free. I was a Man, made in the image of my Creator as other men are, but bending low before the power of a fellow-man. And so I left the land of my fathers to beg in a strange, wild land. I came to America.

I did not come to build castles. These were the badge of kings who said that God had appointed them to be keepers of the riches I produce. It was enough for me that I live, they said. I did not believe that. I began to build a new free home in the wilderness. Patiently I induced, compelled the untrained soil to share its bounty. I contended with wild men. In seventy-six I fought and bled to hold the winnings so hardy earned. In the sixties I fought and bled again to free myself of Old World wrongs and keep the new Nation whole.

Thus I made America. And America made me—a new man, still a Protestant, still a Catholic, still a Jew, but first an American. No longer a nonentity but a man bending only in the voluntary service of mankind. America has given me Opportunity, the golden wand which has transformed me from a chattel to the peer of any man on earth.

Am I great enough, strong enough to keep what I have made? Have I builded better than I knew? Do I

realize now, that America contains the inspiration and the purifying principle of the world? Does American Liberty mean anything in particular to me? Is it more than a mere nation of people, conceived in the freedom-loving thought of a hundred nations, builded of human desperation and kept whole by the will and determination of noble incentive? Will I earnestly work, willingly give, and gladly sacrifice to save my America and thereby save the world?

Yes, I will. And why? Because—I AM AN AMERICAN!—Adopted from the Rotarian.

Last week's issue of The News carried an advertisement which the older readers will recognize as one of the first great national advertisements, but the younger generation will regard as a new adventure. Years ago "Sapolio" built up a wonderful national sale by steady use of advertising, but, having attained a phenomenal success, its owners decided that advertising was a needless expense, that "everybody knows us" and that the momentum they had gained through regular publicity would carry their business on in-

definitely. But after all these years he manufacturers of Sapolio found themselves with a failing business and several advertised products supplanted them in every section, so they have learned the sad lesson that many a merchant has learned—that nobody is ever so well advertised and no product has such publicity that it can afford to cut off the advertising appropriation and continue to succeed. It can't be done. Makers of Sapolio found it out and be it said to their praise they recognized the trouble and had brains enough to apply the remedy. It will be interesting now to watch the demand for Sapolio begin a steady growth and again attain a national sale. Are you a grouch "has been," or will you brighten up your business with Sapolio methods? —Clarendon News.

Lee Wilson Elected Captain for '22 Lee Wilson, noted fullback of the McLean Tigers, has been elected captain of the local squad for 1922.

Wilson has been a star throughout the entire season. He is noted for line plunging and evasion of enemies while carrying ball. In a speech given by him Tuesday morning during assembly, he stated, "We

are going to have a mighty fine team."

It is expected that Wilson's aid will be a great factor in effecting a victorious team next year.

School Spirit

by Rosser Rudolph.

A boy or girl may go through high school, graduate and get their diploma, but it won't amount to much if there is no school spirit with it. School spirit fills a person with energy and "pep." When the football season comes it's the school spirit that make the students go down on the sideline, cheer for the team and the old school, and it's the spirit that makes the boys just have to win for their comrades and boosters.

School spirit helps the town, too. "Why?" you ask. For when the students become interested in their school, they always go home and tell their parents about it. It makes the parents recall the time when they were young and went to school, and they urge their boy and girl to keep up their work so that they may be proud of them.

If it were not for school spirit would there be football, basketball, tennis or any other games? No! The school would be dull and listless. No trying for state championship in debating, spelling, essays or athletics. No interest in school at all. Someday there would be no schools, because "pep" and interest keep things going—and a result, a down-trodding race of people.

McLean 29—Claude 12

McLean's last football game of the season with Claude was a fine exhibition of football, the final score being 29 to 12 in favor of the McLean Tigers.

There were nine completed forward passes by McLean and four for Claude, totalling a gain of 154 and 53 yards respectively. Lee Wilson and Jack Back for McLean made good gains at will through Claude's line, notwithstanding the fact that Claude had a heavier line. Ted Glass received for McLean five passes netting 84 yards, Lyman Ashby received two netting 32 yards, Jack Back one netting 18 yards, and John Biggers one netting 20

yards, and a ten yard run for a touchdown. Walker of Claude received their four passes, McLean getting three of them.

Douglas Wilson, who took Back's place as half at the beginning of the fourth quarter, made one line plunge of 18 yards and other small gains when called upon. R. Corbin for Claude made a number of good gains on long end runs, the longest of which totalled 30 yards.

The entire game was a fierce struggle. The Tigers were determined that the visitors should NOT win. The last quarter was one of strength and endurance. Desperate attempts were made by opponents to score, but failed. That grim and wilful determination, carried the locals across the opponents' goal line for another touchdown.

To the McLean football boys belongs a certificate of sportsmanship. They are clean athletes, inspiring and cultivating those principles that are entertained by athletes of valor. They have overridden difficulties and defeat during the season, landing safe on the shores of victory.

Dear Friends, High School Faculty and Students:

We take this means to show you our appreciation for the many kind words and deeds shown us during the recent sadness in our home. We especially thank you for the beautiful floral offerings, which cheered our hearts amid the darkest hours we have known. May God's richest blessings be upon each of you, is our prayer.

CHOPPED MAIZE VALUABLE FOR FEEDING STEERS

Memphis, Nov. 29.—An interesting test of young steer feeding is being made by Nelson and Morrison at Newlin, Texas. Eighty-eight head of two year old Hereford steers, averaging 800 pounds were put on feed September 17. They are fed chopped maize heads with cotton seed meal and one bundle of sorghum per day for roughness. The present ration is twenty pounds of chopped maize heads and two pounds of cotton seed meal. The bunch has shown splendid progress and at present are taking on three and a half pounds per day weight. Records and weights are carefully kept. They expect to finish in ninety days and at present progress the animals will reach 1200 pounds.

Hogs are being run with the steers. The maize is being bought at \$7 per ton and a gasoline chopper is used. Much interest is being manifested in the experiment as it will demonstrate the value and safety of chopped maize as a flesh producer.—Amarillo Tribune.

A DANG DING DONG JANGLE

"Gentlemen: Why is it that your switch engine has to ding and dong and fizz and spit and clang and bang and buzz and hiss and bell and wail and pant and rant and howl and yowl and grate and grind and puff and bump and click and clank and chug and moan and hoot and toot and crash and grunt and gasp and moan and groan and whistle and wheeze and squawk and blow and jar and jerk and rasp and jingle and twang and clack and rattle and yelp and howl and hum and snarl and puff and growl and thump and bump and choom and boom and clash and jolt and jostle and shake and slam and throb and crink and quiver and rattle and roar and rattle and shriek and smoke and smell and scream like hell—all night long?"

"Very truly yours, 'Jake,'
"Phoenix, Arizona."

The gentleman of Phoenix makes complaint without thinking. He permits the necessary noise of commercial activity to becloud his recognition of an absolute essential to industrial welfare.

When the switch engine is clanging and banging, buzzing and fusing, it is performing its part in the great plan of transportation.

When the switch engine is slamming and jamming, hooting and tooting it is consolidating the long heavy freight train that trails its burden of golden fruit from the flowery garden of California to the snow cled land of Maine, and shuttles back again laden with the manufactured products of the bountiful east.

When the switch engine is crashing and smashing, moaning and groaning, it is assembling carloads lots of various commodities that function in the scheme of supply and demand.

It is indispensably aiding in the movement of food, fuel, and raiment, upon which every man, woman and child depends.

The switch engine was never intended as a musical instrument nor a thing of beauty.

It has never yet been known to sing a lullaby. It was intended for rough and heavy service—and well it plays its part.

That is why the switch engine humps and jumps, smokes and smells, slips and slides like hell all night long. If the hum of industry, and the noise of the world's work is so aggravating to this Phoenix gentleman, he should seek a more secluded place of residence, hie far away to the solitude of the wilderness where the hoot owls mingle with the chick-

ens and the whang doodle calleth to its mate.—John Moore, in Canadian Record.

ESTES RESIGNS AS SECRETARY AMARILLO C. OF C.

Amarillo, Nov. 28.—W. B. Estes, who for the past two years has been associated with the Amarillo Board of City Development (Chamber of Commerce) as Executive Secretary, has tendered his resignation, effective Dec. 1st. At a called meeting of the Directors of the Amarillo Board of City Development, Mr. Estes' resignation was formally accepted and a resolution was passed expressing the regret of the Board, and extending congratulations to the community to which Mr. Estes goes from Amarillo.

Secretary Estes served Amarillo through two of the most important years of the city's formative

period, and his constructive work will ever stand as a monument to his credit. His record is an enviable one, and his departure from Amarillo will be keenly felt. After Mr. Estes' resignation was accepted, he announced that he had accepted the secretaryship of the Las Vegas, N. M., Commercial Club, and that he would assume his new duties shortly after December the first.

Las Vegas is a famous summer resort, and is beginning to rival in no small way, the famous Colorado Springs. The scenery in and around Las Vegas is gaining wide-spread recognition; the mountains and trout streams have already won the favor of many sportsmen and lovers of nature.

Secretary Estes says that his new field offers a great opportunity, and that he is proud of the privilege to take an active part in its growth and development.

AMARILLO SAVAGES BEAT PAMPA BY SCORE OF 47 TO 0

Amarillo Tribune: Pampa High School's heavy football squad failed to stop the onslaught of the Amarillo Savages Thanksgiving Day, and the final score was 47 to 0 in favor of the Indians. Seven touchdowns were made and the locals failed to kick goal twice.

Only once was Pampa within striking distance of Amarillo's goal line, and that was in the third quarter after the Pampans came out of their trance and began to play real football. They lost the ball on downs, however, and not again did they threaten a score.

Both teams played straight football most of the time. However, both sides completed several pretty forward passes for substantial gains.

Lard, Casey, Dunkle and Meers starred for the visitors, while Nicholas, Dawson, Whittington, Anderson and Sipes did most of the shining for the locals.

Only four penalties were assessed during the game, two against Amarillo and two against Pampa, all being given for offside.

Amarillo made her first three touchdowns in the first quarter, two more in the second quarter, none in the third quarter, and two in the fourth period. When the game was over, Amarillo had the ball on Pampa's ten-yard line.

HOLD-UP MEN "CUSS" FARMER WHO IS "BROKE"

Memphis Democrat: T. E. Williams, a farmer who lives on the Quigley & Neely ranch south of town, was held up at the point of a gun by three men near Friendship as he was returning home from Memphis. Mr. Williams had deposited his money in the bank and did not have a cent in his pockets.

He said that the robbers turned out of the road just ahead of him and as he passed two of them boarded the wagon, one holding him at the point of a pistol while the other went through his pockets, turning them wrong-side out. Finding nothing, they spoke of making him remove his shoes when the headlights of a car showing over the hill caused them to change their minds.

Mr. Williams said that one of the men, a large man wearing a large black hat remained in the car, the lights of which had been shut off when it turned from the road.

RECORD BREAKING HOG BUTCHERED AT WELLINGTON

Wellington Leader: Mr. D. A. Muse butchered a hog at his place last Friday which was too heavy to hang up and weigh before being cut to pieces. So they dressed it and then weighed it piece by piece, and it weighed 906 pounds. It was probably one of the largest ever butchered in this county. The hog was a full blooded Poland China, and too large for meat, so he was made into lard. We have not learned how much lard was obtained.

FEEDING FOR EGG PRODUCTION

Many farmers feel hard hit because their hens are not laying, when the present price of eggs is around 65c per dozen.

In feeding hens for egg production it is necessary that we study the manufacture and composition of the egg. We will consider something of what takes place in the manufacture of eggs. The production of eggs is as much a manufacturing business as is the manufacturing of shoes, furniture or machinery; we are dealing with a live machine, one that in a measure renews itself every year or when it wears out.

In studying the composition of the egg we find that it is largely composed of fats and protein. In order to stimulate egg production it is necessary that we supply the same materials in the way of feed that it takes to produce the egg. In other words, feed the hens food that contains fat and protein so they will have the necessary material to manufacture the egg.

What we are trying to do is to supplement spring conditions as much as possible. In the spring the hens usually have free range where they can balance their own ration in the way of bugs and green grass.

Below is a winter egg laying ration tried out by the experiment station at A. & M. College:

- Wheat bran.....15 lbs.
- Corn meal.....30 lbs.
- Milo chops.....35 lbs.
- Meat scraps.....20 lbs.

This ration is to be fed dry in a self feeder where the hens have free access to it at all times. A mineral ration should also be provided in the way of oyster shell or bone meal.

The farmers who have green wheat pasture in addition to the above have spring conditions supplemented as near as possible outside of the weather.

Try this out—it might mean dollars to you.

R. O. DUNKLE County Agent.

MEMPHIS GIRL DIES FROM POISON TAKEN BY MISTAKE

Memphis Democrat: Mary Eddie Goffinett, sixteen-year-old daughter of Mr. and Mrs. F. J. Goffinett, died Tuesday morning a few minutes after she had, through mistake, taken a dose of carbolic acid.

Mary had just begun to dress and a few minutes after she had asked her mother regarding what she was to wear to school that day, was found upon the bed in her room unable to speak. When asked what was the matter, she pointed to a small bottle of carbolic acid. A physician was immediately rushed to her, but all efforts at relief were without effect, and she died within forty minutes from the time she was found.

She had, it is said, been taking medicine from a small bottle similar to that in which the acid was found, and it is supposed that she took a dose from the acid thinking it was the medicine she had been using.

Mrs. John Sublett was in from the Enterprise community Tuesday.

Mr. and Mrs. E. E. Barker returned Monday from Ennis.
