The Diary of a Deb

Editor's Note: This is the fifth of a series of eight articles written by Jean Woodson, Washington debutante, describing capital social life.

By JEAN WOODSON
5-Keepink Fit For Society
WASHINGTON — The debs have a new fad this season.

We ride around in the wee small hours of the morning in quaint, little horse-drawn carriages — left over from the old parade and skirt-ruffed civil war days.

It gives us rest and relaxation after hours of dancing in a crowded ball room to escape into the cool night air with a few other debs and our escorts and half one of the sleepy old colored drivers in uniform and high hat perched on the driver's seat.

We lean back in the deep-cushioned seats discussing the party or just keeping quiet and enjoying the moonlight on the Potomac while the old horses' hoofs beat a methodical clack-clack in the quiet of these traffic-stilled hours.

After the drive and perhaps a cup of coffee it's home and to bed. A deb simply must have her rest hours mapped out if she is to keep fit for society.

Already this fall I've been obliged to turn down a number of invitations much to my regret. But one just can't be on the go all the time.

A deb's day runs something like this: luncheon at 1 o'clock; the photographers or dress shop at 1:30; for picture-taking and dress-fitting are part of every deb's coming out — a bridge tea at 2:30; horseback riding at 4; a dinner at 7, and a dancing party at 10.

In the height of the season the deb's usual retiring hour is 2 a. m. at the earliest. Often it's 4 or 5 o'clock in the morning after a brilliant ball followed by a carriage ride or cakes and coffee at a shining white enamel and nickel-plated luncheon room where the girls' elegant evening coats do look quaint. But the capital has few classy all night restaurants.

I get up about 11 o'clock each morning and after a brisk cold shower have breakfast served in my private sitting room. I usually lounge around in pajamas until time to dress for my luncheon engagement. All the debs I know do

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can prevent them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, crocote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the crocote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

McCamey, Resolved To Ruin Steer Defensive Record, To Play Here Friday At 3 P. M.

Rain or shine the McCamey Badgers will leave their quarters tomorrow morning for the jaunt in the direction of Howard county in general and Big Spring in particular for a contest with the Big Spring Steers at Steer stadium tomorrow afternoon at 3 o'clock.

The charges of Coach Park were rated at the beginning of the season as the most powerful club in the district. Action of the sons of district 4 and injuries received on the gridiron have hampered the Badgers thus far in the conference race. Coach Park writes that his eleven is in good shape for the game Friday and that the fans of Big Spring will see a fighting team take the field against the locals when the opening whistle sounds.

"We may not win but the Steers are going to have plenty to do to come out on top, and will be busy all afternoon trying to turn back the scoring threats of my boys," Park said.

Smarting under a 31-0 defeat received from Angelo last week the Badgers are bent on doing at least one thing during the game tomorrow. The determination to spoil the unspotted defensive record of the Black and Gold is going to make the battle with the Badgers one worth going miles to see. Only once this season has the Steer goal been seriously threatened and the performance of the Bovine forwards on that occasion was a thing of beauty. Dangerous scoring threats by the visitors tomorrow will make the game an interesting one. The honor of being the first to cross the Steer goal would satisfy the Badgers almost as much as a win.

The McCamey pep squad will accompany the team on its invasion of Big Spring tomorrow, according to dispatches received from the McCamey school officials. "The team plays better ball when the pep squad is along and we are leaving nothing undone to topple the Steers from their lofty perch," we are informed by the McCamey coach.

The battle between Barnett, star Badger tackle, and Hopper of the Steers, should prove to be an interesting feature of the day, according to the McCamey mentor. Barnett is rated by many as the outstanding tackle of district 4.

Artelia Minton, 4-H Club Girl, Tells What She Has Accomplished This Year

In the following report, Artelia Minton, one of nine girls in the 4-H club in Lomax county, tells of her club work. She is at present attending the Dallas State Fair, a guest of the railroad and the fair, as a result of her activities in club work during the past year.

Several people will recall the P. T. A. banquet put on at the Lomax school house for the Kiwanis club. Part of the proceeds from this banquet went to buy much-needed clothing for the 4-H club girls; a detail, said Mrs. Algood, which was a big help in the successful work of the club.

Artelia's account follows:

I joined the Lomax, Howard county, 4-H club in November, 1930, for the purpose of learning more about cooking, canning, sewing and other things which go with farm life.

I chose gardening for my demonstration because I was better equipped for gardening than poultry and I liked it better. I prepared ground and planted lettuce, mustard, beans, peas, watermelon and later set out onions and tomatoes. I kept my garden irrigated and worked it.

In cooking, I learned much, such as the making of yeast bread. I learned to add all ingredients at once instead of adding part at night and part in the morning. I made yeast bread ten times.

I learned and made three kinds of salad dressings, French, boiled and mayonnaise. In making dressings, I learned to make them to suit the salad.

I also learned how to prepare other dishes from vegetables, which are wholesome and contain proteins and vitamins, which are valuable for the body as well as milk, which builds teeth and bones. I

looked for the family for a month and put what I had learned into practice.

In canning I learned to sterilize everything I used; also to be careful in sealing to be sure they were tight. I canned 150 cans of peas, 175 cans of corn, 32 quarts of beans, 25 quarts of preserves, and 5 quarts of mince-meat, making a total of 382 containers. I ran the sealer part of the time and although it was my first sealing all my canned goods have kept well.

I think all girls should know as much as possible about sewing because one is judged by her appearance. I learned to be clean, neat and to do my best in sewing. I made a sheet, a rag rug, towels, 2 aprons, a cap, a pair of pillow slips, undergarments and a dress.

In improving my home furnishings, I purchased a dresser and bedstead, I made a clothes closet and rearranged furniture.

In outdoor improvements, I cleaned the yard frequently, built a fence around the yard; cut off brush for a driveway, and also did some work on the house.

I am sure that my club work has been of benefit to me, other than the trip I won. At the Howard county fair I won 5 first prizes, 2 second prizes and 1 third prize, which brought me \$475. I also won the trip to the State Fair at Dallas, to which I am looking forward.

To club members, I want to say: girls, let's hope for better attendance, more interest and better work. We can get that by striving to do our best in all we undertake. Let's uphold our good, old motto which says, "My head for clearer thinking, my heart for purer and finer sympathy, and my hands for greater service, my health for efficient living for my home, my community, my country and my God."

Arno Art Club Receives Two New Members

Mrs. Bernard Fisher Hostess; Van Dyke Studied

The Arno Art Club met Wednesday afternoon with Mrs. Bernard Fisher and received two new members into the club, Mrs. G. P. Woody and Mrs. B. T. Cardwell. Mrs. Fisher was also the leader. The lesson was the life and work of Sir Anthony Van Dyke.

In addition to Mrs. Woody and Mrs. Cardwell, those present were Mrs. O. L. Thomas, Joye Fisher and R. W. Henry.

Mrs. Joye Fisher will be the next hostess.

SOCIAL TONIGHT

Jewelled and colorful hair ornaments which have been the mode for the past year or so are now being widely used.

ments which have been the mode for the past year or so are now being widely used. The vogue for longer hair has thus resulted in many new and charming coiffures. Dallas, the New York hair dresser, recently designed the coil, two views of which are shown above. The top picture shows the modish use of a pyramidal comb adapted from a French design, and the lower one, a barrette to hold the hair at the left side just behind the ear. These hair ornaments are being used in plain colors, shell, with gold incrustations and some set with brilliants.

Lilburn Coffees Entertain Friends

Mr. and Mrs. Lilburn Coffee entertained a few of their friends informally Tuesday evening at their home in Edwards Heights. No prizes were awarded; the evening was spent in contract bridge and conversation.

Mr. and Mrs. Steve Ford made high score for couples.

After the games the hostess served pie à la mode and coffee to the following: Mr. and Mrs. Steve Ford, Mr. and Mrs. Homer McNew, Mr. and Mrs. V. Nichols, Mr. and Mrs. G. R. Porter and Mr. and Mrs. Fred Stephens.

Mrs. Edwards Wins Score In Club Party

Mrs. Croft Is Hostess To Ideal Bridge Members

The Ideal Bridge Club members voted Wednesday at their regular meeting with Mrs. L. W. Croft, to discontinue the evening dinners which they had been giving bi-monthly. Instead each member will entertain once a month during the year and serve light refreshments at the end of the games.

Mrs. M. M. Edwards made high score for club members and Mrs. Seth Parsons for visitors.

At the close of five interesting games of contract the hostess served delicious refreshments to the following members and guests: Miss C. D. Baxley, Steve Ford, Fred Stephens, Herbert Lees, W. W. Inkman, Edwards, W. B. Clark, V. H. Flewelling, Buck Richardson, Par-

sons, V. V. Strahan and J. L. Webb. Mrs. Ebb Hatch will be the next hostess.

Mr. and Mrs. W. E. Hornbarger are leaving tomorrow for Mineral Wells, to be gone several days.

Local Druggists Supplied With Free Sample Packages Of Two New Vick Products

Desire of Makers That Every User of Vicks VapoRub Have a Free Trial of New Vicks Nose and Throat Drops and Vicks Medicated Cough Drops

RESULT OF RESEARCH
New Discovery Makes Possible New Vick Plan Of Home-Control of Colds

REDUCES "COLDS - TAX"
A quarter century ago Vicks VapoRub introduced the modern and better method of treating colds externally. Now, Vick Chemists develop a new preparation—Vicks Nose & Throat Drops—based on a new idea in preventing colds. A perfect ally to VapoRub, it makes possible the new "Vick Plan" for better control of colds in the home—and further reduction of the family "Colds-Tax."

1.—Before a Cold Starts
On exposure to colds or any of the causes that ordinarily lead to colds—crowded indoor places—stuffy, poorly ventilated rooms—sudden temperature changes—wet and cold—that slow down the normal functioning of the nose, Nature's marvelous "first line of defense against colds"—use Vicks Drops promptly. Or, if a cold actually threatens—when you feel that first stuffy, sneezy, irritation of the nasal passages—a few drops

up each nostril, and many annoying colds will be avoided.

2.—When a Cold Strikes.
Use the convenient Vicks Drops during the day—anytime, any place—as often as needed for comfort and relief. At bedtime, rub Vicks VapoRub well over throat and chest and cover with warm flannel. Leave bedclothing loose around the neck so the medicated vapors can be inhaled all night long. This Vick Plan gives you a full 24-hour treatment. (If there is a cough, you will like another new Vick product—Vicks Cough Drops—actually medicated with ingredients of Vicks VapoRub.)

Trial Packages Free.
In order that every user of Vicks VapoRub may try the two new Vick products now being introduced, a supply of free trial packages of each has been sent to every druggist in the United States. Go to your druggist today and ask for yours. If, by any chance his supply is exhausted, send us the top of a Vicks VapoRub carton—or coupon from the VapoRub directions folder—and we will mail free samples direct to you, together with a folder on the new Vick Plan for Control of Colds in the home. Hal Pratt To Play Tonight

Noted Orchestra Billed For Dance Program At Settles

The third of a series of weekly dance programs at the Settles hotel crystal ball room will be held Thursday evening beginning at 9 o'clock by Hal Pratt and his recording orchestra, an outstanding organization of thirteen members.

The orchestra has played within the past year at the exclusive Mayo hotel, Tulsa; Skirvin hotel, Oklahoma City; Hiawatha Gardens, Colorado Springs; Rlee hotel, Houston; and in Kansas City. The band originally came from Los Angeles, where it played six months for the Warner Brothers studios. It also has filled engagements on the Pantages and Orpheum vaudeville circuits.

Hal Pratt, the leader, is a song writer, being the author of such hits as "Venetian Nights"; "Beautiful One"; "Marjorie"; "Desert Land"; He has just completed a new number entitled, "I Spent A Fortune In Nickles Calling You Over My Telephone."

Pratt has collaborated with such song writers as Willard Robison, Jimmy Green, and others. He carries as members of his organization two young men who are among the best musical arrangers in the country. Everything played by this orchestra is specially arranged. These boys are Wendell Givens and Cliff Beard.

Other members of the band are Johnny Carr, Pete Rasmussen, Weldon Shook, Tip Sawash, Barney Mazanek, Carroll Ackerman, Frank McCleary, David Byers, Carl Grubb and Harold Herring.

The band will have as its next engagement regular programs each night during the winter at the Gunter hotel in San Antonio with nightly feature programs over radio station WOAI.

The band plays during lunch and dinner hours in the Settles Coffee shop.

Clubs Give Financial Aid To Needy Children To Remove Bad Tonsils

The Kiwanis and Lions service clubs and the Brotherhood of Locomotive Engineers, No. 212, each sponsored a tonsilectomy yesterday. Needy children from Gay Hill, Elbow and Big Spring, had their tonsils removed as a result of the willingness of these organizations to pay the bills, which were made at a reduced rate in cooperation with the health department.

Other corrections are being sponsored by various organizations, announced Mrs. M. R. Showalter.

Diphtheria Conferences Scheduled

Diphtheria immunization conferences will be held in the following schools on the dates announced. A physician will be in attendance and immunization will be given. Two doses will be given three weeks apart:

West ward school, Friday, October 23, at 10:30 a. m.; South ward school, Friday, Oct. 23, 1:30 p. m.; North ward, Tuesday, Oct. 27, 10:45 a. m.; Mexican school, Tuesday, Oct. 27, 11:15 a. m.; East ward school, Tuesday, Oct. 27, 1:30 p. m.; Junior high school, Wednesday, Oct. 28, 10:30 a. m.

Mrs. Showalter, public health nurse, makes the following statement: "We appeal to you as a parent to help give your child his right to health and happiness. Diphtheria is in our midst, and invariably increases during the fall, winter and early spring. Delay is dangerous. Diphtheria is our midst. A child from the F-Bat community is reported seriously ill from this dread disease; yet diphtheria is an entirely unnecessary disease. Diphtheria is spread by contact with an infected person, or with articles that may have been contaminated by discharge from the nose or throat, or by contact with a diphtheria carrier."

Instead of an attitude of fear, parents should assume one of vigor and combat. It is now easy to prevent diphtheria entirely and drive it out of the community and out of the state. It has been said that the time will come when every case of diphtheria will be an indictment against the intelligence of parents. Modern medical science has made a remarkable advance in the development of a simple and harmless immunizing agent for the prevention of diphtheria.

Diphtheria will soon be made a matter of ancient history. If parents will cooperate with the health and school authorities in the campaign they are now promoting in an effort to stamp out this dread disease in childhood.

Waitress

(Continued From Page 1)
When the Dallas sheriff arrested me at the hotel I, acting upon his suggestion, gave him the money. He counted it out and returned it to Mr. King. The Big Spring officers never handled the money at all."

Finley denying that he gave the girl the money King expressed a firm belief that he had been drugged. "I know I did not drink enough liquor to make me pass out. I knew nothing until about 8 o'clock the following morning. I do not desire to prosecute the girl and I would like to see all charges dropped at once," he declared.

The girl is bound over for action of the November grand jury.

Bluebonnet Club In Enjoyable Meet

Mrs. H. C. Timmons was hostess to the Bluebonnet Bridge Club Wednesday afternoon at her home in Edwards Heights with a very nice party. The guests were served with a hot luncheon after the games.

The afternoon was devoted to contract, the members playing in rooms attractively decorated with fall flowers.

Mrs. Liberty made high score for the club and Mrs. Herring for visitors. Mrs. Miller cut for high score. Mrs. Paul will be the next hostess, at 1501 Johnson street.

Mixed Herd of 2300 From Sterling City, Midland To Tennessee

FORT WORTH, Oct. 22. (UP)—A trainload of 2,300 mixed heifer and steer calves, representing the largest individual purchase of feeder calves were bought by the Milky Way Farms, of the F. C. Mars company, Inc., Chicago, makers of Milky Way candy.

The purchase totals about \$27,000. All of the cattle are being tuberculosis tested. About 1,000 of the calves came from the Bar 8 ranch, owned by the Sawyer Cattle company, Barnhart; about 600 from W. L. Foster & Sons, Sterling City; and the remainder from Midland, being purchased from W. N. and Byron Bryant and Maybee and Pyle.
