Welcome Mat Being Readied For Thurmond

Arrangements were shaping up today for a Big Spring welcome for Gov. S. Storm Thurmond...

Gov. Thurmond will be greeted on a non-political basis, and is to be principal speaker at a luncheon session at the Settles, which also is to be in the nature of a civic affair.

Since the Kiwanis club holds its regular meeting on Thursday, its members are joining in the Thurmond program...

W. D. Berry, a States Rights committeeman who is directing local arrangements, said Gov. Thurmond will arrive by plane at 11:15 Thursday morning.

Those in the party who will greet Gov. Thurmond will include the mayor and city manager...

Gov. Thurmond was a combat officer in World War II, leaving the service as a colonel. He received a number of decorations.

New Activity In Volcano

MANILA, Sept. 7. (AP)—A tremendous pillar of sulphurous smoke from Mount Hibokhibok signalled new activity in Camiguin volcano...

Hibokhibok, which means "great internal disturbance," began erupting Sept. 1 after 77 years of inactivity.

Under the awe inspiring spectacle of the volcano's fiery plume rising to 25,000 feet, an estimated 16,000 remaining on Camiguin huddled fearfully on the ash-pelleted coast awaiting rescue.

Two villages have been engulfed by lava flow, five others threatened. At least five Filipinos were buried alive.

The government has been warned that the continuing eruption of Hibokhibok may present an even greater menace—poison gases.

Two Philippine naval patrol vessels reported they were withdrawing to a safer distance.

Stassen Ready To Deliver A Reply To Depression, Forecast If GOP Wins

By The Associated Press The Presidential campaign zipped into high gear today with Harold E. Stassen ready to deliver the official Republican reply to President Truman's day-long series of Labor Day addresses.

From early morning until late last night, Mr. Truman hammered away at his theme that an "era of fear" and depression may result if Republican "reactionaries" are elected in November.

Stassen will speak from Detroit at 7 o'clock tonight, central standard time, over the same NBC network that carried the President's kick-off speech from that motor city.

Gov. Thomas E. Dewey already has given his blessing to Stassen's address as the result of a conference the two held at Albany Minnesota governor for the Re-last week.

Dewey, who beat out the former publican presidential nomination, said the speech will be "of major interest to the American people."

Although his off-the-cuff utterances across Michigan and into Ohio covered a wide range of subjects, Mr. Truman aimed frequently at his labor hearers.

He told a Pontiac audience that union members had better get out and vote democratic because:

"This election makes a lot of difference to you. Among other things, it might make the difference between whether you have a job two years from now or not."

That was after his main speech at Detroit in which the President declared:

"If you let Republican reactionaries get complete control of the government, I would fear not only for the wages and living standards of the American workman, but even for our democratic institutions of free labor and free enterprise."

A crowd estimated at 120,000 gathered in Detroit's Cadillac square to hear Mr. Truman. The President said in advance he had been told it would be disappointing if 300,000 failed to appear.

His trip through Texas largely is in the interest of combatting proposed FEPC law (fair employment practice) which has backing of President Truman, Governor Dewey and Henry Wallace.

Ask Arabs' Return

ALEXANDRIA, Egypt, Sept. 7. (AP)—Representatives of several Arab countries said today they had demanded that Arab refugees from Palestine be allowed to return home before the Arabs discuss any settlement in Palestine.

The demand was made to Count Folke Bernadotte, United Nations mediator in Palestine.

Belgium Helps Press For U. S. Of Europe

LONDON, Sept. 7. (AP)—Belgium joined France today in applying pressure for quick action on creation of a European assembly to promote continental unity.

Here and in Brussels the Belgian government disclosed that its support of the assembly plan had been registered formally in a note to the permanent commission of the five-country Western European alliance in London—Britain, France, Belgium, the Netherlands and Luxembourg.

Britain thus far has shown little desire to back the assembly proposal, which has won the approval of the State Department in Washington. The British foreign office said today it had no knowledge of the Belgian note.

As envisioned by its sponsors—among them Winston Churchill—the European Assembly would take the first steps toward creation of a United States of Europe leading gradually to complete political, economic and military co-operation.

Responsible British officials have reported Prime Minister Atee will discuss the question of British participation soon after Commons reconvenes Sept. 13. He has been confronted with brusque demands—from both conservatives and laborites—that Britain adopt a more positive attitude in support of the assembly.

Up to now, he has taken the position that this is not the time for the assembly's creation and that its formative work should be carried on through private organizations.

Bierut Takes Whip For Reds Over Poland

Purge Launched To Heal Breach Inside Party

WARSAW, Sept. 7. (AP)—President Boleslaw Bierut was picked today to take over sweeping political power as head of a new united Communist-Socialist Workers Party.

Polish Communists, meanwhile, launched a purge intended to heal a party breach which threatens their control of Poland. The purge is aimed at nationalists in the Communist Workers Party who deviate from the Moscow party line.

International Communism Premier Joseph Gyrankiewicz, and Oscar Lange, former ambassador to Washington and former Polish chief delegate to the United Nations, headed a delegation calling on Bierut at his Belvedere palace.

They told him he was the number one man for presiding over the new Communist-Socialist Workers Party. Bierut long had been the choice of his Communists.

Bierut thanked them for the nomination, which is the same as election. Since the Communists and Socialists hold control in the Warsaw government this would give him exceptionally broad powers.

Vice Premier Wladyslaw Gomulka, who lost his job as the party's secretary-general Sunday because of his nationalist attitude and his support for Premier Marshal Tito of Yugoslavia, declared last night the party's troubles are past the crisis.

He appeared before a war council of party leaders to admit charges leveled against him—that he had pursued "a false and anti-Marxist line" and had permitted nationalist and nationalist deviations.

He said he had patched up his ideological differences with Poland's Communist chieftains.

Phone Service Is Endangered By Strike Call

CHICAGO, Sept. 7. (AP)—The CIO Association of Communication Equipment Workers today set Sept. 17 for a strike which it said would cripple telephone service over the nation.

Announcement of the strike date was made by Dan Harris, Portland, Oregon, vice president of the union. He said negotiations between the union and the Western Electric Mfg. Co. are deadlocked.

Harris said the strike would pull out 25,000 members of the union working in 2,200 Bell Telephone company locations in 43 out of the 48 states.

The five states where the union does not operate are Maine, New Hampshire, Vermont, Massachusetts and Montana.

Harris said the dispute is over wages and working conditions. The union is demanding a 15 cents an hour increase across the board, plus an offer of eight cents.

Wages of union members now range from 88 cents to \$1.54 an hour.

Negotiations have been going on intermittently since May 11. Harris reported. Union members approved a strike to enforce their demands on July 1, he said.

Ralph Johnson, Chicago, spokesman for Western Electric, said the disputants are continuing to negotiate in efforts to settle the issues.

Jester Is Just Listening To Talk On Senate Race

AUSTIN, Sept. 7. (AP)—Gov. Beauford H. Jester today said he is "still listening" to discussions of the U. S. senatorial race.

Asked if he has had any further conversations with either Lyndon B. Johnson or Coke Stevenson, the two candidates, Jester shook his head negatively.

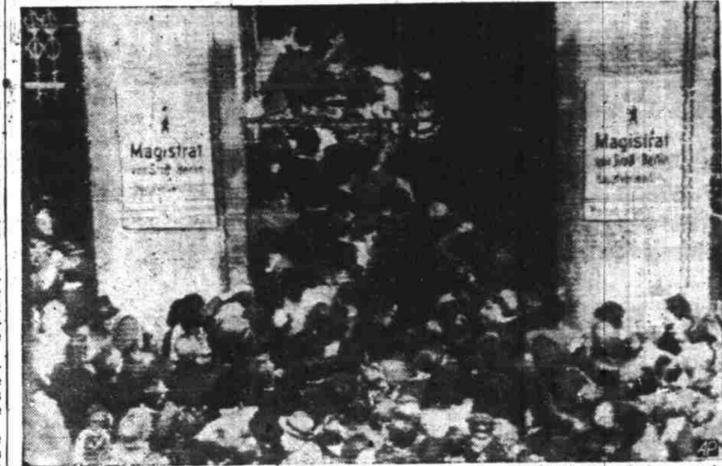

"Have you had any requests for an investigation of the election?" he was asked.

"Nothing official," Jester replied. Questioned as to what he has heard about the possibility or need of an investigation, Jester said: "I hear the same thing you do." He would not elaborate.

Hungarians Executed On Treason Charges

BUDAPEST, Hungary, Sept. 7. (AP)—A former high ranking army officer and a former chief inspector of the Hungarian railways were executed today for treason and espionage. Executed were former Staff Col. Pal Hadvary and Eiemer Lovasz, former chief inspector. They were sentenced Aug. 28 for "continually high treason and espionage on behalf of a western power."

Allies Plan Protest Over Berlin Riots

Sokolovsky Or Moscow Will Receive Note

Deterioration In Relations Called Serious

LONDON, Sept. 7. (AP)—A British diplomatic source said today the Western Powers are planning a joint protest to Russia over the continuing Communist-led riots in Berlin.

The protest may go either to Marshal Vassily D. Sokolovsky, Russia's military governor in Germany, or to the Soviet government in Moscow, the source said.

The British foreign office issued a formal statement, however, saying that any report that an official British diplomatic source had said the Western Powers are planning a joint protest to Russia over the Berlin rioting is without foundation.

A foreign office spokesman made this unsolicited statement: "I need not emphasize the seriousness with which the deterioration in the Berlin position, resulting from the demonstrations of a minority party, is regarded here in London."

The spokesman said he could not comment officially on what action was contemplated by the Western Powers.

The three military commandants of the Western Powers were holding a special meeting in Berlin to consider yesterday's riots in which Russian-zone German police arrested Western German zone policemen in the city hall after German Communists took over the building.

The British diplomatic source said that future British action, in concert with the French and United States governments, will be deferred until the report of the military commandants is received.

He then added that the British had no doubt the wave of Communist-led riots in Berlin during the past few weeks has been organized "with the deliberate intention of wrecking the city council."

The British feel that the Russians plan to set up a city council of their own in the eastern sector after the present elected body has been "forced to move from its present headquarters," the informant said.

The British official said the three Western governments almost certainly will do what they can to prevent the German Communist riots from affecting the current negotiations in Berlin and Moscow on a currency and traffic settlement between the western and eastern zones.

Power Meet Dim

MOSCOW, Sept. 7. (AP)—An informed source said there is little chance for a four-power session here today on the German crisis. There still are strong indications that such a meeting will be held later in the week, however.

JUST WHAT KIND OF WOMAN'S THIS?

TOKYO, Sept. 7. (AP)—The metropolitan police force declared war on the increasing activity of pickpockets today and formed a supersecret detail of eight women officers to spearhead the attack.

Headquarters explained it hoped the girls would escape easy detection by the light fingered gentry since they were not "all beauties, but with plain faces."

FEAR SOVIETS GOT SECRETS

Atomic Project Leader Is Quizzed By Anti-Red Probers

WASHINGTON, Sept. 7. (AP)—Congressional spy investigators have enlisted Major General Leslie R. Groves in their attempt to find out whether Russia got away with any atomic bomb super-secrets.

Representative McDowell (R-Pa.), told reporters the man who directed the two-billion dollar A-bomb project during the war already has been questioned several times behind locked doors.

McDowell said the retired general will testify publicly after the House Un-American Activities Committee reopens its spy hearings Sept. 15.

A subcommittee began a week of closed door sessions today to get ready for hearings which are supposed to do all this in three weeks:

- 1. Uncover evidence that a third spy ring, perhaps involving atomic scientists, operated in the government.
2. Bring into the open the information on which the committee based its six months old charges that Dr. Edward U. Condon was one of the weakest links in atomic security. Condon, head of the Federal Bureau of Standards has denied the charges and has been cleared by a Commerce Department loyalty board.
3. Determine whether Communists have made inroads among Negroes.
4. Clean up odds and ends of the story of Elizabeth T. Bentley, admitted former Communist, that she was the Washington-New York messenger for two wartime spy rings that got secrets from government employees and officials and sent them along to Moscow.
5. Clear up more loose ends of the Hiss-Chambers dispute. Whitaker Chambers, another admitted former Red, testified that he was the courier and Alger Hiss a leading member of a pre-war Communist underground in Washington.

Hiss has denied Chambers' accusations. Hiss formerly was a high State Department official.

Disorders In Burma

RANGOON, Burma, Sept. 7. (AP)—Unconfirmed press reports said today Sao Hkum Hkio, minister for Shan affairs, has been called upon to restore order in the Shan states. These are on Burma's northeastern frontier with China and Siam.

The reports said disorders have broken out in some of the states, resulting in nine deaths.

Vet Enrollment Continues Strong For HCJC Courses

Veteran enrollment continues at a strong rate at Howard County Junior College, E. C. Dodd, president, said Tuesday.

He said that apparently most veterans were heading a plea to register in advance of the regular date of Sept. 13 in order not to delay receipt of subsistence check.

Those who wait until next week may not be able to get subsistence allotments ironed out until about November, HCJC officials warned.

Transcripts from Big Spring High school are beginning to be received, but Dodd said that normally the heavy run of these occurred just at registration time. Prospects are that enrollment at HCJC will remain steady somewhere above 200.

AFTER LONG LABOR DAY WEEKEND

Full Impact Of Truck Strike Now To Be Felt In New York

NEW YORK, Sept. 7. (AP)—Full impact of the widened metropolitan area truck strike will be felt by millions living in New York City and part of northern New Jersey today as business resumes after the long Labor Day weekend.

Ten thousand AFL drivers and helpers in New York have been idle since Wednesday, and the pinch on the city's supply lines was being felt before the holiday started.

Forty-three hundred AFL truckmen in North Jersey went on strike Sunday midnight in a companion dispute with employers, and the first real effects of their walkout were felt today.

A four-hour union-management conference in Newark seeking to settle the North Jersey walkout ended early today in a deadlock on disputed issues.

A mediation session in the New York City strike was scheduled today. At this meeting the employers were expected to reject formally the union's latest "rock-bottom" demands.

The New York strikers are members of Local 807 of the AFL's International Brotherhood of Teamsters, the city's largest local. The North Jersey strikers belong to Local 478, that state's largest teamsters' local.

Many of the New Jersey strikers were employed on trucks supplying New York City as well as metropolitan New Jersey, and further impairment of business and industrial life today was feared. Some members of non-striking locals have failed to report for work. Food supplies, although curtailed were not dangerously low. A milk shortage was feared by the city officials because of the tie-up in deliveries of fiber containers.

TRUMAN'S CIVIL RIGHTS RIOTS PLAN EXPOSED!

On Feb. 2, 1948 Pres. Truman Asked Congress to Pass the So-Called "Civil Rights" Laws Modeled After Dewey's New York F. E. P. C. Law, Truman-Wallace and Dewey Unite in Their Platforms to:

1. BAN ALL RACIAL SEGREGATION THROUGHOUT THE U.S.A.
2. CREATE A PERMANENT FAIR EMPLOYMENT PRACTICES COMMISSION.

The threat of this menacing plan is not wholly prospective. Several States have already bowed to the demand of communistic front organizations for this law, which is a carbon copy of Jos. Stalin's "All Races" law proclaimed for Russia in 1920 as a weapon to destroy the last vestige of private enterprise there. Truman's plan and Federal law, aimed directly at us in the South, is now pending in tri-partisan Senate Bill No. 984, reported by Senate Committee February 26, 1948.

THE TRUMAN--DEWEY--WALLACE PROGRAM TO ABOLISH ALL RACIAL SEGREGATION WILL . . .

1. Admit all races to our public schools without discrimination. If your children go to school, as required by law, they could be forced into association with negro boys and girls.
2. Could put negro principals over white teachers and negro teachers over white children.
3. Admit negroes, without discrimination into all colleges.
4. Admit negroes in all hotels, restaurants, theatres, churches, swimming pools, barbershops, beauty parlors, and all places where the public congregates for business or pleasure.
5. Admit negroes, without discrimination, on all trains, buses and public conveyances.

The Truman--Dewey--Wallace FEPC Anti-Discrimination in Employment Plan, Senate Bill S-984, Does This to:

1. LABOR UNIONS:

"(b) It shall be an unlawful employment practice for any labor organization to discriminate against any individual or to limit, segregate, or classify its membership in any way which would deprive or tend to deprive such individual of employment opportunities, or would limit his employment opportunities, or otherwise adversely affect his status as an employee or as an applicant for employment, or would affect adversely his wages, hours, or employment conditions, because of such individual's race, religion, color, national origin or ancestry."

This bill provides for fine and imprisonment for its violation. This bill was reported out of Committee February 28, 1948.

2. EMPLOYEES:

It is unlawful for any employee

"To offer resistance to the employment of any individual because of race, color, religious creed, national origin, or ancestry."

(Page 710 - Hearings before Senate Committee on Senate Bill 984).

Penalty: Fine and Imprisonment by Federal Court.

Thus, if a white girl should object to working for a negro boss she can be fined and imprisoned.

3. EMPLOYERS:

It is an unlawful employment practice--

(1) To ask any questions of an applicant for employment to disclose race, color, religious creed, national origin.

To make inquiry into the complexion of an applicant for employment or require an applicant to annex a photograph to his application.

To make inquiry whether an applicant is naturalized or native born, or date applicant acquired citizenship.

To make inquiry into the lineage of an applicant for employment, his ancestry or national origin. (Thus, the son of the biggest communist in the community might get employment under an assumed name because it is against the law to inquire into the original name of an applicant for employment whose name has been changed by court proceedings or otherwise.)

Unlawful to make inquiry into the birthplace of an applicant or his parents, spouse, or other close relatives. Note: Thus, the man who has been guilty of a criminal offense and changed his name, might find employment in a bank without fear of detection.

Unlawful to inquire into the general military experience of an applicant for employment or to inquire the whereabouts of an applicant for employment DURING THE FIRST WORLD WAR FROM 1914 TO 1919. (The applicant could have been an alien enemy or a spy, yet get employment in a munitions plant.)

Unlawful to make inquiry into organizations in which applicant for employment is a member, including organizations whose name or character indicates the race, religion, or national origin of its members. (It is against the law to ask an applicant if he is a member of the Communist Party or any other subversive organization.)

If a bonding company makes any of the above inquiries and discloses the answer to the employer it is a violation of the law punishable by fine and imprisonment, as is the case for any of the above violations.

IT CAN AND WILL HAPPEN HERE. IT HAS ALREADY HAPPENED in New York, Massachusetts, New Jersey, and many other states, and Truman, Dewey and Wallace demand immediate action to put this program into nation-wide effect.

We of the South are not going to be taken over by the Eastern element to satisfy the power-lust of wicked and unscrupulous politicians.

By Executive Order No. 9981, signed July 26, 1948, all segregation of the armed services was abolished by the President, which means that your sons and daughters may have to eat in the same mess, sleep in the same barracks, work and play together, and be under the direction of negro officers.

THE CREED OF THE STATES RIGHTS PARTY

We rededicate ourselves to the principles and traditions of the Democratic Party and repudiate the blasphemy of those who would charge us with bolting. It is our loyalty to these principles and our devotion to these traditions which provoke us to action. It is our cherished desire to reactivate our Party with the principles which others have sacrificed for cheap political expediency. We stand for individual liberty and the sovereignty of the States as essential to the independence and preservation of the Republic.

TEXANS, We Must Unite in the Fight Lest We Forever Lose Freedoms Purchased With the Blood of Our Fathers.

The Call Has Been Issued For a States Rights Democratic Convention in
Dallas at 1:30 P. M.

at Fair Park Auditorium, Wednesday, Sept. 8th

That same evening at 8 P. M. GOVERNOR J. STROM THURMOND, States Rights Candidate For President, and GOVERNOR FIELDING L. WRIGHT, States Rights Candidate for Vice-President, WILL ACCEPT THEIR NOMINATION.

You owe it to yourself and your country to attend this convention and meeting if possible. For those who may not be present, the speech will be broadcast over many stations. Watch your papers, please, for further announcement.

Keith Howze, Jr. Is Party Honoree

Mr. and Mrs. Pete Howze honored their son, Keith Howze, Jr., with a birthday party Saturday afternoon in observance of his first birthday anniversary.

The table was covered with a lace table cloth and centered with an arrangement of pink and white daisies. The favors were blue and red balloon whistlers.

Games were played.

Refreshments were served to Bonnie Kay Smith, Christy Liles, Frankie Morgan, Johnnie Tibbets, Linda Kay Bell, Vickie Parkhill, Nancy Lee Sessions, Keith Howze, Jr., Mrs. Edith Liles, Mrs. John Tibbets, Mrs. Frank Morgan, Mrs. Roger Sessions, Mrs. Brownfield, Mrs. John Howze, Mrs. Jack Tibbs and the hostess.

Perhaps Benes Prediction May Come True In Relation To Reds

Poor Eduard Benes, a hopeful soul in a tragic age, may at last find freedom for which he devoted his life.

As a young and vigorous man he had labored fearlessly and tirelessly for the cause of liberty in his native Czechoslovakia and with Thomas Masaryk has made a singular contribution in throwing off the yoke of Hapsburg rule.

However, he lived to see tyrants greater than kings besiege the land of the Czechs and Slavs. First it was Hitler, and Benes sensed what was up in the creeping paralysis the Nazi regime spread over Europe. There was more than self-preservation in his violent dissent upon being offered up as a sacrificial lamb at Munich, for Benes recognized that when freedom perishes at any point, it is weakened at others.

Because pressure had been imposed from without, he felt such a hard core of resistance that when he was forced to flee for his life he freely predicted that

the "Czechs will give the Nazis a good bellyache." That's what happened.

But it was different when the war had ended. This time the pressure was from within. Communists had bored silently to the heart of the nation. The will to get up off the floor and fight was no longer sufficient to carry on in the absence of strength. Both he and Jan Masaryk, son of the famous founder of the Czech republic, were disillusioned and heart-broken. They were obliged to do business with their Russian neighbor, with whom it was difficult if not impossible to do business.

It was more than Masaryk could stand. He dramatically proclaimed final defiance in a plunge to death. Benes, a sick man, stepped out rather than sanction a new constitution. His beloved government was gone and with it his will to live. Perhaps his stubborn pride may yet be the rallying point upon which the Czechs may prove a good bellyache for the Soviets.

Overwhelmed Customers Are No Longer Able To Purchase

Installment buying controls soon will be back in effect, and none too soon. We felt it unwise that they be removed at the time the bridge was lifted, and nothing that has happened in the intervening ten months has changed our minds.

In that space of time, installment credit rocketed from about \$2 billions to more than \$7 billions.

That means that people are not living within their incomes, but are freely pledging the future to fulfill present needs. Along with this development, other lines of credit have been extended until now the total on private credits in the neighborhood of \$50 billions.

Put this along side a gargantuan pub-

lic debt and the implications aren't pleasant.

Of course controls will put a brake on buying. There is a ready answer to that if producers are bold enough. Prices can be reduced. In time that may mean some salaries also will of necessity have to be reduced. If the process takes place in an orderly manner, however, we shall be that much better off. Left to its own devices, uncontrolled buying and uncontrolled debt can lead to serious consequences. A reasonable amount of installment buying is highly desirable, but it should be of a type that encourages the purchaser to keep his head above the water. When a customer drowns, he is no longer a customer.

Labor Leaders Who Are Not Anti-Red Taking Beating

By MAX HALL, For JAMES MARLOW
WASHINGTON—Local unions whose officers haven't filed non-Communist oaths are taking beatings.

The full extent of their shaky position under the Taft-Hartley Act is now clear as another Labor Day rolls around.

The national Labor Relations Board NLRB has explored and interpreted the non-Communist affidavit provision far more thoroughly than any other part of the Taft-Hartley Law.

During the last 12 months the board has issued a stream of rulings on the subject, including two important ones last week.

The result of the law and the rulings is that non-qualifying unions are being crowded out of an increasing number of moves by other unions and by employers. They are wide-open to hostile acts. And there are very few moves they can make to defend themselves.

A local of the CIO Farm Equipment Workers Union recently lost its right to represent the employes in the huge Caterpillar Tractor Plant at Peoria, Ill. The CIO United Auto Workers won the assignment.

Last week the auto workers won a similar victory over the CIO United Electrical Workers in the Royal Typewriter plant at Hartford, Conn.

Last week also the AFL Retail Clerks Union gained important ground in its drive to replace non-qualifying locals of the CIO Retail and Wholesale Employees Union in the New York City retail field.

Here is the background of the situation: The Taft-Hartley Act says in effect that the NLRB shall ignore all petitions filed by a union unless the union has filed certain documents with the government.

The best-known of these documents are affidavits, signed by the union's officers, swearing they aren't Communists and do not believe in overthrowing the government by illegal means.

For a local union to qualify for NLRB help, these affidavits must be signed not only by its own officers, but also by the officers of the national union with which it is affiliated.

The great majority of AFL, CIO and independent unions have qualified.

The main holdouts are John L. Lewis's United Mine Workers, Philip Murray's steelworkers, and about a dozen left-wing CIO unions, the largest of which is the United Electrical Workers.

A non-qualifying local union may get along all right so long as the employer finds it to his advantage to continue dealing with it, or so long as no rival union appears in the plant.

But if there is another union which the employer would prefer to deal with, the plight of the non-qualifying union may become desperate.

One of the main functions of the NLRB is to conduct plant elections to determine whether the employes shall be represented by a union, and if so, by what union.

A non-qualifying union can't ask for such an election but other unions can, and so can the employer.

History Repeats Itself And So Do Old Political Gags

By HANK LADD, For JACK O'BRIAN
History repeats itself, and so do political jokes. Neither party has a plank in its platform calling for new gags. The jokes that were good enough to elect Washington, Jefferson, Lincoln and Roosevelt will have to be funny enough to elect Dewey, Truman, or any of the minor league candidates.

Scholars may tell you why the stories that made our great-grandfathers laugh get the same howls today. Mine is not to reason—merely to repeat the gags. One of the oldest jokes, and certainly one that should be outlawed by any self-respecting Congress, is: "I read where the Republicans are going to sweep the country." Reply: "I don't care who does it, just as long as it's clean." To avoid this joke,

you'll have to be sitting out the election in Outer Mongolia.

One heard every 15 minutes in the 1944 campaign, went: "I'm for Dewey for President." "Why?" "Because he did okay for us at Manila!" The leader of Tammany is supposed to have been fired for repeating it when Dewey first ran for Governor. He got no more sympathy than he deserved.

When the voters were shouting for "Tippecanoe and Tyler, too" in 1840, a wit first said: "A politician is a man who stands for what he thinks the people will fall for." The wits with memories have been saying it ever since.

When Roosevelt—Teddy, that is—organized the Bull Moose party several decades ago, a humorist—who probably did not even register—said about it: "A third party is as unpopular in politics as it is in love!"

In 1828, scarcely a voter then alive hadn't heard the song, "For Jackson he was wide awake and was not scared of trifles." That same year there was also the first recorded instance that a philosopher said: "Politics is the art of obtaining money from the rich and votes from the poor on the pretext of protecting each from the other."

We're waiting for the first comedian who claims he heard two Wallace rotters discussing the weather. "Nice weather we're having." "Yes, but the rich are having it, too."

They told it when they sang, "Lord, how the Federalists will stare, at Jefferson's and Adams' chair"—the grand-daddy of them all: "I see where Dewey has his eye on the President's chair." "Yes, but look what Truman has in it."

Me? I'm campaigning for the hard cider and coon skin candidate on the grounds that no one will remember him! (General William H. Harrison).

Truman's Old Probe Group To Dump A Noisy Expose Right In His Lap

By ROBERT S. ALLEN For DREW PEARSON

WASHINGTON — President Truman's old Senate Investigating Committee will unlimber a noisy expose right in his own lap.

The committee has evidence that Maj. Gen. Harry H. Vaughan, hefty White House military aide, exerted personal pressure to obtain valuable export licenses.

Also involved in the case are a Crescent Trading Company, Luis Periera, Domingoes Kailly, and Col. Hubert Julian, an ex-Army officer. They will appear as witnesses when Sen. Homer Ferguson, R. Mich., chairman of the committee, holds public hearings "at an opportune moment" during the Presidential campaign.

The sensation is being carefully timed for the most potent political effect.

The committee has been probing export license handling for months. One explosion has already been scored in the William Remington case. Involved in the Russian "spy" charges, he was disclosed to have been until recently a key official in the Commerce Department's office of export licenses.

This is the evidence the committee has concerning Vaughan: On May 17, 1948, he wrote a letter, on White House stationery, asking the OIT to give the Crescent Trading Company a license to export flour. This company has been under scrutiny for a long time for buying export licenses from other concerns. This is a prohibited practice.

According to testimony in the hands of the committee, Vaughan, at the time he wrote his letter, had never met the applicant nor the company. Nevertheless, the Crescent Company's financial responsibility.

Col. Julian told the committee that he obtained this letter from Vaughan.

Domingoes Kailly informed the committee that he met Julian through an "acquaintance," and that Julian boasted he had influence in Washington and could obtain the export license Kailly wanted for the Crescent Company. Julian's letter accompanied the Crescent application to OIT.

Julian also told the committee some other things. One was that he and two other men were seeking Vaughan's "influence" in connection with a "cigarette deal" in Germany. This affair involved 100,000 cases of so-called "over-aged" cigarettes.

NOTE — The committee also plans to air numerous cases of looseness, and possibly worse, in OIT administration. In one instance, a ship was allowed to re-export to licensed cargo four days after sailing and when it was impossible to check the actual goods. In a number of other instances banned goods were allowed to be shipped to Russia and its satellite countries.

Among these shipments was a considerable quantity of streptomycin. Also, geophane cable, vital in petroleum geological surveys. This case is particularly odorous as, according to committee evidence, no export license was ever actually issued.

WARY

A newsmen was strongly pressing Maine's Senator Owen Brewster for an exclusive statement. But he refused to give out. "Young man," he said, "You

are asking for something that would put me in an embarrassing position. You remind me of the youth who asked Socrates for advice on getting married. Socrates refused on this ground, 'whatever I tell you to do, you will regret and hold it against me.'

THIRD PARTY

West Virginia Democrats are charging an attempted \$100,000 deal between the GOP and the Wallaces.

According to the accusation, lieutenants of Sen. Chapman Revercomb offered the money to Wallace managers if they would put a candidate into the close race between Revercomb and former Sen. Matt Neely, the Democratic nominee. That would have made a three-cornered fight, with the advantage, presumably, in Revercomb's favor.

However, the Wallacites refused.

Revercomb's chances against Neely are very doubtful. "The Democratic registration in West Virginia this year topped that of 1946 by a big margin. Also, some of Revercomb's former backers are giving him the cold shoulder because of his authorship of the Displaced Persons Act, denounced by President Truman as "antisemitic and anti-Catholic."

The local Dewey leaders are particularly sore at Revercomb on this issue because of his refusal to permit the law to be revised at the special session, as urged by Dewey.

BECK VICTORY

Dave Beck, tough, aggressive Seattle labor mogul, has emerged as top man in the powerful AFL Teamsters Union.

He won his resounding victory in a showdown with Dan Tobin, 72-year-old national Teamsters president, at an executive board meeting in Chicago last week. Tobin still retains his \$25,000-a-year job, but Beck is the real ruler of the million-member union.

A week previous, Tobin had angrily rapped Beck's ambitious knuckles in the Teamsters' official paper. In this caustic blast, Tobin said served notice that he had the power to fire Beck any time as "executive vice president."

The two men had been warring behind-the-scenes for months over Beck's turbulent union-raiding and empire-building on the West Coast. The Washington State Federation of Labor and other organizations had publicly assailed these tactics. Also, Beck was making no secret of his enthusiasm for the Dewey-Warren ticket. Tobin is a life-long Democrat.

In the secret executive board meeting, Beck forced Tobin to back down completely.

As a result, the board gave Beck a clean bill of health on his West Coast operations, and announced the Teamsters would take no stand on the Presidential race. It was a shutout triumph for Beck.

He lost no time in demonstrating his supremacy—and his intentions.

Several days later, Lester Hunt, long-time Teamster editor and close Tobin adviser, quit. And other key Tobin lieutenants were tipped that the same axe is being sharpened for them. Beck is now in the saddle and it's the beginning of the end for old Dan Tobin.

Film Credit Necessary Evil Before Each Epic

HOLLYWOOD — Do you know who C. Bakaleinikoff, Farciot Edouart, Van Nest Polglase and O. O. Dull are?

What do Riskin, Briskin and Schmisikin do?

At the most, these are but half-remembered names to the average movie goer. They are the behind-the-scenes workers whose duties are proclaimed at the beginning of every picture.

Fans have long rebelled against film credits. Who, they argue, but relatives and co-workers would be interested in knowing who did the art direction of a film? Despite the pleas, film credits are here to stay. Maybe they would be more tolerable if they were understood.

Original story—This guy sweated over a hot swimming pool to turn out a story idea which, the studio might buy.

Adaptation—He took the original (or book or play) and whipped it into shape for a movie.

Screen play—He polishes up the story and puts it into script form. By this time the original writer, probably wouldn't recognize his brain child.

Photography—He seldom touches the camera leaving that chore to lesser paid minions. He supervises the camera angle and sees that the set has enough light.

Musical score—He composes the background music.

Musical conductor—The baton wielder.

Art Director—He's the architect of the picture; he plans

Set decorator—He supplies the props.

Editor—A vastly important man. He takes the celluloid and prunes it into the finished product.

Continued Enthusiasm Is What Club Officer Needs

With the beginning of a new club year, a number of persons are starting to work in new roles, either as an officer or as a different officer.

In order to efficiently serve as an officer, the person must learn the duties of the office and what is expected of him in that office.

For the president, there are the rules to learn in presiding and how to handle situations that arise, (especially when the women begin talking too much and all at once) and what should be taken up in the business session, and in what order.

The vice-president in most club by-laws has the program or membership Chairmanship also. The program chairmanship includes a number of pre-season working hours on the program for the year's work and the schedule of meetings. As vice-president, she has duties only in the absence of the president.

A recording secretary takes notes at the meetings and makes a record of proceedings to read at the next meeting so that the club members will know in the shortest possible time, what happened at the last meeting. After the short review,

they are ready to discuss the business in proper order without overlooking a topic.

The corresponding secretary takes care of the correspondence to the club and answers all official letters.

The treasurer collects the money from the club members and attends to all financial problems of the club.

These duties are the conventional ones for the club officers and are recognized as their duties; but the manner of carrying out the duties is a different matter.

Every person is expected to do the duties in his own manner, but the hard task is to begin the work and continue it through the year in the same enthusiastic way. Some persons are so eager to get an office and they plan to do so much with it; but as the year begins, they have something else to do and are weeks late; they continue late through the year. As the work gets harder and there is more of it, they become less interested and are apt to let it go altogether.

Club work can be enjoyable and will be, no doubt, if the officers and members work together from the beginning of the year.—BITLIE BURRELL

China Starts Her Economic House Cleaning With Vigor

By DEWITT MACKENZIE
China has started her economic and monetary house-cleaning with a vigor which is calculated to support the advance notices that this is the biggest sweeping of dark corners the country ever has known.

They've actually started sending members of the greatly privileged families to prison for violation of the new regulations. But it isn't only the "malefactors of great wealth" who are catching it, for two government officials already have been sentenced to death for infraction of the regulations, and another is cooling his heels in jail pending further action. Three rice merchants in Manchuria have been shot.

Of course these developments may be merely an exemplification of the old adage that a new broom sweeps clean. However, it's making the dust fly now, and the Chinese say this is really a serious house-cleaning—the result of long consideration and planning by the government.

Indications are the Nanking government, headed by Generalissimo Chiang Kai-Shek, has decided that solution of China's economic crisis can't wait on the outcome of the war against the Communist rebels. The civil strife is decidedly a long-term affair and moreover it is international.

So the government, which has been charged by some with shielding the rich, is cracking down on the profiteers, high and low, who have played a great part in bringing the country to its present sorry straits. The program has three main objectives: To hold the price line, which has been frozen at the Aug. 19' level in

connection with the monetary change to the new "gold yuan" to kill all forms of hoarding and speculation; to build up popular confidence in the new currency.

Governors, mayors and other responsible officials throughout the country have been ordered to carry out their new instructions. Naturally the area most greatly affected is the Shanghai-Nanking zone which is the center of big business, and the government is devoting special attention to operations there.

An interesting aspect of the situation is that the generalissimo's son, Major General Chiang Ching-Kuo, has been placed in charge of the government's economic forces in Shanghai. And it is General Chiang who is doing the lightning in that all-important business center by cracking down on the big-money interests. The question naturally arises whether he can get away with it, despite his government backing and the fact that he is the son of China's top man. We shall see in due course.

The general seems to have his nerve with him because he himself announced the jailing of Tu Wei Ping, son of a Shanghai banker and industrialist, on a charge of using advance knowledge of the economic reform to dump stocks on the exchange for profit. Police connected this case with that of a secretary in the finance ministry at Nanking and he has been arrested.

This economic drive doesn't mean that the campaign against the Chinese Communist rebels has been halted. The military wheels continue to turn, though slowly. As a matter of fact it is said that the military situation hasn't changed greatly in the past three months.

Evacuation Of Korea Will Throw It Into Soviet Orbit

WASHINGTON—The early evacuation of the American zone of Korea was quietly voted by the National Security Council about a month ago. The more honest State and Defense Department policy makers frankly admit that the decision's ultimate effect will be to throw all of Korea into the expanding Soviet Empire. Under the circumstances, this remarkable decision, taken without any public discussion of the grave issues involved and only now disclosed, deserves rather careful study.

Superficially, the decision is in order. Under the U. N. settlement, the United States and the Soviet Union are to withdraw their troops from their Korean zones within ninety days of the establishment of working governments in each zone. But in fact, both the recent decision of the National Security Council, and the American management of the Korean problem in the U. N., were the result of a debate among the strategists and planners over whether Korea was worth holding at all.

The conclusion that Korea was not worth holding was reached on three grounds. The occupation costs in the American zone of Korea amount to between \$200 and \$300 million a year. The Army can ill-afford the 24,000 troops now on garrison duty in Korea. And from the standpoint of straight military strategy, Okinawa and the Japanese islands are positions of equal, if not greater value.

These are practical considerations of high importance. They are not very frankly admitted, however. A good many of the responsible policy makers even speciously argue that perhaps the South Korea regime of Dr. Syngman Rhee will be able to maintain its independence after all. Certain measures to this end are being taken. Before the final evacuation, for example, the American garrison will recruit and train a South Korean constabulary of 40,000 men or more. When the American garrison departs, it will leave its arms behind. And the South Koreans may perhaps be assisted by an American military mission.

But the facts show that these measures are mere gestures, which one suspects are primarily designed to save face. The South Korean government is relatively feeble and troubled by a serious problem of Communist infiltration. In north Korea the Soviets have set up an efficient puppet regime. This regime has at its disposal no mere constabulary, but a full dress army variously estimated to sum-

ber from 60,000 to 250,000 men. The best guess is that the north Korean forces actually total 125,000.

Furthermore, as the expense of our occupation indicates, south Korea is not economically self-sustaining. The south Koreans cannot hope to feed themselves. With the exception of one small power plant, their entire power supply comes from north Korea. Obviously no government can sustain itself against a strong rival government which controls the main food resources, owns the power plants, and possesses three times more military force. After the American evacuation, the Kremlin can take South Korea if and when it chooses, without moving a single Russian soldier.

Some 20,000 GI's Fight Mock War In Rough German Terrain

GRAFENWOEHR, Germany, Sept. 7. (AP)—Some 20,000 American soldiers rolled out of their tents at dawn today and deployed through rough mountain terrain in the biggest mock battle since the real thing ended. Thousands of jeeps, weapon carriers and tanks roiled from this reservation soon after sunup on the first maneuver on a grand scale ever planned by American armed forces in Germany. While the generals insisted there was no political significance, some cognizance of the tense world situation was taken. For example, the Army for the first time discarded the time worn system of calling two teams in any maneuver the "Reds" and "Blues."

In the exercise, to last two weeks, it was decided to have an "Aggressor Force" and a defender to be known as "U. S. Armed Forces." This was done, it was explained, so that the people would not think the "Reds" meant Soviet Russia. In the "Aggressor" force was the U. S. constabulary-police force of occupied Germany—plus about two dozen fighters, bombers and some tanks. The "defenders" were essential parts of the only division the U. S. has in Europe—the first infantry. Every gun was loaded with blank ammunition. By Thursday morning, after a day and a half of tactical tricks, it should be established by special umpires whether the aggressor has punched a good hole or the defender has beaten off the attack. Actually, the aim of the whole job is to show whether the first division can function as a unit. The problem being simulated is simply this: Can a division hold back an attacker all the way from the Hills of Franconia in a delaying fight to such a bulwark as the Rhine River?

The division involved in the phony fight is the same First Infantry that chewed through North Germany. Instead of the stubble-bearded veterans of those days, however, now there are pink-cheeked 18-year-olds in the front lines. Overseeing the whole job is Lt. Gen. Clarence E. Huebner, armored warfare expert, who ranks second to Gen. Lucius D. Clay, American military governor, in Germany. Tied in with the whole maneuver is a British battalion of 1,000 paratroopers, none of whom ever made a jump in action. They came from Palestine eager to jump, but the chances are they will be deprived of that opportunity in this exercise. It is purely a ground forces test.

Arab Killed Dying Night Of Shooting
AMMAN, Trans-Jordan, Sept. 7. (AP)—An Arab legion communique said today a legionnaire was killed and two Arab irregulars wounded in fighting in Jerusalem during the night. The communique said the Jews laid down a curtain of mortar fire on Arab posts at several points, including Mount Zion and the Jaffa Gate. "The enemy attempted to infiltrate Arab lines at Wadi Rababi but was repulsed after a 90-minute attempt during which the enemy mortared and machinegunned our positions heavily," the communique said.

Chinese General Dies In Ship Fire
MOSCOW, Sept. 7. (AP)—The death of Gen. Feng Yu-Hsiang, 87, China's "Christian general" in a fire aboard a Russian ship, was announced in the Moscow press Sunday. The chunky ex-war lord and a daughter were among the victims of a fire aboard the Russian Motorship Pobeda en route from New York to Odessa. The newspapers Pravda and Izvestia said the fire resulted from careless handling of motion picture film. Feng was understood to be on his way to North China to meet with communist and non-communist enemies of the Chiang Kai-Shek government. He broke with Chiang while in the United States last year. The government ordered him back from the U. S. after he had criticized the administration bitterly. He refused to go. When he left New York he said he planned "to help overthrow" the Chinese government.

Retonga Greatest Event Of His Life Declares Texas Man

Could Hardly Bear Aches And Pains In Muscles And Hips, Also Suffered Tortures From Bloating And Constipation. Feels Fine Now And Hails Retonga

MR. R. H. ELY

"I felt better the very first day that I started taking Retonga," gratefully states Mr. Robert H. Ely, widely known resident of 2806 Runnels St., Fort Worth, Texas. "I suffered torment from aches and pains in my muscles and hips," continues Mr. Ely. "In fact, if reached the point where I could hardly get along, even with the aid of crutches. I dreaded for night to come, for I knew that I would be lucky if I got just a few cat-naps. After nearly every meal I would have that full, bloated feeling in my stomach. I had to use strong laxatives continually and I lost so much weight I was beginning to look like a skeleton. The relief Retonga brought me was one of the greatest events of my life. Within a short while the aches and pains let up and I began to go as I pleased. I sleep good, eat heartily without bad after effects, no longer use strong laxatives, and I have regained 15 pounds. My friends all ask me what I have been doing to look so much better and only one word gives them the answer — Retonga."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at all good drug stores, including Collins Brothers Drug Stores. (Adv.)

SLAY NEW ORLEANS DETECTIVE Pair Of Armed Gunmen Being Hunted In Louisiana Woods

NEW ORLEANS, Sept. 7. (AP)—Two armed gunmen are being hunted in the Louisiana backwoods below Baton Rouge today for the slaying of a New Orleans detective and subsequent kidnaping of an

assistant chief of detectives from police headquarters. The two men are Dale Simpson, 26, of Salt Lake City, Utah, identified by police as the killer of Detective Nicholas Jacob, and H. E. Miller, 23, a native of Monticello, Miss.

Kidnaped was Assistant Chief of Detectives John J. Jackson, 63. He was released, uninjured, at Hobart, La., shortly after 7 o'clock last night. Jacobs was slain yesterday morning as he, Detective Joseph Tardo, Miller and Simpson were returning from Gulfport, Miss., where they had arrested Miller on a theft charge sworn out by Simpson. The complaint said Miller had taken \$450 in cash and a pistol from Simpson while they were roommates at a downtown New Orleans hotel last week.

Tardo said the pistol, with which Jacob was later shot in the neck, was returned to Simpson just before the quartet started on the 90 mile trip back to New Orleans. The surviving officer said Jacob was shot as they neared the outskirts of town and that as he twisted in the driver's seat he saw the pistol in Simpson's hand. He said he does not know what made Simpson turn on them. After being forced to drive to a lonely road where Jacob's body

was thrown into a cluster of bushes, Tardo managed to escape from the car. The two gunmen, meanwhile, had thumbed a ride on Highway 90 into New Orleans with Thomas Stayton, a New Orleans truck driver. Stayton, ordered at gun point to drive to Baton Rouge, suddenly swerved into the police exit as they passed headquarters. He leaped from the car as Miller and Simpson fired at him but he found refuge behind a group of palm trees.

Simpson and Miller then leaped into Jackson's car, in which the officer was just leaving headquarters for lunch, and ordered him to drive off. The problem being simulated is simply this: Can a division hold

Byrnes Declares Russia Greatest Danger To Peace

SEATTLE, Sept. 7. (AP)—James F. Byrnes told the lawyers of America last night the "greatest danger in the world today is the danger of continued aggression on the part of the Soviet Union." The former secretary of state, addressing the American Bar Association convention, accused Russia of "violating nearly all" the agreements concerning Eastern Europe. But, he told delegates, "as long as men confer with their problems, even if their language is profane, there is always hope of agreement." He said America was united in its opposition to aggression, but "it does not help us to move towards a more peaceful world to speak or act in terms that might give out the false impression that we are only concerned with an all-out power struggle with Soviet Russia."

Nevada Election On The Dull Side

RENO, Nev., Sept. 7. (AP)—In the lone contest with out-of-state significance, Nevada Democrats today nominate a candidate for the state's single seat in the U. S. House of Representatives. The candidates were City Councilman Walter Baring of Reno and Simon W. Conwell, a rawhide miner who several times has sought state office unsuccessfully. The Republican incumbent, Walter Russell, was not opposed for renomination in today's state primaries. Neither Nevada senator faces reelection this year. They are Democrat P. A. McCarran and Republican George W. Malone. State officers hold over until 1950.

Communists Explain Absence From Fete

AMSTERDAM, The Netherlands, Sept. 7. (AP)—The Dutch Communist Party explained today why four Communist members of parliament were absent from Queen Juliana's formal investiture yesterday. They were ill, abroad, or on vacation, the announcement said. The party said the absence of the four Communist deputies should not be viewed as a demonstration. Juliana took the formal oath as queen before the parliament yesterday, succeeding her mother, Wilhelmina, who abdicated Saturday because she is weary. Wilhelmina is 68, Juliana, 39.

HOW TO INCREASE BILE FLOW

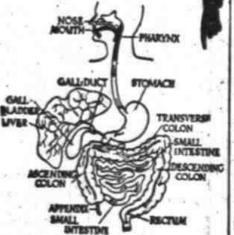

But when the bile stops flowing freely how can we help Nature speed it up? The answer is: TAKE CALOTABS AT BEDTIME AND DRINK WATER FREELY THE NEXT DAY. The beneficial effects of Calotabs lie in the fact that they are (1) laxative, (2) antispasmodic, (3) diuretic, (4) effective in relieving symptoms due to constipation and sluggish bile flow. These improved natural compound tablets make enemas a thing of the past. They are sugar-coated, palatable, prompt and effective. It is not necessary to follow them with salts. Try them and see. Follow directions on label. At your drugstore.

"Bloom" your bowels and press so hard on the kidneys that it gives you pain in the small of your back over your kidneys makes you think you have kidney trouble; at night the gas in your bowels may press upon your bladder making you get on frequently thus breaking into your sleep. In the morning you are tired instead of refreshed. Gradually your health is impaired. Your constipation may become slow or bilious; dark rings may appear under your eyes, you may feel lousy, stiff and irritable or bloated and melancholic. You may have frequent colds (cystitis) or dull head-ache; your bowels stop their free full and natural action; you have constipation, gas, outrefaction and self-poisoning or "intestinal toxemia," as many doctors call it. This group of symptoms is referred to in the South as "Tropical Liver" but apparently a better expression would be Tropical Bile Flow.

NATURE'S DANGER SIGNALS
When the bile becomes stagnant in your gall-bladder and is dammed back into your liver instead of flowing freely into your bowels, you sooner or later begin to feel some of the following symptoms:

World Federal Group Meets

LUXEMBOURG, Luxembourg, Sept. 7. (AP)—The second Congress of the World Federal Government movement opened here Sunday. It was attended by 250 delegates from 18 countries.

The world federalists want their own governments to give up part of their sovereignty to a universal government.

No delegates were present from Russia, Eastern Europe, Spain or Latin America. Nations represented included the United States, Britain, France, Belgium, the Netherlands, Luxembourg, Italy, Western Germany, Denmark, Norway, Sweden, Turkey, Japan, India, Pakistan, and the Philippines.

The congress plans to discuss organization of a world economic council and a world legal council composed of experts on international law.

A policy committee to recommend transformation of the United Nations charter to embrace federalist ideas will be named by the congress.

Thomas Griesemer of New York, secretary general of the movement, said the UN should be able to enforce laws directly upon member countries in the best interests of the world as a whole.

He urged that each country should have representation according to its size and importance.

Roden Wins Second Straight Invitational Golf Title, 5-4

LOOKING 'EM OVER

With TOMMY HART

Ability of the Big Spring baseball Broncs to win in their own park put them over the hump in the Longhorn league wars but their record on the road has not been as bad as some fans have imagined.

In 69 home starts this year — one contest was rained out — the Steeds won 33 decisions while losing only 15. Another was tied and never made up.

Away from home, the Big Springers have succeeded in winning 26 times in 67 games through Sunday. A rained-out tilt with Ballinger was never made up. The Cayuses proved that a ball club does not have to play 500 ball on the road to win the championship.

Vernon was the Steeds favorite victim at home. The Dusters succeeded in winning only one decision in the local park from our boys Ballinger and San Angelo enjoyed the most success here. Each won three times in ten games.

Del Rio, Odessa, Midland and Sweetwater each escaped with two wins here. The resident club best defeated Midland on seven occasions here, the same record they boasted against Odessa, and won eight times against Sweetwater.

RAMSDALL PUTS JACK ROBINSON TO TEST
Camille Patterson, wife of the former Bronc pitcher, Lloyd (Pat) Patterson, who with her husband sat in on the Hoss-Vernon contest Sunday, repeats this story Manager Bobby Bragan of the Fort Worth Cats tells about his ace pitcher and problem child, Willard (Pop) Ramsdell, once of Our Town.

Bragan was catching Ramsdell one afternoon at the time both were with Brooklyn. Willie was in a jam, with runners on first and third when the opposition pulled a squeeze play, the batter bunting in front of the plate. Ramsdell picked up the ball and straightened up to throw to Bragan. The runner was in safety. He wheeled to throw to first base. The runner had beat out the throw. Finally, Ramsdell turned and rolled the ball to Jackie Robinson at second base.

That brought Leo Durocher, then the Bums' skipper charging out of the dugout to the hill.

"What in the name of Allah did you do that for, Ramsdell?" roared The Lip.

"Well, you're always talking about what a fast thinking boy Robinson is," Willie retorted, "I just wanted to see what he would do in a situation like that."

BAEZ SWUNG FROM LEFT BECAUSE OF AILING LEG
Bert Baez, the Broncs' utility man, has been hitting from the left side recently because there is less strain on his game leg. Baez re-injured his underpinning while playing second base about ten days ago.

Bertie drew Eddie Jacobs from the first base side of the dish Sunday and faced a base on balls.

MOON'S BEST SHOTS WEREN'T GOOD ENOUGH
Jimmy Moon, the local linkman, ran into a tarter in young Ross Mitchell of Lubbock in his first round match in the recent Big Spring Invitational Golf tournament.

Jimmy shot even par over the first four holes and was four down to Mitchell. Moon rallied but ultimately lost, 1 up.

O'DOWDY TO STOP SHOWS DURING SUMMER IN 1949
Pat O'Dowdy, the local grapple promoter, doesn't intend to run his summer shows here in 1949. He says he'll call a halt here in the spring and resume in the fall.

O'Dowdy does very well during the winter months but doesn't feel he can compete with professional baseball during the hot weather.

Stasey Takes Batting Title With .389 Mark
Closing out his regular season play by punishing the ball at the same clip that kept him in the thick of the fight all season, Pat Stasey, the "unflusterable" Irishman who has piloted the Big Spring Broncs to their second full-season championship, became the Longhorn league's 1948 batting champion Monday night.

Based on unofficial averages through Monday night's games compiled by the Herald, Stasey finished with a .389 mark. Although Labor Day performances of his two nearest challengers, Stu Williams of Ballinger and George Caloia of Del Rio, had not been learned this morning, the Cayuse straw boss apparently had outdistanced the field by at least some 10 or 15 points.

In gaining the honor, Stasey appeared in the lineup for 111 games, made 404 official trips to the plate and rapped out 157 safe blows. His doubles, five triples and nine home runs, accounting for 247 total bases. In addition he drove in 102 runs and scored an even 100 himself.

Stasey overcame several obstacles to win the crown. For one thing he had plenty to keep himself occupied in guiding the Broncs

through stiff competition to finish four games ahead of the field in final league standings. Then he suffered a leg injury that kept him out of the lineup for more than three weeks during mid-season, with the exception of a few appearances as a pinch hitter.

After returning to his regular post in right field, however, he sharpened his batting eye in short order. He collected a double and two singles in four trips in the first game of the holiday twin bill at Midland Monday night and then watched the second battle from the dug out.

Stasey narrowly missed the league batting title a year ago when he wound up with a .419 average, which was second only to the .429 compiled by Jim Prince of Midland, minor league batting champion of last year.

Bill (Red) Roden, the easy-going carrot-top who divides time between here and Odessa, achieved his second Big Spring Invitational Golf tournament title in two years Monday at the country club by subduing durable Billy Maxwell of Big Spring in the 36-hole finals, 5 and 4.

The one-time University of Texas linkman, who flew in from Memphis and the National Amateur tournament the day before the 18th annual Big Spring show opened last week, showed a remarkable ability to come back after he was three down at one point.

The powerfully built Maxwell went one up on the 48-yard par five first hole with a birdie and made the turn with that same advantage after a swap-out with his opponent.

It was still that way when they quit for lunch at the 18th. Maxwell had taken 10 and 11 with well played birds only to lose 16 and 18 with bogies.

Roden began to straighten out his tee shots when they resumed play and finally caught Maxwell on the 360-yard par four 23rd hole with a birdie. Red outdrew his opponent about 18 yards on that one. A pitch shot sent him a few feet past the cup and he calmly ran down the putt to square the match. Maxwell's second shot was 20 feet away and he putted to within 12 inches of the cup.

They halved the 24th with pars but Maxwell ran into trouble and too much Roden on the 25th. Red's tee shot carried 315 yards. Maxwell's best tee blast was 15 paces shorter. He elected to bring his club into play again and drove the clear past the green out of bounds, which cost him a stroke. Roden chipped in safely and rimmed the cup for a four as Maxwell came within three feet of the hole with a shot that would have enabled him to halve.

This development seemed to inspire Roden. He was on the green of the short 26th, missed a long putt uphill but went two up when Maxwell's second shot came to rest in the frog hair and he needed two putts to get in.

They settled for par fours on the 27th and 28th although Roden had to sink a long one from the side on the latter one after his pitch shot curled up and died.

Roden went three up on 29 with a birdie and it became most obvious that time was running out on Mr. M. He lost the 30th to a par to fall four holes off the pace and his hopes crashed about his ears when he yielded to a "gimme" 31 on the 31st to go five down. Roden was already six strokes below regulation figures for the afternoon and wasn't through yet.

The bitter end came for Maxwell on the 360-yard 32nd when Roden was long off the tee, pitched to within about four feet of the pin and ran it down for a brilliant birdie.

Roden, the medalist with a 68, won the driving contest Saturday with a 308-yard blast.

J. R. Farmer of Big Spring won the championship consolation with a victory over Bob Craig of Colorado City.

Darley Hohertz of Big Spring copped the putting contest staged Saturday, finishing ahead of Harold Davis, the runnerup, Roan Pueti and Jimmy Moon.

A special prize went to A. G. Barnard, Sr., Lamesa, who has competed in the local tournament 17 straight years.

Hogan Is First In Reno Open

By the Associated Press
RENO, Nev., Sept. 7. (AP)—Ben Hogan, who has been winning golf tournaments with almost monotonous regularity, added the \$25,000 Reno Open today to his list of notable achievements for the year.

He wrapped up the lucrative event yesterday with a score of 269, nineteen under par for 72 holes. The victory was worth \$3,500 first prize money, plus additional cash for leading the first and third rounds as well as being the P.G.A. champion.

The straight-shooter from Hershey, Pa., paid his caddy, George Speer of Oakland, \$100 for seven days of bag totting.

Hogan, who also is the National and Western Open title holder, has won eight of the last nine tournaments in which he competed.

Thus far this year he collected a total of \$31,347 in tournament winnings.

The silver-haired Dodger pilot, home from an ill-fated one-day trip to Boston, knows how what Southworth meant. He received a first hand illustration yesterday as Billy's league leading Brays drubbed Brooklyn in a Labor Day double header, 2-1 and 4-0.

The Dodgers had journeyed to Boston with the express purpose of disproving Southworth's statement. A sweep of the twin bill would have posted the Brooks into first place behind the Braves.

The St. Louis Cardinals, only two and a half games off the pace before yesterday's games, were handed a staggering double defeat by the Pittsburgh Pirates, 2-1, and 4-1, to fall into fourth place, four and a half games behind. The Pirates advanced a notch to third place, two percentage points in front of St. Louis, and three behind Brooklyn.

The fifth place New York Giants retained an outside chance by sweeping a double header from the Phillies in Philadelphia, 4-3 and 3-0. They trail by six and a half games, but only four on the losing side of the ledger.

Climaxing a great day for Boston, the American League leading Red Sox boosted their first place margin over the New York Yankees to a game and a half, sweeping both games from the Senators in Washington, 14-5 and 2-1. The Yankees lost a full game when they were held to a split by the Philadelphia Athletics, 4-3 and 3-0. They trail by six and a half games, but only four on the losing side of the ledger.

The top ten with points in parentheses:
1. Port Arthur (140).
2. Kerrville (128).
3. Odessa (122).

10. Lubbock (36).

The second ten: Brackenridge of San Antonio, Gladewater, Woodrow Wilson of Dallas, Austin, Corpus Christi, Temple, Arlington Heights of Fort Worth, Galveston, Polytechnic of Fort Worth and Breckenridge.

Other teams receiving votes: Thomas-Jefferson of San Antonio, Henderson, Abilene, Sweetwater, San Angelo, Eurbank of San Antonio, Lamar of Houston, McAllen, Corsicana, Longview, Kilgore and Texarkana.

Bronchos Third In Grid Poll
DALLAS, Sept. 7. (AP)—Port Arthur ranks highest with Texas writers on the even of the school-boy football season.

The Dallas Morning News' first poll of sports writers showed Port Arthur on top by a comfortable margin, with Kerrville second.

Class AA schools dominated the poll of 20 sports writers. Not a single big-city school was included in the first ten and only four in the first 20.

Each writer voting in the poll listed his choice for the top ten teams. A first place vote is worth 10 points, second place 9, third place 8, etc.

ACE MENDEZ HOMERS

Cayuses, Midland Split Pair As Campaign Ends

MIDLAND, Sept. 7.—Big Spring and Midland split a Longhorn baseball league double header here Monday night, the Broncs charging from behind to win the five-inning second contest, 11-5, after the home club had copped the opener, 7-3.

The afterpiece was called after five innings because of the league curfew.

Will Roca registered his fourth mound win against no losses in the short one, a contest that was all Midland until Ace Mendez powered his 10th home run of the year in the fifth with two mates aboard. The Hosses then proceeded to send eight runners across the dish.

Bert Baez hurled creditable ball for Big Spring in the opener, but was the victim of some loose fielding on the part of his mates. He was succeeded by Julio Ramos in a fourth inning that saw the Tribe tally five times.

Pat Stasey, who collected three hits in four expeditions in the first game, sat out the second one. Baez performed in right field.

Dick Guy was the Midland winner, although he had to be relieved in the seventh because of a spike wound. Guy set the Steeds down with six safeties.

The split enabled the Cayuses to end the season four games ahead of second place Odessa. It was their 12th victory in 19 starts against Midland.

The biggest crowd of the season watched the proceedings.

"NEW FEATURES"
Dodge has had for years!

- Call Front Springs
- Safety Steel Body
- Rockers Drive
- Aluminum Type Hydraulic Shock Absorbers
- Floating Power
- Fluid Drive
- Safety Rim Wheels
- Ride Stabilizer
- Clear Night Seats
- "Walk-Over" Body Mountings
- Hybrid Rear Axle
- "Easy-Lift" Truck Lid
- Lock-Down Hydraulic Brakes

There's a lot of talk today about this new feature or that. But down-to-earth engineering advances are a matter of record. And this record shows that many of today's so-called "new car features" have been part and parcel of Dodge over the years.

From the earliest Dodge Safety Steel Body to today's Dodge All-Fluid Drive, Dodge owners have enjoyed a succession of engineering "firsts". These features have made Dodge famous for comfort, economy and dependability.

You are cordially invited to come in... to check... to compare the scores of "new car features" that Dodge has had for years.

The CHIROPRACTOR-and You

This is One Of A Series of Articles Published in The Public Interest To Explain And Illustrate The Practice Of Chiropractic

STOMACH TROUBLE. All forms of stomach trouble can be named under two great divisions, namely, the organic and the neurotic. Organic disorders consist of those diseases which involve structural changes in the wall of the stomach. For example, ulcers of the stomach. Neurotic disorders are those conditions wherein the gastric juice is not normal in quality or in quantity.

There is often a confusing similarity between the symptoms of many forms of stomach trouble. A correct diagnosis is difficult to obtain. That is why one practitioner will often diagnose your case as one thing and another diagnose it as an entirely different condition. However, Chiropractic does not depend for its success upon a diagnosis of the case. The Chiropractor does not concern himself with whether the patient is suffering from gastritis, peptic ulcer or nervous dyspepsia.

THE CHIROPRACTOR KNOWS that something is wrong with the stomach; he knows that there are certain nerves supplying the stomach; and that these nerves branch out from the spine. He knows that these nerves must be

free to carry nerve energy from the brain to the stomach, and that the only point along the entire course of the nerves where the carrying capacity can be interfered with is where the nerves emit from the spinal column.

So what does the Chiropractor do? He analyzes the spine and where he finds a subluxation (a condition where the segments of the spine are not in proper alignment), he adjusts it with his hands, and because of this adjustment the pressure (or pinching) is removed from the nerves supplying the stomach. Now the nerves can carry their vital energy in normal quality and quantity to the stomach and under those conditions disease cannot exist.

PERMANENT RELIEF. The relief which follows Chiropractic adjustments for stomach trouble or any condition of abnormality is not a temporary one, but permanent, because the cause of the disorder has been removed, and without cause there absolutely can be no disease.

IF STRIKE CONTINUES West Coast's Gas Pumps May Run Dry

SAN FRANCISCO, Sept. 7. (AP)—A possible break in the West Coast oil strike hinged today on a reopened wage conference between the union and Shell Oil, one of the six major companies struck at midnight Friday.

An industry spokesman estimated, meantime: That if the strike continues, West Coast motorists may find filling station pumps dry by the middle of next week. He looked for Washington to impose some form of rationing, with emergency users given first call.

Sanderson Wins 13-7 Decision

SANDERSON, Sept. 7.—Sanderson's VFW baseball team made the most of three big innings to throttle the Big Spring Tigers, 13-7, here Sunday afternoon.

The Vets led from the first inning on, at which time they scored three runs.

Gus Fierro started on the hill for Big Spring but went to the show-ers in the third in the midst of a three run outburst and Isa Mendoza took over.

The Tigers had ten men stranded on the base paths. Seven Big Spring errors paved the way for the Sanderson victory.

Kohen Defeats Mobley At AC

Sammy Kohen, the New York City groaner, gave Rex Mobley of Borger a devil of a time in the main event of the BSAC's wrestling program Monday night, finally winning a three-fall decision.

Mobley matched Samuel in experience and weight but was shaded in aggressiveness.

In a fast opener, Bill (Ace) Abbott of Abilene went to his second straight draw here, wrestling George Curtis to a standoff in an hour's match.

Karl Gray was the referee.

Children Unaware Mother Is Held For Dad's Murder

PHILADELPHIA, Sept. 7. (AP)—Beverly Reeves, three, and her sister, Jeannette, one, were being cared for by their aunt today, not fully comprehending that their father is dead and their mother is held on a murder charge.

The mother, Mrs. Dorothy Elizabeth Reeves, 26, was held without bail yesterday on charges that she shot and killed her husband, Leslie, 29-year-old pharmacist mate attached to the Philadelphia Naval Hospital.

Mrs. Reeves police said, admitted in a signed statement she shot her husband when she saw him return home shortly after dawn Sunday with Mrs. Reeves' 13-year-old sister, Peggy Mills.

Mrs. Reeves told Detective Sgt. Samuel Ricciardi she killed her husband because she feared her sister had been assaulted by him. The sister in a statement said Reeves attempted to molest her as they toured city streets in his automobile for almost six hours after attending a movie.

Ricciardi said that while Mrs. Reeves' fear were unfounded, the Mills girl had been bruised on the legs and wrists in struggling with Reeves. She had removed her

BARREL TRIP IS FINANCIAL FLOP

NIAGARA FALLS, Ont. Sept. 7. (AP)—William (Red) Hill said last night his latest trip through Niagara river rapids in a barrel was a financial flop. He estimated he will net about \$500 for the 4 1/2 hour battering during the five-mile ride Sunday. He said the barrel alone cost him \$1,100.

DP's Will Begin Arriving 'n October

NEW YORK, Sept. 7. (AP)—The first of a quota of 205,000 DP's selected for admission to the United States from Europe will "certainly arrive in October," Ugo Carusi, chairman of the Displaced persons commission, says.

He made the statement yesterday as he left by plane for Frankfurt, Germany, to confer with officials who will screen applicants.

Carusi said three ships capable of carrying a total of 2,100 persons are scheduled to sail from Europe in October. Another, with facilities for 520 passengers, is listed tentatively to leave the same month, he said.

Congress has set the quota of 205,000 for the two years ending June 30, 1950.

FINE WAY TO GET WATCH FIXED

LEOMINSTER, Mass., Sept. 7. (AP)—Two months ago Simon Caisse, 71, reported the theft of a \$60 pocket watch—which wasn't working.

Someone returned it yesterday, putting it inside Caisse's rear screen door.

The watch now runs.

JAP NEWSPAPER PLEADS FOR QUIET

TOKYO, Sept. 7. (AP)—The English-Language Nippon Times stuck its editorial fingers in its ears today and told Tokyo's teeming millions: For gosh sakes, be quiet!

The newspaper recalled, somewhat wistfully, that Japanese once placed a high value on "restraint, chasteness, quietness, harmony, grace, subtlety and delicate sensitivity."

But now it's hoots, whistles, blatant loudspeakers, bells, horns, shouts. In short, bedlam.

shoes to use as weapons against his advances and was carrying them as she and Reeves returned home, Ricciardi said.

The children's grandparents, Mr. and Mrs. Robert H. Mills, are on their way to Philadelphia from their home in Nashville, Tenn., Ricciardi said.

Big AFL Union To Allow Members Own Voting Choice

INDIANAPOLIS, Sept. 7. (AP)—The million-plus members of the International Brotherhood of Teamsters may support their own choice of "friends of labor" in the November election.

The big AFL union, in the September issue of its magazine announced it has called off its plans

for a political action conference. The announcement, published under the name of International President Daniel J. Tobin, urged individual members to support "friends of labor, whether they be Democrats or Republicans." He asked them to support congressional candidates "who voted for labor and against the Taft-Hartley law—the most vicious of all labor laws."

Tobin suggested members "can contribute" to campaigns as individuals, but warned against such use of any union funds.
