## County Road Bond Election Saturday

### Saturday First of McLean's Bargain and Trades Days

#### Merchants Offer Many Big Bargains

#### Cooperative Bargain Day Saturday of This Week

Today will be the first of a special bargain and Trades Day for McLean. A number of merchants are coming to make the day a success. It is understood that others are interested, if the customers make the efforts in making prices for bargain day. The plan is for each merchant to make a real bargain, in many cases at cost, on staple items in an effort to widen our trade territory. All page advertisements appear in this issue of The News, and 2500 copies have been distributed. It is expected that the opening day will attract many people to McLean. McLean has an enviable reputation for many lines for close prices. Saturday's specials should appeal to everyone.

#### CANDIDATES FOR MAYOR

In announcing my candidacy for mayor of McLean, there are a few questions that the voters are entitled to know my stand upon. For the early settling of the question, and from my knowledge of the question, I think it can be satisfactorily to the consumers and further court costs.

For a reduction in the electric rates that would benefit the consumer, and think this can be accomplished without cost to the city.

City water rate should be reduced to the point that just enough is kept on hand to pay for interest on bonds, and reduce the cost of water.

Co-operation is needed from the telephone company, and I would like to see efforts to accomplish this. As mayor, I would expect to see that all cases originating in the city are settled in the mayor's court, in that the city might benefit from the collection. All cases with signed complaints would be settled. I would use every effort to cooperate with county and officials in bringing law-breakers to justice.

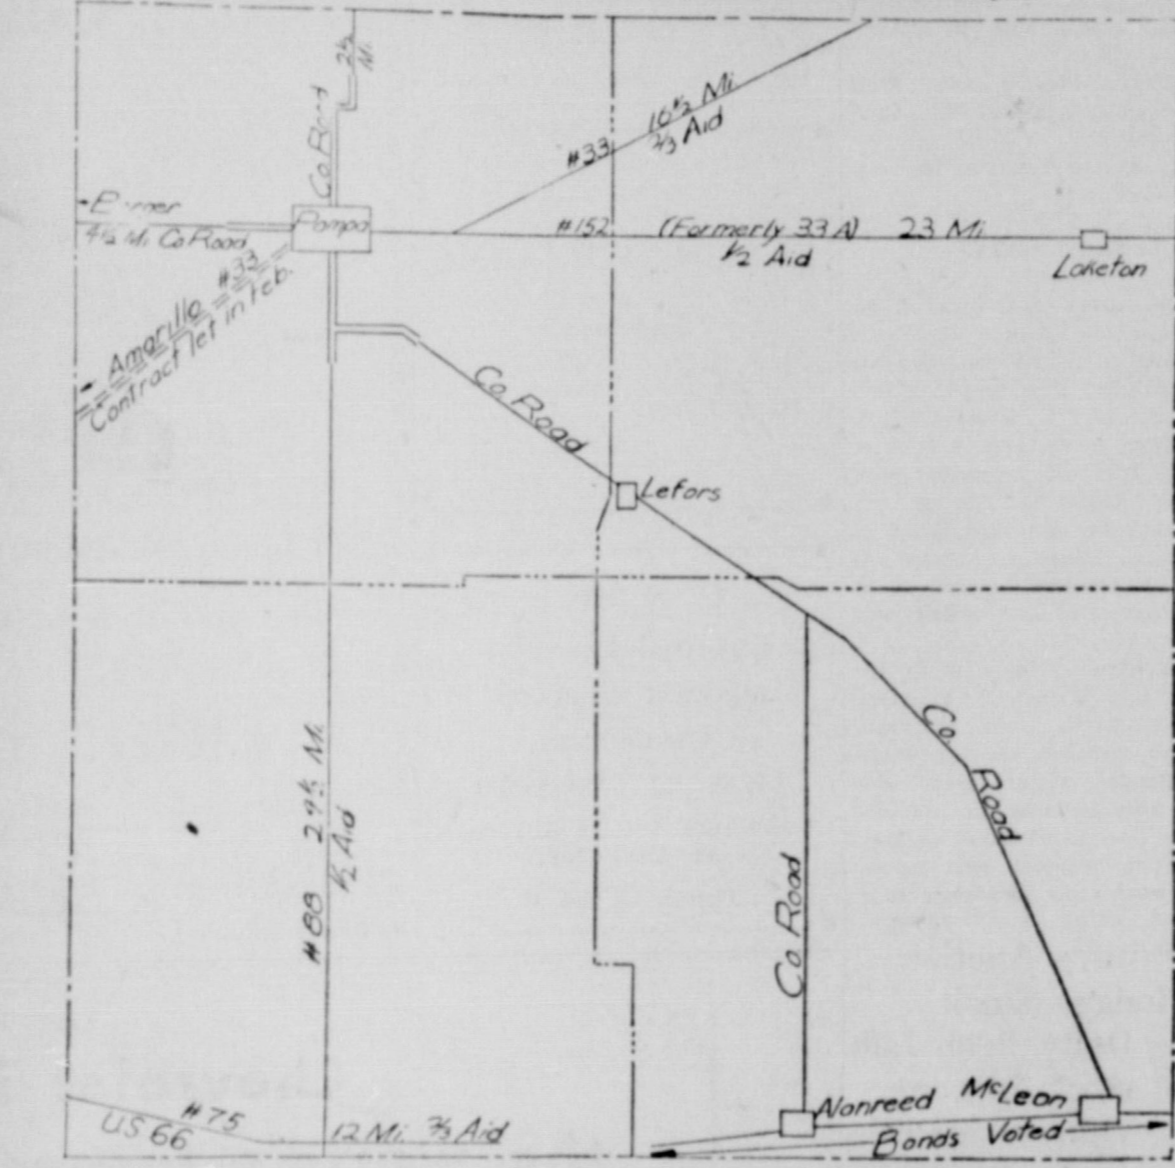

I will use every effort to see that matters be made public, and can be done without cost to the taxpayers. I will work for harmony in our city, and are too small a town to be a cause of dissension.

I will discourage every unnecessary expenditure of city funds. I think the city should practice the economy, get on a cash basis there. If necessary demands, I will recommend a cut in the salary.

For an early settlement of the route, and would use my best efforts to get paving started as soon as possible. I will cooperate with election. I will endeavor to see that all city laws are enforced. I will have no special favors, and will expect to give to all who desires anything from the city a respectful hearing.

The nature of my business is such that I cannot spare the time to see you personally, but my post office address is open for inspection of anyone; and if I can serve the city at this time, I will appear in person and in person. T. A. LANDERS.

Proposed roads to be paved under the county-wide bond issue to be determined in an election to be held Saturday.

#### PERRYTON LEGION CONVENTION LAST WEEK

What is claimed to be the largest district convention ever held in Texas was staged at Perryton last Saturday and Sunday, when members of the 18th district enjoyed an address from Josh Lee, director of public speaking of Oklahoma University, on "World Peace or Universal Draft." Major Gilstrap, regional manager of the U. S. Veterans' Bureau, also spoke, saying that his office is paying soldier bonus loans at the rate of \$60,000 per day, and 28,000 applications for loans had been made up to Wednesday of last week in his district.

Business sessions of the convention were well attended, and Perryton proved to be a delightful host in arranging entertainment features. Those present from the McLean post were: Mr. and Mrs. Lee Atwood, Messrs. Josh Turner, J. A. King, W. K. Wharton and Ben Chritchlow.

#### SCHOOL PLAY TO BE ENTERED AT CANYON

The McLean high school will be represented at the one-act play tournament to be held at Canyon Friday and Saturday under the auspices of the West Texas State Teachers College. Contestants from ten towns will enter, and McLean will give the last play on Friday, matched against Miami.

The semi-finals will be given Saturday morning and finals Saturday night.

The play is being coached by Prof. John Harding, high school principal, and has hopes of winning the tournament.

#### CEMETERY WORKING FRIDAY

The Home Demonstration Club has taken as one of its 1931 goals the improving and beautifying of the cemetery, and Friday of this week has been set for work. All those interested are requested to come early and bring a rake, hoe, spade and at least one shrub to be set out. Also bring a covered dish for noon lunch.

#### BOSWELL NEW KEY MEMBER LIONS CLUB

G. C. Boswell was initiated as a key member of the Lions Club at their weekly luncheon at the First Baptist Church basement Tuesday noon. Tail Twister T. W. Gilstrap made the presentation of a small gold key to Lion Boswell with appropriate remarks.

The McLean club now boasts of four key members, T. W. Gilstrap, T. A. Landers, Boyd Meador and G. C. Boswell, with several other candidates.

Howard Ferguson of the Panhandle of Texas, Inc., was presented as a visitor by Lion Tamer Claude Williams.

D. A. Davis reported that the Home Demonstration Club plans to work the cemetery Friday, and suggested that they might appreciate some help from Lion members.

Lion Boswell reported the recent school meet, saying that McLean now leads the class A schools by 7 points, with essay writing still to hear from. Mr. Boswell said all visitors from other parts of the county were loud in their praise of McLean's hospitality.

#### HIGHWAY CONVENTION APRIL 27

The annual convention of the U. S. 66 Highway Association will be held at Elk City, Okla., April 27, 1931.

Elk City is determined to make this the biggest and best convention ever held, and representatives from all towns on the route, from Chicago to Los Angeles, are invited to attend.

All of 66 in Oklahoma is now up to standard grade and drainage. Sixty-seven miles of paving contracts have recently been let on 66 in Oklahoma, which, when completed, will make 66 the longest East and West paved road in the United States.

#### EYPORTH LEAGUE TO MEET IN MCLEAN

By Rev. Jno. H. Crow

The Wheeler county Epworth League Union will meet at the McLean Methodist Church Sunday, March 29, at 3 p. m. The following program has been arranged:

Subject—Good Will and Unity. Devotional—Miss Edith Reneau, Head.

Business meeting and election of officers. God Will Story—Miss Beverly Harvy, Shamrock.

Special Music—McLean. Has the Fire Grown Cold?—Miss Lena Davidson, Ramsdell.

Young People's Conference—Mobeetie. Closing song. Benediction.

The Union Council meets at 2:30 p. m. Be sure to bring your secretary book with you, as we are going to hold the loving cup in our district. Bring your pastor with you, as that counts five points in the contest. Three-fourths of your budget should be paid now. Come, McLean people, let's give them a full house.

#### TRUSTEE CANDIDATES ARE ANNOUNCED

The following names will appear as candidates for school trustees at the election to be held Saturday week, according to a petition presented to the president of the school board: Claude Williams, Sammie Cubine, H. C. Rippey, J. A. Ashby and Jesse J. Cobb.

#### COLLEGE BAND TO BE HERE

The West Texas State Teachers College brass band is expected to be in McLean some time next week, probably April 1 or 2.

The McLean chamber of commerce will compliment them with a luncheon and free concert will be given by the band.

Arthur Erwin, of the Erwin Drug Co., left the first of the week to attend the convention of Small druggists at Dallas.

#### McLean Schools Win First at County Meet

The McLean high school won first place in class A schools, and the ward school won the championship cup for its division at the county meet held here last Friday and Saturday.

In the high school division, the essay contest is to be judged at Canyon, but it is understood that if McLean fails to win this event, the high school will still be in first place.

The meet was handicapped by bad weather, but several hundred contestants were here, and all events were held according to schedule.

Supt. G. C. Boswell of the McLean schools was director general of the meet, and things were kept moving in an orderly manner during both days.

A full account of the different winnings appears in The Tiger Post on another page of The News.

#### Tampke's Teams Win Placings at Lubbock

Dr. A. A. Tampke took his vocational boys teams to the contests at Lubbock Monday, and won many high places over 325 contestants from all of the West, Central and North-western parts of the state, among them being some of the strongest teams in Texas.

The Lubbock chamber of commerce gave the boys a free banquet before the awards were made.

The contests were held under the auspices of the Technological College, and McLean won the following places: First high team in saw filing, in poultry examination and in judging horses.

Millard Windom first high man in farm shop (Tech scholarship), saws, and rafters.

W. C. Carpenter Jr., first high man in poultry examination.

Clark Stockton first high man in Jersey judging.

Ford Bell and Gordon Billingslea tied for first place in horses.

Second high team in all farm shop events, and concrete work.

Millard Windom second in concrete work.

Kelly Newman second in hardware.

Jack Reed second in egg judging. Second high team in Jerseys and beef cattle.

Cagle Hunt second in budding and grafting.

Ward Hunt second in small grain. Second high sweepstakes school, losing to first place by only three points.

Third high team in all livestock events, eggs, hardware and grain sorghums.

Ward Hunt third in grain sorghums.

Fourth high team in plant production, budding and grafting, hogs, and rafter cutting.

M. H. Kinard Jr., fourth in beef cattle.

Oren Ayer fourth in hardware.

Ford Bell fourth in all livestock events.

Jack Reed fourth in poultry examination.

Fifth high team in dairy, and eighth in poultry.

#### County-Wide Bond Election Here Saturday

#### Precinct Four to Benefit from Bonds

An election to determine whether or not \$27,686,900 in county-wide road bonds shall be issued, will be held Saturday, March 28th.

Taxpayers in this precinct will benefit more from the bonds than any other part of the county, as the tax rate will be reduced from \$1.30 to 70c, with many more miles of road built.

At the present valuations in the county of \$27,686,900, the rate will be 68c, the 70c rate being figured on a basis of \$25,000,000. The county valuations would have to fall to about \$14,000,000 before the rate would amount to \$1.30.

The state and federal governments will furnish more than \$960,000 toward building the roads, of which 60% to 75% will be spent for labor, home men being considered first in hiring labor.

The passing of the bonds means the completion of Highway 66 across the county, with paved connections from McLean and Alanreed to Lefors and Pampa. Everything is in readiness by both state and county to begin work at once, so that the unemployment situation will be measurably relieved.

The proposed state bond issue will in no way interfere with this program, as all money spent on state highways will be returned to the county, and it will take at least two years to get the issue through the legislature, while under the county-wide plan we will have most of the work done this year, with all roads completed by the closing of next year.

Precinct	Valuation
Precinct 1	\$ 3,974,900.00
Precinct 2	20,074,900.00
Precinct 3	1,180,000.00
Precinct 4	2,458,000.00
<b>Total</b>	<b>\$27,686,900.00</b>

#### MRS. BOYETT'S PIANO PUPILS WIN AT AMARILLO

Mrs. Boyett's piano pupils entered the music festival contests at Amarillo last week and won places comparing very favorably with pupils from other towns.

Judging was on a different scale than in former years, the selections being more suitable for pupils of unusual ability than those of average ability.

Compositions previously selected for different ages were played, and Bobbie Nell Davidson, Lorraine Hodges, Dorothy Sitter, Ermael Floyd and Willie Louelle Cobb won blue ribbons in the junior contest. Bobbie Nell Davidson tied with another girl for first honors, with a score of 96.

Anadel Sligar was in second class with a grade of 87, and Sybil Graham Margaret and Ruth Hess made good showings in the high school division.

Mrs. Boyett accompanied the girls to Amarillo.

#### LEFORS SCHOOL MEN APPRECIATE TREATMENT

Supt. E. G. Sanders of the Lefors schools, accompanied by Principal F. L. Mize, was in town Monday, and in a statement to a representative of The News expressed appreciation for the hospitality extended visitors at the county meet held here last week. He praised the efforts of Supt. Boswell, Prof. Harding and Bush, and others for their efforts in behalf of the success of the meet.

#### NEWSPAPER LAW

Section 3, Chapter 161, (H. B. No. 253), Acts of the 1925 Legislature, fixing the legal rate for printing. "The officer, agency or person charged with the duty of so inserting such publication shall select the newspaper, or newspapers, in which same is to be inserted, and the charge for such publication shall not exceed the lowest rate accorded classified advertisers."

**JESUS THE WORLD'S SAVIOR**  
Preparation and Popularity  
Review

By Rev. Cecil G. Goff  
"In that He Himself hath suffered, being tempted, He is able to succor them that are tempted." Heb. 2:18  
The lessons we have had since January first have covered the major portion of the life ministry of the Master while He was here upon earth. When one goes back over them and contemplates what a small part of His work they have really covered, he is astounded. There might have been a lesson based upon every verse, and yet not have covered the life work of the Savior. Yet we have been able to see the trend of His work and learn something concerning His teachings.

From the baptism of the Son of God His every minute was filled. He taught and healed many times until way in the night and was then sought early the following morning. His every day's service was given to unselfish serving, healing, and saving a sick and sinful humanity. The ultimate end of those three years of unceasing and strenuous tasking held for the Son of God in the flesh His only opportunity to effectuate a plan of salvation which would liberate man kind, not as a race, but as individuals, from the grasp of sin and destruction. Thus far in the study of His life in the Sunday school lessons He has only been giving the teachings and principles upon which that liberating power may grow when it is established.

For centuries God had maintained the utmost patience with His creation and chosen people, seemingly awaiting the hour when the second member of the Trinity would become flesh and leave in the world a power and a plan whereby men might be saved. That power was effectuated in the consummation of the ministry of the Holy Nazarene, in His death and resurrection. But for there to have been nothing but one's dying and rising the third day, even though that one be a member of the Trinity, there would have been no vital living relationship between that action and the poor sinner who needed help in rising above the power of sin and death. The ministry of Jesus established that relationship from two great standpoints:

First, the Son of God became flesh and dwelled among men. There was a supernatural birth, but so far as we have any way of knowing, there were no extraordinary circumstances concerning the youth of Jesus, save the one instance in the temple. The most consoling thing about His humanity is that His personal life was a most ordinary human life, so much so that He was tempted in all points like as we are. To say that Jesus was human, completely human, does not dishonor Him in any way, for the inspired Word of God so classes Him. If there is any one thing that marks humanity, it is temptation. But we are to remember that whatever Jesus was, He was perfect; then He was perfect humanity. Often times we get into believing that we as men and women are normal humanity, because as we know humanity, sin is the most common thing among human beings. But sin is the most common thing in the human being as we know it because humanity is distorted from its normal purpose. When God created man, he was without sin, the possibility of sin, yes, but not with sin. God did not create man in order that he might sin, and when he did sin, God was displeased. Normal, perfect humanity is seen in Jesus who, in Corinthians 15:45 is compared with the first Adam. The Savior was tempted to the extent that He tasted of the extremity of temptation so that you and I have been tempted in no wise that He was not tempted. How great is the compassion of that One who knows the greatness of all our temptations, and yet holds a helping hand because He succumbed to none of them, because He passed through them, feeling only the sting of temptation but never the horrid grip of sin. Indeed He, the Master, was the Son of the living God become flesh.

Second, the Son of the living God became flesh, during His ministry made plain the "way of living" to man. By that I do not mean the "way of life." The "way of life" was His great final purpose and accomplishment, and without it there is no "way of living" because the "way of life" is the basis of all God's purpose among men. Much time is spent in many of our churches today with the "way of life," which is well; but that is the thing that begins the "way of living" and all too many men who call themselves Christians or are depending on the mercy of Christ for eternal safety, forget He is as interested in the present life of a man as the future life of a man. God is not looking for the man who recognizes the words "Be-

lieve on the Lord Jesus Christ and thou shalt be saved" and yet determinedly fails to recognize the words "Love thy neighbor as thyself" and "By their fruits shall ye know them." Jesus came and dwelled among men that He might be a living example of a loving life to which He recommends us. The man who is not willing to strive to follow the Savior's example of love and life is not worthy to rest his faith upon Him for his future existence, and in fact by his very unfruitful life is giving testimony that he is not doing so. We as Christians have all too long separated this present and the future life—to have Christ in the one we must have Him in the other.

**SCHOOL NOTES**

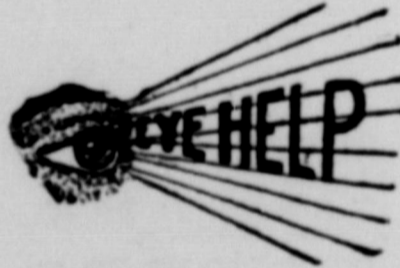

The girls volley ball team of the McLean grammar school played the Skillet team at Skillet Thursday afternoon at 4:30. The score the first game was 15 to 2 in favor of Skillet and the third game 15 to 10 in favor of Skillet. This was the second game the Skillet team had played this season, and they are very proud of their victory. They hope to be this successful at the county meet to be held in Clarendon next Friday and Saturday.

The following students made the honor roll with a straight "A" record this month: Sixth grade, Katherine and Oscar Reimer; seventh grade, Martha Reimer; eighth grade, Sim Rhodes. This is quite an improvement over last month, and we hope to more than double it next month, as there were some very close to it.

A man was seeing his mother-in-law off at the station after a long visit. He was carrying her bag, and while she went on to the platform he went to the booking-office to get a platform ticket.

When he returned the ticket collector said he could not enter the platform by that gate. The train was due to start in two minutes. "My mother-in-law is going away by the train," explained the man, "and if she doesn't get this bag she'll come back."

The ticket collector flung the gates wide and said, "Pass, friend!"

CHURCH OF THE NAZARENE

W. Hickman, Pastor  
Our services last Sunday morning were exceptionally good. The attendance was reasonably good for the Sunday school and preaching service. We were glad to have with us Rev. T. B. Downing of Clarendon. Bro. Downing brought us a message which touched the hearts of the people and caused tears of joy to flow. We are indeed glad for men who live in touch with the throne of God and their lives, as well as their sermons are a blessing to humanity. God can take men from the humble paths of life and put the Holy Ghost within their hearts and send them out to bless humanity. I am glad we are serving a God who can do such wonderful things for us. "And His name shall be called wonderful, counselor, the mighty God, the everlasting father, the prince of peace." Thank the Lord.  
We will have our regular services next Sunday as usual, both morning and evening. Sunday school 10 a. m., preaching 11 a. m. and 7:30 p. m.  
Come and bring your friends, and we will do our best to make you feel welcome.

FIRST BAPTIST CHURCH

Cecil G. Goff, Pastor  
Sunday school 10 a. m. A class for everybody.  
Morning worship will begin at 10:30 (for this Sunday only). Subject, "For Thine Is the Kingdom, and the Power, and the Glory."

FAMILY DOCTOR MADE MILLIONS OF FRIENDS

Fifteen years after his graduation, Dr. Caldwell became famous for a single prescription, which now, after forty years, is still making friends.

Today Dr. Caldwell's Syrup Pepsin is the world's most popular laxative. Millions of people never think of using anything else when they're constipated, headachy, bilious, feverish or weak; when breath is bad, tongue coated, or they're suffering from nausea, gas, or lack of appetite or energy.

Dr. Caldwell's Syrup Pepsin is made today according to the original formula, from herbs and other pure ingredients. It is pleasant-tasting; thorough in the most obstinate cases; gently effective for women and children. Above all, it represents a doctor's choice of what is safe for the bowels.

Why We Advertise

The light and power companies are sometimes criticized for advertising electric service, on the theory that, having no competition from services of a like kind, there is no need for advertising.

There are three important reasons for advertising. These are:

1. While we may have no competition from other light and power companies, we must meet the competition of gas, coal and oil, as well as the constant struggle for the consumer's dollar which is going on throughout all business and industry.
2. Advertising helps to increase the consumption of electricity, and thereby reduces the cost of production and distribution, which, in turn, is reflected in lower rates.
3. The industry is the constant subject of attack by a small, highly-organized group of radicals, and if we do not tell our story to the public freely and frankly—not in the form of criticism of that group, but in the form of statements explaining what we have done and what we are striving to do—we cannot expect the public to ignore or discount these attacks.

For every dollar spent on advertising our customers get manifold returns.

And now they say that with agitation for wider roads, we will see wider busses, so the motorists will not profit much.

"With malice toward none and charity for all" comes as nearly being exemplified by the home newspapers as any thing anywhere.

A necktie peddler was in The News office one day last week. We hope the printing peddlers get the same kind of treatment in the dry goods stores that we gave the tie peddler.

Pampa has a new city zoning ordinance. Attractive cities can only be built by planning for the future, and only one plan must be used, if there is to be the desired uniformity.

An editor's opinions are pretty well known to everyone, and others have a chance to express their opinions on live issues, if they will write them out and hand them in for publication.

If a state bond issue is passed Gray county would get back close to \$1,200,000 of the proposed county-wide bond issue, which is about the amount that will be put on state roads. This amount can then be applied to reduce our road taxes.

It is right and proper to be against any unnecessary expenditure of the people's money in times like these, including bond issues, but the proposed county-wide bond issue will lower taxes in our precinct, so there can be little objection here to voting the bonds.

It is the time of the year when a general clean-up day is needed. McLean citizens are gradually taking on more civic pride each year, and there is not as much cleaning up to be done this spring as in former years. However, the stated days are found to be necessary by every town that wants to present a sanitary, cleanly appearance.

According to B. L. Webb, special agent for Gray county, there were 6,938 bales of cotton ginned in the county last year, as compared with 8,364 in 1929.

W. L. Campbell says he is in favor of the county-wide bonds. Mr. Campbell praises the editorial expression of The News on the bond question.

**32 Physicians Report Findings on New Sargon**

So remarkable have been the results accomplished by Sargon in helping restore health to countless thousands of people that during the past thirty days alone thirty-two leading physicians have broken the rule of a life-time and have come out openly and publicly to give it their unqualified endorsement.

So startling have been the reports in many thousands of cases that selected physicians in principal cities were expressly retained to study the Sargon formula and report their findings so that the public might know the whole truth.

Outstanding among the number are:  
Dr. P. K. Drummond, plant physician for the Ford Motor Company, Detroit, Mich. for 12 years.

Dr. C. J. Roberts, Philadelphia—examining physician for the Pennsylvania Railroad for 26 years.

Dr. W. L. Mair—graduate McGill University Faculty of Medicine, Montreal—medical examiner for Sears-Roebuck, Detroit.

Dr. G. Wharburton—graduate famous Bellevue Medical College, New York.

Dr. Eugene Perkins—physician for Western Electric Company, Philadelphia.

Dr. W. W. Kern—examining physician for New York Life Insurance Company—and many others.

In order that the public may receive the full benefit of the advice of these well-known physicians their reports will be published in later issues of this paper. The statements of physicians of such standing are perhaps without precedent. Study their reports and profit by their advice.

**ACID STOMACH**

**EXCESS acid** is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which will neutralize acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless, tasteless and its action is quick. You will never rely on crude methods when you learn how quickly this method acts. Please let it show you—now.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

HOME DEMONSTRATION NOTES

Landscaping the Home

Last week the R. I. Davis family of Grandview was busy landscaping the home grounds. To promote moisture, a joint of tile was sunk near each shade tree and a piece of pipe near shrubs. Large deep holes were dug to aid root growth. A rose hedge was plowed up to conform with the new plan. As a result, neighbors have been working too, as near a thousand sprouts were given away.

The Grandview club girls have set three cherry trees each. This is a part of 1931 girls' club work. In observance of the second centennial of George Washington's birth, girls, as well as all citizens planting cherry trees, will honor him by adding to or beginning an orchard that shall enrich the homes that were made possible by his efforts and guidance. The sprouts were given by Mrs. Gus Davis of Bluebonnet club.

Gray county will have two extension specialists next month, E. N. Holmgreen, poultry, on April 11; and Miss Inez Derryberry, landscape specialist, who is making her first trip to the Panhandle in that capacity. Miss Derryberry will be in the county April 27. Mr. Holmgreen was here last year.

Panhandle-Plain Short Course

The home demonstration club women of the Panhandle-Plains will be the guests of the West Texas State Teachers College at a one-day short course at Canyon April 28.

Home Award

The Farm Journal publication has been carrying on a piece of work known as the Farm Journal home program. Basis for awards are homes that possess the following modern conveniences: running water, heat in all rooms, a modern bathroom, power for heavy work, effective sewage disposal, refrigeration, telephone and screens. The said home is to be located beyond the corporate limits of any town or village. The applicant, or his or her family, must have resided in said home for a period of two years, and the major part of the income must come from farming.

The application is submitted to the Farm Journal, Philadelphia, Pa., to be considered for the certificate of award, of which any farm home would be justly proud.

Miraculous Vines

Mrs. S. W. Rice of McLean sold \$15 worth of squash last year from volunteer squash vines to a home merchant, as well as having plenty for home use.

What Do You Do with Skim Milk?

Last week Mrs. J. E. Seitz made 102 pounds of cottage cheese, which she sold for 15c a pound. How much more she made, the writer does not know. However, at a cover dish luncheon recently she served a gelatine salad of cottage cheese, cherries, pineapple and some more good things that was a delicacy.

CAMPBELL-CHRISTIAN

Miss Sallie Campbell and Mr. Hannel Christian were married at Newton, N. M., Tuesday, March 16, 1931. The pastor of the First Baptist Church performed the ceremony. The bride is a daughter of Mr. and Mrs. W. L. Campbell of McLean, and is popular in business and social circles.

The groom is a son of Mrs. A. A. Christian of McLean. He has been in business here for the past few years as owner of the Service Tailor Shop having disposed of his interests to the present owners some time ago.

BIBLE MAKES FARM PAY

Jim Bible, who lives 15 miles south-west of town, was in McLean Saturday, and in a conversation with a representative of The News, said that from 200 hens last year, \$106 profit was made after supplying the home table and paying for the feed consumed.

Mr. Bible also made \$148 profit from cream sold, and 500 cans of beef, pork and chicken, besides garden products, were canned for home use.

Mr. Bible keeps a full set of books and knows just what every department of the farm pays. He was in town Saturday to get a rubber stamp to use on infertile eggs to be sold this season.

Mrs. Martha Hamilton visited in Shamrock Tuesday.

She Everett motored to Shamrock Tuesday.

DR. TAMPKE ON PROGRAM AT CANYON

Dr. A. A. Tampke, vocational instructor at the McLean high school, will appear on the program at the second annual Herd Improvement School to be held at Canyon April 2, 3, 4, speaking on the subject, "Training Poultry Judging Teams." The school is sponsored by the agricultural department of the West Texas State Teachers College, and everyone interested is invited to attend the sessions.

A second gas company has asked for a franchise at Wheeler to sell gas at 40c. However, the city council has taken no action in the matter.

BOSWELL THANKS CITIZENS

By G. C. Boswell, Director General County U. I. L. Meet To the citizens of McLean and Green county:

We wish to thank you for your hearty co-operation in assisting with the county meet. We could not have out the work over in such a nice way without your aid. The school officials of the county had many nice things to say about your work.

It is worth something to the schools of the city to have had this meet. The boys and girls of the local schools worked splendidly that the meet might go over. The senior class, or many members, were ready at all times to be of service, as well as members of other classes.

We want to thank the merchants who gave cups. The McLean News for publicity given the meet, the chamber of commerce, Lions Club, P. T. A., city officials, and all others for their kindness toward this while school work. All the teachers of the schools were ready to assist in the work. Special mention should be made of the work done by John Harding, principal of the local high school, for the complete record of each and every event. We also wish to thank the Sitter Furniture Co. for furniture used on the stage.

EMBROIDERY CLUB MEETS

Mrs. Sammie Cubine was hostess to the Embroidery Club that met Wednesday afternoon for a business session. New rules were adopted and other business transacted.

Those present were: Mesdames Roy Campbell, John Haynes, E. E. Dishman, Donald Beall, Dana Shelburne, Dick Carpenter, Evan Sitter, Harold Rippey, Chas. Cooke, Allen Wilson, J. R. Glass, C. A. Strandberg, Hansel Christian and Ercy Cubine.

CO. TAX COLLECTIONS GOOD

According to Tax Collector T. W. Barnes, tax collections for the past year have been exceptionally good, some 90% being collected before the new law went into effect.

Mr. Barnes has his reports made out a month earlier than a year ago.

## THE STORY

**CHAPTER I**—Returning to London, finally penniless, after an unsuccessful business trip to South America, Sir George Sandison takes dinner with his widowed stepmother, his young daughter, Aggie, and his young son, Robert. He has not a penny left of his fortune. He has no prospect in England. Sir George agrees.

**CHAPTER II**—With the young girl, Roberta, MacBeth is living on an island. The girl is a victim of arthritis and is physically helpless. Leaving her father, after an interchange of letters, she meets Lady Sandison. She is in love with him. She directs them to the island. She directs them to the island. She directs them to the island.

**CHAPTER III**—MacBeth had not expected of his guests' coming. He is glad to see them. He invites the two to stay. He invites the two to stay. He invites the two to stay.

**CHAPTER IV**—Roberta tells her father she is "not interested" in Sir George. She is not interested in Sir George. She is not interested in Sir George.

**CHAPTER V**—In Philadelphia a group of "business men" of which Sir George is one, discusses the possibility of buying the pay roll, which has all been Navarro's objective. They are in Philadelphia. They are in Philadelphia.

**CHAPTER VI**—The girl drives Sir George to the construction camp, where she meets Raymond Browne, who is in charge. She leaves them there. She leaves them there.

**CHAPTER VII**—During the dance Roberta sees Navarro, outside the tent. She sees Navarro. She sees Navarro.

**CHAPTER VIII**—Sir George is interested in the pursuit of a letter at the house of Roberta and the letter. He is interested in the pursuit of a letter.

**CHAPTER IX**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER X**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER XI**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER XII**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER XIII**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER XIV**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

**CHAPTER XV**—Alone, Sir George is able to prevent the robbery. He is able to prevent the robbery. He is able to prevent the robbery.

"How nice of you," Roberta mocked softly. "But you are in my way, Sir George Sandison, and I am waiting for you to move."

He said no attention. How lovely the little devil was, and what a voice! A man might listen to its music indefinitely. "If you would only listen I think you would see what I am driving at. My dear girl, I would do a lot to save Robert MacBeth a single anxiety."

"And you think?" "And I think you are causing him some," he said slowly. "In fact, I'm sure."

Roberta stopped and stood still for a moment. Her impulse was to cry out—"Why, you don't really mean that father is worrying about me now?"

But her pride would not allow her to do it. She would go on with what she had started out to do. She knew now that she was wrong to go. Indeed, she had all along been forcing herself to believe that it meant little to her father, in order to keep her uneasy conscience from troubling her.

Almost she was on the point of turning back. She would tell Jack he must come in and face father, even if it meant a quarrel.

Even as she hesitated, Sir George unwittingly spoiled the word too much. "Your father may not know the man you are motoring with, but I do, and what little I know is not to his credit."

It was too much, and she looked too handsome and too confident. Roberta swung back to her former state of indignation with this man.

"I think you're mistaken."

"Indeed," he said composedly. "You can see he isn't particularly anxious to be recommended, but I know him."

Amid every spark of consideration for her father or anyone else was swallowed up in Roberta's desire to crush down upon this arrogant Scot. "He must have had his reasons," she said with a sneer. "What particularly disgraceful episode in your career involved Jack?"

Sir George laughed. "Don't mislead yourself. I have nothing to fear from Nicaragua Jack, but he has a great deal to dread from me."

"Nicaragua Jack! You are crazy! Who is he?"

"A handsome young man who calls himself a Spaniard, but is merely a hybrid South American. He makes his living by tangoing with elderly ladies who can pay well for the privilege between his gambling trips on the high seas. He's very young, but he's had a lot of experience. He slipped up badly on the last trip and was caught with the goods."

The girl still stared at him, her face white. "I don't know what you are talking about. I know no one called Nicaragua Jack."

He went into the garage and, surprised at his own haste, took the first car that stood ready. Only when he had gone out on the road did he realize that it was Ray Browne's car that he had commandeered. Well, Ray would probably forgive him. It was now or never, if he was to stop Jack and the girl.

He had seen from the garage that the girl had come back to look for her bag. He had even laughed at the thought of how she would scowl when she found it gone. Well, he would go after her and bring her back by hook or crook to Robert MacBeth, Nicaragua Jack wasn't the son-in-law for that stout fellow.

As he clattered over the bridge the first drop of rain fell.

**CHAPTER XII**

On the terrace, Robert MacBeth sat with Ray Browne. "Anything wrong with you, Ray?" he asked in his most fatherly manner. "You've been splendid and bucked me up tremendously, but I'm not a hog. Now that the girls have come, take an hour or so off and leave the old man to his pipe and his book. You have earned a rest."

"Thanks very much for the leave of absence, Boss, but I'm not taking any. The only girl that I'd care to spend an hour or so with has just gone up the river road, hell-for-leather, with a strange young man."

"Well, take your car and go after her," advised Robert MacBeth, smiling. "Where's your adventurous spirit?"

Ray looked at him a little thoughtfully before he spoke. "It's Roberta," he said finally. "If Roberta showed you that she didn't want you hanging around, I don't think you'd run after her."

"No," her father answered thoughtfully. "I should say not." Then, after a little pause, he asked: "Who's the man with her?"

"I don't know," and in spite of himself Browne's voice sounded a little uneasy. He stole a side glance at his employer. "Another reason why I'm not following is that Sir George is chasing them, going for all he is worth, in my car."

Robert MacBeth laughed. "Took your car, did he? Well, who'd have thought it. I would have gambled on you as the first to follow."

Ray again regarded MacBeth solemnly. How much did the old man know, he wondered? Well, anyway, it was not his place to alarm or enlighten him. Roberta had made that plain to him a day or so ago. She had told him with the feeling that truth was the kindest thing, that she was not for him. But he must reassure the Boss. "I don't know. When it comes to being the actual, reckless Johnny-on-the-spot did you ever see the heat of Beauty Sandison?"

Robert MacBeth nodded with enthusiasm. "It's the way with the old Scots steek. Can't turn them away, once they've made up their mind to anything. Roberta's been hitting Sir George over the head every time his hat showed above the long grass. Yet, she has to come back." He paused abruptly and as abruptly said to Browne: "Think I can leave him to handle it, Ray?"

"Handle what?" "The situation and the strange young man?" Robert MacBeth asked it a little anxiously.

"Oh, surely," Ray told him with more confidence than he felt. It looked to him very black that Roberta had gone off this way without consulting her father.

## Webb School News

Due to the bad weather Monday, March 2nd, the Webb school, district No. 21 of this county, had school Saturday, March 21. Through the efforts of the teacher and her some 20 scholars, a very interesting program was given. The pupils showed some real talent with their readings and behavior. The entire community and everyone had a very nice afternoon.

Oh, yes, and another little thing that held the attention of the visitors for quite a breath-taking hour was the baseball game—the old men vs. the school boys. And say! that school has the team! They can rub it in on their daddies and the old men that are not daddies, to the tune of 12 to 4 in some six innings.

The community organized a Sunday school that will start Easter Sunday at 2 p. m. We would like to have visitors from everywhere, any time, either at common school or Sunday school.

The world is too full of ghosts and shadows in the way of imaginary ills. If we will take something every day from our mountains of misery and add to our mountains of joy we will soon come to know that this old world of ours is a pretty good world after all, if men and women will just let it be good.

The magistrate looked over the dejected one severely. "So you have been fighting your wife again," he remarked, accusingly. "Liquor?" "Hell, no! Do I look like it?" replied the prisoner. "She licked me."

## CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria have him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

## Like Color . . . the best Gasoline is Blended

THE artist stands before his canvas with color-laden palette. Blues, greens, white and touches of warmer tones are blended by his inspired brush as the waves of the seascape take form. His genius tells him that only through the blending of just the right colors is the ideal result achieved. Otherwise his most painstaking effort could only result in a monotone, wholly lacking in brilliance.

There is Straight-run Gasoline, to give power and long mileage. There is Cracked Gasoline with its well-known anti-knock quality. Like the artist with his colors, CONOCO refiners take these three types of gasoline in balanced proportions and blend them. The result is as pleasing to the car owner as is a Rembrandt to the art connoisseur. Of course the genius of "knowing how" is the vital element and it is here that CONOCO refiners excel. Convince yourself of the merit of CONOCO Blended Gasoline. Try it today. You will find this triple-test motor fuel wherever you see the CONOCO Red Triangle.

GRAY COUNTY INTERSCHOLASTIC MEET

Friday morning the Gray county interscholastic league meet was opened at the McLean high school auditorium. In spite of the unsettled weather and bad roads...

Since you have been kind enough to permit this digression, and since I have performed the very pleasant duty for which I was sent here this morning...

GRAY COUNTY DIRECTORS

G. C. Boswell, director general. Mrs. Josephine Sparks, director declamation. Lefors.

Mr. chairman, ladies, gentlemen, faculty members, students of Gray county, and friends: Mr. Boswell has told you that Mr. Howard, president of McLean's school board...

As his representative, I assure you that it is with no small amount of mingled pride and pleasure that I appear before you at this time in order to extend to you a cordial welcome to McLean.

I realize that my humble attempt to display our pride in your presence as our guests cannot and should not forecast the many good things that will come of your meeting.

This annual co-operative endeavor on your part is ultra-modern to many functions of our complex mode of life. It is true that unity in civic thought, co-operative statercraft, if you please, attended the birth of our nation...

Immediately after the opening program the meet adjourned to assemble again at 12:30. The first contests held after noon were: sub-junior, junior and senior spelling, extemporaneous speaking, picture memory, arithmetic and story telling.

Alanreed won first places in sub-junior and senior spelling, and McLean first in junior spelling. In extemporaneous speaking, Pampa won first place for boys. McLean for girls.

Honors went to Lefors in the story telling contest, but L. L. Smith of McLean won one first place. McLean won the picture memory and arithmetic contests.

After these events the boys and girls debates were held, essay writing and music memory. Pampa won the debates and music memory contest. The essays were sent to Canyon to be graded by instructors in the West Texas State Teachers College.

The results of the declamation contest Friday night were as follows: junior girls, rural, Mary Alice Wilson, Hopkins No. 1. 1st; Grace Edger, Laketon. 2nd; Alice Todd, Back. 3rd.

Senior girls, rural, Laura Prater, Grandview. 1st; Helen Todd, Back. 2nd.

Senior boys, rural, Clarence Stidwell, Grandview. 1st; Audrey Evans, Laketon. 2nd.

The Pampa team, with a total of 98 points, swamped the McLean team which accounted for only 51 points, for first honors in Class A. Lefors won first, Alanreed second and Hopkins No. 2 third in Class B competition.

The following is the result of the senior track and field meet: 120 yard high hurdles class A—Ayers, Pampa, 1st, 17 seconds; Martindale, Pampa, 2nd, 17.5 seconds; Waters, McLean, 3rd, 20.2 seconds; Kennedy, Pampa, 4th, 20.8 seconds.

Three students from the Musical Ten attended the Amarillo Music Festival, March 20: Margaret and Ruth Hess and Sybil Graham. All three of these students played different pieces. They received their grades, none of them in first place; but Sybil and Margaret were in the second place group.

Six students from grade school attended the festival. In this number, five received first places and one a school were: Bobbie Nell Davidson, Lorraine Hodges, Dorothy Sitter, Ermadel Floyd, Anadel Slligar and Willie Louelle Cobb.

Hello everybody! This is Station MHS on the air with our weekly broadcast. We are bringing to you the results of the Gray county interscholastic league meet which took place in McLean Friday and Saturday, March 20, 21.

We wish to say first that McLean won class A! If you recall, last week we only wished to have one cup in our stack of trophies, but we have two cups which go to our high school. Ain't that grand! McLean has a total of 217 points and Pampa has 195. (The essays have not been recorded, but if Pampa wins them McLean has enough lead to beat them).

Lefors won the class B cups fairly easy. We have with us this evening Miss Cleone West, who has helped us very much in getting up this broadcast, and we turn the "mike" over to her for the details of the trophies we won. Miss West—

Well, folks, we did it! Yes, we won the meet with a total of 217 points, to Pampa's 210 points. In class B schools, Lefors won first and Alanreed second.

Friday, McLean ward school received cups in picture memory, arithmetic and the ward school championship cup. High school won first in extemporaneous speaking and junior spelling. Friday evening McLean had a total of 192 points and Pampa a total of 165 points.

Saturday, McLean received 15 points in track events and 5 points for entering. Pampa won 20 points and 5 for entering. McLean won high school junior track by having the greatest number of points for all juniors. McLean also received cups in both boys and girls high school playground ball and the 880 yards run.

McLean high school received two class A all-round championship cups, two in high school playground ball and 1 in 880 yards run. The ward school received championship cup, arithmetic and picture memory cups. McLean is very proud of its great success and wishes to express appreciation for the interest and good spirit shown throughout the meet.

Thank you, Cleone. We sure appreciate your talk very much. Here's one that was overheard down at the track Saturday—A young fellow was standing behind Irene Caldwell and as she and her companion stepped back off of the track, Irene's companion stepped on the young fellow's foot. "Pardon me," she said, "Oh, that's all right, I've used to having horses step on my feet," came the reply. "Say, folks! If you missed the track

that schools are now merely following the trend of the times, but closer study convinces us that schools have always been leaders in collective thought, even back in the days of the Spartans. What schools think today will be found in the business world tomorrow. The interscholastic league affords you a larger field—a wider scope—for your efforts.

It is obvious that your work together—your interchange of ideas among students and faculty—your friendly competition with its incentive to excel—will all produce much good. It may lead us a step nearer the theoretical end of business—manufacturing and commerce—when every individual in this wide world will have everything he is capable of wanting. You need not be afraid to lead us to that step, because the end of human desires is like the end of the rainbow—there is no end.

Since you have been kind enough to permit this digression, and since I have performed the very pleasant duty for which I was sent here this morning, I desire to turn this meeting back to your chairman. In doing so, let me say—and I speak advisedly—that if there is anything McLean's school board, our honorable mayor, the city officials, the chamber of commerce, the Lions Club, the American Legion, in fact if there is anything any individual citizen of McLean may be able to do to make your stay in McLean a little more pleasant, please call upon us.

And I would not tell the whole truth if I did not say that we hope we will soon have the opportunity to welcome you again.

GRAY COUNTY DIRECTORS

G. C. Boswell, director general. Mrs. Josephine Sparks, director declamation. Lefors.

Mr. chairman, ladies, gentlemen, faculty members, students of Gray county, and friends: Mr. Boswell has told you that Mr. Howard, president of McLean's school board, has been called away on an unfortunate mission, making it impossible for him to be with you on this occasion; he has asked me to come in his stead, and to express his regrets.

As his representative, I assure you that it is with no small amount of mingled pride and pleasure that I appear before you at this time in order to extend to you a cordial welcome to McLean. I feel, however, that this is not at all necessary, due to the fact that nearly all of you have been in McLean on other occasions, and you know without any words from me that you are sincerely welcome, and how glad we are to have you in our midst.

I realize that my humble attempt to display our pride in your presence as our guests cannot and should not forecast the many good things that will come of your meeting. However, since this is the first time that I have seen all of the schools of any county assembled for a great united effort in the interest of education—which has always been the chief business of our society generally—I hope you will pardon me if I be erroneous in digressing long enough to say that your school board feels that a milestone of progress was passed with the organization of the interscholastic league.

This annual co-operative endeavor on your part is ultra-modern to many functions of our complex mode of life. It is true that unity in civic thought, co-operative statercraft, if you please, attended the birth of our nation, but as citizens we remained a nation of individuals until after the world war. It is proper that we view that war with all of its horrors, all of its destruction, all of its death, all of its broken lives, and all of its misery, but whether it be for good or bad we came out of that war organized into groups that now appear as part and parcel of our most stable and permanent institutions.

Manufacturing is no longer in the hands of the village smithy under the spreading chestnut tree. In fact many of the articles manufactured by the village smithy's son, such as your automobile, won't go under the spread of anybody's chestnut tree. Our merchants nearly all belong to some trade association, union, or other organization designed to express their collective effort. Our press has regional, state and national meetings. Recently we have been told that more than 500,000 citizens of these United States are now partners in one of our utility projects, and another company is expected to announce that it has one half million shareholders in the next few months.

Culture is forming itself into larger working and marketing units. With all of these manifestations of collective effort on the part of our citizens, we might naturally assume
