

Texas Demo Party For Ike Set On Ballot

By BO BYERS
AUSTIN, Sept. 11 (AP)—The threat of a Texas Democratic party for Eisenhower on the ballot was carried out today.

Floyd Blames Son's Death On Political Issue

By WILBUR MARTIN
ALICE, Sept. 11 (AP)—Jake Floyd Sr., today blamed the mistaken slaying of his son on a group who he said feared the senior Floyd would support a write-in campaign for District Judge Sam E. Reams.

Reams was defeated for re-election in the primary by a candidate supported by Sheriff George Parr of Dival County, long a political leader in this area.

Three men have been charged in the shooting, but one was still at large today.

It was disclosed that the two men who had been held here have been moved to other jails, but no one would say where.

Rauburn Norris, the district attorney-elect and law partner of Nago Alaniz, Alice, went to the sheriff's office today with Charlie Lyman, a Corpus Christi attorney.

Both Lyman and Norris said they planned to talk with Alaniz this afternoon, but they would not say when or where.

Justice of the Peace Brown Fuller said that the third man was charged with assault with intent to murder.

Two new traffic lights went into service this morning eight and 10 blocks west of Gregg on West Third.

The lights were ordered installed by city commissioners about two weeks ago after they received numerous complaints from residents and businessmen of the area who were unable to enter West Third because of heavy "through" traffic.

The signals also will help eliminate the tendency to "speed" on the long stretch of West Third (Highway 80), officials believe.

those of the Republican Party was certified to Ross by four men who said a convention of the "Texas Democratic Party" was held in Dallas yesterday.

They submitted a slate of presidential electors exactly duplicating electors named by the Republican State Convention.

Ross said the petition was in order and "I am accepting it for a place on the ballot."

The four men who were the apparent founders of the new party were C. C. Hayley Sr., chairman of the convention; John C. Cox Jr., convention secretary; Allen Wight, chairman of the state executive committee; and Spencer Carver, committee secretary.

Ross said the deadline was an arbitrary one necessary to get the ballots printed and delivered to county election officials in time for the election.

Any nominee whose name has been crossed will have to notify Ross by Monday, Sept. 15, if he wants to refuse the cross filing.

The election law says such cross-filed candidates have until 20 days before the election to withdraw their names, but Ross said this was a practical impossibility because of the need for earlier printing of the ballot and because absentee voting begins 20 days before the election.

Ross' ruling is of particular importance to Democratic nominees for state office, all of whose names were cross-filed both by the Republicans and the new Texas Democratic Party.

He also refused comment on the decision by Gov. Allan Shivers and some other Texas Democrats that they will support Eisenhower.

Truman's assertions that a Republican Congress would be "isolationist" were touched off by a request for comment on statements Eisenhower made during a brief visit here yesterday.

A reporter told the President that Eisenhower said he knew the temper of the people and that they were more interested in a change "than in peace."

Eisenhower said there was nothing in what he said that was more interesting than in peace. And, he said bluntly, they won't necessarily get it by the change the Republicans are talking about.

Truman said there was nothing in what he said that was more interesting than in peace. And, he said bluntly, they won't necessarily get it by the change the Republicans are talking about.

Four Persons Die; Damage Seen Heavy

Highway Patrol and military units desperately attempted to reach cut-off hill country towns of Central Texas Thursday as downpours sent a record flood down one river and brought other rivers and creeks surging out of their banks.

At least four deaths were blamed on the floods. A number of families evacuated in the Central Texas area and in another section near the Gulf Coast approached the 100 mark.

Bridges were washed out. A train stalled. Power lines were down and flood waters poured into some city water systems. Schools closed. Some business sections suffered water damage and more was expected.

Local Texas National Guard units were called out in some places. The San Saba River at San Saba, was on a 38-40 foot rise and was expected to go higher.

All highways to San Saba were out and communications difficult. National Guard amphibious vehicles got through by fording six feet of water.

Highway Patrol units were attempting to reach the San Saba area by back roads. The San Saba water plant was out but pumped flood waters into the water system before it broke down.

Residents were advised to boil drinking water. San Saba Mayor Will Jamison said the flood area evacuation was complete.

Disaster Relief headquarters said 30 homes were inundated at Marble Falls but all residents were evacuated without mishap.

At New Braunfels, 30 families forced from their homes by high water were housed in the Comal County jail Thursday.

Some areas around Beeville in Bee County near the Texas coast were being evacuated Thursday.

A record flood struck the Federal River in the hill country near Lower Colorado River Authority officials said the Blanco River at Johnson City reached 50 feet — highest previous crest was 33 feet in 1869.

Lake Travis, 16 miles up the Colorado River from Austin, rose 35 feet in seven hours Thursday.

The Llano River at Llano rose to 37 feet at last midnight but had dropped to 14 feet at 9 a. m.

Capitol Hill Is Still In Hands Of UN Troops

By ROBERT B. TUCKMAN
SEOUL, Korea (AP)—The Communists blanketed Capitol Hill with mortar and artillery fire today after falling in a night of bloody grenade and bayonet fighting to capture the Central Front outpost from South Korean troops.

The U. S. Eighth Army said Red big guns poured 25 rounds a minute throughout the day at the tough ROK (Republic of Korea) infantrymen who chased screaming Chinese L-ops from Capitol Hill at dawn.

Two hundred dead Chinese were counted on the mud-caked slopes after the swirling, night-long battle, the Eighth Army said. Another 300 were estimated killed. This raised Communist casualties in the Capitol Hill fighting, which flared Saturday, to at least 2,800.

The Eighth Army said South Koreans on Capitol Hill killed or wounded 12 Chinese of a Red platoon which got caught in the open around noon today.

U. N. B-26s used radar-aiming techniques, flew through overcast skies to bomb Red Western and Central Front positions.

At one point in the fight for Capitol Hill, ROK soldiers leaped from their foxholes and cracked a Red encirclement.

Some 2,500 yards to the west, the South Koreans held firmly to positions on the south slope of Finer Ridge, where they withdrew Wednesday night after losing and briefly holding the crest.

The Communists grabbed Capitol Hill late Saturday and held it until Wednesday, U. N. artillery forced back a series of Red probes on the hill. At 7:22 p. m., the Eighth Army said, a wild, confusing battle erupted.

Allied big guns cut down an initial Communist attack. Two hours later the Chinese hurled two companies against the ROKs with heavy mortar and artillery support.

Finally a Red battalion — about 700 men — forged up the north slope. A U. N. flare plane illuminated the battalions as South Koreans poured from their bunkers and foxholes to force back the attackers with grenades and bayonets.

Again the shouting Reds advanced — this time from north west and east. ROK soldiers charged down the slope and engaged them in bitter hand-to-hand fighting.

An storm broke at 2:15 a. m. and the Communists surprised the hill in the wet and darkness. Shortly before dawn, determined ROKs cut through the Communists on the north slope and were joined by reinforcements.

Eighth Army headquarters said that by 7:20 a. m. the ROKs had pushed the Chinese to the base of the north slope and once again were in firm control of the crest. Elsewhere along the 155-mile front only small engagements were reported.

Harry Says Ike Proposes An 'Isolationist Congress'

WASHINGTON, Sept. 11 (AP)—President Truman said today Gen. Dwight D. Eisenhower proposes an "isolationist Congress" and that won't bring peace.

In a news conference, Truman ripped into the Republican presidential nominee's call for election of a Republican Congress while saying that peace is the big issue of the times.

If we elect a Republican Congress, it will be isolationist, Truman declared.

By way of emphasis, he gave permission for direct quotes around the words "isolationist Congress."

Press conference rules ordinarily forbid direct quotation of a President.

Truman opened his meeting with reporters by reading a prepared statement in which he attacked what he called the "one party press" for its predominate support of the Republican ticket.

But, he declared, he did not think it mattered too much "what they do" when viewed on past performances of the press.

He said the metropolitan press in this country, as well as the big magazines, have become "big business" which has traditionally been Republican.

Truman said that only 10.3 percent of the 1,769 daily newspapers in the United States supported the Democratic ticket in 1948 and that almost all the big circulation magazines preferred the Republican party that year.

In taking this tack, Truman was echoing statements made recently by Gov. Adlai E. Stevenson, the Democratic presidential nominee.

Ike Faces Problem Of Sen. McCarthy

By JAMES DEVLIN
NEW YORK (AP)—The landslide renomination victory of Sen. Joseph R. McCarthy, Wisconsin Republican, posed a question today for Gen. Dwight D. Eisenhower's presidential campaign strategists.

It was how far to go in supporting McCarthy's re-election bid.

The GOP presidential nominee has been lukewarm toward McCarthy, whose foes have accused him of "smearing" innocent persons in his efforts to uncover Communists in the government.

Stevenson spoke similarly at a meeting of editors last week. Stevenson said he considered, however, that he had been given

are acts of patriotism. "No comment," was all Eisenhower would say when reporters asked him at Idlewild Airport yesterday whether he would back the controversial senator.

Eisenhower was returning from a 6,300-mile Midwest swing that he said convinced him the voters want a change from the Democratic administration in Washington.

He declared in Indianapolis he would ask the voters to support the Republican ticket from top to bottom in the interest of party responsibility "in every state I visit."

MILK-ICE FUND CLIMBING NEAR THE \$500 MARK

The Milk-And-Ice Fund, to provide nourishing diet for destitute children who are sick, was climbing near the \$500 mark today.

Contributions amounting to \$38.50 had come in, to run the total to \$481.60.

Those directing the fund announced that solicitations can be concluded today. It is felt the fund is sufficient to handle needy cases for several months.

Final acknowledgments will be made in The Herald tomorrow.

H. V. Crocker, fire chief who handles the firemen's welfare fund, and County Health Nurse Jewel Barton, expressed deep gratification at the fine response from local citizens.

Miss Barton directs the milk and ice distribution, to determine that these items go to families desperately in need.

There is no administrative cost to the program. Persons who wish to help close the fund may send their gifts to The Herald for acknowledgment. Make checks to the MILK AND ICE FUND.

Tito Convinced Reds Won't Hit In Near Future

By ALEX SINGLETON
SPLIT, Yugoslavia (AP)—Premier Marshal Tito said he is convinced the Soviets are not planning an attack on Yugoslavia in the near future.

If it does come, he warns, it will spark World War III.

In an interview with a group of visiting Norwegian newspapermen, released last night, the Yugoslav leader emphasized his nation would resist any attack.

"We are ready," he said. "Our people cannot be buffed."

Tito described the chances of such a Soviet move as a "constant and latent" but not "imminent" danger.

He reasoned that Soviet aggression would bring on a third world war because, he said, the West was aware that Russian conquest of his country would mean Russian domination of the Mediterranean lifeline to the East.

In his answers, Tito showed confidence in the strength of his regime despite the hostility of his Cominform neighbors and economic troubles stemming from one drought in 1950 and another this year.

He also made clear his reasons for believing the West would continue to send him military equipment.

The question of defense of Western Europe depends to a very large degree on Yugoslavia, no matter what the propagandists say," he declared.

"We are very conscious of this and know very well that it is not a matter of indifference to the West whether Yugoslavia or the Soviet Union is sitting on the Isonze (Yugoslavia's river boundary with Italy) and the Adriatic.

"If such a colossus (Russia) were on the Adriatic the Mediterranean would not belong to Western countries."

2 Arraigned On Bootleg Charges Here

Two men who were named on bootlegging charges Wednesday night were arraigned in County Court Thursday.

One pleaded guilty and received a \$100 fine plus costs and the other was released on \$500 bond.

The men were Daniel McCormick of Lubbock and Mike Moore of Big Spring. David Summers, who had been charged in June for transporting alcoholic beverages, was also fined \$100 and costs.

McCormick, who was released on bond, was charged with transporting liquor allegedly from Big Spring to Lubbock. He was stopped by Inspectors Marshall Smith and Kenneth Green who said he was in possession of 28 cases of beer, two lugs of whiskey and two lugs of wine.

Moore was charged with selling a fifth of whiskey about midnight Wednesday by Liquor Control Board officers, J. T. Morgan and C. B. Arnold said the sale was made to an undercover officer.

Adlai Is Happy Over 'Whistle-Stop' Tour

LOS ANGELES (AP)—Gov. Adlai Stevenson, cheered by his first try at whistle-stop speaking, prepared today to assault the Republicans in one of their favorite campaign fields — the question of corruption in government.

He says there are more important issues to be fought out in electing the next President.

However, he came into Los Angeles last night with the draft of a speech that will go into the issue. His campaign manager, Wilson Wyatt, said Stevenson will examine the question in a Town Hall appearance today.

The Democratic candidate is working on another key address for Thursday night. Aides indicated it will deal with his views on social security legislation.

Stevenson stirred a storm of applause — he looked a little surprised by it, himself — when he merely brushed the corruption charge in a back-platform talk at Bakersfield yesterday.

He said he was "tired of ill-

Should He Back Him?

are acts of patriotism. "No comment," was all Eisenhower would say when reporters asked him at Idlewild Airport yesterday whether he would back the controversial senator.

Eisenhower was returning from a 6,300-mile Midwest swing that he said convinced him the voters want a change from the Democratic administration in Washington.

He declared in Indianapolis he would ask the voters to support the Republican ticket from top to bottom in the interest of party responsibility "in every state I visit."

The general will leave Sunday on another Midwest campaign tour. The itinerary does not include Wisconsin.

He said at Denver on Aug. 22 that if McCarthy was renominated he would support him for re-election "as a member of the Republican organization." But he told newsmen he would not give blanket endorsement to anyone "who does anything I believe to be un-American in methods or procedures."

In Indianapolis on his latest tour, he gave his support to another senator to whom he had been cool. That was Sen. William E. Jenner of Indiana.

Like McCarthy, Jenner has bitterly attacked Gen. George C. Marshall, Eisenhower's wartime chief and mentor.

Eisenhower did not mention Jenner by name in his Indianapolis speech but called on Hoosier Republicans to "spare no effort" to send to Washington their candidates for senator (Jenner) and for the House of Representatives.

Still another factor entered into the Eisenhower camp's study of the McCarthy question.

Eisenhower intends to confer soon with Sen. Robert A. Taft of Ohio in an attempt to win active campaign support from the man he defeated for the GOP presidential nomination. Taft, who has said he wants to know more about the general's views, is an open supporter of McCarthy.

THE WEATHER
BIG SPRING AND VICINITY: Occasional showers or thunderstorms this afternoon, tonight and Friday. No important changes in temperature.
High today 80, low tonight 62, high tomorrow 82.
Highest temperature this date 102 in 1919; lowest this date 49 in 1948; maximum annual in 1923; this date 37 in 1922.
SMALL CLOUDS

County Fathers Consider Calling Of New Courthouse Bids
Members of the Commissioners Court this morning considered calling bids for County Courthouse furnishings. Date for calling the bids was set somewhere around October 16.
The firm of Puckett and French, architects, submitted preliminary plans for the floor furnishings to the commissioners for approval. The plans will be checked in a Monday meeting.
Water Consumption Drops On Wednesday
A brief drizzle and cloudy skies cut into Big Spring's water consumption Wednesday.
Using during the day were 3,717,000 gallons. That's about 1,000,000 less than the daily rate since the city first received its supply from the Colorado River Municipal Water District last Thursday.
19 Students Arrested
BOMBAY, India (AP)—The Hyderabad government has announced the arrest of 19 students and a member of the ruling Congress party on charges of beating up two Red leaders during an election campaign in the Telengana area last week. The 20, out on bail, filed cross charges against the Communists.

Deposits In Area Generally On Rise
Area deposits generally were up, statements of banks showed Wednesday in response to a call for condition of banks as of Sept. 5.
Although deposits were off slightly or about half a million, Midland still led the region with \$67,183,000 in its banks. Abilene had \$61,614,000 in its banks and San Angelo little more than \$54 million.
Other area figures showed Odessa banks with \$29,238,000, Big Spring \$26,337,000, Snyder \$18,875,000, Lamesa \$13,200,000, Sweetwater \$10,500,000, Colorado City \$7,162,000, Big Lake \$3,784,000, Roscoe \$3,158,000, Sterling City \$2,985,000, Loraine \$1,141,000.

AREA OIL Shallow Area In Northeastern Howard Gets Second Producer

A second shallow completion has been reported in the area opened in northeast Howard by Coronet No. 1 Brookage last month. In 7 1/2 hours Standard of Texas No. 1 Chester Jones flowed 76 barrels of low gravity oil. A south edger to the Hobo Field was struck in southeast Borden. It will be Amerasia No. 1 Blinle White. Another southeast Borden venture, Herring No. 1 Mack appeared due for plunging despite shows in the Ellenburger, which also showed sulphur water. No shows were logged in a core taken in a northeast offset to a southeast Glascock discovery in the Wichita Albany. Superior No. 13-596 Lanham in northeast Borden was preparing to take production tests in the Mississippi.

C. I. Herring No. 1 Mack, C SW SW 139-25, H&TC, was shut down at 8,480 in Ellenburger waiting on orders. Operator was seeking permissibility from all contributors to plug, but so far not all have given formal approval. The test free oil and sulphur water in the Ellenburger top. Amerasia No. 1 Blinle White will be a new location on the south side of the Hobo Field. It will be 1,980 from the west and 467 from the north lines of section 3-425, H&TC and is on a 906-acre lease. Projected depth is 7,500. The venture is a south offset to Standard of Texas No. 12-6-C Griffin, which topped the reef at 7,035 and had a flowing potential of 46 barrels of oil.

Dawson
Cities Service No. 1-B Laverett, C NW SW 3-4 Cunningham, was at 6,182 in lime. Standard and Chicago Corp. No. 1-4 Smith, C NE SE 2-H, EL&RR, drilled to 7,629 in sand. Texas Crude No. 2-95 Chassen, C SW SE 95-M, EL&RR, was at 5,835 in lime and shale.

Glasscock
Seaboard No. 1-A Bishop, C SW SW 29-32-56, T&P, 14 miles southeast of Garden City, cored from 6,125-79 with recovery of all lime with no shows of oil, gas or water. Operator has started another core at 6,179 and is coring ahead. This is a northeast offset to Seaboard No. 1 Bishop, which completed as a Wichita-Albany discovery.

Borden
Superior No. 13-536 Lanham, C SW SW 136-97, H&TC, in the Fluvanna pool, prepared to take potential at total depth of 8,212. It was plugged back to 8,185 when a joint of 7-inch pipe was lost. Superior No. 1-4598 Jordan, C SE SW 196-97, H&TC, drilled to 7,045 in lime and shale. Stephens No. 1 Bacon, C SE SE 49-25, H&TC, a mile northwest of the Hobo field, still awaited orders at 7,216 in lime. At that depth it had shown both oil and salt water.

Adm. Ingram Dies Wednesday

SAN DIEGO, Calif. (AP)—Retired Adm. Jonas Howard Ingram, commander of Allied forces in the South Atlantic during most of World War II, died last night at the age of 65. The admiral suffered a heart attack last month while serving as superintendent of summer schools at Culver Military Academy, Culver, Ind. He suffered a second attack Tuesday night. Adm. Ingram, Medal of Honor winner for service at Vera Cruz in 1914, also had a distinguished career in athletics. He played football at Annapolis and became head football coach at the Naval Academy in 1914 and held that job three years. He retired from the Navy in 1947 after 44 years' service. Survivors are his widow, Mrs. Jean Ingram; a son, William of Los Angeles, and a daughter, Mrs. Mary B. Hays, Quantico, Va.

\$300 Fine Levied On Charge Of DWI

Elias (Lee) Barrera pleaded guilty Wednesday in County Judge Walter Grice's court to charges of driving while intoxicated. He was fined \$300 and costs. Barrera was arrested by city police on Sept. 2 and charged on four counts—driving without a license, failure to stop for officers, leaving scene of accident and reckless driving. Charged in County Court, Barrera was released on \$500 bond previous to the trial.

MARKETS

WALL STREET
NEW YORK, Sept. 11 (AP)—The stock market was a bit higher today but trading was rather slow. There was an opening rush of overnight orders, but the tendency was to the upside. This solidified itself into a definite upward trend. The pace of business slowed to a walk. Railroads, non-ferrous metals, utilities and a few others did well in making fractional progress. Stocks were somewhat reactionary with prices unchanged to lower. Motors were quiet and steady. Bethlehem Steel started on a block of 3,300 shares of 1/4 at 49 1/2 and later traded at 49 1/2. American Telephone and Electric closed at 115 1/2. General Electric closed at 44 1/2. The largest block was 300 shares of Central Illinois Public Service at 20 1/2. Also advancing were Santa Fe, Nickel Plate, General Motors, Anacostia Copper, American Smelting, American Television, Public Service Electric & Gas, Dome Mines, Admetra Corp., Eastman Kodak and General Electric.

Mitchell
Cosden No. 1 Pearl Kincaid, et al, C SW NW 60-20, LaVaca, four miles northeast of Vincent, drilled to 1,550 in redbeds and shale.

Ex-Bookkeeper Fails To Make Bond On Charge
WASHINGTON (AP)—The mild-mannered former bookkeeper-business manager of the Boys Club of Washington was in jail today, unable to make a \$10,000 bond. James H. Kinsey, 52, sought since mid-August in connection with the disappearance of \$36,500 in Boys Club funds, had less than a dollar in change in his pockets when FBI agents captured him near his home here early yesterday.

Howard
Standard of Texas No. 1 Jones, 330 from south and 1,650 from the west lines section 59-20, LaVaca, swabbed and flowed 75 barrels of new oil in six hours from open hole 2,70-24, 311, the latter the plugged back depth, which had been treated with 2,000 gallons acid. Tubing was pulled and re-ran to 2,899 and the well kicked off without swabbing and made 76 barrels of new oil in 7 1/2 hours. This well gave a calculated 243 barrels of oil per day potential. Size of choke was not given, nor was the gravity. Coronet No. 1 Brookage, which discovered this shallow pay two miles east of Vincent, had 19-gravity oil and was called the San Angelo lime. Standard geologists, however, think that the section is probably the San Anthon.

Martin
Phillips No. 1-C Schar, section 324 LaSalle CSL, was moving in a rig. Total depth is 9,775. Gulf No. 1-P Glass, C SE NW 12-39-1n, T&P, drilled to 10,743 in lime and shale. Ryland and Zephyr Oil No. 1 Simpson, C NW SW 25-38-1n, T&P.

Quarterback Club Prepares Sendoff For HS Steers
The Big Spring Quarterback Club, a mushrooming organization, will seek to give the Big Spring Steers a rousing sendoff when the local gridder heads for Breckenridge and their first game of the season Friday morning. Officials of the newly-organized club are urging their members to meet at the high school at 8:30 a. m. Friday to cheer the athletes as they depart.

Jewish Immigrants Won't List Religion
WASHINGTON (AP)—The State Department has no plan to require Jewish immigrants to list themselves as Jews, Rep. Frances P. Bolton (R-Ohio) said today. She made public a State Department reply to her protest last August against any such plan. At that time Mrs. Bolton quoted press reports that the department planned such a requirement in new visa forms under the immigration law passed by the last Congress.

Reds Again Protest UN Prison Handling
MUNSAN, Korea (AP)—The chief Communist truce negotiator today said the U. N. "persecuted to death" a Red prisoner found hanging by the neck in Koje Island Prison Camp. North Korean Gen. Nam II has followed up each recent U. N. disclosure of Red prisoner deaths with such a protest to the U. N. Command.

Man Pleads Guilty To Assault Charge
A. E. Baker pleaded guilty to charges of aggravated assault in County Court Wednesday and was given a 15-day jail sentence. He was arrested in the early morning hours Wednesday by Deputy Sheriff Dub Weatherford, who had been called by neighbors, Baker being charged with beating his wife and chasing her with a shotgun to a neighbor's house.

Civilians On Cruise With U.S. Missouri
NORFOLK, Va. (AP)—A 13-day cruise aboard the battleship Missouri awaited 20 civilians today as part of the Navy's program to service the public informed of the service's defense operations and purposes. The civilians, guests of the secretary of the Navy, were scheduled to be aboard when the Missouri pulled out today at noon for Long Beach, Calif. After putting the civilians ashore at Long Beach, the "Mighty Mo" will continue on to "classified" destinations.

FLOOD STRIKES
(Continued From Page 1)
by San Patricio County, reported an eight-inch downpour with streets flooded and water entering some business houses. Flood warnings were issued for low lying areas along the Aransas and Mission Rivers in South Texas. The hill country, blanketed by heavy rains since Tuesday, watched as the clouds continued to spill moisture Thursday. Frank Wilson, of Radio Station KGNB, New Braunfels, said the local National Guard battery was ralled out about 4:30 p. m. Thursday. Already, 15 tourist cabins had been swept down the Guadalupe River at New Braunfels, and an estimated 30 families, forced from their homes in the immediate area, were being housed in the Comal County jail. Wilton said a Missouri-Kansas-Texas passenger train was stranded at nearby Solms by high water at mid-morning. He said Blanco reported 23 inches of rain since Tuesday morning with the bridge on the Blanco River in Blanco washed out. Schools in New Braunfels and

Harry Does Not Know Of Tax Pressure

WASHINGTON, Sept. 11 (AP)—President Truman said today he does not know of any pressure from the White House that was ever put on T. Lamar Caudle when Caudle was the Justice Department's top tax prosecutor. Truman was told at his news conference that there were reports Caudle had spoken of pressure he was under while assistant attorney general in charge of tax fraud prosecutions. A reporter asked whether the President knew of any pressure from the White House on Caudle. Truman said tersely he did not. Caudle has been testifying intermittently for the past 10 days before a House committee investigating the Justice Department. The hearings have been held behind closed doors and there has been some conflict in reports as to what he has said. Members of the House committee agreed, when talking with reporters on Monday, that Caudle had testified that government officials had tried on occasion to influence his decisions in tax matters. He was quoted as saying "more than normal" pressure was put on him. Rep. Keating (R-NY) told reporters: "There is evidence of pressure having been brought by those in the White House on Caudle." But Rep. Chelf (D-KY), chairman of the judiciary subcommittee, disagreed. He said he had not interpreted Caudle's testimony as implicating any member of the White House staff. Both Keating and Chelf agreed that Caudle had testified that Truman never called him about a case directly.

Spaak Heads Europe Body
STRASBOURG, France (AP)—Paul Henri Spaak of Belgium, veteran president officer of many international gatherings, was elected first president of the Schuman Plan's General Assembly today. Spaak, leader of Belgium's Socialist party, won a 38-30 first ballot victory over Heinrich von Brentano of West Germany in the contest to pick an assembly chief for the West European coal-steel merger. The assembly began its inaugural session yesterday in Strasbourg's Maison de l'Europe (House of Europe). Reliable reports said during lengthy backstage discussions that preceded the ballot, French spokesmen protested that the election of a German as president of the Schuman Plan's power house would have an unfavorable effect on French public opinion.

India And Pakistan Disagree On Kashmir
GENEVA, Switzerland (AP)—India and Pakistan wound up at odds on the Kashmir dispute last night after two weeks of talks under United Nations auspices. The next step is for the delegates to report back to their governments. Main point of contention was the demilitarizing of Kashmir pending the allegiance of disputed regions of the state. The Security Council first set up a commission of mediation in 1948.

No Verdict Reached In Case On Assault

The jury in the Ernest Barnes aggravated assault case could not agree on a decision in County Court Wednesday, and the case was dismissed until a later date. The hung jury deliberated for approximately five hours before H. J. Agee, foreman, reported that they could not agree. Besides Agee, jurors were Jeff Painter, William R. Banks, T. R. Fields, R. C. Bennett and J. E. Norris. Barnes was charged with hitting, molesting and stomping Al Stevenson, local sign advertising man, in the Interstate Cafe on August 15. The trial lasted all day Tuesday and Wednesday morning. County Judge Walter Grice gave the charge to the jury around 11:15 a. m. Wednesday. Jurymen deliberated until after 4 p. m. Stevenson testified that Barnes attacked him without provocation. However, the defense witness, Mrs. Helen Walcott, testified that Stevenson after Barnes had first assaulted him, attacked Barnes. Because of conflicting testimony the jury could not decide whether or not Barnes was guilty of aggravated assault or simple assault. Without provocation, the offense had to be simple assault. County Attorney Hartman Hooser prosecuted the case, and Attorney George Thomas was the defense lawyer.

Stevenson Returns To His Birthplace

LOS ANGELES (AP)—Gov. Adlai Stevenson returns to his birthplace today and he may be hard put to recognize the old hometown. It's now a booming hub. The two-story frame house on one fashionable Monmouth Avenue has provided quarters for elderly ladies, college students and workers since 1932. The large rooms through which Adlai romped for the first six years of his life have been partitioned. The structure now has 13 rooms and there's an extra house built on the back of the 60 x 150 foot lot. More over, the place — called "The Grange" — is owned and run by registered Republicans. Mrs. H. Isabelle Langdon, a transplanted New Yorker, is the owner, but she's vacationing. The cleanup chores thus fell to her brother Maurice Mott, and a sister, Bertha Mott. Mott wore a Stevenson button on his shirt as he swept the front porch and watered the front lawn. "But I got an Ike button on my coat," he said. "I haven't decided how I'm going to vote yet." Miss Mott paused in her dusting chores long enough to say: "Stevenson may get my vote if he likes the glass of water I give him." Mrs. Langdon and the Mott family have run the rooming house, one of many such establishments in the neighborhood, for 20 years. The place changed hands several times between 1906, when the Stevensons moved to Illinois, and 1932, when the Motts bought it. Bebe Daniels, the movie star, owned it for a while during the '20s, Mott said. Adlai was born in a big bay-windowed bedroom on Feb. 5, 1900. His father, Lewis G. Stevenson, was then managing Hearst mining interests in Arizona. Later he be-

Men In Service

Don E. Medlin, Big Spring, has enlisted in the Army for a three-year hitch, Pfc. A. M. Burt, local recruiting officer, reported today. Medlin has been sent to Fort Sill, Okla., for basic training. Formerly, he was employed by the G&W Well Service Company as a heavy equipment operator. William H. Montgomery, son of Mr. and Mrs. B. H. Montgomery, 804 Aylford, enlisted in the Air Force Wednesday for a period of four years. Sgt. A. M. Burt, local recruiter, said that Montgomery would take basic training at Lackland Air Force Base and then be shipped to a technical school. Montgomery is a graduate of Big Spring High School and attended Abilene Christian College for three years. He also attended Howard County Junior College.

TITO
(Continued From Page 1)
tries any more. That is the least of what would happen. I am convinced the West is aware of this." Among his other answers, Tito said these points: 1. Yugoslavia could defend herself successfully against any attack by one of the Soviet satellites. A general assault with Russian backing would be a different matter, but the Yugoslav leader said he did not expect this. 2. Yugoslavia needs more military equipment from the United States, especially jet planes, heavy armor and such special devices as radar. 3. Present and future-scheduled talks among Yugoslav, Greek and Turkish military leaders are only "the first step" toward co-operative defense measures. "There is much common ground where we can and must co-operate," he said, but formal pacts are unnecessary. 4. The effects of this summer's severe drought will not be as serious as those which followed the 1950 disaster. 5. Yugoslavia will not give up her claims on Trieste, the strategic Adriatic seaport which is the subject of a bitter dispute between this country and Italy. 6. There are "tremendous" differences between communism as practiced in Russia and in Yugoslavia. "What they have in Russia is not communism at all. They have deviated from the road of building up socialism to the road of state capitalism. They have no democracy while we are developing genuine socialist democracy."

8 Dead After Rains

TOKYO (AP)—Eight persons died and six were injured today when heavy rains collapsed and flooded houses in the Nagasaki vicinity, Kyodo News Agency reported.

Soviet Releases Two Britons As 3 Still Missing

BERLIN (AP)—Two British Army officers arrested in the Russian sector of Berlin were released today by Soviet authorities but three still was no word of three other Britons missing on an automobile trip to West Germany. A British Army spokesman said the two officers, who had been arrested yesterday apparently while sightseeing in Soviet Berlin, were turned over to a British liaison team at Soviet headquarters in Karlsruh. There apparently was no connection between their case and the other three missing Britons, who started from the Western sectors of the Red-enclaved city to drive along the autobahn to West Germany. Late last night the three, all enlisted men, still had not reached the Soviet-British checkpoint at Helmsdorf, about 100 miles west of Berlin. The British commandeer here disclosed he had written to Russian authorities regarding the whereabouts of the soldiers. Meanwhile, the Russians again lifted their ban, at least temporarily, on U. S. military police patrols using a stretch of the autobahn to drive from West Berlin to an American sector checkpoint.

Lester Roloff Leads Revival At 16th, Nolan

Evangelist Lester Roloff will preach on what the scripture has to say about "Grass Hunters and Rain Makers" tonight at 7:30 in the tent revival being held at 16th and Nolan Streets.

The huge 180 by 60 foot tent was three-fourths filled last night as Evangelist Roloff preached the opening sermon for the revival. He predicts that it will be filled to capacity by Sunday night.

A street service has been scheduled for Saturday at 3 p. m. at Third and Main by the evangelist workers. Rev. Roloff is hopeful of a large crowd at the service.

Two services are held daily in the revival tent. A meeting is held each morning at 7 and the hour sermon is broadcast. A break is taken at 7:45 a. m. to allow people to go to work. Another service is held at 7:30 p. m.

In addition to his regular evangelistic duties, Rev. Roloff will next week visit the city schools and talk at service club meetings. The slogan of the evangelist is "Christ Is The Answer," but his theme while here will be "To Make Big Spring Better."

The huge tent has benches for the congregation, with a raised platform for the evangelist and a choir. An organ and piano has been installed in the tent.

Burl Haynie is general chairman of the local revival. Sponsors are the Rev. Warren Stowe, Alport Baptist Church; Rev. P. D. O'Brien, First Baptist Church; Rev. Carlos McLeod, Northside Baptist Church; Rev. Maple Avery, East Fourth Street Baptist Church; Rev. Virgil James, Hillcrest Mission; Rev. Cecil C. Rhodes, Westside Baptist Church; and Rev. Edward Welsh, Phillips Memorial Baptist Church.

Riding

THE GRUB LINE With Franklin Reynolds

Dale Carter, district field officer for the PMA, gave some figures on the cost of the hay included in the drought disaster emergency program while he was in Big Spring yesterday.

The hay priced at \$36.00 delivered here cost the PMA \$24.00 in Wisconsin, Minnesota and Iowa. The mixed hay that sells for \$32.00 costs \$22.00 and the grass hay that sells for \$28.00 costs \$18.00.

Since the hay is being shipped from many different points to many different destinations in Texas it is impossible, as Carter pointed out, to give accurate figures on freight from the many points of shipment to the many destinations. However, some idea of transportation costs may be gotten from this: Freight on a ton of hay from some of the shipping points to Abilene runs approximately \$17.50 a ton. The government is absorbing all costs above the cost of the hay plus that part of the freight paid by the buyer.

The amount of funds that will be available in the various counties for assistance in approved practices in the Agricultural Conservation Program will not be announced until shortly before December 1, according to Carter, who said this was the best information he had been able to get. He said funds for the 1953 practices will be less than for the 1952 practices. He estimates that approximately 90 per cent as much will be available for 1953 as was available this year.

A change in operational procedure requires all farmers and ranchers to make application for assistance for 1953 practices through their community PMA committee and not at the county PMA office as heretofore. And this must be done before December 1.

The point was raised in the meeting here yesterday: "What are we going to have to do about the farmers who have been forced to leave their farms because of the drought and go elsewhere and get jobs? How are we going to contact them?"

The responsibility is all on the part of the farmer no matter where he may have gone or what he may be doing, according to an interpretation of the regulations. So if you know of a farmer who wants 1953 assistance and who has gone off to work on a job in Arkansas or Oklahoma or Corpus Christi or some other place, you will be doing that fellow a favor if you will write and tell him that he must contact his community PMA committee. If he had left the farm and gone elsewhere for any reason at all the community committeemen are not under any obligation to hunt him up and get his application signed.

A school for training these community committeemen for this work will be held at an early date in each county. They will be paid \$6.00 per day while attending this school and once they get into the work they will be paid \$1.00 per hour but will not be allowed to work more than eight hours a day. The estimated schedule provides they shall contact one farmer every hour they are at work. There is a limit on the funds that may be spent for this purpose. Howard County's share of funds for this work is \$933.12 which is based on an estimate of \$1.08 for each farmer. The eight cents is expected to be enough to take care

WM. R. DAWES

Dawes Is Sales Supervisor For Insurance Firm

William R. Dawes, formerly Big Spring agent for Southwestern Life Insurance Company, has been appointed sales and training supervisor for the company's Abilene and Angelo territories.

New duties will include supervision of agent activities throughout the two districts. Dawes also will assist with training programs for insurance men. He will continue to reside in Big Spring with offices in the Settles Hotel with Walter Stroup, Big Spring agent for the company.

Dawes had been many years in the teaching and institutional management fields when he signed an agent's contract with Southwestern Life in January, 1951. His production in life insurance has been outstanding and has earned him membership in the Southwestern Top Club, organization for the company's top agents.

A resident of Big Spring for 26 of his 43 years, Dawes received his education at West Texas State and at the University of Michigan. He has both Bachelor's and Master's degrees.

Seven Gotham Teachers Won't Tell If They Have Been Reds

NEW YORK (AP)—Seven New York City public school teachers refused yesterday to tell Senate probes whether they ever had been members of the Communist party.

Each of the seven invoked the Fifth Amendment to the Federal Constitution, which protects an individual from being forced to testify against himself.

Sen. Homer Ferguson (R-Mich.), head of a Senate Internal Security Subcommittee investigating communism in the nation's schools, said: "On that ground, I will recognize your right not to answer that question."

Ferguson recessed the two-day public hearings here without setting a future date, but added: "This does not mean that we have closed this matter. We have received evidence that the board of education is taking certain steps. We can recess and allow it to make its investigations."

The seven teachers, of 10 subpoenaed to appear yesterday, were:

Henry F. Mins Jr., an English instructor at New Utrecht High School, Brooklyn; Leonard Koegel, a substitute teacher residing in Queens; Lou Spindell, health education instructor at Straubennulter Textile High School, Manhattan; Mrs. Mary Gold Danman, teacher at Public School 107 in the Bronx; and Louis Cohen, English instructor at William Howard Taft High School in the Bronx.

The three others, who failed to answer their subpoenas — apparently with legitimate excuses — were: Harold Collins, who formerly taught at Ft. Hamilton High School; Florence Waks of Manhattan, and Mrs. Helen Mins Robbins, English instructor at Morris High School in the Bronx.

The three will be subpoenaed for examination when the committee resumes hearings here. Case, one of the teachers to testify, told the committee: "Right now, if you went into the whole school system, you would find the teachers of New York are

scared stiff today, watching this committee, and because of that are afraid to go back and exercise their rights in the typical American manner."

"Because of inquisitions such as this, the teachers are scared and are not doing their jobs. I would like you to come into our school system and see what's going on. The kids no longer are encouraged to use their own minds. They keep quiet on subjects such as Korea, the atomic bomb and the Soviet Union."

Case was asked, "In your opinion did the North Koreans attack the South Koreans?" Case replied, "I wasn't there." The witness said a war between Soviet Russia and the U. S. would "mark the end of civilization." But he said he would defend America if any one attacked it.

The city board of education said it will start disciplinary action against the Senate committee's witnesses and an unspecified number of other teachers.

Factory Worker's Pay Check Rises

DALLAS, Sept. 11 (AP)—The average pay of factory production workers in Texas reached \$64.83 a week during July—up \$1.11 from June, the Texas Employment Commission reported yesterday.

Individual plant wage increases, plus overtime pay, accounted for the increase, said TEC. Average hourly earnings jumped 8 cents in the transportation equipment industry to reach \$1.85, the state's largest increase. It was based on a 14-cent hourly boost at one time of the state's huge aircraft plants, plus considerable overtime pay at a large shipyard.

Chemical workers' and public utilities workers' average hourly earnings increased 5 cents each, while those in the paper and allied products industry dropped 3 cents.

Workers producing crude petroleum products continued to receive the highest average weekly pay—\$94—among factory employees. They were working an average of 47 hours a week. The TEC report said that among factory employees apparel and fabric products workers received the smallest average weekly pay—\$36.19.

Big Spring (Texas) Herald, Sept. 1952

Local Girl Is Listed On Reception Group At Wayland Ceremony

Miss Wanda Lawson, daughter of Mr. and Mrs. C. D. Lawson, of Big Spring, will be on the reception committee at dedicatory ceremonies of the new Agnes Mays Dormitory at Wayland College at 3 p. m. Sunday.

Miss Lawson is one of 33 girls to be assigned to the new dormitory. A gift of Mr. and Mrs. W. A. Mays of Amarillo, the new structure is a two-story brick veneer with modified colonial architecture.

Dr. Carl E. Bates, Amarillo Baptist pastor, will make the dedicatory speech, and President J. W. Marshall will accept the gift from Mr. and Mrs. Mays. Wayland's International A Cappella Choir will sing.

We should plan as diligently to gain possession of our spiritual inheritance. We must extend ourselves and use every strategy, and all courage and faith to possess our spiritual heritage. Indifference will not attain it. "Then ye shall rise up from the ambush and seize upon the city." Joshua 8:7. Job 4:5.

Political Campaign Contributing Some Interesting Word Usage

Both the Webster's New International and Webster's New Collegiate dictionaries ignore "snollygoster" with lordly disdain, even among the footnotes; but we learn from the Washington Bureau of the Christian Science Monitor that the Oxford Dictionary of American English attributes it to Southern origin, circa 1862.

reclaima in describing the autumn season around the Pentagon when the secretary states "trimming down Army, Navy and Air Force budgets. The word was imported from the Philippines and means "gripe." (Not to be confused, we suppose, with the French "reclame," meaning publicity, or love of the same.)

Wisconsin Results May Indicate A Lot More Than Main Election

Candidates have a lot to think about, and one of their most difficult tasks is to avoid saying anything on Monday that by the force of circumstance might furnish ammunition to the opposition on Tuesday.

the total vote. Against her new colleague, the Democrats mustered 41 per cent.

Latin American Music To Be Program Theme

Mrs. Harold Talbot presided at the first meeting of the season for the Music Study Club Wednesday afternoon in the home of Mrs. C. E. Talbot, 406 Washington Blvd. Plans were made to have a musical program to the November meeting of the Stanton Music Club. "Latin American Music" will be the program theme for the year. It was announced by Mrs. Bill Griese, program chairman. Other members of her committee who have worked up the programs are Mrs. Fred Beckham and Mrs. Omar Pitman. Edith Gay was appointed new

corresponding secretary, and the constitution was read by Mrs. Nell Frazier, parliamentarian. Mrs. J. E. Hardesty requested anyone who has musical talent to volunteer to assist with Sunday music at the VA Hospital. Mrs. Hardesty is in charge of Sunday music at the hospital for the next nine months. At the next meeting in the home of Mrs. Omar Pitman, the theme will be "Music of Cuba." Refreshments were served to 16 members.

Careful Planning Makes Furniture Budget Go Far

Couples endeavoring to furnish a new home on a modest budget could take heart after viewing the model home where Town and Country home furnishings store has held open house for two week ends. The home, furnished on a modest budget, was complete with furniture for the living room, bedroom, children's room and equipment for the kitchen-dinette, all of quality materials and fabrics, for less than \$1,500.

The pictures, prints of water colors and oils, have blonde wood frames, some mounted against natural straw mats. Furniture in the front bedroom includes beds with bookcase headboard, a double dresser, nightstand, slipper chair, and floor lamp. In the children's bedroom the furniture is maple, the floor covered with rush square carpeting, and the windows draped with brown matchstick bamboo blinds. The kitchen equipment includes a refrigerator, range and 5-piece dinette. Everything in the kitchen, with the exception of the two appliances is green, ranging from the dark green of the asphalt tile floor, the medium green dinette set to the greyed green of the cabinets, walls, woodwork and tiled splashboard. The bathroom is tiled in brown with yellow trim.

Greens, browns and yellows, with an accent color of deep coral were used in the decorating scheme. The same wall-to-wall carpeting in a shade of green covers the floors in living and front bedrooms, where the walls and woodwork are painted sage green. Blinds furniture has been used in these two rooms. The sofa and chairs are covered with a brown-toned cotton tweed and the draperies are a very dark

Mrs. Furse Entertains Club; P-TA Has Executive Meeting

FORSAN, (Sp1) — Mrs. Dan Furse gave a demonstration on removing varnish on furniture when the Forsan Home Demonstration Club met in her home Monday afternoon.

Hostesses were Mrs. J. R. Asbury and Mrs. D. M. Bardwell. Games were played and punch and cookies were served.

Mrs. Eugenia Toland, county agent will meet with the group next Monday in Mrs. Furse's home to demonstrate furniture refinishing.

Spending the past week end in San Angelo were Mr. and Mrs. A. D. Barton, Mr. and Mrs. W. O. Averett and Sue, Mr. and Mrs. J. D. Dempsey and Travis and Mr. and Mrs. John Sweeney and family.

The group worked on the budget and projects for the year. Fifteen attended.

Hospitalized at Malone & Hogan Clinic-Hospital in Big Spring during the week were Cheryl Ann Moore, Mrs. Wiley Barnes and Mrs. R. L. Shelton.

Mrs. J. R. Asbury presided at the executive meeting of the P-TA Monday afternoon.

Mrs. Buri Griffith is a patient at Cooper Clinic & Hospital in Big Spring.

Mr. and Mrs. Howard Swain and children spent the week end in Lubbock.

Mr. and Mrs. Don McAdams of San Angelo visited in Forsan and Big Spring over the week end.

Mrs. Hugh L. Tuck and daughter, Susan Lea, were dismissed Tuesday from Cooper Clinic & Hospital in Big Spring, where Susan Lea was born last week. The baby weighed six pounds, seven ounces.

Mr. and Mrs. C. C. Bell are in Marlin.

Mr. and Mrs. Jack McCall and Dorothy have as their guests, Mr. and Mrs. Harold Idelman, Shirley Sue and Glen of Hobbs, N. M.

Elbow Club Has Meeting

Mrs. Edward Low gave a demonstration on refinishing furniture when the Elbow Home Demonstration Club met Wednesday afternoon at the school cafeteria.

Mrs. Low told the group of a formula for mixing paint remover and she used the liquid in her demonstration.

Mrs. T. M. Dunagan reported on the state THDA meeting she attended in Kingsville recently.

Mrs. Low was hostess for the meeting and Mrs. John Coleman and Mrs. New King were guests. Twelve members also attended.

The next meeting will be held Sept. 24 in the home of Mrs. Rexie Caudle with Mrs. R. P. Morton as co-hostess.

Be Sure To Have Proper Light On Reading Material

Outdoors, on a brilliant day, there are approximately ten thousand footcandles of light, say experts. A footcandle is a unit of light measurement that is equal to the amount of light from a candle that falls on a surface one foot away. If you decide to read in the shade of a tree, the light meter might show that you have one thousand footcandles of light on the page of your book. If you move to a shady porch, illumination will drop to five hundred footcandles. If you read near a window indoors, you'll have only two hundred footcandles. If you read after dinner you are likely to have only three to five footcandles of light. They eyes need a minimum of twenty to thirty footcandles of light for reading or close work. After ceilings are painted in fresh, clean paint, for proper light reflection, ask your electric company to check the footcandles of light in your rooms to make sure that you are safeguarding your eyes.

MRS. FRANK S. GOODMAN

Frank Goodmans Are On Trip To Mexico

Mr. and Mrs. Frank S. Goodman are on a wedding trip to El Paso and Mexico City following their marriage Saturday in Lovington, N. M.

The bride is the former Jodie Nations, daughter of Mr. and Mrs. C. C. Nations of Big Spring. Parents of the bridegroom are Mr. and Mrs. O. A. Goodman Sr.

The Rev. Wilson Alkens, pastor, performed the single ring ceremony at the Hillcrest Baptist Church.

Gene Long served as best man. Upon their return from their honeymoon, the couple will make their home here. The bride is employed by Southwestern Bell Telephone Co. and her husband is employed at Cosden Petroleum Corp.

The bride wore a street-length white silk shantung suit with a deep rose mesh cloche surrounded by a coronet of rhinestones and roses. Her other accessories were black patent and she wore rhinestone earrings and necklace.

She was attended by Nell Thornton of Big Spring who was attired in a beige silk shantung two-piece dress trimmed in brown. She chose matching accessories.

MENU FOR TOMORROW

FRIDAY FARE
Tomato and Corn Soup
Crisp Crackers
Shrimp Salad Rolls*
Baked Apples
Beverage
(Recipe for Starred Dish Follows)
SHRIMP SALAD ROLLS
Ingredients: 1 1/2 cups chopped cooked shrimp, 1/4 cup chopped celery, 1 tablespoon chopped green pepper, 2 tablespoons salad dressing, salt and freshly-ground pepper, finely grated onion, 6 finger rolls, small lettuce cups, green olives.
Method: Mix shrimp, celery, green pepper and salad dressing. Add salt, pepper and grated onion to taste. Split finger rolls and place on 6 individual salad plates; fill with shrimp mixture. Garnish with small lettuce cups filled with olives. Makes 6 servings.

Study Club Meets With Mrs. Boykin

Mrs. James Johnson presented the program at the first meeting of the club year of the Child Study Club in the home of Mrs. Ross Boykin Wednesday afternoon.

Mrs. R. C. Thomas was co-hostess. Mrs. Johnson read "A Letter to my Husband 10 Years From Now" and discussed an article on teenagers.

Mrs. W. C. Foster, president, named committees to assist with the "Follies of 1952."

The resignation of Mrs. Bill Neal was accepted and Mrs. R. E. McClure was elected secretary to fill the vacancy created by the resignation.

Mrs. Jimmy Jones and Mrs. McClure were welcomed as new members. Fifteen attended.

Mu Zeta Chapter Hears Program On Love At Meeting

Betty Ray Clifton had charge of the program on "Love, the Higher Ideal," at the meeting of the Mu Zeta Chapter of Beta Sigma Phi recently in the home of Margaret Roberts.

Jessie Bell, president, reported on the work of the program committee. She outlined plans for the yearbook and the social activities for the year.

Rush party plans were also discussed by the nine attending.

Refinishing Of Old Furniture Shown To HD Clubwomen

Mrs. O. D. Engle and Mrs. J. F. Skalky gave a demonstration on refinishing old furniture when the Fairview Home Demonstration Club met recently in the home of Mrs. W. A. Langley.

Mrs. Engle presided and attending were nine members and three visitors.

The next meeting will be Sept. 18 in the home of Mrs. J. W. Wooten, 500 Gollad.

Girl Scouts Make Plans For Campfire

A campfire to be held Thursday, Sept. 11, was planned at the Tuesday meeting of the Girl Scout Leaders Club in the Little House. All parents are urged to attend this special service.

Other business at the meeting included the election of two new officers. They are Mrs. Vera Dell Anderson of Coahoma, secretary, and Mrs. Jacqueline Wilson, reporter.

Announcement was made that a basic training course for leaders will be held Sept. 30, Oct. 2 and 3 from 9:30 a.m. to 3:30 p.m. at the Little House.

Kirbys Are Hosts To Double Six Club

Mr. and Mrs. Milton Kirby were hosts Tuesday evening at their home, 1107 E. 4th, to members of the Double Six "42" Club.

Mrs. Neal Bryant and Milton Brown won high score, and Mrs. John E. Brown and Milton Kirby were low. Mr. and Mrs. Bryant were visitors.

The next meeting will be Oct. 2 in the home of Mr. and Mrs. Floyd Smart, 702 Tulsa Rd.

Wrap Pastry Dough

Have trouble with crumbly pastry dough? You needn't if you wrap the dough in wax paper, press together and then let stand in the paper for about 10 minutes. This allows time for the moisture to become more evenly distributed through the dough.

P-TA Group Accepts Program For Year

"Strengthening Our Faith in Our Congress Platform of Service" will be the year's program theme for the East Ward School P-TA. It was decided Wednesday when the group held an executive meeting.

September's program will be on "Appreciating Our Neighbor" and other programs include "Faith In Our Schools," October; "The Blessings In Every Home," November; "Lead, Kindly Light," December; "My Hometown," January; "We Believe In Our Community," February; "The Good World," March; "The World on Our Hearstone," April; "It's Good to Be an American," May.

Officers for the year are Mrs. A. C. Kloven, president; Mrs. J. R. Bowerman, vice president; Mrs. Marvina Parkhill, treasurer, and Mrs. Eldon Appleton, secretary.

Committee chairmen named include Mrs. Bowerman, program; Mrs. W. C. Bell, membership; Mrs. Charles Herring Jr., budget and finance; Mrs. Bill Gage, publications; Mrs. Ray Cantrell, pub-

licity; Mrs. Vergil Smedley, radio; Mrs. V. R. Cook, spiritual life; Neal Cummings, historian; Mrs. S. W. Suther and Mrs. R. M. Stroup, hospitalarian; M. R. Turner, parliamentarian; Mrs. Joe Thurman, goals; Mrs. Nathan Stallcup, safety; Mrs. L. E. Burks, room mother chairman; Mrs. Frank Neill, education for family living; Charles Hadderton, legislative.

The first regular meeting of the unit was to have been held this afternoon at 3:30.

Mrs. Overman Leads Study At Meeting

Mrs. C. W. Overman conducted the mission study from the book, "Stewardship on the Life of Women" at the meeting Tuesday of the Hillcrest Baptist WMS.

Mrs. J. T. Grantham and Mrs. J. W. Arnett offered prayer. Plans for the week of prayer observance were discussed. Next week's meeting will be a Bible study.

Washington Place P-TA Hears Talk By Baptist Pastor

The Rev. James Parks, pastor of Baptist Temple Church, spoke on "Appreciating Your Neighbor" at the recent meeting of the Washington Place P-TA at the school.

Mrs. W. C. Foster gave the devotional on "A Righteous Heart," and during a business session a bicycle safety program was discussed.

During a social hour P-TA officers and Principal John B. Hardy were introduced and refreshments were served to 150 adults and a number of children.

Longhorns Leave For Breck Game At 9 O'clock Friday

Season's Debut Only Hours Away

Carl Coleman, head football coach at Big Spring High School, has named his probable starters for the Breckenridge game, which will be played in Breck Friday night.

Offensively, Coleman will use Bobby Hayworth at quarterback, Doyle Maynard and J. C. Armistead at halfbacks, and Billy Martin at full. Raymond Gilstrap and Wayne Medlin at ends, Louis Stipp and Carlisle Robinson at tackles, Paschal Odum and Jackie Milam at guards and Norman Dudley at center.

When Breck has the ball, it will be Don Reynolds, Raymond Gilstrap, John Suter, Jimmy Ellison, Jimmy Porter and Dudley up front and Jerry Cook, Don Swinney, Carlisle Robinson and Buddy Cosby manning the secondary posts.

Gilstrap, Robinson and Cosby will serve as line backers and operate as part of Big Spring's aerial defense.

Breckenridge is being picked by many to repeat as State AAA champions.

However, the Buckies have changed coaches and lost several key men, including Donald Robbins, star end; a couple of tackles and four part-time regular backs, including Ronald Dobbins, a 156-pounder, who was very instrumental in Breck's surge to the state crown in 1951.

Back is the great passer, Kenny Ford, brother of HSU's famed John (Model-T) Ford. Ford will mastermind the Buckie attack and try to demoralize the Steer defense with his aerial bombs.

Such lads as Frank Long Robert Angel, Ted Scott, Brick Johnson, Donald Mack Richardson, James Hollis, Nugent Reid, Bill Dorsey, Billy Earley, Charley Fox and Roger Brown are due to see lots of action for Big Spring.

The Steers will leave the local high school in a special bus at about 9 a. m. Friday. They expect to arrive in Breckenridge about 1 a. m.

This is probably the most important opening night game ever arranged by local coaches. Usually, first tests are booked against teams considered "warm-ups" but Coach Coleman and his aides figured the locals, if they ever are to compete successfully against the gridiron giants again, must play them. It's the best way to learn how to play championship football, Coleman reasons.

The Longhorns have been hard at it all week, working for this one. The scrimmage against Colorado City last week end seems to have helped them a lot, too. They've had only eight working days in which to get ready for Breck but haven't wasted a minute of the time.

Dallas Is Tops In Attendance

DALLAS, Sept. 11 (AP)—Dallas led the Texas League in three ways this season—it was first in the full season route, first in home attendance with 266,532 and first in attendance on the road with 193,833.

Dallas was the only city to show over 200,000 in home attendance. Four other clubs, however, were up over last season. They were Fort Worth, Oklahoma City, Tulsa and Shreveport. The latter more than doubled its 1951 attendance with 153,127.

The league as a whole drew 1,309,218, a decrease of 36,053 from last year. Houston had the biggest loss. The Buffs drew only 195,248 this year compared to 333,201 last season. San Antonio was down 70,576 with 110,001 and Beaumont was off 8,176 with 101,717.

However, Beaumont was the second-best drawing club on the road. The Roughnecks showed 180,808 playing in the other cities. Fort Worth drew 164,166, Houston 157,767, Shreveport 150,431, Oklahoma City 147,661 and Tulsa 146,939.

Dallas gained 38,269 over last year, Oklahoma City 37,791, Tulsa 7,157 and Fort Worth 20,283.

Rain Causes Delay

FT. HOOD, Sept. 11 (AP)—Rain permitting, the Fourth Army Baseball Tournament will continue today. Play has been postponed for two days because of the weather.

Five Pilots In Texas Loop Still Not Sure Of Posts

DALLAS, Sept. 11 (AP)—Three Texas League managers have been given new contracts for 1953 but the status of the other five hasn't been revealed.

Detour, Road Blocked

That's the message two of Big Spring High School's hettler linemen, pictured above, will try to pass on to the opposition this fall. They are, left to right, Raymond Gilstrap, end and linebacker, and Bill Dorsey, guard. Gilstrap weighs 170, Dorsey 175.

TEAMS HARD AT WORK

Five Southwest Conference Clubs Open Play Sept. 20

By The Associated Press

Southwest Conference football squads increased the tempo of workouts today as opening games for five of the seven conference members neared.

All except Rice and Southern Methodist open the season Sept. 20 with non-conference opposition. Texas A&M plays the University of Houston at Houston. Baylor takes on Wake Forest at Waco, Texas. Christian plays Kansas at Lawrence, Arkansas meets Oklahoma A&M at Little Rock, and Texas plays Louisiana State at Baton Rouge.

And you could tell the boys were thinking about it as mid-week drills continued today.

The Texas Aggies held their hardest scrimmage of the season at College Station with three units working for two hours against defensive outfits. A regular game scrimmage is set for Saturday as the Aggies get ready for Houston.

Ray Graves, recovered from a first-week injury, electrified watchers yesterday as he lateralized to Ray Haas for 5 yards and a touchdown.

At Austin, Coach Ed Price's Texas Longhorns went through an hour and a half game-condition scrimmage. Veteran Fullback Richard Ochoa was the leading ground gainer for the Steers with 58 yards in 12 carries. Jimmy Dan Pace made 50 yards in 10 carries.

With Gil Bartosh, sidelined indefinitely with an injured knee, out of the lineup at Fort Worth, the TCU Horned Frogs turned to Soph Ronald Clinkscale for a tailback. The youngster drew praise from the defending champs' coach.

Tigers, Ackerly In Double Bill

ACKERLY—The Big Spring Tigers and the Ackerly 7-Ups will play a double header here again Sunday. The first of the two games begins at 2:30 p. m.

Van Kirk will probably hurl the first game for Big Spring, Howard Jones the second.

Five Pilots In Texas Loop Still Not Sure Of Posts

DALLAS, Sept. 11 (AP)—Three Texas League managers have been given new contracts for 1953 but the status of the other five hasn't been revealed.

L. D. (Little Dutch) Meyer, manager of Dallas, was rehired several weeks ago at an increase in salary. Joe Schultz, Tulsa skipper, was given a new contract shortly afterward, also with a hike in pay. Now Mickey Livingston of Shreveport has been awarded a new one-year contract at more money.

Dutch Meyer, after a 40-minute afternoon scrimmage. The Frogs conclude two-day workouts Friday and have a game-condition scrimmage set for Saturday.

Rice's Owls pulled all the stops in a scrimmage session yesterday and brought praise from Coach Jess Neely for the offense. A junior college transfer, Bill Gaskamp,

Lamesa Loses Playoff Bid

Clovis will play Amarillo and Albuquerque will meet Berger in the first round of the West Texas-New Mexico League playoffs.

It took a flip of a coin to decide the pairings after Berger and Amarillo wound up in a tie for third in the regular season standings last night.

The loss in effect gave Berger third and the right to contest second place. Albuquerque, while Amarillo drew Clovis, runaway winner of first.

Clovis is host to Amarillo for their opener in a best four-of-seven series. Frisco, Berger, invades Albuquerque to start their series Saturday.

A split with the Pampa Oilers Wednesday night dropped the Berger Gassers into their deadlock for third place. The Gassers won the twilight opener, 5-0, and the Oilers retaliated with a 6-3 victory in the nightcap at Berger.

Sports Blank Felines, 7-0

Associated Press Sports Writer

A second straight five-hit pitching performance in the Texas League last Wednesday enabled the Shreveport Sports to take the lead in the Shaughnessy playoffs.

Fort Worth, held to a single run the night before, went scoreless against Shreveport and lost, 7-0. Jim Willis, like Fred Baczewski earlier, allowed five runs, not bad for a team that was predicted for a low finish because of hurling.

Meanwhile, Oklahoma City shattered Dallas hurling for 16 licks and a 10-3 margin to even their series at one game each.

Dallas goes to Oklahoma City and Fort Worth to Shreveport for tonight's games.

Odessa Oilers Make It Two In Row, 7-6

ODESSA, (AP)—First Place Odessa made it two straight over fourth place Artesia in the Longhorn playoffs last night taking a 7-6 victory.

Oiler Southpaw Evello Ortega limited the Drillers to six hits, but served up gopher balls to Paul Halter in the first and Rudy Briner in the sixth. Both banged homers with a man on base to account for four Artesia tallies.

The other two came in the fourth on singles by Halter, Joe Bauman and Bill Haley.

Odessa rapped 11 blows off three Driller hurlers and tagged Rooster Mills, the second to appear, with the loss.

Bob Martin's homer following a walk to Leo Eastham brought two in the third. Singles by Roberto Fabian, Felix Castro and Paul Dieppa followed by walks to Eastham, Martin and Bill Earley netted three more in the fourth and fourth chased Driller Starter Len Ruyle.

Mills departed in favor of Tuesday Loser Mike Rodriguez as Odessa went ahead to stay with another pair in the sixth. Walks to Roman Loyko, and Martin and singles by Cearley and Charley Weber did the damage.

Gulf Coast Ends Play Thursday

By The Associated Press

The Gulf Coast League, the final Texas baseball league to end its regular season, winds up the campaign Thursday night and second, third and fourth places await the results.

Strightaway champion Port Arthur Wednesday night stretched its hold to eight and a half games with an easy 8-1 victory over cellarite Texas City.

Concerning second place, Harlingen reunited with Corpus Christi in a standings deadlock as the Capitals whipped the Aces, 3-0. Galveston fell a half game behind the two in bowing to Lake Charles, 6-3.

A tie for fifth place developed between Brownsville and Laredo as Brownsville copped their game 11-6.

Lake Michigan is the only one of the Great Lakes wholly within the boundaries of the United States.

IN COTTON BOWL

Detroit Lions And Dallas Texans To Clash Friday

DALLAS, Sept. 11 (AP)—The Detroit Lions and Dallas Texans have come to town for their exhibition football game at the Cotton Bowl tomorrow night.

Detroit, winner of all its exhibition games thus far and one of the championship favorites in the National Football League, arrived yesterday. The Texans, winners of three of their four exhibitions and coming here to make their first Dallas appearance, arrived this morning from Kerrville where they have been training.

Both clubs will be guests at a luncheon. This afternoon the Lions work out at Southern Methodist University while the Texans will drill in the Cotton Bowl tonight.

Ticket sales for the game, sponsored by the Dallas Salesmanship Club with proceeds going to a boys' camp, were reported good with prospects of at least 35,000 being in the Cotton Bowl tomorrow night.

Coach Buddy Parker of the Lions said he had only one player on the injury list—Jim Doran, an end, who is out of action with a leg hurt. The Texans will be without Mike McCormack, regular offensive tackle, who was taken into the Army this week.

"The Texans are going to be a good football team," said Parker. "And I think this will be a good football game."

Fans To Follow Grid Contingent

A large group of fans are due to follow the Big Spring High School Steers to Breckenridge for their game Friday night.

Many of the supporters will go in a special caravan. It will leave from the local high school at 4 p. m. and make its way by way of Snyder.

The caravan will be led by State Highway Patrolmen and Chief of Police E. W. York.

MONTE IRVIN CREDITED WITH HELPING SURGE

By JACK HAND

NEW YORK (AP)—If the New York Giants pull another "miracle" this fall, a fellow named Monte Irvin will deserve much of the credit.

Just as Giant hopes crumpled with Irvin's broken ankle in spring training, so they have risen with his return to regular action.

The strong slugger from Orange, N. J., stretched his consecutive game hitting streak to 11 yesterday with a single and triple in the 3-2 win over Pittsburgh in 13 innings.

This was a miserable summer for big Monte, sitting home while the Giants fumbled and fumed in their uphill chase of Brooklyn. He was anxious to return to action but he just couldn't afford to take chances until the doctor gave his okay.

A little walking exercise in his back yard. Then some batting practice. More hitting and light exercise while he made a Western swing with the Giants. Then a return to the active list for pinch-hitting duties.

Finally he got back in there on an every-day basis when the Giants were being read out of the race, some 10½ games behind the Dodgers.

"Irvin is the difference," you hear on all sides in the Giant clubhouse and dugout. "Since he came back we started to go."

Batting .325 and lashing vicious line drives as the cleanup hitter, Monte is doing his best to lift the Giants toward another flag.

"I figure I can run about 75 per cent as good as normal," he said. "I can run straight ahead all right but it's tough to stop and go back."

Tyler squared its series with Texarkana at one game each on John (Red) Murf's five-hit hurling. The East Texans won 9-4.

Thursday night Tyler moves to Texarkana for their game while Austin remains at the Temple site.

Raiders Bombard McAlester, 4-3

MALESTER, Okla., Sept. 11 (AP)—The Pauls Valley Raiders swept their second straight game from the faltering McAlester Rockets, 4-3, yesterday in the Sooner State championship playoffs.

Two more victories would give the Raiders the crown.

Barbecuing

Leslie Ross, who operates Ross Barbecue Cafe, not only attends to the affairs of the business, but he gives his personal touch to each day's barbecuing. Here he is shown preparing some top cuts of meat, chosen for its firmness and well distributed fat, for the pits. Ross uses mesquite wood to impart that pungent flavor so peculiar West Texas. He's earned a reputation throughout the area as one of the top presiders over a barbecue pit, and thus Ross Barbecue is famous over a wide area. You can obtain it either on plate or by the pound to take home, or still in the Ross Barbecue sandwich.

Growing Popularity Earned By Barbecue

Increasingly popular as the spot "where old friends meet... to chat and eat" is the Ross Barbecue Stand, 904 E. 3rd Street. Ross' is Big Spring's longest established barbecue place, having served the entire area for the past 24 years. And it still prepares barbecue the old-fashioned way—with no boiling or soaking of meats during the barbecue process.

When L. M. Ross serves up a helping of barbecue, you can rest assured it's "real" barbecue, cooked for 12 to 15 hours over real wood fires.

Ross is Big Spring's barbecue "master." Backed by around 20 years of experience, he has operated the Ross establishment since 1946 when he took over the business established by his parents, Mr. and Mrs. W. S. Ross, in 1928.

Ross prepares his barbecue by first searing the outside of the meat to seal in all natural juices, flavors and food elements. The meat is then placed over wood fires where flavor and natural goodness is cooked through and through.

All sauces are applied to the exterior and are not boiled or soaked into the meat, a practice that would make the barbecue a heavy, soggy mess.

Ross Barbecue serves its project by the plate, in sandwiches, or by the pound "to go." The establishment also specializes in preparing barbecue for picnics, socials and other gatherings. Orders for the latter service must be placed in advance, however, to enable Ross to prepare sufficient barbecue.

Another service of the friendly establishment is that offered for "Sunday dinner." Although Ross is closed on Sunday, he will prepare barbecue for delivery Saturday, enabling the housewife to solve her Sunday food worries in advance.

Ross Barbecue is open six days a week, from 10 a. m. to 10 p. m.

Hold Your Party At Wagon Wheel Cafe

Are you wandering where to have your next club or private party? Then pick up the phone and call the Wagon Wheel. In addition to outstanding dining facilities, Mr. and Mrs. H. M. Rainbolt have provided two rooms for private gatherings. One will accommodate up to a score or more, and the other will take care of a hundred without any undue crowding. Surroundings are ideal and the food prepared to your specifications.

Concrete Service Broadens

Pruitt Concrete Company, owned and operated by Andy Pruitt and W. R. Hall, has recently expanded local operations by the establishment of a sub-station at the Skelly Gasoline Plant.

The new plant is part of the equipment expansion program being carried out by the firm. Since establishment of the main plant in February, new equipment has constantly been added.

The firm handles ready-mix concrete. Although most sales are made in bulk to contractors, Pruitt stated that any amount of the concrete mix would be sold—from one-half yard on up.

"We deliver any amount and sell either wholesale or retail," Hall stated. "We pour concrete for every purpose in the world, although most is for construction." The company takes pride in making strength concrete. "The strength is obtained through laboratory methods. Everything is scientific," Pruitt said. "We need it for the customer to tell us the strength required."

It was also pointed out that a customer may specify any batch design he wishes. The company will mix the cement in any manner the customer desires. Only washed sand and gravel is used in the concrete, and every material making up the mixture is carefully weighed.

Hall pointed out that constantly increasing business has allowed the addition of new equipment to service the community. This equipment includes batchers, conveyers, storage bins, truck mixers, water storage and water facilities.

The new sub-station includes a bin, batcher, and water station. Pruitt and Hall stated that it would take care of all the Skelly Company needs. The sub-station opened last week.

The main plant is located east of the city limits on Highway 80.

Barrow Dealer For Top Lines

Barrow-Phillips Furniture Store is exclusive dealer in Big Spring for James Lees and Bigelow brands carpets and rugs and they are well equipped to handle the floor-covering needs of any home.

Barrow-Phillips is located on the corner of Gregg and W. 4th Streets and they have a large selection of all styles and colors in carpets. They have several types of weaves, including cotton, wool and rayon-wool.

Bigelow brand wool-rayon rugs are guaranteed. The new fabrics are blended from virgin wool and Bigelow's exclusive carpet rayon. This new fabric containing rayon adds greatly to the designs, giving the rugs brighter, gay, and clearer colors.

These Bigelow rugs are blended to resist soiling and they clean as easily as all-wool carpets. By a special treatment, the Bigelow carpets are made shrinkage free and therefore remain in their wall-to-wall positions—leaving no uncovered spaces around the edges of the room.

Pre-Fit Doors, Windows Are Ready For All Your Needs

Pre-fit doors and windows for homes and offices are ready for the asking at the Engle Mill and Supply Company, 705 East Second Street.

Charlie Engle, owner and manager, states that the home builder can save money and time by using the ready-to-install units. The windows and doors come complete with frames.

"All that is necessary is to place the units in the places provided for them," Engle said. "It is not necessary to hang the door or weather-strip the windows."

The Engle Company makes the pre-fit doors and doors at the mill. Engle states they are as good—and better—than any shipped in from out-of-city sources.

"We have the best type weather stripping in our window units," Engle said. "We personally think they are better than those of any other pre-fit windows being sold. The public seems to think so too."

Mrs. Engle, who helps her husband at the mill, stated that the doors and windows are sold one at a time or in large quantities—anyway the customer wants them.

The Engle Mill also carries a complete line of hardware such as cabinet locks and window and door hinges. Screen doors and screen hardware are also stocked.

New Liquid Kills Roaches And Ants

Scientists recommend that you control roaches and ants the modern way—with Johnston's NO-ROACH. Brushed just where you want it, (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and easy to use. 8 oz. 89c; pint \$1.69; quart \$2.98. Available at Cunningham & Philips Drug, Big Spring Hardware, Piggy Wigly, Collins Drug and Furr Food Stores.

No Need For Open Flame Type Heating

Heating which does away with open flames is considered by health and heating experts alike to be far superior as well as safer and more efficient.

Western Insulating Company maintains a wide variety of heating types which vent all gases produced by the burning process to the outside. These include floor furnaces, forced circulation, panel heaters and now perimeter heaters. In the long run they are more economical as well as more satisfactory.

When light shines through thin layers of mercury it transmits a bluish-violet light.
