## Labor Day Barbecue Here Monday

## McLean Schools to Open With Program Tuesday

### Public Invited School Program H.S. Auditorium

### Complete List of Teachers Given for Term

By Supt. G. C. Boswell

The following assignments have been made for the teachers in the McLean schools:

High school—John Harding, principal, commercial work; Garrison, coach, science and civics; A. A. Landers, agriculture; R. C. Davidson, Miss Ruby Lee Seal, home economics; Miss Elizabeth Kennedy, Tiger Post, English and English; Miss Jewel Cousins, English, history and Latin; Miss Lorena Bogan, history; Miss Aline McCarty, mathematics; G. C. Boswell, history and civics.

Elementary school—A. R. McHaney, principal, arithmetic; Mrs. Jim Back, reading and English; Miss Irene Purgeson, history, reading, writing, language, sponsor for grade school news; Miss Eunice Coleman, music, citizenship; Miss Vera Williams, geography and health; Mrs. Turner, art, spelling; Mrs. Mary L. Sligar, first grade; Miss Frances Noel, first grade; Miss Isobel Baley, second grade; Miss John Harris, second grade; Miss Aline Purgeson, third grade; Miss J. Simmens, third grade.

The grade school has been provided with a nice study hall and the library has been placed in the study hall. Mrs. Jim Back will have charge of the library and will work out some system that will offer training for the students and at the same time will meet in the north-corner room in the basement.

J. S. Morse was kind enough to give the grade school a nice eight radio set. We thank Mr. Morse kindly for his act of kindness and assure him that the teachers, students and patrons certainly appreciate this good act. Miss Eunice Coleman will have charge of the radio and good programs will be broadcast. There will be periods for this and the set will fit in nicely with the music hour, etc. Again, Mr. Morse, we thank you.

T. W. Gilstrap gave a radio to the high school and we thank him for this act. The radio can and will be used in many ways, and it is kind of him to think of the school students. We feel that the entire citizenship will appreciate the act of kindness toward the school. Mr. Sitter has consented to the aerials, and Mr. Koons will be the hoop-ups for us. It is certainly an act of kindness for these to do these things for us.

The grade school grounds have been made almost a new thing. If you have not seen the work that has been done on the grounds, just take a walk and see what a great change has been made.

Members of the school board, including members, etc., I take great pleasure in thanking any and all who have had any part in this.

Mr. Rush is working his men and prospects are mighty good for good team. There have been four on the field for work.

Remember that we are planning a general program next Tuesday at the high school building. We invite you to be present. The band will start at nine o'clock and it will start at nine o'clock. You should be able to go to a short time after this.

When the public schools open, there will be an organization that has, and always stand firm for the betterment of the schools. This organization will be continued on editorial page.

### Gray County Attendants at Short Course

Front row—left to right: Bryan Roby, McLean; Jewel Fae McCormick, Grandview; Clarence Tidwell, Grandview; John Spearman, Farrington; Joe Iva Clemmons, Eldridge; Dolan Jones, Grandview; Ruby Lee Jones, Grandview; Ralph R. Thomas, county agent. 2nd row—left to right: Mrs. C. A. Tignor, Farrington; Mrs. A. B. Word, Alanreed; Mrs. H. H. Isabell, Wayside; Mrs. J. R. Spearman, Farrington; Mrs. R. R. Thomas, Wayside; Mrs. Joe Looper, Grandview; Mrs. Norman Johnston, McLean; Miss Myrtle Miller, home demonstration agent; Mrs. R. F. Sanders, McLean.

### Cotton Growers Endorse Long Plan at Meeting

The Long cotton plan to plant no cotton during 1932 was enthusiastically endorsed by cotton farmers present at the meeting called by the McLean chamber of commerce last Saturday afternoon.

Several talks for and against the plan were made, but only two voted against the plan when the question was put by J. E. Lynch, who acted as chairman of the meeting.

The meeting also endorsed the idea of a graduated tax on cotton based on the number of bales after 1932, to prevent over-production.

A committee consisting of C. E. Anderson, J. S. Howard, L. O. Floyd and R. S. Jordan, was appointed to draft a resolution to Gov. Sterling asking that a special session of the legislature be called to put the above plans into effect.

### GOOD WILLERS ENJOY TRIP TO PAKAN

An enjoyable trip was made to the Pakan community by the good will trippers of the chamber of commerce last Thursday evening.

John Mertel was master of ceremonies and kept the affair moving in a snappy manner. Paul Macina of Pakan made the welcome address and extended an invitation to visit the new school house when completed.

President Gilstrap of the C. of C., Supt. Boswell and Dr. Tampke of the McLean schools, and Mr. Cook, cashier of the American National Bank, made short speeches.

Dr. Coleman and Boyd Meador, the "lemonade twins," were kept busy dispensing cold drinks, compliments of the C. of C.

Music was furnished by the McLean band under the direction of Prof. Robt. C. Davidson, who was recognized by the master of ceremonies and given an ovation by the crowd.

The next and final trip will be made to Ramsdell tonight.

### MAYOR'S ELECTION TODAY

Interest in the mayor's election being held today is warm as we go to press. Friends on both sides are working, and have been for several days.

As the election is being held strictly according to law, no information can be secured as to how the candidates stand.

The election is being held to settle a lawsuit, in which D. N. Massay is suing Jot Montgomery for the office. Mr. Montgomery received only two votes more than Mr. Massay in the spring election.

Mr. and Mrs. W. M. Smith visited their daughter in Goldston Sunday.

### Bishop Boaz Will Speak Here Tuesday

Bishop Boaz, who will be the principal speaker at a preachers' meeting to be held at the First Methodist Church Tuesday, will attend the Lions luncheon at noon.

The Lions will meet at the Methodist Church and have luncheon with the visiting preachers, who are most of them Lions.

The preachers' meeting is expected to attract some 40 delegates, and the services will begin at 10 a. m., Bishop Boaz speaking at 11. A short service will be held after the luncheon.

### ROAD WORKERS TO REGISTER AT C. OF C.

Men who want work on the two highways leading out of McLean now under construction, have been asked to register at the chamber of commerce secretary's office, giving the number in family and number of years a resident of this county.

At a meeting of the C. of C. held Tuesday afternoon, a committee consisting of W. E. Bogan, chairman; Evan L. Sitter, M. D. Bentley and C. A. Strandberg was appointed to grade and classify the workers and give the list to the contractor. Men with families are in class 1, men with wife class 2, single men class 3, out-of-county men class 4.

It is understood that no transients will be employed, as the money comes from Gray county taxpayers, and it is felt that they should have first chance at the work.

Boyd Meador, Floyd Phillips and M. W. Perry were appointed to confer with the engineer on the route of the detour through town.

### TRI-STATE FAIR REPORTS UNUSUALLY EARLY INTEREST

According to Wilbur C. Hawk, president of the Tri-State Fair to be held in Amarillo Sept. 21-26, entries are being received much earlier this year than formerly, and if the present rate keeps up the exhibition space will be taxed to the limit.

Many high class attractions have been secured and this year's fair is expected to eclipse all others in every respect.

### MERCHANTS WELCOME VISITORS

A glance at the advertising columns of this issue of The News will convince one of the good will of the McLean merchants in extending a welcome to the Labor Day barbecue and the opening of school. No special campaign was made, but a very creditable showing is made by the merchants.

Ted Gast returned Monday from a visit at Fort Worth.

### Landers, Tampke, Bogan Win Yard- Garden Contest

The yards and gardens of T. A. Landers, A. A. Tampke and W. E. Bogan were declared winners, in the order named, of the prizes offered in the Better Yards and Gardens contest sponsored by the Lions Club, when judged by Landscape Artist W. Krause of Pampa, Saturday.

Out of a possible 100 points, the winners were divided as follows: Landers, appearance 35, garden 35, lawn 12, growth 12, total 94; Tampke, appearance 32, garden 30, lawn 10, growth 10, total 82; Bogan, appearance 30, garden 28, lawn 10, growth 10, total 78.

The fourth and fifth places were: D. M. Davis, appearance 20, garden 20, lawn 18, growth 10, total 68; J. I. Hall, appearance 20, garden 15, lawn 10, growth 8, total 58.

This is the third year the contest has been sponsored by the Lions Club, and the first and second place winners won the same places two years ago, a rule preventing any contestant from winning two years in succession.

Architect Krause was very complimentary in commenting on the pretty homes here, and insisted that more should be entered in the contest each year. He stated that the club could count on his company giving \$25.00 worth of trees set on the property of the winner next year, as one of the prizes.

### INDUSTRIAL GAS RATE SET BY CITY COUNCIL

An amendment to the recent ordinance passed by the city council changing the rates charged for natural gas has been made, and the first publication appears on another page of this paper.

About the only noticeable change from the former ordinance is setting the rate for industrial and boiler purposes at a rate not to exceed 20¢ per 1000 cubic feet under a five million cubic feet contract, and shall never exceed 40¢ per 1000 feet.

The domestic rate was left at 30¢ for the first 30 thousand feet and 25¢ thereafter, with the school rate at 25¢ and 20¢ for the same amounts; both schools to be billed through one meter.

### JOSH TURNER NEW 66 STATION MANAGER

Josh Turner is the new manager of the 66 Service Station, having resigned at the Erwin Drug Co., and taking charge of the new position last Monday.

Bennie Edney, former manager, has moved to Urian, N. M.

### BOYS ENJOY FEAST

A watermelon feast was served Tuesday evening on Hackberry to the boys of the intermediate Sunday school classes of the First Baptist Church, John Cooper teacher, and the First Methodist Church, Alva Alexander teacher; and the members of the football team, Garrison Rush Coach.

### HAIL DAMAGES CROPS

A severe hail damaged crops on several farms between the Heald and Pakan communities Tuesday afternoon. Many crops were practically ruined, as well as hogs damaged.

### GAS CASE APPEALED

According to A. J. Tillery, manager of the McLean Gas Co., the company has appealed the recent city rate case to the court of civil appeals.

Mr. and Mrs. Roy Campbell visited in Pampa Sunday.

### SCHOOL PROGRAM

Tuesday, Sept. 8, 9 a. m.

High School Auditorium

|                     |                    |
|---------------------|--------------------|
| Music               | Band               |
| Invocation          | Rev. W. A. Erwin   |
| Music               | Special            |
| Scripture           | Rev. Cecil G. Goff |
| Music               | Band               |
| President's address | J. S. Howard       |
| Announcements       | Supt. Boswell      |

### Lions Vote Community Turnip Crop

It was voted by the Lions Club at the regular weekly luncheon held at the First Baptist Church basement Tuesday, to plant a turnip patch this season to be used by needy families in the community.

Boyd Meador was appointed chairman of the turnip committee, with Dr. A. A. Tampke, Reep and T. A. Landers members of the committee. Several clubs in various towns planted turnips last year and reported it a successful idea, and it is expected that work will begin at once on the McLean proposition.

The club also voted to attend the opening of school next Tuesday in a body. The members will meet at the News office at 8:45 and reach the school building at 9 o'clock.

The secretary was asked to write letters of thanks to Miss Myrtle Miller, Ralph R. Thomas, W. Krause, and the donors of prizes to the Better Yards and Gardens contest. The committee was also thanked by the club for their efforts in behalf of the contest.

Lion Sitter reported the gift of radios to the schools by the Southwestern Public Service Co. and J. S. Morse.

N. E. Pogue, Reuben R. R. Cook, Bartow Landers of Branson, Colo., and Mr. Wilson of Amarillo were presented as club visitors.

### NAZARENE REVIVAL WILL BEGIN FRIDAY NIGHT

A revival meeting will begin at the Nazarene Church Friday night of this week and continue through Sunday, Sept. 15, conducted by Rev. H. C. Cagle, superintendent of the Abilene district.

Mrs. Cagle, who will also be in the meeting, held a revival here some four years ago, and Rev. Cagle has preached at the local church several times.

According to Pastor W. Hickman, there will be no day services this week, but services will be held at 10 a. m. and 8 p. m. all next week.

Rev. Hickman says he is expecting a good meeting, and extends an invitation to everyone to attend the services, regardless of religious belief.

A picture of the evangelist appears in another column of this paper.

### TRIPPERS TO RAMSDELL TONIGHT IN FINAL TRIP

The final trade trip for the season will be made to Ramsdell tonight (Thursday), when it is hoped to have a large crowd accompany the band and refreshment truck.

One trip each week has been made to nearby communities since early summer, advertising the Labor Day barbecue to be held next Monday afternoon.

Mrs. Murray Boston and son of Boise City are visiting their parents and grandparents, Mr. and Mrs. A. T. Young, this week.

### Prepared for Large Crowd at Barbecue

### Committees All Report Everything in Readiness

Committees appointed for the different activities of the Labor Day barbecue to be held at the city park Monday afternoon, reported all plans perfected, at a meeting of the chamber of commerce Tuesday.

Everything at the barbecue in the way of entertainment and eats will be absolutely free to all visitors.

Following is the program for the afternoon with a list of prizes offered:

1 p. m. Golf, longest shot, O. G. Stokely, supt. (rules explained and furnished by supt.)

First prize, 2 golf balls, Montgomery Drug Co.; second prize, 1 golf ball, City Drug Store.

2 p. m. Horse races, Peb Everett, supt.

2:15 p. m. Baseball game, Alton Moore, supt.

3 p. m. Largest family present, Bob Ashby, supt. (all children must have same parents, step or half brothers and sisters not counted).

First prize, 48 lb sack flour, Puckett's Grocery; second, 1 year's subscription to The McLean News.

3:30 p. m. Address of welcome by Mayor.

4 p. m. Man or woman who has lived longest in McLean or trade territory, Lee Wilson, supt. (only the actual number of years resided in the above places will count).

First prize, silver loving cup, American National Bank; second, 1 year's subscription to The McLean News.

4:30 p. m. Terrain race by boys and girls 12 years and under, Mrs. Bessie Coffey, supt.

First, \$1.00 fountain pen, Erwin Drug Co.; second, writing and drawing set, Cobb's 5c to \$1.00 Store.

5 p. m. Most perfect boy and most perfect girl, 12 to 18 years of age, Mrs. Jim Back, supt. (children will be judged on health, physique, mentality and other points the supt. may suggest. 1 boy and 1 girl may be entered from each community).

First, (boy), \$2 to \$3 hat, the Fair Store; second, \$1.60 pocket knife, McLean Hardware Co. First, (girl), \$1.95 hose, John Mertel; second, 75¢ angel food cake, Caldwell Bakery.

5 p. m. Most useful citizen of McLean or trade territory, Homer Abbott, supt. (Anyone may campaign for his favorite candidate. Ballots to be furnished. Each person has 1 vote).

First, silver loving cup, Citizens State Bank; second, 1 year's subscription to The McLean News.

5:30 p. m. Ring circus, Miss Ruby Cook, supt.

6:30 p. m. Free barbecue served on grounds, Ed Wehba, supt.

6:30 p. m. Band concert, McLean band, R. C. Davidson, supt. and director.

8 p. m. Old time fiddlers' contest, R. C. Davidson, supt. (anyone who plays old time tunes may enter).

First, Stetson hat, Blake Dry Goods Co.; second, 25 lb sugar, "M" System.

8:30 p. m. Ladies' piano contest, R. C. Davidson, supt. (rules for this contest furnished by supt.)

First, \$3.50 landscape picture, Sitter Furniture Co.; second, 48 lb Amariis flour, Piggly Wiggly.

9 p. m. Presentation of winners and awards.

Anyone desiring any information or explanations regarding any part of the above program, see A. A. Tampke, chairman of program committee.

Appropriate prizes will be offered for most of the contests. Only people living in McLean or McLean trade territory are allowed to compete for the prizes.

Tell all your neighbors and friends—bring someone else.

**Next Sunday's Lesson**

TURNING TO THE GENTILES  
Acts 13:42-52; Rom. 1:14-16

By Rev. Cecil G. Goff  
In the last lesson we left Paul, Barnabas and John Mark in Paphos, the capitol of Cyprus. From there the party again set forth by sea and crossed to Perga. John Mark left them there and returned to Jerusalem, while the other two continued on their hard, dangerous way to Antioch, in Pisidia. There in Antioch they entered into the Synagogue and preached on the Sabbath day. At the close, the Jews, both those who were Jews by birth and by adoption, desired that they should again preach on the coming Sabbath.

Paul and Barnabas continued to work and preach there in the Synagogue. It is evident that they did a great deal of personal work and that the message which they preached was one with power of attraction. It was not long until the word of the preaching had been so spread about that a good part of the inhabitants of Antioch went out to hear the two new preachers. It would have been impossible for Paul and Barnabas to have done enough personal work and advertising in the short time they had to bring about such a gathering. The people had to do their part, and the Spirit of God was working. God's Spirit can do more in one day, when there is someone for Him to work through, than a thousand armies of men without the Spirit.

The gathering together of so many to hear Paul and Barnabas caused jealousy among the Jewish rulers and priests. Those two Gospel preachers had not preached many times until the priests and rulers could tell that their message was not a Jewish message. Accordingly, they began to dispute with Paul and Barnabas, and were soon blaspheming, so great was their anger. But they could not win out in that way, for God had a message all ready for Paul to give them. Just the very attitude of the priests was what brought about the Jewish rejection of Christ as the Messiah, and for that very reason Paul was being forced to turn to the Gentiles with his Gospel message.

The priests then turned to more poignant methods. They incited some of the leading women and magistrates of Antioch against Paul and Barnabas. When this deed was accomplished, persecution began. It soon became so strong that the two Gospel preachers had to leave town; not, however, without having planted the Gospel seed in Antioch. Paul and Barnabas went from there to Iconium.

There are three things to note especially for this time. First, God's message is one open to all men. The Jews who accepted Christ would have kept it completely unto themselves, and all those who desired to come to Christ would have had first to become Jews, thus making racial Judaism, and not Christ's saving power and grace, the primary thing. But into day's lesson Paul makes it clear that God would have given His Gospel to the world through the Jews, but they refused, and thus the Gentiles are the "message carriers" for God and His grace. In verse 48 Paul says that as many as were ordained to eternal life believed, representing His sovereignty through fore-ordination. By some great and divine power God's fore-ordination and His freedom of salvation are to be reconciled. Indeed God's fore-ordination and predestination have stood from before the creation, but at the same time He has said, "Him that cometh to me, I will in no wise cast out." No man has a right to deny God's precious promises in the interpretation of His methods of carrying out those promises. Christ died for you—for all mankind. And it is to that end that He chooses His messengers to carry His Gospel, and demands enough of His money which He permits you and me to handle to send those messengers forth.

Second, when God's message was being preached there was persecution. Always, from the persecution of the Savior Himself, there has been persecution brought against God's full and free message. Whenever there is a full declaration of God's message there will be opposition to it because it goes down deep into the sinful lives of men and convicts them. When a man finds that something is giving him physical pain, he takes every possible step to remove the cause, and so it is with the man who is experiencing spiritual pain from the conviction brought to his heart by the truth of the Gospel. His first aim and effort is to remove the cause, usually the preaching of the Gospel.

Third, the people desired to hear the message of God, and Paul and Barnabas went where the people would hear. The thing that keeps people from going to hear God's mes-

sage is the desire to protect known sin. One may say no, I just don't care to hear it, or make some other excuse, but in such case the sin is usually indifference. The Gospel has a drawing appeal to the hearts of sinful men who are not desirous to get their sin.

Then Paul and Barnabas had been called to preach. They went where the people would let them preach and come to hear them. To them, Iconium was better than Antioch, when the people at Antioch did not want to hear their message. God's servants cannot be blamed when men will not hear God's message—they can only go where they will be heard. If people in one place will not give heed to God's wishes and give reasonable service to Him, He will shift His opportunities to those who will. When a church or a people is left desolate, it is only God granting the prayer of men's lives.

**News from Ramsdell**

Miss Clara Harvey entertained the members of her Sunday school class with a party Tuesday night.

Miss Mildred Pharis returned last Thursday from a visit with her brother, L. C. Pharis, and family at Lone Mound.

Mr. and Mrs. W. A. Lankford and little daughter, Zelena, visited in the Joe Poindexter home near Groom Friday.

Mrs. W. N. Pharis and daughters, Misses Lillie Mae, Mildred and Margaret, were Shamrock visitors Friday. Melvin Whitley had the misfortune to get his right arm broken Friday, when trying to crank a car.

Mr. and Mrs. Ted Nowlin and little son, Charles Allen, of Kelton were visitors here Saturday. They were accompanied home by Miss Lillie Mae Pharis.

Claude and Clyde Powell returned Saturday from Colorado.

Mr. and Mrs. Tom Franks and children and little Miss Lorene Harrelson of Kingsmill were visitors here over the week end. They were accompanied home by Mrs. E. E. Franks.

Mrs. Raymond Robertson and children of Shamrock visited the lady's mother, Mrs. Arrie Phillips, last week.

Mrs. Frank Eason and son, Jesse, of Perryton, Mrs. H. T. Davis of Henrietta left Sunday morning after a visit in the Roy Franks home.

Mr. and Mrs. George Kibler were guests of Mr. and Mrs. H. Longan Sunday.

Mrs. Roy Franks and baby were guests in the W. N. Pharis home Sunday.

Misses Mildred Pharis, Juanita and Donah May Exum visited Miss Zella Mae Lankford Sunday.

Miss Veta Lankford visited Miss Margaret Brown Sunday.

Mrs. Arrie Phillips, Mrs. E. Exum and sons, Dwight and Dana, visited in the Tom Whitley home Sunday afternoon.

Arbie Lankford was a guest of Emery and Clyde Brown Sunday.

Little Miss Alma Joy Franks visited little Miss Zelena Lankford Sunday.

Mr. and Mrs. R. A. Burrows and children were visitors in the J. W. Burrows home at McLean Sunday afternoon.

Emery, Clyde and Miss Beatrice Brown were callers in the W. A. Lankford home Sunday afternoon.

T. W. and Homer Stevens of Knox City are visiting relatives here.

Mr. and Mrs. Harvey Lee Hern returned to their home at Dallas Friday after a visit with Mrs. Lena Jordan.

Mr. and Mrs. Jim Shelburne of Lone Wolf visited in the S. D. Shelburne home last week end.

Mrs. Biri Glass of Alanreed visited her mother, Mrs. T. W. Henry, Saturday.

Mr. and Mrs. Alva Smith of Lone Wolfe were week end guests in the S. D. Shelburne home.

A. W. and Fred Haynes were in Pampa Saturday.

Frank P. Wilson of Groom was in McLean Saturday.

J. A. Sparks was in Pampa Saturday.

Mr. and Mrs. Marvin Davis and baby visited in Clarendon Saturday.

Geo. Thut of Lefors was in McLean Saturday.

Miss Vivian Chambers of Lockney visited relatives here last week.

Miss Pauline Muncie of Wellington visited friends here last week end.

Mrs. Lee VanSant of Ramsdell visited friends in McLean Friday.

J. R. G. Bird of Pampa was in McLean Saturday.

Mr. and Mrs. John B. Vannoy spent last week in Lubbock, attending the commencement exercises of Texas Tech College, where their daughter, Miss Joellene, received her B. F. degree.

Mrs. L. E. Cunningham and Miss Vera Laswell returned Monday from Clovis, N. M., where the former's brother, Claude Simmons, is recovering from a serious accident.

Mrs. C. B. Batson and little son, James Carey, are visiting Mrs. Batson's mother, Mrs. J. P. Dunn, at Bogalusa, La.

Mr. and Mrs. Dale Dorsey and little daughter of Amarillo visited in the A. F. Smith home Sunday.

Rector Roberts of Amarillo was a guest in the John B. Vannoy home Sunday.

Jack Donovan of Mangum, Okla., was in McLean Tuesday.

Little Miss Doris Simmons of Pampa visited little Miss Jessie May Lynch last week.

Nugent Kunkel and family returned to Amarillo Sunday after a visit with relatives here.

Mr. and Mrs. Chas. Speed of Clarendon were visitors in McLean Tuesday.

J. T. Smith of Clinton, Okla., was in McLean Tuesday.

W. M. Robinet of Amarillo was in McLean Tuesday.

Jack Harding of Pampa was in McLean Tuesday.

**GOLF GOSSIP**

By D. A. Davis

Folks, the repression is about all over. The farmers are not going to raise any more cotton, but instead are going to make golf courses out of their cotton patches. They are going to plant a garden, raise chickens and hogs, and as they already have their cows they will be prepared to furnish each golf player a dandy dinner of fried chicken with cream gravy and biscuits, pork chops, ham and eggs, home made sausage, plenty of good buttermilk to drink, and vegetables, watermelon and all kinds of fruits on the side. They are to charge each golfer 50 cents a meal and 50 cents to play golf. This will give him a profit of one dollar a day, which is one dollar and fifty cents more than he is making now, and at the same time will solve the transportation problem as well as cutting out the middlemen and doing away with the enormous profits that are being made from the producer to the consumer. This is a very simple way to get us back to the good old days, and I wonder why we have not thought of that before.

At last Mont Noel has had another birthday and his wife and daughter surprised him by giving him a set of golf clubs for a birthday present. Mont is as proud of them as he can be, but is having a hard time getting them broke in, and at times they get entirely out of his control. Especially on No. 8, no matter how hard he tries he simply can't get them to knock a ball across that water hazard. He knocked all the balls he could get hold of Tuesday evening, "give out" twice and finally had to give it up. He was the maddest man I ever saw. I heard him mumbling something about "the very idea of any man not being able to knock a little old ball across a fifty foot gully" with a club after knocking one two hundred yards on level ground.

Pappy Campbell is happy again. One of our lady golfers beat him playing golf. Mrs. Batson made a 47 to Pappy Campbell's 50 Monday. We men golfers are all proud of Mrs. Batson's skill as a golfer and are glad to know that she is getting better all the time, but Judge Rice and I can't understand why it tickles Pappy Campbell so for a lady to beat him. When we play with Pappy and we get to beating him, he has to quit and go milk his cows before he finishes the round.

The worst objection some of us golfers have to playing golf is that we have to wash our feet before our wives will let us go to bed, just like our mothers used to do us when we were kids and went barefoot.

Two golfers from Alanreed were down Sunday and played a round on our golf course. We did not learn their names, but take this opportunity to give any of the boys from Alanreed a cordial invitation to come down any time they can. In fact, we would like for some of you boys to take out permanent memberships and help us develop our grounds as planned in the future, so we can all have a country club that we will all be proud of. As soon as we get our paving completed it will be only a few minutes drive from Alanreed and pavement all the way right up to the big gate. Oh, boy! That will be fine.

We are trying awfully hard to get a golf match as a part of our Labor Day picnic, program. We have a bunch of sheep (mutton head golfers) who simply won't play golf on Sunday who have never played in a matched game with our neighbor golf clubs. They are anxious to play on Labor Day and we hope we can manage to get a match for that day.

Penn Bourland, Madison Bentley, Judge Rice and Preacher Crow all think they are the hot stuff, all dressed up in their knickers, but I bet they get their ears knocked down if we do get a match.

I'm still insisting on a ladies' tournament, and if nobody else will do anything about it, Pappy Campbell and myself are going to get it ourselves. Of course, we aren't going to do any of the bossing, but we are going to get up a list of prizes and get things started off and let the "wimmin" fight it out themselves. I'm going to give the bargain prize of \$2.98 in real money or the consolation winner to spend as she pleases, and if she wants to buy a pair of silk hose or a pair of lounging pajamas, it won't be any of us men's darn business.

**News from Alanreed**

Mrs. C. T. McMurtry was in town Monday.

Mr. and Mrs. A. H. Moreman visited in Pampa Sunday.

Miss Estella Walker and Jack Anderson of Lark visited Miss Walker's parents, Mr. and Mrs. M. T. Walker, Sunday.

Mr. and Mrs. Ollie Elliott visited in the homes of J. R. Cooper and C. W. Whitley at Wheeler Sunday.

Mr. and Mrs. C. H. Robertson and children, Ruth and James, have returned from Lubbock.

Miss Florence Clemmons spent the week end with Mrs. Garrett.

Mrs. Gilbert Garrett, Mrs. Murr Castleberry and Mrs. Ollie Elliott made a business trip to McLean Saturday.

Mrs. Wilson Blakney and daughters, Bernice and Wilsey Pauline, have gone to Elmer, Okla., to be at the bedside of Mrs. Blakney's father, who is very ill.

Mrs. Roy Sherrod was very painfuly burned with a pressure cooker Friday.

Mr. and Mrs. M. T. Walker and children, Jack and Nolan, are visiting C. H. Cash at McLean this week.

Mrs. Dora Clemmons and daughter, Bessie, are spending the week with Mrs. Garrett.

Mrs. John Burr of McLean is spending the week with her daughter, Mrs. T. E. Williams, on the Dial ranch.

Miss Adelaide and Jack Scott of Floydada spent last week with relatives here and at McLean.

Mrs. H. G. Guill took her Sunday school class to McLean Tuesday.

Mr. and Mrs. Charlie Garrett and little daughter, Jackie Joan, from Gainsville visited with Mr. Garrett's brother here this week. They were enroute to New Mexico and Colorado.

Mrs. H. G. Guill and other teachers are attending institute at Canyon this week.

**BAPTIST S. S. TEACHERS**

The following teachers for the Baptist Sunday school have been selected by the committee, to be approved by the church next Wednesday evening:

Adult department—Rev. S. A. Cobb, Mrs. S. A. Cobb, A. C. St. Clair, Mrs. H. W. Finley.

Young people's department—W. H. Robertson supt., Miss Aline McCarty asso. supt.; Claude Williams and Mrs. Anseling teachers.

Intermediate department—Mrs. Homer Abbott supt., Mrs. Geo. Colebank asso. supt.; John Cooper, Mrs. John Cooper and Lloyd Hunt teachers.

Junior department—Jesse Cobb, Miss LaEuna Holloway and Miss Ruby Lee Seal teachers.

Primary department—Mrs. T. H. Andrews and Miss Lucile Scott.

Beginners department—Mrs. T. N. Holloway.

Cradle Roll—Mrs. Reep Landers and Mrs. Jesse Cobb.

**STREET PREACHER HERE**

Rev. C. E. Briles, prison and reformatory evangelist, will hold street services near the Montgomery Drug Co. Friday and Saturday of this week at 3:15 and 8 p. m.

Rev. Briles is on his way from the Colorado penitentiary to the Texas penitentiary. He was spiritual advisor to Hickman and the Flegle boys and also worked on the Payne case.

He will display some 22 photographs of torture devices and heathen gods of Mexico. He has an egg that was laid at Elk City, Kans., with words "Prepare to Meet Thy God," that will be on display.

**FREE BAND CONCERT**

The high school band under the direction of Prof. Robt. C. Davidson will play Saturday at 3 p. m. in front of the Hindman Hotel. The following program will be used:

March—Connecticut.  
March—Outlook.  
Overture—Iron Count.  
March—Slidin' Some.  
March—Path of Honor.  
Foxtrot—Slidin' Some.  
March—Viking.  
March—Lone Crusader.

**ENTER PRODUCTS TUESDAY**

By Miss Myrtle Miller, C. H. D. A. The September Home Demonstration Council of Clubs will meet Tuesday at the ladies' rest room of the court house at Pampa. All home demonstration entries in the fair are to be made on or by Sept. 8. Miss Mary Sutton, county home demonstration agent of Amarillo, will judge girls' and women's work on Wednesday.

The exhibit promises to be better than last year.

Mrs. Callie Haynes has our thanks for a subscription renewal.

**PAMPA FAIR NEXT WEEK**

By Pampa Correspondent

The Gray county free fair will be held in Pampa September 10 to 12. Plans have been perfected to make this fair of special interest to the entire county. A general premium list has been made out covering a large number of projects, which should make it of interest to all. One of the most interesting features of the fair will be the club work under the supervision of Ralph R. Thomas, county agent; and Miss Myrtle Miller, county home demonstration agent. These departments will be worth seeing.

The community exhibits promise to be very representative of the county. The dairy show, while possibly small, will be the beginning of a real dairy show for this section of the country. One of the features of the fair will be the machinery exhibit. The machinery companies are planning to put on an exhibit of machinery that will be of interest to all farmers.

The various departments consist of agricultural exhibits, covering field crops, fruits and vegetables; boys' club work, grain sorghums, corn, cotton, wheat; boys' pig club, and manual training work.

In addition to the dairy show, community exhibits and demonstration work mentioned, there is a large division for women's work, including art, textiles, handicraft, antiques, cooking and sewing.

One of the features of the fair will be a wheat show. The management is offering large prizes for the best gallon of wheat, and the indications are that there will be a large number of entries.

Plenty of music will be provided, and on Saturday the high school football season will open, with Pampa and Clarendon playing.

The object of this fair is to draw the people of Gray county and surrounding communities closer together and work for better agriculture. This fair will develop from year to year until it is expected that it will be one of the important events of this entire section.

The people of McLean are not only cordially invited, but urged to come and enter their products, and meet their friends, who will undoubtedly be there.

**Local and Personal**

Mr. and Mrs. E. D. Ashburn and daughter of Stamford are visiting Mr. Ashburn's sister, Mrs. S. A. Cobb, and Mrs. Ashburn's sister, Mrs. Jim Back.

G. H. Deason and son, Bill, and daughter, Mrs. Juanita Hammond, of Breckenridge visited the former's daughter, Mrs. Josh Turner, last week end.

Mrs. W. D. Biggers of Lockney is visiting her mother, Mrs. L. O. Floyd, who is ill.

Mrs. J. W. Kolb of Lubbock is visiting her mother, Mrs. L. O. Floyd, who is ill.

Mr. and Mrs. J. J. Simmons of Pampa visited in the J. E. Lynch home Monday.

Mr. and Mrs. Ruel Smith and little daughter visited relatives in Goldston Sunday.

Mrs. S. F. Garner left Thursday for Electra after a visit with her daughter, Mrs. L. P. Pope.

Mr. and Mrs. W. L. Haynes of Weatherford, Okla., were in McLean Tuesday.

Ewell Beall returned to Los Angeles Saturday after a visit with relatives here.

Mr. and Mrs. J. A. Meador and little son were visitors in Clovis, N. M., Friday.

Miss Ruby Hohn of Clarendon is a guest in the J. A. Meador home this week.

Misses Helen and Mona Cathryn Meier of Amarillo are spending the week end in the Stratton home.

Mrs. D. M. Davis and Mrs. Allen Wilson visited in Pampa Tuesday.

Mr. and Mrs. Olin Davis visited in Pampa Tuesday.

Mr. and Mrs. C. C. Bogan visited in Amarillo Wednesday.

Mrs. H. C. Wilson of Abilene visited relatives here Sunday.

J. W. Beall of Shamrock visited relatives here Monday.

Mrs. E. A. Hare of Amarillo visited in the W. T. Wilson home Sunday.

Mrs. Pauline Ozier and Miss Alice Carpenter visited in Pampa Monday.

W. H. Miller of Clarendon visited relatives here this week.

Jot Montgomery was in Amarillo Tuesday.

Mrs. D. A. Davis visited at Clarendon Saturday.

NATIONAL EDITORIAL ASSOCIATION

Panhandle Press Association

The News has offered many times to publish financial reports for the school district and city free of charge. That offer still holds good, should either body want to use our space for that purpose.

The editor of the Claude News and Mrs. Phoebe K. Warner were pictured in last week's issue of the Claude News along with members of the school faculty. This is recognition of the place the newspaper and the PTA play in the successful school term.

Last week's issue of the Vega Sentinel had the following sentence between every item on the first page: "Bake your own bread." We are at loss to understand the reason for it, unless it be that there is no bakery advertising in the issue. We note in many towns propaganda toward patronizing the home bakery, but this is the first we have seen advocating baking your own bread.

When the tent show that was in McLean recently showed in Shamrock the manager was ordered to stop distributing circulars in the city limits. Shamrock has a city ordinance prohibiting the distribution of circulars by out of town people, except on payment of a high license. This is done to keep theatres and merchants from other towns taking money out of Shamrock. The merchants of Shamrock believe in trading at home, and they intend that others shall not interfere with their town by strewing circulars over the streets.

Our idea of the solution of the cotton problem is to make all cotton come up to a certain grade before it can be sold—something on the order of the milk ordinance, or the law on selling eggs. Most of the trouble on overproduction has been unmerchantable cotton. There has not been any overproduction of good cotton the past few years. If the unmerchantable cotton now on hand was destroyed, government estimates discouraged, and a law forbidding the sale of low grade cotton, we would have no trouble with the market. The Long plan, if adopted, would stand to defeat its own purpose and throw hundreds out of employment, right in the times when employment is most to be desired.

**MRS. CHRISTIAN ENTERTAINS**

Reported.  
Mrs. A. A. Christian entertained last Thursday evening with a lovely dinner party in honor of Mr. and Mrs. C. W. Ince of Amarillo.

Those present were: Mr. and Mrs. Ince, Mr. and Mrs. Hill, Mr. and Mrs. Brath, Mr. and Mrs. Byerum, all of Amarillo; Mr. and Mrs. J. A. Crockett and children, Mr. and Mrs. A. B. Christian and daughter, Larue. Everyone enjoyed the evening very much.

Mr. and Mrs. S. D. Shelburne were in Amarillo Thursday.

A. A. Ledbetter was in Amarillo Friday.

**School Opening**

Organization, to do the best work possible, needs your co-operation, aid, help and advice in helping to put over a real constructive program. This organization has stood the test, has been tried and is willing to be tried again. I shall be very happy to see all of the parents and the patrons of the school fall in line for the work that this organization is doing. I know some of the plans for the year, I know that the plans will be of great good to the schools, to the child, to the parent and to the patrons.

The organization that I am speaking of is the P. T. A. It does not cost you much to become a member, it does not cost you much time to lend your support to an organization that stands behind the schools. Our children are the greatest assets that we have. They should have the best at all times. There is only one time to do the right thing for them from the standpoint of school work, and that is the present time. Many things may be moved up, put off to some future date, but the child needs to learn the principles of future citizenship when he is a child, for the principles will mean more to him then. There are many organizations that are ready to assist the schools, but the P. T. A. has the aid and help of the schools at heart first and all the time—it was founded for this particular work.

It will please the officers of the P. T. A. for you to become a member; it will please the members of the P. T. A. for you to become a member, and it will certainly please the school administration for you to become a member.

When the drive for membership is started this fall, please see that you are listed as a member. Some real school problems will be discussed by the P. T. A. this year, and we as citizens are always ready to render aid in the things that are worth while.

When the schools open this fall, we as patrons should know something about what will be offered in the high school. We should know what texts are furnished by the state and what texts the student will have to buy in taking the different courses. The high school has a wide range to select from; still there are some courses that are required, and it is the part of wisdom to know what these courses are.

The state furnishes texts for English, history (three years), three years of math, Spanish grammars (not readers), Latin, civics, science (not the manuals), the text for book-keeping (not the sets, etc.), and a general text for agriculture. It will not be our policy to have the student buy anything that he can do without. In fact, we are going to see that the student does not have to buy anything more than he just

Rev. H. C. Cagle, Nazarene evangelist, whose meeting begins here Friday night.

has to. There are number of second-hand texts in the town and community that may be purchased at a discount, and we would like to see the students buy these second-hand books from ex-students. Many times talk and criticism can be avoided by getting in touch with some of the school officials in regard to the needs of the student. We shall at all times be ready to assist you in matters of school needs.

The schools at McLean rank at the top with the other schools of the state. There are few schools that have as many credits as we have, and many do not have nearly so many. Take the school directory of the state and see for yourself, study school conditions in other towns. The people of this town are certainly to be congratulated on the splendid way that they have responded to the aid of the schools. We have been requested by the state to give the third year of home economics this year, also that we offer general science.

Sammie Cubine and Mr. Thacker were in New Mexico Monday.

Mrs. Vernon Rice visited in Amarillo Saturday.

**HOPKINS SCHOOLS HAVE TOO MUCH MONEY**

The Hopkins school district that has two buildings valued at \$33,000 has a balance left on hand from last year of \$28,216.23, with the prospect of the state's \$17.50 for each of the 248 pupils on the rolls, and the one dollar levy on the district's valuation of \$4,901,113 would net \$49,011. The schools' budget for this year is only \$13,000.

As the funds cannot be transferred and the tax must be collected, unless the voters decide differently, a petition has been presented to the county judge asking for an election to see if the district tax may be abolished, as they have enough funds in sight to run the schools two years

## TIM --- THE KELLY KIDS --- TOM

# WOT HO! FOR A LIZARD

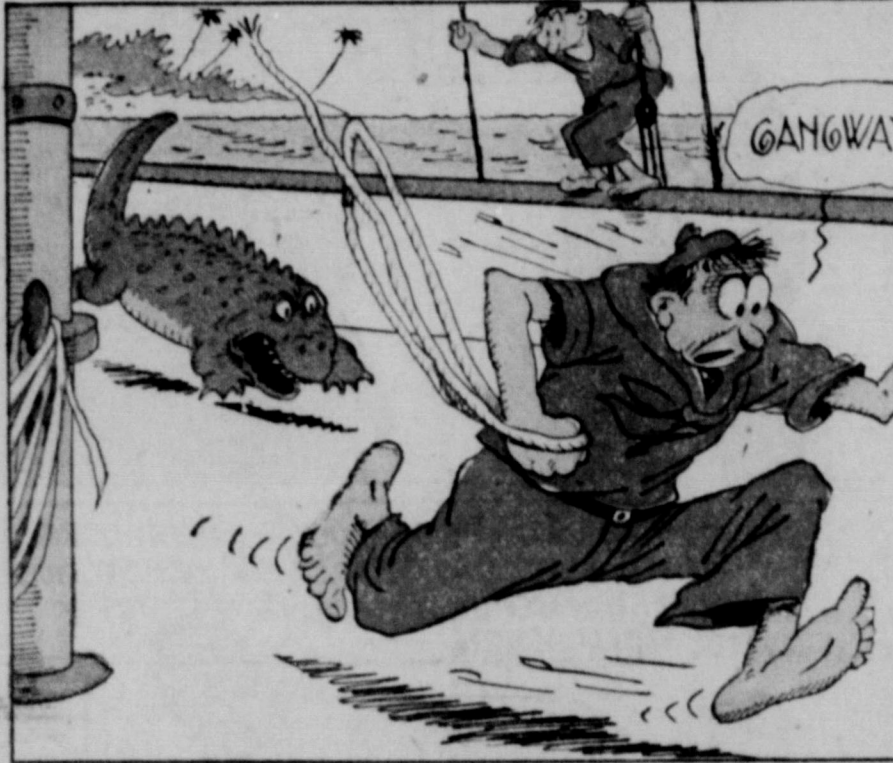

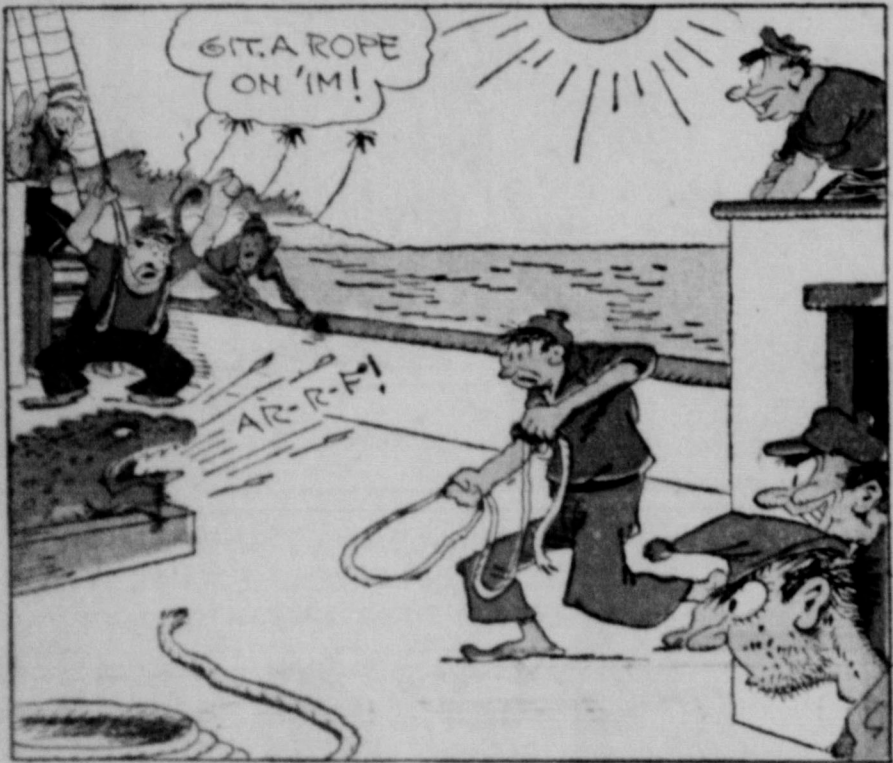

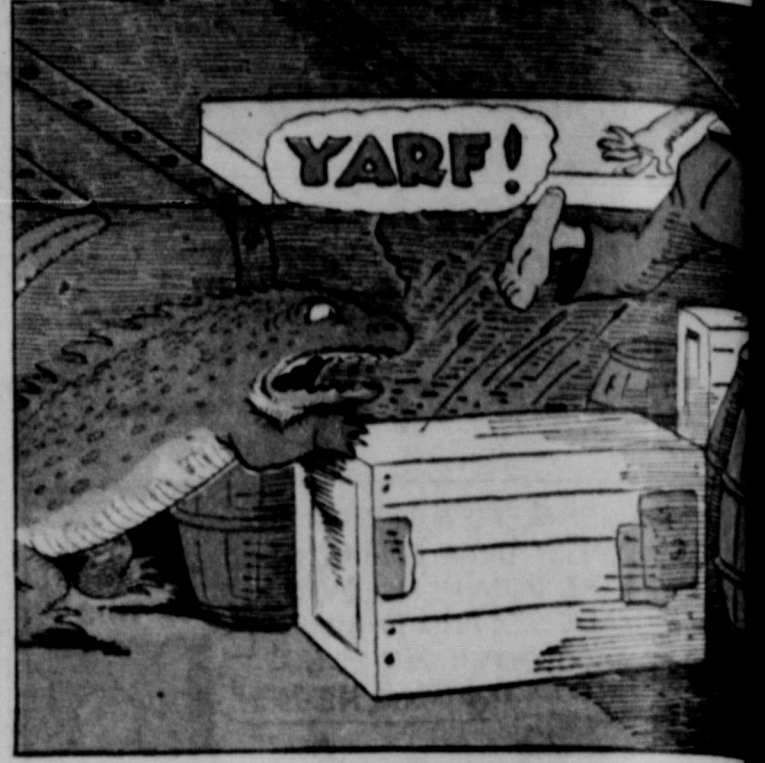

Th' lizard dived down th' hatchway after th' sailor and chased him out on deck again. By crackey, things were pretty lively for awhile. My old shipmate, Tops'l Barney, said I ought to be tossed to th' sharks for bringin' such a pesky critter aboard.

Well s'r, that lizard must have been chucklin' to himself at th' way th' crew was keepin' clear of his snappin' jaws. Th' bos'n tried to lasso him with a rope, but missed and had to run for his life. Th' second mate grabbed an empty barrel from th' galley, and as they raced past clapped th' barrel over th' lizard's head. Wow! Then th' fun began.

With th' second mate still hangin' to th' barrel, that

dogasted lizard pranced 'round on his hind-legs, whirlin' and spinnin' like a dancin' dervish. Tops'l Barney was tryin' to get a rope on th' critter's legs when th' mate lost his hold on th' barrel and landed on Barney's fat stomach. Down they rolled into th' lee-scuppers.

With th' barrel over his head th' lizard made for me and away I went. I saw an openin' in th' bulwarks and with a jump I grabbed a halliard made fast to a belayin'-pin near th' openin' and hoisted myself out of reach as th' lizard went under me, out through th' openin' and overboard. Th' last we saw of him he was headed for th' island with th' barrel still over his head.

THE TIGER POST

Edited by pupils of the McLean High School

LIFE OF MRS. JACK BAILEY

By Fahoma Ladd
Mrs. Jack Bailey was, before her marriage, Lucena Armstrong. She was born at Willow Point, Wise county, Texas, on April 16, 1907. The first five years of her life were spent in Willow Point, where she attended school for five years. When she was five years old, her parents, Mr. and Mrs. Geo. Armstrong, and family moved to the Heald county, near Heald. In the Heald county family there were two boys and four girls. Mrs. Bailey attended school at Heald for three years. When she was fifteen she married Jack Bailey. Two children were born to them: Melvin, born January 6, 1923; Vestal Gene, born July 7, 1927. When Melvin was three years old they moved to Childress and there for three years. Then they moved back to their place, four miles northeast of McLean. They were here for a year, and it was then that Vestal Gene was born. They moved near Wheeler when Vestal Gene was six months old and there two months, and moved to their place. Mrs. Bailey is a Methodist and is a worker in the Sunday school. She takes an active part in all the church work and is ready to help in any way. Mrs. Bailey married young and was a mother of many advantages, but she did not yet, and she likes to do outdoor sports. She likes to play ground ball and baseball. Melvin Bailey started to school at the age of five. He is going to Heald, where his parents live in Gray. Mrs. Geo. Armstrong and Horace, Pete and Arthur, live near McLean. Mr. Armstrong has been in the grocery business at McLean. Mrs. Bailey's sister, Mrs. Webb Gregg, lives in Lefors, one of her brothers, in Heald with his wife, and her and his wife live in Fort Worth.

ORDINANCE NO. 42

ORDINANCE AMENDING ORDINANCE NO. 42 WHICH WAS PASSED ON THE 28TH DAY OF FEBRUARY, 1928, BY THE CITY OF McLEAN, ENTITLED "AN ORDINANCE GRANTING A FRANCHISE TO G. STOKELY, ED STOVER, B. F. HOLMES, SUCCESSORS, TO SUPPLY AND DELIVER TO THE CITY OF McLEAN IN THE COUNTY OF GRAY, STATE OF TEXAS, GAS FOR FUEL AND POWER PURPOSES PROVIDING RATES, RULES AND REGULATIONS FOR THE DISTRIBUTION AND THE SALE OF GAS TO THE CITY OF McLEAN AND ITS INHABITANTS BY G. STOKELY, ED STOVER AND B. F. HOLMES, THEIR HEIRS, ASSIGNS AND ASSIGNEES, FIXING NEW RATES FOR THE SALE OF GAS TO THE CITY OF McLEAN AND ITS INHABITANTS." IT ORDAINED BY THE CITY OF McLEAN:

That sub-section (a) under section 2 of Ordinance No. 42 be amended to hereinafter read as follows: That the net rate for natural gas sold and used for domestic purposes other than minimum monthly shall not exceed 30 cents per cubic foot of gas, exclusive of delivery, for the first thirty thousand cubic feet of gas and 25 cents per cubic foot for all gas over and above the first thirty thousand cubic feet.

That the net rate for gas to the McLean School shall be 25 cents per thousand cubic feet for the first thousand cubic feet and 20c per cubic foot in excess thereof, and the net rate for gas in all schools shall be 25 cents per thousand cubic feet, exclusive of delivery, and one billing, to be used through one meter, the reason for this being that the gas is one customer in fact.

That sub-section (b) of Section 2 of Ordinance No. 42 is hereby amended to hereinafter read as follows: That the gas company shall sell gas for industrial and boiler purposes at a rate not to exceed twenty (20) cents per thousand cubic feet, exclusive of delivery, when the consumer will use a minimum of five (5,000,000) cubic feet of gas annually, otherwise said industrial rate shall never exceed 40 cents per thousand feet of gas.

W. E. BOGAN, Secretary.

WINNERS TO HELP

W. T. Bingham, Sayre's of-ficesman, tells this one: "In desire for more business, the of Erick have held a meeting to help farmers with a relief method. They have the judge said, 'that if the will pick their cotton and to an Erick gin they will his note for the balance after farmer has turned over the cot- and seed for the ginning.' We and Judge Bingham to say but it might have been Elk Sayre—Sayre Headlight.

J. L. Ratliff, pastor of the Side Baptist Mission at Pampa, new reader of The News.

NEW ROAD BUILDING METHODS ELIMINATE DELAY & DETOURS

New York City.—Delay and detours caused by highway construction work, hated by the motorist, largely can be eliminated, highway engineers believe, by rapid work made possible through mobilization of men, machines and material. Already, by use of mixed in place asphaltic material, as much as a mile of road per day is being built under traffic, and in the near future, it is predicted, two and three miles of road may be finished in a day, or least over night.

Efficient planning, the engineers explain, will permit handling highway construction projects on a basis of 20 to 100 miles at one time and in one contract, thus materially reducing building time and costs. Shipments can be scheduled, material placed by conveyors where needed and the surface spread and finished by machine in a fraction of the time once required. Within comparatively a few days a dusty, muddy or rough stretch of road can be transformed into a dustless, smooth, non-skid, through route.

This idea of getting everything ready and then going ahead in a hurry represents one of the many recent changes in road construction ideas. Highway systems now are being built to serve an entire area and everyone in it all the year. Parallel routes are preventing traffic congestion and excessive wear on any one road. Trunk highways are surfaced to care for present and heavy traffic, secondary roads in accordance with present needs.

Adoption of a single type of surfacing, regardless of conditions, materials and cost, is regarded as an expensive mistake. Roads are seen as becoming better, and cheaper, not only because balloon tires reduce wear and tear upon them, but because economic pressure is curtailing the first great outpouring of public funds in the way of bond issues and steadily mounting gasoline taxes are arousing protests. Single line pavements are being avoided as dangerous. Emphasis today in highway design is being placed upon drainage, width, alignment, grade and surfacing, with due regard for real economy.

IT APPLIES TO ALL

George Susens, secretary of the Minnesota Bankers Association, has sent the following letter headed, "Our Best Friends," to all member banks: "Frequently we overlook our best friends right at home. Your local newspaper is the most powerful influence in your community. Few if any editors abuse the opportunity of molding public opinion. Your bank is a public and community enterprise. Confidence and public opinion can make or break a bank. Most of the country papers have been very kind during these trying times in helping to stabilize conditions. Many new items and startling headlines have been withheld to protect the best interests of your bank and your people. In place of this publicity, helpful and encouraging news was run to inspire and to retain and up-build the confidence of the community. Money cannot buy the friendly editorial nor the wholesome attitude of your home paper. All of this is free to you and your people. The most valuable advertising space to be obtained, costs you nothing.

"Does your bank show its appreciation? Have you ever complimented the editor for any of his free service? A 'thank you' now and then with a regular paid advertisement and an order for some job printing that your local printer can do as well and as cheaply as the outside supply house, will not only help to support a substantial local enterprise, but prevent the paper from getting the 'blues' and printing accordingly, to the detriment of the whole town and community.

"Are you on friendly terms with your paper? If not, why not?"

To be in the pink of condition physically and mentally, and ready and willing to do anything that needs to be done is a great substitute for genius.—George H. Knox.

Miss Elizabeth Wilkerson returned Sunday from a visit with friends at Dalhart.

Chas. E. Cooke and family were in Amarillo Thursday.

Mrs. M. T. Powell of Ramsdell was in town Saturday.

Wilmer Merver visited in Mobeetie last week.

Roy Campbell was in Pampa last Thursday.

R. S. Thompson's subscription has been renewed this week.

EXTRA COPIES THE NEWS, 5c

AUTO REFRIGERATOR

When we go on picnics and tours in our autos these hot days we have to take our perishables and water in thermos bottles or jugs, iceboxes, etc. But all of this may be eliminated by rapid work made possible through mobilization of men, machines and material. Already, by use of mixed in place asphaltic material, as much as a mile of road per day is being built under traffic, and in the near future, it is predicted, two and three miles of road may be finished in a day, or least over night.

A GOOD BELIEF

I BELIEVE in boys and girls, the men and women of a great tomorrow, that whatsoever the boy soweth, the man shall reap.

I BELIEVE in the curse of ignorance, in the efficacy of schools, in the dignity of teaching and the joy of serving another.

I BELIEVE in laughing, in all ideals and distant hopes that lure us on.

I BELIEVE that every hour of every day we receive a just reward for all we do.

I BELIEVE in the present and its opportunities, in the future and its promises, and in the divine joy of living.—Edwin Osgood Grover.

One trouble with life is that it often kicks you in the pants when you think it should pat you on the back.

Bread gives more food value per penny of purchase price than any other food. Caldwell Bakery. Advertisement 36-3c

Mrs. Dollie Fulton of Baird visited her sister-in-law, Mrs. Walter Bailey, over the week end.

Mrs. E. W. Crisp of Alanreed was in McLean Saturday.

Mrs. Bessie Coffey visited in New Mexico this week.

TERRACES INCREASE SOIL PRODUCTION

Crowell.—Rain falls on the terraced and the unterraced field as it does on the just and the unjust—alike, but the terraced field preserves the moisture day—when auto makers build their seats which will be operated by the car motors. Professor F. C. Stewart of Pennsylvania State College, says his side of the fence than it did there is a potential refrigerator in across the way. Terracing was the secret, according to Foard county farm agent, Fred Rennels, and now Mr. Logan is planning to contour all his rows as the best way to hold the rainfall.

A BARGAIN

The farmer owned fields on each side of the golf links. It so happened that he was taking a short cut from one to another when the club's worst member was addressing his ball. The worst member wagged his driver to and fro for several minutes, missed four swings, and finally hit the ball about a dozen feet. Then he glanced up and saw the farmer!

"I say," he protested. "Only golfers are allowed on this course, you know."

The farmer nodded. "I know it," he replied. "But I won't say nuthin' if you don't."

If all the "true story" writers were laid end to end they would be lying promises, and in the divine joy of living.—Edwin Osgood Grover.

S. D. Shelburne was in Weatherford, Okla., Friday.

Mrs. Jot Montgomery was a visitor in Amarillo Friday.

POLITICS

The little boy interrupted his father's reading of the paper with a petition.

"Please, daddy, tell me the story of the Forty Thieves."

The father, aroused from his absorption in political news and comment on the campaign, regarded his son thoughtfully for a moment, and then shook his head.

"No," he answered decisively, "you must wait until you're a little older, my son. You are too young to understand politics."

Mr. and Mrs. Douglas Wilson of Pampa visited in McLean last week end.

Miss Evelyn Alexander of Hedley visited relatives here last week end.

2 Meals Day, Plenty Water, Helps Stomach

"Since I drink plenty water, eat 2 good meals a day and take Adierika now and then, I've had no trouble with my stomach."—C. DeForest.

Unlike other medicine, Adierika acts on BOTH upper and lower bowel, removing poisonous waste which caused gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adierika give your stomach and bowels a REAL cleaning and see how good you feel! Erwin Drug Company.

**With the Churches**

**CHURCH OF THE NAZARENE**

W. Hickman, Pastor  
Beginning Friday night, Sept. 4, Rev. H. C. Cagle and wife will conduct a revival in our church. Bro. Cagle is superintendent of the Abilene district, and he and his wife are both preachers of the Gospel and believe in a religion that will save men and women from the lowest depths of sin to the highest heights of God's redeeming grace. They traveled over Texas and Oklahoma in a two-horse carriage before the days of autos, and preached this wonderful salvation to thousands of people. They have seen multitudes pray through to glorious victory. Come and bring your friends and help us in this revival effort, that many souls may be saved and believers sanctified. The Lord wonderfully blessed in our services last Sunday, and our attendance was the largest in several weeks.

**FIRST BAPTIST CHURCH**

Cecil G. Goff, Pastor  
Sunday school 10 a. m.  
Morning worship at 11. Subject, "God's Measuring Stick."  
B. Y. P. U.'s at 7 p. m.  
Evening worship at 8 o'clock.  
The W. M. S. will meet Wednesday afternoon at 3 o'clock in the church auditorium for Bible study and business.

The deacons and men will meet Tuesday evening at 8 o'clock in the basement of the pastor's home.

Wednesday evening at 8 o'clock the church will meet for business.

The choir will meet Friday evening at 8 o'clock for rehearsals.

**FIRST PRESBYTERIAN CHURCH**

W. A. Erwin, Minister  
Sunday school 10 a. m., F. H. Bourland, supt.; Mrs. Chas. E. Cooke, supt. primary department.

Morning worship 11. Sermon by the pastor. Anthem by the choir.

Evening worship at 8. Sermon by the pastor. Special music.

Regular choir practice Wednesday, 8 p. m.

Junior choir Tuesday, 4 p. m.

**SENIOR B. Y. P. U.**

Subject—The Enrichment of Christian Living through Christian Training.

Song—True Hearted Whole Hearted. Scripture reading and introduction—Lillian Carpenter.

Training for A. B. Degrees—Kent Carpenter.

Home Training—Dorothy Jean St. Clair.

The Enrichment—Bobbie Appling.

Sharing the Enrichment—Durwood Riddle.

Hymn—Living for Jesus.

**CLUB BOYS VISIT CREAMERY**

Ten Gray county 4-H club boys visited the Gray County Creamery Monday, accompanied by County Agent Thomas and an employee of the creamery. These boys were getting information for a story writing contest, the subject being "My Trip Through a Dairy Plant."

The state prize in this contest will be a trip with all expenses paid, to the National Dairy Exposition at St. Louis, beginning October 12th. National prizes are offered as well as a five dollar prize offered by the Gray County Creamery for the best story written by a Gray county boy. The stories will be judged by the A. & M. College Extension Service.

The boys who entered the contest are: Creath Glenn, McLean; Carroll Gilgreaith, John Wm. Hill, Burl Glass, Jr., Paul Griffin, Neil Hill, Roy Hill, Weller Snyder, Euel Pulton and J. H. Wetwell, all of Alanreed.

**SCHOOLS TO RECEIVE POSTER**

Congressman Marvin Jones announces that every school room of every school in his district will receive a beautiful pre-trait-poster of George Washington, executed in colors.

The pictures are being distributed in co-operation with the Washington Bicentennial Celebration to be held next year.

**SILER FAULKNER REELECTED**

Siler Faulkner has been reelected president of the county board of school trustees. W. S. Willis of precinct No. 4 is a new member of the board.

All county schools are reported to have enough money to hold full terms this year.

Mrs. W. W. Whitsitt of Alanreed was in McLean Saturday.

**IT OFTEN HAPPENS**

It's the newspaper's business to chronicle and in many cases interpret the news of the community. It is not its business to print the scandal of the town.

Like some people, many papers break the rules of the game. They make no attempt to verify or correct idle and harmful gossip, but instead pass it on without confirmation or regard for the individual.

Other editors, the majority, guard against this practice. They assist and protect the citizens in this regard. They draw a line, to the best of their ability, between news and gossip, good news and distasteful news, degrading and uplifting news.

Scandal-minded residents accuse the editor of suppressing the news. As long as they are not mixed into the affair they want to know, and believe all others should know the worst.

Why should the newspaper, being a public servant, be an agent for telling the public the scandal about residents any more than public officers, ministers, school officials and others in public light, because of their position, hear those things that do not become knowledge or topics of conversation?

Private affairs are one thing. When those affairs get into the courts or are of a public interest—that's another thing. The former usually does not get into the papers. The latter is news and is usually printed.

The editor is willing and glad to leave out articles of private affairs. He frowns upon the request to leave out news. Still, it often happens that this request is made, the greatest insistence being made by those who are only too glad to see printed articles about the other fellow.—Beaumont (Calif.) Gazette.

Mrs. Jesse Kinard and daughters returned to their home at Dalhart Saturday after a visit with relatives here.

**BUCKLING CONCRETE SLABS**

Taxpayers in counties where buckling concrete slabs costing \$30,000 per mile, are giving serious trouble to traffic, may be wondering at this time if, after all, the engineers have been experimenting all the time and do not really know the ways of concrete and how to make it into roads that will stay put long enough for the taxpayer to feel he has at least gotten a part of his money's worth.

At several points in the state—it is said—the highway department is tearing out sections of concrete and substituting in their place asphalt or some other type of hardsurfaced road.

To the engineering profession and the road-builders, perhaps, the matter is an incident in the march of events. To the taxpayer who sees his hardsurfaced road bond money mounting into the hundreds of thousands turning into ripples, it is more than an incident. Engineers in Texas have expended many millions and are still spending much money put into their care by the peoples of the various counties, the state and the federal government, the evidence plain to be seen indicating that much of the work was done experimentally, to see what would happen.

Buckling concrete slabs is part of the evidence.—Floyd County Hesperian.

**A HANDICAP?**

N. A. Metzger, advertising manager for one of the big manufacturing concerns of the country with a product that is sold in practically every city and town in the country, says of the price-cutter:

"In the last analysis, price-cutting is manifestly harmful to general business conditions. The United States must look to its own merchants for a return of the business boom, and the price-cutter is one of the handicaps to prosperity."

Every family of every different calling which contributes to the manufacture of an article, must help bear the burden created by the price-cutter, he says.—Floyd County Hesperian.

**THE FISHERMAN SAYS**

You can't expect to make a catch if you don't go near the water. And one cast won't exhaust the stream. But with thorough knowledge, complete equipment, patience and consistent effort, you can land your share of the little ones, the big ones, the easy ones and the hard ones.—Exchange.

Mrs. J. H. Crabtree visited in Amarillo Saturday.

**A SHORT-SIGHTED POLICY**

Advertising keeps goods moving, inspires confidence, creates or augments good will. But in order to accomplish these beneficent results, advertising must strike the public consciousness unrelentingly. Any abrupt hiatus—any extended absence of the advertiser's message may be disastrous. I am profoundly convinced therefore, that any reduction of advertising in times of depression, with the idea of cutting down expenses, is a mistaken and short-sighted policy, likely to defeat its ostensible purpose.—Dr. Julius Klien, assistant secretary of commerce.

**A SWELL DUMP**

The tenderfoot in the West town asked for coffee and rolls at the lunch counter. He was served by the waitress, and there was saucer for the cup.

"What about the saucer?" he asked. The girl explained: "We don't have out saucers no more. We found, we did, like's not some low-down would drift in an' drink out of the saucer, an' that ain't good fer the. This here is a swell dump."
