

Thank Heavens, A New Chapeau!

Mrs. Edward Fisher, weary of complaining about the crumpled state of a straw hat that had seen plenty of mileage during the summer, registers great relief and admiration as her husband makes the

change. Ed smirks with pride and pleasure. Why not? He not only gained the approbation of his mate, but set the pattern for Felt Hat Day on Saturday as well.

Mexican Sought In Shooting Of Politician's Son

By WILBUR MARTIN
ALICE, Sept. 12 (AP)—Justice of the Peace Brown Fuller said today a Mexican national is the man still sought in an assassination plot that went awry and left the son of an intended victim dead.

Fuller said the Mexican is Alfredo Cervantes, third man charged in the shooting of young Jake (Buddy) Floyd Jr. The judge named as the second intended target of the bungling triggerman will hold a habeas corpus hearing tomorrow for one of the two other men charged in the case.

Judge Sam G. Reams said he would hear the case of Nago Alaniz, about 30, at 9 a. m. Reams said Alaniz's attorney, Charles Lyman of Corpus Christi, requested the hearing.

Alaniz, who is charged with murder, was identified yesterday by Floyd's father as the informant who warned him that the older Floyd and Judge Reams were marked for death in an assassination plot. Young Floyd was shot while his father was away from home at a rendezvous with Alaniz. The other man charged, Mario (El Turko) Sapi, 45, was brought here from the jail at Beeville last night, shortly after the shooting, dapper Alaniz was brought from Refugio. Both men had been spirited out of town when Sheriff Halsey Wright heard there might be trouble.

AFTER MEETING GENERAL Taft Will Campaign 'Actively' For Ike

NEW YORK, Sept. 12 (AP)—Sen. Robert A. Taft got into the campaign harness today with Gen. Dwight D. Eisenhower, and called on Americans to support the Republican presidential nominee.

The senator, who lost the nomination to Eisenhower in a bitterly fought GOP convention, declared the general had his wholehearted backing with "no qualifications at all."

"I urge all Americans, and particularly those who have confidence in my judgment and principles, to vote for Eisenhower," Taft said.

It was the first full-dress harmony session between the pair since the convention, and had been heralded as a major move in healing any rifts in GOP ranks.

After breakfasting together, Taft and the general emerged, in smiling congeniality, and the senator later declared they were in substantial accord on all issues. "Completely satisfied," was the way Taft put it. Sen. Taft said he is convinced

that Eisenhower "will carry out the policies of the Republican platform."

He said he was "completely satisfied" that Eisenhower would give the United States a good administration.

Taft called the Democratic candidate, Gov. Adlai E. Stevenson of Illinois, "a representative of the left wing and a left-winger himself."

"I also said he is convinced Eisenhower believes in the principles of a statement adopted by the Republican steering committee in Congress."

He told a news conference: "I cannot say I agree with all of Gen. Eisenhower's views on foreign policy but our differences are merely differences of degree."

Stevenson Due To Campaign In Texas This Fall

By The Associated Press
Texas Democrats who are remaining loyal to the party nominee had assurance today that Gov. Adlai E. Stevenson would bring his presidential campaign to Texas this fall.

Democratic National Chairman Stephen A. Mitchell said in New York yesterday that Stevenson would invade Texas during the presidential campaign in a drive for the state's 24 electoral votes.

He did not specify details of the Stevenson Texas campaign, but he added that he has urged the Democratic nominee to go into other areas of the normally solid Democratic South.

He explained, however, that such a tour "is a question on the limits of time."

Floods Recede In Texas Areas; 5 Deaths Noted

By The Associated Press
Flooding rivers and creeks in South Central and Southwest Texas slid back toward their channels Friday. Only a few "die-hard" showers continued to feed the swollen streams that had killed at least five persons.

Heavy rains hit the Brownsville-Corpus Christi area early Friday, but the Weather Bureau said this stopped before mid-morning.

The forecast said widely scattered thundershowers were forecast for West Texas and near the coast Friday afternoon and Saturday. "But the big rains look like they're about through except for die-hard showers," a weatherman said.

Brownsville reported, etc, 3ml graf pvs. 60
Brownsville reported 3.18 inches of rain Friday morning and Corpus Christi reported 2.10 inches. Other early-morning rains fell at Austin and Laredo, with the state capital getting .58 inches and the ported border city .13 inches.

2 Men Are Wounded In Mysterious Shooting Incident In Local Cafe

Two men, one a member of a pioneer Big Spring family and the other his son-in-law, are in local hospitals with serious gunshot wounds, resulting from a Thursday night shooting over which an air of mystery hung today.

John Marchbanks, about 60, was in a critical condition this morning at Cooper Hospital. Doctors said a bullet had passed through his head after entering the skull just behind and slightly above the right ear.

Marchbanks' son-in-law, Martin Binder, about 38, was in a less serious condition at Medical Arts Hospital. A bullet went through his abdomen.

Both men were wounded about 10:40 p. m. Thursday at the rear of the Cap Rock Cafe, which Marchbanks owns and Binder operates.

Cotton Means Milk Milk-Ice Fund Is Above \$500 Mark

Thanks to the warm generosity of many Big Spring people, the Milk-and-Ice Fund should be able to operate adequately for several months. This was the opinion of County Health Nurse Jewel Barton after a tabulation today showed that cash contributions to the fund totaled \$531.50.

And there will be another \$150 or \$175 for the fund from sale of Howard County's first bale of cotton. This bale Thursday was donated to the fund by Culin Grigsby, for local business interests which made up a premium fund for the first bale auction.

Money collected in the recent appeal goes to buy required sustenance for children of destitute families, some of whom are tubercular. All of whom are in need of nourishing diet. The distribution will be supervised by Miss Barton and Fire Chief H. V. Crocker, who has been assisting her in use of a special firemen's welfare fund.

In addition to the first bale, latest gifts include:
John Balch \$5.00
Roy Phillips 5.00
Kiwans Queens 5.00
E. H. Hatch 25.00
Harry Middleton 10.00
Previously acknowledged . . . 481.50
TOTAL (Cash) \$531.50

Woman Nabbed At End Of Oleo Smear Trail

A woman "with no cows but a big butter business" has about come to the end of an oleo-smear trail in this section.

She and her husband are at liberty under bonds of \$500 each. They were arrested by Big Spring police yesterday and face charges of violating the State Pure Food and Drug Act. The charges were filed in a justice of the peace court in Sweetwater.

City-County Sanitarian Lige Fox said the woman, assisted by her husband, has been engaged in the business of purchasing oleomargarine, remodeling it, and selling the substance to grocers as "fresh country butter."

She has been operating in Big Spring, Snyder, Sweetwater, Colorado City and San Angelo for more than a year and at least 14 local merchants have been handling her product, Fox reports.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and warmer this afternoon. A cold front will pass through this area Saturday, bringing a change in temperature.

High today 90, low tonight 65, high tomorrow 92.

Highest temperature this date 90 in 1927, maximum rainfall this date 1.16 in 1914.

Test Pilot To Speak At Webb Graduation

Webb Air Force Base graduates another class of cadets Saturday and the featured speaker at the ceremony will be Tony LeVier, veteran test and race pilot.

Now affiliated with Lockheed, producers of the T-33 Jet training plane, LeVier has had a varied career in the aviation field.

TONY LEVIER

LeVier began working with Lockheed in 1942, conducting tests on the P-38 fighter plane. Since then, he served abroad with the Eighth Fighter Command for a year as a technical aide and then returned for test work with various new-type planes, including jet fighters.

Budget Hearing Set

The Commissioners Court has set Sept. 22 as the date for a public hearing on the tentative Howard County budget. County Auditor Chester O'Brien stated today that the budget summary had been completed, and that it was now in the process of being typed.

Adlai Hits GOP Over Corruption

By RELMAN MORIN
LOS ANGELES (AP)—Gov. Adlai Stevenson went on the offensive today with a denial, framed in his strongest language, that Democrats alone are responsible for the federal government's corruption.

"Whose fault is it," he asked, "that we get what we deserve in government?"

Stevenson carried his campaign today into the Southwest, heading for Arizona and New Mexico. He plans to be in his Springfield headquarters late Saturday.

His two Los Angeles speeches were foundation stones in the campaign he is building.

In the first, his effort was to destroy the Republican argument that the Democrats alone are to blame for corruption in Washington.

In the second, he sought to identify his party with progress, and to prove that the Republicans are "the party of the past."

Local Iron Lung Is Dispatched To Odessa

An iron lung from Big Spring was pressed into service at Odessa Thursday afternoon.

Eight cases of infantile paralysis are under treatment in Odessa and the local iron lung was requested for a patient in critical condition at the Medical Center Hospital, local fireman said.

Martin Binder was taken to the hospital in a Nalley ambulance. Examination showed the bullet had entered just behind and above the right ear and emerged from the top of the head. No major blood vessels had been ruptured and there was only capillary bleeding. Marchbanks regained consciousness enough to talk briefly and doctors said this morning he had weathered the initial shock. His condition remains critical, however.

Steers Receive Loud Send-Off

More than two score adults, members of the newly formed Quarterback Club, joined with senior high students in seeing the Steer football team off to its first game of the season Friday morning. Spirits soared high while the band played and yell leaders led the student body through a round of cheers. Speakers included Ohio Bristow, head of the Quarterback Club and a former coach, Coach Carl Coleman and Roy Worley, principal. Gridders boarded buses for Breckenridge immediately after the rally at 9 a. m. They tangle under the lights tonight with the Breckenridge Bucs, last year's state AAA champs. Several car loads of fans were due to go there this afternoon.

Six Persons Killed

BURGOS, Spain (AP)—High voltage shocks from a burning transformer killed six persons last night and injured 39 others in the village of Vilestres del Pinar. The victims received the shocks while trying to switch off the lights in their homes after the burning transformer had suddenly stepped up the current.

Conference On British 'Dollar' Crisis May Come Next Spring

By JOHN A. SCALI
WASHINGTON (AP)—A new "dollar crisis" conference between Britain and the United States appears to be shaping up for early next spring. Prime Minister Churchill himself may fly to the United States then to talk with the next American President about Britain's ideas for new moves to strengthen the Western world's finances. Nothing definite about the dates for any such high level meeting has been decided upon. But American and British financial and trade experts are already busy behind the scenes exploring possible proposals for action. The present plan calls for government agencies to draft a comprehensive report summing up the West's economic problems. This is to be laid on the desk of the new President after he assumes office Jan. 20 along with alternative proposals for United States action to meet the situation. Officials here believe it likely that Churchill will want to discuss these problems personally with the next President. If he doesn't come himself, it is believed virtually certain he will send Foreign Minister Anthony Eden and Britain's chan-

cellor of the exchequer, R. A. Butler, to talk with the next American secretary of state and treasury. President Truman, questioned about this at his news conference yesterday, said any such discussion would necessarily be with the new administration and that he knew nothing about it. The backstage study now going on in American government agencies seems to stem from a growing belief that America's allies may have to halt their rearmament drive unless new financial props are found for their shaky economies. Britain and France already have cut back their rearmament schedules and American defense experts fear any further cuts in arms expenditures may seriously hurt the West's master plan for defense against communism. What new steps can be adopted to bolster Western finances is not yet certain. Congress appropriated a total of \$9,467,730,750 for military, economic and technical aid to nearly 40 countries during the 12-month period ending next July 1. Altogether, nearly 26 billion dollars has been provided by the United States to friendly countries during the past four years, beginning with the unprecedented Marshall Plan for Western European recovery. The present thinking is that the foreign aid program must be continued for several more years but that additional steps are urgently needed to make certain that Western European countries can put their financial houses in order in the foreseeable future. The informal ideas that are being mentioned most frequently both by American and foreign financial experts are:

1. An international stabilization fund of some two or three billion dollars. This would be set up to guarantee that foreign currencies could be exchanged into dollars, thus helping expand world commerce.
2. American agreement to buy strategic raw materials such as rubber, tin, copper, and other metals on a long-term contract basis running from five to 10 years. This would insure a steady source of dollars to foreign countries and permit them to expand production with confidence of a ready market. It would also help build America's strategic stockpile of materials set aside for emergency use.
3. A big plan to greatly expand private United States investments in overseas areas. This might take the form of an iron-clad government guarantee to investors for compensation in event their overseas properties are nationalized, confiscated or seized as a result of war or other emergency.
4. A determined drive by the administration to persuade Congress to streamline American customs regulations in an effort to facilitate the entry of foreign products into the United States.
5. Reaffirmation by the United States of its dedication to the principle of lowering tariffs and possible new tariff-cutting agreements with other nations.
6. Possible changes in the statute of the multi-billion dollar international fund. This international institution has a capital of \$7,300,000,000 which is supposed to be used to help expand commerce. Many foreign countries are disappointed with the fund's role thus far and believe a drastic change in its function is needed so it can achieve its objective.

Dallas Is 1954 Site For Meet Of US Workers

DETROIT, Sept. 12 (AP)—Luther C. Stewart will keep his position as head of the National Federation of Federal Employees, at least for the next two years. President almost since the organization's inception 35 years ago, he was re-elected at the group's biennial convention here yesterday. Gertrude M. McNally, the NFFE's veteran secretary-treasurer, also was re-elected. Dallas was chosen for the next convention in 1954. The convention adopted, among others, a resolution calling upon "all federal employees to reject favors, gifts, gratuities or financial benefits, in whatever guise, that are contrary to the ethical performance of their duties." Another urged the government to abandon the use of military personnel in positions civilians are capable of filling, saying that present practices are "wasteful, costly and administratively unsound from every point of view." Others demanded: Increases in in-grade promotions. Increased pay for federal employees, both in recognition of increases in the cost of living and as a sound public policy to reduce heavy losses of government workers to private business and industry. Further expansion and improvement of the federal "suggestion" program.

Cliffons To Attend Training Program
Mr. and Mrs. Dick Clifton leave Sunday for five days at a training program. The affair, for Equitable Life Assurance Society representatives and their wives, is to be held at the Seybold Ranch west of Mineral Wells. It opens Sunday evening with a get-acquainted dinner. Mornings through Sept. 17 will be devoted to discussions of various subjects of life underwriting. Clifton is to speak Tuesday on "Campaigns: Great Stimulators." Afternoons will be given over to recreation of various types. Following the parley, the Cliffons plan to go to Dallas to visit friends.

Mesquite trees of the American Southwest, Chile and Argentina can send roots 40 to 60 feet down to find water.

Red Surrenders To UN; Talks Recessed

MUNSAN, Korea (AP)—U. N. negotiators today demanded and got a seventh straight week-long recess in the Korean armistice talks. No progress on the truce-blocking issue of prisoner exchange was reported at a heated 32-minute session—the first since Sept. 4. The next meeting was set for Sept. 20. The calm at the Panmunjom neutral zone was shattered late yesterday when a Communist soldier crashed roadblocks in a 45-mile-an-hour dash to surrender to U. S. military police. Told of this second Communist surrender in a week near Panmunjom, Lt. Gen. William K. Harrison, senior U. N. truce delegate, smiled. "I don't care how many come to our side, but they ought to watch the speed limit." Harrison said the Reds made no mention of the surrender at today's armistice session. But North Korean Gen. Nam Il, chief Communist delegate, again accused the Allies of murdering Red prisoners of war. Harrison replied with another offer for the Communists to verify for themselves the no-repatriation sentiment among Communist soldiers captured by the Allies. Of some 20,000 Chinese in U. N. stockades, about 15,000 have said they prefer death to rejoining Communism. The Reds insist that all be returned. "You demand as your price for an armistice that we hand over to you a few thousand Chinese who are deathly afraid of returning to your control," Harrison told Nam Il. "These are Chinese," he said, "whom you claim were fighting in Korea as volunteers. You deny they have renounced your side, but you are afraid to witness their voluntary expression of will. . . . You insist that these people can volunteer to support communism but cannot freely renounce it." The U. S. Eighth Army said the surrendering Chinese soldier began his dash to freedom in a stolen jeep about 20 miles south of P'yongyang, the capital of North Korea. He sped through 100 miles of Red territory and nearly ran down four Communist riflemen who tried to halt him as he entered the Panmunjom neutral zone. Capt. Joseph D. Foley of Astoria, N. Y., U. N. security officer, said the Reds "didn't fire, although their rifles were leveled." "The man in the jeep came right through our area on the road, holding his hand up to show he wanted to continue on," related Foley, a policeman in civilian life. "We didn't stop him. He went down the road to the bridge at the edge of the Panmunjom zone." There, an American MP, Pfc. Roy L. Thompson of St. Louis, said the Communist waved a small red flag. "I saw him coming fast and I just raised (closed) the barrier," Thompson said.

Market Is Steady At Local Livestock Sale

Some lines of cattle were lower but Wednesday's sale at the Big Spring Livestock Auction company remained steady generally. Bulls brought up to 19.00, fat cows up to 18.00, butcher cows from 12.00 to 14.00 and canners from 10.00 to 12.00. Fat calves ran up to 27.00, stocker steer calves to 24.00, with a few light steer calves bringing up to 27.00. Heifer calves sold for 23.00 to 25.00, cows beside calves from 120.00 to 180.00 and hogs from 19.50 to 20.00. An estimated 750 cattle and 75 hogs went through the ring.

Sparenberg Sons Here On Business

Charles Sparenberg, Austin, and Russell Sparenberg, Houston, are here this week on business. They are sons of the late George Sparenberg, pioneer resident of Big Spring and one time postmaster. The community of Sparenberg in southern Dawson County is named for their father.

8 Children in Family Hit By Polio; One Dead

MORRILL, Neb. (U)—Mr. and Mrs. Frank Rogers remained in virtual seclusion in their silent farm home today, burdened with grief over the death of their eldest son and anxiously over their seven other children, all stricken with polio.

They could hardly speak as they went to a funeral home last night to view the body of their dead son, Robert Eugene, 11.

Robert died Wednesday, less than 24 hours after he had joined his 5-year-old sister, Janet, in the polio ward of a Scottsbluff, Neb., hospital.

Private funeral services for Robert were to be held this afternoon.

"Everyone is just wonderful!" said the 41-year-old father as he haltingly told how neighbors and civic organizations had quietly moved to help and to relieve the financial burden that has been placed upon the income of his 120-acre farm and his work as a part-time laborer.

He told how Dr. E. E. Anderson of Lyman, the family doctor, had stayed with Robert from the time the boy was hospitalized until his death, and how the doctor has remained almost constantly with the other Rogers children since then.

The mother, obviously terrified, could scarcely speak.

Dr. Anderson said he had not had time to analyze the case histories of the stricken family, but he pointed out that they lived in a sparsely settled area with few outside contacts and that the children had not yet started to school.

The seven children in the hospital still did not know today that their brother was dead. As soon as the parents were told Robert had died, they quickly took the other children to the hospital for examinations without telling them the sad news.

The children were placed in the isolation ward and since then the parents have seen them only once—through the doors of the isolation ward.

The only comforting word the grief-stricken couple has had is a hospital report late last night that all seven children are improving—even 5-year-old Janet, who had been critically ill.

Although polio struck all eight of the Rogers children, it is not a record for polio cases in a single family.

At Mapleton, Ia., 11 of the 14 children of Mr. and Mrs. Joe Thiel have had polio this summer. Only one of the 12 children still at home escaped the disease. Two still are hospitalized.

DANIEL BOLICH

EX-NO. 2 TAX MAN Bolich Faces Trial For Evading Taxes

WASHINGTON (U)—Daniel A. Bolich, a 390 shirt man who spent \$115,000 while earning only \$52,000 in one five-year period while working for the Internal Revenue Bureau, is facing trial on charges of income tax evasion.

Bolich, a big man of commanding voice and florid countenance resigned last November as assistant revenue commissioner after 29 years service with the bureau. The resignation came in the midst of a congressional inquiry. Bolich, 52, said he was in ill health.

In Brooklyn yesterday, a special federal grand jury indicted Bolich. It accused him of cheating the revenue bureau out of \$7,444 in personal income taxes. It said he paid \$6,883 taxes on reported income of \$34,771 from 1946 through 1950, when the total should have been \$83,314 and the taxes \$14,328.

If convicted, Bolich would face a possible maximum penalty of 25 years imprisonment and a \$30,000 fine.

Commenting on the grand jury's action, Bolich said:

"This indictment is the result of a political campaign. So far, there has been only one side of the story told. I have never had the opportunity to present my side. I will stand trial and vindicate myself when the time comes."

Bolich has been summering at Spring Lake, N. J., since leaving a Brooklyn hospital where he was treated for a heart condition in June and July.

Bolich was an unwilling witness earlier this year before a congressional subcommittee looking into tax scandals. He refused to answer any questions.

During the inquiry, Bolich emerged as a man with \$31.50 shirts, expensive cars and two luxuriously furnished homes—one of them valued at \$20,000, an admitted gift.

Investigators revealed that, during the five-year period, 1946-50, Bolich spent \$115,000 when his government salary totaled only \$52,000.

Bolich refused to explain these or other matters when summoned last April before the House Ways and Means Subcommittee investigating the revenue bureau.

His claim of constitutional privilege to remain silent because of possible self-incrimination brought him a tongue-lashing by Chairman King (D-Calif.). King, asserting the testimony about Bolich's income and associations indicated "unusual, if not suspicious" circumstances, told him:

"Every American has a right to be disappointed with the failure of a man of your ability and experience, Mr. Bolich."

Bolich started his career in the Internal Revenue service in 1923, at the age of 22, as a deputy to then Revenue Collector Carl F. Rutzahn in Cleveland.

Twenty years later his continuing association with Rutzahn—now a department store operator in Mansfield, Ohio—was an intriguing, and never fully explained, feature of the King committee's inquiry into Bolich's affairs.

Bolich moved rapidly up the scale to assume his first supervisory job at the age of 30 as Internal Revenue agent in charge at Philadelphia in 1930.

After a number of other positions, he was appointed special revenue agent in charge at New York in 1946. Two years later—in September, 1948—he became assistant revenue commissioner.

He stayed in the No. 2 tax post

Lillie Drennan Is Giving Up Freight Line

HOUSTON, Tex. (U)—The gal from Six-Shooter Junction—who rode a bucking truck to fame and success—is selling out her motor freight line and going into prospecting retirement.

She's Lillie Drennan, who after 24 years of tough competition on the road, is selling her Drennan Truck Line to a larger firm, giving up her truck operator's license, and turning to petticoats and frills.

"I never thought I'd live to see the day," the 55-year-old Lillie said yesterday when the Houston Freight Carriers Association honored her with a luncheon. "Now's as good a time as any to retire," she said with a touch of remorse in her husky voice.

Time was when Lillie would just about as soon be caught dead as in apron strings and petticoats. She was reared and still lives at Hempstead, north of Houston, the now peaceful little city known for its watermelons which was called Six-Shooter Junction in its volcanic, gun-fighting early days.

It's been said that in those days pistol-packing Lillie's language, when the situation called for forceful expletives, would blister a rock.

Lillie, speakers at the luncheon said, always fought for what she thought was right and she had a reputation for straight-shooting, with her gun or her word. Ironically, the only time she was confronted by a hijacker she had left the gun at home.

She's not as familiar with petticoats and other frilly things as most women, but she can look mighty fancy when the occasion arises—like yesterday at the banquet.

But she feels more at home in a 10-gallon hat and trousers, oil-field boots and shirt.

She entered the trucking business in 1928 driving a 1½-ton model T Ford truck and hauling oil well supplies to the booming, tough East Texas oil fields. Many times her cargo was TNT or dynamite.

"Those were the days," she recalled, "when anybody with a broken-down truck could go into business. It was strictly a cut-throat game with everyone out for every dollar they could get."

Now, she says, she guesses she'll just "take it easy for awhile."

But her friends wonder, Lillie in petticoats?

Mine Workers' Policy Group Is To Meet Monday

WASHINGTON, Sept. 12 (U)—John L. Lewis today summoned his mine workers' policy committee to meet here Monday to review contract negotiations and prepare for a possible strike of the coal miners on Sept. 22, a week later.

The United Mine Workers' contract with Northern soft coal mines expires Sept. 20, a Saturday and a non-working day, and the men would be free to fall to show up for work on Monday, Sept. 22.

U. M. W. President Lewis has been negotiating separately for new contract terms with Northern and Southern segments of the soft coal industry and with Pennsylvania's anthracite industry.

There are about 320,000 soft coal miners and about 65,000 hard coal or anthracite miners.

The three sets of talks have been progressing with some signs of progress but with no conclusions on any major issues.

Lewis was closeted today with Joseph E. Moody, president of the Southern Coal Producers Association, at union headquarters. He has been reported discussing a share-the-work plan with the Dixie mine owners.

Under this plan Lewis wants time-and-a-half premium pay for work done on a fourth working day in any week and double time for a fifth day's work.

The idea is to level out employment in the industry. Some mines, most of them in the South, work as few as two days a week, while the "captive" mines of the North, owned by steel and utility companies, work as many as five and six days a week.

Better Get Going, Mayor, And Look For The Dead Dog

HOUSTON (U)—An angry woman called Mayor Oscar Holcombe at 1 a.m. yesterday to ask, "When are you going to move this dead dog from in front of my house?"

"Where do you live, lady," the mayor asked.

"I'm not going to tell you," she replied. "I'm just going to leave it there and see how long it takes for you to find it."

New Campaign Song For Gov. Stevenson

LOS ANGELES (U)—A new Stevenson campaign song was in the air today.

Set to the tune of "My Maryland," the song was given its premiere last night by Joy Lane before the governor spoke at Shrine Auditorium. Its punch lines:

"A soldier thinks of battle-ground,
"But Stevenson, civilian son,
"Will lead us till the peace is won."

Transfer Ownership
HOUSTON, Sept. 12 (U)—Transfer of ownership of the Merchants & Manufacturers Building to H. H. Coffield, Rockdale oil man, was announced here yesterday.

A purchase price of \$2,015,000 was reported.

The international area of Tangier in North Africa is one of the few places in the world where there is no restriction on trading in gold.

Commenting on the grand jury's action, Bolich said:

"This indictment is the result of a political campaign. So far, there has been only one side of the story told. I have never had the opportunity to present my side. I will stand trial and vindicate myself when the time comes."

Bolich has been summering at Spring Lake, N. J., since leaving a Brooklyn hospital where he was treated for a heart condition in June and July.

Bolich was an unwilling witness earlier this year before a congressional subcommittee looking into tax scandals. He refused to answer any questions.

During the inquiry, Bolich emerged as a man with \$31.50 shirts, expensive cars and two luxuriously furnished homes—one of them valued at \$20,000, an admitted gift.

Investigators revealed that, during the five-year period, 1946-50, Bolich spent \$115,000 when his government salary totaled only \$52,000.

Bolich refused to explain these or other matters when summoned last April before the House Ways and Means Subcommittee investigating the revenue bureau.

His claim of constitutional privilege to remain silent because of possible self-incrimination brought him a tongue-lashing by Chairman King (D-Calif.). King, asserting the testimony about Bolich's income and associations indicated "unusual, if not suspicious" circumstances, told him:

"Every American has a right to be disappointed with the failure of a man of your ability and experience, Mr. Bolich."

Bolich started his career in the Internal Revenue service in 1923, at the age of 22, as a deputy to then Revenue Collector Carl F. Rutzahn in Cleveland.

Twenty years later his continuing association with Rutzahn—now a department store operator in Mansfield, Ohio—was an intriguing, and never fully explained, feature of the King committee's inquiry into Bolich's affairs.

Bolich moved rapidly up the scale to assume his first supervisory job at the age of 30 as Internal Revenue agent in charge at Philadelphia in 1930.

After a number of other positions, he was appointed special revenue agent in charge at New York in 1946. Two years later—in September, 1948—he became assistant revenue commissioner.

He stayed in the No. 2 tax post

New Egyptian Reform Is Noted

By ED POLLAK
CAIRO, Egypt (AP)—Premier Ma. Sen. Mohammed Naguib's reform cabinet today approved legislation ending another of Egypt's feudal institutions—the wakfs.

Theirs and beneficiaries may receive the income but cannot sell or otherwise dispose of the estate itself.

The wakfs are handled by a government ministry. Some are devoted to charities and institutions under Cabinet supervision. The reform government's proposed law would retain the charity estates.

Enrollment At Junior College Over 400 Mark

Enrollment at Howard County Junior College has passed the 400 mark.

President W. A. Hunt said that through Thursday the actual head count was 409.

He anticipated that another 25 to 30 might register before the final deadline for registering comes on Sept. 20. Except in a few cases, he thought that most registration would be in early next week because delay to Sept. 20 might put students considerably behind class schedules.

Of the total enrollment, 282 are in regular academic work. These include 120 students in day classes, plus another 40 who will count under the state subsidy plan. In addition to these there will be 72 air-men enrolled in classes and 50 veteran students.

The remainder of the total are terminal or vocational students, some of whom are not taking courses for college credit but rather to increase proficiency for or on a job.

Some new classes have been set up to provide instruction for the nurses technical training course being offered in co-operation with the state hospital system for more than a score of Big Spring State Hospital employees.

Woman Gets Term In Jail For Tour With 17-Year-Old Youth

LOS ANGELES (AP)—Mrs. Virginia LeTourneau, 28, described in a probation report as having the emotions of a teenager, was jailed yesterday for four months for her part in a 10,000-mile tour with a 17-year-old boy who lived across the street from her.

The blonde divorcee, who wept when she heard Superior Judge William R. Neeley sentence her, was given the term as a condition of three years' probation for contributing to the delinquency of a minor.

Mrs. LeTourneau and Jimmy Sherwin were picked up in Phoenix, Ariz., several weeks after vanishing from their neighboring homes in Burbank. Judge Neeley said he was considering "society's right to protection" in deciding against letting her go free.

Show Goes On Despite Fire At Fair Grounds

LOUISVILLE, Ky (AP)—The "big show" went on as scheduled today despite the fire which routed 3,000 spectators and did an estimated \$80,000 damage to the state fair grounds grandstand yesterday.

There were no casualties. A late summer wind fed the hungry sparks from a burning cigarette lodged between planks and the dry timbers of the 50-year-old structure, and caused the on-lookers of a free water carnival to scramble for safety.

When the fire began, the State Fair Board was in session, discussing fireproofing plans for the new fairgrounds.

Riding THE GRUB LINE With Franklin Reynolds

The Soil Conservation Service's Area Conservationist W. S. Goodlett is advising farmers to be ready to plant their cover crops just as quickly as seasonable moisture is obtained.

Work Unit Conservationists Marion Everhart at Big Spring, Martin Vavra at Stanton, Painter Wylie at Colorado City, and the others over the area, believe that the farmers should have seed and machinery ready to move into the fields within hours after planting moisture falls.

They are not optimistic that September and October rainfall will come up to normal, and in view of current drought conditions there is really no ground upon which to base an argument with them. That is why they believe as much of the moisture as possible should be utilized as quickly as possible in getting the maximum benefit from it in getting cover crops up.

Available reliable weather forecasts are that September will be warmer and drier than the average or normal September, and that October will be colder and drier than the average or normal October.

This year's first killing frost is expected about November 10.

Howard County's dairy cattle population remains pretty steady in spite of the drought and can be estimated to be around 2,500 cows all of which are, of course, on feed, which has greatly increased the cost of producing milk.

Normally there are from 20,000 to 25,000 mother cows of the beef breeds in this county and better than 95 per cent of these are Herefords. At this time an off-hand estimate places the county's entire beef cattle population at between 6,000 and 7,000 head because of the drought and this includes calves, steers, cows and bulls. Howard County lost a number of good registered and commercial cattle to the beef market Wednesday and more will go next week unless prospects for rain are better and the disaster hay is immediately available in large enough quantities. One Martin County breeder is planning on an early and heavy herd reduction unless he gets rain to revive the grass on his place.

The entire economy of the area has suffered a greater hurt than most people realize. Some of the finest herds in Texas are being dispersed at low beef prices. These herds have been years in the building. More years will be required to rebuild. Likewise years are going to be required to rebuild most of the rangeland to the point where it will carry what in the past has been considered a normal grazing load, according to the range conservationists with the SCS.

A searcher doesn't have to go all the way to Brady Creek to find a place where it has rained.

W. L. Wilson Jr., of Wilson Brothers Ranch says he believes that with one good rain they will have enough feed to carry their Hereford herds through the winter.

Incidentally, a good Polled Hereford calf from the Wilson herd is in the 4-H club feeding program this year. This calf was recently received by Rodney Brooks, son of Mr. and Mrs. Jesse Brooks of Cosahoma.

W. L. Wilson Sr. says he believes this is one of the very best calves that has ever been dropped on his range, and on top of Wilson's opinion, Durward Lewter, the nation's outstanding county

1953 Motorcycle Models Will Be Shown Saturday

The 1953 models of Harley-Davidson motorcycles will go on display for the first time Saturday at the Cecil Thixton Motorcycle and Bicycle Shop, 908 W. 3rd.

Showing of the new machines is to start at 8 a.m. and Thixton announces he will remain open until 8 o'clock in the evening to display the new models.

To be shown are the 1953 versions "Big Twin" 74 and a completely new motorcycle, the Harley-Davidson Model 165 which replaces the popular 125, a line that is being discontinued.

Souvenirs will be presented everyone viewing the new motorcycles Saturday, Thixton says. Features of the three H-D models will be discussed.

The 125 Harley-Davidson features additional power and greater acceleration than the 125 model which it succeeds. Changes in design, an enclosed carburetor which provides about 80 miles per gallon on fuel, and a 51.5-inch wheel base also characterize the new motorcycle.

Sparkman Tells Westerners U. S. Never Had It So Good

SALT LAKE CITY (AP) — Sen. John J. Sparkman said last night the West cannot look to the Republican party for help on its reclamation projects.

"Go to the record and see what your 80th Congress did to your reclamation projects," the Democratic nominee for vice president told a party rally.

On a one-day visit to Utah, Sparkman made three speeches here and a fourth in Ogden within eight hours. He was scheduled to fly to Chicago early today.

In all his speeches, Sparkman hammered on the theme "we never had it so good."

In Ogden, he told a crowd of 200 on the courthouse steps that he had found a new slogan in the West. "Harry and Ike — they think alike."

He said the political views of Gen. Dwight D. Eisenhower, Republican nominee for President, and President Truman were almost the same.

"Only Gen. Eisenhower says the Democrats haven't gone far enough in social security and farm price parity legislation," Sparkman said.

In answer to Republican charges of "creeping socialism," Sparkman described Eisenhower's farm

program as "leaping socialism." "Why Gen. Eisenhower... went right past our farm program the other day in Minnesota," Sparkman said. "The Democratic platform calls for 90 per cent parity on farm prices and the general said he was in favor of 100 per cent parity."

Parity is a legal formula designed to enable farmers to keep up with the cost of living. It is supposed to let them make enough from farm products to let them buy the things they need.

Oil Firm Secretaries In Houston Meeting

HOUSTON, Sept. 12 (AP)—Desk and Derrick Clubs of America began its two-day convention here today with Mrs. Inez Schaefer of New Orleans scheduled to give the keynote address.

Yesterday the oil firm secretaries heard Russell B. Brown, general counsel for the Independent Petroleum Association of America, in a pre-convention address.

The organization is dedicated to a greater knowledge of the oil industry and a wider association among its women workers.

Church Group Approves Work Plan At Meet

KERRVILLE, Sept. 12 (AP)—Unanimous approval for an extensive program of Latin-American work was received yesterday in the closing meeting of the 69th session of the Synod of Texas, Presbyterian Church U. S.

Highland Park Presbyterian Church was named as the site for the 1953 meeting. E. A. Dean, executive secretary-treasurer of the synod, was elected as the new state clerk treasurer for the next three years. He replaces Dr. M. R. Purcell as stated clerk who resigned after holding the position for 11 years.

The ad interim committee found that the problem in Latin-American churches was in the program and not in the organization, therefore the synod voted against dissolution of the Texas Mexican Presbytery for the present.

Permission was granted for the Latin-American ministers of churches to vote to become a part of the Anglo-Presbytery at their discretion.

The Rev. H. P. Streeter, Marlin, was elected to replace The Rev. T. H. Pollard, Rockport, who resigned after 10 years as assistant clerk.

L. R. Klein, prominent layman in the work of assembly synod and the Highland Park Presbyterian Church, Dallas, was elected moderator nominee. This is the third time to use the new system by which the synod chooses a man one year to be elected the moderator the following year.

Late yesterday, an invigorated program of evangelism under the direction of the Rev. Bruce Brannon, director of evangelism for the synod, was adopted.

Miles' Rites Held

CORSICANA, Sept. 12 (AP)—Funeral services were scheduled here today for S. J. Miles, 67, who died yesterday in a Dallas hospital. He owned two large furniture stores here.

NO FORCE, HE URGES

Acheson Warns On Assisting Satellites

KANSAS CITY (AP) — Secretary of State Acheson has slapped a "prescription-for-disaster" label on aiding force as a means of using countries under Russia's domination.

Assailing critics of the administration's foreign policy as men with "their hands on the horn and their feet on the brakes," Acheson declared last night.

"Our position in the world calls for responsibility, not only by officials, but by all of us... We cannot dictate, we cannot be irresponsible, if we are to fulfill the mission of leadership among free peoples."

He spoke at the convention of the AFL International Association of Machinists.

In New York John Foster Dulles, Republican foreign policy adviser, said neither he nor Gen. Dwight D. Eisenhower contemplated a "war of liberation" when they recommended a different foreign policy in Eastern Europe.

The Republican presidential nominee recently said the United States should not rest until the Communist-dominated countries of Eastern Europe are liberated. Later he told the American Legion Convention in New York he was advocating only peaceful measures.

Dulles, in a radio interview, blamed "President Truman's misinterpretations" for any alarm Eisenhower's Legion speech might have caused in Europe. The speech had been interpreted by the President as increasing the possibility of war.

Dulles cited Yugoslavia's withdrawal from Russia's domination as the type of "spill-offs" the U. S. should work for. He also mentioned economic measures, internal dissension in Communist-enslaved countries and radio-broadcasts. He criticized present foreign policy planning as inadequate.

Acheson told the machinists' convention:

"We believe, as anyone must who shares the democratic faith, that free societies can and will be more durable, and that ultimately they must exercise a strong attraction that will shift the balance in our favor."

"But if through impatience or imprudence, we are urged to seek the 'liberation' of territories or peoples by force, this advice would be neither realistic nor responsible."

"If this is what is meant by being more 'positive,' then it is in fact a positive prescription for disaster."

Airman Is Arrested; Sought By Italians

SAN ANTONIO, Sept. 12 (AP)—An airman in the Bexar County jail here says he fled Italy to escape persecution because of political activities—not because he was a member of a Sicilian terrorist gang as Italian charges.

Pasquali Sciortino, 28, who joined the U. S. Air Force after fleeing to this country told of his career yesterday in a written question-and-answer examination.

The Italian government wants him on charges of manslaughter, abduction, aggravated assault, attempted homicide and illegal possession of firearms.

Now married to a Grand Rapids, Mich., girl under the name of Anthony Venzia, he said they have a baby boy, nine months old. Previously, he said, he had married Marianne, sister of Sicilian bandit leader Gulliano, to whose terrorist band Italy says Sciortino belongs.

But the young airman says he didn't belong to the band, that he has seen the bandit leader only three times and knows nothing of Gulliano's depredations in Sicily and Southern Italy after World War II.

He said in 1945 he joined a group of Sicilians who sought to set up Sicily as a Democratic state independent of Italy. Communists had started to infiltrate Italy then, he said.

While in the Palermo jail for being a member of the movement to overthrow the government, he said, he met Marianne. Later he married her but received word from her after coming to the United States that the marriage had been annulled.

Sciortino was described by the U. S. Justice Department as the object of the "most extensive manhunt ever conducted by immigration authorities."

He said his group was betrayed

by one of the leaders after many had been jailed. When he married Marianne, he said, Italian police again marked him for arrest, "assuming I was a member of his (Gulliano's) gang."

"Son," he quoted his mother as saying, "the Fascists killed your father. I do not want the Communists to kill my only son." She told him to go to America.

He got work on a ship, jumped ship in New York, went to Los Angeles, then to Grand Rapids. He said he joined the Air Force to "prove my loyalty to the American people."

He was arrested at Lackland Air Force Base, fled when left alone a few minutes, went to a St. Louis attorney who told him to return and give up.

"If they deport me," he said in the interview, "I hope they will send me to any other country except Italy, as I am sure the Italian government will convict me of any crime they can think of on the grounds of my marriage to Gulliano's sister, not to mention my political activities. I wouldn't stand a chance to prove myself innocent."

Wrong Man Is Released In 'Switch'

EASTON, Pa. (AP) — A switch in clothes, a switch in prison cells and a switch in jail guards resulted in the wrong man getting his freedom from Northampton County prison here.

Here's the story as Warden E. C. Gackenback tells it:

State police arrested Lewis Rosico, 19, of Detroit, his wife, Irene, 18, and a friend, Robert Van Valen, 21, Scranton, Pa., in nearby Portland Tuesday on charges of stealing \$30 from a gas station cash drawer while the attendant filled their car with gasoline.

After a hearing, Justice of the Peace Clifford Sebring said he'd free the trio if they reimbursed the gas station and paid court costs. However, he added that Rosico would have to remain in custody because he was reported AWOL from the Lackland (Tex.) Air Force Base.

The \$30 and costs were paid Wednesday night and Van Valen and Mrs. Rosico were released.

Last night, 24 hours later, the warden disclosed that the two men had changed clothes and switched cells shortly after they were placed in the jail Wednesday afternoon.

The cell doors are not locked until evening. Guards, who came on in the evening, did not know the identity of the two men except as to which cell each was in.

Van Valen is being held without bail on a charge of aiding and abetting a prison break.

Identification Sought

VERNON, Sept. 12 (AP)—Identification was still trying to be established here today for the body of a man found yesterday in Paradise Creek southwest of Vernon.

Officers said the man apparently had been dead about three months

Indictment Names The Texas Company

TYLER, Sept. 12 (AP)—Eighteen counts of falsifying reports to the Federal Petroleum Board were returned against the Texas Company yesterday by a federal grand jury.

The jury, meeting at Beaumont, made indictments on reports regarding the number of producing wells in Wharton County from Sept. 1949 to Feb. 1951. U. S. Atty. Warren G. Moore said.

Rockefeller Grants Are Over \$19 Million

NEW YORK (AP)—The Rockefeller Foundation reported yesterday that it made grants of \$19,403,596 during 1951.

The grants aided public health, medicine, natural and social sciences, agriculture, the humanities

and education in the United States and foreign countries.

In 1950 the foundation made \$3,751,090 in grants.

Chester I. Barnard, retiring president of the foundation, is being succeeded by Dean Rusk, former assistant secretary of state for foreign affairs.

David's Religious Contribution

HE SERVED JEHOVAH WITH GLADNESS

Scripture—1 Samuel 9-17; 23: 1-7; 1 Chronicles 17: 1-5, 11, 12, 16-28.

By NEWMAN CAMPBELL
MANY TEMPLES are being built in our land today, but few of them, we can imagine, will become as famous as the one David yearned to build to his Lord, Jehovah. He was not allowed to put it up or even to see it, but he bowed his will to that of Jehovah in cheerfulness. He knew it would be built, because Jehovah had told him so.

However, that same night the word of God came to Nathan, saying, "Go and tell David, My servant, Thus saith Jehovah, Thou shalt not build Me a house to dwell in: For I have not dwelt in a house since the day that I brought Israel unto this day, but have gone from tent to tent, and from one tabernacle to another."
The Lord said further that Nathan was to tell David that "when thy days are fulfilled that thou must go to be with thy fathers, that I will set up thy seed after thee, who shall be of thy sons; and I will establish his kingdom. And he shall build Me a House, and I will establish his throne forever."
When Nathan told David of the Lord's command, David went in and sat before Jehovah, the only time in the Bible that a man is said to have "sat" before Jehovah. David was like a child who sat down to talk a grave matter over with his father.
We have not room to repeat David's beautiful talk with His Heavenly Father. It begins, "Who

AT BIG SPRING CHURCHES

Guest Speakers Are Slated For Few Churches; Revivals Also Continuing

Several churches will have guest speakers at the regular services Sunday while others will continue their revivals and still others will gather to hear their regular pastors speak on a wide variety of topics.

FIRST ASSEMBLY OF GOD
The Rev. S. E. Eldridge, pastor of the First Assembly of God Church, will tell of "The River of Life" at the morning services there. A radio program is presented each Sunday from 1:30 p.m. over Radio Station KTXC by members of the church. The service includes special music by the choir and a short sermon by the pastor.

BAPTIST
"God's Plan for Victorious Living" will be the morning sermon topic of the Rev. A. W. Stowe, pastor of the Airport Baptist Church. That evening from Matthew 5:14 will come the subject, "The Lamp for the Light."

CATHOLIC
Masses will be conducted by the Rev. William J. Moore, OMI, at 7 and 9:30 a.m. at St. Thomas Catholic Church. Rosary will be recited at 5 p.m.

The Rev. Paul Hally, OMI, will say masses at 8 and 9:30 a.m. at the Sacred Heart (Latin-American) Catholic Church.

FIRST CHRISTIAN
Melvin McFall, instructor at the Midway School, will speak at both services of the First Christian Church. The choir will sing, "Great Is The Faithful One" as special music at the morning hour.

CHURCHES OF CHRIST
Lloyd Connel, minister of the Church of Christ, 14th and Main, will speak on "The Importance of Bible Study" at the morning services of the church. That evening, he will tell of "The Devil and How He Works."

"What Wait I For" will be the morning sermon theme of T. H. Tarbet, minister of the Church of Christ, E. 4th and Benton.

"The Language of Victory" will be discussed by Jimmy Record, minister of the Ellis Homes Church of Christ, Sunday morning. Lloyd Connel will conclude the revival at the church Sunday evening when he speaks at 8 p.m.

CHURCHES OF GOD
The First Church of God's program for September is "Loyalty" and the speaker will be the Rev. Wayne M. Warner, pastor of the First Church of God in San Angelo. The Youth Department will have charge of the services, the pastor, the Rev. John E. Kolar, has announced.

The Rev. W. E. Mitchell will speak on "Have Faith in God" based on Mark 11:22 at the morning worship of the Church of God, Galveston and W. 4th. At the 7:45 p.m. service, he will tell of "These Things."

CHURCH OF THE NAZARENE
The Rev. Lewis Patterson, pastor of the Church of the Nazarene, will speak on "The Transgression of Judas" at the morning service of the church. For his evening topic he has chosen, "Have Ye Received the Holy Since Ye Believed."

CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS
Sunday School for members of the Church of Jesus Christ of Latter Day Saints will be held at the Girl Scout Little House at 10 a.m. Sunday.

ST. MARY'S EPISCOPAL
Services in St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a.m., the church school at 9:45 a.m., and the morning worship and sermon by the rector, the Rev. William Boyd at 11 o'clock. The YPF will meet at 6 p.m. in the Rector's office and the instructions class will meet at 7 in the parish house.

METHODIST
The Rev. E. C. Armstrong, pastor of the Park Methodist Church, will tell the congregation at the church Sunday morning of "God's Love and Protection for his Children," based on Job 2. "Lost Opportunities" will be the evening topic.
Dr. Alsie H. Carleton, pastor of the First Methodist Church, will ask "What Can One Person Do?"

California Red Is Freed From Prison

LOS ANGELES (AP) — Mrs. Oleta O'Connor Yates, convicted California Communist, was freed from jail today after U. S. Judge Paul J. McCormick approved a Court of Appeals order which released her on her own recognizance of four counts of criminal contempt.
Mrs. Yates was jailed last week by Federal Judge William C. Mathes on the four counts of court citations. She was cited when she refused to answer certain questions put to her during the trial.
Mrs. Yates was one of 14 California Communists convicted of conspiracy to teach and advocate violent overthrow of the United States government. The 14 were sentenced to five years imprisonment and fines of \$10,000 each.

Yugos Confer About Trieste

BELGRADE, Yugoslavia (AP) — Yugoslavia conferred with the Western Big Three yesterday on the future of Trieste, Adriatic seaport which has been a bone of contention between the Italians and Yugoslavia.
Observers believe the U. S., Britain and France reiterated their previous advice that Italy and Yugoslavia settle the dispute between themselves. The free territory was Italian-controlled before World War II.
Conferring with Yugoslav Deputy Prime Minister Aleksandar Rankovic, Sir Ivor Mallet and Philippe Baudet, and Jacob D. Beam, U. S. Foreign Minister Ales Belcher were the British and French ambassadors d'affaires.

WHICH WAY...AND HOW FAR?

These are fundamental questions which we ask in many, many forms:
The school-boy wonders how to prepare for his chosen profession... and how long it will take him.
The romantic swain wonders which girl to marry... and when he will be able to afford to marry.
The ailing business man wonders how to regain his health... and how long before he can return to work.
And millions of folks, troubled with a sense of the futility of life, ask "how can we find happiness... and when will we ever attain it?"
The experience of the Christian Church answers clearly: We find happiness by believing the truth Jesus Christ revealed to men... and that happiness begins as soon as we have faith in Him.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Hobo Field Edger Locates Substantial Oil Show In Reef

A northeast edger to the Hobo field in southeast Borden County has recovered a substantial amount of oil in the reef.

Slight shows of oil, though not particularly encouraging, have been logged in a core from a south-east Glascock offset to a discovery in lower Permian.

Coden is to test the shallow zone more extensively in its No. 1 Chester Jones, northeast of Vincent.

Borden Standard of Texas No. 15-6-B T. L. Griffin, C NW NE 39-25, H&TC, Hobo field edger, was bottomed at 7,130 in lime.

Dawson Cities Service No. 1-B Leverett, C NW SW 3-4 Cunningham, was below 6-30 in lime.

Lynn Great Western No. 1 Williams progressed to 7,900 in lime and shale.

Offensive Starters For Big Spring

Pictured above are the lads who will probably start tonight's Breckenridge game for Big Spring, in event the Steers receive the kickoff. They are, left to right, on the line, Wayne Medlin, Louis Stipp, Paschal Odom, Norman Dudley, Jackie Milam,

Carlisle Robinson and Raymond Gilstrap. In the backfield, it's Doyle Maynard, Bobby Hayworth, J. C. Armistead and Billy Martin.

And Here Are The Boys On Defense

Left to right, up front, it's Jimmy Porter, Bill Dorsey, Junior Suter, Jimmy Ellison, Bill Earley and Don Reynolds. Behind the line, Brick Johnson, James Hollis,

Jerry Hughes, Buddy Cosby and Don Swinney.

Steers Tackle Rugged Breck In Grid Opener This Evening

Buckies State Champs In '51

The Big Spring Steers will pick on the best there is in their opening football assignment of the 1952 season tonight.

The Bovines, an improved edition over last year and boasting a potential that could go far but might not hit its peak before the 1953 campaign, take on the Breckenridge Buckaroos in Breckenridge, starting at 8 o'clock.

And who are the Buckies? Only the State AAA champions, a favorites to repeat in many quarters.

The Bucks, who operate off the Split T, the Chicago Bear T and the Spread made famous by Dutch Meyer's TCU outfit, again have a ball club heavy with talent.

Kenny Ford is back to direct the Breckenridge attack. He's a passer who may, in time, eclipse the aerial achievements of his more famous brother, John (Model T) Ford of Hardin-Simmons University fame.

Breckenridge's grid fortunes are being guided this fall by Joe Kerbel, who learned his football under Bud Wilkinson at the University of Oklahoma. Kerbel succeeds Cooper Robbins, who moved in as freshman coach at Texas A&M.

Big Spring won only two of ten games last season. They edged by Haskell, 12-7, and then upset Plainview, 21-20. Despite their victory at the expense of Plainview,

Burney Leads Team At Ira

IRA — Eleven lettermen are among the 19 griders taking part in workouts here.

The team, a member of District 6-B, does not open its season until Sept. 15, at which time it plays Robert Lee here.

Lettermen out for the squad include Linnon Burney, 180-pound senior fullback; Sonny Thompson, quarterback; Jimmy Woolsey, halfback; John Mengwasser, halfback; James Maupin, end; Harold Roddy, tackle; Adrian Rosser, tackle; Don Gray, guard; Franklin Bryant, guard; and Charles Clinkenbeard, center.

At 165, Roddy is the heaviest man on the forward wall. Eddie Redwine is the Ira coach.

The schedule:
Sept. 19—Robert Lee here.
Sept. 26—At Bronte
Oct. 10—Loraine here
Oct. 17—At Harnleigh
Oct. 31—Trent here
Nov. 7—Coahoma here
Nov. 21—At Divide

they finished in the District 1-AAA cellar.

Things are looking up around here, though. Coach Carl Coleman had his team bearing down in spring training and optimism reigned. The boys, if not bubbling over with enthusiasm, are certainly confident they can get the job done now, even though they are facing one of the toughest schedules in the school's history.

Coleman will field a young ball club. Of the offensive starters, only Quarterback Bobby Hayworth and End Raymond Gilstrap are seniors.

There'll be eight juniors in the offensive lineup, along with a sophomore. The soph is Carlisle Robinson, 180-pounder, who'll man

a tackle berth. The juniors are Doyle Maynard, J. C. Armistead, Billy Martin, Center Norman Dudley, Guard Paschal Odom and Jackie Milam, Tackle Louis Stipp and End Wayne Medlin.

Defensively, the Steers will open with only two seniors—Gilstrap at a linebacker's post and Junior Suter, a tackle. Buddy Cosby, a linebacker, and End Don Reynolds are only sophomores. Robinson is due to start as a linebacker, too.

The others are juniors. They are Jerry Hughes, Armistead, Don Swinney, Jerry Cook, Norman Dudley, Jimmy Porter, Jimmy Ellison and Junior Suter.

Big Spring will outweigh Breckenridge but the Buckies are due to be faster.

The Steers will have a strong 'bench' for the first time in a long while. Boys like Frank Long, Brick Johnson, Donald Mack Richardson, Robert Angel, Ted Scott, James Hollis, Nugent Reid, Bill Dorsey, Bill Earley, Doyle Mason, Charles Fox, Roger Brown and Charley Rose can be called upon for duty.

The Steers are due to offer quite a threat running off tackle and through the middle but need blocking on their outside thrusts they haven't produced to date.

The locals' aerial game may be troublesome, too. Hayworth, Frank Long and Angel can all throw the melon accurately.

Probable offensive starters: BIG SPRING—Raymond Gil-

strap and Wayne Medlin, ends; Louis Stipp and Carlisle Robinson, tackles; Paschal Odom and Jackie Milam, guards; Norman Dudley, center; Bobby Hayworth, Doyle Maynard, J. C. Armistead and Billy Martin, backs.

BRECKENRIDGE — Tommy Beasley and David Masner, ends; Charles Denny and Bobby Lockett, tackles; Houston Green and Garland Grandlee, guards; Jerry Tubbs, center; Ken Ford, Bill Denny, Bobby Pharris and Bobby Keith, backs.

Walker & Company Tackle Texans In Dallas Tonight

DALLAS, Sept. 12 (AP)—The Dallas Texans make their home debut tonight against the Detroit Lions and the first professional football game of the season in Dallas is expected to attract 30,000 to 35,000 fans.

The Texans, successors to the New York Yanks in the National Football League, have won three out of four along the exhibition trail, including a 27-14 decision over Washington, another member of the league. But they'll be meeting a Detroit team that has won

four out of four from other circuit members, including a 7-3 decision over the Philadelphia Eagles, who beat the Texans, 24-7.

Deak Walker, the magic name at the Cotton Bowl, will be playing for Detroit along with Bobby Layne, the ex-Texas star, and others from the Lone Star State, including Keith Flowers of Texas Christian, Cloyce Box of West Texas State and Yale Lary of Texas A&M.

159 Arrests Made By Police During August

Police handled 159 arrests during August, monthly records of the department disclose. On these cases fines of \$2,899 were assessed. In addition, 159 traffic cases, exclusive of routine parking tickets, were processed and these boosted the fines assessed total to \$4,358. Those involved in misdemeanor cases laid out \$1,570, and actual collections on fines levied for the month stood at \$2,784. Still pending was \$117. Receipts of \$150 on overtime tickets paid at the window plus costs previously assessed ran the month's aggregate collections to \$2,970. There were 153 cases of drunkenness on which fines were levied. Nine additional cases of this type were dismissed, two were appealed to the County Court and one transferred to the juvenile officer. Twenty-one were fined for vagrancy, four had such charges dismissed. Thirty-two were held for Air Police. Five were fined for affray and two others were freed of the charge. Six entered pleas of guilty to disturbance and three others appealed to County Court. Six paid off for gaming and two were transferred to the juvenile officer. Five cases of driving while intoxicated were transferred to the county. Rest of the arrest cases were varied and amounted to only one or two in each category. In traffic, moving violations led the list. There were 87 of these and they drew fines of \$1,029. Seventeen paid \$370 for operator licenses. Fines were paid for mechanical defects and for parking violations other than overtime. Patrol cars travelled about 11,000 miles during the month, said Chief E. W. York. Around 1,750 radio calls were serviced.

He's A Wild One' So Mother Pays

NEW YORK (AP)—A mother was found guilty of neglect in Bronx Children's Court yesterday after neighbors testified her 5-year-old son: Pushed a 3-year-old boy out a third-floor window. Burned the eyelids of a 4-year-old child. Used a baseball bat on another boy's head. Threatened other children with an icepick and hammer. The child himself was ordered committed to Bellevue Hospital for "careful psychiatric study."

Big Springer Named To State Executive Committee Of Demos

Mrs. Norman Read, Big Spring, has been named as one of two members from the 24th Senatorial District to the state Democratic executive committee. Other member of the Committee from this district also is well known here. He is C. T. McLaughlin, Snyder. Among others in this area in the state executive committee is John

D. Mitchell, Odessa, who has been serving on the board. In District No. 29 are Howard, Mitchell, Nolan, Taylor, Borden, Scurry, Fisher, Jones, Shackelford, Garza, Kent, Stonewall, Dickens and Taylor.

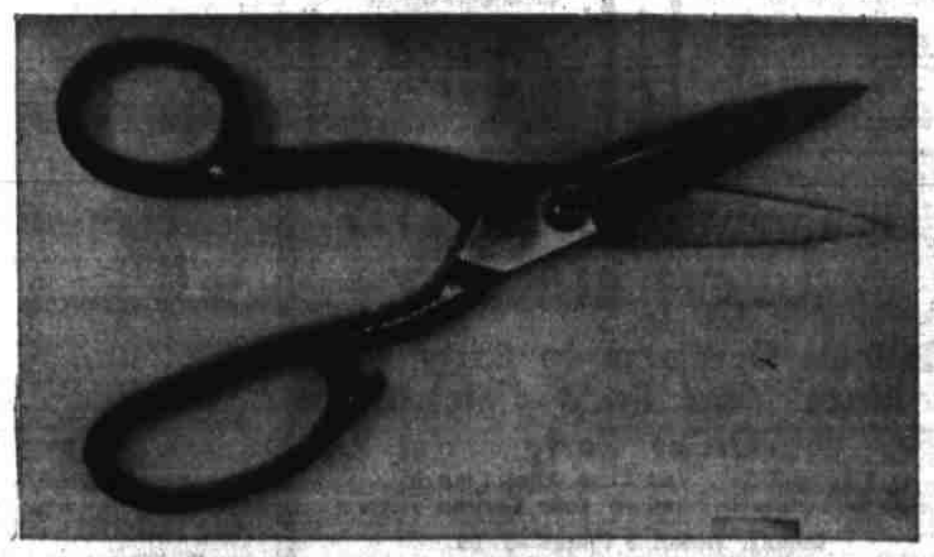

Redesignate Diocese

BOSTON, Sept. 12 (AP)—New Mexico and Texas were re-designated yesterday by the Episcopal House of Bishops as a diocese. The two states had been a missionary district.

Making funeral decisions in advance is a sensible thing to do.
