. . . . CHAPEL PROGRAMS

grams have been given the last few days.

On last Friday the progrom was presented by the F. A. A., sponsored by Mr. Tampke. Forrest Switzer presided, because he is president of the organization. A musical program was given. Those participating were Addison Harrison, Buford Linton, C. C. Bogan, Johnnie Mertel, Mr. Tampke nd Mr. Harding.

On Monday morning the junior class had charge of the program. Lavelle Christian made the introductory seech, in which he said that too title was heard from the faculty, and that they were going to show how the faculty appeared in chapel. The program was a real take-off on the faculty. Kent Carpenter made an excellent Mr. Boswell. Lucile Morse impersonated Miss Kennedy, Berniece Johns Miss McCarty, Marjorie Wood Miss Cousins, Millard Windom Mr. Harding, C. W. Bogan Mr. Rush, Wesley Martin Mr. Tampke, Maxine Fowler Miss Seal, Mary Reneau Miss Ashby. Forrest Switzer made a glowng speech on the subject, "Chickens Prefer Round Roosts to Square Ones. Luella Jones played a piano number, "Ben Hur's Chariot Race." The program was enjoyed by everyone pres-

On Tuesday morning the sophomore class presented a playlet, "The Train to Morrow," which was enjoyed very much. Louise Wilson took the part of Mrs. Make Sure, Pauline Ledbetter a typical school teacher, Miss Prim; a traveling man, Mr. Rodeover, Charlas Ashby; the porter, Buel Ellison; the agent, C. C. Bogan, Lavern Pettit and Dorothy Jean St. Clair played a piano duet.

END OF FIRST SIX WEEKS

The end of the first six weeks has some and it is time for grade cards. These cards were printed by The Motean News and they are very adecusts. Each parent should be interested in seeing his child's report cord, for that is the way he can cheek up on the work that his child is doing. The grades are carefully kept and averaged by each teacher. It is very important that these cards be kept, therefore the teachers are CICK roking the parents to be prompt in stening the cards and having the childen to return them. It is important for every parent to examine the cards to see if his child is doing the best work that he can.

The grades are, as near as pos this assembled according to the fol- every lowing five point division system. The word statement of what the letters un stand for are kept in mind by the

Lions Clubs are non-political and Friday. non-sectarian organizations composed of representative business and professional men, having the interests of Cash Store. Advertisement tfc

their city or community at heart. Lions Clubs are composed of the leading men of the city or communty in their particular industries or businesses. Membership is acquired brough invitation only.

Lions Clubs differ from similar organizations in that they are obliged o report monthly to the Association n what the club has done for the community during the preceding

Lionism is a vehicle for united civic effort and enterprise-a helpmate to every worthy endeavor. Lionism is service-over and beyond charity.

The purpose of a Lions Club, beyond the social and fellowship aspect, is to recognize community needs, to discover remedies, and either by independent effort or through cooperation with other agencies, to effect remedies for the existing needs. -Bulletin.

CHILDREN CRY FOR IT-

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the

When Baby's cry warns of colic, a few drops of Castoria have him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from elegging.

Castoria is sold in every daug store; the genuine always bears Chas. H. Fletcher's signature.

THE "HIDDEN QUART"

That Stays up in the Motor and Never Drains Away

PROVES ANY OIL BE BETTER OIL IF GERM PROCESSED

Other good oils lubricate working parts after the motor starts and oil is pumped from the crankcase through the motor, which takes several minutes. But Germ Processed Oil stays up in your motor at all times and lubricates working parts safely during the starting period... when almost half of all motor wear takes place! A "hidden quart" stays up in your motor and never drains away. Only Germ Processed Oil can give you this sure protection at all times, because only Germ Processed Oil can penetrate and combine with metal surfaces...an exclusive characteristic called "penetrative lubricity." So you can see...any oil would be better oil if Germ Processed!

But only Conoco makes Germ Processed Oil

But only Conoco makes Germ Processed Oil . . . for Conoco owns exclusive patent rights for North America. Don't be contented with

oil that lacks the germ process. Stop at any station displaying the Conoco Red Triangle and fill with Conoco Germ Processed Motor Oil. Save your motor from wear . . . keep it young and powerful!

The Magnet

No city, no town, can grow industrially unless it can retain its home industries and attract other industries.

What influences an industry to locate in a particular community? Quality and cost of labor; quality, cost, extent and availability of raw material; a market for its product and last, but not least, the availability, dependability and cost of electric power.

Electric power is the motive power of industry because it makes possible the most efficient use of machinery, and be cause its cost is low.

Your electric light and power company, therefore, is not merely a company furnishing electric service. It is a magnet attracting and keeping industries and jobs.

Our success is essential to the welfare of every man and woman living in the Panhandle of Texas.
