You wouldn't if you knew how light and fluffy - how deliciously good and wholesome -- biscuits really can be when made with this better flour!

The trivial extra cost, compared with ordinary flour --not more than 1¢ a week for the usual family -- is also your assurance of finer pie crust and pastries.

You'll understand why when you feel this brand's smooth, even texture- when you note its consistent quality -- when you try it yourself!

THE MCLEAN NEWS

The Oldest Newspaper in Gray County - - McLean's Home Paper Since 1904. McLean, Gray County, Texas, Thursday, October 29, 1931.

Kangy, Singoot and I had pulled ashore to a little island, wonderin' what we would find there. We'd no sooner landed when we heard someone singin'. Pretty soon we came in sight of a little thatched house at th' edge of a cocoanut grove. In front of th' house was an old sailor with a wooden leg and a big green parrot on a perch, singin' a song.

Th' old sailor was right glad to see us. As he and I went inside th' house to yarn he told me th' parrot's name was Cap'n Kidd, and that he was th' smartest parrot in th' islands. We'd no sooner sat down when a noisy rumpus outside brought us runnin'. Well s'r, I nearly keeled over laughin'. Th' parrot's long

tail-feathers were gone and he was grippin' Singoot's tail with his bill and tryin' to swear at th' same time. Singoot was screechin' and tryin' to climb a tree. Just then Kangy let loose a kick that landed a little dog and th' parrot, whack, right in th' stomach of th' sailor. Then he said he'd shoot th' dodgasted swab of a kangaroo. Then Kangy and I lit out for th' brush. As I ran I looked back just in time to see Singoot grab a hornets' nest from a limb of a tree and drop it onto th' sailor's head. The language they used while fightin' those hornets was somethin' awful. Well s'r, we got away, but I don't think it would be healthy for us to call on him again.
