## Howe, Hawk, King Lions Speakers McLean Tigers Win First Game of Season over Happy

### Game Played on Home Field

### Crowd Enjoys Football Game Friday

Largest crowds to see a game played on the home field of the McLean Tigers and the Happy Homeboys were gathered Friday afternoon.

The score was 12 to 6 in favor of the McLean Tigers, with every inch of the field fought by both teams.

McLean was in better shape than Happy in the second half, and both teams showed championship play, many remarking that the game was a pleasure to see such a struggle.

McLean's high school football team, coached by Coach Rush, won their practice efforts and gave a good account of themselves when they entered the contest.

McLean's victory, the Tigers' first since Coach Rush's arrival, was a credit to their practice efforts and gave a good account of themselves when they entered the contest.

McLean's victory, the Tigers' first since Coach Rush's arrival, was a credit to their practice efforts and gave a good account of themselves when they entered the contest.

### Amarillo Men Make Talks at High School

Amarillo newspaper men who were on the Lions Club program were invited to speak at the high school Tuesday afternoon, being presented by The McLean News editor.

Gene A. Howe told the students of his weather bureau and family, inviting everyone to visit him and see him at work in his weather observatory.

Mr. Howe spoke in a humorous vein that was particularly pleasing to the audience. He stated that Miss Lois Hinton favored his daughter, Miss Lalapalooza, and asked her to stand for an ovation.

Wilbur C. Hawk said that they came down to check up on Mr. Howe's cotton picking of last year, saying that when Mr. Howe attempted to show him the cotton patch, it had corn growing in it this year, as it is impossible to grow cotton any more where "Old Tack" picks.

Mr. Hawk said that no one in Amarillo believes that Mr. Howe picked any cotton, let alone the 500 pounds he claims to have picked.

Mason King said that McLean had the prettiest band to ever appear in Amarillo, and that their conduct and appearance is equal to any in West Texas, regardless of age or experience.

Mr. King explained that "Old Tack's" mother-in-law, O. W. and Lalapalooza are charming people; the mother-in-law being a wonderful character.

Mr. King invited the school, or any organization in McLean, to put on a half hour radio broadcast in Amarillo at any time without cost.

### THANKSGIVING SERVICE

The various pastors of the town have agreed to hold a community Thanksgiving service on Wednesday evening before Thanksgiving Day.

The services will be held at the First Baptist Church, with Pastor Cecil G. Goff preaching the sermon and the Baptist choir under the direction of Mrs. Goff, furnishing the music.

Last year's services were held at the First Presbyterian Church with the Presbyterian forces in charge.

### Famous Store Loses Clothes to Thieves

Two thieves entered the Famous store by way of the sky-light last Friday between the hours of 2 and 3 a. m., and took about \$125.00 worth of clothes and shoes.

One of the thieves outfitted himself with brown suit, brown overcoat, brown hat, and brown shoes. A pair of old shoes was discarded and left in the store.

The intruders left the store by the front door, breaking the glass from the door.

No money was taken from the store, the thieves contenting themselves with wearing apparel.

### TAMPKE WILL ASSIST IN SELECTING COCKERELS

By Dr. A. A. Tampke  
There is always a demand for cockerels in the winter and spring and usually farmers cannot find the kind they want for best hatching results at that time of year, because the few farmers having good stock can't afford to hold them over; therefore they sell their cockerels on fall markets at very low prices.

If any one desires to get cockerels for next spring I may be able to assist in directing a farmer to the flock where his choice fowls may be secured, thus helping improve poultry in the community at little expense to all.

### A DINNER PARTY

Mr. and Mrs. Roy Campbell had as dinner guests Thursday evening, the following: Miss Helen Hugos of Enid, Okla., Misses Verna Rice and Robbie Howard, and Bob Howard.

After dinner bridge was enjoyed until a late hour. Others who were present for the games were Mr. and Mrs. H. V. Rice and Ben Kinslow.

Supt. G. C. Boswell is visiting the Wheeler county teachers institute at Shamrock today.

Mr. and Mrs. N. A. Greer and children and granddaughter, Patsy Jean Clement, visited in Amarillo Sunday.

### Fire Prevention Parade & Program Next Wednesday

Fire prevention week will be observed in McLean next week, with school programs and a down town parade next Wednesday afternoon.

The mayor has issued a proclamation calling on citizens to clean up fire risks, subject to the inspection of the fire marshal, full text of which appears on another page.

There were more fire losses in Texas last year than any previous year in the history of the state, and the losses in McLean have reached the point where insurance policy holders are paying a 15% penalty instead of enjoying a 15% credit, as formerly. It is hoped that as many as possible will assist in the celebration of the week.

### P. T. A. MEET NEXT THURSDAY

The following program has been arranged for the P. T. A. meeting to be held Thursday, Oct. 13, at 3:30 p. m., at the high school auditorium: Piano solo—Luella Jones.

The Value of Public Education to the United States—Rev. W. A. Erwin. Music—P. T. A. Octette. The Twins—Clyde Carpenter. Keep Your Home from Burning—Miss Ashby.

The afternoon meetings will last one hour, thirty minutes for the program and thirty minutes for business.

### YARD JUDGING TUESDAY

According to present plans, the judging in the Lions Better Yards and Gardens contest will be done Tuesday, with Geo. W. Briggs and Mike Graham of Pampa as judges. Judging is late this year, as it was planned to use national rules, but this will be disregarded as they call for three judgments for the season.

Mesdames D. A. Davis, W. B. Upham, C. S. Rice, M. D. Bentley and J. A. Sparks visited in Pampa Wednesday.

A. A. Callahan, Mr. and Mrs. Cecil Callahan were in Pampa Tuesday.

### Mrs. Springer Injured in Car Accident

Mrs. Witt Springer suffered serious injuries while returning from a trip to Shamrock, when the car she was driving was hit by another car, Friday afternoon, about 8 miles east of town on highway 66.

The car that struck Mrs. Springer's car was attempting to pass another car and sideswiped the Springer car, causing it to leave the pavement and overturn.

Mrs. Springer was badly cut by window glass in several places, and was under ether for an hour and a half after being rushed to town, while doctors took something like 200 stitches in the wounds. However, she is reported doing nicely since the accident.

The damaged car caught fire some time after the accident, destroying most of the car with the exception of the motor, which was not damaged in any way.

The driver of the other car stopped and offered assistance in rescuing Mrs. Springer, his car not being injured to any extent.

### P. T. A. EXECUTIVE MEETING

Reported.  
The executive committee of the Parent-Teacher Association met at the high school building Monday afternoon at 3:30.

Mrs. O. E. Lochridge, newly elected president, presided and called for reports from each chairman. Miss Kennedy, program chairman, reported the year's program would be centered around the theme, "The Value of Education." Mrs. W. E. Bogan, special day chairman, announced that all special days would be observed in an appropriate manner.

Mrs. Sligar, health chairman, spoke of several plans under consideration for the betterment of the health of the children. Mr. St. Clair, finance chairman, assured those present that the P. T. A. would not be without financial aid this year.

Mrs. Lochridge announced that Mrs. Goff had been appointed to sponsor the P. T. A. music, and would organize both a mothers' and fathers' octette.

The executive committee voted to cooperate with the fire boys in a fire prevention parade next week.

They also voted to sponsor a carnival to be held down town. The following will be asked to serve on a special carnival committee: Mrs. A. B. Christian, chairman; Reuben R. Cook, Mrs. Butler, Mrs. Chas. E. Cooke and Miss Ruby Cook.

### 4-H BOYS TO DALLAS

Four Gray county 4-H Club boys, accompanied by County Agent Ralph Thomas, will leave early Monday morning for the Boys' 4-H Educational Encampment at Dallas. This encampment is held by the state fair of Texas in cooperation with the A. & M. College extension service.

The points considered in choosing included the boys' last year's crop record, this year's crop and record, entries in shows, prizes, etc. On the basis of 100 points, Horace Johnson made 95 and won the trip from the Alanreed club; Curtis Schaffer, 92%, Grandview club; J. H. Wetsel, 90%, Eldridge; Winfred Quarles, 90, Webb club.

The following are sending entries to the 4-H Club department of the state fair: William Hill, cotton; Horace Johnson, kaffir; Curtis Schaffer, kaffir; J. H. Wetsel, kaffir; and Winfred Quarles, yellow dent corn. The boys will spend three days at the fair, returning Friday week.

### HUMPHREYS ACCEPTS FRANCHISE

Mayor Massay has a letter from Mr. Humphreys accepting the recent gas franchise granted by the city council, which, the mayor says, is an indication that all arrangements have been made to put in 30c gas by the last of this month.

### Amarillo Men Lions Speakers

### Club Endorses Howe for Amarillo Postmaster

Gene A. Howe (Old Tack), Wilbur C. Hawk and Mason King of the Amarillo Daily News were speakers at the Lions Club Tuesday.

Mr. Howe was heartily endorsed as a candidate for postmaster of Amarillo, following an address in which he paid his respects to President Hoover and predicted the election of Roosevelt in the November election.

Mr. Howe insisted that his opinions were gathered from eastern newspaper men who are not enthusiastic about Roosevelt, as he is an unknown quantity, but they intend to vote for him. These men do not like Mr. Hoover, who has tried to censor some newspapers and who is referred to as a "high pressure promoter."

Mr. Howe said that he really has a home-made weather bureau in his back yard and invited McLean people to visit him between the hours of 6 and 7 p. m., when he makes his daily observations.

Mr. Hawk, partner of Mr. Howe, and president of the West Texas chamber of commerce, gave some interesting tax statistics, saying that the only way to cut taxes is to cut the expenditures. "Eighty-four per cent of the taxes collected are spent at home," said Mr. Hawk, "and the W. T. C. of C. tax committees have been instrumental in effecting a saving of 25 million dollars in West Texas this year."

According to the speaker, there are 9,000 tax collection boards in the state, and we need to consolidate these boards and have home rule in each county.

Mr. Hawk differed with Mr. Howe on the president's race, saying that New York had the highest tax rate of any of the states under Roosevelt as governor.

Mr. King praised McLean for responding to Amarillo's programs and said that the McLean band was the most colorful and best appearing band to visit Amarillo, compared with 46 bands one year at the Tri-state fair and 26 this year. He praised Prof. Davidson for the cooperation and respect given him by the band members, saying that he has never seen such respect paid a band master.

Mr. King insisted that the Lions and similar service clubs have saved the morale of the country during the past few years and insisted that all efforts for the good of the community should have the full cooperation of every citizen.

President Boswell extended the thanks of the club to T. A. Landers, program chairman, who presented the speakers.

Lion Tamer Ralph Caldwell presented R. E. Stubblefield as a visitor, who responded in a short talk of appreciation of the club's efforts and promising cooperation in civic affairs.

### COUNTY CALVES IN SHOW

Four Gray county 4-H Club calves have been entered in the American Livestock Show at Kansas City, according to County Agent Ralph Thomas. Arrangements have been made to take the calves along with show herds leaving Pampa about Nov. 6th, to arrive in Kansas City to be judged Nov. 11th. Gray county calves have been consistent winners at Amarillo, and it is hoped that the county will share in the \$4,000 in prizes offered in the club division at Kansas City.

The following Gray county 4-H Club members have one calf each entered in the Kansas City show: Wilbur Lee Wilson and Billy Wilson, McLean; Betty Farley and Jim Farley, Groom.

Born, Oct. 3, to Mr. and Mrs. P. B. Everett, a boy, named Kenneth Bee.

**ASSEMBLY NOTES**

By Charles Cunningham  
 Wednesday morning we met in assembly. We sang "America," "Smile a While" and "It Isn't Any Trouble." Mr. McHaney spoke to us about the honor roll. The requirements are:  
 1. Scholarship: For each A, 10 points; for each B, 5 points.  
 2. Athletics: For interest shown in athletics, playground activities, 5-15 points.  
 3. Outside reading: 5 points for each book; limit, 25 points.  
 4. Working toward Interscholastic League contests, 20 points.  
 5. Citizenship habits, 5-15 points.  
 6. Health habits, 5-15 points.  
 7. For being neither absent nor tardy, 10 points.  
 A student must make a total of 100 points in order to be on the honor roll, and these points must be from at least four of the seven divisions. At the end of the first six weeks each student who makes the 100 points will be given an honor certificate. Each student who is on the honor roll all year will be given a good pen.

**INTERSCHOLASTIC LEAGUE**

The following teachers have been appointed to coach Interscholastic League events: Mr. McHaney, boys' track, boys' playground ball, and arithmetic; Mrs. Back, girls' playground ball, declamation and essay; Miss Cummings, girls' volley ball, tennis and junior spelling; Miss Turner, picture memory; Miss Simmons, choral singing; Mrs. Boyett, music memory; Miss Noel, sub-junior spelling; Mrs. Silgar, story telling.

**NEW BOOKS FOR THE LIBRARY**

Wanda Estes has given to the elementary school library the following books, for which she has our thanks: A Dog of Flanders, A Book of Botany, A Christmas Carol, Preckles, A Modern Cinderella, Ethel Morton at Sweetbrier Lodge, Billie Bradley at Treasure Cove, and Tales of a Wayside Inn.  
 L. E. Flowers gave us a new book, Under Two Flags. Thank you, L. E.

New pupils in the 5A class are: Frank Wharton, Helen Piersey, and Willa Fay Roachell.

**MISS BAILEY'S ROOM REPORT**

The pupils in our room have new readers. We are making new curtains for our room and we think they are very pretty. Last Thursday was Frances Sitter's birthday, and her mother brought a big birthday cake to school so we could have a party.

**MISS NOEL'S ROOM TREATED**

Friday afternoon Mrs. D. C. Carpenter, Mrs. Fulbright, Mrs. Kirby and Mrs. Roy Campbell visited our room. They brought us some popcorn balls and apples, which we enjoyed very much. Our room had most parents present at P. T. A. for the month of September.

**HONOR ROLL IN SPELLING**

The following children made 100% in spelling last week: 6B—R. L. Floyd, Margaret Kennedy, Anadel Silgar; 6A—Paris Hess, Loyce Landers, D. V. Nicholson, Olive Louise Atwood, Lorene Moore, Charles Cunningham; 5B—Jessie May Lynch, Julia Mertil, Mary Mitchel, Mary Louise Smith, Irene Spears, Ruth Thacker, Marion Thompson, Donal Dorsey, Billy Bert Sanders, Mabel Back, Georgie Colebank, Willie Louelle Cobb, Ermadel Floyd, Thelma Jo Gray, Louise Kennedy, Margie Lochridge; 5A—Ernie Back, Clyde Carpenter, James Galloway, Marguete Wheelers; 4B—Louise Stots, Verlyn Hinton, Johnnie Mae Scott, James Edwin Finley; 4A—Violet Moore, Marie Eudy, Billie Louise Cook, Donald Angle, Clinton Doolen, Junior Windom, Robert Wilson, Leo Ledbetter, Gwendaly Koen; 3rd—Christine Kennedy, Opal Thacker, Evonne Floyd, Oran Back, Mattie Lee Wilson, Lorene Spears, Fairlee Koen, Iona Langford, Delmer Dorsey, Hallie Nell Silgar, Flossie Galloway, Vernon Ruff, Genevieve Boswell; 2nd—Juanita Davidson, J. D. Roth, Erey Fulbright, Marcella Campbell, Earlene Green, Harold Lee Herron, Opal Lee Roachell, Wayne Back, Herbert Reator, Alton Glenn, Shirley Rae Glass, Brae Biggers, Viola Appling, Dorothy Nell Wood, June Young, Bubby Loeb-

ridge, Joe Cooke, Frances Sitter, Patty Cobbs, Imogene Bell, Arthur Boyd, Marion Wilson, Maudie Dale Woods, Johnnie Leo Windom, Juanita Petty, Jessie Crews, Conrad Isom, Willis Ledbetter, Andy Woods, C. H. Petty, Opal Tedder, G. D. Angle, Doris Gale Wilmouth, Doris Nell Woods.

**THEY ENJOYED THE FAIR**

Children who went to the Tri-state fair at Amarillo last week are allowing you to "see" the fair through their eyes.

Marion Wilson, 2nd grade:  
 I got to ride on the merry-go-round. I rode in a little car. It was rough. I saw a pig-tailed monkey. I slid on a rolling slide. Anna Lynn got lost.

Frances Sitter, 2nd grade:  
 I saw a tiger and a monkey. I was afraid they would fight. I saw a parrot. It would talk to me.

Juanita Mae Davidson, 2nd grade:  
 I went to the fair on Thursday. It was raining. I saw pictures made by children of the Amarillo school. I saw a little house made of clay. I saw some animals. There were some green birds. I rode on the ferris wheel and the merry-go-round.

Bernice McClellan, 3rd grade:  
 I went to the Tri-state fair at Amarillo last week and had a wonderful time. First, I went to the sham battle of the World War. That was an awful sight to see! I am sure if it had been real I would not like to have been there. They showed 23 of the allied flags that night and brought our flag out last, victorious over all. Then they sang The Star-Spangled Banner. I surly did enjoy it.

The next morning I went to the fair ground to look at the exhibits. I saw a lot of fat hogs, nice Jersey cows, pretty chickens, rabbits and lots of other things.

I went through the school exhibits and saw so much good work that has been done all over the country. I saw the Boy Scouts' work with camp fires and teepees like Indian camps.

I went to the pet show. There I saw a lot of pretty canary birds, parrots, monkeys, apes, cats, dogs, deer, squirrel, wolves, white rats and antelope.

Mary Ellen Green, 3rd grade:  
 I went to Amarillo with father and mother. We stayed for the fair.

First we saw the cows. There were very big red, black and brown hogs. We came back by the rabbit pen. There were little ones. They were black and white.

Then we saw the school exhibit. I saw some little houses made of cardboard. They had little curtains, tables, chairs, and beds. They had a little rock path to the front doors.

We looked at the farm machinery. I was not interested, but father was. On the show grounds there were many things to ride on: cars, airplanes, merry-go-round and ferris wheel.

I saw a cow with five legs. The fifth leg looked like it was twisted. They wanted somebody to ride it. I also saw a cat with five legs. It looked so funny! It had a kitten with six legs.

Louise Stotts, 4th grade:  
 In the circus, I saw many interesting things. I saw a snake woman in a pen with snakes. She would let them crawl all over her and coil around her neck. This made me shiver, because I am afraid of snakes.

One of the most interesting things I saw was a midget. He was about the size of a three-year-old boy, but he said he was 25. He had red hair and was very ugly. Then I saw a man with an iron tongue who could eat fire, and a woman who could stick swords down her throat. I saw a very tall man that reminded me of the giants I read about. After seeing these queer people, we went to see the animals. The first animal I saw was a tiger trying to get out of his cage. The monkeys would swing on bars by their tails. I like to see the lions, bears, and apes.

Vesterlee Smith, 5th grade:  
 Last Thursday I went to the fair. When I got there, it started raining. I saw Billy Cooke and Jack Bogan and went to get them. We all went in the "Bug House." Billy bumped his head. Then we went up the fair ground and rode the hey-dey. It like to have slung us out. Then we saw a five-legged cow.  
 Soon I went to eat dinner. Then I came home. I got here about nine o'clock. I had a good time.

(Continued next week)

(Editor's note: School items should be typewritten, double spaced, on one side of the paper, only.)

Mr. and Mrs. P. B. Barton and daughter, Miss Grace, are at the bedside of their daughter and sister, Mrs. Witt Springer, this week.

Mr. and Mrs. John Brooks and daughter, Miss Juanita; and Miss Clara Faye Carpenter visited in Shamrock Sunday.

**BORN NEWS**

**SCHOOL**

Clemmons and supported the affirmative question. "This is a community than a school," said Graham Reeves and a number of the boys were presented on "Some good material is in future work in debate."

A series of debates was held in the gymnasium. A series of training debates was held in the scholastic League and citizenship.

The football team of the school met last Friday afternoon. The team consists of: McLean 12, Happy 6, there, McLean!

Parker, Derrel Parker and Palmer were visitors last Saturday.

Exercises for this week were given by Mr. Dillard and Mr. Paige. After a scripture reading, Mr. Paige gave a talk on the subject of "The general idea of teams is organized to give the school a big winner is erroneous," he said. The main idea is to develop character. One of the same as wins well. Persistent practice by body and aids in the mind.

Paige's talk, Coaches Bowman proceeded to discuss through their paces in a meeting. A great deal was displayed, and if anything, the Longhorns put out some real teams.

for the library reference has been installed and the longed. The reference sets are for constant use. A has been posted so that any may know the regulations. Some new books placed on the shelves, making more adequately meet the school.

and girls have been having times playing volleyball. Several evenings have been sufficient to keep group on the court for the final bell has rung for school. Most of the been won by the boys, who are confident that with they will be able to earn all the points they

**BOYS' ATHLETICS**

Our pet Steers began real drill last Monday. Coach Dillard predicts one of the best basketball teams Alamared has witnessed in the last few years. With four of last year's regulars back and four competent subs, the boys are showing their potential strength. Centers position is the only one which is left vacant by graduation. W. Prock, P. Castleberry and O. Hugg are in the race for this position. Reeves, Craig, Johnson and R. Prock intend to bear the blunt of the opponents' scaring threat. Palmer, E. Oakley, Darnell, Pettit and Steger will keep the score high for the herd. The real strength of the team will be determined when they go into the first game of the season, which will probably be next Friday.

**BASKETBALL TOURNAMENT**

In the near future the Longhorns intend to be host to a rural basketball tournament. Only teams which have to play on out door courts will be eligible. It is our hope that we will be able to give suitable awards to the all-tournament team and the winning teams. Watch for the date.

**SHOWER HOUSE**

The shower house is now completed and ready for use. There has been so much talk about how cold the water will be this winter that one boy wanted to know if the water would not flow out of the spray in cold weather like can syrup flows on a winter morning.

**GIRLS' ATHLETICS**

Volley ball seems to be the chief sport in the girls' physical education class. Coach Lurline Bowman is pleased with the showing made by the girls so far and is expecting a good record from the girls in their contests this year. They have the "pep" and "fight" which a winning team must have and are storing up for their first opponents.

**GRADE SCHOOL**

Tuesday, October 4, was the sixth and seventh grade day to entertain in chapel. A playlet entitled "Society for Suppression of Slang," was given; a piano solo by W. E. James, Jr. and a reading, "The Proposal," by Euline Sherrod.

The sixth grade completed its first issue of a weekly newspaper last week and is publishing the second issue. Mildred Blakney, in the sixth grade made 100% in spelling last week.

Leonard Glass and James Adlai Prock, of the fourth grade; and Nastus Walker of the fifth grade made 100% in spelling last week.

Velma Lucile Dorus, Emma Lee Oull, Janet Hill, Billy James and James Adlai Prock, all of the fourth and fifth grades, have perfect attendance records for the first month of school.

**WEATHER**

With the aid of bulletins published by the United States Weather Bureau, a barometer, a hygrometer, and several nearby wind mills, it has become a common thing for the general science class to predict all kinds of weather disturbances; however, they are as good as the Tactless Texan. Prof. Dillard believes if their knowledge increases on this subject much more luck will be asking them for weather information.

**LABORATORY SUPPLIES**

With the installation of gas to the laboratory tables and the arrival of various laboratory supplies and apparatus, the science department brags of a department suitable to handle the first two years of high school science creditably.

**PICTURES**

Through the cooperation of the school faculty and student body, the pictures of George Washington are being taken from their tacked positions on the room walls and placed in attractive frames. Supt. Paige and Coach Dillard seem to think their framing job is very good and as yet have not been challenged by anyone who thinks he can do better.

**INTERSCHOLASTIC LEAGUE**

Material on all phases of Interscholastic League work has been ordered and preparation for the county meet will start immediately, according to a statement issued by Supt. Paige last week. It is the desire of the school faculty to have contestants in all divisions of the league work this year. Through this early start Mr. Paige intends to eliminate the last minute cram drill which most schools use.

**BOYS' ATHLETICS**

Our pet Steers began real drill last Monday. Coach Dillard predicts one of the best basketball teams Alamared has witnessed in the last few years. With four of last year's regulars back and four competent subs, the boys are showing their potential strength. Centers position is the only one which is left vacant by graduation. W. Prock, P. Castleberry and O. Hugg are in the race for this position. Reeves, Craig, Johnson and R. Prock intend to bear the blunt of the opponents' scaring threat. Palmer, E. Oakley, Darnell, Pettit and Steger will keep the score high for the herd. The real strength of the team will be determined when they go into the first game of the season, which will probably be next Friday.

**BASKETBALL TOURNAMENT**

In the near future the Longhorns intend to be host to a rural basketball tournament. Only teams which have to play on out door courts will be eligible. It is our hope that we will be able to give suitable awards to the all-tournament team and the winning teams. Watch for the date.

**SHOWER HOUSE**

The shower house is now completed and ready for use. There has been so much talk about how cold the water will be this winter that one boy wanted to know if the water would not flow out of the spray in cold weather like can syrup flows on a winter morning.

**GIRLS' ATHLETICS**

Volley ball seems to be the chief sport in the girls' physical education class. Coach Lurline Bowman is pleased with the showing made by the girls so far and is expecting a good record from the girls in their contests this year. They have the "pep" and "fight" which a winning team must have and are storing up for their first opponents.

**GRADE SCHOOL**

Tuesday, October 4, was the sixth and seventh grade day to entertain in chapel. A playlet entitled "Society for Suppression of Slang," was given; a piano solo by W. E. James, Jr. and a reading, "The Proposal," by Euline Sherrod.

The sixth grade completed its first issue of a weekly newspaper last week and is publishing the second issue. Mildred Blakney, in the sixth grade made 100% in spelling last week.

Leonard Glass and James Adlai Prock, of the fourth grade; and Nastus Walker of the fifth grade made 100% in spelling last week.

Velma Lucile Dorus, Emma Lee Oull, Janet Hill, Billy James and James Adlai Prock, all of the fourth and fifth grades, have perfect attendance records for the first month of school.

**The Little Fellow Didn't Sit Down and Moan**

observance of health rules last week: Irene Abbott and Margaret Fulton, Goldie Collier had 100% in attendance last month.

**FRUITS THE WHOLE SEASON THROUGH**

Fall is an ideal time to plant most fruits. Look around in your grounds and see what opportunities you have to plant fruits this fall.

There is something about home grown fruit that is different—something that makes it taste so much better than any you could obtain anywhere else. Not until you've picked the fruits from trees and plants you've raised in your own yard will you really appreciate how delicious home grown fruits can be.

The thrifty housewife has long known the savings made when fruits are grown at home. It is most satisfying as well as economical, to know that when the canning season comes you can depend on your own home grown fruits for a generous supply.

On the average city lot where space is at a premium, fruit trees are used as much for ornament as for utility. The glorious cloudlike masses of white bloom on the cherries, plums and pears, and the exquisite pink jowliness of apples need not be the privilege of only the commercial grower. These varieties will work in very well in the background of the border, in a group at the back of the lot, or even as specimen trees on the lawn. And who does not thrill with the delightful perfume of the blossoms that is borne far by the spring breezes?

The limitations of the average home grounds prevent the city man from growing more than just a few of his favorite fruits. However, no matter how large or small the space, the fruit garden should be planned for a continuous supply of the various kind-throughout the season.

About the first fruits of summer will be strawberries. In order to get the utmost returns from the space, the city man may very conveniently tuck his strawberry plants in front of and underneath the grapevines.

Strawberries will be followed by the earliest cherries and by currants, raspberries and gooseberries. Fifty bushes of each of the two best sorts of currants, one hundred each of two varieties of raspberries, and twenty-five bushes of some good gooseberry will, if well cultivated, furnish an abundant supply. One dozen cherry trees will be enough. One hundred bushes of the blackberry will supply two quarts for a day for some weeks toward the close of the summer.

**Fruits for the Main Crop**

Strawberries, early apples and a few of the earliest plums will bring with the later varieties of these fruits, with the later varieties of these fruits, will last nearly till winter. Winter apples and pears, if placed in a cool fruit-room or cellar in the fall, will often last until the commencement of the new supply of strawberries.

To obtain this supply there should be five or six apricot trees, the same number of peach trees, ten or twenty of plum, ten or fifteen of summer and autumn pears, and as many more of winter varieties, the same number of summer and autumn apples, and from twenty-five to fifty trees of winter apples. Forty or fifty well-managed grapevines will contribute materially to the variety and excellence of the supply of fruit. One hundred grapevines will supply a well-cultivated vineyard

**Space Required for Complete Fruit Garden**

The extent of ground required will be about ten or twelve square rods for the different summer fruits, and an acre and a half or two acres for all the others except the winter apples. The early or summer apples might be placed in between the winter apples as fillers, as these are less permanent trees.

Rather than curtail advertising expenditures now amounting to more than \$1,000,000 a month, Colgate-Palmolive-Peet Company is reported to have reduced the annual dividend basis on the common stock to \$1.00 a share from \$2.50. Charles S. Dewey, vice president in charge of finance, said the company believed it was to the stockholders' best interests that advertising be maintained "even at a sacrifice in profits and common dividends."

It is a violation of the law in Turkey for a newspaper to print any news regarding suicides. Such a law was enacted when it was found that immediately following the announcement of some prominent man committing suicide, there was a general wave of other suicides.

"The first great count in the indictment against alcohol is that it is a sure friend, the best known friend, of all the other racial poisons."—Dr. C. W. Saleeby.

The Nu-Type  
**Aladdin**  
KEROSENE  
Mantle Lamp

NEVER before has it been possible for either city or country homes to be so beautifully and economically lighted for so little. An abundance of modern white light, equal in quality to gas or electricity and at but a fraction of their cost. Scientists attest the fact that Aladdin light is the nearest to sunlight of all artificial light.

Here then at the remarkable low price of only \$5.75, anyone, no matter where they live, may not only have and enjoy the very best light but the most economical as well.

Now is the time to provide yourself and family with the world's best light at the lowest price at which it has ever been offered. Get yours at once.

**Beautiful Shades** in Glass or Parchment Nu-Type Aladdins may be equipped with Satin White glass shades, or with one of several exquisitely decorated parchment shades in a wide range of designs and colors at new prices of \$1.00 up

**10 BIG FEATURES**

**Nu-Type Aladdin** (Shade and Tripod Extra) \$5.75

Other models of Aladdin and a big selection of shades in glass and parchment are available at reduced prices in table, vase, hanging, bracket and floor lamp styles. A wide range of prices to suit all purses.

**Also in Beautiful Pastel Colors of Green, Peach and Old Rose at Slightly More**

The Nu-Type Aladdin light burns 50 hours to a gallon, gives more and better light than 10 ordinary lamps. The light is white—like sun light. It is absolutely safe, odorless, smokeless, odorless, requires no pumping or generating and is so simple that a child can operate it.

Entered as second class mail matter May 8, 1905, at the post office at McLean, Texas, under act of Congress.

Many men can tell how to settle the affairs of the world but cannot settle their own bills.

The man who earns his living in a town should help the town earn its living by buying his supplies at home.

More cheering and less whispering "It can't be done," would put over more useful achievements for any town.

The merchant who "discovers" the value of newspaper advertising has found the fundamental principle of success.

We have had several calls for the issue of The News that had the new gas franchise publication. The franchise has not as yet been published, but can be seen by anyone interested, at the city secretary's office.

The mayor's proclamation incident to Fire Prevention Week should be studied and heeded by every citizen. We are now paying a heavy penalty for fires, and we certainly should not allow any fire hazards to exist in the future.

In June of this year, Chicago's greatest retail store recognized that something must be done immediately to balance its budget. The largest and most expensive advertising campaign it had ever indulged in did the business, and the store auditor is able to show a sheet better than that of the same period a year or two ago.

**JUDGE SUSPENDS 3-YEAR TERM FOR YOUTH**

Pampa, Oct. 4.—A denunciation of pool halls and public dance halls was delivered by Judge W. R. Ewing this morning in announcing a suspended 3-year sentence for Russell Hill, 19-year-old youth, who pleaded guilty to attempting to pass a forged check. Young Hill had previously told the judge that he was asked to cash the check by an older man who claimed to be an employee of the Texas Co. He said he met the man at a dance hall and later at a pool hall here. Judge Ewing said that it was repeatedly called to his attention that, in most cases, public dance halls and pool "clubs" were "incubators of vice and hot-beds of crime." He said the club mentioned was operating illegally if its methods were as described by Hill.

The youth said that he did not know at the time that the check was forged. His attorney, appointed by the court, was R. M. Lambdin of Amarillo, acting court reporter.—Pampa Daily News.

Large eyes are painted near the waterline of Chinese boats to enable the boats to avoid the water devil and see its way at night.

There are 22 people to the square mile in Texas.

H. I. Watt notifies the government that the Centralia (Kan.) Journal would be greatly pleased if those bureaus who send out so much publicity matter that no one reads would just send it out blank.

**GOLF GOSSIP**

By D. A. Davis

It seems impossible to reform a man by good associations and kind treatment, and honest, truthful and square examples. I've been playing golf with Old Brindie Face quite a while, all the summer and have done everything I know to do to try to reform him, but it don't look like I have made a bit of progress. I've let him beat me several times in order to instill some good intentions, and kindly deeds into his carcass, and have set as good examples as I possibly could in order to make him a fair, honest and truthful golfer, but all my efforts have been in vain. I've had some of our golfers that have been playing with him as well as myself that have told me that he would do to watch, but knowing them as I did, I did not exactly believe lots of things they told. But when a man that has a reputation for being a perfect gentleman and who is noted for truth and veracity (whatever that is), tells me that he played a round with the old reprobate and made a 39 score and did not put a single ball in the cup, makes the situation look a little bit bad, but when his own grandson can beat him counting his strokes, it's getting awful, folks, it surely is, and if he keeps it up I'm afraid I will have to tell something on him that is not so in order to make a fair, honest and truthful golfer out of him.

We have one golfer who is so reckless I'm afraid he is going to knock himself in the head with one of his clubs some of these days. Not so very long ago he knocked one of his eyes almost out and now he is limping around with a busted foot where he hit himself with his driver, trying to learn how to hit a little old golf ball. I would suggest, Pete, that you get yourself a complete football outfit, including a helmet and shin protectors, as well as a nose guard, in order to keep from disfiguring yourself entirely.

Well, folks, I've seen Old Tack, and I am awfully encouraged since giving him the once over, and now I know why he is so intelligent. I've been trying to tell my wife as well as some of my close friends that all bald-headed men are naturally intelligent, and now that you all have seen Old Tack, I suppose you will have to agree that I am right. Some of my readers have tried to make me believe there was some resemblance some how or other in our writings. But never having had the pleasure of seeing the gentleman, I just supposed they were kidding me, because Old Tack got the start of me and has a monopoly on all the modern slang words. It's impossible to write, even about these fool golfers, without using some of his slang words. But now that I know he is bald-headed, and knowing further that all bald-headed men are smart, I will be forced to admit that our minds are running in just about the same channel, but his broadcasting station is quite more powerful than mine. There is one difference, however, because Old Tack will let you go ahead and get into trouble by losing a dog or cat or husband or wife, or somebody wants a husband or wife, or making bad investments; then he tries to get you out. While I am always trying to keep folks out of trouble by offering good advice and setting good examples, especially when I play golf, but to date I ain't had much luck, but look who I have to associate with, anyhow.

I see in last week's paper where another prominent banker has made good by having to sweep floors, bring in the wood and tote the water for some good looking schoolmarm in order to make a passing grade, and came out with what he thought was an education. If you want to know something, folks, I've had the same experience, and just to tell you the truth about it, I don't see no difference nowadays, because the boys have to play football, jump over a pole kick high and run fast for the very same grades that we older boys had to sweep floors, cut wood and tote water for. And just to offer a word of encouragement to the boys and girls of today, if they will start out in life right and work hard and do the right thing, you, too, will be just as prominent as myself, Mr. Cook and Mr. Pondrom, regardless of your grades and modern education, and unless you do, your education won't amount to a thin dime. But the main thing for you kids to learn is to holler "We want a touchdown," and sing "Hail, hail, the Gang's All Here." However, folks, my bond and stock supply is increasing. The editor of this paper has admitted that he has some Dallas Dividend Oil stock that he is willing to sell for par, and Mr. Reuben R. Cook, our banker, is greatly enthused over my proposition and has agreed to bring me back a whole automobile load of good oil stocks and bonds the next time he goes down to Wichita Falls. And I positively know that there are lots and lots of good stocks and bonds hid away in old trunks and safety

deposit boxes that should be brought out and listed with me so we can sell them, now that the depression is over. So, folks, come across and let's get our money back while times are good and money is plentiful.

And another thing, I want to go down in history as a great cotton price prophet. There have been so many of my farmer friends asked my advice on the price of cotton that I have hesitated to prophesy, but now that we will get another government report Saturday, I am going to tell them what I think. If the estimate comes in lower the market will go up a little, but if there is no change the market will stay around about where it is, and I doubt if we see eight cent cotton this year, because all other farm commodities are still low, as well as livestock. It will be from two to five years yet before we get back to normal conditions, because the big guys are going to recover first before they give us poor folks a chance, and the big ones are not recovering very fast. So we poor, but honest folks had just as well make up our minds to grin and bear it a few years longer.

**IN THE FAMILY**

Cecil G. Goff  
 At to consider the in-home life. Unquestionable life is determined by the individuals of the individuals. It is pleasant or unpleasant or careless, spiritless according to the conduct of those involved. If it is not ideal, he is to his neighbor. Most change an undesirable by changing his attitude. One can never change by blaming the family.

Scriptures describe, was through information. It was the spirit of his parents to the feast of the assembly. This was a great nevertheless, was a small plans for the family centered their and its attendance

Two ways of making the most common way, all nominal Christians, the day, week, month, ordinary tasks and then if God's added from time to doing violence with is looked after. Second in the manner of planning God in the foundations of life. This is did. Every Christian plan to attend all of his own church.

Home life which was only in religious worship, able training. He was the scriptures with the wisdom. This wisdom was not all due to his to be sure, but he the training and God abundantly with great and insight such as did could not have being the son of God, spiritual training which

Needs a spiritual training children receive some, either in Sunday at the home, or both, are told and Bible charmed. But in many instances are unable to give to the needed home in learning God's great plan

Far too often parents to talk to their children saving power. It is left for the preacher, and such cases the family is sent close terms with to keep the child from ve for the preacher—part, so to speak.

He was in Jerusalem recognized that He was God and was to repel among men, yet he his parents and was obedient, unto them. His father, died soon after, but Jesus remained Mary. His mother, until she was thirty years old.

Need today is for children subject to their parents. Will, it is God's plan for provided such parental do not conflict with God's

to us a great lesson of Mary and Martha. Went into the home, upon His words; Martha about extra cooking. It was all necessary, him was not to send the to perform extra duties because of His preacher to feed them upon words of life.

When the writer, during teaching, has gone home on some members of a family the mother had re all morning to prepare Much rather would he had a cold, simple meal the services. It would God more, whether it

leased the preacher's appetite or not. Parents cannot expect to rear a spiritual family and let Christ come second in the home. In how many homes one finds all sorts of "love story magazines" designed to tear down the morals and spiritual lives of our children, and none bringing true facts about the highly romantic sacrificing lives of missionaries. In how many homes does one find regular times for the movies, for ball games and other entertainments, but none for Bible reading and prayer. Every child needs well rounded training. And it cannot be had unless God's service is a part of the plan of the home life.

**The Road To Better Health**

**FIRST AID IN POISONING**

By Dr. William J. Scholes

In any case of poisoning, the services of a physician should be obtained as quickly as possible. But, in the meantime, the patient should not be neglected. A knowledge of how to give first aid to the poisoned may be the means of saving a life that would otherwise be lost before a doctor could be reached.

The first thing to do in a case of poisoning is to give an antidote. This neutralizes or combines the poison in such a way as to render it less harmful. Then, except when mineral acids or alkalis have been swallowed, vomiting should be induced by giving an emetic. (Mineral acids are such acids as sulphuric, nitric and hydrochloric. Strong alkalis are lye, caustic soda, and caustic potash). Mustard water makes a good emetic. It is made by stirring a tablespoonful of mustard in a glassful of warm water.

Except in morphine or opium poisoning, the patient should be kept warm and quiet. Diluted vinegar may be used to neutralize lye or other alkalis. Soap may be eaten for acid poisoning. Remember that no attempt should be made to induce vomiting in either alkali or acid poisoning. And never give soda for acid poisoning. The gas liberated by the interaction of the soda and the acid which has been swallowed would probably tear the tissues.

For strychnine or preparations containing it, strong tea should be given. Strong tea is usually the most available antidote for poisoning with alkaloidal drugs. These are such drugs as strychnine and atropine. Raw eggs and milk may be given for poisoning by bichloride of mercury. Antiseptic tablets often contain this or some other salt of mercury.

A solution of sodium sulphate is regarded as the best antidote for carbolic acid (phenol). Unfortunately, it is not always at hand when needed. Glaubier's salt is another name for sodium sulphate. No fats or oils should be given. Bicarbonate of soda may be given for so-called coal-tar drugs, such as are often contained in headache tablets or powders. Give artificial respiration, the same as for drowning.

In poisoning by morphine or opium, give strong tea or coffee. Walk the patient to keep him awake. Slap him with cold wet towels if necessary, but be sure to keep him aroused and awake.

 Miss Lola Ruth Stanfield, daughter of Mrs. A. Stanfield of McLean, who is enrolled at Texas Woman's College, Fort Worth, has joined the pep squad at that institution.  
 Mr. and Mrs. A. B. Christian and Mrs. G. V. Koons were in Pampa last Wednesday.  
 Mrs. Walter Smith and children are visiting in Pampa this week.  
 Miss Juanita Coleman of Abra visited Miss Sybil Young last week end.

**Hints for the Household**

By Betty Webster

**HOUSEHOLD HINTS**

**Serving Tea Daintily**

To give a touch of daintiness and temptation in serving beverages should naturally be the aim of every hostess. Especially is that true when serving tea.

There are still some warm days this month when a glass of iced tea can be appreciated. And to serve it prettily—just add a little mint to each glass. Get fresh mint if you can and sprinkle it with powdered sugar. Colored sugar can also be used—the kind that comes in red and green and can be purchased at most any confectioner's.

**Scale for Cooking Large Numbers**

Coffee for 6 helpings—allow 1/2 cup coffee to 1 quart water.  
 Coffee for 50 helpings—allow 1 pound of coffee.

Ice cream for 6 to 10 helpings—allow 1 quart.

Ham for 50 helpings—allow 20 pounds.

Meat for 1 helping—allow 1/3 pound raw meat.

Butter for 2 dozen helpings—allow 1 pound.

Butter for 6 dozen rolls—allow 1 pound.

Loaf sugar for 50 helpings—allow 2 pounds.

Cream for coffee for 50 helpings—allow 1 1/2 to 2 quarts.

**To Clean Spots on Rubber Raincoat**

Slice a raw potato. Rub well the spots to be cleaned—with pieces of this raw potato.

**COOKING HINTS**

**Chili Con Carni for 30 People**

5 lb ground beef.

3 lb ground pork.

4 lb onions.

5 cans kidney beans.

3 cans tomatoes.

1/2 cup butter.

Seasonings.

Method: Fry the onions in butter until brown. Remove from pan, then fry meat until brown and crisp. Put all ingredients into a kettle. Add water and simmer for 4 hours.

**Date Tort for 25**

1 1/2 cups walnuts.

3 cups dates.

2 cups sugar.

2 tablespoons flour.  
 12 egg whites.  
 3 cups crumbs.  
 1/3 cup lemon juice or 1 tablespoon vanilla.

1/4 cup water.

1 tablespoon baking powder.

Method: Cut up dates and nuts. Mix dry ingredients with dates and nuts. Add liquids and last fold in stiffly beaten whites. Pour into greased pan to 1/2-inch thickness. Bake 1/2 of an hour. Serve with whipped cream.

**BAKING HINTS**

**Ham Loaf (by request)**

1 lb fresh ham (ground).

1 lb pork.

1 cup bread crumbs.

1 or 2 eggs.

Onion.

Pepper.

No salt.

1 cup milk.

Method: Mix meat, bread crumbs and seasoning. Add liquids. Put in greased loaf pan. Bake 1 hour in a slow oven.

**Sausage Loaf**

An ideal way to make sausage serve many.

Mix a large quantity of bread crumbs with sausage meat. Bake in a loaf pan. Add a little water. Serve on platter surrounded with creamed carrots and peas.

**BEAUTY WISE**  
**WOMEN**  
**KNOW THIS**

Many women believe that the purpose of face powder is to cover the skin. But women who are wise in the ways of beauty know that the correct function of face powder is to bring out the warm tones of the skin.

That is why they use Cara Nome always—because the extra fineness of this smooth-spreading powder brings out the delicate skin tint, rather than masking them beneath a thick powder layer.

**PROCLAMATION**  
**BY THE MAYOR**

The week of October 9th to 15th, inclusive, has been designated as **FIRE PREVENTION WEEK**.

There are many reasons why the **FIRE PREVENTION WEEK** this year should receive the support of every man, woman and child.

First. Every dollar in property destroyed by fire is frequently the result of allowing rubbish and trash to accumulate in and around buildings, or allowing the flues to get in bad condition.

Second. Every building destroyed by fire is reported to the State Fire Insurance Commissioner, and from his records our insurance rate is set; the more fires we have the higher insurance rates we will be compelled to pay.

Third. This week is a good time to inspect our premises and remove anything that might be the cause of starting a fire. Keeping your premises clean not only develops better fire protection but supplies better sanitary conditions and public health.

NOW, THEREFORE, I, D. N. Massay, Mayor of the City of McLean, Texas, do hereby designate the week of October 9th to 15th, inclusive, as **FIRE PREVENTION WEEK** and most respectfully call upon all departments of the city, the Lions Club, Chamber of Commerce, the schools, the Parent-Teacher Association, all civic clubs, patriotic clubs and our people in general, to take an active part in this Fire Prevention Week.

I further designate the Fire Marshal and Fire Chief as a committee of two to work with the city officials in promulgating active committees to carry on this campaign for the city.

IN TESTIMONY WHEREOF, I hereto sign my name and seal of office, this the 4th day of October, 1932.

D. N. MASSAY, Mayor, City of McLean.  
 (SEAL) Attest: W. E. BOGAN, City Secretary.

 Cecil G. Goff  
 to consider the in-home life. Unquestionable life is determined by the individuals of the individuals. It is pleasant or unpleasant or careless, spiritless according to the conduct of those involved. If it is not ideal, he is to his neighbor. Most change an undesirable by changing his attitude. One can never change by blaming the family.  
 Scriptures describe, was through information. It was the spirit of his parents to the feast of the assembly. This was a great nevertheless, was a small plans for the family centered their and its attendance  
 Two ways of making the most common way, all nominal Christians, the day, week, month, ordinary tasks and then if God's added from time to doing violence with is looked after. Second in the manner of planning God in the foundations of life. This is did. Every Christian plan to attend all of his own church.  
 Home life which was only in religious worship, able training. He was the scriptures with the wisdom. This wisdom was not all due to his to be sure, but he the training and God abundantly with great and insight such as did could not have being the son of God, spiritual training which  
 Needs a spiritual training children receive some, either in Sunday at the home, or both, are told and Bible charmed. But in many instances are unable to give to the needed home in learning God's great plan  
 Far too often parents to talk to their children saving power. It is left for the preacher, and such cases the family is sent close terms with to keep the child from ve for the preacher—part, so to speak.  
 He was in Jerusalem recognized that He was God and was to repel among men, yet he his parents and was obedient, unto them. His father, died soon after, but Jesus remained Mary. His mother, until she was thirty years old.  
 Need today is for children subject to their parents. Will, it is God's plan for provided such parental do not conflict with God's  
 to us a great lesson of Mary and Martha. Went into the home, upon His words; Martha about extra cooking. It was all necessary, him was not to send the to perform extra duties because of His preacher to feed them upon words of life.  
 When the writer, during teaching, has gone home on some members of a family the mother had re all morning to prepare Much rather would he had a cold, simple meal the services. It would God more, whether it

**TIGERS DEFEAT HAPPY JACKS**

Oh, boy! Did the Tigers win? I should say they did. The score was 12 to 6 in favor of the Tigers. The Happy Jacks arrived about 2:30 after a very long drive through the mud. The game started at 3:30, and the gridiron was in much better condition than was expected after the continuous rain. The game was a hard struggle in the first half with the ball staying near the fifty yard line, except near the end of the half when the Tigers by force had the ball within six inches of the goal line. In the third quarter the Tigers made two touchdowns, but did not score either of the extra points. In the fourth quarter the Happy Jacks scored their only touchdown.

There were about 700 spectators out for the first game of the season and plenty of spirit and pep came along with the crowd. The Tigers, with the untiring efforts of Coach Rush, are drilling hard for another game Friday. The game will be played with the Shamrock Irishmen on the Shamrock grid. The Tigers need the support of everyone for the game. The roads to the neighboring town are in good condition, and the largest crowd that ever attended an out of town game should accompany the McLean team and help them win the game.

**SENIOR PICTURES**

The proofs of the senior pictures came Wednesday and they were exceptionally good. Work is being done on the large picture of the class to be completed some time in December. The design will be a large "33". The class is anxiously looking forward to the time when it will be completed.

**GIRL SCOUT REPORT**

The Girl Scouts went on a westerly road at 3:30 Thursday afternoon. They went to Noel's ranch. They had a very good time. The girls returned home about 7:30. Mrs. Tampke and Mrs. Perry Roby were the guardians. The next meeting will be in the high school building on Thursday, Oct. 6, at 3:30.

**M. H. S. AGGIES**

Those boys that are going to Kansas City are surely lucky. They have been sent about thirteen dollars for their training in meat judging. Material which they will study will be bought with this money and they will get books and pamphlets which can be used later for another class. The money was sent by Mr. Rutledge of the state agriculture board.

We have some nice decorations in our class room. Pictures of all the breeds of poultry have been placed around the room and an emblem of the F. F. A. has been placed at the front of the room, with a sweepstake banner which we won at Lubbock. Everyone is invited to visit our room and see these decorations.

**IN ASSEMBLY**

On last Wednesday morning, Rev. Cecil G. Goff brought a most interesting and valuable talk to the student body. The subject that he used was "The Eleven Most Important Religions of the World."

On Friday morning Supt. Boswell made an appropriate talk with his them, "Have you made the most of your opportunities during the first month of school?"

On Tuesday morning the home room entertainment was given by the sponsor. The subject discussed was "Fire Prevention," with Miss Cousins as emcee class, with Miss Cousins as "Fire Prevention," with the slogan, "An inch of prevention is worth a mile of fire hose."

The program was as follows: Short scene—This Might Have Been You—Sybil Young, Clara Faye Carpenter, Wilburn Lynch, Alton Howard and a mob.

Modern Fire Hazards — Juanita Brooks.

Fire Song—Group of girls.

Fire Demon's Boast—Mozelle Glenn.

Economic Aspects of Fire Prevention and the Insurance Rate—June Woods.

Short act—What Not to Do in Case of Fire—father, Alton Howard; mother, Annie Belle Kinard, and their children.

**INTERSCHOLASTIC DEBATE AND PUBLIC SPEAKING**

A period of the day will be set aside for the study of debate. Miss Kennedy will have charge of this work. The subject for the year is,

Resolved: That at least one-half of all state and local revenues in Texas should be derived from sources other than taxes on tangible property. Anyone who wishes to take this work may enter. There will be an elimination contest before the county meet. It is hoped that much interest in debate will be evidenced this year. This subject is one that is current and of interest to a great number of people.

First, those who take debating will study the structure and organization of debates. Then the subject will be thoroughly studied before debates are written.

Miss Kennedy will also have charge of extemporaneous speech. This form of interscholastic work is of much benefit to those who participate.

Miss Ashby will have charge of declamation. In former years much interest has been shown in this form of public speaking, and it is hoped that the same interest will prevail this year.

**LIBRARY**

There are about two thousand volumes of books in the high school library. Many new books and magazines have been bought this year. They are: The Basis of Tax Reform, Trail of the Lonesome Pine, Tish, 15 English Narrative Poems, 15 Old Testament Narratives, Hoosier Schoolmaster, Keller, Story of My Life; Penrod, Adventures of Tom Sawyer, Emma, Jane Eyre, Isben, The Doll's House and Other Plays; Scarlet Letter, Heidi, Tennessee's Partner. Magazines: 8 Pathfinder each week, 6 Literary Digest each week, 6 Scholastic Magazine each week, Review of Reviews, Munsey Magazine, Social Science, Saturday Evening Post each week, Ladies Home Journal, Country Gentleman, Boy's Work, Home and School, Harper's Magazine, Good Housekeeping, Collier's, Current Conflicting Views on Property, Income and Sales Taxation. Papers: 1 copy each week of the following: The McLean News, Donley County Leader, Clarendon News, Shamrock Texan, Dover News; 1 copy each day of the Amarillo News.

This library enables the students to keep abreast of the times. Some of the patrons of the school have availed themselves of the opportunity of the use of the library. Others are welcome to do so. If you care to get books or special material that is here, see Miss Kennedy and she will help you.

This year \$45 has been paid on the American Encyclopedia.

**PEP SQUAD**

The members of the pep squad attended the football game last Friday. Inclement weather prevented some from attending, but the yells and songs were full of pep and spirit. Those who can shall go to Shamrock to the game Friday.

**HOME ECONOMICS**

The V. H. E. Club met last Thursday in the high school auditorium. The president, Luella Jones, called the house to order and immediately turned it over to Oleta Holloway, who had charge of the program. The program was as follows:

Song, "Down in Home Ec."  
 "Mar no Name"—Third year class.  
 Violin solo—Alice Hardin, accompanied by Luella Jones.

The minutes were read and new and old business discussed. There were several new members.

**FRESHMAN HOME ROOM PERIOD**

The theme of the home room period of the freshman class for next week will be fire prevention. The members of the class are making fire prevention posters. A prize will be given for the best one.

**GOOD TIME IN ASSEMBLY**

Guess who visited the high school assembly on Tuesday afternoon? You couldn't, because you wouldn't think that we were that fortunate. One of these visitors would have been a pleasure, but we had four. These distinguished visitors were T. A. Landers, McLean; Gene Howe (Old Tack), Wilbur C. Hawk and Mason King, all of Amarillo and connected with the Amarillo News-Globe.

Old Tack said that he was no speech maker and that the hardest group of people to talk to was a group of young people, because they were so critical; but the entire student body will tell anyone that he made a good talk and one that was enjoyed.

Mr. Hawk, presumably, was the campaign manager of Old Tack for the Democratic appointment for post master of Amarillo. He complimented our football team and hoped that we would beat Shamrock.

Mr. King said a number of complimentary things about the McLean band, and one of these was that the band is a good thing to represent McLean, and that it always represents McLean in a creditable manner. He invited anyone from McLean to bring

a program to Amarillo for a broadcast. Each visitor expressed a joy at being a visitor in our school. We were very glad to have them. We hope they will visit us again in the near future.

(Editor's note: School items should be typewritten, double spaced, on one side of the paper, only).

**FEEDING FOR BEEF**

"You cannot get good beef out of a can if you do not put good beef into the can," says County Agent Ralph Thomas. "There is nothing about the canning process that will put a good flavor into poor quality meat. Tough meat may be made tender by cooking under the pressure, but more than likely it will be stringy and lacking in flavor. In the new methods of canning, much of the original flavor is retained in the beef, good or bad.

"To have good quality beef for canning, the animal should be grain fed from 60 to 90 days after taking it off of the grass, and have the animal putting on fat at time of slaughter to get the most tender and palatable beef.

"In most cases home grown feeds should be used with a supplement of 8% cottonseed meal. The grains in order named are best suited for fattening beef animals: corn, grain sorghums, such as milo maize, kaffir, etc.; barley, wheat and oats. Mixtures of two or more grains make a better ration than just one feed. To get the best results, grains should be ground so that all the grains are cracked and not too fine. It is well to grind the corn cob and all, the grain sorghum heads, and in the case of wheat or barley, ground bundles, wheat bran, or other bulky feeds should be added so that feed will not pack in the paunch."

Mrs. Ben Pierson and Miss Sarah Ellen Foster of Canyon visited home folks here last week end.

Mrs. Callie Haynes is visiting in the J. A. Haynes home at Heald this week.

Hamlin Smithdeal of Dallas was a guest in the O. G. Stokely home last week.

Bud Claxton of Pampa was in McLean Saturday.

Mr. and Mrs. Jack Roberts and son visited in Shamrock last Sunday.

Mrs. Martha Hamilton visited in Amarillo last week end.

B. F. Moore of Dalhart was in McLean Monday.

Joe Baeck of Carter, Okla., visited relatives here Sunday.
