City Council Adopts Tax Budget

Dr. Tampke Elected Secretary of Vocational Teachers

McLean Man is Elected at Amarillo

Hill of Claude Re-elected as President

A. Tampke, head of the training department of the high school, was elected secretary of the North Plains vocational teachers organization, at the convention the first of which was held at Amarillo. The organization is one of several organizations that take the state body. Hill of Claude was re-elected president, Dr. Geo. P. Grout presiding at the election. The state supervisors were present for the occasion. A regular business meeting of the organization will be held at an encampment at Canyon, at which time the year's work will be outlined, as will the type of instructional material to be used. The F. F. A. at the schools, including McLean, pledged a booth at the fair. The officials have promised a place for the booths this year. Prizes of from \$17.50 to \$50.00 will be offered.

G. C. B. CLUB

G. C. B. Club met Wednesday at the home of Miss Burnese Albrecht. Business was attended to, Miss Albrecht conducted an interesting and interesting program. Refreshments were served by the hostess.

ROBBERY TUESDAY NIGHT

A robbery took place in the back door of the Lumber Co's store Tuesday night. A lot of high-powered and rifle cartridges, etc., were completely wrecked, and showed that at least two persons were in the robbery.

Hecks and children returned from Oklahoma City Tuesday with their parents and Mr. and Mrs. Geo.

Bill Grifford and baby of his returned from their grandparents, Mrs. G. W. Sullivan, last week.

Mrs. W. L. Campbell returned from a visit in New York.

Mrs. Bill Dowdy and family, Okla., are visiting in McLean this week.

Mr. and Mrs. Frederic, Okla., visited in McLean, Mrs. A. Stanfield.

Mr. Barnes visited in Amarillo.

Bible Defended by Rev. Neal at Lions Luncheon

Rev. Frank M. Neal and Rev. Jno. H. Crow were guests of the Lions Club Tuesday and Rev. Neal spoke on the accuracy of Bible statements, giving one of the most interesting talks yet heard at the club. Rev. Neal took up the account of Jonah and the whale, comparing Bible statements in the light of present day known facts. The city of Ninevah is said in the Bible to have been 45 miles long, requiring three days journey along the main street, and the ruins of the city at the present time show this to be a fact, with two "wagon yards" properly spaced along the street.

In speaking of the size of the "great fish" spoken of in the Bible, he told of a big sea monster captured in 1923, and now in the Smithsonian Institute, that had a 1,400 pound fish in its stomach, besides over two tons of other things. The fish is also mounted in the Smithsonian Institute.

Rev. Neal deplored the fact that some teachers in tax supported schools are trying to undermine the teachings of the Bible. Lions Davis and Cook were on the program committee for the week, and announced the following numbers: Mrs. W. E. Bogan in two readings, one of which was accompanied on the piano by Mrs. Cecil G. Goff; and Mrs. Goff sang a couple of numbers, accompanied by Miss Dorothy Jean St. Clair at the piano.

The entertainers were given a rising vote of thanks for their efforts.

Boyd Meador asked for a postponement of the zone meeting report until next week.

The tall twister was fined for not properly introducing one of the lady visitors.

Lion Cook announced the trade trips for this week, and Lions Williams and Erwin were appointed on the entertainment committee for next week.

Mr. and Mrs. W. H. Billingslea and Miss Sybil Ayer of Amarillo visited the ladies' parents, Mr. and Mrs. W. H. Ayer, last week end.

C. E. Henley and son, Luke, were in Vernon Sunday.

METHODIST REVIVAL TO CLOSE SUNDAY NIGHT

The revival services now in progress at the First Methodist Church will close with the Sunday night service. Rev. Frank M. Neal is holding the interest of appreciative audiences with his plain spoken messages, and the song services are pleasing under the direction of Rev. S. R. Jones of the Church of the Nazarene.

The results of the meeting thus far have been very satisfactory and good crowds are expected for the remaining services.

Morning services are held at the church at 10 a. m., and at the big air dome on Main street, weather permitting, each evening at 8:15. Evening services are held at the church on rainy evenings.

CHURCH OF CHRIST REVIVAL IN PROGRESS

The revival meeting at the Church of Christ got off to a good start Tuesday evening, with Eld. L. G. Roberts of Stephenville doing the preaching and Prof. Wm. G. Kingman leading the song service.

Morning services are being held at 10:30 and evening services at 8:15 each day.

The meeting will continue about three weeks, and Eld. Flavil Yeakley, local minister, says everyone has a cordial invitation to attend the services.

WOMEN'S CLUBS IN ENCAMPMENT TODAY

A two-day encampment of Gray county women's clubs began this (Thursday) morning at the Gething ranch.

The encampment is an annual affair attended by the women and girls 4-H club members, and both business and pleasure will be featured this year.

Plans will be made for exhibits at the tri-state fair, and various demonstrations made, with swimming, games and singing for recreation.

Breakfast will be served in club groups Friday morning, with each club planning, preparing and serving its own meal. At noon a chicken dinner will be served to all present. Adjournment will be made at 4 p. m. Friday.

Good Will Trip to Be Made to Gracey Tonight

McLean trade trippers will go to Gracey school house tonight (Thursday) for a good will trip, with T. A. Landers acting as master of ceremonies. A band concert, free lemonade and good will speeches are scheduled to be on the program.

Tuesday night a trip was made to Enterprise, with M. D. Bentley in charge. Reuben R. R. Cook, Dr. A. A. Tampke, Evan L. Sitter, J. L. Hess and T. A. Landers made short talks. A feature of the evening was that President Cook of the C. of C. could not tell all he wanted to in one speech but made four different talks during the program.

Last Thursday night's trip was made to Back school, in charge of Boyd Meador. Mr. Meador, Jesse J. Cobb and Dr. Tampke were among the speakers at this place.

Good crowds greet the trippers at each community visited, and free lemonade and the band concert are popular features.

A little better co-operation in furnishing cars for transporting the band could be appreciated, if the drivers would be on time, as some of the programs have appeared a little lengthy on account of late starts.

Everyone is invited and urged to attend any of the programs. The trips are being sponsored by the McLean chamber of commerce.

MAIL TO BE DISPATCHED ON AFTERNOON TRAIN

According to Postmaster John B. Vannoy, all mail for Texas points deposited at the local office by 5:15 each day will be placed on the 5:54 train, and the incoming mail will be distributed here, when the train is on time, despite the postoffice closing time of 6 p. m.

The change in train time will let Dallas and Fort Worth mail be delivered at the same time as if it had been mailed on the eastbound morning train.

Light Company Extends Low Rate to City

The following letters are self-explanatory:

McLean, Texas, Aug. 5, 1932. Honorable Mayor and City Council, McLean, Texas.

Gentlemen: On the eighteenth day of August, 1931, the Southwestern Public Service Company made known to you its plan to reduce for a period of one year the cost of street lighting service then in effect, as a voluntary contribution to lessen the financial burden of the city of McLean during the time of financial and industrial depression, this plan being reduced by one-half the amount then being charged, for the period stated.

Realizing that the condition prompting this action and contribution on the part of the company has not abated, the company announces its intention to extend this voluntary contribution for an additional period of one year dating from August 1st, 1932.

It is generally realized, we are sure, that the revenues of the company have greatly declined in the meantime, due to a rate reduction to the general public put in effect during October, 1931, and to very material losses in number of customers served in McLean and in the reduced use of electric service, particularly for commercial and industrial purposes. In continuing the voluntary reduction on the street lighting service for an additional period of one year, the company does so at a considerable sacrifice and because of its desire to be helpful to the city of McLean, insofar as it is possible to do so during the present period of depression.

Very truly yours, Southwestern Public Service Co. By C. O. Greene, Manager.

McLean, Texas, Aug. 15, 1932. Mr. C. O. Greene, Manager, Southwestern Public Service Co., McLean, Texas.

Dear Mr. Greene: We have your letter of August 5th, addressed to the Mayor and City Council of McLean, Texas, in which you state that the Southwestern Public Service Company announces its intention of voluntarily extending for a period of one year from August 1st, 1932, the reduction in street lighting made August 18th, 1931.

Your letter was read to the Council in regular session, and the Mayor and Council wish to express their appreciation and thanks for this concession.

We feel very grateful to the Southwestern Public Service Company for the spirit of co-operation and helpfulness they have displayed during the present period of financial and industrial distress.

Yours very truly, W. E. BOGAN, City Secretary.

Reduction Shown in Tax Budget

Band Master's Salary Retained Present Figure

Following a public hearing attended by about a dozen citizens last Friday afternoon, the city council adopted the proposed tax budget with some minor changes.

The band director's salary was left at the present figure and another source of income added, following a recommendation of the band committee that a reasonable tuition fee be charged pupils.

The budget this year shows a sharp reduction over last year and the year before, this year's budget being set at \$25,207.70. Last year's expenses amounted to \$30,181.46, and the year before \$32,280.16.

The tax rate for this year will be set at the expiration of 15 days after the adoption of the budget.

This is the first year the budget plan has been required by law, and the figures represent quite a little work and thought on the part of the council.

Full tables of income and expenses as adopted are given in another column, as is the financial condition of the city at the beginning of the present fiscal year.

A BIRTHDAY DINNER

Mrs. Walter Bailey entertained with a dinner Sunday in honor of the 11th birthday of her son, Thomas. Those enjoying the dinner were: Thomas Bailey, Son Smith, Maudell, Lenard T. COLLEGE CAMPUS

By Mrs. Collins Puckett, Merten Club
The first and lasting impression that I got of the campus is the plain and simple beauty of it all. As one steps from either of the two railroad stations there, he will see to the east a smooth straight drive to the main building. At the entrance of this drive is a large marble block in memory of the former students who died over seas during the last war. As one goes to the main building, to his right will be the parade ground. Should he note the many trees around this ground, he will find that each has a metal plate with the name of some former student who died during the world war.

The many walks and streets of the campus are lined with trees and among them one will find a large number of palm trees. There are many large fireproof dormitories conveniently located to the many large school buildings.

Shisa (mess) hall is located at the end of one long drive, with Guion hall at the other. Shisa hall is large enough to care for a crowd of 35,000. It was interesting to watch 1,680 people file into one room and be promptly served, and with the adjoining room caring for over 800.

We visited the extension building with interest, as this is the state headquarters for all our club activities.

In visiting the extension building we found where men are taught wood work, forging, principles of smelting and working with molten metals. The animal husbandry and veterinary science buildings were interesting.

The chemical engineering and the textile engineering buildings are near and in the latter we saw the making of cloth—something we all use and have not always been privileged to see made.

The college has its own power and light plant, its fire department, Western Union, postoffice, dairy, etc.—in fact, it is a town all on a college campus.

Kyle field is located about a fourth of a mile from the main building. The stadium will seat about 40,000 people. It was here at nights that the programs were held. There is a large gymnasium, track, etc., in this field. The new swimming pool is soon to be erected near.

On Saturday following Short Course 14 of us were awakened by our agent at 4 o'clock for a trip to Galveston. When one wants a full day, just try to see all around Galveston and you will find a full day. We arrived about 10 o'clock. We took a boat trip first. To many in the party it was their first experience around water. We were out about two hours.

Seminole, a passenger ship, was about ready to sail to New York. We received permission to go through it. It is a very pretty little ship. Its capacity is 560 passengers, of which 300 are first class and the others third class.

We secured taxis for our tours of the city, seeing points of interest. After lunch and another short trip, we then went for a swim in the bay. This seems to be a fitting close for Galveston, for we rushed from the swim to a 7 o'clock train.

THE SCHOLARSHIP FUND

By Mrs. C. T. O'Neal, President
McLean Home Demonstration Club.
The scholarship fund has been raised for several years by each club of the state paying in fifty cents each, but it was voted upon and carried at the 1931 Short Course that each member of the many Home Demonstration Clubs of the state pay 5c each for the scholarship fund. Three hundred dollars of this is used to send some girl winning first place on her 3 or 4 years of club work to college. My daughter, Lelia O'Neal, won the scholarship on her 3 years of club work ending 1931.

At the Short Course this year we had a very nice talk by Ardelle Watkins, who is one of the scholarship girls who now has her degree and is a prospective agent.

The vote carried in a business meeting to allow \$300 for the scholarship each year, and also enough money to pay the expenses of the organization, based on expenditures this year. The remainder of the funds on hand was to be loaned out, and the interest on this money is to be deposited as a loan fund for the scholarship girls. Often girls winning scholarship need some financial help to finish high school or even the second, third and fourth years at college. She can then borrow from \$15 to \$50 from this fund, which comes in as a great help. My daughter is planning on entering college the first of September, and on making her scholarship fund go as far as it will on two years of college work. I feel that the scholarship fund is a wonderful thing in club work. I also think that every woman, without any exception, can give the sum of 5c without missing it, and there are many girls who long to go to college that your nickel will help reach their goal.

STATE CLOTHING CONTEST

The fact that Mrs. C. A. Tignor of Pampa, member of the Priscilla club, won second place in the state clothing contest has inspired women throughout the county to work toward a place among next year's contest winners, according to Miss Ruby M. Adams, county home demonstration agent. The contest was held recently in connection with the short course in College Station. Mrs. Tignor writes as follows:

I am very grateful and happy to have been awarded second place in the state wardrobe contest this year. There were 70 counties that had the wardrobe work. As Gray county is one of those having the smallest rural population and club membership, and as this is the first state prize to come to Gray county, I feel very glad to have helped to secure the honor for the county.

Mrs. Dora R. Barnes is the state extension specialist in clothing and has charge of the wardrobe work and state contest. Mrs. W. L. Johnson of Waco was awarded first place, and Mrs. Claude Duncan of Howland third. The first prize was a sewing machine and the second and third prizes were silver services for six.

Mrs. Johnson's dress was a pink pique jacket suit with pink all-over embroidery blouse. Mrs. Duncan's was of pink all-over embroidered batiste. All dresses were modeled before the exhibition on Tuesday. On Wednesday, they were on exhibition to those attending the short course, and on Thursday the contestants received them back and appeared in them at the assembly hall on Friday. Each contestant told briefly the story of her work before the awards were made.

The purpose of the wardrobe work is to interest women in having more harmonious and economical clothing and to encourage them to give serious study to planning the entire wardrobe keeping clothing accounts, and having a better and more adequate closet or storage space for clothing.

The contest consists of the exhibiting and judging of the following:
1. Book and records, complete.
2. Narrative of work done and plans of the wardrobe for the rest of the year, telling how the demonstration has helped the contestant and how the contestant has helped others.
3. Pictures of clothes closet and storage space before and after improvement.
4. Street or neighborhood dress, using foundation pattern.

The score card is as follows: Record book complete, 30%; dress, 40%; narrative, 10%; foundation pattern, 10%; picture, 10%.

Service to others is stressed and seems to be an important factor in judging. This service is helping others to do the things they cannot do well by themselves. It consists, generally, in making foundation patterns, advice in sewing, planning wardrobes and dresses, and showing how to bring obsolete garments up to date with the least labor and expense.

The work has been of value to me because it has helped me to have a more harmonious and economical wardrobe. It has taught me more system in planning and storage and better care of clothing.

Most of us are capable of doing a great deal better work than we do, and being a wardrobe demonstrator acts as an incentive to do our best. It brings out our latent powers.

Mrs. Barnes has announced that for the next year she will have two classes in wardrobe demonstration. Those who were demonstrators this year will be eligible for class 2. Members were to start August 1 to keep records of expenditures for clothing for the entire family.

MODEL HOME—KEY COTTAGE

By Mrs. T. D. Alford, President
Merten Home Demonstration Club.
Nothing interested me more during my recent trip to College Station than the model farm home, otherwise known as Key cottage, at Texas A. & M. College.

Key cottage is located on the campus two doors south of the extension service building, and was given to the college by lumbermen of Texas. Its purpose is to help farm and ranch families in furnishing their own homes, the idea having been originated by Mrs. O. B. Martin of College Station.

The 6-room cottage is colonial in architecture, distinctive in appearance, and is conveniently and economically planned to meet the needs of an average size family.

At a cost of \$3,500 the cottage was erected by the construction forces of A. & M. College. The furnishings create physical comfort, permit freedom in family activities, provide healthful entertainment, and assist in physical, mental and spiritual development.

Walls were kept in their proper relation as a background through the careful selection of wallpaper. The living room and dining room were papered with delicate tracings of gold. There was an "all-over" effect to the bedroom patterns, which seemed to lie flat against the walls. The kitchen and bath had a wainscoting of wall board painted with waterproof ivory paint (washable and steam resisting), and a commercial oil cloth in light green was used for the upper part of the walls.

A soft ivory was used throughout the house for the woodwork. The floors were given as mellow a finish as possible, just two or three tones darker than the woodwork. A good inlaid linoleum was used for the kitchen, bath, bedrooms and hall.

Furnishings for the home were gifts. The living room furniture of Philippine mahogany (very light color), drapes and rug cost \$350. The dining room imparted an early American atmosphere by ladder-back chairs and an old ash dresser displaying old pewter and glass with the more modern china, making an interesting contrast to the kitchen furnished according to America's latest modes. There was electrical equipment of all kinds, good utensils, convenient arrangement, good lighting and plenty of hot, soft water to help eliminate frugery. Rogers Heirloom silverware was selected.

Beautiful covers and hand-made quilts were used in the bedrooms. The lamp on the bedside table was a beautiful old kerosene lamp wired electrically, making a link between the old and the new. Bedroom chairs were all comfortable.

Interesting yards, like individuals, are "different." The one at Key cottage had walks and gravel drives to harmonize with the informal building. Both front and back walks were of stepping stone and were curved. The back walk was of native rock, the front of broken concrete with grass between. Pecan trees were grouped in the background, serving as shade and bearing nuts. One large tree in the front yard served as afternoon shade for the west door. No Texas planting is complete without roses, so one dozen each of red and pink varieties were set out between the garage and kitchen.

I feel it an honor to have been permitted to assist as hostess for a short while in so lovely and inspiring a place as Key cottage.

TO THE VOTERS

of

Gray County, Texas

I feel compelled to answer an advertisement which was placed against me by my opponent, in The McLean News during the past week, in which the statement was made that my opponent and her husband were employed and also that my wife and myself were, at that time, employed.

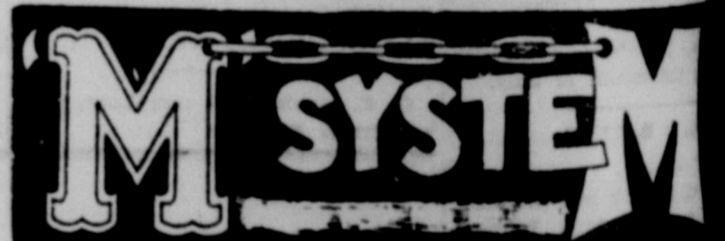

It is true that my opponent and her husband both work for the State of Texas and it is true that my wife has been employed only for the past five or six weeks, working for a dentist. This is all the employment my wife has had and I have been, myself, unfortunate enough to be unable to get work since August 1, 1931, and consequently have not been employed since that time.

I am not asking for sympathy, neither am I asking to be elected because I am not employed, but I do not want to be defeated because of a misstatement of the facts.

The city council is to be commended for trying to reduce expenses. There is no way to reduce taxes, except to spend less. This goes for anything—there must be less spending, if there are to be fewer bills to pay.

Talking about the "good old days" will not do for a business man. He must face the future; there is no way to pay present bills with past custom. Advertising is the only way for a merchant to keep things moving, and he must build for the future with little attention to the past.

An all important principle of good advertising is to leave a pleased impression on your prospect. Newspaper advertising does just this thing. You can think of drawbacks to most all other kinds in that they will antagonize someone, but newspaper advertising does not offend anyone.

Judge Clifford Braly and son, Tom, of Pampa were visitors in the home of Rev. and Mrs. W. A. Erwin Tuesday afternoon. Judge Braly is much improved in health and has been holding court at Pampa this month.

Bill Wyatt and Misses Lucile and Rachel Stratton visited at Amarillo and Middle Water Saturday and Sunday.

GIRLS' PROGRAM, SHORT COURSE

By Beth Word, Eldridge 4-H Club
To be a 4-H club member has always meant a lot to me, but since going to short course and enjoying every minute, it now means more.

Each morning while there we had what is called "Inspirational Program" at Guilon Hall. This is a meeting of all the 4-H boys and girls of this state who were at short course. There were 736 boys and 491 girls. When a group like this gets together things would begin to "hum." Our meetings were started by a lot of singing, yells, etc.

Monday we elected our own chairman and secretary, as well as other officers of the week, from our own delegates.

Pat Neff, former governor, spoke on Monday morning. This was a splendid lecture on "Personality." Our programs were so varied and so many I will only list those I attended.

Miss Blair, extension food specialist, lectured on "Food Preservation," giving us many new ideas to ask for in our next year's work in the counties.

Mr. Rosborough, extension specialist in horticulture, had as his subject, "How Does Your Garden Grow?" He suggested as to the size of the garden plot, kinds of seed, cultivation. Two splendid programs were Mrs. Jennie Moore in "Looking Your Best," and Misses Reeves and Sage in "Song and Play."

Mrs. L. C. Cooper in her part on the program made us realize that our voices really did have a lot of influence upon us as well as upon other people. Her talk was "Your Voice and Its Influence."

Miss Erwin of Lubbock gave a talk and demonstration on "Better Bed and Bedding," which was interesting. She used many color schemes and materials.

Our most interesting tour of the campus was when Miss Adams took us to the museum which Dr. Kranes has in charge. Here we saw a mummy, parts of pre-historic animals, etc.

Other lectures were Mrs. Barnes, wardrobe demonstration and modeling clothes; Miss Hefflin, "Understanding Little Sister," and Mrs. Skelly, "Road to Daintiness."

To round out our program more, Miss Goree spoke on "Books You Will Enjoy." Beauty inside and out of the home was shown by the demonstration on yard work to complete the programs started by other demonstrators.

I will speak for myself as well as all the other Gray county girls—we had a very enjoyable time, and it would not have been near so enjoyable had it not been for Miss Adams and Mr. Thomas' co-operation. We are all hoping that we can go next year.

Mrs. J. C. Reid returned to her home at San Francisco, Calif., Friday after an extended visit with her brother, N. A. Greer.

Mrs. Jim Smoots and daughter of Pampa visited in the Jim Boyles home Saturday.

Mrs. Henry Benson of Shamrock visited relatives here last week.

Mrs. Lewis Powell of Ramsdell was in McLean Saturday.

SOCIAL LIFE AT SHORT COURSE

By Mrs. Willis Emery
Bluebonnet H. D. Club

The trip to short course was an inspiration. We went on the train, leaving Clarendon at 8 o'clock on July 24. The day was spent getting acquainted with delegates from other counties of the district. At noon we had lunch picnic fashion.

We arrived at College Station at 10 o'clock and were met by Mr. Thomas, who carried us the long way to our dormitories. This was surely appreciated by the tired crowd. Other counties wished for a county agent to be there with his car.

Every evening of the week we were entertained at the aggie stadium from 7 to 9:30 p. m. with the following programs: Monday, band concert and negro minstrel by Victoria Rotary Club; Tuesday, band concert and carnival and play, dance of the fireflies, a special radio program from BUGS (no frequency and few kilocycles), a wood chopping contest between two farm agents and two home agents, educated horse act, old fiddlers contest, and tap dance; Wednesday, band concert, club singing, Cargill Brothers of Bryan and their orchestra, clog and tap dancing by

the daughters of Mr. and Mrs. C. M. Merritt of Hondo, and a harmonica contest; Thursday, horse show and tournament, two of the most exciting races were the 1/4 mile running race and the U. S. army relay race, the tournament being given by the farm agent knights and the home agent maids of honor, selected from the different districts of the state; Friday at 4:30 a tea was given for the delegates from the home demonstration clubs of the state at the home of Pres. Walton. In the evening was a band concert, farm agents' jig, Muenster 4-H Club orchestra, and group singing.

Mrs. Harold Clement and little daughter of Gruver visited relatives here last week end.

County Agent Ralph R. Thomas has renewed his subscription to The News.

Paul Morgan was in Amarillo Saturday.

D. N. Massay was in Shamrock last Thursday.

John B. Hesse of Pampa was in McLean Saturday.

Mr. and Mrs. W. W. Boyd of Dumas visited the lady's parents, Mr. and Mrs. W. B. Upham, last week end.

D. O. Jones and daughter, Miss Edith, of Oklahoma City visited the S. R. Jones home last week.

John Puryear of Wellington, candidate for state representative, was in McLean Wednesday.

Glen Wolfe of Lefors was in McLean Friday.

Mr. and Mrs. L. H. Babbot of Mobeetie were in McLean Saturday.

Geo. Thut of Lefors was in McLean Saturday.

To the Voters of Gray County

Just a few days before the last Primary, reports were circulated that Judge Philip Wolfe had not long been a member of the Methodist Church and that he was using his church relation merely to catch votes. In order that those who might have been misled by such statements may know the truth, we are printing the following statement by the Presiding Elder of the Gatesville Conference, and at the same time we wish to warn you to watch out for last minute campaign propaganda in the run-off election August 27, that we are sure will come from the same source as in the first primary, and will be put out to mislead the honest voters of Gray county who are fighting for right.

Gatesville, Texas, Aug 6, 1932.

To Whom It May Concern:

My attention has been called to the fact that my friend, Philip Wolfe, is in the run-off race for County Judge of Gray County. I have known Mr. Wolfe about thirteen years, and unhesitatingly commend him to the moral and Christian forces of Gray County.

The report that he is using his church relation merely as a tool to catch votes, and that he has not long been a member of the Methodist Church at all, is utterly without foundation. Mr. Wolfe and his wife have been devoted Christians and church workers ever since I knew them and long before. He was superintendent of the Sunday school thirteen years ago where I first came in contact with him as pastor, and was also a member of the board of stewards. Under his administration our church built up the largest Sunday school attendance ever known in its history.

While Mr. Wolfe has always been a loyal church man, yet far be it from him to try in any way to use his church as a stepping stone to his political success. He is not that kind of man. If he can't win the office on merit and genuine ability, I am persuaded he would not want the office at all.

I have no interest, of course, in the campaign, other than to have all good people know the real facts about a man who is entirely worthy of their confidence, and who, if elected, will give them, in my judgment, an administration that will be a credit to their county.

Sincerely,

ROY A LANGSTON,
Presiding Elder of the Gatesville District,
Central Texas Conference, Methodist
Episcopal Church, South.

Next Sunday's Lesson

THE TENT OF MEETING

By Rev. Cecil G. Goff

Golden text, Ex. 33:11. Lesson text, Ex. 33:7-16.

While the people feared at the approach of God to Mt. Sinai, Moses ascended the mountain and disappeared in the smoke and lightning of God's presence. Moses was gone day after day. The people became used to the lightning and smoke. No doubt many of them supposed Moses to be dead.

There arose in the minds of some of the people the desire to worship. They called upon Aaron to make them an old-fashioned Egyptian calf for an idol that they might worship. Aaron probably was afraid of the people and did not know how to handle them. Also he had not had the intimate experience with, or the knowledge of, God which Moses had. Certainly Aaron knew the thing was wrong, but his desire was to satisfy the people.

Aaron called for the people to gather together gold jewelry and set it before him. He then went about to melt the gold and cast it into a rough semblance of an Egyptian idol. No doubt it was a crude piece of work, but it satisfied the people. And when Moses after 40 days returned to them, he saw and heard the vile and ungodly merrymaking and idolatry of the people. Moses threw the stone tablets down and broke them.

God sent as punishment to many of the idolaters, death. Three thousand men were slain. The calf was ground and placed in the drinking water of the people. God sent a plague upon the people as further punishment. Then He again called Moses up into the mountain and again gave him the law.

Moses prayed one of the most sacrificial prayers recorded in God's Word for the children of Israel. He prayed thus: "Yet now, if Thou wilt forgive their sin—; and if not, blot me, I pray Thee, out of Thy book which Thou hast written." Moses' heart was with his people. He was willing to lose all himself if the children of Israel might survive. God could not permit such a sacrifice; the people must bear their own sin. Nevertheless, the spirit of Moses was one of sacrifice. If Christians today could maintain such a spirit, Christ's kingdom would advance at a rate far more rapid than it has even advanced.

v. 7. The word used for tabernacle comes nearer meaning tent. The tabernacle as such had not yet been made. This tent was either a special one, or Moses' tent. Moses pitched the tent outside of the camp. There was where he sought to be with God.

v. 8. The tent was not large enough to hold many persons, but when Moses went out to the tent, all of the people of the camp arose and stood up. We do not know whether Moses only went to the tent, or whether from time to time the people went also and there met God.

v. 9. God manifest Himself at the tent in the form of a pillar of cloud by day and fire by night. It seems that the pillar of fire or cloud did not remain continually at the tent door, but only when God was present.

v. 10. When the people saw the presence of God by the pillar, they all fell down and worshipped at their own doors.

v. 11. Here we learn that when Moses goes to the tent of worship Joshua, the son of Nun, went with him and remained while God talked face to face with Moses.

v. 12, 13. The question Moses desired to settle was who was going with him in the leadership of the people. Moses realized the importance of a companion leader of strength and leadership. Moses proposed to use the vouchsafing or withholding of such information as a test of God's intentions toward him and the people.

v. 14. God assured Moses that the leader who should go with him was not human and a possessor of weakness, but rather God Himself.

v. 15, 16. Moses was satisfied and realized that the presence of God with His people would forever separate them from all other peoples. That fact is just as true today as it was then. Men with whom God keeps company are set apart from all others and such setting apart is always for service.

Odd—but TRUE

H. J. R. No. 21 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 14 of Article 8 of the Constitution of Texas be amended so as to hereafter read as follows:

Section 14. There shall be elected by the qualified electors of each county at the same time and under the same law regulating the election of State and County officers, an Assessor and Collector of Taxes, who shall hold his office for two (2) years and until his successor is elected and qualified; and such Assessor and Collector of Taxes shall perform all the duties with respect to assessing property for the purpose of taxation and of collecting taxes as may be prescribed by the Legislature.

Section 2. That Section 16, of Article 8, of the Constitution of Texas be so amended as to hereafter read as follows:

Section 16. The sheriff of each county in addition to his other duties, shall be the Assessor and Collector of Taxes therefor; but in counties having ten thousand (10,000) or more inhabitants, to be determined by the last preceding census of the United States, an Assessor and Collector of Taxes shall be elected to hold office for two (2) years and until his successor shall be elected and qualified.

Section 3. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State on the next general election to be held on the first Tuesday after the first Monday in November, 1932.

(A correct copy.)

So the Voters May Know

Howdy, Folks!

— VOTE FOR —

C. E. Tiny Pipes

— FOR —

Sheriff of Gray County

I PLEDGE—

- FIRST**—To be honest and fair with everyone.
- SECOND**—To be on the job at all times to serve you promptly.
- THIRD**—To do my best for all persons concerned, with all courtesy.
- FOURTH**—To work hard and to the very best of my ability make you a good citizen.

Just before the first primary it was rumored that I, C. E. (Tiny) Pipes, was the ring bootlegger, also that the bootleggers, liars and thieves were paying my campaign expenses. The above statement is entirely false. I am just a poor man and need a job. I have borrowed money, it is true, but it has come from reliable sources.

I have canvassed the county doing my best to see everybody, asking them to vote for me. I sincerely thank all of those who voted for me in the first primary, and trust that you will still support me and vote for me in the run-off on August 27th; and to those who did not support me then, I will greatly appreciate your influence and vote in the run-off.

Also, there is some talk to the effect as to whom I will use for my deputies. I do not know whom I will use yet, but I do know that I will not use anyone that worked for E. S. Graves or Lon Blanscet, nor anyone related to me. The law does not permit that and I am proud of it. I will give the people of Gray county a new bunch of deputies who will be Gray county citizens. At any time I should find

one of them drinking and not conducting himself as an officer should, I will let him go and get another one, also a Gray county citizen, who will not be a drunkard.

Voters and citizens, no one has ever strings on me, thank God! And will have any if I am elected. I believe the people of this county know me for what I am and will not listen to those lies that are being told at the last moment. I invite you to investigate me anywhere and at any time. People, be fair. I have been clean in my race and am going to continue doing so.

I don't intend to be a fool if I am elected your sheriff. I will not be a better man, than I am now. I want to know me and for me to know you for you to feel that you can at all times talk to me about anything and be sure, in or out of office, no matter who you are or what your business is. I believe it or not, give me a trial, I am sure I know how to do the job.

Yours to consider,

C. E. (Tiny) Pipes
