McLean Home Demonstration Club Makes Fine Record

Worth of Achievement in Pampa

Worth of Achievement in Pampa

The Home Demonstration Club made an enviable record according to a report filed by Achievement Day held on Thursday of this year.

The club has 17 active members, nine associate members, T. O'Neal as president, Sanders vice president, B. Vannoy secretary.

The record of the work of 31, last year:

- 1,143 quarts of fruit and 3,143 quarts of preserves, 637 jars of preserves, 637 jars of relishes, 3,530 jars of jelly, 35 jars of fruit and 1,598 pounds of preserves valued at \$3,320.55.

St. Clair Tells Lions about Oil Industry, Tuesday

A. C. St. Clair was the principal speaker at the Lions Club luncheon Tuesday, bringing an interesting discussion of the oil industry.

"Texas produces one-third of all the oil in the United States," said the speaker, "and ranks third in the production of natural gas. Eighty per cent of all the oil in the world is produced in the United States."

No Trouble to Secure Customers

314 Agree to Buy Gas of New Concern

With solicitors working only two days, 14 more than the required 300 signers for a new gas company were secured in the city limits.

Several who are not now using gas agreed to buy gas at the 30c rate, as indicated by the fact that the McLean Gas Company has only 301 meters in town, and a few persons who are taking gas from this company did not sign the agreement with the new company.

The agreement was to purchase gas from D. W. Humphreys for a period of three years, and the domestic rate is understood to be 30c per thousand cubic feet, as compared with the rate of 50c now being charged by the McLean Gas Co.

Mr. Humphreys is well known to McLean people, having been president of the McLean Oil Co. and the Vulcan Oil Co., sinking three wells near McLean. He has arrangements already made for pipe to install a gas system.

No franchise has been granted to Mr. Humphreys by the city council as yet, but one is in process of being drafted, and the information is given that the signed agreements will remain in the custody of the city secretary until the franchise agreement is reached.

No information is at hand as to the state of the injunction proceedings secured by the McLean Gas Co. against the city's rate lowering ordinance, but it is pending in the courts and should have an early hearing.

It is the intention of the city and Mr. Humphreys to have new mains installed and gas at the meters before cold weather starts.

Road Boosters Hold Meeting at Miami, Friday

Representatives from Hedley, McLean, Miami and Perryton met at Miami last Friday to organize for a north and south highway with the towns mentioned as control points.

Judge J. A. Mead of Miami was elected president, and Joe Coffee of Miami secretary. After full discussion by the 27 delegates present, it was voted to meet with the chairman of the state highway commission at an early date to present the claims of the route.

P. T. A. TO HOLD FIRST MEETING SEPTEMBER 22

McLEAN AGGIES TO FAIR

Next Monday the McLean vocational agriculture department will be represented in the annual poultry and dairy judging contest at the Tri-state fair, with 12 of their members, and in addition have a large display of field crops and poultry, in which they expect to make at least a reasonable showing.

The department is also putting up a booth which will contain both exhibits and an instructional problem, "Balanced Rations vs. Scraps for Poultry." All McLean citizens who may visit the fair are urged to visit the agricultural building and see the eight F. P. A. booths sponsored by the North Plains Vocational Departments.

JONES LIKES DEPRESSION

Z. T. Jones, who lives east of town, says he has no fault to find with these kind of times, as he owes less, has more to eat, more feed and more stock on the place than ever before.

Mr. Jones says he has sold \$250 worth of produce from his farm the past two months and has plenty of canned goods for winter use.

Mr. Jones is canning on the halves for the Pampa Community Chest, the chest furnishing the cans and Mr. Jones the produce. They hope to fill 10,000 cans before the season ends.

It has been comparatively easy to sell fruits and vegetables this season, according to Mr. Jones, and he and his family have been kept busy all summer.

A. B. Bingham was in Clarendon Friday.

Emery Crockett of Pampa visited home folks here last week end.

Ben Tepe of Canadian visited in the John B. Vannoy home Tuesday.

STATE FAIR GRID GAME

FINE SPIRIT PREVAILED IN SCHOOL OPENING

A fine spirit of cooperation and friendliness between parents, teachers, civic organizations and the school, existed at the opening exercises of this term of school. The large number of parents who showed their interest in the school by being present at the formal opening was a great inspiration to members of the faculty. The kind words of greeting and encouragement sent from each organization of the town brought much cheer to both pupils and teachers, and will be of much help during the entire year.

The large enrollment of pupils shows that there is a great interest, in this locality, on the part of the parents for their children. The value of an education is judged in many ways, of which the financial return is the lowest, but a bulletin issued by the United States government says that a college education is worth \$105,000, because the average earnings between the ages of 14 and 60 are \$105,000 higher for the boy who is a college graduate than the earnings of a boy who has received only a grade school education.

It is the earnest desire of each member of this faculty to produce boys and girls who will be fine, honest, worthy white citizens, as well as good business men.

The enrollment up to date in the high school is 214. The enrollment for the entire year last year was 212.

CLASS ORGANIZATIONS

Below are reports of the organizations of the classes of the high school:
The senior class held its first meeting September 7, for the purpose of electing class officers. Much interest was shown in the organization and a group of very capable officers were chosen. The following officers were elected: President, Lavelle Christian; vice president, Woodrow Wilkerson; secretary, Ruth Hess; reporter, Kelly Newman. This class is looking forward to a very happy and successful school year. Lavelle made a good president of the some class during the junior year and it is believed that he will be a capable leader for the class this year. Miss Ashby is the sponsor.

The junior class met September 7, and organized. The following officers were elected: President, Christal Christian; secretary, Aveloe Back; reporter, George McCarty; vice president, Buell Ellison; song leader, Juanita Coleman; yell leader, Alice Hardin. The junior class expects to be one of the best classes in school during this term. The juniors will be loyal to M. H. S. They have the pep, they have the rep, and they will keep in step!

The sophomore class organized on Wednesday of last week. The president is a new pupil in our school, Neil Jackson, from Shamrock. The secretary is Charlie Marie Back, and Mozelle Glenn is reporter. This is a large class and the members intend to make it the leading class of McLean high. Miss Cousins is the home room teacher.

The freshman class elected officers on September 7. The following were elected: President, Lewis Tolliver; secretary, Gwynne Carpenter; reporter, Marie Landers. The home room teacher is Miss Kennedy. There are fifty freshmen enrolled up to date. This class has much good material for an A-1 class. The members of the freshman class are trying to be the best class in school. Hooray for the freshmen!

The seventh grade elected the following officers: President, James Lee Rice; secretary, Emma Mae Thompson. The pupils of this class are very happy to be in the high school building. Miss McCarty is the home room teacher. The seventh grade will give the first class program in chapel. The subject is the Constitution, as the date is near on which the Constitution was signed. Parts have already been assigned and this will be interesting for both parents, other visitors, and the high school.

HOME ECONOMICS

The first year home economics class is studying personal hygiene and grooming. Cosmetics were brought to class and were demonstrated and discussed.

The second year class has been canning jellies, vegetables and pickles. These will be used for future ban-

quets and dinner menus for dinners that will be prepared in class.
The third year class has been testing foods for proteins, carbohydrates and fats. Members of the class have been giving interesting reports on nutrition.

GLEE CLUB

The Glee Club, which will again be under the capable direction of Mrs. Cecil G. Goff, met and organized on last Wednesday afternoon. The following officers were elected: President, Maxine Fowler; secretary, Sybil Young; treasurer, Juanita Coleman; librarian, Juanita Brooks. A period from 2:45 to 3:30 every Wednesday afternoon has been set aside for Glee Club work. Twenty-eight girls enrolled at the first meeting. It is a great opportunity for a girl to get this work. Every girl who has ever taken part appreciated greatly the willingness and capableness of the director. A better Glee Club than ever before is expected.

AGRICULTURE DEPARTMENT

"We are back in school again and we are going to accomplish more this year than ever before. Why shouldn't we? We have a larger enrollment than we ever had before, and it is possible that after our long vacation we shall want to accomplish more."

McLean will be represented again this year at the Tri-state fair. The agriculture boys, supervised by Mr. Tampke, will have a booth at the fair, which will show various articles grown by the boys as projects. This booth will be displayed the week of the fair, and on the 19th of this month there will be a judging contest in which 12 of our boys will take part.

The boys from McLean will judge in dairy and poultry work. We have formerly made a good showing at the fair and we expect to do it this year.

In dairy work, the following boys will probably make the team: Glen Hunt, Basil Pettit, W. C. Carpenter, Lavelle Christian and J. Billingslea. The following will compete in poultry: Wilburn Lynch, David Flowers, Arthur Lee Howard, Marvin Mathis, Cecil Jones and Charles Finley.

YEA, TIGERS!

The Tigers are making a fine start for this season's football games. There are twenty-six men suited out this year. This is the largest number that have been out in several years. There are 11 letter men back on the team and more men to give them competition.

The names and weights of the squad are as follows: George McCarty 148, C. C. Bogan, Jr., 184 1/2, Gaylord Kinard 187, Gene Greer 139, Allison Cash 178, Buell Ellison 155, Averil Christian 117, Kent Carpenter 145, Dean West 134, Donald McCracken 132, Lavelle Christian 157, Forrest Switzer 155, Sherman Crockett 136, Christal Christian 136, C. W. Bogan 131, Lewis Tolliver 150, Billy Robinson 149, Joe Brock 151, Brady McCoy 146, Charles Ashby 126, George Chambers 155, Hershel McCarty 150, Nevill Back 165, Carl Boyles 120, Dowell Cunningham 138.

The first game of the season will be played on September 30, but it is undecided with whom it will be played.

Coach Rush attended the coaching school in Lubbock during the summer and with his former training and experience he is exceptionally well qualified for the training of the Tigers. The support of the town will be appreciated by the coach and the boys, who are working faithfully to make the 1932 Tigers the best ever.

P. T. A.

The Parent Teacher Association will hold its first meeting on Sept. 22 at 3:30 o'clock, at the high school building. It is hoped that a large number of parents will attend this meeting. The Parent Teacher Association is sponsoring a spirit of co-operation between the home and the school. The business of electing a president will be taken up.

ROOM MOTHERS

Below are the room mothers who were selected by the high school classes:

Seniors, Mrs. J. B. Pettit and Mrs. W. E. Bogan. Another may be selected later.

Juniors, Mrs. R. W. Coleman, Mrs. Jim Back and Mrs. T. N. Holloway.

Sophomores, Mrs. T. A. Massay, Mrs. J. E. Lynch, Alva Alexander (room father).

Freshmen, Mrs. H. W. Finley, Mrs. G. C. Boewell, Mrs. Alvah Christian. Seventh grade, Mrs. S. W. Rice.

THE REPORT OF THE SPIES

By Rev. Cecil G. Goff
Golden text, Psalm 27:1. Lesson text, Numbers 13:1-3, 25-33.

When we left the children of Israel last week they were beginning their journey from Sinai to the promised land. God had appointed them certain preparations, such as the building of the tabernacle and the keeping of the Passover, and when these were finished the journey was begun.

As the journey proceeded the migrating multitude could not be pleased. They set to murmuring about one thing and another. Such faithlessness displeased God and He sent fire among them. Numbers were burned and the place was called Taberah, or burning. Soon again the people became dissatisfied with the manna God sent each day. They remembered the fish, cucumbers, melons, leek, onions, and garlic of Egypt. They especially desired meat, and wept in their tents for it. God finally granted them quail which were blown by a strong wind from the sea-side to place near the camp. The meat came, but with it came also a plague which killed many Israelites. They named the place Kibroth-Hattavaah, because many of their people were killed and buried there. God also had Moses choose seventy men from among the people that He might let His spirit rest upon to help Moses hear the trials of the people.

Moses had married a Cushite woman. The word used in the King James translation is Ethiopian, but that is used by inference. The Hebrew says the woman was a Cushite. Cush was the eldest son of Ham (Gen. 10:6). It is supposed that Cush went to Africa and was the father of the Ethiopian or negro people. But from the inscriptions found in Midian, we have reason to believe that though Cush is supposed to have gone to Africa, Moses's wife was not a negro. At least she and her family were Midianites (Ex. 2: 16, 18, 21). Whoever the woman was, there was trouble between her and Miriam and Aaron. God punished Miriam by sending leprosy upon her. Moses prayed for her and she went without the camp seven days and was clean. Again God's people moved on (Num. 12:1-15).

Soon Kadesh-Barnea was reached. The promised land was at hand. The people were about to realize the consummation of God's promises to their father Abraham centuries before. They chose a man from each tribe to go spy out the land. When they returned they reported a land such as they had never seen before, both in productivity and in inhabitants. The cities were walled and the people were giants. Ten spies said the land could not be conquered. Two, Joshua and Caleb, did their best to inspire the people with the truth that God had brought them there to possess the land, and that it was theirs for the taking.

v. 1-3. It is reasonable to suppose that the people requested that the spies be sent out. God was ready for the conquest. But it was by God's command that the spies were chosen and sent, one from each tribe of the children of Israel.

v. 25. Moses told the spies what to look for. (1) The physical condition of the country. (2) The number of people living there. (3) The fertility of the land. (4) The fortifications of the cities. (5) The amount of timber (13:18ff) The spies were gone forty days.

v. 26-28. The reports concerning the fertility of the land were glowing. The spies had brought back some of the fruit as proof. There were many fortified cities there. Of those, we know Jericho, Hebron, Lachish and Jebus. The city of Jebus the strongest possessed by the Jebusites, was not conquered by God's people until David became king. He then moved the capital there and called it Jerusalem. (Josh 10:1-5, 26; Judges 19:11; 2 Sam. 5:6-10).

Anak means long necks, giants, tall, mighty men. They were a mighty tribe dwelling in Hebron. In later years Caleb drove them out and they dwelled among the Philistines.

v. 29. The Amalekites were a nomadic people. They attacked Israel at Rephidim and were defeated by the children of Israel under the leadership of Joshua, while Moses sat upon the mountain and held aloft the rod of God in his hands. The south was that portion of the country immediately north of Kadesh-Barnea.

The Hittites were a powerful warlike people who moved from Asia Minor into Canaan and father east. The Jebusites lived around Jebus. It was called Salem in Abraham's day, later called Jebus-Salem, hence Jerusalem.

The Amorites, like the Jebusites, were descendants of Ham, while the Israelites were from Shem.
v. 30-33. The people were thrown into consternation by the report of

the spies concerning the people and fortifications of Canaan. Caleb and Joshua did their best to point out to the people that if they followed God's commands, giants and fortifications were not to be considered. But the multitude was not to be quieted. Their ears and hearts were fixed upon the evil report of the ten spies.

Later the people became so rebellious that they would have stoned the two faithful spies. How like us today. In spite of God's promises and commands, we want to do our own thinking, planning and acting. God became very angry and would have destroyed the entire camp with the intention of raising up a people from Moses. Moses, faithful leader that he was, prayed God for the people. God finally killed the ten unfaithful spies and promised that none over 20 years, save Joshua and Caleb, should enter the promised land.

The next morning the people had repented and decided to enter the land. They started despite Moses' plea, and were defeated. Their wanderings were appointed a year for each day the spies were in the promised land. Disobedience must always be paid for.

VALIANT SOULS

A successful American business of nation-wide proportions was built up by a man who, because of an accident, was never able to leave his bed. Facing the dual handicaps of poverty and permanent physical disability, he developed an institution that stands high in the list of business concerns. Stienmetz, the miracle man who played with electricity as a child plays with a toy and brought the realization of untold dreams to the scientific world, was a hunchback, a dwarf, physically frail.

Roosevelt fought face to face with death from disease well into the years of his manhood.

Elizabeth Browning, during all the years when she was giving the world the sweet fruits of her pen, never moved from her invalid's chair, excepting when carried in the devoted arms of her husband.

Lincoln was laughed at for his uncouth mannerisms, his abnormal feet, his awkward demeanor. Napoleon was a physical underling.

And so the story might go on endlessly from epileptic Caesar, down the ages past blind Milton and deaf Beethoven to our own day with its countless valiant souls who press on bravely despite tragic odds.—Texas Outlook.

THE TIME MAY COME

The time may come: When someone will not be extolling the "good old days." When oldsters will not be viewing with alarm the goings-on among the young people.

When the comic sheets will not pretend that husbands are hen-pecked.

When a reporter, a detective and a parson on the stage or in the movies will resemble a reporter, a detective and a parson in real life.

When popular magazines will think up some new way to adorn their covers without glorifying the American girl.

When a man will work as hard as he leads his wife and his friends to think he works.

When cynics will not be knocking the church.

When an employee admits he is being paid all he's worth.

When professional reformers voluntarily quit their jobs.

When a man gives up his automobile and explains that he cannot afford one.

When somebody will not be prophesying that the world is coming to an end.

When suckers will not be stung by fake investment salesmen.

When bores will not take the pre-functionary cue "how are you?" as an invitation to give an "organ recital."

Yes, the time may come. But we don't expect to be alive to enjoy that millennial dawn.—Lubbock Morning Avalanche.

FRIENDS ARE TO BE ENJOYED

Friends are to be enjoyed, Like flowers, Or music, Or the stars; They are not to be used . . . Like napkins, Umbrellas, Or crutches! —Walter R. Adams, in the Houston Gargoyle.

He rounded the bend at close onto forty. A sudden skid, and the car overturned. They found themselves sitting together, unhurt, alongside the completely wrecked car. He put his arm lovingly around her waist, but she pulled away.

"It's all very nice," she sighed, "but wouldn't it have been simpler to run out of gas?"

Father—"Young man, the lights go out in this house at 10:30 sharp."

Daughter's Boy Friend—"You can turn 'em out now, if you want to."

So long as the cost of running a typesetting machine stands at three to three and a half dollars an hour, manuscript which is not reasonably legible will continue to receive scant consideration by Fred Howard in the Clay Center (Neb.) Sun. You may question the figures given. Others have, and have gone out of business by request of their creditors. The figures have been determined by careful study of conditions prevailing in the better printing offices of the country and proven approximately correct and have been adopted with slight variation by the well ordered printers of America. This explains why often a story does not appear in print if not given care to the writing of it.

He was subject to fainting spells, and before starting out he wrote this note, which he pinned to his shirt: "To the doctor: If I fall on the street and am taken to the hospital, do not operate. My appendix has been removed twice already."

Time was when it was thought that wars were necessary to prevent overcrowding of the human race, but the way speeders and road hogs are working now, future wars should not be necessary for such a purpose.

Pampa merchants have signed an agreement as to closing hours and holiday observance. New Year's Day, July 4th, Labor Day, Armistice Day, Thanksgiving Day and Christmas will be observed without further debate or solicitation. Such an agreement here would remove the uncertainty of closing that could be appreciated by merchant and customer alike.

Once in a great while you will hear someone say that newspapers print somewhat garbled accounts of things, but not often, as most readers understand that every effort is made to print facts, for no newspaper could last long that did not depend upon absolute accuracy in its news columns. Many things must be ascertained from others and inaccuracies do sometimes creep in this way, but the day of the editor's opinions being mixed with the news items is a thing of the past with all reputable newspapers.

The anti-vaccination club of Fort Worth is having it out with school authorities who want to force all children to submit to vaccination. There is no law compelling vaccination, and as long as no doctor can predict just what individual reaction will obtain from vaccination, one should be allowed to do as he pleases in this matter. There is little danger from smallpox anymore. Modern sanitation has robbed the disease of its terrors, and thousands of people live to a ripe old age without the doubtful protection of vaccination.

President Boswell of the Lions Club stated at Tuesday's luncheon that he had received a letter from the Henryetta, Okla., superintendent of schools, saying that he had bought the best malted milk drink in McLean he had ever tasted. The superintendent was on a trip and stopped here for a cold drink, and thought so much of it that he wanted to express his appreciation of our town. One never knows what a small service will do when dealing with strangers, and we should endeavor to make a pleasant thought for our town at every opportunity.

Full publicity is the only way for things that are of general interest to be handled. No man or set of men have any right to manipulate things that are of general interest, except in a public way. There is no place in a democratic form of government for any self-appointed leader to decide what is best for all. Later disappointments and indiscriminations can be avoided by giving full publicity to all plans for the benefit of the public. If, after they know

the plans, they desire to have things done in a certain way, well and good, but all should know the intention of those who represent them.

A pastor of a small church of a large denomination in a nearby city recently took occasion to criticize the leaders of his denomination and boast that he is not like some other men. It is strange that a man cannot do his own work in his own way and not try to force someone else to his opinion of methods. The denomination in question does not fight anyone; it is perfectly willing that any pastor or church do as they like in church matters. However, they do exercise the right along with other churches that co-operate with them, to make rules and qualifications as to taking part in denominational affairs. Certainly no right thinking man could object to this, yet we find men who criticize the man who is doing something just because he does not do it the way it seems best to the observer. Most any of us may expect criticism about anything we do, regardless of our trying to do the right thing. We should be careful in criticizing others, for they may be guided by the purest of motives, and maybe we could not do as well under similar circumstances.

LEARNING SONGS FEATURE OF CHAPEL ASSEMBLY

General assembly for Alanreed independent schools, Tuesday, Sept. 13, opened with a scripture reading, followed by prayer.

Mr. Paige, assisted by Mrs. Paige at the piano, taught the student body some new songs, after which he pointed out to the students the advantages to be derived from a high school education.

Chapel programs for the year promise to be highly interesting. Next week's calendar schedules the high school athletic boys and girls as entertainers at this hour.

GIRLS ORGANIZE HIKING CLUB

Thursday afternoon, Sept. 8, the girls of Alanreed high school organized the Happy Hikers Club for the purpose of promoting better health, good sportsmanship, and more social life among its members. The club plans to have as much of its social outdoor features as the weather permits.

The following officers were elected: President, Julia Lee Walker; secretary, Artie Lee Smith.

Saturday morning a number of the members hiked to a creek south of town and enjoyed a sunrise breakfast.

FACTUPLY ENTERTAINED WITH "42" PARTY

Mrs. R. E. Paige and Mrs. J. Wm. Dillard were joint hostesses to the Alanreed school faculty at a party given at the home of the latter on Wednesday night, Sept. 7.

New rules of "42" were arranged. A good time was reported by all attending. Delightful refreshments were served, and the teachers returned home not late to be able to make an appearance the next day.

CANNING SOUP FOR WINTER

By Miss Ruby M. Adams, C. D. A
Vegetables for winter soups are now ready to be canned.

Odd scraps of silk, woollens and cottons, pleasingly arranged, make up one of those delightful patchwork quilts which every one appreciates. Likewise, odds and ends from the annual garden may be combined at this time in medley as pleasing to the palate as is the quilt to the eye, and, served in the form of soup, just as warm and comforting.

There is more to making a tasty soup than just throwing in a lot of vegetables you happen to have on hand. They should be so selected that there are just enough to each kind—not too many acids, not too many bland vegetables, nor too many strong flavors. Then, the seasoning of soup is a knack which experience teaches and which varies according to individual tastes.

It seems to be much better to can these vegetable mixtures in concentrated form, to be diluted later with water, soup stock or cream, since this not only saves containers and space on the shelves, but enables one to vary the type of soup served. The use of the pressure cooker in canning these soups is necessary, as some will be of the non-acid type. Moreover, the pressure cooker cuts down the processing time to one-third, saving both time and fuel.

This is also the time to can tomato juice for the winter. When properly canned, it is a good substitute for orange juice and should be given daily to babies and children, as well as being served frequently as an appetizer to adults.

Some Vegetable Soup Combinations

- No. 1:
1 quart tomatoes.
1/2 sweet onion.
1/2 teaspoon salt.
1/2 tablespoon sugar.
1 cup cut-off corn.
1 cup sliced okra.
Cook tomatoes, onions and a sprig of parsley to half their original quantity. Remove parsley and add salt, sugar, corn and okra. Heat to the boiling point and then actually boil for five minutes. Pack in No. 3 plain tin cans, and process for 40 minutes at 15 pounds pressure.

- No. 2:
2 quarts washed cut beans.
1/2 quart chopped cabbage.
1 cup celery.
2/3 cup onions.
1 quart lima beans.
1/2 quart sliced carrots.
2/3 quart tomatoes.
1 tablespoon salt.
Combine and barely cover with water, preheat 6 minutes. Process at 10 pounds pressure for 60 minutes.

- No. 3:
4 cups chopped tomatoes.
3 cups chopped potatoes.
2 cups chopped celery.
6 cups chopped carrots.
4 cups chopped cabbage.
2 cups chopped onions.
1 tablespoon salt.
Few sprigs parsley.
Put tomatoes in kettle. Add rest of the ingredients and not quite enough water to cover. The tomatoes will soon furnish enough liquid to cover. Pack in hot sterilized No. 3 cans. Process at 10 pounds for 45 minutes. If corn is used, use as much as celery and process for 45 minute at 15 pounds pressure.

- No. 4:
1 peck tomatoes.
6 medium carrots.
6 medium onions.
1 medium head cabbage.
9 good sized ears of corn.
3 sweet peppers.
1 stalk celery.
Prepare the vegetables. Put tomatoes in the kettle and heat to the boiling point, stirring occasionally to prevent burning. Add other vegetables and cook 6 minutes. Fill plain No. 3 tin cans with the boiling hot mixture, seal and process at 15 pounds pressure for 40 minutes.

Mr. and Mrs. Will Glass and son of Alarreed were in McLean Saturday.

CAUSES OF HEADACHES

By Dr. William J. Scholes

One of the most common of human pains is headache. Like other pains, it is one of nature's methods of calling attention to the fact that something is wrong. It is a symptom that may arise from any one or more of several causes.

Sometimes the conditions under which headache occurs give a hint as to the possible cause. For example, the attack may come on after using the eyes in close work. In that case there is probably some disorder of the eyes which is causing eye-strain. Properly fitted glasses, and care to avoid abusing the eyes, would then be the remedy. Or, the headache may occur when one is fatigued, either in mind or body. Sufficient rest would then be the remedy. And prevention would consist in avoiding physical and mental activity to the extent of fatigue.

Poisons in System

The presence of various poisons in the system may cause headache. These poisons may be introduced into the system from without. Alcohol, tobacco and lead are examples. Or, the poisoning may result from failure of the system to properly eliminate waste products. This type of poisoning is likely to occur in disease of the kidneys and in constipation.

The complete list of diseases which may cause headache is a long one. Bright's disease, arteriosclerosis, pelvic disorders, digestive disorders, anemia, functional and organic nervous disturbances, fevers and various infections, and diseases of the ear, nose and throat are among the possible causes.

To find the cause in any individual case is not always an easy matter. But this is the first step in seeking a permanent cure. A careful physical examination may reveal the underlying disease or disorder. If no such disease or disorder is discovered, a careful investigation of the habits may reveal the cause.

The point is that anyone who is subject to frequent headaches should not be satisfied to obtain mere temporary relief by taking some pain-killing drug.

The cause should be carefully searched for, and removed whenever this is possible.

School days have brought smiles to the faces of 315 boys and girls. Even the teachers, having lost that school room frown during the summer, are smiling, too.

Vacation for the children has not been such a dull season, as the following stories show:

GOOD WILL TRIPS

By R. L. Floyd

During the summer the chamber of commerce made good will trips to the surrounding communities. They took the band along to furnish music. The men made talks and told jokes which made the times much merrier. The chamber of commerce furnished free lemonade.

The most interesting trip was the trip to Kewanee oil camp, northwest of McLean. Corn, weiners and buns were served out there. Trees were thick and lights were hung around on the trees. It was a very beautiful place.

MY TRIP TO COLORADO

By Anna Dell Silgar

On my trip to Colorado I saw the Capuline volcano. For miles around volcanic rock is all over everything.

When we were about 25 miles from Salida we had to "hug" the river bank. I was most scared to death.

We stayed about six weeks and had a lovely time. We had a mess of mountain trout while we were there, and that is what pleased me most. We went to two parties, two picnics, one picture show and one swimming party.

On our way home we came over three mountain passes: Poncha Pass, La Veta Pass and Raton Pass. These passes are part of the Continental Divide.

Though I had a good time in Colorado, I was glad to get home, but not so glad for school to bring my vacation to an end.

A VISIT TO THE ZOO

By Farris Jake Hess

I went to the zoo at St. Louis. We got there in time to see them feed the sea elephants. The man would stand on the side of the pool and pitch fish to them.

Next we went to the bear cage and watched the bears stand up on their hind legs for peanuts. Then we went to the bird pond and saw every kind of bird. We saw white swans and all kinds of ducks. They were interesting to see.

Next we went to the snake and monkey buildings. In it was a little snake so near the color of the tree we could hardly find it. One of the monkeys would swing on a rope just like a child.

We went through the building where Lindbergh's trophies are. We saw his medals and many of his gifts.

THE CIRCUS

By Olive Louise Atwood

This summer I went to see my grandmother. While I was there I went to a circus. The most interesting thing I saw after I entered the main tent was the parade. First of all came the elephants. After the elephants, came the men on horses. Next came the clowns. One clown had a wooden loaf of bread with a little fox terrier in it. He was going around yelling, "Hot dog! Hot dog for sale!"

One of the other clowns was leading a bulldog around. The dog had on a straw hat and a pair of glasses and he had a pipe in his mouth. Every now and then the clown would stop and take the pipe out of the bulldog's mouth and the smoke would come out of its mouth.

I saw the savages with the large lips. They are called the "Ubangi savages." Just the women have the large lips. Each man has three wives.

By Jack Sharp

This summer I learned to swim and dive. I think swimming and fishing are great sports. When I lived in Arkansas close to a big lake, I caught big fish all the time.

In June the Lions Club of McLean put a wading pool in the city park. Usually there were eight or ten children there every evening. Sometimes the boys and girls would dive after a rock, and one of them would always get it. Did you ever dive after a rock? I think it's lots of fun!

By Loyce Landers

Daddy and my uncle went deer hunting one day and had an exciting adventure. Daddy climbed up a high rocky ledge, and my uncle went down below it.

Daddy heard a low tapping sound.

Just behind him, and turned to find a big yellow mountain lion crouched on the ledge. It was gazing down on my uncle. Daddy shot the lion in the leg. It gave a terrible scream, sprang into the air, and then ran away among the rocks.

We are sorry to report that Miss Turner was unable to attend school last week on account of the illness of her mother. Monday morning of this week, however, she was at her desk ready for duty. The school is anxious for her mother's speedy recovery. Miss Winnifred Howard substituted for Miss Turner last week.

The following teachers have selected room mothers for the coming year: Mrs. Sligar, Mrs. Homer Abbott and Mrs. W. L. Campbell.

Miss Noel, Mrs. D. C. Carpenter and Mrs. Pete Fulbright.

Mrs. Harris, Mrs. Sam McClellan, Mrs. F. E. Langford and Mrs. Jahnnie Back.

Miss Baley, Mrs. Chas. E. Cooke and Mrs. Allen Wilson.

Miss Simmons, Mrs. Robert Davidson and Mrs. Floyd B. Roberts.

Miss Cummings, Mrs. M. E. Flower, Mrs. Back, Mrs. Evan Sitter.

Mr. McHaney and Miss Turner will announce theirs next week.

ASSEMBLY NOTES

By Mabel Back

The grammar grades met in assembly Tuesday morning, Sept. 6, at 8:30. Miss Cummings led in singing America and Smile a While. Stanton Gardner, Willie Louelle Cobb and Charles Cunningham led in singing A Froggie Would A-wooing Go.

Mr. McHaney assigned each section its room and appointed the following sponsors: 6B, Mrs. Back; 6A, Miss Cummings; 5B, Miss Turner; 5A, 4B, 4A, Mr. McHaney.

The following children made 100% in spelling last week: 6B—Stanton Gardner, Irene Penland, Ferrel Abbott, Lola Mae Nichols, R. L. Floyd, W. C. Stotts, Leta Mae Phillips, Raymond Dalton; 6A—L. E. Flowers, Loyce Landers, J. C. Williams, Kid McCoy, Ralph Riddle, D. V. Nichols, Olive Louise Atwood, Lorene Moore, Jack Sharp, Wanda Estes, Edwin Ledbetter, Joe Billy Bogan, Julia McCarty, Charles Cunningham, Billie Jean Biggers; 5B—Mabel Back, George Colebank, Dorothy Sitter, Willie Louelle Cobb, Mary Louise Smith; 3rd grade—J. R. Glenn, Opal Thacker, Bernice McClellan, Lorene Spear, Bennie Mae Wade, Evonne Floyd.

Jesse Dean Cobb has returned from a successful operation at Amarillo. Jesse Dean is very happy because he knows he is going to have a perfect leg to walk on. He has a small desk on his bed to write on. He got his school books Wednesday. He is very happy for children to come to see him. He has various ways to keep himself busy. He will probably be back in school in six weeks.

Jeff Coffey, Jr., is absent from school on account of a broken arm. Jeff is studying at home, however, and means to keep up with his class.

The 6B class met Monday for the first time in three months, in Mrs. Back's room. Mrs. Back will be our room teacher, and Mrs. Evan Sitter our room mother. We are sure we will have a nice time together this year.

Wednesday we elected the following class officers: President, Stanton Gardner; vice president, R. L. Floyd; secretary, Shirley Johnston; reporter, Leta Mae Phillips; song leader, Anadel Silgar.

The 6A class elected the following officers Monday morning: President, L. E. Flowers; vice president, Charles Cunningham; secretary, Billy Jean Biggers; song and yell leader, Joe Billy Bogan; news reporter, Willa Mae Gressett; sports reporter, Julia McCarty.

In these depressing times, let two small boys teach you a lesson in thrift. Clyde Carpenter and Harold Watkins tell in the following short themes how they made their first money:

Clyde: One day my mother said that she would give me a quarter to dry the dishes. I started to dry them. I dropped a glass and broke a dish, but I got my money.

Harold: I made a dime one day. I stuttered when I was little. They liked to hear me say, "Please pass the peas." I didn't like to say it. Daddy said he would give me a dime to say it, so I did. They laughed when I said, "P-p-pl-please p-p-pass the p-p-pe-peas."

Pupils may subscribe to their school paper from now until June 1, 1933, for a nominal rate. See your sponsor about this.

News from Heald

A chicken fry was enjoyed by the entire community Thursday night, at the home of Mr. and Mrs. George Reneau. The entertainment was given in honor of the Heald teachers, Noah Cunningham, Misses Johnnie Viola Haynes and Georgia Wilson; the Heald seniors of McLean high school, Mary Reneau, Tony Pugh, Cass Hanner, Buster and Jack Litchfield; and Grace Stauffer, who left Saturday for Fort Worth to attend T. W. C. About 150 guests were present and games and songs were enjoyed by all. At a late hour chicken, bread, and pickles were served.

DAY'S LESSON

AND IN HIS DEATH

Text: Goff
Lesson
1:15-15. Lesson
3: 34:5-8

For today we pass eight years wandering in the wilderness. When the people of Israel, to the promised land, God condemned them to die in their wilderness. He gave His people a new opportunity to enter the promised land. He turned their hearts to Him, and they were ready to go on their journey.

God's punishment to Moses was not death, but rather the loss of the privilege of leading God's people into the promised land.

v. 5-8. Had Moses been an old man, conscious of fast growing feebleness and slowly approaching blindness, his death would not have been a chastisement for his sin. But rather he was well and strong, his eyesight was unimpaired, and his mind was still keen and active. He was well able physically to lead God's children into the conquest they had been prepared for. Instead, God took him home and buried his body where no man might know. The people mourned for their faithful leader 30 days, and then were ready for the conquest.

such a drastic command. The people were to be destroyed. During this time of the wilderness, the people were to be destroyed. The people were to be destroyed. The people were to be destroyed.

Hints for the Household

By Betty Webster

HOUSEHOLD HINTS

Chewing gum fastened to your clothing or furniture can be easily removed without much trouble. Even on a "hairy" surface—there will be no trace left of the gum—if you wipe the spot with the white of an egg. Try it some time should you be in this predicament. It works splendidly.

Open Vegetable Sandwiches

Here are a few suggestions for some pretty and tasty vegetable sandwiches—ideal for serving at September parties:

Fresh Mushroom Sandwiches
Fresh mushrooms (chopped fine).
Salt.
Little flour.
Butter.
Method: Fry altogether until brown. Cool and spread on bread. Do not spread butter on bread, as this is a very rich sandwich filling in itself.

Asparagus Tip Sandwich with Mayonnaise

String beans chopped with chili sauce makes a good sandwich.

Brown bread, buttered. Spread with minced sardines moistened with lemon juice. Decorate with pickle and pimento. Makes a very delightful sandwich.

Salmon sandwich with tarter sauce is delicious.

COOKING HINTS

Tomato and Summer Squash
Tomatoes.
Squash.
Flour.
White sauce.
Method: Slice tomatoes quite thick. Slice squash same thickness as tomatoes. Dip in flour. Fry brown and cook until done. When done remove to hot platter. Make white sauce in pan vegetables were cooked in. Pour over vegetables and garnish with bacon.

Egg Beater
Egg beaters are now made in various sizes. One very convenient size is made to fit a measuring cup. So when one egg is called for, it can be beaten in measuring cup, thus saving an extra bowl. It is also handy when whipping a small quantity of cream.

Chili Sauce
30 red tomatoes.
6 onions.
3 red peppers (hot).
20 tablespoons of sugar.
5 tablespoons salt.
5 cups vinegar.
Method: Chop tomatoes, onions and peppers together. Add the remaining

least an hour.

BAKING HINTS

Stuffed Flank Steak

Slice of flank steak—about 1 pound. Seasoning (including onions and carrots).
1 cup boiling water.
Method: Spread dressing over meat. Roll it up and tie together. Place sliced carrots and onions in bottom of baking dish. Place meat on top of this and suet on top of meat. Pour boiling water over this. Cover and cook 20 minutes in hot oven. Then uncover and cook 30 minutes in a moderate oven. Make pan gravy.

Stuffing
1 cup bread crumbs.
2 tablespoons melted butter.
Parsley.
Onion.
Celery.
Seasoning.

Baked Peaches
These are different, easy to prepare and delicious.
Method: Wash desired number of peaches. Put in baking pan with skins on. Cover bottom of pan with water. Sprinkle sugar liberally over top. Bake 1 hour. Serve with plain cream.

V. H. E. CLUB

By Avaliee Back
 The Home Economics Club met on Thursday, Sept. 15, in order to reorganize. It was decided to continue calling it the V. H. E. Club, the same as last year. This means vocational home economics.

The house was brought to order for nominations for president. Luella Jones was elected. She then took charge and again brought the house to order for nominees to fill the other offices. The following were elected: Vice president, Oleta Holloway; secretary, Maxine Fowler; treasurer, Lucile Morse; song leader, Clara Fae Carpenter; yell leader, Oleta Back; pianist, Luella Jones; chairman of entertainment committee, Avaliee Back.

The next meeting will be Thursday, Sept. 29. All high school girls who have taken or are taking home economics are invited to attend.

GIRL SCOUT REPORT

Thursday evening at 3:30 the Girl Scouts had a meeting in the high school auditorium. The following officers were elected for the next three months: Mrs. Tampke, captain; Mrs. Christian, lieutenant; Marie Landers, patrol leader; Pauline McCracken, assistant patrol leader; Geraldine Bowen, reporter; Nerine Smith, pianist; Marie Landers, pep and song leader.

Thursday afternoon the scouts will have a social at the home of the captain, Mrs. Tampke.

PEP SQUAD ORGANIZED

The peppiest pep squad that has ever been in McLean was organized in the high school auditorium on last Friday. The leaders elected were Ruth Hess and Woodrow Wilkerson. They are capable leaders and with them the student body will support the Tigers one hundred per cent. The sponsor of the pep squad is Miss Kennedy.

Yea, team! We're backing you!

ERWIN DRUG GIVES PENNANTS

The Erwin Drug Company was kind enough to present the high school students with miniature black and gold "McLean" pennants. These were greatly appreciated by the student body. It really seems that McLean is behind the school and behind the Tigers and behind the pep squad. "Thank you."

AGGIES

The McLean poultry and dairy judging teams competed in the Tri-state fair judging contest in Amarillo on Sept. 19. These teams won awards as follows:

The poultry team won the \$6.40 and 50 trophy for being high team. This is the second time McLean has won in the past four years. Arthur Lee Howard was high man with 281 points. This makes three times McLean has won this honor during the past four years. David Flowers was third high man with 275 points; Wilburn Lynch and Ceil Jones were sixth with 238 points. Wilburn made a perfect score of 150 points on examination. This is the fourth time a McLean boy has attained this achievement. Three other boys scored perfect last year. There has never been any record of any other boys scoring perfect in any contest in Texas.

The dairy team won second, trailing Hereford by only 10 points. Bert Carpenter was second high man with 390 points; W. C. Carpenter was third with 346 points. McLean won first in Jersey judging, Bert Carpenter being high man. This team was also fourth in Guernsey judging.

The McLean F. F. A. booth is reported to be very attractive and is due to place higher this year than last. The boys also have a large exhibit of poultry and grain crops in the fair exhibits.

YEA, TIGERS!

The opening football game of the season is getting closer everyday. There are just eight more days until the game is to be played and the boys are practicing hard to get into shape. The Tigers are showing good spirit in scrimmage games. Those who saw the practice scrimmage last Friday afternoon were highly pleased with the condition of the team. Coach Rush is drilling on several new plays and tricks that he accumulated at coaching school this summer. The first game will be played with the Happy eleven and will be on the home

gridiron. Everyone come to the opening game on Sept. 30.

The Erwin Drug Company has informed Coach Rush that they will give each football man a malted milk for each game that is won by the Tigers, and also two prizes to the two best players picked for the season. The coach, team and school appreciate very much the attitude taken by the business houses and the backing that the football fans have been giving.

Remember, if you are behind your team and believe they will do something this year, let them know about it.

IN CHAPEL

On September 14, Rev. W. A. Erwin delivered a most interesting talk on the Constitution, to the high school assembly. He discussed the three great written constitutions of the world.

On Sept. 15, Supt. Boswell fluently discussed, in part, the meaning of the Constitution.

On Sept. 21 the seventh grade presented the assembly program. It was based on the Constitution. The program was as follows: America the Beautiful—Class. Making of the Constitution—Mary Alice Wilson.

The New Roof—Marietta Young. The Constitution—Eula Faye Foster. Piano solo, "Hickory Sticks,"—Emma Mae Thompson.

Quotations concerning the Constitution—J. C. Young, Oscar Brown, Kelton Ware, Grant Pierce. The American's Creed—Class.

Miss McCarty had charge of the program, which was educational and interesting to all.

On September 27 the freshman class will present the assembly program. The topic will be "Safety First." Parents and friends are welcome.

SENIOR WATERMELON FEAST

The senior class was entertained with a watermelon feast on Sept. 15. Forty-four of the fifty-one seniors were present, also Misses Kennedy, McCarty, Cousins, Vannoy, Lorena and Letha Ashby; Mrs. Ashby and Mr. Rush. The group motored to the Ashby farm. Games were played until twilight and then an unbelievable amount of ice cold watermelon was consumed. A good time was enjoyed by all.

BAND CONCERT IN AMARILLO

The McLean band went to Amarillo today (Thursday) to celebrate McLean day at the Tri-state fair. A radio broadcast was made at 11 o'clock, after the parade at 9 o'clock.

NEW ROOM MOTHERS

Mrs. D. M. Graham, junior; Mrs. W. W. Wilson, freshman.

OFF TO COLLEGE

Several of the ex-students of McLean high school have enrolled in colleges or will enroll this week. They are:

Margaret Hess, Sybil Graham, Haze Waters, Texas Tech at Lubbock. Lois Kirby, Sarah Ellen Foster, Guy and Verla Hibler, Earl Breeding, Charlie Mae Carpenter, Fern Landers, West Texas State Teachers College at Canyon.

Frances Wilson, Amarillo Junior College.

Lola Ruth Stanfield, Texas Woman's College at Fort Worth. Bobbe Appling, Wayland Junior College at Plainview.

Kathryn Hales, University of Oklahoma at Norman.

NEWS FROM LOLA RUTH STANFIELD

Good reports from ex-students always please those in the home town. Lola Ruth Stanfield is well known in McLean and her talent has been recognized and appreciated here, but from an authority in the realm of music the same has been expressed. After the trial lesson of Lola Ruth by Pitner, the best piano instructor in T. W. C., he made the following statements:

"Your teacher has stressed the points of music that make good playing. You have more musical talent than I had expected. You are talented in music and will some day achieve great things with it. I can tell by hearing you play that you love music."

In brief, this is the summary of the report. The Tiger Post enjoys having good news about ex-students printed in its columns. We are expecting those who have enrolled in other colleges to have successful years.

Misses Martha Glass and Naomi Hunt were in Shamrock Monday.

Mrs. A. H. Carver of Texola, Okla., returned home Sunday after a week's visit with her parents, Mr. and Mrs. T. C. Landers, of Heald.

CHARACTER VS. GOLD

Monday afternoon, Sept. 19, Rev. T. A. Preston, general evangelist and lecturer for the M. E. Church South, addressed the school from 3:15 to 4:00. He spoke on the subject, "Character vs. Gold." His talk was one of great interest to all the school and the boys and girls expressed their appreciation for his timely advice and admonition.

OUR FLAG POLE

Prof. Page and Coach Dillard have resurrected the flag pole from the junk heap where it had been cast and permitted to remain for about two years. They now have it in place and "Old Glory" may be seen floating in the breeze on fair days. They plan to teach the children citizenship through its use.

IMPROVING THE PLAYGROUND

Coach Dillard and his boys have been doing some real physical training while working on our playgrounds. Help has been given, also, by some of the patrons of the school. The basketball court has been leveled and a caliche surface applied. We believe that this improvement will make our contests more satisfactory and that we will be better able to entertain our visitors when playing on our court.

A new shower house is being constructed and will soon be completed and ready for use.

The girls' volley ball grounds have been put into shape and Miss Bowman, the coach, has started work with the team.

The unsightly sheds on the rear of the grounds have been wrecked and removed.

GIRLS' ATHLETICS

By Artie Lee Smith
 Listen, we athletic girls have a lot of fun. Did you say when? Well, I suppose you have not seen us having much fun up here on the campus yet, but we have a club, "The Happy Hikers," and you should have seen us last Friday afternoon out on the town section. We were really having a lot of fun taking exercises and playing games. If this leaves you in doubt, girls, come out and see for yourself.

SIXTH AND SEVENTH GRADE

The sixth and seventh grade have complied with the state rule for covering free text books. We intend to make good citizens.

The pupils of the sixth grade have organized a "Better English Club" with Faye Pettit as president, Weller Snyder secretary, Miss Parker counselor, W. E. James, Jr., and Mildred Blakney poster committee. The purpose of this club is to improve our English in school, on the streets, on the playgrounds, and everywhere.

The following pupils in the sixth grade made 100% in spelling this last week: W. E. James, Jr., and Faye Pettit.

A SMART DOG'S TRICK

By Faye Pettit
 Mr. Reed had a poodle dog of which he was very fond. He decided that every Wednesday afternoon he would try to teach Trixy a trick.

This afternoon Mrs. Reed was washing and Mr. Reed was going to teach Trixy to carry wood and put it around the wash pot. Trixy was so small that she could hardly carry the wood, but finally she learned what he wanted her to do. Then Mr. Reed cut a large pile of wood and said, "Trixy, I am going into the house. You stay out here and carry wood for Mrs. Reed."

Just as soon as he disappeared, Trixy started carrying wood to the wash pot. One stick was a load for her, but she totted on and on. Stick after stick she carried until every stick was around the pot.

When Mrs. Reed returned she found the fire blazing higher than her head. She got some water as quickly as she could and put out the fire, but

she found that Mr. Reed's two shirts and three pairs of trousers were burned into holes. She called him and showed him the clothes.

"What made you put so much wood on the fire?" he asked. "I did not do it. What made you put so much wood on the fire?" she asked.

"Well, if you did not, I wonder who did?" said he. "I wonder, too," said Mrs. Reed. And they are still wondering.

A CLEAN SCHOOL

We teach health, but often fail to practice it. Old buildings are frequently permitted to become unsanitary. We are putting on a program of health and sanitation that will work cooperatively to the benefit of all those who make our school their home for a large part of their time.

COTTON PICKING

A number of our students are missing school now to pay their annual respects to "King Cotton."

THE ALANREED P. T. A.

The Alanreed P. T. A. will meet in regular session Thursday afternoon at 4 o'clock. An executive meeting was held earlier this week to arrange the program of work.

VISITORS DAY

Thursday of this week has been set aside as a special visitors day. While parents are always welcome, we have set aside this day as a special day and invite the parents to visit the school and join the P. T. A.

4-H CLUB BOYS VISIT FAIR

By Wayne Prock
 The 4-H Club boys and girls of Gray county attended the county fair at Pampa Thursday of last week. The chamber of commerce gave a banquet for the club members that had exhibits. A free picture show was arranged by the La Nora Theatre. The county superintendent took the boys to the Gray County Creamery where they were shown just how everything was put over. Mr. Gerhart gave all the boys ice cream before they left. The boys had a good time and enjoyed the day very much.

The following boys from Alanreed were present: Ralph Palmer, Wayne Prock, Horace Johnson and Ralph Prock.

M. M. Newman and Rev. J. P. Gay were in Granite, Okla., Saturday.

Mrs. H. C. Rippey and little daughter visited in Mangum, Okla., last week end.

J. E. Kirby and family were in Canyon Tuesday.

Miss Sybil Graham is leaving this week for college at Lubbock.

Mrs. Emma Hibler of Roswell, N. M., moved to McLean this week.

THE POWER OF THE PRESS

The Split and Agry Club was in session on the shady side of the street the other morning as ye eq passed along. "What do they mean by the 'power of the press?'" asked an old chap whose breeches are rather shiny on a certain broad part. "They mean that if I were to write and print all I know about you, your wife would leave you and either you or I would leave town," was our reply—and we hope that holds him for a respectable interval.—Esbridge Independent (Kansas).

Guy and Miss Verla Hibler went to Canyon Tuesday to enter college. They were accompanied by their brother, Archie.

L. O. Floyd, Mr. and Mrs. W. D. Biggers went to Canyon Monday, Mr. Biggers remaining for the school term.

Mr. and Mrs. Earl Eustace and little daughter visited in Amarillo Sunday.

Mrs. Frank Howard visited relatives in Mangum, Okla., Thursday.

S. A. Woody and family of Amarillo visited relatives here Sunday.
