School Board Publishes Statement

By J. E. Lynch, Pres. School Board

The school board is publishing a financial statement on another page of this paper, so that the taxpayers may know the condition of the school district.

The board has made application with the Reconstruction Finance Corporation to refund all bonds at a much lower rate of interest, payable over a period of 33 years, which will mean a great saving to the district.

They are doing everything possible to run the school on an economical basis and to maintain the high standard which it now holds. The school board is very proud of our schools and believe that every patron of the schools is proud of them, but it is impossible for the school board to maintain this high standard for our schools unless they can secure the cooperation of the taxpayers of the district. You will notice from the statement that there are \$21,025.23 delinquent taxes, and unless a great per cent of taxes are paid this year it will be impossible for the schools to run as in the past. We cannot continue to issue warrants against taxes that are not being paid, and have the warrants outstanding against the district. Unless we can pay these warrants that are outstanding, the school will not have sufficient credit to purchase the actual necessary supplies to run the school. So we are counting on the taxpayers to help us in maintaining our schools as they should be maintained.

Many Things Discussed at C. C. Meeting

Pick your subject and discuss it, was the order of the evening at the regular monthly meeting of the chamber of commerce held at the city hall Monday night.

President Boyd Meador was in charge, and speakers discussed various things of interest to the community.

Supt. Cryer of the McLean schools reviewed problems of the school buses and athletics.

Chairman C. O. Greene of the highway committee opened the discussion on road problems.

County Commissioner Chamberlain of Donley county made a plea for cooperation on the south road project. Mr. Chamberlain was voted an associate member of the body, following his talk.

Aviator Bill Bowerman of Memphis made a proposition to bring Santa Claus into McLean via airplane for \$75.00. This matter was turned over to the advertising committee for action.

Armistice Day was discussed, and a motion was made to follow the lead of the American Legion Post in regard to closing stores for the day. If a program is arranged, it was agreed to close; if no program, the stores will open or close at their own pleasure.

J. P. Elms and Prof. J. W. Dillard of Alanreed made short talks in behalf of Federal Aid projects.

Chairman Jesse J. Cobb of the trades extension committee reported good interest in the trades day plans. Thirteen members and five out-of-town visitors were present.

WAYNE DORSEY SHOT AT CASINO GRANDE

Wayne Dorsey, 29-year-old Magic City resident, was shot through the abdomen, following an alleged drinking party slightly after 1 o'clock Sunday morning at the Casino Grande dance hall and beer tavern, at the Wheeler county line on highway 66.

The injured man was taken to a Pampa hospital, where his condition is considered critical, several blood transfusions being given.

Harris King, proprietor of the place, called a Wheeler county deputy sheriff about 12:45, Saturday night, saying he feared serious trouble after an altercation at his place.

Officers of Wheeler and Gray county are probing the case.

SIGMA GAMMA MEETS WITH MISS WYNN

The Sigma Gamma met Monday evening in the home of Mrs. Pete Fulbright, with Miss Floy Wynn as hostess.

An interesting program was given on the Pulitzer Prizes, with Aline McCarty as leader.

Elizabeth Wilkerson discussed Pulitzer prizes in general.

The prize drama "The Old Maid" was reviewed by Mildred Bessire, and the prize novel "Now in November" by Aline McCarty.

Lovely refreshments were served to the following members: Misses Lillian Abbott, Clara Anderson, Mildred Bessire, Jewell Cousins, Nona Cousins, Vera Hamilton, Elizabeth Kennedy, Odessa Kunkel, Alynne Mallow, Aline McCarty, Frances Noel, Eunice Stratton, Elizabeth Wilkerson and the hostess.

Guests for the evening were Mrs. Leola Saunders and Miss Ozella Hunt.

MRS. HAYNES HOSTESS 1934 SEWING CLUB

Mrs. Callie Haynes was hostess to the 1934 Sewing Club at her home on Second Avenue last Friday.

The day was spent quilting, and a pot luck luncheon was served at noon.

Mrs. M. D. Bentley was presented as a new member, receiving a favorable vote.

Among those present were: members, Mesdames H. Kunkel, W. W. Wilson, Wheeler Foster, M. D. Bentley, Byrd Guill, W. B. Upham, S. W. Rice, C. S. Rice, Ella Cubine, T. A. Landers, J. W. Story, I. D. Shaw, J. M. Noel, N. U. Stout, D. A. Davis, J. S. Howard, Callie Haynes; guests, Mr. and Mrs. A. L. Rippey, Mesdames Sam Kunkel, Ruby Hall, John V. Vannoy, Ruby Ratterree, Ernest Beck, John B. Rice, Frank Rodgers.

HUNDREDS VIEW NEW CHEVROLETS

Hundreds of people visited the show rooms of the Cooke Chevrolet Co. last Saturday, to see the new 1936 models of both standard and master deluxe Chevrolets.

New lines, new hydraulic brakes, new appointments, new conveniences and safety with complete equipment is the keynote in the announcement of the new models.

The motor is improved in both lines, making for more economy in gasoline and oil consumption, keeping these cars in line with former models that lived up to the claim of "economical transportation."

The new cars are beautifully designed and it is claimed that they leave nothing to be desired in a motor car, each model complete in itself.

EVELYN MOORE MARRIES ST. LOUIS MAN

Miss Evelyn Moore of McLean and Mr. Ed Carpenter of St. Louis were married Thursday, Oct. 31, 1935, at Briscoe, Rev. W. R. Evans, pastor of the Briscoe Methodist Church, performing the ceremony.

The bride is a daughter of Mr. and Mrs. J. E. Moore, and was a student in McLean high school.

The young people left Monday of this week for the groom's home in St. Louis.

PTA CARNIVAL SATURDAY

A PTA carnival will be staged in the building next door to the Ford garage, next Saturday, beginning at 1 o'clock and continuing until late at night, with the crowning of the carnival queen at 8:30.

Booths will be erected in the building containing various attractions, for which a small fee will be charged; however, three will be no charge for admittance to the building.

See advertisement on another page for list of attractions.

Mr. and Mrs. F. H. Bourland of Hamilton visited here Sunday night.

A BIRTHDAY DINNER

Miss Sinclair Rice of Lefors gave a dinner Sunday honoring the 77th birthday of her father, S. W. Rice, of McLean.

Guests present from McLean were Mr. and Mrs. S. W. Rice and sons, Mr. and Mrs. John B. Rice.

Jericho Gap Paving Contract to Be Let 19th

According to advices from the highway department, a contract for paving the infamous Jericho gap will be let the 19th of this month.

Contractors have received notices for bids on that date and funds have been set aside for the paving.

The bids will call for a caliche base road with triple asphalt surface.

Awarding this contract will consummate a long fight by people of this section for a completed system on this highway, this being the last gap on the "Main Street of America" between Amarillo and Chicago.

The McLean chamber of commerce highway committee, in common with similar committees in other towns on the route, has made many trips to different places and has interviewed many men in the past few years, striving to get some action on this stretch of road.

RED CROSS ELECTION THIS AFTERNOON

According to W. K. Wharton, chairman of the McLean chapter the American Red Cross, an election of officers for the coming year will be held at the city hall at 3 p. m. today (Thursday).

A representative of the national chapter is expected to be here for the election, and all members are urged to be present and vote.

For the past few years elections have been held with printed ballots, but it is understood that nominations will be made from the floor at the open meeting this year.

The annual roll call will begin Monday and continue until Thanksgiving Day. Creed Bogan will be roll call chairman this year.

ZANE SMITH MOVES

Zane E. Smith, who has been employed by the Southwestern Public Service Co. here for the past year, has moved to Groom, where he will be superintendent of the company's plant.

The Smith family endeared themselves to McLean people during their stay here, and their friends are glad to learn of their advancement.

Mr. and Mrs. Robert Jones of Amarillo visited the lady's mother, Mrs. H. Crawford, Sunday.

Mr. and Mrs. Earl Stubblefield and daughter and Dwight Stubblefield visited relatives in Wellington Sunday.

COLLEGE PRESIDENT COMPLIMENTS TIGERS

Detroit, Mich. (via air mail), November 4, 1935.

Mr. T. A. Landers, The McLean News, McLean, Texas.

Dear Mr. Landers:

Congratulations on your latest honor in being appointed to the Gray county parole board! When are you going to run for governor?

I thoroughly enjoy reading The McLean News. It is very interesting. I am keeping fully informed regarding the activities of the McLean Tigers. They are certainly giving your city good publicity.

The impression I get from your paper is that you have a real live city with real live men in it.

None of your organizations, however, appears to equal the McLean Tigers. They are in a class to themselves and I am glad to know they are receiving loyal support from your business men and other citizens.

Yours very truly,

R. J. McLean, President, Detroit Commercial College.

PRESBYTERIAN REVIVAL CLOSED SUNDAY NIGHT

The series of revival services at the First Presbyterian Church closed with the evening service Sunday.

Rev. R. Underwood of Osceola, Iowa did the preaching and Pastor W. A. Erwin led the song service.

Results of the revival include 20 additions to the church membership.

The evangelist was given an offering of \$150, and all local bills incident to the campaign were taken care of in cash.

KOEN-SAVAGE

The marriage of Miss Erma Koen to Mr. Lawrence Savage has just been announced. They were married Aug. 5, at Arapaho, Okla., with Judge Donald B. Dauth officiating. They were accompanied by the groom's cousin, Miss Nina Bosley, of Wichita, Kansas.

The bride is a daughter of Mr. and Mrs. M. G. Koen, and a 1934 graduate of McLean high school.

The groom is a son of Mr. and Mrs. Ed Savage of Kellerville.

The young couple will make their home in Shamrock.

Mr. and Mrs. Bert Smith of Clarendon visited relatives here Sunday.

Mr. and Mrs. Homer McElvaney of Clarendon visited in McLean Sunday.

Tigers Will Meet Lefors Here Friday

The McLean Tigers will meet the Lefors Pirates on Tiger Field Friday night.

The Pirates are rated one of the best teams of the district, and Coach Allen's boys are looking forward to a hard fought battle.

Last Friday the Tigers whipped the Wheeler Mustangs to the tune of 28 to 0, in a one-sided game after the first quarter. During the first period, it looked as if the reputation gained by the Wheeler team in their recent tilt against Shamrock might be repeated here, but everything was changed from then on until the end of the game.

One of the largest crowds seen on Tiger Field this season was present for the game. The new bleachers were installed and put to good use.

A light shower of rain was falling at the end of the first half, but stopped for the remainder of the game.

The Tigers remain undefeated for this season, an honor shared with only one other team in the district, Coach Rush's highly rated Shamrock Irishmen, who have not been scored on thus far by a conference team.

Following the game Friday, there will be only two more conference games; next week Clarendon at Clarendon; and the following week Shamrock here.

BUSINESS MEN OFFER ARMISTICE DAY RESPECTS

McLean business men honor the boys who fought in the world war, in a full page advertisement in this paper, featuring Armistice Day.

This advertising is not calculated to solicit business, but is simply a neighborly act in expressing reverence to the memory of those who offered their lives as a sacrifice for the rest of us.

NEWS EDITOR WINS PRIZE

The News editor won a fine table lamp as fourth prize in the oldest lamp contest at Amarillo, sponsored by the Southwestern Public Service Co.

The editor's entry was a brass candlestick that at one time belonged to Thomas Jefferson, and handed on down through the Jefferson family, the editor's great grandmother being a Jefferson.

SENIOR REPORT

Mr. Alderson was in McLean again on Thursday. He remade the pictures of the seniors who were dissatisfied with the first ones. The first shipment of pictures will probably be here the first part of next week.

Mr. Shoemaker states that the first shipment of senior class rings should be here before the 11th.

Sidney Johnston has withdrawn from school.

JUNIOR REPORT

The junior class is very glad to report a new member, Modelle Laller from Magic City.

HOME ECONOMICS NEWS

The second year home economics class has completed the study of meat and a study of poultry and fish is to follow. The class will learn to dress a chicken, and the parts of the fowl.

The first year class is completing the first garments. They will soon begin the making of dresses.

The home economics club met with Molita Turman on Tuesday evening, Nov. 5. All old members were present for an enjoyable time, and new members were welcomed.

AGRICULTURE BOYS WIN POULTRY JUDGING CONTEST

The members of the McLean poultry team have again brought honor to their school. Verne Harris, J. D. Back, George Chambers, Bill Roth, Kid McCoy, Harold and Herman Petty attended a poultry judging contest at Quail last Saturday. The contest was sponsored by A. A. Tampke. The poultry team, consisting of Harris, Chambers and Back, was successful in winning over eight teams to win the contest. All the team members placed high. Harris was high man in the entire contest with a score of 545 out of a possible 600. Chambers was third high man with a score of 525, and Back was fourth with a score of 513.

These boys showed great ability as poultry judges in this contest, and we expect them to become better under the guidance of their instructor, Clyde Magee.

MUSIC CLUB MEETS

The senior music club met last Friday after school in the studio of Mrs. Boyett. Roll call was answered with the names of three composers. A discussion of year books was held. All members participated in the program with either solos or duets.

Mrs. Boyett, the hostess for the afternoon, served ice cream and cake.

ASSEMBLY

On Thursday, Oct. 31, a "pep" rally was held in the auditorium. Clyde Magee, agriculture instructor, made a report of the trip the stock judges made to Kansas City. He then presented the team, who in turn made reports of the different events.

Queen Gwynne Carpenter was presented a gift by the high school. Each year it has been customary to present the football queen with a gift. Heretofore the presentation has been made at the time of the coronation, but it was decided to make two separate occasions. Miss Kennedy presented the gift, which was a black zipper cutex set. On the case was engraved in gold the inscription "Tiger Queen 1935." The queen selected this year is not only one of the most attractive girls in school, but she is also one of the best students. The student body showed their appreciation of the choice by applause.

TIGERS MEET LEFORS FRIDAY

When the Tigers meet the Lefors Pirates at 7.30 Friday evening, it is hoped that the largest crowd of spectators of the season will be present. The Tigers realize that they have a hard game ahead of them, and they need support. Although the weather is inclement, the game will be interesting enough to keep you warm. Bring the family and come to see the McLean Tigers.

BEAT LEFORS!

TIGERETTES BUSY

The Tigerettes keep busy trying to help the athletic fund. The girls sold tickets and hat bands last week. They meet for practice daily. Three new members from the elementary school are meeting for regular practice now. They are Evonne Floyd, Fabrice Galloway and Naomi Hancock.

S. S. LESSON

Rev. Cecil O. Goff
First Baptist Church

TEACHES PERSONAL RESPONSIBILITY

Next, Ezekiel 33:7-16. Golden rule: Every one of us shall give an account of himself to God. Romans 14:12. We have to understand the message of the prophet Ezekiel in the light of the responsibility for sin. Ezekiel was a contemporary of Jeremiah and a contemporary of Jeremiah. He did not prophesy in the same way as Jeremiah. He was a prophet of the exile. He was taken into the first deportation to Babylon in 597 B. C. We know of his early life except that he was a priest, but we first find him in Babylon where the exiles had gathered. He was a member of a community presided over by Shaphan in the fifth year of the exile. He was called to the prophetic office in the seventh year of the exile. His capacity as a prophet was tested in the twenty-second year. We know he was a popular prophet, but we know from the frequency with which he was consulted him as a prophet, indicating that he was a man of God and shared the burdens of his people.

the tower did not have to spread a false report when the enemy was approaching to be recreant to his duty, he had only to fail to give the true alarm. So we as Christians sin grievously when, being fully aware of the consequences of sin, we fail to warn the wicked of his wicked way. Ezekiel faithfully discharged his duty and "delivered his soul." Then said the people, "If our sins are upon us, how can we live?" But Jehovah answers them through the prophet, "I have no pleasure in the death of the wicked; but that the wicked turn from his way and live; turn ye, turn ye from your evil ways, for why will ye die, O house of Israel?" (Ezekiel 33:11). Here is the loving Father pleading with His erring children. Here we see the consuming love, the anxious passion of the Father who sent His son "to seek and to save that which was lost." The Lord turns preacher to plead with His people, to provide a way of escape from the inexorable laws of His own righteous laws. He desires life and not death for His people. "Oh why will ye die?" From this question we perceive that He will coerce no one. He has given us the power of choice. In our own hands rests the final decision. Oh that we, the children of God, might manifest a little of the Father's divine compassion for men entangled in the meshes of their own wickedness. We need to realize anew that the world is lost without Christ and "neither is there salvation in any other." We may not be able to save men from the consequences of their sins, but we can warn them of these consequences. If they will not heed the warning, it is their own responsibility and we will have "delivered our own souls."

AGE

By A. T. Wilson

When did time start? No human knows. The finite mind is absolutely unable to understand or conceive of a never beginning or never ending stage of existence, and try as mortal man may, he is not able to master the subject. The nearest thing to it is a circle which has no beginning or ending, and he will just have to pass it up and take it for granted that the Bible is right when it says "As it was in the beginning is now and ever shall be." Scientific research has revealed that this earth isn't any spring chicken, but there is no way of ascertaining its actual age. You can tell a tree's age by looking at the yearly rings, and a horse's age by looking at his teeth, but the hardest thing to tell the age of is a skillfully made-up woman, and about the easiest thing to tell the age of is a butler. Even the most modern youth respects old age in butler.

The oldest living man of modern times is supposed to be around 184 years of age, and is absolutely impossible to tell how old the oldest living woman is. I was in a neighboring town last year and ran across an old man I knew, and when I asked him what he was doing, he said, "I am pulling cotton every day I can find any to pull." I then asked him how old he was, and he replied, "Ninety-six." This old man afterward attended the confederate veterans' reunion at Amarillo and was the youngest looking man to his age of them all. That was the best place to study aged men I ever saw, and there was a sprinkling of aged women there. I stopped and listened to one in particular, and she went on to say, "I have been to places and seen things and none of these modern girls have anything on me. I was 7 years old when I married, and I have just been married 67 years, and during that time I have raised 13 children and married them all off. I made clothes and did the cooking for the whole works. I would just like to see some of you young girls tackle a job like that, and I have lived over it all, but I am afraid you would die of a broken heart."

Did you ever see an old man (and man embraces woman) but that was a heck of a man when he was young? The following verse is a toast to an old man. Here's to the man who is sixty and past. He has lived his life and he's lived it fast. Here's to the football boy galore Who out does him and makes him sore. All he can do is buzz and buzz, And tell what a heck of a man he wuz.

When I was a boy these Halloween pranks and Christmas tricks were extremely funny and exciting, but now they seem foolish, crazy and disgusting. When you were the prankster they were highly humorous, but when you are the victim you see them wrong side out. When you are young you are optimistic and everything looks rosy and life seems like a picnic, but when you are old you view life from a smoked glass viewpoint, and it looks like the younger generation is going to the dogs. When you are young you are looking for pleasure, thrills and excitement, but when you get old you look for comfort, security and quiet. When you are young you more likely belong to a class of people who rush in where angels fear to tread, but when you get old you think you are wise as Minerva, the goddess of wisdom; but be careful, for there is no fool like an old fool, without it is a damphool.

Proved in '35- NOW BETTER THAN EVER! FORD V-8 TRUCKS FOR 1936

TRUCK operators bought nearly 100,000 Ford V-8 Trucks and commercial cars the first 6 months of 1935—58% more than in the same period last year.

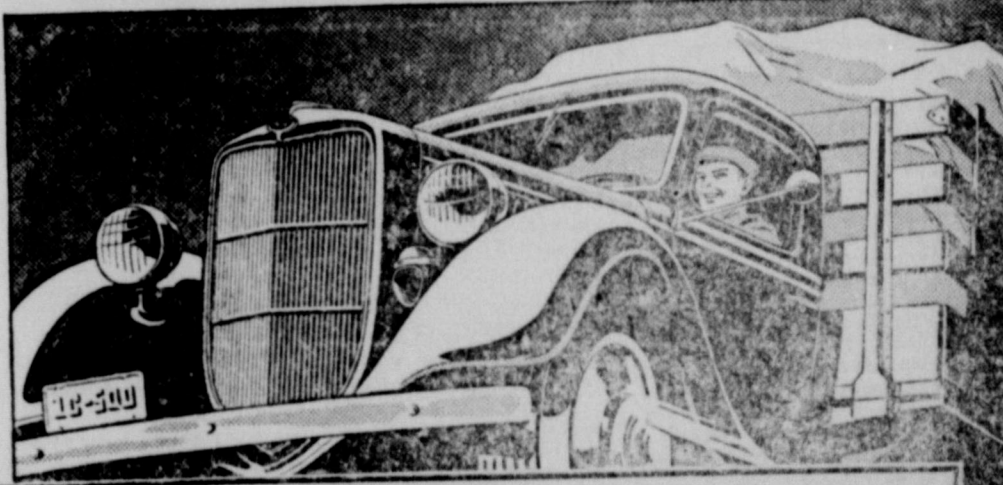

These operators found the 80 h. p. Ford V-8 engine ideal for modern trucking. It has exceptional power, flexibility, stamina—and their records prove that the V-8 is the most economical Ford Truck ever built.

And they prove far more—the Ford's ability to stay on the job, out of the repair shop—its rock-bottom upkeep costs—the tremendous strength of Ford's heavy-duty chassis and frame.

You get these proved qualities in the 1936 Ford V-8 Truck—plus new improvements for even greater efficiency and dependability. Read the features at the right. Think what value they mean at Ford's low prices.

Make Your Own "On-the-job" Test Ask your Ford Dealer to loan you a 1936 Ford Truck. Let your driver and load prove Ford V-8 value to you with the greatest truck Ford ever built. There's no obligation. AUTHORIZED FORD DEALERS OF THE SOUTHWEST

Text: "Be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you."—Eph. 4:32.

THE ROOT OF CHARITY

There is a great deal about charity, charity drives, charity organizations, and there are Community Chests in many cities to relieve the needs of families who apply to organizations of charity for help. Recently an appeal was made over a wide network of radio stations

by our United States President to help the unemployed and needy.

Much has been done during the past two months in reducing the number on relief rolls. There are some even at this hour who refuse to go to work because they prefer to be "on relief," thinking that "Uncle Sam" owes them a living while they loaf. Some youngsters revealed in essays that when they grow up they are "going on relief." They are taking their lazy fathers as examples.

There are also cases on record that some people on relief refused to go to other cities where work was offered them just because they did not feel that they should go, or else because the wage was not high enough! In spite of the fact that some people abuse the charity of others we must practice charity, nevertheless.

We are to be tender-hearted and kind one to another, to our fellow-

men in this nation and other nations. No one likes a "knocker." Constructive criticism should be acceptable at all times. Destructive criticism should be avoided.

It seems difficult at times to practice charity, love, kindness and tender-heartedness. Charity is giving something out of love in order to help another; it is not giving from surplus, but from our pocket, taking away from ourselves something in order to help someone else; charity is giving so that it hurts, but giving willingly and uncomplainingly. Giving and helping grudgingly is not charity.

The root at the bottom of all that charity is forgiveness. God was charitable to us by forgiving us from all sin through His only Son Jesus Christ. We are likewise to forgive our neighbors and fellowmen. That is a duty as well as basic charity. If we forgive, then other kind

acts will follow, yes, they will flow from the heart and not from a grudging hand.

Therefore, "Be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you."

If we follow this injunction of Holy Scripture we will help in doing away with unemployment and aiding our country in getting back on its economic feet. After we do away with the friction of unemployment and poverty, we will have progress. But, remember, there is no progress without God's blessing and God's charity.

Easy to Make Pajamas Please Sleeping Beauty

PATTERN 2362

You're sure to want several pairs of these adorable pajamas when you find how easy they are to make. Why not have your week-night ones of some pretty cotton or flannel which launders easily? Then you just must have one pair in a tuscious shade of blue or tearose silk, for gay week-ends away from home, and your "nightly" wardrobe isn't complete without one pair of dress-up pajamas of some heavier material for lounging or lazing, particularly if you're a Campus Queen. The flared shirtwaist top may tuck into the bell-bottom trousers which "get the hang of it" from a triangular yoke and snug elastic waistband. Pattern 2362 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42. Size 16 takes 4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included. Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE. Address orders to the Sewing Circle Pattern Dept., 243 West Seventeenth St., New York City.

The Road to Better Health

By Dr. Robert Ambrose Elliott

STREPTOCOCCUS

This ordinary member of the microbe universe might be well taken for an aristocrat, were it not for the fact that he is always present at every "bug convention." By that I mean that there is no disease manifestation from which the streptococcus is absent, and he is an ever present nuisance wherever sickness is concerned. Nevertheless, we must handle him with care if we are to expect a continuance of our existence on this terrestrial plane.

Opinions Differ

Various authorities have many opinions as to what state or condition to lay the cause, but all are agreed there must be a primary lesion. The reason we have the many different diseases to which the flesh is heir, is because we lack the resistance to fight them off. The first invader to take advantage of our condition, is usually a tubercular infection, and few, indeed, are the persons who are en-

tirely free from its presence. The by-product of tubercular infections makes a perfect feeding ground for the subject of this article—the streptococcus, and in turn the streptococcus keeps the tubercular infection in check. Hence, it is sometimes called a "friendly germ."

Watch Your Resistance

There is scarcely a disease, as I mentioned before, where streptococcus cannot be found. Colds, pneumonia, rheumatism, catarrhal conditions; every sore finger or sore elsewhere, so-called "blood poisoning," and even falling hair has been attributed to the presence of streptococcus. With a thing so prevalent, what are we going to do about it? There is but one answer. Watch your resistance. Keep it up to a high standard by practicing the principles of clean living.

The presence of streptococcus along with other bacteria, when in abundance, is usually characterized by fever, and as a rule ushered in with a chill. High fever indicates high resistance, and high resistance rids the body of a multitude of "sins." Therefore, open the flood gates and let the bad pass out. Keep the bowels open, kidneys free and the skin clean.

Household Hints

By Jean Mueller

Have you ever tried using the recipe card file? I find it a most convenient way to keep my recipes.

Whenever you have a meal that seems to be especially good, why not jot it down on one of your index cards for future use?

When it comes to finding a recipe or hint, it is so much easier to find it in the index file than it would be if you had to look through all of your recipe books.

DO YOU KNOW THAT:

1. A roast that is seared shrinks more than one that is not seared?
2. A roast that has a nice, fat covering does not need to be basted if put in the pan with the fat side

up so that it will baste itself as the fat melts?
3. When a kettle of meat or vegetables scorches, place the kettle in cold water as quickly as possible and the food will not taste scorched?

Now Science Explains Why So Many People Past 40

Feel That They're Slipping Losing Their "Grip" on Things

Many people "round 40 think they're growing old." They feel tired a lot... "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this in a great many cases, is simply an acid condition of the stomach. Nothing more.

All you have to do is to neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia Tablets.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of liquid Phillips' Milk of Magnesia.

But It Is Not In many novels and some plays levity is called "romance."

I FEEL FINE

Mothers read this:

A CONSTIPATED child is so easily straightened out, it's a pity more mothers don't know the remedy.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need.

This treatment will succeed with any child and with any adult. Doctors use liquid laxatives. Hospitals use the liquid form. It is best for their use, it is best for home use.

And today, there are fully a million families that will have no other kind in the house.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, now so widely known that you can get it all ready for use at any drugstore.

Costume of Suede Is Top o' the Mode

By CHERIE NICHOLAS

STOP, look and listen for its most important news we are telling you—all about the latest sensation in fashion, namely the costume done entirely of handsome, colorful suede.

A significant thing about this intriguing all-leather movement is that designers have discovered that suede adapts itself with equal facility to formal as well as casual sporty styling.

To prove to your satisfaction the truth of the above assertion, we invite you to glimpse the "love of a gown" as pictured to the left in the illustration. The lady of the evening as here portrayed is Bette Davis of cinema fame.

CREPE AND VELVET

By CHERIE NICHOLAS

Velvet enters into every phase of the mode this season. The afternoon dress which combines velvet with wool or silk is a highlighted number on the present style program.

in front with low backline outlined with braided suede adds further distinction to this charming gown.

Suede evening wraps are also in high fashion, either of the short jacket styling or in loose swaggar lines.

To the right in the picture, Kathleen Burke, another favorite, is wearing a five-piece ensemble done entirely of handsome suede.

In the instance of the five-piece "set" here shown, lacing is carried out along the edge of the side-front fastening of the form-fitting skirt, also on the collar and revers of the swaggar coat and two-buttoned vest.

COLOR PERVADES WHOLE ENSEMBLE

Color is not content this season to be a splash or a dab—it pervades the entire ensemble from tip to toe and has finally invaded the field of woman's most conservative color accessory—silk stockings.

The traditional beige and gray tones have made way for red and green stockings. Wine red stockings are smart with all of the wine tones.

Suede green silk stockings are worn with greens and browns, with green suede or antelope gloves, shoes, and bags to match.

Navy blue hose are high style with a blue town suit collared with raspberry red velvet and worn with a matching hat.

Some New Shades Added to Hosiery for Autumn Wear Hosiery, this fall is here in a variety of new shades. In keeping with a growing feeling of luxury in the evening mode, smart complements will be provided for the gold, silver, and bronze slippers worn with gowns of Eastern influence.

Smoother Hair Styles Smoother hair styles are being seen for early fall. Advance styles would indicate that the elaborate rows of curls, popular for many months, are to be laid aside—until we all change our minds again.

Handbag Made of Wood A smart handbag is made of wood and flat, designed to look like an enormous comb and it is made of wood in a stark, brown, natural finish.

Blind Heroes Guided by Wives in Strange Town

A two-hour journey from Belgrade reveals one of the strangest villages in the world, where all the husbands are blind and the work of the colony is directed by the wives who see.

The town of Vetrenik is the first blind war veterans' colony in Yugoslavia, the first in a program of land settlements for the blind undertaken by the government.

The government institute for the blind arranged many marriages for unmarried blind veterans and aids the couples in the settlement at Vetrenik. The men are employed in useful crafts and the household work and operation of the colony are managed by the wives.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

TIGER AERIALS WIN OVER WHEELER, 26-0

After getting off to a slow start, fumbling and loosing ground the first five times they carried the ball, the Tiggers exhibited an aerial attack the second quarter in the game against the Wheeler Mustangs Friday night, and put across three touchdowns before the first half ended to put the game on ice.

The first touchdown came on the second play of the second quarter. Late in the first quarter Nicholson intercepted a pass intended for A. Weeks, deep in Wheeler's territory. On the following play the ball was carried down to the 13 yard line, where the quarter ended. Stratton, carrying the ball on two successive line plunges, went over for the score and kicked the goal for the extra point, with Christian holding the ball.

Wheeler received after the touchdown, but were forced to kick after trying two plays through the line and one around their left end. On getting possession of the ball, Laswell, McLean half, passed to Stratton for a 38 yard gain. On the next play Christian went across the goal, but the play was called back, as the head lineman ruled that the McLean left end was not on the line of scrimmage, so McLean drew a 5 yard penalty. On the following play Christian passed to Cunningham over the goal for a touchdown. Try for extra point failed.

Late in the same quarter McLean got possession of the ball on their own 40 yard line. A pass from Laswell to Stratton put the ball on Wheeler's 30, and then a pass from Laswell to Cunningham across the goal gave McLean a third score. Stratton converted for the extra point. The half ended McLean 20, Wheeler 0.

The third period was scoreless, but early in the fourth period Laswell went across from his 7 yard line for a score following long gains through the line by Christian and Cunningham, to end the scoring of the game.

Wheeler fought desperately until the final whistle, in an effort to score, but were unable to make a dangerous threat. Weeks, half, and Ford, full, were fast and powerful but needed more help than they were able to get from their team mates to get through the Tiger line or around the ends. Kennedy and King played a powerful defensive game at tackles, as did Chilton and Cooke at guards, Nicholson at right end has showed improvement in every game and was

surely playing head-up ball in this game. He had plenty fun breaking up the Wheeler interference on the end runs and got the man with the ball for losses time after time. In addition he had the fun of intercepting two Mustang passes.

McCarty and Christian did a good job at backing up the line and before the game was over the Wheeler backs preferred not to get through the forward wall, lest one of these line backers send them home looking for a pick and shovel.

The Tiger pass offense worked as nearly perfect as any ever did. Wheeler tried eighteen passes. Only four were completed for a total of 9 yards. One pass netted 20 yards, another 1. One pass lost 11 yards and another 1. So on two passes there was a gain of 21 yards, and on the other two a loss of 12 yards, making a net gain of 9 yards for the four.

Brawley and Finley shared the time at the right end position in the absence of Johnson, who received a leg injury in last week's game, and did the job well. Graham substituted for Stratton at the full back position at the half. He did not carry the ball but twice, but played a wonderful game at the safety position.

This is McLean's sixth consecutive victory under the coaching of Coaches Allen and Loter, who are certainly to be commended for the wonderful playing their boys are doing. Only three more games remain on the regular schedule, then comes the district, bi-district and regional games.

LEFORS PIRATES PLAY TIGERS HERE FRIDAY NIGHT

Coaches Bill Bronson and Francis Smith will bring some thirty-odd of their Lefors Pirates to do battle with the McLean Tigers, on Tiger Field Friday night.

The Pirates have been having lots of trouble in their conference competition this season, having lost to Shamrock, tied Memphis and Clarendon, and taken games from Mobeetle and Wellington. They have no chance at all at the district championship, but this will not dampen their fighting spirit when they play here Friday night, for somehow they just get a thrill from defeating McLean in anything. They have never won a

football game from McLean, and you may be sure they are going to fight the full length of the game in an effort to win this one.

The Pirates will likely be the hardest-hitting bunch McLean has played so far this year. They are plenty good on offense and are prepared to stand the roughest of treatment.

Coach Allen is taking no chances on losing this game and has been busy drilling the Tigers on new plays especially designed to meet the Pirate defense, and is continuing to drill his men on a pass defense.

All the McLean regulars, except Johnson, right end, are in perfect physical condition for the game.

GRADE SCHOOL SUFFERS DEFEAT FROM LEFORS

The McLean grade school suffered a defeat, 32 to 7, from the Lefors grade school Monday night on the local gridiron.

The McLean boys put up a desperate fight against their heavier opponents up until the last whistle and scored on the last play of the game, from their 40 yard line, with Cupell carrying the ball.

The first score came about the middle of the second quarter when E. Lee, Lefors left end, received a pass on his end zone. Libby ran around his left end for the extra point.

The half ended Lefors 7, McLean 0. It was Scott who ran wild the second half and scored four touchdowns. Early in the first half he broke through the McLean line and ran 60 yards for a score. For the other three counters he ran 59, 89 and 30 yards.

A nice sized crowd, considering the cold night, witnessed the game.

IN REVERENCE TO THEIR MEMORY

Lest We Forget! A Thought for

1918 -- November 11 -- 1935

TIME MOVES ON. Hardly seems that seventeen years have gone into history since that eventful day of 1918 when the greatest conflict the world has ever known came to an end. A glorious victory it was for the Allied Armies .. a glorious triumph of Humanity over the forces that sought to destroy it.

And yet it was not a victory without its price. In honored graves in Flanders Fields and in our own consecrated ground lie those young heroes who so unselfishly gave their all in Humanity's defense. And, in hospitals throughout the land .. yes, in civil life, too, there still are many whose wounds of war have never healed. Yet uncomplainingly they carry on .. hearing the cost of their devotion to their fellow man with a fortitude that is amazing.

To the hero dead .. to the wounded .. yes, to all the lads who in '17 and '18 followed the flag in the World War .. our undying gratitude. And to give that gratitude expression, let us solemnly face the east at 11 a. m. Armistice Day, and breathe a silent prayer of Thankfulness!
