ENTERTAINMENTS

Eatons Entertain Tigers
On Tuesday evening, Nov. 17, Dr. and Mrs. C. B. Batson entertained the Tigers and their coaches, together with Mrs. Bill Allen and Miss Elizabeth Kennedy, Tigerette sponsor, at a bounteous turkey dinner in their attractive home on Commerce street. The table was a massive "T" placed in the center of the living room. Table and house decorations were in school colors, and attractive place cards marked the places. Captain Laswell sat at the foot of the T and Coach Allen and the host sat at the head.

Novel entertainment was furnished by the small sons of Dr. and Mrs. Batson, and by Miss Kennedy. Speeches were made by all present. The menu consisted of a quite unusual cocktail of spinach (which was to enable the boys to "beat Shamrock"), turkey, dressing, peas, cranberry sauce, diced potato salad, rolls, ice cream, cookies, hot chocolate and coffee. Everything was most delicious and the Tigers "did justice to it."

Everyone present expressed appreciation of the host and hostess for the enjoyable entertainment and for their loyal support of the Tigers.

Pot Luck Dinner

On November 24, the Tigers, Tigerettes, band and faculty entertained themselves with a pot luck dinner in the basement of the Methodist church. The tables were arranged in the form of a U. There were no decorations, no place cards, and no formal entertainment. Plate lunches were served, containing the following: Brunswick stew, cole slaw, buns, pumpkin pie with whipped cream, and coffee. Coach Allen was master of ceremonies, and performed his duty in a most eloquent manner. Talks were made by all present. The new captains were presented and each responded with a short talk. A period of pep singing was hilariously enjoyed. The entertainment was closed with a vow. Everyone present joined hands and sang "That Good Old Tiger Line," and vowed to win the district next season.

Mr. Harding and Miss Kennedy were chief cooks. Theatre Host to Dinner Guests Following the pot luck dinner, the Lone Star Theatre was host to the 100 persons included in the Tiger squad, Tigerette club, band and faculty who attended. A most interesting show was greatly enjoyed. All who attended appreciated the interest and support that those who were responsible for the entertainment give to the school.

TIGERETTES SUPPORT TIGERS

The Tigerettes have loyally and faithfully supported the Tigers during the entire season. They are always entering in their efforts and have a spirit of "never give up." They have been led by two exceptionally good leaders this year, Eula Faye Foster and Marietta Young. Julia McCarty, president and Miss Kennedy, sponsor. The Tigerettes have put forth a great effort to present worth while performances at each game, and they have been repaid by the many compliments received.

Following is the membership of the club: Vada Appling, Lois Bowen, Mabel Back, Mary Louise Brawley, Louise Biggers, Lois Bradstreet, Willie Louelle Cobb, Georgia Colebank, Eva Dowell, Hazel Dyer, Eula Faye Foster, Naomi Gunn, May Belle Grogan, Juanita Hancock, Leona Humphreys, Chloe Hanes, Shirley Johnston, Gwendolyn Koen, Margaret Kennedy, Cleo Ledbetter, Velma Mann, Mary Alice Patterson, Marquetta Payne, Leta Mae Phillips, Frankie Roth, Dorothy Sitter, Helen Sharp, Mollie Turman, Ruth Thacker, Marietta Young, Ermadel Floyd, Julia McCarty, Berniece McClellan and Iona Hale.

BAND FAITHFUL TO TIGERS

The high school band has been faithful in attendance of games and in their attempt to cheer on the Tigers. The band is directed by Prof. C. H. Leeds. The band has drilled tirelessly in its effort to perform in an exemplary manner at each game.

Herein is given the membership of the band: Glyndora Bailey, Jack Bogan, Clyde Carpenter, Jeff Coffey, Billy Cooke, Jesse Dean Cobb, Clint Doolen, S. J. Dyer, Wanda Estes, James Finley, R. L. Floyd, Stanton Gardner, Alonzo Henderson, Paris Hess, Wilma Holmes, Roy Kiser, Glenda Landers, Edwin Ledbetter, Hobart Moore, Wilda Joyce McMullen, Francis Petty, Harold Petty, Billy Bert Sanders, Earl Simmons, Vester Lee Smith, Jimmie Clark, Herman Petty, Joe Cooke, Donovan D'Spain, Walter McCord, Jack Young, June

Young, James Lee Rice and Harold Rickard.

TIGER FANS—"BEST IN WEST"

There could be no football team in McLean without the wonderful support that the town gives the team. The fans in McLean furnish the necessary support that gives the team an incentive to win. The McLean fans are always ready to give a word of encouragement, to follow the team for miles and miles, and to cheer even in the face of defeat. The entire high school student body is sincere in the belief that McLean has the best fans in the country.

BOYS PLAY LAST GAME

Six Tigers played their last game for McLean high school when they played in the game against Shamrock. These boys: Captain Laswell, Orville Williams, Clyde Dwight, Morse Ivey, Windy Finley and Dub Smith, turned in their last games and they turned in good ones. Each player has been loyal to his high school and to his team. Captain Laswell and Orville Williams have to their record, too, very good reputations as exceptional students.

CHAPEL

A Thanksgiving program was enjoyed by the student body last Wednesday. Mrs. Cecil G. Goff sang a solo and Rev. Goff brought a Thanksgiving message.

HOMEMAKING REPORT

The first year girls are now working on their print school dresses and expect to have them completed within the next few weeks. The second year girls are studying planning and rearranging the kitchen equipment. The girls have found in their study of the different equipment that aluminum is a very good material for kitchen utensils, for the following reasons: 1, it conducts heat quickly and evenly; 2, it is pure and non-toxic; 3, it helps to retain the vitamins necessary to life and good health; 4, it is the lightest of all metals used for cooking utensils; 5, it is strong and durable; 6, it is easy to clean.

The third year girls are studying well arranged homes. They are discussing floor plans of houses that are conveniently arranged and are setting up standards for well arranged house plans. (By the way, these girls must be getting ready to be homemakers for some Tigers).

F. F. A. BOYS WILL ATTEND MANY CONTESTS

The F. F. A. boys will be very busy for the next few months. They will go to Clarendon Saturday of this week to enter a poultry judging contest. If the McLean team does well in this contest, they will journey to Hereford on the following week end to enter a contest.

The McLean F. F. A. chapter is making plans to hold a poultry show, but the date has not been set. Sometime during the latter part of January the chapter will conduct a livestock show and present a play. The projects for the F. F. A. boys are being inspected by a group of boys and their instructor, Clyde Magee. Eighty per cent of these boys have good projects, and are getting better results by giving more attention to them than the average farmer could.

SENIOR ACTIVITIES

Due to the fact that the senior activities cover too large a portion of the last week of school, and that parents of the seniors should become acquainted with the faculty before the last of school, the senior reception for seniors, their parents, and the faculty will be given on Dec. 15.

BASKETBALL SEASON BEGINS

Basketball practice is now beginning with an almost entirely new lineup in all positions, because only a few substitutes from last year's team have returned. Most of the boys are short and seem to be above the average in speed, but there are three boys that pass the six foot mark. It is the Holmes brothers enter this sport. Coach Allen will have a quintet of tall boys and two teams of short ones. With almost a month to practice before the season begins, the boys should become good ball handlers. The offense will be a quick break which should give the fans all the action they need. Some of the fans who do not like football should support the basketball team. If enough interest is shown, McLean will probably sponsor a tournament. The McLean Tigers will play teams from Sannorwood, Lefors, Shamrock, Canyon, Wheeler, and others. The boys reporting for practice are: Ray Terrell, Clyde Dwight, R. L. Floyd, Ray Humphreys, Albert Over-

ton, Joe Bogan, Woodrow Patrick, Stanton Gardner, Norman Trimble, Danny Hill, Windy Finley, Edwin Ledbetter and Morris Turner.

SHERLOCK'S SNOOTINGS

We wonder why Ray Terrell answered "Absent" when called on in civics class. By the way, speaking of civics, here is a song for the class, written by Eula Faye Foster: "We, the students of Coach Allen's civics class, in order to make a better grade, establish a reputation, insure our teacher's sweet temper, provide for peace at home, promote the general welfare, and secure the blessings of a night out each week, from now until Christmas, do all down and diligently memorize the Preamble to the Constitution of the United States of America." Morse Ivey has that "Bravo" handshake. M. H. S. has lost a very good student and loyal supporter with Goldie Finley's departure for Arkansas. And will Danny Hill be in high school again? If he doesn't study English!

Not only Sherlock, but everybody in high school heard Supt. Crier complimenting our Tiger captain, Roy Laswell, for his gentlemanly qualities. Mr. Crier said that every official during the season had commented favorably upon this Tiger captain, saying that he was always courteous, respectful and gracious. (It is hard to take so much bragging upon, but we believe our captain can "take" it without getting the big-head.) And did you know that Joe Bogan reported upon some "friction" in English 3? A new type of literature indeed.

EDITORIAL

Cold weather has set in and the recess periods will have to be in the gym. The school board made some improvements in our building, and one of them was a new hard wood floor in the gym. In order to keep this floor in good condition all children will not be allowed to participate in the games played on the floor unless they have on rubber soled shoes. A schedule has been worked out so that every room will have a play period in the gym every day. Each teacher supervises the play of his or her room. If it is at all possible, make it a point to buy your child some tennis shoes. Places are provided at school to keep the shoes. If it is not possible to buy the shoes, the children will be permitted to play in their stocking feet. The pupils enjoy this play period very much and it is the only way for the recreational part of the school program to be worked out every day. Make it possible for your child to enjoy every part of his or her school life.

THE FOOL BEHIND THE WHEEL

There are still entirely too many accidents on the highways as well as the streets of our cities. There are still too many people in too big a hurry to get nowhere. There are still too many that will take a chance of passing another car on a hill. There are too many yet who take too much liberty on perfectly straight roads, and is generally caused by some simpleton that takes a chance of getting around a car in front of them, when they see another not 300 feet up the road that is coming meeting them at 90 to nothing.—Terry County Herald.

Some very brainy men seem to become brainy fools the moment they get behind the wheel of a car. The biggest fool of all is the man who will go somewhere and tank up or liquor just before starting somewhere in his automobile. Courts and juries can scarcely be too hard on the fellow that will do it.—Lynn County News.

EDITOR'S COMPENSATIONS

Norman, Okla.—Dec.—A newspaper man's compensations were listed by J. L. Newland, editor of the Frederick Leader when he spoke recently at the second in a series of journalism lectures at the University of Oklahoma.

"Some of these rewards are a continuous and broadening education, a large opportunity for public service, a broad spirit of tolerance and encouragement to be an optimist," said Newland.

"For 28 years Newland has been in the newspaper business in Oklahoma. He has served as a member of the state board of education since 1914 and is well known for his editorial and poems.

AS NIGHT FALLS, REDUCE SPEED

Both the frequency and the severity of automobile accidents increases with darkness. The fatal accident record during dusk and darkness in proportion to all accidents of such periods last year was 90% greater than the daytime experience, and over 50% of the fatal accidents occurred after sundown.

As darkness comes on, visibility decreases, and motorists should heed the warning: "When the sun goes down, slow down."

BRIVITY

"I am a woman of few words," announced the naughty mistress to the new maid. "If I beckon with my finger, that means come."

"Suits me, miss," replied the girl. "I'm a woman of few words myself. If I shake my head that means I ain't comin'."

"Yes."

AND BREATHE, TOO

First New Englander—So you had an operation on your nose?

Second Ditto—Yes, it was getting so I could hardly talk through it.

From the point of view of some people the era that ended in 1925 will not be liquidated until every man is reduced to a single pair of pants.—Kerrville Mountain Star.

DEEP THINKING

Sonny sat on the lower step, his face resting in his two chubby hands.

"What's the matter, Sonny?" asked a gentleman.

"Nothin', just thinkin'," replied Sonny.

"What about?"

"Thinkin' how dumb these are to take off their clothes in winter and put 'em on in summer"—The Automobileist.

SELF-DEFENSE

Customer (having rough shave)—I say, barber, have you got another razor?

Barber—Why?

Customer—I want to defend myself.—Montreal Star.

Ben Ames Williams writes 'Deputy of the Devil'

Fiendish were his plans... cunning were his methods. But Dr. Greeding, the man whose strange powers held sway over friend and foe alike, could not combat the stronger power of love that was destined to ruin his plan. You'll read with amazement how a series of foreshadowed incidents gave this deputy of the devil his supreme confidence... and later you'll read with satisfaction how that confidence was shattered by a force stronger than hate. The deputy of the devil became a man again; his very soul at last rebelled against the tortuous path in which it was being driven!

They All Advertise

A hen is not supposed to have much common sense or tact. Yet every time she lays an egg she cackles forth the fact. The mule, the most despised of all, has a most persistent way of letting folks know he's around. By his insistent Bray. The busy little bees they buzz, Bulls bellow and cows moo, The watchdogs bark, the ganders quack, And doves and pigeons coo. The peacock spreads his tail and squawks, Pigs squeal and robins sing, And even serpents know enough To hiss before they sting. But man, the greatest masterpiece That Nature could devise, Will often stop and hesitate Before he'll advertise.
