DEPUTY SHERIFF MAKES BOND ON INDICTMENTS

Deputy Sheriff Buford Reed made a \$1,500 bond last Thursday, following two indictments charging misappropriation of funds, returned by the 31st district grand jury.

The grand jury criticized the operating of fee accounting systems used by "various departments of the county government," and ordered that reports be made according to law hereafter.

The county auditor was instructed to enforce an accounting system that would conform to law and would eliminate any misappropriation of county funds.

The final report reads: "To the Honorable W. R. Ewing, Judge of the 31st Judicial Court:

"Now comes the Grand Jury and makes this their final report, and upon approval of same request that we be discharged.

"We have been in session 11 days and have returned 23 indictments, 26 being felonies and 2 being misdemeanors.

"During our investigation as to misappropriation of county funds, it has been evident to us that various departments of the county government of Gray county, Texas, have not conducted their accounting systems in such manner that the county auditor is able to make the examinations and reports as directed by statute. Therefore, we recommend that the county auditor prescribe the forms to be used by all persons in the collection of county revenue, fees, etc., and make an examination of the books and records of said departments at least every quarter as provided by the statute, and that he make a detailed report to the next Grand Jury, showing his actions in this regard.

"We desire to thank the District Attorney and the other officers for their cooperation and assistance during our deliberation."

McCLELLAN LAKE DAM IS CLOSED FOR WATER

The outlet gates at the McClellan lake dam were closed for the first time Monday in a ceremony in which Congressman Marvin Jones was the principal actor.

The dam is 60 feet at the highest point and is 615 feet long with a drainage area of 167 square miles.

Commissioner M. M. Newman was present as McLean's representative at the ceremonies.

O. E. S. HEARS REPORT

At the regular meeting of the Order of the Eastern Star last Thursday evening, the worthy matron, Mrs. Marguerite Batson, gave an elaborate description of her recent trip to Houston to attend the grand chapter.

There were twenty past worthy grand matrons and eight past worthy grand patrons present. Mrs. Anna Smalley, most worthy grand matron of the general grand chapter, traveled 5,000 miles by air to visit this grand chapter.

She told the assembly that if any organization could give relief, brotherly love and truth, it is the Eastern Star. "Words are empty prayers; works are the things which count. Our Standard," said Mrs. Smalley, "should be majesty of the mind, sovereignty of the will, and supremacy of the heart. All projects could be accomplished if we use this for a standard. When we come to the great divide, what would we give for one more moment which money cannot buy." Her concluding thought was, "Let us be kind; the way is rough."

Mrs. Vera Powers, associate worthy matron, also attended the grand chapter, and described a reception she attended.

At the close of chapter, the Eastern Star entertained with a banquet, at which thirty guests were present.

Mrs. O. H. Aldous of Shamrock visited her mother, Mrs. C. C. Cook, Thursday.

Mr. and Mrs. F. H. Bourland visited their son, Laurence, over the week end.

Mr. and Mrs. G. V. Koons moved back to McLean last week from Groom.

Miss Geraldine Bowen of Shamrock visited home folks here Sunday.

MRS. KELLEY GUEST SPEAKER, EASTSIDE CLUB

"Resources of Gray County" was the subject discussed by Mrs. Julia E. Kelley, county demonstration agent, before the Eastside Club last Friday afternoon in the home of Mrs. C. A. Myatt. Mrs. Kelley stated that Gray county is one of the wealthiest counties in the state, with a taxable property valuation of \$27,000,000.

"The population of Gray county, estimated on the 1930 census, is 27,000, divided as follows: McLean 1521, Albreed 200, Lefors 800, and Pampa 10,004, with 44% of the rural homes occupied by owners, and 56% by renters," said the speaker.

Mrs. Kelley gave estimates of various resources, averaged on a ten-year basis: wheat acreage, 130,000, allowing 11.6 bushels at 50c, making an average of \$754,000; cotton acreage, 11,000, 150 pounds of lint at 10c, \$174,000; grain acreage, 45,000, \$200,000. Wheat is grown over entire county, excepting McLean; cotton in vicinities of McLean, Albreed and Laketon; grain sorghum in McLean vicinity; barley, oats and grain sorghums, on the plains.

There are 50 acres of orchards growing apples, cherries, peaches, apricots, plums, grapes and berries, with 30,000 bushels valued at \$150, totalling \$45,000, grown principally in sandy vicinities of McLean, Albreed and Lefors. Tomatoes are grown all over the county, with seven clubs reporting 210 bushels grown, and an estimated 500 extra bushels in the county, valued at \$1.25, totals about \$600.

Only about half as much poultry is raised as needed, being valued at \$35,000. Mrs. Kelley stated that each family of five should have at least 60 chickens, allowing 20 pounds of meat and 25 dozen eggs per person a year. The Eastside Club with seven families reported an average of 140 chickens on hand, with more than ample supply for the year. Each person needs 100 pounds of meat a year and a balanced meal should be provided, according to Mrs. Kelley.

Stock grown was estimated as follows: 4,000 hogs valued at \$15, totalling \$60,000; 25,000 head of cattle at \$30, \$1,250,000.

A garden plot of 1/2 acre is the average. A plot 100 feet by 150 feet will supply green, leafy, yellow and starchy vegetables for a family of five if systematically planned.

The information on carbon, oil and gas was not obtainable for the meeting.

The business session for the club was conducted by Mrs. Luther Petty. A report was heard from the council. The Ball contest exhibit, consisting of 1 quart green beans by Miss Helvie Burr and 1 quart canned peaches by Mrs. Olen Davis, won third place.

The following answered roll call: Mesdames Davis, Floyd Lively, H. M. Roth, B. C. Franklin, Kate Stokes, Buster Stokes, Myatt, Petty, and Miss Burr.

The next meeting will be on Nov. 18, in the home of Mrs. A. L. Morgan.

STORES CLOSE ARMISTICE

According to the mayor's proclamation, full text of which appears on another page, stores in McLean will be asked to close at 11 a. m. Armistice Day and remain closed for the remainder of the day.

The schools will have a holiday on that day.

LIGHT VOTE HERE

Only 216 votes were cast at the McLean boxes in Tuesday's general election—100 votes in precinct No. 5 and 116 in No. 17.

Mr. and Mrs. Kenneth Wood of Pampa visited the former's parents, Mr. and Mrs. E. G. Wood, Friday night.

Mrs. Enloe Crisp and daughter of Albreed visited their parents and grandparents, Mr. and Mrs. J. D. Davenport, Saturday.

Mrs. B. E. Glass of Albreed visited her mother, Mrs. T. W. Henry, Saturday.

Mrs. W. M. Gibson of Albreed visited her daughter, Miss Elsie, Saturday.

Mr. and Mrs. J. A. Sparks visited their daughter, Mrs. D. C. Regal, at Amarillo Friday.

MORGAN SPEAKS AT LIONS CLUB LUNCHEON

Roy B. Morgan, of the Shamrock shelterbelt office, was the principal speaker at the Lions luncheon held Tuesday.

Mr. Morgan was called upon to answer questions pertaining to the accumulation of earned units on farms cooperating in shelterbelt work.

The speaker expressed appreciation for the assistance given his work by the organizations and individuals of McLean.

Entertainment musical numbers were furnished by Misses Evonne Floyd, Frances Sitter, Louelle Cobb and Juanita Hancock.

Lion Lasater announced the Red Cross roll call to begin Monday.

Lions W. B. Swim, W. E. Bogan, Carl M. Jones, W. W. Boyd, and E. L. Sitter were appointed on the Christmas basket committee.

Lion Davis was appointed to contact the Kellerville school superintendent and offer cooperation in a free clinic for underprivileged children.

Boss Lion Cryer announced the free program at the high school to be given soon.

Charles L. Anderson of Borger and C. D. Sims of Amarillo were presented as visitors, each responding with a few remarks.

SEWING CLUB MEETS WITH MRS. ANDERSON

The 1934 Sewing Club met with Mrs. C. E. Anderson for an all day session Friday.

A covered dish luncheon was served at noon and the day was spent in making a quilt for the hostess.

Members present were: Mesdames M. D. Bentley, L. S. Tinnin, J. E. Kirby, S. W. Rice, J. W. Story, C. S. Rice, N. W. Foster, T. A. Landers, Callie Haynes, J. M. Noel, T. N. Holloway, Byrd Guill, C. E. Anderson, Will Wilson, C. M. Carpenter, I. D. Shaw.

Visitors included Mrs. John B. Vannoy, Mrs. Sam Kunkel, Mrs. G. V. Koons; Mrs. T. M. Wolfe and Miss Floy Ann Wynn of Lefors, Mrs. W. J. Foster and Mrs. James Foster of Pampa, Mrs. E. F. Bucy of Rising Star, Mrs. W. O. Kimmel of Wichita Falls, Mrs. Frank Winsett of Amarillo.

The next meeting will be with Mrs. Byrd Guill.

MERCHANTS GREET READERS

A full page message from the business and professional men of McLean will be found in this issue of the home paper, commemorating Armistice Day.

This advertisement is not calculated to bring in any business, but is a friendly message from your neighbors in the business district who join our readers in expressing appreciation to those who died to give us the peace we enjoy today.

SCHOOL PROGRAM POSTPONED

The general program that was scheduled to be given at the high school auditorium Thursday night has been postponed until Thanksgiving week. Further announcement will be made as to the day the program will be given.

McLEAN GIRL HONORED

Miss Fern Landers, who is teaching in the Sudan schools, was chosen queen for Lamb county at the West Texas State College home coming at Canyon last Saturday.

Mrs. J. W. Story and daughter—Misses Nona and Jewell Cousins; Mrs. Mattie Graham and Mrs. Willie Boyett were Amarillo visitors Friday night.

Mr. and Mrs. M. E. Jones of Dumas visited the former's mother, Mrs. N. J. Jones, Sunday.

Mrs. N. J. Jones and son, Byrd, visited relatives at Elk City, Okla., last Sunday.

B. Lynch of Erick, Okla., visited in McLean Friday.

D. A. Davis was in Pampa Friday night.

Mr. and Mrs. Oscar Tibbets of Albreed were in McLean Saturday.

GALLOPING BREAKFAST NEWEST PTA AFFAIR

One of the most unusual affairs ever staged in McLean was held Saturday morning of last week, when PTA officials gave a "galloping" breakfast to the ladies of the town.

Some 70 ladies were roused from their slumbers early in the morning and told that it would cost a ten cent fine for every garment they donned for breakfast, most of them going more or less in their night dresses. The ladies were transported in school buses to the grade school music room, where a delicious breakfast was served.

First prize for the lady wearing the least number of garments was won by Mrs. J. T. Hicks. Mrs. T. N. Holloway was given a prize for being the most fully dressed, and Mrs. R. L. Appling was awarded a prize for being the most honest lady present.

The breakfast netted \$11, with several ladies to pay later.

CHRISTMAS PARTY PLANNED BY C. OF C.

A big Christmas party is planned by the chamber of commerce for Dec. 16, when schools will be dismissed for old Santa Claus' visit, according to action taken at the regular meeting held at the city hall Monday evening, with President E. C. Crews presiding.

W. W. Boyd was appointed general chairman for the Christmas program, and C. O. Greene and Vester Smith named on the committee for street decoration.

It was voted to recommend that all stores close at 11 a. m. on Armistice day, and the mayor was asked to issue a proclamation to that effect.

Discussion centered around soil and water conservation work in this district.

TIGERS WIN FROM LEFORS PIRATES, 39-7

The McLean Tigers made another conference win, with a score of 39 to 7, against the Lefors Pirates last Friday night.

The game was a good one despite the lopsided score, the Lefors team playing consistently against their superior foe.

This week's game will be played at Wheeler with the powerful Mustangs, for the championship of the north half of District 3-B.

A BIRTHDAY PARTY

A number of relatives gathered at the home of Mr. and Mrs. S. W. Rice Thursday evening of last week to celebrate Mr. Rice's 80th birthday.

Among those present were: Mr. and Mrs. E. D. Nolan and son, Gilbert, of Shamrock; Mr. and Mrs. Maurice Armstrong of Lefors, Mr. and Mrs. Edward Gething and daughter, Mary Ellen; Mrs. E. E. Gething, Mr. and Mrs. John B. Rice.

MRS. GATLIN HONORED

Mrs. C. A. Gatlin was honored on her birthday, Sunday, Nov. 6, by a dinner prepared and served by her daughters, Miss Clara Pearl Gatlin of Clarendon and Mrs. Siler Hopkins of McLean.

When Mrs. Gatlin was called to dinner, there was a large cake in the center of the table with the correct number of candles, all burning. After "blowing out" all but one of the candles, the dinner, consisting of oyster cocktail and fried chicken with all the trimmings, was enjoyed by Mr. and Mrs. Gatlin, Mr. and Mrs. Hopkins and Miss Clara Pearl Gatlin.

Mr. and Mrs. Spencer Sitter of Canyon visited the former's parents, Mr. and Mrs. E. L. Sitter, Sunday.

Mr. and Mrs. E. M. Rice of Plainview visited the former's parents, Mr. and Mrs. C. S. Rice, Sunday.

Rev. and Mrs. Troy A. Sumrall and family visited in Mississippi last week.

Mrs. E. O. Dennis and father, A. C. Huff, visited at Perryton Saturday.

Mr. and Mrs. J. J. Neill and little daughter of Dumas visited in McLean Monday.

PRESBYTERIANS ENJOY FELLOWSHIP SUPPER

Members and friends of the First Presbyterian Church enjoyed a get-together and fellowship supper last Wednesday evening.

A delicious supper was prepared and served by the ladies to the following:

Messrs. and Mesdames J. A. Ashby, Don Alexander, Arthur Erwin, W. A. Erwin, Peb Everett, Oscar Goodman, F. H. Bourland, Chas. A. Watkins, J. T. Hicks, E. J. Lander, Carl M. Jones.

Mesdames Chas. E. Cooke, J. B. Hembree, N. A. Greer, and Frank Hambright.

Misses Marian Johansen, Myrtle Marian Shaw, Dale Smith, Lorraine Hodges, Peggy Greer, Dorothy and Frances Sitter.

Messrs. and Mesdames S. M. Hodgson, C. A. Gatlin, Luther McCombs, Vester Smith, W. W. Shadid, T. J. Coffey, T. A. Massay, Allen Wilson, S. D. Shelburne, Travis Stokes, E. L. Sitter, Messrs. W. M. Smith, Dickie and Petite Everett, Billy and Joe Cooke, Vester Lee Smith, Leonard Glass, Gordon Wilson, Dee McMullen; and a number of children.

MRS. COOLEY SPEAKER BAPTIST WOMEN'S MEET

Mrs. W. O. Cooley of Kellerville was the principal speaker at the North Fork Baptist Associational women's meeting held with the McLean church last Thursday. Mrs. Cooley's talk was along inspirational lines, dealing with the women's work.

Some 36 out-of-town women were in attendance. Lunch was served at the noon and most of the session was taken up in business. The association voted to send the president and corresponding secretary to the state convention meeting in Dallas this week. These officers are Mrs. Homer Abbott and Mrs. Bob Thomas, both of McLean.

The next associational meeting will be held with the Magic City church in March.

BEULAH ALLED JAILED

Beulah Alled who publishes a mimeographed "Pampa Legal News" was placed in the county jail at Pampa Monday, charged with libel.

Miss Alled refused to seek bail in the amount of \$500. She is charged with libelous publication in her "Legal News" that District Judge W. R. Ewing was involved in cattle theft.

Miss Alled was in jail in 1931 on a liquor charge, carrying, at the time of her arrest, whiskey in a be-ribboned basket, saying she did it just to prove that liquor could be purchased in Pampa during prohibition.

Miss Alled was absent from Pampa three years, and during that time was adjudged insane in an East Texas county, spending some time in a state institution, and moving back to Pampa when released.

Commissioner-elect C. M. Carpenter found a "bee tree" and cut and moved the tree with the bees to his home, where he will hive the bees in a more conventional manner next spring.

Wild bees are somewhat of a novelty in this country; however, there are several hives of bees at different farms here.

Mr. and Mrs. J. A. Sparks visited their daughter, Mrs. D. C. Regal, and family in Amarillo Monday. Mr. and Mrs. J. Frank Bidwell of Santa Fe, N. M., were also visiting at the Regal home.

Mr. and Mrs. George Kite and children of Wheeler visited the lady's parents, Mr. and Mrs. D. E. Johnson, Saturday.

Mrs. W. W. Whitsett of Albreed visited her sister, Mrs. John Scott, Friday.

Pete Fulbright made a business trip to Pampa Thursday.

J. M. Noel made a business trip to Pampa Thursday.

C. G. Nicholson was in Pampa on business Thursday.

Mr. and Mrs. Estel Bowen visited in Shamrock last Wednesday.

Red Cross Roll Call Drive Opens Armistice Day

Along the nation's highways, in underprivileged homes and isolated communities, in hospitals, military stations, schools, and on far-flung beaches, the work of the American Red Cross has been carried on in increasing volume, M. H. Lasater, roll call chairman of the McLean Red Cross chapter, pointed out this week.

In reviewing some of the work done locally and nationally by Red Cross workers during the past year, Mr. Lasater said that great strides have been made in reaching increasing numbers of Americans everywhere, and cited the fact that in the Red Cross campaign to eliminate accidents in home and on farms, 15,000-000 householders had been advised how to eradicate existing accident hazards around private property.

"Red Cross public health nurses made more than 1,000,000 visits to or on behalf of the sick during the past twelve months," Mr. Lasater said. "They are carrying out their work in communities where nursing and medical aid are not readily available, including homes in mountains, in small country towns, on prairies, and on isolated islands in the sea. At the same time, these nurses have examined 559,187 school children for possible physical defects that needed correction, and where it was found necessary the proper treatment was arranged."

He said, too, that 295,028 persons had been qualified to stop bleeding, treat for shock, splint fractures, and give other emergency treatment following accidents, and that 88,149 persons had been trained in life saving and water safety in an effort to bring about drastic reductions in deaths from drowning.

"While there were few disasters of spectacular national importance during the year," Mr. Lasater said, "the Red Cross through this period has rescued, fed, clothed and given nursing and medical care to 108,000 victims of floods, fires, storms, explosions, and many other types of disasters. These have been scattered over 38 states and included ten types of natural catastrophes."

Mr. Lasater described the nationwide campaign against deaths and permanent injuries on highways inaugurated three years ago by the Red Cross, and said that with 676 new stations reported in operation during the past year, the total number of emergency first aid stations had grown to 2,454.

"It is important for citizens of our community to know that this work is made possible by Red Cross memberships," Mr. Lasater said. "We are preparing to hold our annual roll call between Nov. 11 and Thanksgiving day, and we hope that all members will renew their affiliation and that many others will join. The work is of vital importance, and we expect many calls to be made locally for Red Cross services during the coming year."

A FAMILY REUNION

A family reunion was held at the home of Dr. R. G. Hardin and T. H. Hardin last Sunday.

Among those present were: Mr. and Mrs. Jim Harding of Dallas, Gordon Hardin and family of Vernon, Bill Hardin and family of Clarendon, Miss Marjorie Harlan of Clarendon, Mr. and Mrs. J. S. McLaughlin of McLean.

BIRTHDAYS

Nov. 13—Leslie Jones, Will Woods, Mary Ellen Green, Eugene Greer.

Nov. 14—C. A. Cash, C. W. Bogan, Mrs. Catherine Calaway.

Nov. 15—Mrs. Lee Van Sant, Beth Brooks, Mary Hess, Mrs. Boyd Meador, Mrs. Lula Latson, Bessie Jane Langham, Mrs. Cleve Hancock.

Rome-Berlin Axis May Crumble
If Germany Is Given Colonies
By Joseph W. La Bine

Foreign

At best, Germany, Italy and Japan are unnatural bedfellows with nothing in common except totalitarianism and a grudge against the world.

First step in this direction has been taken by Reichsfuehrer Adolf Hitler in presenting African colonial

GERMANY IN AFRICA

Of onetime German possessions (shown in black) France holds mandates for Togoland (1) and the Cameroons (2); Great Britain has minor interest in both.

demands to Great Britain and France. "What Hitler wants—and probably will get—is return of Togoland, Cameroons, Southwest Africa and Tanganyika, held under League of Nations mandate by Britain and France since the Versailles treaty.

France and Germany will also agree to German arms equality. British-French gain through such a transaction would be German friendship and an understanding that Italy had better confine her imperialism to the Mediterranean area on pain of combined German-Franco-British opposition.

Next Der Fuehrer may turn his eyes to Japan, which now controls one-time German islands forfeited after the World war. Since Hitler's aggressive imperialism makes one conquest merely an appetizer for the next, moreover since self-pitying Germany looks angrily at any nation which controls large territories and resources, Japan may find her Chinese conquest threatened.

Nor do observers overlook the chance of a German-Italian breach over Hungary's Czechoslovakian claims, now handed to the Rome-Berlin axis for settlement. Mussolini, Hungary's friend, wants Czechoslovakia dissolved, moreover wants Hungary to get the common border with Poland which she desires. But Hitler, temporarily angry with Hungary and anxious to preserve a path to the east through Czechoslovakia, will fight partition.

Transportation

U. S. railroads, arguing before President Roosevelt's fact-finding committee, have claimed a 15 per cent pay cut is the only solution to their problem. Labor, which threatens to strike if the pay cut is enforced, says better management will do the trick.

Northwest—Before the interstate commerce commission have appeared stockholders of two huge lines, Chicago & North Western, and Chicago, Milwaukee, St. Paul & Pacific. Their plan: Physical consolidation of the two roads, immediately effecting operating economies of \$10,000,000 a year and hastening normal recovery of the two roads.

Southwest—An I. C. C. examiner has recommended reorganization of the Missouri Pacific line with sharp reduction in its fixed interest debt. Also recommended is consolidation of owned properties being operated as the Missouri Pacific system, excepting the Missouri-Illinois railroad.

South—Placed before the I. C. C. is a plan for merging the Gulf, Mobile & Northern railroad with the Mobile & Ohio line. Chief opponent is Burlington railroad, which owns 27.7 per cent of G. M. & N. stock.

Chief significance of mergers and reorganizations is (1) that railroads will become economically sound; (2) labor will suffer through decreased employment, though wage levels probably will not be cut; (3) scores of small communities, originally built to follow the railroad's line of expansion, will find themselves isolated without rail service.

Defense

Knotted inseparably in recent news have been Japan's conquest of China and world democracy's attempts to strengthen their military-economic positions against German-Italian-Japanese aggression. Though England and the U. S. have been rubbing noses in their trade pact ne-

gotiations, October of 1938 will be remembered primarily as the month when America first stood up and barked at modern imperialism.

Within 24 hours two barks came from Washington. First was President Roosevelt's precedent-shattering condemnation of nations employing force (Japan), exile (Germany) and repression (Italy) as instruments of national policy.

This was but percussion in the new American overture of preparedness. Chiming in are plans to strengthen military and naval forces so that "the Western hemisphere may work out its own interrelated salvation."

Thus, if Britain and France deny it, the U. S. admits Japan has become the Far East's No. 1 power and bids fair to dominate the Pacific unless stopped. Although Generalissimo Chiang Kai-shek will continue battling Japan in the hope his foe will eventually commit military and economic suicide, there is little likelihood that China's door will be reopened to Western nations unless Japan wants it.

How the wind is blowing... TIME CLOCK—Film actors earning up to \$1,000 a week, and all extras, now punch time clocks each morning under new union contract with provision for overtime work.

'NOBODY'—A baby born to one of 200 sad-eyed Jewish refugees living in a ditch in the Czechoslovak-German "no man's land" has been named "Niemand," meaning "nobody."

'BAIR' WARFARE—Japanese troops patrolling streets of newly captured Canton, disperse terrified Chinese by merely pointing their guns and shouting: "Bang!"

U. S. LANDLADY—Women hold 25 per cent of all U. S. jobs (apart from domestic service), are beneficiaries of 80 per cent of all life insurance, own 50 per cent of all corporate stock, operate 60 per cent of savings accounts.

HAIR RAISING—Mrs. Dorothy Kantack of Chicago has won a divorce decree against the husband who protested against her new "upswing" coiffure.

People

British royalty symbolically corresponds to the U. S. flag. Since the Czech crisis proved Great Britain's empire is becoming vastly independent, a little flag waving is entirely proper.

GREAT BRITAIN'S MARINA

state visit to Canada and probably to the U. S. Latest news is that the popular, 35-year-old duke of Kent becomes governor general of Australia next year. To fun-loving Kent and his wife, beauteous former Princess Marina of Greece, Australia will mean virtual exile from their favorite diversion, London night life.

Miscellany

At Anaheim, Calif., miles of surplus third-grade oranges were dumped when federal diversion funds ran out, leaving the \$8-per-ton price unsupported.

At Prestonburg, Ky., 34-year-old Fleming Tackett married 10-year-old Rosie Columbus.

HEADLINES FROM THE LIVES OF PEOPLE LIKE YOURSELF!

"Off Kinsale Head"

HELLO EVERYBODY:

If you go to see Patrick J. Hanley at his home at Richmond Hill, N. Y., he might show you an old life preserver that he acquired at sea, on the afternoon of Friday, May 7, 1915, off the Old Head of Kinsale on the coast of Ireland.

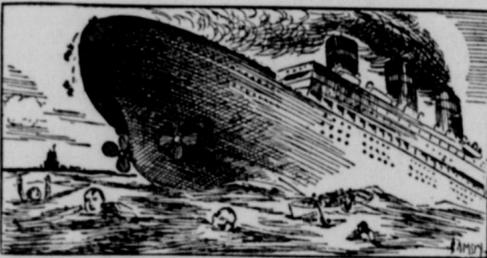

Maybe you've already got a hunch what this story is going to be about. Maybe that mention of Kinsale Head has struck a responsive chord in your memory.

Was Passenger on the Lusitania.

Yes—Pat Hanley was on the Lusitania when a German submarine shot a torpedo into its innards and sent it plunging to the bottom.

Pat Hanley had shaved and come up on deck about 15 minutes before, and he saw it all, right from the first. A panic started immediately. People ran wildly about the ship searching for their friends and children.

Pat found a life preserver and started stripping off his outer clothing. A woman ran into him, and down he went on the slippery deck.

Only five lifeboats got clear of the ship.

of them seemed to survive that upset. I saw two more boats hurriedly pushed off so that people in the water could cling to them.

Pat arrived safely at the stern of the ship and, with about 40 other men, made ready to jump. "We couldn't take a chance jumping from the side," he says, "for it looked as though the ship might turn over on top of us if we did."

Fishing Trawler Came to Rescue.

By that time an Irish fishing trawler—the first craft to come to the rescue—was just arriving at the scene of disaster. Pat, held up by his life preserver, began swimming toward it.

The time Pat spent on that trawler was an adventure all in itself. The cockpit—the deck—the hold—all of them were literally jammed with people.

Less Than 800 Were Saved.

Pat clung for his life to the man next to him. Now the waters were full of other craft steaming—rowing—sailing to the rescue.

But the trawler didn't pick up another load like her first, for the records show that less than 800 people were saved out of a total of nearly 2,000.

The boat Pat was on landed him in Queenstown at about nine o'clock that night. The next morning he was asked to go down to the Cunard pier, which had been converted into a temporary morgue.

Pat still has the life preserver he wore when he jumped over the stern of the ill-fated Lusitania—a souvenir of a remarkable adventure.

"How Do You Do?" Old It isn't known definitely how the salutation "How do you do?" originated.

English Sailors Had Pigtails The pigtail was popular among English sailors in the period from about 1800 to 1815.

Mothers Saw Sons as Presidents Presidents whose mothers lived to see them elected to the highest office in the nation included George Washington, John Adams, James Madison, James Polk, James A. Garfield, Ulysses S. Grant, William McKinley and Franklin D. Roosevelt.

Lesson for November 13

THE SACREDNESS OF HUMAN LIFE

LESSON TEXT—Exodus 20:13; Matthew 5:21-26, 38-42. GOLDEN TEXT—Thou shalt not kill—Exodus 20:13. Whosoever hateth his brother is a murderer.—1 John 3:15.

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

The sanctity of human life finds its foundation in the fact that God created man in His own likeness and image. Because that is true no man has any right to take the life of another for any cause except at the direct command of God.

I. The Prohibition of Murder

The word "kill" in this commandment is one which means a violent and unauthorized taking of life, and is therefore more properly translated "murder."

II. The Cause of Murder

The Sermon on the Mount, from which the rest of our lesson is taken, while it "describes the character of the citizens of the earthly kingdom which the Messiah came to set up"

III. The Prevention of Murder

Prevention with God means more than putting up a barrier to keep us from killing. He deals with the heart, and thus puts the whole life right. It is not even a question of how we may feel against our brother.

AROUND THE HOUSE

Vinegar Cures Rust.—Don't waste time trying to clean rusty articles with emery paper! Place them in a jar of ordinary vinegar, leave for a couple of days, and you will find that they are quite free from rust.

Care of Book.—Never bend a book backward to keep it open. That weakens the back strap so that the leaves will fall out.

Mending the Wringer.—If a crack appears in the rubber roller of your wringer, bind the cracked part tightly with adhesive tape. It stops the crack from spreading and it does not come off.

Broken Glass.—Use a wet cloth or dampened absorbent cotton to pick up broken glass. Even the tiniest bits will adhere to it. For safety, discard cloth and all.

On Heat Appliances.—Lamp sockets and cords waste electricity and deteriorate rapidly when used with heat appliances. If the cord on the toaster or electric iron gives out, a new cord suited to that piece of equipment will save current and possibly a serious accident.

Care of Satin.—Freshen black satin with potato water, sponging on the right side and ironing on the back.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 42), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Good Thoughts Live Good thoughts, even if they are forgotten, do not perish.—Publius Syrus.

Bothered by Constipation?

Get relief this simple, pleasant way!

Take one or two tablets of Ex-Lax before retiring. It tastes just like delicious chocolate. No bottles or spoons to bother with. No disagreeable concoctions to mix. Ex-Lax is easy to use and pleasant to take.

You sleep through the night... undisturbed! No stomach upsets. No nausea or cramps. No occasion to get up!

In the morning, Ex-Lax acts... abnormally and effectively! It works so gently that, except for the relief you enjoy, you scarcely realize you have taken a laxative.

Ex-Lax is good for every member of the family—the youngsters as well as the grown-ups. Available at all drug stores in handy 10¢ and 25¢ sizes.

Now improved—better than ever! EX-LAX THE ORIGINAL CHOCOLATED LAXATIVE

FACES EAST!

AGAIN THE HANDS OF TIME DRAW NEAR THAT FATEFUL HOUR OF 20 YEARS AGO WHEN A WAR-TORN WORLD CEASED ITS HOSTILITIES. IN COMMEMORATION OF WHICH SACRED EVENT IT IS YOUR DUTY AND MY DUTY, AT 11 A. M., ARMISTICE DAY, TO

FACE THE EAST

IN SOLEMN SILENCE. AND FROM THE DEPTH OF OUR HEARTS SEND UP A PRAYER OF UNDYING GRATITUDE TO THE HEROES WHO GAVE THEIR ALL FOR HUMANITY'S SAKE.

A SALUTE TO THEM! And may no disturbing force ever threaten this nation's Peace and Security which their sacrifice gained. Yes, as a tribute to our hero dead, let us rededicate our lives in defense of those ideals.

Pattern 1846

Here's a chance for variety! Get out your scrap bag and just have fun applying this cute pup in the material as it comes to hand. He's just one big simple applique patch on a 9 1/2-inch block; the ribbon is put on in contrasting binding or embroidered on. He makes a fine pillow, too, with matching triangles added at the corners to form the pillow. Isn't that a thought for gift or fair? Pattern 1846 contains accurate pattern pieces; diagram of block; instructions for cutting, sewing and finishing; yardage chart; diagram of quilt.

Send 15 cents in stamps or coins (coins preferred) for this pattern to The Sewing Circle, Needlecraft Dept., 82 Eighth Ave., New York. Please write your name, address and pattern number plainly.

Uncle Phil Says:

The Life of a Tyrant

A dictator is no more free than the rest of the people. He is beset and bedeviled by his obsession.

If one hasn't the knack of sociability but has a good character, everybody will concede the latter--after 10 years.

We don't mind giving in to our own conscience. But it is asking a good deal to obey our neighbor's.

If you can't show people because they are too blind, you may have to push 'em.

Just an Out

People may prefer to be inconsistent in order to avoid being thought monotonous.

A boy thaws out of his reserve in two minutes with a man "who laughs as he talks to you."

When a newly met stranger says something more at parting than "Glad to have met you," a friendship is budding.

CHEST COLDS

More's Quick Relief from Their DISTRESS!

The annoying discomforts of a cold in chest or throat, generally ease when soothing, warming Musterole is applied.

Better than a mustard plaster, Musterole gets action because it's NOT just a salve. It's a "counter-irritant"; stimulating, it penetrates the surface skin and helps to quickly relieve local congestion, aches and pains due to colds.

Used by millions for 30 years. Recommended by many doctors and nurses. In three strengths: Regular, Children's (mild) and Extra Strong, 40¢. Approved by Good Housekeeping Bureau.

Strangers

Honor and ease are seldom bed-fellows.--Thomas Fuller.

Don't Aggravate Gas Bloating

If your GAS BLOATING is caused by indigestion don't expect to get relief you seek by just drinking your stomach. What you need is the DOUBLE ACTION of Adierka. This 25-year-old remedy is BOTH carminative and cathartic. Carminative that warms and soothes the stomach and expels GAS. Cathartic that acts quickly and gently, clearing the bowels of wastes that may have caused GAS BLOATING, headaches, indigestion, sour stomach and nerve pressure for months. Adierka does not grip--it but habits forming. Adierka acts on the stomach and BOWEL bowels. It relieves STOMACH GAS almost at once, and often removes bowel wastes in less than two hours. Adierka has been recommended by many doctors for 25 years. Get the genuine Adierka today.

PEP SQUAD FORMS A FOOTBALL FRIDAY

The pep squad formed a football on the Pirate field Friday night.
A parody to "Stars and Stripes Forever" was sung for Lefors and "That Good Old Tiger Line" was sung for McLean.

Witt Springer Accepts F. F. A. Meeting Invitation

Witt Springer responded to an invitation to the Future Farmers' meeting held last Wednesday. Mr. Springer gave an interesting talk. The objectives for the year were read and adopted by the boys.
Members of the F. F. A. Club will give to the treasury each month all the cash they are able to give. At the end of the year this amount will be used for a summer trip, which the boys who reach a designated goal will be allowed to take.
"Slick" Boyd, who is noted for his delicious barbecued chicken, served 45 members of the F. F. A. last Tuesday night. The menu for the night was barbecued chicken with sauce, ranch style beans, potato salad, pickles and coffee.
"The F. F. A. boys wish to thank Mr. and Mrs. Boyd, Witt Springer, Mrs. Magee and others who took part in helping make our barbecue a success," stated C. J. Magee.
Mr. Magee and several of the advanced agriculture boys are going to Canyon, Vega and Pampa Saturday to purchase swine.

HOME ECONOMICS ITEMS

The first year home economics girls are working on aprons. They plan to finish them by Nov. 18.
Girls in the second year class are learning to make pies and pie crusts. Special occasion dresses are being made by the third year girls. They plan to have them finished before Thanksgiving.

Grandfols. (TSP)—Nothing is especially significant about students occasionally failing tests, but when faculty members flunk one it becomes appalling. Such was the case when the teachers in Grandfols Royalty high school were given a test on slang words and expressions by an enterprising reporter in that school. Words like "slurp," "hump," "belle bore" and "doll" proved to be too much for the professional intelligence.

WE ANSWER ANYTHING

Q After all, who is John Bond's girl friend?—"Broken-Hearted."
A John loves them all. Why shouldn't he?
Q Does the name, Lee, make Georgia and Iona Hale any relation?
A No I wouldn't think so; one lives at Lefors and the other at McLean.
Q Why does Velma rate so many dates?
A I wonder. Maybe she has personality—plus.

Mr. and Mrs. E. Bones and Mrs. Gertrude Van Bibber of Berger were in McLean Wednesday, enroute to Ramsdell to visit relatives.

FROM A REPORTER'S NOTEBOOK

The only time I ever interviewed Will Rogers was at the Fort Worth airport. He ate a supper between planes and when the westbound ship was not ready, his friend, Aron Carter, the publisher, explained:

"This is the most important air mail center in the country. They have to transfer all the air mail here."

"Transfer it or write it?" Rogers asked.

Just before he climbed aboard the plane, Will told of a conversation he had the day before in Washington with Senator Huey Long.

"I told him he'd better watch out or some of those folks in Louisiana would shoot him," Rogers related.

"None of the good people down there would do that," Long replied, according to the humorist.

"I don't mean the good people; I'm talking about some of the rough ones," Rogers continued.

He said that Long answered: "Oh, all the rough ones are on my side."

A few months later, Long was deluged from an assassin's bullet and Rogers himself had plunged from the sky into a river in the wilderness.

"The Weavers are so quiet tonight. Is anything wrong?"

"No; they're always that way. When he proposed he just held out a diamond ring and said, 'Huh?' and she looked at it and said 'Uh huh.'"

Dr. and Mrs. Lear M. Jones and children of Lubbock visited relatives here Sunday.

The new cars in the Ford Quality Group for 1939 give you a broad choice. Whichever you choose, whatever you pay, you'll get top value for your money. That is true of the lowest priced car or the highest. All have one important thing in common—inherent quality.

Their quality comes from fine materials, precision workmanship, and from the fact that back of these cars is the only automobile plant

of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. See our dealers before you buy any car at any price.

Ask Me Another A General Quiz

The Questions

1. According to geology, what period are we living in at the present time?
2. Who originated the phrase "flaming youth"?
3. Where does the eastern hemisphere leave off and the western begin?
4. How many children did George Washington have?
5. What was the Apian way?
6. What is the length of a fortnight?
7. What is a perfect number?
8. How much did it cost to construct the San Francisco-Oakland bay bridge?
9. Who wrote the poem about a child which includes the lines: "You are the trip I could not take, You are the pearls I cannot buy"?

The Answers

1. The Holocene period.
2. Shakespeare.
3. The meridian generally used is the twentieth west of Greenwich.
4. None.
5. An ancient Roman highway.
6. Two weeks.
7. A perfect number is a number the sum of whose divisors is equal to the number. Six is such a number, since 1 plus 2 plus 3 equals 6. From 1 to 40,000,000 there are only seven perfect numbers.
8. The cost was \$77,600,000, a sum exceeding that of any similar structure in the world.
9. It is by Anne Campbell and is called "To My Child."

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

NEVER SLEEP ON AN "UPSET" STOMACH

Neutralize excess stomach acids to wake up feeling like a million

To relieve the effects of over-indulgence—escape "acid indigestion" next day—do this: Take 2 tablespoonfuls of Phillips' Milk of Magnesia in a glass of water—AT BEDTIME.

While you sleep, this wonderful alkaliizer will be sweetening your stomach... easing the upset-feeling and nausea... helping to bring back a "normal" feeling. By morning you feel great.

Then—when you wake—take 2 more tablespoonfuls of Phillips' Milk of Magnesia with orange juice.

That is one of the quickest, simplest, easiest ways to overcome the bad effects of too much eating, smoking or drinking. Thousands use it.

But—never ask for "milk of magnesia" alone—always ask for "Phillips' Milk of Magnesia"

Rich, Modish Woolens Are Living a Gay Life Today

By CHERIE NICHOLAS

after the models pictured. Either single or double breasted closings are fashionable, some few in wrap-around lines, uncollared necks sharing honors with the classic notched lapel styling. Skirts are slightly shorter and follow, as a rule, the slim tailored line with action provided by pleats or smartly stitched gores.

Novelty knit woolens, treated as fabrics, are more popular than ever this season for the jacket costume. A knit wool costume in black is smart in nubbed zephyr combining striped and solid-color fabrics for interesting contrast. The leather-belted jacket of striped fabric opens casually to reveal the high band neckline and tiny metal buttons of the striped blouse. The solid color gored skirt has stitched inverted seams. See this model pictured to the left in the group.

The light-jacket-dark-skirt combination is an unusually successful type. In the fine soft wool types, in novelty raised weaves or in ever-correct tweeds this style is especially well-adapted to all-day, all-occasion wear. Answering this description is the jacket costume centered in the illustration. Here the jacket is of soft sandalwood-rose wool, lightweight but amply protective. Wrap-around in style, this jacket has six rounded flap pockets placed slantwise at the front, and a smartly built-up neckline. It is teamed with a dark skirt of chocolate brown wool, with brown belt and brown ascot scarf to carry out the ensemble.

Contrast again shows up in the three-piece jacket-and-cape costume pictured to the right. The added cape will prove very useful in a season of changing temperatures. The skirt is wine-colored, so is the cape. The button-up-front jacket is of checked wine, blue and white soft wool.

Style Highlights

Button, button—and the "who" that's "got the button" is none less than Dame Fashion. Paris style creators are using buttons with lavish hand. See the smartly gowned young lady pictured at the top. She's slated for success with lucky four-leaf clover buttons designed by La Mode, highlighting her winsome costume. A tiny veiled peaked hat of wine velvet with matching gloves completes this autumn symphony. There's glamor and dignity in the Janet Rose adaptation of a distinctive dressmaker suit, as shown below in the picture. The suit in teal blue carries a metal blouse in pink and blue, with lavish fox trim.

Fashion Stresses Fantastic Hats

This season there is every kind of a hat that the imagination can want and all extreme, fantastic and absurd. Who wants a hat this year that isn't? Ribbons and hat pins secure them because hair is on the up and up, even though you rebel.

For windy weather, there are velvet casuals, to be worn with tweeds, for fall and winter wear. They cover your head and make sense, and are terribly attractive.

Sequin-Trimmed Gay Handkerchiefs

To add the last note of glamor to your party frock, carry a gay colored sequin-trimmed chiffon handkerchief. Among the prettiest are the handkerchiefs from one corner of which sparkles a cunning bouquet of wee posies worked in multi-color sequins, or in matching monotone if you prefer.

Short Jackets in Chic 'Pale Furs'

The latest call of fashion is for short jackets in the very new chic "pale furs" such as honey-colored natural baby lynx or the now-so fashionable blue-fox-dyed guanaco, the latter soft and caressing to the touch and therefore delightful to wear.

Gems Go on Hips

A new place to pin your jeweled clips is on your hips. Tired of wearing them on necklines and on wrists, women of fashion are now sticking the ornaments on hip pockets.

WHAT to EAT and WHY

Are Your Children Eating Clean Food? Asks C. Houston Goudiss—Points Out Hazards of Neglected Hand-Washing

By C. HOUSTON GOUDISS

"I DO feed my Johnny correctly," a young mother said to me not long ago. "I give him milk and eggs and vegetables and fruits. And still he has colds! Would you mind telling me just how you reconcile that with all this talk about our newer knowledge of nutrition—and how it helps children to have better health?"

"I don't know," I answered. "But I wonder if it would be convenient for me to meet Johnny?"

"Certainly," she replied. "He'll be home from school in a few moments. He usually stops at the school playground for an hour or two, to play dodge ball with the other boys."

A moment or two later Johnny appeared. And a more grimy little lad I had seldom seen, certainly not outside of a neighborhood such as we sometimes describe as underprivileged!

Johnny's hands were dirty. His face was dirty. His knees and legs were streaked with mud. There was a lollipop in his mouth, though he quickly pulled it out when his mother made the introduction.

I could not refuse his hand when he put it forth in a gentlemanly gesture, though I noted that some of its visible soil, and doubtless some unseen germs, were transferred to my own hand during the greeting.

No sooner had we unclasped hands than a tremendous sneeze all but engulfed Johnny. And in spite of his almost adult manner at meeting a stranger, he had not learned to cover his nose and mouth during a sneeze. The lollipop was sprayed with moisture—and germs. Two seconds later, the child put the lollipop back in his mouth and continued sucking it!

And yet his mother could not understand why he had colds!

Contaminated Food

I have pointed out many times that in my opinion, a mother's foremost responsibility is to feed her children a diet that takes into account all the recent amazing discoveries of nutritional science. Only by so doing can she hope to give them a sturdy body with straight bones, strong responsive muscles, a good circulation and sound healthy nerves.

But the parent who permits her offspring to eat with unwashed hands and thus take countless germs into his body with every mouthful of food is scarcely giving that food a chance to build the kind of body and brain every mother desires for her child. On the contrary, she is risking the danger of grave illness. For the micro-organisms which cause 92 out of every 100 deaths from communicable diseases enter or leave the body through the mouth or nose.

Health Linked to Cleanliness

All of us have heard the expression: "Cleanliness is next to Godliness," though to observe some of our school children eating their lunches, one might have reason to believe that both mothers and school boards have forgotten

this old copy-book maxim! But it bears remembering, every day and all day. For the writer who said that soap and civilization go hand in hand was not far from the truth. Certainly, soap-and-water cleanliness and good health are inseparably linked, and habits of personal cleanliness are a vital factor in safeguarding children against infections and disease.

We often compare a correct diet to the bricks with which a well-constructed building is erected. But if food represents the bricks with which the edifice of health is built, surely cleanliness is the mortar!

Keeping Everlastingly at It

Most babies are kept clean by their mothers because mothers know that they cannot keep their babies well if they do not keep them clean. If the same careful policy were followed in later childhood, it is almost certain that there would be less illness among children.

Unfortunately, many mothers relax their vigilance the moment their child is ready for school. In some cases, they believe that the child has had sufficient training and can be relied upon; in other instances, they believe, or hope, that further training will be supplied by the school!

A Mother's Job

But the mere fact that a child is old enough to go to school does not make him less of a child. Nor does it make his mother less of a teacher and guardian. On the contrary, it multiplies her responsibilities!

More than ever the child needs careful supervision of his health

Milestones in Development Of the Automobile Industry

November is the big month in the automobile industry, with the displays of new models all over the country. Each November is another milestone in the development of this great but infant business, which typifies American industrial genius.

In a period of only 30 years, from 1900, the auto came from nothing to top the list in total value of manufactured products. The millions of streamlined cars speeding along our great highways today are the direct descendants of the primitive motor-driven buggies of the first of the century.

The first experimental automobile was built in Germany in 1885 by Carl Benz, and consisted of a gasoline motor installed in a sort of tricycle. In this country, some 10 years later, Charles E. Duryea and Elwood Haynes built creditable gasoline-driven vehicles. Electric and steam cars began to appear at this time too.

The first automobile contest on record took place in 1895 under the auspices of the Chicago Times-Herald. Thirty-one cars raced over the 54-mile course and Duryea won in 8 hours and 23 minutes, an average of almost 7 miles an hour. Five years later, in a 50-mile road race on Long Island, A. L. Riker averaged

nearly 25 miles an hour. That was considered tremendous speed.

Most of the early cars were built on the lines of the horse-drawn buggy. Even the first standard designs retained the curved dash-board and the whip-socket, and many drivers wished they could use their whips on the bystanders urged motorists to "get a horse."

In 1900 organized production got under way. In 1910 front doors, windshields and folding tops were introduced. World war inflation of purchasing power gave the industry a tremendous boost in 1914, and another boost came in 1922, which brought balloon tires, wide adoption of the time payment system, four-wheel brakes, and the start of the general switch from open to closed cars. The industry went over the billion dollar mark during the war, and over the five billion dollar mark in 1929.

But the total of its economic effect goes into astronomical figures, when steel, rubber, concrete for roads, and other commodities are considered, not to mention the billions upon billions which it has caused to be paid in wages. The automobile is the classic example of what American industry can do.—Compiled from National Encyclopedia.

habits. For now he is in daily contact with countless other youngsters, from many types of homes. More chances to pick up germs! More chances to disseminate germs should he be permitted to go to school with the sniffles!

Mothers must increase, not decrease their vigilance. They must assume responsibility for the observance of all the habits that safeguard health. These include the daily bath; the daily change into clean clothing; the frequent washing of the hands, and always before eating; the twice-daily brushing of the teeth; regular elimination; regular hours for meals; and the necessary hours for outdoor play and for sleep.

What About the School?
Mothers must remember—and must emphasize to their children—that diseases may often be traced to unclean hands, and to germs sprayed in the air by persons having coughs and colds.

Teach your children to muffle every cough and sneeze in a handkerchief. And be sure they have a handkerchief handy for the purpose. Teach them to keep their fingers out of their mouths, likewise pencils and other objects. Teach them to wash the hands and face frequently.

If they are to carry out this last instruction, it is imperative that soap and towels be available in school washrooms, as well as at home. Investigate conditions at the school your child attends. If facilities are not adequate, do something about it. Either arouse other mothers to help rectify the omissions, or failing that—have your child carry soap and paper towels from home!

By teaching cleanliness to your children, by making it a regular part of their training, you will help to safeguard their health and the health of every other child with whom they come in contact in their daily lives.

Just Do What You See In These Pictures To Relieve Pain Quickly

1. Take 2 Bayer Aspirin Tablets with a full glass of water the moment you feel either a rheumatic or neuritic pain coming on.

2. You should feel relief very quickly. If pain is unusually severe, repeat according to directions.

Just Be Sure To Use Genuine Bayer Aspirin

To relieve pain of rheumatism or neuritis quickly, try the Bayer Aspirin way—shown above.

People everywhere say results are remarkable. Yet Bayer Aspirin costs only about one cent a tablet, which makes the use of expensive "pain remedies" unnecessary.

If this way fails, see your doctor. He will find the cause and correct it. While there, ask him about taking Bayer Aspirin to relieve these pains. We believe he will tell you there is no more effective, more dependable way normal persons may use.

When you buy, make sure you get genuine BAYER Aspirin.

Sunday was never intended to be used as a sponge to wipe out all the sins of the week.

The man who believes there is no virtue except in his own opinions is either uncharitable, stupid, or both.

The Red Cross membership campaign beginning this week should have the support of everyone. It will simplify the work of the roll call committees if every interested person will call and subscribe the membership fee, as an effort will be made to reach everyone in the community this year.

It hardly seems that two decades have passed since the celebration of the first Armistice Day, but tomorrow we have more cause for celebration than ever before. With war threats all over the world, we are in an enviable position. May we see many more years of peaceful celebration of the day.

Christmas is just around the corner, and it is high time to be doing a little Christmas shopping before the stores become crowded and stocks picked over. McLean merchants have many items in stock right now that will make mighty fine Christmas gifts, and the price will be found in line with other towns. Any one of our advertisers will welcome investigation and will be glad to make suggestions.

PROCLAMATION

WHEREAS, Friday, Nov. 11, is Armistice Day, which date is that on which a terrible and ruthless war came to an end, and
WHEREAS, the United States found it necessary to enter and engage in such war to the end that Democracy might not perish from the earth, but that same living and good government might prevail thereon, and
WHEREAS, thousands of America's finest men gave their lives in such war, and millions gave their services and money, which was a beautiful and unselfish testimonial of their loyalty and patriotism to a great nation, a good government and a high ideal, and
WHEREAS, the political conditions of the world are now such that we must concentrate our thoughts and efforts to the end that this nation must not again become embroiled in such a holocaust of war as in those years of 1917-18, and thus lose to the world those high ideals and principles for which we fought.

NOW, THEREFORE, as Mayor of the Town of McLean, I respectfully urge that all business houses in McLean be closed on the said Nov. 11, and that each of us spend such day with gratitude and humility in our hearts for those who gave their lives and health that our rich ideals might be preserved, and that we rededicate our thoughts to the proposition that there ought to be and that there can be an abolition of war among the peoples of the earth, and that all human efforts should be spent in relieving the sufferings of humanity instead of contributing to it.
VESTER SMITH, Mayor of McLean.

With the Churches

FIRST METHODIST CHURCH

W. B. Swim, Pastor
The Northwest Texas annual conference meets at Memphis next Wednesday and will continue through the rest of the week, closing out on Sunday, Nov. 20.

Next Sunday will be the last Sunday of this conference year. I am not preaching a farewell sermon, as I expect to be back for another year, but we would like to see all the members of our church present Sunday, together with any others who care to come. We have been having good attendance here of late, as our crowds are increasing right along, but we are never satisfied as long as there are folks who are not in church. So come and let's make next Sunday a banner day in attendance. Church going families are happier families.

Church school meets at 10 with a class for every age group. Preaching at 11. Visitors are always welcome.

Epworth League and junior choir met at 6:30.

Evening worship at 7:15. There will be special music at both the morning and evening hours.

If you are not attending Sunday school and church elsewhere, we cordially invite you to come and find a church home with us. The Latin string always hangs on the outside.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met at the church Tuesday afternoon for their regular weekly meeting, with the president, Mrs. Sitter, presiding.

Mrs. W. A. Erwin brought the Bible lesson from Genesis 2 and 3. Mrs. Sitter led the closing prayer.

Those present were: Mesdames Carl M. Jones, Frank Hambricht, Vester Smith, J. B. Hembree, J. D. Alexander, N. A. Greer, T. A. Massav, W. A. Erwin, Allen Wilson, E. L. Sitter.

BAPTIST W. M. S.

The Baptist W. M. S. met at the church Tuesday afternoon for business and Bible study, with eight present.

Next week's meeting will be held with Mrs. Troy A. Sumrall for a Royal Service program, Tuesday, beginning at 2:30 p. m.

CO. SUPERINTENDENT P. T. A. SPEAKER

By Mrs. Luther Peity
County Supt. W. B. Weathered was the guest speaker at the monthly meeting of the P. T. A. held Wednesday afternoon at the grade school. Supt. C. A. Cryer introduced the speaker, who stated that since this is American Education Week, visiting schools should be stressed, but that visitation should not be limited to this occasion. Mr. Weathered said that education alone is not enough to build on for future, but that character must be developed.

The purpose of visiting the schools is not only to see how the tax money is being spent, but to learn the teachers of your children and give them a chance to come in contact with the parents, according to the speaker. He further stated that one should not be considered meddlesome because of visitation, but beneficial. Often dissatisfaction is caused by misunderstanding. "Get first hand information, taking nothing for granted," said Mr. Weathered.

Rev. Glenn A. Parks, minister of the Church of Christ, brought the devotional on the subject of Thanksgiving. A vocal solo, "Trees," was sung by Richard Henley, accompanied at the piano by Miss Shaw. The Star Spangled Banner was sung by the assembly, and Mary Lee Abbott and Mary Evelyn Foster played a piano duet, "America First."

Miss Lorene Winton's room received the prize for having the most mothers present, with a percentage of 27.

The "galloping" breakfast was reported as a success, and it was voted
