By THE POLITICAL ANALYST  
AUSTIN, Aug. 8—(AP)—Texas seems sure of having five women legislators when the lawmakers convene next Jan. 6.

This despite the voluntary retirement of Mrs. Laura Burslem Negley as a member from San Antonio. Mrs. Lee J. Rountree, widow of the former representative from Bryan, has been nominated for his seat, the seat held during the past two years by Speaker W. S. Barron.

Mrs. Helen Moore, Texas City, has been renominated. Mrs. Sarah T. Hughes, distinguished woman lawyer of Dallas, has a run-off race with a reputedly "wet" opponent and reports from Dallas said her nomination is assured.

A woman has been nominated from a southwestern Texas district according to information received here, defeating a candidate for renomination.

Sen. Margie Neal, only woman ever to serve in the senate, was renominated without opposition in the Carthage district.

A sister of Mrs. Edith Willmann, first woman legislator of Texas, was among the candidates defeated for the run-off for the place Mrs. Eugene is seeking.

Ross S. Sterling will make a big swing through West Texas and into the Panhandle next week. It is the major drive for the votes of Sen. Clint Small, third man in the race for the nomination for governor.

Small's supporters and campaign workers, headed by Lee Satterwhite, his campaign manager, and James O. Gulick, one of his principal workers at Amarillo, have pledged their help to carrying West Texas for Sterling.

East Texas is expected to be something of an even break between the two candidates, so that Sterling leaders now foresee that West Texas will nominate and elect the next governor of Texas.

Mr. Sterling will make a tour beginning Monday night in Wichita Falls; Tuesday night at Childress; Wednesday night at Amarillo; Thursday night at Lubbock; Friday afternoon at Big Spring; Friday night at Sweetwater. He will fill in several speeches a day during this tour. His Saturday night engagement for next week had not been definitely decided upon.

Sen. Walter C. Woodward, who served as chairman of the Sterling caucus at Dallas, has been invited and is planning to accompany Sterling on this western swing, and to share the platform with him.

Second only to the tremendous enthusiasm for Mr. Sterling in the rally was the interest in the vital part Sen. Woodward played in the meeting. His speech, clarifying the issues of the campaign as "Fergus-

#### HEARING IS OPENED ON PRORATION

Designed to Boost Price, Not Stop Waste

AUSTIN, Aug. 8—(AP)—Authority of the state railroad commission to restrict production of oil in Texas was challenged today at the hearing on placing the state on a 90-day production basis of 737,000 barrels.

Attorneys representing Harrison Oil company, J. S. Abercrombie, and Yount-Lee Oil company declared it to be beyond the commission's power to enter a statewide proration order. The proposed order also was attacked on the grounds that it was designed to bolster the price of oil, rather than prevent physical waste.

Neff Heard  
Pat M. Neff, chairman of the commission, commenting on the statements of these attorneys, declared that if it were true that the commission lacked power, "we ought to know it, and everybody else ought to know it. We ought to go to the courts for a ruling, or decide ourselves how far we may go under the law."

Harrison Oil and Abercrombie filed a lengthy petition disputing the commission's authority. All the protesters were from the coastal fields, where production has been restricted to demand by operators themselves.

Several other operators representatives doubted the wisdom of statewide proration? They included O. K. Killiam of Laredo, who stated that the only remedy for the present condition of the oil industry was a drastic period of price cutting. "The sooner we have a price cut," he declared, "the sooner we will get back to normal."

The hearing recessed for lunch with apparently little progress made. Protest of the Big Lake field in West Texas was postponed for a special hearing tomorrow, and regents of the University of Texas, which has an interest in this field, were expected to be present.

From Coast  
The protests from the Laredo and coastal fields appeared to constitute the only serious opposition to proration. Killiam of Laredo, an extensive operator in the district, proposed a counter-plan that no new drilling be allowed for a period, and predicted that if this plan should be followed difficulties would be solved within 30 days.

Robert R. Penn, chairman of the operators committee which proposed the proration agreement, asked Killiam if he knew of any law allowing the state to prevent drilling of wells.

The only way you can prevent an oil man from drilling new wells," Killiam said, "is to take away his money."

#### Cosden Staff Member, Addressing Lions Club, Reviews Processes In Refining of Oil Produced Here

Refining of crude oil was the topic discussed by R. W. Henry, Cosden Refinery, at the regular luncheon of the Lions club, held at the Crawford Hotel, today noon.

A short musical program was given by G. D. Guilkey, vocalist, accompanied by Mrs. L. A. Hirsch. Henry outlined the refining process, discussed the advantage different gasolines held over others, and the relative comparison of various motor oils.

Discussing the value of oil produced in the Howard-Glasscock area, Henry declared it is difficult to refine, because it contains asphalt and wax. He declared, however, this was compensated with a higher natural anti-knock value than the majority of crudes.

Santa Fe Passenger Goes Through Bridge

WINSLOW, Ariz., Aug. 8 (AP)—R. E. Bixby, 42 engineer, and M. E. Burney, 41, fireman, were killed and twenty nine passengers slightly injured when the engine and two cars of Santa Fe passenger train Number 8 plunged into the Little Colorado River last night one mile east of Joseph City, Arizona. A check up today by railroad officials showed that none of the passengers was hurt seriously.

WINSLOW, Ariz., Aug. 8—(AP)—Santa Fe passenger train number 8, from Los Angeles to Chicago, broke through a rain-weakened bridge 10 miles west of Joseph City, Ariz., last night, killing the engineer, R. E. Bixby, and probably killing the fireman, Morris B. Burney. No passengers were reported hurt.

Ross S. Sterling of Houston tonight was to start his final charge with the Texas gubernatorial campaign, opening his run-off campaign at Hillsboro, where elaborate plans had been completed to give him a rattling good send-off.

At Cooper  
Mrs. Miriam A. Ferguson, who was defeated for a second term by Gov. Dan Moody four years ago, made her debut at Cooper last night to a big audience. Delta county farmers having contributed generously to swelling the crowd.

Former Gov. James E. Ferguson, Mrs. Ferguson's husband, made one of his typical speeches after the candidate read her speech.

Gov. Moody, who had thought of seeking a third term until Sterling, appointed by him to the chairmanship of the highway commission became a candidate, made his first speech for Sterling at Waco last night and tonight will speak at Waxahachie. He will speak daily until the second primary August 23, Sterling headquarters announced.

The Fergusons were in Wichita Falls today and a big rally was to be held tonight.

Numerous speakers for both candidates were to stump the state in behalf of their favorite.

Campaigns in the other run-off races for state offices were getting under way, with James V. Allred of Wichita Falls and R. L. Bobbitt of Laredo, incumbent, seeking the nomination for attorney general, commanding considerable attention.

Allred spoke at Dallas last night and Bobbitt addressed an Ennis audience.

W. Gregory Hatcher, retiring state treasurer, was actively campaigning against former Governor Pat M. Neff for railroad commissioner, and Sterling P. Strong of Dallas and Senator Edgar Witt of Waco were stumping the state in their race for lieutenant governor.

Rep. John E. Davis of Mesquite and Charles Lockhart of Austin were seeking the state treasurer's office and representatives A. H. King of Throckmorton and J. E. MacDonald of Waxahachie were after the nomination for commissioner of Agriculture.

Condition 62.2 of Normal On August 1

NEW ORLEANS, Aug. 8 (AP)—Cotton prices dropped approximately \$2.50 a bale on the local exchange today, despite the fact that the census bureau's figures for this year's crop showed a decrease of nearly half a million bales from last year's. Immediately after trading was resumed the customary 15 minute suspension reception of the report, October contracts plunged to 12.45 cents a pound and December to 12.60 cents a pound, or 48 to 55

"TO LET PEOPLE KNOW"  
BATON ROUGE, La., Aug. 8 Harry D. Wilson, president of the Southern Commissioners of Agriculture, announced here today that he had issued a call for the commissioners of the South to meet in Atlanta, Ga., Monday morning at ten o'clock "to complete data on the impending calamity" and to let the public know how seriously the South's cotton crop has been damaged by the dry and intensely hot weather of the past six weeks.

"We want the public to know that we consider the present market price of cotton entirely too low, in view of the present outlook for the crop," he said, adding that he believes the Louisiana cotton crop had "gone off forty per cent during the past few weeks."

Commissioner Wilson declared that he expected at least one representative from each of the banking associations in the southern states to attend the Atlanta meeting.

#### HEADS N.E.A

ATLANTA—A plantation product who jumped from school teaching to the ministry and back to the schoolroom is the new president of the National Education association. He is Dr. Willis A. Sutton, Atlanta's superintendent of schools.

Recognized nationally for promoting health work among school children, Dr. Sutton is a disciple of the philosophy that people are more important than things.

Born in Georgia 51 years ago, Sutton became a teacher while a youth, but quit to serve two years as Methodist pastor at Ashland, Ala. Then he went back to education and a few years later became president of Northwest Alabama Agricultural college.

He helped Bobby Jones through the hazards of Latin grammar, but didn't know that his pupil was a golfing prodigy.

Bobby's father asked that his son be allowed time off to enter a tournament and Sutton exclaimed: "You don't mean to tell me that I have right here in this school Bobby Jones, the golfing prodigy? Why, he's been here two years and we didn't know a thing about it!"

Refinery Clubs to Clash Here Sunday

Cosden Refinery and Richardson Refinery, two contenders for the second half title of the City League, will meet Sunday afternoon at the local ball garden at 4 o'clock.

A game scheduled for Sunday with the San Angelo aggregation, was cancelled by San Angelo this afternoon.

A game won by Cosden several days ago, but thrown out on a protest by Richardson because Cosden used an ineligible player, will be played off Sunday afternoon. The usual prices will prevail.

#### 1,000 TAKE PRISONERS FROM JAIL

Blacks Had Killed Man, Attacked Companion

MARION, Ind., Aug. 8 (AP)—A frenzied mob of 1,000 persons stormed the Grant county jail late last night, snatched two negroes from their cells, and hanged them on the courthouse square.

The victims of the mob's fury were Thomas Shipp, 18, accused of fatally shooting Claude Deeter, 23, of Fairmount, Ind., and Abe Smith, 19, who police said admitted attacking Deeter's girl companion after the shooting on a lonely country road east of here.

Smash Wall  
Using sledge hammers after they were driven off by use of tear gas bombs, members of the mob smashed a hole in the masonry beside the jail door, and broke their way through two steel doors to reach the cells of the negroes.

Shipp's clothing was torn from his body by the maddened men, and he was borne in a blanket to the courthouse yard and hanged from the bars of a window in the building.

Smith, borne from the jail by a group of men after they had knocked him unconscious with their fists and hammers, was thrown on the ground where a horde of screaming women trampled on him and tore his body with their finger nails. He then was hanged on a tree in the courthouse yard.

Postal Receipts Here \$4,650.72

Postal receipts for July totaled \$4,650.72, showing a slight drop below the receipts of June. The June total was \$4,784.76, exactly \$134.04 above the July sales.

A difference of \$208.14 exists between the receipts of July, 1930, and July, 1929. The latter total was \$4,930.86.

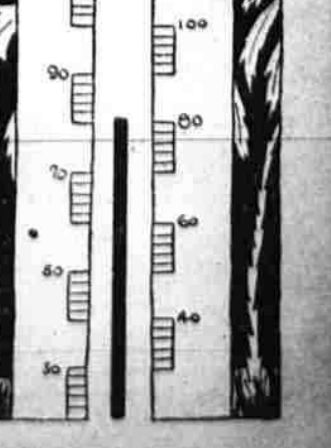

The total postal receipts for the seven months of 1930 is \$33,192.14. Receipts by months follow:

January	\$5,623.58
February	4,440.97
March	4,439.44
April	4,687.14
May	4,565.53

#### Little Daughters of Man Who Sent their Mother to Horrible Death Tear Themselves Away from Once Happy Home and Go Live With Grandparents; Maimed Son Will Reside With Uncle

AMARILLO, Tex., Aug. 8—(AP)—Mr. and Mrs. J. C. Johnson of Lovington, N. M., parents of Mrs. A. D. Payne, blown to her death by dynamite placed by the hands of her husband, today claimed two of their three grandchildren, closed the Payne bungalow and left for their home.

"My daughter knew nothing of Payne's alleged financial troubles, illegitimate practices and plots and never had a thought of committing suicide as he claimed," Johnson said.

"She was a good mother and a kind and loving wife. She trusted her husband, loved her children and was innocent of all those things Payne told. He could not say anything that would shake my faith in her."

Bobbie Jean and Ladell Payne left with their grandparents and the boy, A. D. Jr., who will go through life as a cripple—maimed by the blast that killed his mother—will make his home with his uncle, Sidney Payne, of Tulsa.

"We will give the girls a good home," Mr. and Mrs. Johnson said through tears as the little girls tore themselves away from their bungalow and said goodbye to their playmates. They were lugging dolls and toys.

Little Ladell Payne stopped to leave a message for her father: "She loves her daddy," the grandfather explained. "Of course the

children love him, but they are not old enough to know what it really means."

STINNETT, Tex., Aug. 8 (AP)—A. D. Payne, Amarillo attorney, who confessed that it was he who planted the dynamite that blasted the life out of his wife and the mother of his three children, today had acknowledged the truthfulness of his sordid statement of murder with his signature.

When he stepped back in the presence of Potter and Hutchinson county officers after affixing his name to the long document which told a tale of conniving at the life of the woman he courted a few years ago while working his way through West Texas State Teachers' College at Canyon, he expressed only one regret.

He said he was sorry that the infernal machine that dismembered Mrs. Payne and maimed his 11-year-old son did not in fact murder the boy that had been given the name of his father and who now does not believe him guilty of so dastardly a crime.

Payne seemed remarkable composed considering the ordeal he had been through, when, at 4 o'clock this morning he sealed the 63-page confession, detailing a series of attempts on his wife's life before he finally succeeded. Newspaper reporters were present when the chil-

max came. Officers said the attorney had talked almost incessantly from 8 a. m. yesterday until 4 a. m. today.

However, apparently realizing he had at last made a clean breast of the thing that had been gnawing at his heart many days, his body quivered, the pen fell from his hands, he buried his face in his arms and slumped over on a cot.

But, again he recovered his composure and braced himself to face newspaper reporters who sought to question him.

His face was sallow, as drawn and haggard as it was the other day when he was confronted by Verona Thompson, his former secretary, whose statement of Payne's interest in her caused the lead that solved the crime of which he is accused.

"How have the officers treated you since your arrest?" he was asked.

Officers kind  
"With utmost consideration," he replied sharply. "They have been gentlemanly and I have no complaint."  
He said he felt little relief since his confession.  
"I feel just like I did when I was planning this," he said.  
He said he realized he had not committed the "perfect crime" but

# SPUDS, PANTHERS DEADLOCKED FOR HONORS

## EXPORTERS DEFEAT WACO

Place the name of Walter Woodson of the Radford Grocery on the list. With check in hand for \$1, Woodson dropped by and fed the Steer training camp fund an upward shove. Other contributors with the interest of the Steers at heart? A few. Very few. George Gentry, Jr., the son and heir of George Gentry, Sr., who operates the high school and the City League, has check at hand. Edward H. Reed, which means Tiny Reed despite the initial joint of the handle, also was talked out of a beehive for the fund. Wilburn Barcus followed through with a dollar bill. And Carlo Madison gave us a couple of halves, the equivalent of a bean. Which sounds like lots of names. But the ears are deceiving.

## Kilowatt Battle Tumbles Cubs From 3-Way Tie

By GAYLE TALBOT, Jr. Associated Press Sports Writer. The club that is leading the Texas league at dusk these torrid days has absolutely no guarantee that it will hold a similar position when the wretched hour of midnight rolls around. In other years, an outfit was assured of at least a 24-hour reign, but not so since kilowatts became baseball jargon.

## JOHNNY GOODMAN "AT HOME" IN INTERLACHEN

Johnny Goodman, Omaha, Neb., amateur, who hitch hiked to Pebble Beach, Cal., last year to eliminate Bobby Jones from the national amateur, set up housekeeping just off the interlachen course, Interlachen, where he made his bid for the national open golf crown. He is shown in the doorway of his house on wheels which has a gas stove, a radio, writing desk and plenty of room for swinging an iron.

## MASTRO, LA BARBA TILT GETS DRAW

CHICAGO, Aug. 3.—(AP)—Earl Mastro, Chicago's contender for the world featherweight title, today had a draw with Fidel La Barba of Los Angeles—and three painful bruises on his right groin, as mementoes of his latest encounter with the Californian.

## Hatcher to Talk On Neff's Record

DALLAS, Aug. 3.—(AP)—State treasurer W. Gregory Hatcher said today that he would be "fair" in his run-off campaign for railroad commissioner, but that he would be "frank" and "not mince words."

## Financial Writer Jumps To Death

NEW YORK, Aug. 3.—(AP)—Edwin J. Clapp, former financial writer and Olympic hurdler, more recently employed by William C. Durant, automobile manufacturer, committed suicide today by jumping from the roof of a Fifth Avenue apartment hotel where he had until recently been a tenant.

As matters now stand, one Big Spring firm has aided the Steers. One firm, and it's not even in the business district. That, of course, is not counting the \$5 contributed by the Herald. The manager of this organization deemed it better to contribute the five than to hear us in a perpetual squawk. A handful of individuals, the majority of which can always be relied on to take a first hand interest in high school football, have answered the call of Coach Bill Stevens for money. And if this pre-season pocket grip is any criterion, then it's due to be a hard stretch ahead of the Steers when the season opens.

Beaumont's slugging exporters knocked the Cubs out of a chance to assume the leadership. They did it in 10 innings, 7 to 6. Chick Shaver's triple driving in the deciding run in the extra frame after Molesworth's homer had tied it up for the Cubs in the ninth. The victory gave the Shippers four out of six over the erstwhile leaders in their extended series at Beaumont and Waco.

## A'S, ROBINS SETTING PACE

By TED VOSBURGH Associated Press Sports Writer. The league-leading Philadelphia Athletics and Brooklyn Robins were bowling along today at a pace that boded no good for the clubs that are doing the chasing in the current races.

## Lively Ball Has Played Havoc With So-Called Wisdom Of Pilot

By GAYLE TALBOT, JR. Associated Press Sports Writer. DALLAS, Aug. 3.—(AP)—There might have been a time back in "ye good ole days" before the lively ball that a baseball club's depended to a great extent on the wisdom of the pilot, but it becomes increasingly difficult to find a fan obsessed with that idea today.

Big Spring is entering upon her second year as representative in Class A football. The initial year was nothing to hallyhoo about. The second year may be of the same caliber. And even the third. But even at that, there is no reason why the team should be compelled to go forward on its own, without some aid from the outsiders. It is easy enough to get a football conversation going. But it's one task to grab a football dollar and go south with it. In other words we doubt if there is a fan in the city but what is willing to see the Steers doing a bit of upstaging over the district, but we venture to say few of them are a dollar's worth willing. We realize the money probably could be raised if the usual committee system was adopted.

While attention has been focused on the trio struggling for the leadership, the Houston Buffs slowly but surely have been taking in the slack. By trimming in San Antonio again last night, 4 to 2, he led George Payne's steady hurling, the Bisons pushed up within a game and one-half of Waco. Just now the Bayou city entry is getting the finest flinging in the league from Payne, Judd, Kaufmann and Dean. Last night Payne held the Tribe to eight blows, fanned eight and did not allow an earned run.

That is exactly what the Athletics did yesterday at Shibe Park to the Washington Senators, 4-1, thanks to Jimmy Fox's 31st homer run of the season in the sixth inning with two on base.

to do big things with this year's Panther machine, gathered at great expense, but he never got it above fifth place during the first half. For the most of the second half, Snyder has been out of the game with injuries, various of his lieutenants taking over managerial toga. And today the Cats are right around the top, fighting it out with the Spuds and Cubs for the pinacle! Some say Joe Bonowitz has been piloting the team during its splendid drive up the ladder. Others say Dick McCabe. Neither had had any managerial experience.

The Board of Governors of the City League upheld the protest filed by Couden Refinery during the Couden-Tiger tilt of some days ago, which the Tigers copped by a fair margin. By a vote of two to one the protest was upheld, the game tossed out and the managers ordered to play same over again. It will be scheduled for some day in the future. Needless to say, the dissenting vote was ours. This afternoon, if the weather department is white about it, the disrupted City League schedule will get under way again. Pattering raindrops have saturated Dusty D for a couple of days running now. The flowers should be in excellent condition now and the grandstand should be covered with vines, making a beautiful spectacle. But beautiful or not, the Mexican Tigers and Coahoma will mix it today if the field isn't knee deep in mud instead of daisies.

Old Oscar Tuero chalked up his 16th victory of the season against three defeats as he hurled Shreveport to its second straight over the Dallas Steers, 4 to 3. The Mavericks so far have drawn a perfect blank on their road trip—five straight. Tuero allowed 10 hits as against seven the Sports could manage off Adkins, but the crafty Cuban scattered his better. Three runs in the first sewed it up for the home boys.

That, at least, is the opinion of perhaps a dozen baseball men the writer has queried in recent weeks. "He no longer have faith in this "miracle man" stuff. Four out of five, for instance, are certain they could have taken the Wichita Falls Spudders and piloted them to a first half championship in the Texas League just as well as did Carl Williams. They might be, probably are, wrong about it, but that's what they think. They cite, as exhibit A, the case of John Jacob Atz.

Watching the way Jakey ramrods the Steers, and remembering how he used to strike with the difference of their glory, would "one-run" their opponents to death. Let them get a man on with the score anywhere near close and you could bet your last dollar he would be sacrificed to second. If it was really tight, say, the score tied in the late innings, they would sacrifice with one out. And, boy, how they did bring that runner in! It was known as "Atz Strategy," and it worked to a surprising degree.

Stanford, according to a telegram resting on the floor some where near the desk, craves to match a series with the Big Spring All-Stars. After Big Spring trounces San Angelo Sunday, if San Angelo comes over like little men, there will be no more outside tilts. Several games have been deferred in the local circle, and protest tilts must be played before the season play-off starts. Which means the Sundays must be utilized for City League tilts. A game wherein either Couden or Richardson is playing draws just as a good a crowd as the Yanks would here anyway. We hesitate to think what would have happened to the City League had it not been for the gasoline manufacturer—Couden and Richardson. We still hesitate.

Assuming the Barbers nose out a victory over Richardson and Couden to cop the second half. One could hardly ask for a better three game series than one between Richardson and the Barbs. However, that is a broad assumption. Richardson has aspirations toward the second half flag as well as the first. Couden would like to cop, but Couden's team has suffered adversity. Several men have been lost for the rest of the season and Spike Henninger informed last night it would be tough going to even finish the second half. A play off between Richardson and Couden would draw a crowd like hot cakes draw syrup.

## LEVINSON COPS

CHICAGO, Aug. 3.—(AP)—Law Levinson of Chicago, former Texas amateur titleholder, is the new king of left-handed golfers, replacing Rudy Juran of Minneapolis, champion in 1928 and 1929.

Watching the way Jakey ramrods the Steers, and remembering how he used to strike with the difference of their glory, would "one-run" their opponents to death. Let them get a man on with the score anywhere near close and you could bet your last dollar he would be sacrificed to second. If it was really tight, say, the score tied in the late innings, they would sacrifice with one out. And, boy, how they did bring that runner in! It was known as "Atz Strategy," and it worked to a surprising degree.

We have just spent fifty cents of the League's cash, if any, to ascertain if the San Angelo crew will be here to take their medicine. The telegram was directed to the San Angelo athletic upholder and was made as simple as possible so he could make out, with the assistance of the galley boys and the paper tossers, what it meant to convey.

Just as a gentle reminder. The checks for one buck ought to be mailed today to the Water Bucket. The Steers crave a training camp. Bill Stevens craves some support. And we crave to protect our reputation. Three craves for a dollar. Cheaper than dirt.

## CARNERA IN CHI

CHICAGO, Aug. 3.—(AP)—Primo Carnera, Italian heavyweight, is in Chicago looking for a chance to work at his trade, according to his head manager, Leon Ser—but won't starve if he doesn't get employment.

Another managerial bubble that exploded with a change of scenery attached to big Frank Snyder, who succeeded Atz at Fort Worth. Having steered Houston to a Texas League crown in 1928, his first year with the circuit, the former Giant and Cardinal catcher was expected farm work.

NEXT PRIZES FOR HOT BREAD RECIPES SUCH AS BISCUITS, ROLLS, MUFFINS OR PASTRY

Mrs. A. D. Whitney and Mrs. P. N. Allen Are This Week's Winners for Best Cake Recipes

BY THE MARKET PAGE EDITOR The South is famous for its hot breads. Surely you have a favorite hot bread recipe...

This week's recipe—for cake—was the hardest that we have had in a long time to judge. Besides the old timers who send us recipes each week we had dozens of new contestants.

The first prize of \$2 goes to Mrs. Anna Whitney, 211 West 9th street, city. Second prize goes to Mrs. P. N. Allen, Box 442. Mrs. Whitney's group of recipes was most interesting and unusually carefully prepared.

Honorable mention goes to Mrs. L. L. Stewart, Mrs. R. J. Smith and Mrs. W. B. Porter.

DEVIL'S FOOD CAKE By Mrs. Anna Whitney 211 West 9th Street, City 3-4 cup shortening 2 cups sugar 4 eggs 3-4 cup cocoa 2 cups flour 1-2 teaspoon baking powder 1 teaspoon soda dissolved in 1 tablespoon of water 1 cup liquid coffee 1 cup vanilla 1 teaspoon shortening and sugar; beat in eggs with whisk beater one at a time; dissolve cocoa in hot water to a consistency to barely pour. All soda dissolved in hot water; then add flour and baking powder, and add coffee last.

Mocha Icing for Devil's Food Cake 1-1/2 cups powdered sugar 1-1/4 cup butter 2 tablespoons cocoa 2 tablespoons liquid coffee 1 teaspoon vanilla Cream butter and sugar; add cocoa; and add coffee; then flavor.

POTATO CAKE 1 cup Crisco 1 cup sugar 1-2 cup milk 1-2 cup cocoa 2 cups flour 2 teaspoons baking powder 1 teaspoon vanilla 1 teaspoon lemon extract 1 teaspoon cinnamon 1 teaspoon nutmeg 1 teaspoon all-spice 1 cup nuts 1 cup Irish potatoes creamed Cream Crisco and sugar; add milk and flour alternately. Then add cocoa and the potatoes. Beat eggs separately and fold in last. Then add flavoring, nuts and spices.

ANGEL FOOD CAKE Whites of 12 eggs 1-2 cups sugar 1 cup flour 1 teaspoon cream of tartar 1-4 teaspoon of salt Beat eggs with salt added stiff; then sift cream of tartar over eggs and beat. Then fold in sugar very slowly until all is used. Then sift in flour very slowly, a little at a time, and fold in but do not beat. Add flavoring. ROUGHAGE IN DIET NEEDED IN REDUCING Kellogg's ALL-BRAN Eliminates Danger Are you one of those who are reducing by diet? If so, there is one important thing you should know—diets that do not include roughage cause constipation, often with serious consequences. Guard against it!

Kellogg's ALL-BRAN contains the roughage needed to insure regular elimination. It is guaranteed to relieve both temporary and recurring constipation or your money will be refunded. Two tablespoons daily—in serious cases, with each meal.

Kellogg's ALL-BRAN is not fattening. But it does add valuable iron to the blood which helps prevent anemia (another dieting danger) and bring a glowing, healthy color to the complexion. You can enjoy Kellogg's ALL-BRAN in many delightful ways. As a ready-to-eat cereal with milk, honey, sprinkled over cereals and salads, in soups and soaked in fruit juices. It is appetizing in cooked food. Your grocer has Kellogg's ALL-BRAN in the red-and-green package. Made by Kellogg in Battle Creek.

Rice Flake "Goodies" Are Good for the Children

By JOSEPHINE B. GIBSON Have you ever tried to coax a child to eat vegetables?

Just why young appetites should refuse this necessary part of the diet no one knows. But thousands of mothers do know that they have overcome one of their greatest meal-time problems by serving delicious rice flakes in various forms.

Besides being a nourishing energy food, rice flakes are peculiarly valuable in the diet of children, because they furnish the effect of vegetables in promoting regular health habits. Their gentle roughage is just what Nature intended for the growing child. And their crisp, crunchy goodness needs no urging to be eaten.

Following are a number of novel ways in which these healthful rice flakes may be served to round out the diet of spinach-shy youngsters:

Rice Flake Waffles—1-3/4 cups flour, 2-3 cup rice flakes, 1-1/2 cups milk, 2 tablespoons sugar, 4 teaspoons baking powder, 1-4 teaspoon salt, 1 tablespoon melted butter, 1 egg. Mix and sift flour, sugar, baking powder and salt. Beat egg thoroughly, add milk, and then add to dry ingredients, beating thoroughly. Add melted butter, and fold in stiffly beaten egg white. Add rice flakes, and bake in a hot waffle iron.

Rice Flake Muffins—1 cup rice flakes, 1-2 teaspoon salt, 2 teaspoons baking powder, 1 egg, 1 cup flour, 1-4 cup sugar, 1-2 cup milk, 1 tablespoon melted butter. Sift flour, salt and baking powder, sugar. Add rice flakes, which have been crushed with rolling pin. Add milk to beaten egg, and mix with fork into dry ingredients. Add melted butter and bake for fifteen minutes in a moderate oven in well-buttered muffin tins. This recipe makes 8 large muffins.

Scalloped Tomatoes—2 cups rice flakes, 1 teaspoon salt, 2 teaspoons

butter, 2 cups stewed tomatoes, canned or fresh, 1-2 cup grated American cheese, few grains ground clove. Cook tomatoes, salt pepper, sugar, cloves and butter together 15 minutes. Put a layer of rice flakes in the bottom of a greased baking dish, and cover with a layer of the tomato mixture. Repeat the process until all the ingredients are used, and sprinkle with cheese. Bake in a hot oven (375 degrees F.) 20 minutes.

Spinach with Rice Flakes: 1 can spinach, 3 cups rice flakes, 1-4 cup milk, 4 tablespoons melted butter. Drain and chop spinach. Crush rice flakes with rolling pin and add to spinach all but enough to sprinkle over top of loaf. Add butter and milk and mix thoroughly. Place in buttered casserole. Sprinkle a few buttered, crushed flakes over top. Set in pan of hot water and bake in a slow oven until the custard is set.

Fluffy Omelet with Rice Flakes: 6 eggs, 6 tablespoons hot water, 2 cups rice flakes, 1 teaspoon salt. Add hot water to beaten egg yolks, then salt. Fold in stiffly beaten whites, and then rice flakes. Turn into pan and cook over slow fire until light brown underneath. Place in oven until top is dry. Fold in half, and serve at once.

Rice Flake Brittle: 2 cups granulated sugar, 1-2 cup white corn syrup, 1-8 teaspoon salt, 1 cup water, 2 tablespoons butter, 1 package rice flakes, 1-2 cup peanuts. Cook sugar, syrup and water to 300 degrees, or until small amount dropped in cold water is very brittle. Do not stir after the sugar is dissolved. Remove from fire, add butter, stirring only enough to mix well. Add rice flakes and peanuts, and turn onto greased marble top or slab. Smooth out with spatula. Take hold of edges, and pull as thin as possible. Break in irregular pieces.

200 FARM WOMEN GREET ICE MAN AS HE TRAVELS THE ONLY RURAL ROUTE IN WEST TEXAS

Six Communities Now Have Refrigeration Equal to That in the City and at the Same Prices

Two hundred farm women regularly receive ice delivered at their farms every other day by the Southern Ice and Utilities Company, according to Mrs. J. B. Delbridge, their county demonstration agent.

So far as Mrs. Delbridge knows, this is the only county in Texas with ice delivery in the rural communities. She is sure that it is the only West Texas County with such a service.

In six communities, R-Bar, Highway, Lomax, Elbow Fairview and Luther, housewives regularly meet the ice-man every other day just as in the city.

And these women, according to Mrs. Delbridge, pay only seventy-two cents a hundred a hundred pounds. This is the regular price of ice as it is delivered in Big Spring.

If, however, the women had to buy the ice at the community stores, they would have to pay \$1.00 a hundred pounds.

According to Mrs. Delbridge, the farm women are buying much better refrigerators than the town people, as they are interested in the refrigeration of their dairy products and have learned that only with the best refrigeration can they keep these products good.

Three of the communities have had their rural ice route for two years, said Mrs. Delbridge. The other three have added theirs after she came with the company here. The older routes are paying for themselves, but the newer ones have

# When Bob Takes The Car

**W**HEN Bob is invited to a dance and commandeers the family car, it's all fine and good for Bob but pretty tough on the family.

Dad lolls around smoking cigarettes. Mother says something about having promised to call on the Daltons before Mrs. Dalton's mother returns to Peoria. Betty Jane openly declares it is a downright shame that any young man should be spoiled and pampered the way Dad and Mother are spoiling and pampering Bob.

"Doesn't anybody else around count?" she demands, and neither Dad nor Mother attempts to answer.

Do you have a one-car problem? Are you harassed and inconvenienced by insufficient transportation for the increasing transportation demands of your family?

How easy to put an end to such worries! Pick out a sturdy used car from today's offerings in the classified columns of *The Herald*.

Two cars are a practical necessity for the average family with healthy, growing children. The children are entitled to their pleasure and the rest of the family also has some rights.

An extra car selected from the used cars listed in *The Herald's* classified ad columns will give you new standing with your family. It will make for your own peace of mind. It will free you from self-imposed restrictions on your right to the freedom and satisfaction of adequate transportation.

### EVERYDAY QUESTIONS

Questions from readers are answered daily by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the mass letters which he receives.

Eric, Pa.

How authentic are the recent cable dispatches in the American press about the continued famine in China? They state that 6,000,000 Chinese men, women and children have already starved to death, and that 4,000,000 more are threatened with the same fate. To the best of my knowledge and belief these reports are substantially correct. Their authors are responsible men, many of whom are missionaries and servants of God who find themselves in the center of an unparalleled tragedy, the like of which has seldom been equalled

in modern times.

Among many others who speak authoritatively on the situation, Bishop Root, head of the American Mission in Hankow; Grover Clark, a highly esteemed and reliable journalist; and Dr. John R. Mott, universally known and beloved for his Christian statesmanship, unitedly testify to the prevalence of the current famine. Dr. Mott says: "I have discovered no need more extensive or more intensive than the desperate need in China."

We should be thankful that when other established agencies failed to meet that need, the China Famine Relief Fund stepped into the breach

and provided over a million dollars worth of supplies from America. Of the supplies handed in the famine zone last year, less than four hundred dollars worth was stolen, and this paltry amount was seized by hungry men for their wives and children. Such a cause needs no advocacy once it is understood. Its humanitarian appeal speaks for itself.

Lexington, Ky.

Certain students have been led by their college courses to doubt the New Testament account of the Virgin Birth or Immaculate Conception. What is the historical basis for this belief?

You should not confuse the Immaculate Conception with the Virgin Birth. Your question indicates how necessary it is for those who undertake to criticize to be thoroughly acquainted with the subject discussed.

The early Church believed that our Lord was born of a Virgin. Centuries later the question arose

whether He could have escaped the contagion of original sin, since He had a human mother. Thereupon the Church formulated the doctrine that Mary herself was conceived "immaculately," that is entirely free of all fleshly taint or desire.

Being herself originally pure, and retaining by Divine grace that perfect purity throughout her life, she was qualified to bear a Son in whom the hereditary evil of original sin could not and did not exist.

The theologians of the Middle Ages debated this issue at great length. The Dominicans, led by St. Thomas Aquinas, generally opposed the Immaculate Conception. The Franciscans, led by the acute and logical Duns Scotus, generally favored it. No definite decision was proclaimed even at the Council of Trent, convened in 1545. But in 1854 a Papal Bull authorized the doctrine, although with some Catholic dissent.

Behind this prolonged discussion was the single motive to assert the moral and spiritual significance of Jesus. Its proponents and oppo-

nents alike were concerned for His personality and mission to mankind. Yet multitudes who cannot accept the Immaculate Conception or even the Virgin birth are convinced that Jesus was the chosen Revealer of God; "the Way, the Truth and the Life" for men and women who seek the Father. Read the Catholic Encyclopedia for the Catholic view on these questions.

Cincinnati, Ohio.

There are some conscientious mothers who teach their children that telling the truth is always imperative and who are sometimes doubtful about leading their youngsters to believe in Santa Claus.

What do you think is best to teach children regarding the Santa Claus myth? I do not sympathize with that overstrained morality which restricts the child's imagination and would rob it of some of its cherished dreams. Of course, truthfulness is imperative. But the roam-

ing of youngsters in fancy's enchanted realm is not conscious and deliberate falsification. Such image-makings do not stain their innocent souls as lying does. Nor is there anything more hurtful to youth's development than to charge it with adult deceptions of which it is utterly innocent.

I recently witnessed a performance of "Peter Pan" and was interested to hear the full-throated affirmatives of scores of children to Peter's question as to whether they believed in fairies. Old Santa is the prince of those ethereal beings. He breathes the spirit of Christmas joy and generosity. His symbolic presence makes the paradise of millions of our boys and girls. Nor do I know of any children who have been morally debauched by their faith in this glorious old gentleman.

When he has to be sadly given up, wise parents and teachers can suitably explain what he represented and thus turn their children's powers of imagery into more disciplined courses. But I for one protest against the suppression of

those powers. They produce the romance, the poetry, the sublimation which prevent the mechanized life we live from becoming damnablely intolerable.

## KID CHOCOLATE'S VICTORY STRING BROKEN BY ENGLISH WHIRLWIND

### POLOISTS LIKELY TO DEFEND CUP

When the American team rides out to face the British in defense of the Westchester polo cup experts predict that three of the four posts will be filled by Tommy Hitchcock (upper right) at No. 3, Winston Guest (lower right) at back and Eric Pedley, the California sharpshooter at No. 1.

## System "Toxic"; Sargon Triumphs

By ALAN J. GOULD  
Associated Press Sports Editor  
NEW YORK, Aug. 6.—A battered little bundle of ebony fighting machinery sat huddled in his corner at the polo grounds last night after ten of the most furious rounds of slam-bang boxing New York has witnessed in many a moon. As bellerin' Joe Humphries walked toward him, white official alps in hand, Kid Chocolate leapt up in anticipation of being proclaimed the winner, only to stumble back and fall into a sobbing heap in the corner as Humphries suddenly checked himself, turned and lifted the hand of Jackie (Kid) Berg in token of triumph.

Two to One

In those few dramatic moments, pulse-stirring to a crowd of 25,000 that had been thrilled by a sensational battle of little fellows, the winning streak that Kid Chocolate appeared to have kept intact was brought to a sudden end, snapped after two years of unbroken victory by the lean little English whirlwind from Whitechapel.

Entirely on the strength of his tireless aggressiveness, Berg won by a two to one vote of the officials. The British light weight received the verdict of Referee Patsy Haley, gray-haired little veteran, and one of the judges, Joe Agnello. The vote of Charles F. Mathison, the second judge, went to the Cuban featherweight.

So close was the battle and so partisan the sympathies of the crowd that the decision, plus the announcer's uncertainty, provoked a big demonstration of disapproval. Chocolate, led tearfully from the ring, received an ovation that drowned out the cheers for Berg. So heated was the scene that impromptu fights broke out around the ring and in the stands of the National league ball park. It was fully five minutes before order was restored by police.

Split Opinion

Among the ringside experts, a sharp division of opinion existed, although a slight majority appeared to regard the decision as fair. On the Associated Press score-sheet, Chocolate was given six rounds and Berg four but the margin in several was so close that there was plenty of ground for the wide range of opinion. Chocolate seemed to have the edge in the first three rounds, as well as the sixth, seventh and eighth. Berg held margins in the fourth, fifth, ninth and tenth.

Chocolate landed the cleaner, more effective blows. He had Berg somewhat groggy with a sensational attack in the third round, the most exciting of the entire fight. The flashing, ebony Kid was also the faster, better boxer whenever he could keep away from the crowding, mauling Englishman. Berg, however, was unceasingly the aggressor. His punches were seldom damaging but they were more persistent and landed oftener. This forcing, plus the fact that Berg unquestionably made the stronger finish apparently swung the decision in his favor.

It may be said as an opinion that Sen. Woodward came out of the Sterling rally a dominant political figure in West Texas, so far as state matters are concerned.

A Sterling victory will be ascribed as, to an unprecedented degree, the result of West Texas support and effort. Sen. Woodward, as chairman of the meeting that started the Sterling bandwagon toward expected success, will be credited with the leadership of that West Texas support.

## WOLCOTT Motor Co.

He did not expect to be apprehended so soon.

He said he would have no defense to offer when he was brought to trial and expressed a hope that the penalty would be expedited. He emphasized that he would not plead insanity.

"Is this your confession?" one of the newspapermen asked, fingering the many pages revealing a hitherto unheard of scheme of murder.

"Yes, he said."

"I'm tired and do not care to go into details now," Payne said. "You'll find answers to the questions in my statement to the officials."

He was led away to the "tank" of the jail on top of the court house.

Officers, many of them veterans of the plains and West Texas whose memory of criminals was good, remained to marvel at the tall, stooped man who revealed so many plans to commit murder.

They wondered why he had laughed so heartily over certain incidents he detailed in dictating his statement of death. They recalled it was a serious task to get the confession because he wanted to digress to talk about minute, technical details of the infernal machine he built and set for his wife.

J. Henry Gross, court reporter, spent hours transcribing his notes, and Payne, waiting to scan each page separately and make corrections, talked incessantly while officers took turns about listening. Payne insisted on signing each page separately.

Payne laughed when he told of taking an uncle of Mayor Ernest O. Thompson of Amarillo for a ride in his car "loaded with dynamite" at the time.

"It was fun, as I sped along not caring if the dynamite exploded," Payne commented.

Carried Face

He told one officer that he carried a fuse around in his pocket for a week after Mrs. Payne was killed.

Several of the methods Payne described as considered by him to destroy not only Mrs. Payne but himself were marveled at by officers who regarded them as far-fetched and in several instances uncanny.

He said he planned to place dynamite under his pillow and let a long fuse dangle out his bedroom window.

"I intended to rush outside, light the fuse and then hurry to bed so it would appear someone murdered me," he said.

"He got a great kick out of explaining how he secretly employed a private detective to run down the murderer of his wife," one officer recalled.

"I am not insane; I am abnormal, but I know the difference between right and wrong," Payne commented.

Officers said tears came out of Payne's eyes only a few times during the 20 hours he was recounting the details of his long campaign at conniving murder.

Sees Brother

When Sidney Payne, the attorney's brother, entered the room where he was, the two did not exchange greetings. They stared at each other and both were pale. Suddenly the two began to cry.

A. D. Payne launched into an explanation of his crime to his brother and insisted on telling him the most important details immediately. Payne's confession revealed that he first tried to kill his wife by administering poison in a tonic, then he resorted to an attempt at asphyxiation. On that occasion the gas was turned on with all the windows and doors of their room closed, he said, but after five hours and fifteen minutes Mrs. Payne awoke from her sleep to complain of a headache and he abandoned the plan. The third scheme

PROVEN SAFETY and TROUBLE FREE MILEAGE for YOU

IF A MAN drove a car to victory at 100 miles per hour in an international 500-mile race, would you say he could drive safely at 50 miles per hour on the road? And if a certain make of tire were used on 35 out of 38 cars in that race, including all the winners, and finished without a single tire failure, would you say it was safe at 50, 60, 70 or more miles per hour on the road?

That is the record of the new High-Speed Firestone Heavy Duty Balloons. The only difference between these tires in our stock and those used in the race is in the tread. Ours are made with a deep, tough non-skid tread while those in the race were made with a stiff, smooth tread to permit "drift" or skidding on the turns.

TRADE IN NOW

Put a set of Firestone High-Speed Heavy Duty Balloons on your car and stop wondering about tire safety and trouble-free mileage. We will make full allowance for the unused mileage in your present tires and apply it on the purchase price. Come in today.

## GENERAL RAIN CONTINUES

### Cosden Oil Company Reported Planning Expansions

### Payne Signs Confession To Bomb Murder

#### WARNING IS ISSUED FOR LEAF WORM

Keating Says Crops Should Be In Fine Shape

"With this rain and the half inch that we had earlier in the week the crops should be in fine condition," said Fred Keating of the U. S. Experiment Farm.

"Although it is a little late in coming none of the feed stuffs have been damaged except those that are already headed out. The late planted stuff will now mature perfectly," he said.

Mr. Keating especially warned the farmers to keep a close look out for leaf worm, which has already put in its appearance in several sections of the county. When it appears, Mr. Keating stated, the stand should be sprayed with a solution of calcium arsenate. He warned the farmers not to use white arsenate as it is too strong and will burn the foliage if not properly applied.

The farmers should be looking now for a supply of this poison so as to have it on hand when needed, he said.

Mr. Keating suggested the planting of pinto beans as soon as the ground is dry enough to work. "It is seldom," he stated, "that the rain comes at a time in this section of the state when the beans can be planted to such a good advantage. The moisture and the time is right now for planting the beans."

"It is too late," he said "to try and check the smut in red top cane. The only thing that can be done is to cut off the heads that are infected and burn them. It will do no good to cut them and throw them on the ground. They will only infect the seeds that are planted next season.

"This smut could be prevented by treating the seeds with copper carbonate. Seeds thus treated are immune to smut."

He said, however, that there was none so far as he knew in the county at present, but that it should be watched for closely.

#### Forsan Youth's Condition Critical

Homer Parks, 16, injured with his brother Harvey Parks, 12, Monday night near Forsan in an automobile accident, remained in a critical condition today at a local hospital.

Homer received a fractured skull when the car he was driving turned over three times.

The condition of Harvey was reported as slightly improved. He received a badly mangled arm and possibly internal injuries.

#### Two Men Jailed For Tampering With Automobile

Jack Burns, Los Angeles, and Jack Baxter, Fort Worth, were assessed 30 days in jail in county court this afternoon on charges of tampering with an automobile.

The youths were arrested late Tuesday night, by W. A. Bogner as they were caught tampering with two automobiles belonging to him.

#### Snowwhite Officials Visit Plant Here

The local plant of Snowwhite Creameries was visited Monday by a group of officials of the Southwest Dairy products company, of which Snowwhite is a part.

Headed by C. S. Dawley, Dallas, president of the Southwest Dairy Products, the following were in the party: I. L. Wahley, general sales manager; Ben E. Cabelle, Jr.; E. S. Wagley, district manager; Mineral Wells; S. H. Goble, manager at Sweetwater and Stamford; H. C. Vanderwort, Fort Worth, and Taylor W. Long, manager in this district.

#### PLANS FOR DEATH OF WIFE TOLD

Attempted Shot Gun 'Accident' He Declares

STINNETT, Tex., Aug. 7 (AP)—A. D. Payne, Amarillo attorney today dictated a statement in the presence of Potter and Hutchinson county officers detailing how he planned the death of his wife, who was killed in an explosion that destroyed the family automobile June 27.

According to Mayor Ernest Thompson of Amarillo who was present with the officers during a part of the time Payne was dictating the statement, Payne said he had carried three sticks of dynamite in a sack of chicken feed in his automobile for three weeks before he found a chance to use it.

Another Scheme He acknowledged also, according to Mayor Thompson, that he had attempted to manipulate a shot gun so it would kill her and appear accidental, three months before he actually hit on the dynamite balst as the surest scheme.

He said the shotgun was placed in a coiled so it would discharge when his wife opened the door and that it did actually fire, but the charge merely grazed her person.

He said he planted the dynamite in an open container with water and phosphorus under the driver's seat of the family automobile and that when the water evaporated and splashed out the air got to the phosphorus and set the dynamite off.

The confession was signed, according to Mayor Thompson, before officers would let Payne's brother, S. J. Payne of Tulsa, who came here today to talk to the accused man. They said they wanted his admission complete before he saw him.

Mayor Thompson said the statement was very lengthy and required several hours to prepare. He said the accused had gone into the smallest details touching on his infatuation for Mrs. Verona Thompson, his former secretary, whose statement involving her association with Payne was responsible for his arrest and the filing of murder charges against him.

STINNETT, Tex., Aug. 7 (AP)—A. D. Payne, Amarillo attorney, held on a charge of murder in connection with the death of his wife, who was blown to pieces by a bomb or infernal machine in the family automobile, has concluded he is "the meanest man in the world."

Only a few days ago he acclaimed to Gene Howe, editor of the Amarillo News-Globe, that he had been known by his neighbors as "a model husband."

Chief of Police W. R. McDowell of Amarillo said today that Payne, held in jail here, admitted in a statement that he placed the explosives in the automobile that killed his wife and permanently maimed his nine-year-old son who had been named for his father.

"I must be the meanest man in the world," McDowell quoted Payne as commenting after he had acknowledged his part in the tragedy that mystified officers for weeks.

The accused man at the same time had praise for the woman who, once his private secretary, divulged to newspapermen her "affair" with the attorney and caused the strong arm of the law to reach out and restrain him.

Mrs. Verona Thompson, the former secretary, had been described by Payne to A. B. McDonald, Kansas City newspaper man, as a "commonplace, unattractive" woman, when the lawyer was asked about women who had worked for him, and it was to the "unattractive"

#### 130 HOWARD COUNTY DAIRY COWS GIVEN TUBERCULIN TEST

One hundred and thirty Howard County cows have undergone tuberculin tests, according to J. M. Williams, city sanitation inspector, whose report of activities during July has been submitted to V. R. Smitham, city manager. According to the report, although seven applications for dairy permits have been received, none have been issued.

Inspections for sanitation during the month included, dairies, 31; creameries and milk plants, 2; cafes, 7; ice cream wagons, 2; fruit stands, 3.

Nine complaints were received and investigated, and eleven re-inspections were made to determine whether notices previously served were complied with.

According to the report 10 notices were served in this department.

In general sanitary inspections one tourist camp was investigated. Three unsanitary conditions, six unsanitary methods of handling and disposing of garbage and refuse, five alleys, nine toilets, were investigated. Twelve complaints were probed and 14 re-investigations were made. Sixteen notices were served.

According to the report one food handler was ordered discharged on account of being a suspected disease carrier. The person refused to report to Dr. M. H. Bennett, city health officer, for examination.

#### ANOTHER TRY OKLAHOMA CITY, Aug. 7 (AP)—A plane piloted by Roy French and Elmo Dodson, local aviators, took off from the municipal airport here at 9:15:20 a. m., today for an attempt on the refueling endurance record now held by the Hunter brothers of Chicago.

Lucas, present commissioner of internal revenue, was named executive chairman. He will carry the burden of directing the party forces in the approaching campaign and will resign his treasury post soon to devote his entire time to the new job.

Both Fess and Lucas were present at the meeting and made brief addresses.

In submitting his resignation, Huston said he was conscious of his own integrity, but was putting the interest of the Republican party ahead of personal considerations so that the organization might select a leader free from the present factional opposition.

The bodies of three women were found on the Mexican side of the line and the body of a man was discovered near the banks bridge on the American side. None was identified.

"Many houses have been swept away," Mexican police reported, "and forty persons are missing."

One hotel and sixteen Mexican homes on the Sonora side were reported by the police there to have been swept away. They did not

#### REFINERY AT TIDEWATER IS RUMORED

Increased Capitalization Being Considered

FORT WORTH, Aug. 7 (AP)—Expansion of refining and marketing operations which will probably include the acquisition or erection of a plant on Tidewater or either the Atlantic or gulf coast is involved in an announced increase in capitalization of Cosden Oil Company, according to reports here, where the company maintains general headquarters.

Concentrated Here The reports could not be confirmed here due to the absence of J. S. Cosden, head of the company, who is not expected to return to the Fort Worth office until after stockholders meeting in the New York office on August 14. Plans contemplated increase from 300,000 to 500,000 shares.

"Production of the Cosden Company, until recently, has been largely concentrated in the Howard-Glasscock area, where the company has a large refinery at Big Spring, which is supplying material for its aggressive marketing operations in the interior. Recently it has proved up valuable producing properties in Southwest Texas near the gulf coast and a Tidewater refinery would have this as a nucleus, at least, of its raw material supply.

#### Profit Taking Sends Wheat Down

CHICAGO, Aug. 7 (AP)—Grain traders today scooped their profits from the pits and wiped out an early advance, leaving prices of both wheat and corn below the high closing marks of yesterday.

Waves of buying had swelled wheat prices 4 cents a bushel and corn 2 1/4 cents early in the day but at the close wheat was 1/4 to 1 1/4 cents under Wednesday's last prices. Corn ended the day with losses of 1/4 to 2 1/8 cents.

Trading as on yesterday, was in immense volume with the public evincing an interest aroused by the startling advance of the last few days. Today's news from the dry grain belt showed little change, the scattered showers being only of regional benefit and too light generally to freshen the burning crop.

Corn was still three cents above wheat at the final hour. September wheat ended at 96 3/8 to 1/2 and September corn at 99 1/4 to 1/2 cents; December wheat at \$1.01 7/8 to \$1.02 1/4 and December corn at 95 3/4 to 96 cents.

#### CITY INSPECTOR MOVING OFFICES

J. M. Williams, city sanitation inspector, was preparing today to move his office from the city hall to the second floor of the Allen building, East Third street.

Larger quarters will be obtained for the inspector on the second floor. According to Williams, office hours from 8 to 9 a. m. and 1 to 2 p. m. will be maintained.

#### WINS MISS AMERICA TITLE

Dorothy Bell Goff of New Orleans was the judges' unanimous selection as "Miss America" at Galveston beauty pageant.

#### SCHOLASTIC ATHLETICS TOPIC OF BLANKENSHIP, STEVENS

Appeals from Supt. W. C. Blankenship and Coach Bill Stevens for cooperation of Kiwanians and all other citizens in their efforts to create higher standards of sportsmanship, with resulting higher degree of benefit to players and their fellow students, in local scholastic athletics were heard by the Kiwanis club at its weekly luncheon Thursday in the Crawford hotel.

D. H. Reed, principal of junior high, was in charge of the program. J. S. Winslow accompanied I. B. Cauble, old-time fiddler, in two rousing selections that were greatly appreciated by the club members.

Garland Woodward, chairman of the On-to-Lubbock committee, to obtain a large delegation of members to the Texas-Oklahoma district convention in Lubbock September 1, announced the following Captains, who will be assigned portions of the membership for which they will be held responsible when the roll is called in Lubbock. Captains are Roy Carter, J. L. Webb, G. R. Porter, Lewis B. Rix, J. E. Kuykendall, L. W. Croft, George Gentry, Hilo Hatch, Carl S. Bloomfield, Dr. J. R. Dillard.

Program chairmen for the next four weeks were announced as follows: August 12, the On-to-Lubbock committee; August 21, Carl Bloomfield; August 28, Nat Shick; September 4, Wendell Bedelick.

A committee to nominate members for elective offices for next year, was named. It will report October 1, the election to be held October 15 for next year. Committeemen are Dr. J. R. Dillard, L. D. Davenport, Nat Shick, Rev. R. L. Owen and C. W. Deats.

Value of clean high school athletics to the athletes, to the entire school, as a method of unifying and intensifying school spirit of the right kind and athletics' benefit to the community were reviewed by Mr. Blankenship.

"The value of athletics to the individual who takes part actively depends upon his own attitude. If he is in the game just to develop bull strength without the other things that should be co-incidentally developed, he may be harmed instead of benefited," said the superintendent. "But if he takes care to develop scholarship and clean thinking as a part of his playing of games, it is a wholesome thing."

"Athletics teaches a boy to give and take and playing football and other games is one of the best ways in the world to straighten out a cocky boy," he continued. "Once in a while a boy gets the idea he is the only one on the team that real-

#### HOWARD IS GIVEN NEW DRENCHING

2.03 Inches Here; Farming Districts Report Falls

Howard county continued to receive its "million-dollar" rainfall Wednesday night and Thursday morning, and indications were at noon today that further precipitation would be experienced over the county tonight. Rain bearing clouds continued to hover over this section of West Texas, after two days of alternate rainfall.

According to the rain gauge located at the experiment farm, north of Big Spring one-tenth of an inch of rain fell in Big Spring and surrounding territory this morning, bringing the total for the two days to 2:03 inches. Outlying and rural districts reported heavier rainfall than was registered here.

The heat wave, which has persisted here for weeks, was broken Wednesday when a maximum temperature of 83 was registered.

According to reports coming in from over Howard County, cloudy skies indicated more precipitation would be experienced either this afternoon or tonight.

Ranches to the south of Big Spring reported excellent rainfall. Lorin McDowell reported the McDowell ranch was covered by a ground-soaking rain, while Joe and Bernard Fisher have received reports that their ranch also was benefitted materially by the rain. Each of the large tracts are south.

Lomax and Elbow communities, located southwest of Big Spring, reported today that a beneficial rain had fallen both Wednesday and early Thursday morning.

A slow drizzle was falling in the eastern section at noon Thursday, Coahoma reporting excellent rainfall during the two days. The communities of Vincent, Morgan, Bar and Green Valley, located in that vicinity, all reported consistent rainfall of great benefit to crops of that section.

A rain that started falling before daylight this morning drenched Stanton and vicinity to the West of Big Spring. From Stanton 10 miles to the southeast between three and one-half inches of rain was reported.

# Sterling Club Formed Here

## J. T. BROOKS IS ELECTED CHAIRMAN

### Fergusonism Declared Paramount Issue In Run-Off

With approximately 100 persons in attendance a gathering of supporters of Ross S. Sterling, candidate for the Democratic nomination for governor, formed a Howard county Sterling-For-Governor Club here Monday evening.

James T. Brooks was made chairman, L. E. Lomax, vice-chairman and Wendell Bedichek, secretary.

The steering committee is made up of the following: C. W. Cunningham, Dr. G. S. True, C. A. Johnson, Tom Ashley, Eli Satterwhite, A. G. Hall, Dr. E. O. Ellington, Mrs. C. S. Holmes.

The nominating committee, composed of L. S. Patterson, B. Reagan, Garland Woodward, L. E. Lomax and A. J. Stallings, recommended that the officers appoint other committee members over the county as they may deem advisable.

Judge Brooks, opening the meeting as temporary chairman, made permanent chairman. Addresses were made by Mrs. C. S. Holmes, B. Reagan, Clyde E. Thomas, Garland Woodward, Wendell Bedichek, Mrs. Clyde E. Thomas, and S. H. Morrison.

### TO SPEAK HERE

**DALLAS, Aug. 5 (AP)—**Ross S. Sterling, candidate for governor, will speak at Big Spring Friday afternoon and Sweetwater Friday night, August 15. It was announced at his caucus of campaign leaders here last night.

In his preliminary remarks Judge Brooks recalled that he was district attorney here during the administration of Mrs. Ferguson and that "Jim met convicted men at the prison doors with offers of pardons." "The most prominent convictions I obtained were pardoned before they ever reached the penitentiary," he declared.

**As to Pardons**  
"I believe the pardoning power should be exercised but when a man comes brazenly before the people with the boast that he will free 2,000 convicts upon society I know and you know that he does not stand for enforcement of and respect for law," said Mr. Brooks.

"Ross Sterling has spent millions for the state as highway commission chairman and not even Jim Ferguson can point to one dime not spent rightly. The highway bond issue is not paramount in this campaign but honesty in government."

"However, I believe our roads should be built and built now, and from a gasoline tax."

"The statement that Mr. Sterling's highway financing plan would mean further taxing of property is untrue. But, if you or I oppose the bond issue, we must remember it would be submitted to the people before it can be put into effect. Don't let any opposition to it prevent you from voting for honesty in government August 23."

**Impediment**  
"The legislature, acting within the power delegated to it by the constitution, impeached Jim Ferguson and wrote into the verdict that he could never again hold public office in Texas. If a large business concern were looking for a man to head it do you reckon its directors would choose the wife of one who, because of some blot upon his past record, could not serve in his own name?"

"Sure, Mr. Sterling is rich. He made every dollar honestly. The best testimony to this is the tremendous vote his neighbors, the people who know him best, gave him in the first primary."

**Mrs. C. S. Holmes**  
Mrs. C. S. Holmes, of the Women's Christian Temperance Union, relating stirring wet-and-dry political campaigns in which she had participated, said that the local W. C. T. U., believing then, as now, that there was a wet-and-dry issue at stake in the current campaign, felt the election of Mr. Sterling would carry out the organization's aim of having all laws, especially the prohibition statutes, upheld.

the reality of the situation is properly pointed out a great majority of mothers will vote for Mr. Sterling. We know pretty well how Mr. Sterling stands for honesty. We also know pretty well how the other candidate stands, and that he doesn't care so much about righteousness in government if his own whims are satisfied."

"I've been trying to keep out of politics for several years," said B. Reagan. "But when the issue is righteousness versus chicanery in office I am anxious to do my part. There are some good men for Jim Ferguson. But I believe they either are ill-advised or not well read. There have been a good many men killed in the past few years by men whom Ferguson pardoned. Law enforcement is a very important matter," he declared. "Putting a man in a very responsible position where he cannot be held responsible is dangerous."

**Clyde E. Thomas**  
Mr. Thomas declared that "this is not a time for speeches. It is time to go to the vote that is still on the fence. About 1,000 voted for Mrs. Ferguson in Howard county. Now, did Ferguson carry the county so heavily after all? Four years ago she received the same number of votes here. But our voting strength has gone up 30 to 40 per cent. She got 800 in the run-off in 1926. Her increase has been less than the increase of voting power in Howard county. I have letters indicating that the plains, which accorded Senator Small such a splendid vote, will go strong for Sterling in the run-off."

"I am sorry the 'Moody' element has been injected in Mr. Sterling's campaign by some. Out here we got the habit after pink bollworm rules were placed on us, of cursing Moody. But his administration has been marked by honesty. However, Moody and Sterling are not together. The former never came out for anyone in the first campaign. Sterling never came out for a \$350,000,000 bond issue. He has advocated a \$175,000,000 issue. He sees the inequity of the present system. This 'bond' cry has been set up by others as a target. Prejudice against bonds on the face of the thing is mostly responsible for opposition to the plan."

**Was for Young**  
"I voted for James Young in the first primary. He was the man of my choice. Mr. Sterling is the man of my choice in this campaign," Mr. Thomas declared.

Garland Woodward, opening his address with the statement that "my terminal facilities are bad when I get to talking about Jim Ferguson," loosed a barrage of attacks upon the former governor that had teeth in them. He minced no words. "My talk would be more appropriate tomorrow night at the Ferguson meeting, and I'd like to talk to them and tell them a few things about Jim that they don't know," he shouted.

"If we elect Mrs. Ferguson we will again be the joke of the American people," he continued. It would seriously handicap the credit of Texas and I believe federal farm and would be withdrawn during the debarbering."

"Government by proxy is wrong in fact and in theory. If I ran for tax collector in this county and it was discovered that ten years ago I had been indicted for taking \$156,000 illegally how many votes do you think I would get? Jim stands in point of fact guilty of a grave offense. I am not taking the position that to my own knowledge he ever got a dime illegally. But I am standing by the verdict of the senate of Texas. Why, Jim Ferguson can't even serve as a notary public in Texas!"

**Woodward Speaks**  
"I'll never vote for him except in a general election," said Mr. Woodward amid cheers.

"He asked us four years ago to vindicate 'pa' through the election of 'ma.' Now he wants us to vindicate 'ma' through 'pa,' he continued."

"He says he will pardon 2,000 convicts. I wonder, and so do you, what burglar, what thief, what murderer would be sent back to Howard county?"

Mrs. Clyde E. Thomas informed the meeting that a group of mothers who are very vitally interested in the campaign, and believe that Mr. Sterling should be elected, had already formed a Women's Sterling-For-Governor club, independent of the W. C. T. U. She offered, for Mrs. L. S. Patterson, its president, the cooperation of that group in any way the county organization might see fit to use it.

**Morrison**  
S. H. Morrison, who came in late, was informed by the chairman that "this is a Sterling crowd" to which the judge replied "that's the reason I came and was invited to speak."

"Mrs. Ferguson is running for alleged governor," he opened. "And Jim is running for back door governor."

annul every verdict against those found guilty of breaking the law are we really for upholding the law?"

"Jim has done things he wouldn't dare do if he were governor. I hope his wife doesn't know of all the things he's done. When we put the Ferguson in power we are accused by the nation of not being in favor of the enforcement of law," he continued.

**No Fraud**  
"There was no fraud practiced against Jim when he was impeached," he declared. "When his trial opened he had a majority but, one by one, they were forced by their conscience, to leave him in the face of the testimony."

"We do a dis honor to our representatives in the legislature if we return him to power."

"I sincerely hope that there will be such enthusiasm manifested we will roll up a good majority for Mr. Sterling. Tell the people they are needed more than ever and that this is a challenge to good government."

"We have a business man to oppose Ferguson. He has managed his own affairs and that of the highway department honestly and efficiently. He has handled the people's money as if it were his own. It is no disgrace to be rich when you have, in gaining those riches, engendered the sort of confidence on the part of your neighbors as has Mr. Sterling. Twenty thousand people in his home county voted for him. Will we turn down a man like that and take Jim because he can make big speeches, and make folks cry about his being treated so badly? Lots of us are as good as Jim but we don't feel like we are just ruined if we're not holding office. We don't need him. He's smart, and he glories in getting up and humbugging 'em and making 'em yell 'go after 'em Jim' while they forget what it means for him to 'go after 'em'."

"We don't have to swallow Mr. Sterling's bond plan, either, because it must come right back to the people for a vote," he concluded.

**DALLAS, Aug. 5 (AP)—**Dallas headquarters for Ross S. Sterling, candidate for governor, said today that Sterling probably would swing into West Texas after making his opening stump speech at Hillsboro Friday night. Sen. Walter C. Woodward, who was chairman of the statewide Sterling rally here yesterday, will be on the platform with the candidate at Hillsboro.

**Gov. Dan Moody** will speak for Sterling at Waco Thursday night, at Waxahachie Friday night, at Cooper Saturday night, and will fill in with afternoon engagements, Dallas headquarters said.

**SWEETWATER, Texas, Aug. 5 (AP)—**Nolan county supporters of Ross S. Sterling, candidate for governor, will meet Friday to make arrangements for a West Texas Sterling rally to be held here August 15, when the Houston man will be the principal speaker.

Those making arrangements for the rally expect an attendance of 10,000. A. S. Maury, former county judge, and John Hendrix, who returned today from the Dallas Sterling conference, are in charge of the plans.

**AUSTIN, Aug. 5 (AP)—**A Sterling-For-Governor Women's Club was formed at a mass meeting here today at which Governor Dan Moody was the principal speaker. Governor Moody declared the coming campaign "a test of the moral fibre of Texas voters."

**Thief Breaks In House, Finds Keys, Steals Machine**  
Entering the house while all members of the family were away, a thief Monday night took the keys to the family automobile from a dresser in the E. D. Merrill home, 212 West 18th street, went to the garage and drove away with the Buick sedan.

**Youth Assessed Term In Jail**  
Durwood F. Elder was assessed 40 days in the county jail by a jury in County Court Monday afternoon, which found him guilty of negligent homicide.

**Prentice Pierson Is Sought Here**  
Efforts were being made here Tuesday to reach Prentice Pierson of Hamlin with a death message from that place. A telephone call to Thornton Crews, Church of Christ minister, asked that every effort be made to locate the young man.

**EASTERN STAR TO MEET**  
The Order of the Eastern Star will meet this evening at seven-thirty o'clock at the Masonic Hall.

## Manager of Radio Station At Airport Begins His Work

Sam Hardy, formerly with radio station KUT of Austin, has arrived in Big Spring and has taken charge of the radio station which has just been installed by Southern Air Transport at the local airport.

Hardy also will be assistant manager of the local airport. According to a telegram from Jerry Marshall, operations manager of Southern Air Transport, Lee Garner, former assistant manager of the local branch of S. A. T., has been made manager. Garner succeeds John Blaine, resigned.

Although the new radio station has been assembled operations will not start until next week. The station will be known as KGWV when it is placed in operation. It is a short wave length station, having contact with all Texas stations of Southern Air Transport. The license for the station has not been received, but is expected within the next few days.

**Wheat Prices Continue Rise**  
KANSAS CITY, Aug. 5 (AP)—Grain prices continued upgrade here today. Wheat futures closed near the high level, up about 3 cents for all deliveries, making the advances between 6 1/2 and 7 cents for the two days of this week.

Strength again was attributed to the belief the protracted drought and heat has cut the corn crop to the smallest yield in years.

Final prices for September wheat were 84 7/8 cents in Kansas City and 91 5/8 cents in Chicago.

Active corn futures advanced about 3 to 4 cents for the day, with September closing at 89 1/4 cents here and 93 3/4 cents in Chicago. Corn has advanced 5 to 6 1/2 cents since the Kansas City market opened yesterday morning.

## TRANSPORT COMPANY IS OWNER

### Improved Equipment To Be Given Test Sunday

A complete aeronautical radio station, maintained by major airports, was being installed today at the Big Spring airport, by officials of Southern Air Transport, Inc.

M. B. Andrews, head of communications engineers of the company, and O. D. Thomas, were installing the set this morning. Andrews left for Dallas on the eastbound S. A. T. plane.

When completed the radio station will be in charge of S. W. Harry, formerly with radio station KUT, Austin. He will be here next week to take charge of the unit.

According to Andrews, installation of the station will require today and Saturday, with the first air test scheduled for Sunday.

The station will not be placed in operation until next week, at the earliest, Andrews said.

The station will be the ninth of Southern Air Transport. It will be on the El Paso-Fort Worth line, with Dallas, El Paso and Fort Worth sending out weather reports and flying information.

**Fist Fight Follows Testimony In Court**  
A few minutes after a condemnation suit of the Texas Electric Service Co., had been settled out of court, J. C. Allred, one of the defendants in the suit and J. W. Denton had a fist fight in the courtroom hall, directly in front of the County Clerk's office.

It was said that Denton was a witness for the utilities company. Each of the men paid fines of \$1 and costs in Justice of the Peace Cecil Collings' court. They pleaded guilty to charges of affray. The fight occurred about 11 o'clock this morning.

**Personally Speaking**  
Mr. and Mrs. W. B. Ballard had as their week-end guest Mrs. J. B. Sandifer Jr., of Breckenridge.

Miss Lydia Dorsett of Snyder is the guest of her father E. S. Dorsett at the Crawford Hotel.

## BROTHERS TURN OVER IN MACHINE

### Amputation of Arm May Be Necessary; Skull Fractured

Harvey Parks, 12, and Homer Parks, 16, brothers, Foran, are in the Big Spring Hospital in a serious condition, following an automobile accident three miles southeast of Foran at 7:50 o'clock Monday evening.

The youths were injured when the Ford touring car in which they were hauling water to a Mexican shepherd, overturned three times.

Harvey's left arm was so badly mangled in the wreck amputation probably will be necessary. He also received internal injuries.

Homer received a fractured skull and a broken lower left jaw in the accident.

The injured are the sons of Mr. and Mrs. H. C. Parks. Parks is an employe of Merrick and Bristow, residing on their lease east of Foran.

A broken radius rod was blamed for the accident. The boys had been given a lamb by the Mexican for hauling drinking water to him. The brothers were able to walk 400 yards to a drilling rig after the accident. They were taken to Foran and rushed to the local hospital for emergency treatment.

## CHURCH GROUP IN REGULAR MEET

Mussolini Makes News

Detroit News. Mussolini, "Il Duce," was recently quoted as favorable to the return of the Hapsburgs to the throne of Hungary, in the person of Archduke Otto. Thereupon a vast amount of speculation arose as to Italian intrigues in Central Europe.

Mussolini is a great news-maker—the best headline-hunter in Europe. That is not because he says what he thinks, but he has a gift for stimulating the imagination.

Election Service

THE PEOPLE of Texas accept as a matter of course the work of the Texas Election Bureau without stopping to think just what that service means to them.

In contrast with conditions before organization of the bureau, the results are known now within a few hours after the polls close.

By 11:30 p. m. last Saturday the bureau had accounted for 225,000 votes. By way of contrast, only about 20,000 votes had been tabulated at that hour in the Oklahoma race of last Tuesday.

Bonds

TO SOME folks, who honestly adhere to such an opinion, the cry "bonds" is worse than "booger." Right at this time there is before the people of the state a plan for financing highway construction that in reality meets the argument most often advanced for opposition to road bond issues.

OIL BRIEFS

DALLAS, Texas, August 6 (AP)—George S. H. Marshall, president of the Laredo Petroleum Club, has called a meeting for Saturday night at Laredo to form an organization and protest proposed proration announced for oil fields near here.

Hollywood Sights

By ROBBIN COONS: HOLLYWOOD—Movie ironies: Lillian Gish starred in "One Romantic Night," but several local theatres have billed it as "Marie Dressler in 'One Romantic Night,' with Conrad Nagel and Lillian Gish."

Hal Skelly came west to star in "Burlesque," supported by Nancy Carroll. Skelly's film career was short lived, while Miss Pickford and Doug Fairbanks were among the first to urge Maurice Chevalier to desert Paris for Hollywood.

Miss Pickford also gave Charles Rogers his first big break in her "My Best Girl." Today Rogers, with more pictures annually and a tremendous flapper following, might be said to rank as a more important star.

PSITTACOSIS

Not so long ago the world was acutely agitated by a strange and, to most, unknown disease, variously designated as psittacosis, or parrot fever.

Helping Hands

Tom Mix aided George O'Brien to get a start in pictures. Now Mix and his horse Tony are big shots in the circus, but O'Brien reigns as a talkie Western star.

Triumph

The most impressive screen "comeback" of recent weeks has been that scored by Wallace Beery in "The Big House," and as a result his screen future, for some months in doubt, now seems secure.

DAGGER by Mary Dahlberg

SYNOPSIS: Dagger Marley, 36-year-old niece of Jim Marley, Texas rancher, rescues Blaine Howard, American adventurer, from some Mexican insurgents, and falls in love with him.

Blaine Howard, American adventurer, from some Mexican insurgents, and falls in love with him. However, he has a wife he does not love, resists the temptation to return Dagger's affection and leaves the Marley ranch to join the Allied armies in France.

Chapter II

MEANWHILE Dagger's flying lessons continued. Daily, if the weather permitted, and when it didn't, Stedman gave her shopwork, taking a motor to pieces, or lectured her on air currents and problems and the science of stunting.

Helping Hands

Tom Mix aided George O'Brien to get a start in pictures. Now Mix and his horse Tony are big shots in the circus, but O'Brien reigns as a talkie Western star.

Triumph

The most impressive screen "comeback" of recent weeks has been that scored by Wallace Beery in "The Big House," and as a result his screen future, for some months in doubt, now seems secure.

when he overstepped her mark. At such times he was scrupulous to avoid her, but she always heard of it. The Willy, maybe, would come in, pop-eyed, to report: "Hear about Vanering's bust last night? He crowned a feller down in Danny's—wanted to fight the M. P.'s. I tell you, he's wild when he drops off the wagon."

Dagger spoke to him once on the subject, and he was winningly penitent. "I know I'm a pup," he admitted. "But every once in a while I just have to cut loose. And you know, I do hold my liquor pretty well."

"Up to a certain point, Jack. After that—well, a feller can't afford not to have full control over himself."

He laughed shortly. "Full control is right! In France a pilot who can't keep control after he's full will crash in a week. They fight drunk half the time."

"But you mustn't," she protested. "Of course, you'll crash sooner or later, if you're drunk. Anybody would."

He shrugged, his eyes, inflamed and puffed, lighting up with a blend of affection and amusement. "Regular little saint you are! Don't worry about me. We all crash sooner or later."

"You mustn't talk like that, Jack. Why, if you—"

"Would you care a little bit?" She forced herself to impersonality. "I'd care if anyone crashed. It's—it's so unnecessary."

Weeks slipped away, and without realizing it, the two began to take each other for granted. They excited the derision of their young friends by the decorousness of their relations; they did not know that the repression they practiced—mainly through Dagger's self-control, the automatic recollection in each moment of temptation of the moment she had slipped with Howard—comprised in itself the essential element of danger.

War's relentless call suddenly releases the pent-up love of Dagger and Vanering for each other in Monday's thrilling chapter.

Clean Tactics

"A reputation for good sportsmanship or for unscrupulous tactics, such as playing ineligible men goes out over the entire state.

Coach Stevens told the club prospects for the football team are much better than last year, that twice as many boys will be in the training camp and that "they are a good bunch of boys."

He told of plans to hold the training camp on the Llano river, in a place ideally situated and arranged for the purpose.

"I would like to urge all of you to support the team as several other towns in this district have learned to do," he said.

The rain to the north of Stanton extended even further, between two and two and one-half inches falling in the last two days 18 to 20 miles away from Stanton.

Ackerly reported a slow drizzle this morning, with total rainfall near Soash registering approximately one and one-half inches.

A rain that started falling at 5 o'clock this morning and lasted until eight o'clock boosted the rainfall in the Fersan Community to nearly three inches, it was reported.

Rain fell in that section from six until ten o'clock Wednesday. The report indicated the rainfall was slight near Sterling City. Light showers were falling in that vicinity intermittently during this morning.

Dawson County reported an average of one-half the maximum for the county. In several places, however, the rainfall totaled one and one-half inches, but in others it was light.

Incliment weather continued to prevail in that section at the present time and more precipitation is expected for the weather life.

five one" MacDonald first went in quest of information that might clear up the mystery explosion.

"No need of going to see her," Payne had told him.

Mrs. Thompson was in a talkative mood and wrote down things she knew and experiences she said she had lived.

MacDonald showed the statement to the district attorney, the sheriff and other officers, and a warrant for Payne's arrest was issued.

"Conscience Clear"

"My conscience is clear; I'm glad I talked," Mrs. Thompson later told newspaper men as she gathered up her things preparatory to leaving Amarillo, "to get away from the notoriety" she said.

record as opposed to allowing development of undrilled fields or sinking of new wells during the proration period which might endanger the restriction plan.

Each of the fields have a particular problem. The Gulf operators claim that because of the peculiar grade of their oil and their geographical location, demand equals supply and that they should not be made to suffer loss of production merely to help another operator in a field a thousand miles away.

These operators were the most outspoken opponents of proration plan.

Possible danger to the life or potential output of the deep wells in Big Lake were cited by lease holders there, who advanced the additional arguments that the University of Texas, owner, was a "partner" and that regents should be consulted before restriction, and consequent lessened revenue for the university, was put into effect.

Wells in the Wichita Falls-Ranger territory are for the most part small producers, some of as little as three barrels per day, making it extremely difficult to arrive at an equitable plan of restricting them.

These wells, moreover, were said to be constantly threatened by water. Advocates of proration declared that a grave emergency existed in the Texas industry, and that unless

MONTREUX, SWITZERLAND, IS SCENE OF FORMER LOCAL GIRL'S MARRIAGE TO C. A. GRISSOM

Miss Eloine Grisham Weds Abilene Man After License Troubles In European Cities: Both With Simmons Group

Miss Eloine Grisham of Abilene, a former resident of Big Spring, was married to Charles A. Grissom at Montreux, Switzerland, at five p. m. European time Monday evening.

The couple is with the Simmons group touring Europe. They had tried in almost every European city to get a license but because of the length of time necessary between application and the ceremony they were unable to be married. In Switzerland, however, the resident requirement is only a week so they left the party there and joined them again in Genoa, Italy, on Friday.

They have yet to see Nice, France and Versailles. The party will sail for home on the Leviathan August 10, arriving in New York on August 16.

The tourists were in Montreux on July 21, when the couple laid plans, to secure a license after a week there according to the European laws. The parish is a favorite resort among tourists and is famed for its romantic Alpine scenery, a pretty spot for nuptial affairs. The romance of the Abilene boy and girl was not a new thing, but had its beginning several years ago.

The two will return late in August, and will then go to Lubbock where they will live on the Grissom farm, their parents announced for them today.

Both are outstanding young people in Abilene and West Texas social circles. Mr. Grissom, a graduate of Haskell high school, attended Kemper military academy in Booneville, Mo., for a year, and last spring was graduated from New Mexico Military Institute, Roswell. Miss Grisham, a graduate of Abilene high school, has completed two years' work in Simmons University.

Machine Works Opens In City

The D&M Machine Works, 305 Owen street, is a new industrial concern in Big Spring. It is being moved here from Wink and will serve adjacent oil fields. The company's manufacturing plant is located in Torrance, Calif., and the main office for Texas is in Houston.

Oil well supplies will be distributed from Big Spring, this city having been chosen because it is more centrally located with reference to all West Texas oil fields, declare officials.

A. E. Carragher is here from the home office assisting in establishing the Big Spring house. J. H. Maddox will have charge of field service sales and will be assisted by George Lewis.

Mrs. C. H. McDaniel's Sister Succumbs

Word was received Saturday evening here of the death in Wichita Falls of Mrs. H. C. Rotten, of Frederick, Okla., sister of Mrs. C. H. McDaniel of Big Spring, who was at the bedside in a Wichita Falls sanitarium. Mrs. McDaniel is now visiting her mother in Itasca, Texas, where another sister of Mrs. McDaniel, Mrs. Tom Hasset, is seriously ill. Mrs. McDaniel left here two weeks ago to be with her sister in Wichita Falls.

Month's Building Here \$70,107

Building permits for Big Spring during July totaled \$70,107, according to figures obtained today. The largest permit of the month was to the Worth Building and investment Co., covering erection of a new school. It was for \$48,000. Several permits for new homes also were issued during the month.

TWO HOWARD COUNTY OFFICES MAY BE SPLIT BY GENERAL ELECTION VOTE IN NOVEMBER

With the Democratic primary out of the way and the run-off less than a month away, Howard County residents today were discussing the bearing the general election in November would have on division of the Howard County and district clerk's office of Howard county. At the present time the office is under one man, J. I. Pritchard, and has been that way since Howard became a county.

According to the present statute, a vote in a general election, which multiplied by five will equal 8,000, splits the two offices. In other words, a vote of 1,600 in the general election in November will split the two departments, creating a County clerk and a District clerk. The possibility of the office being split in November is far from remote, county politicians believe. Should former Governor Miriam A. Ferguson win over R. S. Sterling in the second primary, she will go against the Republican nominee for governor.

Story of Over-Ambitious Hostess Causes Removal of Wister's Book On Roosevelt From Publication

NEW YORK, July 12.—The New York Times says today that fear of a possible libel suit over incidents related in Owen Wister's new book, "Theodore Roosevelt, the Story of a Friendship 1880-1919"—was the cause of its temporary withdrawal by the publisher, MacMillan and company, last month. Copies of the book which had been distributed advance of the date of publication were recalled by MacMillan with no explanation other than it was made necessary by "circumstances beyond their control." The Times says the story which led to the recall purported to tell of a ruse used by a hostess in a southern city by which she succeeded in inducing Mr. Roosevelt to enter her home while he was a visitor in the city to the great vexation of other ambitious hostesses. Mr. Roosevelt, according to Wister's story, was much displeased when he learned several months later that he had been imposed upon. After advance copies had been distributed, the Times says, there were indications of a libel suit. Wister was abroad, the publishers consulted their attorneys, then recalled the advance copies and waited until "Wister could be reached."

PARIS FORECASTS FALL COLORS

Black, and black and white will lead all the colors for early fall, according to advance reports from Paris. The deep browns, especially those with a burgundy cast, will be close seconds for daytime chic. Dark greens and wine reds will be good. Patou shows a very dark navy, a gay, bright blue, and besides his wine tone, another red which he calls "currant"—it has more pink in it but is dark enough to please discriminating women. All the houses sponsor "blackberry," a very deep purplish tone. For evening black and white are again at the top of the mode, antique ivory being the important white. Long dresses, street shades for evening, navy, chestnut, green and gray. Hartnell makes striking use of rather dark copper satin in evening clothes. Ciel blues and soft pinks outrank the other pastels. Shimmering metal brocades, sheer enough to drape as softly as chiffon and printed in multi-colored designs, add a rich note to the evening picture. Patou carries his currant red through daytime and evening clothes as well.

Mrs. J. L. Webb and Party Return Home

Mr. and Mrs. J. L. Webb and children and Mrs. S. M. Smith returned from Long Beach, Calif., last week. Their route home was by way of Yosemite National Park, across Northern Nevada into the state of Utah, with a stop in Salt Lake City for a day. They then crossed the Rocky Mountains in Colorado, stopping in Denver. After reaching Amarillo the drive to Big Spring and home seemed short, they declared.

TWO DEAD, MANY HURT ON F.W.&D. Veteran Engineer One Of Victims; Cause Is Unusual

VERNON, Texas, Aug. 4 (AP)—Two men were dead today and a dozen injured persons were being cared for in hospitals here, in Wichita Falls and Fort Worth, as a result of derailment yesterday of a Fort Worth and Denver Railway passenger train at an underpass at Oklahoma, eight miles east of here. F. P. Robinson, 65, of Wichita Falls, the engineer, one of the oldest in the railroad's service, and A. A. Vance, 40, of Amarillo, fireman were fatally injured. Robinson died almost instantly but Vance was scalded by escaping steam from the locomotive's boiler and died in a hospital here.

The railroad tracks had been knocked out of line when a heavily loaded motor truck failed to clear the trestle as it attempted to go through the underpass on the highway. Arthur Cummings, driver of the truck, heard the train approaching and ran up the embankment and flagged it; but the train was traveling too fast to stop. The locomotive, two baggage cars and two day coaches left the rails, rolling down a 10-foot embankment. Two sleepers remained on the track. More than 300 feet of rails were torn up. Robinson, the engineer killed, was the father of Ted W. Robinson president of the Fort Worth Baseball Club and Fort Worth business man. The injured: Virginia Clark, White Deer, Tex., twisted knee. Mrs. Clara Selby, Pampa, Tex., lacerated shoulder. Carl Echols, McPherson, Kans., hip, back and internal injuries. Probably fatally injured.

The Presbyterian Auxiliary met this morning at the church for the first of its summertime meetings. It is hoped that this change in time of meeting will bring out more members. Those present were: Mesdames W. R. Settles, Ida Mann, W. C. Barnett, R. L. Owen and J. B. Littler. Mr. and Mrs. J. H. Rives had as Sunday guests Mr. and Mrs. C. R. Utt of Sweetwater. I. D. Brown, Dalhart, Texas, serious bruises. Miss Hazel Fry, Leonard, Texas, head injuries. Jessie Cromer, Amarillo, bruises. B. C. Franklin, Amarillo, broken ankle. T. F. Croston, Amarillo, hand cut, head bruises, taken to Electra. W. L. Coron, Morse, Texas, bruises. Miss Frances Tyson, Wichita Falls, bruises. Mrs. E. F. Harum, Fort Worth, severe bruises, taken to Fort Worth. An unidentified negro girl, bruised, taken to Electra. WICHITA FALLS, Aug. 4 (AP)—Three persons who were in a hospital here today receiving treatment after having been seriously hurt yesterday in the wreck of a Fort Worth and Denver passenger train near Vernon, were out of danger doctors announced. They were: Mrs. L. D. Trice of Oklahoma City, internal injuries; Mrs. L. C. Tyson and daughter, Miss Frances Tyson, of Wichita Falls, shock and severe bruises.

Iron Works Here

F. B. Moore, El Paso, has moved to Big Spring and will in the next few days open an iron works here. Moore has moved his shop from El Paso to this city. He had been in business there for 20 years before he moved to Big Spring. According to Moore, the shop, at the outset, will employ about 10 men. The location for the shop has not been selected. Iron fences, decorative iron, and light fixtures are the chief products manufactured.

Mr. and Mrs. Leslie Dahme left here today immediately after hearing of the sudden death of Mr. Dahme's father, W. C. Dahme of San Antonio. He died suddenly of heart attack, according to word received here. He is well known in Big Spring, as he often comes here on business.

Value of Terracing

VALUING OF terracing and touring farm lands for moisture and soil cultivation now is being demonstrated in Howard county. In a terracing campaign, led by the county farm demonstration agent, 7,365 acres were terraced. The program was inaugurated in October and continued in June. Now farmers are reporting terraced land standing the dry weather much better than un-terraced fields. L. B. Raney of the Richland community testifies that the last rain which fell on his contoured land continued for three of four hours and that twelve hours later water was still standing in the middle furrows. Before he contoured the land, he declares, a two-inch rain such as the recent one would cause water to stand but two or three hours.

"I do not have to wait until the harvest to know this is doing good," declares Mr. Raney. Tom Spencer declares he is sold on terracing and contouring for light land, such as his farm. He declares the only fault he finds with his terraced land is that the terraces ought to be thicker. People who have seen his crops, noting that they are growing faster and standing dry weather much better also are becoming sold on the practice. "I am even going to terrace my pasture, and I am going to do it right away," says Mr. Spencer. Aside from this terracing program the county farm agent has led in the standardization of poultry flocks and many run-down, mixed flocks are disappearing. Four-H club boys are doing much of this work. A 4-H Club boys' poultry judging team will be sent to A & M college Short Course in a few days. This is not only a method of further familiarizing them with poultry but also is calculated to develop leadership. A total of 240 demonstrations have been conducted during the past years by the county agent. These were held among the farmers and 4-H Club boys. Each demonstration was designed to show the practicability of various improved methods.

REPRESENTATION IN STATE DEMOCRATIC CONVENTION LOST FOR HOWARD COUNTY

Howard county will be without representation at the state convention of the Democratic party this year on account of not holding the prescribed county convention Saturday as scheduled by statute. Although the Howard County Democratic Executive committee, headed by Grover B. Cunningham, chairman, met and canvassed returns, the usual convention, composed of one delegate from each precinct for each twenty-five voters or fraction thereof, cast for the party's candidate for governor at the last preceding election, was not held. The purpose of the county convention is to select the delegates to state and district parties of the party. Inasmuch as the convention was not held here Saturday as scheduled, this county will be without accredited representation at the conventions.

The delegates to the county conventions are elected by voters of each precinct on primary election day. It is the duty of the county convention to elect one delegate to state and district conventions for each three hundred votes cast for the party's candidate for governor at the last preceding general election. No reason was given here for not holding the convention Saturday. The delegates to the county conventions are elected by voters of each precinct on primary election day. NEW SUPERINTENDENT OF COSDEN REFINERY PLEDGES COOPERATION IN COMMUNITY

The Cosden Oil company's policy is and will be to employ Big Spring men in all positions except where experienced refinery technicians cannot be found here, and to use local men on construction jobs in so far as possible. E. J. Mary, who has just become a plant superintendent of the company's large refinery here, declared in an interview last night. "We expect to be a part of this community in fact and do our part toward its upbuilding. We believe we have a right to expect equal cooperation and support from the people of Big Spring," he continued. Mr. Mary, who succeeded Stanley Cosden as superintendent, has been in the refining business fifteen years. He came here from New Orleans, where he was with the Chalmette Petroleum corporation. Formerly he was with the Simms Oil company at Dallas. Mr. and Mrs. Mary and their child are residing at the Crawford hotel. Quiet conditions in all branches of the oil industry show signs of being overcome to some extent at least in the next few months, in the opinion of Mr. Mary. "I have issued orders for all supplies obtainable from any Big Spring merchant to be bought right here at home. If there has ever been any feeling upon the part of anyone in the city that the Cosden Oil company does not wish to do its bit toward advancing the community I hope it will be forgotten," he said.

Mother of Slain Woman Claims Battered Body Found Near Toyah As Officers Push Investigation

While officers continued their probe of the brutal slaying of Mrs. Jeanette Loyd, former wife of a Midland chiropractor, near Toyah early Sunday morning, the body of the woman was en route to the home of her mother, The Kilar and Murray Funeral Home, Pecos, shipped the body to Mrs. S. F. Kelley, Morgantown, West Virginia, Thursday night. The body had been held in Pecos since it was found in a pool of blood on the Bankhead highway, about four miles west of Toyah. The former husband of the woman identified the body, but refused to claim the body. Later her mother was found in Morgantown. Last night Kilar and Murray were informed the body should be shipped to West Virginia for burial. In the meantime officials of Reeves County are continuing their probe of the murder. Letters are being carefully investigated in an effort to obtain evidence pertaining to blackmail. Prominent residents of Midland and other cities in this vicinity have been questioned in regard to the woman and her activities and associates. The investigation is being headed by Roy I. Biggs, district attorney, Pecos.

Walter Johnson's Misfortunes Climaxed by Death of His Wife

WASHINGTON, Aug. 1.—(AP)—A long series of misfortunes for Walter Johnson, one of baseball's best loved figures, climaxed today with the death of his wife, Hazel Roberts Johnson. Johnson, manager of the Washington Nationals, was in uniform yesterday for the game with the league leading Philadelphia Athletics when a phone call came from physicians at Georgetown hospital. He left the park hurriedly and shortly afterwards his big frame tipped into his wife's room. He was told that her condition was serious; that a recent automobile trip from Coffeyville, Kas., through the intense heat had sapped her strength but that a long rest would probably restore her to health. She was completely exhausted, however, and early today she died. She was 36 years old. Devoted The devotion of Johnson and his wife was proverbial. She was the daughter of former Representative E. E. Roberts of Nevada, and was also an athlete. During her high school days at Carson City, she captained the basketball team that held the state championship for two years. She liked baseball and first saw Johnson on the playing field. Those were the days when almost all that was needed for a Washington victory was the announcement that Walter Johnson, "The Big Train," would pitch. They were married June 14, 1914, and on that very day she saw the Philadelphia Athletics—the team which played in the capital the day before she died—go down before her husband's "fire ball."

POOR JOE BUYS PAGE IN COURT DOCKET

Poor Joe! He bought a page in Justice of the Peace Cecil Collings' criminal docket Saturday. It was purchased for \$1 and corresponding costs of handling the fate of Poor Joe. According to the docket "Poor Joe" stands charged with drunkenness. The plea of guilty, noted on the page, indicates Poor Joe was a great deal poorer when he left than when he arrived at the office. MRS. CLOVER HERE Mrs. Carlos Clover of Hobbs, N. M., spent Sunday here with her mother. Clover was formerly with the Continental Supply Co. here, being transferred to Hobbs several weeks ago. VISITING IN AMARILLO Mrs. S. C. Lamar, Mrs. J. Lamar, Mrs. Gladys Parks and son, Steve, are visiting in Amarillo, Pueblo, Colo., and Colorado Springs. SHERIFF THERE Sheriff Love Kimbrough of McCullough County was a visitor in Big Spring today. He was here in conference with members of the sheriff's department. SCHMIDLEY TO RANKIN Mr. and Mrs. Jim Schmidley moved Saturday to Rankin. Mr. Schmidley has been with the All Weather Tire Company here.

# Final Bureau Tabulation Sends Total Vote In First Primary To 833,041; Mrs. Ferguson's 241,139

DALLAS, Tex., Aug. 4 (AP)—Official returns completed by Texas Election Bureau in its tabulation of votes in the July primaries showed that the total reached 833,041 exceeding by 11,274 the previous record of 821,767 votes cast in July, 1928.

The unreported vote was considered less than 2,000, due from the counties of Cottle, Jeff Davis, Live Oak, Wheeler and Yoakum.

Returns were received complete from 248 counties in the Democratic primaries and substantially complete returns from the other five. Returns from 91 counties accounted for approximately 5,253 votes in the Republican primary. It was considered probable that primaries were held in fifty other counties but returns were not available when the bureau closed its tabulation.

The bureau announced it would be impossible to tell whether the Republican party would find a runoff primary in August necessary, until the Republican state committee canvasses the official returns at its meeting August 11 in Brownsville.

# Will Celebrate Their Golden Wedding Anniversary This Year

Photo by Bradshaw DR AND MRS. J. H. HURT Photo by Miller

Pioneers in every sense of the word, Dr. and Mrs. J. H. Hurt came to Big Spring when it was but a city of tents. This year they will celebrate their golden wedding anniversary.

Their four children will be here with them at the time. They are Clifford and Harry, who live here with their families, Mrs. M. R. Shelton of New York and Mrs. John B. Thomas of Midland.

Mrs. Hurt, who came to Big Spring as a young girl with her doctor husband, who grew a moustache to appear older, remembers many things about the pioneering days. For one thing she remembered that the nearest bank for many years was in Dallas and that she carried hundreds of dollars around with her in her stocking for safe keeping until the long trip to the bank could be made.

Neither the doctor nor Mrs. Hurt has ever been ill. The doctor is an ardent vegetable eater. He likes very little meat and that only chicken or lamb. He drinks a quart of milk a day. For years he has worried about Mrs. Hurt who just will eat meat and drink coffee three times a day. But no matter, Mrs. Hurt is in as good health as the doctor, thereby proving nothing.

Dr. Hurt is retired now except for his office practice. His boys want him to give that up also, but it is doubtful that he ever will.

# Local Woman Has Story of Famous Hotel in "Texas Monthly"

Mrs. George L. Wilke Tells of Historic "Nimitz," Fredericksburg Hostelery Which 'Put Up' General Grant, Horace Greeley and R. E. Lee

An article by Mrs. G. L. Wilke of this city appeared recently in the current issue of "The Texas Monthly," edited by Peter Molyneux and published in Dallas.

It is about the old Nimitz Hotel at Fredericksburg. The article is quoted below:

**The Old Nimitz Hotel**  
Something About One of the Most Historic Hosteleries in the Southwest

Mary Taylor Wilke (Reprinted by Permission of the Author.)

Nimitz and Fredericksburg have long been synonymous terms. Fredericksburg, rich in historical interest, has been called the quaintest city in Texas, and truly the old town has a charm that is quite her own. We are attracted by the many fine old stone houses and quaint store fronts. These old houses, built by early German immigrants, are venerable with age, their lines chaste and beautiful. Almost without exception they are two storied with a kitchen on the rear and a wide veranda across the front; often the barns are of rock, and the fences too.

Since 1847 when Charles H. Nimitz, then a young man, cast his fortune with those of the Prince Solms colonists, who settled Fredericksburg, the name Nimitz has been identified with Fredericksburg history. Herr Nimitz was one of the signers of an early peace treaty with the Indians, he served the Southern Confederacy in the Civil War, and was a member of the Twenty-Second legislature of Texas, serving his constituency in a commendable manner. This public-spirited man was the first to establish a public hostelery in Fredericksburg, and from the date of its founding—1852—to the present day the Nimitz Hotel has been a landmark through all the years of its existence.

Built Like a Ship  
This picturesque old hotel which became so famous throughout the Southwest was built in the shape of a ship, its prow on a line with the streets. There were decks which formed porches and balconies, masts, and a look-out that was reached by a steep ladder in true ship fashion. It was a hotel, theatre, dance hall, saloon, brewery, and general store. From the high, spacious lobby doors led into the dance hall, saloon, and into the private rooms of Herr Nimitz. The building was of native stone and wood. All posts, beams and rafters were handhewn.

The garden court is still a spot of beauty. It is said to have been laid off by a German countess. The flower beds are bordered by champagne bottles turned upside down, their necks buried in the ground. Ancient rose arbors are still there under which beaus and belles of an earlier generation sat in the moonlight. A rusty iron bell which was rung three times a day in the 1850s is still in its accustomed place.

Back of the hotel is an enclosure surrounded by a high rock wall. The many stalls that sheltered the horses, oxen and wagons of travelers years ago,

today afford automobile storage for hotel guests.

Of course, the present day visitor is eager to see the old records of the 1850's that are kept so carefully at the hotel, and he finds much that interests him. In a small ledger dated 1853 is the account of Major James Longstreet, U. S. A., and among other items in his account are "3 pt. cups, 30; 1 pr. blankets \$9.00; keeping 6 horses 6 days \$15.00; 1 qt whiskey .15." Sargeant James Bealy, U. S. A., bought his whiskey "5 pt., 50." He also bought "2 bottles cologne, \$2.00; 1 buckskin, 40; and 2 harmonicas, 40."

Another interesting record carefully kept by Herr Nimitz is the notice that was posted in a public place in Germany announcing the settling of Texas in 1846.

**Illustrious Guests**  
The hotel has housed many illustrious guests. This was partly due to the fact that Fort Martin Scott, built to protect the early settlers from Indians, was not far from Fredericksburg; and Fort Mason, where General Robert E. Lee was once stationed, was not distant even in those days. Among the lists of notables whose names may be seen in the old registers are many United States Army officers, some on inspection trips, others stationed at the forts. Among those of national fame we find Phil Sheridan, U. S. A., registered in 1875; Ulysses Grant, U. S. A., 1876; Horace Greeley, 1870; General Schafter, U. S. A., 1881; Adolphus W. Greeley, 1875; Fitzhugh Lee, and Robert E. Lee. Among the

treasured relics kept in the Nimitz today is the bed upon which General Lee slept during his sojourn there.

Besides these we find the names of outstanding Texans of former days. These old registers are for the years of 1874 to 1887. Scanning them hurriedly, one can catch the names of the late K. M. Van Zandt of Fort Worth, Colonel Slaughter of Dallas, William Tobin of Austin, John Townsend of Lampasas, and many others whose names are household words.

For sixty-five years Herr Nimitz was a genial and beloved host to all who entered his portals, and he is said to have entertained more men of state and national fame than any other man in Texas. His death about twelve years ago closed a long and useful life.

It is with sadness that we see the old landmarks pass. With the Nimitz hotel it has been simply a transition. In 1926 the old ship-shaped hotel was torn down, and a modern new Nimitz built upon the same site. A part of the old walls were retained, and the old wine cellar is now a boiler room. The doors leading into the crystal ballroom are a part of the old hotel. The saloon is now a sample room. A seventy gallon coffee pot now in use was at one time brewery equipment.

Yet within the walls of the new hotel there is the same spirit of hospitality as Herr Nimitz dispensed.

# Walter Woodward, Who Offered Amnesty Bill, Made Chairman of All-State Ross Sterling Meeting

DALLAS, Aug. 4 (AP)—Democracy from every part of Texas attended an enthusiastic all-day rally for Ross S. Sterling, candidate for governor here today.

"Honesty in Government" rather than the state highway bond issue advocated by Sterling was again sounded as the paramount issue in the current contest between Sterling and Mrs. Miriam A. Ferguson.

All of the seats in the spacious ball room of a hotel were filled and persons stood on the fringe of the audience. The crowd was so large that the speakers' stand had to be moved to the center in order that everyone might hear.

## Woodward Selected

State Senator Walter Woodward of Coleman, one of the leaders of the Clint Small forces in the first primary and author of the Ferguson amnesty law, was unanimously elected chairman. He sounded the keynote of the rally in his address of acceptance, baring the highway and pardon record of the previous Ferguson administration.

Toward the close of the morning session there were cries of "we want Dan Moody." Although Woodward promised that Gov. Moody and Mr. Sterling would be introduced this afternoon, the crowd was not to be satisfied and the governor took the rostrum. He received an ovation.

## Gov. Moody said he would have taken the stump in the runoff for whoever opposed "Ferguson."

Gov. Moody said he would have taken the stump in the runoff for whoever opposed "Ferguson."

**Moody Heard**  
"I have never talked to Ross Sterling about the income tax, about taxation or about prison reform," he said. "I do not know how he stands on these issues and I do not care. I do know he stands for honesty in government."

"It is not a question of bonds in this campaign. It is a question of whether Jim Ferguson shall be returned to power in his wife's name."

Mr. Sterling sat on the platform and when he entered the room the crowd stood and cheered.

## From Other Folds

Included in the list of former supporters of Clint Small in the audience were Merrell Buckner, chairman of the Dallas county Democratic executive committee, Senator Pink Parrish of Lubbock, and Representative Penrose Metcalf of San Angelo. Representative Adrian Pool of El Paso, Robert L. Holliday of El Paso, a former Jim Young supporter, Connie Renfro of Dallas, formerly for Young; Jed Adams of Dallas, Democratic national committeeman and erstwhile Young backer, and T. W. Davidson, former lieutenant governor and Young supporter, were present.

Camps of the other defeated candidates also were present. Senator W. A. Williamson of San Antonio, was there from the Barry Miller group. W. M. Picson of Dallas and Carl Estes of Tyler, who worked for Mayfield, Dr. J. B. Cranfill and Cullen F. Thomas from the Thomas B. Love field, helped swell the crowd.

William Strauss of Houston, Sterling's campaign manager, opened the meeting. He said delegates were there from Texas to El Paso and from Brownsville to Amarillo and from practically every county.

**By Tom Ball**  
Senator Woodward was nominated by Thomas H. Ball of Houston, who was the candidate against Mrs. Ferguson's husband, James E. Ferguson, in Ferguson's first race for governor.

Ball said Sterling was from South Texas but he was big enough to take in all the confines of "this great commonwealth" that he was pure as "Sul Ross for whom he was named."

Woodward stressed the question of honesty in government. "You have a duty to perform," he told the Sterling followers. "Go forth and present the record of this man and contrast it with the records of the Ferguson."

"Tell the people of Texas that Sterling has spent more than \$200,000,000 as chairman of the highway commission, and no one, not even Jim Ferguson, has ever accused him of stealing a dime."

**Introduced Amnesty**  
The speaker said he introduced the amnesty bill in an effort to "wipe out the past" as far as possible, to bring about party harmony and to obey the dictates of his district and state, as he saw them. He added that the bill hardly had been enacted into law when Mrs. Ferguson, "acting as a rubber stamp for Jim" began a series of actions which discredited the state and resulted in her overwhelming defeat in 1926.

"Has Jim Ferguson changed?" Woodward thundered.

"He proposes to pardon 2,000 convicts. It is time for each of us to pause and consider what convicts from our county he will release. Will it be another father-in-law who murdered his son-in-law? Will it be some other 'Rattlers'?"

He said that Sterling's bond plan had been misunderstood and that in reality it could not result in any ad-

**ARM BROKEN**  
The small son of Mr. and Mrs. K. R. Boyce, Coahoma, received emergency treatment at the Bivings and Barcus hospital Thursday for a broken arm received while playing.

The arm was broken in two places.

Gracie Marie Schneider, 6, of Atlanta, who began to read at 20 months, now can read the Psalms in German.

## Commission Awards Ector Road Work

Among highway construction contracts awards totaling \$1,571,522 made Thursday at Austin by the state highway commission was one for 7.6 miles of grading and drainage on Highway 137 from Odessa north to the Ector county line, on a recently designated road from Odessa to Andrews and northward.

The contract went to Cooke and Braden of Marshall on a bid of \$1,908.

## Your Canary Is A Good Friend; Care For Him Like One

HENRY A. PERSHING  
I KNOW of nothing that brings more life and cheer into a home than a singing canary bird. They always seem so happy, no matter whether they have seed or not, or whether they lack sand or cuttlebone; their hearts always seem full of music.

But how much better it is to care for them and, after you have done all you can for them, to be sure to spend a little time talking to them! They love attention and like to be played with.

It may seem trite to mention some of the things that ought to be done to pet canaries, but as some people neglect them from ignorance, I am going to mention some things I do for my bird. I often tell him that I doubt if there is a better chambermaid in town than I am, and as I hold my face close to the cage, he pecks me on the nose in affectionate accord with my remarks, for he and I are mighty good friends.

I always keep a nice big piece of cuttlebone for him to use in sharpening his bill, for he has no teeth and his bill must have sharp edges to crack his seeds and remove the outer shell.

He should have fresh sand in the bottom of his cage frequently, not any sort of sand, but prepared sand, free from lime or grit, or other foreign substances which would be injurious, such as is sold in the stores.

Give him fresh drinking water every morning, also fresh seed, and do not give him hemp seed, for it makes him fat, and he will not sing. The best seed is a good variety of mixed seed, from reliable dealers. Occasionally give him a piece of apple, or orange, but not too frequently. In the summer time he likes fresh grass seeds.

Let him have more than one perch. He really ought to have at least two, one directly under the other, and one crossways and, of course, one swinging one, for he delights in a swing, and often sleeps in it. Do not have all the perches the same size. Have some large, some small, and let one of them be a twig off a cherry tree. Then watch him strip off all the bark. Have one perch slanting, like the limbs in a tree. Give him a variety as he has so little room in which to jump around.

Do not put him out on the porch. There are drafts and cats and, besides, he gets all the fresh air he needs in the summer time with the doors all open. Keep him out of drafts. If he catches a bad cold, he may never sing again, as his little vocal organs are very sensitive.

—From "Our Dumb Animals"

AUSTIN, Aug. 4 (AP)—William Strauss, campaign manager for R. S. Sterling, reported to the secretary of state today that he had spent \$5,312.92 in Sterling's behalf in the primary campaign for the Democratic gubernatorial nomination.

Strauss noted that Sterling would send in an additional expense account of his personal expenditures.

Dr. C. E. Walker of Grapevine, also seeking the nomination, for governor, spent \$280.08, he reported. H. E. Exum, Republican candidate, had no expenditures.

James V. Allred, high man in the race for attorney general, reported his campaign cost \$1,910. Ed A. Christian, seeking the nomination for state treasurer, reported expenses of \$619.
