## Large Crowd at C. of C. Meet

One of the largest crowds to attend a chamber of commerce meeting in years was present at the monthly meeting held Monday evening at the Lions hall.

Some 47 farmers, ranchers and business men discussed the matter of a stock pavilion, and over \$2000 of the \$2500 needed was reported in hand.

Connected with the idea of a sales ring was the thought of upgrading of dairy cattle, with the establishing of milk routes and finally a pasteurization plant for McLean.

President Emory Crockett kept things moving at a lively clip, and music was furnished by an instrumental trio.

## Bonds Over America

## FORT NASHBOROUGH

The guns had scarcely grown cold after the Revolutionary War when James Robertson and a party of sturdy pioneers started west across the Blue Ridge Mountains through virgin woodland. Indians threatened to wreck their plans. In the vicinity of modern Nashville, Tenn., they realized a strong barricade around their homes was necessary. Thus Fort Nashborough arose in 1780. Reconstructed, the Fort stands as a monument to another area's indubitable will to win, to live and work free men. Descendants of those pioneers, are today fighting for the preservation of liberty. War Bond purchases will keep them supplied with the accoutrements of victory.

## AMERICAN HEROES

WHILE reconnoitering at night on the western front, Sergt. Arthur G. Volonte, New York City, stumbled into a German patrol consisting of an officer and seven men. Sergt. Volonte told the officer that they were surrounded and the Nazis followed him back to the American commander. The sergeant has been awarded a Silver Star for gallantry. Americans buy War Bonds to help men like that to win this war.

## Gray County Agent Resigns

Mr. Hackney and family will leave for Lubbock Friday.

## COWS TO BE TESTED

Efforts are being made to secure a state veterinarian to test milk cows at McLean. It will require 20 head to be tested before a vet will make the trip. Some 11 head have already been listed at the city hall and it is hoped that others may be listed as soon as possible.

Anyone may have a cow tested for a nominal fee. All who use milk are interested in the health of milk cows, and farmers may contact anyone at the city office for the test.

Week end guests in the C. E. Curtis home were their daughter, Miss Alice Billy, Misses Leta Pate Shook, June Russell and LaVerne Exum, all from Canyon.

## Bonds Over America

## GOVERNOR'S MANSION

South Carolina's governor's mansion at Columbia is clothed in history and romance that links the old and the new South. Built in 1855, it was originally the officers' barracks of the Arsenal Academy. It escaped the fire that swept part of the city that year and came through the War Between the States unscathed. Simple in construction, it is cooled by dense foliage of the beautiful trees snuggling close. War Bonds have maintained a defense against injury to this historic gem and will guard it safely to peace.

## Red Cross Nears Quota in 3 Days

The Red cross war fund drive reached a total of \$3087.25 Monday afternoon, after three days work by solicitors, with two residential teams still working. This represents approximately 83% of the quota raised in the three days.

This money was raised by canvass in the city and nearby areas. However, many persons from the rural districts have volunteered their offerings and it is hoped that this practice may continue so that no canvass will be required in the rural districts.

No report has been received from Alanreed, where L. H. Earhman is chairman of the drive; nor have several other communities within the chapter's boundaries reported as yet.

Contributions will be accepted all through the month of March and will count on the quota.

## Shower Honors Mrs. Thames

Mrs. Bernie Thames, the former Miss Viola Appling, was honored at a bridal shower last Thursday afternoon in the home of Mrs. D. L. Allen, with Miss Colleen Burrows as co-hostess.

Miss Jeanette Autry gave a reading, Miss Glenda Joyce Smith an accordion solo, and Mrs. J. L. Andrews made the presentation of the gifts. Miss Burrows presided at the bride's book.

Refreshments were served by Mrs. Leonard Glass and Mrs. Carl Jahnke.

A large number was present or sent gifts.

## SCHOOL BOYS ENTERTAIN

The "Hungry Five," high school musicians, entertained at the Lions Club Tuesday, passing a hat for contributions to the senior class candidate for "Miss Tigerette."

The musicians were Harold Meador, Bill Ferguson, Walter Sargent, Frank Stewart and Dicky Everett.

As the club rule against collections at luncheons was abrogated for the boys, Miss Irma Ruth Fulbright, club pianist and junior class representative, was allowed to pass the hat for the junior candidate.

Rev. R. H. Nichols, Baptist pastor, was presented as the guest of Leon Holloway.

The program committee announced that speakers next week will be T. W. Gilstrap, of the Southwestern Public Service Co., and John L. McCarty, assistant publisher of the Amarillo News.

## LANDLORDS KICK IN

More than \$4000.00 was refunded to tenants, or paid into the U. S. treasury during February in this rental area, according to the district rent executive.

Most landlords are endeavoring to follow regulations, but some are being made to follow them.

## 1215 BALES COTTON

Lives are measured by deeds, not years.

Only one person can defeat you—yourself.

Maybe Mr. Wallace can take the idea of 60 million jobs seriously, but we don't know anyone else that does.

The law violator is automatically placed on the defensive. Those who obey the law need no defense.

The worst evil of any war is the moral laxity that follows it. It can be seen coming right in our own community, as a result of the present war.

Many people who once lived in McLean have remarked that it still seems like home. This is complimentary to the citizenship that has kept the community a desirable place in which to live.

Every community owes a lot to those conscientious citizens who are not afraid to stand for what they think is right. They are needed as brakes, many times when things tend to get out of hand.

No one thing will make, or break a community. One's enthusiasm for anything can be tempered by the thought that the community could survive without it, and in some cases, never know the difference within a very short while.

It is the history of every section to begin as a straight cattle country, then the swing to farming, finally ending up with mixed farming. This community seems to be entering the final stage, which is the one that makes for permanent prosperity.

The Lions Club in McLean honestly recognizes the community's problems—civic, social, commercial, educational—and is doing its best to help solve them. Its members are really trying to be friends, striving to live up to the principles of a real service club.

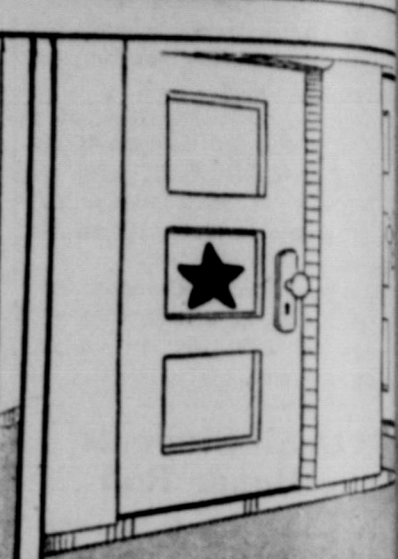

And now it has been suggested that trees be planted as memorials to the dead, instead of tombstones. The trees could have a metal tablet attached with whatever information is needed, and would be a much better memorial than a sagging stone. Cemeteries under the new plan would become places of loveliness rather than the morbid ugliness they now possess.

Mrs. V. B. Reager and son, Tommy; Mr. and Mrs. D. P. Carruth and son, Pat, of Amarillo visited relatives here Sunday afternoon.

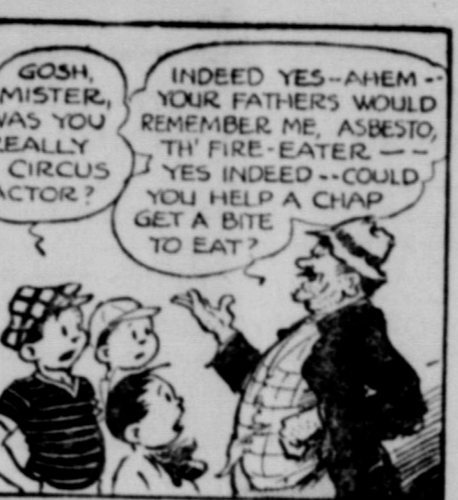

J. D. Davenport has returned from an Amarillo hospital.

"Train Three-One-One to yardmaster... Train Three-One-One to yardmaster... Yes, radio communication has been tested and it's working on the ROCK ISLAND LINE."

Almost a year ago, ROCK ISLAND was the first railroad to receive its own permit from the Federal Communications Commission to test radio in connection with the operation of its trains. Regular installations were made engineer-to-conductor-to-flagman, train-to-yardmaster.

The ROCK ISLAND LINES established an Electronics Department. Experiments also include transmission of written messages in facsimile by radio, induction and radio telephony between engine and caboose and between stations on moving trains, portable short-wave radios that automatically bridge gaps in storm-damaged communication lines... and microwave-radar developments.

This is another practical example of the working of ROCK ISLAND LINES' Program of Planned Progress. Yesterday's planning provided a war-ready transportation system which is doing its wartime job with notable efficiency. Today's planning will provide finer, so... swifter transportation tomorrow!

### McLEAN WINS OVER MEMPHIS

The McLean Tigers came thru with their first victory last Friday night at Memphis. The Tigers lost the first four fights, but came back and won the next five to win the match. All of the boys fought hard and deserved to win. The boys that fought were Brooks Hugg, Doyle Jones, John Vineyard, John Griffith, Tuffy Sargent, Dicky Everett, Frank Stewart, Harold Richardson, and Berwyn Starling. The last five boys won their fights. The Tigers will have their next fight at Shamrock Friday night, so, people of McLean, come and back your boys to the limit.

### PIE SUPPER

A pie supper will be held at the ward school gym Thursday night at 8 o'clock. Each pie that is brought by a girl will count 30 points for that girl's class "Tigerette." Also, one vote will be counted for each cent the pie brings. Proceeds will go to the Teen Town club to help in financing. Everyone is cordially invited to attend this gathering.

### FASHIONS

Billie Stewart leads the fashion parade this week in hair-do. This beautiful brownette wears a high pompadour on top with the ends of the pomp in little curls back of the wave. The sides and back are in rolls of little curls. This is an entirely original hair-do in MEM and one that will most likely succeed in popularity among the high school girls. At a certain time every year the girls start coming to school barelegged. Well, that time is here again. Billie Thacker is the girl to start the style this spring. From now till the end of school a large per cent of the girls will be barelegged. Jimmy Bradley and Nettie Wetzel were dressed as twins last Saturday night at the skating rink. They wore navy blue slacks, white blouses, and navy blue scarfs under the collars of their blouses. The costume was a very becoming skating outfit.

### TIGER ROARS

It has been reported to this column that Mary Hess is on the loose for a boy friend. Better watch out, boys, she's dangerous. Chester Golightly has a poem given to him by Mildred Allen—and it's not about spring, either. What about this, Chester? Bill Thacker is free and searching again. But reports are that Jim Carpenter knows this, too. Remember Kathryn, Jim! That Duane McPherson has really been courtin' Carol Nan Smith. There were quite a few falls when Saturday night, and I don't mean falls for love. Patay Jo, Bill Ferguson, Harold Meador and Billie Stewart were the couples at the skating rink. Most of the kids were at the dance down town after the skating. Mrs. Allen Wilson visited in Amarillo last week end.

# 20 Years

OF GOOD CITIZENSHIP AND PUBLIC SERVICE

1945 marks the 20th Anniversary of the Southwestern Public Service Company as a public servant. It has been 20 years of pleasant association with our customers; progressive people, good neighbors—and to those customers who have joined us in the past two or three years we extend a most cordial welcome.

We point with pardonable pride to our record of service during the past years. It is a record of constantly improved service at ever decreasing rates. This will continue to be our policy.

Our company has many constructive plans for developing the territory we serve after Victory is won. We pledge to do our part in helping to develop the many rich resources available. By working together, we can realize an even finer and more productive area than we now have.

We appreciate your patronage and will show this appreciation by continuing to serve you with the best electric service possible at the lowest possible rates.
